FIRE AT BATH

Burns Central Hotel and Large Livery Stable

Fire first noticed about 2 a.m. Sunday morning, destroyed the Central Hotel, the 3 storey steel covered building on Main street, also the large livery stable, run in connection with the hotel and a barn, owned by William Giberson. All those in the hotel at the time attribute their escape from the burning building, to the crying of a child, who awakened its mother, Mrs. Beecher Craine. Mrs. Craine upon awakening, perceived that the hotel was full of smoke and immediately awakened the others, who escaped only very lightly clad.

Only a small part of the furniture, etc., was saved. Had it not been for the efficient work of the volunteer fire brigade, the whole town would have in all probability been wiped out. Mr. Albert B. DeMerchant stated that the loss was partly covered by \$2500 insurance. Mr. Giberson's loss is covered to the extent of \$200.

NO MORE GIRLS ON THE WINDSHIELDS

New Hampshire Officials Put Ban On Sight Obstructions

Salem, N. H., Aug. 13.—John F. Griffin, commissioner of motor vehicles has opened war upon the "bathing beauty" which adorns the windshields of so many automobiles these days.

Commissioner Griffin, in a new set of instructions, just issued to his inspectors, frowns upon the presence on windshields of "posters that obstruct the view," and declares that they must be removed.

But the "bathing beauties" are not the only things objectionable to the commissioner, for he also warns his inspectors to watch out for "crowding parties" on front seats, drivers who proceed with one foot resting on the hand brake or windshield support, operators of trucks, whose rear view is obstructed, and the well known "one armed driver with the two armed girl."

Number plates must be kept clean and in plain sight, also, and luggage must not be fastened on cars in such a way as to endanger others cars in passing.

C. W. N. A. ENTERTAINMENT.

The following is taken from the Tribune, Windsor, N. S., and is speaking of the European trip taken by the C. W. N. A. this summer. Mrs. Fielding and Miss Forbes are the editors and have just returned from the trip. "To say that we have been royally entertained is literally correct, as the Windsor Tribune representatives were among those honored by being presented to their gracious Majesties, King George and Queen Mary, King Albert, the Duke of Connaught, Princess Louise and Lady Patricia Ramsey. We were also received by the President of France, Cardinal Mercier, Marshall Foch, Burgomasters, Lord Mayors and Lady Mayresses, Dukes, Lords and Ladies were among our genial and charming hosts and hostesses during our trip abroad.

The party, consisting of members of the Canadian Weekly Newspaper Association, with their wives, daughters and friends, numbered 170. Sailing from Quebec on the C. P. R. S. S. Melita, June 11, the press party landed first at Southampton, where all enjoyed a drive through the "New Forest," historic and interesting, while the boat discharged freight and passengers and reloaded for the Port of Antwerp where we left the steamer of our continental trip.

A FIRE RANGER'S LETTER

A letter has come to the Canadian Forestry Association from a fire ranger in which he says: "You can't say too often that the chief business of all fire rangers is not to watch the forests, but to watch the people. The forests are almost fireproof as long as human beings keep out. But we don't want to keep them out. Every man has a right to camp and fish and hunt, but no man has a right to leave a blackened wilderness behind him. I've always noticed that the veteran sportsman, the stunts, never takes any chances with fire. He builds a very small campfire because it cooks better and is easier to extinguish. He seldom smokes cigarettes while on the trail and if he has to light a match he snuffs it out before throwing away. He knows by bitter experience and observation that all big conflagrations in the forest start with a wisp of fire that a five-

year-old could stamp out. He takes no chances for the chances are all against him. He is never tired of telling his friends that an ounce of prevention is worth a pound of regret and that it takes Nature half a century or more to repair the damage that a reckless fisherman can do in three days."

SAD AND TRAGIC DEATHS

Mrs. Chas. Sykes, a Hartland Lady Passes Away—Emmerson Ebbett of Millinocket Dies at Lansdowne

The death occurred on Thursday morning, Aug. 14, at the Fisher Memorial Hospital of Mrs. Charles Sykes of Hartland from ether-pneumonia, following a serious surgical operation. She had entered the hospital on Saturday and the operation was performed on Tuesday which was very successful and the patient's condition was considered favorable to recovery, when on Wednesday night she was taken with pneumonia and died early Thursday morning.

The funeral was held at Hol. Trinity church Saturday afternoon and was very largely attended. Rev. H. F. Rigby of Woodstock gave the address, and he was assisted in the service by Rev. Canon Cowie of Fredericton, and Rev. D. H. Chowan, Methodist, of Florenceville. The pall bearers were J. P. Noles, H. W. Pratt, Dr. Coysh, J. W. Montgomery, W. E. Thornton and J. T. G. Carr.

The service was very impressive and there were many floral tributes showing the sympathy of the many friends of the bereaved family.

Besides her husband she leaves one daughter, the wife of Rev. W. P. Haigh, and a small grand daughter. All other relatives live in England, which place was the deceased native home, having come here with Mr. Sykes about three years ago to live near their only daughter.

Mrs. Sykes was a very highly respected woman with many very lovely qualities and the bereaved family have the sympathy of a large circle of friends and acquaintances.

EMMERSON EBDETT

A tragic death occurred last night at the home of John Corey, Lansdowne, when Emerson Ebbett of Millinocket passed away. Mr. Ebbett, who is a brother of Mrs. Corey, and a man about 60 years old, had come from Millinocket to visit his sister, arriving Monday evening. He retired early but got out of bed again and being near the stairs fell down them, and sustained a fractured skull. Dr. Macintosh and Dr. Chestnut on being called was of the opinion he was taken with a stroke, being the cause of his fall. He died early this morning. He leaves a son and a daughter, and three brothers, Thomas, Joseph and J. H. Ebbett and four sisters, Mrs. C. H. Harmon, Mrs. A. W. Clark, Mrs. John Corey and Mrs. Helen Foster. The funeral will take place tomorrow at 2.30 p.m. at the home of Mr. Corey, Lansdowne. Rev. P. J. Quigg officiating. The burial will be in the family lot at Simonds.

TWO HURT IN GRAVEL PIT

Quite a serious accident occurred near Florenceville late Monday afternoon, when a gravel pit caved in burying two men. The older man, Thomas Darkie, of Bristol, sustained a broken leg and other injuries, while Hazen Brooker, 15 year old son of Moody Brooker, of Stickney, suffered internal injuries.

The gravel pit, which is situated at Stickney, is used to get gravel for road building, which is being done by Guildford Hammond of Jacksonville. Dr. Somerville rendered first aid to the victims and they are doing as well as can be expected under the circumstances.

POTATO TOUR

Third Annual Field Day, Experimental Station, Fredericton

The meeting of the N. B. Seed Potato Growers' Association met at the Experimental Farm, Fredericton, Saturday, Aug. 16, with A. D. McCain, president, in the chair. The president outlined the aims and objects of the association, followed by the secretary, Mr. O. R. Hicks, who gave an account of his recent trip to Long Island and Virginia, the present summer looking for a market for the Certified Seed Crop, of the present year, and expressed the opinion that there would be no trouble to dispose of the present crop of certified seed potatoes profitably.

He was followed by T. W. Caldwell, M. P., who spoke briefly on the necessity of the seed growers organizing in order to dispose of their crop to the best advantage, and also expressed the belief that the future of the potato industry in N. B. depends largely on our ability to produce certified seed of a high quality.

They had a very successful day, and heard some very good addresses from those on the program, including Dr. Gussow, who assured the Seed Growers Association that they could count on him for any assistance his department could give them in their work.

Dr. Partridge of Ottawa, who is next in charge of botanical work, under Dr. Gussow, was also present having come down from Ottawa for the above meeting.

BURNED TO DEATH

Two Men Lose Their Lives Near St. Hilaire

Death in a horrible form came to two sons of Maxime Albert, of St. Hilaire, at an early hour Tuesday morning.

The elder, Antoine, and his brother, whose name is not known, but who was 14 years old, were engaged Monday in haying on a farm at Baker Brook, along with two other men. Being some distance from home they retired for the night to a small barn nearby, the Albert brothers on the ground floor, the other two on the floor above.

About 1 o'clock in the morning one of the latter, Sony by name, wanted to find the barn attic. He aroused his companion and together they leaped from a window to the ground. Failing to find the Albert brothers they broke a ground floor window but were unable to enter the barn. The younger brother was seen to make an unsuccessful attempt to reach the window.

When the fire had burned out the two bodies were found to be charred beyond recognition. Antoine was married and leaves two children. The cause of the fire is unknown.

The many friends of Mrs. Albion Foster will be glad to know that she is able to be out again after her long illness. She was a Hartland visitor today.

The W. A. of the Church of The Good Shepherd of East Florenceville, will hold a pantry sale Saturday afternoon at three o'clock in the building at the end of the bridge.

Arthur McLean's barns at Middle Simonds are burning as we go to press and it is understood it will be a hard thing to save the house. This place is known as the Marven Shaw farm.

Mr. and Mrs. Gordon Laskey and young son of Lowell, arrived in Hartland last week and have been guests at the home of Mr. Laskey's brother, E. W. Laskey. They have been welcomed by many friends. Mrs. Laskey was Miss Winnifred Clarke who was principal of the High School here two years ago. They left yesterday. Mr. Laskey returning to Lowell, while Mrs. Laskey went to St. Stephen to visit at her former home there.

Young Husband: "A Year ago you were crazy to marry me." His wife: "That's what father said, but I would not listen."

Here and There

Radio stations are to be established near Montreal and Vancouver as part of the Empire wireless station program as the result of arrangements just completed between the British Government, the Department of Marine and Fisheries of Canada and the affiliated Marconi companies.

The Manitoba Pulp and Paper Company will, it is understood, shortly establish a plant at St. Boniface near Winnipeg, Man. The company plans to expend \$3,600,000 of its \$5,000,000 capital on immediate operations, and to build a 200-ton newsprint mill, employing about 700 men.

Canada's trade is growing at a faster rate than ever before, despite the war. She now sells to 100 and buys from 77 countries. Her foreign trade, in the calendar year 1923, reached \$1,918,244,789, an increase of 18 per cent in one year, and her interchange of commodities reached 70 per cent between 1923 and the past year.

John B. Thompson, noted sportsman and writer on the out-of-doors, who is popularly known as his pen name of "Clark Ripley," is visiting the Canadian Pacific bungalow camp, in Ontario, giving demonstrations of his skill as a fly and bait caster, as well as from casting lessons to guests and informal talks on fishing and other outdoor subjects.

Creating a new record for the 15 years it has been in business, the Saskatchewan Co-operative Elevator Company will have handled 50,000,000 bushels of grain through its commission department in the 1923-4 season, it is announced. The estimate of grain handled through terminal elevators for the 1923-4 season is 58,000,000 bushels.

The steel superstructure of the new Ste. Anne de Beaupre Basilica, which is to replace the destroyed edifice at the famous shrine, has now been completed and it is expected that by next July the exterior of the church will be nearly finished. It is not anticipated, however, that the building will be entirely ready until July, 1926. In the meantime, thousands of pilgrims continue to visit the shrine and several miracles have been recently reported.

Figures issued by the Department of Agriculture for the Province of Quebec show that there has been a marked improvement in the condition of farmers of the province over last year, due to good crops, to such an extent that, instead of distilling grain seeds to the value of over \$125,000 as was the case last year, only \$60,000 worth was necessary to meet this year's requirements. Hon. J. P. Caron, Minister of Agriculture for the province, basing his anticipations on present crop prospects, expects a still further improvement in the near future.

"Never has the opportunity for Canadian business in the Orient been so good as it is today," said Allan Cameron, Oriental Manager of the Canadian Pacific Railway, in Montreal recently. "It is true that the general volume of business in China and Japan is somewhat below normal owing to both local and world conditions, but if Canadian manufacturers and producers now fail to make an effort to secure the large share of Oriental trade that would naturally come to them, the opportunity will pass and someone else will get the business."

Following its success at the British Empire Exhibition, the Canadian Pacific Railway is arranging unusually fine displays for fall exhibitions in Canada. At Toronto, the exhibits will include a Northern Ontario hunting scene, having a painted background sixty by sixteen feet, a feature of which will be moose and deer moving through the forest and an attendant guide to give information to enquirers. A full-sized model of the front of a Canadian Pacific engine and other displays illustrative of the company's many activities will also be shown in Toronto. Wonderful electrical models depicting Canadian winter sports, round-the-world cruises, etc., are slated for Quebec, Sherbrooke, London and North Bay.

GEORGE HAMMOND

R. W. Hammond of Edmundston received the sad news that his brother George of Van Buren, Me., died in the Presque Isle Hospital on Thursday afternoon following an operation of appendicitis. The late Mr. Hammond was a former member of the State of Maine legislature. It was largely due to his efforts that the legislation in the State of Maine affecting the international highway bridge across the St. John river at Edmundston was straightened out before the erection of the bridge could be proceeded with. Mr. Hammond was a nephew of Allan Hammond, Van Buren, and was connected with the lumber business.

"I thought it better to get you something useful," said Mr. Dobb to his wife, "so I have bought you a couple of good brooms for your birthday."

EXCRUCIATING PAINS, CRAMPS

Entirely Remedied by Lydia E. Pinkham's Vegetable Compound

Eberts, Ont.—"I started with cramps and bearing-down pains at the age of eleven years, and I would get so nervous I could hardly stay in bed, and I had such pains that I would scream, and my mother would call the doctor to give me something to take. At eighteen I married, and I have four healthy children, but I still have pains in my right side. I am a farmer's wife with more work than I am able to do. I have taken three bottles of Lydia E. Pinkham's Vegetable Compound and I feel that it is helping me every day. My sister-in-law, who has been taking your medicine for some time and uses your Sanative Wash, told me about it and I recommend it now. I have received great relief from it."—Mrs. NELSON YOTT, R. R. 1, Eberts, Ont.

Lydia E. Pinkham's Vegetable Compound is a medicine for ailments common to women. It has been used for such troubles for nearly fifty years, and thousands of women have found relief as did Mrs. Yott, by taking this splendid medicine.

If you are suffering from irregularity, painful times, nervousness, headache, backache or melancholia, you should at once begin to take Lydia E. Pinkham's Vegetable Compound. It is excellent to strengthen the system and help to perform its functions with ease and regularity.

Brown Six-Row Potato Sprayer

BROWN POTATO SPRAYERS have for several years been the favorite with the potato growers on the St. John river for the reason that the clog proof nozzle makes it possible for the operator to spray for hours without stopping to clean the nozzles.

THE DOUBLE CYLINDER DISPLACEMENT PUMP takes its power from wheels by a convenient chain drive direct from axles thus doing away with side motion and drive chain trouble. The pump has brass plunger 2 1/8 inch in diameter, packed with graphite composition, from the outside thus assuring a high pressure at the nozzles. All check valves in pump are brass fitted to brass seats and can be easily ground or replaced. Large air chamber tested under higher pressure than assures a steady pressure at the nozzles.

REVOLVING TWIN PADDLES in tank to assure Bordeaux mixture being well mixed when in operation.

The HUNDRED GALLON TANK is square and of cypress wood, with the top removable in case of any trouble in the tank, whereas with the barrel tank sprayer it is impossible to do this.

THE WHEELS ARE GENUINE SARVIAN WHEELS, 4 feet in diameter, with 3 inch tire, all of good material that will stand for years which is very necessary in a sprayer that is to carry 100 gallons.

THE AXLE is cold roll steel 1 3/4 inch in diameter and we have never yet known one to break.

Hundreds of these sprayers are now in use and have given perfect satisfaction. We have a limited number for the season of 1924 and would advise anyone in need of a sprayer to place his order with us or with our agent nearest to him. The price is \$200 on reasonable terms.

HARTLAND, N. B., AUG. 20, 1924.

AGAIN WE SAY "IT PAYS TO ADVERTISE"

Many, and we hope all, may have noticed the ad "Wife Wanted" that ran in this paper recently for several weeks. Perhaps it was read with a feeling of amusement, and also by many who thought it impractical, and a waste of good money. Well, it wasn't. The man got what he advertised for a wife. He really did.

VISITING THE LAND OF EVANGELINE

The organizers of the French-Canadian excursion to the Maritime provinces, have received so many applications, that to accommodate them, the Canadian National Railways have put another special train at their disposal. The Acadia Special, as it is known, will be run in two sections, each carrying 125 passengers. "Le Devoir," who has organized the excursion, has decided to limit this excursion to 250. This figure has already been reached.

The enthusiasm aroused in the Province of Quebec by this visit to the land of Evangeline, has an echo in New Brunswick and Nova Scotia, where big receptions are awaiting the French-Canadians of the other provinces. Indeed, the organizers have had to refuse many pressing invitations on account of the lack of time, but nevertheless, the programme prepared for the excursionists, is a very attractive one.

On the Acadia Special coming to Acadia, will be about 75 members of the clergy, among whom are Mr. Richard, parish priest of Verdun, Que.; Canon Desranleau, chancellor of the Archbishop's Palace, St. Hyacinthe, Que.; Father Fusey, O. M. I., representing Ottawa University; Father Cyrille Gagnon, superior of the Quebec Seminary, etc. Mr. Henri Bourassa, who will lead the party, will also be accompanied by prominent French-Canadians, including Messrs. J. N. Cabana, director of La Sauvagerie; E. Vesina, secretary of Union street, Jean Baptiste of America; R. Bergeron, representing the Notary Association of Montreal; Joe Versailles, financier, Montreal; P. Launier, manager, Paquette Ltee, Quebec; Dr. J. H. St. Jacques, Fitchburg, Mass.; A. Trepantier, president of the Catholic Travellers' Association; Dr. J. B. Prince, Montreal; Dr. H. Nadeau, Montreal; E. G. Proulx, N. L. A. for Prescott, Ontario and many others.

An interesting itinerary has been planned, spreading over a period of six days. The party will leave Montreal on Sunday, August 17, travelling on two special trains over the Canadian National Railways and will proceed via the Transcontinental section of the System to Edmundston, where they are due to arrive on Monday, August 18th. At Edmundston, the civic authorities and the Acadia Association have planned a monster reception in honor of the visitors. The same day stops will be made at St. Leonards and Moncton. At the for-

mer place, the excursionists will be tendered a reception by the citizens, while at Moncton, the parish hall of the church of L'Assomption will be the scene of a big hearted welcome.

Grand Pre—the heart of the Evangeline romance—will be reached the next day, Tuesday, August 19th. While here the party will pay a visit to the chapel and will also take part in the ceremony in connection with the unveiling of a Memorial Cross at Horton Landing. The next stop will be at Annapolis, at which point the visitors will be received by the Chief Justice of Nova Scotia. Under the guidance of Mr. L. M. Fortier, superintendent, a vi it will be paid to Fort Ann. The party will then proceed to Weymouth, where they will be received by the Acadians of St. Mary's Bay. The day will be concluded by an automobile excursion from Weymouth to St. Bernard, the party later joining the train at Church Point, where dinner will be served.

Wednesday, the 20th, many Nova Scotia towns will be visited, the party being met all along the line by local Acadians. Yarmouth, Tusket and Shelburne will each be visited. At the latter place, an opportunity will be afforded the visitors to do a little sea-bathing.

Halifax will be reached on Thursday, August 21st. The party will be officially met by the Prime Minister of Nova Scotia. A full round of entertainment and sight-seeing has been arranged for the visitors here. A civic reception, headed by the mayor, will be rendered the party, who will take part in the unveiling of a tablet on the parade grounds. A visit will be made to the harbor, while later on a concert and display of illuminations will also be taken in by the visitors. Waegwoltic Park will be thrown open to the party and special attractions provided. Mr. Henri Bourassa, national leader, and director of "Le Devoir" will speak here.

On the morning of Friday, August 22, the party will arrive at College Bridge where breakfast will be served at St. Joseph University. The party will then revisit the city of Moncton, where they will be taken around the surrounding country in automobiles, including a visit to Shediac, where a clam and lobster lunch will be served. Other places which will be visited by the party will include Grand Digue, Cocagne, Cap Pele, Seconduc, Barachois, Bouctouche, etc.

On Saturday August 23, the French-Canadians will return to Montreal, travelling by daylight through the Metapedia Valley and along the shores of the St. Lawrence River.

\$20,000 BARN BURNS IN PRESQUE ISLE

Presque Isle, Me., Aug. 18—The fine barn of W. R. Christie, built at a cost of \$20,000, was burned on Thursday on his farm on Caribou road, about one and three-quarter miles from this village. There was nothing could save it, for the upper interior, where the fire started from some unknown cause, was a mass of flames when discovered. It is understood 80 tons of hay were consumed and besides two tractors there were many other valuable pieces of machinery, including a hay loader and manure spreader. The beautiful set of farm buildings where the most valuable horses are kept were so situated that they were not endangered by the fire with the wind blowing from the south.

"Many a man who leaves home to 'set the Thames afire' has to return to replenish his store of matches.

Join the Millions of Men

who today enjoy better shaves

Less time is used in the Dominion, now, for shaving. And the millions of men who save that time, are also saved sore, irritated faces.

Now we offer you the means to join these millions. To find out what they found out about shaving creams. No expense to you. We pay for the test.

And you will discover why we worked for 18 months, making 130 experiments, perfecting Palmolive Shaving Cream. You'll at once appreciate the 5 distinct ways in which it gives better shaves:

By multiplying itself 250 times in richest lather.

By softening any beard in one minute—without "rubbing."

By the lather that lasts 10 minutes, if necessary.

By the way extra strong-walled bubbles hold each hair erect, for easier, cleaner cutting.

By that cool, soothed after-feel—the result of carefully blended palm and olive oils.

Millions of men could tell you. But it's more satisfactory to find out for yourself. If the test should fail—we are the only losers.

Mail your coupon today—and get 10 shaves free.

TOBIQUE RIVER

Donald H. McQuarrie, who has been doing colporteur work for the Canadian Bible Society along the Tobique for the last week, met with an accident on Friday evening last, as he went to go through the Arthurville bridge. It seems he met a team as he entered the bridge and as the team was keeping to the wrong side Mr. McQuarrie, who was riding a bicycle, was obliged to run into the side of the bridge. His bicycle was badly damaged but he escaped without injury.

Rev. J. M. Murchison, St. John.

spoke on the work of the British and Foreign Bible Society at Arthurville on Friday evening last. Although Mr. Murchison was one hour behind in keeping his appointment owing to his meagre knowledge of the Tobique roads which took him ten miles out of his way, yet a large crowd was present and listened attentively to his stirring address on the world-wide stirring work of the society which he represented.

Miss Clara Welch, Glassville, who has been the guest of Mr. and Mrs. Hubert Wright at Odell River for the past week has returned home. While up this way she also paid a visit to

the friends and former pupils at St. Almo.

Miss Helen Robinson, East Glassville has returned home after spending a week with her sister, Mrs. Leslie Barclay at Upper Kintore.

A number from along both sides of the Tobique attended the field day and picnic held at Riley Brook on Wednesday last under the auspices of the Presbyterian church.

REFLECTIONS OF A BACHELOR GIRL

By Helen Rowland

Many a girl fancies that a man has fallen in love with her, when he has merely stumbled—and caught his balance.

Theoretically, a man may believe that a girl has the right to do the proposing; but when he hears anything that sounds like it from a woman's lips, it frightens him like a motor horn close to the ear.

The first bitter honeymoon quarrel is the "blowout" on the road to Happiness; after that, marriage always seems, somehow, to scrape along on a flat tire.

Before marriage, when a woman speaks to a man in an undertone, he calls it "cooing"; after marriage, he calls it "nagging."

Why is a man always so suspicious of a girl's "design" upon him, when nine times out of ten, a woman hasn't ANY designs; she has nothing but impulses.

The worst cases of incompatibility are those in which a man treats his wife's "afflictions" as a joke, and a woman regards her husband's jokes as an affliction.

Oh, yes, even a society woman needs a husband, if only for somebody to send postcards to from Europe or Florida, and to look up, when she's passing through town.

After the third year of marriage, a woman has to go to a beauty parlor in order to be told what wonderful eyelashes and nice thick hair she has.

HOULTON MAN LOCATED IN SHREVEPORT, LOUISIANA

Houlton, August 3—Beecher Putnam, prominent Houlton attorney, former State insurance commissioner and for years active in the affairs of the Grange, who has been missing since the first of January, has been found in Shreveport, Louisiana, according to a telegram received last

night by Chief of Police Frank W. Hogan from the head of the Shreveport department, and relatives immediately started South. Dr. Harry L. Putnam of St. Petersburg, Fla., a brother, who is on his way East from California, was notified by wire to also go to Louisiana.

The message from Shreveport asked if Mr. Putnam was wanted here and stated that he had some Liberty Bonds in his possession. Relatives did not know that he possessed any of these bonds, and they are at a loss to know where he could have acquired them. Nothing is known of his condition when he was located in Shreveport, but it is feared that his mind may have become affected.

Mr. Putnam left Houlton on the night of January 10. He had drawn a few hundred from his large bank account, packed two suit cases and told a waitress at the hotel where he was staying that he was going away for a few days. On the south bound train that night he met a friend, Nathan Perry of Presque Isle, whom he informed that he was off on a short trip.

Until this wire came from Shreveport nothing had been heard from him, although, when relatives and friends became alarmed at his prolonged absence, every effort was made

to locate him.

Two different detective agencies were employed for a time in the search for the missing man, and fear was at one time entertained that he might have met with foul play.

When he departed Mr. Putnam left no orders for the disposition of his mail, and no arrangements were made for the handling of his law business during his absence.

Mr. Putnam is a Colby graduate, he served four terms in the Legislature, two in each branch, beginning with the session of 1903, and was a member of numerous committees. He served as State insurance commissioner from 1909 to 1911, and in 1915 he was one of the Presidential electors in Maine.—Presque Isle Star-herald.

SEWING CIRCLE GOSSIP

There was some discussion at the Sewing Circle this week about the beverages to be served at the Tennis Club Bazaar. The wife of the Radio Operator said she had no objection to the list of these being as long as her arm, but as for herself and her husband there was nothing they liked so well as LUXOR COFFEE, which they drink three times a day and as many times oftener as they can get it.

C. P. R. Head Thinks Co-operation of
Newspapers Would be Effective

Quebec, Aug. 10.—"I agree with those who have observed that Canada is not yet as conspicuously in the public eye in Great Britain as it should be," said E. W. Beatty, chairman, and president of the Canadian Pacific Railway, on his arrival here yesterday on board the Empress of France, after a hurried trip to Europe. He visited England and Scandinavia. He said that one reason for this condition was undoubtedly the fact that the existing rate of exchange prevented the steady flow of capital from England to Canada.

A steady movement of capital from England to this country, he said, "could undoubtedly create a continuous day-to-day interest in the Dominion's affairs, which does not now exist. I am convinced that greater publicity should be given in English papers to the trend of events, both political and commercial, in Canada and while the news values of some commercial items may seem doubtful, greater co-operation between British and Canadian papers would no doubt result in a distinct improvement in the situation."

"Mr. Beatty said that his trip to Scandinavia was part of a policy that he should personally see the company's branches and methods in Europe. In the last three years he had visited 10 European countries in which the Canadian Pacific conducted operations."

"On the general question of immigration I am strongly of the opinion that we must give still more consideration to this problem. It is of vital necessity to Canada's development and I am not yet satisfied that we have evolved policies and measures of carrying them out in a manner likely to give the most satisfactory results and secure for the country the proper kind of permanent settlers."

"Later," he said, "I hope to be in a position to make a more extensive announcement after consultation with the company's immigration and colonization officers and others in Canada who are seized of the desirability of more active and scientific measures."

Lord Beaverbrook also arrived on the Empress of France, and is a guest at the Chateau Frontenac with his two sons, Hon. Max Aitken and Hon. Peter Aitken, and his daughter, Hon. Janet Aitken. Regarding his plans in Canada Lord Beaverbrook said he intended to remain here for a few days and then would proceed to Newcastle, N. B.

To the Canadian Press, His Lordship said that elections in England would be largely influenced by the situation in Ireland.

Lord Beaverbrook, referring to the press, paid a compliment to the independent newspapers, stating that he had adopted that policy for his own, and he thought that the kind the public wanted.

WOMAN EDITOR AND MANAGER

Mrs. Fielding, of Windsor, N. S., Tribune, in England

(Daily Graphic, London)

Quite half of the Canadian editors who invaded London recently, and were shown round the House of Commons in the morning, have never been in England before, and many of them have risen to the editorial chair from positions in the printing office.

Two women are among the delegates, Mrs. Fielding, descended from the Urquharts of Scotland and Miss Forbes, editor and manager respectively of the "Windsor Tribune," Nova Scotia.

"When I bought the paper," said Mrs. Fielding, "it was housed in two little rooms over a grocery store, and was nearly defunct. Miss Forbes who was then teaching, joined me."

Their efforts have been such a success that since then they have built a whole block to carry on their newspaper enterprises.

Mrs. Fielding told me she had never had a libel action, and never had to apologize for a mistake. I know Fleet street colleagues who would exclaim, "How dull!" but of course libel laws are not the same everywhere.

George—"What, 'Enry, out of a job again?" "Enry—"Yus, I had to resign. They set me to push a wheelbarrow, and what do I know of machinery?"

"What did he say to the Dean when he was fired?"

"He congratulated the school on turning out such fine men."

Difficult Customer—"I can't remember the name of the car I want—I think it starts with 'T.'" Exasperated Salesman—"Madam, all our cars start with gasoline."

"You should always decide which side is right before you join in," advised the friend. "But, bedad," objected Murphy, "the foight might be over by that time."

Manager of Drygoods Store: "What do you mean by arguing with that lady? Let her have her own way. Remember, a customer is always right."

Assistant: "But she said we were swindlers."

A Scotch workman was slipping out of the garage during business hours to "wet his whistle," when he ran into the boss. "Hello!" said the latter pleasantly, "were you looking for me?" "Ay," replied Sandy, "I wis looking for ye, but I didna want tae find ye."

"Boys," said the master impressively, addressing the Fifth Form, "if I stand with my back to the sun at mid-day, what have I on my right hand?" And truthful James, from a far corner of the classroom, logically answered, "Fingers." And yet he got into trouble over it.

"There's a gentleman to see you, ma'am," said the new maid.

"You haven't left him in the hall, have you?" asked the mistress.

"Bless yer, no, ma'am. He's waitin' outside on the steps, all right, an' I took good care to shut the door, too, before I come to tell yer."

A Scotchman who had just been married asked the usual questions by the officials.

"Well," was the reply, "there is no fixed fee. Pay what you think it is worth."

Whereupon the bridegroom handed him one shilling. The parson took it, glanced at the bride, and handed back fourpence change.

A passenger had been abusing the guard for the slow progress of the train. Finally the exasperated official said: "Look here, sir, if you don't like the speed of this train you can get out and walk."

"Thanks so much," said the passenger, "but, to tell you the truth, though I'm short of time, I'm not in such a hurry as all that."

The Earl of Birkenhead recalls a cool witticism very typical of Lord Darling:

Darling—a very junior counsel—was addressing the jury at Quarter Session.

The Chairman: "Mr. Darling, have you noticed the position of the hands of the clock?"

Darling: "Yes, sir; but with respect, I see nothing to cause anxiety. They seem to me to be where they usually are at this time of the day."

Two sailors got into a discussion over the exact definition of a heifer. One claimed that a heifer belonged to the hog family, the other that it was a variety of sheep. After a long argument, they decided to refer the question to a disinterested critic. "Bill," they asked the boatswain, "what's a heifer? We're having an argument."

Bill bit off a large chew of tobacco reflectively. "To tell you the truth,

Ticket Clerk (after searching in vain for ten minutes)—"But where is Florence?"

The American statesman was introduced to the Scot as "One of the leading politicians of modern times and the greatest authority upon International law the world has ever known." The Scot looked him up and down for a moment, and then asked, "From what land d'ye come?" "From the greatest country in the world," replied the statesman with a smile. The Scot shook his head.
