Heavy Casualties Inflicted During The Brazilian Fighting
HEADLOG... CONVENTION BREAKS

FEDERAL TROOPS NOW CONTROL SAO PAULO SITUATION

Between 250 and 400 are Killed in Luz Barracks Bombardment. SOME REBELS FLEE Reports That Rio Janeiro is Menaced by Large Army are Denied.

BY BRYAN POWERS, (United Press Staff Cor.) Buenos Aires, July 9.—The Brazilian Federal Government has sent strong reinforcements to Sao Paulo and now seems to have the situation in that state well in hand, according to advices here today. Federal forces captured the big Luz military barracks after a 20-hour bombardment late yesterday. Casualties on both sides were heavy and the total dead is estimated at from 250 to 400. Many were wounded.

Additional Federal troops have been converging on Sao Paulo from several directions since Sunday, and it is estimated that several thousand now are in the city and its environs. The situation in Rio de Janeiro continues calm and there seems little likelihood of an additional outbreak.

Some rebel bands apparently have escaped into the forests and mountains between Sao Paulo and Santos, but it is believed these will be rounded up within a few days by Federal cavalry. Wild reports which have been circulated here regarding the subversive movement are disproved by United Press dispatches direct from Rio de Janeiro. A story that 13,000 men were marching on the capital from Sao Paulo was termed entirely without foundation. Such a march, if it took place, would be manifestly impossible, as Rio and Sao Paulo are separated by more than 200 miles of rugged and mountainous country, largely covered with dense tropical forest. There are no wagon roads between the cities.

According to the most reliable information here, less than 1,000 men were involved in the rebel outbreak, which occurred early Saturday. A number of young soldiers of the state forces, disgruntled by the decision of Governor Carlos de Campos to renew a contract with the French military mission lent themselves to the plans of a group of ambitious politicians. The soldiers seized the big Estalao do Luz, terminus of the Central Brazil Railway from Rio de Janeiro, the telegraph stations, and Government buildings and besieged the palace, residence of the State Government. Federal Forces Loyal Federal forces refused to join the movement, and word was telephoned at once to Rio de Janeiro. The Federal Government embarked strong detachments of troops and marines on the dreadnought Minas Gerates for Santos and early Sunday the Government forces started marching up the famous mountain boulevard which connects Santos with Sao Paulo. Several stiff engagements were fought before the rebels finally were driven to cover in the Luz Barracks. A desultory bombardment on the military stronghold then was begun and yesterday at midday the barracks was taken by storm. Early today all remaining rebels in it were killed or wounded.

REQUEST DENIED Germany Wanted Military Control of Her Armaments to Cease on Sept. 30 Paris, July 9.—Germany's request that inter-allied military control of her armaments cease on Sept. 30 was denied by the Allied Council of Ambassadors in a note handed to the German ambassador last evening. Satisfaction was expressed, however, that the Germans had agreed to the main point demanded by the council—the resumption of the control commission's activities.

Comes to Front In Convention

Here is John W. Davis' last picture, taken in New York as votes in the Democratic convention began piling up in his favor.

BELIVE GIRL IS SUICIDE VICTIM

Maine Young Lady Has Been Missing From Home Since Friday. Cutler, Me., July 9.—This community has been plunged into mourning by the supposed death of Miss Helen M. Davis, 28 years old, daughter of Captain Hercules and Leone Davis. Miss Davis had been in poor health and it is supposed that she took her own life by drowning, a supposition made practically a certainty by the discovery of the hat, shoes and wrist watch of the young woman on the shore at Eastern Head, on the northern side of Cutler Harbor where the water is very deep. Miss Davis, while on the way to a dance with her sister Ruth, Friday evening, left her sister with the remark that she wished to visit a neighbor, but when she had not come Saturday morning search was begun that resulted in the finding of her clothing. Divers were then summoned from Grand Manan and commenced search for the body but had not been successful up to Monday morning. There is some belief that the body may have been carried to sea by the strong tides and the suggestion is also made that the body may have been devoured by a large shark seen in the vicinity.

SECOND BODY WAS RECOVERED TODAY

Coroner's Jury at Woodstock Says Double Drowning Was Accidental. (Special to The Times-Star.) Woodstock, July 9.—The body of Carl Gibson, one of the victims of Sunday's drowning accident, was recovered early this morning. The body had floated into a net nearly two miles away from the scene of the accident. The funeral of Miss Doris London, whose body had been previously found, was held Tuesday afternoon with burial at Jacksonville. A coroner's jury found a verdict of accidental drowning in both cases.

Wire Briefs

London, July 9.—(United Press) America's world flyers who arrived safely at Bagdad, were scheduled to fly on to Aleppo today. Quebec, July 9.—E. W. Beatty, president of the C. P. R., is a passenger on the S.S. Montaurier, which sailed for England last night. Berlin, July 9.—(United Press)—Secretary of State Charles Evans Hughes, who is coming to Europe to attend a conference of the Bar Association at London, will visit Berlin on Aug. 3, the United Press learned today. Ottawa, July 9.—The Redistribution committee will probably bring down a report to the House of Commons on Thursday. Practically everything has been agreed on, it is asserted, with the exception of some seats in Ontario. San Francisco, July 9.—Vice-Admiral Sir Frederick Field, commander of the British special service squadron visiting San Francisco sent yesterday a message of sympathy from the fleet to President Coolidge and Mrs. Coolidge in the loss of their son.

IRISH AND GERMAN SISTERS ENTER U. S.

Had Been Detained 3 Weeks at Ellis Island by Quota Law. New York, July 9.—After being detained at Ellis Island for three weeks 28 Irish and German youths, who had arrived in excess of the quota, were released and landed at the Battery, following a decision by the Department of Labor at Washington, D. C.

KILLS WIFE; THEN COMMITS SUICIDE

Former Railroad President Was Believed Suffering From Dementia. Michigan City, Ind., July 9.—Charles N. Wilcoxon, 68, former president of the Chicago, Lake Shore and South Bend Railroad Company, operating between Chicago and South Bend, killed his wife, 70 years, with an axe, a razor and a potato masher and then hung himself at their home last night, some time Monday night. Their bodies were discovered last night. The two were found in a bedroom on the second floor of their home. Mrs. Wilcoxon's body on the floor in a pool of blood at the foot of the bed, and that of her husband hanging from a half-inch rope in a clothes closet, the head nearly severed by the rope. Both bodies were fully clothed. Mrs. Wilcoxon had been in ill health for the past year. The authorities lay the tragedy to senile dementia.

PROVINCE STILL CRIES FOR RAIN

Several Small Fires Are Reported to Department at Fredericton. (Special to The Times-Star.) Fredericton, N. B., July 9.—The Department of Lands and Mines has received no report of rain in any part of the province but the humidity is increasing in some sections. The situation with regard to fires continues serious. Fires so far have been small, however, and crews have controlled them in short time. From Plaster Rock comes a report of a fire on Crown Lands west of that place and near Blue Bell Mountain. The fire is burning this afternoon but is not large. A crew is fighting it. Two small fires have been reported south of Bathurst but are under control. A fire also is reported half a mile from Hampton Station but is controlled.

RUM SEIZURE IS MADE AT PARRSBORO

Customs Men Seize 109 Kegs, Valued at \$20,000 on Schooner. Amherst, N. S., July 9.—One hundred and nine kegs of rum, valued at \$20,000, were seized by customs officers at Parrsboro yesterday. The rum was lighterage from the schooner Buteleton, alleged to be a vessel from Rum Row, and placed on a train this morning and sent to Halifax. The Buteleton has been in the stream at Parrsboro for several days, during which time she has been under surveillance.

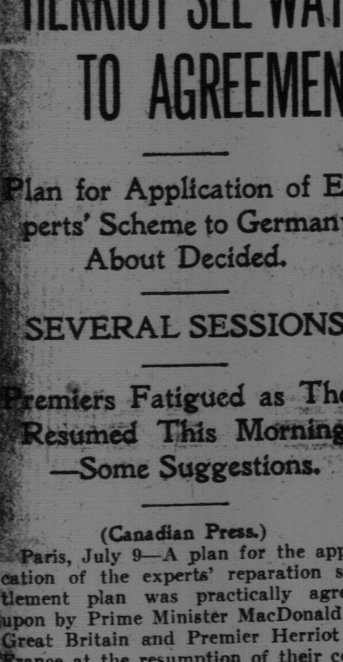

Shadow of Thirteen On The Convention

New York, July 9.—The shadow of 13—the hoodoo number—is hovering over the Democratic National convention, according to a wag who appeared at the National Committee headquarters here today. He called attention to the fact that three names, all prominent around the convention, have 13 letters: Thomas Taggart, George S. Sizoo, Royal Copeland, William McAdoo. Other names on this list having thirteen letters are—City of New York, while the convention is held at Madison Square, the convention hall.

MACDONALD AND HERRIOT SEE WAY TO AGREEMENT

Plans for Application of Experts' Scheme to Germany About Decided. SEVERAL SESSIONS Premiers Fatigued as They Resumed This Morning—Some Suggestions. (Canadian Press.) Paris, July 9.—A plan for the application of the experts' reparations settlement plan was practically agreed upon by Prime Minister MacDonald of Great Britain and Premier Herriot of France at the resumption of their conference this morning. It was explained, however, that the question would be gone over again and the plan possibly modified after luncheon. A joint note to the Allies suggesting how the different questions might be settled by the application of the experts' plan might be settled was drawn up at the conference yesterday and this morning. The British Premier announced this today.

HOW A LION GETS A TOOTH PULLED

This modern Androcetes, attempting to soothe the lion's pain, is having a little harder time of it than the chap that removed the historic thorn from a lion's paw. However, the lion will probably be quite grateful when it is all over. It's no easy job being dentist to a lion, as the picture shows. It is necessary to holdopen the jaw with a rope. The photo was secured at the Bronx Park (N. Y.) Zoo.

Beer Smugglers Impersonate Police Director; Use His Car For Convo

Philadelphia, July 9.—Police, including a lieutenant and an inspector, are said to be involved in a plot, uncovered by Director Butler, to smuggle contraband high-powered beer out of the Rising Sun Brewery. Director Butler's indignation was fanned by information that laden beer trucks had been conveyed from the brewery by his own official automobile, a bright red vehicle, with the city seal on it. "We have been told," continued the director, that they even had a man made up to look like me. Several people told me positively they saw me sitting in the back of the car as it escorted the beer trucks down Broad street." The director's automobile has been kept in a garage near the brewery. The beer-smuggling plot was revealed after Detective Inspector Cahill J. Brinton, Charles Beckman, detective in charge of the Central Office Liquor Squad, and Perkoup, Ferguson and Walls, detectives, had seized two trucks. From 4 p. m. until 6:15 this morning inspector Brinton and his men shadowed the brewery. When the five trucks rolled out, Brinton pursued the first one, driven by William Torrance. He caught Torrance at Tenth street and Montgomery avenue, following in his own automobile. Perkoup, running after the truck driven by Lawrence Frank, caught up with it at Marshall street and Montgomery avenue and fired in the air. Frank stopped and surrendered. The other three trucks scattered.

WOMAN WINS A BIG SUM ON RACE

Wife of Officer on Furness-Whity Liner Fortunate in Calcutta Derby. Liverpool, July 9.—Mrs. Evan Pritchard, of Bedford road, Bootle, has received notification that she has won a big sum in the Calcutta Derby Sweepstakes. The wife of a ship's officer serving with the Furness-Whity line, Mrs. Pritchard was busy with her household when interviewed. "The prospect of wealth does not worry me," she said, "but a lot of other people seem to be worrying themselves about it." I knew I was a winner when Hurst won the Derby. My husband bought me the ticket when he was on his trip abroad. It was my third birthday. I would be \$15,000. I then raised it to \$40,000 and \$80,000. How much it really is I shall know when the check comes. I have had a cable from the secretary of the Wireless Service Association in Calcutta, asking me to forward my ticket, and I have done so."

SOCIALIST PARTY CONDEMNS KLAN

Convention at Cleveland Also Denounces Fascisti and Matteoti Assassination. Cleveland, July 9.—The Socialist Party late last night officially condemned the Ku Klux Klan by name after the sharpest debate in the national convention that has been meeting here for three days. In a pair of ladies' silk stockings, to cover his face, the speaker, in a reminiscent of his former role as a pair of tights and a light jersey. The convention also passed resolutions denouncing the Fascisti movement in Italy and the assassination there of the Socialist deputy Matteotti.

SMITH TO DROP OUT

Withdrawal Will be Presented When Convention Resumes Today. (By Canadian Press.) New York, July 9.—The democratic national convention adjourned at 4 a. m. today after taking the 100th fruitless ballot in an endeavor to choose a presidential nominee. The feature of the convention session came in the early hours of today, when Chairman Walsh read a letter from William G. McAdoo releasing his supporters from their pledges. In the release letter he attacked the "wet" and reactionary forces which he said had opposed his nomination. In the one hundredth ballot, which followed immediately, McAdoo's vote fell to 190. The Smith forces held firm and John W. Davis rose to second place in the balloting with 203½. The convention adjourned to meet again at noon today.

M'ADDOO VOTE FALLS TO 190 AFTER HE RELEASES SUPPORT

The result of the 100th ballot follows: McAdoo, 190; Smith, 203½; Davis of West Virginia, 203½; Underwood, 41½; Glass, 33; Robinson, 46; Ritchie, 17½; Walsh, 32½; Sausbury, 18; Owsen, 20; Meredith, 15½; Houston, 9; Bryan, 2; Daniels, 24; Baker, 4; Gerard, 10; Berry, one; Total 1,089. Absent nine. McAdoo's qualified release of delegates was read after the 99th ballot. On the 100th Mr. McAdoo lost votes in big blocks. His strength went chiefly to John W. Davis, E. T. Meredith, former secretary of agriculture, and a staunch McAdoo supporter, and Senator Thomas J. Walsh, chairman of the convention. Through the long night session the Smith supporters held firm and his position was little changed on the last ballot. When the convention assembles today, Davis is expected to be a candidate. It will have before it the withdrawal of Governor Smith. The Smith offer to withdraw was made at last night's session and was contingent upon similar action by McAdoo. Governor Smith made his offer after he had been closeted alone for an hour with Mr. McAdoo. Smith's disclosures were not to be taken as a compromise candidate to end the deadlock. The only answer was a McAdoo drive that put him once more in the lead. Meanwhile, however, in his listening post nearby, McAdoo was conferring with a steady stream of advisers, and intimations of his impending action were passed around during the 99th roll call. Then a letter from Mr. McAdoo to Chairman Walsh releasing his delegates was read and the 100th ballot was taken. The McAdoo leaders said the letter was in no way connected with the Smith announcement, and it was so phrased as not to put him in the position of formally withdrawing from the race. The Smith leaders held their lines, waiting to determine its effect; whether their condition for withdrawal had been met in fact if not in words. Uncertainty Yet. Under the surface today were many portents, but only impending developments waiting to determine its effect. Reports circulated that McAdoo and some of his leading advisors wanted his strength to go to Meredith; others said David Ladd Rockwell, his campaign manager, favored Chairman Walsh. All asserted that, in releasing his delegates, McAdoo was not attempting to direct their course to any specific column. The Meredith boom, however, had gained momentum while Rockwell was passing the word of the impending letter during the 99th roll call and during the 100th prominent McAdoo men were working in his behalf. Where the Smith supporters would go, once they were satisfied McAdoo was definitely out of the race, was still another question.

THE EVENING TIMES-STAR, ST. JOHN, N. B., WEDNESDAY, JULY 9, 1924

RESCUE MADE AT CRYSTAL BEACH

Young Men Save A. N. Watson, Overboard from Motor Boat.

A. W. Watson, an employee of the New Brunswick Telephone Company, narrowly escaped losing his life at Crystal Beach this morning. He was standing near the bow of the motor cruiser *Barbara K.* when the river steamer *D. J. Purdy II.* passed. The swell from the steamer caused the launch to rock violently and Mr. Watson lost his balance and was thrown overboard. Unfortunately at the same moment an anchor which was placed on the top of the cabin was thrown from its position and struck Mr. Watson on the head, knocking him unconscious.

Gordon King Kelley, son of J. King Kelley, was in a canoe about 500 feet away and witnessed the accident. He quickly paddled to the scene and plunged into the river after the drowning man. He succeeded in catching hold of him, but was unable to bring him to the surface until joined by Eric Murray. Together they succeeded in getting him to the launch, where he was cared for by companions. His condition at first was thought to be serious, but he soon rallied and apparently suffered no ill effects as a result of the accident.

The young men who rescued him received the commendations from all who witnessed the occurrence.

BASEBALL TEAM ARRIVES.

The Philadelphia Colored Giants arrived on the Boston train at noon today from Fredericton, where they broke even in a double-header yesterday. The manager of the team said that they left Philadelphia last May and have been touring since, playing in New York, New Jersey, New Hampshire, Vermont and Maine. In addition to the team had won more than two-thirds of their games. They are carrying 14 players. They will play the first game here this evening on the East End grounds.

JUNIOR BASEBALL.

The Moore street All-Stars defeated the Main Street Roses on the North End Improvement League grounds this morning by a score of 7 to 4. The batters were: For the winners Davidson and Lacey for the losers Stubbs and Mullaney. Features were home runs by Lacey and McInnis. The All-Stars wish to challenge the Young Hebrews to a game to be played on the Government grounds next Friday afternoon at 2 o'clock.

STRAWBERRIES.

The river steamers Hampton and Majestic were expected to arrive in Blantyre this afternoon, the former from Hatfield's Point on the Belleisle and the latter from Cole's Island on the Washademoak. Both were expected to bring large consignments of strawberries. Owing to reported small demand the berries are selling for 9c and 10c a box retail. Last evening the D. J. Purdy brought a consignment to the city and they were sold at 8c a box by the crate.

TENDERS FOR GRAND MAINTENANCE SERVICE

Bids are to close on September 25—What is Required.

Tenders have been called for the passenger, freight and mail service between Grand Manan and the mainland between the Department of Trade and Commerce. The tenders are to close on Sept. 25. The service is to include one round trip a week to St. John calling at Eastport and Campbellbell; one round trip a week between Grand Manan and St. John, and one round trip between Grand Manan and St. Stephen, calling both ways at Campbellbell, Eastport and St. Andrew.

During the winter, however, the tender may omit the direct trip to St. John if wished but if the four trips as follows: Monday, St. Andrew and return calling at Eastport and Campbellbell; Tuesday, St. John direct, return on Wednesday; Thursday, St. Stephen with stops, returning on Friday; Saturday, St. Andrew with stops and return.

The tenders call for plans and photographs of the steamer to be used and demand sufficient freight and passenger accommodation to handle all offering and also to carry mails.

The tenders make it optional whether the start be made on Nov. 1, 1924 or April 1 of 1925 by the successful bidder.

GET INTO COURT WANTED OUR OWN MAKE AND GOT IT

Auto Accident Leads to the Arrest of Mother and Daughter.

Mrs. Mary Peters and her daughter Mable are being detained at Central Police station pending an investigation. The police reported they were out in an automobile with Fred Northrup and Ray Fyne when the car plunged from the side of the road and struck against a fence near Silver Falls. Northrup and the two women were injured and were driven to the hospital where they received treatment. Later the two women were taken into custody and a charge of drunkenness was laid against them. Northrup was not arrested and it was said Fyne was not seen after the accident and it was not known whether or not he had been injured. It is understood that a charge has been made in connection with this case and it will be aired in the Parish of Simonds court before Stipendiary Magistrate Adams at East St. John.

The case appeared before Magistrate Henderson in the police court this morning charged with drunkenness. Both pleaded guilty and were remanded to jail.

All narrowly escaped death last evening when the automobile left the road on what is known as "Sand Hill" near Silver Falls on the Loch Lomond road.

CLARENCE BARING IS ADJUDGED INSANE

White Plains, July 9—Clarence O. Baring, accused of attempting to murder his wife, Mrs. Sally Griffith Baring, with arsenic and disease germs, has been adjudged insane and committed to the Asylum for Criminal Insane at Matteawan by Westchester County Judge William F. Bleakley.

On motion of District Attorney Arthur S. Rowland, the court withdrew a juror and declared a mistrial. If Baring ever is declared to be sane again he will be brought to trial, as the finding is confident that one of the present time and do not determine his mental status when he was alleged to have been poisoning his wife's food. Experts testified that for a year the defendant had been under the belief that he was being watched and followed in a conspiracy engaged in by his wife and others, that his lawyer was influenced by the District Attorney, and that his wife and others were even now trying to conceal from him a baby of which she thought herself to be the parent. The testimony developed that for a period Mrs. Baring had deceived her husband into believing she was to become a mother.

WANTED OUR OWN MAKE AND GOT IT

Customer's Demand Cited as Showing Maritime Movement is Growing.

The "Buy in the Maritimes" movement is slowly but surely bearing fruit, a recent example is cited by Mayor Potts. His worship said he was in a local store recently when a customer came in and asked for some chocolates. "I want St. John chocolates," he informed the storekeeper, "and if you have not got St. John chocolates I want those made in New Brunswick, and if you haven't got them I want maritime chocolates."

The customer said his worship received what he wanted, but it opened the eyes of the storekeeper to the trend of public thought on this matter. He informed Mayor Potts that any new stock he bought from now on would be manufactured in the Maritimes.

"This was a good example, his worship said. He believes in this trend of public thought in the Maritimes project. He said he believed if the people took hold of this thing and made it the results attained in a very short time would scarcely be creditable.

Early Report.

Paris, July 9—Track and field athletes from the United States entered the Colombes Stadium today with a comfortable lead over all the other competing nations, having secured 98 points in the first six days.

Their nearest rivals, the Finns, had small opportunity of cutting down the margin, as they were unable to register one of the three events to be concluded during the afternoon—the 110-metre hurdles and the 200-metre dash. The shot day distance events are expected to resolve themselves into battles between the United States and the representatives of the various nations in the British Empire.

Finland is confident that one of her endurance stars will win the 3,000-metre steeplechase, sending her flag up the Olympic pole for the fourth time this week.

The 200-metre sprint will be an English-speaking affair, except for one of the 12 starters, André Mourlon of France. Those who figure most prominently in the anticipations are the same sprinters who raced in the 100-metre dash on Monday: Harold Abrhams, the British collegian who won that event; the four from the United States—Charles Paddock, Jackson Scholz, George Hill, and H. M. Abrams; the Canadian, Coffee; the Australian, Carr; the New Zealander, Porritt; and the best of Abraham's challengers in Great Britain—Nichol and Liddell.

Following is the order of the programme for Wednesday:

100 metres dash, final.

Pole vault, final.

100 metre hurdles, final.

10,000 metre walk, trials.

200 metre dash, final.

1,500 metre run, trials.

3,000 metre steeplechase, final.

10,000 metre walk, second trials.

10,000 metre walk, third trials, if necessary.

The standing of the nations at the end of the third day were:

The United States, 98; Finland, 34; Sweden, 28; Belgium, 14; France, 8; Hungary, 7 1/2; Switzerland, 5; Norway, 4; New Zealand, 4.

LATE PREMIER'S WIDOW LEFT AN ESTATE OF \$51,396

Toronto, July 9—Mrs. Mary Hardy, who died on June 11, widow of A. S. Hardy, who was at one time Prime Minister of Ontario, in her will appointed her two sons, Senator Charles W. Hardy and Dr. Eugene Hardy, co-executors, as executors of her estate of \$51,396. To Secretary Hardy she bequeathed property to the value of \$3,100 and \$28,236 to Dr. Eugene Hardy. The sum of \$10,000 is to be held in trust for the family of the late Joseph Curran Hardy, of Liverpool, Eng., and bequeathed to Mary Fullford Hardy, granddaughter, of Liverpool, and to Dorothy F. Hardy, a daughter-in-law.

CANADA'S BIRTH RATE DECLINES

Ottawa, July 9—Canada's birth rate last year, based on a preliminary report of vital statistics for all provinces with the exception of Quebec, showed a decrease of about two per cent compared with 1922. The net increase in population for Prince Edward Island, Manitoba, Saskatchewan, Alberta and British Columbia in 1923 totalled 94,055, compared with 95,116 in 1922 and 101,227 the previous year. Living births numbered 156,118 as against 164,194 the previous year. The birth rate per 1,000 population in 1923 was 26.3 as compared with 26.1 in 1922. The proportion of males to females born was 514 to 486.

Deaths from all causes in 1923 numbered 106,808, an estimated population of 6,692,000, a rough percentage of 10.5 per 1,000 population, the same as in 1922. The highest death rate in 1923 was in the Maritime Provinces and the lowest in the western provinces. Prince Edward Island led with a mortality rate of 13 per 1,000, and Saskatchewan was lowest with a percentage of 7.6. Of the total number of deaths reported in the year 13,795 or 19.7 per cent occurred in the first years of life.

Heart Disease Leads.

Disease of the heart were given as the cause of death in 7,471 cases or 10 per cent of all deaths. Pneumonia took a toll of 6,226 or 10.7 per cent; cancer 5,151 or 7.3 per cent; tuberculosis 4,771 or 6.8 per cent; diseases of the arteries 3,778 and diseases of the arteries took a toll of 2,917 instances. The reports compiled by the Dominion Bureau of Statistics show a steady fall in the proportion of deaths due to tuberculosis. In 1923, 98 out of every 1,000 deaths were attributed to tuberculosis as compared with 69 in 1922 and 77 in 1921. The situation as regards cancer shows no improvement over last year, when the death rate was 7.4 per 1,000.

There were 5,640 still births in the eight provinces in 1923, as compared with 5,804 the previous year. In regard to infant mortality, although the total number of deaths of children under one year was smaller in 1923 than in the preceding year, the death rate per 1,000 births showed a slight increase for 1923 over 1922. Maternity mortality totalled 848 in 1923.

Last year there were 49,056 marriages as compared with a total of 47,811 in 1922. The marriage rate was 7.3 per 1,000 of population.

BISHOP LAWRENCE Put Under Knife

Bar Harbor, July 9.—Rt. Rev. William Lawrence, bishop of the Protestant Episcopal diocese of Massachusetts, underwent a mastoid operation at a hospital here this week. The condition of Bishop Lawrence was satisfactory, according to a statement issued by his physician.

Mrs. Lawrence is at the Lawrence summer home here and Bishop Lawrence's daughter, Mrs. Lansing P. Lawrence, of New York, Mrs. Morton Tracy of New York and Mrs. Harold Peabody of Boston have arrived at their summer homes here and were at the hospital during the operation.

Painted Hats.

White and hand-painted felt hats are seen most attractive shapes for summer wear, but the small cloche has the lead on all the others.

POWER BOAT CLUB PLANNING RACE

Other Matters Taken Up at Quarterly Meeting Last Evening.

At the quarterly meeting of the St. John Power Boat Club last evening at their headquarters, Marble Cove, plans were discussed for a big speed race which probably will be held in Indian Harbour some evening next week. The main object is to give citizens an opportunity to see Royden Foley's new speed boat "Fut" perform. It is said to be the fastest ever built around the Maritime Provinces and is credited with being capable of going at a rate of 45 miles an hour.

The annual cruise of the club was to have been started next Saturday, but owing to many members being unable to arrange for their holidays the date will be definitely set later. It was decided to have week-end cruises during the summer months and to have a special cruise on Friday Day.

R. W. Carson was elected to the executive in place of R. W. Black, who retired.

Commodore Ronald McAvity took advantage of the meeting to present to Royden Foley a handsome silver trophy which he won with his speed boat on July 1.

MARINE NOTES

The Manchester Mariner sailed yesterday afternoon for Manchester after loading a part cargo here. She also loaded a part cargo at Philadelphia.

The Valmore sailed this afternoon for Liverpool with a general cargo.

The Kalmarsund is due here about July 15 with raw sugar for the local refinery.

The R. M. S. P. Chaudler is due to leave Bermuda on Friday for this port.

The Canada arrived at Liverpool on Monday from Montreal.

The Anders sailed last evening for England with a general cargo.

The five-masted schooner, Cora F. Cressy, the largest sailing schooner in the world, sailed for St. John last evening at 8 o'clock. With all sails set she made a fine appearance as she passed out to sea. The schooner discharged 1,200 tons of coal here and is to discharge the rest of her cargo at Bangor.

CITY STREET WORK

The civic department of public works is carrying out quite a programme of work these days. Commissioner Frink's men have completed the drainage system for the Allison grounds on the southern end and catch basins have been installed. Four men are now engaged working on the new West St. John playgrounds. The grader will be taken over there early next week to level the surface before seeding.

Curbing on St. James street is fairly well completed, as is curbing work in Douglas street. In the latter street an asphalt sidewalk is being laid. A sidewalk also is being laid in Clarence street. A new wooden culvert in Manners Sutton street, Millidgeville, has been completed and street repairs also are being made there. It was the original intention, Commissioner Frink said this morning, to use granite blocks for work at Mill and Paradise row, but owing to getting broken stone with asphalt covering.

CITY TAX BILL.
At head of the city lands department, Commissioner Bullock received today the city tax bill for property in Lancaster parish. One bill for the city school lot amounted to \$1,090.84, made up of an assessment on the lot of \$964.84 and \$126 by the Highway Board. The other bill amounted to \$2,078 for city property in the parish made up of \$2,328 for the lot and \$350 for highway purposes. The total bill is \$3,768.84.

SYNOD COMMITTEES.
Standing committees of the Fredericton Diocesan Synod are meeting at the Church of England Institute here today. Routine business occupied the time of a meeting of the finance committee with Bishop Richardson presiding. At the meeting of the board of church literature, Rural Dean W. H. Simpson was elected deputy chairman. The Rev. R. M. J. Curran, secretary, and Ronald Frith, treasurer. The Social Service Council also met.

ELKS SHOW GAIN OF 48,588 MEMBERS

In Convention in Boston Hear Reports—Welcome Work.

(United Press) Boston, Mass., July 9.—The extent and scope of the social and community welfare work, being done by the Order of Elks, throughout the United States, by the 1500 subordinate lodges, is set forth in a report made today to the national convention of Elks, in session here, by the Grand Lodge Committee on Social and Community Welfare. The report shows that the order of Elks has entered every social and community activity and that the subordinate lodges are the civic centres of their communities.

The committee also reports that the membership of the Order on June 1, 1924 was 874,950, as against 826,362, on April 1, 1923, a gain of 48,588. The activities engaged in by the local lodges, according to the report include: Education, support and encouragement of the Boy Scout, Girl Scout and Big Brother movements; war veterans relief; Thanksgiving and Christmas charities; hospital work, medical aid to the poor, summer recreation camps, parks playgrounds and swimming pools, outings for poor mothers and children and athletics. Approximately \$3,000,000.00 was spent in the last year by the Elks in charitable work alone.

A strong position is taken by the committee in the conservation of mother life and baby life. The order is urged to continue its work of supporting community nurses, furnishing pure milk and free ice for undernourished babies. Federal statistics are quoted showing that 20,000 mothers die needlessly every year in the United States for lack of prenatal care or through carelessness or incompetency; and that 200,000 babies die every year in this country before they reach one year of age, through parental ignorance and neglect. A visiting nurse's association, sponsored in each community by a subordinate lodge, and the establishing of welfare stations, from which pure milk can be provided babies, will be the means of saving thousands of the choice lives of the nation, says the report.

FROM HIGH SCHOOL AND COLLEGE SAME TIME.

Boulder, Colo., July 9.—Carl W. Connors of Denver received diplomas from high school and from the University of Colorado within 48 hours.

He had attended a Denver high school for a year when, in 1917, he enlisted in the navy. After service overseas, he resumed his education by enlisting as a special student at the University of Colorado. Arrangements were made for his credit hours at the university to apply toward his high school diploma. When he was graduated at the university, the high school also gave him a sheepskin.

He had incurred physical disabilities during his naval service, and his educational courses were under the supervision of the United States Veterans' Bureau.

Insurance Men To Fight Ordinance

Indianapolis, Ind., July 8.—Insurance agents of Terre Haute, Ind., are mobilizing to fight a proposed ordinance of the city council there which would require the insurance offices to take out a special license.

At a recent meeting of agents resolutions were passed opposing the ordinance. The passage of the ordinance would mean the payment of a fee of \$250 for an insurance office which is combined with a real estate office and \$10 for each clerk or solicitor. 9 fee of \$125 would be required from an insurance office alone, with \$10 for each office member. A bond of \$1,000 would have to be provided. The penalty for not meeting these obligations would be a fine of \$500, to which might be added 30 days in jail.

Good Health for Good Results Keep Efficient by Keeping Well This Letter Will Tell You How Brantford, Ontario—"I was always tired and the least exertion would put me out for a day or two. I had a pressing pain on the top of my head, pain in the nape of my neck, and when I stooped over I could not get up without help because of pain in my back. I did not sleep well and was nervous at the least noise. I keep house but I was such a wreck that I could not sweep the floor nor wash the dishes without lying down afterwards. A friend living near me told me what Lydia E. Pinkham's Vegetable Compound had done for her, so I began to take it. With the first bottle I felt brighter and got so that I could wash dishes and sweep without having to lie down. I have taken ten bottles all told and am now all better. I can truly say that your wonderful medicine cannot be beat for putting health and vim into a woman."—Mrs. JAMES H. MacFARLSON, 309 Greenwich Street, Brantford, Ontario. This letter is but one of a great number received every year from women, young and old, and from almost every walk of life. These letters testify to the merit of Lydia E. Pinkham's Vegetable Compound. Mrs. Wiley suffered mentally as well as physically, because her home and her children demanded the care and attention which she was unable to give because of her wretched health. Finally she tried Lydia E. Pinkham's Vegetable Compound, and in this letter tells what it did for her. The Vegetable Compound contains no narcotics or harmful drugs, and can be taken in safety by any woman. Your livelihood depends on your health. So try Lydia E. Pinkham's Vegetable Compound LYDIA E. COMPENSATION ACT IS POINT IN CASE

Argument is Presented in Matter of Suit Against Royal Hotel.

Before Mr. Justice J. H. Barry in Supreme Court Chambers yesterday afternoon argument of counsel was heard in the case of the estate of Thomas McCarthy, deceased, vs. Raymond & Doherty Co., Ltd. This action arose out of boiler trouble in the Royal Hotel on August 26 last, at which time, it is alleged by the plaintiffs, Thomas McCarthy, an employee of the company, suffered injuries from which death resulted.

The argument hinged on a point of law as to whether the plaintiffs could go into court in a common law action for their claim instead of applying to the Workmen's Compensation Board to determine the matter of dependency. The plaintiffs claimed this right, while the defendants contended that the former must first make application to the board, maintaining, in support of their argument, that section 12 of the Workmen's Compensation Act barred the plaintiffs' right as the hotel company were assessed under the act. The plaintiffs argued that this section was inoperative as the dependents of Thomas McCarthy resided in Newfoundland, contending that section 8 made the board not liable in that case. Argument was concluded, and the court will consider the matter.

W. H. Harrison, K. C. and C. J. Melliday appeared for the plaintiffs, and J. King Kelley, K. C. for the defendant company.

WEDDINGS

Boyd-Mills.

Rev. A. L. Tedford, pastor of Tabernacle Baptist church, was the officiating clergyman at the marriage yesterday of Miss Ethel Mills, daughter of Mr. and Mrs. Ace Mills, of Upper Gagetown, and Fred Boyd, son of Mr. and Mrs. Charles Boyd, also of Upper Gagetown. They were attended by Mrs. E. Canning and John Canning. The bride was groomed in a navy blue traveling suit with grey hat. Mr. and Mrs. Boyd will spend their honeymoon in the city, after which they will return to Upper Gagetown to reside. They were presented many gifts by relatives and friends.

DEATHS

Mrs. Bessie Biddington.

The death took place on July 7 at Buffalo of Bessie, widow of George Biddington, leaving two sons, four daughters, 11 grandchildren and 11 great-grandchildren to mourn. The sons are George, of Shodiac, and John J. of Buffalo; the daughters are Mrs. Thomas Wallace, Mrs. Edward Wallace, and Miss Florence and Bertie, all of Buffalo. Mr. and Mrs. Biddington were residents of this city many years ago and lived in Waterloo street. Mr. Biddington was a well-known business man here.

William L. Kelly.

The death occurred yesterday of William L. Kelly, son of Mrs. Mary and the late Lawrence Kelly. He was a young man and very popular among his friends and acquaintances. He was born and lived all his life at Pleasant Point. He had been in ill health for some time but had been confined to his bed only for the last eleven days. Besides his mother, there are left to mourn two brothers, John and Michael, of Fairville, and two sisters, Mrs. James T. Leonard of this city and Mrs. F. X. Morris, Church avenue, Fairville.

A. C. Branscombe.

Moncton, July 8.—The death of A. Coleman Branscombe occurred recently at the General Hospital, Vancouver, B. C. Pneumonia was the cause of death. The late Mr. Branscombe was formerly of Grand Lake, Queens county, N. B., and in his younger days followed the sea, being made captain at the age of 20. He was known among the older seamen as the "Boy Captain" and made some of the quickest runs between St. John and Boston ever made on a sailing vessel. His wife, formerly Miss Ida Smith, of St. John, died about eight years ago. He leaves one son, Elmer, five sisters, Mrs. McLean and Mrs. Darrah, Vancouver, B. C.; Mrs. Cowan, Cambridge, Mass.; Mrs. Smith, Maynard, Mass.; and Mrs. Elkin, of Southern Ontario; two brothers, R. C. Branscombe, Grand Lake, N. B.; and

DENTAL SOCIETY ELECTS OFFICERS

The annual meeting of the New Brunswick Dental Association was held yesterday in the Pythian Castle, Union street. Practically all the local dentists with about ten from various parts of the province were present. The meeting started at 10 o'clock in the morning and finished in the afternoon. Besides the election of officers only routine business was transacted. Encouraging reports from the officers were received.

At noon the dentists motored to the Riverside Golf and Country Club where a dinner was served, after which the party motored back to the city and concluded its business in the afternoon.

The officers for the ensuing term are as follows: President, Dr. G. T. Leighton, Moncton; vice-president, Dr. A. J. Coughlan, St. John; secretary, Dr. Frank A. Godsoe, St. John.

TO INDUSTRIAL HOME.

Two boys, one 12 and the other 10 years old, were brought to police headquarters last evening by Constable F. TEACHES SAFETY IN USE OF FIREARMS

Lieut.-Col. R. J. Birdwhistle, secretary of the Dominion Rifle Association, arrived from Ottawa yesterday and will attend a special conference of the New Brunswick Rifle Association here today. He will also confer with Lieut. Colonel Herbert C. Sparling, D.S.O., acting D.O.C. of Military District No. 7. Lieut.-Col. Birdwhistle has been in St. John many times, having been a

lecturer on first aid for the St. John Ambulance Association. Lieut.-Col. Birdwhistle said last evening that his aim was to teach safety in the use of firearms. He said that their proper use was beneficial to the steadying of the eye and nerves, and developed the judgment and concentration of those who practised rifle shooting. It taught the young strict attention to detail, he said.

C. N. R. OFFICIALS ACCEPT PAY CUT

Voluntarily Offer to Reduce Salaries by Day's Pay a Month.

Montreal, July 8.—If the board of management of the Canadian National Railways accept the offer of the officers of the railway to have their salaries reduced one day's pay per month during the period of curtailed receipts, it is pointed out that President Sir Henry Thornton will contribute more than \$1,600 in a year from his \$50,000 salary.

If accepted it is thought here that the officer's voluntary cut would last only as long as the reduction in hours for the men in the shops of the system continued. Towards the end of last month the employees at the C. N. R. shops at Pointe St. Charles, St. Malo, Leaside, Stratford and London were given the alternative of a reduction in working hours or a reduction in staff. The representatives of the men declared that they would not accept a reduction in working hours under their scheduled agreement with the company, consequently an order was given for the staffs to be reduced as from July 1. The voluntary reduction of salary would apply, if accepted, to all vice-presidents, general managers, superintendents and heads of all departments, in fact to every officer above the rank of chief clerk.

LIVES UP TO MOTTO OF "BUY AT HOME"

Emerging from a large store in the city the other day was a lady who said that although she had recently been in New York she had made up her mind that she would not bring home any gowns but purchase them in St. John. Her beaming face denoted a triumph here. When asked if she regretted her restraint while viewing all the smart clothes in the great United States metropolis, she said that she had actually purchased a gown here for less than she could have done in New York and quite as chic. She said that in St. John she determined to promote home trade and she hoped some day to have a tea and report that she wore a gown bought at home instead of from some outside city, as formerly.

A business man, who has come to St. John to reside, said yesterday that he saw great possibilities in St. John and could not understand why people did not boost their city instead of finding something to grouch about at every turn. He said that he had come here to earn his living and he would boost this city as he had Montreal, where he formerly resided. He added: "There are as pleasant people here in proportion to its size as anywhere I know and there is everything for St. John people to boast about if they only will 't the habit'."

PROF. E. N. PRINCE WILL BE RETIRED

Ottawa, July 8.—Professor Edward N. Prince, Dominion Commissioner of Fisheries since 1892, and before that a distinguished scientist and fishery authority in Britain, is among the prominent older civil servants now being retired by the Government. As the Government head of one of Canada's leading industries, Prof. Prince has given invaluable service to his country. In the last 32 years he has gone to every part of the Dominion from the Bay of Fundy to the Yukon.

SYNOD COMMITTEE MEETS.

The first of the N. B. synod committee meetings was held last night in the Church of England Institute rooms when the diocesan board of religious education convened with Rev. W. P. Dunham, of Fairville, in the chair. Routine business was conducted. The matter of arranging deannery Sunday school conferences was discussed. Among those present were His Worship Bishop Richardson, Archdeacon Newnam, of St. Stephen, Rev. Craig W. Nichols, of Bay du Vin, Rev. E. P. Wright, of St. Stephen, and Rev. W. P. Dunham, of Fairville. The other committee meetings will be held to-day.

SAUNDERS SPEAKS AGAIN ON SAFETY MEASURES

Captain A. P. Saunders is Heard by Westfield People.

A large and appreciative audience, composed of permanent and summer residents of Westfield, last evening attended a lecture at the Country Club, given by Capt. A. P. Saunders, of the Maritime Safety League, on the prevention of public accidents. The showing of the film "Ask Daddy," which is being used by the Safety League throughout the schools of the province was followed by a practical demonstration of the Shafer method of artificial respiration. George L. Warwick, chairman, stated after the demonstration that the audience was much impressed with the simplicity of the method and the splendid results that would undoubtedly obtain in cases of accident by having men at hand who were conversant with this vital knowledge. The next demonstration will be held at Rothgasy this evening.

Also this is confined to all children and besides being a practice disgusting to most people, is most unsanitary.

THE PRICE OF MOTHERHOOD Press wires, says the Vancouver Sun, carry the story of a 21-year-old girl who is the mother of five children. She is described as the most successful girl in Massachusetts.

There are some of the things she does. Makes, washes and irons the clothes of her five children, scrubs her floors, cooks the meals, gathers the eggs, cultivates her garden, feeds four pigs, makes her husband's income of \$20 a week cover all expenses. There are millions of mothers all over the world doing just as much, that their children may have happy, healthy, contented homes.

When children grow up they begin to realize the real application of Paul's message to the Corinthians: "Ye are not your own. For ye are bought with a price. And it is mothers who usually pay the price."

TAMS COMING BACK London, July 9.—The tam-o'-shanter is gradually being brought back to fashion as fashionable headgear for women golfers. On the North Foreland course, which has been crowded recently, every other woman player had adopted it.

At 21 Is Mother of Five Children

Mansfield, Mass., July 9.—This village lays claim to the most successful girl in the world.

It sounds an extravagant boast until you hear why: She is 21 and the mother of five healthy babies.

She spreads and stretches her husband's \$20-a-week income in such a manner as to keep the family larder filled, to pay all bills, to save enough that they have been able to buy a flivver.

She sings while she washes clothes (a daily task). She loves her children and they love her.

In the little shingled house at 126 South Main street you may find the girl, Mrs. William Nye, busy with her endless tasks. She looks as young as her age. Her clear blue eyes, her cheerful smile, and her flaxen hair bobbed in the latest cut make her a pretty girl.

Her children, Earl, 6, Florence, 4, Robert, 3, Kenneth, 2, and Gordon, 11 months, are fat and red-cheeked. They smile shyly at visitors, but soon are friendly and telling about how their dog, Sport, fell down the stairs and cut his leg, or about the 24 new baby chicks. When their mother calls them or corrects them they obey willingly.

"People ask me if I realize what a remarkable thing I am doing and I tell them I usually realize it about 10 o'clock every night." She laughs at that and quickly adds, "but I am not complaining. Things are getting better all the time."

"But you mustn't forget my husband," she urges. "He gets up at 5 o'clock every morning, too, works around here and then sets out to walk nearly four miles to the saw mill— you see, the car is being repaired now. And then he walks home at night and works until 10."

"How do I make the \$20 enough? Well, it takes care of itself. No, nothing like a budget. We buy what we need and don't buy what I can get along without. The house and land are clear so we have no rent. That makes it easier."

"We aren't saving anything right now," she explains, "because the car is costing something, but soon we can put a little aside each week."

Household budget experts might learn a thing or two from Mrs. Nye, to say nothing of what she could show child-raising experts, too.

"I look forward to it all with great pleasure," the mother declares. "Just think! When I am 85 I will have a 20-year-old son, an 18-year-old girl, a

POISON GAS NOW USED FOR HEALTH

Chlorine Gas Generators are Being Placed in Public Buildings.

The U. S. Chemical Warfare Service says that in the future, whenever epidemics of colds, "flu," bronchitis, or whooping cough threaten or prevail, chlorine gas generators will be installed in churches, schools, theatres, and other places of public assemblage, which under present conditions commonly serve as "foci" for the distribution and spread of such diseases.

That is by no means so absurd a suggestion as may at first appear. In France during the war there was a surprising degree of freedom from respiratory diseases in military camps located in sectors where chlorine was used as a weapon of attack; and this was surmised to be due to a small percentage of the gas in the atmosphere.

Even domestic animals may benefit by the new discovery. Recently a plague of distemper broke out among the horses of the artillery brigade at Fort Hayle, Maryland. Spreading rapidly, it threatened to destroy all the horses at the post, forty per cent. of them being affected. Chlorine gas got rid of the trouble.

CHILDREN HAPPY AT SUMMER CAMP

Fifteen Kiddies Go to Fair Vale—Only One of Them Lonesome.

The Lady Byng camp opened yesterday at Fair Vale with 18 children ranging in ages from five to fourteen years. The children were taken out in the afternoon in cars arranged for by J. S. Gregory and Mrs. E. C. Elkin. Reports from the camp last night said with one exception the children had a pleasant opening day on the beach and in the camp. The call for home was strong in one little girl but she in time became reconciled and went to sleep.

Vacation Suggestions

If you are closing the house for an extended vacation move the piano, victrola and bookcase away from the wall to avoid the dampness which is apt to settle in the walls of tightly shut houses. It may not be safe to leave windows open, but leaving all inside doors of rooms and closets open will give a free circulation and that will help some.

BROOKLYN PULLS UP ON CHICAGO

Reduce Lead for Second Place—Yesterday's Games in the Majors.

New York, July 9.—The Yankees failed to improve their opportunity to gain on Washington yesterday while the Senators were prevented from meeting Detroit by rain. Chicago breezed through to an easy 10 to 2 victory behind Thurston's skillful pitching in the first of a double header. In the closing engagement New York got to Lyons and Barnes for 16 hits, registering an 8 to 2 triumph.

In spite of a 7 to 0 lead at the end of the second inning Elmke, Red Sox moundman, lost an 8 to 7 decision to St. Louis.

In a game halted by rain at the end of the seventh inning Philadelphia shut out Cleveland, 4 to 0.

Three St. Louis pitchers failed to stop New York's vicious attack and the Giants drew first blood in the opener by a score of 11 to 0.

Brooklyn climbs. Brooklyn cut down the four-game lead by which Chicago held second place to three with a 13 to 11 see-saw triumph.

Pittsburg nursed its embroiled winning streak to four games by downing Boston, 8 to 8.

After 26 innings of fast baseball, Cincinnati and Philadelphia were no better off than when they started. The Phillies took the first by a 3 to 1 margin in 10 innings and the Reds reciprocated in the second with a 2 to 1 decision in 16 rounds. All four initial boxmen went the full route.

FAIRVILLE FOLKS HAVE BIG PICNIC

Methodist Sunday School Members Enjoy Day at Grand Bay.

One of the most largely attended picnics of the season was held yesterday at Grand Bay when the Fairville Methodist Sunday school held its annual outing in ideal summer weather. A royal celebration of the birthday of Superintendent William McCavour was one of the most enjoyable features of the day, the superintendent being the most surprised man there when a huge birthday cake was produced.

The baseball game was a lively contest and resulted in a tie between the married and the single men. Rev. James M. Rice, pastor of the church, was captain of the former and H. C. Sweet of the latter team. The score was 6-6.

The line-up was: For the married men, Rev. Mr. Rice, Byron Cameron, Fred Linton, W. J. Linton, David Linton, William Bunnell, Fred Fox, Roy Kirkpatrick and Wellington Lester. Single men: H. C. Sweet, Leslie Linton, Frank Vanwart, James Henderson, Robert Scott, Holly Phillips, Burton Scott, Leonard McColgan and Melville Rice.

Rev. Mr. Rice, a leader in football and baseball in his Mount Allison days, led the teams with old-time vigor and skill yesterday. Samuel Linton umpired and Perry Kelly was scorer.

Great praise was given Rev. Mr. Rice and William McCavour for their part in making the picnic such a success. They superintended the various activities, which included field sports, directed by Wellington Lester and William Bunnell; babies on the block, Fred Linton; ball toss, David Linton, and men's and ladies' bean beards, Willard Bunnell and Roy Drew. Miss Selena Ryan and Miss Muriel Kirkpatrick had charge of the tickets and Melville Rice and Frank Fox of the ice cream. The supper was in charge of Mrs. J. Cheeseman, general convener, assisted by Mrs. Arthur Long, Mrs. William McCavour, Mrs. William Golding, Mrs. Wellington Lester, Mrs. C. Bonnell, Mrs. Dane Crosby, Mrs. S. T. Cogle, Mrs. David Linton, Mrs. William Bunnell, Miss A. Smith, of St. Stephen, Mrs. Perry Kelly, Mrs. Fred Foley, Mrs. J. Burton, Mrs. Edward Kirkpatrick, Mrs. Arthur Sweet, Mrs. J. Evans and others. The refreshments were in charge of B. L. Woods; orangeade booth, Donald Rice, Burton Scott and Arthur Linton, and candy, Misses Florence Kelly, Eva and Nettie Taylor and Vivian McColgan.

The children of the primary department were each given a prize for running after supper and first and second prizes were given for each of the other 15 classes in the Sunday school. G. Hatchett gave several prizes, two each for the girls of 10, 14 and 16 and for the boys of the same age. Violet Graham won a marble clock and Evelyn Sergeant, a book, Donald Rice a fountain pen and Albert Clarke, a book. Mrs. Thomas Tolson and Miss Hazel Linton were prize winners for the ladies' bean board and George W. Hatchett won the prize for the gent's bean board game.

W. C. T. U. MEETS.
The meeting of the W. C. T. U. was held in Orange Hall, German street yesterday. Mrs. H. W. Thompson, president, was in the chair. Reports of the committees who visit the hospitals and the jail were given.

BOB TRAINER.
Chicago, July 9.—Hanley Webb, trainer of Black Gold, the Kentucky Derby winner, and now at Hawthorne track, was the victim last night of two bandits who robbed him of \$900, he reported to the police today. He was riding in a taxicab when the robbers cut him off to the curb. The bandits overtook a \$1,000 diamond studded watch presented to Webb by Mrs. R. M. Hoar of Tulsa, Okla., Black Gold's owner, after the Kentucky Derby. The police arrested the taxicab driver.

SAIL FOR ENGLAND.
Five Lieutenant-Governors, six chief justices, 33 judges of the Supreme Court of Canada, or magistrates, and some 250 other members of the Canadian Bar Association sailed from Quebec on the Montaurier last night for England. They will act as joint hosts with the British Bar to the American Bar Association's delegates at the International meeting in London in two weeks' time.

There are now 81,000 miles of railway and 23 million acres of canal irrigated lands in India.

Approves Railway Line In Province

Ottawa, July 8.—The Senate amendments to the Canadian National branch line bill regarding the line from Kingsclear to the St. Croix River were accepted by the House of Commons today.

Hon. G. P. Graham, Minister of Railways, said that he understood that the amendments accepted the principle that the Canadian National would be free to run its trains under its own crews to the gateway into the United States. He was therefore willing to adopt the amendments.

M. G. TEED DIES; LEADER IN LAW AND WORTHY CITIZEN

End Comes Suddenly at His Home Here at the Age of 66.

The death of Mariner George Teed, K. C., D. C. L., occurred suddenly this morning between 8 and 9 o'clock at his residence, 119 Hazen street. In his death St. John loses one of its most prominent citizens and the New Brunswick bar one of its foremost members. Although he had been ill for about a month with heart trouble, which caused cancellation of his intended trip to Europe to attend an international bar convention, death came rather unexpectedly after a severe attack this morning. As news of Mr. Teed's passing became known about the city, there were many expressions of surprise, shock and sympathy for the bereaved members of his family.

The body will be taken to Trinity church tomorrow afternoon for service at 12:30 o'clock, after which it will be taken to Dorchester for interment on Friday at 3 o'clock.

Mr. Teed was born in Dorchester, N. B., on July 16, 1858, a son of John Francis and Mary J. (Bulmer) Teed. He received his early education in the public schools of his native town, later studying at St. Joseph's College, Memramook, where he received the honorary degree of Master of Arts. He completed his general education at Mount Allison Academy.

In 1878, he started to read law with Dr. D. L. Hanington in Dorchester and four years later was admitted as an attorney. He was called to the New Brunswick bar in June, 1884, and in 1889 was created King's Counselor. From 1882 until 1896, Mr. Teed was associated with others in law practice in Dorchester, and from then until he came to St. John in 1903, practised alone. On his arrival in St. John, he became a member of the law firm of Hanington, Teed and Hanington, and more recently has been associated with his son, J. F. H. Teed. During his lengthy experience in legal matters, Mr. Teed has participated in many important cases which firmly established him as a leader in his profession.

He was president of the New Brunswick Bar Association from 1908 to 1910 and had been president of the St. John Law Society since 1913. In 1911 he was chairman of the Canadian Commission pertaining to the St. John river and the United States. He received the honorary degree of D. C. L. from King's College, Windsor, and at the same time was elected one of its governors. He was a governor of Wigan's Male Orphan Institution and chancellor of the Diocese of Fredericton.

On Sept. 6, 1887, Mr. Teed married Margaret A. Hanington, daughter of Hon. D. L. Hanington, D. C. L., president of the Supreme Court of New Brunswick, who survives him. He had four sons, two of whom were killed in action while serving with the Canadian forces in France during the Great War.

Hugh Mariner Teed, who was with the Canadian Infantry, and Daniel Lionel Teed, who was with the Canadian Field Artillery. The other sons are John F. H. Teed, who was associated with his father in the legal profession, and M. Gerald Teed, Dorchester. Four daughters also survive—Mrs. Phillip E. Palmer, who resides in Ottawa but is now at the Teed summer home in Dorchester; Miss Margaret H. Teed, of St. John, who received her degree of D. C. L. this year; Miss Dorothy I. Teed, teacher in Montreal, who is spending her vacation in Dorchester, and Miss M. Constance Teed, also now at the Dorchester home. At the interprovincial conference of members of the Board of Commissioners on Uniformity of Legislation, held recently in Quebec, Mr. Teed was re-elected president of the board.

Mr. Teed was a member of the Union Club and of St. George's Society. He was in religion an Anglican and served as a delegate to the Dominion Synod. In politics he was a Conservative. He had a host of friends who will be very sorry to hear of his death.

Loss to Anglican Church
As Chancellor of the Fredericton diocese, the late Dr. Teed took an active part in the affairs of the Church of England in this province. He was ex-officio member of the important synod boards, which are meeting in the city today. When news of his death reached the sitting of the Board of Finance in the Church of England Institute here this morning, regret was voiced on all sides over the sudden loss to the diocese of one of its most outstanding leaders. His Lordship Bishop Richardson, who was presiding at the time, immediately vacated the chair and hastened to comfort the bereaved family.

COLLISION.
A collision occurred in Main street this morning near Acadia street between street car No. 88 and an automobile owned by John Halliday. The automobile sustained considerable damage, but the car escaped with a few scratches.

This morning about 10 o'clock a street car and an automobile collided in Prince William street opposite the Customs House. It is said that the driver of the automobile was turning his machine to proceed along Prince William towards King street, when a green line car struck the rear end, sending the automobile around. The driver of the automobile escaped injury but the rear right hand wheel was broken, the rear fender and axle damaged. A passenger in the street car was thrown off his seat by the sudden application of brakes by the motorman in an endeavor to avert the collision. Outside a broken fender the street car was undamaged.

A YEAR'S WORK.
The steamer Grand Manan made 169 round trips last year in the service between Grand Manan and the mainland. The vessel carried 7,429 passengers, 3,249 tons of freight, 107 head of live stock and 6,398 bags of mail, according to the figures issued by the Canadian Department of Trade and Commerce.

CITY AND C. N. R.
Commissioner Bullock, who was a member of the local delegation that interviewed Sir Henry Thornton, president of the Canadian National Railways, last Monday in Montreal, was back at his desk at City Hall today.

He said the delegation was courteous and enjoyable. Friends extended their sympathy to the bereaved parents in their loss.

NEURALGIA, NOT DRUNK.
That he had neuralgia of the head and was unable to walk was the explanation offered by a man who appeared before Magistrate Henderson in the police court this morning charged with drunkenness. Policeman Conroy who made the arrest said he found the defendant hugging a pole in Britain street last night. He said the man had been drinking and had some beer in his possession. Magistrate Henderson said he would set the case aside until another policeman, who had been present, could be sent for. In the meantime the defendant decided to change his plea from not guilty to guilty and paid an \$8 fine.

JOY FOR MORE KIDDIES.
A continuation of Saturday's picnic is being given on the South End Playgrounds this afternoon by J. D. O'Connell for the benefit of the children who were unable to attend the first day or who did not receive their full share of the treat. However, Mr. O'Connell said this morning that he thought there would be enough good things for all the children who were on hand. He also said that up to this morning he had not received any word regarding the Wiggins boys. If they did not come to the city today he would go to Morrisdale tomorrow to see that they received their treat, which was already packed for them.

CRADLE ROLL RECEPTION.
In the Salvation Army hall at Brindley street (No. 3 Corps) an interesting and enjoyable time was spent by the babies who are cradle roll members, and their mothers, last evening. Mrs. Gillespie, who is cradle roll sergeant, displays great interest in this branch of the work and had tables well filled and beautifully decorated. After mothers and babies had had a good feast, speeches were given by the visiting officers namely: Brigadier and Mrs. Burrows, Staff Captain Ritchie and Young People's Sergeant-Major Wm. Young. People's Sergeant-Major Wm. Young made a total of 51 now. Ensign Friend, commanding officer, with his genial wife, gives keen attention to the development of the young people's work. At the close of the evening's address he expressed gratitude and pleasure in the presence of the officers and mothers. He also spoke highly of the efforts of Mrs. Gillespie and her work.

BELYEA'S SHELL BROKEN; MAY BE OUT OF OLYMPICS

New Blow Falls on St. John Sculler, Says Cable Today.

The bad luck that has been dogging Hilton Belyea's footsteps ever since he left St. John to represent Canada in the Olympic and Diamond Sculls caught up with him recently and dealt him a staggering blow when for the second time within a month, his new Sims shell was seriously damaged while in transit from England to the Olympic course at Argentuil, France. This news is contained in a Canadian Press cablegram received here this morning. The cablegram holds out little hope for Belyea's competing in the Olympics. It says:

"Colombes, France, July 8.—The racing shell in which Hilton Belyea, the New Brunswick sculler, was to have competed for the Olympic single scull championship, was broken while in transit from Henley to Colombes. Its replacement in time for the race will be difficult if not impossible."
The first link in the chain of misfortune that fate has been weaving for the local sculler was when he was struck by lightning, though not seriously hurt, when on his way to Wembley. The next was when a French customs official rammed a crowbar through the fragile covering of his new shell. The next was the spraining of his wrist while he was attending to his shell. Returning to England, the day before he was to start, he developed an acute attack of neuritis and was confined to his bed. Now comes the crowning blow—it is feared putting him out of the Olympics.

PEERLESS LODGE HAS INSTALLATION

W. H. Blair, Noble Grand of Peerless Lodge No. 19, 100 I. O. O. F., and his brother officers were installed at a well conducted ceremonial last evening in the hall in Simonds street. District Deputy W. R. Saunders officiated, assisted by the following grand officers: W. J. Watson, grand marshal; W. McRidge, grand warden; C. W. Seeger, grand recording secretary; C. L. Harding, grand financial secretary; W. Seeger, grand treasurer; H. Boyer, grand inside guard; H. Robinson, grand chaplain; F. W. Stanton, grand organist. The officers are as follows: W. H. Blair, N. G.; W. Garret, V. G.; M. D. Morrell, R. S. G.; A. Chase, P. S.; F. M. Smiler, treasurer; Chas. Ledford, warden; A. Fitzgerald, conductor; E. Marshall, I. G.; W. Chipman, O. G.; W. A. Seeger, N. S. N. G.; H. Ferris, L. S. N. G.; A. H. Washburn, chaplain; G. Blizard, H. S. V. G.; W. J. Seely, L. S. V. G.; W. A. Spragg, R. S. S. C.; C. W. Seeger, S. S. F. W. Stanton, organist.

LEAGUE OF NATIONS ADDRESS.

Citizens of St. John who are interested in the motive that is behind the League of Nations will be afforded a great opportunity for information in hearing the address that will be delivered in Pythian Hall tomorrow night by Frederick Whelan, of England. Mr. Whelan is an eloquent and appealing speaker and has been touring from British Columbia to the maritimes in order to supply all local needs of the Canadian League of Nations. The objective of the British League of Nations. The secretary of the St. John Board of Trade had an opportunity of meeting Mr. Whelan in Winnipeg and hearing his address, and he was greatly impressed not only with the information he had to impart but with the spirit that moved him in his work. The address tomorrow will be free to the public and a large attendance is anticipated.

SUNDAY SELLING.

Hon. J. P. Byrne, Attorney General said yesterday that he had received no recent reports on Sunday selling in St. John. Reports of that nature were communicated to him some time ago and he issued a reply to the effect that for the sale of bread or similar goods he would institute no prosecution. Since then more reports were made by city police but evidently were not forwarded to the Attorney-General.

As Hiram Sees It

"Hiram," said the Times reporter to Mr. Hiram Hornbeam, "what instrument is that you have under your arm?"
"Want to hear me play it?" queried Hiram.
"Why, yes," said the reporter. "I had no idea you were musical."
Hiram produced a thing of wheels and cogs which, when he turned a crank emitted a series of low and horrible noises that fairly split the reporter's ears.
"Enough!" yelled the reporter at the first whirl of the crank.
"What in the world will you do with that thing?"
"I'm a gonto take it down to that there South End ball ground," said Hiram, "an' I'm gonto set down alongside o' the feller in the grandstand that keeps hollerin' to everybody and to do, when he starts I'll start—'an' we'll see who kin make the wust noise—an' the most. I led to listen to him las' night—but, by Hen—he'll hev to listen to me the next night—'an' I wouldn't mind if he wasn't so all-fired one-sided. I like to holler fer a good play—no matter who makes it—that's what makes the game worth while. An' if the teams hucked an' threatened to quit playin' after the crowd went down to see the game I'd turn the hose on 'em—yes, sir—I would so."
