## JAIL PRISONERS DEAD.

Wm. Kennedy Has Again Escaped  
from G. P. Gang—Other Prisoners are Sick.

The death occurred at the hospital on Wednesday, Aug. 24th, of William Kennedy, a colored man, who had been taken there from the jail a few days before. Kennedy was arrested some time ago and was given chum molasses with the Rock Candy mine gang. He made a sensational escape and was later captured in Fredericton and brought back to jail. He was not trusted out with the jail gang after that but was given work in the yard. It was not long before he was under the doctor's care, and about two weeks ago he was sent to the hospital, but his disease was such that little hope was held out of his recovery, and a week ago he died.

Shortly after Kennedy was taken to the hospital another jail inmate, David Guthro, was taken there, and he is now said to be very ill. Guthro's death was due to a venereal disease, but Guthro is suffering from a complication of troubles caused by excessive drinking.

This morning another jail inmate was taken to the hospital, and it is supposed, for exposure.

## NO BISHOP YET.

Speakers Hissed at Church Synod Meeting at Halifax.—Editor's Assailant Fined.

(Special to the Star.)  
HALIFAX, Aug. 31.—The Church of England synod met this morning and adjourned till three o'clock without electing a bishop. A sharp discussion took place over the form in which the committee appointed to report as to eligible candidates should make their report. Some of the speakers were hissed and the meeting was called to order.

George McKenzie was fined sixteen dollars and costs this afternoon for horsewhipping J. M. Weeks, editor of the Dartmouth Patriot, on the street. He also was bound over to keep the peace for a year in the sum of \$300.

## BILL POSTING PLANT.

Jack Young Will Start a New Business in St. John.  
Jack Young, the well known theatrical manager, has decided to establish a bill posting and advertising distribution plant in this city. Mr. Young is the proprietor of several road companies and has visited the city on several occasions. He realizes the opportunity for such a business here and for the next few months will give it his personal attention. Mr. Young has secured several splendid locations for large boards and now has men at work erecting the boards. In all the large cities of the continent the bill posting business is a big one, as many of the large business houses use this means of advertising.

# RUSSIANS CLAIM GREAT VICTORY AT LIAO YANG.

Japanese Repulsed All Along the Line With Awful Loss --- Kurapatkin's Splendid Defense --- Russians Lost 3000 --- Battle Raged All Day.

ST. PETERSBURG, Aug. 31, 1 p. m.—Success crowned the Russian arms the first day of the great battle of Liao Yang. The Japanese confidence prevails here that the issue of the fight will be a complete victory for Gen. Kurapatkin. From dawn until dark yesterday the battle raged, first in the centre and left and then on the right of the Russian line. The Japanese charged gallantly in an effort to break the centre, and then in the afternoon came a movement against the opposite flank. The attack was delivered from the west, but Gen. Kurapatkin had evidently anticipated just what happened, for he not only met and repulsed it but actually was able by superior force to envelop and envelop the Japanese. Last night both armies bivouacked in their positions.

No attempt was made by Lt. Gen. Sakharoff in his report to estimate the Japanese losses except to say that they were very heavy and the Russian losses were only approximately 4,000. No Russian general officers fell. Gen. Kurapatkin's forces occupied positions forming a semi-circle about Liao Yang, the flanks resting on the Tai Tai River, east and west of the city. Although repeatedly checked they came on with building tenacity, hurling themselves against the Russian positions with the bayonet. There were many bloody hand to hand encounters. By noon the Japanese actually succeeded in occupying a portion of the Russian trenches. Then General Kurapatkin sent forward some reserves, delivered a series of counter attacks, recaptured the lost positions and drove back the Japanese all along the line.

The attack on the centre having failed, the second half of the fight began at 4 o'clock in the afternoon, when the Japanese tried to turn and roll up the Russian right. Here again the attack failed, but only after a desperate struggle, which was continued until 9 o'clock at night. Reserves dispatched in time to check the Japanese but succeeded not only in checking the Japanese but in enveloping and driving them back in confusion. During the progress of the battle Gen. Kurapatkin encouraged his men on the fighting line by sending the news of the repulse of the attack upon Port Arthur Aug. 28. The Japanese flank movement from the east, three miles southeast of Shakhov, which is 11 miles northwest of Liao Yang. One of the striking features of the Russian artillery, in which arm the Japanese have been so successful, was in a despatch filed late last night by one of the A. P. Russian correspondents he says that a report was current that the Russian army had been defeated. The despatches posted there are surrounded by eager crowds. The officials of the war office, although they have not yet received advices in regard to today's events, are in high spirits. The Japanese, who have been continuing to advance for a week, are now said to be utterly exhausted after yesterday's fighting. Many positions which they have not yet received advices in regard to today's events, are in high spirits. **RUSSIA IS CONFIDENT.**  
NEW YORK, Aug. 31.—The Herald this morning says: Lewis Nixon, the former president and technical head of the U. S. Shipbuilding Co., returned yesterday on the Kaiser Wilhelm II. from a visit to St. Petersburg, whither he had been invited by the czar's admirals to confer in regard to replacing the naval vessels lost during the present war and for supplementing the imperial navy with the latest and most powerful types of warships.

"How is the war regarded in Russia?" Mr. Nixon was asked.

"With what impressed me as a dignified but calm and patient confidence."

Mr. Nixon does not feel at liberty to discuss at present the probable purposes of the Russian war ministry, either in regard to rebuilding the Russian navy or as to the outcome of the present conflict with Japan, but he does estimate that the capture of Port Arthur would be by no means indicate the end of the struggle.

With the nations of the world guaranteeing the neutrality of China there is a feeling of quiet exultation in Russia over indications that China may be tempted to serve as an ally of Japan. In that event there would be no reason for Russia to discontinue its operations by way of retaliation, and she would feel herself well within her rights in doing so.

Russia is only just beginning to call upon her reserves Mr. Nixon observed, and her tremendous agriculture and mineral resources, besides the enormous stores of gold in her vaults and her great population, make the present moment only the beginning of the conflict for the supremacy of eastern Asia. The birth of the heir to the throne is to have a very far reaching effect, Mr. Nixon believes.

**JAP SPIES IN ST. PETERSBURG.**  
ST. PETERSBURG, Aug. 31.—Grand Duke Boris, who arrived in St. Petersburg yesterday evening returns to the front in three weeks.

Two Japanese residents of this city have been arrested as spies. It is said that some of the letters seized on board the North German Lloyd steamer Prinz Heinrich in July last by the volunteer fleet steamer Smolensk were from them.

The death took place this morning of Miss Kate Legere, eldest daughter of Stephen Legere of 2 Millidge lane. Miss Legere, who had been ill for some time, leaves a father and mother and three sisters. She had one brother, Frank Legere of the post office staff. Another sister died last March.

Johnston moved left by this morning's train for a visit to Port Fairfield, Maine, where he will be the guest of his daughter, Mrs. Edward Watts.

**LOST.**  
LOST—At the C. M. B. A. shortly on Tuesday, a gold watch with bracelet chain attached. Finder will be rewarded upon leaving it at this office.

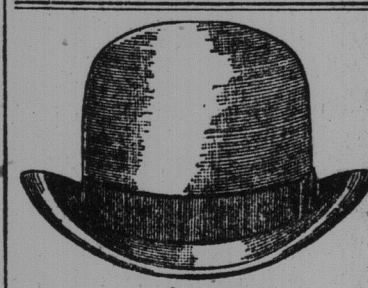

**RUSSIANS LOST 3,000.**  
ST. PETERSBURG, Aug. 30.—Lieut. General Sakharoff telegraphs to the general staff on the conclusion of yesterday's sixteen hours of fighting around Liao Yang, estimates that the Russian casualties throughout the day were about three thousand.

**JAPS REPULSED.**  
His report is as follows:  
"From 5 o'clock this morning until 9 o'clock tonight the Japanese forces attacked our frontal position before Liao Yang and on the left bank of the Tai River. Both their artillery and rifle fire was intense. Their main forces were directed against our centre positions and left flank, but numerous attacks were repulsed along the whole line. Our troops made several counter attacks, culminating in bayonet fighting. Many positions which had been occupied by the Japanese were retaken at 4 o'clock in the afternoon. During the artillery attack our batteries did very effective work. About

PREVENTING CONSUMPTION.

Dr. Moore, in his instructive lecture Monday night, proved to the satisfaction of his hearers that consumption was the most deadly plague of northern nations and that it was actively infectious. He also proved that in its early stages it was curable and that it was possible to prevent infection.

The remedy, he said, was constant fresh air and sunshine with rest and abundance of nourishing food; prevention was largely dependant upon cleanliness, as the disease was chiefly communicated by a germ which existed in the sputum of every patient and which was harmless unless the sputum was dry.

Those are conclusions of experts who have been studying tuberculosis for years. They are incontrovertible. They are also astounding in that they show that it is in our power to stamp out of existence in a few years this awful plague that kills more people than any other disease. If every person now suffering from consumption could be cared for and prevented from spreading the seeds of death with which his body is filled, the disease would be practically unknown to the next generation.

But this cure and prevention cannot be accomplished under present conditions no matter how vigorous a campaign of enlightenment is prosecuted by any number of earnest societies. So long as the white plague chooses the bulk of its victims among the poorer classes and from the crowded districts of cities, private efforts for the cure and prevention of consumption must be very ineffectual.

There is only one way to combat the disease effectively and that is by the establishment of public sanatoria, where every sufferer may be given at the public expense if his own purse is slim—the only remedy for his sickness that science has found, and may at the same time be prevented from transmitting the fatal germs to others. Such institutions fall as properly under the responsibility of provincial and municipal governments, as do jails and asylums and hospitals, and considering the triviality of the expense connected therewith, compared with the value of the \$500 lives taken annually by consumption in Canada, it is a good index of the value of the present government of the province that no steps have been taken in this direction.

A FAITHLESS COMPANY.

Before the Intercolonial-Grand Trunk arbitration now being held in Montreal, testimony is being brought to prove that the Grand Trunk has deliberately violated its agreement made with the government in 1893. Traffic manager Trim swore yesterday that notwithstanding its promise and protests, the Grand Trunk had been constantly directing traffic from the I. C. R.

The company which this shows the value of its pledges is the one to whose unsecured assurance the government has entrusted the future of St. John and all other Canadian ports on the Atlantic coast, which hope to share in the traffic of the new trans-continental railway. The only society which has that any of the traffic will come in this direction is the unsupported declaration of this company that nothing will be done prejudicial to Canadian ports. There is nothing in the contract to bind them to live up to this declaration; there is no provision for any penalty should they again willfully go the way that profits them best, regardless of pledges. The government has repeatedly refused to insert any such binding clauses in spite of the protests of the opposition and in spite of recent profits of the worthlessness of the company's word.

The hopeful Gazette admits that in 1896 the Conservatives were largely in the majority in St. John and that the Liberal success in that election was due to the splitting of the Conservative vote by the nomination of independent candidates. It also says that Mr. Blair's victory in 1900 was due to the fact that his strong personality and his opposition to the C. P. R. attracted many Conservative votes. From these premises it deduces a Liberal victory in the coming election from which Mr. Blair and independent candidates will be lacking.

Prohibition in New Brunswick is a farce, reports a travelling correspondent. In the rural districts, it is said, the Scott Act works well. That is to say, where the people do not congest there is no whiskey sold. But in exact proportion to the size of the village, town or city is the quantity of liquor consumed. Anti-prohibitionists put it much stronger than that, while those who have read option, and form the body of sentiment that

keeps the law in operation, admit its failure except in the rural sections of the province.—Free Press, London, Ont.

The news that R. L. Borden is coming her will be welcome to more than those who are glad of his help in the opening of the campaign. Mr. Borden during his last visit to St. John made a strong impression upon a large number of thoughtful people, who are not regularly affiliated with his political party and these, as well as his enthusiastic followers, will join in a warm greeting to the most prominent and promising man in Canadian politics.

The Montreal Transcript follows the Montreal Herald in naming Colonel Tucker as the accepted government candidate for St. John city and county. Colonel Tucker was said to be in Montreal the day this announcement appeared.—Sun.

It would be a good opening for the campaign if the local Liberals should attend the baseball game on Labor Day and cheer for the team from their favorite winter port—Portland, Maine.

THINKING OF FALL.

We're thinkin' of the fall time—with fires blazin' bright;

The grey frost in the furrows, the dancin' every night;

The fiddler pattin' of his feet—the older on the shelf;

An' pass it all around boys, till you hardly know yourself!

We're thinkin' of the fall time when o'er fields of golden grain

Old "Bob White" is a callin' of his sweetheart home again;

Though summer sees us sighin', we hear the reaper sing.

And the brown October thrills us with the melodies of Spring!

—Frank L. Stanton.

MR. BORDEN COMING.

Will Address a Public Meeting Here

On Thursday of Next Week.

It is expected that R. L. Borden, M. P., leader of the federal opposition, will address a public meeting in the York Theatre on the evening of Thursday, September 8th. Yesterday Mr. Borden was asked to fix an early date for this address, and he at once wired a reply mentioning the above day. He hopes to spend Thursday in the city and to meet friends from other New Brunswick counties.

HOLY JUMPERS TRADE WIVES.

St. Bernardine, Cal., Aug. 30.—Florence Lynch, a little girl, has made a sensational affidavit in which she accuses the members of a religious sect called the "Holy Jumpers" of committing bigamy. She asserts that all who join must divorce their wives and marry the president of the sect.

Her own father and mother did this, she says. She says her father not only left her a prisoner, but brutally beat her, ending his attack by pulling a handful of hair from her head. In part she says:

"I am of the age of sixteen years and the daughter of James Lynch and Lillian Lynch, members of the organization known as the 'Holy Jumpers.' My parents joined the same when I was nine years old and have been members ever since. Upon joining said organization they renounced their former marriages and my father chose Sarah E. Collins as wife. My mother chose J. R. Hudson as husband. Both Mrs. Collins and Mr. Hudson were married, and their husbands and wife chose other members as their wife and husband."

"Neither my father nor mother were ever divorced or married except as they were married by the church officers. Married people joining the 'Holy Jumpers' must give up their former husbands and wives and choose from among the members of the sect new marriages, so they teach, are wholly sinful and can never be of God."

BIG DAM AT WOODSTOCK.

The building of the dam, about two and a half miles above Medscoff Bridge, in Woodstock, is an undertaking of considerable magnitude. The work is being done by the Woodstock Railway Electric Light Co., the president of which is J. Albert Hayden. The purpose of the dam is to secure power for a large electric plant for lighting purposes.

The work on the dam is being speedily completed by J. Colby Harrison. He expects the company will be able to supply power early in December next. The dam is 420 feet, from bank to bank. The connections of the dam on each end are on solid granite walls. It is estimated that it will take from \$40,000 to \$50,000 to finish the dam.

The dam will form an artificial lake which will greatly add to the beauty of the place.

"THE SILVER SLIPPER."

John G. Fisher's production of "The Silver Slipper," a musical comedy, is the authors of "Floradora," comes to the Opera House on Sept. 1, 2, 3, and Saturday matinee, with an excellent cast and an unusually elaborate setting in the way of scenery and costumes. The story is one which, while it does not possess depth enough to bother the seeker after light and airy amusement, is still somewhat connected in incident and decidedly entertaining. The silver slipper of the title is kicked to earth from the planet Venus, by a frisky maiden of the distant realm. She is sentenced, with several companions, to come below and remain until the slipper is recovered. The sale of seats is now open.

THIS EVENING.

Meeting of the Capetown Athletic Association in City Hall.

Ordinary meeting in St. John's (Stone) church.

Meeting of R. Co. 62nd Fusiliers.

LOCAL NEWS.

A missionary meeting will be held this evening in the school-house of St. John's (Stone) church, when an address will be delivered by Miss Louise Thomas, a Canadian missionary, who has been working among the Indians of Southern Chili for several years.

The Foresters held a very successful picnic yesterday at Wolford. Large crowds went up in the morning and afternoon trains. Races and other sports took place, and dancing was held in the afternoon on the pavilion and in the evening in the Foresters' hall in Wolford. Music was furnished by the City Cornet Band. The excursionists returned on the Boston train.

A largely attended meeting of teamsters was held last evening in Labor Hall. The chief business was in relation to the sports which the union will hold at Moosepass on Labor Day. Entries are piling in, and the various committees in charge are now getting in some hard work to ensure the success of the venture.

TEMPLE OF HONOR.

Something About the Order in St. John and Elsewhere.

Dr. W. F. Roberts returned Monday night from the Temple of Honor convention held in New Haven, Conn., from Monday, Aug. 22nd, to the Thursday following. The convention was international in character and was attended by delegates from all over the United States and Canada. Some very prominent men in the gathering, who included senators, members of congress, distinguished physicians, ministers and lawyers.

The Supreme Council at its session in New Haven elected the following officers for the ensuing year:

A. J. Smith of Wisconsin, Most Wororthy Templar.

Dr. Wm. F. Roberts of this city, Most Wororthy Vice Templar.

C. B. Woodruff, D. D., of Bayonne, N. J., Most Wororthy Recorder.

W. L. Courditt, of New Jersey, Most Wororthy Treasurer.

H. D. Williams, East Orange, N. J., Most Wororthy Chaplain.

A. J. DeLong, New Haven, Most Wororthy Secretary.

The Past Most Wororthy Templar is Frank P. Dyer of Arlington, Mass., who is the prohibition candidate for lieutenant governor of that state. The St. John delegation to the convention consisted of Dr. W. F. Roberts, W. L. B. Logan, W. R. Roberts, C. Whitaker and Dr. W. F. Roberts.

NEW RACE TRACK PROPOSED.

Exhibition Association May Extend Their Grounds Across Sheffield Street.

The committee appointed by the Exhibition Association to take action with regard to the possible holding of a regional exhibition in St. John, are working much time in getting to work. Yesterday afternoon Gray Murdoch, surveyor, was down at the corner of the Exhibition Association grounds for what may be the greatest change in the grounds since the association was formed. The idea is to build a half-mile track on what is now the barracks square, and by so doing to bring the features of the exhibition to one place, instead of as at present having the show in one spot and the races on a track three miles distant. The idea is to build an oval track, the length of which will be north and south.

Commencing at the railroad track at the south side of the square and following along in the northwesterly direction, it will be found that the track as proposed will run through the present agricultural hall. Continuing it will leave the exhibition grounds at the corner of Westworth and Sheffield streets. Coming around the turn the course would be called the northwestern corner of the track will be where the Globe hall now stands, and from there the home stretch would run right through the middle of the drill hall, across the green and to the railroad track.

The Agricultural Hall would have to be moved back near the main building, and the drill hall would have to be moved 150 feet or so. The grand stand would have to go, as would several exhibition buildings outside the grounds. A depth of 100 feet of the Sheffield, Broad, Carmarthen and Westworth street blocks would also have to be moved, and the several small houses and shops destroyed.

Among the hundreds of dressmakers in this city are at least scores of GOOD ones. A woman who has a poor dressmaker is handicapped even more than the man with bungling tailor. And once again, here—want to ads, offer to her full emancipation—they will find for her the right dressmaker.

TEMPERANCE RALLY.

A grand mass meeting and temperance rally was held in the Baptist church, Fredericton, last evening, in connection with the 17th annual convention of the Maritime Council Royal Templars. Prof. Harrison presided at the organ and a solo was given by Miss Sinclair, of Brockton, Mass. The Y. M. C. A. quartette gave several selections. R. B. Wallace was in the chair and Rev. S. T. Ballie, of Hamilton, was the first speaker. James Hale, E. A. L. D., of Toronto, Dr. Joseph McLeod, of Fredericton, were the other speakers.

A session of the council had been held in the afternoon. Several reports were read. The secretary's report showed 118 initiations, 125 suspensions, four expulsions, 125 members, 125 reinitiations and three deaths in the last year.

PULP MILL FOR SALE.

Property and works of The St. John Pulp Mill Company, Limited (in liquidation), situate at Mispep, Saint John County, New Brunswick.

The Mill Property of the Company comprises over three hundred acres. Works are situate on the Mispep River, a quarter of a mile from the sea and six miles by water from the City of Saint John. The wharf accommodation is ample. Works are new and substantially built of pressed brick, fitted with modern and up to date appliances, including electric power, capable of producing two hundred tons of pulp per week. There is room in the present building for additional plant, which when installed would double the output. The mill dam is substantially built of stone and is about fifty feet high. The water is taken to the turbine wheels in an iron flume five feet in diameter, which gives ample supply for driving machinery and pulp making.

Tenders for purchase of above described property will be received by the undersigned up to October first, 1904, the highest or any tender not necessarily accepted. Further information will be supplied on application.

EXHIBITION.  
Greatest Driver in the World Will Judge Horse Show Classes.

Aurel Batonyi of Newport, R. I., the finest whip on the continent, and probably the most expert four-in-hand driver in the world, has been secured by the Exhibition Association as judge of the harness classes in the coming horse show. Mr. Batonyi is known to horsemen all over America, and the management of the exhibition consider themselves as most fortunate in securing the services of such a person. There is another feature which is almost equally gratifying, and this is that Mr. Batonyi, who receives one hundred and fifty dollars a day for his work, has offered to come to St. John for nothing more than his expenses. He does this purely on account of a desire to forward the interest in horse breeding in this district.

I. C. R. vs. G. T.

Traffic Manager Tiffin on the Stand Claimed That G. T. Violated Agreement.

MONTREAL, Aug. 30.—The International-Grand Trunk arbitration was continued today. The claims cover several hundred closely written type-written sheets and the case is so involved that it will take considerable time to arrive at even an approximate idea of the amount in dispute. In all some ten or twelve specific claims will be preferred by the crown, and some six or eight counter claims by the Grand Trunk.

One of the most important points raised by the crown is that under the contract of 1898 the Grand Trunk agreed to deliver all traffic originating west of Montreal or in Montreal destined for the points on or reached by the International to the I. C. R. at Montreal, but that in violation of this contract it has for its own benefit diverted traffic by sending it to St. John via Lennoxville and C. P. R. and also to the maritime provinces and Newfoundland by various United States ports.

The Grand Trunk denies this and claims that the International has itself broken the contract by not handing west-bound traffic to the Grand Trunk at Montreal.

General Traffic Manager Tiffin of the International was the first witness examined and was on the stand all day. He produced a circular issued by the Grand Trunk to its agents in 1902, referring to export business via St. John and the C. P. R. which he contended was in violation of the agreement by which the Grand Trunk was to route all its traffic for export via St. John over the International.

Mr. Tiffin stated that when he heard of the circular he at once wrote the traffic manager of the Grand Trunk, stating that his company objected to their handing over traffic to the handling agent at Lennoxville, as it was a breach of the arrangement. Correspondence growing out of this complaint was continued down to the present time, was read.

The Grand Trunk contended that the agreement was not binding on the Grand Trunk, and that it had the right to route this traffic as it desired. Tiffin's contention was that the Grand Trunk had agreed to route its traffic via St. John, and that it was in violation of this agreement to route its traffic via Lennoxville and C. P. R.

Mr. Tiffin is stopping at Liverpool, where his wife is visiting. He is understood to be in excellent authority, that although Mr. Billington has been greatly surprised by the affair, he is ready to join her husband again and forgive him. She is a young woman, attractive and talented, and is a graduate of the St. John's High School.

D. R. A. MATCHES.  
OTTAWA, Aug. 30.—Beautiful weather greeted the marksmen at Rockcliffe this morning and as a result the totals in the MacDougall matches and the Dominion cup competition were unusually good ones. The results were posted late this afternoon.

The MacDougall cup and \$35 went to Sgt. Richardson of 4th C. A., Victoria, with a score of 63.  
The maritime province winners were:  
Major H. Flowers, 1st C. A., and Major Sparring, 63, who got 55 each with 63 points; Capt. Forbes, 73rd, and Sgt. Murray, 63, each with 51 points; Lt. Stevens, 74th, Lt. Semple, 78th, Lt. Gate, 63rd, Lt. Whyte, 63rd, Pte. Anderson, 63rd, C. W. McLean, 78th, 54 each; Seaman Meads, Arlaine, won a tyro prize of \$4.

Dominion cup, seven shots each, at 600 and 800 yards. Patterson cup and \$40 went to Capt. Rennie, Q. O. R., with a score of 112. Pte. Wiloughby, Australia, was second, getting 103. Capt. Forbes, 73rd, got 110 with 65 points; Sgt. Murray, 63rd, got 103; Mr. Chamberlain, N. S. R. A., and Lieut. Whyte, 63rd, got 93 each. Major Flowers, Lieut. Stevens, 74th, got 84 each. Corp. Messervy, 1st C. A., and Sgt. Pryde, 1st C. A., got 84 each. Pte. Brown, 78th, won tyro prize of \$4.

CRICKET IN MONCTON.  
MONCTON, Aug. 30.—The Everett cricketers commenced a match here today. The home team went in first and were retired five minutes before lunch for a total of 106. Everett followed after lunch, and all wickets were out of which seven were extras. Moncton then went in for the second innings, and had rolled up 70 runs when the stumps were drawn. The match will be concluded tomorrow. The bowling of Rand and Rose was excellent, and the C. P. R. is collecting an ample stock here in the city.

FIRE IN CHATHAM.  
CHATHAM, N. B., Aug. 30.—The fire department was called out this afternoon for a fire in the Chatham Hotel, a three-story building. A line of hose from a hydrant on Grand street had a stream of water which was quickly extinguished. Not much damage was done. This is the second time within a month that the destruction of the Irving House, opposite Middle Island, was undoubtedly caused by having been maliciously set on fire. This is the second house which has been burned upon the same farm.

A RUNAWAY WIFE.  
A certain section of the city is greatly stirred up over the conduct of a young wife and mother, and the C. P. R. is collecting an ample stock here in the city. The husband, who was out of town at the time, is selling his household effects, while the woman is residing with her parents, virtually a prisoner.

A suave stranger who hails from Boston was the man in the affair. The husband, who was out of town at the time, is selling his household effects, while the woman is residing with her parents, virtually a prisoner.

BOARD OF WORKS.  
The civic board of works got through with considerable business yesterday afternoon. Tenders were received for the construction of a frost proof warehouse, but were considered too high. The city will build the warehouse. The Street Railway was given permission to build a temporary siding on British street.

A. G. Croft's request for a site on the West Side for a warehouse for the handling of the West Indian business was referred to the committee. Several matters concerning street repairs were disposed of.

AN OPPORTUNITY LOST.

St. John Did Not Accept the Offer of Advertising by Means of Moving Pictures.

St. John has missed a splendid chance for advertising. The offer was made to the city, but as no person or organization took any interest in it, it has been withdrawn, while other cities evidently with more enterprise have profited.

A couple of months ago, when Meyer Cohen, manager of the American Vitagraph Co., was here, he offered to take pictures of any place or institution in the city that the plan would be appreciated here. The offer was made through the newspaper, and the taking of the pictures was suggested by citizens or organizations. He agreed to pay all the expenses, and wanted from St. John nothing more than a letter of introduction. Nothing was done. The photographer did not come, as Mr. Cohen never received a single hint from anyone in the city that the plan would be appreciated here.

But in Halifax it was different. There the Board of Trade, the Tourist Association and many private citizens jumped at the chance. Mr. Cohen was kept busy in looking over letters received, and when the time came the operator was sent to Halifax. There it had been arranged that the Board of Trade should look after the work, and this was done. The photographer while in Halifax took studies, including Halifax fire department responding to an alarm, Plant line steamer leaving the wharf, and a number of other scenes. These were developed and were recently shown in many theatres all over the United States. There are hundreds of persons in American cities who will readily recognize the scenes of Halifax shown on the canvas, and in this way the city will be advertised.

Mr. Cohen, who spent about \$200 in getting these pictures, and were prepared to spend an equal or larger amount in St. John. But the photographer has gone back to New York and will not return.

HAIRBREWERS' EXCURSION.  
The C. P. R. officials are making extensive preparations for the hair brewers' excursion of Thursday. It is expected that a number of 800 people will seize this opportunity of reaching the west, and the handling of so large a crowd entails considerable in the way of extra accommodation. At least fifty passenger cars will be required, and the excursionists will be taken to the west by the train through to Winnipeg will occupy about four days, and from that point to the west end of the line will be secured.

The train will leave on Thursday, though as yet the exact time has not been decided. The trip through to Winnipeg will occupy about four days, and from that point to the west end of the line will be secured.

## HE OBSERVED HIS ORDERS.

John was the new English butler in the employ of a Philadelphia family. When John first came he was told by the mistress of the house that she was always at home to her sister, who was a frequent visitor to the house. John on her next visit, and the mistress was satisfied in her mind that John would obey his orders.

Every time the sister called John would admit the welcome guest with reverent respect. It was her custom to ask before entering if his mistress was in, and it always happened that she was, so John would nod and proceed to her in.

But one day it happened that his mistress was out when the sister called. When John went to the door, she, as usual, asked if her sister was in, to which John nodded in the affirmative and bowed her in. John's business at that moment took him out into the yard, and he left her in the parlor. Discovering himself of her wraps, the visitor began to look for her sister, but seeing no signs of her downstairs, concluded she was on one of the upper floors, and went upstairs. Of course, she failed to find her, and thinking that the butler might be mistaken, went down stairs to inquire of him again. She found him out in the yard, and calling to him asked if he thought his mistress had gone out, as she could not find her in the house.

John, after meditating a moment, replied—

"Yes, Mum, she's 'bout."

"Oh!" exclaimed the sister, "why, I thought you said she was at home!"

"Yes, Mum," came the solemn reply, "but she told me that she was always at home to you!"—September Lippincott.

## ABSENT-MINDED.

An old gentleman who was very absent-minded often had to ring for his servant and say—

"James, I am looking for something, and now I can't remember what it is."

And then James would suggest—

"Your purse, sir, or spectacles or checkbook?" and so on, until the old gentleman would say at last—

"Of course, that's it. Thank you, James."

One night the old gentleman had gone to his room and all were in bed when James was startled by hearing his master's bedroom bell. He rushed up stairs and threw open the door.

"James," said the old gentleman, "I came up here for something and now can't remember what it was."

"Wasn't it to go to bed, sir?"

"Of course," said the old gentleman, "so it was. Thank you, James."

**BITTEN BY DOGS.**

Death of Several Animals Demanded.

During the past few days there have been several complaints lodged with the police to the effect that dogs have been biting children. In one instance the dog was shot by a police officer, but in at least two instances the owners refused to allow the dog to be killed.

In the police court this morning, Wm. T. Wolf was charged with allowing a vicious dog to run at large. Mr. Wolf denied the charge.

James F. King said his little girl had been bitten and the little one offered to show the wound to his honor.

Mr. Wolf stated that the animal in question was a house dog and a family pet and instead of being a vicious beast was a little Yorkshire terrier.

Questioned by the magistrate, the little King girl admitted that she was in the hall where Mr. Wolf resides when the dog bit her.

His honor called attention to the fact that a man may have a ferocious dog and not conflict with any law as long as he does not let the dog to run at large. In this case the dog was in the owner's home and he would not do anything in the matter.

The dog is valued at one hundred dollars by the owner, and is considered to be the best dog in the city.

During the hearing of the case it came out that Mr. Wolf is the owner of two dogs but only has a license for one.

## FAREWELL PARTIES.

On Monday evening a large party of friends took charge of the residence of Mrs. J. Sime, Manawagonish road, and spent a very pleasant evening in dancing and games. Towards the last of the evening R. Tyrer presented Harry Carpenter and Robert Henderson, who were well in their journey west. The young men were also entertained at the residence of Rev. Dr. Petheringham, Elliott row, last evening, and after a very pleasant evening of games, etc., they departed with a few speeches and singing "God Be With You Till We Meet Again."

The young men are being wished well on all sides. They leave this week for Moose Jaw, where they will make their new home.

## A STRONG TEAM.

A telegram received this morning mentioned that the regular Cambridge, Mass., baseball team left Boston by boat today. The line up of this team against Albert John on Saturday and Labor Day will be as follows:

Watts, catcher; Cram and Skehill, pitchers; John Murphy, first base; Massey, second base; Sheridan, third base; Joe Murphy, short stop; Poels, left field; Campbell, centre field; Shea, right field.

Pittcher Cram has a good reputation, having recently struck out twelve of the Auburn team in a championship game.

## A GREAT PICNIC.

Grocers With a Large Crowd of Friends are Having a Big Time Today.

The grocers were greatly favored as regards weather in connection with their picnic at Watters' Landing today. The arrangements have been very thoroughly made, and so far everything has been very successful and promises to be so to the finish.

About two hundred went up on the Champlain at 8:30, and six hundred more followed at ten o'clock. The majestic at noon and the Champlain at 1:30 took up some hundreds more. In the afternoon the crowd was so great that a second boat had to be chartered to accommodate the party. Dinner was served and afterwards the large party settled down to enjoy themselves in true picnic fashion. An excellent programme of sports was arranged, and there will be few dull moments before the picnicers return at 7 and 7:30 p. m. The artillery band played excellent selections on the Champlain on the ten o'clock and 1:30 trips. The band remains on the grounds for the afternoon.

The committees in charge were as follows:

General secretary—T. W. Morrison. Boat committee—G. Colwell, E. M. Sprague, J. E. Power, S. E. Morrill, T. J. McPherson and Mr. McPherson.

Band committee—E. O. McBay. Sports committee—Wm. Naeve, W. Dunham, S. McDonald, S. Belyea, H. Van Wart, F. Watson, B. Ferris, J. F. Shaw, A. Duncan, J. Williams, H. McBeath.

Official committee—Wm. Day, E. M. Sprague, F. McMullin, J. C. Purdy, S. S. Sprague.

Advisory committee—Geo. Day, Wm. Myles, H. Coleman, G. Elson, B. Polkins, J. Cheyne.

Advertisement committee—George Swick.

Reception committee—E. M. Sprague and R. Patchell.

## DYNAMITE CAP EXPLODED.

Young Man Poked At It With a Match and Had His Hand Badly Shattered.

Last night people residing in the vicinity of the corner of British and German streets were startled by a loud explosion. Many rushed to doors and windows, and for a time there was considerable excitement. A crowd soon collected about two young men, one of whom was groaning with pain caused by a severe wound to one hand. He was at once taken to P. J. Donohue's drug store and from there to Dr. Bernard's office.

The doctor at once ordered his removal to the hospital, where the injured hand was dressed.

Dr. Grant, who attended the patient, found that the top of two fingers were missing and that the palm of the hand was badly lacerated.

The young man, who gave his name as John Adams of Detroit, and his friend William Holm, who was with him at the time of the accident, said that the accident was caused by the explosion of a dynamite cap. Holm says that he had the cap in possession for some time and did not know what it was. He and Adams, who is on a visit here, were examining it and Adams put a match into the cap to see if there was anything in it. He first lit the match outside and then put the match in the shell. He was pushing the match in rather hard when suddenly the explosion occurred. The shock threw him backwards and he nearly fell.

Holm has a narrow escape from injury the other day as he was going to put the cap on a gun and explode it. The cap was one of the kind used for the explosion of dynamite and contained a small charge of fulminate of mercury.

At the hospital this morning it was announced that young Adams was doing as well as could be expected under the circumstances.

## ONE TRUE BILL FOUND.

Dixon Will Be Tried for Theft—Logan Goes Free—Jury Congratulates Judge Carleton.

The county court resumed business this morning. Judge Carleton presiding. Some delay was caused by the lateness of some of the grand jury.

Dressing the jury said they were to be congratulated on having only two criminal cases, neither of which were very serious.

The judge then very briefly outlined the two cases.

While the grand jury was called, E. R. Chapman appeared for the plaintiff. The defendant after entering an appearance did not appear to plead.

After proof of judgment and presentment a verdict was given for the plaintiff for \$141.60, being amount of a bill found.

In the case of King vs. Dixon a true bill was found, but the grand jury failed to find a bill in the case against Logan.

The grand jury then read the case against Logan, which was granted.

E. A. McKown then moved for the discharge of Logan, which was granted.

As some of the jurymen wished to go to the grocers' picnic, the court was adjourned until ten o'clock tomorrow, when the case of King vs. Dixon will come up.

The Littlejohn appeal case will come up tomorrow afternoon.

## JUNK DEALERS REPORTED.

Police Take Action Against Unlicensed Dealers—Inspector Not Yet Appointed.

At a meeting of the safety board on Monday a motion was passed to the effect that an inspector should be appointed to look after junk dealers and second hand goods. It was decided that the inspector should be a member of the police force and that he should be appointed by the chief of police.

In the past Detective Killen has kept a close eye on the junk dealers, while he has secured a list of articles purchased by the second hand dealers each day. It is now generally understood that Mr. Killen will get the appointment, which will give him a small percentage on all licenses paid. This junk business has been one that has caused considerable confusion of late. Several dealers say that they applied at the mayor's office for a license, but were told to call again. The new license is being carried on. Those reported are Ernest Williams, Nathan Haller, David Bolt and Daniel Doherty.

C. N. BEAL DENIES.

Says He Has Not Bought the N. B. and Cape Tormentine Railway.

Speaking to a reporter today about Cape Tormentine, Charles N. Beal predicted a great future for the place. He said that he had invested \$5,000 in cash there and he intended investing \$3,000 more. This done he would have the hotel there everything that could be desired as a summer hotel.

Mr. Beal denied that he had bought the N. B. and Cape Tormentine Railway. He said that Senator Wood had visited him yesterday with reference to the purchase of the railway. Nothing definite had been decided as yet, but the interview was very pleasant.

Ending in the senator getting an invitation to Mr. Beal's wedding, which takes place on the 28th of September. Needless to say, the senator is invited.

Mr. Beal leaves on Friday for P. E. I. and Thursday will go to Cape Tormentine to complete arrangements for next summer's business. He has already received several applications for accommodation for next summer.
