In the coming year we enter on the work of liquidating the long standing debt of the Church.

As the congregation are aware, arrangements were made for this purpose three years ago. Contemporaneously with the adjustment of the ground-rent income from the Parliament-street property your Churchwardens of that year effected a rearrangement of the old standing debenture debt of \$75,000; it had formerly borne six per cent. interest, it now bears four and a-half per cent. At the same time it was arranged that the principal of the debt should be payable by instalments spread over twelve years. The landed income as it comes in half-yearly is appropriated to meet the instalments of principal and interest, which are also made payable half-yearly. The ground-rents produce within \$500 of the annual sum required to meet these payments. \$500 will require to be provided by this Vestry from year to year to carry out this scheme; by which, at the end of twelve years, the Cathedral Church of St. James, for the first time since its erection in 1849, will stand entirely free from debt. We ask the help of the congregation to accomplish this satisfactory result, by increasing their contributions to the required extent. We must make another demand on the liberality of the congregation. The past year, for the first time since 1885, in obedience to repeated requests from members of the congregation, the long vacant post of Assistant Minister was filled, in addition to that of Curate. This addition to the staff involves an addition to our expenditure of \$1,500. If the service of the Church is to be maintained in its present efficiency, the congregation will require to provide this sum by an addition to their present contributions. Altogether \$2,000 more income requires to be raised. Part of this is of the nature of payments in discharge of an encumbrance upon the Church--the land, building, income and pews. We therefore propose at an early moment to call the attention of the owners of freehold pews to the subject. Many of these are now absentee landlords. We do not think they will expect their tenants to discharge the debt upon their property.

Now that we must contemplate increased charges, partly occasioned by the repayment of the funded debt, if it were proposed to provide this by an increase of pew rents, it would seem to be the natural and equitable course to charge the freehold pews with their share of the increase. They constitute fully one-half of the occupied pews of the Church. We propose to ask their owners to contribute

in some manner in a fair proportion. If they consent, it will leave about \$1,000 to be provided by members of the congregation. It will amount to about twenty per cent. addition to the amount now received from pew rents, envelope subscriptions and miscellaneous collections; and we think it will be preferable to ask it in the form of a systematic increase of voluntary contributions under the envelope system, rather than by raising the rents of the pews.

With these additions to our income we may look forward to maintaining the establishment of the Church in its present efficiency, and the services in their present beauty; while looking forward to the assured future which awaits the Church at the end of twelve years, when, freed from debt, it will possess a landed income ample for its support. If to this be added the income from an accumulating fund produced by sales of Cemetery lots and lands, the two funds will be ample to provide for the future care of the Cemetery, and also to place the future work of the Church beyond all doubt and danger.

With these cheering prospects, we hope that the income required in the meantime will be readily provided by the congregation; that they will also liberally support the effort, which the ladies have kindly undertaken, to provide for the suitable completion of the organ. The addition of a more convenient choir-vestry will be another matter for your consideration.

ST. JAMES' CATHEDRAL, TORONTO.

REPORTS.

The Rector subjoins the following reports of the spiritual work in the parish effected through the several organizations undermentioned.

It is cause for thankfulness and gratification that Church attendance and Church work throughout the past year have been most prosperous. During the Lenten season, just closed, the services were more numerous and the attendance better than heretofore.

New Scholars during the year	61

In submitting the report of the Morning Sunday School, it is hoped and believed that the work has been faithfully performed. Much praise is due to the Teachers who, in almost every case, have a great distance to come, but who, nevertheless, are, on the whole, always found regularly and punctually at their posts. It may be said here that, although the present staff is an efficient one, there is always room for more Teachers, as some of the Classes are too large to allow of the individual attention being given to the Scholars which they should receive.

By the adoption of the same Hymn Book as that used in the Church Services, the School has undoubtedly been benefited.

Upon two occasions the Morning and Afternoon Schools have joined together in an afternoon Service, held in the Church, and addressed by one of the Clergy. For good reasons the usual Summer Picnic was not given last year; but the Christmas Festival was held on Tuesday, 30th December, 1890, and the prize distribution at the same time.

The decrease in attendance, appearing this year may be accounted for as follows:—The Rector's Bible Class, formerly included in the statistics of the School, and composed of the young ladies attending one of the large city Boarding Schools, is now held by him upon a week-day at the Boarding School residence. Another cause may be found in the growing competition which exists in the neighbourhood of our Sunday School, and from which we have no doubt suffered. Also, each year the homes of the scholars are being removed to such great distances from the School that we can hardly expect to retain our strength of numbers.

The establishment of the Afternoon School at which there is now an attendance of 200, has naturally deducted from the attendance of the Morning School. In fact both Schools now make up the former attendance at the Morning School.

There is now a large class composed of some of the junior Church Choristers, and instructed by Rev. J. G. Lewis.

ANNUAL REPORT OF ST. JAMES' MORNING SUNDAY SCHOOL INFANT CLASS.

Number of scholars on the Roll	211
Average attendance.....	108
Children promoted to large school	37

The prospects for our class are very bright and encouraging for the coming year and we are looking forward with pleasure to what we hope will prove a very successful year. The names of the children now on our Roll are those whose homes have been visited since Christmas, and are all promised scholars.

On Easter Sunday morning we held our usual Floral Service. The Rector addressed the children, and what with the singing of Easter Hymns a very pleasant hour was spent.

The classroom had been prettily decorated with evergreen and plants beforehand, the children bringing cut flowers, which were afterwards sent to the Sick Children's Hospital. During the past year the children contributed \$25 to the support of a student at the St. Paul's Mission.

In presenting the report of the year's work we note with deep thankfulness the fact that the want of discipline which seems to have been inherent in this school since its formation, four years ago, is gradually disappearing, and that better order is now being maintained. This defect has been, we feel sure, a great hindrance to the school's growth, and we venture to predict that with the remedying of it there will be an increase in our numbers.

Our Annual Picnic was held on August 8th, at Oakville, when the children were given a pleasant day's outing. Our New Year's Festival was held on January 6th, in the School-house, and by the kindly aid of some of the young ladies of the congregation was made the most enjoyable one in the School's history. We would take this opportunity of thanking the ladies for their kindly interest in the School.

During the past year the order in the class has improved and the working has been very satisfactory.

LIBRARIANS' REPORT.

It is encouraging to the Librarians to feel that during the past year their efforts to improve the Library have been appreciated by the scholars. There is not now the same difficulty in getting the books returned, and better care is taken of them, and the scholars seem to be more willing to conform to the rules.

Books are now distributed to the Infant classes, and the idea has thus far met with favour. As usual, the Library was closed for a time so that necessary repairs and a general overhauling could be made.

It has become an annual occurrence to have a concert given in aid of the Library Fund, and many thanks are due to those who so successfully arranged and carried out the last one. It was a success financially, and with the proceeds all outstanding debts were paid and fifty new books bought.

The number of books now in the Library is 1850.

BIBLE CLASSES.

The Rector's Thursday afternoon Bible Class was conducted as usual. The subject being the lesson for the following Sunday. The attendance was larger than in former years.

The Rector's Sunday morning Bible Class was carried on as formerly till at the request of the lady principal of the young ladies' school it was transferred to that establishment where now it is held.

Bible Classes are also conducted on Sunday afternoon for young men by Mr. Shaw, and for young women by Miss M. Joseph.

out the poorer part of the Parish has been very great, owing to sickness and want of work. In no previous winter during our present Rector's incumbency has there been so great a demand for relief.

We must particularly mention the valuable assistance rendered the Clergy by the members of St. Andrew's Brotherhood, who have faithfully visited and looked after several families and members of our Church in the outlying districts, especially York street.

Owing to ill health, and various reasons, several of our members were unable to take up the work this winter; but while regretting their loss, we were glad to welcome several new members who have come forward and ably assisted in this very important branch of Church work.

KATIE HODGINS,
Secretary.

Monthly meetings have been held in the School-house on the 2nd Friday in every month, at 3 o'clock, except during July, August and September. The attendance has been very good, and the interest shown by the members has been most encouraging.

We have endeavoured to make the monthly meetings more interesting by preparing papers or readings on two subjects, Canadian and Foreign Missions, specially appointed each month. Several ladies assisted, and we sincerely thank them for their kindness.

We have also had the pleasure of hearing interesting accounts of personal experience in mission work among the Indians from the Bishop of Saskatchewan; Archdeacon Phair of Winnipeg, and the Rev. Mr. Tims of the Blackfoot Reserve, Gleichen, N.-W.T.; also from Mr. Lewis of Petewawa, in the Upper Ottawa District, an account of mission work amongst the settlers and lumbermen.

The correspondence has also added to the interest in the work of the Dorcas department. Letters have been received from the Rev. W. T. Bourne and Mrs. Bourne; the Rev. Henry Rollings of Manitowaning, Manitoulin Island; the Rev. James Boydell of Bracebridge, Ont.; the Rev. George Scott of Windsor, Ont.; the Rev. Chas. Piercy, Sudbury, Algoma; the Rev. E. Soward and Mrs. Soward, Kinmount, Ont.; all acknowledging with much gratitude the assistance given them by the Dorcas department of this Society.

This Society continues to pay annually:—

- \$400 towards the stipend of the Rev. W. T. Bourne of the Piegan Mission, near Fort Macleod.
- \$30 towards the salary of Miss Perkes, lady missionary on the Blackfoot Reserve, and Miss Brown's successor.
- \$10 towards the support of the Blackfoot Home for girls, in charge of Miss Perkes.
- \$25 towards the salary of \$200 for a lay reader in the township of Temiscamisque.
- \$100 to the Nipigeon Mission, Algoma, in charge of the Rev. R. Renison.
- \$12 towards the rent of the Central rooms on Yonge street for the use of the Dorcas Department of the Woman's Auxiliary.

At the Quarterly Meeting of the Mission Board it was thought advisable to appoint a travelling missionary in each Rural Deanery, and an appeal was made to the Woman's Auxiliary to raise \$500 annually towards the support of a travelling missionary in the Rural Deanery of Haliburton.

In response to the appeal made by the President of the Woman's Auxiliary for assistance from the Branches St. James' Cathedral Branch undertook to raise \$100 towards the amount.

A letter was received by the Treasurer from Canon O'Meara, St. John's College, Winnipeg, "enclosing a full statement of all subscriptions which were promised from members of the St. James' Cathedral Congregation and a cash voucher for money received," hoping that this Society would undertake to collect the second and third instalments of the yearly subscriptions and forward the same in bulk to him.

There has been an increase in the membership by card; 93 being the present number, and 76 subscribers to the Monthly Letter Leaflet.

Mrs. Strachan and Mrs. Wyld were re-elected delegates to the Annual Meeting of the Woman's Auxiliary which was held in St. James' School-house last May.

We have a total membership of 184, not including the young ladies of Miss Veal's school, and the Upper Canada College Boys who have assisted us so generously.

In concluding we thank all those who have so kindly assisted us by

SEWING SCHOOL REPORT.

MRS. DUMOULIN, President.

The Sewing School reopened on the 8th November, 1890; the attendance has been very regular, keeping from sixty-eight to over eighty. As usual the children got their clothes at half price. After the Easter report last year some further donations were given and the school closed in May, with a tea party and distribution of prizes, the latter being given by the teachers and different ladies of the congregation. After paying all expenses the treasurer has \$1.49 in hand towards this year.

The teachers this year are as follows :

MRS. WINN,	MISS HOSKIN,
“ MERRICK,	“ MARY DUMOULIN,
MISS TODD,	“ MUNRO,
“ BEATTY,	“ CARTWRIGHT,
“ MAUD BEATTY,	“ RICHARDS.
“ MAUD YARKER,	

Miss. Ellen F. Green assisted by Miss Strathy did the entire cutting-out and piecing up to the end of February, when the former having left for England their places were kindly taken by Miss Campbell, (Queen's Park), Mrs. Arthur Grasett and Miss May Todd, Miss Gilmor has also taken Mrs. Merrick's place who, we regret to say, has been a long time absent owing to a severe illness. The usual grant was not given this year by the Dorcas Society owing to their finding all their funds necessary for their own purposes.

BROTHERHOOD OF ST. ANDREW.

ST. JAMES' CATHEDRAL CHAPTER.

In the report of last year mention was made of the field that our parish presented for work for our Chapter, and the hope was expressed that the organization would duplicate the good work being done by it in several parishes in the States. And in reviewing the year's work there is certainly no cause for discouragement for, although in a work which consists in great part of personal efforts it is difficult to make a definite report, yet there can be no question but that there has been a large increase in the attendance of men at the Sunday evening services, which is cause for thankfulness and encouragement.

A course of four special sermons to young men was preached on Sunday evenings, once a month, in the Cathedral, during the winter. The preachers were: Very Rev. Dean Carmichael, of Montreal; Very Rev. Dean Robbins, of Albany; Rev. Prof. Clark, and Rev. Allan M. Pitman. The members of the Chapter advertised extensively these services, and were rewarded by finding the Church crowded at each service, three quarters of the congregation being men. We cannot help feeling that these services must have been the means of doing good among the class for whom they were intended; and it is our intention to petition the Rector to make the course an annual one.

But what we have done in the past ought to stimulate us to redouble our efforts in the future, and to effect this a new plan of action is now being discussed,—it is the formation of a “Men's Reading Room.” Beginning in the fall, we intend to try and establish this important medium in one of the districts of the parish, and, we venture to hope, make it a great means of communication between the Clergy and the men of the parish. We will not dwell on this plan at present, as we will probably have occasion to bring it to the

notice of the congregation after the summer, when we hope to get some of the older members interested in our work.

We would not do justice to our report if we did not notice briefly the Convention of the Canadian Chapters of the Brotherhood, held in Toronto last February. Anyone who was present at the meetings and services of this convention must have been impressed with the intense earnestness and loyalty to the cause displayed by the young men attending. The service on the Sunday evening, when our immense Cathedral was crowded with a congregation, the great majority of whom were men, and the singing and responses, led by our efficient choir, were joined in with a heartiness seldom heard, was, as a Toronto paper put it, "an inspiration." The Council of the Brotherhood deserves to be congratulated on the success of the convention.

Before concluding this report we would beg to mention a few practical details. Our members are twelve in number, all young, but in order to manage the reading-room properly it will be necessary to increase our membership to twenty, and to have as members some of the more experienced laymen of the congregation, but we do not anticipate any trouble in this. We have held meetings fortnightly, at which the work has been discussed, and numbers of young men have been visited. Our work in the Summer will necessarily lag owing to some of the members being out of town, but it will be resumed in September with, we hope, redoubled vigour.

We conclude our report with a sense of thankfulness for the past, and encouragement for the future.

FRANK DUMOULIN,
Secretary.

REPORT OF Sr. JAMES' CATHEDRAL YOUNG MEN'S ASSOCIATION.

In presenting the fifth annual report of this most useful and helpful society, we have much pleasure in noting a steady increase of members, viz., twenty-nine this year as against twenty in the previous year.

The usual debates have been well sustained, and, generally speaking, were admirably argued out on both sides, such *e.g.*, as "The Sunday question"; "Resolved, that the McKinley Bill will not injure Canada"; "Resolved, that Monarchical Forms of Government should be abolished," etc.

Among the pleasant literary gatherings might be mentioned "An evening with Longfellow," participated in by nearly all the members.

We had also two excellent essays composed by two of our young men, and which were read at one of the public socials, and for which prizes were awarded.

It may be added that whilst we heartily welcome any young men of good moral character as members of our association, we cannot but feel that many more of our own congregation might and ought to join us for mutual benefit and encouragement. We would emphasize this point for the better fulfilment of the society's original aims and objects.

It is further to be hoped that ere long something may be done by the Cathedral authorities in the direction of providing a reading room, gymnasium, etc., for young men in this quarter of the city, as there is reason for believing that such a privilege would receive the hearty co-operation and support of the Y. M. A., our parochial branch of the Brotherhood of St. Andrew, and many others.

The officers are as follows :

<i>Patron</i>	- -	REV. CANON DUMOULIN.
<i>Hon.-President</i>	-	REV. H. J. WINTERBOURNE.
<i>President</i>	- -	C. A. E. COLWELL.
<i>Vice-President</i>	-	C. BELL.
<i>Secretary</i>	- -	G. W. F. SHAW.

W. J. ROBERTSON.	

All of which is respectfully submitted,

G. W. F. SHAW,
Secretary.

ST. JAMES' CATHEDRAL CHOIRBOYS' GUILD.

This organization commenced on Friday evening, 9th February last. Ten meetings have been held up to the time of this report. The objects of the Guild, as shown by the 2nd of its Rules, are as follows :—"To bind the members together in brotherly sympathy and love, and to assist them so far as possible to take part in the services with reverence and understanding." The Rector fully explained these matters to the boys at their first meeting. On a later occasion he addressed them on the subject of the church building, pointing out the significance of its various parts, and the behaviour which should mark Choirboys in the sacred edifice and during divine service.

Amongst other subjects discussed for instruction or entertainment were the following :—"Church Seasons and their systematic representation of the life of Christ," "A Boy's example in Jesus," "A trip to England," "Phonography," etc.

A class of Choirboys has been instituted in connection with the Morning Sunday School.

JAMES G. LEWIS.

THE GIRLS' MISSIONARY AND MUSICAL GUILD.

OFFICERS :

<i>President</i>	- - -	MISS DuMOULIN.
<i>Secretary</i>	- - -	MISS KIRKPATRICK.
<i>Treasurer</i>	- - -	MISS FOSTER.

This Society was opened on the 26th February, and, as its name implies, consists of young girls from both the morning and afternoon Sunday Schools, who have formed themselves into a Guild, for mutual improvement, and to aid, as far as in them lies, the Missions of the Church of England.

They have a membership of twenty-six, with an average attendance of twenty.

At the first meeting, their president, Miss DuMoulin, distributed forty missionary boxes, which boxes are to be collected about the middle of May, and they are at present practising music for an entertainment to be given during the same month, the proceeds of which, together with the contents of the boxes, will be devoted to the Woman's Auxiliary to Diocesan, Domestic and Foreign Missions. They meet in St. James' School-house every Thursday evening, from eight until nine o'clock, and each one seems to take a deep interest in her work.

It was with very sincere regret, that the members of the Guild heard of Miss DuMoulin's illness, and of the doctor's orders for her removal from among them for a time, but they are now looking forward to her early return, with the earnest hope that she has been benefited and restored to health by the rest and change, and will be able to resume, again, her labour of love amongst them.

KATIE HODGINS.

SERVICES IN THE PARISH

Have been held every Sunday evening in the fire hall, Lombard Street. These were performed by the Rev. Mr. Lewis assisted by some of St. Andrew's Brotherhood; Miss DuMoulin and Miss Smith have alternately played the organ. This service is much appreciated by the firemen and others.

A service has been begun in the Homœopathic Hospital, Jarvis Street. It is held monthly by the Rev. Mr. Lewis.

THE CIRCLE OF KING'S DAUGHTERS

Resumed their work October 18th, meeting every Tuesday evening until March 9th. The Circle consists of twenty members. We spent the evenings in making clothes, dressing dolls, etc., for a Christmas box which we sent to Grassmere Mission. After Christmas the clothes we made were given away to poor children in the city. Although we have not accomplished as much work this winter as in former years, still we trust it has been done in the Name of our King, and for His glory.
