CONFERENCE ON IRISH MATTERS CLOSE AT HAND

Soon in London Unless Obstacle Arises
Report of Document to This Effect—Attack on Military Barracks in County Waterford Heard of.

Dublin, Jan. 6.—Influences at work to establish contact between the cabinet and Dail Eireann have at last been successful. A document is now in existence which opens up the definite policy of a conference between the two parties.

Meanwhile Sinn Fein has issued the following comment: "Statements about President de Valera and views attributed to him in the Irish and English press are nothing more than speculative guessing. The Irish people will pay no attention to them, until they hear from President de Valera directly and officially."

Reported Sinn Fein Meeting. London, Jan. 6.—The authorities in London believe a conference has already been held at all Sinn Fein M. P.'s who were able to attend it, that their attitude towards the government was discussed and that they decided they could not enter into negotiations in the absence of their fellow members who are under the ban of the law.

Dublin, Jan. 6.—It was said today that the police barracks at Tramore, county Waterford, in the martial law area, were attacked last evening, and a military party which was sent to the relief of the police was ambushed near Tramore.

After heavy fighting, says the statement, the members of the ambushing party were dispersed, leaving three dead. It is believed, adds the statement, that the attacking forces suffered other casualties.

One soldier was wounded in the fighting and one policeman was wounded at the affair at the barracks, the attack upon which was repulsed by the police.

Belfast, Jan. 7.—Two Catholic curates, the Reverends J. Green and S. Spain, of Killybegs, County Derry, were arrested yesterday. Six members of the Catholic clergy are now in custody in Ireland.

Two hundred and sixty-one persons were killed and 446 wounded in Ireland, in 1920, as a result of what are described in an official report as "serious outrages." These figures do not include 82 civilians who died as a result of the riots in Ulster from June to September.

Father Dognine's Case. Dublin, Jan. 8.—Intense interest is being evinced in the court martial of Father Dognine, chaplain of the Republic guard and spiritual adviser to the late Terrence MacSwiney, tomorrow.

It is said that the case against Father Dognine is so urgent that it is impossible to convene a general court martial. The usual week given a prisoner for preparation of his defense also has been curtailed. The charge was served the priest Wednesday without customary evidences being taken, and he was not afforded legal advice until Thursday.

Belfast, Jan. 8.—Four constables were wounded yesterday, one of them seriously, at Camlough, southern Armagh, near Newry, when a small patrol was ambushed.

EARTHQUAKE RECORD. Washington, Jan. 8.—A "moderate" earthquake disturbance was recorded at 1:40 a. m. today, on the seismograph at Georgetown University here. Father Tondorf, director of the observatory, said the indicated distance was 2,400 miles from Washington. The record looked, he said, as though it might be a disturbance within continental United States.

CARDINAL GIBBONS HAS GOOD NIGHT. Baltimore, Jan. 8.—Cardinal Gibbons told his secretary, Father Smith, this morning, that he felt quite refreshed after an excellent night's rest. He had a restful day yesterday, although he was slightly depressed for a while in the forenoon.

HINT THAT MIGHT AID THOSE OUT OF WORK. Toronto, Jan. 8.—If citizens would have that repair work they are going to have done, done at once, the unemployment situation would be materially relieved till February or March, when brighter days are expected. "We have been getting many calls from people for men to work about two hours a day," said Sergeant Major George Crighton, this morning. "This is a very desirable thing, and if citizens would be more patriotic in this regard we should be able to keep the steadily increasing total down to reasonable proportions."

HALF CENTURY IN THE MONTREAL POST OFFICE. Montreal, Jan. 8.—James Phillip Chiles has just completed fifty years of service in the Montreal general post office.

British Naval Power Is Double That of States

Japan in Third Place With Half of American Tonnage
Present U. S. Programme Will Offset British Preponderance But Fleet Will Be Still Inferior—Harding for Curtailment.

Washington, Jan. 8.—Information now in possession of the United States government of the relative strength of the three principal navals powers believed to be complete, shows the present naval strength of the United States is about half that of Great Britain while almost double the seapower of Japan.

In first line major ships, including battle-ships and battle cruisers, the British navy on Jan. 1, 1921, this information shows, numbered thirty-two vessels of 811,060 tons, while the United States possessed sixteen vessels of 485,750 tons, and Japan ten vessels of 288,250 tons.

While capital ships under construction for the U. S. navy include twelve dreadnoughts and six battle cruisers to be completed in 1923, will practically offset the British preponderance, in this class of vessels, the information shows that the United States fleet still will be greatly inferior in types of vessels regarded by naval officers as the first importance in naval strength. These types include notably destroyer leaders, cruisers and light cruisers, and cruising submarines.

Although with completion of the present authorized building programmes of the two continents the United States navy will have only six battle cruisers as compared with 12 for that of Japan, it will more than maintain a 100 per cent superiority by virtue of its greater number of battleships and supplemented types of watercraft.

Harding on Expenditure. Marion, Ohio, Jan. 8.—Representative Butler, of Pennsylvania chairman of the house naval committee was called into conference today by President-elect Harding to consider means for reducing naval expenditure without impairing the efficiency of the nation's first line defense.

Although favoring a navy strong enough to insure safety to the shores of England, where he says he has a wife and two children. The court agreed to this and the accused will be held until a position on some boat can be secured.

A young man was charged with selling beer containing a higher percentage of alcohol than that allowed by law. He pleaded not guilty and the evidence was conducted by the rector, Rev. G. Gordon Lawrence, and the church was filled with those who came to pay their last respects to their friend, who was taken so suddenly and in the prime of life.

Interment was in the Hampton Rural Cemetery and members of the Masonic Lodge, Corinthian No. 13, with which the late captain was once affiliated, marched to the grave.

Besides his wife and son, James Adams who arrived from Saskatchewan on the noon train, were his brother, Captain Arthur Adams of New York, and George Lawlor of the Western Union system. Halifax, G. N. York of the cable ship, Mackey Bennett; officers and members of Birton Lodge, A. F. and A. M., Halifax; Western Union cable system, Halifax; G. N. York of the Western Union, New York, and the Halifax Club.

TOO OLD FOR CIVIL WAR, IS NOW DEAD. Wheeling, W. Va., Jan. 8.—Geo. Crow, who was rejected because of his advanced age by a recruiting officer, when he sought to enlist for service in the civil war, died at his home here in Littleton, W. Va. last night. Mr. Crow recently celebrated his 108th birthday anniversary by riding eight miles on his horse to the home of one of his sons.

THREE VACANCIES NOW IN HOUSE OF COMMONS. Ottawa, Jan. 8.—The death of Lord Colonel Harry F. McLeod, M. P. for York-Sunbury, makes the third vacancy in the House of Commons. The others are West Peterboro, where a by-election is now in progress, and Yamaska, Que., made vacant by the death of O. Gladu.

WANT WAR TANKS TO HELP CLEAR THE LAND. Victoria, B. C., Jan. 7.—Importation of war tanks from England and France to clear up thousands of acres of land for farmers in British Columbia is being placed before the government by members attending a convention of farmers' institutes here.

As Hiram Sees It

"Hiram" said the Times reporter to Mr. Hiram Hornbeam, "I am glad I was not a member of the finance committee of the municipal council yesterday. It was the annual grant day, and the air was so full of figures that a row of adding machines would have had heart failure. The councilors had to digest them all. If their wives woke up in the night to hear them shouting for help it would not surprise me."

Well, said Hiram, "if these are sharp as our feliers out to the Settlement they won't let much git by without knowin' what it's about. Our members hes about as sharp an axe as anybody when it comes to choppin' down taxes. I git reel mad sometimes because they chop too much. Now you take these here hospital an' other things that wants grants—they can't git along without money. No, sir—they jist got to hev it. An' them men an' women that looks after 'em gives a lot o' trouble. I often wonder what 'ud happen if every man an' woman that's goin' round to meetin' an' doin' what they kin to help things along 'ud make up their minds to quit. Say, Mister—you'd see taxes go up or you'd see a lot o' people suffer. I don't blame no councilor fer wantin' to know where the money goes, but I do say he ortn't to be too stingy—no, sir. I guess your feliers here ain't too. I've seen a mighty sight worse, yer, sir."

Several days ago, she said, Auther came to her home in Madison, told her of her mutual love, and asked her to allow Mrs. Franzen to leave with him. Franzen is said to have agreed, and when Auther said he had no money gave him a check for \$100.

According to the police Mrs. Franzen said that she and Auther had never been married, as they were reported to have told her husband, but they had been acquainted for some years.

PORT BUSINESS IS PICKING UP

Indications Are That the Season's Traffic Will Come Close to Last Year—New Conveyor Ready.

Within the last few weeks the winter port business to and from this port has shown a decided improvement, so F. D. Alward, the harbor master said this morning. Since the reduction in the ocean freight rates the traffic has become appreciably heavier and there is a possibility of the winter business coming almost up to that of last year, which was an extraordinarily heavy season. There will likely be a small falling off in the amount of export grain and general cargo, but there is an indication that lumber shipments will be increased.

Presumably on account of the exchange situation, the imports have been considerably heavier than the exports up to the present, but the lower rates may tend to offset this condition somewhat.

The grain conveyor No. 15 is berth is now ready for operation. This makes seven conveyors in service on the West Side.

FUNERAL OF CAPT. JAMES ADAMS

The funeral of Captain James Adams was held this afternoon at the Chapel of the Messiah, Hampton Station, after the arrival of the Halifax train from St. John. The body was brought to Hampton on the early train from St. John. Halifax and was taken to the church where it remained until the funeral service this afternoon. The service was conducted by the rector, Rev. G. Gordon Lawrence, and the church was filled with those who came to pay their last respects to their friend, who was taken so suddenly and in the prime of life.

MORE WHO FOUND MARRIED LIFE NOT CONGENIAL

Eight Applications for Divorce Added to Long List Before Senate Commission.

Ottawa, Jan. 8.—(Canadian Press)—A big list of divorces to be heard by the Senate divorce commission at the approaching session of parliament continues to grow, no fewer than eight applications being given notice in this week's Canada Gazette.

The applicants are: Harry Hirschman, Toronto, from his wife, Mollie Hirschman, now of Montreal; M. J. Scott, Ridgeway, Ont., from his wife, Helen Margaret Scott of Toronto; Cameron Adams of Ameliasburg, Ont., from his wife, Maud Adams, of Bellevue; James L. Grover, New Market, Ont., from his wife, Lily M. Grover, Toronto; Lily Maud McCormick, Toronto, from her husband, L. O. McCormick, Toronto; Mable A. Allport, London, Ont., from her husband, Chas. W. W. Allport, Toronto; H. B. Brown, E. Ontario, Que., from his wife, Sophie L. Brown, Bangor, Me.; A. S. McPherson, Toronto, from his wife, Alice M. McPherson, London, England.

MUST DISARM HER CIVIL GUARDS

British and French in Accord and Now Have to Decide Only How to Act.

Peris, Jan. 8.—Decision as to the methods to be employed in forcing Germany to disarm her civil guards is all that remains to be arranged between the British and French governments, says the Excelsior.

Reports from the inter-Allied control commission in Berlin state that the Petit Parisien, show clearly that a former general of the German imperial staff is head of the civil guard organization and the newspaper declares that France will be satisfied if the Berlin government would give guarantees that present organizations binding regular forces and militia together are destroyed.

NEW COMPENSATION ACT FOR QUEBEC

Would Do Away With Administration by Courts of the Province.

Montreal, Jan. 8.—At a special meeting yesterday of the Montreal branch of the Canadian Manufacturers Association plans were started for the drafting of a completely new workmen's compensation act for the Province of Quebec. It was proposed that the present act had many defects.

It was also considered that the present practice of administering the compensation law through the courts was a poor one, since it caused many proper claimants under the law to lose a large proportion of the compensation they were entitled to in court and legal fees. It was proposed that the new law should provide for the appointment of a special commission to administer it, so as to avoid court and law costs.

Co-operation by the provincial government was promised by Louis Guyon, provincial deputy minister of labor.

LOWER RATES IN CHICAGO HOTELS

Association Members Speak of Cheapering Menu and Smaller Room Charges.

Chicago, Jan. 8.—Restoration of pre-war rates on rooms and food was declared imperative by members of the Chicago Hotelmen's Association yesterday, following their annual meeting, at which virtually all agreed that hotels should lead the way in readjustment of price levels.

Immediate reductions were recommended although the members were not pledged to a definite plan of concerted action.

Gradual abolition of charges for extras on menus, such as bread and butter, and lowering of prices on meat orders were suggested.

In keeping with market conditions were suggested. It was estimated rates on hotels rooms eventually will be reduced thirty per cent.

INQUEST AT GLACE BAY

Glance Bay, N. S., Jan. 8.—At last night's adjourned inquest on the body of Richard Miller, whose dead body was found last Saturday beneath the coal trestle at New Aberdeen, Constable Harry Smith testified that he took Miller to the lockup late Friday night and that Miller was allowed to leave for his home a few hours later. The coroner said an autopsy was not in order until all the evidence was in. The inquest was adjourned till Wednesday next, and warrants are being issued for five missing witnesses.

LENINE AND TROTZKY ARE NOW AT ODDS

Riga, Jan. 8.—Moscow reports a newly elected Soviet Central Committee comprising three groups. The dominating right wing is headed by Premier Lenin, the Centre by Leon Trotsky, the war minister, and the left wing by M. Bukharin.

Differences have arisen at the all-Russian congress of Soviets through Premier Lenin advocating autonomy for trade unions and M. Trotsky wanting continued government control of unions.

WIFE'S EVIDENCE DAMAGING TO HER HUSBAND

Murder Charge in Maryland Against Guy Thompson

Loved Him But Not Enough to Make Her Swear Falsely for Him—Man and Two Children Were Killed in Explosion.

Rockville, Md., Jan. 8.—The fate of Guy V. Thompson, indicted on a charge of murdering Jas. Bolton and two children of his housekeeper, by dynamiting the Bolton farm home near Germantown, Md., early on the morning of last November, will likely be in the hands of the jury late today.

Among several important witnesses for the prosecution heard yesterday was Thompson's wife, who, waiving her constitutional right to refuse to take the stand against her husband, gave what she considered the most damaging testimony of the day against him.

Asked on taking the stand: "Do you love your husband?" Mrs. Thompson replied: "Yes, in a way, but not enough to take the stand and swear to lies to save him."

She testified on the night of the explosion, which resulted in the death of Bolton and the two children, aged four and six, her husband left their home about 12 o'clock and returned an hour later with a box of dynamite alleged to have been stolen by him from a nearby hardware store.

"I'll make Jimmy Bolton smell this," the witness declared her husband said. "He'll find that he can't play with me and get away with it," and she further quoted the defendant as saying with reference to an election day movement between himself and Bolton, in which Thompson is said to have been shot in the arm by Bolton.

Leaving the house again with the dynamite about 2 o'clock, Thompson, his wife testified, did not return until after 4, or, so she said, after the explosion. He then cautioned her, she said to "say nothing."

CITY WORK

Commissioner Frink said this morning that he hoped within a week to have the work on the proposed improvements in Millville avenue under way. The only details to be now arranged are some small matters in connection with land damages. The commissioner anticipates employment for between twenty-five and thirty men. The work will be done under supervision of the officials of the public works department.

The stone crusher, which has been operating in West St. John is being dismantled preparatory to movement to the Millville avenue work.

Tenders will be called for on Monday for the work in connection with the deepening of Newnam Brook and the installation of a trunk sewer to drain the area in that vicinity.

WAS OUR SUSSEX

A despatch received in the city on Thursday announced that the British steamer Sussex, bound from St. John's, Nfld., to New Zealand, was grounded near the Atlantic entrance to the Panama canal, and added that she was in a dangerous position and would probably be moved following repairs to her forward hold.

It was thought at the time that this was the same ship that went aground on Navy Island here on December 23, but J. T. Knight & Co., the local agents for the vessel, could not say that it was, as they had had no word to that effect. This morning they were able to say that it was the same ship, and that the despatch should have read "bound from St. John, N. B., to New Zealand."

BATTLE IN COURT FOR HOURS OVER A SINGLE TERM

Bridgeport, Conn., Jan. 8.—Yesterday's session of the trial of Elwood D. Wade for the murder of George E. Nott, the crime for which Nott's widow, Mrs. Ethel Hutchins Nott, and John E. Johnson, Nott's friend, are also under indictment for murder in the first degree, developed into a technical discussion between counsel for the defence and state and celebrated attorneys. There was argument for hours over the definition of "irresistible influence."

WARSHIPS AWAY FOR ESQUIMAULT

Halifax, N. S., Jan. 8.—H. M. C. S. Anson, light cruiser, and the destroyers Patricia and Patriot, nucleus of Esquimault, B.C., via the Panama Canal. The ships' first port of call will be Bermuda.

MONTREAL MARKET

Montreal, Jan. 8.—The general tone of the local stock exchange during the early trading this morning was strong, most of the active issues rising fractionally. Albitoli closed yesterday at 56 1/2 and opened today at 57. Alliant Sugar strengthened a half point to 27 1/2. Brailan was weak this morning, sagging 1/2 point to 34 1/2. Brompton was another stock to be weaker this morning, opening at 55 after closing at 56 last night. Laurentide, however, was fractionally strong, at 89 1/2; it closed yesterday at 89 1/2. National Breweries remained steady and unchanged during the first hour this morning at 54. Riordon, which sold at 182 yesterday, did not appear on the tape during the early trading. Spanish River was stronger today to 98 1/2. Other issues were quiet.

WARNS OTTAWA TO KEEP HANDS OFF BUSINESS

London, Ont., Jan. 8.—"We have now reached the deflation and readjustment period," said Lloyd Harris of Bradford, former Canadian Trade Commissioner in London, England, in an address before the Canadian Club members at their annual meeting last night.

"I hope that one of the things the Canadian government will do from now on is to keep its hands off business and enact legislation that will give protection to all classes of society and encourage development."

ALCOHOLIC CASES ALMOST DOUBLED

Comparison of New York Hospital Figures for Four Months.

New York, Jan. 8.—Nearly twice as many men and women were treated in the city's hospitals for alcoholism during the last four months of 1920, as during the same period of 1919. During the 1919 period 682 cases were treated, as against 1,311 cases for the last four months of 1920.

One Redding jumped from his chair and hit a bailiff in the jaw, knocking him down. Another time he took several small boxes of matches and hurled them at different persons in the room, and he frequently challenged spectators and court officials to "come up and fight it out."

Other defendants testified that Redding posed as the "Prince of Jehovah," in making promises to take hundreds of negroes back to Abyssinia, and that he promised in a great wealth and power if they would follow him.

James Bridges, one of the defendants, testified that Redding told him a \$10,000 train was to be chartered to tour the south and collect negroes for the pilgrimage back to Abyssinia. When Bridges protested that such a thing was impossible, he said Redding told him he had "bribed President Wilson with \$300,000 and two ivory tusks to allow the tour."

"PRINCE" WILD IN THE COURT ROOM

Hits Bailiff and Threatens to Lick Anyone Present—Murder Charge.

Chicago, Jan. 8.—Grover C. Redding, self-styled "Prince of Abyssinia," who with seven negroes, is on trial charged with murder in connection with the deaths of Ralph Rose, a sailor, and J. Hoyt, a cigar store owner, during a disturbance in the south side "black belt" last fall, halted his trial several times yesterday with breaks of temper, during which he repeatedly threatened to "lick any one in the room."

Possibilities For The Maritime Provinces

Interesting Paper Read By R. M. Rive Before The Moncton Rotary Club—Will Maritime Provinces Grow?

The following is a portion of a paper read by R. M. Rive this week before the Moncton Rotary Club—

Now the question is, will the maritime provinces grow, will New Brunswick grow? That is a question which has been asked tremulously since confederation, but unfortunately the facts have always given a negative answer.

Halifax Man Says Tanlac Overcame His Troubles After Two Years Suffering.

"If the people who have suffered and tried other medicines until they have become down-hearted and discouraged only know what I know about Tanlac, they would lose no time in getting a bottle."

"Finally I began noticing Tanlac testimonials in the papers, and decided, as I had tried so many medicines, I might as well try this one. So I got a bottle and also a supply of the laxative tablets."

"I can eat anything I want now without suffering afterward, and my appetite is simply enormous. I am completely free from constipation and all those headaches and dizzy spells, and I sleep now almost as soon as my head touches the pillow."

"I have the Scotch. I will add to what Mr. Gagne said—we have the natural resources of the world at our disposal. It is unity. The fathers of confederation laid the foundation of it."

"The poor dyspeptic suffers untold agony after every meal, and any one who is a dyspeptic knows what joy it would give to eat three square meals a day and not be punished for it after."

"For over forty years Burdock Blood Bitters has been toning up and forcing weak stomachs to a normal healthy condition so that the food no longer causes distress, but is thoroughly digested and assimilated, and enables every one to eat with confidence."

"Grip-Fix bids fair to become one of the most popular household terms in these days of influenza and colds. It is a name well worth remembering."

"Grip-Fix was put on the market 10 years ago and at that time has lived up to its slogan: 'Cure a Cold in a Night.' It is a remedy which contains nothing but what your doctor might recommend for your cold."

"Grip-Fix keeps your system open, relieves the feverish condition, relieves the soreness of the throat and in the muscles. As it comes in capsule form it acts quickly on the system and relieves the very shortly after taking the first dose."

Maritime Provinces Are Not Getting a Square Deal—Readjustment Demanded.

Halifax Chronicle

An enormous stretch of territory, of great prospective wealth in minerals, forests and fisheries, the property of the Dominion of Canada, and in which, specially such provinces have a proportionately large interest and proprietorship, was recently handed over to the government."

GIRLS! GIRLS! Clear Your Scalp Of Dandruff With CUTICURA SOAP

On retiring touch spots of dandruff and itching with Cuticura Ointment on end of forefinger. Cover head for night. Next morning shampoo with Cuticura Soap and hot water. Rinse with tepid water. Repeat in two weeks. Make these fragrant super-creamy ointments your every-day toilet preparations. The Soap cleanses and purifies. Ointment to soften and soothe. Talcum to powder and perfume, and have a clear, sweet skin, clean scalp, good hair and soft, white hands with little trouble and trifling expense."

THIS WOMAN FOUND HEALTH And Escaped an Operation by Taking Lydia E. Pinkham's Vegetable Compound.

Hazelhurst, Ga.—"I have used your remedies for only ten months, and they saved me from an operation. Before I took Lydia E. Pinkham's Vegetable Compound, I was so ill from a female trouble that I was forced to stay in bed for a week at a time with weakness and pain, but your medicine cured me. I am now able to do my usual work and I am much obliged to you for your kind letter. Mrs. W. C. Little, R.F.D. 4, Hazelhurst, Ga."

MARINE NOTES. The Canadian Rancher which arrived yesterday is at present lying in the stream waiting for a change to dock at Long wharf. The R. M. S. P. Chandiere sailed yesterday afternoon at 4.40 for the West Indies, via Halifax. The Empress of Britain, C. P. O. S., arrived last evening from Liverpool, with about 1,800 passengers, among whom are Sir George E. and Lady Foster. The steamer Pretorian sailed at 9 o'clock last evening with 125 cabin and 200 steerage passengers.

THE COUNTY ESTIMATES. After an afternoon and evening session the finance committee of the municipal council yesterday, adjournment was made without any action being taken on the estimates for the year 1921. The committee will meet again next week for further consideration. The total amount estimated as needed by the Board of Health for 1921 was \$26,442.10. The Children's Aid Society asked for \$7,000. The estimates for the Municipal Home totalled \$85,900. The County Hospital estimates amounted to \$4,528.95. This institution last year, lived within its estimated expense and reduced its overdraft by \$5,022.54 in addition. The estimates for the General Public Hospital totalled \$107,497.21, which amount did not include sinking fund requirements for the Nurses' Home or for the power house. J. A. Likely appeared before the committee and asked for \$600 for the salary of an anti-tuberculosis nurse. He was asked to prepare a statement in writing. The estimates prepared for the various institutions did not provide for increases in salaries, as increases were made during the last year. Delegations from the boards of the various county institutions were heard in support of their estimates yesterday afternoon and evening. Mrs. Elizabeth A. Higson, one of England's new magistrates, works in a Lancashire mill, and sits on the bench to administer justice. Although she is a justice of the peace, she declares she is not going to desert her loom.

EXCITING ELECTION IN SOUTH AFRICA. London, Jan. 7.—The Union of South Africa is convulsed with a spirited election campaign in which the great issue is the accession of the union from the British empire. On one side are the imperialist forces—the South African Unionist coalition headed by General Jan Christian Smuts—and on the other the Nationalists. The Labor party, according to a manifesto issued on its behalf by Colonel Creswell, is apparently opposed to secession from the British crown, but is against the government of internal issues.

ITALIAN SUIT IN U.S. Attorney-General and Officials Named in \$100,000 Action. New York, Jan. 8.—The Italian Chamber of Labor announces that a \$100,000 damage suit has been filed here against the Italian government. The suit is in the state supreme court against Attorney-General Palmer and four other officials of the Department of Justice in connection with the death of Andrea Salado, who jumped fourteen stories to his death last May while under detention at department headquarters here in connection with the bomb outrages of June, 1919. The suit, brought by Salado's widow, named also Win. J. Flynn, chief of the department's bureau of investigation. It was charged that Salado had been beaten "terribly" and "tortured mentally and physically," that he had lost his mind and become suicidally despondent. The chamber announced that copies of the charges had been sent the Italian embassy at Washington, and the Italian consulates at Boston and New York.

KAISER BRONCHITIS IN EXILE Thousands Liberated

What have you not heard the joyful tidings? Bronchitis has been kicked right out of society—and 100,000 Canadians liberated from the bondage of this disease. Every trace of bronchial trouble is blown to atoms by the world's most effective disease-destroyer Buckley's Bronchitis Mixture. No wonder people are rejoicing! No longer do they dread the effects of coughs, colds, asthma, etc., and so anxious are they that others should benefit also, hundreds of letters have been written proclaiming the merits of this wonderful medicinal remedy. Here is one letter:— "This is to certify that I had been suffering for over three weeks with bronchitis and was advised to try Buckley's Bronchitis Mixture. I purchased a bottle and after the third dose I received relief, and before the bottle was finished, I was perfectly well. In making the above assertion I have no hesitation in saying it is the best remedy I ever came in contact with for heavy colds and bronchitis." (Signed) Mrs. M. Harding, c/o Dustless Brush Co., Toronto. The original of this testimonial may be seen at W. K. Buckley, Limited, 142 Mutual St., Toronto.

AFTER SHAVING

Heal the Skin and Prevent Infection with "ABSORBINE JR." The most healing, most soothing, most effective skin lotion you can use after shaving is one you can make up at home by adding one ounce of "ABSORBINE JR." to a quart of water or witch hazel. To rub this lotion over the face after shaving is a luxury indeed. It takes away all soreness—prevents chapping and irritation—keeps the skin—and prevents infection. A solution of "ABSORBINE JR." in water makes an excellent mouth wash; it thoroughly cleans the mouth, destroys germs, and prevents decay. \$1.25 a bottle—at most druggists or sent postpaid by W. F. YOUNG, INC., Lyman Building, Montreal.

TO BE DYSPEPTIC IS TO BE MISERABLE

The poor dyspeptic suffers untold agony after every meal, and any one who is a dyspeptic knows what joy it would give to eat three square meals a day and not be punished for it after. Nearly everything that enters the stomach is digested, and even the little that is eaten causes such torture and is digested so imperfectly that it does little good. With such a service at our doors our manufacturers and our farmers will grow, and with its growth will follow better facilities on our railways, better facilities at our ports, and better steamship service to every part of the world. Applying the doctrine of Canadian trade through Canadian ports, we will see in the not far distant future ships with the Red Ensign, the flag of our country, sailing from St. John and Halifax, not only to England, but to the other countries of Europe, Japan, China, and elsewhere, carrying not only manufactured products of the upper provinces but those of the maritime provinces as well. With such a service at our doors our manufacturers and our farmers will grow, and with its growth will follow better facilities on our railways, better facilities at our ports, and better steamship service to every part of the world.

EASY TO CATCH COLD THESE DAYS

When One Appears Start Treating It at Once With Grip-Fix. Grip-Fix bids fair to become one of the most popular household terms in these days of influenza and colds. It is a name well worth remembering. Grip-Fix was put on the market 10 years ago and at that time has lived up to its slogan: "Cure a Cold in a Night." It is a remedy which contains nothing but what your doctor might recommend for your cold. As proof of this, the ingredients are plainly printed on each box. Grip-Fix keeps your system open, relieves the feverish condition, relieves the soreness of the throat and in the muscles. As it comes in capsule form it acts quickly on the system and relieves the very shortly after taking the first dose. In using Grip-Fix it is best to start treatment as soon as the cold develops. If this is done there is no reason why the ailment should not be broken up in a single night. Get a box of Grip-Fix today. Have it in the house. On sale at all druggists—85c. per box.

CURED HIS PILES

Now 63 Years Old but Works at Trade of Blacksmith and Feels Younger Since Piles are Gone.

The oldest active blacksmith in Michigan is still pounding his anvil in the town of Homer—thanks to my internal method for treating piles.

Mr. Jacob Lyon, Homer, Mich.

I wish that you could hear him tell of his many experiences with ailments, salves, dilators, etc. before he tried my method. Here is a letter just received from him:

Mr. E. R. Page, Marshall, Mich.

Dear Sir: I want you to know what your treatment has done for me. I had suffered with piles for many years and used suppositories and all kinds of treatments, but never got relief until I tried yours. Am now completely cured. Although I am 63 years old, and the oldest active blacksmith in Michigan, I feel years younger since the piles have left me. I will surely recommend it to all I know who suffer this way. You can use my letter any way you wish and I hope it will lead others to try this wonderful remedy.

Yours truly, J. L. LYON.

There are thousands of afflicted people suffering with piles who have never yet tried the one sensible way of treating them.

Don't be cut. Don't waste money on foolish salves, ointments, dilators, etc. but send today for a Free Trial of my internal method for the healing of Piles. COL. H. F. McLEOD.

Friends throughout the province, for we had the faculty of making warm personal friends, will learn with regret of the death of Col. H. F. McLeod, M. P. He was not an old man, and had not his health broken he should have enjoyed many years more in the public life which he loved and had entered at an early age.

EXCLUDING ALIENS.

The question of shutting out alien immigrants to a large extent from the United States for a year, to give the country breathing space until industrial and commercial conditions are more settled is exciting a good deal of attention. A bill to give effect to the plan has been prepared, and is strongly endorsed by the Saturday Evening Post and some other influential journals, as well as by the labor interests.

STUDY THE FIGURES.

The attention of the citizens is directed to the large advertisement in this issue of the Times, showing the various assessments made and collected by the city. The most interesting feature, so far as the city council is concerned, is the very large amount over which it has no control.

AN EDITOR'S PARADISE.

The power of the press is great in Sackville. The present mayor is the editor of the Sackville Tribune, and his chief critic is the editor and publisher of the Sackville Post. Between them they keep the university town in the straight path of civic reform.

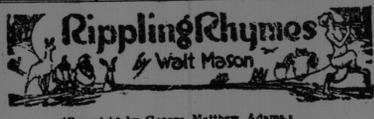

If the people of the south end of the city desire to do something to improve the conditions of boy life they will rally next week to the support of the boys' club, The Rotary Club, which features boys' work, cannot be indifferent.

Toronto Globe—"Canada should at once begin to assure her food producers of outlets for the products that will be shut out of the American market when the new tariff laws of that country are adopted.

The Canadian Credit Men's Association reports that with the new year there is an improvement in business and a better demand for merchandise. Such a demand would stimulate industry, and growing activity in the factories would relieve the unemployment situation.

The province of Ontario will make the scale of mothers' allowances adequate so that families may be kept together. This is in the best interests of the province.

Once more the question of a milk supply for St. John becomes acute. Sooner or later the city must consider the question of making itself more independent of the present source of supply.

BY FORCE OF LAW.

We all desire to make a hit before we end our days, and leave behind us, when we fit, a fame that will amaze; and so we'd pass a law to fit the crimes of other days. As moralists we'll win renown, or break a valued limb; and so we'll jump on Neighbor Brown, and put a crimp in him, and eagerly we'll load him down with ordinances grim.

THE HELP THAT FAILED.

In 1628 Champlain was in charge of French activities on the St. Lawrence, with his headquarters at the city of Quebec—or what is now the city. War had once more broken out overseas and the little colony was called upon to suffer again.

A SONG OF LEAVETAKING.

Voyagers and merchantmen, who sailed seas over, In desire of new lands and marvels yet to find, Had you ever fear at heart of what you might discover?

When you saw the last of shore, the dim blue line slowing, When you look before you, where the first low fog wreaths curled,

Were they all of joyous deeds, the thoughts that you were thinking, Were they all of wondrous things in some new wondrous world?

Surely there were times for you when seas seemed drear to wander, When the thought of some wide green, some long lane summer-green,

Took your heart with love of it, and made you pause and ponder, Why you left your dear country things for perilous dangers unseem!

Where you went you knew not, and each change of sea and sky, Strange new creatures in the deep and strange stars in the sky—

With your worn grown strange to you around, above the under, Did you shrink from what might come ere all your voyage was by?

Voyagers and merchantmen, who sailed seas over, If your hearts grow cold sometimes at change of sea and sky,

Say a little prayer for me, each happy-resting rover, For I, too, have a voyage to make—and of your bloom am I!

IN LIGHTER VEIN.

LIGHTER VEIN—... cing?— The small boy never worries half as much about where the shoe pinches as where the slipper stings.

Those Aggravating Optimists. The pessimist was suffering from rheumatism. "Every bone in my body aches," he complained. "You ought to be glad you are not a herring," said the optimist.

Hobbies—Take Note! "George," said his wife, looking with crushing scorn at the gaudy rug he had bought at a special sale, "I wonder if ever in your life you knew a good bargain when you saw it?"

The case was critical. George saw that something bold and decisive must be done, and his mind worked quickly. "Why, yes, Laura," he said. "When I wanted a wife I picked out the nicest, sweetest little woman in all the world, and I got the best bargain any man ever got. There, there, pet!"

His victory was instant and complete. Hitting Him Hard. Woodman, spare that tree, cried the poet.

"All right. No more wood pulp, no more paper, no more poetry."—Louisville Courier-Journal.

THE NOTABLE CAREER OF SIR WM. PETERSON

It was felt, when the late Sir William Peterson came to Montreal, to take up the principality of McGill, that following the late Sir William Dawson he had a difficult role to play. Sir William Dawson not only offered a ripe scholarship, but his warm and constant sympathy for the youth under his care, his solicitude for the general well-being, his identification with all that pertained to the uplift of the community, but to the Dominion, his profound understanding of the genius of this country, peculiarly endeared him not only to the general public, who loved him at once for his effectual work and his simplicity of character.

As the first impression it did seem a little aloof; that he might not fully enter into Canadian national life; that he might, quite unconsciously bring with him the exclusiveness born of august educational and social traditions in the Motherland. And, to the end, there was the hint of aloofness; but it was unconscious. Sir William Peterson, a ripe scholar, a great and noble classicist, with a genius for organization and systematization, threw himself into his important work.

McGill Expansion. Sir William Peterson at the outset had the support of the university's administrative chancellor, the late Lord Strathcona, and it was owing to the principal to point to growing needs in any particular direction, for Lord Strathcona to meet that need with a ready and simple cheque. He won, too, Sir William Macdonald in his purpose, and thereafter the gifts poured in like a golden stream. The great and noble structures on the campus which give dignity and impressiveness to McGill—its engineering and physics buildings—were reinforced by the chemistry building, while the addition of the faculty of music, the new medical building, the finest on the continent, the spacious stadium—all these features gave to McGill larger and more enduring prestige all over the Dominion.

As the years went by Sir William identified himself more closely with the life of the city. He was really a shy man; but he took part in sociological work. He addressed public meetings in the interests of the general uplift. He entered into the sympathies of the people, and to emphasize this he set on foot departments of sociology with strong and sympathetic men at the head of them; and these went among the common people and spoke from the tribunes of the latter, and made a popular name for McGill. This tended to remove any feeling of aloofness that might have been felt in regard either to the principal or the university.

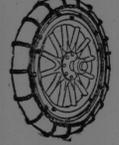

Sir William was born in Edinburgh on May 28th, 1836, the son of John and Grace M. (Anderson) Peterson. He was educated at the Edinburgh High School, Edinburgh University, St. Andrew's University, Göttingen University, Corpus Christi College, Oxford. He was assistant Professor of Humanity, University of Edinburgh, for two years.

In 1865 he came to Canada, as Principal of McGill University, to take the place of the late Sir William Dawson. He was created C. M. G. in 1901, and K. C. M. G. in 1915. He was chairman of the Protestant Committee of Public Instruction, chairman of Trustees Carleton Foundation for the Advancement of Teaching in the United States, Canada and Newfoundland, governor of the Royal Victoria Hospital, chairman of the Teachers' Training Committee of the Province of Quebec, and Fellow of the Royal Society of Canada. Sir William, before he came out to the Dominion, was Principal of Dundee University, where he earned a fine reputation as an able principal and ripe scholar. It was doubted that he would come to McGill, but the late Lord Strathcona made a trip across the Atlantic purposely, and persuaded him to come to the position where he believed that he could do good work in a young and formative country. The late Sir William was married in 1865 to Lisa Gibb Ross, daughter of the late William Ross, London, England. Of their two sons, William served in France as a major with the Canadian Expeditionary Force, having gone over with the 73rd Battalion, under the command of Lieut-Col. Peers Davidson. He had been twice wounded and was awarded the D. S. O. Mauger was attached to the British diplomatic service before the war broke out, and his services proved so valuable in this capacity that he was prevailed upon to remain in the position rather than join the fighting forces.

RECENT WEDDINGS

The marriage of Miss Grace B. Fraser, daughter of Rev. James and Mrs. Fraser, of Cushing, Quebec, to James R. McLae, of Black River, N. B., took place on Thursday afternoon at the residence of Mrs. F. R. Douglas, Westmount. The ceremony was performed by Rev. Dr. Patterson of Joliette. Mr. and Mrs. McLae will reside in Black River.

RECENT DEATHS

The death of Catherine Murray occurred at the Mater Misericordiae Home yesterday. She was of advanced years and leaves no relatives. The funeral will be held from the Home today.

The death of Mrs. Ellen O'Brien occurred yesterday at Norton in her eighty-second year. She was the daughter of the late Dennis Leonard and Mary Doland. She was born near St. George's, Charlotte county and moved to Johnville in 1866. In 1870 she married Cornelius O'Brien whose death took place in 1905. For the last four years, the late Mrs. O'Brien had resided with Rev. M. E. O'Brien at Norton. The funeral will be held at Norton on Monday morning at 10 o'clock. The late Mrs. O'Brien leaves one sister, Mrs. F. Winslip of Houlton (Me.).

Sussex, Jan. 7.—(Special)—John Marchbank, for many years a farmer of Poodiac, Kings county, died today in Sussex, where he had been for some time. He was eighty-seven years of age. The funeral will be held Monday morning at 10 o'clock from the home of his daughter, Mrs. Sydney Briggs, the interment to be at Poodiac, Rev. Mr. McPherson officiating.

COLONEL McLEOD DIED LAST NIGHT

Fredericton, Jan. 7.—Colonel Harry P. McLeod, M. P., for York-Sussex, in the Canadian House of Commons, died at his home at 488 Charlotte street in this city at 9:20 tonight, on the tenth day of his illness with pneumonia. He is survived by his wife, formerly Miss Ina F. Mercereau, daughter of Lt.-Col. G. W. Mercereau, of Doaktown, one son, Norman, and two daughters, Jenn and Mary; all young children. A brother, Norman P. McLeod, of St. John, and three sisters—Mrs. Maurice White, of Pictou, South Africa; Mrs. H. Fred Boyer, of Victoria Corner, Carleton county; and Mrs. Blanchard Fowler, of St. John, also survive.

Colonel McLeod, B. A., K. C. B., M. P., was a son of the late Rev. Joseph McLeod, D. D., and was born in Fredericton in 1871, and educated in the Fredericton high school and University of New Brunswick, where he took a B. A. degree and the Stanley gold medal in 1891. He was admitted to the bar in 1895 and in 1897 was made a king's counsel. He was a candidate for York county in the provincial elections in 1908 when the conservative ticket was defeated, but in 1909 he was elected in the county and was made solicitor general in the Hazen government. He was mayor of Fredericton in 1908-09. He was provincial secretary in the Fleming government and in 1913 was elected by acclamation as a federal representative at Ottawa. In 1917 he was elected to the Unionist-Conservative government.

Colonel McLeod had a distinguished military career and during the great war served in France as commanding officer of the 12th battalion. He commanded other units during the war, his highest command being that of commanding the Stormont district, during which he was promoted to the rank of colonel. He was also commanding officer of the 71st regiment prior to the war. He was a member of several fraternal organizations and in religion was a Baptist. The funeral will be held on Sunday.

MORNING NEWS OVER THE WIRES

Mayor J. S. Parker of Halifax is out \$20 as the result of the visit to Halifax of Miss Cossley-Batt who represented herself as the agent of the London Times and spoke in Halifax on questions of finance. A communication has been received from the London Times to the effect that while Miss Cossley-Batt has been an occasional contributor to the trade supplements of the paper she is not on the permanent staff. The \$20 is the amount of her hotel bill which she claimed was always paid for her. While in St. John Miss Cossley-Batt addressed the Women's Canadian Club and asked \$50 as a fee, saying she usually got \$100.

Making Bad Things Worse.

Winter, as if it were an evil spirit, seems to take delight in making bad things worse. Rheumatism twists harder, twinges sharper, catarrh becomes more annoying, and the many symptoms of scrofula are developed and aggravated. These are common diseases, and it is a wonder that more people don't get rid of them.

Hood's Sarsaparilla has been very successful in the treatment of these complaints. It is easily obtained, and there is abundant testimony that its effects are radical and permanent.

In cases where a laxative or cathartic is needed, it is well to supplement Hood's Sarsaparilla with Hood's Pills, which are gentle, thorough and effective.

PARENTS OF PREMIER FIFTY YEARS MARRIED

(Ottawa Journal.)

Having lived happily and in good health for nearly three-quarters of a century, Mr. and Mrs. Joseph Meighen, the father and mother of the Prime Minister of Canada, will celebrate the 50th anniversary of their marriage on January 28.

Mr. and Mrs. Joseph Meighen have six children, three daughters and three sons; and twelve grand-children, six girls and six boys. All the sons and daughters are married except Edward, who served as a gunner for three years of the war. He is living near Edmonton with his brother named William, who has two sons. The daughters are: Mrs. W. White of Calgary, who has a son and a daughter; Mrs. John Anderson of Wexford, who has two daughters; and Mrs. Fred Robertson, Carbon, Alberta, with a son and a daughter. The three children of the Prime Minister, Lillian, Max and Theodore, complete the dozen grandchildren.

Both Mr. and Mrs. Joseph Meighen are in the best of health. Alert and active, they do not look their years, though both have passed the allotted span. Mr. Meighen is 74 and his wife 71.

Their life in Ottawa has been very quiet. Neither Mr. nor Mrs. Meighen is fond of going out a great deal. They are very strong Presbyterians and regularly attend Chalmers Church, a practice they have handed on to their distinguished son who also is seldom missing from his pew on Sunday morning.

There is quite a facial resemblance between the Prime Minister and his father. The voices, the eyes and almost sharp features are identical. The older gentleman is as straight as his son, and almost as brisk in his movements.

The mother is a remarkably bright, active woman for her years, essentially a home maker, and a housekeeper. She still takes a keen interest in politics and follows the trend of affairs closely. The Prime Minister's mother worries over his worries as mothers will, and is her son's best friend.

Mr. and Mrs. Meighen came to Ottawa from St. Mary's, Ontario, where their six children were born. At first they lived on a farm near the city, and then moved there so that the children might be educated. Mr. Meighen went to St. Mary's from Perth, where his people, who were Scottish, though they came to Canada from Ireland, settled in their pioneer days.

GIFTED N. B. LADY.

Miss Margaret Porter of Chipman, N. B., gave an excellent programme of readings and monologues before the Women's Canadian Club in the new Pythian castle last night. Miss Porter is a graduate in oratory of Mount Allison Ladies' College and of Emerson College of Oratory, Boston. She has a most pleasing personality and clear delivery and delighted a large audience. Her programme was well chosen and well rendered. A vote of thanks was accorded by Mrs. J. S. Flagler. Mrs. Leonard Tilley, who presided, was chosen to represent the club at the dedication of the Pythian castle, Jan. 18. The following new members were elected: Miss A. L. McKim, Miss Missie Ryan, Miss Margaret Gilmore and Mrs. G. M. Perry. Mrs. B. Carter was in charge of the refreshments.

Doctor Tells How to Strengthen Eyesight 50 Per Cent in One Week's Time in Many Instances

A Free Prescription You Can Have Filled and Use at Home.

Philadelphia, Pa.—Do you wear glasses? Are you a victim of eye strain or other eye weaknesses? If so, you will be glad to know that according to Dr. Lewis there is real hope for you. Many whose eyes were falling say they have had their eyes restored through the principle of this wonderful free prescription. One man says, after trying it: "I was almost blind; could not see to read at all. Now I can read everything without any glasses and my eyes do not water any more. I am very and delighted a large audience. At night they would pain dreadfully; now they feel fine all the time. It was like a miracle to me." A lady who used it says: "The atmosphere seemed hazy with or without glasses, but after using this prescription for fifteen days everything seems clear. I can even read fine print without glasses." It is believed that thousands who wear glasses can now discard them in a reasonable time and multitudes more will be able to strengthen their eyes so as to be spared the trouble and expense of ever getting new glasses. Eye troubles of many descriptions may be wonderfully benefited by following the simple rules. Here is the prescription: Go to any active drug store and get a bottle of Bon-Opto tablets. Drop one Bon-Opto tablet in a fourth of a glass of water and allow to dissolve. With this liquid bathe the eyes two to four times daily. You should notice your eyes clear up perceptibly from the start and inflammation will quickly disappear. If your eyes are bothering you a little, take a few steps to save them now before it is too late. Many hopelessly blind might have been saved if they had cared for their eyes in time.

NOTE: Another prominent physician to whom the above article was submitted, said: "Bon-Opto is a very remarkable remedy. Its constituent ingredients are well known to eminent eye specialists and widely prescribed to them and the manufacturers guarantee it to strengthen eyesight 50 per cent. In one week's time in many instances or refund the money. It can be obtained from any good druggist and is one of the very few preparations I feel should be kept on hand for regular use in almost every family." It is sold in this city by all good druggists, including Wasson Drug Store.

SOCIALIST PARTY OPPOSES LENINE ATTEMPT AT CONTROL
American Representative Says Party is Impatient—Move to Form Fourth Internationale—Second and Third Bodies Said to be Negative.

Paris, Dec. 21.—(Associated Press Correspondence.)—Lenine's attempt to rule and unite the socialists of the world and control their policies through the operations of the Third Internationale of Moscow is to be contested by the central party, or faction, of socialists. This party occupies a middle position between the extreme right, or moderate faction, of socialists, and the extreme left, or radical faction. It was in order to organize their forces into a Fourth Internationale that a meeting of the Central Socialist Party of America at a meeting in Bern, Switzerland, December 6, which called a meeting at Vienna next February to form the proposed Fourth Internationale, declares that the socialists of the world have become impatient at the conduct of Lenine's Third Internationale of Moscow. The Russian organization, it declares, "is devoting itself chiefly to splitting the forces of socialism and of the workers abandoned by the chiefs of the Communist Party of Russia." Gollomb alleges, "the Third Internationale is trying to force on other countries a program, temper and tactics, which, whether good for Russia or not, takes no account of differences of conditions throughout the world. Those socialists who do not consent to the letter they do not consent to the spirit."

CADET GUILTY OF MURDER OF PRIEST
Court Martial in Cork Decides Harte Insane When He Shot Canon Magner.

Cork, Jan. 8.—Cadet Harte yesterday was found guilty of the murder of Canon Magner, parish priest of Dunmanway, but the court-martial which has been trying him decreed he was insane when the offence was committed. Canon Magner, who was 70 years of age, was shot on Dec. 15.
It was brought out by an auxiliary policeman at a recent session of the military court that Cadet Harte had been drinking heavily and was "absolutely mad" when he fired at the clergyman.

LINK CUBA BY PHONE WITH WHOLE CONTINENT
Direct Havana-New York Wire to Be Installed—Permit Obtained for Cable Landings.
Washington, Jan. 7.—Representatives of the Cuban-American Telephone and Telegraph Company of New York obtained a permit from the State Department today to land three submarine cables from Havana at Key West, Fla. They said that telephone communication between Cuba and the United States would be started by spring.
The cables, it was said, were formerly on board the cable ship Stephan, now on a German vessel, due to sail from London for Havana on Jan. 11.
"The Cuban-American Telephone and Telegraph Company is owned jointly by the International Telephone and Telegraph Corporation, of Broadway, and the American Telephone and Telegraph Company," an announcement read.
"Through the long-distance lines of the Cuban Telephone Company, which is one of the associated enterprises of the International Telephone and Telegraph Corporation and the Bell System in this country, verbal communication between Santiago de Cuba and San Diego, Cal., will be within the possibilities of the new service."
"Its principal commercial importance, however, will lie in an efficient telephone service between New York and Havana, the first and second ports, respectively, in importance in the Western Hemisphere."
"One telephone circuit will give continuous direct service to New York, so that when the Havana long-distance op-

Representatives of the International Telephone and Telegraph Corporation, who were in Washington to receive the permit, said today that engineers who had been working for months on the plans had given assurance that by the use of mechanical repeaters in a way never before attempted, a party in Cuba would be able to talk with another in New York, Montreal, Chicago, St. Louis or New Orleans.

ESTATE GOES TO CHURCH.
Deceased Son Had Not Lived Up to Will's Requirements.
Toronto, Jan. 8.—In the will of the late J. A. O'Grady, of this city, it was stipulated that his son Joseph was to receive the income from two pieces of property for ten years, and if, in the opinion of the executor, Dr. W. P. St. Charles, Joseph had led a sober life during the ten years the entire property was to become his; otherwise the property was to go to the Roman Catholic Episcopal Corporation.
The son Joseph died last summer, and in the executor's opinion Joseph had not lived as sober a life as his father wished.
The question of the disposal of the estate came before Mr. Justice Middleton, when two cousins of Joseph O'Grady, by the names of James and Catherine Gibson, claimed the property. The judge ruled that Joseph O'Grady had not lived long enough to become the owner of the property. His father died on November 22, 1917.

JEW FLOCKING TO PALESTINE
Mr. Landmann Reports Immigration From All Corners of the Globe.

Representatives of all the Jewish Emigration Bureaus in Central Europe met recently at Mährisch Ostrau on the border between Poland and Czechoslovakia and adopted a programme to provide for the rush of Jews returning to Palestine. The conference was called by Mr. Landmann, general secretary of the Zionist organization of London. Mr. Landmann afterward issued a statement in which he said: "One young hero walked all the corners of the globe arriving in Palestine, and in which he outlined the problems which must be met. The statement reads:—

"The movement of Jews to Palestine is no new phenomenon. For centuries, in fact ever since the destruction of the Temple in 70 A. D., there have been individuals who felt the call, and on several occasions whole groups have taken the wanderer's staff in hand and made the pilgrimage to Palestine. But it has been reserved for our own time to see the beginning of a national return of the rebirth of a people after so many centuries of waiting and hoping.
"The Balfour declaration was interpreted by the simple folk in this part of the world as the establishment of a Jewish state and an open invitation to all to come. Many sold their belongings and left their parents and colleges and conditions. Very few reached their haven; military exigencies kept the gates of Palestine closed, even to the Jews. One young hero walked all the way from Poland via Russia, the Crimea, Turkestan, Persia and Damascus, and eventually reached Jerusalem after seven months of arduous travel.
"The actual migration was compelled to wait until the political future of the country was finally settled at the San Remo April. The reports of the conference by the delegates who were in charge of the Palestine Bureaus in Poland and Vienna were that the San Remo number grew enormously. The aggravated political conditions in Poland also contributed to hasten the decision to go. This does not mean, however, that between the months of May and September about 50,000 persons registered their names as ready to undertake the journey. This does not mean that those regarded as unsuitable, as they are not even registered. Of these 50,000 some 7,000 or 8,000 have already reached Palestine.

Class of "Pioneers" Good.
The class of these pioneers is very good. They are almost exclusively young men and women—about 10 per cent are women—between the ages of 17 and 25. They are all in the Hebrew name "Chalutzim," meaning "pioneers." They have been preparing for their future life's work in various ways. Many have left their parents and colleges and gone to till the soil with their own hands in order to be prepared to do agricultural work in Palestine. They are all intelligent and energetic. Some of them have come to the conclusion that the only sound foundation on which to build up a Jewish state is the settlement of some of the Jewish young men and women in Palestine, in Poland, in Austria, in Czechoslovakia, in Jugoslavia, in Constantinople and in the settlements of Eastern Europe. "Apart from these purely agricultural pioneers, there are others who are being trained as bricklayers, masons, tinsmiths, plumbers and in all other branches of the building trades. The crying need of Palestine is for honest shelter for all the new arrivals.
"In addition to the knowledge of a handicraft, Hebrew speaking is an indispensable part of the curriculum. Between 70 and 80 per cent of all who go for Palestine can speak Hebrew. I was myself in Palestine two months ago and visited the settlements of some of the newly arrived "Chalutzim," and was greatly impressed with them—their manly as well as the women.
"Many of the well-to-do families had not been accustomed to hard manual work. Yet they cheerfully learned the stone mason's trade, the bricklayer's trade, and planted seedlings for the future fruits of Palestine and, well satisfied with their labors, sat down to a modest meal prepared by the women, who take turns in cooking and agricultural work. These were the students, who had made every thing in order to be among the builders of Zion. And when, after the meal, there came the spirited Hebrew marching and folk songs, it was delightful to see the devotion with which they sang their love for their people and their land.

Many in Need of Funds.
There are hundreds of thousands like the young men and women of Europe and the great problem is to transfer them to Palestine. There are two main difficulties to overcome. The first is due to the economic ruin of Central and Eastern Europe. In ordinary times most of these pioneers would have a tolerable sum of money at their disposal for the journey, and for their first settlement in Palestine. Today the German and Polish mark and Austrian and Hungarian crowns and Russian rubles are so low that comparatively wealthy persons have to ask for assistance to pay their passage. Thus a group recently arrived in Constantinople from the Crimea had among them several millionaires. But when they exchanged these for Turkish pounds they could not even pay their fares as far as Jaffa. The whole of Eastern Europe is in the same plight. Millions are beggars and beggars are millions. The Jews in other parts of the world, where money still retains its value, must come to the aid of their unfortunate brethren, whose ideals are good but whose valents is bad.
"The other difficulty is due to the condition of Palestine. The land has been desolate for so many years that it cannot be rendered fit for habitation without the expenditure of millions. Even when the money is forthcoming and it is sure to come—it will take time to get the soil ready. The people in Central and Eastern Europe, living in a state of famine-torture and disorder, are naturally impatient; they want to get away as quickly as possible. It is a state of emergency which has to be met, and the political conditions in the Palestine since the arrival of Sir Herbert Samuel—who is now universally beloved by Jew and Arab alike—are most

favorable. The enthusiasm among the Jews all over the world is growing, and I am confident that in a very few years population in Palestine. The well-to-do will establish factories when once the foundations are laid.
"Jews from the most remote corners of the globe are arriving in Palestine. Each has certain relations in the country he has left. What a splendid foundation for a worldwide commerce! But apart from commerce, Palestine is to be an educational centre for Jews, who will send their children there to study.

BIG STAMP SALE IN GERMANY
Berlin, Dec. 16.—(Associated Press Correspondence.)—Philatelic experts from all parts of the world came to Berlin to attend a great stamp sale just held here, which it is claimed has a wider range than any ever before held in Europe.
The total number of lots was 5,887 and the value at upset prices exceeded \$250,000 nominally; but the rare specimens were not priced, and for many there were no standards.
During the first day's sale there was a rush for rare Argentine, Brazilian and Bolivian issues.
United States issues included the only known cancelled copy of the "Franklin Carriers," brown orange error of 1861; the Livingstone (Alabama) 5c blue of 1861, and three blocks of the new U. S. A. 90c and 30c issues of 1869, with flags inserted.
The gem of the American collection was a postal envelope of the Confederate States of America, bearing on the right hand a 5c stamp in black, on the left a Confederate seaman nailing the "Stars and Bars" to the mast, and in the centre the official post office poet's lyrical efforts, as follows:
"On, on to the rescue, the vandals are coming.
Go beat them with bayonet, and sabre and spear,
Drive them back to the desolate land they are leaving.
Go, trust in God, you have nothing to fear."

FLAPPERS ARE DEFENDED.
British Librarians Oppose American Opinions.
London, Jan. 4.—Cabled reports that the Congress of Librarians at Chicago have, from their point of view, characterized modern young women as wearers of "forties-shell spectacles in order to appear as highbrows, but are devotees of "jazz poetry" nevertheless, has set British librarians thinking. On the whole, they come to the defence of the flappers. Their reaction, they say, but so did their mothers, and after all, most people read for pleasure, not for profit. J. H. Quinn, who presides at the Chelsea Public Library, finds girls still like Dickens and Marie Corelli, and go in also for "The Sign of the Cross" by R. D. Sayers and Gene Stratton Porter. As for poetry, Tennyson comes first, then Browning and Keats and Shelley are hardly asked for at all.
The air raids, Quinn believes, were blessings for the authors. People could not go out for hours and started reading in sheer boredom. So they acquired a taste for books and continue for pleasure. The movies, too, have helped. A girl who reads a dramatized story on the screen and wants to read the original. Charles Reade's "Cloister and Hearth" was featured at a picture house in Chelsea and there was a run on the book at the library.
As for children, they are as conservative in their reading as everything else. Stets about schools and fairs, those are what their mothers wanted and what they devour still.

N. e. d. a 'hair to help her to walk'
NOW MRS. EASTCOTT IS PRAISING DODD'S KIDNEY PILLS.
Port Hope Lady who suffered from Rheumatism and Heart Trouble tells how she found relief.
Port Hope, Ont., Jan. 7.—(Special.)—Among the thousands of women in Canada who sing the praise of Dodd's Kidney Pills, none is more enthusiastic than Mrs. S. Eastcott, a well-known and highly respected resident here. And Mrs. Eastcott is always ready to tell the reason why.
"I have been a great sufferer from rheumatism and heart trouble for the last four years," she says in telling her story. "I doctored and tried all kinds of treatments, but got no good results. I got so bad I had to walk with a chair."
"After taking Dodd's Kidney Pills for some time I could walk alone. Now I am better than I have been for the last four years. I am on my eighth box and will continue to take Dodd's Kidney Pills till I am perfectly well."
Rheumatism and heart trouble are both caused by sick kidneys. The weakened kidneys fail to do their full work of removing the impurities out of the blood and the trouble begins. The rational treatment is to strengthen the kidneys so they can remove the cause of the disease.
Ask your neighbors if Dodd's Kidney Pills will not help sick kidneys are crying for.

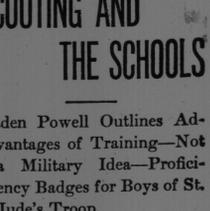

SCOUTING AND THE SCHOOLS
Baden Powell Outlines Advantages of Training—Not a Military Idea—Proficiency Badges for Boys of St. Jude's Troop.

In a letter from Sir Robert Baden-Powell, chief scout of the world, he says:—
"Several enquiries have lately been addressed to me both by individual schools and by local education authorities as to the attitude of the Boy Scouts Association towards the formation of Wolf Cub packs and Scout troops in schools as part of the school activities. The possibility of such a development was, no doubt, suggested by section 17 of the Education Act, 1918, under which

local education authorities are empowered to provide and maintain, or aid the provision and maintenance of facilities for social and physical training in order to supplement and reinforce the education of school children.
"To those who are particularly interested in the social training of boys and girls, one of the most encouraging features of the act is the definite recognition which it gives to the importance of leisure, and to the necessity of doing something outside the limited hours of the school day. The possibilities opened up by section 17 for providing facilities for the right and happy use of leisure hours. The Boy Scouts Association welcomes the possibilities opened up by section 17 for the extension of that training citizenship which it has always been their object to develop among the boys of the country, for they realize that in, and through, co-operation with the schools it will be possible to extend the social and physical training which is so necessary to the vast number of boys who have hitherto remained outside the scope of any of the voluntary organizations concerned with providing for the social welfare of children and young persons.
"Already scout troops have been formed in connection with some schools, and a very happy reaction on the life and work of the schools, and should your authority when considering the use of their powers under section 17 of the act contemplate the formation of troops in connection with any of their schools as one means of providing for the boys under their care the training prescribed in the act, I may assure them that both at headquarters and locally the Boy Scouts Association will be only too glad to render any assistance in their power.
Objects of Scout Work.
"In this connection I may perhaps be permitted to call attention to three points:—
1. There is still some misapprehension as to the real objects of scout training. It is in no sense a military training, or designed as some subtle method of fostering the military spirit, but is solely intended to turn out happier, healthier and more useful members of the civil community. Indeed, the usual military system of training is fundamentally the opposite to that of scouting since it imposes instructions on the mass from without while in scouting our aim is to encourage self development of the individual from within.
2. If troops are formed in connection with the schools, it is, in our view, essential, that no compulsion should be placed on any boy to join the troop. A conscript scout is a contradiction in terms, for scouting is a way of life on which each must enter voluntarily.
3. It is a rule of the association that boys should be expected to do what they can to bear a share of the cost of their scout training, and in all cases they are called upon to pay part, at any rate, if not the whole, of the cost of their uniform, and to pay something toward the maintenance of troop activities. It is generally agreed among those experienced in organizing social activities for boys, that "what costs nothing is little appreciated"—and I hope therefore that where school troops are formed, the tradition of expecting boys to pay a share of the cost will be maintained. Believe me,
Yours truly,
ROBERT BADEN-POWELL,
Chief Scout.

5th Troop (St. Jude's)
The troop was visited on Thursday evening by the district commissioner and district secretary. The commissioner Guy L. Short after giving the troop about half an hour of live games, presented to two new Scouts' underfoot Badges and the carpenter and naturalist badges to Scout Arthur Boddington. St. John Ambulance Association Junior First Aid Certificates were presented to the following Scouts: Edward Jenner, 90 marks, Lorimer Kierstead, 90 marks, Arthur Boddington, 80 marks, Preston Jennings, 70 marks, Wm. Edwards, 65 marks, Freeman Sealey, 60 marks, Ronald Ellis, 60 marks. Scoutmaster G. Olive asked the boys to keep up to date on the First Aid work and asked the whole Troop to try for certificates next year.

THE BOY SCOUT
local education authorities are empowered to provide and maintain, or aid the provision and maintenance of facilities for social and physical training in order to supplement and reinforce the education of school children.

United States issues included the only known cancelled copy of the "Franklin Carriers," brown orange error of 1861; the Livingstone (Alabama) 5c blue of 1861, and three blocks of the new U. S. A. 90c and 30c issues of 1869, with flags inserted.

As for children, they are as conservative in their reading as everything else. Stets about schools and fairs, those are what their mothers wanted and what they devour still.

Among the thousands of women in Canada who sing the praise of Dodd's Kidney Pills, none is more enthusiastic than Mrs. S. Eastcott, a well-known and highly respected resident here. And Mrs. Eastcott is always ready to tell the reason why.

It is a rule of the association that boys should be expected to do what they can to bear a share of the cost of their scout training, and in all cases they are called upon to pay part, at any rate, if not the whole, of the cost of their uniform, and to pay something toward the maintenance of troop activities.

FROVINS ON IDEA OF TRADE WITH THE BOLSHIEVIKI

Milukoff, Anti-Bolshevik Authority in England, Says It Will Endanger Country.

London, Dec. 20.—(Associated Press Correspondence)—Professor Paul Milukoff, Russian foreign minister under Kerensky, and considered the chief Russian anti-Bolshevik authority in England, is quoted here as saying:—“There is nothing to be obtained from Russia except flax and timber and that has been sold several times over. I cannot imagine that established British firms will consider this a solid basis for trading with a bankrupt country.”

Agreeing with American state department officials at Washington, Milukoff expressed his opinion to the London Globe that the proposed British trade agreement with Russia is “to all intents and purposes, recognition of the Bolsheviki who have never been elected by any vote of the people.”

“Trade with the Bolsheviki — only intensify the danger of Bolshevism spreading in England,” said Milukoff. “With trade will come, first, agents, then consuls—all trained propagandists whose real work it would be to hasten social revolution.”

Milukoff states that Russia has nothing to offer in exchange for goods. He says that Lenin himself emphasizes that the remaining gold reserve is negligible and would certainly be exhausted within a month or two.

“There is one thing that Lenin and Trotsky cannot stop without admitting the awful disaster they have brought upon my unhappy country—that is, the preaching of world revolution. Everything is subordinated to that end,” concluded Professor Milukoff.

Ceremonies commemorating the sixth centenary of the death of Dante will be held in Ravenna, Italy next September. A bronze and silver bell of artistic design will be placed over the poet's tomb and each night the bell will be rung in memory of the immortal writer.

SUSSEX GIRL'S SUCCESS IN THE UNITED STATES

Miss Margaret Howard Now At Head of Public Health Nursing Association of Oklahoma City.

(Sussex Record.)

Miss Margaret Howard, R. N., of Sussex, who has been located in Los Angeles, Cal., and recently went to Oklahoma to supervise public health nursing activities in that city, has certainly made good in her profession and must be considered a “top-notch” by those who are in a position to know, otherwise she would not have been called on to assume charge of such important work as described in the following article which was published in the Oklahoma City Times of Friday, December 17th, 1920.

Miss Margaret Howard is a daughter of Mrs. Thomas Howard, Peter street, Sussex. She is a remarkably bright young lady and her many friends in this vicinity and elsewhere while not surprised at her “making good” will be more than glad to learn that her merits are receiving the recognition deserved.

PLANS TO INAUGURATE HEALTH CRUSADE

(From Oklahoma City Times of December 17th, 1920.)

Establishment of a bureau or clearing house for the Public Health Nursing Association of Oklahoma City was planned at a meeting of the association yesterday in Commissioner Donnelly's office. This city is to be divided into ten districts, and a careful record of the health of those living within each district, together with sanitary conditions prevailing in the district, kept by the association.

The plan was presented to the association by Margaret Howard, who recently arrived from Los Angeles to supervise public health nursing activities here. Under the new plan there will be no overlapping of the work done by various associations employing public health nurses, and all parts of the city will be covered, Miss Howard pointed out.

The activities of the public health nurses will include parental work, infant welfare, supervision of bottle-fed and sick babies, supervision of tuberculosis patients, improvement of sanitary conditions in homes, control of epidemics and contagion, physical inspection of school children, and the teaching of health in schools.

One of the biggest aims of the association will be to reduce the high percentage of infant mortality in Oklahoma City by teaching mothers proper care of themselves and their children. The association will work for a rigid milk inspection, and will take particular pains to teach mothers proper feeding methods. Under the new plan, each nurse will have charge of the public schools in her district, and will make frequent visits to the schools. Children are to be taught the use of the toothbrush, and a rigid standard of cleanliness will be set. Teeth will be inspected, and care taken to have all physical defects such as bad teeth, enlarged tonsils and adenoids attended to immediately.

In the school health programme Miss Howard has asked the aid of the various patrons' clubs. As soon as possible, it is hoped to increase the staff of the association, also. A special course

public health nursing will be given by the University Hospital, and field work supervised by the nursing association.

A sub-station is to be maintained in each district, where every nurse will be required to keep records of her work, and make daily reports to the bureau. It is Miss Howard's plan to make the bureau an information place where all records pertaining to the health of the city can be instantly available to physicians and others interested. Plans were officially approved by the association, and work will begin under the new system immediately.

Rev. MacIntosh MacLeod, who has resigned his church at Wawelg, Charlotte county, to accept a call to New Mills, Hestigouche county, was in the city yesterday on his way to his new charge.

Mrs. A. MOTHER'S CROSS.
Mrs. A. Morrow of Prospect street, Fairville, last evening received a silver cross from Ottawa, in memory of her son, Pte. A. T. Morrow, who was killed in France on September 3, 1918.

SAYS HE FOLLOWED HER.
The daughter of a merchant in this city was annoyed last evening, according to a report received at police headquarters this morning. She was going to her home in King street east from Charlotte street and she said a man followed her all the way, but he did not make any attempt to molest her. His actions, she said, were suspicious. The police are investigating the matter.

PRISONER FOR BOSTON.
Detective Tuck, of the Halifax force, and Detective Richardson, of the Kingston agency, Boston, arrived in the city today from Halifax with Earl Bringham, whom they are taking to Boston, where he will appear to answer to a charge of theft and deserting his wife. The accused is being held at central police station until the departure of the Boston train this evening. He was arrested in Halifax on a warrant issued in Boston.

PREDICTS GOOD TIMES COMING
Man Who Forecasted Events in World War Talks on Conditions.
Toronto, Jan. 8.—Louis Joffe, author and prophet, who wrote a book predicting the fall of Russia and who is said to have prophesied the date of the entrance of the United States into the war, and the duration of the war, is in Toronto. Mr. Joffe was asked how long he thought the present conditions would last. He made a favorable prediction for this country.
"In Canada they will not last much longer," he said, "in fact, you have passed through the worst. I base my prophecy on the soundness of the backbone of this country—the dwellers in smaller towns and villages."

Decreased Demand Causes First Reduction in Years for Crude Product.
Pittsburgh, Jan. 8.—The price of Pennsylvania crude oil, on which is based the price of other crude oils in the United States, was today cut from \$6.10 a barrel to \$5.75 a barrel.
This is the first reduction in crude oil for some years, and is brought about by a decreased demand, purchasing agencies said.

GOOD WORD FOR BOY ATHLETES IN ONTARIO

Toronto, Jan. 8.—The Ontario Athletic Commission yesterday went into the office of preparing a handbook of athletics for public and high school boys. It was decided to delay further into the matter which is a big and ambitious project. The aim is to start boys right to teach them the most up-to-date and effective methods, as shown in the Olympic games of last year at Antwerp, and to give teachers and coaches a line on modern athletics methods.

CROWDS ENJOY NEW PROGRAMME AT OPERA HOUSE

Has Many Highly Entertaining Features—Acrobatic Dancing and Clever Tumbling Are Attractions. The Opera House was, as usual, crowded last evening at the initial performance of the new week-end bill. The programme had a mint of comedy, some unusually clever acrobatic offerings, a dainty painting exhibit, clever dancing and good singing.

One of the most popular numbers on the bill was that of Dave and Lillian, who appeared in a blackface comedy singing and dancing. Their dancing was a feature and the male member with his acrobatic steps evoked prolonged applause.

The boys' team, in an artistic painting offering, were also well received. They are both talented in their line, and their work was greatly admired. They were accompanied by a female singer, "nonsense," etc. Their singing was pleasing and their jokes very good.

The Florens Duo, in a comedy acrobatic offering, were well received. They are both good performers, but the male member is an exceptionally brilliant tumbler. His back and front flips were well executed and his work was thoroughly enjoyed by all.

In addition to the vaudeville programme, there was another miscellany of "Hidden Dangers," featuring Joe Ryan. This programme will be continued to-night and again on Monday afternoon and evening.

CORINNE GRIFFITH AT UNIQUE MONDAY

FORMER ENEMIES MEET

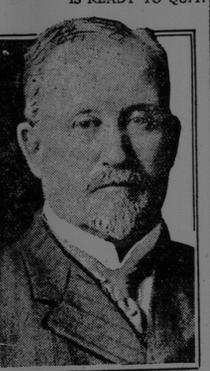

Royalties Assembling at Duke of Genoa's Castle. Turin, Italy, Jan. 8.—There is a great gathering of royalties at the castle at Asigli for the coming marriage of Princess Bona, third child of the Duke of Genoa, and Prince Conrad, nephew of the late King of Bavaria and son of the Prince Leopold. Conrad's mother was the daughter of the late Emperor Francis Joseph.

Among those who have already arrived are Archduke Joseph of Austria, who held an important command on the Austrian front against Italy during the war, and all the members of the House of Savoy, except the Duke of the Abruzzi, who is at present in Africa.

INSPECTED HALIFAX HYDRO.

Halifax, N. B., Jan. 8.—The chairman of the New Brunswick Hydro-Electric Commission, was in Halifax on Wednesday and yesterday, leaving again during the day for St. John. He was accompanied by Mr. C. O. Foss. Their visit was specially to inspect the St. Margaret's Bay development, and, accompanied by members of the Nova Scotia Commission, they went out to French River. They were much impressed with the rapidly and magnitude of the work being done there, which is considerably in advance of the New Brunswick operations on the Musquodoboit.

Halifax, N. S., Jan. 8.—John Jenkins arrested at Middleton, N. S., on suspicion of being implicated in a \$18,000 jewelry robbery at Bedford, Mass., and who jumped from a train and escaped, was recaptured last night in Musquodoboit, N. S., disguised as a lumber-jack.

GUILTY, BUT SAYS OTHERS DOING THE SAME THING

Ottawa, Jan. 8.—Charles Eckstein, an employee of the Assigned Pay and Separation branch of the Militia Department, pleaded guilty yesterday to forging one of the department's checks for \$250.89, and was sentenced to not less than one year and not more than two years, less one day, in the Ontario reformatory. Eckstein charged that other cases of similar nature were being perpetrated in the A. P. and S. A. branch.

SHE TELLS STORY OF WORK IN CHINA

Miss Elizabeth MacIntosh, Anglican missionary now on furlough from Honan, China, is now visiting this province, and will speak at Fredericton, Sussex, Pettitodine, Moncton, Sackville, Dorchester, St. John, St. Stephen, McAdam and Woodstock. As a teacher in St. Mary's school, Hiram, Mass., MacIntosh has much to tell about the women and girls of our Chinese mission, and brings with her many photographs and some fine samples of work done by the pupils, which are the most attractive and illuminating. Miss MacIntosh has been fortunate enough to secure a collection of curious old Chinese snuff cans, many of which are of intense interest, both artistically and as a matter of history, such as for example, as the following: A gorgeous robe once worn by a member of the royal family in the days of the monarchy; a Chinese embroidery and design; a mandarin's official badge, consisting of very finely carved ivory beads; models of the various Chinese snuff cans, many of which are of a beautiful pattern and are filled with gold, the ancient equivalent of snuff.

TREAT FOR THE SOLDIERS' KIDDIES

The annual treat of the Great War Veterans Association to soldiers' orphans, was held this afternoon in the G. W. V. A. rooms, Wellington row. The treat included a sumptuous supper and a programme of songs, instrumental selections and amusements. An orchestra was in attendance. The bill of fare included tea, coffee, cake, biscuits, ice cream, candy, fruit and nuts, and as the children left the rooms two well filled bags of candy and fruit were given to each child. There were about 125 children present. The committee in charge was composed of S. C. Tippetts, H. W. Ievers, J. G. Dryden, Major C. Morgan, W. H. Doherty, assisted by Mrs. J. T. Tillotson, Miss McGrath, assistant secretary of the association. Mrs. Ievers, Mrs. Tippetts, Mrs. William Cooper, representatives of each chapter of the I. O. O. E. and of the Y. W. P. A.

MINISTER ARRESTED

Passaic, N. J., Jan. 8.—Rev. Cornelius Densel, former pastor of the First Netherlands Reform church here, was arrested today on a federal warrant charged with violation of the Mann white slave act. The arrest was the result of his alleged elopement with Miss Hanneberg of this city. Civil action has been brought against him by Miss Hanneberg and her parents as a result of the elopement.

WALL STREET

New York, Jan. 8.—Oils, steels and other commodities were unsettled today, with strong issues at the opening of today's stock market. Royal Dutch, Crucible Steel and American Locomotive registered gains of 2 points. Within the first half hour, however, the list sustained a general setback due mainly to recurrent weakness in Atlantic Gulf. That stock opened at a decline of 1/4, which soon was extended to five points. Mexican Petroleum also was subjected to further pressure.

MOVING CLOSER TO THE PUBLIC

Pioneer in the talking machine business in St. John and still enjoying the patronage of all classes of people in that line, John Frodsham, Royal Hotel, is now better prepared than ever to cater to his friends, in co-operation with Hoyt Bros., 47 Germain street, to which place his talking machine stock has been removed. The hundreds of machines, especially of the famous Victor make, which Mr. Frodsham has sold in and about St. John are kept up to date in programme material from the well-known, important extensive library of classical, popular, vaudeville and dancing records. Henceforward those regular patrons who have a much more convenient place in which to make their selections and test their purchases. The Hoyt Bros' establishment is a familiar locality, being situated almost opposite the Germain street entrance to the market and in the very heart of the shopping district. Therefore the co-operation of Messrs. Frodsham and Hoyt in this constantly-growing line of household amusement equipment will be much appreciated by city folks at large and should be of mutual benefit.

WHAT WILL QUEBEC DO WITH THE LIQUOR TRAFFIC?

Approaching Session of Legislature and Growth of the Whiskey Trade Causes Speculation.

(Montreal Herald) "Uneasy lies the head that wears a crown," and the same may well be said of those who today control the whiskey trade in this province. What will the legislature do to them? What will the new policy adopted by the Quebec parliament at the next session which opens on January 11th?

Many are the suggestions and guesses, many are the suggestions offered by both the "vendos" themselves and by their friends, but very few indeed know what the legislators have "behind their heads."

Two things are quite sure and certain. There will be no more bars, not even in the old city of Quebec which under the Scott Act still retains the old system of serving liquor at the counter, although said liquor is "supposed" to be only two and a half per cent beer and wine, and beer of what the premier called "the kind the people can and will drink" will be allowed.

What will be the fate of the "strong stuff" is still a mystery, but the general opinion, not only among members of the legislature, but also among those who are more vitally interested in the liquor trade, is that the government will take over the whole and entire sale of booze!

Government Importation.

The majority of those who are at present either selling or consuming liquor, and the same opinion is shared by those who cater to the thirst of their fellow-man by dispensing "beer and wine," favor the importation and sale of "hard" liquor by the government. It is held that that system would be welcomed by the consumer as he would be guaranteed that the quality of the "nookie" he purchased is right and that he would not be overcharged.

The government would of course be obliged to appoint the vendors as government employees who would be supplied with a certain amount of liquor to be sold at a price to be fixed by the government. The prices of the liquor would be publicly posted in the "vendos" stores and any of those gentlemen who were found to "overcharge" would have their license taken

TOGETHER WITH MANY MERCHANDISE PRIZES

The picture herewith shows an Automobile accident. At first glance all you see is 5 spectators. If you look closely the faces of 8 other persons will be found. Can you find them? It is no easy task but by patience and endurance can be accomplished.

You may win a cash prize by doing so. Many have done this as will be shown by the names and addresses which we will send you. If you find the faces mark each one with an X, cut out the picture and send it to us, together with a slip of paper on which you have written the words "I have found all the faces and marked them." Write these nine words plainly and neatly, as in case of fire, both writing and neatness are considered factors in this contest.

This may take up a little of your time but as TWO HUNDRED DOLLARS in cash and many merchandise prizes are given away, it is worth your time to take a little trouble over this matter. Remember all you have to do is to mark the faces, cut out the picture and write on a separate piece of paper the words, "I have found all the faces and marked them."

WE DO NOT ASK YOU TO SPEND ONE CENT OF YOUR MONEY IN ORDER TO ENTER THIS CONTEST

Send your answer at once; we will reply by Return Mail telling you whether your answer is correct or not, and we will send you a complete Prize List, together with the names and addresses of persons who have recently received over Five Thousand Four Hundred Dollars in Cash Prizes from us, and full particulars of a simple condition that must be fulfilled. (This condition does not involve the spending of any of your money.) Although these persons are entirely unknown to us, they are our references. An enquiry from any one of them will bring out with the utmost fairness and integrity, the information that is conscientiously carried out with the strictest accuracy and integrity. Winners of cash prizes in our late competitions will not be allowed to enter this Contest. This Competition will be judged by two well known business men of unshaken integrity, who have no connection with the Company, whose decisions must be accepted as final. Your opportunity to win a good round sum is equally as good as that of anyone else as all previous winners of cash prizes are debarré from entering this contest.

away for the first offence. The quality of the liquor would also be guaranteed as the government would purchase large quantities direct from the distillers and in case the "booze" did not come up to the standard of the sample the whole lot would simply be returned to the distiller or manufacturer. The "medical certificate" would be dispensed with, but a government vendor would not be allowed to sell less than a certain quantity, so that the law could not be evaded by the man who would sell a small bottle contain-

Good Times Will Return In the Spring

As day follows night, and flood-tide follows ebb, so inevitably must the existing business depression some time come to an end and the inflooding tides of prosperity begin to rise. But what the anxious business man asks just now is, "When will the tide turn, when will the dawn break, when will the buyer cease from striking and the wheels of industry again begin to revolve?" To these questions, after a careful search of the daily and financial press, THE LITERARY DIGEST, this week, is at least able to give an answer from men who should know whereof they speak. Herbert Hoover, E. H. Gary, J. Ogden Armour, Francis H. Sisson, B. C. Forbes, Guy Emerson, Charles M. Schwab, Roger W. Babson, and Governor Harding of the Federal Reserve Board, are some of the men whose opinions are mentioned.

This article is of more than usual interest and value to the American public and constitutes a survey of business conditions and prospects that should hearten every reader. Other striking news-features in the January 8th number of THE DIGEST are:

ST. JOHN BOY RANKS SECOND

Tom Daly of Chicago Cubs Has Fine Record in National League—Other Leading Players.

According to the official fielding averages of the National League clubs and players, which were recently published,

Thomas D. Daly, of the Chicago Cubs, ranked second among the catchers. He worked in 29 games, had 88 put-outs, 18 assists, 2 errors, and one passed ball, for a percentage of .981.

Charles Deal, Chicago, leads the third basemen, with a percentage of .973. Norman Boeckel made the most put-outs, 210, and the greatest number of total chances, 518, while Milton Stock compiled the most assists, 800.

David Brancort, Philadelphia, besides leading the shortstops, with a percentage of .955, had the most put-outs, 292; assists, 508; the greatest number of total chances, 1,005.

William Southworth, Pittsburg, leads the outfielders, with a percentage of .961. Ed Roush made the most put-outs, 110, and also had the greatest number of total chances, 489. A tie exists for most number of assists, Ross Young and Clifton Heathcote having 36 apiece.

Of the four triple plays in the National League, Pittsburg executed two, an odd feature being that Wilbur Cooper while pitching July 7, and again on August 21, began both triple plays for Pittsburg by catching fly balls batted by Mack Wheat.

CALENDAR SEASON

The Bank of Montreal has issued a handsome wall calendar in blue and gold with a perpetual calendar, postal infor-mation, record of bank holidays and other useful information.

H. R. Weatherhead, plumbing and heating, Queen street, 273, is sending out calendars bearing an attractively de-signed scene entitled "The Little Gray Home in the West".

H. M. HOPPER RESIGNS.

It was learned last evening that H. M. Hopper, manager of the Eastern Electric Company and secretary-treasurer of the New Brunswick Power Company, has resigned the resignation to become effective on March 1. He will go on leave of absence until that date. Mr. Hopper has been with the street railway for twenty-four years.

THE DREW CASE.

In the police court yesterday afternoon a case against George Drew, charged with criminal assault on Pearl Northrup. Dr. F. T. Dunlop said the children both showed evidence of having been assaulted in a criminal manner. How-ard Garnett said he saw the accused hauling the two children on the day in question. The accused was remanded.

LOUDER IS SENT UP.

George Louder was committed for trial by Magistrate Tanner in Pictou yesterday on the charge of murdering Daniel Barry. The signed confession of the crime was admitted in evidence. A gold watch and revolver said to have been owned by Barry were found on Louder when he was arrested.

THE LATE GEORGE HATFIELD.

The funeral of George Hatfield took place on Friday afternoon at 2:30 p. m. from his late residence, 82 Celebration street, to Fernhill. Services were con-ducted at the house and grave by Rev. F. H. WIDOW OF DALTON McCARTHY DEAD IN VANCOUVER, AGED 82.

Vancouver, B. C., Jan. 8.—Agnes Eliza-beth McCarthy, 82 widow of Dalton McCarthy, M. P., died at her home here yesterday. She will be buried in Tor-onto.

Reed-Briggs.

A quiet wedding took place on Thurs-day at the rectory of the St. James street church, when Rev. H. A. Cady united in marriage Walter Emery Reed to May Briggs, both of this city. The bride was attended by her sister, Mrs. Philip Bannister, and was given away by James Henry Reed, brother of the groom. After the wedding a dainty luncheon was served with decorations of red, white and blue, at the home of Mr. and Mrs. James Henry Reed of 101 Mecklenburg street. Mr. and Mrs. Reed will reside at 122 Britannia street.

Candy Men and Luxury Tax.

Ottawa, Jan. 8.—(By Canadian Press)—Sir Henry Drayton, minister of finance, was waited upon yesterday after-noon by representatives of the confection-ery business, who urged that the luxury tax should be removed from all kinds of candy. It was partially lifted by the order-in-council, which eliminated many of the luxury taxes some time ago. Consideration was promised by the minister.

A LOST ART.

(Halifax Record)

"When there is a good penman in a business office the chances are that he has gray hair," says the Boston Globe. Most of the younger members of the staff make marks which resemble the tracks of an English sparrow hopping about in the snow.

There was a time, during the Spencer era, when no one was regarded as equipped for commercial life unless he could produce letters resembling a copy plate. When the use of the typewriter became general there was a distinct let up in the emphasis on the "good pen." And then somebody invented "vertical writing," which ended by lying down. It is now almost impossible to discover a young person who can write legibly.

Offices are possessed of considerable mechanical equipment, but there are times when writing must be done and when no one can be found to do it well. The demand for good penmanship far exceeds the supply.

In an effort to prepare children for business life in Boston schools are seeking to revive penmanship, not of the engraver's type, which is both slow and fatiguing, but legible and free. It is a good work and should be carried through, for it applies to the boys and girls who leave school for college as well as those who go to work as soon as the law allows.

College teachers may give higher grades to essays in type, but boys and girls must take examinations, and no instructor enjoys trying to decipher a paper as though it were an Egyptian inscription.

And when the schools have solved the "vertical writing" which ended by lying down, it will be to revive the multiplication table and the spelling bee.

SLOT MACHINE ISSUE.
Efforts to Have Gambling Devices Legalized Again.

Quebec, Jan. 8.—According to a number of local store owners, the seizure of slot machines a few weeks ago by the provincial revenue officers on orders emanating from the attorney-general's office, has greatly hurt their business. It is understood that a number of those on whose premises the "get rich quick" devices have been found, have since pleaded guilty and have paid fines, but claims are now coming that since these devices are licensed they should be freely operated, and both the attorney-general's and the provincial treasurer's departments have been seized with the legal aspect of the question.

A few years ago seizures were made against parties operating slot machines, and, to avoid the provisions of the law, gum was distributed for every nickel placed in the machine, so that gamblers were not making a full risk, but were getting part of their money's worth. However, little by little, though the gum was always in readiness, the habit of supplying clients with it was given up, and lately abuses resulted in action being taken. In regard to punch-boards, it is stated that all those operating them would be quite willing to do away with them, if the slot machines were returned. It is pointed out that though there is a guaranteed percentage of profits for the machine operation, the client really gets a chance.

The matter is being considered and Quebeckers will know in a week or two whether the slot machines will again be placed in their former places.

The Best Support in the World For a Rupture Is The Human Hand

The WORST Support Ever Devised, Is a Hard, Unyielding Knob, or Pad, Pressed Into the Rupture by a Steel Spring—Thereby Preventing Nature From EVER Having a Chance to Bring About a Healing of the Parts.

The Brooks Appliance most closely resembles the human hand as a rupture support. You will notice the first moment you put on a Brooks Appliance, the pliable, flesh like touch of the velvet finished rubber and it will take only this first experience of comfort and security to make you decide—"This is what I want."

For the benefit of our readers we take pleasure in publishing the Brooks offer to save all who are ruptured from wearing painful makeshift trusses that do not cure.

No man or woman ever can look and feel his or her best while suffering the torment, pain and discomfort of rupture.

Every day that you suffer from rupture—every hour of truss torture that you endure—after you read this page is your own fault.

For many years we have been telling you that no makeshift truss will ever help you. We have told you about the harm ill-fitting trusses are doing. We have told you that the only truly comfortable, sanitary and scientific device for holding rupture is the Brooks Rupture Appliance.

Now we offer to prove it to you, entirely at our risk. We will send you a Brooks Rupture Appliance on trial. If you really want to be rid of your rupture fill out the coupon below and mail it today.

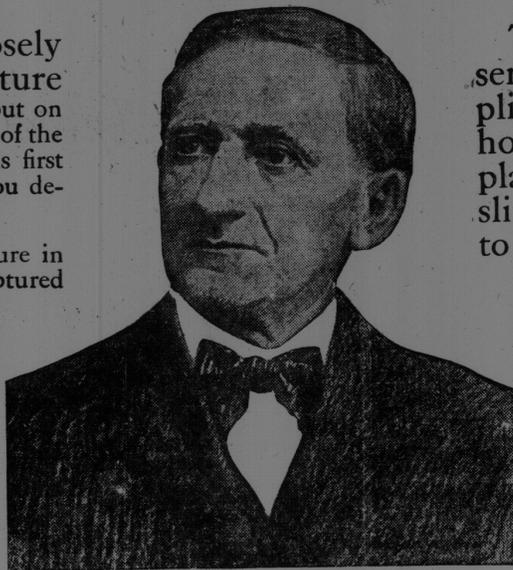

Instead of wearing a steel spring or inflexible harness, try the velvet-soft Brooks Appliance.

Instead of the old hard or stuffed pad, use the soft automatic rubber air-cushion of a Brooks Appliance.

The Brooks Appliance clings to you without force and you are hardly conscious of its presence. But above all else, it **HOLDS** always.

Within an hour after you receive the Brooks Appliance, if you take advantage of this remarkable trial offer, you will throw away your truss.

The Brooks Appliance Has Freed Thousands of Men, Women and Children From Rupture-Without Pain, Operation, or Loss of Time.

A Portrait Done in Charcoal by Herman Pfeifer, From a Photograph of Mr C. E. Brooks, Inventor of the Appliance and Founder of the Brooks Appliance Co.

Many hundreds of physicians and surgeons recommend the Brooks Appliance and condemn makeshift trusses as more harmful and dangerous than any other method of retaining and treating rupture. Thousands of people have written us testifying to the amazing results they have secured from this great invention. Many of these people live right in your vicinity and we will be glad to send you copies of their thankful letters if you will ask for them when you write.

Men, Women and Children Find the Brooks Appliance Equally Effective

No matter if your rupture is old and severe or only recently developed, no matter if you are young or old, you should not fail to profit by this **No-Risk Trial Offer**.

No other rupture support, truss, lock, device, pad or plaster is offered to the public under so broad a guarantee of satisfaction.

The Brooks Appliance Co. gladly sends their remarkable patented Appliance ON TRIAL to prove that it holds the rupture back, keeps it in place, prevents its coming down or slipping out and finally assists nature to heal up the rupture.

Ten Reasons Why You Should Accept This Offer

1. It is absolutely the only Appliance embodying the principles that inventors have sought after for years.
2. The appliance for retaining the rupture cannot be thrown out of position.
3. Being an air cushion of soft rubber it clings closely to the body yet never blisters or causes irritation.
4. Unlike ordinary so-called pads, it is not cumbersome or ungainly.
5. It is small, soft and pliable, and positively cannot be detected through the clothing.
6. The soft, pliable bands do not give the unpleasant sensation of wearing a harness.
7. Nothing to get foul; it can be washed without any injury.
8. There are no metal springs in the Appliance to torture one by cutting and bruising the flesh.
9. All materials are the very best that money can buy, making it a durable and safe Appliance to wear.
10. We guarantee your comfort at all times and in all positions, and sell every appliance with this positive understanding.

Over 715,000 People Have Accepted This Offer. Why Not You?

Doesn't that prove that the Brooks Appliance is not an experiment but a positive success—that it does all we claim for it? Among these 715,000 men, women and children there must be **hundreds whose condition was identical with yours**. Can you afford not to investigate and satisfy yourself when it costs you nothing to prove what the Brooks appliance will do for you?

This wonderful device is a triumph of scientific and mechanical genius, the outcome of more than 30 years experience and the results accomplished by its use are little short of miraculous.

When you try a Brooks Appliance you will notice instantly how very much this support resembles the touch and clinging pressure of a human hand.

Send the coupon NOW for further description of the Appliance and for our **FREE, NO RISK, TRIAL PLAN**.
