Situation on Haig Front Unchanged

Rain Falling and Battleground in Bad Condition for Operations; Heavy Guns Thundering in Tremendous Artillery Duel

With the British Army in France, April 9.—(By the Associated Press)—There has been no change in the situation, according to the latest reports this morning from the British battlefield. The sky is heavily overcast, with low hanging clouds, and the earth blanketed with ground mist. Rain is falling occasionally as it did yesterday and during last night, making the battle ground undesirable terrain for operations.

London, April 9.—The German artillery developed great activity early this morning on the British front on the line from La Bassee Canal to south of Arrmentieres, according to today's war office announcement. The statement reads:—

"Early this morning the enemy's artillery developed great activity on the front extending from La Bassee Canal to south of Arrmentieres.

"Elsewhere on the British front, except for heavy hostile shelling in the neighborhood of Villers-Bretonneux, and Mericourt l'Abbe, there was nothing special to report."

Paris, April 9.—Violent artillery fighting occurred during the night at various points north of Mont Didier, and also between Mont Didier and Noyon. No infantry action developed.

French advanced troops south of the Oise river withdrew to prepared positions southwest of the lower forest of Coney and south of Coney Le Chateau.

RELIEF SHIP IS SUNK AND 12 DROWNED

The Hague, April 8.—The Belgian relief ship Minister De Smet De Nazzer, 7,112 tons, sank on Saturday in the North Sea. It is reported she struck a mine. Twelve were drowned.

RIOT ACT READ

General Landry Gives Evidence in Quebec—Doctor Says Bullets Other Than Ordinary Were Used

Quebec, April 9.—Gen. Landry, commanding officer of the military district of Quebec, was the chief witness this morning at the coroner's inquest into the deaths in the late riots. He said the entire military force sent down to St. Saverus was 730, and that they had each twenty rounds of cartridges. They had orders to refrain from shooting in the riot unless so instructed by their officers who themselves were under strict orders to prevent the shedding of blood as much as possible.

He also instructed his officers not to order shooting till the riot act was read, and here Gen. Landry said that the riot act had been read on Monday night. He did not say who read it.

Dr. Albert Marois, who examined the bodies of the four civilians killed, said the nature of the wounds borne by Honore Bergeron's body were not such as are caused by ordinary cartridges. They could have been caused by an explosive bullet or a soft metal bullet.

In the case of Edouard Tremblay, he said Tremblay could have been saved from death had he got the proper medical attention immediately.

McAVITY LEAGUE

In the McAvity League on the Victoria Allys last night, No. 5 team (King street store), won three points from the Vulcan Foundry. It was a most exciting game. The teams were tie for first place until last night. A large and interested crowd of spectators enjoyed the game immensely. Foohy led the winners, while Foshy was high man for the losing team. The result of the game follows:

Table with 4 columns: Name, Points, Opponent, Result. Rows include Ramsay, Lawlor, Steinhous, Johnson, Foohy, Kelly, McCutcheon, Sealey, Tuck, Foshy.

In a special match game between two juvenile teams representing the Standard and the West Side, the former won by a score of 1,245 against 1,192. The Standard team was composed of Christie, Strong, Wilson, Dwyer and Power, while the West Side was well represented by Reade, Napier, Bonnell, Wilson and Coster.

Wesley Shillington of Silver Falls, who was injured on Saturday, is reported improved at the General Public Hospital.

Greece is to receive a loan of \$44,000,000 from the United States.

RUMOR OF AMERICAN AIR FLIGHT TO ENGLAND

London, April 9.—All London was talking today about the latest war rumor—the landing in England last night of an American airplane after a non-stop flight from New York with twelve passengers. The authorities declared there was no basis for the story, but this denial served merely to give it additional currency.

According to the popular version, this was the "big surprise," which Premier Lloyd George said last week that the Americans would soon give the Germans

CAUSE OF RED GUARDS IS LOST

Fall of Heisingors is Looked For Soon

Germany Press For Disarmament of Force and of Warships—Plan to Cut Off Interior of Russia from Arctic and Baltic

London, April 9.—With the arrival of the Germans in Finland the Red Guards' cause is lost, and the fall of Heisingors is expected in the near future, says a Reuter's Petrograd correspondent for the Post, telegraphing Monday. The Germans demanded the disarmament of the force as well as of the warships in Finnish waters before Friday, he reports, and the Russian commissioners agreed to comply.

The Germans threaten that any damage to the fleet or to shipping in the ports or to the land defenses will be severely punished. They likewise demand that the bolts and sights of the guns on the ships and in the land batteries be loaded on barges and anchored in the outer harbor of Heisingors of Gustafsvard before April 11, the crews of the Russian ships to return to Russia, with the exception that thirty might be left on the dreadnoughts, twenty men on the cruisers, five on the destroyers and thirty on the submarines.

The Germans base their demands on Article 6 of the peace treaty, a note attached to which allowed the Russian fleet to remain in Finland until the ice melted.

The Germans, the correspondent adds, have detained four members of the Russian delegations, "owing to the military considerations."

Moscow, April 8.—(By the Associated Press)—German assistance of the government forces in Finland is part of a plan to gain control of Northern Russia and cut the interior of European Russia off from the Arctic and the Baltic seas off from the Finnish situation of Oscar Tokoi, former premier of Finland, and a commissioner for the Finnish rebel government.

AMERICAN CONSUL HAS NOTICE OF IMPORTANCE

On March 23 the war trade board of the United States issued an order prohibiting the importation of certain commodities into the United States.

The goods in Finland is part of a plan to gain control of Northern Russia and cut the interior of European Russia off from the Arctic and the Baltic seas off from the Finnish situation of Oscar Tokoi, former premier of Finland, and a commissioner for the Finnish rebel government.

Bishop's Charge Deals With Visit To Soldiers Overseas

Opening of Anglican Synod in Fredericton—Bishop Richardson Speaks of the Stories of Intemperance and Immorality—Some Diocesan Matters

(Special to Times.)
Fredericton, N. B., April 9.—His Lordship Bishop Richardson, at the opening session of the Anglican Synod here today delivered a lengthy charge which dealt chiefly with his mission to Canadian troops in Europe and France. Reference was also made to the decrease in the supply of the clergy in this diocese, making twelve vacant parishes. Until the end of the war there would be little chance of improving this matter. His Lordship also mentioned the necessity of increasing the stipends of the clergy, support for Kings College, the excellent work of Rothery school and the valued assistance of the Women's Auxiliary. Tribute was paid to the memory of Rev. Charles H. Fullerton, rector of Dunsmuir and Prince William, who died during the year, and Lawrence Tremblay Wilkinson and Stuart Burrell promising candidates for Holy Orders, who "lost their lives in action."

His Visit Overseas
With regard to his mission overseas His Lordship said, "I desire to pay a tribute of profound admiration to the men who are bearing the brunt and burden of the battle. It is no exaggeration to say that our Canadian soldiers have made a record that will live for all time. I think, however, that our own New Brunswick men have distinguished themselves more distinctly than any other of our own people."

There are certain things that ought to be said in regard to the moral evils of which so much has been made in connection with our soldiers. You will notice that I have not mentioned any of the things that have come to us in Canada. It may at once be said that the men and women who are in the front lines of the battle are not the same as the men and women who are in the rear. It is true that the men and women who are in the front lines are not the same as the men and women who are in the rear. It is true that the men and women who are in the front lines are not the same as the men and women who are in the rear.

MOMENTOUS MATTERS IN THE BRITISH HOUSE

SAY THEY WILL NOT GO BACK UNLESS FORCED

Some "Furlough Men" of First Contingent Declare There Are Plenty in Canada to Take Their Places

Toronto, April 9.—That the "furlough men" now here for a holiday do not propose to be sent back overseas without registering strong objection was stated yesterday by one of them, according to a local evening paper.

"We propose," he said, "to hold a meeting this week, to voice our grievances. We have all of us had many months of active service in France. Why should we, with going on four years of service, be sent back, when there are so many thousands of able-bodied men here in Canada who have done nothing."

"We are prepared—some of us, anyway—to be dragged to the station in jeans, and compelled to go back, so that the public may be brought to a realization of the situation."

NEW PHASE OF THE PAPER SITUATION

Mill Workers Threaten Strike Unless Conditions Improved and Wages Increased by May 1

Ottawa, April 9.—Unless the demands of the international union of mill workers for increased wages and better working conditions are met by manufacturers here, a strike will go into effect on May 1, which will likely involve all union men in the North American continent. This was the message yesterday from George F. Henderson, K. C., counsel for the John R. Booth Company, at the resumption of an inquiry being conducted by Commissioner Pringle into the cost of newsprint.

Mr. Henderson said that quite a serious situation had arisen, owing to the fact that the manufacturers found themselves unable to meet the demands of the men, which would result in a difference of \$8 to \$8.50 a ton in the manufacture of paper.

Commissioner Pringle said that this situation might possibly explain the making of new contracts by publishers in the Province of Quebec for supplies of paper at \$60 a ton during the period between April 1 and December 31, 1918. This, he said, had been done in spite of the price of \$57 fixed by the government until May 1 next. He thought that the publishers may have been anticipating such a contingency. The inquiry was adjourned until April 28.

FACTS GIVE THE LIE TO CZERNIN

Paris, April 9.—The office of Premier Clemenceau has issued the following statement: "A diluted lie is still a lie. Count Czernin told a lie when he said that some time before the German offensive began Premier Clemenceau caused him to be asked 'if he was ready to open negotiations and upon what basis.' The text is authentic and Count Czernin has not dared to dispute it."

To hide his confusion he tries to maintain that the conversation was resumed at the request of M. Clemenceau. Unfortunately for him, there is a fact which reduces his allegation to nothing, namely that Clemenceau was apprised of the matter on November 18, 1917 (that is to say the day after he took over the ministry of war), by communication from the intermediary dated Nov. 10, and intended for his predecessors. For Count Czernin's contention to be true, M. Clemenceau would have had to take the initiative in the question before he was premier. Thus Count Czernin is categorically contradicted by facts."

IN THE SENATE

Ottawa, April 9.—In the senate yesterday afternoon Senator J. D. Taylor of New Westminster, Senator W. B. Willoughby of Regina and Senator G. H. Barnard of Victoria were introduced. A bill amending and consolidating the railway act which failed to pass last session, was given second reading and referred to committee of the whole.

Sir James Loughheed said that the bill was sent last year to the railway committee. This was to be a short session, however, and if the measure were to reach the commons and become law it could not have the same treatment as last year.

After some criticism of the proposal to have the bill dealt with in committee of the whole, the resolution was adopted.

SOCIAL SERVICE

An executive meeting of the Provincial Social Service Council was held in the Board of Trade this morning, with Rev. H. A. Goodwin, vice-president, in the chair in the absence of the president, A. M. Belding, who is in Fredericton. The executive dealt solely with matters which will come before a council meeting this afternoon. Dr. J. G. Shearer, of Toronto, secretary of the Social Service Council of Canada, was at the meeting today.

THROWN FROM TEAM

John Almon of Sandy Point Road was quite badly hurt yesterday afternoon when he was thrown violently from his team to the ground. He was driving along the Sandy Point road with a load of lumber when about opposite the ice house the horse shied at a passing automobile. Mr. Almon was taken to the General Public Hospital where his injuries were attended to. He was later taken to his home.

BURIED TODAY

Many assembled in St. John's (Stone) church this morning to pay tribute (tribute of respect to the late Hon. William Wedderburn. The body was removed from 86 Hazen street to the church, where the funeral services were conducted by Rev. G. A. Kuhlring.

The funeral cortege was long and impressive and was represented by a long and useful career. The large number of the Supreme court of the Independent Order of Foresters was represented by E. G. Gross, P. R. H. C. L. E. G. Todd, H. S. and J. A. Stevenson, H. V. C. R., all of the high court of New Brunswick. Representatives of the Barristers' Society were present, all being members of St. Andrew's Society and representatives of the Masonic Fraternity.

BISHOP'S CHARGE DEALS WITH VISIT OF SOLDIERS OVERSEAS

(Continued from page 1)
"Of one thing, however, I am confident and I have only reached that assurance after the most complete inquiry, and after weighing carefully all the information that was laid before me. When everything has been said as to the gravity of these moral evils in relation to the soldiers it is still true that for the reports and rumors that have reached us there is no adequate foundation. Statements have been lightly made by men who ought to understand the duty of restraint in dealing with these matters that reflect most unwarrantably upon the honor of our army and are very far from true.

IRON, STEEL, METAL AND MACHINERY MARKETS

In its summary of the iron, steel, metal and machinery markets for the week ended April 2, Canadian Machinery and Manufacturing News, Toronto, makes the following observations:
"An old saying on wood is worthy of application to the iron, steel and metal markets this week, viz. that the mountain has laboring under its own weight. The supply of pig iron has been short in Canadian centers, and a number of manufacturers have been looking abroad for the means to see if they could locate a larger supply. News from Pittsburgh is to the effect that the blast furnaces there are making a near-normal output, and prospects are for a continuance of this performance.

IN WALL STREET

New York, April 9—(Wall Street)—The broadening of the German drive on the western front provoked moderate selling in the first half hour of today's stock market. High grade rails and industrial yields only fractionally but specialties offered less resistance to pressure. Oils were particularly heavy, Texas Company losing three points and Mexican Petroleum a point. Studebaker led the further recissions in automobile issues, declining about 1 1/2 points. Liberty bonds again eased slightly.

William W. Lewis—The death of William Wentworth Lewis, aged eleven years, only son of Mr. and Mrs. Wentworth Lewis, of Charlotte street, took place yesterday. He leaves his bereaved parents.

Mrs. James Nickerson—The death of Mrs. Martha A. Nickerson, wife of James Nickerson, occurred on Sunday at her home, 79 Broad street, after a long illness. Besides her husband, she is survived by two sons, a daughter, and five grandchildren.

Starting Possibility—A lady trolley conductor in Brooklyn started, and a street blockade of twenty minutes' duration followed. There you are. A lady Republican might faint at a polling booth fifteen minutes before sundown and keep enough Democrats from voting to lose the election.—Houston Post.

Figures of reinforcements secured for the Canadian expeditionary forces during January and February last show that voluntary enlistment is still furnishing men. In January and February there were 17,428 draftees and 2,500 volunteers.

Boys: Seven Million Bushels of Wheat

BECAUSE you are asked to enroll in the Soldiers of the Soil from April 8th to 13th does not mean you will have to go to work at that time.

The Canada Food Board wants 25,000 boys 15 to 19 years, inclusive, to enroll in the

Soldiers of the Soil—The reason why the Canada Food Board wants them to enroll April 8th to 13th is so that Canada's farmers will know they are going to have the help of 25,000 sturdy, willing young Canadians to raise and harvest their crops.

When they know this help is surely coming then they can go ahead with seeding operations. And the farmers must know they are going to have help before seeding, because it would only be a waste of time and seed if the crops could not be harvested.

Every boy's help for three months on a farm should be the equivalent of the labor necessary to produce ten to fifteen acres of grain.

So if 25,000 boys enroll in the Soldiers of the Soil it will mean that Canada's boys will have performed work equal to the production of at least 7,000,000 bushels of wheat.

Think of it boys; the chance you have to contribute this master stroke for victory. The last million bushels of wheat may win the war.

TROUBLED FOR YEARS WITH BRONCHITIS

DR. WOOD'S NORWAY PINE SYRUP GAVE INSTANT RELIEF

Bronchitis is a disease which is very prevalent during the late winter and early spring, when there are sudden atmospheric changes. It is a condition of inflammation of the bronchial tubes which produces mucous or phlegm. This irritates the throat and causes you to cough in order to get rid of it. The cough may be tight or loose, according to whether this mucous is sticky and hard to remove, or soft and easily expelled.

Bronchitis is not really dangerous, but the complications which are liable to follow makes it necessary to get rid of it at the first sign. This you can do by using Dr. Wood's Norway Pine Syrup. A remedy that has been on the market for over twenty-five years.

John D. McFarlane, Jr., S. W. Marine, N. S., writes: "I was troubled for years with bronchitis, and could not find any relief. I was especially bad on a damp day. I went to a druggist, and asked him for something to stop the constant tickling in my throat. He gave me a bottle of Dr. Wood's Norway Pine Syrup, which I found gave me instant relief. It is the best remedy for bronchitis I know of, and I now take care that I always have a bottle of it on hand."

See that you get "Dr. Wood's." Put up in a yellow wrapper; three pine trees the trade mark; price 25c and 50c; manufactured by The T. Milburn Co., Limited, Toronto, Ont.

KNIGHTHOODS UNDER LIBERAL AND CONSERVATIVE RULERS

Ottawa, April 9—In parliament last night, in the matter of titles in Canada, Hon. W. S. Fielding, while expressing hearty support of the resolution, could not concur in all that had been said with regard to titles. While he believed that hereditary titles should be abolished in Canada, he felt that there were instances in which other titles might be awarded with advantage. He drew attention to the fact that, during the fifteen years in which the Liberals were in power only six cabinet ministers had been knighted, while the six years of the Borden government had resulted in a similar number of knightings for Conservative members.

JERE McAULIFFE AND COMPANY SCORE HIT

Popular Comedian Receives Warm Welcome at Lyric in Good Entertainment

At every performance given at the Lyric yesterday capacity audiences ruled, gathered there by the announcement that the attraction would be the Jere McAuliffe Musical Comedy Company. It is safe to say that no person left the theatre dissatisfied. Mr. McAuliffe is certainly as popular as he ever was with local theatregoers, and he is just as enjoyable as when he held the boards at the Opera House on several occasions offering the good old repertoire shows. The reception accorded the genial comedian yesterday must have impressed him with the fact that even time does not make the public altogether forget.

The bill presented yesterday was "A Family Mix-up," a bright comedy sketch interspersed with songs, dances and music, making it an attraction that was to say the least thoroughly enjoyable. Of course Jere himself was the big hit of the show. He was at his best yesterday and his different songs and parodies numbers actually brought down the house. This is particularly true of the character number, "Over the Top With Riley."

Miss Lillian Leslie as the prima donna of the company had no trouble in winning the plaudits of the audiences. She was particularly good as the widow in the sketch and in the rendition of the latest song success, "Did You See My Jimmie Marching?" Other good items on the programme were the act of the Gird Sisters and the singing of the Maple Leaf Trio. The chorus consists of a number of attractive young ladies and judging by their work yesterday, Jere is not carrying any excess baggage as far as artists are concerned. All in all the company is excellent of its kind and provides a programme that does credit to its manager, Mr. McAuliffe. An entire change of bill will be given Thursday when "A War Time Hero" will be presented.

THERE IS NOTHING FOR THE LIVER SO GOOD AS

MILBURN'S LAXA-LIVER PILLS

They will regulate the flow of bile to act properly on the bowels, and will tone, renovate, and purify the liver, remove every result of liver trouble from the temporary, but disagreeable bilious and sick headaches, to the severest forms of liver complaint.

They are small and easy-acting, do not gripe, sicken or weaken like the old-fashioned, nauseating, griping purgatives. Mrs. A. Kirk, 53 Yorkville avenue, Toronto, Ont., writes: "I have tried and tested Milburn's Laxa-Liver Pills, and have received good results, for which I am very thankful. I took them for liver trouble. I came out of the hospital on May 8th, last, after having had a serious operation which might have been saved had I taken your remedy sooner. I have given some to my sister for biliousness and sick headache, and she has found great relief. A lady who lives in my house has started to take them. I will do my best to recommend them to all my friends."

PROPHETS MISS FIRE

Poor Showing by Those Who Have Tackled the Great War.

It has been a period unprecedentedly favorable to a great revival and growth of superstition. Prophets have been showing an unusual activity since the autumn of 1914, and we have been invited to study scores of prophetic utterances, going back from a decade to nearly twenty centuries into the past, and to observe the extraordinary accuracy with which they were being fulfilled.

given prophecy. That is what gives support to the faith in the business of the fortune tellers, who undertake to unveil your future for the trifling fee of twenty-five cents. Usually the forecast consists of glittering generalities that the credulous are quite able to twist into some likeness to the outline of subsequent events, and they overlook the items that fall of fulfillment.

The common prophetic error is in being too specific. Where the prophets should be vague and impressionistic in their forecasts they are more than likely to give in to the common passion for realism. So they define future periods, give dates, and outline exact circumstances. Once in a while fate is kind and confirms their mystic testimony, which is not strange, for the laws of chance could not be expected to pass them over entirely. But careful observation will show that ninety-nine prophecies out of a hundred completely miss fire.

OUR DEFENSE

In the spring we may be attacked at any moment. Toxic poisons pile up within us after a hard winter, and we feel "run-down," tired out, blue and discouraged.

WARTIME SHOES IN GREAT BRITAIN

Expected Demand Has Not Materialized So Far—Materials Scarce

Samples of the British standard wartime shoes, made according to specifications supplied by the government, have been placed on exhibition in Birmingham, Eng. They were designed for the dual purpose of saving leather and of stabilizing prices.

Some months ago the director of raw materials ordered that one-third the output of boots for civilian wear conform to wartime requirements. The remaining two-thirds may be used to satisfy other tastes in footwear. The samples include most varieties of shoes in use, from miners' and farm laborers' boots to those worn by the wealthier classes. The manufacturers' selling prices are fixed and the retailers' price is stamped on the bottom of the shoe. Though the prices are not substantially decreased, the shoes are made entirely of leather and are of good quality.

The best quality men's high shoes are priced at \$9.88, which leaves a margin of about \$1.45 between producer and retailer. For the best women's high shoes \$5.89 is asked. A rougher model is priced at \$4.50. The lowest price is \$2.00 for children's high shoes.

The difficulties in obtaining suitable materials are expected to delay the making of standard shoes. There is no free leather to speak of in the market, and the trade is dependent upon issues made under strict regulations by the government, which recently bought between \$20,000,000 and \$25,000,000 worth of American leather. Fine leathers are much more plentiful than the stouter grades.

BRITAIN'S CIVIL SERVICE COST HALF A BILLION

High Cost of Living Adds to It But There Are Reductions in Some Items

London, March 8.—(Correspondence Associated Press)—The sum of \$500,000,000 was expended in maintaining the civil service in Great Britain for the last year, says an official announcement. This includes the sums spent on the king's palaces. Immense excesses of expenditure over the amounts originally estimated are accounted for by war bonuses, increased cost of labor and material, and the higher cost of food.

In some items there are considerable savings. Members of parliament turned back their salaries to the amount of \$75,000. There is a saving in the estimates for prisons, due to the decrease in the number of prisoners. Reformatories and similar institutions, however, cost more, owing to a larger number of juvenile delinquents. There were considerable savings in the diplomatic and consular service due to the withdrawal of missions from enemy countries.

Another side of war is reflected in an item of \$8 for a warrant revoking Sir Roger Casement's knighthood.

THE TINSEL IN LEGISLATION

(Toronto Globe.) From the wide-awake and business-like west comes another proposal for the democrat of tinsel tradition and the practising of war-time economy. The Winnipeg Voice wants to do away with the gubernatorial sub-dub at the opening and closing of provincial legislatures. It points out that there is no portion of the Empire where there is stronger and more enduring attachment to British connection and British tradition than in Canada, but argues that a good deal of the ceremony is regarded by many people as superfluous, if not ridiculous, "out-here."

Touching recent scenes at the closing of the Manitoba Legislature, The Voice asks:—
"Is it necessary that a man like Sir James Aikins, hard-headed, talented, eminently practical gentleman that he is, should be forced to demean himself twice a year like a comic opera actor for the delectation of the galleries and the members?"
"Why should he have to come to the House with a military escort and a guard of honor, and arrayed in a startling uniform covered with tinsel braid and wearing an archaic cocked hat, waly up

COUSIN JONATHAN ON THE JOB

(Toronto Globe.)

Shake, Cousin Jonathan! Accept the hearty congratulations of your Canadian comrades on the stirring patriotic note you sounded in your electoral polling on Tuesday. You did a good day's work, and did it well. We're proud of you, proud to be associated and allied with you in the big task of smashing the Hun on the battlefield and working his pro-panchists at home. When you cleaned up LaPolletteism in Wisconsin, and did it yourself, the "pacifist" candidate, Thompsonism in Chicago, and every other Teuton-traveling 'ism, in your state and municipal elections, you did something! You started, in a mighty effective way, to rid yourself of an ugly menace to your nation's well-being, to your consecrated endeavors to achieve the patriotic purposes proclaimed by your distinguished president, and to your heroic soldier sons already on the bloody battlefields of France. And you heartened and inspired your equally determined Allies. Well done, Cousin Jonathan!

Canadians awaited the returns with almost as much anxiety and interest as you did yourself. They gloried in Lennox's loyal fight against LaPollette in Wisconsin, and the news that Berger, the Teuton Socialist, now under indictment for violating the Espionage Act, was at the bottom, was worth-while tidings. Despatches from Battle Creek, Michigan, and from Charlotte, North Carolina, telling how the Wisconsin soldiers at Camp Custer and Camp Green had voted the loyalist ticket to a man, were what you expected from the brave fellows who fight for you and what we expect of the coming comrades of our young Canadians in arms. You're all right, Cousin Jonathan! Keep the good work going. By-and-by

THE CORPSE SHIP

(Correspondence Associated Press)

Bagdad, Feb. 20.—(Correspondence Associated Press)—Nothing in the land of strange things strikes the European visitor so strangely as the "corpse ship." It is a huge barge piled high with native corpses, many of them several years old, which are being carried down the river to rest in a cemetery near the whitened bones of the prophet.

The bodies are piled on deck, packed tight in straw cases, on top of which the Arab attendants sit nonchalantly and play a native game resembling dominoes. Some of the corpses are comparatively new, others old. It all depends on how long it took the family of the deceased to save enough money to pay the cost of transportation.

The cost of the Hog Island shipyards to the U. S. government will, it is now estimated, be \$40,000,000.

SUCCESSFUL CO-OPERATION

There are forty egg circles in Ontario with a membership of 1,800. Aside from poultry sold to the value of \$15,940.91 from ten of the circles, the forty circles marketed co-operatively more than half a million dozen of eggs for more than \$200,000, or \$12,529 more than would have been obtained had the eggs been marketed in the ordinary way.

A WAR OF CORRUPTION.

"Look at the situation at the end of 1917, after the war has been carried on for three years and a half. What has been Germany's really important conquest in this struggle? It has been Russia. And how has she conquered Russia? Not by warfare, but by corruption. In the beginning the Russian armies, though inferior to the German military fitness and in morale, had the upper hand in East Prussia. Then a sort of paralysis seemed to blight them, and the German generals, who had retreated from them at the start, overwhelmed them at the Masurian Lakes.

"Subsequently we have learned that this paralysis, which became chronic, was caused by treachery, and treachery was caused by German bribes."—William Roscoe Trevelyan, in The Saturday Evening Post for Feb. 16.

To the Electors of the City of St. John:

I take this my first opportunity of expressing to you my hearty thanks for your splendid support in yesterday's fight. The result proves that I have commanded your confidence to that extent in which you supported me yesterday. I here reiterate the pledges I have made to the public previous to the first part of the contest and solicit your continued support and the aided support of those who did not yesterday see fit to mark their ballot for me.

Your obedient servant, JOHN THORNTON. 78688-4-10.

PARLIAMENT Abolition of Hereditary Titles in Canada

One Member Moves to Have All Titles Taken—Statement by Premier—Text of Order-in-Council on the Matter

Ottawa, April 8.—Protests against the granting of hereditary titles in Canada have had effect. The new union government has not only gone to the length of respectfully asking the majority to withhold such honors from residents of the dominion but has taken the somewhat drastic step of making a provision within a reasonable time of the nullifying of the hereditary effect of such titles now existing in Canada.

Announcement of the order-in-council brought something of a thrill to a democratic house this afternoon after Mr. Nickle had presented, in an able speech, his resolution looking to the restriction of titles. When the premier rose few knew of the bombshell in the shape of the bundle of papers he had in his desk.

"The prime minister therefore recommends that this import, if approved, be forwarded to his majesty's secretary of state for the colonies, with the respectful request that necessary formal action may be taken to render effective the proposals herein set forth recapitulated as follows:

"1. No honor or titular distinction (saving those granted in recognition of military service during the present war) shall be conferred upon the sovereign people (males) shall be conferred upon a subject of his majesty's ordinary residence in Canada except with the approval or upon the advice of the prime minister of Canada.

"2. The government of the United Kingdom shall exercise the same authority as heretofore determining the character and number of titles or honors to be allocated to Canada from time to time.

"3. No hereditary title or honor shall hereafter be conferred upon a subject of his majesty's ordinary residence in Canada.

"4. Appropriate action shall be taken, whether by legislative or otherwise, to provide that, after a provided period, no title or honor held by a subject of his majesty's ordinary residence in Canada shall be recognized as having hereditary effect."

Hon. F. B. Carvell introduced a bill to amend the inland navigation act. Its purpose is to define the rights of people who erect wharves, etc., and to give the department the power to remove wharves when they constitute an obstruction to navigation.

Mr. Trahan asked a number of questions respecting the number of men secured under the Military Service act. Major-General Mewburn replied that total enlistments during December, 1917, were 2,809. No enlistments during January, 1918, were 1,891. Of these, 1,589 were drafted under the M. S. A. Enlistments during February, 1918, were 10,030. Of these, 3,889 were drafted under the Military Service act.

Mr. Butler, North Waterloo, asked "in view of the fact that the government has removed the duty on farm tractors and has retained the duties of certain necessary imported component parts, which enter into the manufacture of tractors in Canada, is it the purpose of the government to remove at an early date the discrimination thus existing against the Canadian manufacturer by removing the duties upon the raw materials which enter into the Canadian product."

"There is no discrimination against the Canadian manufacturer in this case," replied the minister of customs. "Provision was made by order-in-council of March 26, 1918, for drawback of duty on materials entering into the manufacture of tractors costing not more than \$1,400. W. F. Nickle, Kingston, then moved that an address be placed before the king praying that hereafter no hereditary titles be conferred in Canada "or any title of honor that will be held or can be used, by or which will confer any title or honor upon any person other than the person in recognition of whose services the honor or title has been conferred."

"Respecting the position of women, Mr. Nickle argued that women were now an independent entity. She now had her own position in the community. The time had come when she should have recognition for what she had done herself rather than to shine in the reflected glory of the husband. Mr. Nickle said that he thought it was the social aspiration of women which made a good many men desire titles.

"Why hereditary titles in this country?" went on Mr. Nickle. "What we want is to build up a whole-sale democracy." (Applause.)

Mr. Nickle declared that there was no justification for hereditary titles in Canada. Too much had been sacrificed in the war for the maintenance of democratic principles. If out of the war should arise a crop of titles it would make the simple people of the country think that their sacrifices had been in vain. And, in conclusion, Mr. Nickle feared that the granting of the further hereditary titles would lead to the restoration in Canada of a class "serene in the consciousness of effortless superiority."

A. R. McMaster (Brome) argued that hereditary titles are unpopular throughout the dominion. He said that no matter what section of the country you visited, you would find the tide of feeling strongly against them, especially in the west where they were unpopular. In his opinion they were undesirable, both socially and politically, and their perpetuation in Canada was a breach of faith with the men at the front. The caste system, he said, bred snobishness, which often led to extravagance in living and other evils.

Sir Robert Borden remarked that it by no means followed that the abolition of hereditary titles would do away with plutocracy.

"I venture to think," he declared, "that any man in the United Kingdom, whether he be peer or commoner, taken there in public estimation at his true worth as thoroughly as he is in any other country in the world."

Sir Robert could not agree that there was a greater desire for distinction in Canada than existed in the United Kingdom. As to the desire of ladies for social success, Sir Robert had not heard that it had exercised any influence upon the granting of distinction in Canada.

The prime minister thought it was the desire of every man in Canada to be measured by his own worth, rather than by that of his ancestors. Still on the other hand, the pride in descent from a good stock was an incentive and would make a man desire to be worthy the record of his ancestors. As to charges of corruption, so far as Canada was concerned, Sir Robert declared he had never heard of a charge of that nature against any government, there had been an evil of that kind and he did not believe there was the slightest probability of any such evil.

Sir Robert Borden expressed the opinion that Mr. Nickle's resolution, insofar as it affected women, was unnecessary.

He said that the appellation of lady to the wife of a knight or a baron were merely a matter of courtesy, and not a right. It was hardly necessary, he thought, to ask his majesty to make a pronouncement on the matter.

Sir Robert Borden at this point read an important order-in-council based upon a report dated March 8, 1918, outlining the policy of the government in regard to the matter of titles. The most important paragraphs of this order-in-council which was passed on March 25, are:

"With respect to the bestowal of hereditary titles of honor upon persons ordinarily resident in Canada, special consideration must be taken into account. In submitting these considerations the prime minister desires it clearly to be understood that they have no relation whatever to the status or functions of the House of Lords of the United Kingdom in its legislative or judicial capacity. He thoroughly realizes that any representations which might be construed to bear such a meaning would be unacceptable to the House of Commons and the observations which follow apply to conditions of national development in this country. The prime minister equally realizes that the bestowal of hereditary titles is a matter of the highest importance and that the most careful reflection upon the status or functions of any resident of Canada who has been honored by the bestowal of hereditary distinctions. The purpose of this recommendation is concerned with the question of general policy and with that alone.

"The prime minister is firmly of opinion that the creation or continuance of hereditary titles in Canada is entirely incompatible with the ideal of democracy as they have developed in this country and that the time has arrived when the creation of such titles should be abolished in this dominion."

"The hereditary peerage, as an institution, can find neither historic justification nor scope for usefulness in a state structure and social conditions such as that which now exist in Canada. Consequently the effect of such an institution in this country is to perpetuate arbitrarily for some members of the community a title, distinction, or status of honor and on the other hand to imply a position of special though ill-defined privilege to which there is no special public duty or responsibility attached. It is expected to simplify the mode of trying cases."

Notice of Bill To Give Votes To Women

Motor Vehicle Act Discussed—Legislation Re the Courts—Former Premier and Former Attorney-General on Floor of House

Fredericton, April 8.—Some interest was aroused by a notice of motion for Thursday next by the leader of the opposition as follows:

"Resolved, That leave be granted for the introduction of a bill entitled 'an act to amend the act respecting the voting rights of women,' and in amendment of the Act 9 George Fifth, Chapter 15, an act respecting the elections to the legislative assembly."

Several important bills passed the committee stage. In explanation of that to vest certain wharves on tidal waters in the dominion government Hon. Mr. Veniot explained that it would relieve the province of costly repairs and renewals which amount to \$100,000 during the next three years.

Amendments to the motor vehicle act provide that chauffeurs must pass examination and secure licenses and also fix the minimum annual license fee for motor cars at ten dollars, it having been found that under the weight classification Ford's were paying less.

The effort of livermen and others to secure licenses for passenger cars on payment of the flat ten dollar rate for commercial vehicles was nipped in the bud by excluding passenger carrying cars from this class.

The attendance was not large this evening, save the directors having failed women, and in amendment of the Act 9 George Fifth, Chapter 15, an act respecting the elections to the legislative assembly."

Hon. J. D. Hazen, a former premier, and Hon. H. A. McCreary, former attorney-general who are in Fredericton for the meeting of the supreme court.

Hon. Mr. Byrnie introduced a bill to amend the act relating to witnesses and evidence. He explained that under the bill it was proposed to allow provincial statutes to be proved in court on the evidence of a single witness.

Hon. Mr. Byrnie introduced a bill to amend the act relating to shorthand reporters. He explained that under the bill special stenographers would be liable to assignments in the same manner as the official stenographers for duty at the chambers and king's bench courts.

Hon. Mr. Byrnie introduced a bill to amend the act relating to the registrar of the supreme court. He explained that under the bill special stenographers would be liable to assignments in the same manner as the official stenographers for duty at the chambers and king's bench courts.

Is this in Your Parcel?

Anyhow be sure to include some Zam-Buk in your next parcel to the men in the trenches. Zam-Buk is "a complete surgery within a two-inch box."

Sapper G. T. Webster, 2nd Field Co., Canadian Engineers, writes: "I cannot get along without Zam-Buk. It's just splendid for fixing up sores, cuts, sprains, etc."

Sgt. Bremner, of the 8th Canadian Mounted Rifles, writes: "We find Zam-Buk invaluable for cuts, sores, blisters, etc. The men should never be without this wonderful healer."

The soldier who carries a box of Zam-Buk in his pocket will be saved much unnecessary suffering. Instant application of this anti-septic balm to a wound prevents all possibility of festering and blood-poisoning. Its magic aid will save a soldier from reporting sick. Zam-Buk is the soldier's ideal first aid, because it is a most wonderful healer and is so concentrated that a little of it goes a long way.

All its goodness comes from rare herbal essences. Zam-Buk is not diluted with rancid animal fat like common ointments are, and will therefore keep for an indefinite period. Keeps a box of Zam-Buk always handy at home. It is equally good for eczema, ulcers, boils, chronic sores, ringworm, pimples and piles. All druggists and stores, or Zam-Buk Co., Toronto; Sec. box, 3 for \$1.25.

Mr. Baxter said that according to his interpretation of the act commercial purposes meant the transportation of goods, but other members thought differently. He believed, with the minister, that the intention under the act was to class vehicles used for the transportation of passengers as automobiles, but thought that on that point the wording of the bill should be made definite.

The bill was amended to meet his views. Hon. Mr. Veniot quoted sections of the act which set the speed limit. He also moved that a new section be added providing that all expenditure for administration of the act be charged against the fees from licenses.

The bill was agreed to as amended. The committee took up the consideration of a bill to give the title of the wharves of the province of New Brunswick in the Dominion of Canada.

Mr. McGee said that an arrangement should be made whereby the dominion could not charge excessive rates of wharfage for these wharves.

Hon. Mr. Veniot replied that in the past it had not been customary for the dominion to charge wharfage and it was not likely that such would be done in the future. Even if low rates of wharfage were charged, it would be a good thing for New Brunswick to get rid of these wharves. They had cost thousands of dollars and if the province were to undertake to repair them and replace those which had fallen into decay, it would mean an expenditure of \$100,000 in the next three years.

The bill was reported as amended. The house adjourned at 11 p. m. Fredericton, April 8.—Some interesting information was laid before the legislature when the house met this evening after the week-end recess. The information was furnished by the provincial secretary, Hon. Mr. Massey in response to an inquiry by Mr. Baxter. The question was one which the former administration had refused to answer in full on the floors of the house and possibly

of the nature of the information given this evening furnishes the reason. The question dealt with the amount now held by the Prudential Trust Company, of Montreal, on account of the St. John and Quebec Railway Company of the province of New Brunswick. The reply was that on Feb. 1, 1918, the amount due the province was \$543,860. Since then \$42,406 had been paid to the St. John and Quebec Railway Company, the total payments since April 1, 1917 having been \$123,854.

Of this amount about \$200,000 is shown to be in recognized securities although the best of the securities are among the smaller holdings. The balance, a matter of \$1,897,000 is held in securities the value of which is not so easily recognized by the average person.

There is for instance a loan of \$120,000 which is alleged to be secured by 19,740 shares of the St. John and Quebec Railway Company notes of the Quebec and St. John Construction Company, endorsed by A. R. Gould, F. J. Lisman Co., H. E. MacDonnell and Ross Thompson, the market value of which is placed at \$200,000.

Then there is an amount of \$1,054,825 in Pacific coast oil bonds, the market value of some of which is mentioned as nominal. Mortgages, second mortgages and interest in mortgages in St. Catherine street property, are listed at \$218,000, and Winnipeg real estate and the stocks of a Winnipeg realty company account for another \$288,000 of the total.

KAISER HISSED AND JEERED AT THE IMPERIAL THEATRE

Vivid Picture Dealing With German War Laid is Shown at Keith House

That William Hohenzollern the Second would run small chance of winning an election for a hog ree in this old Loyalist city of St. John was somewhat evidenced by the jeers and hisses that greeted him when his photographic likeness appeared on Imperial Theatre's curtain yesterday afternoon and evening in Rupert Julian's startling if not daring expose entitled The Kaiser, the Beast of Berlin.

A great many people wondered just what kind of a nation picture would be contained under a caption of this rather bold kind but they were not long in finding out once the photo-play got fairly under way. It is a story giving instances in the life of the Kaiser as connected with the present war, showing his greed for power, his overbearing and brutal manner which seems to be the fountain head of that kind of kultur that has caused so much agony and distress in the world during the past four years.

Rupert Julian played the part of the Kaiser and as a counterfeiter of that notable personage he was excellent. In fact all the characters such as Von Hindenburg, Von Ludendorff, Von Tirpitz, Von Bissing and others familiar to the war despatches were splendidly "made up" and faithfully enacted. After a startling incident in which a manly guardman strikes his insulting Kaiser to the floor with his fist—which brings the audience almost to its feet and great clamor—the story deals with the occupation of Belgium and then narrows down to the incident of the blacksmith of Lovain. This humble man's leg was brutalised, his daughter trapped and he himself almost mortally wounded with a pistol shot. However,

the family survives these atrocities and how they get their sweet revenge for all the terrible things done to them kept the crowds on the tip-toe of intense excitement, punctuated with tremendous outbursts of applause and cheering. The grand finale when Kaiser Bill's made prisoner and handed over to the blacksmith of Lovain, now a jailor, brought forth thunders of approval only to be exceeded by the ovation that greeted the flag of the Entente and our own Union Jack with King George's portrait as the capstone to that patriotic climax.

The Kaiser, the Beast of Berlin, is a picture that will do your patriotic heart a lot of good. It will stir the red corpuscles afresh and give you more determination than ever to see this war through to the utter downfall of his satanic majesty of Potsdam, no matter whether it be fighting in uniform, working for Red Cross, sending soldier comforts, or buying Victory bonds. It is a patriotic picture pure and simple and expresses on the screen what everybody cherishes in his or her mind. There is nothing morbid or bloodthirsty about the seven reel depiction, rather it is a sumptuous elaborate affair and well calculated to please even a fastidious audience aside from its burning loyalty to the cause of the Allies.

The picture will be presented again today at the usual hours, at a double matinee on Wednesday, and by itself on Wednesday evening. Doubtless increasing crowds will see it on these occasions. The Imperial's programme now running includes also a Drew comedy and some splendid singing numbers by Miss Gertrude Graves, of Boston, a vocalist well known to that cultured community, and who, though a newcomer here, bids fair to be very acceptable to the public as a whole.

RESIGNATION OF REV. JOHN HENRY JOWETT ACCEPTED

New York, April 8.—The resignation of the Rev. John Henry Jowett, as pastor of the Fifth Avenue Presbyterian church here, was accepted at the annual meeting today of the Presbytery of New York. He was granted a letter of dismissal to the congregational union of London. Dr. Jowett about a month ago announced his intention of returning to England, where he formerly preached but his withdrawal from the pastorate here was held in abeyance.

HON. MR. DOHERTY

Ottawa, April 8.—Although there is an undoubted pressure from a section of the government's following in the commons to secure either a transfer of Hon. C. J. Doherty from the Justice department to another portfolio, leaving the Military Service act to be administered by a new minister of justice or else hand the administration of the act over to some other departmental head, there is no immediate prospect that the prime minister will consent to the change.

NOW READY TO SERVE AN EIGHTEEN MONTHS TERM.

New York, April 8.—United States Judge Harlan Howe, announced this afternoon he would recommend to Attorney General Gregory that Dr. Karl Buens, former German consul general and once head director of the Hamburg-American Line, here, is physically able to begin serving his sentence of eighteen months in Atlanta Penitentiary. Dr. Buens has been at liberty since his conviction last year of conspiring to defraud the government by issuing false manifests to ships with cargoes intended to supply German sea raiders. The defendant claimed to be suffering from a dangerous malady and in an appeal to President Wilson for commutation of sentence presented the testimony of thirty doctors that a prison term would cost his life.

ACCUSE AN EX-CONVICT OF SHOOTING POLICEMAN

Winnipeg, Man., April 8.—Phillip Johnson and John Edward Stolke, who, together with Frank Sullivan, are held by the police in connection with the murder of Constable Bernard Snowdon, in the rear of Nathan Rosenblatt's hardware store Friday night, have filed affidavits, alleging that the bullet which pierced the heart of the police officer, was fired from a revolver in the hand of Sullivan.

THE KING'S DAUGHTERS.

Reports of a most encouraging nature were received at the annual meeting of The King's Daughters in their guild rooms last evening. The president, Mrs. A. Pierce Crockett, presided. The following circles presented the reports of the activities that they have carried on during the year, showing a good twelve months' work. Opportunity, Door Keeper, Comforting and Ministering Circles, mittens made their reports which were extremely gratifying to the members of the order. The following additional members of the executive committee

were appointed: Mrs. Puddington, Mrs. Flagler, Mrs. O. L. Barbour, Miss Pritchard, Mrs. H. A. Goodwin, Mrs. R. A. Sinclair and Mrs. J. H. Bullock. The secretary, Mrs. T. H. Carter, delivered a full and comprehensive report of the year's work of The King's Daughters showing that this organization has not been behind any of the other ladies' societies of the city, either in its usual work or in the extra work brought on by the war. The treasurer's report by Mrs. Dishart showed the order to be flourishing financially and to have con-

tributed generously to the various patriotic calls that have been made on it during the year. Special references was made to the former matron, Miss Grace Aird. The present matron, Mrs. J. E. Cowan reported that the house is in a flourishing state and that the rooms are all occupied.

Orby had a most successful career on the running turf of both England and Ireland, and was thought so much of by his owner that, when Mr. Croker sold his racing string just before he left for America, in 1914, Orby was practically the only animal retained.

A NEW RECORD IN GRAIN SHIPMENTS

C. P. R. This Season Has Handled Nearly Three Times As Much As In Whole Last Season
The C. P. R. have established a record for grain shipment from this port during the winter months which has greatly surpassed any previous figures ever recorded. Since the season opened 15,462,000 bushels have been sent overseas and the prospects are further figures are to be added. Last year the total shipment was 5,548,000 bushels. In March alone 5,000,000 bushels were shipped from St. John, nearly equalling that of the entire season last year. The handling of grain has been considerably hampered during the last couple of weeks due to a shortage of men.

POLICE COURT

Boatsman Burylan of a steamer now in port, was before Magistrate Ritchie in the police court today. He was arrested on a warrant and was charged with assaulting a seaman. Some evidence was taken and he was allowed out on a \$40 deposit. The case will come before the court again tomorrow when several more witnesses will be examined.
Another prisoner, a returned soldier, was charged with drunkenness in Union street last night. He was arrested by Policeman Patrick Duffy. As the policeman was not present at the opening of the court the magistrate remarked "He should be present; here it is now twenty minutes after ten o'clock, but if I say anything they will say I am roasting the police. Notify them down stairs." The prisoner was sent below.

THE COMMITTEES IN FREDERICTON

Affairs of Jordan Sanitarium Discussed

St. John's Death Rate From Tuberculosis Greatly Reduced—Technical Education Committee Nearing End of Its Work

(Special to Times.)
Fredericton, N. B., April 8.—The affairs of the Jordan Memorial Sanitarium occupied the attention of the public accounts committee today and discussion which arose covered practically all the affairs of the institution. Messrs. Robinson and Murray of the committee also are members of the commission, and Dr. A. F. McAvenny of St. John and Dr. David Townsend, superintendent of the institution also were present.
The total amount expended last year was \$83,146 and it was recognized that the average cost per patient was high. The average cost will be reduced when the number of patients increases, as will be the co-operation with the Military Hospitals Commission, as many features of the overhead expenses would not increase in proportion. It was announced that rooms are being prepared in the administration building for private patients who are willing to pay larger rates for additional privacy and other extras.
Most of the patients pay at the rate of \$7 a week. Provision is made for the payment of this amount by municipalities for patients unable to pay their own way, but so far only one municipality has taken advantage of this, that is St. John. Non-resident patients pay \$1.50 a day and when a private room is desired the rate is \$2.

It was said that the cost of operation would be less under the more centralized in fewer buildings, but the pavilion system had been approved by the experts who made the first plans.
The chairman expressed the opinion that it might be a good investment to spend more money to develop the better paying department. The need of more clinics throughout the province referred to in the superintendent's report was referred to, but it was pointed out that outside duties already interfere with his management of the business with the institutions. The employment of a capable business man to look after this was suggested but the question whether the sanitarium was big enough to warrant this was raised.

In a general discussion it was mentioned that there are at least 9,500 tubercular persons in the province. As an illustration of the value of preventive work, Dr. Townsend mentioned that St. John's death rate from this cause, which was one of the worst in the country in 1909, has been reduced by half. Mention was made of the cost of farm operations at the institution, the expenses having been \$1,600 greater than the receipts last year. It was explained that much of this was in the nature of permanent improvements and also that a more experienced farmer in charge this year expects to make a better showing.
When the public accounts committee adjourned, the commissioners on the sanitarium met in private session to transact routine business.

Technical Education.
The provincial committee on technical education is nearing the end of the work for which it was appointed. At a meeting held this morning the members were revising their report, recommendations contained therein and a bill which they will submit to the legislature during this session. The nature of their recommendations will not be made public at present.
Fred Magee presided, and the members present were Dr. J. Roy Campbell and A. M. Belding, St. John; J. T. Jennings and Fletcher Peacock, Fredericton; Rev. F. Tessier, Memramcook, and G. H. King, Chipman. Dr. H. S. Bridges of St. John was in conference with the committee this morning.

FOLLINGS HAS PLEADED GUILTY

Was Before Judge Armstrong Under Speedy Trials—Wool Case to Be Tried Again

Carl Follings was before His Honor Judge Armstrong under the Speedy Trials Act in the County Court Chambers this morning, and entered a plea of guilty to charges of theft from F. W. Daniel & Company, Ltd., with whom he was employed. His Honor remanded Follings. C. H. Ferguson appeared for the crown and Kenneth, McRae for the defendant.
In the case of Jack Hayes, Carl Kelly, Stanley Hartin and George Drew, tried last week before His Honor Judge Barry and jury, together with Harry Hayes and Harry Hayes Jr., on the charge of stealing wool from the Colonial Hide Company warehouse, in connection with whom the jury failed to agree, William M. Ryan, on behalf of the attorney general, announced in the Circuit Court this morning that it was the intention of the crown to try these four prisoners again.
In the case of Harry Hayes, Sr., and Harry Hayes, Jr., the jury returned a verdict of not guilty. Mr. Ryan said that April 28 would be a convenient time for the crown to try the case, and His Honor set that date for the hearing. Before adjourning the court His Honor instructed Sheriff Wilson to empanel sixty new judgesmen. J. A. Barry and E. J. Henneberry were present in the interests of the defendants.
