LETTISH GOVERNMENT ABANDONS RIGA, FOLLOWING ATTACK

EXPECT LAPOINTE TO BE THE LEADER OF QUEBEC LIBERALS

Also by Carrying By-Elections Will Succeed Laurier in Chieftain's Riding. Special to The Toronto World. Ottawa, Oct. 12.—The announcement that Ernest Lapointe is to give up his seat as member of the house for Kamouraska and contest East Quebec with the approaching by-election is not without significance.

It is noted that the factional fight in Quebec East which promises to seriously embarrass the Liberal party, was settled, not by Hon. Mackenzie King or by his old friend, Hon. Rodolphe Lapointe, but by Ernest Lapointe, Jacques Bureau and their associates.

Had a Serious Phase. The quarrel in Quebec had assumed a serious phase of national interest to the Liberal party because it gave an opening for Armand Lavergne to contest the vacant constituency. He is expected to succeed Sir Wilfrid Laurier as the member for East Quebec, inferences would have been drawn from this, the prejudice of the Liberal party through the Dominion. The unanimous selection of Mr. Lapointe as the Liberal candidate will probably put an end to the candidacy of Armand Lavergne, and it is freely predicted that Lapointe will be returned on Oct. 20 by acclamation.

Another feature of interest in the affair is the evident determination of the younger element of Quebec Liberals who are supporting Lapointe and Mr. Bureau to get away from any association with the Nationalists. They will no doubt draw considerable strength from the supporters of Bourassa and Lavergne, but they are all the more anxious on that account to keep the editor of Le Devoir and his first lieutenant at arm's length.

ZIONIST EXECUTIVE ARRESTED IN PETROGRAD

London, Oct. 12.—News has been received in London that a number of the Zionist executive committee and other prominent Zionists in Petrograd have been arrested by the Bolsheviks. The arrests were due to their sympathies for the entente.

BOMBER WILL START FOR MINEOLA TODAY

Greenvort, N. Y., Oct. 12.—Engine trouble today prevented Vice-Admiral Mark Kerr from completing his flight from Parsippany, N. J., to Roosevelt Field, Mineola, in the Handley-Page bombing machine, "Atlantic," which landed here Thursday night. Another attempt to reach Mineola will be made Monday.

IVENS IS PROHIBITED FROM MAKING ADDRESS AT THE PEOPLE'S FORUM

Western Strike Leader Is Refused Permission to Talk on Prohibition—Stormy Audience and Heckling Greets Speakers. Rev. William Ivens, ex-president of the Winnipeg strike council, who was to have given an address on prohibition at a meeting of the People's Forum last night at the Strand Theatre, was not permitted to speak.

Mr. C. Robinson, manager of the Strand Theatre, stated to Mr. Greenwood Brown, president of the People's Forum, that, as manager of the theatre, he would not allow Mr. Ivens to speak in it. Mr. Brown understood that Mr. Robinson had also been approached on two occasions by the Dominion police to the same purpose. Mr. Wesley Barker, a member of the executive of the open forum, who was present at the meeting last night, stated afterwards that at the meeting of the executive of his organization on Tuesday evening next, he would bring up the question of asking Mr. Ivens to open the season of the open forum commencing at Foresters' Hall on Sunday next, when the question of Dominion interference with public meetings would be tested out.

Meeting Was Stormy. This was not the only difficulty in the way of the meeting last night. An attempt to break up the meeting was also made by another member of the forum, J. W. Bengough was subjected to Mr. Ivens, and to judge from the attitude of the majority of the audience it would seem that they had come to the meeting with a prejudice as difficult as possible for the speaker. Mr. Bengough was constantly interrupted and at times shouted down, but with a ready wit had a reply for every rebuke, and eventually got thru his chaff-talk to the advantage of prohibition. After

At Winnipeg Luncheon Announces Purchase of an Albertan Ranch—Has Said "Au Revoir," Not "Good-Bye." Ottawa, Oct. 12.—There is little expectation at the capital that the session will be brought to a close within two weeks, and there are some members who think it may last until the beginning of November. It is generally believed that the bill providing for the acquisition of the Grand Trunk Railway will be provocative of a considerable debate in both the commonsense and the senate, and the same observation applies with equal force to the bills dealing with prohibition.

WILSON'S RECOVERY A SLOW PROCESS

Physician Refuses to Comment on Report That He Has Brain Lesion. Washington, Oct. 12.—While President Wilson is believed by his physicians to be on the road to recovery, the process will be slow and tedious. The president, it was said today at the White House, must resign himself to strict observation of the physicians' orders, to put aside all thought of his office while he recovers, and remain in bed until danger of relapse has passed.

The physician's bulletin read: "The president is in good spirits and has had a restful day. Grayson" Dr. Grayson said today he would not comment on the published letter that he might be permitted to sign in Hampshire, to a constituent, saying that the president had a brain lesion, and that he would not deny the statement. He would not depart from his policy of standing on his official bulletins and refusing to discuss the president's case further than the information contained in the bulletins.

Effect on Public Affairs. The statement that President Wilson must take a complete rest for a year or more, has brought home to officials the possible effect of the president's illness on public affairs, and renewed discussion as to what expedients might be adopted should the president's illness be prolonged. The constitution provides that in case of the president's "disability" the vice-president shall act as chief executive, but there is no precedent for such a transfer of authority and official opinion is divided as to how it might be brought about should the necessity arise.

STOLEN LIMOUSINE CRASHES INTO AUTO

Boy Thieves Outclass Pursuers in Race for Liberty. Two motor cars were damaged and one man injured at noon Sunday when five boys, driving a stolen limousine, crashed into a lighter car at King and Sackville streets. The boys are alleged to have taken the limousine owned by A. E. Brouse, 157 St. George street, from in front of St. Paul's Church, Bloor street, and to have driven it east along Bloor to Sherbourne and south to King. Driving east on King street, the boy that was driving the car lost control and collided with a car driven by Fred Dixon, 541 Dundas street. William Callahan, 541 Dundas street, owner of the automobile was thrown out of the sidewalk, fracturing his collarbone. Three thieves seeing an accident was unavoidable, jumped from the car and ran north on Sumach street. A number of people who witnessed the accident gave chase after the boys, but were unable to capture them. The damage to Mr. Brouse's car was estimated at \$1,000, and \$500 to Callahan's car.

ALLIES TO SEND MISSION TO DALIC

Note Declares There Have Been Delays and It-Will in Evacuation Ordered. Paris, Oct. 12.—The note of the allies to Germany concerning the Baltic situation declares that there are delays and it will, in spite of the reports of the evacuation of the Baltic provinces, it does not admit of the reasons put forth by Germany for the delay. The note says that the situation in Latvia has been aggravated by the attacks of the German troops, the allies announce that it is their intention to keep up in their entirety the measures of Sept. 27 as long as the evacuation is not continued, and a special mission will be sent to the Baltic provinces to see that the evacuation is carried out.

ROBBED SIX HOUSES INSIDE ONE WEEK

One week ago two youths, Stewart Flanagan, 155 Brandon avenue, and Harry Smith, 157 Hamilton street, escaped from the Mimico Industrial School, and during the time they have been at large the police allege they entered six houses in Flanagan is 17 years of age, and Smith, 18. They escaped from the school by running from the yard and hiding behind freight cars until evening, when they came to the city and changed their clothing.

CLAIM MONTREAL SOURCE OF LIQUOR

Say Suit Cases Placed on Trains Means of Whiskey's Entry to Ontario.

Special to The Toronto World. London, Oct. 12.—Reports are rife concerning a river, by no means a "river of doubt," but of hard, master-of-fact whiskey flowing into Ontario these days from Montreal. The laundry accounts of seizures are said to cover not more than 10 per cent. of the illicit trade. Saturday night the C.P.R. train to Chicago carried several specially constructed suit cases ranged along the aisle of the sleeper. Thirteen suit cases are said to have been removed between Toronto and London before suspicion was aroused. At the latter city the seizure was arranged, and the constables insisted on entering a locked drawing-room. The occupant opened the window and slipped out, but a number of the same specially-constructed suitcases were found within.

A CAMPAIGN INCIDENT.

The three-cornered contest in Peel is waxing warm. A root-brancher from Wokingville, where Kennedy, the Blain-Hearst candidate, who is a modest orator, was addressing a Conservative meeting with a sympathetic minister of the gospel in a front "entablature" position, had reached his palpitating preparation and delivered it thus: "If you give me your suffrage, ladies and gentlemen, I pledge you that I will do my utmost to carry out your ideals and those of our illustrious leader, Sir Wilfrid Laurier. The shock was followed by a titter, but Mr. Kennedy sat down without noticing either.

This is on a par with H. H. Dewar's apostrophe to himself as "Hartley O'Neill," but he noticed the slip of the tongue in time to add: "We are getting closer together all the time."

UNIONVILLE

GAVE THANKS FOR HARVEST

The harvest home services in the Unionville Evangelical Church yesterday have never been held in a position of interest and attendance, the church being beautifully decorated with all the fruits of the harvest, orchards and gardens, the who combining to make an appropriate and striking appearance. The pulpit was occupied by Rev. W. S. Willson, a former pastor, and now identified with the Lutheran college in Berlin. The morning services were devoted to a brief resume of the festive season of the year, and in the evening the broader outlook of national affairs, economic and spiritual. A feature of the services was the work of the choir of the church, under the able leadership of Mrs. Robert Elliot of Agincourt, whose ability as an organist is more than local.

NEWMARKET

U.F.O. OUTLINES PLATFORM

Comprehensive outlines of the United Farmers' political platform and details of certain statements made by other candidates concerning the riding of North York were the order of business at a U.F.O. meeting held in Newmarket town hall on Saturday night. There was a large attendance composed of interested farmers and out-of-town people, and W. C. White of Queensville acted as chairman. S. P. Fouts, the U.F.O. candidate; R. W. E. Burnaby, Mr. and Mrs. George Brodie and Cameron Currie were the principal speakers, and each assured the audience that the benefit that would accrue from U.F.O. legislation.

DOMNPUR WAS GODSEND

Thursday's rainfall, pretty general around the county bordering on the city, has immensely improved the plowing and pasture lands, and will prove a godsend to the fall wheat, which, while well started, needed just such a downpour. Ensilage corn is about all in, and is a good two-thirds crop, well matured and cobbled, and will be a big asset to the dairymen and feeders.

A lot of buckwheat is still out in the fields, while some of it is harvested and threshed, and the yield is a good average one. Buckwheat among the average Ontario farmer is getting to be more and more of a stand-by. The mangle and sugar beets now being harvested are less than average yields, while the turnips as a whole are a failure. Flowing is away behind, but a long, open fall will do much to square things around on the farm.

The King Hot Water System Assures Warmth and Comfort

Perhaps you remember the difficulty you had regulating your old hot air furnace last winter. Roasting or freezing, one extreme or the other. FARMERS TURN OUT TO BOOST LITTLE

U. F. O. Candidate Gets Pleasant Surprise From Ardent Supporters.

Capt. Geo. B. Little's campaign was given a big boost in the northern part of East York riding at Stouffville on Saturday night, when an executive meeting, and originally intended as such, developed into an open meeting attended by a large number of prominent farmers and business men and a big gathering of women. No special attempt had been made to get out a big crowd in view of the fact that a joint meeting of the North and East York United Farmers has been called for next Thursday night, and Saturday night's rally was a happy surprise.

The chair was occupied by W. J. Sangster and a few of those who spoke briefly were Reeve Padgett of Markham, R. J. Campbell, Wesley Gohn, G. A. M. Davidson and Capt. Little. Every reference to the candidate was warmly received, and there were some frank criticisms of Hon. Mr. Henry and the department of agriculture, in which straight charges of reckless extravagance were made. After the speaking, a rally of the workers was held with R. L. Silver Unionville in the chair. A feature of the campaign is the elimination of party lines and the fact that scores of leading Conservatives and Liberals are lining up behind Capt. Little's candidature.

DANFORTH

SHOULD CONTROL COAL

Regarding the H. C. of L. and the board of commerce now sitting, Geo. R. Ellis of the East End Citizens' Committee, comments as follows: "Startling revelations have come to light during recent investigations, particularly with reference to the cost of food, clothing, boots and shoes and other commodities that enter into the homes of the masses. I think that the board, before it adjourns, should take up the matter of coal, no mention of this commodity has been made by the board now sitting."

An effort was made by Fuel Controller Magrath to have the act carried out, but the municipalities for some reason or other failed to co-operate. The price of coal is now beyond the reach of the people and likely to go higher.

COOK-MINTOSH WEDDING.

The wedding of Miss Hilda May Cook and David McIntosh, returned veteran, was recently celebrated at the home of W. H. Satt, 57 Woolfrite avenue, by Rev. Dr. Graham, pastor of First Avenue Baptist Church, Mr. and Mrs. McIntosh left for the United States on their honeymoon trip. The happy couple will reside at Carlaw avenue on their return.

BEACHES

CAMPAIGN AGAINST TOBACCO RUMORED

Citizens' Liberty League of Ward Eight Hear Ominous Tidings.

Under the auspices of the Citizens' Liberty League, ward eight branch, a well-attended and enthusiastic open air meeting was held at the corner of Kenilworth avenue and East Queen street on Saturday evening. C. S. Townsend, who occupied the chair, in a rousing address pointed out that prohibition is not wanted in England. The British people are not weak-kneed and won't stand for it, then why should the large majority of the citizens of Canada?

"We form a part of the British Empire, and we believe in the laws of the mother country. To seek to make legally criminal what is not sinful or vicious is the work of intolerant beings." While was drunk centuries before the birth of Christ, and his Elms did not prohibit its use. He sat with those who partook of it. At the marriage feast of Cana he performed His first miracle by turning water into wine. The domineering and autocratic prohibitionist of the present day is only slandering God when he denounces liquor, said Mr. Townsend, who concluded by stating that should prohibition carry at the polls on Oct. 20 the long-suffering public could look for a prohibition campaign on tobacco next, as he has been informed on reliable authority that the prohibitionists in the United States are co-operating with the W.C.T.U. in Canada to flood the country with ten tons weight of printed anti-tobacco propaganda, should these people succeed in curtailing the people's liberties on the liquor question. He urged his audience to vote four times "Yes" and put a final end to fanaticism.

Bert F. Rum, Ernest Brown, returned veteran, spoke at some length on the advantages derived by the men in the trenches when they returned to their homes in the early morning hours, from the little-remembered refreshment. "It was not a stimulant, in cases without number," declared the speaker. Regarding the recent influenza epidemic, he said: "I am not going to say that all deaths from influenza occurred from the lack of whiskey, but I do say that people should have been able to procure without difficulty the life-saving liquor at the time when urgently needed."

The pulp propaganda of the prohibitionists was scathingly denounced by A. E. Fitch, the last speaker, who pointed to the statement of the Bishop of Carleton, who he remarked, could never be placed in the Bible Sunday class. The bishop has said that prohibition is a Christian doctrine, or in accordance with the liberty of the subject. The Catholics are also a class, not supporters of prohibition, but they say in their all agree, that drunkenness is a sin. There is no Biblical authority for prohibition, and a Christian prohibitionist is an anomaly, for he is neither oil nor water, and he will not mix. "Finally," said the speaker, "take away the people's stimulant and you drive many to heresy and cocaine, which is more to be dreaded than the plague."

A STUMBLING BLOCK.

Rev. H. Boyd preaches on Evil of Strong Drink, in Evening Bible and Doctrs.

Rev. H. Boyd, pastor Waverley Road Baptist Church, preached on the referendum at the morning service yesterday, taking for his text the 13th verse of 14th chapter, Romans. "But judge rather that no man put a stumbling block or an occasion to fall in his brother's way."

"Christian workers and temperance reformers," said the speaker, "have urged upon successive governments the advisability of restricting and abolishing from the province the manufacture and sale of intoxicating drink and beverage, for the people will have to decide whether they will go back to old conditions with their ness and misery, their wretchedness and equalization." "Some persons will probably say: I am perplexed, I want to do what is right, but so many conflicting statements are made, I am afraid to be held at the residence of the president, Dr. E. A. McDonald, Brigidview avenue. There was a crowded congregation.

WOODBRIDGE

PREPARE FOR RECORD FAIR.

Woodbridge, Oct. 11.—Preparations for a record fair were being hurried forward today, and a large number of entries received in all classes of produce and live stock point to a successful day on Monday. Judging of poultry, fruit, vegetables and women's work was started during the day, the exhibits of poultry and fruit being more numerous and of better quality than ever before. Over 100 entries of apples were received.

The race track is in admirable condition this year, and the executive expect many good exhibitors are J. P. Laurie, E. Smith, M. R. Hoover, J. Sheardon, W. Reid, F. Harris, G. A. MacClure, George Wallace and Robert Croftie. Stalls for the midway were being erected today.

MUSKOKA CREDITORS TO MEET

The affairs of the Muskoka Cordwood & Lumber Co., which has been in liquidation for nearly twelve months, will be brought to a finish soon, when a public meeting of the creditors will be called by Alex MacGregor, barrister, the chairman chosen by the creditors to act on their behalf. There are a good number of creditors living in Earls Court, Fairbank, Silverthorn and Oakwood, many of whom have paid small deposits, but have received no assignment of wood.

ST. CHAD'S CELEBRATES HARVEST

St. Chad's Church, North Dufferin street, celebrated harvest festival on Sunday, when the church was decorated with a fine display of vegetables, flowers grown by the members of the congregation. The choir rendered special hymns and anthems, and the rector, Rev. A. J. Reid, delivered a sermon on the occasion of thanksgiving at both services.

HURT IN COLLISION

Miss Dorothy McAllister, 205 Nairn avenue, sustained severe injuries on Sunday at 5 p.m., when a collision occurred at the corner of Ascot and Dufferin street between three Ford touring cars. Her hip was cut, third finger crushed, and a tooth broken as a result of the accident. The car was driven by Carl Bunting, 275 Westmoreland avenue, license No. 4878, while the other machines were driven by William Kohler, 883 Grace street, No. 28742, and William A. Smith, 9 Shirley street, No. 5985. It is claimed that all machines were speeding at the time of the collision. The damaged machines were towed to a neighboring garage with windshields smashed, headlights twisted, tires ripped off, and radiators broken.

AT ST. DAVID'S

Rev. Dr. Neil was the preacher at the evening service Sunday at St. David's Presbyterian Church, Harvie avenue. Dr. Neil made reference to the "blessings of thanksgiving as it affected Canada, and the churches. A special collection was taken up the building fund of the new church, which was recently erected at a cost of \$10,000. Rev. C. A. Mustard is the pastor.

LIBERTY THAT VITIATES

Large congregations attended both services at Soon Avenue Baptist Church on Sunday, when the pastor, W. F. Roadhouse, preached in the morning on "A Liberty That Vitiates," and in the evening on "The Standard of Life That God Approves."

RIVERDALE

MEMORIAL UNVEILED.

North Broadview Presbyterians Honor Sixteen Heroes of Congregation Killed in Action.

The stained glass memorial window erected to the memory of the sixteen soldiers killed in action during the war, erected in North Broadview Presbyterian Church, Broadview avenue, was solemnly unveiled by Rev. W. M. Kannawin, minister, at the evening service yesterday in the presence of a crowded congregation. Major Rev. A. L. Birch, returned chaplain, delivered the address, taking for his subject "The Billings of the Tempest." The preacher outlined the calm after the storm symbolical of war and peace following. He dwelt upon the contribution the boys made, and said he did not come with words of sympathy but he came to congratulate them, that the blood shed was accepted as a sacrifice on the altar of freedom.

The congregation rose as the Dead March in Saul was played, and the Last Post sounded by the bugles. Bert Green, one of the returned veterans, sang "Christ in Flanders." The window was designed and built by C. D. Warner, an elder of the church.

SEEK SOLDIERS' VOTE.

With regard to the referendum, petitions were circulated in all the churches through the eastern district for signatures of soldiers. At both services in First Avenue Baptist Church the soldiers present manifested their unanimous declaration against booze and stated their opposition to it. They will vote four times no.

Rev. Dr. Graham officiated at both services.

RATEPAYERS REORGANIZING.

A reorganization of the North Riverdale Ratepayers' Association executive committee will take place tomorrow evening at the meeting to be held at the residence of the president, Dr. E. A. McDonald, Brigidview avenue.

A Straight-Out Proposal!

This is a straight-out proposal to you to buy shares in a moving picture company, one which will be engaged in producing photodramas of the highest class. In other words you are offered an opportunity to participate in a Canadian Photo Play Producing Company.

First Offering to Public

Two weeks ago we made the first announcement of Canadian Photo Play Productions, Limited. To our astonishment the response was overwhelming. It clearly proved the PUBLIC'S knowledge of what the moving picture industry had done in the past few years. The profits of this newest of industries have astounded the most conservative men.

Extraordinary Returns

As an example of the possibilities of this industry, only a few months ago Famous Players-Lasky Company stock, which has no par value, could be bought for \$16 a share, and today it is selling at 650% advance on that price. As an indication of the dividend possibilities of the moving picture business let us cite to you the present financial situation of the great Famous Players-Lasky Company just mentioned. This from its semi-annual statement of a short time ago. The company is doing a gross annual business of over \$30,000,000. Note that, please! It further sets forth that the net profits for 1918 were \$1,281,174. Then it quietly announces that the NEW PROFITS for the first six months of 1919 are \$2,439,337! What industry in the world presents possibilities like that?

The EXCEPTIONAL OPPORTUNITY offered a Canadian producing company, practically with no competition, can readily be appreciated.

Ten Dollars Per Share

This offer will remain available to you for only a SHORT PERIOD. If you omit to secure your portion of this EXCEPTIONAL INVESTMENT you have missed what, in our opinion, is one of the great opportunities of the year.

THE T. EATON CO LIMITED

TWO WEEKS' DELAY FOR PORK PACKERS

Board of Commerce Defers Enforcement of New Meat Prices.

After sitting in private for some length the board of commerce Saturday issued the following statement for publication:

The representatives of various packing houses having been heard with regard to the order of the 27th day of September, the undersigned consider it expedient that the matter be fully considered by all the members of the board before a request for variation of the order be finally dealt with. Therefore, for the present they simply order that the words "fifteenth day of October" be changed to the first day of November.

Meanwhile, as Mr. O'Connor joined in the original order, the representations will be conveyed to him in order that he may be given an opportunity to express himself regarding this application.

Signed H. A. Robson, James Murdoch. Mr. O'Connor is at present in Halifax, but is expected to return to Ottawa early in the present week, when the whole question of the packers' argument will be considered. A final decision is expected about Thursday next.

The packers had a session all to themselves Saturday morning before the board of commerce. They had asked to be heard in protest against the board's order fixing a maximum price for pork products on and after Oct. 15. Judge Robson, the chairman of the board, journeyed specially to Toronto to hear when they met. All the packers were present.

Mr. McLean said the packers were unanimously of the opinion that the order effective Oct. 15 should not go into effect. "We believe," he said, "your board is sincerely trying to help the public and not injure the industry, but the order you made does injure the industry. It does not allow us to get back the money put into the business, and to base prices on that order on a day arbitrarily selected would do us no good. We do not know why that day was fixed."

Judge Robson, in replying to this argument, said: "It was chosen because on that day the prices coincided, and we thought that if we took that date and allowed time for a turnover it would be right. The conditions then were the same as they are now, and this is supported because of the single fact that the Swift-Canadian company declared the cost of production had not changed much, except that the cost of labor was a little more, there being a nine-hour day instead of ten hours. We have reached a state of affairs that forced us to that conclusion."

Mr. McLean then agreed that just because live hogs were selling on two dates in the spring and summer about the same price that was any proof that hog products should sell at the same rate. The packers were only anxious to show that they stood on their feet. Mr. McLean then stated that the cost of production had been following down the decline in hogs. The violent fall in the price of live hogs had been discounted in the price of hog products. A chart prepared by Mr. Law of the Matthews-Blackwell Company was here put in. It clearly showed how products followed the price of hogs in going up about six weeks apart and in going down about four weeks. It also demonstrated the sensitive nature of the hog trade.

At this point Judge Robson asked the packers if they would be satisfied if the order was made effective November 1 instead of October 15. The packers' reply was that it would only prolong the agony.

Determined by Demand. Mr. McLean contended that prices were determined by the demand of the moment. Today the packers were stocked up with hams and were offering them at lower prices. The trade was so delicate that prices often changed two or three times a day.

"The imposing of a maximum price on the trade into a strait jacket," declared Mr. McLean, who further stated that the end of each year showed the packers had sold their goods at a very low fraction of a cent a pound. He thought that if any single person was responsible for the high cost of living it was the governments of the United States and Canada, because they had fixed the price of wheat. If you get cheap meat today the farmer must sell at a loss. The farmers in the United States were being so today. The fixing of prices on any business was a very difficult thing to do with any degree of fairness. "My own opinion," he said, "is that the regulation of prices is not needed, desirable or advantageous in connection with the packing house industry." Mr. McLean thought that for the next ten years it would be profitable for the farmer to stress his live stock in preference to cereals. The wheat situation would soon be normal, but it would be a long time before there was enough meat in the world to go around. If the farmer stayed in the meat business he would get the same profits he was now making on wheat. The packers had the butchering business today because they were able to sell cheaper than the ordinary butcher of 20 years ago. The business was a cold-blooded one, and no butcher would pay him five cents a pound more if he could get it cheaper elsewhere.

E. C. Fox of the Davies Company declared the American packers had loaded their cellars at the instigation of Mr. Hoover at the highest prices ever paid for hogs. He suggested if an order must be made that it be dated August 17 and April 15. This would not materially hurt the packers. In answer to Mr. Murdoch, who thought such orders would not protect the public, Mr. Fox said it would have

COMPANY TO TAKE LOEW'S SECURITIES

New Corporation Will Retain Same Interest in Canadian Companies.

Largely thru the instrumentality of a local financier, a new company known as Loew's Incorporated has been organized to take over the securities of Loew's Theatrical Enterprises which was the parent company of the various Loew's theatrical interests, comprising upwards of 150 theatres owned, controlled or booked in the United States and Canada.

NEW JEWISH DAILY STARTED IN TORONTO

No. 1 volume 1 of The Canadian Jewish World, a new daily paper in the interests of the Conservative party, was placed on the street Saturday. The newspaper is owned by the Jewish World Publishing Company of which company rumor makes B. Stone, president, interviewed by The World, a member of the staff stated that the object of the new paper is to educate the Jewish people in Toronto in the issues of the present campaign. Articles dealing mostly with the interests and life of Jews will be a feature of the paper, and an outline of Canadian and provincial politics will be given in their own "language and spirit." Notwithstanding insistent rumors that The Jewish World will not publish after the results of the election are made known, it was stated that the paper would be a permanent one.

Interviewed by The World, Harry Winberg, proprietor of The Hebrew Journal, stated that the new paper was probably the result of his refusal to take a certain stand on the present election issue, and further that it is highly improbable that the new Jewish World would survive the campaign.

Some time ago, I was approached by certain individuals who suggested that I publish matter dealing with the latest of the provincial campaign. While expressing myself as willing to accept legitimate advertisements, I emphatically refused to make a change in the policy of my paper, because, to my mind, it was not in the best interests of the public.

In addition to this, every member of the staff of The Journal received an offer of a position on the staff of the proposed paper, but all such engagements were for six issues only. "I feel confident that the new star on the journalistic sky will suffer an eclipse as soon as the result of the election is made known."

ALFRED GRAHAM HURT ABOUT HEAD BY CAR

Alfred Graham, aged 35, of 58 Phoebe street, was injured about the head on Saturday evening when he was struck by a street car at Avenue road and Bloor street. Graham was rushed in the police ambulance to St. Michael's Hospital. It is believed the injured man is suffering from a fractured skull.

MAYOR WOULD GET AFTER SOURCES OF TAXATION

Mayor Church has outlined a number of methods by which he could get after sources of taxation on incomes. He also thinks the department should be continually looking up new sources of revenue, and makes the statement that the city is being fleeced out of millions of dollars under existing conditions.

FRACTURE OF SKULL SUSTAINED BY GIRL

Hilda Staunton, 10, living at 155 Lansdowne avenue, was probably fatally injured Saturday morning, when she was run over by an automobile at Sorauren and Fern avenues. The child was still unconscious Saturday evening, and is suffering from a fracture of the skull. Identification was made by the mother of the little girl, who visited the general hospital in the afternoon.

Ed. Bayly, K.C., Chosen Deputy Attorney-General

The appointment is expected to be announced shortly of Edward Bayly, K.C., to the position of deputy attorney-general, rendered vacant by the death of J. S. Cartwright, K.C. Mr. Bayly has for some years been solicitor to the department of the attorney-general, and since the death of Mr. Cartwright, has been discharging the duties of the office.

Mayor Favors Vote of Public On Purchase of Property

Mayor Church yesterday expressed the opinion that the people should have an opportunity of voting on the bylaw for the purchase of the thirteen acres on Greenwood avenue which the city council has agreed to acquire. The site is only that of an old brickyard, the mayor says and not worth anything like the \$314,000 proposed to be paid for it.

TWELVE-YEAR-OLD GIRL RECEIVES SEVERE BURNS.

Twelve-year-old Marjory Larter, daughter of Major Larter, was burned about the body Saturday morning when her clothing caught fire in their home at 133 Browning avenue. Mrs. Larter was burned about the arms in attempting to put out the flames. Dr. Murray, 274 Danforth avenue, was summoned and attended the child. Her condition is serious.

ARRESTED IN LOS ANGELES FOR DEFRAUDING BIG FIRM.

Robert E. King was arrested Saturday in Los Angeles for the Toronto police. King was employed as a ticket seller in the midway of the Toronto Exhibition, and on Labor Day he is alleged to have skipped out with his cash receipts for the day. He will be brought back for trial.

SAYS SOLDIERS FOR PROHIBITION

One-Legged Veteran Claims Many Are Against Use of Liquor.

Captain Sydney Lambert, a one-legged soldier, who was one of the fighting men of the Methodist Church, declared at the largely-attended referendum meeting in the Massey Hall yesterday afternoon, that so far as he could gather from observation, 60 or 70 per cent. of the returned soldiers were on the side of prohibition. The other side, he said, claimed they had 80 per cent, but he maintained they had not. The speaker declared, amid applause, he would gladly give his other limb to help in the prohibition cause.

no par value, and these will be listed immediately on the New York Stock exchange. This capital is to be increased. Development requires it on the understanding that there will be \$5,000,000 cash on hand practically at all times for this purpose, and the limit of cash under Mr. Loew's judgment to be used over the next few years to be \$100,000,000.

The new company will retain the same interest in the Canadian companies as that previously held by the Loew's Theatrical Enterprises. But with the new capital and increased purchasing power, it will be possible to greatly strengthen the position of the various operating companies and enable them to have the first chance at vaudeville deals and films. The preliminary negotiations between Mr. Loew and his associates and the financial interests were arranged by B. K. Bondard of Toronto who was the original promoter of the Toronto theatre.

Give Canadian Boys their Chance to Become Seamen

THE hope of Canada lies in our boys and young men, and nowhere are they destined to play a more vital part than on the sea. Important as it is to have Canadian ships to carry Canadian goods to the waiting markets of the world, it is no less imperative to have these ships manned by Canadians, that we may not be left at the mercy of the foreign-born seaman. We must be in a position to insure the continuation of the Bulldog Breed that gained so large a share of glory in the Great War.

The Navy League of Canada

It is perfectly obvious that work of the Navy League of Canada, especially as it applies to our seamen, is not a commercial enterprise, but it is and must be the patriotic duty of far-sighted Canadians to see that Canadian boys are given the chance to become the trained seamen we need so urgently. To-day is big with opportunity for the future, and the Navy League of Canada is organized to "carry on"—assured of your support for the Boy's Naval Brigades movement, and for the financing of the work in the homes and institutions for our seamen and their dependents. The estimates for the coming year show that \$500,000 must be raised by public subscription, and this is only possible by united effort and loyal co-operation in the way of generous contributions to this national cause.

HARVEST HOME AT CITY CHURCHES

Soldier Prohibitionists Preach in Favor of Bone-dry Ontario.

Reminiscent of old time Thanksgivings when mournings for loved ones killed in action were never thought of and yet with the ever-present sorrow for the ones who have been lost were yesterday's Thanksgivings services in the city churches. Many of the churches held real old time harvest home services. Thanksgiving this year is not the Thanksgiving of lip only, and many city ministers report that yesterday's services were "a whole, have represented the statements alleged to have been made by the "wets" that more than 85 per cent. of the returned soldiers would vote "wet," and to repeat this statement some of the churches instead of having the regular evening sermon had returned soldier speakers address the meetings on their opinions and impressions of the feeling among returned soldiers with regard to the coming vote.

At the College Street Presbyterian Church, Rev. J. C. Busby, who has ever before, while in many churches more than a passing reference was made to the coming referendum vote. The churches, as a whole, have represented the statements alleged to have been made by the "wets" that more than 85 per cent. of the returned soldiers would vote "wet," and to repeat this statement some of the churches instead of having the regular evening sermon had returned soldier speakers address the meetings on their opinions and impressions of the feeling among returned soldiers with regard to the coming vote.

SAYS ALCOHOL IS POWERFUL CHEMICAL

James Simpson Tells Howard Park Methodists Evils of Liquor.

"It is not a question of what amount of alcohol there is in a beverage, but that this thing we call alcohol is a powerful chemical and is injurious to the system." With these words, James Simpson, editor of The Industrialist, made a strong appeal to the members of the committee, summed up by the congregation of Howard Park Methodist Church last night, why they should mark their ballot "No" four times, and thereby defeat the liquor traffic.

Speaking on the attitude of the workmen to the prohibition, Mr. Simpson declared that these men were not disposed to accept at face value what might be said about the institution, but he stated that he could tell of scores of organizations that were opposed to the liquor traffic, because they realized that it was not in the best interests of the country. The speaker pointed out the fallacy of the argument that the workmen required the "beer of the ballot," because of its nutritious qualities. Mr. Simpson continued that it had been stated by prominent scientists that what little nourishment this beer contained was counteracted by the presence of alcohol, which was equal to any deadly drug.

Enemy to All. Declaring that the liquor traffic was an enemy to every department of the government of a country, Mr. Simpson said that it was a great financial loss, rather than a source of some people might contend. He claimed that the reason for the liquor interests requiring the return of the old system was purely for their own material gain.

"So far as I am concerned," stated Mr. Simpson, "I stand as I stood when, but a boy of 12 years of age, and I firmly believe that each person who is an enemy to the social and economical welfare of a race." He urged that when it came time to mark the ballot, either for or against, that each person would think of the weaker brother, who did not have the moral resistance to withstand the temptation of drink when it was within his reach.

BICYCLIST INJURED

The daughters are: Mrs. S. G. Amden, Toronto; Mrs. E. W. White, Detroit; and Mrs. H. M. Baxter, Detroit. The funeral services will be held this afternoon at 2:30 o'clock at St. Andrew's undertaking parlors, 1058 Yonge street. Interment will take place at Quincy, Illinois.

SERBIAN CRUELTY IN MONTENEGRO

Defeated With Heavy Losses, They Revenge Themselves on Prisoners.

Paris, Oct. 12.—Montenegrin forces have inflicted heavy losses on Serbian detachments, in the Montenegrin insurrection, which is reported to be continuing in a statement issued by the ministry of foreign affairs of the Montenegrin government. Montenegro, it is said, has again asked the great powers to order the Serbians out of Montenegro. The statement continues: "At Mount Jourietche, Montenegrins inflicted heavy losses on Serbian forces, and in combats near Cetinje, the Serbians lost 50 killed, 138 wounded and many prisoners. Montenegrin prisoners are being murdered by Serbians in the most cruel manner. Antoine Boyevitch, a doctor in law, and several other former students having been found on the battle field with their eyes gouged out and their hands severed. At Niegouhine, a ten-year-old boy was beheaded for having sung the Montenegrin national anthem, and two young women, named Arantch, were outraged and then shot on the same pretext. Aged men and women have had their eyes burned out with hot ashes by the Serbians."

STUDENTS' RACES A SPORTING EVENT

Annual School Games, at Exhibition Grounds, Marked With Enthusiasm.

Enthusiasm marked the annual school games held at the Exhibition race track today under the auspices of the board of education. The attendance of parents and friends and the public school education rendered a program of attractive numbers. Not more than two pupils from each public school, nor more than three from each high school were permitted to compete.

The winners were given medals as prizes and in addition a certain number of points according to the position on which they finished. The school obtaining the largest number of points will be given a cup. In addition to the events for public and high school pupils, there were a number of open events. The program included 55 events.

The weather was threatening and cold but the lake made the atmosphere quite chilly. This was noticed most by the spectators rather than the contestants who were mostly attired in light gymnasium sweaters and trunks. Special care was taken of the winners in the mile races and half mile run after they crossed the tape on the home stretch. Medical attendants were present to see that the contestants were limbered up by a stiff burp down, and that they put on heavier apparel, in the extra events for teachers there were a number of entries of the males, but only two women teachers competed. These were the Misses Rheta and Edna Gray. Each race was run with precision and in order that the spoke well for the committees and judges in charge. There was no hitch in proceedings and immediately one race was completed, another

The Toronto World

FOUNDED 1827. A morning newspaper published every day in the year by The World Newspaper Company of Toronto, Limited.

MONDAY MORNING, OCT. 13.

The Soldier Vote.

Speculation as to what the soldier vote will do need not be doubtful. It will go to the soldier candidates where they are not obviously playing a party game.

The soldier candidate pledged to any party that has not definitely committed itself to the recognized soldiers' demands, will get no advantage from his uniform.

Thousands of young men have come home expecting to marry and settle down. The young women who have been waiting for them, and who all have votes, find that the soldiers' gratuity is about sufficient to buy a new outfit of clothes and leave nothing for house-furnishing or nest-building.

When the soldier voter goes down to cast his ballot with these things in his mind, and reflects that this is all the government thinks of the future that our army went to France to fight for, the government is not going to receive much support from him.

This morning's nominations will clear the air considerably by defining the battle array for next Monday. The parallel for the present state of affairs officially in Ontario is to be found in the Ross-Whitney campaign of 1904-5.

audience that he had had an investigation made, found that the facts were as stated and that those responsible had been dismissed from office he would have been following the Whitney policy.

The real weakness of the government consists in the fact that it is not master in its own house. When the powers behind the throne are stronger than the throne and the people know it, the throne gets little respect.

A FAMILY DINNER.

CHAPTER VII. It had grown to be an accepted fact in the Driscow establishment that Harry Morton should dine with them Sunday evenings.

But the Sunday evening meal was always a bit of an ordeal, and in view of the new turn of events, Harry felt that tonight it would be worse than ever. He was generally acknowledged to be a good cook, and he had spent many minutes alone to think out how he would tell Mr. Driscow that he was to marry Louise in a few weeks.

"Hungry for another kiss," he said as he put his arm around her. "I have to put my course, you know, and tell your mother and father that we are really going to be married."

THE WORLD'S DAILY BRAIN TEST

By SAM LOYD 15 Minutes to Answer This No. 10

The above picture of a clock dial was important evidence in a criminal case, where it was established that a stray bullet from an assassin's pistol struck the face of a clock. It struck the exact centre of the dial, driving the post on which the hands were fixed, thru the works, and stopping the clock.

ANSWER TO NO. 9 As the accountant contended, the dealer positively made \$10—when he sold a wheel for \$50—and bought it back for \$40, since he had the wheel and \$10.

When he again sells at \$45—we may not take into consideration his having bought it back for \$40, since that fact is already discounted in properly crediting him with a profit of \$10.

We cannot establish subsequent profits or loss, since the dealer's original outlay for the wheel is not stated. Copyright 1919, by Sam Loyd

OFFER REWARD FOR LOST BALLOONISTS

U. S. Admiral Thinks Two Missing on Georgian Bay Island.

In connection with the reported finding of a floating balloon in Georgian Bay, near Tobermory, Ont., the lieutenant-governor of Ontario has received the following telegrams from Rear Admiral F. B. Bennett of the United States navy: "Telegram from Tobermory, Ont., states they picked up balloon and basket in water near that point, but no trace of men, viz. D. A. M. Mann and Verheyden. These men have not been reported since balloon was Oct. 1. Reward of \$500 for definite information concerning men or their rescue from some island in that vicinity. Think stranded on some small island, and in great need. Have ordered two Eagle boats to proceed immediately to Tobermory, arriving Oct. 12. We have no planes or coast guard available for this work."

The Ontario Government has two patrol boats on the Georgian Bay and these have been ordered by wireless to search the nearby islands. An Admiral Beatty has also been relayed to the department of marine and fisheries at Ottawa.

STREET CARS CAUSE DEATH OF TWO Well-Known Character Killed on Day of Release From Women's Farm.

Robert Graham died in St. Michael's Hospital at noon Sunday from a fractured skull, sustained when he fell attempting to board a moving street car. Graham was employed by the Canada Bread Company, and after leaving the office at Davenport and Avenue roads tried to step on a southbound car, when he missed his footing and fell on the pavement. He was attended by Dr. Sheard, 52 College street, and was later taken to the hospital. The street car was driven by William McNamara, 88 Collier street.

Graham was 50 years of age and his wife resides at 55 Phoenix street. Mary Graham, aged 55 years, a well-known character to the police, was instantly killed at midnight Saturday when she was struck by a fire-truck at Church and Shuter streets. Motorman David Boyes, 146 Parliament street, was arrested by Policemen Washington and Galt after the accident and is held on a charge of manslaughter. Mary Graham, the police say, was crossing the rails when the southbound car traveling at a high rate of speed hit her and hurled her across the street.

Just Out of Farm. Miss Kelly, police matron, of Court street station, identified the body at the morgue yesterday afternoon. "Mary" as she was known to the police, was discharged from the women's farm Saturday morning. George Tracey, 704 Manning avenue, was slightly injured last evening when he was struck by a motor car at Bloor and Bathurst streets. Tracey was removed to his home in the car of William Patterson, 1060 West Bloor street, driver of the car which struck Tracey. A small boy, whose name the police do not disclose, was injured last night when two motor cars crashed together at the corner of Harbord and Huron streets. W. N. Weiss, 593 Huron street, was driving his car on that street when he collided with an automobile in charge of D. B. Steers, 55 Lakeview avenue.

EXPECT SETTLEMENT OF FIUME PROBLEM Italian Foreign Minister Ready to Go to Extremes in Making Concessions.

Rome, Oct. 12.—Foreign Minister Tittoni will leave for Rome on Monday for the royal shooting lodge at San Rossore, where he will confer with King Victor Emmanuel before his departure on Tuesday to resume his work at the peace conference. In all quarters hope is expressed that representatives of the entente nations on the supreme council now realize the absolute necessity of a speedy settlement of the Adriatic question, not only in the interest of Italy but also because of its bearing on the peace of Europe. Signor Tittoni is ready, it is reported, to go to the extreme limit in making concessions in reaching this result. His new project respects President Wilson's principles, proposing the establishment of an independent state comprising the districts of Istria and Adelsberg under the league of nations and the assigning of the Volosca district to Italy. By this plan, while there would be no territorial continuity between Italy and Fiume, the latter would be a buffer state between Italy and Jugo-Slavia. It is asserted this scheme has already been approved by the national council of Fiume, which if the plan should be accepted, would itself ask D'Annunzio to retire from the city.

NOMINATION MEETINGS

Arrangements for the nomination meetings have been completed for the Toronto ridings. Following is a list of assembly places: Southwest Toronto — Queen and Dovercourt. Northwest Toronto — Orange Hall, Euclid avenue and College. Northeast Toronto — Victoria Hall, Queen and Victoria. Parkdale — Parkdale Assembly Hall, 4 Lansdowne avenue. Rivondale — Broadview Hall, Broadview avenue and Queen street.

East York nominations will be held at Markham, and West York at Dovercourt. On election day the polls open at 8 a.m. and close at 5 p.m. (standard time) or 7 a.m. and 6 p.m. daylight saving time. The day only sets 12 noon to 2 p.m. (standard time) as nomination hours. It is to be inferred, therefore, that Toronto's legal hours for nomination are between 1 p.m. and 3 p.m. today, under present time change (daylight).

CONCILIATORY TENOR OF NOTE TO RUMANIA

Paris, Oct. 12.—The tenor of the note which the allied governments have decided to hand Rumania thru their ministers at Bucharest is moderate and conciliatory, according to the Havas Agency. It reviews the points on which differences exist, and explains the reasons why the clause relating to minorities was inserted in the treaty. The note says the intention is to be submitted to a special commission, and declares that the allies do not regard the treaty for Rumania as a Rumanian requisition on Hungary as representing the will of the Hungarian nation. Further, the note points out the difficulties of the situation caused by Rumania's failure to sign the Austrian peace treaty.

DELEGATES ARRIVE FOR TRADE CONGRESS

New York, Oct. 12.—The interallied commission to the International Trade Conference consisting of thirty-six delegates from Great Britain, France and Italy and Belgium, arrived here today on the transport Northern Pacific to represent their respective countries at the five days' conference which is to open in Atlantic City next Thursday. The delegates are here as guests of the United States and include 15 members from France, 6 from Great Britain, 7 from Italy and 7 from Belgium. A corps of secretaries and financial experts also accompanied the party. The British delegation includes John Greely Jenkins, M.P., Marshall Stevens, M.P., Sir Arthur Shirley Benn, M.P., E. H. Brown, M.P., and M. A. Frank Moore, a manufacturer, and Balle J. King, chairman of the National Light Castings Association.

GENERALS KILLED?

London, Oct. 12.—According to a wireless despatch sent out by the Bolshevik authorities in Moscow, General Gromov was killed, General Mamontov and Shukuro were injured and General Gusev killed and Tchetkin wounded during the recent fighting south of Orel. The Bolshevik wireless message attributes this information to a communique of General Denikin. According to a further wireless message from Moscow, General Dobvor Munsley, chief of command of the Polish troops, is reported to have been killed in action near Krapsyno on the western front. No confirmation of these excessive casualties among higher commanders in the fighting in Russia has been received from other sources.

TO FIGHT REVISION OF PRAYERBOOK

Attempt to Do So May End in Schism in U. S. Episcopal Church.

Detroit, Oct. 12.—Breach of unity, possibly amounting to schism, in the body of Protestant Episcopal Church in America may result, if further attempt to revise the prayer book is made in the present triennial general convention, according to opinion expressed by many leading churchmen attending. There is noted a distinct lining up of delegates in the house of deputies for and against revision. Both clerical and lay delegates from Virginia have made plain their determination to "fight to the last ditch" against further revision. The nation-wide campaign to finance church extension work and maintain present activities the next three years by raising from \$55,000 to \$100,000,000 or more was interpreted to convention delegates and members in a mass meeting, and seven overflow meetings tonight. The plan of expansion at home and abroad is to be laid before the general convention tomorrow.

COAL STRIKE OVER; BOTH SIDES GLAD

Trouble is Settled by Agreement Satisfactory to Yards and Men.

Coal drivers return to work tomorrow morning. Following a conference between Frank Rogers, president of the Coal Dealers' Association; James Marsh, president of the Coal Drivers' Union, and Tom Watt, general organizer for the Canadian Federation of Labor, on Saturday afternoon, it was decided by the union to call off the strike. It was stated last night that an agreement was reached satisfactory to both the men and the coal yards. Negotiations are being conducted between the men and their respective yards this week. This practically closes a strike which involved 800 men and many coal yards. Some of these yards are said to have lost hundreds of dollars in orders a day. One man who has been

SETTLEMENT UNLIKELY IN NEW YORK STRIKE New York, Oct. 12.—The strike situation in the case of port, terminal and ferry workers, who went out following the longshoremen's strike, was declared today to be "just as far from settled as ever" by Joseph F. Stanton, business manager for the Railroad, Port and Terminal Workers' Union. Mr. Stanton said he saw but slight hope for a settlement when the strikers held their mass meeting, called for tomorrow. Delegates from 52 locals of the International Longshoremen's Association decided tonight to urge brother members now on strike to go back to work Tuesday morning. A mass meeting will be held tomorrow night for ratification or rejection.

THE AUTHORITY OF LAW

Repeal of Ontario Temperance Act Does Not Necessarily Mean a Return to the Old License System

THE Citizens' Liberty League contend that the unsatisfactory Ontario Temperance Act must be repealed and new legislation enacted.

The Referendum Committee contend differently. To settle the matter once and for all, the Citizens' Liberty League herewith submits a signed statement by I. F. Hellmuth, K.C., of the law firm of Hellmuth, Cattanaach & Meredith, Toronto, and by D.L. McCarthy, K.C., Toronto, son of the late Dalton McCarthy, and member of the legal firm of McCarthy & McCarthy, Toronto.

The Horses Go From Jamaica to Empire City. Jamaica, L.I., Oct. 11.—The twelfth day fall meeting of the Metropolitan Jockey Club, at Jamaica, came to an end this afternoon...

Our opinion is asked as to whether a majority vote of 'YES' to question One of the Referendum, necessarily repeals the Ontario Temperance Act now in force and at the same time brings into effect the Liquor License Act which was in force prior to the passing of the Ontario Temperance Act, and our answer is unhesitatingly No.

It is true that in case of such affirmative answer, the Lieutenant-Governor in Council can, by proclamation, bring into effect the prior Liquor License Act, but until this is done the present Ontario Temperance Act continues in force. It is not obligatory on the Lieutenant-Governor in Council to issue any such proclamation within any fixed or definite time, and there is no reason to suppose any action in this respect will be taken until after the meeting of the Legislature.

Notwithstanding, therefore, an affirmative majority vote to question One of the Referendum, the prior Liquor License Act will not necessarily be in force when the Legislature meets, and the Legislature can, at the next session, pass such legislation as it deems proper in regard to the whole question.

There is nothing in the Constitution as laid down by the British North America Act which prevents the Legislature from validly enacting a law which would be a compromise between the Liquor License Act and the present Ontario Temperance Act and any such Act being entirely within the competence of the Legislature would, when passed, supersede any prior laws.

Vote 'YES' to all Four Questions. Mark your Ballot with an X. Any other marking will spoil it. Remember, also—every voter must vote on every question or his ballot will be spoiled.

CREW IN MUTINY DIVERTS BIG CARGO OF RIFLES TO FUME

Steamer Persia, Bound for East, Sails Up Adriatic Instead.

Fume, Oct. 11.—The steamer Persia, bound from Genoa for the far east with a cargo of thirty thousand rifles, ten million cartridges, twenty batteries of mountain guns and two heavy guns, for the troops operating against the Bolsheviks, has arrived at Fume. The crew mutinied in the Mediterranean and forced the captain to take the steamer into Fume.

Open Rupture Occurs.

Fume, Oct. 11.—An open rupture occurred on Thursday between Gabriele D'Annunzio, leader of the Italian insurgents in possession of Fume, and Professor Zanella, leader of the Italian population of Fume, opposed to annexation of the city by Italy, but in favor of an Italian protectorate over it. As a result of a campaign started by Prof. Zanella against D'Annunzio, the latter summoned the professor to the palace. A long discussion ensued, in which Prof. Zanella, according to the press accounts, exclaimed fiercely to D'Annunzio:

"Your presence is perilous to the interests of Fume."

D'Annunzio, enraged by Zanella's attitude, ordered him to leave the palace.

The incident has been widely discussed and has given a further impetus. It is claimed, to the movement of the Zanella party, which favors a Fiumian republic under an Italian Protectorate.

According to information reaching the Associated Press correspondent, the plan of General Graziosi, representing the Italian government, for the settlement of the Fume question, includes the withdrawal of D'Annunzio's forces and their replacement by Italian regular troops.

BIG DIVORCE CASES PROGRESS IN COURTS

Montreal, Oct. 11.—Progress was made before Judge Cusson, in enquests court yesterday in the Baldwin-Stevenson cases, which cases arise from the civil action of Mrs. Baldwin against her husband, the Rev. Maurice Day Baldwin, formerly of London, Ont., for separation, and Mr. Baldwin's counter action for separation.

Reginald C. Stevenson, brother of Mrs. Baldwin, was committed on a charge laid by Mr. Baldwin, of having induced and intimidated his two infant sons for the purpose of perverting justice.

Mr. Baldwin was committed on the charges laid by Mrs. Baldwin first, that of having refused to obey an order of the civil courts granting the custody of the children to Mrs. Baldwin, and secondly, of having abducted the children.

PROHIBITION FIGHT SOON AT END IN U. S.

Washington, Oct. 11.—The struggles of two and three-quarter per cent. beer to maintain a legal status will come to an end when the prohibition enforcement bill, enactment of which was completed yesterday by congress when the house adopted the conference report, is made law either by the president's signature or automatically should his illness prevent him from signing it within ten days.

The manufacture or sale of any beverage containing more than one-half of one per cent. of alcohol is prohibited under both the war time and constitutional enforcement sections of the measure.

All provisions of the war time section become effective as soon as the measure becomes law.

After a vain final attempt by anti-prohibition members of the house to block the measure by sending it back to conference, the conference report was approved by a vote of 221 to 70.

SEARCH FOR AVIATORS RECEIVES IMPETUS

St. Louis, Oct. 11.—All available agencies in Canada and the United States, it was said here today, will be requested to assist in the search for Captain Carl W. Dammann and Lieutenant Edward J. Verheyden, jr., pilot and aid of the "Wichita," one of the entries of the national championship balloon race, which started from here October 1, and which, according to a telegram was found wrecked in Lake Huron four days later.

Information of the wreck was received in a telegram to Major Albert Lambert, an official of the Aero Club, from Tobermory, Ont., which said the balloon was found near Cove Island. The aeronautic's life-savers were not found in the craft, and this led Major Lambert to advance the theory that the men may be on one of the numerous islands in that region, too exhausted to make their way to a telegraph office. Major Lambert has offered a reward of \$500 for any information of the men.

Poisoner of Her Children Adjudged Insane by Board

Pontiac, Mich., Oct. 11.—Mrs. Roy Lukart, who confessed that she administered a slow poison to her little daughters, Edna and Shirley, now in a Chicago hospital making a practically hopeless fight for life, was adjudged insane by a commission of alienists appointed in circuit court here this morning.

ALGONQUIN PARK IS IDEAL IN THE AUTUMN.

The beautiful surroundings in Algonquin Park, brilliant with their turnings foliage, make, with the crisp invigorating air (altitude 2,000 feet), one of the most delightful places to visit during October and November. Just the place to recuperate after an illness. The "Highland Inn" offers first-class accommodation at reasonable rates. Write to N. T. Clarke, manager, Algonquin Park Station, Ontario.

QUEBEC MAY RESTORE OLD GRADES OF BEER

Special to The Sunday World.

Montreal, Oct. 11.—It is probable that the breweries of the province of Quebec will be authorized to go back to the old grades of lager beer. It is announced here today. This course, it is said, has been found necessary by the fact that the standard of beer allowed to be turned out under the new Prohibition Act has been found wanting in many respects. This standard is to be the case, not only from the standpoint of the average man on the street, but especially from the standpoint of chemical analysis. Time has shown that under the new standard it was impossible to keep beer for any length of time and that after being bottled it deteriorated very quickly.

NO LABOR DELEGATES FEARED BY GERMANY

Berlin, Oct. 11.—Discussing the coming international labor conference at Washington, The Vorwaerts declares it is "impossible for Germany to submit to the humiliation of seeing her delegates wait in penitential garments, while Haiti, Liberia and other negro public may decide for themselves whether they will attend the conference." The newspaper thinks that before the international labor bureau before which the matter has been laid, can reach a decision it may be too late to send delegates to Washington.

BRITAIN AND MEXICO SETTLE PASSPORTS

Mexico City, Oct. 11.—Passport difficulties between Great Britain and Mexico have been adjusted, according to a statement issued by the foreign office, Mexican consuls, it is announced, have been ordered to issue passports of British residents of Mexico who have been absent and now wish to return to this country. The same procedure, it is added, has been ordered by the British foreign office.

It is unofficially stated the British-Mexican diplomatic situation shows improvement, with the early appointment of diplomatic representatives by both countries.

Manitoba Grain Growers To Decide on Stand

Winnipeg, Oct. 11.—Within the next week grain growers' associations in Manitoba will register their stand for or against entering candidates in the next federal election. A strong recommendation from the central office that they should take steps to secure direct representation at Ottawa will be read, discussed and answered at the rally meetings of all the local through-out the province, which are being called for October 17, two days after the "drive" for new members.

Secretary W. R. Wood, over whose signature the recommendation is being sent, is confident that the verdict will be in favor of direct political action for the grain growers and that when district conventions are held in November, definite preparations for the selection of independent candidates supporting the farmers' platform will be made in the majority of rural constituencies.

WELL-KNOWN MASON DEAD IN BRANTFORD

Brantford, Ont., Oct. 11.—H. B. Gardner, cigar manufacturer, widely known throughout Ontario, having traveled on the road extensively for a long period, and also in federal circles, being high in the Masonic and Odd-fellow orders, died here this morning after an illness extending over a considerable period. He was highly esteemed in Oddfellow circles, being recently chaired for his 50th year connection.

AMERICAN FINANCIER SUCCUMBS TO DISEASE

Nyack, N. Y., Oct. 11.—James N. Wallace, president of the Central Union Trust Co. of New York, and a leading American financier, died suddenly at his country home here early today from heart trouble.

LIBERALS OF KINGSTON WILL OPPOSE DRAYTON

Kingston, Oct. 11.—That the Liberals of Kingston will put up a fight against Sir Henry Drayton in the by-election for the house of commons is assured, according to a report from the Liberal ranks this morning. The name of the candidate has not yet been mentioned. There was a move on foot to get Hon. George P. Graham to contest the seat, but it was stated today that the party has a local man as candidate.

BRITISH RATIFICATION OF GERMAN PEACE

London, Oct. 11.—According to The Mail, the text of the essential part of Great Britain's ratification of the German peace treaty signed by King George yesterday, follows:

"We, having seen and considered the treaties, protocol and agreement aforesaid, have approved and accepted, and confirmed the same in all and every one of their articles and clauses, and we do by these presents approve, accept, confirm and ratify them for ourselves, our heirs and our successors, and promising upon our royal word that we will sincerely and faithfully perform and observe all and singular the things contained and expressed in the treaties, protocol and agreement aforesaid, and that we will never suffer the same to be violated by anyone, or transgressed as far as it lies in our power."

Chloride of Lime Explodes, Injuring a Waterloo Woman

Waterloo, Oct. 12.—Miss Emma M. Waterhouse suffered a serious accident here while opening a can of chloride of lime. The can exploded, and particles of lime lodged in her eyes, almost destroying the sight. Prompt medical attention was successful in saving her sight. It is announced she will recover.

Wives Will Vote "No!"

Mothers of Ontario's Children Will Not Compromise With "Booze"

1	Are you in favour of the repeal of the Ontario Temperance Act?	YES	NO
2	Are you in favour of the sale of light beer containing not more than two and fifty-one one-hundredths per cent. alcohol weight measure through Government agencies and amendments to The Ontario Temperance Act to permit such sale?	YES	NO
3	Are you in favour of the sale of light beer containing not more than two and fifty-one one-hundredths per cent. alcohol weight measure in standard hotels in local municipalities that by a majority vote favour such sale and amendments to The Ontario Temperance Act to permit such sale?	YES	NO
4	Are you in favour of the sale of spirituous and malt liquors through Government agencies and amendments to The Ontario Temperance Act to permit such sale?	YES	NO

Do not spoil your ballot by marking it with anything but X—four times.

"Booze" is an ugly word in the ears of a woman. Millions of women have had all hope of happiness in this world blasted by "booze."

"Booze" has starved little children and clad them in rags. "Booze" throughout history has made fiends out of men and rewarded the tender affection of women and children with curses and abuse.

Wife Murderers "Booze-Crazed" "I have never known of a single case of wife murder that was not committed under the influence of drink," said the late Dr. J. T. Gilmour, Chief Warden of the old Central Prison, Toronto, and subsequently Superintendent of the Provincial Prison Farm at Guelph, a man of life-long experience with criminals.

Seventy-five per cent of the suicides have been set down to drink. "Booze" shortens lives. Insurance experts calculate an average increase of 35 per cent. in the death rate for even moderate drinkers.

"Booze" Brings Poverty and Sickness "Booze" decreases the household income, lessens the husband's earning power and kills his ambition to succeed.

"Booze" and degenerative disease go hand in hand. Fifty-four per cent. of the divorces in Germany, the great beer-drinking country, and 50,000 deaths a year are directly traceable to "Booze." No less than 50,000 cases of alcoholic insanity are admitted to German Asylums yearly. And yet drinking in the homes or in cafes and beer gardens as practised in Europe is held up as ideal for Ontario!

"Booze" Dooms Children to Insanity Children of both alcoholic fathers and mothers are doomed to be mentally backward, feeble-minded, morally degenerate, epileptic or insane. Alcoholism affects the child unborn, and alcoholic degeneracy may descend to the children of the third and fourth generation. Beer drinking in the home makes the home a school for future drunkards. Domestic beer drinking has made German women coarse and vulgar, German children, feeble, and German men bloated and brutal.

Ontario Women Have Power to Vote Once women of this Province suffered "booze" to wreck and destroy in silent sorrow or bitter pride. Today in Ontario they have a vote. On October 20 they can order that "the Menace of Booze shall be forever ended."

There was a heavy attendance at both the north Toronto and St. Lawrence markets Saturday, buyers turning out in especially large numbers. Trade was active at firm prices in most of the offerings. Eggs—In spite of the fact that black-legs had been put up, with the fair price of eggs quoted at 60c to 65c per doz, the volume of trade was a slow one. The supply was much lighter than for the past few weeks and trade was quite active at 60c to 70c per doz. Poultry—The turkey was only brought in in very limited quantities for a ready sale at 40c to 45c per lb.; choice ones bringing 50c to 60c per lb.; geese were fairly plentiful at 25c to 30c per lb.; ducks were a slow sale at 35c to 38c per lb., the one sold one at 30c each, brought 40c. Chickens were very unusual, selling easier in price at 35c to 40c per lb.; hens bringing 30c to 35c per lb.; live chickens and for selling under 20c per lb. Vegetables were again brought in freely, the lot so heavily as for the past few weeks. Potatoes were selling at 40c to 60c per 11-quart basket; \$1.25 to \$1.50 per 100 lbs; onions at 15c to 20c per doz; carrots at 15c to 20c per doz; beans at 15c to 20c per bag; sweet potatoes at \$2.25 to \$2.50 per hamper.

THANKSGIVING!

For peace, for plenty and all the blessings showered upon us throughout the year let us devoutly return thanks this Thanksgiving Day.

MANUFACTURERS ARE INVITED TO THE EXHIBITION OF ROYAL CHINESE ROBES

The exquisite and gorgeous luxury of dress adopted by Oriental Royalty before the establishment of the Chinese Republic will profoundly impress all who visit the exhibition of Royal Chinese Gowns now on public display in this store.

For Chinese silks, Chinese hand-woven, patterned fabrics and Chinese colorations have ever been a marvel to all modern producers and have occasioned many a trip to China for the closer study of these wonders of creation.

Think of now having in Canada a collection which represents the very best the Chinese have ever thought or done along this line!

The remarkable quality of the material, the detail and variety of design, and the clever blending of colors show the excellence of the workmanship.

We cordially invite the manufacturer to come in and see this fascinating and instructive display.

Exhibit Hours, 9.30 a.m. to 4.30 p.m.
