Veteran Moncton Player is to Retire From the Game—A False Alarm Fined—Liquor Seller Gets Month in Jail.

Moncton, Nov. 14 (Special).—Bertram McKenzie, seventeen years old, was given the maximum penalty for pulling in a false fire alarm, when in the police court this morning after pleading guilty he was sentenced by Magistrate Kay to a fine of \$100 or three months in Dorchester. Young McKenzie pulled in a false alarm on the night of the big Liberal demonstration calling out the brigade a portion of which rushed through the streets crowded by people endangering hundreds of lives, many escaping death almost miraculously. He said he had been told by some boys to ring the alarm, one of them handing him the key to the box, and he carried out their bidding. Joseph Crockett, the veteran hockey player for several years captain of the Victoria Hockey Team of this city, and for a long time a prominent figure in Nova Scotia and Cape Breton hockey circles announced last night that he has played his last game and will retire this winter. Crockett has been a member of the Victoria team for four seasons, in which period he has won the Stanley Cup and the Montreal number of years ago in an effort to capture the Stanley cup. Crockett broke into hockey fourteen years ago and has played in the game ever since, as well as taking part in football, base ball and track sports. Damien Cormier, a ticket of leave man was arrested this morning charged with selling liquor in the city on election day and given a month in jail. He has served time in Dorchester for incendiarism.

THREE BOYS IN COURT FOR THEFT OF PURSE AND MONEY

A session of the juvenile court was made imperative this morning by the arrest of Charles Howard, John Gillen and Samuel Gollet, on suspicion of the theft of a purse containing \$27 on the arrival of the Digby steamer Yarmouth yesterday afternoon from Mrs. Sadie Wile, a passenger. Regarding the entering of objections to being disposed of by Magistrate Ritchie, young Howard admitted that he was ignorant of the relative definitions of object and consent, on which lack of learning his honor commented rather harshly. Gillen and Gollet, the latter being a Jewish boy, were represented respectively by a brother and mother, while Howard's relatives were absent. Any old place at all will do for the trial, he told the magistrate. He denied stealing the purse, but admitted that he found it on the gangway of the steamer. Both Gillen and Gollet denied being participants in the distribution of the pilfered money. Detective Killen, in his testimony, stated that in consequence of information received from Mrs. Wile and others, he and Deputy Chief Jenkins repaired to Gollet's home and accused him of complicity. He strenuously denied any connection with the theft, but eventually said, "I might as well tell the truth first as last," and confessed that Howard had picked up the purse, and after appropriating over thirty dollars to himself, he presented him (Gollet) and Gillen with a dollar each. He said the purse and slightly over \$4 to George Curran, another boy, who had not been apprehended. A visit was next made to the Howard domicile, where, after considerable hesitation, the boy acknowledged his guilt and led the police officials to the yard where he had concealed \$27 in bills in the earth. An all \$31.10 was taken from Howard. Gillen was taken into custody later. As young Curran

"Fruit-a-tives" Saved Mrs. McCready Unhappily Suffering and Almost Certain Death.

"Publish this for humanity's sake," writes Mr. C. McCready, of Putnam, Ont., in his letter to the owners of "Fruit-a-tives."

"Fruit-a-tives" proved its wonderful powers. The doctors were wrong—Mrs. McCready is today well and strong—and "Fruit-a-tives" have made friends of every one for miles around Putnam.

"Dear Sirs—My wife suffered for over a year from Indigestion and Bowel trouble. Several doctors treated her for this trouble and advised her that only an operation would save her life, as they stated it was a tumor that was causing the trouble.

The operation was to cost \$200 and, while she was debating in her own mind about being operated on, she was advised to try "Fruit-a-tives," which I procured for her from our local merchant.

From the first box she improved, and after having taken four boxes she is completely cured and is now as well as ever. I decided then that "Fruit-a-tives" was the most wonderful remedy in the world and it certainly saved my wife's life.

She still takes one tablet every night, we also give them to the children with excellent results, and they have to thank "Fruit-a-tives" for the fact that their mother is now with them, they fully expect she would be in her grave. Publish this for humanity's sake.

(Signed) C. McCREADY, Putnam, Ontario, Canada.

For Indigestion, Dyspepsia, Constipation and Biliousness—for all troubles due to defective action of Bowels, Kidneys and Skin, "Fruit-a-tives" is a certain cure. These tablets are made of fruit juices and tonics, are pleasant to take and quick to act.

HOW RUSSIAN PRISONERS ARE MADE SUBJECTS OF MOST AWFUL TORTURES BY RUSSIAN POLICE

Beaten With Wire Whips and Rubber Clubs, Their Hair Pulled Out and Flesh Torn With Spurs—Wounds "Massaged" With The Butt End of Whips—Forced to Sign Bogus Confessions, Then Taken Out and Shot.

New York, Nov. 13.—The efforts of the Russian Government to secure possession of Jan Janoff Poren, the Lettish revolutionist who has been confined in the Tombs since last January, have been means of bringing out the lurid details of official reports of tortures inflicted upon political prisoners and suspects in the hands of the Russian police.

Despite the fact that United States Commissioner Shreve, has ordered Poren to be extradited, another chance is being given him to prove that he is a soldier and not a criminal, and that he is not a person who has added him to the list of those who will be killed if he is taken back, and that, furthermore, if he should be extradited, it will establish a precedent that will place in jeopardy at least two thousand other political refugees in this country.

Elaborate documentary evidence to show the state of affairs in Russia was prepared by Attorney Simon Pollock, counsel for Poren and others, who formed the Poren Relief Conference. And it was in the course of the compilation of this evidence that Attorney Pollock secured, among other things, excerpts from the "Stenographic report—Imperial Douma-Session II, of the Twenty-fifth Meeting, Tuesday, April 10, 1907, Containing Details of the Tortures in the Baltic Provinces." Here are some of the extracts:

"Tortures at the examinations of persons suspected of connection with the so-called militia, or fighting organizations, were practiced in the Rigas detective division headquarters, where a special commission was formed for that purpose, to which were appointed assistant chief of the detective division Schwabe, Assistant Police Captain Alexandrovsky, Gregus, Sabetzky, Davus and other policemen and detectives.

Among the many who were tortured were Lapsa, Paege, Karion, Strudilin, Grundman and eight-year-old Anna Poren, daughter of the man who is here fighting extradition.

"Every newly arrested person suspected of connection with more serious cases was first subjected to an examination, usually at 8 o'clock in the evening. The examination was attended by three, the person examined being struck on his face, stomach and other parts of the body.

"In the nights of January, 1906, the eighteen-year-old Lapsa, from whom no confession could be obtained, was thrown on the floor, one of the assistant police captains jumped with his feet on the chest and the ribs were broken. Strudilin, after being thrown on the floor, was beaten on his calves. The examination of the accused person was repeated until the prisoner, whether innocent or guilty, would acknowledge himself guilty of all crimes charged against him.

"On March 14 Ernest Birzink, an Russian and Ans Struz, for eight days were subjected to the most exquisite tortures under the immediate direction of Gregus, Mikheyev and Thatchey. Their nails were torn out, their hair was pulled out, they were beaten and their bones were broken.

"August Druska," says the report, "was arrested March 10, 1906, was tortured two nights in succession, Kukus (an oncologist) and his assistants taking part, until they succeeded in obtaining a confession." On the ground of the confession obtained in that way and another confession from another person obtained in the same way, Druska was indicted before a court-martial and sentenced to death of March 20, 1906, notwithstanding the testimony of witnesses at the trial proving Druska's guilt.

"On Aug. 18 was arrested at the City of Windau, Edouard Zinotyn, sixteen years old, a pupil of the fifth grade of the Windau Scientific School, for delivering to another a copy of the Wyborz Appell. Zinotyn was forwarded to the City of Rigas, allegedly for identification. On Oct. 22, at 4 o'clock in the morning, he was led upstairs for examination. The first question asked of him was: 'Do you know what you are sent here for?' He answered: 'I think for identification.' 'Not for identification, but for torture,' was the reply. They threw him on a bench, stripped him, and six men proceeded to strike him with whips, among other things with the so-called 'Maria Ivanova,' a wire whip covered with leather. They beat him on his head, on his arms, his back until finally his body turned into one open wound.

"P. Rigas, arrested March 18, 1906, was

after a five months' detention, forwarded to the detective division for 'examination.' They first administered to him forty blows and passed, after that again as many, then after a small pause they resumed the beating. They covered his bare back with a wet rag and proceeded for the fourth time to beat him. They threw a nose around his neck, threatening to hang him, and thereafter they resumed the torture until Rigas became unconscious. They demanded of Rigas a confession of having killed some police captain at the Province of Mohiley. The next day it was shown that he could not have participated in the murder and he was sent back to the Central Prison.

"But in September he was again caused to the detective division; this time he was charged with complicity in Belozov in the robbery of the Moscow Merchants' Bank. Five nights Rigas held out, but on the sixth he could stand it no more and signed the minutes of the inquest, prepared in advance by Gregus. In these minutes, among other things, was stated that Rigas's brother had also participated in the robbery and fled with 15,000 roubles to America. Upon information received by the police thereafter, it appeared that Rigas's brother had left for America previous to the robbery of the Moscow bank.

In November, 1906, it became the fashion to 'extinguish cigarettes' upon the bare bodies of prisoners. In one case, that of Ferdinand Gregus, two policemen put a board across the body of the unfortunate and played 'teeter-totter' until they broke his spine.

A case is related in which a prisoner named Beckman and another of the name of Ost were 'tortured' to the time of the hand-organ while the policemen were getting themselves drunk.

"On one occasion, according to the report, a prisoner named Dreiman, from whom the authorities sought to obtain a confession,

was first beaten until his body was a mass of wounds. Then 'salt was thrown upon the site of a revolutionary meeting were placed before him and, rather than endure further torture, he signed them. He had a number of his companions 'were taken out and shot.

Jacob Zarekko, arrested Oct. 27, 'was unresisting and beaten with wire clubs. They pulled his hair, beard and mustache. They extinguished cigarettes on his body. Yonin (one of the inquisitors) trampled upon him with his feet and blew out one of his eyes. The tortures of Zarekko continued for a week. No confessions were wrung from him and he was shot without trial.

"On Dec. 12, in the City of Rigas, a woman was arrested and sent to Ozer. Here Yonin, with four guards, tortured her, beat her with wire clubs. The beaten and wounded parts of her body they rubbed with cloth and squeezed with wire whips. The tortures continued for three nights. They struck her on the teeth and knees and gave her no food. Several times she was thrown on the ground and violence was done to her in the absence of evidence against her.

"With particular cruelty did they torture the ladies of the whips, together with Arnold Martenson, to Lenevarden. Yonin appeared there, and the tortures began with the assistance of the dragons. After three hours of the whips, she should tell where the whips and then rubbed the wounded places with the ladies of the whips. The same was done several days in succession. They were subjected to like tortures. They trampled them with their feet, they threw their spurs from their horses, so that blood was streaming from their shoes. The same was done to the wife of the merchant, Kruger, with his wife and twenty-three-year-old daughter, were brought from Kingamudshor to Lenevarden. The three were unresisting and they should tell where the whips and then rubbed the wounded places with the ladies of the whips. The same was done several days in succession.

"To the same place were brought the peasant Vitya and Gregus from Ikeri, Frig, Silev and Berens from Torshen. They beat the eight-year-old Anna Poren, daughter of the man who is here fighting extradition, and she should tell where the whips and then rubbed the wounded places with the ladies of the whips. A Colytic Barber Shop

THE distinction of opening the first Colytic Barber Shop, belongs to Mr. Emile Caye of Baltimore, Maryland. "Colytic" is from a Greek word meaning preventive, that is, having the power to prevent the spread of germ diseases.

Patrons of barber shops have not in recent years, in their shops the attempt at modern cleanliness—Aseptic, as it is called—equals that in the operating room of a hospital. Not many years ago, the attempt on the part of a barber to discourage the spread of disease by means of disinfectants was considered a high joke, but it is not a joke today. The discovery by Prof. Unna (ask your doctor about him) that dandruff is a contagious disease due to a minute vegetable growth (a microbe), together with the fact that germs in other places can be spread in barber shops unless intelligent preventive measures are employed, has put a new phase upon barbering.

Incidentally too, it has enabled the more progressive and intelligent barbers to employ expensive scientific methods that add greatly to the safety and comfort of their patrons, while at the same time paying handsome returns upon their investments.

The word "Antiseptic" has been very generally adopted by barbers to describe shops in which the new methods prevail, but as Antiseptic means against putrefaction, or having the power to destroy life, which new protection depends, it will be seen that the word "Colytic" more correctly describes Mr. Caye's wonderful place of cleanliness, that is claimed to be one of the sights of Greater Baltimore. Mr. Caye is a pioneer in scientific barbering, having proprietor of the famous old Carrollton Hotel Barber Shop, that enjoyed international fame on account of its Aseptic methods.

Does the great Colytic Barber Shop, find it necessary to use Newbro's Herpicide, the original remedy that kills the dandruff germ? Indeed it does. Each one of the twenty barbers in this big establishment has Newbro's Herpicide on his stand, because the patrons of high grade barber shops, all over our land prefer Newbro's Herpicide and are willing to pay for it. Read the following short but interesting details of the Colytic Barber Shop.

Razors: Each barber-stand is equipped with an Electrical Sterilizer, wherein the Barber's razors are sterilized before use. This renders each razor absolutely free from micro-organisms or spores, thereby making it impossible for the razor to spread disease. Brushes, Combs and Mugs: All shaving mugs, hair-brushes and combs are sterilized before and after being used on each customer. The thorough sterilization of these implements means their perfect freedom from pathogenic germs. Towels: All towels are white linen. After being laundered, they are packed in bundles of ten and put into colytic bags, where they remain protected until they are used. Barbers are not limited to the number of towels used on a customer, and fifteen thousand towels are constantly in use. Fabrics, Utensils, Etc.: All hair cutting gowns, clippers, etc., are kept in large glass fumigators, wherein a powerful disinfectant is vaporized, the fumes of which completely destroy disease germs of every character.

Remember that Newbro's Herpicide is the ORIGINAL remedy that kills the dandruff germ. Before Herpicide was manufactured, not two people in a thousand, outside of medical men, knew anything about the dandruff germ, because its discovery was too recent. The campaign for scalp cleanliness conducted by The Herpicide Company has been a potent factor in bringing about its improved conditions that are found in the more progressive barber shops today.

Save and beautify your hair with Newbro's Herpicide. Send 10 cents in stamps to The Herpicide Company, Dept. 39 Detroit, Mich., for sample and booklet. Two sizes—50 cents and \$1.00. At Drug Stores. When you call for Herpicide do not accept a substitute. Application at Prominent Barber Shops.

Weak, Nervous Women. Their Sad Story Would Fill a Book of Countless Pages. Ever since the world began woman has borne more than her share of suffering. Secret troubles undermine her strength, yet she seldom complains. But because she is so often in the past is no reason why she should forever be dragged down by misery and sleeplessness. It is not the life of every woman when she should exercise great care in the protection of her health. There are times when the slightest cold or irregular menstruation, which the nervous system, weaken the frame and invite disease. THOUSANDS HAVE BEEN CURED. There is a remedy, one that will lift that awful burden and remove the life from which women suffer. The name of this remedy is Ferrozene, which today is a household word throughout the length and breadth of the American continent. New hope has been brought into the life of many a downcast woman, and a new era of health has dawned for thousands of women who have tried and proved the merit of Ferrozene. GET BACK STRENGTH AND VIGOR. Ferrozene is a remedy that acts directly on all the organs and insures functional activity upon which health so largely depends. Among the troubles that are relieved and cured by Ferrozene, are suppressed, painful or irregular menstruation, leucorrhoea (whites), bearing-down pains, womb and ovarian weaknesses and uterine displacements. FERROZENE MAKES STRONG WOMEN. Your days of weakness and headache, your hours of nervousness and despondency will all depart. Life will hold for you many new joys as it does for every one that uses Ferrozene regularly. Your whole body will feel the quickening influence of Ferrozene. The blood will be purified and enriched. You will no longer suffer from the suppression and interference with the menstrual functions. Ferrozene cures all such ailments and prevents their return. Don't listen to the druggist who urges something just as good. Compare your complaint with Ferrozene, which does all that is claimed of it. Price 50c. per box or six boxes for \$2.50, at druggists and dealers.

TOO CHEAP

The class at Kirk had been reading the story of Joseph and his brethren, and it came to the turn of the visiting minister to examine the boys. "The replies to all his questions had been quick, intelligent and correct," said the minister. "What great crimes did these sons of Joseph commit?" "They sold their brother, Joseph." "How did they do that?" "By selling him for a sum of money." "And what added to the cruelty and wickedness of these bad brothers?" "What made their treachery even more detestable and heinous?" "When a little fellow stretched out an eager hand." "Please, sir," was the lad's reply, "he was just a man like yerself!"

FREE KINDERGARTEN REPORTS ARE READ

Annual Meeting was Held Last Evening—Proposal to Make Kindergarten Part of School System.

The annual meeting of the Free Kindergarten committee last night in the Board of Trade rooms was not largely attended. Mayor Bullock was in the chair. The secretary's report showed that in the three branches 115 children were enrolled during the past year. Many others who wished to be enrolled were turned away for want of accommodation. After referring to the reports provided for the children, the report stated that the expense of maintenance was \$1,800.26. Last year the city made a grant of \$600.

The report stated that last spring the committee applied to the local government for aid. In replying to the communication, Dr. Inch, chief superintendent of education, had said he would do all in his power to further the introduction of the kindergarten into the public schools.

Reference was then made to the fact that Japan had adopted the kindergarten and that it had become an integral part of the American educational system in Cuba and the Philippines. The committee desired to have a kindergarten established in connection with the provincial normal school, believing it would be of great value. In conclusion it was intimated that Miss Agnes McKenzie, head of the kindergarten department, in Toronto, is expected to visit this city soon.

The report of the treasurer showed that the receipts last year were \$1,884.04, with expenditures of \$1,800.26, leaving a deficit of \$83.78.

Mr. Matthews gave a verbal report of the work carried on in the north end and in the teacher training school. Addresses were delivered by W. E. Earle, W. E. Hatheway, Rev. Neil McLaughlin, Rev. W. W. McMaster and Rev. W. J. Keirstead. All dwelt on the great importance of the free kindergarten work in the city and expressed the hope that the time would soon come when it would be introduced as part of the public school system.

Mrs. H. H. Pickett spoke of the encouragements and discouragements which the committee had met with in their work. She said she thought the board of school trustees of this city had influence with the provincial board and if they asked for it the kindergarten would be introduced as part of the school system.

Mayor Bullock in reply said that in his opinion the kindergarten would not be introduced under the personnel of the present school board. The superintendent, he said, was opposed to it and the board was largely guided by his advice in matters pertaining to the curriculum. He hinted that the only way the committee could accomplish their object was by bringing pressure to bear on the city council, who were the custodians of the people's money.

The officers of last year were re-elected. They are: Mrs. Hatheway, president; Mrs. Holman, Mrs. Fawcett, vice presidents; Mrs. Irwin, secretary; Miss M. Gunn, treasurer.

Dr. H. S. Bridges was asked last night about the statement Mayor Bullock made at the annual meeting of the Free Kindergarten that the board was largely guided by his advice in matters of the curriculum. In reply he stated that he was not opposed to the free kindergarten movement. As far as the curriculum was concerned that was entirely fixed by the provincial board and no local board had authority to add subjects without its sanction.

GREGORY COLLECTED BIG SUMS AS HIS COMMISSION

Apparently the Ex-Marine Department Agent at Quebec Had His Hand Always Out For the Money—Several Merchants Tell of Payments To Him.

Quebec, Nov. 13.—At the marine inquiry this afternoon, the examination of James Holliday as well as his clerk, Mr. Payne, was proceeded with. These witnesses, as well as Geo. Tanguay, provision merchant, Mr. Hall, lumber merchant, and Parent, hardware merchant, denied having paid commissions to Mr. Gregory or any of the officials of the department.

PLAN FOR WARD TEMPERANCE WILL BE WIDER THAN AT FIRST

Temperance Workers May Seek Prohibition in Sydney, Victoria and Lorne Wards as Well as Dukes.

The prospect that a no-license campaign will be carried on in Sydney and perhaps Victoria and Lorne wards was regarded as much more favorable by temperance workers when the reports from Dukes ward came in last night. Those who were going through that ward with petitions met in conference last evening at St. David's school room. The reports showed that while only part of the ward had been covered this week, the signatures of almost all of the required twenty-five per cent. to call for a vote on the license question in the ward had already been secured.

cent to Gregory or other officials. He used to sell meat to Captain Koenig a couple of cents less per pound than to an ordinary customer at his own request. Geo. Marchand, a boiler maker, was called to make repairs in the lightships in 1904-05, his accounts amounted to more than \$5,000 and they had to be verified by the engineers, Filmer, Collette, LeBlanc and Roy. He paid them from \$10 to \$15 each after the verification of his accounts, besides together with some cash for Mr. Gregory he paid him a commission of five per cent. He never knew when his checks were received from the government, because he had assigned his accounts to Mr. Gregory.

Mr. Martineau, hardware merchant, got during the last four years, orders from the government to the amount averaging \$10,000 a year. He never paid a cent to Mr. Gregory or any other official, but as a favor used to deduct some dollars on his personal account of Mr. Gregory, having heard that it would help him to get more sales.

F. W. Daniel Co., Charlotte street, have been fortunate in receiving a large lot of new all-wool delaines and challies at a great bargain to clear the line, and they intend putting these on sale to-night and Monday at a price that will make every yard a bargain. Challies are greatly in demand for house dresses, waists, etc., as they never crust or look mussed and will wash like cottons. See advertisement on page five.

Another expedition is being formed to seek the treasure of Coen's Island, reputed to be valued at fifty million dollars. The expedition is being organized by Fred. Hackett, who commanded the Aurora and Blakeley exploring the island from Vancouver recently. He declined to discuss his mission, but it is reported that a vessel which will be purchased to carry another expedition to the island of Coen's Island, is being organized by the late Admiral's son, Capt. J. N. Harvey, who is in command of the station. The expedition now being organized.

A STEINWAY BARGAIN

We imported a few months ago for a customer one of the famous Vertegrand Upright Steinways in mahogany case, but owing to certain financial reverses this customer could not pay for the instrument. This piano was just used five months and would cost about \$800 to import. We will sell it if applied for quick for \$875. Anyone wishing a Steinway piano should embrace this opportunity at once as we guarantee the piano is as good as the day it came from the factory, and was only carefully used five months.

West India steamship Dahome, Captain Goret sailed this afternoon for Halifax and Bermuda.

The Rev. Neil McLaughlin will be the speaker at the temperance meeting in the Every Day Club at 8.30 o'clock tomorrow evening.

The new I. C. R. freight shed on Pond street is now being wired by F. E. Jones, the electrician, and will be finished in a few days.

Furness line steamship Shenandoah, Captain Healy goes to sea this afternoon, bound for London via Halifax, with a general cargo.

The Canadian Brotherhood of Railway Employees will hold their regular monthly meeting in Forester's hall tomorrow (Sunday) afternoon at 3 o'clock.

Patrick Flannery and William Reynolds were each fined \$4 in the police court this morning. Flannery paid both fines though Reynolds was a stranger to him.

A charge of acting disorderly in the Nickel Theatre will be placed against Samuel Gollet the young Jew accused of theft, by the management of the theatre.

His Excellency Earl Grey inspected the Champlain Monument, which is to be erected here, at the studio of Hamilton McCarthy a few days ago. It is not likely the statue will be placed until spring.

The recent high tea held in connection with the Seamen's Institute netted \$339 including several donations from friends. These donations were Mrs. L. \$50; Miss L. \$20; P. Mooney, \$10. The proceeds go to the building fund.

There were nine deaths reported at the office of the board of health for the week ending today as follows: Syncopa, senility, diphtheria, pneumonia, tuberculosis, uremia, hepatic cyst, myocarditis, and chronic bronchitis, one each.

A dispatch from Delhousie states that the missing west side man, Charles Smith, has been located there. He gave as his reason for leaving St. John that he was tired of the place and was trying to get a chance to work in the woods.

Charles J. R. Bellune, barrister, of Ottawa, who has been in Fredericton getting information for the Dominion government regarding the boundary dispute in the Lubec Narrows, between Canada and the United States, passed through the city last evening on his return to Ottawa.

The series of Gospel Temperance services to be held under the auspices of Thorne Lodge I. O. G. T. will begin tomorrow at 4 o'clock in Tabernacle hall, Haymarket square. Rev. J. W. Keirstead will be the speaker. Special music will be rendered. St. Mary's orchestra will assist.

The annual Thanksgiving Turkey Supper, which has been so successfully held in Calvin church for several years, will take place on Thursday next, Nov. 19th. In addition to the supper, there will also be a programme carried out, and those attending are assured of a pleasant time.

The C. P. R. Royal Mail steamship Empress of Britain in command of Captain Murray and the Allan liner Tunisian in command of Captain Numan are on the way to this port via Halifax, the Empress will call at Halifax to land her mail, her passengers will be landed here. The Tunisian will land passengers at Halifax and on there return to Liverpool.

There are about a dozen cases of diphtheria in the city at the present time. Today six placards were removed and the houses disinfected. Few deaths have resulted from the disease here owing to prompt measures being pursued to combat the disease. In the twelve months ending October 31 there had been only eighteen deaths from this cause, which is considered a very small proportion when there is more or less of the disease prevalent almost all the year round. There has been very little typhoid lately.

HOLIDAY FAIR IN EXMOUTH ST. Y.M.A.

It Will Open on Tuesday Next - A Number of Attractive Booths Have Been Prepared

Only finishing touches remain to complete the arrangements for the Grand Holiday Fair to be held by Exmouth street Y. M. A. next week in their commodious hall—formerly Glad Tidings—on Brussels street, and which on Tuesday will be formally opened by Mayor Bullock.

The Y. M. A. hall has been enlarged and improved, and presented a busy scene when visited by a Times man last evening.

The booths are arranged along the sides of the hall, their arrangements, from the one to the left of the entrance and proceeding to the right, being as follows: Summer; Summer, 24th of May, Dominion Day, Labor Day, Thanksgiving Day, Autumn, Christmas, Winter, St. Patrick's Day, 12th of July, ice cream booth, Spring and in the centre, Rebekah at the well, also a shooting gallery on the lower floor.

Among other features will be a voting contest, the most popular mayor of the city during the past twelve years, the candidates being Messrs Daniel, White, Sears and Bullock.

Following is a list of those in charge of the booths:—

FUNERALS

Mrs. John A. Sinclair was buried at 2.30 from her late residence, Waterloo street, where Rev. A. A. Graham, of St. David's church, conducted the services, and interment was made at Fernhill. The pallbearers were: Dr. W. A. Christie, Edw. Nixon, Jos. W. Cameron, David McLellan, Dr. Simon and John Russell, Jr. Many floral wreaths attested to the esteem in which the late Mrs. Sinclair was held.

CIVIC MEETINGS

The common council will meet on Monday to deal with the report of the West Side improvements committee regarding repairs and additions to be made to the Wiggins wharf. The committee recommends the acceptance of the tender of Robert Roberts & Sons, for \$10,783. It is probable that the proposed plan for placing the harbor in commission, will also be taken up.

On Tuesday evening the ferry committee will meet to continue the inquiry in the case of Engineer Lewis, who was dismissed from the ferry service.

AUCTIONS

At Chubb's corner today Auctioneer Lantlamb sold at auction the leasehold lands and premises, situated on Bridge street, North End, belonging to the estate of Mary H. Colburn, to E. N. Harrington, for \$465.

EVANGELIST WILLIAMS COMING TO TABERNACLE

Mission of Several Weeks Will Open Tomorrow Evening.

The Tabernacle Church, Hay Market square, is at present carrying on an evangelistic campaign among non-churchgoers in their district by a system of cottage meetings. Through the influence of these meetings a considerable number of people have been won to the Christian life; and the way has been prepared for a more concentrated effort.

Evangelist John Williams has been secured to assist Pastor Keirstead, and a mission extending, perhaps, for several weeks will be opened in the auditorium of the church tomorrow evening with the evangelist as speaker.

Mr. Williams is a native of Apohany, N. B., and a son of the late Robert Williams. His first evangelistic missions were conducted in Charlottetown, P. E. I. and Picton, N. S., where large results attended his efforts. From Picton he went across the American border where he is widely known and highly esteemed for his work's sake. He has conducted missions in many of the largest cities of the union, mostly in the middle west, and has been associated with some of the most noted American evangelists. His success has perhaps to no small degree been due to the fact that he is something of a musical genius. His voice is not so good as it used to be but he still sings the gospel with a great degree of effectiveness.
