SIXTEEN PAGES—ONE CENT

AGAIN BITTEN HIT OFF DOAK

Features Yesterday in the Big Ball Games

Golden Myth Wins Eclipse Stakes of 10,000 Sovereigns at Sandown Park—Big Day With the Golfers and on the Grand Circuit.

(Canadian Press.)

New York, July 14—Pitching his second one bit game of the season, Bill Doak, crack spitballer of the Cardinals, captured a one to nothing duel from Singleton of the Phillies, and, as the Giants lost, put the Cardinals today within three and a half games of the leaders.

Besides dropping a twelve inning game to Chicago, 5 to 4, when Gausey severed of its star third sacker, Heinie Groh, who had just returned to the game after being on the bench a month with an injured knee. Groh twisted the same knee again trying to field a bunt and was carried off the field.

After losing seven straight games in the west, the Dodgers finally emerged from their slump to beat the Reds 4 to 3, due to better hitting in the pinch and Vance's steady pitching.

Hellmann's two homers and another by Veach could not stop the Tigers from losing their third in four games to Philadelphia, 9 to 4. Hellmann now has been credited blows to his credit.

Good relief pitching by Lindsay and an eighth inning rally gave Cleveland its third straight victory over Boston, 4 to 2.

Chicago, July 14—The Grand Circuit racing car today at the Fort Miami track, originally scheduled for Thursday but put over to Friday on account of Tuesday's rain, is the banner card of the week, consisting of five races, including the free-for-all pace, the Fort Miami stakes for 208 drivers, with \$2,000 added money and the Crescus stake, for two-year-olds.

The free-for-all pace is the largest in number of entries ever run at Fort Miami, with six, including the greatest race horse of all time, Single G. Eight are to start in the Fort Miami stake, while seven royally bred juveniles will make their first appearance in the Crescus stake. Two other classes also will start this afternoon.

British Tour.

Sandown Park, Eng., July 14—Golden Myth, by Tredennis, out of Golden Lily, owned by Sir George Bullock, won the Eclipse stakes of 10,000 sovereigns, one mile and a quarter, run here today. Viscount Astor's Tamar was second and Sir Henry Bird's Monarch was third.

Strasbourg, July 14—Nineteen motor cars weighed in here yesterday for the Grand Prix, which will be run on next Saturday over an Alsatian circuit for the first time. Eleven French, five British and three Italian cars qualified for the race. The drivers include Nasser, who won the Grand Prix with an Italian car in 1907, and Wagner, an old timer of French speed trials. The course is a triangular one starting just west of Strasbourg, and covers one of the most picturesque regions in Alsace.

The Golfers.

Glencoe, Ill., July 14—Seventy-nine golfers, survivors of a field of 825 which numbered the champions and most of the greatest players of every golfing nation in the world, today started the 72 hole fight for the U. S. national open golf championship, shooting over the Skokie course with playing conditions as near perfect as human hand and ideal weather could make them. Tonight these competitors will have reached the halfway point—36 holes—and tomorrow will come the final half of the titanic contest with the players turning in the lowest scores for the two days to play an excellent idea of the comprehensive of the field.

Chick Evans, of Chicago, U. S. amateur, plays alongside George Duncan, British professional; John Black, Pacific coast professional, is with Joe Kirkwood, pro from Australia; Jim Barnes, of Washington, present U. S. open champion, is paired with Bob MacDonald, of Chicago, one of the best middlewestern professionals; Abe Mitchell, England's professional wonder, plays with Harry A. Johnson, St. Paul amateur; Wm. Hunter, one of England's great amateurs and former British champion, is playing with Bennett French, the Youngtown, Ohio, professional; Tom Kerrigan, eastern pro and Jack Hutchinson, of Chicago, formerly British open champion, are playing together. Bobby Jones, of Atlanta, the south's greatest amateur team off with Walter Hagen, of Detroit, the U. S. pro who recently won the British open championship.

PROBE PUBLIC EXPENDITURES AND TAXATION

London, July 14—(Canadian Press.)—Hon. H. Burton, K. C., minister of finance for the Union of South Africa, says a Reuter cablegram from Cape Town, announced in the House of Assembly yesterday that the government had accepted the principle of a recommendation made by the public accounts committee of the assembly regarding the appointment of a non-parliamentary committee for the purpose of scrutinizing the expenditures.

Steps would be taken immediately to appoint a committee to investigate the provincial expenditure and taxation, the finance minister said. There has been considerable public dissatisfaction over

NO GOOD PURPOSE SERVED IN THIS

Flag Incident at Larkin Meeting of Irish Extremists in Montreal.

Montreal, July 14—A little while before Jim Larkin, an Irish labor agitator, opened a meeting in the Auditorium Hall here last night in favor of the Irish Republic, a woman seized the Union Jack from the platform and threw it under the piano. Asked what he thought of this incident, Larkin said he had not objected to this treatment of the flag of Great Britain "because wherever the Union Jack flies, there is no liberty." He made a violent attack on Premier Lloyd George and made contemptuous references to Arthur Griffiths and Michael Collins as having been won over by the British government.

The meeting was held under the auspices of the Irish Republican League of Canada.

SAYS PEACE OF EUROPE INVOLVED

Paris Newspaper's Threat to "Upset the Apple Cart"

Paris, July 14—Germany's attitude on the reparations question "has brought into question the entire peace of Europe," says Le Temps. It demands that the French government inform the British government that France can pay nothing on her war debts, either interest or principal, so long as the French treasury has not received the equivalent amounts due her for reparations.

"And if there is an attempt to override France," the newspaper adds, "the French government can do nothing else than recover its liberty of action as our British friends say, 'Upset the apple cart.' She has the means to do so."

Paris, July 14—The reparations commission's committee on guarantees is to return to Paris from Berlin on Sunday, and a special meeting of the commission has been called for Monday for a report on the financial situation in Germany and on the extent to which the German government has put into effect the financial reforms demanded by the commission.

On this the commission's decision concerning moratoriums for Germany largely will be based.

British Position.

London, July 14—Answering a question in the House of Commons, Prime Minister Lloyd George said a communication had been addressed by the German government to the Reparations Commission and that the text would be circulated in the official report.

Mr. Lloyd George said it would be necessary for the British and other governments to consider seriously the matter and to consult each other and the Reparations Commission concerning it. He was unable to make a statement on the British government's attitude beyond saying that it considered it absolutely necessary that such a respite should be given to Germany as it was necessary to enable her to restore order in her finances and thus be in a position to make reasonable payments on her obligations at the earliest possible moment.

To a deputation from the National Union of Manufacturers who urged the enforcement of the German reparation agreement, the premier said he entirely agreed with the desirability of enforcing reparations, if it could be done without harming Great Britain more than Germany. The situation with regard to Germany's external trade was not so rosy as the members of the deputation seemed to think, Lloyd George said.

The late Dr. Walter Rathenau, German foreign minister, had estimated the export trade of Germany at twenty-five per cent of that previous to the war, and the French estimate of the German export trade was forty per cent of the pre-war exports. How could Germany, the premier asked, raise much capital on that basis of exports?

VETERANS HAVE NEW EXECUTIVE

Riley and Conferees Resign After Meeting of Hikers in Queen's Park, Toronto.

Toronto, July 14—Following a meeting of General Riley's hikers in Queen's Park last night, when the general said the offices of the Associated Veterans of Canada would be partially closed until the fall, the members of the association adjourned to their offices where after a somewhat lengthy discussion the members of the old executive resigned office, including General Riley, and a new executive was elected.

The old executive resigned on the ground of unfair criticism by some of the members in the rank and file. The new executive was given the books, office equipment and was also promised all co-operation and help possible by the retiring officials. The members of the new executive are—J. Davidson, R. Ross, R. A. Lockwood, G. Hibbert, A. J. Canvett, J. H. Shipman, W. C. Logan, C. Cannett, A. Reid and W. Folley. They will now conduct the business at the association offices.

Major Blake in Bagdad.

Bagdad, July 14—Major W. F. Blake, British aviator, arrived here from Zian Palestine, at four a. m., on his attempted flight around the world.

PARIS POLICE PREFECT SHOT AT

Believed It was Intended to Kill President

Paris, July 14—Considerable excitement was caused during the return of the presidential cortège after a military review at Longchamps, when an unidentified man fired twice at the carriage of Armand Naudin, police prefect of Paris, which was proceeding the carriage of President Millerand, in the belief that it was President Millerand at whom he was aiming.

The man, who is about twenty years of age, and appeared demented, was arrested after having been beaten badly by the crowd.

Paris, July 14—Three shots were fired today at Prefect of Police Naudin by Gustave Bouvet, an anarchist well known to the police, in the belief that it was President Millerand at whom he was aiming.

None of the Shots Took Effect.

The shots were fired while the parade was passing along the Champs Elysees at the corner of the Avenue Marigny. The assassin was standing behind a woman and the flare from the revolver scorched her dress.

The dense crowd around was a first terrified by the shot. Then it turned upon the man who had fired them and he was being beaten by the enraged spectators when the police came up and seized him.

Two New Marshals.

Soldiers of France from the land, sea and air forces passed in review today before President Millerand and a crowd of hundreds of thousands of persons at the annual fourteenth of July military pageant, the chief feature of Bastille day.

Three marshals of France—Foch, Joffre and Petain—were present to see the marshals' baton presented by the head of the state to Generals Payolle and Franchet D'Esperey.

DID HE MEAN MRS. ASQUITH?

Sir Auckland Geddes Scolds British Speakers Who Visit U. S. and Lecture Americans.

Toronto, July 14—A cable from London to the Mail and Empire says: Margot Asquith is believed to be one of the persons Sir Auckland Geddes has in mind when addressing the Pilgrims last night, when he criticized some of the British speakers who had been not only lecturing in America, but lecturing Americans. "It is necessary to get British people of good will to travel in the U. S. not to deliver lectures to America, but rather to keep their mouths shut until they have seen America."

END SEEMS VERY NEAR AT HAGUE

Credits Committee Fails to Agree on Russian Question Reported New Instructions Sent to Krassin.

The Hague, July 14—The sub-commission on credits of the conference on Russian affairs, in which a last chance for breaking the deadlock in the conference was believed to remain, failed to reach an agreement after a three-hour session today, and Russians and non-Russians alike agreed that there was apparently no chance of continuing the conference.

It was agreed among the representatives of the powers before the meeting today that the Russians were to be informed that as the basic negotiations over the property question had failed, it was useless to continue the discussion regarding credits, because the credits asked by the Russians were inevitably conditional upon an arrangement concerning confiscated property.

London, July 14—New instructions have been forwarded by the Soviet government to Leonid Krassin of the Russian delegation at The Hague conference, which may prevent a definite break in the negotiations there, says an Exchange Telegraph despatch from Copenhagen, quoting advice received by way of Berlin.

MONTENEGRO IS NOW OFFICIALLY OFF WORLD MAP

Paris, July 14—By fixing the boundaries between Albania and Yugoslavia the ambassadors' council yesterday gave official recognition to the disappearance of Montenegro from the map of Europe, which was a matter of fact dates from 1919.

As Hiram Sees It

"Hiram," said the Times reporter to Mr. Hiram Hornbeam, "I begin to have some understanding of the feelings of the ancient sun worshippers. Do you suppose if we re-established this religion we could get a few more streaks of sunshine in St. John? When Old Sol warmed us up this morning I guess we'll pull through. You ought to see how things is growing out to the Settlement. Just keep an overcoat 'n' umbrella handy 'n' look pleasant. We're doin' fine—even when 'n' boiler. I don't think about nothin' things our own way—yes, sir."

London, July 14—Formation of an army council in Dublin and the re-organization of the general staff of the National army are believed to presage important early movements against the insurgents in Southwestern Ireland. The military censorship, however, has been clamped down tightly in the Irish capital, and nothing authoritative has reached London regarding plans for the campaign.

Another Belfast report tells of a strange conflict at Timahoe. When Nationalist forces from Mullingar arrived there on Wednesday night, hoping to persuade the irregulars holding the barracks to surrender, they found the place strongly defended. The National commander, Captain Conboy, issued an ultimatum and after a long discussion among the garrison about half, numbered one hundred and twenty, marched out toward the National army.

DRESS RULE FOR STUDENT NURSES

Mother Superior of Ottawa General Hospital Explains Why They are Issued.

Ottawa, July 14—A nurse's profession is one of the highest held by women, and that is one of the reasons that I think girls who are preparing themselves for this noble calling should dress in a fitting manner and not imitate the woman of the street," said Rev. Dr. Felix De Valois, superior of the Ottawa General Hospital when interviewed as to her reason for issuing on July 9th an order re nurses dress.

"After August 6, all nurses in training will be strictly required to wear, when they are not on duty, dresses with sleeves covering at least three quarters of the arms length, not decollete, and no shorter than nine inches above the ground. All those who do not care to advise me to that effect, so that I may give admission to others who want to come and follow the courses here."

Other city hospitals state that no such rules have been issued to their nurses in training, but that it is expected of them to dress in a sensible manner becoming to their profession.

BURIED TODAY

The funeral of James N. McLaughlin took place this morning from his parents' residence, 41 Elliott row, to the Cathedral for high mass of requiem, celebrated by Rev. B. Nugent. Interment was in the new Catholic cemetery.

The pall-bearers were W. Bridge, G. Harris, F. Curry, John McGrath, Gerald Sharkey and J. McGrath. A large number of sprightly and floral offerings were received. Among the latter was a wreath of roses from the staff of the C. P. R. telegraph.

Other city hospitals state that no such rules have been issued to their nurses in training, but that it is expected of them to dress in a sensible manner becoming to their profession.

LOCH LOMOND ASSOCIATION.

At the first annual meeting of the Loch Lomond Protective Association, held yesterday at Johnston's Hotel, Loch Lomond, the following officers were elected: President, K. J. MacRae; treasurer, A. Gilmore; secretary, B. Stevens; members of executive, Alexander Johnston, George McCafferty, H. S. Keith, G. Simbald and William Mowatt. Matters of routine nature were disposed of, and dinner was enjoyed at Johnston's Hotel.

TICKET COMMITTEE MEETS.

A meeting of the ticket committee of the St. John Exhibition Association was held this morning in the office of George Ellis, and arrangements made for the distribution of strip tickets and other kindred matters.

PHILIZ AND PHERDAND WEATHER REPORT

Issued by authority of the Department of Marine and Fisheries, R. F. Stupard, director of meteorological service.

CENSORSHIP IN IRELAND STRICT

Signs, However, Point to Important Movements

A Strange Battle at Timahoe—Mr. Churchill Speaks on Question of Arms Supply—Statements by Regulars and Republicans.

London, July 14—Formation of an army council in Dublin and the re-organization of the general staff of the National army are believed to presage important early movements against the insurgents in Southwestern Ireland. The military censorship, however, has been clamped down tightly in the Irish capital, and nothing authoritative has reached London regarding plans for the campaign.

Another Belfast report tells of a strange conflict at Timahoe. When Nationalist forces from Mullingar arrived there on Wednesday night, hoping to persuade the irregulars holding the barracks to surrender, they found the place strongly defended. The National commander, Captain Conboy, issued an ultimatum and after a long discussion among the garrison about half, numbered one hundred and twenty, marched out toward the National army.

MOTHER SUPERIOR OF OTTAWA GENERAL HOSPITAL EXPLAINS WHY THEY ARE ISSUED.

Ottawa, July 14—A nurse's profession is one of the highest held by women, and that is one of the reasons that I think girls who are preparing themselves for this noble calling should dress in a fitting manner and not imitate the woman of the street," said Rev. Dr. Felix De Valois, superior of the Ottawa General Hospital when interviewed as to her reason for issuing on July 9th an order re nurses dress.

"After August 6, all nurses in training will be strictly required to wear, when they are not on duty, dresses with sleeves covering at least three quarters of the arms length, not decollete, and no shorter than nine inches above the ground. All those who do not care to advise me to that effect, so that I may give admission to others who want to come and follow the courses here."

Other city hospitals state that no such rules have been issued to their nurses in training, but that it is expected of them to dress in a sensible manner becoming to their profession.

BURIED TODAY.

The funeral of James N. McLaughlin took place this morning from his parents' residence, 41 Elliott row, to the Cathedral for high mass of requiem, celebrated by Rev. B. Nugent. Interment was in the new Catholic cemetery.

The pall-bearers were W. Bridge, G. Harris, F. Curry, John McGrath, Gerald Sharkey and J. McGrath. A large number of sprightly and floral offerings were received. Among the latter was a wreath of roses from the staff of the C. P. R. telegraph.

TICKET COMMITTEE MEETS.

A meeting of the ticket committee of the St. John Exhibition Association was held this morning in the office of George Ellis, and arrangements made for the distribution of strip tickets and other kindred matters.

PHILIZ AND PHERDAND WEATHER REPORT

Issued by authority of the Department of Marine and Fisheries, R. F. Stupard, director of meteorological service.

Synopsis—Pressure is now highest over the Great Lakes and St. Lawrence Valley and lowest in Saskatchewan. Rain fell during the night in Nova Scotia, but the weather is now clearing there, and is quite fine and warm in all hands and of the dominion.

Forecasts: Fair; Moderately Warm.

Maritime—Moderate north and northeast winds, clearing Saturday. Fair and moderate on Sunday.

Gulf and North Shore—Light to moderate winds, fine and warm today and on Saturday.

New England—Generally fair tonight and Saturday; moderate temperatures; light to fresh northwest winds.

BORIS MAKES A ROYAL JOKE

Reported Lloyd George is Asked to Find a Bride for Him.

Sofa, July 14—Premier Stamboulysky is understood to have asked David Lloyd George to suggest a suitable British male for King Boris. To this the British premier is said to have replied humorously that he had not yet been able to find a wife for the Prince of Wales, and that Boris would have to wait, as the supply of royal princesses and other titled ladies in Europe seemed to be depleted.

When the correspondent asked the king about his reported desire to marry, he said laughingly: "If you believe what some of our neighbors say, my throne is rather insecure and might not support two."

THE TURKS HAVE A NEW CABINET

Nationalist Government Resigns When Law to Curtail Kemal Pasha's Power is Passed.

Angora, July 14—The Turkish Nationalist cabinet resigned yesterday as a result of the adoption by the Angora assembly, of a new law providing that the members of the executive council shall be made by parliament as a whole instead of by the president national assembly.

The National Assembly has elected a new cabinet, in which Reuf Bey succeeded Pasha as prime minister. Four ministers of the old cabinet were re-elected. The unionists or "extremist party" won three seats in the new cabinet.

IS MANGLED TO DEATH IN FACTORY

Workman 64 Years Old Caught in Machinery in Rodney, Ont.

Rodney, Ont., July 14—Caught in a shaft while engaged at his duties in a shaft work here late yesterday, George Robertson, sixty-four years of age, former Londoner, was mangled to death before his fellow workmen could rescue him. His body was torn and mutilated beyond recognition.

Three minutes elapsed before the employees succeeded in shutting down the machinery. A wife and three daughters and two sons survive.

TIGHTEN LAWS RE LIQUOR SHIPMENT

Jamaica Legislative Council Has Passed Stringent Customs Regulations.

Kingston, Ja., July 14—Supposedly to prevent smuggling of whiskey and gin into the U. S. the legislative council yesterday passed a stringent customs law. The government had received evidence that shipments cleared from neighboring colonies have been trans-shipped at sea instead of being landed at the port for which they cleared. The new law provides that spirituous liquor will be allowed to be shipped only under certain stringent conditions.

HIS NICE LAWN IS "PULLED UP"

Hamilton Man After Sods Went to Wrong Place for Them.

Hamilton, Ont., July 14—Mistaking the spacious lawn in front of the residence of John H. Clappison, president of the Hamilton Engine Packing Co., for a vacant lot from which he had a contract to cut sods, a man who had just concluded a bargain with Alderman C. Herbert for the sods from the latter place, with two assistants, carted away practically all the beautifully kept turf which had been the pride of local gentlemen.

GOVERNMENT TO TAKE OVER FAMOUS RANGH

Regina, July 14—The famous Matador ranch, comprising 12,000 acres of federal grazing lands, north of the Saskatchewan river, is being acquired by the Saskatchewan government on leasehold terms for community grazing purposes.

NEW CRISIS IN THE RAILROAD STRIKE

Threats Now Made by Maintenance of Way Men.

Chicago, July 14—Strike threats by maintenance of way employes, overshadowed the last ten days by the shopmen's strike, broke out again today, as it neared the end of its second week.

Fresh outbreaks of violence, notably in Texas, Oklahoma and Missouri; American Locomotive Co. that members of the council refused to work on locomotives sent to the shop for repairs since the strike of the railroad repair men. More than 200 employes of the company voted.

STRIKE CALL FOR ENGINE MEN

Chicago, July 14—A strike call to the 8,000 stationary firemen, engineers and oilers employed on railroads throughout the U. S. has been issued, so Timothy Healy, international president of the organization, announced today.

A RING OF FIRE ROUND NANAIMO

Nanaimo, B. C., July 14—Forest fires again surrounded this town yesterday, strong winds which fortunately dropped at sundown fanned smoldering fires which had drawn a ring of fire about the town. The greatest uneasiness prevails and 400 men are working in shifts to protect life and property.

SOUTH RUSSIA IN CHOLERA GRIP

Berne, July 14—Cholera is raging in Southern Russia, according to a message received by the Ukrainian representative here. One hundred cases are reported daily at Rostov-on-Don and about 125 at Odessa. About fifty per cent of the cases are proving fatal.

CHIEF DESIGNERS' LATEST CREATIONS

Men's Suits for Business and Play Have Four Pieces.

Creary's have just received three of the original models created by the Chief Designer of Semi-ready clothes—suits with both trousers and golf style knicker-bust man who likes the outdoor summer life of Canada—whether his pastime be golf, lawn bowling, cricket, fishing or any other game. The "English Gifter" and the "Dixie" have a great vogue in golfing centres, and the Designer believes that "The Pro," a new model, will have an even broader appeal. The follow-through pleats, a conception born of many conferences between champion golfers and the artist, are shown in each of the three styles.

Do You Like the Movies?

Unable to make out the pictures clearly, many people do not care for the movies. Faces, foliage of trees, little details that persons with normal vision are attracted by, are hidden from them.

Be certain that your vision is correct by an examination at Boyaner's. Satisfactory service guaranteed. D. BOYANER, Optometrist. 311 Charlotte Street.

FOR A BETTER CUP OF COFFEE buy

Humphrey's Freshly Roasted Coffee Sold retail at HUMPHREY'S Coffee Store 14 King Street.

Don't Spoil Your Child's Hair by Washing It

When you wash your child's hair, be careful what you use. Don't use prepared shampoos or anything else that contains too much alkali, for this is very injurious, as it dries the scalp and makes the hair brittle.

You can get Mulsified at any drug store, and a few ounces will last everyone in the family for months. Be sure you get Mulsified. Beware of imitations. Look for the name Watkins on the package.

VETERAN HIKER WHO WAS HERE NOT WANTED IN LONDON

Many St. John citizens will recall the many transatlantic hikers who passed through the city last summer, and one of the most interesting of these was one by name of W. H. Coulter, a veteran of the C. E. F. who said that he had been given twenty-eight days' field punishment No. 1 while serving in France, and was strapped to the gun carriage during action. Coulter wrote verses on this alleged punishment and named one major in particular as being the cause.

SHORT'S "Dyspepticure" IN ALL STOMACH TROUBLES

Thousands of bottles have been sold without any advertisement whatever, because it relieves the most stubborn cases of INDIGESTION and CHRONIC DYSPEPSIA. Pamphlets free on request. Price 50c. and \$1.25 Mailed anywhere on receipt of \$1.25. SHORT'S PHARMACY, 6-10 St.

FEW BABY CARRIAGES ARE SEEN IN PETROGRAD

Thousands of infants out for airing Carried in Mothers' Arms—No Ice for Peasants.

Petrograd, June 16.—(By Mail)—The sunshine of summer marks evident Russia's lack of baby carriages. There are no trim nurses wheeling babies along the park paths, and rarely is a perambulator seen.

Thousands of babies out for an airing are carried in their mothers' arms. Russian babies of the peasant type die by thousands in the hot summer and their tiny bodies know few or none of the cooling comforts of screened and shady porches. The use of ice for keeping milk is practically unknown.

ROCKEFELLER KIND TO PHOTOGRAPHERS

Lets Them "Snap" Him at Will, But Makes Them Go to Tarrytown Church First.

Notoriously "camera-shy," John D. Rockefeller allowed news photographers to take all the photographs they wanted on Sunday, the day following his eighty-third birthday anniversary, after church services in the New Community Church at Tarrytown which Mr. Rockefeller attends regularly during the summer months.

When the services were ended, the congregation filed out, exchanging greetings with the Rev. Dr. Nelson, the pastor, and with each other. Mr. Rockefeller was in the thick of the crowd about the door, bowing and smiling to those who passed to congratulate him on his anniversary. Not until most of the congregation had departed did the oil king leave the door.

Something Unusual Has Happened!

While there have been any number of "sales" and "special events" all over the city this season, our prices have stood the test because they were the lowest to be any where on equally good clothes—sale or no sale. But now that the time has come for us to make a complete clearance of everything on hand, what truly extraordinary values these goods are at the bona fide reductions named below.

Toast It—Delicious Raisin Bread

DO this some morning and surprise the family: Serve hot raisin toast at breakfast, made from full-fruited, luscious raisin bread. Let your husband try it with his coffee. Hear what he says. Your grocer or bake shop can supply the proper bread. No need to bake at home. Made with big, plump, tender, seeded Sun-Maid Raisins, and if you get the right kind there's a generous supply of these delicious fruit-meats in it. Insist on this full-fruited bread and you'll have luscious toast. Rich in energizing nutriment and iron—great food for business men. Make most attractive bread pudding with left-over slices. There's real economy in bread like this. Try tomorrow morning. A real surprise. Telephone your dealer to send a loaf today.

SUN-MAID Seeded RAISINS

Make delicious bread, pies, puddings, cakes, etc. Ask your grocer for them. Send for free book of tested recipes. Sun-Maid Raisin Growers Membership 13,000 Dept. N-351-11, Fresno, Calif.

32 CRAPSHOOTERS CAUGHT IN RAID

Police Swoop Down on Boys' Open-Air Gambling Club and Tote Whole Outfit to the Station House.

New York, July 14 - Ann street's younger crap-shooting set was rudely interrupted in its regular lunch-hour pastime, when reserves from the Oak street police station swept down and rounded up thirty-two youthful votaries of the rolling bones.

The raid came off so suddenly that Phil Brettenkopf, all-star hot meatball operator of Max's Busy Bee, had no time to give the alarm. Phil's stall is right up in the forefront of things at the corner of Ann and Theatre Alley,

WEDGEWOODS "Blue Ferrara" Tea and Breakfast Ware

Attractive shapes in Blue Scene Decoration. O. H. Warwick Co., Limited 78-82 KING STREET

but all Phil had time to do was to shout an inarticulate "Oh" as he saw the raiders descending from two directions. The sight of the blue uniforms surging in their midst sent the assembled sportsmen scattering in all directions. Galloping dominoes never galloped so fast as did those youngsters of Theatre Alley in their haste to get away from there. But every exit had been cut off. Excitement in Max's Busy Bee was intense as the patrol wagon drew up

and carried off the first dozen culprits. Two trips were necessary to cart off the entire prize. Ann street's return to normal was distressingly slow. In fact, they're still buzzing about the big raid at this writing.

BANK TELLER ACCUSED BY PEGGY JOYCE SURRENDERS

New York, July 14—Nelson D. Bosanko of 94 Webster avenue, Port Washington, L. I., who was formerly ladies' teller in the Metropolitan Trust Company's Fifth avenue branch, at 716 Fifth avenue, walked into the office of Harold W. Hastings, Assistant District Attorney, and surrendered to answer an indictment against him, charging grand larceny in the first degree. He was indicted about two months ago following the appearance before the Grand Jury of Peggy Joyce, actress. It was charged that in December he had stolen \$2,000 from Miss Joyce, and that when she sent \$14,000 to the

BETTER THAN HARD COAL

Soft coal so free from soot that it does not make whistlers on stove covers or pipe and does not mat or cake when burning, is far better than Hard Coal for general household use. Quicker to light, takes less to make a fire, cheaper in price and can also be used for open fires and small heating stoves. Such a coal is Broad Cove soft coal. The main thing is to insist on getting the genuine article. No other soft coal burns just like Broad Cove. You will know it by the above characteristics.

MONCTON WIDE AWAKE

Mr. Fletcher Peacock, director of vocational education for the province, started something in the course of an address delivered in Moncton on Tuesday, when a civic welcome was being extended to the annual vocational school now in session. The Transcript report says—

"Moncton is a great city, said the speaker, and is destined to become even greater. He would propose that the central university, springing from the amalgamation of all the maritime institutions of higher learning, be located in Moncton. Further than that, the speaker said he would suggest that the city secure an option on fifty acres of land and let the Carnegie Foundation know that they are ready for the new university."

The Moncton Times heartily approves of the suggestion of Mr. Peacock, and says—

"If the amalgamation scheme should be carried out, Moncton has claims that would scarcely be overlooked by those who are promoting it. This city is a geographical centre for the maritime provinces. It is also a railway centre. Its advantages in these respects were recognized by those who have erected the splendid building on Church street which, though given little publicity, is understood to be for the promotion of education, especially among the French Acadian people of these provinces. Moncton's central position was also recognized by the largest departmental store in Canada and one of the largest and most complete on this continent, in seeking a location for its mail order business in the Maritime Provinces. Other large concerns have also located in the last few years and probably more are on the way. As a possible site for the amalgamated universities, the Humphrey Hill, so-called, just west of Sunny Brae, has been suggested, because of its commanding view and because it is, perhaps, the most suitable for the purpose of any considerable area of vacant land either within the city or on the suburban border. The city council, board of trade and other organizations should take action."

The Transcript is equally strong in its expression of views on the subject, and says—

"Moncton would make an ideal location. An outstanding feature is that this city is situated at about the centre of the maritime provinces. As a railway centre, and the Hub of the Maritimes, Moncton would be most convenient of access for students of the proposed institution. The suggestion should receive the earnest consideration of our local authorities. It should be discussed by the city council, board of trade and others who are interested both in the advancement of education in this part of the Dominion. Let our leaders in civic life formulate a plan and take up the matter with the Carnegie Foundation, pointing out the advantages of Moncton as a site for the new university. Preliminary steps might permit us to go so far as to adopt Mr. Peacock's suggestion to secure an option on a suitable site."

The Carnegie Foundation has suggested Halifax as the seat of the new university, because Dalhousie is the largest, best equipped and most important institution for higher education in the provinces. Moncton looks forward to a time when it may be the largest city in the maritime provinces. Its people have not only faith but courage. Where there is any good thing available they go after it. This must be set down to their great credit, whether they succeed or not. Halifax will probably get the new university, but hats off to the enterprising spirit of Monctonians.

A DOUGHTY WARRIOR

Mr. Jim Larkin, who addressed a meeting in Montreal last night in favor of an Irish republic, approved of the act of a woman who seized a Union Jack from the platform and threw it under the piano. Not only so, but Mr. Larkin declared that wherever the Union Jack flies there is no liberty. Mr. Larkin was not arrested, and that fact gives the lie to his assertion. Under the Union Jack in Montreal he was at liberty to insult the flag of the country which not only permitted him to speak his mind but the flag but to do it under the auspices of an organization whose purpose is the disruption of the British Empire. Of course Mr. Larkin did not confine himself to references to the flag or even to Mr. Lloyd George. He has no use for Arthur Griffith and Michael Collins. At a safe distance he is able to say what he would not be permitted to say without challenge in Ireland itself. Really the Canadian authorities appear to be a bit too tolerant. They have no reason to be ashamed of the Union Jack, and persons who go about asserting that there is no liberty ought to be given to understand they are not wanted in Canada. Mr. Jim Larkin should be sent about his business, and his business is not in this country.

THE HEALTH PROGRAMME

Following the decision of the provincial government to take advantage of the offer of the Rockefeller Foundation to pay the cost of medical inspection in the schools of New Brunswick for two years, the province thereafter to assume the responsibility, Hon. Dr. Roberts, minister of health, proceeded to New York. A telegram received from him this morning from Boston announces that he is en route home after completing all arrangements for the money, which is to be paid by the Rockefeller Foundation quarterly in advance. The Times has already dealt at length with this subject and it only remains to further congratulate the minister of health, the provincial government and the people of the province upon the happy consummation of an agreement that will confer an immense benefit upon the province. The health department is now free to go ahead with such an organization for medical health inspection of the schools as will carry the benefits to every school district in the province.

Another branch of the work of the health department is announced today. The Provincial Red Cross has provided funds for the beginning of free dental work among school children. The public health nurse at Riley Brook, Victoria county, has made a survey of all the cases of school children needing free dental work and Dr. Maloney will go there next week. She will later visit several other parts of the province on the same issue. The Red Cross, by its co-operation in many ways, has greatly aided the work of the provincial health department during the last two years.

While we have been getting too much rain in New Brunswick they are not getting enough in British Columbia and the destruction by forest fires has been very heavy. Today's despatches say that the city of Nanaimo was threatened by forest fires last night as was the town of Cumberland, seven miles away, while a small place called Beavensville had been practically abandoned, after a saw mill and some houses had been destroyed. Forest fires have also wrought great damage in Quebec province this year, and New Brunswick has been very fortunate in escaping such a visitation.

Conversations have been resumed at City Hall with the representatives of the New Brunswick Power Company. As the whole matter must have been very thoroughly threshed out at previous conversations the only subject of discussion must be an offer made on behalf of the company. The city has no offers to make. Its policy is power at cost, and if it must put in a distribution system to accomplish that purpose the city council has received a most emphatic mandate from the people. The New Brunswick Power Company may as well understand that the people are in earnest.

The reparations commission has informed Germany that the balance of the payment due July 15 must be paid in full. It declines to give a definite answer to the demand for a moratorium until it has a full report from the committee on guarantees sent a short time ago to Berlin. There is every disposition to give Germany a chance to meet her obligations but not to dodge them.

It is evident that the Free State government in Ireland must carry out a vigorous military policy in order to get control of the situation in the southwest. Apparently the government is making preparations with that end in view, and there can be no doubt as to the final result.

A London cable says that the Soviet government has sent new instructions to its representative at The Hague, which may prevent a definite break in the negotiations. It is obvious that Russia herself would have most to lose in the event of such a break.

PLANT LICE ON TAMATOES

(Bacon Commercial.)

Pink and green aphids or plant lice are appearing in many potato fields and may destroy large areas if not checked by unfavorable weather conditions or through spraying.

This pest may be any one of four distinct forms: Green winged, green wingless, pink winged, and pink wingless, described in Bulletin 817 of the Ohio Experiment Station.

These insects appear on the underside of the leaves and on the growing tips of the plants, and like other sucking insects, are killed by a contact spray, according to this bulletin.

The spray recommended is nicotine sulphate, 1½ teaspoonfuls of each gallon of water with enough common soap added to make a strong suds. The spray nozzles must be so arranged as to cover the underside of the leaves with the poison.

Prompt and thorough spraying is recommended, as these pests multiply with great rapidity.

Bordeaux mixture may be added to the spray for the control of disease.

KICK OF HORSE CAUSES DEATH OF ONTARIO MAN

Pembroke, Ont., July 14—Barclay Kirkwood, Ont., died in the General Hospital yesterday after being kicked in the stomach by a horse.

THESE FIELDS AT EVENING

These wear their evening light as women wear

Their pale proud beauty for some lover's sake,
Too quiet-hearted evermore to care
For moving worlds and musics that they make;
And they are hushed as lonely women are—
So lost in dreams they have no thought to mark
How the wide heavens blossom, star by star,
And the slow dusk is deepening to the dark.

The moon comes like a lover from the hill,
Leaning across the twilight and the breeze;
And finds them grave and beautiful and still,
And wearing always, on such nights as these,
A glimmer less than any ghost of light.
As women wear their beauty through the night.

—David Morton, in Poetry.

LIGHTER VEIN.

Mutually Affable.

"Well, well, young gentlemen!" exclaimed the affable old person. "I'd give a great deal to be able to join in your sport."

"Stick around, grandpa!" said one sturdy youngster. "If we knock this ball through somebody's window we'll let you go for it."

An Accomplished Girl.

"This is a nice canoe, isn't it, Maud?" said the tall, dark young man.

"Very nice indeed, Charlie," replied the pretty girl sitting in the stern.

"There's just one objection to it," said the young man.

"Indeed! And what is that?" asked the girl.

"Oh, well, you see, if you try to kiss a girl in this canoe there's a great danger of upsetting it, and then both the fellow and the girl would be thrown into the river."

"Oh, indeed," said the girl reflectively. And she sat silent for a while.

At length she remarked softly: "Charlie, I can swim."

MARINE NOTES.

The schooner Jean F. Anderson sailed today for New York with a full cargo of lumber.

The schooner Neva sailed early this morning for Fall River with a cargo of lumber.

The steamer Canadian Hunter reported 300 miles east of Cape Race at noon on Wednesday, bound for Montreal with cargo loaded at Mediterranean ports.

The steamer Canadian Importer sailed from Miramichi for Montreal on July 9.

The steamer Canadian Volunteer passed Fame Point on Wednesday, bound from Glasgow for Montreal, after taking across a cargo of lumber from the North shore.

The steamer Canadian Explorer reported 12 miles south of Cape Race on Wednesday, bound for Montreal from ports in the United Kingdom after discharging a cargo of lumber from the North shore.

The steamer Katana reported 80 miles east of Cape Race yesterday afternoon. She is due in port tonight or tomorrow morning, with a cargo of coal from Swansea.

The R. M. S. P. Chaudiere sailed from Bermuda for St. John this morning, with passenger, mail and general cargo.

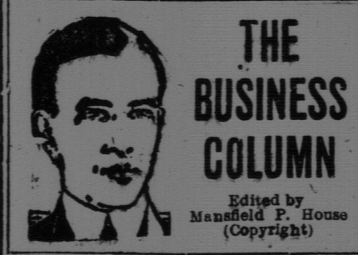

B. C. CASE IN LONDON.

Vancouver, B. C., July 14.—In the case of Rex vs. the Attorney-General of British Columbia, which is now before the privy council in London, the rights of the crown as vested in the province to property which reverts to the crown, is being tested. The amount involved is comparatively small, the object of the present case being to test the legal principle involved.

The case went from the provincial courts last autumn to the supreme court of Canada, from whose judgment an appeal was taken to the privy council.

Remembered in Canada.

London, July 14.—(Canadian Press.)—Major-General Frederick Michin of the Royal Artillery, who died today, was formerly connected with the Canadian militia.

THE BUSINESS COLUMN

Edited by Mansfield P. Hoyle

Learning Patrons' Business Extends Sales Radius

Making the customer from the small or rural community feel at home in the city department store is not always the easiest task in the world. To the farmer and his wife or the dweller in some suburban village, accustomed to shopping in stores small enough to be taken in at a glance and where the merchant knows every customer by his first name, the city department store seems cold and impersonal and merchandise not always easy to locate.

This problem of the rural customer is one of the many with which the trade extension department of the Duffy-Powers Company, of Rochester, N. Y., was organized to deal. The department has been in existence about six months and during that time has made very definite progress not only toward making the rural customer feel at home when shopping in the store, but also in putting a human touch into the mail-order business of the store, which is handled through this department.

The moving spirit of the trade extension department is Charles E. Mench, a brother of John Mench, managing director of the store. Probably it would be hard to find a better personality for the job he has undertaken than Mench, for his work has given him an ideal background for his new post. Following an experience with 140 countries where for the last fifteen years he has conducted his own general store. During that time the Oklahoma town grew, of course, but Mench's store was a small community where the personal equation is the determining factor in ideal training for building up trade among the rural customers of a big department store.

It is Mench's theory that the department store is entirely too impersonal in its dealings with its customers, and especially the rural trade, which is accustomed to all sorts of personal attention from the small-town merchant. Further, the big-city store is apt to make buying an entirely too complicated matter for the out-of-town shopper, not realizing that the very atmosphere of the department store is apt to be confusing to the man or woman from the small town, who perhaps makes a shopping trip to the city only three or four times a year. He believes that many sales are lost by department stores because the multiplicity of departments and counters is confusing to the out-of-town shopper.

Consequently Mr. Mench has placed his office on the balcony overlooking the first floor of the Duffy-Powers store, where he commands a full view of all of the entrances and exits of the store. It is here that on Fridays and Saturdays, the rural shopping days in this section, Mr. Mench is usually to be found, ready to extend a cordial handshake and a hearty word of greeting whenever needed. And it is often after Mr. Mench declares:

"One soon learns to identify the rural customer as soon as he enters the store," says Mr. Mench. "Often a little family will wander aimlessly about the aisles for a time and would often leave the store without making a purchase or asking a question were not some one at hand to take them in charge. The floor manager and the average sales clerk make little headway with this type of customer. They simply don't speak the same language or think in the same plan as the rural customer. The first few days of the week Mr. Mench spends getting in personal touch with the rural patrons of the store, often making personal calls at a farmhouse or a village home, ostensibly for the purpose of following up on a purchase or adjusting some minor complaint, but actually for the purpose of making the name Duffy-Powers mean something more to the customer than a seven-story building full of merchandise. To Plymouth, Kansas, he has already made his acquaintance Mr. Mench is the Duffy-Powers Company.

Eventually I hope to be able to greet 75 per cent. of our rural customers by name," declared Mr. Mench.

Use Rhyme and Epigram To Speed Bill Payments

"Be quick to kick if things seem wrong. But kick to me and make it strong. To make things right gives me delight, If I am right and you are wrong."

That little poem, printed on the back of every bill sent out by E. F. Smith, owner of the Fair Grounds Grocery store in Liverpool, has accomplished wonders in establishing a friendly relationship between him and his customers. It has brought in "kicks" and by doing so has established Smith to "iron things out" and re-establish selling relationship.

Smith also has an epigrammatic way of saying "No return." On the front of every statement he sends out is this line: "When you get yours, we expect ours." And he says it works fine.

Stores Break Sales Record at Low Cost

At a cost of \$700, or \$26 each, twenty-seven Topska apparel merchants, men's clothing, women's ready to wear, children's outfitters, department stores and shoe retailers put on a co-operative selling event lasting three days that set a new merchandising record in the city.

Every apparel store in Topska joined in this campaign which intensively covered sixteen counties and indirectly the entire state, attracting both personal and mail-order business.

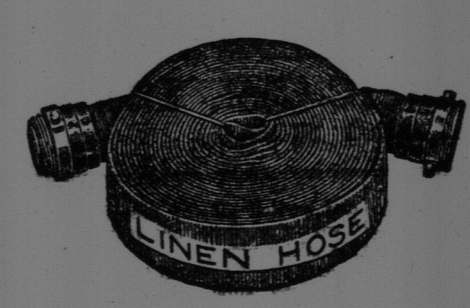

It was not a cut-price sale to get volume. Rather, it was a style exposition and the offering of reasonable merchandise in wide variety to customers seeking quality and fair prices.

Regular stocks were on display in the stores and the buyers asked were those that commonly prevail. Some stores offered specials as they are in habit of doing all the time, but there was no tendency to make general reductions. Women's ready-to-wear shops which previously had reduced the price of suits, continued this offering, but there were no other markdowns of importance.

A special advertising campaign preceded the co-operative selling event. Advertisements were prepared by a committee of apparel dealers, headed by Fred Volland of the Volland-Engle Clothing Company. This advertisement, a half page in size, was carried in sixteen country newspapers in counties surrounding Topska. The ads were placed through a Topska advertising agency. The same advertisement was printed in Topska daily newspapers. Total cost of this advertising campaign was \$700.

"Superior"

The Irons You Ought to Look for—and Why

Perhaps all irons look alike to you—in reality, though, there's a wide difference. The "Superior" heats rapidly and uses a minimum amount of current. It is perfectly balanced so as not to tire the arm, and, although beautifully finished, is sturdily made and will last for years. The "Superior" is made in Canada—so you get the fullest value. It is guaranteed for one year.

Democratic nomination for Senator from the Fourth District in Brooklyn. She promises that her welfare legislation will also include a measure requiring the bride to establish her ability to support her future children in the event of the death of her husband and her father.

Dr. Hochfelder would seek to amend the Marriage Law of the State of New York to provide that, before an applicant shall have issued to him a license to marry, certain conditions of economic independence, mental capacity of sex, educational and domestic aptitudes shall have been complied with.

Handicapped Girls. Miss Miner Tells Why Many of Them Go Wrong. It is their low power mentality, the unfortunate conditions under which they were reared as well as the low wages which they, in some cases, receive which send girls on the downward path, according to Miss Maude Miner, secretary of the New York Probation and Protective Association, in considering the cases of 539 girls who have come under the association care during the last year.

Miss Miner tells why many of them go wrong. The report of the association just issued tells that of 386 girls who were working when they came under its supervision, 283 received less than \$10 per week, fifty-seven received between \$12 and \$14, thirty-one between \$10 and \$12, twenty-four between \$8 and \$10, and nineteen received less than \$8. However, twelve girls received more than \$30 per week, and 111 received between \$16 and \$30.

"This shows," says Miss Miner, "that other elements enter into the question of a girl's morality—her mentality, for example. Of 539 girls examined at the mental clinic of the association seventy-seven per cent. were below normal intelligence; twenty-three per cent. were of dull normal intelligence, and thirteen per cent. were on the border line of intelligence. The remainder were afflicted with some form of mental depression or disease.

Apparently the ages of sixteen and seventeen are the most perilous for girls—285 of the total number of girls examined being of these ages, although a total of 298, or fifty-five per cent., were under seventeen; 475 were single; forty-one married, fifteen separated from their husbands, six were widowed and two divorced.

"Environment has much to do with their condition, sixty-five per cent. living in what were regarded as unfavorable conditions; forty-six per cent. inherited abnormal traits, according to examining physicians; the parents of fifty-five per cent. were foreign born, although seventy-nine per cent. of the girls themselves were born in the United States.

"The influence of institutional life was marked, 180 of the girls having lived in homes of various kinds; eighty-nine in child-caring institutions; sixty-nine in reformatories, seven in custodial institutions, nine in maternity homes, and six in hospitals for the insane.

"Of the 539 girls examined, 180 ran away from the home, 106 were guilty of some sexual offence, eighty-six were brought to the association because of their mental and physical condition; thirty-seven because of incorrigibility; thirty-seven because of waywardness; twenty-five because they were school 'problem'; eighteen for vagrancy and fifteen for larceny.

Their chief occupations were: Thirty-

per cent. worked in factories; twenty per cent. were engaged in domestic work; eighteen per cent. were in clerical occupations; eight per cent. were in mercantile work; four per cent. were telephone operators; six per cent. attended school; five per cent. had no occupation.

"The total number of girls referred to the association during the year was 744, coming from 107 different sources; 110 from the Travelers' Aid Society; 113 from various social agencies and institutions in New York; eighty-nine from the police department; seventy-four from churches, hospitals, settlements, etc.; seventy-three from organizations and institutions in other cities; fifty-nine from protective workers; sixty-three from magistrates' and other courts; twenty-five from the Interdepartmental Social Hygiene Board; fifteen from the Society for the Prevention of Cruelty to Children; thirteen from personnel workers in industrial establishments.

"During the year the investigators for the association made 1,079 visits; 10,145 letters were received from or regarding girls and 16,608 were sent to or with reference to girls. Employment was found for 1,098 girls; 416 in factories; 150 in domestic service; 179 were placed in clerical positions; 111 in mercantile establishments, and ninety-five as stenographers and typists.

"The total number of girls added in all departments in the association, including its general welfare work, was 5,714; the attendance at the two service clubs during the year was 83,207."

HOLLAND 'PROMISED LAND' FOR GERMAN FRAULEINS

Berlin, June 20 (By mail)—Holland frontier, made notorious during the war as a favorite exit from Germany for fugitive prisoners of war, is already poorer by 20,000 female servants as a result of this practice. With high wages and attractive working conditions, Holland has become something of a "promised land" for German frauleins qualified as housemaids or cooks. Twenty to twenty-five guilders a month are paid beginners, while the more efficient receive from forty to fifty. Such pay means from 2,000 to 5,000 marks monthly at the present rate of exchange, about ten times more than help of this kind receives in Germany.

Amsterdam firms and dwellings have acquired about 5,000 of the emigrants, and there are about 8,000 at The Hague. Most of them have been drawn from the Rhineland and Westphalia, where labor exchanges have been established at various places in co-operation with Dutch exchanges. Women's organs coming from the Western German provinces are actively opposing the exodus because of the shortage of help in households and on farms.

CHILDREN'S AID SOCIETY.

The monthly meeting of the Children's Aid Society was held last night in the Children's Home, Garden street, with the president, A. M. Belding, in the chair. The report of the agent showed that, since the date of the last meeting, two children had been admitted to the home, while four others were admitted to other institutions. There were taken out of the society's home. One of these was adopted and the papers have been mailed to the foster parents for signature while the other two were admitted to another institution. During the month one child was committed to the society and placed in a foster home, the adoption papers in the case being already on file.

GREAT RECORD OF HEALTH SERVICE

No Fewer Than 1,912 Families Receiving Advice from Halifax Health Centres—Striking Figures.

(Halifax Chronicle) The Health Centres clinical activities and some of the field activities of the Massachusetts-Halifax Health Commission as summarized by the Chief Nurse for June show a total of 500 medical and nursing consultations. Of these 188 were in the child welfare and prenatal service; 66 in the pre-school age dental service; 184 in the nutrition classes; 4 in the posture clinic; 6 in the eye clinic at Dartmouth; 24 in the ear, nose and throat services; 22 in the three tuberculosis clinics; 14 of them being in the clinic conducted in the Halifax Dispensary; 4 in the skin clinic; 31 in the new pre-school nutrition clinic, and 61 in the venereal disease clinic conducted by the Provincial Department of Health at Health Centre No. 1. 182 admissions were registered among those seeking medical advice and treatment; 162 of those previously attending clinical services were discharged from the clinic rolls during the month, the majority of them being confined in the home teaching services of the public health nurses; some of them now being employed returned to their family doctors, while 46 left the community. At the end of the month there remained on the rolls a total of 2,027 patients who were receiving medical and nursing supervision from the Health Centres. In summarizing the field work this report sets forth that public health nurses from the Health Centres of Halifax and Dartmouth during June made a total of 2,793 visits in a total of 1,854, in these communities and adjacent thereto. In addition the visiting house-keeper made 128 instructional visits into 32 families where nutrition problems were paramount. At the end of June 1,491 families are under supervision from Health Centre No. 1, 301 of them being visited by the public health nurses; no one is receiving medical care from the Commission's Health Centre staff, 408 are under supervision of Health Centre No. 2, 101 receiving medical advice and nursing guidance at the Health Centre and 320 being visited by the nurses where no advice is being given by the medical staff, 1,091 families are receiving medical and nursing guidance from all clinics; 821 families are receiving nursing advice in their homes, making a total of 1812 families receiving health advice from the nurses. The total number of babies under two years of age receiving medical and nursing guidance is 883; of these 678 are under supervision of the nurses at Health Centre No. 1; forty getting both medical and nursing guidance. At Health Centre No. 2, 310 babies are being visited by the public health nurse, ten of whom attend the baby welfare clinic and secure medical advice at the Health Centre. The Tuberculosis Examiner studied seven cases of tuberculosis in consultation with five family physicians; in addition, conducted a total of eighteen clinics, making a total of thirty-four complete chest examinations in connection with these clinics; and also made twenty-five detailed examinations at the Tuberculosis Hospital, performed six operations in the hospital for pneumonia, thorax, and six for removal of fluid from the chest. The laboratory staff studied twenty-six samples of the public water supply; eighteen of sputum; ten samples of urine; and a blood examination. The pre-school dental clinic reported a total of sixty-three consultations, at which 324 operations were performed, and 370 treatments given, and a total of eighty-four extractions, under gas anaesthesia. In twenty-three families where nurses were helping with home problems during June, they advised the calling of a family physician. In twenty instances persons were discharged from Health Centre clinics during the month where the income has been sufficiently restored to employ a family physician. \$40 of the milk fund of the Dartmouth Health Centre was spent for distributing milk tickets to babies. In thirteen instances during the month arrangements were made for giving several quarts of skim milk to families by the Scotia Pure Milk Co., and in six families the Farmers' Dairy Co. have agreed to give similar help. One death occurred during June, of a child who had been a patient at Health Centre No. 1, coming first under supervision on the 6th of May. Malnutrition was given as the cause of death. ADMITS 30 ROBBERIES. Five Lads, All Under 15 Years, Captured by Brooklyn Police. New York, July 14—Five members of what the police say is a band of active boy burglars, were rounded up by Detective John Fitzsimmons of the Fourth avenue station, Brooklyn, as a result of the investigation into the loss of a pocketbook by Miss Jane Cameron from the dining room of her home, 428 Forty-fourth street. The boys were all under fifteen years of age. Fitzsimmons said the boys confessed to having committed about thirty burglaries in the Bay Ridge section of Brooklyn, taking in each case only money. In some instances they threw away jewelry and pocketbooks.

RICH IN VITAMINES

MAKE PERFECT BREAD

LOCAL NEWS

A blaze was discovered last night in the upper part of a house at Westfield, owned by Mr. Lane. Strenuous work by neighbors with buckets prevented a serious fire.

The contract for laying a sewer and constructing a septic tank for the parish of Lancaster was awarded to the Maritime Construction Co. Ltd., at a meeting of the Lancaster sewerage board yesterday morning, with Councillor W. Murray Campbell in the chair.

At a meeting of the building committee of the Board of School Trustees, consideration was given to the necessity for repairs to the city school buildings. Minor and major improvements will be made, the cost ranging from \$50 to \$2,000. Some disputed accounts were settled and ordered paid.

The 4th Siege Battery will leave tonight by C. P. R. on the second Montreal train at 8:35 for Petawawa in command of Major E. M. Slader. There will be about fifty men of all ranks go to camp with this battery, which last night had its final parade before departure at the west side drill hall, where the men were issued with their camp equipment.

The semi-annual meeting of the board of directors of the Bank of Nova Scotia was held yesterday with morning and afternoon sessions in their main St. John office, Prince William street, with G. S. Campbell, vice-president, in the chair. Consideration of reports on the condition of the institution and discussion of the bank's affairs occupied the time.

A car, it is said, went through Renforth last night at a rate of about forty miles an hour, was stopped at Hampton and a deposit of \$20 was taken for the driver's appearance on Monday next. John Poole of Montreal, who it is alleged, went through Renforth at a rate of nearly fifty miles an hour was held up by Constable Crawford and taken before Magistrate Anderson, where a fine of \$10 was imposed. Other fines of from \$2 to \$5 have been imposed in several cases.

Gilbert Peters, charged with keeping a disorderly house, and James Summers, John Stillwell and Gertrude Brown, charged with being inmates, were before the court yesterday afternoon. The evidence of three of the defendants was taken and then the case against the four accused was dismissed, although Sitting Magistrate Henderson warned the defendants that they would have to act differently in future. E. J. Henneberry represented the defendants in the case.

John Heberfeld, a returned soldier, was before the sitting magistrate yesterday afternoon on a charge of obtaining money under false pretences. The case hinged about a militia department check which the accused is alleged to have given to the mother of his adopted son to endorse with his name and then cash for him at the bank. It is alleged that this was done and then he went to the bank and claimed he had never received payment, getting the sum, \$69.39, a second time. The woman and the bank clerk who cashed the check gave evidence and the case was postponed. Miles B. Limes appeared for the defence.

PRINCE OF WALES AT MRS. MARSHALL FIELD'S DANCE

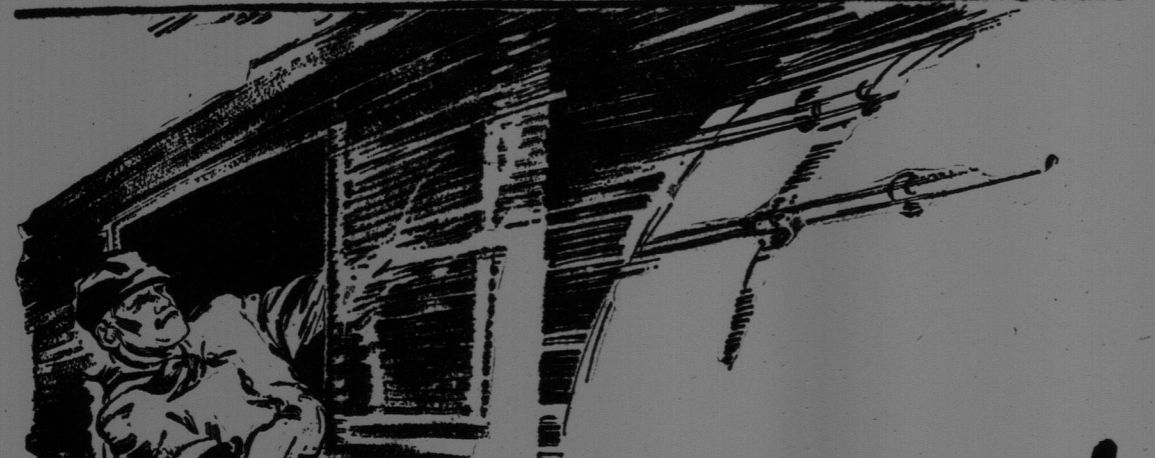

London, July 14—The Prince of Wales last night attended a dance given by Mrs. Marshall Field for Miss Gwendolyn Field at Mall House, lent for the occasion by Admiral Earl Beatty and Lady Beatty. The Duke of York, who dined with the Fields, also was present. The Prince of Wales had dined with Earl and Lady Beatty.

PARTICIPATION BY BRITAIN GREATER

Took 4.15 Per Cent of Canadian Financing in 1921—None in 1920.

"Great Britain's attempt to re-establish herself as the world's banking centre is shown so clearly as in a comparison of figures for Canadian financing over a period of five years," says the Wall Street Journal today. "Until 1918, all Canadian financing not done at home was handled by British bankers. During the war, these figures dwindled to forty-three per cent in 1918. In 1919 there was an increase to fifty-seven per cent, but in 1920, a year devoted to drastic adjustment of financial matters at home, no Canadian financing was done in England. In 1921, however, the proportion was 4.15 per cent, and the influence of British capital was felt by American bankers in negotiating for financing in other countries. "During the same five-year period, American bankers handled, in 1917, 24.7 per cent of Canadian financing; in 1918, 4.70 per cent; in 1919, 22.54 per cent; in 1920, 67.18 per cent, and in 1921, 45.49 per cent. "The jump from no participation in

Canadian financing by England in 1920 to 4.15 per cent. in 1921, is more significant than the percentage would indicate, when depreciated British exchange is considered.

"In the fall, Canada will be in the market for a loan of between \$300,000,000 and \$400,000,000. Despatches from Canadian financial centres indicate that the issue will be offered at home, and to American and British bankers. It will be possible at that time to float not more than \$100,000,000 in the American market at about 5 1/2 per cent. What notion, if any, Britain will take is extremely doubtful, as she could not be expected to compete actively for a Canadian loan with British exchange at its present discount."

FARM CONDITIONS BETTER.

(Ottawa Journal) Each year The Ottawa Farm Journal makes a survey of the crop conditions of Eastern Ontario and Western Quebec. This year's survey has just been completed, and it shows, according to a review in The Farm Journal, that crops are better than they have been for some seasons. Prospects are much more favorable than they were this time last year. The one discouraging feature of the situation is the condition of the corn crop; the abundance of rain, which has not only promoted the growth of hay and grains but assured a sufficiency of

moisture for the balance of the season given an occasional shower, has seriously injured the corn.

The Farm Journal reports the farmers of this part of Canada much more cheerful than they were a year ago. They are not now spending much money on farm improvements, but this is attributed to caution based on the experience of recent years and on the continued high prices of building materials. An early expansion of activity is predicted.

SEVEN TIMES IN SING SING.

Burglar, 71, Facing Seven-Year Term, Finds Prison Familiar.

Ossining, N. Y., July 14—When Samuel Friedman, dean of burglars, landed in Sing Sing Prison, he modestly told attendants he had been there six times before.

"The old place looks familiar," said Friedman. He added that he preferred Sing Sing to the Westchester County Jail. Friedman is seventy-one years old. He is the oldest inmate received in several months. This time he is starting a flat sentence of seven years for burglary in Westchester county.

Vancouver Province: New York's fire chief predicts that in the not distant future fires will be fought from the air with chemicals and gas instead of the present equipment.

FAST COAL LOADING AT PIER IN SYDNEY

Sydney, N. S., July 14—Coal shippers are claiming a new record for fast loading at International Pier, having shipped 23,000 tons in twenty-three hours one day last week. During the entire week 80,000 tons were loaded, the largest quantity since 1914.

SEEK LIQUOR SHIP OFF PORT OF BOSTON

Boston, July 14—Customs vessels are searching the waters outside this port for a "mother ship" suspected of supplying contraband liquor to inland craft. The ship is labeled as "an unknown vessel" which carried liquors to these waters from a foreign port.

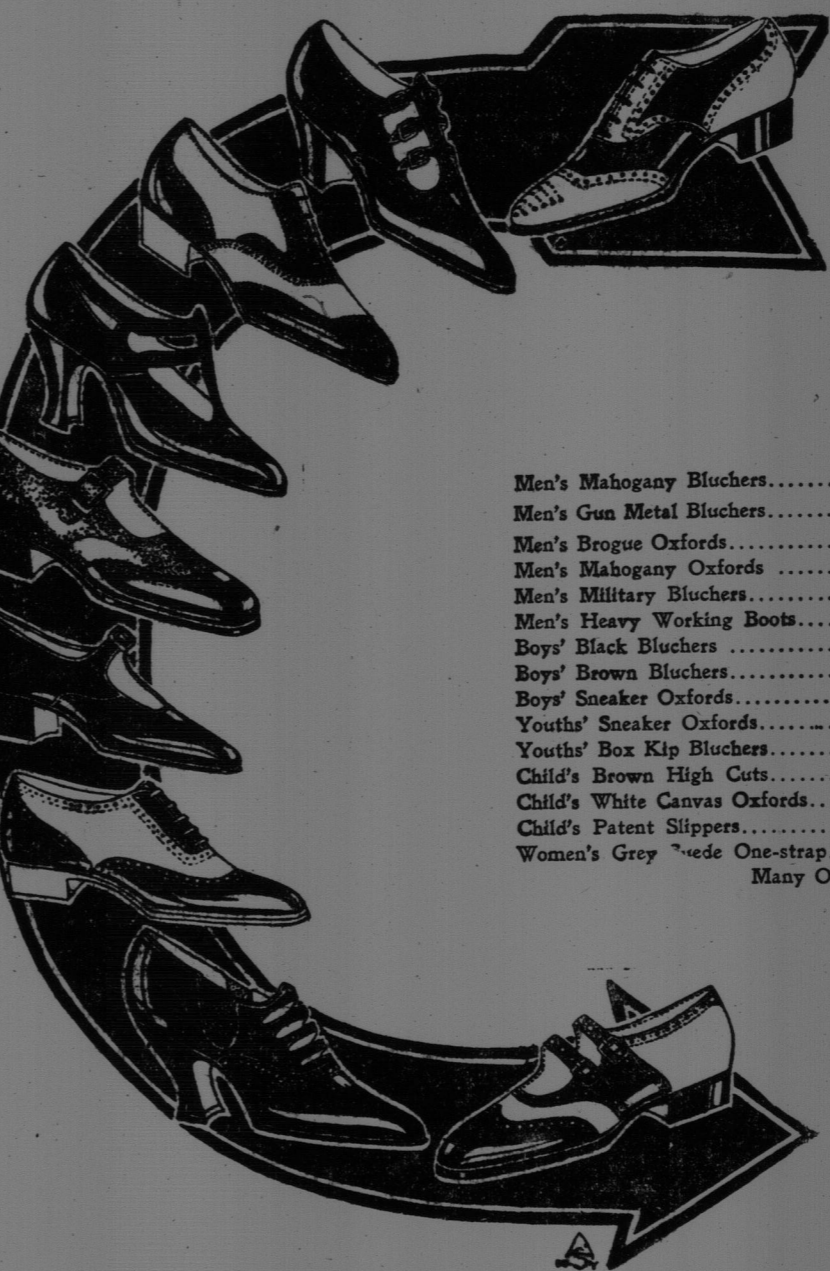

BATTLE IN JUGO-SLAVIA.

Ustjub, Jugo-Slavia, July 14—A pitched battle lasting several hours, occurred on Monday between Jugo-Slav gendarmes and a large band of irregulars that had crossed the Bulgarian frontier and attacked the village of Kratovo, thirty-eight miles northeast of Ustjub. The irregulars were repulsed, leaving ten dead and much arms and ammunition on the field and carrying off many wounded.

LOCAL NEWS

A CHALLENGE.
The Red Wings challenge the Junior Wolves to play at seven o'clock this evening on the King George school diamond.

BASEBALL.
The Pirates wish to challenge the Port Howe Thistles to a game of ball on Elm street diamond any afternoon. Please answer through Saturday's Times.

BUILDING WORK.
H. O. Clark, contractor, is building a concrete garage for Dr. F. S. Sawaya in Duke street between Germain and Charlotte. From present indications it will present a very neat appearance in the latest style of concrete work.

FIRST CARGO TO THERE.
The steamer Chebaulp is due in port from New York about July 29, to load a cargo of sugar at the refinery for Scandinavia this morning. This announcement is of more than passing interest, as the Chebaulp will be the first vessel to take sugar from the local refinery to Scandinavia, and may be the forerunner of closer trade relations with those countries.

TRADE INQUIRY.
The secretary of the Board of Trade is in receipt of an inquiry from a firm in Buenos Aires, wishing to get in touch with dealers here in hardware products, including brass and copper piping, lead piping, bathroom accessories, cement, paints and colors, bolts and nuts, axes, hatchets, and various other tools and articles. Mr. Armstrong has forwarded to them the names of about a dozen manufacturers and dealers in the city and vicinity.

H. C. GROUT HERE.
H. C. Grout, general superintendent of the C. P. R. Toronto division, arrived in the city yesterday. He was accompanied by members of his family who are going to Smith's Cove, N. S., to spend a few weeks. Mr. Grout will remain in the city over the week-end. While here he is renewing old acquaintances. Mr. Grout was superintendent of the New Brunswick district for several years.

C. P. R. BRIDGE CASE.
The Times is requested to state that reports of the Chancery Court hearing of the 11th, instant in regard to this case, while technically correct were somewhat misleading to the general public. The fact is that Colonel Mousier, one of the expert witnesses for the railway company, was indisposed and will not be in a position to give evidence for a month. For this reason the case could not be tried at this court. It, therefore, has been postponed by mutual consent and will be taken up at the next Chancery hearings in St. John.

TRAFFIC CASES.
For the first time in some days there was a clear sheet for the sitting magistrate's inspection when police court opened this morning. The only matters of business for his attention were two traffic cases.

T. S. Totten pleaded guilty to a charge brought against him by Policeman Young of passing a standing street car while passengers were alighting. He was fined \$10.

Miss F. Knight Hansen, charged with refusing to stop when signaled to do so by Policeman McNamee, said she didn't know what the signal had meant. The case was set over for evidence.

CONTRACT AWARDED.
The contract for the construction of a sewer from Spur Cove Crossing to Randolph in the parish of Lancaster has been awarded to the Maritime Construction Co., so W. Murray Campbell, chairman of the sewerage board announced today. The work will cost \$4,860.01. Other tenders received were: James E. Kane, \$5,693.25; N. J. Lahood, \$4,892.25; J. C. Simon, \$4,907.30; E. Saute & Co., \$5,721.50. Mr. Campbell said that in the case of the tender from Mr. Simon there was no return address enclosed, and he will therefore have to hold the deposit check of this tender until called for.

PRESENTATION.
Mr. and Mrs. John McLean, 919 Charlotte street, were pleasantly surprised last evening when fellow members of the East Car Club called to express the pleasure they felt at their return from the West Indies after several years spent there. On behalf of the club, the president, Mrs. C. Coddell, in a graceful speech presented to Mr. and Mrs. McLean a handsome tea set and there was also quite a shower of individual gifts. Mr. McLean expressed the thanks of himself and his wife for the remembrance and the kindly thought that prompted the action. Needless to say a very happy time was enjoyed.

WEDDING ANNIVERSARY.
A very pleasant time was spent on Wednesday evening at the home of Mr. and Mrs. William A. Buchanan, 47 Market Place, West St. John, when a party of their friends gathered to assist them in celebrating the fifth anniversary of their wedding. During the evening a combination cooker and a china dish were presented to the bride and groom of five years. In addition, Miss Hilda Gardiner presented to them a beautiful bouquet of flowers. A dainty repast followed by music brought to a close a happy time, and the guests departed extending best wishes to Mr. and Mrs. Buchanan.

PROBATE COURT.
In the probate court, in the matter of the estate of Elizabeth Hayes, personally \$1,300, Mary Hayes was appointed administratrix. L. A. Conlon was proctor.

Catherine E. Hughes was sworn as executor under the will of Richard Hughes, personally \$560 and realty \$550. W. J. Mahony was proctor.

In the matter of the estate of Hugh Wiley, personally \$5,600, his widow, Ina E. Wiley, was appointed administratrix. Dr. J. R. Campbell, K. C., was proctor.

Mary L. Duffy was appointed administratrix of the estate of Agnes E. Duffy, personally \$1,200. E. J. Henneberry was proctor.

Annie L. Gallivan and J. L. O'Brien were sworn as executors under the will of Mary A. Manille, personally \$2,600. Among the bequests, which were mostly of a private nature, was one of \$100, offering to St. Peter's church. E. J. Melliday was proctor.

Killed By Lightning.
Kingston, Ont., July 14.—James Nunan, a farmer, was killed by lightning during Thursday's storm. He was struck as he was closing the door of his garage near Godfrey. He was unmarried and thirty years of age.

FIFTEEN MINUTES OF RADIO EACH DAY

By Edward N. Davis Formerly Technical Electrical Expert For U.S. Government

Lesson No. 52. THE WAVE METER. One of the most important instruments used by radio engineers, inspectors and experimenters is the wave meter. The name itself indicates that the wave meter is an instrument employed to measure the length of the other wave emitted by a radio transmitter or the length of the either wave to which a receiving set is tuned.

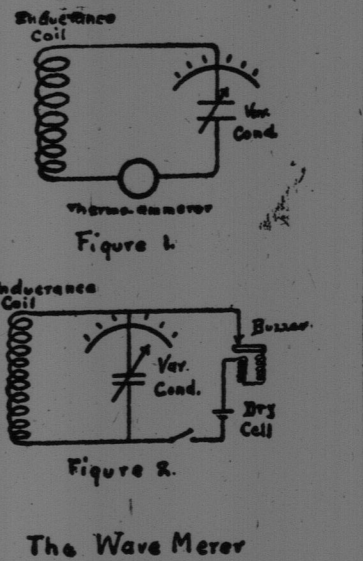

Figure 1 shows a wave meter consisting of a fixed inductance coil, a variable condenser and a thermo-ammeter. This type of wave meter is useful in tuning transmitting stations, the thermo-ammeter being used to show when the wave meter is adjusted to the same wavelength as the circuit under measurement.

New York, July 14.—(10:30)—Selling of foreign oils, especially the Mexican division, was resumed in fairly large volume at the opening of today's stock market.

CONTINUE EFFORTS FOR MARITIME CO-OPERATION

Board of Trade Committee Asked to Carry on, After Council Hears Reports of Halifax Conference—Preparations Made for Visit of Federal Minister of Public Works.

Thirteen members of the Board of Trade Council listened with keen interest to the final report of W. F. Burditt, the president of the co-operative conference with the Halifax board. This was presented at yesterday's session of the council.

Mr. Burditt's report was as follows: "Your committee was cordially welcomed and most hospitably entertained by the Halifax board during the two days of their stay in the sister city. The deliberations of the committee, as the joint meeting of the committee has been designated, were very harmonious throughout, yet respect for the opinion of others did not prevent a full and frank discussion by delegates of both boards of the several subjects dealt with, and thus every problem was considered from various points of view before the adoption of a resolution expressing in concrete form the conclusions and recommendations of the conference.

Prophy-lactic

Tooth Brush

SAVE time by saying Prophy-lactic when you buy a tooth brush. Just specify hard, soft or medium, and you will get just the right brush.

Merely First Step. "When I say that the present result of the conference is embodied in these resolutions, it is the intention to imply that these resolutions are, we hope, not the complete and final result of the conference. They merely point the way to certain lines of action to be carried on through a fuller measure of maritime co-operation for the purpose of accomplishing and realizing the objects aimed at by the conference. The conference itself was merely the first step toward the attainment of these objects and it rests with the boards of trade of St. John and Halifax to follow up to the fullest possible fruition the several matters dealt with by the resolutions.

Both expressed their hearty appreciation of the welcome that was extended to the committee by the Halifax board and of the courteous treatment that was given them during their stay there. They spoke in most approving terms of the broad character of the resolutions that were considered by the conference, expressing the belief that good results would follow to the maritime provinces from their adoption.

To Proceed With Work. A. C. Skelton, in moving that the St. John delegates to the conference form the nucleus of the continuation committee, emphasized the need for the energetic and enthusiastic spirit of our western country. With the infusion of such a spirit great things were possible for these maritime provinces. The motion was adopted.

Hon. J. H. King's Visit. With regard to the visit next week of the minister of public works and of the secretary of state, it was reported by the secretary that the Public Works minister had expressed a willingness to meet a delegation from the board on Tuesday afternoon next, at 8 o'clock. Consideration was given to the subjects to be laid before the visiting ministers. These included such matters as the utilization of maritime province ports for Canada's winter trade in preference to foreign ports, and the necessity for such a reduction of rates on the National Transcontinental railway as will permit of Canada's grain being carried in the summer to the ports of Montreal and Quebec, and in the winter to maritime province open ports, along the lines suggested by the Quebec board of trade and the special committee of the senate; the early provision of additional breakwater protection for the port; the need for a new railway station and the providing of adequate C. N. R. harbor front terminals in the main harbor.

Dental MARITIME Parlors 38 Charlotte Street, St. John, N. B. Set Made \$8 Painless Extraction, only 25 cts. Crown and Bridge Work, \$5.00 Up

ed and will be followed up if it is deemed desirable. Through Canadian Ports. Another resolution was adopted expressing the full sympathy of the council with the recommendations of the special committee of the senate, also with those of the Quebec board of trade, on the matter of the routing of Canada's grain through Canadian ports in preference to foreign ports; also that the members of the federal cabinet be advised of the opinion of the St. John council and be requested to give consideration to the recommendations of the senate committee and of the Quebec board of trade; and further, that the Halifax board of trade be communicated with on the matter, as well as the members of parliament from the maritime provinces.

Harbor Commission. Reference was made to the advisability of preparing amendments to the harbor commission act for next session of parliament.

CROKER WILL FILED; ONE CHILD IS NAMED

Daughter Florence is Left a Bequest of \$45,000; Others Are Ignored; Son Plans a Contest.

West Palm Beach, Fla., July 13.—The will of the late Richard Croker, former Tammany leader, who died recently in Ireland, filed here, leaves all of his property except \$10,000 (approximately \$45,000) to his wife. The \$10,000 bequest goes to his daughter, Florence, who is referred to as the only one of his children who retained affection for him. The will was drawn in Ireland in 1919.

Trinity Scouts Home from Camp. Trinity Boy Scouts and Wolf Cubs returned on Tuesday from their camp on Mathews Beach, Long Island. During the two weeks in camp about forty boys were present and enjoyed the pleasures of camp life, including swimming, baseball, sports, camp fires, sing-songs, a fishing trip, hikes and various forms of scout craft.

Horse relay race—Team consisting of W. Ward, M. Greig, W. Vincent, W. DeMille, G. Bishop. Broad jump, junior—1st, J. Nyberg;

Just say 'GIMME STROLLERS' The cigarette with the original flavor 10 for 15 cents

2nd, G. Bishop. Broad jump, senior—1st, R. Pattison; 2nd, C. Regan. In the treasure hunt the team captained by L. Lock was successful. In the tent inspection, tent No. 1, V. Regan, J. Nyberg, L. Currie, M. Greig, W. Vincent and Robert Armstrong. During the last week V. C. Timberly, Boy Scout secretary, visited the camp and instructed and conducted various tests and awarded badges. STREET RAILWAY UNION. The monthly meeting of the Amalgamated Association of Street and Electric Railway Employees was held last evening

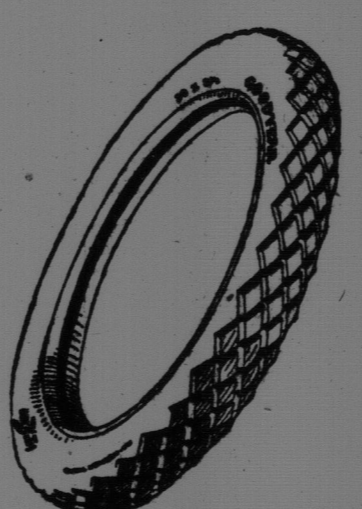

in the Trades and Labor hall in Prince William street with Ira D. Ferris, president of the local, in the chair. The meeting was attended by more than sixty members, many of whom have been out of the city until recently. Several requests from various outside locals were read last night and the requests were complied with. An especially encouraging communication was received and read from the headquarters of the association. Several other matters of importance to the local were announced last night. It was decided last evening that the local would hold sports in the near future and a committee was appointed last night to commence the arrangements for the affair.

All-Weather Tires are All-Wheel Tires—rough and tough to resist skidding through thousands of miles.

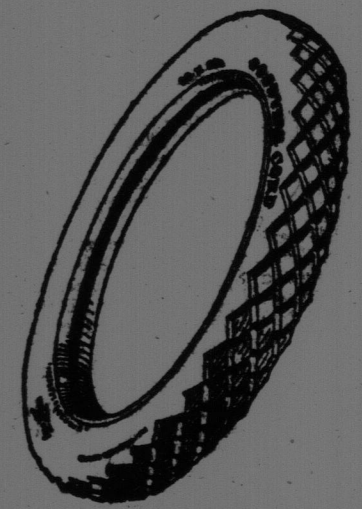

Made in Canada in increasing numbers for over ten years. The most used 30 x 3 1/2" tire in the world.

"Non-Skid"-Tread-Fabric 30 x 3 1/2"

This Goodyear Tire has been tested on hundreds of thousands of cars in the United States and Canada. Introduced here a year ago, it quickly assumed leadership among the lowest-priced tires.

Non-skid tread of horizontal bars with sturdy rib in the center—Cross-Rib. Full Goodyear quality—husky construction—the most durable tire in its price class.

"All-Weather"-Tread-Cord 30 x 3 1/2"

Gives Ford, Chevrolet and Overland owners Goodyear Cord economy and Goodyear Cord comfort previously enjoyed only on larger cars.

Reduces depreciation and fuel consumption. Has the famous, rugged All-Weather Tread.

\$15.00 \$12.00 \$18.50

THE PEERESSES AND THE LORDS

Coalition Members Alarmed Over Possible Effect on the Women's Votes.

London, July 13.—Coalition members of parliament are manifesting alarm as to what effect the refusal to allow peeresses to sit in the House of Lords may have on the votes of women at the next general election.

Viscountess Rhonda and leaders of the women's movement generally are determined that the government shall be saddled with the responsibility which belongs to it and not be allowed to shirk it if they can help it.

Was Government Decision

Lady Rhonda herself says that the decision to exclude peeresses from the Upper Chamber was virtually that of the government and not of the House of Lords. She points out that the original House of Lords committee on privileges decided by seven to one in favor of the right of peeresses to vote in the House.

The government has made many thousands of enemies, Lady Rhonda says, by its failure to support its own act. "The question today is," says Lady Rhonda, "does the Sex Disqualification Removal Act mean what it appears to mean, or was it simply a clever fraud perpetrated on a section of the community new to political dogmas by an unscrupulous government?"

What is Perfect Sight?

Probably you would say that anyone who can see clearly has perfect sight. But this is not so. Unfortunately only a small percentage of present-day people have perfect eyes—and of those who eyes need artificial aid only a few are aware of their need of aid.

To know the real state of our eyes—to know how they really ARE, not merely how they seem—is the first step towards the preservation of good vision. See an Optometrist.

WINNIPEG VOTES BY PROPORTIONAL REPRESENTATION

Winnipeg, July 13.—The first ballots to be cast in the Manitoba general election will be marked tomorrow. For the benefit of commercial travelers and others who cannot be at home on Tuesday, polling day, an advance poll is to be opened Friday, Saturday and Monday, but the result will not be public until Tuesday night.

Noting in Winnipeg is under proportional representation, and only the totals of first choices will be made known election night. It is not probable that first choices will elect more than one or two candidates, and it will be two or three days before Winnipeg city's full representation of ten candidates will be known.

Tonight the eight Winnipeg Progressive candidates held a mass meeting and tomorrow night Premier Norris is to address electors here.

WAGE CUT IN COTTON MILLS OF MASSACHUSETTS

Lowell, Mass., July 13.—The Massachusetts cotton mills announced today that a twenty per cent. wage reduction would be effective next Monday. The mills normally employ 2,000 operatives, about 1,600 of whom have been working recently.

U. S. IMPORTING COAL

San Francisco, July 14.—An anticipated shortage of coal in the United States because of the miners' strike has resulted in more than a dozen ships being chartered by San Francisco interests to import coal from Australia, Glasgow and Cardiff.

Not A Blemish mars the perfect appearance of her complexion. Permanent and temporary skin troubles are effectively concealed. Reduces unnatural color and corrects greasy skin. Highly antiseptic. Send 15c for Trial Size.

Gouraud's Oriental Cream

"Daddy, I'm glad you got Kellogg's 'WAXTITE' Corn Flakes and fruit for supper. I'm so tired out with the heat that Kellogg's 'WAXTITE' is the only food that would appeal to my appetite. It digests so easily and yet I know it is nourishing! Guess I'll have another helping. These Kellogg's 'WAXTITE' certainly are delicious."

Eat sensibly during the warm weather! Kellogg's WAXTITE CORN FLAKES are nourishing-refreshing-delicious

It's a long step for health and riddance of summer drowsiness and that sluggish feeling if you'll all stop eating so much heavy, greasy foods and let Kellogg's delicious "WAXTITE" Corn Flakes do your health a good turn!

Kellogg's "WAXTITE" Corn Flakes are nourishing and supply all the summer energy you need; yet, they digest easily and actually rest the stomach! On such a diet you'll feel so much better; your mind will be keener and you'll accomplish a lot more work—and help yourself keep cool and snappy and cheerful!

Kellogg's WAXTITE CORN FLAKES

Also makers of KELLOGG'S KRUMBLEES and KELLOGG'S BRAN, cooked and krumbled

HONOR CANADA BY HAVING LARKIN TO PRESENT TROPHIES

Bisley Camp, July 13.—The scores announced on the range early today in the shooting for the United Service Challenge Cup were in error. The result is that the Marines are the winners with a score of 922, and the Army is second with 919.

In the shooting today for second place in the Queen Mary prize competition, in which six men were tied on Tuesday, Major Garman, of the Rifle Brigade, was the winner.

ROB SAFE OF \$12,000 GEMS.

Burglars Also Get \$450 War Stamps in Builder's Absence.

New York, July 14.—Twelve thousand dollars' worth of jewelry and \$450 in war saving stamps were stolen from a safe in the home of Angelo G. Fasany, a builder, of 2,501 Frisby avenue, the Bronx, on Sunday by burglars, who cut the combination and removed the safe door with electric drills.

Fasany, with his wife and seven children, attended a birthday party at the home of a relative Sunday afternoon and evening. On returning home late he found the gate leading to the three-story private dwelling which he occupied unfastened. The outer door leading from a vestibule into the living rooms of the house had been forced.

FOUR INJURED WOMEN LEFT LYING IN STREET

Chauffeur Drives Away After Collision in Brooklyn With Horse Cab.

New York, July 14.—While two policemen were summoning ambulances for four women who were injured in a collision between a sedan and a horse-drawn cab on Harway avenue, between Forty-sixth and Forty-seventh streets, Brooklyn, the driver of the sedan drove away leaving the women lying in the roadway.

The most seriously injured was Miss May Malone, 180 Eleventh street, Brooklyn, whose leg was broken. The other women in the sedan, who said they had been given a ride from Brighton Beach, but did not know the driver's name, were Miss Catherine Burns of 394 Warren street, Miss Edna Carroll of 1727 Forty-fourth street, and Miss Jessie

Stewart of 194 West Ninth street. All neck, the ship's doctor decided that he needed observation. Burns' two daughters, who accompanied him, were sent to the homes of their aunt at the Brooklyn address. Burns is said to have been a New York fireman several years ago.

TO ORGANIZE FOR ORPHANAGE DRIVE

The meeting of the Permanent Home Board of the Protestant Orphans was held yesterday afternoon in the Orange Hall in Germain street, with William M. Campbell in the chair. Tentative plans for the new orphanage were laid before the meeting and were freely discussed, although nothing of a definite nature was decided upon. A meeting will be held in the near future for general organization purposes for the coming drive for funds. The election of officers was held yesterday afternoon and resulted as follows: Chairman, D. C. Clark; vice-chairman, William M. Campbell; secretary, J. E. Arthur.

PRIVY COUNCILLORS DEFER DECISION IN GRAND TRUNK CASE

London, July 13.—"Their lordships will take time to consider what advice to tender His Majesty." In this way, Lord Chancellor Birkenhead announced this afternoon, upon conclusion of argument, that the privy council had reserved judgment regarding the appeal of the shareholders of the Grand Trunk Railway against the award of the board of arbitration in connection with the value of the preference and common stock of the railroad upon its acquisition by the Canadian government.

TRIED SUICIDE ON SHIP; TAKEN TO HOSPITAL

New York, July 14.—Patrick Burns, forty-seven years old, of 214 Wyckoff avenue, was removed from the Cedric of the White Star Line to Bellevue Hospital as soon as the ship docked, as a result of his alleged attempt at suicide during the voyage from Liverpool.

Although the man was recovering from the cuts he had given his wrists and

on the prairies, the cities, towns, and villages have planted trees by the thousands along the streets, and in the parks, and where provincial highways have been constructed trees have been planted along these under a systematized plan. These are all shade and ornamental trees and they are planted for aesthetic rather than economic reasons. At the same time on the prairies, especially the planting of trees in urban centres helps along the movement in rural districts. But the movement has not ended there. In addition to the five or six million trees sent out by the Indian Head and Saskatoon Dominion forest nursery stations to farmers to plant shelter-belts all over the prairies and to restore woodlots from the purpose and to restore woodlots from the Ontario and Quebec nursery stations at St. Williams and Berthelville, respec-

SCHOOL QUESTION BEING USED IN THE MANITOBA CONTEST

Winnipeg, July 14.—Charges that the supporters of Premier Norris were contributing to the United Farmers' party the declaration that they would either repeal or materially amend the school act if returned to power were made here last night by R. W. Craig, K. C., Progressive candidate in this city, at a mass meeting of the Winnipeg Progressive Association. He said the statements were made by Premier Norris' supporters purely for political purposes to cause racial or religious strife, and were false and untrue.

FRENCH TOBACCONISTS ARE ON ANXIOUS SEAT

Paris, July 14.—(Canadian Press.)—Tobaccoists throughout France are apprehensive of a proposal just approved by the finance committee of the chamber of deputies to abolish the state monopolies on tobacco and matches in favor of a free regime. In the country are 55,000 dealers whose position is similar to that of the British licensed victuallers, and if their privileged position is now abolished they are not entitled to compensation.

ONE ELECTION IN MANITOBA POSTPONED

Winnipeg, July 14.—The election in the constituency of Ethelbert has been deferred until a date to be fixed. Owing to the bad roads, H. Reid, returning officer, could not reach the constituency headquarters on July 8 to receive nominations between twelve and one p. m., as called for in the elections act. Consequently elections will be held in only fifty-two constituencies on July 18, elections having been deferred in Ruperts Land and the Pas.

A CANDID SCOT.

The New Glasgow Chronicle of Saturday last says:— "This morning we picked up the Presbyterian Witness, formerly of Halifax, now of Toronto. In its former condition it was one of the interesting weeklies in the maritime provinces, now it seems as dry as last year's hay and unsatisfying as last year's dry cod. The people of Toronto, of Ontario generally, think the maritime provinces' people rather simple folk—and they are when they permit Ontario people to dominate them—but they have their tons in literature as well as in fish—and what of the former they get from Ontario is a fit mate for their own dried fish when it gets old."

BAR BEES FROM EUROPE.

Ottawa, July 14.—(Canadian Press.)—Bees may no longer be imported from Europe. This is the effect of an order issued by two minister of agriculture and food, which prohibits the importation of bees from any country where the disease known as "isle of Wight" disease. This malady, which is parasitic in character, which once firmly established, is said quickly to exterminate a colony.

BRITISH GENERAL DIES.

(Canadian Press Despatch.) London, July 13.—Major-General Frederick Falkner Minchin, who was military advisor to the minister of munitions in 1916, died today at Tipperary. General Minchin visited the United States during the war to organize the supply of ammunition.

FORD PLANT FOR MEXICO.

Washington, July 14.—The Ford Motor Co. plans establishment of a large plant for the assembling of its cars in Mexico, according to official advices received here yesterday from Mexico City.

Italian Success.

London, July 14.—A Rome despatch to the Central News gives an official report from Tripoli stating that the Italians have occupied Naft, on the Tunis-Tripoli frontier. The Arabs are said to have fled, and the Berbers, who took refuge in Tunis, are returning to Naft.

Canadian Salt 7% Bonds

A company which controls a practically inexhaustible supply of the raw material from which its product is made, and has its manufacturing plants located adjacent to the source of supply, is naturally in a favoured position with regard to low production costs. This is a strong factor in the success which has always attended operations of The Canadian Salt Company, Limited. The Company is the largest Canadian manufacturer of salt, and the only producer for sale, in Canada, of bleaching powder and caustic soda. Earnings over a long period of years have exceeded interest requirements by a substantial margin. We own and offer, subject to prior sale, a limited amount of the Company's 7% Bonds, due 1941. Price, 100 and accrued interest. Write for circular descriptive of this high-grade mortgage investment.

IRON, STEEL, METAL AND MACHINERY

In its summary of the iron, steel, metal and machinery markets, Canadian Machinery and Manufacturing News, Toronto, makes the following comment in its July 10th issue:— "In spite of the coal strike, it is a remarkable fact that the rate of pig iron production as compared with that of the additional furnaces have been blown in recently. In short, there seems to be no menace for the future, as far as the steel industry is concerned. Mills are filled with actual business for approximately two months, and are not forcing any tendency of the market to contract for autumn supplies. The activity in all grades of sheets may be judged from the fact that leading interests are filled for three months. Some of the independent mills have retreated from advances over regular figures. From a buyer's point of view, the hope is expressed that conditions as reported in the steel industry will continue after the vacation period, while among sellers there are predictions that buying will resume just where it left off. The market may be said to present a moderate aspect with reference to the price situation. Basic prices seem to be firmly maintained. So far as Canadian industry is represented in demands for iron and steel, there is quite a wide spread; that this, no concentration on any particular line of activity. Thus, a representative in close touch with the field, reports that the past two weeks' tonnages contracted for were made up of structural steel, rim material for the motor car industry, bar products for agricultural implements and considerable transmission material, or cold rolled steel. There is no doubt that the motor car industry is responsible for an increasing amount of business that is of direct interest not only to iron and steel buyers, but also to machinery manufacturers. The official report that the Ford Company of Canada is preparing to spend millions in new buildings at Ford, Ont., not only to handle increasing order business to evidently to entrench themselves still more strongly in the Canadian market, is warmly welcomed by the machinery industry. Prices for the most part remain steady, though there is an undertone of firmness reflecting good general demand and tendency created by coal strike problems. Montreal reports that iron and steel business for July indicates a better demand than has existed for any ten-day period this year. In fact, some jobs declare that July will be the best month of the year. This is significant for generally the month is one of the most important of the twelve. The demand for sheets, black, blue annealed and galvanized, is said to be far beyond visible sup-

AMES HOLDEN AFFAIRS.

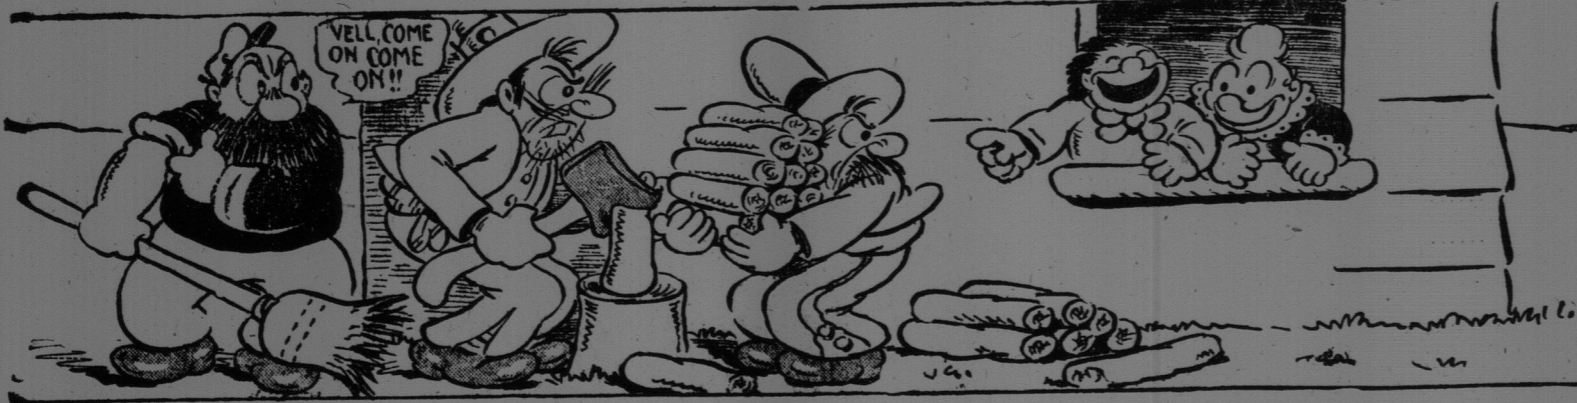

(Montreal Gazette) Possibilities of settlement with creditors and bond holders of Ames Holden-McCreedy, Limited, have in the last days assumed a rather promising outlook, following a period when it seemed almost inevitable that this company would be forced into liquidation. While the latter possibility still exists it is doing all in its power to avert such a happening. A committee of bondholders have been in negotiation with the principal creditors, from which it is anticipated some general plan will be evolved. In the meantime it is stated that operating conditions for the company have improved and that the turnover in the last few months has run over \$700,000 each month.

CANADIAN WOOL.

Ottawa, July 14.—(Canadian Press.)—The grading of eastern Canada wools is now well under way, according to the market report of the Dominion livestock branch. Quebec wool gradings are practically completed, but heavy consignments of Ontario wools have already arrived at the warehouse at Weston, Ont. Local buyers in the maritime provinces are paying ten cents for coarse and fifteen to seventeen cents for medium, with an occasional lot of twenty cents for extra choice lots. It is expected the receipts of western wools will be heavy during the present month, and grading of these consignments will commence immediately. The demand for all grades continues good at nominal prices.

ACADIA SUGAR PLANS.

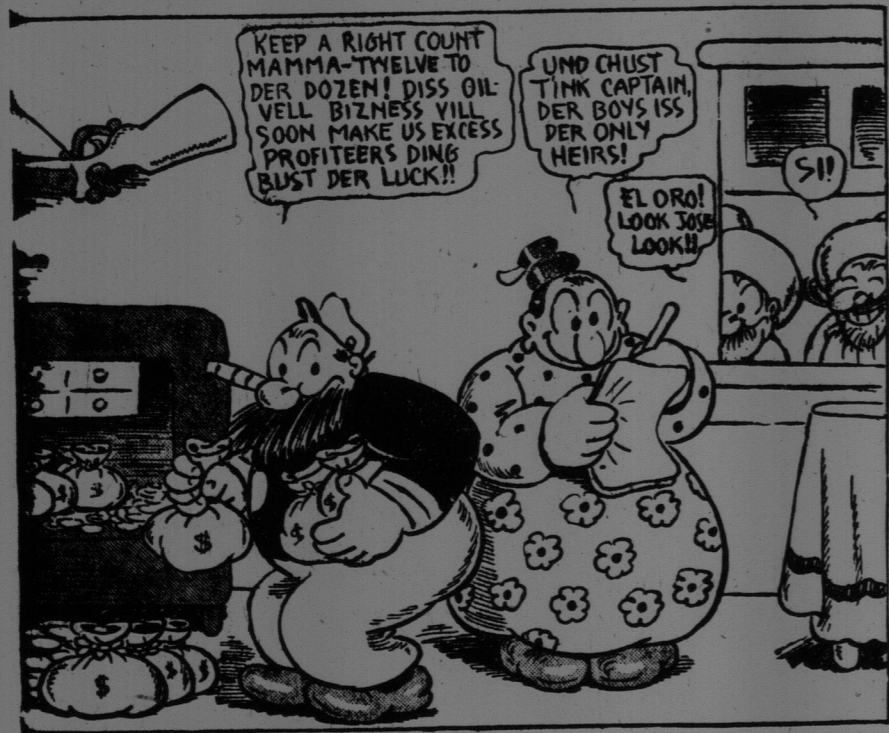

Montreal, July 14.—The Montreal Gazette announces that on July 28 the annual meeting of the Acadia Sugar Refining Company, Limited, will be held, and at that time, plans will be considered for an internal re-organization which will have for a primary requisite the rearrangement of capital obligations. It is the intention to sell to shareholders second mortgage bonds to the extent of \$1,000,000.

MISSED SHIP; TWO
SUE WHITE STAR

One Asks \$25,000 Damages,
the Other \$10,000

Were Left by the Majestic—
Owners of Liner Giving 22
of Them Allowance While
They Wait to Go on the
Olympic.

New York, July 14—Two of the
sixty second-class passengers who were
left behind by the White Star liner Ma-
jestic when it sailed at eleven a. m.
Saturday for Southampton and Cher-
bourg will bring suit for damages
against the company, it was announced
by Fred E. Klein, an attorney. One of
them is Mrs. Charles Evans of 631 East
186th street, who demands \$10,000, and
the other is Arthur Zeiger, a Pittsburg
lawyer, who asks for \$25,000 damages.

They left on the Berengaria for South-
ampton. Klein, who was on the pier
when the Majestic sailed, said that he
was acting as attorney for thirty of
those left behind. He had advised fifteen
of these people, he added, to settle with
the company, as they were persons of
small means who could not afford to
sue.

Thirty of those who missed the ship
sailed on the Zealand at noon Saturday
in the second cabin and two in the first
cabin, while one went in the first cabin
of the White Star liner Baltic. One will
leave on the American liner St. Paul,
and the two who are suing will go on
the Cunarder Berengaria. Twenty-two
have decided to remain in New York un-
til Saturday and leave on the Olympic.

The twenty-two are from the Middle
West and wish to see New York, now
they are here. They are being allowed
\$5 a day for their expenses, and those
whose hand baggage was carried off by
the Majestic are being given an extra
allowance to purchase toilet articles.

Mr. Klein, who was expected at the
White Star office but did not go there,
asserts that his clients were on the
pier in plenty of time to catch the ves-
sel and that the delay was caused by
the steamship clerks. This is denied by
officials of the line, who state that the
passengers were not at the gangway
fifteen minutes before the Majestic sail-
ed and that only two of them, Mr. and
Mrs. Peebles of Cleveland, had their
tickets wrongly stamped with noon at
the sailing hour. All others, they said,
had the correct time, eleven a. m., on
the tickets and several were chatting
with friends on the pier instead of going
to the gangway to get their tickets ex-
amined and stamped.

**JAILED MAN'S WIFE A
PRISONER IN HOME**
Neighbors Feared Her and Her Plight
Was Kept Secret—Hebrew Charities
to Help.

New York, July 14.—The United Hebrew
Charities will send an investigator
to look into one of the strangest cases
that have been called to its attention in
some times, that of a woman kept as a
prisoner in her one-room home for seven
months by her husband without the
story becoming known except to the
neighbors living in the immediate vicini-
ty, who would not interfere because
they believed the imprisoned woman
would "kill them."

Not until Kalman Fuchs of 107 Lewis
street was placed in the Tombs to await
trial on a non-support charge was the
woman's plight learned. He told War-
den Hanley. Neighbors said they had
never seen the woman and that they kept
away because of the husband's warnings
as to her condition. She had returned
from Central Islip Hospital, Fuchs had
told them, in such a state that he had
removed his four children from the home,
two going to the Hebrew Orphan
Asylum and two to their aunt.
Bread and cheese for only a day were
found in the room when it was opened.
The woman, at first bewildered and
frightened, responded to kindly treat-
ment, and seemed satisfied with her lot
since it was her husband who had told
her not to go out.

**NO FAITH IN
ALIENISTS ON
WITNESS STAND**

**Montreal Judge Refuses to
Hear One Unless on Matter
of Fact—A Strange
Case.**

Montreal, July 14.—Declaring that he
would never repose any confidence in the
opinion of expert alienists after what
had happened in a recent case Mr. Justice
Martineau refused to hear Dr. Tetreault
of Longue Pointe asylum, unless he was
able to give evidence on matters of fact, in a
hearing here yesterday on the merits of
a habeas corpus issued on an allegation
that Ernestine Menard, wife of Yvon
Lamontagne, was being detained against
her will in the asylum.

Mrs. Lamontagne was in court,
almost brought proceedings to an abrupt
conclusion by declaring she was quiet
contented to remain in the asylum.

Justice Martineau thereupon asked
counsel in support of the petition whether
he had not better quash the writ, but
counsel replied that it was an extra-
ordinary case and one on which it was
deemed advisable for the family to ex-
press an opinion in court.

It was established in evidence that Mrs.
Lamontagne had been admitted to the
asylum on a certificate signed by two
medical men in accordance with the law.
She was shown also to be suffering from
delusions and hallucinations and imagined
she was being persecuted, whilst she
thought that everything good and bad
was the work of spirits.

Dr. Tetreault stressed the fact that
Mrs. Lamontagne was sane and that it
was an evil spirit—and demon himself—
that inspired Free Masonry. His Lord-
ship reserved judgment.

**WORK LOST IN
STRIKES IN JUNE**

**Estimated That in Canada in
Month it Amounted to
254,184 Days.**

Ottawa, July 14.—(Canadian Press)—
The loss of time on account of industrial
disputes during June was less than during
May, 1922, but greater than during
June, 1921, according to labor depart-
ment returns.

There were in existence at some time
or other during the month twenty-five
strikes, involving about 10,135 work peo-
ple, with an estimated loss of about 254,
184 working days.

In the previous month there were
thirty strikes, involving 13,186 working
people and entailing a loss of time of
275,190 working days. In June, 1921,
there were fifty strikes, involving 10,239
work people and entailing a time loss of
188,020 working days.

The meeting was presided over by H.
Schneid of Chicago and was under the
auspices of the Montreal Joint Board,
Amalgamated Clothing Workers of Amer-
ica.

Washington, July 14.—Taking care of
disabled veterans of the World War and
fitting them for useful vocations is a
huge task, according to the Veterans
Bureau, publishing accounts of the num-
ber of men undergoing vocational train-
ing. Up to May 1 the bureau's figures
show a total of 40,815 veterans had ap-
plied for vocational training, of which
number 312,390 applications had been ap-
proved.

In addition to the 30,000 factories and
industrial organizations which are afford-
ing placement training to 88,704 veterans
there are 8,228 institutions engaged in
the work or retraining men who were
disabled or partially disabled. Of this
number there are 162 universities, 233
colleges, ninety-eight state normal
schools, 1,041 commercial schools, 244
public schools, and 266 institutions
teaching miscellaneous subjects. Of
these forty-nine are government institu-
tions.

**2,000 TONS OF
PINS ANNUAL
OUTPUT IN U. S.**

**Value \$29,304,995, of Which
Connecticut's Quota is \$18-
904,286—Hairpin Crop Has
Trebled in Five Years, De-
spite Bobbed Hair.**

New York, July 14.—Official returns
from the needle-and-pin census of 1919
are in hand. While every needle, com-
mon pin, safety-pin, and hairpin counted
on this occasion is believed by this time
to have got itself lost, if not swallowed
by a baby, certain facts concerning their
brief but useful career in these
United States are revealed in an eight-
page report by Chief Statistician Bu-
sene F. Hartley of the Bureau of Census
of the Department of Commerce.

Coal supply increasing.
Coal supplies are increasing, although
they are not large. The Illinois Central
is making the best showing, being the
most favorably located of any western
railroad, getting supplies from western
Kentucky and parts of Alabama. In
June it moved 200,000 tons of coal, or only
360 cars less than for the same time last
year, while the Burlington, which is one
of the heaviest coal-hauling roads under
normal conditions, only handled an
average of 50 cars a day. The north
western is getting more coal on its own
lines and connections.

Lumber, merchandise, and miscellan-
eous traffic is making the best showing
on nearly all roads. Over business on
the north western is only ahead of
the rest of the year. Returns for the first
week in July show small gains over June
in most instances and also as compared
with last year.

Eastern railroads are increasing their
tonnage movement, so that it is in excess
of last year despite the lighter move-
ment of coal. Returns for the first
week in July show small gains over June
in most instances and also as compared
with last year.

The total hairpin crop was one that
every loyal American may well be proud
of. It totalled 3,000,702,262, nearly three
times as many hairpins as were counted
in the previous census of 1914. As
the number of women in the United
States had not by any means trebled in
that time, the only conclusion is that
the ladies of 1919 were wearing more
pins per capita than their sisters of 1914.
Analysis shows that approximately
116-2-3 hairpins were produced for every
woman of voting age in 1914.

These figures, authorities say, will
probably never be equalled again — at
least so long as the bobbed hair business
goes on so merrily.

**CAR SITUATION
GETTING TIGHTER**

**Demands from the East Cut
Down Allotment to Grain
States— Strike Beginning
to Make Itself Felt on West-
ern Roads.**

Chicago, July 14.—The shermen's
strike is beginning to make itself felt
in the operation of freight and passenger
trains on western railroads. There has
been some trouble at the shops at various
points, and a number of trains have been
taken off, but officials on most lines
claim to have a number of workers. They
have taken men out of the main offices
for various kinds of work and have plans
for others to fill various positions if
necessary. Unless the troubles spread
operations will not be impeded to any ex-
tent, but repairing of cars will be de-
layed, and should the strike last any
length of time it will be necessary for
the railroads to put their car repair work
of private shops or there will be a
scarcity before long.

A tightening of the box car situation
is already apparent, owing to the in-
creasing demand for first-class box cars
for the movement of the new wheat crop,
which is expected to increase from now on
as harvest is completed and farmers become
anxious to turn their grain into money.
A number of the western roads have
stopped sending box cars west of the
Missouri River owing to an increased
demand in the eastern sections. This
has necessitated changing of their plans
for placing thousands of cars in Kansas,
Nebraska, and Oklahoma to facilitate the
movement of the new wheat crop, now
being threshed and already starting for
market. It is expected to make a tight
situation in these sections in about thirty
days.

Indications at present are that there
will be less wheat sent to the Gulf ports
than last year, which is favorable to the
western railroads that do not run direct-
ly to Galveston and New Orleans, as
they have in past years lost the use of
thousands of cars to more than 4,000
most favorably located of any western
railroad, getting supplies from western
Kentucky and parts of Alabama. In
June it moved 200,000 tons of coal, or only
360 cars less than for the same time last
year, while the Burlington, which is one
of the heaviest coal-hauling roads under
normal conditions, only handled an
average of 50 cars a day. The north
western is getting more coal on its own
lines and connections.

Lumber, merchandise, and miscellan-
eous traffic is making the best showing
on nearly all roads. Over business on
the north western is only ahead of
the rest of the year. Returns for the first
week in July show small gains over June
in most instances and also as compared
with last year.

Eastern railroads are increasing their
tonnage movement, so that it is in excess
of last year despite the lighter move-
ment of coal. Returns for the first
week in July show small gains over June
in most instances and also as compared
with last year.

The total hairpin crop was one that
every loyal American may well be proud
of. It totalled 3,000,702,262, nearly three
