PLANS FOR THE ARMY'S FUTURE

General William Booth Tells What Will be Done in the Event of His Death.

LONDON, July 30.—General William Booth, the head of the Salvation Army, who is engaged in a motor tour of Great Britain, announced on Sunday at Blackburn, Lancashire, that the same electric flash that carried the news of his death would publish the name of the new general. It is believed that General Booth has left minute directions for the future administration of the army in a sealed envelope with his will. No one else knows who his successor will be, but it is believed that it will be Bramwell Booth, with Commander Howard and Commander Bos Turner as alternates in case of Bramwell Booth's death, and that the army will continue under the guidance of one man, not of a committee or a board of directors.

BAIL FOR MOYER

President of Miners' Federation Released in Bail of 25,000.

BOISE, Idaho, July 29.—Charles H. Moyer, president of the Western Federation of Miners, and co-defendant with William D. Haywood, acquitted yesterday of the murder of former Governor Steiensen, was ordered released on bail in \$25,000 today by Judge Wood, who presided at the Haywood trial. The attorney for the federation expected to have the bond ready for filing tonight, but the arrangements had not been wholly completed at a late hour, and Moyer resigned himself to another night in jail. He will probably be released tomorrow. No application for bail was made in the case of George A. Pettibone, the third of the alleged conspirators, but a motion was made for a speedy trial, and his case was ordered set down for Tuesday, October 12.

FAMINE IN JAMAICA

Kingston, Ja., July 30.—The central districts of the Island of Jamaica are suffering from a severe drought, and the outlook for the banana crop is not bright. The drought has caused great loss to the island than even the great earthquake and fire which destroyed it in January last. There is a bad famine in certain districts in the parish of St. Elizabeth and half a dozen deaths from actual starvation have been reported. There was a sharp earthquake shock Sunday morning.

SAMSON SURE HAS A HOODOO

TORONTO, Ont., July 30.—(Special)—Samson Leiderman was the centre of a number of strenuous exercises yesterday. At 8.30 last night fire broke out in his grocery store at 73 Elizabeth street and burned \$1,000 worth of provisions. A few hours before that, a horse raised by him at 890 took flight on Church St. and broke its neck. And a few hours before that his wife presented him with twins.

TWO CENTS PER MILE

OTTAWA, July 30.—(Special)—The railway commission decided this morning that the Grand Trunk Railway must run every day between Montreal and Toronto one train containing one third class carriage the passenger rate on which shall be two cents per mile. The G. T. R. is given leave to appeal.

KNIGHTS OF PYTHIAS DECORATION DAY

The decoration day committee of the Knights of Pythias have made arrangements for the use of the Queen's Rink for receiving donations of flowers. Members of the committee will be at the rink every day between Montreal and Toronto one train containing one third class carriage the passenger rate on which shall be two cents per mile.

MISS DORA JONES WINS THE GOVERNOR GENERAL'S MEDAL

Miss Dora Jones is the winner of the Governor-General's silver medal for 1907. Miss Jones made the highest percentage out of the eleven scholars of grade X who took the special examination for this honor. Miss Jones is a daughter of Mrs. Emma A. Jones of 128 Duke street. That she is an exceedingly bright and clever scholar is evidenced by her standing in the examination. Her total percentage was 88% and a lead of 22 points over her nearest competitor.

THE LUSITANIA A COMPLETE SUCCESS

World's Biggest Ship Has Fine Trial Trip

SOME NOVEL FEATURES

"Verandah Cafe" and Regal Suites of Wonderful Splendor

LIVERPOOL, July 30.—One of the features of the new Cunarder Lusitania, the biggest ship afloat, which has just finished a successful trial trip is the "Verandah Cafe." This is situated with a view over the sea and passengers can sit there and enjoy the sea air while they are completely sheltered from the wind. It will be like dining on the brow of some cliff swept by ocean breezes with an outlook of ocean and sky alike.

QUARRELED OVER FATHER'S ESTATE

This is Believed to be Cause of the Tragedy at Versailles

VERSAILLES, July 30.—It is stated by certain acquaintances of the late Major Humington that after his quarrel with his son, Henry, he had drawn up a will leaving all his property to his wife and the four other children, but that in view of his reconciliation with Henry on Sunday he tore it up, and made a new will in which Henry was given an equal share with the others. It was the protests of the family against the new will, according to the statement, that led to the tragedy.

BRITAIN AND RUSSIA REACH AN AGREEMENT

Understood They Have Adjusted Their Differences on Indian Frontier and in Persia.

LONDON, July 30.—It is announced that the negotiations between Great Britain and Russia have resulted in an agreement amicably adjusting all outstanding differences on the Indian frontier and in Persia. Both powers have consented to the delimitation of their spheres of interest in these regions. Sir Arthur Nicolson, the British ambassador at St. Petersburg, who is at present visiting in London, is arranging the final details of this matter.

THEY MUST ALL SPEAK ENGLISH

TORONTO, Ont., July 30.—(Special)—The coroner's jury which inquired into the death of Chas. A. Shields, a German who met his death at the G. T. R. Toronto round house last Tuesday night, censured the G. T. R. for not providing sufficient space between the engine and the front jans of the post to protect human life and recommended "that all railway companies be forced to employ only English speaking men in roundhouses where signals are to be given and men's lives are in danger."

COMING BALL GAMES

The game between the Portlands and the Hamptons on the Victoria grounds next Saturday afternoon is exciting much interest, as Hampton has a very strong team.

THE TIMES NEW REPORTER

STARTLING DISCOVERY. A morning paper disseminates in three lines a most important matter dealt with at the meeting of the safety board last evening. It simply says:— "Ald. Bullock suggested that the director should investigate a bad odor of gas in the committee room."

CANADIANS IN BRAZIL

Sir William Van Horne and Others Have Important Railway Undertakings in View There.

NEW YORK, July 30.—The Times today says the syndicate of New York and Canadian capitalists, including Sir Wm. Van Horne and Wm. Lannan Ball, which for some time has been engaged in traction and harbor improvement undertakings in Brazil, has laid plans, it was reported yesterday, to extend its operations to steam railway undertakings. The syndicate is said to have under consideration the construction, all told, of 2,000 miles of railway in Brazil to connect and extend existing lines. The ultimate purpose, it is said, to connect Rio de Janeiro with Montevideo, the capital of Uruguay.

MILLION PEOPLE STARVING IN CHINA

Presbyterian Missionary Tells Terrible Story OF FAMINE AND DEATH

Hundreds of Starving Ones Living on Leaves and Bark.

NEW YORK, July 30.—Pitiful tales of the famine in China where 15,000,000 natives in the longer stricken provinces along the Yang-tse-Kiang river have undergone the ravages of starvation until death or the relief expeditions delivered them from their sufferings, are told in letters which have been received at the Presbyterian Board of Foreign Missions here from William H. Gleysteyn, who headed a relief expedition from Peking.

MONCTONIANS ARE ALARMED

Over Stories of a Wild Bear Roaming Through Woods Near That Town.

MONCTON, N. B., July 30.—(Special)—Residents in the west and north ends of the city are somewhat alarmed through the fact that a bear, which had been kept in captivity by a resident of that locality, has escaped and is now in the woods near-by. The animal was captured when small and brought up by a city butcher, who kept it near his abattoir, feeding it on refuse meat. A few days ago Brun, now full grown, made his escape and has not since been seen.

THE HARBOR DREDGING

Hon. Wm. Pugsley Says Sir Wilfrid Will Take It Up With Mr. Aylesworth.

Hon. Wm. Pugsley returned home today from Ottawa on the Atlantic express. Asked regarding dredging matters, Dr. Pugsley said he had laid the matter before Sir Wilfrid Laurier and he had promised to take it up with Hon. Mr. Aylesworth as soon as he returned to Ottawa. Sir Wilfrid had expressed the wish, he said, that both dredges should be kept working all the time. Dr. Pugsley said he also had a talk with the secretary of the Ottawa Dredging Company, owners of the No. 4 dredge, and he had expressed his opinion in a letter in any way possible to facilitate the work. He will visit St. John in a few days in connection with business affecting the dredges.

FOULED IN THICK FOG

Bark Low Wood Damaged by D. A. R. Steamer in Yarmouth Harbor.

YARMOUTH, July 30.—(Special)—While coming in the harbor this morning from Boston the steamer Prince George ran aground on the rocks at Yarmouth. The bark Low Wood, which is anchored off Bunker Island waiting a crew before sailing for South America, the bark was considerably damaged. Thick fog prevailed at the time.

OARSMAN UPSET IN THE HARBOR

William Garnett Got a Ducking While Rowing Last Night.

The captain of one of the Neptune Rowing Club's single sculls in the harbor last evening about eight o'clock occasioned some little excitement for a time, if it did nothing more than give Wm. Garnett a ducking. Garnett as is customary went down the harbor for a "cup" ferry with back he got in a squall of rain. He held on to the shell, however. A line was thrown to him from the Grand Manan steamer Aurora and both oarsman and shell were soon safe on the little steamer's deck. When the report reached the boat house soon after the arrival of the steamer, it was ascertained that a man was drowning and a boat was consequently dispatched with all haste.

CHEAPER BEANS

Decided Slump in Price of String Beans Reported at Indiantown.

Green stuff, such as beans, peas, etc., is commencing to arrive at Indiantown in large quantities. This applies especially to string beans, in which a record drop in price took place yesterday. The former figure of \$1.50 a bushel dropped to \$1.00.

SHOOTING MOOSE IN CLOSE SEASON

Crown Land Department Will Investigate Report From the Miramichi.

MIRAMICHI, N. B., July 30.—(Special)—The authorities have not yet been able to apprehend Irvine Anderson, the young man charged with stealing cattle and selling them to local butchers. It is said that he stole at least nine head besides a number of lambs. Three of the cattle were the property of Manford Johnson and the crown lands department to the Miramichi woods to investigate a charge of illegal moose killing against an American who has been encamped there for a number of weeks.

GUATEMALA AND MEXICO

Guatemalans Think War Between Them Must Come Sooner or Later.

MEXICO CITY, July 30.—The eleven men who were sentenced to be shot in Guatemala city for conspiracy in the attempt to assassinate the president, have not been executed, and, according to Walter Williams, a resident of Guatemala city for 13 years, who arrived in this capital today, there will be no executions for that offense.

BURKE AND JOHNSTON

They Are Matched to Fight Six Rounds Early in September.

NEW YORK, July 30.—The World heavyweight champion, James J. Burke, and Jack Johnston, the negro heavyweight, were matched to fight six rounds during the first week of September. They agreed to meet at catchweight and fight straight without a catchweight. Burke also agreed to allow the other to wear soft bandages. It has not been decided where the fight will be held. Many men who have seen both fighters recently declare Burke has a good chance to win. Johnston is much the heavier. He is 29 years old and weighs nearly 200 pounds. Burke weighs about 160 pounds, and possesses a punch that if landed squarely, will fill the strongest man in the ring today.

HITS BROTHER FATAL BLOW WITH "INSHOOT"

Captain of Yale Freshman Nine Dying from a Fractured Skull.

LOWELL, July 29.—Grover Fels, captain of the freshmen nine at Yale last year, is dying as the result of being hit by a baseball pitched by his brother Max in a game at Rye Island yesterday. It was the last inning and Grover was at the bat when the ball, an "inshoot," hit him full force. He dropped as though shot, the skull was fractured, and the blood poured out in a stream. Max is on the verge of collapse because of the accident.

ONE MAN WHIPS 7 WHO INSULTED SWEETHEART

NEW YORK, July 29.—Because Frederick Kennedy, of No. 2091 Dean street, Brooklyn, defied his sweethearts from the results of a band of rowdies on a street corner and knocked down the man he believed the ringholder, he was arrested by a policeman who witnessed the assault, and arraigned later in the New Jersey avenue police court. In the street battle Kennedy whipped seven men, Dominick Angeloni, the alleged ringholder, was minus three of his teeth when Kennedy got through with him. Police man Meany, who arrested Kennedy, was in sympathy with his prisoner, but had to see the case continued. Kennedy was bailed out a few minutes after his arrest.

MANSFIELD IN HILLS, NURSES RHEUMATISM

AMPERSON, N. Y., July 29.—Richard Mansfield, the actor, arrived here today in the hope of finding relief in the Adirondacks for a severe attack of rheumatism. Mr. Mansfield came direct to this place by special train today. He is accompanied by Mrs. Mansfield and his brother, Felix Mansfield. The party is located in Fairview cottage, which they will occupy several weeks. Mr. Mansfield plans to take a rest of at least a year's duration.

CONSTABLE BECKETT ARRAIGNED IN POLICE COURT THIS MORNING

Constable Wm. A. Beckett, who yesterday shot the prisoner John Cook, who attempted to escape from the jail squad on the Old Westmorland Road was before Judge Ritchie this morning when the charge was read over to him and two witnesses examined.

FINANCIAL and COMMERCIAL

I. S. BACHE & CO. ON MARKET SITUATION

NEW YORK, July 28—The stockholders of Southern Pacific, it is quite clear, may expect 6 per cent. hereafter. One of the largest of these stockholders, the Union Pacific, will have \$80,000 added to yearly income. These considerations are the predominant ones at the moment in the market, and have given it a tone of assurance, but without enthusiasm. They constitute one of the factors making for greater ultimate confidence. The far outlook for money certainly does not improve, and with sterling exchange rates higher and indicative of further gold withdrawals for France, the creeping movement must be upon the treasury. Low call money rates make it easy to keep prices from sinking, but the factors to which we have referred each week—money, crops and politics—hold the list from any ramping advances. Thus the investor still has his opportunity, which he should take advantage of on every recession, to buy high class dividend paying securities. *Leroy-Houlston, the French economist, says:*

PEARY'S PLANS FOR POLAR DASH

We Will go North This Year to Establish Base of Supplies—Real Dash Next Year.

NEW YORK, July 30—Although the Roosevelt is going north, the Peary Arctic expedition will not take place this year. The present arrangement is a vice one, and gives promise of success. The Roosevelt will go down as far as Etah, to establish a base of supplies, and next year the expedition will start, having her reserves thus provided. The probability is that this will obviate the necessity for a relief expedition, it certainly minimizes the chances of failure, and although due rather to unexpected delay, than to previous intention, is a move in the right direction.

The Methodist church, Red Head, will hold a garden party on Saturday, August 3rd. Backboards will leave the head of King Woodruff at 2 and 2.30 p. m.

John Woodruff, expert photographer of the department of the interior, is at the Royal and by direction of W. Scott, superintendent of immigration, will take pictures of points of interest in the maritime provinces for use in the department.

At Rockwood Park tonight there will be a band concert; Crowell Fish will ride the chutes on a bicycle, and all attractions will be in full swing. A fish dinner will be served at the pavilion from 5 to 8 o'clock.

THE LARDER LAKE EXPLORATION & DEVELOPMENT CO.

CAPITAL, 500,000 SHARES—PAR VALUE \$1.00 PER SHARE

15c. FULLY PAID AND NON-ASSESSABLE 15c.

First Allotment of 50,000 Shares at Fifteen Cents per Share.

Our Option on This small block of Underwriters' Stock expires August 6, 1907---Subscriptions Post-marked at later date will be returned.

Do you realize that investments of a hundred or a thousand will grow rapidly into hundreds and thousands and millions of dollars? The over-conservative and skeptical will smile--they will laugh at these predictions, some will even consider this a joke--but remember COBALT, if you please, two or three years ago? Then it was a "vision," it was a "dream," "a flash in the pan," "a bubble," "somebody was "crazy"; but now it is different. The crazy men are now sober among the smartest and best business men of the day. The actual value of a few mines are worth at the present date, more than one hundred millions of dollars. These are facts.

In presenting this investment for subscription we appeal to the good judgment of sensible persons as to its merit.

It embodies, we believe, a correct method for developing and establishing successful and paying mining enterprises.

We desire to conduct, first of all, a successful Mine Development. We intend this to be done in a way that will be absolutely fair and honest, and bring the largest profit possible to those who co-operate with us.

We, therefore, desire this proposition to be well understood by investors. We wish it to be known just how we propose to develop, establish and operate dividend paying Mining Companies by and through this investment.

THE PLAN—The plan involved in this proposition is that of uniting or consolidating the investments of a limited number of persons into one sum, and under one management, to be used in acquiring and developing Mining properties in this wonderful region.

THE PRINCIPLE involved in this proposition is, we believe, is one of absolute fairness to all interested. The "promotion interest" common to all mining companies, and which is the great unfair feature to investors who put their money into stocks of these companies, and whose money develops and makes the mine, if a mine is developed--does not exist in this proposition. There is no "promotion interest" set aside, and against the interest bought and paid for by the investors.

In this proposition the investors, and all the investors, become promoters. They take the "promotion interest" and all the interest. They own the whole enterprise, started at 50 cents a share, where it can be bought and sold according to the daily market quotations. This will afford our channel by which stockholders can sell the 40 per cent. "Selling Stock" from time to time, if they wish.

PROPERTIES—Many different mining properties will be acquired and developed as stock in the Exploration Company is subscribed for. All properties will be described, and reports submitted regarding same, as soon and as often as they can be examined by the engineers.

The mining properties that will be acquired for this proposition will be located in the gold and silver belt, extending from the Montreal River through Normanton Ontario, eastward into Quebec, and will include properties in the Lady Evelyn District, Cobalt District, and the gold districts around Larder Lake, Larder Lake, Lake Abitibi, and in the great undeveloped wilderness of Quebec lying just east of Larder Lake and extending northward to Lake Abitibi.

We shall try and make every dollar count, and make as few mistakes as possible. We hope to create such an interest in this enterprise with investors, that will result in extensive and widespread co-operation.

Under this plan no one can truthfully say that it is not a great mining investment. We want every investor to feel a personal interest in this Mine Development. The investors in this Company will own this enterprise, and we want them to cooperate with us and our associates to make it a great success.

We are now organizing THE LARDER LAKE EXPLORATION AND DEVELOPMENT COMPANY with what we consider sufficient capital (\$500,000). We have options on, and propose to acquire several distinct and separate properties which will be incorporated at \$100,000 each (100,000 shares--par value \$1.00). The Exploration Company will at all times hold a controlling interest in each of these companies, so that sixty per cent. of the dividends earned and declared will be paid into the treasury of the parent company, and the other forty per cent. distributed among the stockholders on record. This is our opinion and we believe we can make our opinion and large ones in the very near future.

The Board of Directors of THE LARDER LAKE EXPLORATION AND DEVELOPMENT COMPANY will be put out September 25th, 1907, at 75c. per share or higher.

This price (75c.) will positively be withdrawn August 6, 1907. If this allotment is incorporated making it a non-assessable, over-subscribed, remittances will be promptly returned. Checks, drafts and money orders must accompany all applications and be made payable to the financial agents.

Interim certificates will be promptly returned to subscribers. The stock certificates of the Company representing the shares purchased will be issued and delivered as soon as allotment can be made, after the 6th of August, to all subscribers who purchase at the first underwriting price prior to that date.

Are you going to get in now, in time, at Larder Lake; you can now get in at ground floor prices on inside properties, making big profits and lots of money; or will you wait three or four months or a year, and then fall all over yourself in an irresistible desire to get in anywhere or at any price?

BOARD OF PUBLIC SAFETY MEETING

Considerable Business Transacted--Vote \$800 for Firemen's Tournament--Tenders for Adelaide Street Scale.

At the monthly session of the board of public safety last evening, an application from the firemen for a grant of \$800 toward their tournament was recommended. Tenders for a new scale for Adelaide street and for painting No. 1 engine house were awarded. Ald. Kelley paid his respects to the police force, suggesting that they should blacken their boots, trim their beards, clean their teeth and otherwise improve their appearance. A committee was appointed to communicate with the Canada Woodware Company regarding their locating in St. John a number of other matters were discussed. Several buildings on the west side that are reported in a dangerous condition will be reported on by the building inspector. R. R. Patchell will be paid for a window in that district he must apparently work twenty-four hours. At this point a motion to adjourn was carried.

PEOPLE OF NOTE

Dr. Maurice Egan
 Dr. Maurice Francis Egan, the new minister to Denmark, has long been noted as a literary critic and producer and was for a number of years Professor of Literature at the Catholic University in Washington. Dr. Egan was born in Philadelphia on May 24th, 1882, and after graduating at Georgetown College in Washington, he entered literature where he speedily established a splendid reputation as a scholar. He edited a number of magazines of national standing and was selected by the great stage manager Augustin Daly to make a number of translations for stage purposes. He married Miss Katharine Mullin of Philadelphia.

LIFE INSURANCE: IS IT DOOMED?

There Will Be a Hot Time at the Convention in Toronto Next Month.

NEW YORK, July 29.—The coming convention of the National Association of Life Underwriters, to be held in Toronto, August 21, 22, 23, promises some sensational developments in the attitude of the association with regard to the insurance business.
 E. E. Rittenhouse, the fighting insurance commissioner of Colorado, will deliver an address that will deal with stock and board schemes, so prevalent through the south and west, showing them up in a way that will leave no doubt about their standing among legitimate insurance companies. Thomas B. MacAuley, eminent life insurance actuary of Montreal, America, who has been most successful in the international congress of actuaries, will handle without gloves the recent report of the royal Canadian commission, which recommended many new and unapproved ideas, some of which are apparently at variance with the soundest and most applied science of life insurance.
 H. H. Putnam, secretary of the National Association of Local Insurance Agents, who has been most successful in his own field, will tell the life underwriters, who are all agents, how to make their organization a force to be reckoned with more than ever.

Charles W. Scovel, the last president of the national association, which recommended many new and unapproved ideas, some of which are apparently at variance with the soundest and most applied science of life insurance.

TRAVELLED MANY MILES TO MARRY

NAPA, Cal., July 29.—A romantic wedding occurred in the Palace Hotel in this city a few evenings ago, when Reuben S. Salisbury, of Suisun, inspector of the Southern Railroad Company, was married to Mrs. Emma F. Hall, who had that day arrived from Maine.
 In Ellsworth, Hancock County, Me., some forty years ago, Salisbury and Mrs. Hall were schoolmates and sweethearts. Salisbury came west, married, raised a family and a few years ago was left a widower. Just a month ago he went back to his old home for a few weeks' visit. There he again met his old sweetheart. Within a few days Mrs. Hall had promised to come west and marry Salisbury. Not quite a month ago Salisbury arrived back at Suisun, and just three weeks later Mrs. Hall reached here, and the marriage was solemnized by Wm. J. C. Garth, of the Baptist Church, Salisbury reached here the day before the arrival of his affianced, who was delayed a day. Salisbury is fifty-six and his wife a few years younger. The couple will live at Suisun.

I will mail you free, to prove merit, samples of my Dr. Shoop's Restorative and my Book on either Dyspepsia, The Heart, or The Kidneys. Troubles of the Stomach, Heart or Kidneys are merely symptoms of a deeper ailment. Don't make the common error of treating symptoms only. Symptom treatment is treating the result of your ailment, and not the cause. Weak Stomach nerves—the inside nerves—mean Stomach weakness, always. And the Heart, and Kidneys as well, have their controlling or inside nerves. Weaken these nerves, and you inevitably have weak vital organs. Here is where Dr. Shoop's Restorative has made its fame. No other remedy even claims to treat the "inside nerves." Also for bloating, biliousness, bad breath or complexion, use Dr. Shoop's Restorative. Write me today for sample and free Book. Dr. Shoop, Racine, Wis. The Restorative is sold by all druggists.

ANNAPOLIS BOY DROWNED

Annapolis, N. S., July 29.—(Special)—The ten-year-old son of Edward Cromwell was drowned here this afternoon. He went into the river off the garden grounds to bathe and getting beyond his depth was drowned before assistance could be rendered.
 The body was recovered.
 Mr. and Mrs. M. Murray and their daughter, Mary, left yesterday for Dipper Harbor to spend the remainder of the summer.

CHILDREN'S COURT AND DELINQUENTS

The Court is Well Conducted and is Said to Produce Generally Good Results.

(Mail and Empire.)
 The present children's court has jurisdiction over all children not yet sixteen years old, who are charged with offences against the law. These children are not confined in cells after apprehension, nor do they stand in the regular police court, before the usual crowd of spectators. They appear before the magistrate in a separate room, from which all are excluded but the counsel, witnesses in the case, and the friends and relatives of the accused. If the child has neither friends nor relatives, as often happens, the Children's Aid Society sends a representative, and no examination takes place until some actual or official friend of the child is present.

IN CASE OF CONVICTION.

Should a conviction be made, any one of several dispositions may be made of the delinquent. The magistrate may decide that the child has had his lesson, and he may be restored to his parents with a caution. He may be removed from their custody and placed in charge of the Children's Aid Society, to be bound out to some suitable person; and in cases of orphan and others whose home influences are of the worst, this course is most frequently adopted. Finally, he may be sent to an industrial school. Here again there is a sorting-out process, the sullied lambs being divided from the sure-enough goats, the aim of the officers being to prevent their charges growing in depravity as a result of association with more hardened offenders.

KEEPING TABS ON THE BOYS.

The Truancy Act, and the local by-law demanding the licensing of newsboys and bootblacks give the police the control over most children who are not under the restraint of their teachers at school. The confirmed truant is sent to an industrial school; and the unlicensed newsboy or bootblack renders himself liable to arrest and fine. It is by means of this licensing by-law that girls are kept out of the business, for the police simply decline to issue license to them, experience having taught Chief Inspector Archibald, who was really the promoter of the regulation, that it was highly undesirable to have little girls roaming the streets at night, no matter on what pretext.

OBITUARY

Miss Lovilla H. Bancroft
 Woodward's Cove, Grand Manan, July 25.—The community at Woodward's Cove has been greatly saddened by the death of Miss Lovilla H. Bancroft, eldest daughter of Mr. and Mrs. Melville R. Bancroft. She passed away Sunday, July 21. She was a girl of sterling character and one much beloved by all who knew her. She was a student of Mt. Allison University and Conservatory of Music, Sackville, where by her loving disposition and pleasant ways she won many friends. She was a gifted pianist and her music was greatly missed by her home circle. Her death was due to consumption, of which she was a sufferer for nearly two years. Her funeral was very large and attended and the floral tributes were many and beautiful. She leaves, besides her parents, two brothers and one sister, who have the sincere sympathy of all in their sad bereavement.

Robert Bates

Robert Ewing, of the Dominion Savings Bank, Monday received word of the death of Robert Bates, at his home in Upper James, on Monday. The funeral will take place Wednesday afternoon at 2.30. Mr. Bates, who was eighty-three years old, was born in Ireland, but came to this country when ten years old. Most of his life had been spent in Upper James and Upper Gagetown, where he farmed for a great many years. His wife predeceased him seven years ago. They had no family, but he is survived by three nieces and two nephews. They are: Mrs. Annie P. Bates, Mrs. William Chapiro and Mrs. Abner Sharp, Robert and David Bates, all of Upper James. Mr. Bates had for some years retired from active life, but he continued to take a keen interest in events up to the time of his death, and had at different times acted as correspondent for The Telegraph in that district. He was a man of very fine character and possessed the warm respect and admiration of a large circle of friends and acquaintances, who will regret to hear of his death.

LONGBOAT'S RECORD NOW

Indian Runners Breaks Canadian Record and Beats Relay of Three Men in Five Mile Race at Ottawa.

Ottawa, July 29.—Tom Longboat was the star performer at the summer carnival today. He essayed to beat three men running in relays in a five mile race and at the same time to smash the Canadian record for the distance. In both efforts he was successful after what was easily the greatest exhibition of foot running even seen in the capital.

Longboat went the five miles on the Lansdowne park track in 25.53, which is a Canadian record, one minute and one second better than Tom Coley made at the Irish Canadian games in Toronto.

Hilton Green was Longboat's first opponent but the brown demon went away from his Indian friend like a streak. Green hung on for two and a half miles and was seventy yards behind when Tom Coley set out after Longboat. Coley crowded on a great spurt and caught his man, holding him for two miles, when Lou Marsh, of Toronto, went away with Longboat for the last half mile. Marsh sprinted and opened out a twenty-five yard lead at the start. He looked as though Longboat had undertaken too heavy a task but the smiling Indian never faltered. In the final quarter he began to close up and coming into the stretch was at Marsh's shoulder.

Marsh is a dandy at 220 yards but he could not tack on the sprint to get away from Longboat again and Tom just had him by an inch at the tape. The last mile was the fastest of the five, Marsh being instrumental in driving Longboat's time away down.

The fifteen mile Marathon race from Bell's corners to Ottawa, and five miles on the track, had a field of fifteen runners with Shipman, of Montreal, the favorite. Several of the runners, however, including Shipman, lost their way in the country and this took some of the interest out of the event. Only four men finished, Russell, of the Brockville Harriers, winning with Mackenzie, of Ottawa, second. Kerr, of the Gordon Harriers, Montreal, finished third and Woods, of the same club, fourth.

BASE BALL

St. Peter's won another easy victory from the F. M. A's. In the last event, however, they were defeated by the score of 15 to 9. The league leaders now have a comfortable lead in the championship with St. Joseph's, who are making a hot fight to retain possession of the title.

Marathon Defeat Algonquins. The last game of the Marathons in the amateur league series on the Victoria grounds, today evening was marked by a sweeping victory over the Algonquins by the score of 15 to 9. The game was a hot one, with St. Joseph's leading 12 to 9 in the eighth inning, but the Algonquins came out first in every one of the five games to play.

The Inter-Society League Meeting. The Inter-Society League ball executive held a meeting last night at which it was decided that there should be no game tonight on account of Father O'Donovan's picnic. On Thursday the St. Joseph's will play the Brockville Harriers, while on Saturday afternoon the St. Peter's will play the F. M. A. There will be a meeting of the executive to decide as to the dates of the two games between St. Joseph's and St. Peter's, remaining to be played.

WHERE GOOD TASTE PREVAILS

and a knowledge of good tobacco is possessed the

"LORD TENNYSON" Cigar Occ.

holds sway.

WHAT'S DOING.

Chicago has played 27 errorless games. Cincinnati 17, Pittsburgh 15, Brooklyn and Philadelphia 14, Boston 12, New York 10 and St. Louis 9.

In Montreal they have been knocking the ball team, never realizing how good it really is. On Wednesday Buffalo tied New York and yesterday the Pea Soup whitewashed the Bisons. Perhaps it was an extra exertion to let Toronto again lead the league.

Southern sporting men who are figuring on the teams that will play for the title of world's baseball champions have had considerable argument as to a probable favorite in the betting. A bet posted at Memphis, Tenn., between local sports at even money shows a gambler taking the view that the Chicago Nationals will be at least 5 to 4 favorite over any American league team that will meet them.

In the event that a Chicago bookmaker, who will be asked to decide which team is favorite in the betting before the first game, cannot decide whether a favorite exists the backers of the Chicago Nationals has agreed to forfeit his share of the bet.

Tom Daly, the veteran backstop, once with Cincinnati and Brooklyn, has been deposed as manager of the Johnston team.

The Boston Americans are said to be negotiating with Buffalo for First Baseman George McConnel.

Clark Griffith says that his offer of \$10,000 for Fitcher Mullen, of Detroit, still holds good.

The American League has twice the number of 300 hitters which its great rival, the National, can boast. In the American League 14 men are in the 300 division, as follows: St. Louis, four; Detroit, three; New York and Washington, two each, and Boston, Chicago and Cleveland, one each.

THE TURF

After a long absence from the daily list of winning jockeys, Lloyd has come out and ridden to victory, Fern, 100 shot, and Willis Green, 32 favorite.

Omah J. at 8-1, and Nellie Burn, at 2-1, each won a race. After her race on Monday, Nellie Burn was a good betting proposition.

Frescati was out in a 5-1.2-furlong dash but could do no better than third to Tom Shaw and Kitty Smith.

YACHTING

ROCHESTER, July 27.—Capt. Hanan will be here today and Seneca's first regatta will be sailed. Troop and Keen Lox II. will be used as the trial horses. The club pins issued in connection with this year's races are expected to be ready for distribution this week. The pins are a medallion effect. The background is French grey with the words "Canada's Cup" August, 1907, in raised letters polished around the edge. In the center is a raised wheel and flag in red, white and blue, which will be sailed. Troop and Keen Lox II. will be used as the trial horses.

The regatta will be held on Monday, August 5, at 8-1, and Nellie Burn, at 2-1, each won a race. After her race on Monday, Nellie Burn was a good betting proposition.

Frescati was out in a 5-1.2-furlong dash but could do no better than third to Tom Shaw and Kitty Smith.

CRICKET

The latest British mail brings the report that the South African cricketers have lost their first game, Surrey gaining a victory over the visitors.

Despite their desperate position, the colonials played up in most determined fashion, keeping Surrey in the field for two hours, and putting on 128 for their four outstanding wickets.

GOLF

The second annual championship of the Eastern Professional Golfers' Association, says a New York dispatch, is to be decided over the links of the Country Club of Brookline on Tuesday and Wednesday, October 29 and 30. Conditions call for seventy-two holes of medal play, thirty-six holes each day. In addition to giving its course the Country Club has guaranteed a purse of \$400.

NEPTUNES PLAN TO REPEAT AQUATICS

On Lily Lake Rockwood Park-- August 10 is Date Fixed-- Should be Good Days Sport.

The Neptune Rowing Club at a meeting last night decided to hold another regatta on Lily Lake, Rockwood Park, on Saturday afternoon, August 10. The regatta held on July 6 was such a success and seemed to meet with such hearty approval from the public that the decision to hold a similar series of events on the lake a week from Saturday will doubtless be very popular.

ATHLETIC

The Canadian Amateur Athletic Union 24th annual championship meeting will be held on Saturday September, 16th, on the University of Toronto athletic field. The C. A. A. U. rules govern and the regatta will be a very amusing one. The list of events follows:

100 Yards run. 220 Yards run. 440 Yards run. 880 Yards run. One mile run. One mile relay race. (10 Hurdles, 3 feet 6 inches in height) Five mile run. Running high jump. Running broad jump. Pole vault for height. Throwing 56 pound weight. Throwing 16 pound hammer. Putting 16 pound shot. Throwing the discus. One mile walk.

A gold medal, emblematic of the championship of Canada, will be awarded to the winner in each event, a silver and bronze medal to the runners-up.

Nelson agrees to Meet Gans. San Francisco, Cal., July 28.—The Nelson-Gans fight at Reno (Nev.), on Labor Day, will be given the highest honors by Billy Nolan, made announcement that Nelson will meet Gans at Reno on Sept. 2, 1907.

A special prize will be given to the Canadian winning first place in the running high jump, running broad jump and the one mile walk. These prizes are kindly donated by George Pepper, of Toronto. A special gold medal will be given to the Canadian athlete scoring the highest total in the event, silver for second and bronze for third.

The winning of a first prize will count 3 points, a second 2 points, and a third 1 point.

Three Carleton Crews to Race. Three four oared crews will race at the Carleton Rowing Club regatta which will be held at Westfield next week. The crews will probably consist of the Rose crew, Water street crew and C. A. A.

Bud Niles, the single sculler, will take Hilson Beley's place in the C. A. A. crew.

BOWLING

The international bowling tournament has been concluded at Newcastle, Ireland, beating Wales, 95 to 85, in the morning of the 29th and Scotland 95 to 85, in the evening.

Scotland won three matches, Ireland two, England one, and Wales none, the aggregate score being: Scotland 273, Ireland 233, England 221, Wales 188.

THE OAR

The management of the Canadian Henley Regatta, which will be held on the Canadian Henley course at St. Catharines on Friday and Saturday of this week, are making big preparations for the reception of a visiting overseas and their friends. The hotels are getting ready to entertain a lot of people and they will make a greater effort than ever this year to make the visitors comfortable. A good many will have to sleep in cots, as in former years, however.

The Winnipeg crews will be made up as follows:

Senior eight—Riley stroke, Carr, Carpenter, Deacon, Motherhill, P. Kent, Lynch, Atch, and his crew.

Senior four-Carper stroke, Deacon, Motherhill, Anderson bow.

Junior doubles—Kent, McMillan.

Ed. Mack, chairman regatta committee; Capt. W. W. Leonard, secretary.

Bar Harbor, Me., July 28.—In the six row gels tonight between Jack (Twin) Sullivan and Black Fitzsimmons, Sullivan had all the better of it although he could not put Fitzsimmons out. It was a fast exhibition.

AT THE NICKEL

Encore after encore was insisted upon at the Nickel yesterday afternoon and evening when Mr. Austin and Baby Rosa to the thrilling accompaniment of changing fire alarms and scenes of conflagration and heroic rescue, rendered the song, The Man With the Lidder and the Horse. It was a great bit in all that the term implies, and the costume and stage effects set off the selection most realistically.

DOGS EATEN IN GERMANY

Kingdom of Saxony Centre of Cynophagy--Use Authorized.

Not only is the flesh of horses and mules eaten in Germany almost as much as in France, but also there is a growing consumption of dog meat, and in some localities dogs are fattened for market, and there are even special abattoirs for slaughtering them. The use of dog meat is said to have had its origin in Saxony, and there are statistics going as far back as 1899. But on June 3, 1900 a law was passed which authorizes the sale and consumption of dog meat over the German empire.

Dr. Villipadierna, a Spanish physician, who investigated the subject and prepared a report on it, is quoted by a Paris paper as saying that the growth in Saxony in 1905 is said to have been at least 5,000. All the dogs slaughtered for the market are rigidly inspected, and only passed if in a strictly healthy condition. The meat is again inspected after killing. This is required by the law which authorizes its sale, but no other step is taken to discourage the growth of the habit of "cynophagy." Relatively to population the dog of Desau is the largest consumer of dog meat.

There is no club in the Maritime Province affiliated with the C. A. A. O., and St. Mary's cannot see any reason in joining when the M. P. A. A. governs aquatic in the province.

Secy Fortmyer of the N. A. A. O. has been writing, informing him of the C. A. A. O. and it is believed he will accept the M. P. A. A.'s guarantee, and thus straighten matters out.

The C. A. A. O. rules do not require that a club must be affiliated with the C. A. A. O. before accepting an entry; an endorsement by them is all that is required in case the club making an entry is not affiliated.

THE RING

Montreal After Dupresne. (Montreal Herald.) Sporting Editor Herald: Kid Dupresne's becker for a fight to take place on Labor Day in the vicinity of Montreal, at 120 pounds, six rounds, has been accepted.

Weight forward with you as soon as I hear from his becker. I have never felt better in my life than I do at the present time, Yours, BOB CRITCHER, 632 Alma Ave. Mt. Royal, Que.

Mother Doesn't Bake Bread Now!

She finds less labor, pleasure and meal-time happiness all come through the good Scotch Zest Bread.

She finds that because of its moistness the bread-box is never filled with scraps, it's always all eaten.

She finds, she's in money through its moistness. She finds it light and white. She finds it clean, so why should she bake bread now! Why don't your mother try Scotch Zest Bread?

WAS CASEY CHEATED?

Casey was on his way home from a fishing trip down by the bell buoy. He had a fine string of blackfish, so heavy that he thought he had done well. But when he had dropped in to put another weight in the middle, where he believed it would do almost as much good as any other, "And every wan of us," he said winking up his story of the day's fishing, "bring away with fifteen fine blackfish on his string."

"How many fish did you catch in all?" some one asked. "Sixty," said Casey; "there were four of us."

"Who were they?" "Well, I was wan, and the two Kelleys was two, and Finnegan was three, and Finnegan, he was three, and—I'm sure there were four of us. But who the devil was the other fellow?"

Casey began again, "Try it this way," he said; "Finnegan was wan, and the two Kelleys was two, and I was three, and—and I'm sure I can think who was the other wan."

"Then Casey laid down his string of fish and began counting off the members of the fishing party on the fingers of his disengaged hand.

"I was wan," he said, doubling up a finger as he went along, "and the two Kelleys was two, and Finnegan was three."

"But the two Kelleys were three," some one broke in. "Do you know the two Kelleys?" asked Casey, warmly.

"Well, then how can ye say two Kelleys was three? Go on, man; ye're drunk!"

Casey stood thinking it over for a minute and then picked up his string of fish. "I'm done," he said, "if the rascal didn't do me out of—three is in sixty twenty times out of five fish!"

Comes a strong endorsement from Mr. R. W. Cathart, treasurer of Wilder Luncheon Co., for "Gastrorhizone." Nothing like it for colds, nothing so certain for catarrh, absolutely sure in Asthma, used the world over and sold in 55c. and \$1.00 sizes. Try Catharzone.

Montreal, July 29.—(Special)—A heavy electrical storm passed over Montreal this afternoon and produced unusual effects with the downtown district drenched with torrents of rain, while the district in the northern section of the city had none.

Hail accompanied the rain and birds were knocked to the ground out of trees. Lightning struck in several parts of the city but did no damage.

HARRINGTON-DeANGELIS

Argument heard this morning and Judge Ritchie reserves Decision.

Argument in the Harrington-DeAngelis case was heard before Judge Ritchie this morning. J. B. M. Baxter argued the case for DeAngelis and Antonio de Matteo, and Daniel Mullin appeared for Harrington.

Judge Ritchie said the case was an unusual one as both lawyers had made out equally good cases and it was likely that both their clients would be fined. He reserved decision till Thursday morning, saying that if he gave judgment now, the third party would likely be fined also.

CASE WHERE LOVE IS SURELY BLIND

White Girl in West End Married to a Colored Man.

Sixteen-year-old Jennie Wilkinson, who comes of a respectable west end family, was on Saturday night married to a negro known as "Allie" Albert. The wedding took place under peculiar circumstances and Police Sergeant Ross believes it was hastened, if not arranged, as a result of the girl's visit to the groom's home on Thursday evening. The ceremony was performed at the residence of Jesse Williams, Rodney street.

The girl's father died about 8 months ago and the mother was obliged to leave home to earn her living, and Jennie, then 15 years old, had to keep house. Across the yard from the Wilkinson home lived the Alberts, and Allie and the girl were much together.

Last Thursday night Sergeant Ross was told by two men that they had seen Albert run out into the yard adjoining his house, catch the girl up in his arms and carry her bodily into her own home. The official visited the house and had a stormy interview with Albert, who promised to marry the girl. Her brother was in the house, but when Albert and the sergeant clashed, it is said he left.

Rev. G. P. Scott was asked to marry the couple, but on hearing the girl's age, refused to perform the ceremony unless Mrs. Wilkinson consented. Finally, however, they were married by Rev. H. Reid, of Carleton Presbyterian church.

The attendants at the wedding were few in number, as were most of the guests, and after the reception the couple returned to the Albert Home where they will reside for a time.

Mrs. Wilkinson was asked about the wedding. "Don't mention them to me," she said. "I can't bear to hear their names. My friends hold me responsible, but God knows I couldn't help it. My home has been broken up and I have had to earn my own living, and I can't help what has happened. I was up to see her last night and settled myself that she was lawfully married and I don't want anything more to do with her."

WILL LAY CORNER STONE TOMORROW

Ceremony in Connection With New Y. M. C. A. Building Will be Carried Out at Four O'clock.

The corner stone of the new Y. M. C. A. building will be laid tomorrow afternoon at 4 o'clock, when the public are invited to attend. The ceremonies will be being, of a simple character, as the surroundings will not permit of any elaborate preparations without involving considerable expense.

The ceremony of pronouncing the stone "well and truly laid" will be performed by Mayor Sears, who will, at the same time, assume the role of a mason. There will be short addresses by the mayor and officers of the association.

The box that will be placed in a cavity of the stone will contain a list of the present board of trustees, board of management, building committee, officers of agreement, building committee, officers of agreement and the name of the contractor. The list will be on parchment.

There will also be enclosed a typewritten list of the subscribers.

The work of construction is going ahead at a good rate of progress. The foundations are completed and the basement walls are about finished. There will no doubt be a large attendance at tomorrow's ceremonies.

DROWNED WHILE SWIMMING

George Smith Lost His Life in the Washademook.

George Smith, 25 years of age, was drowned in the Washademook river at McDonald's Corner yesterday morning while bathing.

The deceased was a farmer and a native of Shannon, Q. C. He was a brother of Fred Smith, who was burned to death in the Crystal Stream disaster at Cole's Island, few weeks ago. He was married in September last to Miss Lucy Belyea and his wife is almost crazed by his loss.

BETTER LOCK-UPS NEEDED

Police Say That Present Ones Are in Very Bad Shape.

The members of the police feel that they have a grievance and probably many citizens would agree with them.

The men declare that the condition of the lockups—or rather four out of six of them—is not a credit to the city. Those on Braselton, Pitt and Water streets are badly in need of renovation, especially as regards plumbing, while the west side lockup which is located in the City Hall is entirely devoid of sanitary appliances either for prisoners or police. When asked what he thought of the matter last evening Chief Clark said there were grounds for complaint, and the question would never be disposed of until the lockups were done away with altogether and a patrol wagon secured.

Furs, Season '07-'08

Preliminary Exhibit of Latest Models

SEEMS A BIT PREVIOUS to talk of furs for next winter, but it really is not. Furs being goods of limited quantity (not like garments that can be made up quickly to meet any demand), do not continue so very long as whole, complete and comprehensive stocks once the season of actual need arrives. The sale of a few dozen pieces of this neckwrap or that muff soon robs the largest dealer of his boasted "unbroken lines," and some of the choicest items are snapped up as early as this date, when the chill and bluster of the Frost King are considered afar off. So today we are showing our first consignment of Stylish Furs for fall and winter—distinguished, uncommon, aristocratic apparel. Wide diversity of skins and some charming innovations in modelling.

Space limitations prevent a further mention, but ladies—or gentlemen—who have it in mind to invest when the proper season arrives, will find it particularly advantageous to effect their purchases now. Gift furs for early-autumn brides, or for that matter as Christmas remembrances, might well be selected now when the very cream of the new goods are opening.
