MRS. MACPHERSON WINS IN CARNIVAL CONTEST

Outlook Suggests Busy Summer In Tourist Trade On The North Shore

CHOSEN AS "MISS CAMPBELLTON" AT CLOSING CARNIVAL FRIDAY NIGHT

Miss Gladys Kean a Close Second—Queen Presented With Pearl Necklaces and Given Reception And Dance in Town Hall—Record Attendance At Rink—Many Brilliant and Original Costumes in Evidence—Miss Campbellton Looked Charming in Natty Sport Costume.

With the selection of Mrs. (Dr.) John J. MacPherson as "Miss Campbellton" at the final event on the Winter Carnival programme in the skating rink here last Friday evening, and the largely attended reception and dance in the Town Hall held in honor of the newly chosen Queen, Campbellton's first Winter Carnival was brought to a most fitting and pleasing close. The selection of Mrs. MacPherson, nee Irene Murray, daughter of Dr. D. Murray, seems to prove that the unrivalled popularity which this cultured and refined young lady enjoyed throughout her girlhood here has been in no way lessened through the natural retirement of married life and considering that popularity and the many feminine charms with which Mrs. MacPherson is so eminently endowed, it is most fitting that the young lady who for years has admittedly been Campbellton's most popular girl should represent our town in this capacity.

The Choice

The selection was made about the middle of the evening's event by a committee of judges. In the opinion of the judging board Miss Gladys Kean, one of the five candidates in the winter carnival contest, was a close rival for the honor, as queen and came a close second in the final vote. During Carnival Week the other three contestants, Miss Edna Farrar, Miss Nellie Annett and Miss Iva Gillis received generous support from their many friends and hundreds of votes were cast for each by those attending the various events on the programme. From the first the final outcome was very uncertain and up until Thursday night it was known that Miss Farrar was leading.

Record Attendance

The closing event, which took the form of a costume carnival was the most successful entertainment on the whole carnival programme. The crowd broke all previous records here for an event of this kind nearly eight hundred persons eagerly swarming in to be on hand for the big closing event of carnival week. Among these were many people from all sections of the county.

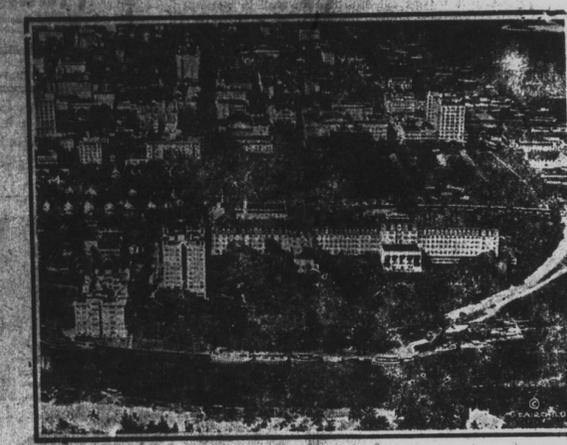

Variety of Costumes

The costumes comprised a wide range of pleasing patterns in winter sport and carnival dress and presented a wonderful variety of colors and originality and ingenuity of design representing many of the newest and most popular creations in carnival costume. A most large number dressed for this occasion than in recent years and the risk was not of over-changing hues as the shapers, like a smiling sea of brilliantly contrasting colors swayed and swayed about the brightly illuminated rink.

Judges Decide

About nine o'clock all matters were called to rest and the five candidates requested to shake about prelim-

SPEAKS HIGHLY OF 4 WHEEL BRAKES

Superintendent of Motive Power Police Department, Buffalo Very Enthusiastic

Henry W. Alt, superintendent of Motive Power & Supplies of the Buffalo Police Department, has written the following to the Buick Motor Company: The department of Police on August 27, 1923 purchased two Buick four-wheel brake touring automobiles and at that time I was skeptical as to their braking efficiency under various conditions. At this time I am pleased to say that all doubts that I may have had have been removed. I personally drove one of the four-wheel brake, seven passenger touring automobiles about 1,000 miles, taking in the State fair at Syracuse, week of September 10th. It was a great test, as I encountered all kinds of weather and road conditions, heavy traffic, steep hills. The four-wheel brakes worked wonderfully. I drove up and down the Camillus hill three times, one of the worst hills between Buffalo and New York, and brought the car to a dead stop with seven passengers within 25 feet at 20 miles an hour, and yet at no time during this 1,000 miles did I have any trouble with the four-wheel brakes or the automobile, and I wish to honestly say that I am enthusiastic about the four-wheel brakes, and will recommend them for use in the police department in the future. The new McLaughlin's are on display at the old stand. You are invited to call and see them. E. SULLIVAN, Campbellton, N. B.

Dalhousie, Feb. 20.—Questioned yesterday on her return from Bonaventure, Que., where she had been visiting her aged mother, about her plans for her summer hotel, Mrs. Theo. Nadeau informed your correspondent that work would be started on the building in March and that she hoped to have the hotel ready to accommodate from 100 to 150 guests before the month of June.

It is intended to expend considerable effort in making the grounds and surroundings attractive for summer visitors and also to provide many of the facilities for outdoor summer amusement which vacationists so greatly appreciate. On the grounds in front of the hotel it is proposed to arrange for a tennis court and space for other games, such as croquet and quoits. Bating houses will be built near the hotel and safe boats will be placed at the disposal of the guests. With this latter provision made all who care for boating may indulge in this pastime on the light waters of the cove between Lighthouse Point and Douglas Island. This arrangement will also enable guests to go fishing or to visit the lobster traps or salmon nets and see these famous habitats of the Bay Chaleur taken alive from the sea.

According to a lady enquirer from Winnipeg these arrangements, ordinary enough to a native, will prove a great attraction to visitors from inland areas. The writer from the western metropolis stated that if there was assurance that a small fleet of boats could be had for strangers to witness with their own eyes how salmon and lobsters are caught, there would be hundreds of city folks who would eagerly patronize our eastern summer resorts. The lady mentioned also enquired about building lots for summer cottages at the Loch Arran and is evidently taking a deep interest in Tourist Movement in Restigouche County.

NEAR TRAGEDY ON HERON ISLAND

G. Cunningham Fell Into 35 Foot Well But Escaped Injury

An accident which barely escaped having a tragic climax occurred at the home of Gilchrist Cunningham on Heron Island last Friday when Mr. Cunningham, while working about a dug-out well on his premises, unexpectedly slipped and fell in. The well, which was large enough in circumference to admit the unfortunate man in some thirty-five feet in depth with about five feet of water. On falling Mr. Cunningham began his hurried descent head forward but by good fortune righted himself and slipped to the bottom feet first. There in ice-cold water almost to his shoulders he was obliged to wait some twenty-five or thirty minutes before help arrived on the scene and extricated him from a very disagreeable situation. Although severely chilled he was otherwise uninjured. Mr. Cunningham is one of the Cunningham brothers who in the past two years have acquired extensive potato interests at New Mills and on Heron Island where Mr. Cunningham resides with his family.

HOSPITALS MAKE \$500 AT CARNIVAL

Splendid Work of Ladies Made This Gratifying Result Possible

That the success of the closing event on the winter Carnival programme was due, almost entirely, to the efforts of a quartette of ladies representing our town local hospitals, is evident as their carefully made arrangements clearly saved the final event from being something of a failure. The proceeds realized by the affair amounted to a little over \$500, this to be divided between the two hospitals. The ladies who worked in conjunction with the chaperaun aid made this splendid result possible were Mrs. O. J. Klein and Mrs. Ruet for the Hotel Dieu and Mrs. James Morton and Mrs. Jasper Davidson for the Soldiers Memorial. This is merely one of many instances in which the Hospital Ladies here have done most gratifying work. The chaperaun were clearly handicapped from the first of the carnival but did splendid work as soon as an opportunity offered to assume an active part. Had the Ladies' Aids of the two hospitals been in charge of the affair from the beginning there is no doubt but what the undertaking would have been the success all the way through that it should have been.

PLEASANT FUNCTION AT K. C. HALL

In Honor of H. V. Hadley Transferred to Head Office of Royal Bank

The Knights of Columbus Hall on Minor Street was the scene of a most pleasant function on Saturday evening last when a large number of friends congregated at a "Smoke" given in honor of Mr. H. V. Hadley given in honor of Mr. H. V. Hadley of the Royal Bank Staff, who has been transferred to the Head Office in Montreal. The gathering was most fortunate in having in attendance Messrs R. J. Lavole and Clyde Mabe who delighted those present with several splendid duets. Mr. Mabe also rendered a solo in his best form and was prevailed upon for even a second encore. Many speeches fringed with just completed the evenings entertainment. Mr. J. B. Legere acted as chairman. Among the speakers were Messrs J. W. Howard, R. J. Lavole, D. A. Harquell, F. W. Sharpe, J. Allan LeBlanc, L. E. Bonshuk and Henry Dupuis. The honored guest replied to many expressions of good wishes by his friends with fitting remarks.

Decision That Smelts Are to be Admitted Free of Duty to U. S.

Newcastle, N. B., Feb. 19.—The decision of the United States board of general customs appraisers that smelts are entitled to free entry into the United States will be received with much satisfaction by Miramichi fishermen and shippers. For the past two years a cent a pound has been retained by the United States Government, pending a decision, and now that it has been decided in favor of the Canadian fish, it will mean that about \$150,000 will be returned to Miramichi fishermen and shippers. Shippers throughout the entire North Shore will benefit in this regard.

NOVEL STEP TAKEN IN SCOUT WORK

Local Troop Elects Town Council To Discuss Various Phases of Civic Management

Another novel step was taken in local Boy Scout work on Thursday evening of last week when the Boy Scouts of the Baptist Church elected a town council from among their growing numbers. The idea is obviously a good one for its purpose is to educate the boys along the lines of civic government and with a view to awakening interest in town affairs among the young chaps who in a very few years will be not only privileged to vote, but individually responsible for the management of our town. (That a deeper interest will be created among the young in the future of Campbellton and have a very definite value in making them better acquainted with the problems of the future and also the splendid possibilities of their own home town.

Two Cases at Maltais Siding Traced to Lumber Camp in Maine

Two new cases of smallpox have been discovered at Maltais Siding, I. N. B. Dr. Marchand and Sanitary Inspector have the cases in hand. These cases are in New Brunswick because of the laxness of the United States officials. There was a case discovered in a lumber camp in the State of Maine. Before the authorities got on the job and quarantined the camp, about ten men had escaped. Two found their way to Maltais Siding where the disease broke out and they are now under the care of the New Brunswick Board of Health Officials. These two cases have nothing to do with the case reported two weeks ago.

Experience of a Well-Known Barber

Letting the system become run down is responsible for more illness than anything else. When the body is strong, healthy and vigorous, all the organs are in perfect condition. Disease then has little chance to lodge. But let the system become run down and the resisting powers of the organs are weakened. The body is then susceptible to any trouble—colds, pneumonia, consumption, anemia, fevers, contagious diseases, and all other diseases of a wasting nature. Therefore, when you are weak, listless, tired, drowsy, nervous, irritable, is the time you need a tonic. Carnol is the ideal remedy. It feeds the nerves, enriches the blood, builds up bodily tissue and increases weight. After a run-down condition following the Mr. Tingley, the well-known barber, of St. John, N.B., was greatly benefited by Carnol. He says: "I had a bad attack of the flu in the fall of 1919 which left me in a weak, run-down condition. My appetite fell off and I had gone down in weight from 150 lbs. to 130. A local druggist recommended Carnol to me and on his advice I took four bottles. From that time my health and strength came back and I now weigh 155 lbs. I am now enjoying the best of health and am a healthy, vigorous man. Carnol to anyone in a similar condition.—G. W. Tingley, 288 Prince William St., St. John, N.B. HEAVY STUMPAGE COLLECTIONS NOW

Deputy Minister Says Revenue Will Be About One Million Dollars

Fredericton, Feb. 13.—One million dollars in stumpage from Crown Lands in New Brunswick is the forecast made today by Col. T. G. Loggie, Deputy Minister of Lands and Mines, for the present logging season which will be shown in the fiscal year closing October 31st, 1924.

Quarter Million More. The total for the last fiscal year which closed October 31st, 1923, in stumpage was \$746,225.92. Other items of revenue in the Department of Lands and Mines for which timber License Renewals was the chief brought the total of \$1,069,295.16. The prospect for the present year is that the total territorial should run in excess of a million and a quarter dollars. The excess in stumpage alone over that of last year is upwards of a quarter-million.

Col. Loggie also made an estimate of total cut on Crown Lands of 875,000,000. That is considerably in excess of any estimates made so far. A total announced previously was \$14,000,000 though that was believed to be rather conservative. Big Cut of Damaged Trees. Trees damaged by fires last summer or by the bud-worm in preceding years have been cut in huge quantities. That fact is responsible for the great increase in total cut. Operators have made particular efforts to get all the fire-damaged timber out that is possible.

LUXOR CURSE AGAIN TO FORE

McGill Professor Fifth Prominent Man to Die Under "Curse of Pharaohs."

London, Feb. 11.—The story that an ancient curse doomed all who probe the mysteries of the tomb of Tutankhamen has been revived by the death of another prominent man. Professor Lefleur of McGill University, Canada, has died of pneumonia at Luxor. Superstitious natives point to his death as another evidence of the curse of the pharaohs. The story started when Lord Carnarvon, bitten by an insect, died just as all was ready for the opening of the tomb. The Hon. Aubrey, half-brother of Lord Carnarvon, had predicted that "something dreadful will happen in our family" as a result of tampering with the ancient burying place. Herbert died here last September.

"The Pharaohs' Curse" was mentioned when George J. Gould, American financier, died at Montone, France, after a visit to the Valley of the Kings and again when Princess Fahmy murdered her husband at the Hotel Savoy here. Prince Fahmy and his French wife had spent the season at Luxor and were frequent visitors to the mysterious valley. Numerous other incidents, some involving fatal or less serious illnesses, also figure in the superstition.

RETAIL TRADE SHOWS INCREASE

Business in Most Lines Better This Year Than Last

According to reports from merchants here retail trade in the aggregate during the month of January and February to date seems to have been at least slightly better than that of the same period during the winter of 1923. In some lines however business during January has been decidedly quiet this inactivity occurring immediately after the Christmas rush. In other lines where the sales are largely in commodities of a more staple nature local trade has shown an increase over that of January last. Conditions on the whole are considered better this year. Wages have increased somewhat and this community seems to have suffered little from the unemployment conditions that have been instrumental in working a considerable hardship elsewhere.

TELEGRAPH POLES ARE IN DEMAND

United States is Taking 25,000 for Telephone and Telegraph

Fredericton, Feb. 11.—One of the features of the logging season in the northern counties on Crown Lands is the getting out of 25,000 poles for telegraph and telephone lines. The poles are destined for the United States from which the orders come. In many of the logging districts conditions are lined with these poles. Conditions of contract require that they be peeled entirely of bark and that gives much work to axemen. Formerly it was not necessary to peel the tops of poles, bark being left on for several feet.

Light Snow on Tobique. On the headwaters of the Tobique River the snow is only a foot and a half deep. This depth is much less than usual and the operators are afraid that in a sudden thaw the snow might leave them. On that account cutting of fire-damaged timber in that section has stopped. Jobbers however, will continue to cut as long as possible. Yarding is well underway.

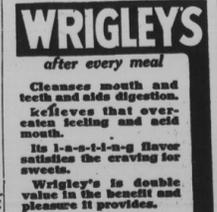

In other sections of the Northern Counties there is about three feet of snow and no fear of it leaving suddenly. Conditions have been very good here. On the Tabouche the Snowball Company has been carrying an extensive logging in fire damaged timber.

Chief Scaler Returned. A. F. Murchie, Chief Scaler, has returned from a tour of the northern district. A new estimate of cut on Crown Lands up to January 31st, is in process of preparation. The preceding estimate showed a total of 314,000,000 which is more conservative than other reports. The estimate for January will show about the same total it is expected. Seven mills sawing lath and long lumber were visited by him. An unusual but gratifying feature was the absence of sickness of either men or horses.

The Growth of a Bank

NINETY-ONE years in Canada covers a great deal of history in growth of population and development of business and industry. There have been many changes in Canadian banks since The Bank of Nova Scotia first opened its doors for business in 1832. But during all that period, through good and bad times, the Bank has steadily forged ahead. By decades, since 1832, this table indicates the steady and gradual growth of the Bank. At the end of the first year the capital of the Bank was \$50,000, no reserve, and total resources \$85,863.

Year	Capital	Reserve	Resources
1833.....	\$ 50,000		\$ 85,863
1843.....	\$ 140,000	\$ 2,568	\$ 267,000

FIVE MEN FACE MURDER CHARGE

Shooting of Matapedia River Guardian Is Being Followed to Limit

Rimouski, Feb. 14.—Joseph Richard, 65 years of age and Armand Bony, 30 years, two farmers residing in the parish of St. Florence, were charged with the murder of Wm. Blaquiere, a game warden, who was killed here in September last, after an enquiry on discovery conducted by Mr. Lucien Cannon, K. C., Crown Prosecutor and Chief Detective G. H. Rioux.

Three other men are already held in the Quebec Jail in connection with the same murder, bringing up to five, with the possibility of further arrests, those claimed by the Crown to be responsible for the death of the Matapedia Club game warden.

Blaquiere was found dead on the shores of the Matapedia River one morning, after he had been warned by poachers, who continued to break the regulations of the famous sportsmen's club, that they would not tolerate his interference. A shot was heard and a search was organized, but Blaquiere could not be found and it was thought that he had first fired to frighten the poachers.

The next morning the body was found and immediately an investigation lead to the conclusion that the man had been the victim of foul play.

Rumors started and after several weeks investigation by Chief Detective Rioux, three men, Girard, d'Aigle and Moisan were arrested in their homes.

At the close of the preliminary investigation, Magistrate Fiset committed the three men to stand trial for the murder of Blaquiere. And they were transferred to Quebec where they are now awaiting trial.

While the preliminary hearing was on, Magistrate Fiset received a letter alleged to come from a Frenchman residing in that district, making certain alleged disclosures on the case.

Chief Detective Rioux, convinced that others were mixed up in the tragedy, continued his work and a few days ago, as announced in the Telegraph, it became currently known that further developments were in sight.

The Attorney-General instructed Mr. Lucien Cannon, K. C., Crown Prosecutor, to open an enquiry on discovery in Ste. Florence on Tuesday.

Yesterday morning, Chief Detective Rioux apprehended Richard and Bony and held them as material witnesses.

They were heard yesterday afternoon and at the close of the hearing a warrant was signed by Magistrate Couillard charging them with murder.

It appears that the two men admitted that they were present when the game warden was killed but denied having contributed in any way to his death.

This morning when they appeared for preliminary investigation before Magistrate Couillard, the two accused entered a plea of not guilty. They were refused bail and will leave for the Quebec Jail in a few days.

It is still reported that three or four other arrests either of alleged murderers or of material witnesses will be made by Chief Detective Rioux to complete the chain of evidence.

BATHURST BEATS LOCALS IN EXHIBITION GAME

The Bathurst Team is the Most Effective Aggregation in the Northern Section—Their Win Over Campbellton is Only One of Their String of Victories Which Have Come Into Their Fold Since the Schedule Ended.

Thursday night was one of the features of Campbellton's first winter carnival Bathurst played the local hockey team in the town rink. The brand of hockey played at this game was so superior to the brand played by the same team at the first of the season that the fans could hardly believe their eyes. The Bathurst team possesses some of the finest hockey material in the Maritime Provinces. Lawlor and Crosby are wonderful. Crosby might be a good defence player but he rivals Pete McLean when it comes to end to end rushes. Lawlor is a slippery individual and although he has a ready temper plays a brainy game. The locals were without the services of Thomas who was painfully injured in the Chatham game. Mathews staged a wonderful comeback. He showed to the fans that he could handle the stick with old time skill. His elusiveness was wonderful. He is like a cat on his feet and still has the faculty of moving quickly.

First Period.

Time 8.30

Lawlor harried up and lost to McLean who carried down and lost to R. Cribbs. Cribbs carried back and shot. McKenzie saved. McLean carried down and lost to Ryan who lost to Wilkins. The Chatham boys kept the puck dangerously near our goal for a short time and McKenzie was kept busy. Mathews broke away and shot at Finnegan. The local team play a game of watchful waiting. Three man defence was played most of this period. Crosby carried up and lost to Lavoilet who lost to Cribbs who carried back and shot. McLean took the rubber up the ice by a nice rush and scored the first goal. 8.32. McLean lost to Crosby and Crosby passed to D. Cribbs who lost. Crosby came back up the ice and scored. 8.33. Both Lavoilet and Mathews carried down but failed to connect. Ryan carried down and McKenzie saved. Lawlor given 2 min. for tripping Mathews. R. Cribbs lost to Wilkins who shot wild. McLean carried down and lost to McKeman who lost to Mathews. Mathews carried down and sent a hot one at Finnegan who saved. Lawlor carried up and McKenzie saved nicely. Lavoilet let back checks hard. He can overtake almost anyone on the ice. Lawlor carried up and shot from L. W. The rubber glanced off McKenzie's pads and into the corner. 8.45.

Mathews carried down but shot high. Miller shot a hot one at Finnegan. The locals kept Finnegan busy but Lawlor broke away and scored. 8.46.

Campbellton's combination work was good but the Bathurst defence was also good. Wilkins 2 min. tripping Ryan. Lawlor carried up and missed the goal. The Bathurst team are wonderful on the defence, whenever they lost the puck the whole team seemed to be right on top of the players who were bringing it back. Lawlor given three min. for tripping McLean. The period ends with the locals working hard to score. Bathurst 2—Campbellton, 1. Time 9.01.

Second Period

R. Cribbs carried up and lost to Lavoilet who lost to Ryan who lost to McLean who carried down and passed to Lavoilet who shot wild. McKeman lost to Mathews who carried down and shot. McKeman, Lawlor and Ryan try some combination but fail to tally. Cribbs and Mathews two min. Lavoilet and Miller carry down and Lavoilet shot wild. Mathews made Finnegan exert himself. Ryan carried and passed to D. Cribbs who fooled McKenzie. 9.48.

Mathews two minutes

Cribbs and Lawlor broke away but Lavoilet overlooked them. McLean given two minutes. The penalties were now being handed out in good

OVER \$1,000 PAID IN WILD CAT BOUNTIES

Almost 400 Cats Have Been Killed Since November 1st by Hunters

Over \$1,000 has been paid by the province in wild cat bounties since the commencement of the present fiscal year on November 1st, 1923. Already approximately 400 claims for the \$3 bounty offered for each animal have been handled by the Chief Game Warden's branch of the Department of Lands and Mines, as compared with the 51 claims paid in 1923 following the bounty offer passed by legislation in that year.

As many as five and six claims have been received by the department during one day from various sections of the province, while hunters in many instances have appeared with the skins in person and claimed the reward which is offered. After the bounty has been paid, the skin which remains in the possession of the hunter is usually sold. The bobcat skin is however not of any great value on account of the short fur, and \$5 per skin is considered a good price. So the hunter who is engaged in the extermination of these animals, which are particularly destructive to deer, averages in the vicinity of \$7 or \$8 for each kill.

Reports reaching the city from different parts of the province indicate a scarcity of moose in some districts and a closed season for moose has been recommended. There is touch with the game situation throughout the province as a whole, however, recommend only a curtailment of the present open season.

style. McKenzie called upon to save several hard ones. Lawlor given 2 minutes, Dan Cribbs, 3 minutes.

Lavoilet carried down and scored, 10.55. The goal ended with the locals working hard and pressing Finnegan closely.

Irvin Cobb's daughter, Elizabeth Cobb (above), was married the other day to Frank M. Chapman, Jr., in New York City. Photo shows her in costume taken at a recent society affair.

RUSHING C. N. R. CARS FOR SHIPPERS

Situation Being Relieved—Men at Repair Work in Shops Here

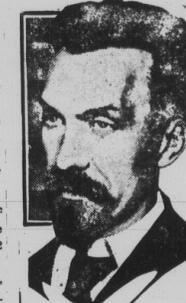

Moncton N. B. Feb. 18.—Mr. L. S. Brown, Atlantic regional general manager, is doing all possible to cope with the car shortage situation it was stated today.

It has been reported that shippers in several sections of the province have been handicapped more or less owing to a scarcity of freight and lumber cars.

Heavy storms have recently retarded the movement of cars, although fortunately New Brunswick has escaped a serious blockade. In the past day or two the situation has improved materially. The C. N. R. authorities are alive to the needs of the situation and are making every effort within their power to meet the demand, it is pointed out.

Cars in the vicinity requiring repairs will be attended to at once.

As reported recently some fifty men were engaged in the railway shops here to assist in supplying the needs of shippers.

A. I. Rykoff has been chosen to succeed Lenin as president of the Council of People's Commissars of the Soviet Government.

ADJUSTMENT BOARD OF C. N. R. IN SESSION

Montreal, Feb. 13.—A full board meeting of the Canadian Railways Board of Adjustment No. 1 opened here yesterday. It is understood questions were discussed involving interpretation of wage agreements, principally affecting engineers and firemen. No decision was reached and the board will continue to sit today and tomorrow.

MR. WRIGLEY says:

I believe in newspaper advertising. I spend about a million dollars a year for newspaper space to tell the world about the goods I have to sell.

Nearly everybody reads the papers and they are the most effective medium to reach the buying public quickly and often.

For Your Convenience

Did you ever stop to think how much the establishing of an up-town branch of the Central Book Store has added to our facilities for giving you greater service—and, incidentally, made dealing with us much more convenient.

At both these branches you will find everything that a good Book Store keeps. Keep in touch with our offerings. Many of these cannot be duplicated in value anywhere.

ther the weather-man seems to be re-
 lenting a little as to-day was unbrer-
 in with "Old King Sol" dominating
 the picture and although the temper-
 ature is still fairly well down pedes-
 trians today are experiencing a real
 joy in being able to venture forth in
 comparative comfort. There is no
 doubt our citizens are wishing for a
 continuation of such ideal climatic
 conditions.

Mr. and Mrs. Sidney Rooney went
 to Seal Cove on Sunday evening
 where they enjoyed a few hours stay
 at the home of Mr. and Mrs. Thomas
 Mahar, the latter's parents.

A card party was held at the home
 of Mr. and Mrs. Archibald Maloney
 on Thursday evening.

Mr. Smith E. Baird was a visitor to

to learn of her speedy recovery.
 Miss Mabel Walsh of Barachois is
 visiting her mother, and aunt Mrs.
 Walter Morrie in Douglastown.

Congratulations are being extended
 to Mr. and Mrs. William Languedac,
 of Douglastown, upon the arrival at
 their home on Tuesday, Feb. 20th of a
 baby boy.

The Misses Marie Kennedy, Isabel
 Dupuis, Agnes Morris and Messrs
 Ralph Gaul, Frank Bond and Michael
 Kennedy (Campbellton, N.B.) had a
 very enjoyable snow-snow tramp one
 night last week.

Mr. Scott H. Baird went to Brilliant
 Cove to spend the week-end and while
 there was the guest of his sister, Mrs.
 Daniel Gerrard.

The Rev. R. H. Baxter, a graduate
 of Mount Allison University, Sack-
 ville, N. B., has been named to suc-
 ceed the Rev. Bruce E. Carew who
 has had charge of the Methodist con-
 gregation of Cape Oro during the
 past three years and has now been re-
 moved elsewhere. The Rev. Mr. Baxter
 is known by many in this village as
 it will be remembered that during
 the summer of 1922 while he was
 preaching on the coast he came here

on several occasions and preached a
 fine sermon at the home of Mr. and
 Mrs. James Baird. He has only been
 ordained to the ministry a few
 weeks ago, at St. John, N. B. His
 acquaintances here wish him every
 good wish in his first pastorate.

Miss Monica Rooney of Gaspe Har-
 bor passed last week-end with her
 parents Mr. and Mrs. Charles Rooney
 Mr. John J. Foley who is employed
 in the store of William Hyman at
 Brilliant Cove, spent Sunday at his
 home here.

Mrs. Michael McDonald is recover-
 ing from her short but somewhat
 serious illness.

Mr. and Mrs. Charles Collins, for-
 merly of L'Anse aux Cousins, are now
 residing in Haldimand at the home of
 the late Mrs. William Kennedy. We
 understand Mr. Collins will during
 the coming summer act as yard-mas-
 ter at the Howard Smith Lumber Co's
 mill in Sandy Beach.

Miss Theresa Rooney spent a few
 days in Gaspe Harbor recently the
 guest of her sister Miss Monica Rooney
 at Mr. N. Belanger's.

Mr. Arthur Grant was in Gaspe
 Basin on Tuesday the 6th inst. on
 business.

Mrs. Thomas McAulay spent a few
 days in Barachois last week being
 called to that village by the illness of
 her daughter, Mrs. Valentine Malone.

Mr. Kierstead, formerly book-keep-
 er with the Shephard & Morse Lum-
 ber Co., L'Anse aux Cousins, but now
 residing in Gaspe Basin was a vis-
 itor to Douglastown on Thursday a
 guest at the "Morris House."

Ecuminac
 CLARENCE G. MCKAY
 Death has again entered our vicini-
 ty and this time claimed for its victim
 Clarence G. McKay who passed
 peacefully away at his home here
 Wednesday morning. The deceased
 leaves to mourn a sorrowing mother
 a widow, and four children, one bro-
 ther and four sisters. The funeral
 was held Friday afternoon and was
 largely attended.

The pall-bearers were Mr. Peter
 Wafer, Tom Mann, Edgar Brown,
 John Edwards, William Carmichael,
 and Sam Pike. Much sympathy is
 extended to the family.

Hopetown
 It seems quite a long time since
 we have heard from Hopetown.

We are glad to welcome Mr. Ernest
 McEneaney and his bride, who will reside
 in this place.

Quite a number of young men have
 returned home after spending a
 couple of months in the lumber
 camps.

Mr. Oscar Tomlin has recently re-
 turned from Port Arthur and will
 spend the remainder of the winter
 here with his parents.

Mr. Joseph Thompson who has been
 ill for some time has quite recovered.

We are all pleased to have Mr. and
 Mrs. Donald McEneaney back home
 after spending the summer in Camp-
 bellton.

We notice the bungalow, which has
 long been closed is now occupied by
 a relative.

The young ladies are quite busy
 making baskets for a social and dance
 to be held in "The Orange Hall" on
 Wednesday, the 20th. We are hoping
 it will be a great success.

Mrs. Lyall Watt of Port Daniel is
 now visiting her parents here, Mr.
 and Mrs. Henry Major.

What He Says "Gee"
 A man walked into a garage
 where his car was being repaired,
 and was heard to remark to the
 garage owner for telling him how to
 run his own car, saying, "This is
 my car, and what I say goes."

A moment later a tired, greasy
 mechanic looked under the car and
 said: "You damned fool, say
 'Engine'!"—Everybody's Magazine

EXCRUCIATING PAINS, CRAMPS
 Entirely Remedied by Lydia E. Pinkham's Vegetable Compound

Sheets, Ont.—"I started with cramps
 and tearing-down pains at the age of
 sixteen, and I could hardly get on my
 feet. I could hardly stay in bed, and I had
 such pains that I would scream, and my
 mother would call the doctor to give me
 something to take. At eighteen, I mar-
 ried, and I have four healthy children,
 but I still have pains in my right side.
 I am a large woman with more work
 than I am able to do. I have taken three
 bottles of Lydia E. Pinkham's Vegeta-
 ble Compound, and I feel that it is
 helping me every day. My sister-in-law,
 who has been having your medicine for
 some time and uses your Sarsaparilla Wash,
 told me about it, and I recommend it
 from it."—Mrs. NELSON YORK, R. R. 1,
 Sheets, Ont.

Lydia E. Pinkham's Vegetable Com-
 pound is a medicine for almost every
 ailment to women. It has been used for
 such troubles for nearly fifty years, and
 thousands of women have found relief
 as did Mrs. York, by taking this splendid
 medicine.

If you are suffering from irregularity,
 painful times, nervousness, headache,
 backache or melancholia, you should at
 once begin to take Lydia E. Pinkham's
 Vegetable Compound. It is excellent for
 strengthening the system and helps to
 prevent the formation of such ailments.

Why you have Rheumatism

RHEUMATISM is largely due to weakened and diseased kidneys. When the kidneys fail to properly filter their duty of carrying away the poisonous impurities in the blood stream, uric acid accumulates, and rheumatism, lumbago, sciatica and other serious ailments follow.

If you suffer from headache, pain in the back, dizziness, or any of the above symptoms, you should at once get a box of GIN PILLS. A few doses will bring relief. For more information write to the manufacturer.

Manufactured by G. H. G. Co., Ltd., London, England.

NOTICE OF SALE

To Archibald F. Ferguson, of the Town of Campbellton in the County of Restigouche and Province of New Brunswick, Executor of the Will of Robert L. Duncan, late of the said Town of Campbellton, and all others whom it may concern:

Notice of Legislation

Notice is hereby given that an application will be made at the next session of the Legislature of the Province of New Brunswick for the passing of an Act:

(a) Authorizing the Town of Campbellton to borrow temporarily, or until the rates and taxes are collected in each year, a sum or sums not exceeding in all the sum of Fifty Thousand Dollars, (\$50,000.00).

(b) To amend 51 Victoria, Chapter 81, Section 3, by striking out the words, "and shall have paid all such rates and taxes due previous to such election" and insert in lieu thereof the words "and shall have paid on or before the Friday next succeeding such election all such rates and taxes due."

(c) That every person carrying on business in the Town be deemed an inhabitant thereof for the purpose of assessment of property within the Town.

H. A. CARR, Solicitor for the Town of Campbellton. Feb 7 4 wk.

Methods of Treating Mange

Mange, scabies, or itch is a pestilential and serious contagious disease of the skin in which every domestic animal is liable. A bulletin just issued from Ottawa, of which Dr. George Hilton, Chief Veterinary Inspector of the Health of Animals Branch, is the author, goes thoroughly into the nature of the disease, describes the rapidly with which it develops in horses, cattle and sheep, and prescribes the most effective treatment. The bulletin, which can be had free on application to the Publications Branch, Ottawa, is one that should be in the hands of every owner, breeder, dealer and veterinary surgeon, especially as under the Animals Contagious Disease Act each and every one is required to immediately report to the nearest veterinary inspector any suspected existence of the disease. The rapidity with which the disease may develop is illustrated by the fact that reproduction of the insect giving rise to it is at the rate of a million and a half in three months. In addition to the prescriptions contained in the Bulletin, a list of disinfectants, with methods of preparation and use, can be had free on application to the Veterinary Director General, Ottawa.

Live and Dress Poultry Standard Adopted by the Canadian Produce Association.

Dressed Poultry Classes
The classes for dressed poultry shall be as follows:- Chickens, Fowl, Cocks, Turkeys, Ducks and Geese.

In the weight classes of Dressed Poultry, specimens in the container must not vary more than half a pound in weight in the case of Chickens (excepting Broilers in which the variation must not exceed one quarter pound) Fowl and Ducks, three pounds in the case of Turkeys and Geese and one pound in the case of Cocks. The Goytainer (which must be Standard Poultry boxes) must be neatly and clearly stencilled stating the number of birds packed therein and the net weight. Ducks, Fowl and Chicken to be packed 12 birds in a box. All boxes containing Dressed Poultry to be parchment lined.

Dressed-Poultry Grades
There shall be five grades for all classes of Dressed Poultry. Specials No. 1, No. 2 No. 3 and culls.

All poultry to grade specials, No. 1, No. 2, and No. 3, must be well bled through the mouth, undrawn dry plucked, clean of feathers, dry cooled, head and feet left on, feet must be clean. Vent properly flushed. Blood removed from mouth and throat.

Birds that are killed by other methods, scalded, drawn, or wet cooled, can not be so graded, unless the outside of the container is very plainly and conspicuously marked indicating the methods of killing, dressing, cooling, or the fact that they are drawn.

Definitions of Grades
Specials—Birds in this class are as to conformation, quality and flesh. No pin feathers, bruises, breaks or tears in the skin or flesh or evidence of food in the crop are allowable. They are choicest specimens.

No. 1—Birds in this class must show no pin feathers, must be well fattened and fleshed. No deformities in conformation of any kind are allowable, or discoloration from rubbing in plucking. Abrasions in the skin are not to exceed more than half an inch in length and there shall be no more than two abrasions on each specimen.

No. 2—Birds must be well fleshed. No deformities are allowable except slightly crooked breast bones. The birds must be cleanly plucked and may show tears in the skin not to exceed 1 1/2 inches in the total length and not more than five small abrasions.

No. 3—Poorly fleshed birds. Birds well fleshed but badly torn, bruised or poorly dressed.

BUFFALO MEAT
Buffalo meat from the Dominion head at Watnright, some animals of which were recently slaughtered, is available in Campbellton. By many the meat is said to be about the same as mutton meat, being coarse in the grain and darker in color than ordinary beef.

CARNIVAL COMMITTEE EXPRESSES THANKS
The Winter Carnival Committee takes this opportunity of expressing their thanks to Messrs. E. Sullivan, Chas. Alexander, Mr. and Mrs. O. J. Klein and all others who in any way assisted with the recent carnival event.

COERCION
In our report last week of the funeral of the late Mr. Oshman we stated that Rev. P. Yates conducted the service. This was an error. The minister was Rev. E. V. Forbes, M. M. H. D., Presbyterian minister at the time of whom congregation the deceased gentleman belonged.

HAS CHANGED HANDS
It is reported that Rev. R. W. Ferguson, a Baptist clergyman who has been laboring in Campbellton has purchased the *Chatham World* newspaper, from the administrators of the Stewart estate and will take over the paper this week. Rev. Mr. Ferguson is a native of Queens County and a brother of Mr. D. H. Ferguson of Fredericton, and Rev. E. H. Ferguson of Dorset.

NEED A CHANGE
It is announced that instructions in the art of spelling will soon be resumed in the public schools. Not only will spelling be taught, but also students will be shown why words are spelled the way they are. The results of this experiment will be watched with interest, because a person who can spell words and give reasons for the spelling, comes far generally near to being educated.

QUEBEC TO QUEBEC
Two rinks of Campbellton curlers left Tuesday and Wednesday evening for Quebec where they will play in the Quebec Rink for the Holt-Reston Cup. It will be remembered that two years ago this cup was brought to Campbellton by rinks entered by the local club. The following curlers make up this year's rinks: E. K. Shives, Thos. Wran, H. A. Carr, E. T. Mowat, M. M. Mowat, F. J. McKee, Colin McLennan, Colin McKennie and Robt. Campbell. The play begins today and ends Saturday.

Only curlers who have not played in the McEllis Cup on the North Shore Bonspiel rinks are eligible to play in this competition.

The Dalhousie rinks were defeated, the rinks and scores being as follows:

Dalhousie	Campbellton
R. Stewart	S. Russell
W. Harquail	J. P. Wetmore
W. A. R. Cragg	Rev. McNairn
J. Barbour	J. T. Mowat
Skip 7	Skip 20
D. Corrie	A. McE. McDonald
F. LeCoutre	M. M. Mowat
G. McKenzie	W. R. Milligan
M. McKay	John T. Reid
Skip 11	Skip 18

A friendly game played by rinks from these two clubs resulted as follows:

J. Oakleaf	A. Paradi
Dr. Fleck	R. Campbell
L. J. LeBlanc	A. H. Troy
Rev. Pri Hart	Thos. Wran
Skip 11	Skip 12

Although there was little time between the finish of the games and the departure of the visitors' train, a lunch was served by the local club.

CROWDED CARS ON SUBURBAN TRAINS

Saturday and Monday Congestion on C. N. R. Trains to and From Campbellton

People travelling on the I. N. R., are making bitter complaints about the accommodations on that road, especially on Saturdays when so many men are coming home from the lumber camps to spend Sunday. They come in crowds, and there are only two passenger cars on the train—a first and a second class. There are so congested that, fore to not even standing room indoors, and the platforms between and at the ends of these coaches resemble the city street cars at the supper hour when loaded to their full capacity.

The first class where women and children expect at least some comfort in so full of lumbermen, their baggage, snowshoes, axes, etc., that all pleasure from the trip is lost. From Kedgwick to Campbellton is the worst part of the line. Would it not be possible for the railway management to send an extra passenger car to Kedgwick on Fridays and have it attached to Saturday's Express on its way down.

Travellers from Jacques River to Campbellton on the Suburban electric car are also complaining of the lack of accommodation on that car on Saturdays and Mondays. Saturday evening this car leaves here with hanging room only, and many are forced to stand on the platform. It has been suggested that a steam train be sent out Saturday evening with

Common Things Carefully Prepared

Common foods are often so carelessly prepared that they are offensive on a table where better things are expected of an ordinary intelligent cook. Take apple sauce, for instance. It is apt to be lumpy, watery, badly flavored and excessively full of small seed cores. If it is flavored at all, with cinnamon or nutmeg, it is usually over-flavored until it had a medicinal taste that is most unpleasant. It requires a little more trouble to prepare food well, but it pays in the end. Try the following ways and see if these common foods cannot be made real luxuries.

New England Apple Sauce: Quarter, core very carefully, pare and slice the apples into the saucepan. Put all parings into another saucepan and cover them with a pint and a half of water. Boil and cook until the peelings are soft. Then strain the liquid through cheese-cloth spread over the sieve and pour it into the apples and cook gently until they are soft. Remove from the fire and put lemon through a sieve. Reheat and add sugar to taste, a salt-spoonful of nutmeg or cinnamon, if desired, and cook gently to a desired thickness. This sauce has a velvet-rich with all the flavor the apples gave. It is economical for all the apples has been used. If a dark sauce is desired, cider may be used instead of the apple juice. In this case brown sugar of maple sugar should be used for sweetening. This gives a reddish cast to the apples.

spoonful of curry powder, and thicken to the consistency of cold honey, with butter and flour rubbed to a paste. When thick enough, strain again and set aside until needed. (Warm as much of this sauce as may be needed in a bowl set in hot water. Do not cook it. Stir in a half-spoonful of hot cream to which has been added a half salt-spoonful of bicarbonate of soda. This is a delicious sauce, smooth, well-flavored and rich. For use over steak, the cream may be omitted and a salt-spoonful of paste added to brighten the color.

Vegetable Soup: Vegetable soups are generally made from the coarser vegetables which are strained out after their flavoring qualities are gone. These include a large can tomatoes, some parsley, celery, onions, turnips, potatoes, leeks, a few cabbage leaves, a sliced pepper, a few lettuce leaves, a few sprays of cress and two cans of water. Cook the mixture until all the vegetables are soft then strain. Meanwhile cook in clean water diced potatoes, carrots, turnips, a small can of small lima beans and a chopped bunch of parsley. When cooked, but not soft, drain these and add them to the soup. Reheat the soup, season it to taste and it will be ready to serve. Salt, pepper, a little sugar and a little butter are added for seasoning. Should the soup be too thin, it may be thickened with corn-starch or by cooking a little tapioca with the vegetables when making the stock.

Various Ways in Which to Cook Sweetbreads

Sweetbreads are generally considered a delicacy, but the prices in early winter are not high enough to exclude them from the average home menu. The breads are generally used as an entree when cooked alone. When combined with chicken, oysters, cooked veal or liver, made into a salad, jellied or cooked in an omelette, the sweetbreads form special dishes.

For all uses, the sweetbreads are first put into warm water and allowed to stand a half hour to draw off the blood and whiten them. They are then placed in cool, salted water and brought to the boiling point. They should be allowed to cook gently for twenty minutes, blanching five minutes in cold water, then trimmed of pipes and gristle. The breads are then ready to cook in any manner desired. After being thus carefully prepared, they will keep in a cool place for several days covered so that they do not dry out.

Lamb sweetbreads are cooked in the same way as calf breads, only a shorter time, as they are smaller and a little softer in texture.

BAKED SWEETBREADS

After preparing the breads as already described, dip them into beaten egg, dust them with fine crumbs, dip them in egg again and roll them in seasoned crumbs. Place them on a buttered baking-dish, dot them with

Canadian mothers Declare Vicks Wonderful for Cold Troubles

In the columns adjoining are given the actual experiences of a number of New Brunswick families who have adopted the use of Vicks VapoRub since it was introduced here last winter.

Though new here, Vicks is old in the States, where over 17 million jars are used yearly—for croup, children's colds, babies' colds, adults' colds, catarrh, sore throat, bronchitis and all other troubles down to common pneumonia.

A VAPOR LAMP IN SALVE FORM

Vicks is an ingenious combination in salve form, of the world's best remedies for congestion and colds. It contains Camphor, Menthol, Eucalyptus Thyme Oil of Turpentine and other volatile oils, which are released in vapors when the salve is acted upon by the heat of the body. These vapors are taken with each breath into the nose, throat and lungs, clearing the passages, loosening phlegm and relieving congestion.

At the same time, the application acts like a liniment, soothes and relaxes, drawing the blood away from the congested parts and relieving that soreness and tightness.

Double Direct Action Brings Quick Results

This treatment often gives amazingly quick results. Colds vanish over night. Croup is relieved inside of fifteen minutes. Or one application at bed-time may keep croup away altogether. For deep chest colds, bordering on bronchitis or pneumonia, it is unexcelled. Melted in a spoon and inhaled Vicks clears the head instantly. Fine for nasal catarrh and mouth-breathing at night.

Vicks is especially favored in homes where there are young children. Its use does away with dosing for colds—saves their delicate stomachs. It is not necessary, as with vapor lamps to close the windows at night. Vicks is equally good for cuts, burns, sores, bruises, bites stings and skin itches. That it is so good in so many ways.

Vicks has met severe tests in these New Brunswick Homes

BRONCHITIS

Mrs. Adolphe P. Corneau of Port Eira, N. B., writes: "I never used a remedy that was more satisfactory than Vicks VapoRub. I gave it a test one night on my baby who was sick with bronchitis and was surprised at the results."

COUGHS

Mrs. Hiram C. Dorey of 83 Duke St. St. John, N. B., says: "My little boy used to cough terribly every night. One night I rubbed on some Vicks and he did not cough at all that night. Vicks has never yet failed."

GRIPPE

Mrs. Joseph Hebert of Gulgater St. Shediac, N. B., says: "When we were all sick with grippe we used Vicks VapoRub and found it very good in every way. I will never go without Vicks in my home."

CHEST COLDS

Mrs. Ambrose M. Fairweather of 285 Cornhill St. Moncton, N. B., writes: "I have used Vicks VapoRub on my baby when he had a chest cold and found it very satisfactory. Vicks is something every mother should keep on hand all the time."

ASTHMA

Mr. J. A. Troy of 75 Emerald St. Woodstock, N. B., says: "I find Vicks VapoRub a great relief to me for I am troubled with asthma. It certainly makes my breathing much easier. Would advise any person bothered with asthma to try Vicks. It cannot help but satisfy."

HOARSENESS

Miss Edna Robichaud of North Devon, N. B., says: "I have used Vicks VapoRub for hoarseness and by rubbing it on chest and throat have found it a great remedy. I will never be without it."

CATARRH

Miss Christina MacDonald of Hardyville, N. B., sends the following: "I have used Vicks for catarrh. I melted it and inhaled the vapors arising. I found it excellent. I also used it for burns and obtained great results."

CHILDREN'S COLDS

Mrs. Frank Goudes of 15 Brook St. St. John, N. B., writes: "I have used Vicks VapoRub on the children for colds in the head and chest and find it very satisfactory. Mothers will make no mistake if they use Vicks for the family's colds."

Carnation Milk

From Canada's Fine Dairy Farms

Comes the rich, creamy milk you get in the Carnation red and white labeled can. It is tested rigidly for purity and richness, evaporated to double richness and kept safe by sterilization.

Open a can when you need it—you will always find it fresh and sweet. You will enjoy it in place of cream on cereal or fruit, and in coffee. For tea, use it diluted, one part Carnation, three parts water.

Add to Carnation a little more than an equal part of water and you have milk of natural consistency, for all milk uses. Carnation Milk is convenient and economical. Order from your grocer several tall (16 oz.) cans or a case of 48 cans.

The Carnation Recipe Book contains many a good recipe such as below. Write for a copy.

CREAM WHITE SAUCE (For Creaming Vegetables): 2 tablespoons flour, 1/2 cup Carnation Milk, 2 tablespoons butter or substitute, 1/2 teaspoon salt, 1/2 cup water. Melt butter or butter substitute, add flour and stir until thoroughly mixed. Add the milk, diluted with water, and cook about five minutes, or until the mixture thickens. Add seasonings. This recipe makes one cup of White Sauce. All vegetables may be creamed. The vegetables should be cooked by either boiling or steaming. After cooking with salt, drain and add Cream Sauce.

Produced in Canada by CARNATION MILK PRODUCTS COMPANY, LIMITED, Quebec.

lumps of butter and pour around them a mixture made of two tablespoonfuls of canned pineapple juice, a teaspoonful each of lemon and onion juice and a tablespoonful of melted and strained butter. Cover and cook the mixture for twenty minutes and then cover and bake it during the last fifteen minutes broiling the breads a delicate brown. Remove to a hot dish. Add a small cupful of clear chicken broth or white stock to the dish gray and thicken it with browned flour made smooth with a little of the gray. Pour the gray around the breads and garnish them with toast sippets and parsley. Serve sweetbreads as an entree.

SWEETBREADS IN RAMEKINS

Dice the prepared sweetbreads. Add a half cupful of dry crumbs, pepper, salt, a level half teaspoonful of sugar, the juice of an onion, a teaspoonful of chopped white celery leaves, six fresh mushrooms they have been peeled, cut fine and sautéed in butter, a small beaten egg and a tablespoonful of soft butter. Fill buttered ramekins with the mixture, lightly, but do not pack it down, then add a tablespoonful of sweet cream to each ramekin. Cook the sweetbreads to the oven about 25 minutes. Cover them a few minutes if they are inclined to brown too quickly.

SWEETBREAD AND CHICKEN A LA POULETTE

Cut up sweetbreads very fine then mix them with a cupful and a half of finely-minced, cold-boiled chicken. Dust them with pepper, salt, a little paprika and a little bit of fresh celery salt. Make an old-fashioned cream sauce in the following way: Melt two ounces of butter in a small sauce-pan, then dredge in a tablespoon full of flour and stir the mixture until it is smooth. Add slowly, a small cupful of cream. Let these ingredients simmer, gently stirring them all the time for four or five minutes, then remove them from the fire and add to them a teaspoonful of onion juice and a tablespoonful of carefully washed and chopped capers. Add the sweet-bread mixture and let it heat, then serve on a plate of toast sprinkled with sprays of fresh parsley. This makes an excellent luncheon or Sunday night tea dish.

Four Members of U. S. Olympic Hockeyists Are Canadians

It has been reported at various times that the line-up of the U. S. Amateur Hockey Team which took part in the Hockey Championship at Chamonix contained the names of several Canadians.

The names of the Canadians are: Herbert Drury, Ontario; Alphonse Lacroix, Quebec, educated at Newton, Mass.; Francis Synott, Chatham, N. B.; Clarence Abel, who was born in Canada was raised in the U. S. side at Sault Ste. Marie.

It is a generally understood fact that no country can be represented by an athlete who was not born in the country which he or she represents. As an example of the working out of this contention; Mrs. Malla Bjurstedt Mallory, the tennis champion was born in Norway. She however married an American and was not allowed to compete for the United States.

Perhaps it would be well to look into the nationality of the other U. S. entrants in the olympic contests because of the recent exposure.

Granites May Play Fast Sussex Team

Arrangements are under way at present to have the Amateur Champions play at Sussex. The Granites will return home next week and will arrive at St. John. If this arrangement can be carried out successfully Sussex will see a wonderful game of hockey and the Sussex team will benefit greatly by the experience.

Bathurst Won From Moncton.

After trimming the locals here 6-3 on Thursday night and trimming Moncton in Bathurst on Wednesday to the tune of 7-0, the Bathurst sextette, went to Moncton. Great was the surprise of the people of the North Shore to hear that Bathurst beat the Champion team of the Northern Section on their own ice in score 3-0.

There is no doubt but that the Bathurst team put up a better exhibition of hockey here Thursday night than the first games of the season. Dundee, Scotland, Feb. 14.—By a score of 6-3 the All-American Women's hockey team lost to the Scotland Ladies team. The defence of the Americans was wonderful but their offensive play was weak.

NEWCASTLE TEAM IN HOT WATER.

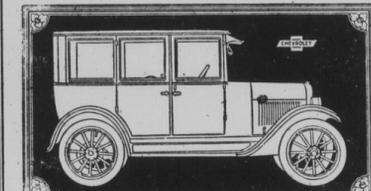

The Newcastle hockey team has been playing hockey all winter without being registered. Mr. Legge Secretary of the M. P. B. A. U. of C. according to an article in the St. John Telegraph claims this is a serious breach of the Union regulations. He claims it is up to every team to be registered with the Union in order to bring the difficulties to a minimum.

SEVEN YEARS OF TORTURE

Headaches and indigestion Ended By "Fruit-a-lives"

The Marvellous Fruit Medicine

Like thousands and thousands of other sufferers, Mr. Albert Varner of Buckingham, P. Q., tried many remedies and went to doctors and specialists; but nothing did him any good.

Finally a friend advised him to try "Fruit-a-lives"—now he is well. As he says in a letter:

"For seven years, I suffered terribly from headaches and indigestion. I had belching gas, bitter stuff would come up in my mouth, often vomiting, and was terribly constipated. I took Fruit-a-lives and this grand fruit medicine made me well."

Box a box, 6 for \$2.50, trial size 25c. At dealers or sent by Fruit-a-lives Limited, Ottawa, Ont.

SOCIAL AND PERSONAL NEWS

Mrs. Murray McKay entertained on Tuesday evening Feb. 12th at a delightful bridge of three tables. The prize winners were: Mrs. H. J. Hubert, 1st; Mrs. L. D. Jones 2nd. The guests were Mrs. Andrew Barberie, Mrs. W. S. Montgomery, Mrs. P. H. Sheehan, Mrs. L. D. Jones, Mrs. Grimmer, Mrs. Mott, Mrs. Hubert, Mrs. Fullerton, Miss Eva Barberie, Miss Geraldine Sheehan, Miss Margaret Sheehan and Miss Gertrude Barberie.

Mr. Raymond LeBlanc, was among those who attended the carnival in Campbellton on Friday evening.

The friends of Mrs. Wm. Doherty will regret to learn that she is ill at the home of her daughter Mrs. H. J. Hubert.

Mrs. Frank Barberie, Vancouver, B. C., arrived in Dalhousie on Tuesday evening to spend some time in her native town.

The weather for the past week has been delightful and many snow-seeing and tobogganing parties are being held, much to the delight of the younger sex.

Mrs. Murray McKay gave a very enjoyable whist party last week to about twenty of her friends.

Mrs. A. H. McKenzie was unexpectedly called to Moncton owing to the death of a relative.

Mrs. Montgomery is visiting her mother in Campbellton.

Mr. and Mrs. John Miller spent the week-end in Sackville, the guests of their daughters Mrs. W. C. Wry and Mrs. D. L. Landells.

Invitations received from Montreal by friends in Dalhousie, announce the approaching marriage of Miss Emma Rinzier, daughter of our big merchant, Mr. Michael Rinzier, to Mr. S. Carmin. The ceremony to take place on Sunday February 24th, 1924 at 6 P. M. at the Auditorium Hall, 229 Ontario St. West, Montreal.

A very enjoyable Whist Party was held under the auspices of the W. C. L. at the home of Mrs. Joseph Elaliger, Adelaide St., on Thursday Feb. 12th. Cards were played at 14 tables. The prize winners were Ladies 1st, Mrs. Andrew Savoie; 2nd, Mrs. Gus O'Neill. Gent's 1st prize, Mr. Joseph Barthe and 2nd W. Elaliger. Dainty refreshments were served. Mrs. Albert Savoie, Mrs. Philippe Main and Mrs. Louis J. LeBlanc, who conducted the party were delighted with the financial results, which go towards the sewing fund for the Bazaar, or for the indigent of the town, if needed. With music of piano, violin and mandolin, by Messrs. Breaux, Duguay and Roy, a most pleasant evening was spent, and all present spoke highly of Mr. and Mrs. Joseph Elaliger's hospitality.

The deepest sympathy of the Dalhousie friends of the Gordon family is extended to Mrs. George Gordon, who was Lillian M. Tupper, and to her two children, Mrs. J.K. Elliot of Roxbury, and Miss Irene, who lived at home on account of the death recently of Mr. Gordon, who died at the Peter Bent Brinham Hospital, Mr. Geo. Gordon was a resident of Brookline and conducted a variety store in Columbus Ave. He was a native of Dalhousie, N. B., and left for the

DALHOUSIE BOYS PLAY RIV. DU LOUP

Lose Game But Are Given Most Cordial Reception—Banquet and Speeches

A team consisting of Messrs. H. J. Trudelle, Irvine Deacon, (Charlo Station), George Williams, Leo Blanchard, Albert Godin, Freddy Arsenault, George Simpson, Eddy Elaliger, Paul Samson, Charles Bernard, John Delaney, Allison Powell, Emile LeCoffre and Sterling Jardine, (Dalhousie Junction) went to River du Loup, P. Q., on Saturday's Limited to play a game of Hockey on the large River du Loup open air rink. While defeated in a most interesting game, that was watched by several hundred spectators, the boys returned home delighted with their trip and speak very highly of the situation tendered to them in the Quebec town. After the game a Banquet took place and speeches were made. Mr. Langlais, M. P. P., for Temiscouata, said that the reputation of the New Brunswick boys had preceded their visit to River du Loup. The people everywhere knew the part New Brunswick boys had taken in the great war and he assured our boys that they were welcome. He praised the way they had handled themselves during the game, etc. Messrs. Trudelle and Deacon, responded on behalf of the Dalhousie boys, the former speaking in French and the latter in English.

U. S., after the big fire of Nov. 4th, 1886, when his father, himself and many other business men of Dalhousie were ruined by the conflagration. The home of Mr. LaBillette, Adelaide St., was formerly the home of Mr. and Mrs. George Gordon.

Miss Mina Palmer, teacher at Dalhousie Junction, spent the week end in town, the guest of the Misses Campbell.

Mr. H. Boulay, Ex. M. P., Kedgewick, N. B., was a visitor to Dalhousie last week.

There was a sale of Home Cooking on Saturday afternoon in the Troy and Harquail store, held under the auspices of the W. A.

Mr. Val Magee, Campbellton, spent Sunday with his family in the fair-town.

It was with regret that many Dalhousie friends heard of the sudden death of Captain Lazare Allard, which took place at Carleton, P. Q., last week. The deceased was a brother of the late Moneigneur The. Allard of Carquet, and an uncle of Rev. Father Allard of East Bathurst, who was stationed for some time at Val D'Amour, Restigouche Co.

Mrs. Thomas Henry, Campbellton, was a recent visitor to Dalhousie, and was the guest of her parents Mr. and Mrs. John Bateman.

Miss Dolly Carter and Miss Edith Brown, were visitors to Campbellton recently.

Mr. and Mrs. Harry Culligan, Campbellton, paid their Dalhousie friends a very enjoyable visit on Wednesday Feb. 13th.

Miss Margaret Meahan of the P. Q. Lumber Co. Office staff, gave her lady and gentlemen friends, a very enjoyable snowshoe party on Wednesday evening 13th. inst. After a tramp over the Dalhousie Hills, all were nicely entertained at the home of Mrs. Alex Wallace, when delicious refreshments were served.

The friends of Mr. S. L. T. Clifford of the Clifford Pharmacy, Dalhousie, learnt with regret the news of the sudden death of his father, Mr. Samuel Clifford, Turnkey of the St. John County Jail. The late Mr. Clifford was a very popular official. He had been engaged as turnkey for more than 40 years.

Miss Bernice LeBlanc, Campbellton, spent Sunday at her home in town.

Mrs. W. S. Montgomery went to Campbellton on Friday and was the guest of her mother, Mrs. Daniel O'Keefe.

Miss Joseph Copp, Newcastle, N. B., is visiting in Dalhousie, the guest of her sister, Mrs. Austin McNeil.

Mrs. Ed. Murphy, Campbellton, was a recent visitor to town and was the guest of Mrs. J. W. Cooke. Mrs. Murphy, who took in the sports in the

CIVIC ELECTIONS DRAWING NEAR

Need Felt for Strong, Energetic Men at Head of Local Administration

The time is approaching when the ratepayers of Dalhousie, will be called upon to select a Mayor and Town Council. With no Board of Trade and no Progressive Club or Association, the best men available be chosen to govern our own. Important questions are to come before the people in the near future, such as the building of further industries, improvement in our water service, a proper steam ferry service between Dalhousie and Quebec points, the improvement of our highway at both ends of the town proper, etc. It is the duty of every elector to study the situation from a patriotic viewpoint. We must unite to develop the many advantages we possess, in order to keep at home our young people, and to encourage others to cast their lot in our midst. With a thousand more people added to our two thousand population, there would be considerable more business done in the place, and a greater market for the farmers, who surround us. Let us all get out of the old rut of the past and unite to make a greater Dalhousie. No town under the sun has more attractions than the shiretown has. It is true that we lost great hotels, a factory that gave lots of employment etc. etc. but when we consider that Campbellton was entirely wiped out a few years ago, and that by courage and hard work and by being united on all town interests, the place is rebuilt greater than ever expected, and with the plans in view for the future, the town of Campbellton will be before long the third town in size in New Brunswick.

HAPPENINGS OF THE WEEK

The news of the death of David Henderson of Henderson's Hotel, Charlo Station, which occurred on Saturday, was a great surprise to his friends, although he had not been enjoying good health for some time. The funeral was held on Monday afternoon to the New Mills Presbyterian cemetery.

The smelt fishermen are highly gratified at the extension of ten days to the fishing season. Quality, quantity and price of fish are very satisfactory.

Delightful winter weather has characterized the past week.

To Remove Stains.
The nature of a stain should be known, if possible, before its removal is attempted since this determines the treatment to be adopted. Moreover, if an unsuitable stain remover is used the stain may be "set" so that its removal becomes difficult or impossible.

Grease Stains—(1) Washable fabrics, use hot water and soap (ordinary laundering).
(2) Delicate fabrics, blotting paper and hot iron, Gasoline benzine ammonia or alcohol. To prevent a ring forming add salt to gasoline and after cleaning material sprinkle with finely ground chalk, plaster or other absorbent substance.

Rust Stains—Lemon juice with fine salt; salts of sorrel or oxalic acid; salts of lemon or citric acid. Ink Stains—Soak milk, preferably hot.

On linen or cotton, remove color by use of chloride of lime and remaining stain by following directions for removal of rust.

For colored ink stains—sulphuric acid (strength of sulphuric acid).
Wool—2 parts cream to 1 part sorrel salt well pulverized.

Paint and Varnish stains—Turpentine, alcohol.
Silk—equal parts of turpentine and ammonia.

Tar or Wagon Grease Stains—Fat, turpentine, alcohol.
Great Stains—Alcohol.
Tea or Coffee Stains—Cotton or linen—borax and hot water.
Cobalt or glycerine and alcohol.
Wool or silk: yolk of egg and alcohol or turpentine and alcohol.
Egg Stains—Luke warm water, ammonia, hydrogen peroxide.
Wine or Fruit Stains—Javelle water, sulphuric acid, sorrel, salt, milk, lemon juice and salt.
Acid stains—Ammonia, (an acid alkaline substance neutralize each other).
Mud Stains—Yolks of eggs, cream of tartar, raw potatoes; on rubberized surfaces use vinegar diluted with water.
Scorch—Water and sunlight, Lemon juice, onion juice, boiled with soap in vinegar, bottle.
Blood stains—Cold water, Ammonia (2 tbs. to 1 gal water), Hydrogen peroxide, Javelle water.
Javelle Water.
1 lb. washing soda, 1/4 lb. chloride of lime, 2 cts. boiling water.
Dissolve washing soda and chloride of lime in boiling water, but in colored bottles (light alters javelle water) keep in a cool place.

Smelt Fishing Fair Supplies Considerable Work and Money

Notwithstanding that the smelt fishing began at least five weeks later than past years, the catch has been encouraging and a large amount of money has been paid out to the fishermen and to those who are employed in the different freezers, making boxes, packing smelts, collecting and shipping. The extension granted till Feb. 25th, might add considerable more revenue, although many think that if we have no easterly wind at an early date, to drive the fish in the river, few smelts will be taken during the period of extension.

Mr. and Mrs. Lloyd Byers of Cleveland Ohio, and Mr. and Mrs. Patrick Kelley of Detroit, Mich., are spending the winter with their parents Mr. and Mrs. James Byers.

Messrs. Claude Skene and James W. McKenzie attended the "Masonic Meeting" in New Carlisle on Thursday night.

A "Social Evening" was held at the Parsonage on Thursday the 7th by the W. A. A most enjoyable time was spent. Refreshments were served, and a neat little sum of \$4.40 was realized. We hope to have many more such during the long winter yet ahead of us.

Ray Almond of N. C. H. S. is spending the week-end with his father.

Mrs. Fred Kruse of Gaspe is the guest of Mr. and Mrs. C. Kruse for a few days.

Rev. Mr. and Mrs. LeGallah spent Wednesday in New Carlisle.

The Women's Auxiliary met at the Parsonage on Wednesday P. M. Work has been well started and we hope to have a very successful year.

The Guild met at the home of Mrs. Tom Byers on Tuesday evening, and

DR. DAVID ALLISON
DEAD AT HALIFAX
Deceased Was For Many Years President of Mt. Allison University.
Halifax, N. S., Feb. 13.—Dr. David Allison, for many years president of Mount Allison University, Sackville, N. B., died at his home here this morning at the age of 88 years.

Not Identified
The orderly officer was inspecting rations. "Any complaints?" he asked.
"Just taste this, sir," said a Tommy, presenting a cup of liquid.
"It's very good soup," said the officer.
"Yes sir, but the corporal says it's tea and the cook says it's coffee, and I found a scrub brush at the bottom of the kettle."

Tit for Tat
She was a very grandly dressed lady, and she tendered the bus conductor half a crown for her penny fare with the air of a grand duchess.
"I'm sorry," she drawled, "but I have no pennies."
"Don't you worry, lady," replied the conductor affably. "You're going to have twenty-six in a minute."
Friendly Criticism
The street-sweepers were discussing a comrade who had died the day before.
"Bill certainly was a good sweep-sweeper," said one.
"Y-e-s," conceded the other thoughtfully. "But don't you think he was a little weak around the lamp posts?"

Too Late
"What did Miss Gayley say when you asked her to marry you?" asked his friend.
"Said she'd be a stepmother to me. She has already accepted my dad," sighed the son of the grass-widower.

But Who Are You?
"London, Feb. 19.—(By London) "Say, writer, doesn't any body ever think of the old lady?"
"Well, yes, sir, we have had complaints," replied the writer.
"Increasing each meeting, practice for the next week being on, and the evening, Feb. 27th."

MAPLE SUGAR

One of the oldest industries in Canada and one which is truly Canadian, its origin is that producing maple sugar. Early settlers from the Old Land were taught how to extract and concentrate the sap of the maple tree by the Indians and for perhaps a century they followed closely the primitive methods of the natives save for the substitution of metal vessels for those of clay or wood. Until about fifty years ago there was little improvement made in the methods of sugar making, but since that time the advance has kept pace with that in other branches of agriculture until it has become a more or less highly organized commercial industry.

The importance of the maple sugar industry is scarcely realized in parts of Canada where it has long since ceased to be carried on but it still holds a place of prominence over large areas in Quebec and to a lesser extent in Ontario, New Brunswick, and Nova Scotia. It is estimated that 50,000 growers are engaged in the work. From 1850 to 1890, the production of maple sugar together with its equivalent in syrup, increased year by year, reaching an average annual yield of 22,000,000 pounds during the ten years between 1881 and 1891. During the next decade the yearly average fell to some 21,200,000 pounds and in more recent years it has dropped to less than 20,000,000 pounds.

On many farms the sugar bush is simply the woodlot that has been preserved to supply fuel and to provide an annual crop of sugar and syrup to be used as a delicacy or sold to regular customers. It is not, however, from the small mixed groves that the

great marketable supply is secured but rather from the more rugged areas where the plough and the harrow are not so easily operated. The grooves as found in the principal sugar counties are chiefly maple trees, other kinds having been removed for fuel or timber. This is the condition in many of the settled counties of Eastern Ontario and of Quebec, where the same groves and in many cases the same trees have been tapped by several generations. In the more northerly parts of these provinces there are vast stretches of hard maple forest in a primeval state awaiting the sugar-maker with his modern equipment.

The methods of garnering this annual harvest have changed considerably since the days when the Indian extracted the sap from a slanting gash in the tree made by his tomahawk, boiling it in an earthen vessel until a small quantity of dark, thick syrup had been produced. The first steps were the substitution of the auger for the axe, coopered pails for the birch bark "cans" or hewn sap trough, and the evaporating pan for the kettle. The evaporating pan has in recent years been developed into the modern evaporator with corrugated bottom and separate compartments. Not only for the conservation of the life of the tree but also for cleanliness in sugar making the wooden spout has almost disappeared in the most advanced sections. In fact the tendency now is toward the use of metal in every article of equipment with which the sap, syrup or sugar comes in contact.

Facilities are also provided for taking full advantage of the law of gravitation in the handling of sap, which is some well equipped plants flows of its own accord from the collecting tanks to the storage tank then to the evaporator and finally when boiled to the proper consistency, into the receiving cans, thus saving a great amount of labor. When a grove is located on a hill side some sugar makers have taken further advantage of the law of gravitation by laying a system of metal pipes which conveys the sap from outlying points to the sugar house. The pipes are erected temporarily on supports during the sugaring season and taken down and carefully stored for the remainder of the year.

The majestic maple has been cut away to a great extent for the fire-places and the factory. A proper realization of the value of the maple grove or forest not only as a producer of lumber and fuel but for the annual crop of sugar it yields will do much to revive and extend the maple sugar industry. Even though a decrease in production is being experienced the industry still bulks large and with the more general use of modern methods and proper encouragement there is no reason why it should not return to and even surpass its previous records.
