EARTHQUAKE SHAKES VANCOUVER

VANCOUVER PEOPLE FLEE FROM HOMES AS EARTHQUAKE ROCKS CITY; SHOCK IS WORST KNOWN

Earth Tremor Does But Little Damage in British Columbia Cities—Shock Was of About Five Seconds Duration, Starting At 11:15 Last Night.

Vancouver, B. C., Jan. 24.—By the Canadian Press.—One of the most severe earthquakes that has ever visited this vicinity shook the city shortly after 11 o'clock last night. Excited people rushed out of buildings, but up to the present no damage has been reported beyond telephones being put out of commission.

Victoria reported feeling the same shock almost at the moment it occurred here, and a little later reports came from Nanaimo that the shock had been felt there. Some Vancouver people thought there had been an explosion in the Nanaimo coal mines.

The quake commenced approximately at 11:15 o'clock and lasted about five seconds. The motion was lateral, several distinct side-to-side vibrations occurring, apparently in an east and west direction. The shock was felt most severely in high buildings, a few bricks falling from the tops of tall chimneys.

FELT AT SEATTLE.

Seattle, Jan. 24.—Three distinct earthquake shocks were felt here at 11:08 o'clock last night. The tremors extended through Washington and British Columbia. At Bellingham, Wash., windows were broken and brick walls cracked. No damage was reported in Seattle.

NO DAMAGE REPORTED.

Victoria, Jan. 24.—A pronounced earthquake shock, described by F. Napier Denison, superintendent of the Dominion Observatory, as of local origin, was felt here last night at 11:19 o'clock, the duration being of five seconds. The centre of the disturbance was either into the Straits of Juan de Fuca or the Straits of Georgia. It was felt at all island points which could be communicated with, but damage is reported from none of these points. Considerable alarm was occasioned here, as the first surmise was that there had been an explosion in the coal mines.

"WOODHOLM," NOTED ESTATE OF SHAW-WOOD FAMILY, SOLD RAY LAWSON IS PURCHASER

Historic Farm Goes To New Owner and Antique Furnishings Will Be Sold At Auction.

Woodholm Farm, owned by Miss Annie Shaw-Wood, lot 20, on the fourth concession of London Township, has been sold to Ray Lawson of the firm of Lawson & Jones, this city. Mr. Lawson intends to make the farm his summer home. The price paid for the farm has not been made public.

Woodholm is a farm of historical significance. On it is one of the oldest and best-preserved Indian forts in the province. The house is a veritable castle, and contains many antique pieces of furniture, which will be sold by auction in the near future.

Woodholm and the old Frank estate are two historical pieces of land that have changed hands within the past year. Many antique things were sold for high prices at the Frank sale, shortly after the death of Miss Frank last year.

Historians have written several articles concerning the Shaw-Wood farm, and in one article written for the Toronto Historical Magazine it was mentioned as being not only an historical place, but one of the prettiest and best laid out estates in the country.

POLES AND LETTS HAVE BOLSHEVIKI IN FULL FLIGHT

Reds Deliver Attack Along the Dvina River.

Warsaw, Jan. 24.—A communication issued by the headquarters staff yesterday says: "On the Lithuanian-Ruthenian front Polish and Lettish troops continue to pursue the enemy eastward. The enemy also is in retreat on the rest of the front. Wishing to save the situation north of the Dvina the Bolsheviki delivered a general attack in the sector next to Gen. Lasockis, along the Dvina and south of Polok. Notwithstanding the enemys' superior numbers the attack was repulsed with heavy loss.

"On the Volhynian front the Polish troops raided Romanow and destroyed a camp, taking prisoners and many guns.

"In the west Polish troops have occupied several towns, and been hospitably received by the population. The German inhabitants of these places remain calm."

HUNGARIANS HOLD A BIG DEMONSTRATION

Remains of St. Stephen Borne At Head of Procession.

Budapest, Jan. 21.—An imposing demonstration as a protest against the peace terms imposed on Hungary at Paris was held today in this city. The remains of St. Stephen were borne from the Franciscan church to the Basilica at the head of a procession composed of all the Government ministers, deputations from all Christian societies, representatives of schools and colleges, military officers, societies and members of the old nobility and aristocracy. Enormous crowds lined the route.

Two Are Frozen to Death on Way Home Prom Dance

Temperature of 40 Degrees Below Zero in Manitoba.

[Special to The Advertiser.]

Winnipeg, Jan. 23.—Severe cold weather the worst in years, with 40 below zero this week, accounted for two victims. Word was received today from Binscarth, Man., of the death of Mrs. John Ledoux, wife of a farmer, and her sister, from cold, on their way home from a dance, two miles from the village. Two men with them state they all lost the trail and assistance was secured too late to save the lives of the women.

UNDER PRESSURE OF ALLIES, TURKISH WAR MINISTER RESIGNS

Constantinople, Jan. 23.—The resignation of Djemal Pasha as minister of war was announced yesterday, following the receipt of a note from the allied commissioners, calling attention to repeated infringements of the armistice.

REPEATED INFRACTIONS.

Paris, Jan. 23.—A Havas dispatch from Constantinople says:

"Owing to a report by Gen. Milne on repeated infractions of clauses of the armistice, the allied high commissioners in Constantinople sent a note to the Ottoman Government, complaining against the attitude of the minister of war, Gen. Djemal Pasha, and his staff. As a result, Djemal and his staff resigned."

ROWELL AND MEIGHEN GO FORTH TO PREACH GOSPEL OF UNIONISM

Two Chief Apologists for Government Out On Publicity Tour.

FORGET RACE CRIES

Urges Meighen to People of Quebec and Help Protectionist Party.

OTTAWA, Jan. 23.—The Union Government is slowly coming to a realization of the need of a bit more publicity in the country. Two of its chief apologists, Hon. Arthur Meighen and Hon. N. W. Rowell, have been sent forth wherever they can secure a hearing to tell of the record of Canada's reaction. Mr. Rowell, has already held forth at Port Hope, where he dealt exclusively with the exploits of the administration, and at Montreal, where he dealt with Canada's status as a nation, and incidentally took advantage of the opportunity to slap Uncle Sam upon the wrist. This, by the way, has always been an old Tory pastime.

To Spread Gospel.

Hon. Arthur Meighen, minister of the interior, who was booked to spread the gospel of union in the West, in the course of meetings, changed his mind after Sir Henry Drayton had, in his statement, discouraged those who hope for tariff revision, and chose Quebec City as his first place of meeting. At one and the same time, he admonished the high priests of protection and rebuked the farmer advocaters of free trade. But he had nothing definite to say as to what the Government's policy on the tariff actually was. Mr. Meighen is expected to speak again at Kingston on Tuesday next, and at Montreal before the Railwaymen's Club on the Saturday following.

Chief Apologists.

Apart from the speeches of the Government's chief apologists, Hon. C. C. Ballantyne and Hon. J. D. Reid some days ago before the Dominion Marine Association declared that Mr. R. J. Hanna, chairman of the National Railway Board of Directors, had laid down a program for the construction in Canada of freight and passenger steamers. Mr. Hanna is to be entirely responsible for this program.

In the meantime, Sir William McKenzie has been haunting the hall of the finance and other departments and buttonholing ministers for the past week. It would appear that his dream is at last to be realized. Mr. Hanna is to be responsible for the program, the country is to be responsible for the money and deficits.

It would appear from Mr. Meighen's speech at Quebec that a new tack in electioneering is to be followed. At a time when it appeared that Quebec and the "radical" West were about to unite under Sir Wilfrid Laurier on a low tariff proposal, Quebec was split in two by the nationalist movement engineered by the Conservatives, and other parts of the country were stampeded on the loyalty cry. Later on when Sir Robert Borden's Government was threatened with defeat, and could not secure a further extension of power it formed a "union" socalled and arrayed the rest of Canada against Sir Wilfrid Laurier and Quebec upon the most vicious race, creed, and loyalty issue which was ever invented to divide the peoples of one country.

Now Mr. Meighen blandly suggests that Quebec should forget all these things, that race and creed differences be forgotten, and that the province ally itself with the protectionist elements of the country (Tories) against those who would "destroy industry" (farmers).

It is the old game of playing one part of the country against another, one class against another class, so that special privilege which always presents a united front may again be victorious.

PRICELESS NECKLACE AGAIN IN POSSESSION OF ORLEANS FAMILY

Spanish Prince Made Gift of Jewels to Viscountess.

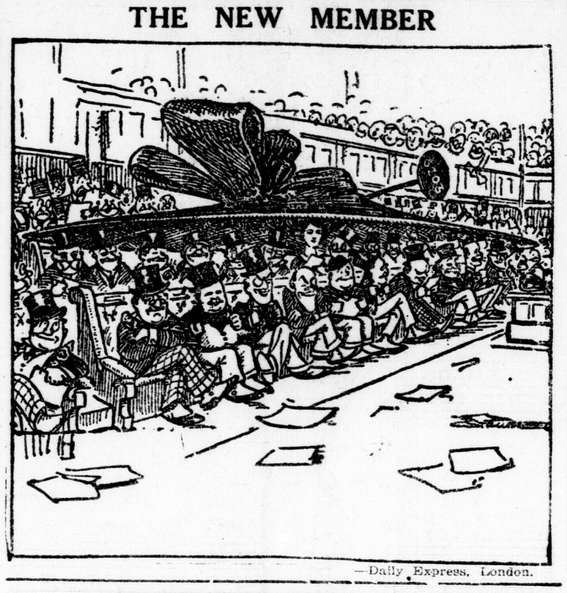

Paris, Jan. 24.—The proud Bourbon Orleans family has regained possession of a priceless pearl necklace which had descended from King Charles V., but which for some time has been in possession of Viscount Estermens. Some time ago, Prince Alfonso of Orleans, who recently renounced his Spanish citizenship, brought criminal action against the viscountess, alleging she had illegally appropriated the jewels, but in reply the defendant claimed the necklace had been given to her by the prince.

Prince Alfonso and the viscountess on Thursday called on Judge Cluzel before whom action was brought and the former acknowledged he had given the defendant the pearls. The latter then agreed to accept 700,000 francs and return them to the Bourbon Orleans family. When this arrangement was made, the court acquitted the viscountess of a charge preferred against her by Prince Alfonso.

SIX-MONTHS' LOST SCHOONER TURNS UP

St. John, N. B., Jan. 23.—Six months after she sailed from Barbadoes for St. John with a molasses cargo, and long after she had been given up for lost, advice was received here today that the schooner Vanlear Black has put into port at Florida. The news received by her agents contained no other information than that she was short of provisions.

TREATY FRAMERS HAVE BEEN VICTIMS OF REAL HARD LUCK

Paris, Jan. 24.—Ill fortune has attended statesmen intimately associated with the framing of the treaty of Versailles, in the opinion of Premier David Lloyd George of Great Britain, according to a newspaper article published here.

Mr. Lloyd George was so convinced Georges Clemenceau would be the next president of the French republic that he considered the race over. Therefore, when he heard of the election of Paul Deschanel as president he could not refrain from expressing his astonishment.

"Who could have expected such a reversal of form," he ejaculated when the result was announced.

In conversation with a member of the chamber of deputies the British premier is said to have expressed an opinion that the "peace treaty was hard luck for anyone having had a hand in it."

"Yes," the deputy is quoted as replying, "Premier Orlando is out of office, Premier Clemenceau is again in private life, and President Wilson has met with reverses in Washington. Only you have been spared."

"Yes, and in less than six months it will be my turn," is the reply attributed to the British leader.

LONDON MAN JUDGE OF MOVIES FOR THEATRE-GOERS OF DETROIT

Tom Moule, Son of Police Court Clerk, Chooses or Rejects Films by the Hundreds, But Is Never Entertained By Them.

Referring to Thomas Moule, son of Police Court Clerk John Moule, a former Londoner, who has made good in the moving picture business, a Detroit paper has the following to say:

The tailor can make fine coats, but has no interest in wearing them, so they say; and the dressmaker makes fine gowns only for others. Likewise, the man who sees more moving pictures than any other in Detroit is never entertained by them. While others crowd the theatres, he finds enjoyment in a quiet evening at home.

Tom Moule, manager of the Adams and Madison Theatres, looks at five or six feature pictures every week, and innumerable shorter pieces—comedies, travelogues and current events. Eighty to one hundred thousand feet of films are shown on his private screen during a week, while he makes his selections for future bills. As he sits in the dusk of his remote screening room the fate of the public is decided. Not life and death matters, of course, but the very interesting problem what pictures are to enjoy prosperous runs in this city.

Judges Public Opinion.

Mr. Moule is not a believer in drastic censorship. His criticism is by no means a censorship, but a choosing of what will appeal to popular taste. It is his aim to please the great majority all of the time, and still to arrange such variety that the less catholic tastes shall be gratified frequently.

What do the public like? "First of all, domestic dramas—problem plays," Mr. Moule says. "The great popularity now of several stars results from their shrewd choice of plays in this class. Few comedy features have ever succeeded.

"It is surprising how quickly the public gets on to a poor play. Photography and acting are appreciated, but these are not enough. A series of poorly constructed plays recently killed one of the brightest lights in the motion picture world. There are six or seven stars who at the present time can draw a crowd on their names alone, but even these must constantly look to their authors, or they will go down eventually.

Like Travel Pictures.

"Among the shorter pieces the audiences like best of all the travel pictures," Mr. Moule said. "Not just anything in distant lands. Buildings and streets and parks we never show, but seek out those scenes that give an idea of the life of the natives. One of our best patrons complained the other day that he has been through Japan fifty times at the movies, but he is always eager to see something more of that land if it gives light upon Japanese character or pursuits.

"Industrial pictures come next. There are so many interesting industries that people never tire of seeing the out of the ordinary. Among these also, however, good judgment must be exercised to eliminate the merely educational. The patrons resent being educated when they pay to be amused.

"The most difficult class of picture to judge is the short comedy. It has its place, and gives pleasure to almost everybody, but when you have seen thousands of feet of it you lose your ability to judge it. The popularity of the actors and the comments of patrons guide me in my choice."

Instant Decisions.

After Mr. Moule has received a picture from the distributor, he sees it through, and if he rejects it he forgets it forever, but if he decides to use it he runs it again with the musicians, who make up their accompaniments at that screening. After the musical program has been arranged the piece is run again to determine the program's fitness. Then at the first show Mr. Moule sits in the audience to hear comments and judge the effect of the music. After that his object in attending performances is to hear the comments. These he values as indications of popular taste. The ushers are instructed also to listen to what the patrons say. The suggestion box is depended upon, too, for ideas, and every week something good is found in it.

"Although it is true that I am not entertained by moving pictures as others are," says Mr. Moule, "I never tire of going through them, finding the best and selecting what the public likes. Always there are new things, and it is a pleasure to introduce them. To find the patrons accepting them and justifying my selection is a joy indeed. Keeping up with the vanguard and satisfying patrons is a game that never grows stale."

15-Year-Old Girl Given First View of Outside World

New York Cripple's Life Had Been Spent in Squalid Tenement House.

New York, N. Y., Jan. 24.—Harriet Sears, a fifteen year old cripple saw the big out-of-doors for the first time today when she was taken from the squalid east side room in which she was born, to St. Charles Hospital for crippled children, where specialists will treat her and nuns will seek to train her undeveloped mind.

Harriet's parents admitted to welfare workers who found the girl, that they had never permitted her to leave her room during the fifteen years of her existence.

RAILROAD STRIKERS SENTENCED TO DEATH

Saloniki, Friday, Jan. 23.—Several railroad strikers have been sentenced to death by court-martial established in Bulgarian towns to try men accused of blowing up railway bridges in that country. Bolshevik disorders are reported in advices from Sofia, which say that at Boudnitza one communist and one soldier were killed. Several arrests have been made at that place.

HOLLAND'S REPLY IS THAT HONOR FORBIDS GIVING UP WILHELM

Dutch Note Says That the Ex-Kaiser Has Right To Refuge.

TAKES FIRM STAND

Netherlands Answer Declares She Is Not Bound Like Others by Treaty.

London, Jan. 23.—Holland's reply to the Entente demand for the extradition of former Emperor William of Germany, declares that she cannot be bound by the peace treaty, to which she is not a party, it is learned here. Neither the Dutch constitution nor tradition permit of her acceding to the demand of the allied powers, the note sets forth.

The national honor, the reply declares, does not permit the betrayal of the confluence of those who intrusted themselves to Holland and her free institutions.

NETHERLANDS' REPLY.

PARIS, Jan. 24.—Following is the reply of the Netherlands Government to the Entente:

"By verbal note dated January 15, 1920, given to the envoy of the queen at Paris, the powers, referring to article 227 of the treaty of Versailles, demand that the Government of Holland give into their hands William of Hohenzollern, the former emperor of Germany, so that he may be tried.

"Supporting this demand they observe that if the former emperor had remained in Germany the Government would, under the terms of article 228 of the treaty of Paris, have been obliged to deliver him.

"In citing as premeditated violations of international treaties as well as a systematic disregard of the most sacred rights of men, a number of crimes committed during the war by German authorities the powers place the responsibility, at least morally, upon the former emperor.

International Duty.

"They express the opinion that Holland would not fulfill her international duty if she refused to associate herself with them within the limits of her ability to pursue, or at least not to impede, the punishment of crimes committed.

"They emphasize the special character of their demands, which contemplate not a juridical accusation, but an act of high international policy, and they make an appeal to Holland's respect of law and love of justice, not to cover with her moral authority violation by Germany of the essential principles of the solidarity of nations.

"The queen has the honor of observe, first, that obligations which for Germany could have resulted from article 228 of the treaty of peace cannot serve to determine the duty of Holland, which is not a party to the treaty.

Cannot View Question.

"The Government of the queen, moved by imprescriptible reasons, cannot view the question raised by the demand of the powers except from the point of view of its own duty. It was absolutely unconnected with the origin of the war and has maintained, not without difficulty, its neutrality to the end. It finds itself then face to face with the facts of the war in a position different from that of the powers.

"It rejects with energy all suspicion of wishing to cover with its sovereign right and its moral authority violations of the essential principles of the solidarity of nations; but it cannot recognize an international duty to associate itself with this act of high international policy of the powers.

"If in the future there should be instituted by the society of nations an international jurisdiction competent to judge in case of war deeds qualified as crimes and submitted to its jurisdiction by statute ante-dating the acts committed, it would be fitting for Holland to associate herself with the new regime.

"The Government of the queen cannot admit in the present case any other duty than that imposed upon it by the laws of the kingdom and national tradition.

Constituent Laws.

"Now, neither the constituent laws of the kingdom, which are based upon principles of law universally recognized, nor a respectable secular tradition which has made this country always a ground of refuge for the vanquished in international conflicts, permit the Government of Holland to defer to the desire of the powers by withdrawing from the former emperor the benefit of its laws and this tradition.

"Justice and national honor, of which respect is a sacred duty, oppose this. The Netherlands people, moved by the sentiments to which in history the world has done justice, could not betray the faith of those who have confided themselves to their free institutions.

"The Government of the queen is pleased to believe that the powers will recognize the good grounds of these considerations, which rise above any consideration of personalities and which seem to it so peremptory that they could not reasonably give rise to wrong interpretation."

DR. CODY SAYS NAME CHURCH OF ENGLAND PLENTY GOOD ENOUGH

Toronto, Jan. 23.—Bishop C. H. Brent of the Diocese of Western New York, was the chief speaker at a mass meeting of Anglicans in Convocation Hall here tonight in connection with the inter-church forward movement. In commending the campaign of the church to raise $2,000,000, Bishop Brent said:

"The church too often has made direct attempt to reach a man's pocketbook before reaching the man himself. Get the man first, and you will get all that he has."

Venerable Archdeacon the Hon. Dr. H. J. Cody spoke in hearty support of the forward movement. Incidentally, referring to a suggested change in the name of Anglican Church, Dr. Cody remarked, Church of England in Canada good enough for me."

Lieut.-Governor Lionel H. Clarke presided.

ALLIED POWERS MAY NEXT ASK GERMANY TO GET EX-EMPEROR WILHELM AND SURRENDER HIM

Conference Will Be Held Between the Premiers of Britain, France and Italy Before Another Demand Is Made — Sentiment in French Official Circles Is Against Such Procedure.

Paris, Jan. 24.—(Canadian Press).—Conferences between premiers of Great Britain, France and Italy will be held before the next move in the proceedings to extradite former Emperor William from Holland is decided upon, according to information given the Associated Press by the French foreign office.

Whether the next demand for the surrender of the erstwhile Kaiser will be directed to The Hague or Berlin will be the main subject to be determined by the three governments.

It is understood that at least one premier is not averse to asking Berlin to call for the return of Count Hohenzollern to Germany and then demanding that Germany deliver him over to the Allies in accordance with the provision of the treaty of Versailles.

Sentiment in official circles here is against such procedure, as there is no desire that the former emperor return to Germany. It is feared the presence of Count Hohenzollern in Germany would solidify the Monarchist party, which is reported to be gaining strength daily. Although already discounted, the refusal of Holland to surrender the former German emperor has been given a mixed reception by the newspapers here. The Echo de Paris regards the punishment of Count Hohenzollern as a question of sentiment.

Let Him Die There.

"All things considered, the only thing remaining for us to do is to come to an understanding with Holland on the conditions surrounding the internment of the former emperor, in which some provision for Allied surveillance might be made. Undoubtedly, if William, to relieve Holland of embarrassment, decided to cross into Germany, the aspect of the question would change, but we are not there yet."

The Journal says the affair has become a purely political one, and it is for the Allied governments to examine the Dutch answer and decide upon the next course to take.

Gustave Herve, editor of La Victoire, thinks, on the whole, it would be better "for the kaiser to stop where he is." "If Napoleon had been allowed to die of cancer in America, the Napoleonic legend perhaps would have feebler wings," he declared.

Condemns Use of Whiskey In Fighting Cases of Influenza

Chicago, Jan. 24.—Influenza cases reported for the past 24 hours were but slightly more than the number for the previous day, but pneumonia cases in the same period showed a sharp increase. Influenza cases reported today totalled 2,220, with 31 deaths.

Health Commissioner Robertson has issued a statement protesting against Congressman Sabath's effort to obtain legal permission to use whiskey for influenza and pneumonia.

"Alcohol is one of the greatest predisposing factors we even had for pneumonia," he said. "Whiskey is not a cure for the influenza or a remedy. It does not assist in any manner in fighting either one of the diseases."

CRITICIZES "ZIG-ZAG" RUSSIAN POLICY OF LLOYD GEORGE'S GOVT.

EX-PREMIER HERBERT ASQUITH.

London, Jan. 24.—Speaking at Cambridge last night Mr. Asquith severely criticized the coalition government's "zig-zag Russian policy of compromises, improvisation, insincerities and inconsistencies." He said a large community such as Russia must for good of all decide its own form of government.

"The heaviest indictment against the peace conference," Mr. Asquith declared, "is that while repainting the maps and distributing everywhere among the late enemies intolerable and impossible burdens, it made no serious or sustained effort to secure even the foundation of the possibility of peace with Russia."

H. C. OF L. REDUCES NORMAL BIRTH RATE

New York, Jan. 24.—New York State's normal birth rate has been reduced by 35,000 since January 1, 1918, because of the war and the resultant high cost of living, according to a statement issued here today by Dr. H. M. Biggs, state commissioner of health.

ACT HELD ULTRA VIRES.

Winnipeg, Jan. 24.—Chief Justice Mathers of the king's bench yesterday rendered the Manitoba workmen's compensation act ultra vires of the Provincial Legislature, and the compensation board shorn of all its powers as a judicial body. The judge held that the appointment of the board was in direct violation of the British North America act.

CLAIMS TO HAVE ISOLATED GERM OF INFLUENZA

Dr. Earl G. Carr of Great Lakes Training Station Makes Announcement.

Chicago, Jan. 24.—Dr. Earl C. Carr, senior grade lieutenant in charge of the main laboratory at the Great Lakes Training Station, has isolated the influenza germ, he announced today.

"It is the real influenza bacillus discovered by Pfeffer in England," Dr. Carr said.

"The bacillus is very small—about one-fourth the size of tuberculosis bacillus. It is non-motile and grows in clumps. The presence of this bacillus makes people just as sick as they were last year, and in my opinion the death rate per thousand cases is as high. There are not, however, as many cases as there were last year."

TOWN-PLAN EXPERT MEETS COUNCIL AND C. OF C. COMMITTEES

Discusses Proposed Amendments To Present Act.

MADE SUGGESTIONS

Was Able To Show What Changes Would Most Benefit the Cities.

Thomas Adams, town planning adviser for the Dominion Government, met the members of the industrial committees of the chamber of commerce and the city council yesterday afternoon and discussed at length proposed amendments to the town planning and development act of Ontario. The federal representative was able to advise the local men as to what changes would be of most benefit to the cities, and a number of his suggestions were considered adaptable in town planning for this city.

The most important proposed amendment discussed was the one which provides for proper representation of municipal councils on the town planning commissions. This amendment also provides for the limitation of spending power of commissions to the cost of preparing schemes. It calls for the expenditure on execution of the scheme to be subject to the approval of the municipal councils.

This amendment was discussed at length and the majority of those present favored pressing for this clause in the act. Other amendments favored were:

Other Amendments.

1. The present act should be modified so as to permit the municipalities in the urban zones, which lie outside of the cities and towns, to prepare their own schemes if they wish to do so, while retaining the power to the city or town to include the outside area in their scheme in the event of lack of co-operation of the outside authority to prepare its own scheme or a joint scheme.

2. Provision should be made for securing co-operation between municipal councils and owners of land so as to give permanent effect to restrictions on the use of land relating to such matters as building lines and use and character of buildings.

3. The following powers should be granted under the act to municipalities:

(a) The suspension of any powers in the municipal act, subject to approval of the railway and municipal board so far as the suspension is necessary for the proper execution of any scheme.

(b) Power to remove or demolish buildings which may be erected in contravention of the provisions of a scheme, after the scheme has been approved, as well as after proper notice is given and while the scheme is being prepared.

(c) Provision, not only for paying compensation for injury to owners of property, but also for obtaining for the city half of the increased value given to any property by reason of benefits accruing to such property by the scheme.

(d) Power to prescribe certain areas to be used for dwelling houses, apartment houses, factories, warehouses, shops or stores, etc., and to fix the height and character of the buildings in these areas.

(e) Exemption for any city or town from claims for compensation in respect of any requirement of the scheme which restricts the use of land for the definite purpose of health of the inhabitants or the amenity of the district, e.g., in regard to fixing factory, business or residential areas, the space about buildings, the percentage of lots that can be covered with buildings, or in regard to the height, character and use of buildings so far as such exemption may be registered as reasonable by the railway and municipal board.

Power to Acquire Land.

(f) Power to compulsorily acquire land the same way as under the housing act of the province, without cumbersome process of arbitration; and to acquire land in excess of the amount needed to widen a street or construct a new street through a developed area and to re-sell such land after the improvement is made.

(g) Power to fix building lines and reserve land on unbuilt upon areas for new main thoroughfare.

(h) Power to classify any land to be used for different kinds of agriculture, horticulture, open spaces, etc., and to recommend a special system of assessment in relation to such classification of uses.

(i) Power to prevent noxious trades, billboards, etc., where injurious to the surroundings.

(j) Power to rectify or alter any existing subdivisions, including the pooling of lands of several owners, and the roads and streets abutting or adjacent thereto; and to initiate the planning of the subdivision of land in advance of its being placed on sale for building purposes, for the purpose of bringing owners of adjacent lands into line with any comprehensive scheme.

(k) Power to prevent building on low-lying and insanitary lands pending reclamation and until provident with sanitary arrangements at the expense of the owners.

(l) Power to obtain proper representation of the municipal councils on town planning commissions and limitation of spending power of commissions to the cost of preparing schemes. Expenditure on execution of schemes to be subject to approval of municipal councils.

Classify Roads.

(m) Power to classify roads or streets (after zoning into factory, business and residential districts), as follows: (1) Main arterial roads; (2) Secondary roads, being roads for general or local traffic; (3) Industrial roads for access to industrial districts; (4) Residential roads, being roads used primarily for access to residences; (5) Parkways or boulevards, being roads which serve the purpose of either a main or secondary road, a portion of which is dedicated for ornamental purposes, etc.

4. The provincial government should be asked to incorporate provisions in the present act or to frame a new act to cover these requirements, and so framed as to permit local authorities to prepare comprehensive schemes of town planning.

ABOUT RHEUMATISM

What Thousands Have Found Gives Relief From This Painful Trouble.

Rheumatism is a constitutional disease, manifesting itself in local aches and pains, inflamed joints and stiff muscles. It cannot be cured by local or external applications. It must have constitutional treatment.

Take a course of the great blood-purifying and tonic medicine, Hood's Sarsaparilla, which corrects the acid condition of the blood on which rheumatism depends, and gives permanent relief. This medicine combines, with excellent alteratives and tonics, what is generally conceded to be the most effective agent in the treatment of this disease.

If a cathartic or laxative is needed take Hood's Pills. Purely vegetable.

KNOX CHURCH GIVES PASTOR INCREASE OF $400 IN HIS SALARY

Annual Meeting Reports Show Prosperous Year.

Rev. T. A. Symington, pastor of Knox Presbyterian Church, received an increase in salary of $400 at the annual meeting held last night in the church. This makes his salary $2,400.

It was reported that the past year in Knox Church had been the most successful in the church history, 139 new members being added to the church.

A vote was taken as to whether the church should raise $3,500 as its share for the Presbyterian Forward Movement, and this was unanimously passed. The treasurer's report showed the church to be in good financial standing, and that the total sum raised during the past year was $11,800. This is a considerable increase over that of the previous year.

The officers elected for this year were: John McLeod, V. K. Greer and George Ollerhead as elders; O. Gidley, F. H. Murray, A. Barnard, S. H. Stevenson and J. Guthrie are the five new members on the board of management; John McPherson was elected treasurer, and S. Pickles, secretary. W. Kennedy and H. Ranie are the auditors.

Prior to the business meeting an old-fashioned congregational supper was served in the basement by the Ladies' Aid of the church.

BIRD-LOVERS MEET

Interesting Talk Given by Dominion Ornithologist.

The January meeting of the McIlwraith Ornithological Club was held on Thursday evening in the Y. M. C. A. The members reported a list of 37 species of birds seen during the present month.

Hoyes Lloyd, ornithologist, connected with the Dominion parks branch of the department of the interior, was the speaker of the evening. Mr. Lloyd explained the new treaty between Canada and the United States, and the migratory birds convention act, which came into full force in April, 1918. Mr. Lloyd's department has charge of the enforcement of this act, which protects our migratory insectivorous, migratory game and migratory non-game birds, these three groups comprising most of our birds. The measures taken by the department for the protection of wild life and especially birds, were dealt with by Mr. Lloyd in a most interesting and instructive manner. Besides the Dominion Parks, which at present comprise about 10,000 square miles of territory, where all wild life is protected, a number of bird sanctuaries have been established, three on the Gulf of St. Lawrence and seventeen in Alberta and Saskatchewan.

In all probability half a dozen members of the McIlwraith Club will be sworn in as Dominion officers, with full powers of a constable, to see that the provisions of this act are enforced in this vicinity, and all offenders rigorously dealt with.

Mr. Lloyd gave some notes on birds seen in the Maritime Provinces during March and April, 1918, a flock of snow-birds in song near Fredericton about the middle of March being the most interesting and unusual record.

G. A. C. POST WILL START PETITION FOR FURTHER GRATUITIES

Prince of Wales Sends Greetings—Civic Elections Subject of Discussion.

The local command of the Grand Army of Canada met last night and, among other things, discussed the recent municipal election at some length. Three delegates were appointed to attend the meeting of the Labor representation committee on February in connection with certain election matters, and were given definite instructions as to their course of action.

Another matter given consideration was the question of additional gratuities. The command decided to prepare a petition asking for further war service gratuity and to ask all members and ex-members to sign it.

Considerable enthusiasm was evoked by the reading of a letter from the Prince of Wales, honorary president of the Grand Army, wishing the London post every success.

The meeting was well attended and several new members were enrolled. It was arranged to hold a social evening shortly. The post will shortly move into new rooms at 389 Richmond street. The announcement was made that an organizer would visit the city in the near future to assist in a campaign for greater membership.

BUILD NEW ORANGE LODGE ON THE HAMILTON ROAD

Plans Are Completed For a $25,000 Building.

Langemarck Lodge, L. O. L., will erect a new hall on the Hamilton road during the summer months at a cost of $25,000. Plans have already been completed and work will be commenced as soon as the weather permits. It is understood that the contract for the work will be let next week.

The lodge hall on Egerton street has long been inadequate to accommodate the Orangemen, and the new building will be ready for occupation next fall. It will be built opposite Anderson avenue, and will be a red brick structure. The plans call for a two-story building, with a basement which will be used as a hall. The dimensions of the building will be 40 by 80 feet.

The auditorium of the new building will be equipped with a stage measuring 13 by 40 feet, and will be used for various kinds of entertainments.

Five Witnesses Have Total Age of 455 Years

Pioneer Residents of Ottawa Called To Court.

OTTAWA, Jan. 23.—Five witnesses, all pioneer residents of Ottawa, whose combined ages total 445 years, were called by the city in their actions against the Grand Trunk Railway, and the Ottawa and New York Railway, for unpaid assessments on improvements made to part of Nicholas street.

The action opened before Justice Lennox in the supreme court of Ontario this morning. The five pioneers are: John R. Booth, aged 94; Michael O'Brien, aged 96; John Lyttle, aged, 88; J. L. Pratt, aged, 84, and W. H. Cluff, aged 83. They were called to determine whether the portion of Nicholas street, known at Hurdman's road, from Mann avenue to Hurdman's Bridge, was in use as a public highway prior to, and since the railway tracks were extended down the east bank of the Rideau Canal. The only one heard this morning was J. R. Booth, the well-known lumberman. In spite of his advanced years, Mr. Booth was able to give clear and concise answers to Mr. F. B. Proctor, city solicitor.

The case is to decide whether the Grand Trunk and the Ottawa and New York Railways own the land and must pay taxes on it, or it still belongs to the crown.

BURNS TO DEATH IN LUMBERING SHACK

QUEBEC, Jan. 23.—J. B. Beauchemin, 29, single, was burned to death in a lone lumbering shack in the backwoods, in the county of Kamouraska, last night. He had gone to bed in the camp with a fellow worker, Alfred Berube. They had three horses in the camp with them. Berube escaped, but Beauchemin and the three horses were burned to death. Only charred bones were left of the man and the horses.

BOOK CENSORSHIP HAS BEEN REMOVED

OTTAWA, Jan. 23.—(Canadian Press.)—The censorship on books and literature generally, which was in operation during the war period and until a short time ago, has been removed. The question having arisen as to whether the removal of restriction with regard to newspapers also applied to books, Col. Ernest Chambers, formerly chief press censor for Canada, was consulted. His reply was that there was no longer any censorship on books and such classes of literature. He explained that the postoffice and customs departments had the authority to prohibit entry of literature which in any way contravened the criminal code. Just as before the war, but all other censorship regulations are off.

NO DECORATION FOR NAVAL OFFICERS WHO LOST THEIR SHIPS

Unless They Attacked Enemy, Not Deserved, Says U. S. Board.

WASHINGTON, Jan. 23.—The Knight board is unable to agree with Secretary Daniels that naval officers who lost their ships through enemy submarine action and performed meritorious service in connection with such loss should be awarded high decorations, according to Rear Admiral Knight, chairman of the board.

Admiral Knight said a high decoration was not deserved unless the sinking was accompanied by offensive action against the enemy. He said that in the case of the commander, D. W. Bagley, Secretary Daniels' brother-in-law, no decoration was recommended for any circumstance in connection with the sinking of the destroyer Jacob Jones, because Commander Bagley did not engage the enemy.

No information was available to guide the board in making recommendations for Capt. Satterlee of the Tampa and Commander Ghent of the Antilles, nor were any circumstances known that would justify such. Secretary Daniels awarded D.S.M. to both officers. Both the Tampa and Antilles were torpedoed and sunk.

BISHOP WILL PRESIDE. — His Lordship Bishop Fallon will preside at the lecture by Seumas MacManus on "the Irish Question" next Tuesday night, January 27. Though comparatively unknown in Canada as a lecturer, MacManus is well known as the author of Irish stories. As a story-teller, indeed, his national reputation in the United States was acquired. From Harvard, Columbia and almost every college in the States comes testimony of the charm of his stories instinct with the Irish spirit and atmosphere.

Average of 25 Sleigh-Riding Parties Weekly In the City; an Unprecedented Demand for Busses

Winter Sports More Popular Than Ever, But Drifts Have Prevented Excursions Into the Country in Recent Days.

The coalmen are not the only persons whose smile has broadened as the snow has deepened or who are remaining happy while the long, steady cold spell remains unbroken. In the eyes of the youth of the city the winter has been an ideal one.

In the memories of those whose red blood has been quickened this winter in the bracing air and has gone dancing through their veins to the tune of the flying skate, or has beat time to the crunch, crunch of the snowshoe as mile after mile of shallow prints were traced, whose peals of merry laughter has rung out on the frosty air intermingled with the jingle of bells and the blare of horns of the jayous bus riders, the winter of 1919-1920 will be pictured as just one round of wholesome pleasures.

Skating is more popular than ever, owing to the months of consistent keen ice. Snowshoeing and tobogganing, too, owing to the deep-crusted snow, has increased in popularity, but the one sport that has made the greatest strides in the favor of the young people this winter is the bus party.

Unprecedented Sleighing.

While bus parties have always been popular with the young people, the liverymen of the city say that the demand for buses has been unprecedented during the past few weeks. There has been on an average of over twenty-five parties weekly, according to them.

In other years the popular mecca of bus-riders has been Hyde Park, because of the dance hall there, but because of the badly-drifted country roads only a few parties have managed to fight their way to that village this year. The majority of the parties have contented themselves with confining their rides to the city.

Afternoon Parties.

Not all these parties have been held at night time, for many outings for the kiddies, especially by Sunday schools, have been held in the afternoons, and have proven equally as enjoyable.

On Wednesday night last the members of the Chu Chin Chow company held a big bus party after the show, many of them experiencing their first sleigh ride.

BEEF, IRON AND WINE TOO MUCH FOR HIS WELFARE

One Who Got Drunk Wants $13 to Get Free.

One drunk and an abusive language charge made up the business of police court this morning.

The disciple of Bacchus had purchased a bottle of beef, iron and wine as a tonic. The tonic worked so well that in a short time the prisoner became very thirsty and drank the whole contents of the bottle. He is now endeavoring to communicate with some kind friend who will donate $13 to enable him to breathe the frosty air again.

A father had his son brought to police court for using abusive language toward him. It seems that the parent objects to the son, who is a crippled returned soldier, coming home in the early hours of the morning. At times there had been words between the two. As a result of the altercation last night the parent took the matter to the court. The magistrate refused to impose a fine or the costs on the son, but adjourned the case for one month so that at the end of that time a report could be given of the manner in which the two have lived together.

JUST TWO CASES

There were but two cases to come before Chief Justice of the Common Pleas Court, Judge R. M. Meredith at the high court sitting at the courthouse today.

Re the Ontario Spring Bed and Mattress Company to Richard D. Edgecombe, an order was made by consent of counsel, instructing to inquire whether or not the vendors can make out a clear title to lands on the north side of York street, between Ridout and Talbot streets. J. E. Braden for the vendors and F. E. Perrin for the purchaser.

Re Schario versus Jackson. The injunction granted herein continued for another week, and motion enlarged. J. M. McEvoy for the plaintiff.

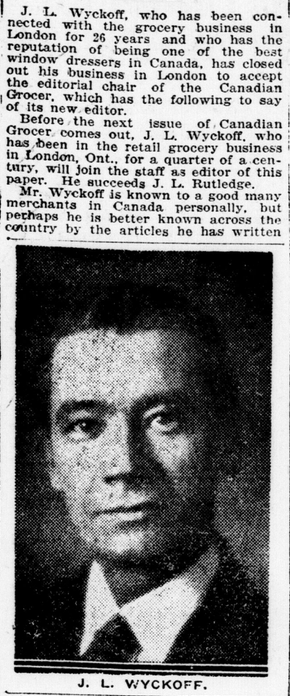

GIVES UP GROCERY BUSINESS TO TAKE UP EDITOR'S WORK

J. L. Wycoff Goes To Toronto Trade Magazine.

J. L. Wyckoff, who has been connected with the grocery business in London for 26 years and who has the reputation of being one of the best window dressers in Canada, has closed out his business in London to accept the editorial chair of the Canadian Grocer, which has the following to say of its new editor.

Before the next issue of Canadian Grocer comes out, J. L. Wyckoff, who has been in the retail grocery business in London, Ont., for a quarter of a century, will join the staff as editor of this paper. He succeeds J. L. Rutledge.

Mr. Wyckoff is known to a good many merchants in Canada personally, but perhaps he is better known across the country by the articles he has written

J. L. WYCKOFF.

for Canadian Grocer during the past ten or twelve years. He has been a contributor during that time on a great many subjects. These included window display, showcard writing, buying systems, business management, methods of increasing business in certain departments of the store, retail salesmanship, retail advertising, etc., etc.

A Grocer for 26 Years.

It was in 1894 that Mr. Wyckoff launched out in his grocery career. He was then connected with the store of W. H. Branton of London, Ont. The Branton store was located near the market and had an extensive farm trade. This meant, as all merchants know who deal direct with farmers, a big trade in farm produce. Huge quantities of butter, eggs etc., had then to be disposed of through channels other than the regular city customers of the store. At that time, Mr. Wyckoff points out, butter could be purchased during the spring and summer months at 8 cents a pound, and eggs at the same price per dozen. During the winter months the price would reach about 12½ to 15 cents, with potatoes at 25 cents per bag. He has been closely in touch ever since with the increases in prices and the principal causes for the increases.

Change of Store.

Five years were spent as a clerk with Mr. Branton, after which Mr. Wyckoff became head clerk in the store of James Wilson & Co., London, who enjoyed a high-clas trade and who also did considerable business in jobbing and selling to bakers, hotels and small stores. He called on these various places once a week for business, in addition to his other duties. One of the hobbies of this firm was their tea and coffee. They bought tea in quantities of 100 chests at a time, and coffee always in ton lots in green state. The blending was done in their own store, the work being accomplished chiefly by Mr. Wyckoff under the supervision of Mr. Wilson, who at that time was considered one of the best judges of tea and coffee in Canada. Of course, since then an extensive trade has developed in tea and coffee in packages, but his early training along this line has naturally been a great help to him in his grocery career. Among his other duties was charge of the window trimming, showcard writing and the store advertising. Wilson & Co. often used half-page advertisements in the daily paper, and very rarely less than quarter pages. He was with this firm for three years and a half until they retired from the grocery business.

Becomes a Branch Manager.

Mr. Wyckoff next went with T. A. Rowat & Co., London, Ont., a firm that sold many exclusive and high-class lines, and still sells them. In recalling his introduction to the Rowat store, he states he was amazed at the great variety of goods—goods that he never thought existed, and yet which were every-day sellers. In 1908 Rowat & Co. opened a branch store in South London, and Mr. Wyckoff was given the managership. He remained there until 1912, and in 1914 he entered the grocery business for himself. It was in January, 1909, while he was with T. A. Rowat & Co., that Mr. Wyckoff wrote his first article for Canadian Grocer. This was on showcard writing. He had had an all-round experience in selling all classes of customers.

ANOTHER VICTIM OF SLEEPING SICKNESS

Mrs. Conner Dies in the Township.

Mrs. Charles Conner died on Thursday at her home in London Township, a victim of sleeping sickness. This is the third death from this disease in London district.

Mrs. Conner is survived by her husband and a small family. The funeral will be held today to Mount Pleasant Cemetery at 2 o'clock.

"MAN'S MAN" TO SPEAK AT PRESBYTERIAN BANQUET

Lieut-Col. John Pringle, Preacher and Soldier, Will Give Address.

Lieut.-Col. John Pringle, D.D., the principal speaker at the Presbyterian men's banquet, to be held in the Tecumseh House, Tuesday night, is one of the foremost churchmen in this country. He has been termed "a man's man" by his fellow churchman, who know him as a soldier of the battlefield, and as a missionary of the frozen north.

Col. Pringle was for many years engaged in the mission work in the Yukon, coming down from the north country when war broke out, and going overseas with one of the Canadian units. His experiences in the Yukon have been exceptionally thrilling, and it is expected that he will dwell upon them in the course of his Tuesday evening address.

Rev. A. E. Armstrong of the foreign mission board is also slated for an address. The banquet is being held for the purpose of getting the men of the Presbyterian Church in this city interested in the forward movement campaign, which will be commenced next week.

RIVERVIEW WON.—The Riverview aggregation defeated the St. Peters six in a one-sided, yet interesting, game of hockey in the Public Schools' League, Friday afternoon, by a score of 7 to 1. The winners outskated their opponents, while their stick handling was also exceptional. Referee P. Lawton handled the game.

CHAUFFEURS EXHIBIT GREAT RESPECT FOR WATCH AND WATCHER

'Twas Only a Reporter, But They Did Not Know.

After chugging up the York street hill the majority of motorists give their cars a little more gas to make up time in the long block between Ridout and Talbot streets. But the said motorists have a healthy respect for police stop-watches and the figuring out of miles per hour by the police arithmetician, Inspector Robert Birrell.

This morning an Advertiser reporter leaned idly against a telephone pole about the middle of the block and for about five minutes glanced at his watch and the number of every motor that came along. This was where the respect for the police came in, for one and all, of the chauffeurs shot on the brakes, apparently deducing that there was some nasty connection between the watch and the careful perusal of each car number. The drivers then proceeded along as if they were driving motor hearses, probably congratulating themselves at their clever evasion of a supposed police trap.

REAL HOCKEY RINK LIKELY TO BECOME FACT HERE IN 1920

Movement To Construct an Arena Well Supported.

Talk of an ice arena for London is again rife, but this time local businessmen are inclined to believe that it will materialize, and that this city will boast a real hockey rink when next winter comes along. It is understood that several leading businessmen are behind the movement to erect a rink, which will in all probability be located near the centre of the city.

Sites Mentioned.

There is considerable talk of a rink being erected at Tecumseh Park, with the entrance on Wilson avenue, but other businessmen favor the erection of one in East London. Directors of the Western Fair, it is understood, are considering the erection of an arena at Queen's Park, which would be used during the exhibition.

Artificial Ice Plant.

Businessmen who are also hockey enthusiasts believe that a large arena here, similar to the one in Woodstock, would be a good paying proposition. If an artificial plant were installed, London would draw crowds from other cities, when the soft weather sets in, before the league games have all been played. Games often have to be postponed, owing to the soft weather, and this difficulty would be overcome by the installation of an artificial rink, there being no rink equipped with a plant in Western Ontario.

COAL SITUATION ON G. T. R. IS IMPROVED; 18 CARS RECEIVED

More At Detroit Will Reach City Soon.

The coal situation on the Grand Trunk in this district improved greatly today, the local division receiving a quota of eighteen cars from the United States mines. This will be sufficient to last two or three days and thirty-one cars at Detroit will be moved to this district before it has been used. Superintendent Charles Forrester stated this morning that there will be sufficient coal to run the trains for a week at least.

Congestion on American roads is the chief reason for there not being more coal in the London yards now. The United States Railroad Administration is finding it impossible to keep all the freight sent over the lines on the move and as a result cars of coal lie around Toledo for several days, when in normal times they would be sent right through to this city.

The G. T. R. is ready to move coal into Ontario as soon as it is turned over to the Canadian line at Detroit, but the roads on the other side of the line are experiencing great difficulty in getting it to the border.

FOUR NEW ASSESSORS SWORN IN THIS MORNING

Four temporary assessors have been appointed by Mayor E. S. Little and Assessment Commissioner Grant. They were sworn in by Magistrate A. M. Graydon today. They are Archie Black, W. G. Frances, A. E. Burwell and W. J. Gray.

Under the regulations of the assessment act, these appointments can be made only by the mayor and assessment commissioner, but the salaries of the appointees are fixed by the city council, so that that body retains some measure of control over the department. The salary heretofore has been about $100 a month.

It is possible that an increase may be requested this year. The council has received a communication relating to assessors' salaries, but this has not been dealt with yet.

HOLY GEE, MY HEAD FEELS GOOD TODAY!

Pain Over Eyes Is Gone, the Headache Cured, Catarrh Relieved!

This is the Common Experience of Those Who Breathe the Vapor of

CATARRHOZONE

Remember this, Catarrh can never be cured or even relieved by a cough syrup, a spray, or tablet treatment. Trouble is these remedies slip quickly over the sore irritated membranes, drop into the stomach and do little else but harm digestion. It's different with "Catarrhozone"—you inhale it. Every breath sends healing balsams to the inflamed tissues. Tightness, soreness and inflammation are cured by healing pine essences. The cough dies away, throat is strengthened, huskiness is cured. Nothing is so simple, so convenient, so certain to cure as Catarrhozone. The dollar outfit includes the inhaler, costs $1.00, and is guaranteed to cure. Small size, 50c; trial size, 25c; all dealers, or The Catarrhozone Company, Kingston, Ont.

SIMCOE TOWN LEAGUE.

SIMCOE, Jan. 23.—Two fast games were played last night in the Town Hockey League. The fast Port Dover team received a setback at the hands of the Wanderers, who beat them, 6—5. A large crowd accompanied the Port Dover team and saw their favorites beaten in a very close game. In the other game G. W. V. A. beat the Canners by a score of 5—2. The Veterans are a fast team, and will bear watching. The games were handled by Referee White. On Friday night Port Dovers new rink will be opened by a game between the Port Dover team and the Canners. G. W. V. A., Wanderers and Port Dover are now tied for the leadership, each having lost one game and won two.

The local intermediates will be greatly strengthened for their game against Paris on January 26. They realize that if they lose this game they lose the group, and are determined to win.

CHANGE IN POLICY AT KAPUSKASCING FOR SOLDIER-SETTLERS

Hon. Beniah Bowman Says Many Not Fitted For Work.

Toronto, Jan. 23.—A change in policy with reference to the soldiers' settlement at Kapuskasing will be made by the Drury Government, according to an inittimation given today by Hon. Beniah Bowman, minister of lands and forests.

"The country up there is good, and it has great agricultural possibilities, but it must be settled by men who are suited for pioneer work," the minister said. "The inquiries were made by Col. Carmichael because he was looked upon as the returned men's representative in the Government.

"There is no doubt that many of the men there are not fitted for pioneer life," the minister continued, "and that the only way to solve the problem, so far as they are concerned, is to bring them out and give them a fresh start. Just how that will be done or how many men will be affected, I cannot say."

CANADIAN MERCHANTS WANT SOVIETS TO START BALL ROLLING

Ottawa, Jan. 23.—By Canadian Press.—The order of the supreme council of the Allied nations that for the relief of the people of Russia every facility for importing needed goods should be afforded to the Russian co-operative organizations for the purchase of clothing, medicines and agricultural machinery abroad, is not expected to result in much business with Canadian firms.

Officials of the Canadian trade commission were of the opinion that while Russia has a surplus of grain and flax, which these co-operative societies would export in return for goods they need, Canadians would prefer to have the Russians make the first shipment, as there is no tendency to impose trust in the present soviet regime.

ANOTHER EPIDEMIC OF THE SPANISH INFLUENZA

A great many authorities have predicted a return of that terrible plague which swept Canada from one end to the other not long ago and left so many deaths in its wake, and those who did survive were left in a great many cases with some serious after-effect such as weak heart, shattered nerves, impoverished blood and a general weakened and exhausted condition of the system.

If you are rundown, heart not just right, nerves a little shaky, take a few boxes of Milburn's Heart and Nerve Pills and fortify your system against this terrible plague.

If you had the "Flu" before and it left you with any bad after-effect Milburn's Heart and Nerve Pills will bring you back to health and strength.

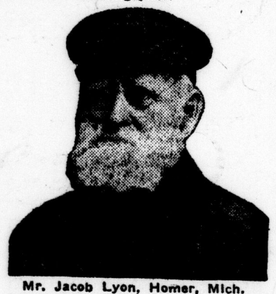

Mrs. C. C. Palmer, Keppel, Sask., writes: "I wish to inform you of the great good Milburn's Heart and Nerve Pills did for me. After a bad attack of the Spanish influenza my heart and nerves were left in a very bad condition. I got two boxes of your pills and must say they are the best I ever used, and I have taken a great many different kinds. I will always keep Heart and Nerve Pills in the house."

Price 50c a box at all dealers or mailed direct on receipt of price by The T. Milburn Company, Limited, Toronto, Ont.

CURED HIS PILES

Now 88 Years Old, But Works at Trade of Blacksmith and Feels Younger Since Piles Are Gone.

The oldest active blacksmith in Michigan is still pounding his anvil in the town of Homer—thanks to my internal method for treating piles.

Mr. Jacob Lyon, Homer, Mich.

I wish that you could hear him tell of his many experiences with ointments, salves, dilators, etc., before he tried my method. Here is a letter just received from him:

Mr. E. R. Page, Marshall, Mich.:

Dear Sir,—I want you to know what your treatment has done for me. I had suffered with piles for many years and used suppositories and all kinds of treatments, but never got relief until I tried yours. Am now completely cured. Although I am 88 years old, and the oldest active blacksmith in Michigan, I feel years younger since the piles have left me. I will surely recommend it to all I know who suffer this way. You can use my letter any way you wish, and I hope it will lead others to try this wonderful remedy.

Yours truly,
J. L. LYON.

There are thousands of afflicted people suffering with piles who have never yet tried the one sensible way of treating them.

Don't be cut. Don't waste money on foolish salves, ointments, dilators, etc., but send today for a Free Trial of my internal method for the healing of Piles.

No matter whether your case is of long standing or recent development—whether it is occasional or permanent—you should send for this free trial treatment.

No matter where you live—no matter what your age or occupation,—if you are troubled with piles, my method will relieve you promptly.

BOYEFF TO HANG; PETKOFF TO SPEND HIS LIFE IN PRISON

Decision of Department of Justice Forwarded To Kitchener Last Night.

OTTAWA, Jan. 23.—Ivan Petkoff, sentenced to death at Kitchener, had his sentence commuted to life imprisonment this afternoon. His companion, Stockyo Boyeff, is to be executed on the 26th instant. The Government has decided not to interfere in his case with the sentence imposed.

LIBERALS AND TORIES TO MEET IN HALTON; MAY OPPOSE DRURY

TORONTO, Jan. 23.—Conventions of Liberals and Conservatives of Halton County are to be held tomorrow in Milton, the county seat, to consider the nomination of candidates to oppose Hon. F. C. Drury, premier. It has been stated that Chas. Readhead, farmer of Nelson Township, will be nominated jointly by the two old parties.

RUMOR LETHBRIDGE OF GLENCOE MIGHT RESIGN FOR RANEY

TORONTO, Jan. 23.—It is rumored that J. G. Lethbridge of Glencoe, United Farmers of Ontario member-elect for West Middlesex, may resign his seat in favor of Hon. W. E. Raney, attorney-general. In this connection it is said an official announcement probably will be made next week.

TO MAKE RUSSIANS WORK 12 HOURS DAILY

London, Jan. 23.—A dispatch to the Central News from Helsingfors says the Bolsheviki are trying to force the population of Russia to work every day in the week, and have introduced a compulsory working day of twelve hours. All working classes are affected. It is said the new rule is being enforced with the utmost severity.

PLAGUE OUTBREAK IN EAST SILESIA

Berlin, Jan. 23.—Prague advices to the Lokal Anzeiger report an outbreak of plague in East Silesia, believed to have been brought from East Galicia. People are collapsing in the streets, and the mortality from the disease is rising, the reports say.

Off the Boards

Give the Woodstock six credit, they are a nice bunch of kids, but on the play as a whole the London youngsters should have won. During the last two periods the play was almost entirely in Woodstock territory.

Johnnie Burgess was the local gent that punched the nets for London's lone tally. It was a pretty shot. John made a few more nice stabs, but the pads of Mr. Reid in goal acted all the same as a magnet as far as the puck was concerned.

Woods on left wing for London played a consistent game and worked hard all the way through. He played a grand backchecking game as well.

With a goal keeper the calibre of Reid the locals made a mistake in shooting from outside the defence. All the shots that came his way were pie with ice cream on top.

While the bouquets are being passed it might be well to mention the sterling work of Smith in goal and Quenville, the big defence man. They both played excellent hockey, while May did some great body-checking.

May showed a disposition to hog the puck and in the dying moments of the game hogged it through with Burgess in an excellent position to tie the score.

The teams might have been playing yet had not Trump and Stibbs combined together for the winning goal within a minute and a half of time.

It was just an example of the old story that has been drilled into the junior players since Adam was a juvenile. COMBINATION won the game for Woodstock. Had the locals shown more disposition to combine and get inside the Woodstock defence it would have been a better story from a London standpoint.

The London lads maintain that they are the better team and can hardly wait for Tuesday night to roll round, when Woodstock plays the return game here.

Dutch Logan did not show the form he did early in the season. In the last three games he has not been effective. Tobacco is a poor trainer and this goes for the whole team.

Arscott was not in the game long, but he did some great work. eH was right there with some timely poke-checking and was always willing to listen in on some combination work.

George Hiller's work was poor on the start, but got a trifle better as the game progressed. He let a lot of scrapping get by though.

Pring, like Arscott, wasn't on the ice long, but his work kept the puck up around Woodstock net.

Stibbs is a nice little stick-handler and a wicked shot. He can stand a lot of watching next Tuesday night.

With Ernie Ruse along, the Grand Trunk special lost no time either going or coming, while Harry Humeston had special street cars waiting for the large crowd of fans that made the trip to Woodstock.

IF SOCCER INTERFERES WITH BUSINESS, THEN CUT OUT—SOCCER

LONDON, Jan. 23.—(By Canadian Press.)—Manufacturers are organizing opposition to the playing of cup and league football matches in mid-week. The loss resulting from attendances at such matches of, for example, fifty thousand persons at the Sheffield Wednesday-Darlington cup match last Monday is estimated at twenty-five thousand pounds sterling in wages. A hundred thousand pounds sterling trade loss is, it is urged, thus incurred at a time when every minister and economist is appealing for increased production as the only means to relieve the country's financial hardships.

AMERICAN COLONEL GIVES FREE ADVICE TO RHEUMATICS

Says It's Sheer Folly For Anyone To Suffer These Days.

Rheumatism can't be cured so long as your system is weak and rundown.

You must first build up and get strength to fight off the disease.

Ferrozone cures because it builds up, because it renews the blood and dissolves the Uric Acid and the poisons that cause rheumatism.

It is proved right here that Ferrozone does cure.

Col. H. M. Russ of Edwards, St. Lawrence County, one of the fine old heroes of the Civil War, was completely restored by Ferrozone. Read his statement:

"I couldn't get around without a cane, and then only with difficulty.

"Rheumatism took complete control of my limbs.

"Suffering was more intense than hardships on the battlefield.

"When my doctor had done his best I got Ferrozone.

"Then came a quick change.

"Ferrozone gave me comfort at once, eased the pain, and took the stiffness out of my muscles.

"I am well today. Ferrozone cured me completely. I can jump and run like I did forty years ago."

Be sensible about your case. If your present medicine is useless give it up.

Don't experiment again. Ferrozone is known on all sides to be a cure that does cure. Why not get a supply today. The sooner you begin Ferrozone the quicker you'll get well. Price 50c per box or six for $2.50, at all dealers, or direct by mail from The Catarrhozone Company, Kingston, Ont.

Kingston, Jan. 23.—Gen. Sir Arthur Currie and Lady Currie arrived in this city this evening from Ottawa. They will remain for several days, and will be the guests of Major-Gen. and Mrs. V. A. S. Williams. Tomorrow evening, Sir Arthur will be the guest of honor at a military dinner.

MONTREAL MAN IS CHAIRMAN OF Y. M. C. A.

Toronto, Jan. 23.—John W. Ross of Montreal, was elected today to the position of chairman of the National Council of the Young Men's Christian Association, in succession to G. H. Wood of this city, who retired after seven years in the office. John Watt of this city was elected treasurer of the National Council, in succession to Lieut.-Col. F. H. Deacon of Toronto. The military budget of the National Council was announced as $397,459. At the end of December there was a balance of $400,000 on hand.

Evil of Substitution Exposed.

A dealer substitutes because he makes more profit on an inferior article. Stop That Pain!

Why suffer—and, in suffering, neglect an ailment which may cost you your life?

Such things should not be. Pain has one purpose only—to show you where the trouble is. It is up to you to make it right.

Many aches and pains are due to Kidney trouble. Backache, pains in the side, headaches day after day, rheumatism, lumbago, neuralgia, sciatica — may be traced in almost every instance to uric acid and poisons which the kidneys have failed to take out of the blood. Weak kidneys also account for stone in the bladder, dizziness, sleeplessness and that tired-out, dragged-out feeling which is so fatal to your work.

50 Cts. a Box

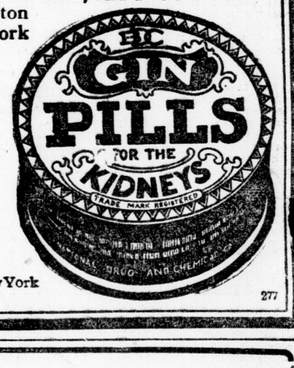

Gin Pills will Stop the Pain

They have a wonderful action on the kidneys, soothing congestion, healing inflammation, rebuilding tissue, and enabling the delicate organs to resume their work of filtering the waste and poison from the blood.

They contain no alcohol, but all the beneficial properties of the Juniper Berry, and seven other helpful diuretics and antiseptics.

"I suffered with pains in the back, and also had Kidney Trouble," writes Preston Nurse, 437 W. 35th St., New York City. "Five doctors failed to relieve me. Then I tried Gin Pills, and in two weeks I found great relief. They are an excellent remedy."

Tobacco Hardens the Arteries Overtaxes the Heart And Shortens Life

Says Dr. Connor, Who Suggests a Simple Test to Find If It Is Hurting You. Can You Stand It?

New York.—Dr. Connor, formerly of Johns Hopkins Hospital, says: Hundreds of thousands of men who smoke and chew and who believe themselves healthy are suffering from progressive organic ailments. They would never have been afflicted had it not been for the use of tobacco and most of them would soon get well if they would only stop the use of tobacco.

The best-known habit forming principle of tobacco is nicotine, but the most deadly and demoralizing is furfural. Both are deadly poison, which, when absorbed by the system slowly, but surely, affect the nerves, membranes, tissues, vital organs and vitality of the body.

The harmful effect of tobacco varies and depends on circumstances and the individual. In some it causes general debility, others catarrh of the throat, indigestion, constipation, extreme nervousness, sleeplessness, loss of memory, lack of will power, cowardice and fear, mental confusion, etc.; in others it causes heart disease, bronchial troubles, hardening of the arteries, palpitation of the heart, tuberculosis, blindness, cancer and the common affliction known as tobacco heart.

If you use tobacco in any form you easily detect its harmful effects by making the following simple tests: Read aloud a full page from a book. If your voice becomes muffled, hoarse and indistinct and you must frequently clear your throat, the chances are that your throat is affected by catarrh and it may be the beginning of very serious catarrhal trouble. Next, in the morning, before taking your usual smoke, walk up three flights of stairs at a regular pace, then stop. If you find that you are out of breath, if your heart beat is forced, trembling or irregular, you may be the victim of a functional or organic heart trouble. If you feel that you must smoke or chew to quiet your nerves, you are a slave to the tobacco habit and are slowly poisoning yourself with the insidious deadly drugs, nicotine and furfural. In either case, you have just two alternatives—keep on with your self-poisoning process regardless of the dangers, and suffer the consequences, or rid yourself of the habit and escape the dangers.

You can overcome the craving and stop the tobacco habit in a very short time by using the following inexpensive formula: Go to any drug store and ask for Nicotol. Take one tablet after each meal and in a comparatively short time you will have no desire for tobacco. The craving will have left you. With the nicotine poisoning out of your system your general health will quickly improve.

Note: When asked about Nicotol, one of our leading druggists said: Nicotol is truly a wonderful remedy for the tobacco habit. It is way ahead of anything we have ever sold before. We are authorized by the manufacturers to refund the money to every dissatisfied customer and we would not permit the use of our name unless the remedy possessed unusual merit." Nicotol is sold in this city under an iron-clad money-back guarantee by all up-to-date druggists.

1c For a Hair Cut Instead of 50c

CUT YOUR OWN HAIR. SAVE TIME AND MONEY.

$1.00 CASH ALLOWED FOR THIS AD

Cut your hair twice and the Duplex is paid for. By using the Duplex stropping attachment at least 100 hair cuts can be obtained from the four cutting edges, making the cost per haircut only one cent. Quite a difference from the barbers' heavy charges, isn't it? It makes a clear saving of $13.00 every year for each male member of the family. Besides this cash saving there are many other advantages in owning a Duplex. You can cut your hair in less than 5 minutes instead of an hour at the barber's. No danger of catching dandruff or other hair diseases. You can cut your hair any hour of the day or night, any day in the week. Mothers can cut the children's hair. And you are sure of a smooth even haircut at a cost of 1c instead of paying 50c for one that is uneven and jagged. You can't go wrong with a Duplex, the slanting teeth won't let you. The slanting teeth prevent pulling.

PATENTED OCT. 8, 1918. PRICE TO INTRODUCE ONLY $1.00.

WHATEVER YOU DO, DON'T NEGLECT YOUR EYES, SAYS DR. LEWIS, WHO

Tells How to Strengthen Eyesight 50% In One Week's Time in Many Instances

A Free Prescription You Can Have Filled and Use at Home.

Philadelphia, Pa.—Do you wear glasses? Are you a victim of eyestrain or other eye weaknesses? If so, you will be glad to know that according to Dr. Lewis there is real hope for you. He says neglect causes more eye troubles and poor sight than any other one thing. Many whose eyes were failing say they had their eyes restored through the principle of this wonderful free prescription. One man says after trying it "I was almost blind; could not see to read at all. Now I can read everything without any glasses and my eyes do not water any more. At night they would pain dreadfully; now they feel fine all the time. It was like a miracle to me." A lady who used it says: "The atmosphere seemed hazy with or without glasses, but after using this prescription for fifteen days, everything seems clear. I can even read fine print without glasses." It is believed that thousands who wear glasses can now discard them in a reasonable time and multitudes more will be able to strengthen their eyes so as to be spared the trouble and expense of ever getting glasses. Eye troubles of many descriptions may be wonderfully benefited by following the simple rules. Here is the prescription: Go to any active drug store and get a bottle of Bon-Opto tablets. Drop one Bon-Opto tablet in a fourth of a glass of water and allow to dissolve. With this liquid bathe the eyes two or four times daily. You should notice your eyes clear up perceptibly right from the start and inflammation will quickly disappear. If your eyes are bothering you, even a little, take steps to save them now before it is too late. Many hopelessly blind might have been saved if they had cared for their eyes in time.

NOTE: Another prominent physician to whom the above article was submitted said: "Bon-Opto is a very remarkable remedy. Its constituent ingredients are well known to eminent eye specialists and widely prescribed by them. The manufacturers guarantee it to strengthen eyesight 50 per cent in one week's time in many instances or refund the money. It can be obtained from any good druggist, and is one of the very few preparations I feel should be kept on hand for regular use in almost every family." It is sold in this city by Standard Drug Stores and Strong's Drug Store.

MILITIA DEPT. AUTHORIZES 65 NEW BATTERIES

Reorganizes Artillery To Commemorate Overseas Units.

LONDON NOW HAS 12TH

Other Western Ontario Cities To Have Units Under New Scheme.

OTTAWA, Jan. 23.—(By Canadian Press).—The initial phase of the reorganization of the Canadian militia was entered upon yesterday by the issue of an order by the militia department authorizing the organization of the field and heavy artillery of Canada. Under this order it is proposed to organize and train during the coming year 50 field batteries and 15 heavy or siege batteries.

Practically all the militia batteries except those that fought through the war under their militia numbers and designations are wiped out by this order, and batteries bearing the numbers of the batteries of the Canadian corps artillery are substituted. In this way the newly-organized batteries will hear the numbers under which they fought in the war, except in a few instances where batteries were depot units that did not see service.

Overseas Officers.

All the brigades and batteries will be commanded by officers who have served overseas, and it is expected that a very large percentage of the men will be gunners with overseas experience. It is hoped to selec ta considerable number of junior officers from the non-commissioned ranks who served with distinction in the war.

In order that the batteries may not have to travel long distances to the annual training, it is proposed to hold three or four training camps in June. These will probably be located at the Sarcee reserve in Alberta, Camp Hughes in Manitoba, Petawawa in Ontario, and possibly one in the Maritime Provinces. This arrangement will mean a considerable saving of expense, as the batteries will not have to be taken long distances by rail, as was the case when all artillery had to be brought to Petawawa.

Guns Are Arriving.

The guns for the batteries are already commencing to arrive from England, and will be issued in sufficient time to enable the batteries that have been designated for training in 1920 to be armed and equipped for the June training camps.

Nine brigades, comprising 43 batteries, are to be located in Ontario. Headquarters of the 11th Brigade is to be at Guelph, with the 16th and 29th Batteries at Guelph, the 43rd at Waterloo and 53rd at Stratford. Headquarters of the 7th Brigade are yet to be located, but the 12th, 48th, 55th and 56th Batteries composing it are to be located at London, Windsor, Aylmer and Goderich respectively. Third Brigade headquarters are at Toronto, with the 9th, 15th, 30th and 53rd Field aBtteries and the 1st Siege Battery all at Toronto. Headquarters of the 8th Brigade are at Hamilton, with the 10th Battery at St. Catharines, the 11th and 40th at Hamilton, and the 49th at Welland.

Ottawa First Brigade.

The 1st Brigade and the four batteries composing it, the 1st, 2nd, 25th and 51st, are at Ottawa. The 3rd Field Battery Gananoque, the 32nd Kingston, and the 74th Smiths Falls, composed the 9th Brigade, with headquarters to be located. The 4th Brigade, with headquarters at Peterboro, is composed of the 4th Battery, Peterboro; the 14th, Cobourg; the 34th, Belleville, and the 2nd Heavy Battery, Cobourg.

Among batteries yet to be brigaded are the 5th, Brantford; the 33rd, Orillia; the 41st, Owen Sound; the 69th, Sault Ste. Marie; the 45th, Cornwall; the 46th, Brockville; the 72nd, Arnprior, and the 73rd, Pembroke, while the 26th, 42nd, 47th, 50th, 75th and 80th Batteries have not been located.

G.W.V.A. LIKELY TO O. K. LABOR ORGANIZATIONS

Nova Scotia Resolution Presented For Coming Convention.

CLEAR RELATIONSHIP

Indorsation Probably Will Cement Veterans and Trades Institutions.

OTTAWA, Jan. 23.—(By Canadian Press.)—A resolution which, if adopted at the next convention of the Great War Veterans' Association of Canada, will do much to clear the relationship between the returned soldiers and Labor was submitted to the Dominion executive by the representative of the Nova Scotia command. It was passed at the annual meeting of that provincial organization, and will probably receive the support of the coming convention.

Indorsed by Resolution.

The chief points indorsed by the resolution are:

1—The right of Labor to organize.

2—The recognition of organized labor and its right to negotiate with its employers.

3—The right to strike within the constitutional authority of the Dominion of Canada.

4—That all labor organizations be incorporated.

5—That all contracts entered into between employers and organized labor organizations when within the constitution of the Dominion of Canada, shall be legal and binding upon the contracting parties or organizations.

6—Reasonable trade tests for candidates to trade unions, so as to protect employers and the general public from "incompetents" and "inefficients."

Strike To Be Lawful.

7—That, in order for a strike to be lawful, it shall be necessary that a majority of the employees effected thereby shall have declared by ballot in favor of such strike.

8—That such legislation should not in any way circumscribe the objects of labor or dictate its policies, but should regulate only its methods.

And be it further resolved, that so long as organized labor in Canada pursues its aims and objects by constitutional methods the Great War Veterans' Association may aid, assist and support their legitimate undertakings for the improvement and advancement of labor as a class.

And be it further resolved, that in the event of organized labor pursuing illegal and unconstitutional methods the Great War Veterans' Association will consider it their right and duty, as Canadian citizens, to oppose and assist to repress such unconstitutional methods.

FARMERS WANT RECIPROCITY AND TARIFF CHANGE

Alberta U. F. Demands Necessities To Enter Duty Free.

ASK BONE-DRY PROVINCE

Closer Relations Between Provincial Farmers' Organizations Urged.

CALGARY, Alb., Jan. 23.—(By Canadian Press.)—Nearly 1,300 United Farmers of Alberta in convention cheered lustily today the carrying of a resolution "to bring closer commercial relations between the organized farmers of the several provinces of the Dominion."

Closer political relations were also strongly approved when it cropped up at several points in the day's discussions.

A bone-dry Alberta was another popular move. Repeal of the supplementary revenue tax, regarded as a war measure and a three-year basis for farmers' income tax, together with the annual plea for national control of all natural resources, were also strongly favored.

Reciprocity with U. S.

Reciprocity with the United States, and immediate removal of the tariff on necessities of life, carried without dissent.

On the plea of many returned soldier delegates the $2,000 cash bonus scheme was rejected and hearty support given to the Great War Veterans' plan.

That the medical profession as at present practiced holds too great a monopoly and that the chiropractic profession should be more favorably recognized, was the opinion of the United Farmers. The convention went on record in support of a law to legalize the chiropractic practice and to establish a board to pass on qualification of entrants into the profession. The placing of doctors in all rural districts was strongly urged by the delegates.

Further Increase.

A vigorous kick against any further increase in medical or legal fees was also registered.

A resolution on minimum salaries for teachers was tabled for want of information.

Better housing for agricultural students was favored.

Dodd's Kidney Pills' Great Work For Women

Is Once More Shown in the Case of Mrs. Robert Bell, Who Says She Can Never Thank Dodd's Kidney Pills Enough.

Golden Valley, Ont., Jan. 23.—(Special.)—"I had kidney trouble. My nerves were bad. I felt tired all the time. I was all rundown.

"My troubles are all gone since using Dodd's Kidney Pills. My appetite is good, and I am increasing in weight."

These are the statements of Mrs. Robert Bell, a well-known and highly respected resident of this place. They must be of interest to thousands of tired, suffering women in Canada. Thousands of other Canadian women who have used Dodd's Kidney Pills know them to be true.

For Dodd's Kidney Pills are no experiment. They are a household remedy in thousands of Canadian homes. They have earned their place by the pains they have relieved and the health they have brought. Ask your neighbors about them. You can hardly fail to find women who exclaim with Mrs. Bell, "I can never thank Dodd's Kidney Pills enough."

THE PLAGUE OF PIMPLES

Body Covered With Them.

The primary cause of pimples arises from the blood not being in a good condition. When the blood becomes impure you will find that pimples will break out all over the body, but more particularly on the forehead, nose and chin, and although they are not a dangerous trouble they are very unsightly. What you need when pimples or boils break out is a real good blood purifying medicine such as Burdock Blood Bitters.

This preparation has been on the market for over 40 years and is the most reliable remedy for all troubles arising from a bad condition of the blood. It removes all the impurities from the system, and will leave a clear, healthy skin.

Mr. Emerson G. Goodwin, Cambridge, N. B., writes: "For nearly two years I suffered from boils and pimples on my face and neck, and nearly all of my body was covered with the pimples. I tried most everything, but got no relief. One day a friend advised me to try Burdock Blood Bitters, and after using three bottles the pimples and boils had all left me and there is no sign of them returning. I can strongly recommend B. B. B. to anyone who is troubled with skin disease."

Lovely Baking Set With Real Groceries and This Beautiful Walking Doll

GIRLS—Just think!—here is a baking set with real groceries—so cute and useful that every girl who sees it is wild about it. And not only can you get it complete, without spending a cent of money, but you can also receive this magnificent WALKING DOLL—the wonder of toyland—a beautiful big doll such as the stores are selling at $5.00 to $10.00 each. She can walk across the floor just as if she were alive.

The baking set contains lovely toy utensils—a bakeboard, rolling pin, mixing bowl, baking pans, scoop, tea spoon, recipe books and the cutest outfit of groceries ever seen. There's a bag of flour, a yeast cake, can of baking powder, box of baking soda, box of salt—in fact, everything you get complete, so you can bake just like Mother and serve five o'clock tea to your friends. And as for Dolly, she will amaze you and your friends because she is so big and beautiful and can walk so well.

GIRLS—If you want these beautiful rewards just send us your name and address to-day and we will send you, all postage paid, just 20 big handsome packages of 'Dewkist Boquet,' our exquisite new perfume, which we want you to introduce among your friends and neighbors, at only 10c each. This perfume is so delightfully sweet and lasting that it just sells like hot cakes. Everybody wants 'Dewkist Boquet,' because one 10c package will perfume more articles than a dollar bottle of ordinary perfume. It's no trouble at all to sell it. Return our money, only $3.00, when the perfume is sold and we will at once send you the lovely baking set just as shown and the beautiful walking doll you can also receive, without selling any more goods, for showing your lovely reward among your friends and getting only six of them to sell our goods and earn our fine premiums as you did.

REMEMBER—You take no risk. We pay all delivery charges on your rewards and will take back any unsold perfume and give you fine prizes or cash commission for whatever you do sell. Write to-day, girls—a postcard will do, and in a few days you will be the proud owner of these beautiful rewards. 25D

"ORANGE LILY SAVED MY LIFE."

These words or expressions having the same meaning are contained in hundreds of the letters I have received during the past year. Many were from women who had suffered agonies from falling of womb; others from women who had escaped dangerous surgical operations, as the tumors and ulcers had been removed by the action of Orange Lily; and others who had suffered from suppressed menstruation, leucorrhoea, painful periods, etc. For all these and the other troubles known in general as Women's Disorders, Orange Lily furnishes a positive, scientific, never-failing cure. It is applied direct to the suffering organs, and its operation is certain and beneficial. As a trial actually proves its merit, I hereby offer to send, absolutely free, a box worth 45c, sufficient for ten days' treatment, to every suffering woman who will write for it. Inclose 3 stamps. Silver Grain Spruce

IS USED FOR SOUNDING PARTS OF STARR PHONOGRAPHS AND MAKES THEM BEST IN TONE

Do You Know About Silver Grain Spruce?

You know that the old violins of Stradivarius, Guinaris, Cremona, and others, are simply priceless today because of their matchless tone; but did you know that Silver Grain Spruce is the wonderful sounding wood responsible for the tone of those master-violins? This rare, perfect music-wood is used exclusively for the sounding horn, tone chambers and singing throat of every STARR Phonograph made.

The STARR Convinces the Experts

At the Panama-Pacific Exposition, a gathering of world-famous musical critics and experts had no other course open to them than to award the STARR Phonograph the Blue Ribbon, Gold Medal and Grand Prize, against all other makes. They did it on TONE—the tone that makes the STARR the most desirable phonograph for YOUR home. "The difference is in the tone."

You'll Get More Out of Every Record You Buy

As a phonograph-owner, you will get the very best records and selections obtainable, of course. Then it will be wise to insure that the good records you buy will not be rendered in an imperfect, faulty way, but with all their glorious tones reproduced exactly as the artist intended. The marvellous responsive wood used in the STARR'S sounding parts will give you better value out of every record you buy.

THE BIGGEST SHIPMENT WE EVER RECEIVED HAS JUST COME IN AND AWAITS YOUR INSPECTION

Following upon our large announcement in yesterday's papers, many people have visited our salesrooms and admired the wonderful showing of newly uncrated STARR Phonographs, fresh from the factory. Not one model or a few to choose from, but scores and scores of beautiful examples—real masterpieces of the cabinet-makers art—richly encased in choice, rare woods, superbly finished within and without. Any one of these would make an ornament in the finest home. Eight different styles in many woods—all STARRS—all having that perfect tone that only STARR owners know. Let us at least show you—the visit will prove to be an enjoyable one. We also sell the famous Gourlay and Mozart Pianos, small musical instruments and musical accessories of all kinds.

MR. DEWART'S NEW LIBERALISM.

Mr. Hartley Dewart spoke with his usual definiteness at the meeting of Southwest Toronto Liberals. He declared the faith of the New Liberalism and its desire to give all the people a square deal at all times.

The New Liberalism is the healthy evolution of old Liberalism, its application to new needs as they have arisen in our more complex society, the extension of its principles from mere political lines towards economic and social objectives. An organism must adapt itself to changing circumstances and deal effectively with them, or decay and die. So Liberalism as understood and propagated by Mr. Dewart is not merely old but born again.

Our grandfathers fought for political equality and justice. They made Ontario government democratic. Liberalism's principle of a square deal all round was fulfilled in Ontario's constitution and laws. But in the past twenty years those laws have not been honestly administered in some cases, and new conditions of business and wealth have developed which tend to weaken our democratic system in actual practice if not in theory.

Mr. Dewart has been for years a watchful and competent champion of Ontario's laws, revenue interests and new needs. From the energy of his character and his past performances we can have not the slightest doubt that if the people had honored him with the premiership, he would carry out his promise to enforce the laws against combines, to curb profiteers in a practical way and reduce the cost of living, to reform taxation, and to re-establish democracy in this province. It is to be hoped that the Liberal reforms planned by Mr. Dewart and his associates will be as eagerly advanced by the Farmers' Government now in power.

What the people are crying for at this time is legislation to restore social equilibrium and the due weight of the masses, to adjust taxation to the recent developments in distribution of wealth, to destroy the incentive to price-boosting with its vicious spiral circle and to keep the money-power in its proper place. If Mr. Drury's Government can give Ontario a satisfactory solution of these problems, Liberalism will be satisfied. In the meantime one of the most gratifying signs of the general trend of opinion is the conversion of half Toronto to right political reason. Liberalism is justifiably jubilant in the great Tory town and it is not surprising to hear that its various organizations in the city are shortly to be reorganized and rejuvenated. Mr. Dewart's timely and thoughtful address will be a lively impulse to that end.

DID DANIELS THINK IT?

Secretary of the United States Navy Daniels promptly denied that he was the "high official" accused by Rear-Admiral Sims of warning him (Sims) not to let the British pull the wool over his eyes, and that, "we would as soon fight Great Britain as Germany." He now follows this up with a statement in the American press as to what he did say to Sims just before the latter left for overseas to take command of the American fleet. Here is his explanation:

"At that time Congress had not declared war. Rear-Admiral Sims was cautioned to perform no act and to make public no statement that could commit this country to any course pending declaration of the country's policy by the president and the Congress. In this connection I reminded him of the statement in his Guildhall speech in England when he was a younger man, for which he was reprimanded by President Taft: 'If the time ever comes when the British Empire is seriously menaced by an external enemy, it is my opinion that you can count on every man, every dollar, every drop of blood of your kindred across the sea.' I told him he was selected, not because of this speech, but in spite of it, believing he would exercise the discretion and diplomacy which the confidential nature of his mission necessitated."

Daniels declares he did not make the sensational remark that Sims says somebody was guilty of when he was receiving final instructions from the administration. Daniels' word must be taken on the matter, of course, but from a reading of his explanation it is not difficult to believe that the secretary of the navy felt somewhat as the "high official," presumably a colleague, talked. As Mr. Daniels points out, when the instructions were given Sims the United States was not officially at war. The president and Congress had still to pass on the question. But to all intents and purposes America was in the war. Gerard had been recalled from Berlin and Bernstorff from Washington and German submarines were sinking American vessels right and left, Germany having decided to defy the United States and stake everything on the submarine campaign. British fleets were protecting American ships and rescuing American sailors and citizens. It was to assist in this war on the U-boats and help sustain the blockade that Sims was being sent overseas. And it was certain—so effective was the Hun campaign at sea—that only the most powerful combination of Allied and American fleets and the greatest activity would prevail. Yet Mr. Daniels told Sims in the face of this that he was not expected to appear too kindly or friendly towards the British. Furthermore, for months after war was declared, according to Sims, the United States navy department showed an extraordinary listlessness in co-operating with the British fleets. Is it surprising that somebody, that "high official," took his cue from the attitude of Mr. Daniels, which at the best, appears to have been coldly indifferent.

WINTER MISTS.

"Far out to the westward, on the edge of morn,
The slender misty city towers upborne,
Glimmers faint rose against the pallid blue:
And yonder, on those northern hills, the hue
Of amethyst hangs fleeces dull as horn."

There is something reticent about the distant mists of winter. Autumn, with misted sunshine everywhere, flaunts her purple haze and drowns the thoughts of duty, and compels us, at least in spirit, to follow her way of gorgeous beauty, resting our bodies and quieting our ceaseless consciences with gipsy promises that she in truth fulfills, however much we disobey the voice of duty that calls us to our tasks. But winter keeps her beauty as a sweet discovery for those who are brave both in work and in play.

"Whether the day be grey with storm,
Or hung with blue and gold,
Where the hill crest goes to meet the sky
There's a challenge sweet and old."

If our thoughts were not so much with us, we would take the challenge and seek the whiteway where the "clouds are a misty shadow and the hills a shadowy mist," because it is ours just for the lifting of our eyes. With most of us our thoughts are busier than our eyes and we pass unseeing the wonders of the outdoors, going unheeding ways with hearts that ache for understanding and rest, all undreaming that nature is ready to minister to our needs as nothing else can.

If our daily way to business lies along the paths of beauty, so much the richer are we, but if they thread through busy streets we are not entirely deprived of our rights, for look what way you will in London, even in winter, the time of sleeping beauty, there are wonderful distances of blurred, brown, leafless trees proclaiming the tenderness and soft beauty of a grey winter sky, or on a day of blue and gold, if one takes the joy of looking, there is never such blue in any sky as that which the bare trees are madly singing about to unheeding ears and unseeing eyes. We greet and pass our friends that forget us with a smile, but we do not lift our eyes, eyes that are aching and weary with close usage, and long for and need distant views, to the wonder of soft distances of even city streets. Their mists will heal us of unrest and needless fret and send us to our tasks with brave, willing hearts, and "banish our shameful hopes." At sunset their coral-tinted edges of grey will hasten us homeward with singing hopes and deep content.

DAZZLING.

[Turner's Weekly.]

The dazzling expanse of white made his eyes pain sharply; there was no relief; the flat, glistening area, without limit and without a break, made him feel that he must find shelter or go blind. Where was he? On the frozen wastes surrounding the North Pole? No: at a dance, looking at a back. (Extract from an unwritten novel.)

WOMEN SMOKERS.

[Hamilton Spectator.]

Bishop Reece implored an audience of 500 returned men in Toronto to give up smoking "in self-defence, to set an example to the women." "You'll have to give up smoking," he said, "because you don't want your girls smoking and your wives smoking." His lordship admitted that he was not a smoker himself, and declared he had nothing to say against the men who did smoke. In that case he acknowledges that there is no harm in a man smoking if he wants to. The vice comes in when the women ape the masculine habit. Should not his lordship, therefore, lecture the women instead of the men? Supposing his advice were followed, the result would be a reversal of the natural order of things. Women who smoke do so, most often, just to be original. They do not get the same satisfaction from tobacco as men. Men smoke for the sake of comfort; women, in the majority of cases, out of sheer frivolity. It is possible that the old Irish peasant woman, with her seasoned pipe, experiences similar enjoyment to the habitual male smokers; but the kind of femininity who indulge in cigarettes would resent such a comparison.

There is a use for all things, as well as a misuse. Because the indulgence in tobacco by women is objected to, that is no reason why its legitimate use by men should be suppressed. The trouble with this generation is that the equality of the sexes business is so grossly overdone. Women in their frantic efforts to imitate masculine ways, are making themselves extremely ridiculous. For men to effeminize themselves "in order to set an example" to their sisters, as counseled by the bishop, would only make matters much worse than they are. The remedy is not to deprive the men of their prerogatives, but to try and bring the women to a better sense of what is fitting and of what they owe to their self-respect. What is natural in the case of the one sex is quite incongruous in the case of the other. As wise old Dr. Johnson said somewhere regarding women who affect masculine ways: "Sir, they are like dogs walking on their hind legs; they do not do it well, but one is surprised that they do it at all."

A PEARL DIVER.

He was just out of the army. His thoughts were on the future. His old clerking job had no appeal for him. He wanted no more prosaic counter-jumping. The war had given him a new point of view. His new work must be in the great outdoors and touched with romance and adventure.

Pondering his problem as he walked the street, his eyes fell upon a building the front of which was covered with placards. It was an employment agency. He glanced with casual interest over the assortment of odd jobs offered. He thrilled with sudden excitement as he encountered a sign which read:

"Wanted—Three pearl divers: $15 and board."

There was the job for him! He immediately thought of the romance of the South Seas, of diving into crystal ocean depths and bringing up lustrous pearls destined to gleam on the ivory throats of beautiful women in the palaces of the rich and noble.

"I'd like to try one of those pearl-diving jobs," he sputtered.

"Have you had any experience as a pearl diver?" asked the agent.

"Not exactly, but I'm a darned good swimmer."

"What are you trying to do—kid somebody?"

"No, that's a fact. I'm a good diver, too. I've held my breath under water 45 seconds. Where is this pearl-diving job—Samoa or the coast of Ceylon?"

"It' down King street, in a restaurant. A 'pearl diver,' silly, is slang for 'dishwasher'."

The war veteran in quest of romance fled.

From Here and There

THEY CARED NOT OVER-MUCH.

[Henry Newbolt.]

Sitting at times over a hearth that burns
With dull domestic glow,
My thought, leaving the book, gratefully turns
To you who planned it so.

Not of the great, only you deigned to tell—
The stars by which we steer—
But lights out of the night that flashed, and fell
Tonight again, are here.

Whether their fame centuries long should ring
They cared not over-much,
But cared greatly to serve God and the King,
And keep the Nelson touch.

And fought to build Britain above the tide
Of wars and windy fate;
And passed content, leaving to us the pride
Of lives obscurely great.

A MODEL FAREWELL LETTER.

[London Chronicle.]

A popular play-centre superintendent is resigning her position after many years' service, and grateful children who have been under her rule are sending her letters of regret and farewell. The one which is most prized comes from a boy 9 years old, and runs:

"Dear Miss ——:

"I a mvery sory you are goin, but don't wurry. Preaps the lady who is cummin will be as nice as you are. So it will be all rite. Yours truly."

THEIR LACK IS OUR SHAME.

[London Chronicle.]

The soldiers who were 20 years of age at the beginning of the war are now 25, and it is very unfair to tell them that all the intervening five years have been wasted, and that they alone must pay the penalty of the waste. Having been glad enough to accept their war service, we must now receive them back as they are, and do our best to fit them into our peace-time organization, even if we must work a little harder ourselves, or make some other slight sacrifice to help out their insufficiency. It will be a disgrace to the nation if even the most incompetent of those who were competent enough to save our freedom be cast on the scrap heap.

FROST SONG.

[From "The Drift of Pinions," by Marjorie L. C. Pickthall.]

Here where the bee slept, and the orchid lifted
Her honeyed pipes of pearl, her velvet lip,
Only the swart leaves of the oak lie drifted
In sombre fellowship.
Here where the flame-weed sets the lands alight
Lies the bleak upland, webbed and crowned with white.

Build high the logs, O love, and in thine eyes
Let me believe the summer lingers late.
We shall not miss her passive pageantries,
We are not desolate,
When on the sill, across the window bars,
Kind winter flings her flowers and her stars.

THE GAME OF LIFE.

[Owen Sound Sun-Times.]

A remarkable painting, called "The Game of Life," represents a young man playing a game of chess with the devil. The chessmen are so arranged that apparently the only move the young man could make would lose the game. Paul Morphy, a famous chess player, went to see the picture, and after thinking it over, called for a chessboard and played the game so as to checkmate the devil and save the young fellow's soul, which was the stake in the game. That is a fine illustration of what was done nearly 1,900 years ago for every young man by the only one who ever won out in a game with the devil.

PROMOTING CANADIAN TRADE.

[Monetary Times.]

Several departments of the Dominion Government will, it is understood, be reorganized in the near future, and among these is to be the department of trade and commerce. The extent to which the government can and should assist in the development of trade is a subject about which there is much uncertainty and disagreement at present. To meet the exigencies of war-time a number of special bodies were created, including the war trade board at Ottawa, the Canadian trade commission at Ottawa, the Canadian trade mission in London, England, and the trade commission at Washington. The department of trade and commerce is itself represented by trade commissioners in the principal countries of the world, whose duty it is to assist exporters in securing orders, making shipments, etc., and generally to disseminate information regarding Canadian products.

It is obvious that such complicated arrangements will not be suitable as a permanent plan. The retention of some of these organizations, especially of the trade mission in London, is being strongly urged, and one of the arguments advanced is that, being independent of the civil service commission, they have been able to show much better results than are usually expected from government bodies. If this is the case, then the work of the civil service commission should be so adjusted that other departments may be able to make similar arrangements. Some parties with whom the government has discussed this matter, including Lloyd Harris, who was head of the trade mission in London, are in favor of an aggressive policy abroad.

While most countries have taken active steps to secure trade for their industries during the past few years, by sending government officials abroad, the success of these experiments is not assured, and it is at least recognized that the work which can be accomplished by a bureaucracy of this kind is limited. The officials can act as sources of information, to advise the exporters at home as to the kind of goods wanted, methods of shipment, customs and financing; they can bring their countries' products to the attention of buyers in an indirect way. But orders can be obtained only by representatives or agents of the firms, and the government departments cannot do away with the necessity for direct solicitation. These and numerous other limits to the effectiveness of government work in this field should be carefully borne in mind when new arrangements are being considered.

A BIRD LOVER.

[Quebec Telegraph.]

The late regretted Sir Wilfrid Laurier is revealed to us in a new though not at all surprising light in one of the recent reports issued by the Commission of Conservation. A national conference on game and wild life conservation was in session at Ottawa at the time of Sir Wilfrid's death, and in the complete report of its proceedings, which has recently been distributed, eloquent testimony was borne by Sir James Grant of Ottawa, Professor Bryce of Manitoba and others to the great statesman's deep interest in the conservation of our national resources. To Dr. Hewitt, the Dominion entomologist, we are indebted for reminding us in one of his speeches at the conference in question that Sir Wilfrid possessed a great love of nature, particularly of birds and trees. "I never met him," said the doctor, "without the conversation turning to the subject of birds, or to the work that was being done by the various provinces for their protection. The last communication I had with Sir Wilfrid was a letter from him telling me that he had written Sir Lomer Gouin asking his interest in the work that this commission and the advisory board had undertaken to secure the reservation of the Bird Rocks and Bonaventure Island, in the Gulf of St. Lawrence, as bird sanctuaries." It is interesting to notice in this connection that the Gouin government did not stop at the request from Ottawa in regard to the work of the commission, but established the bird sanctuaries in question by provincial legislation, in virtue of a bill drafted, introduced and passed through the House a year ago by the Hon. Honore Mercier. Sir Wilfrid Laurier's love of birds has been shared by many other great men, including the late President Roosevelt, John Burroughs and others. The vast services to humanity of our feathered friends should make them much more generally and popularly loved and protected than they really are. The thoughtless destruction of so many of our insectivorous birds is little less than criminal, especially in view of the tremendous losses which are annually incurred in consequence thereof, by the ravages of the crops and the forest trees by noxious insects. It should be the duty of everybody exercising influence with our country's youth to impress upon it on every possible occasion the love of our feathered friends, and the duty, even from the standpoint of self-interest, of protecting them from thoughtless slayers and of aiding them in every possible way to live happily their bright, joy-giving and useful lives. So will they imitate, in one respect at least, the great, loving and lovable statesman whose memory is one of the precious heritages of the Canadian people.

WEAK, WATERY BLOOD IS THE CAUSE OF MANY SERIOUS TROUBLES

Pale, Weak Women and Girls, Easily Tired Men and Boys Are Victims of Anaemia—Sound, Robust Health Can Only Be Had by Enriching the Blood and Keeping It Red and Pure.

Conditions Of Thin, Watery Blood Can Be Easily Corrected Through The Use Of Dr. Williams Pink Pills

Anaemia is so prevalent, particularly among young girls and growing boys, that every mother should know how to recognize its symptoms, for this trouble makes its approach so gradually and so stealthily that it is often far advanced before it is noticed. Anaemia literally means bloodlessness, and it is thought to be due to a lack of sunlight, improper nourishment, and insufficient out-of-door air. It is most common among those who are confined indoors by their occupations and among those who do not eat regularly or do not select a proper diet.

LOOK FOR THESE SYMPTOMS

The one general symptom of anaemia is pallor. The cheeks gradually lose their color, the lips become white. With this loss of color there comes a tendency to fatigue, palpitation of the heart and breathlessness after slight exertion, with occasional headaches. In ordinary anaemic conditions, including the anaemic that afflicts young girls in their teens, Dr. Williams Pink Pills are all the medicine required. These, with fresh air, sunlight, proper food and a little rest after meals, will make recovery complete.

NERVOUS TROUBLES

Many severe nervous troubles have their origin in anaemia. Is is literally true that when the blood is weak and watery, the nerves are starved, and there follows neuralgia, sciatica and nervous headaches. When the blood is made rich and red, these troubles speedily disappear, as is shown by the case of Miss Annie L. Johnston, R. R. No. 1, Listowel, Ont., who says: "For a long time I was a severe sufferer from nervous troubles, with the result that I grew very pale and weak. Medical treatment did not help me, and various medicines had no beneficial effect, until finally a friend advised me to try Dr. Williams Pink Pills. I began their use and took the pills regularly for several months, with ahe result that I not only gained in weight, but have recovered my full health and strength. I cannot praise Dr. Williams Pink Pills too highly for what they have done for me."

BLOOD WEAK AND WATERY.

Another case in which Dr. Williams Pink Pills have restored a weak, despondent girl to good health is that of Miss Jessie McLean, Trenton, N. S., who says: "I was as weak as it was possible for anyone to be, and yet be able to go about. My blood seemed to have turned almost to water. I was pale, the least exertion would leave me breathless, and when I went upstairs I would have to stop and rest on the way. I often had severe headaches, and at times my heart would palpitate alarmingly. A good friend urged me to try Dr. Williams Pink Pills, and I have reason to be grateful that I took the advice. Soon after beginning the use of the pills I began to get stronger, and by the time I had taken seven boxes I felt that I was again enjoying good health. I think Dr. Williams Pink Pills are a blessing to weak girls, and I shall always warmly recommend them."

WEAK AND RUNDOWN.

There is no eight-hour-day for the woman in the home. Her every waking hour is filled with household duties and cares, and often, under the strain, her blood becomes weak and watery, and there is a complete breakdown in health. Mrs. Milan Bailey, Utterson, Ont., tells what Dr. Williams Pink Pills did for her in a health crisis. She says: "Some two years ago I got weak and badly rundown, and could scarcely do my housework. I grew so thin that my friends used to comment upon it. At that time my baby was six months old and the care of it and my housework was almost aoo much for me. It was at this stage that my husband got me a supply of Dr. Williams Pink Pills, and before I had been taking them long we could see an improvement in my condition. For months I had not been sleeping well, and my natural sleep returned, and I wasn't so nervous. Then my friends began to comment on my improved condition, and tell me how much better I was looking. By the time I had taken six boxes I felt completely cured, and have since enjoyed the best of health. Now I never fail to recommend Dr. Williams Pink Pills when any of my friends are ailing."

A TEACHER'S EXPERIENCE.

Nervous exhaustion, nearly always brought on by anaemia, is one of the most serious troubles affecting men and women of today. The only way to bring back sound, vigorous health is to feed the starved nerves, which are clamoring for new, rich blood. This new blood can be had through the use of Dr. Williams' Pink Pills, which fact accounts for the thousands of cures of nervous diseases brought about by this powerful blood builder and nerve restorer. Through a fair use of this medicine thousands of despondent people have been made bright, active and strong, among these is Miss Biblane Chiasson, South Beach, Que., who says: "I am a teacher by profession, and probably due to the close confinement and arduous nature of my duties I became much rundown and suffered from extreme nervousness. The least noise would startle me, and my heart would beat violently. Indeed my condition was an unhappy one. I had often heard of Dr. Williams' Pink Pills as a cure for nervous troubles and decided to give them a fair trial. I am happy to say that this medicine completely restored my health, and I can confidently recommend it to all suffering from nervous troubles."

KEEP YOUR SYSTEM TONED UP.

Keep your system toned up with Dr. Williams Pink Pills and foods that once distressed you will be harmless, exposure will bring no fears of rheumatism or neuralgia and even germ diseases need hardly be dreaded.

Dr. Williams' Pink Pills, assist digestion, correct the lassitude, the palpitation of the heart, shaky nerves, and the pallor of the face and lips that are the result of thin, impure blood.

Try Dr. Williams' Pink Pills for anaemia, rheumatism, neuralgia, nervousness. Take them as a tonic if you are not in the best physical condition and cultivate a resistance that will keep you well and strong. Get a box from the nearest drug store and begin this treatment now.

How Lack of Iron In the Blood May Change a Woman's Appearance and Break Down Her Physical Strength

While Plenty of Iron Makes Rich, Red Blood Corpuscles That Give Health, Vitality and Beauty.

Every Woman Who Looks Pale, Haggard and Worn Should Have Her Blood Examined For Iron Deficiency—Administration of Simple Nuxated Iron Will Often Increase the Strength and Endurance of Weak, Nervous, Careworn Women in Two Weeks' Time and Make Them Look Years Younger.

These illustrations show how a woman may look when she has only 25% red blood corpuscles, and her blood is starving for iron, and the change that takes place in her appearance when the percentage of red corpuscles increase as her blood becomes filled with strength-giving iron.

Longing for the keen activity, the youthful step, the fresh rosy cheeks, and the sunny disposition of buoyant health is making many a woman unhappy, discontented, wrinkled and old before her time. Sleepless nights spent worrying over supposed ailments, constant dosing with habit-forming drugs and narcotics, and useless attempts to brace up with strong coffee do not help the real cause of their trouble, which may be nothing more than lack of iron in the blood. For want of iron a woman may look and feel old at 30, pale, haggard and all run-down—while at 50 or 60, with good health and plenty of iron in the blood she may still be young in feeling, and so full of life and attractiveness as to defy detection as to her real age.

That women may become stronger, healthier, more beautiful and better able to meet the cares of home, social and business life by increasing the supply of iron in their blood, is the opinion of Dr. George H. Baker, formerly Physician and Surgeon of Monmouth Memorial Hospital, New Jersey, who says: "What women need to put roses in their cheeks and the springtime of life into their step is not cosmetics or stimulating drugs, but plenty of rich, pure red blood. Without it no woman can do credit to herself or to her work. Iron is one of the greatest of all strength and blood builders, and I have found nothing in my experience so effective for helping to make strong, healthy, red-blooded women as Nuxated Iron. From a careful examination of the formula and my own tests of Nuxated Iron I feel convinced that it is a preparation which any physician can take himself or prescribe for his patients with the utmost confidence of obtaining highly beneficial and satisfactory results."

Among other physicians asked for an opinion was Dr. Ferdinand King, New York Physician and Medical Author. Dr. King says: "By enriching the blood and in increasing its oxygen-carrying power Nuxated Iron will often transform the flabby flesh, toneless tissues, and pallid cheeks of nervous, rundown women into a glow of health and make them look years younger within a surprisingly short time."

Dr. James Francis Sullivan, formerly Physician of Bellevue Hospital (Outdoor Dept.), New York, and the Westchester County Hospital, says: "As I have said a hundred times over, organic iron is one of the greatest of all strength-builders. I have prescribed Nuxated Iron—organic iron—many, many times, and I have seen frequent instances where it gave renewed strength and energy, increased power and endurance, steady nerves, and the rosy bloom of health, in about ten days' or two weeks' time. I consider Nuxated Iron one of the foremost blood and body builders—the best to which I have ever had recourse."

It is surprising how many people suffer from iron deficiency and do not know it. If you are not strong or well you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of Nuxated Iron three times per day after meals for two weeks. Then test your strength again and see how much you have gained.

MANUFACTURERS' NOTE: Nuxated Iron, which is prescribed and recommended above by physicians, is not a secret remedy, but one which is well known to druggists. Unlike the older inorganic iron products it is easily assimilated and does not injure the teeth, make them black, nor upset the stomach. The manufacturers guarantee successful and entirely satisfactory results to every purchaser or they will refund your money. It is dispensed in this city by Cairncross & Lawrence, Standard Drug Company, Taylor Drug Company and all other druggists.

THE REDINGOTE APPEARS WITH SPRING FASHIONS.

Really to have the proper tailored figure this spring you should have a suit which tends toward the Redingote in style. There must be the long coat, fitted at the waist-line, and then gradually flaring almost to the knees, with the opening at the neck, U-shaped. And with this must go a very narrow pleated skirt—knife pleated, box pleated or accordin pleated, it matters not.

Another distinctive feature of the spring fashions will be the appearance of touches of orange, especially as trimming on dark street costumes.

FREEING OF GIRLS FROM TURKISH HAREMS.

There is a splendid movement on foot in the Near East—the freeing of girls from Turkish harems, of whom there are supposed to be as many as 50,000. This is a form of slavery which is going on even in these civilized times, and the action to do away with it is in keeping with the ideals for which the last great war was fought. It is a part of the Turkish question which is bothering all Europe.

The great difficulty about giving these girls their freedom is the fact that in the rich harems of Turkey they have been living lives of idleness and luxury, and are unable to put up with hardship or earn a living for themselves. However it is hoped that homes will soon be established where these girls will be looked after and taught how to fend for themselves, but until then no very direct action as to the freeing of these girls may be taken.

WAGES TO DEPEND ON NUMBER OF EMPLOYEE'S CHILDREN.

A new system of wages has been devised in New South Wales, dependent on the number of children dependent on the wage-earner. A bill to this effect was passed by the legislative assembly, and provides that the board of trade shall find out the cost of living for a man and wife, as well as for a single child or more in a family. Statistics will then set the cost of living, so that it will form a basis from which all wages will be calculated. This was done for the purpose of insuring a living wage for everybody.

SOCIAL AND PERSONAL

TELL IT TO THE SOCIETY EDITOR.

Mrs. W. A. Gough has returned from Lima, Ohio.

The Lord Roberts Chapter will hold its annual meeting on Tuesday next in Cronyn Hall.

Mr. Isaac Silverman of Altoona, Pa., spent a few days visiting his brother, Mr. Herman Silverman.

Mr. and Mrs. A. E. Nablo and little daughter, Mildred, of Calgary, are the guests of Mrs. J. E. Hill, Dundas street.

Mrs. O. G. Taylor, who for some time has been with her parents, Mr. and Mrs. J. Macdougall, has returned to Washington, D.C.

Miss Rita Middleton of St. Thomas was one of the many out-of-town guests who attended the Tuscan ball on Thursday night, looking very pretty in a gown of silver cloth and tulle.

Mrs. Gordon A. Gerald (formerly Miss Gertrude Walsh) will receive for the first time since her marriage, with her mother, Mrs. Walsh, at the latter's residence, 335 King street, on Tuesday afternoon, January 27.

On Monday night about thirty young people met at the home of Mr. and Mrs. George Shearer, 321 Hill street, it being the occasion of a surprise party for Miss Lucy Shearer. The evening was spent in music and games.

The leading members of the cast of "Chu Chin Chow" enjoyed a jolly old-fashioned sleigh ride party on Thursday evening, which was planned by the manager, Mr. Miller. The sleigh ride was followed by an oyster supper.

Mrs. W. L. McKenzie, accompanied by her two small sons, Ralph and Donald, left today for her home in Lethbridge. While in London Mrs. McKenzie was the guest of her sister, Mrs. J. E. Hill, Dundas street east.

There will be another "home hour" at the Y. W. C. A. residence, King street, on Sunday afternoon, when the hostesses will be the young people of the Dundas Centre Methodist Church. The "home hours," which were begun Sunday, and will continue every Sunday, are for the purpose of giving the girls in the city an opportunity of meeting together amid a home atmosphere on Sunday afternoons.

The town hall at Leamington was transformed into a regular Oriental palace with gay rugs and bright lamps from the Mocha Temple, London, when the Leamington Club, R. O. M. S., gave their second annual ball. From the grand march, led by Mr. and Mrs. Robt. Ross, the latter in a gown of embroidered black net, with corsage of Killarney roses, until the last waltz, the affair was one continual round of gaiety. Bright balloons floated overhead, and gay-colored streamers of serpentine paper intertwined among the dancers. The delightful music furnished by the Moslem Orchestra of Detroit made the dance one to be remembered by the guests. At midnight a dainty supper was served in the Masonic Temple, and dancing continued until the wee small hours.

REID—DOHERTY.

A pretty marriage took place at Kitchener, when Miss Marie Doherty of Owen Sound, was united in marriage to James S. Reid of Stratford.

THOMPSON—GIBB.

The marriage took place on Wednesday at Stratford of Miss Isabella Gibb, daughter of Mr. and Mrs. Robert Gibb, to Roy Thompson of Downie. Rev. Dr. Martin performed the ceremony. Mr. and Mrs. Thompson will reside in Downie.

ROBINSON—SCHREIBER.

London will be interested in learning about a marriage which took place in Grace Church, Toronto, on Tuesday last, when Miss Marion Schreiber, daughter of Mr. W. de Lisle Schreiber, was united in marriage to Mr. J. Beverley Robinson, son of the late Christopher Robinson and grandson of Sir John Beverley Robinson, chief justice of Upper Canada. The groom is the famous flight-lieutenant who made a remarkable escape from a German prison camp during the war, while the bride did splendid service in Toronto hospitals.

The bride, who was given away by her father, wore a gown of white charmeuse and silver lace with a long train lined with chiffon. Her veil was an old family heirloom of Limerick lace, which was caught with orange blossoms, and she carried roses and freesias. Mr. and Mrs. Beverley Robinson will spend their honeymoon in the South.

AT THE TOP IN PIANO BUILDING.

Ye Olde Firme of Heintzman & Co., Limited, 242 Dundas street, London, are within very few steps today of having been in business as piano manufacturers for three-quarters of a century. Their start in business was in 1850. During all these years they have kept in the leadership, because determined to build only a piano that would appeal to the most artistic musical taste—and a piano that was made to last. Among their series of Art Uprights is the Ionic, which is a very beautiful piano, and suited for the moderate-sized parlor or apartment house.

WILTON GROVE CLASS HAS EXCELLENT HOT LUNCH SYSTEM GOING

Has Proved An Assistance, Rather Than Worry, To Teachers.

The following is the report of an experiment tried with success by Miss Inez Jeffrey, Wilton Grove, teacher in S. S. No. 18 and 21, Dorchester and Westminster Townships. At first she named it an addition to the Rural Teachers' Worries, but she reports that it has proved quite an assistance instead.

She writes:

We did not buy a complete domestic science equipment, although possibly will before the term is over. We simply bought the two-burner stove, two large kettles, tea kettle, dishpan, various small utensils, ie. knives pans, etc.

I divided the pupils (thirty-eight), into groups—four girls and two boys—to look after the lunch etc., each day; one girl washes dishes, another dries, another puts away (she is usually one of the junior girls), another cleans the stove, and sees that everything is left tidy. The boys carry in water, tend to the garbage which is thrown on the vegetable garden. Each group does one day's work, though members of the group do different things in other groups. For example, on Monday a certain girl may wash the dishes, and on Wednesday she will dry them, or perhaps do the stove, working in a different group. This plan has certainly been successful. Of course sometimes I notice that certain girls consider the work a drudgery, while others take a perfect delight in it. But that is only natural.

Wonderful Menu.

At first I had a wonderful menu planned out—a succession of vegetable soups, potatoes served in every known way, etc. I thought it would be absolutely necessary to have a different dish every day. We did this for a week or perhaps two; by this time the newness had worn off, and I found that the pupils did not care for potato or carrot soup which did not have a very great quantity of milk and butter in it. To put it plainly, they turned up their noses if everything in that soup was not exactly "right." One day we had creamed potatoes; this required only half a pint of milk, a little piece of butter, and plenty of salt and pepper. I beat them all up like whipped cream and "presto" the dish was discovered. Since then I never need worry over variety. They all like these potatoes very much and look hungrily for them. We often serve cocoa, when not all of the pupils are at school; you see for such a large number we need our two large kettles. On rare occasions we have cream dressing with these potatoes, but some of the pupils like them better without, and I don't wonder either, for sometimes that gravy is most awfully lumpy.

On Making Gravy.

I used to attend to the gravy myself, and I will not forget the first day I made it. After morning recess the pupils were having a writing lesson while I was at the back of the room stirring the milk and flour together. I noticed that the attention given to the writing lesson was not what it should be, and something had to be done; the gravy had to be made and the lesson had to be taught, so I went up the aisle stirring away and counting 1, 2, 3, 4. The humorous side of it dawned on us all and we had to laugh. However, I told them they had to get accustomed to the stir of the spoon.

As I said they do not seem to tire of the potatoes, served in the above manner and baked. However, it is rather difficult to have them baked in time. Of course they like the vegetable soup served, perhaps once or twice a week. One week one of the trustees brought us some soup meat, and then we did have a fine dinner—real meat soup, with onion, rice, carrot, potato and parsley, of which we have a plentiful supply in our garden.

Dishes Brought.

From our concert we have over $11 which we are using to buy supplies. I intend buying meat often so we can have better soup. The children all brought enough dishes, spoons, etc., to use and always bring their vegetables or milk very willingly. I notice today that we have just got through the list of having each family supply a pint of milk. Tomorrow we shall start again at the first.

One item more: The pupils line up, pass by the table, where the girls give them their dish, and then to their seats. The boys and girls take turns in being served first.

COSY CORNER CHATS.

Silverlocks,—Wear your hair school-girl fashion for a long while yet.

I like the discussions between the farmers and city folks, for I lived all my life on a farm till last year, and I can say the city folks don't have to work so hard or long, but there are lots of good things they don't have, either, such as milk, eggs and good butter, like the country people have, for the city milk looks blue to me, and some of the butter isn't as good as oleomargarine. I don't know why.
ONCE A FARMER.

This is the first time I have ever ventured into your very helpful corner, but when I saw where you told one of your readers if she would send a stamped envelope you would send the address of a person who could tell her character by her hand-writing, I just simply couldn't stay out any longer. Would you kindly send it to me too?
GRANNY.

I wonder if any of the Boxites put out crumbs each morning on their window-sill, and watch the birds come for them? I do, and it is lovely to watch the little things. There are two peach trees in my neighbor's garden, and the birds wait on the limbs and twitter till we put the crumbs down and shut the window. They then fly down in qits a flock, but the least movement on our part, and away they go. Some people near us have little bird houses on their trees.

I wish you, Miss Grey, a very happy New Year, with God's blessing on all you do.

Ans.—I'm so interested in your bird story, Etak, and am mailing one to you. It's a beautiful privilege to make friends of the birds.

CHILDREN'S HOSPITAL FUND.

Inclosed find stamped envelope and ten (10) cents for Children's Hospital Fund, for which kindly send me your stocking-foot pattern.
BLUE BELLE.

Inclosed you will find addressed envelope and ten (10) cents. As I have no Canadian stamps, I would like very much for you to send me the stocking-foot pattern mentioned in your column in the paper.
MRS. E. W.
Portland, Me.

Your columns of help so freely given are, I am sure, much appreciated by all readers of The Advertiser, (silent and otherwise).

Inclosed please find addressed and stamped envelope for stocking-foot pattern, also 10 cents for hospital fund.
MRS. H. P. S.

Ans.—Many thanks for recipes, Mrs. H. P. S. I shall print them soon.

I am a reader of your page and enjoy the letters very much. Would you please send me the stocking-foot pattern. Inclosed find stamped, addressed envelope and 10 cents for hospital fund.
AUNT DOROTHY.

I am a constant reader of your page and this is my first attempt to write your Mail-Box. May I ask for a stocking-foot pattern, also if any of your readers have any comic recitations? I would be greatly obliged. Inclosed you will find stamped, addressed envelope, also 10 cents for Children's Hospital fund. I will sign myself.
VIMY.

May I come in? Watch for the Mail-Box every day and do enjoy it. Am shut in during the winter months, but always busy, and try to be happy. Would enjoy corresponding with some one interested in music. Am inclosing 10 cents for the famous stocking-foot pattern. Glad to help the Children's hospital fund.
" SHUT IN."

This is the first time I have written to you. Would you kindly send me the stocking-foot pattern in the inclosed envelope? Am inclosing 10 cents for Children's Hospital. Yours sincerely.

15c EACH.

A Splendid Dress in One-Piece Style.

2980—As here shown, serge and satin are combined. The design would also be good for crepe de chine and satin. Black satin and velvet, with a bit of color used as piping, would be nice. Taupe gabardine with old blue is effective, or serge with braiding. The dress measures about 1½ yards at the foot.

The pattern is cut in seven sizes, 34, 36, 38, 40, 42, 44 and 46 inches bust measure. Size 38 requires 4½ yards of 40-inch material.

A pattern of this illustration mailed to any address on receipt of 15c in silver or 1c and 2c stamps.

Age (if child's or misses' pattern).....

Measurement: Bust..... Waist.....

Caution: Be careful to inclose the above illustration, and send size of pattern wanted. When the pattern is bust measure, you need only mark 38, 34, or whatever it may be. When in waist measure, 22, 24, 25, or whatever it may be. If a skirt, give waist and length measure. When misses' or child's pattern write only the figure representing the age. It is not necessary to write "inches" or "years." Patterns cannot reach you in less than ten day from the date of application.

HOME ECONOMICS

MRS. ELIZABETH KENT.

THE COOKING STOVE.

An English woman writing to this country not long since, asked a friend "Please tell me honestly, are the fireplaces in America set up on legs in the middle of the floor?" This is rather a striking description of a cooking stove, and yet that's about what it is. Our forefathers cooked over fireplaces, and it was not such an easy task as follows us.

The main thing to learn in a stove is to manage as to get a maximum of heat with a minimum loss of fuel. The uninitiated hears of dampers, drafts, check, over pipe draft, etc., all very confusing until we learn the fundamental facts. For any combustion we must have air to supply the oxygen and also carbon or a gas to unite with it. Whenever oxygen of the air unites with another substance so as to cause light and heat we have combustion. It is then necessary in order to light a fire to have air, so that an early study of a stove is a study of how the air comes in, passes through it and goes out by way of the chimney flue. This passing of air through a stove we call a draft, and you can see that all that is really necessary is a clear flue, an opening to admit the air, and a hole to let it enter the chimney.

A stove, however is not quite so simple a thing as this would indicate. A stove is an iron box and inside it we inclose another iron box with space around for heated air to circulate and call it an oven, and if it is desired to heat the oven we prevent the hot air from going up the chimney until it has passed around the oven. This is done by drafts, so called. The oven draft sends the heated air around the oven, the pipe draft sends the heat up the chimney. The damper admits the air which is to assist combustion. The check sends cold air across the top of the fire to the chimney, thus keeping down the combustion because it has not the same chance of producing fire as if it passed through the coals. This check damper is in front of the fire box so that when it is opened and the cool air passes over the coals, the fire is checked.

TALKS ON HEALTH

Why Ignore the Left-Hand?

A great many wounded men have been trained in a comparatively short time to use the left hand for skillful work. By some strange defect of their education these men had been trained to use but one of their hands for fine work—some fad or fancy of the ancient pedagogue that man, of all the higher animals, was intended by the Creator to be a one-sided being. Have we the right to impose on the young, asks Dr. Armaingaud, in an article published in the Bulletin de l'Avademie de Medicine, Paris, have we the right to impose on the young such an artificial disability? And he declares that we have not. He urges parents to train both hands from early childhood, and he holds that the school authorities should insist on both hands being used in writing and other exercises.

Writing is exercise, muscle work, refined muscle work, skillful work. So is reading aloud. So is speaking. By exercise, by carefully disciplined and supervised muscle work, supervised by well trained experts, educated teachers, a child learns. It is for the mental development of the child that physical training is advocated—not for spectacuar muscle overdevelopment nor athletic prowess. And such physical training as the school authorities in many places are reluctantly providing is supervised, not by experts, not by teachers adequately prepared to give such instructions, but by all sorts of incompetent amateurs, young men and young women who just have a liking for exercise.

The only arguments which can be offered against training both hands are without the support of experience, mere hypothetical objections, theoretical notions.

Some of the most efficient and broadly educated people I have ever known were two-handed—they could write equally well with either hand. There is some reason to believe that the proper development of the writing centre of the right brain (which controls right-handed writing) would tend to develop other latent right-brain centres which are left unused in the brain of a right-handed individual, and that such development would make the individual more competent, more efficient, more resourceful and less susceptible to nerve exhaustion or brain fag. What a boon left-handed writing would be for a victim of writer's cramp.

Numerous cases on record indicate that stuttering is sometimes due to a forced change from natural left-handedness to right-handedness when the child enters school. No teacher should be permitted to decide which hand a child should use for writing. The child alone should decide. The stuttering in such cases, even after years, has been overcome by training the left hand for writing and other skilled work.

Dr. Armaingaud suggests that some endowed prizes for teachers might promote the cause of two-handed training. Such prizes have already been offered in South America. It would be a wonderful thing for the country if the next generation were educated on both sides alike.

QUESTIONS AND ANSWERS.

Goitre.

Please answer in your column whether lanolated lodine applied to the throat is injurious to the throat and if not how should one apply it for simple goitre? (Mabel.)

ANSWER—Not oftener than one's physician directs, because iodine is capable of doing serious harm. Do not trifle with goitre. Goitre in school children, so common in the middle west (Great Lakes basin) seems to be preventible and in mild cases curable by the use of sodium iodide internally in very small doses once or twice daily, say one grain twice a day in drinking water, over a period of not more than six weeks.

Whooping Cough.

1. How long is whooping cough infectious?

2. Can one have the whooping cough without the whoop?

3. Does whooping cough have any serious results in an older person?
(L. E. S.)

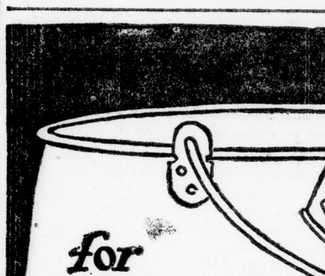

ANSWER—As a rule it remains infectious or communicable for about four weeks, sometimes longer. Whooping cough sometime occurs without a distinct whoop, but the fits of coughing always have a spasmodic character and vomiting often follows a coughing fit. It is a serious disease in elderly patients. Persons of any age who have not had whooping cough and who have been exposed or are already developing the disease should seek bacteria (vaccine) treatment from the physician.

WHEN BILLY TRIED TO MAKE MONKEYSHINE.

What an adventure Billy, the foxterrier, was having. All unknown to his master and his mother, he had run out of the front yard, and now he found himself in the park, blocks and blocks away from his home. My, what a daring puppy he was, he thought. Some little boys and girls tried to make friends with him, but Billy just wagged his tail and passed on. He was not going to run the risk of being carried back to his kennel, not just then anyway.

Goodness me, what was that? thought Billy. It was the biggest furry animal he had ever seen. How glad Billy was it was locked up in a cage. "Growl, growl," said the big animal in the most terrible voice Billy had ever heard. The puppy ran away in fright. How the bear (for that's what it was) did laugh when Billy passed on. The poor old animal envied the pup his freedom.

In front of another cage was a group of children. Billy knew no harm could come to him there. By standing on tip-toes he could see inside the cage. What a funny little hairy beast was there! How the children were laughing at its strange behavior. Up on the bars of its cage, through the window of its little house, first here and then there, the animal was jumping and swinging. It was the first animal Billy had seen that could swing by its tail, and the whole performance struck him with wonder.

"It's the funniest monkey I ever saw," said a little boy close to Billy.

So that was a monkey, Billy thought. How nice it must be to be a monkey and be so admired, he thought. How he wished someone would put him in a cage and give him a chance to show off like that. No sooner wished then it he happened. A big net was thrown over wee Billy, and the next thing he knew he was in a cage on a wagon, and was travelling away as fas as the horse could go.

It seemed a long time before the wagon stopped, but Billy had enjoyed the ride.

"Out you come," said a gruff voice, and the door of the cage was opened for Billy to come out. A man caught him by the collar and carried him into a big building close by. In there were many other dogs in cages. Billy was pushed into a small cage, and the door was closed after him. For the first time Billy felt a little nervous. What was he doing there with all those dogs? he asked himself. Why to see which one could be the best monkey, he told himself. Right then Billy started to show how he could play monkey. Up and down he jumped. Louder and louder he barked. Once he jumped so high he hit his head on the top of his cage, but he did not give up. He could do everything a monkey could do but hang by his tail, and if some silly person hadn't had his tail cut off when he was two weeks old, he could have swung by his tail, he thought.

Now, Billy was not used to such rough play, and it was not long before he tired. He had to give up and pant for breath.

"What were you trying to do?" said the old dog in the cage next to him. "You were acting like a monkey."

"Was I really?" cried Billy hopefully. "Do you think they will choose me to play monkey?"

"What are you talking about?" asked the other dog. "This is where they bring stray dogs. That man over there is the dog catcher. If your friends don't come and claim you in a week you will be put to sleep for good. This is my tenth visit here, but my mistress always comes and claims me. She's rich, and doesn't mind when I run away."

Poor Billy! He had hardly heard the last part of the other dog's speech. To think he was in the hands of the dog catcher—the enemy of all dogs! What if his master did not come after him. How unhappily his adventure had ended.

But Billy did not need to worry, for his master came after him the very next day. Billy went home, a sadder but wiser dog.

Next game—Woodstock here January 30.

WOODSTOCK, Jan. 23.—In a thrilling 60 minutes of fast hockey, Woodstock Juniors nosed out London by a score of 2 to 1 in the local arena tonight. London brought a special train with 600 fans. The first period was all for the locals, and after six minutes of neat playing, Stibbs scored for the locals on a pass from Dubrule. The second stanza opened with London playing strong hockey, and the locals were slightly shaded. The period ended 1 to 0. In the final period Burgess, the speedy London right wing, beat Reid, the Woodstock goaler, on a swift shot. With the score tied, the locals redoubled their efforts, and with three minutes to play Stibbs again scored on a net pass from Trump.

It was rather hockey from the first ding of the bell. Individuals and two-man combination featured the entire game.

Queenville's Rushes.

In the opening stanza Trump for the locals, and Queenville, the stellar right defence of London, thrilled the crowd of 1,500 with individual rushes, although they failed to score through the splendid work of the goal keepers, who played wonderful hockey throughout the game. After repeated rushes, and shot after shot had been rained on the London stronghold, Stibbs drew first blood after six minutes for Woodstock.

In the second frame the locals weakened, and had it not been for the Woodstock defence, the visitors would have gone through to victory. The period ended 1 to 0. In the final period both teams started off with lightning speed, although the locals had the edge. Mays of London and Trump of the locals engaged in a fistic contest, and were ruled off, but this did not effect the struggle.

Burgess Ties It.

Burgess, the speedy London right wing, came through with a neat low shot, tieing the score. From then to the last few minutes it was anybody's game, but Stibbs took a neat pass from Trump with three minutes to go, and the curtain went down with Woodstock on the winning end of a 2-to-1 score. The locals will have to extend themselves to win the series, as the contest was even tonight. George Hillier of Kitchener, a former Woodstock boy, refereed with entire satisfaction.

The line-up:

Reid	Goal	Sm'th
Lynch	Defence	Mays
Trump	Defence	Queenville

INGERSOLL HOME BREWS TAKE GREEN SHIRTS IN 8 TO 1

INGERSOLL, Jan. 23.—Ingersoll defeated the fast Paris intermediates here tonight by the score of 8 to 1.

Paris started out in a very aggressive manner in the first period, but the work of Holland in goal stopped all their scoring. The whole period was a fine exhibition of hockey, as the score indicates.

In the second period the Ingersoll boys got out and worked their combination to a good advantage, as they managed to beat the Paris goalie for six. Five of these were pushed in during ten minutes' play.

Paris got their lone counter during the second period, and after that they were not dangerous. Ingersoll pushed in their eighth goal in the third period.

This is a very important game in the group as far as Simcoe, Ingersoll and Woodstock are concerned. Simcoe play here Monday, and the big game with Woodstock will take place next week also.

A good crowd was present, and the excitement ran high throughout the game. The line-up:

Ingersoll.		Paris.

AS YOU WERE

A week ago today the magnates of the Michigan-Ontario League met in what was reported as a real harmony session with all the jazz effects left out. The Hamilton Herald, however, has it all doped out as a great game of bluff that was played here. The report was that every club made money last year. The Herald says every club did not make money; that only Hamilton and Brantford finished the season with a surplus that could be seen without eyestrain. It says that London and Kitchener dropped a lot of money. If he had said games, there wouldn't be an argument.

• • • •

The bluff part came, however, with the deal. It is alleged that the Michigan magnates were hoping that they'd get called, and be able to dispose of their holdings. Instead, the wily Canucks are said to have crossed up the dope. And now the Canadians have them where a thrown-up franchise comes over to this side for nothing and is operated, giving the Canadian end the controlling vote of the circuit.

LONDON DOG SHOW'S GROWTH PROVEN IN HUGE ENTRY LIST

The close of the London Canine Association's show, which was held on Thursday all day in the Struthers Block, emphasizes the growth of the association from very small beginnings to a show where over 150 dogs of all breeds were exhibited. This year's show brought some very good entries from all over the province. "Barn's Masterpiece," a son of "Buckcliffe Baron," a London-bred dog, took his class handily over importations, in four events.

The prizewinners were:

Hands Bound To Keep from Scratching

A year with doctors couldn't cure this baby.

"He got worse and worse," writes Mrs. W. H. Spense of McGregor, Manitoba. "His wrists were awful to look at. His face was covered. We spent $50.00 on salves alone. In about three weeks of treatment with D. D. D. the sores were healed. His face and hands are now like velvet."

If you have never tried D. D. D. for skin diseases, whether a small spot, or whether one of the dreaded forms—the torment of eczema, or the hard scales of psoriasis—get a bottle at once on guarantee that if it doesn't relieve you your money will be refunded. $1.00 a bottle. Try D. D. D. Soap, too.

COMING BASEBALL MEETING IS GAME'S MOST MOMENTOUS

NEW YORK, Jan. 23.—On his return from the west today, John Heydler, president of the National League, announced that the baseball meetings to be held in Chicago next month will be the most important sessions ever held in the history of the sport.

A meeting of the joint rules committee has been called for February 9. On February 10 the National and American League meetings will hold their respective league meetings. On February 11 the National and American Leagues will hold their joint meetings, and on February 12 the major leagues will confer with the minor leagues' committee which hopes to enter into a new working agreement with the majors.

Heydler said he believed that a new commission chairman would be named at the joint major league conference on February 11. He said the commission situation was now in the hands of the committee appointed to select a new chairman, and that he believed that a committee soon would hold a meeting.

HAMILTON CURLERS FAIL TO LIFT THE CAREW CUP

GUELPH, Jan. 23.—The Carew cup will remain in Guelph a few days longer. A strong rink skipped by Peter Smith of the Hamilton Victorias failed in their attempt to lift it from the Royal City club this afternoon. The local rink skipped by C. R. Crowe played a steady game throughout, and were never in danger at any stage of the game. The final score was 18 to 10. The next challengers on the list are Peterboro, Orillia and Toronto Curling Club. The rinks today:

Guelph R. C.	Hamilton Vics.
W. A. Mahoney	A. P. Kappele
F. Smith	H. O. Hare
H. Mahoney	F. Small
C. C. Crowe....18	P. Smith 10

The score:
Guelph .....211 104 101 110 032 0—18
Hamilton .....000 010 010 002 200 4—10

WATFORD WATCHES INTERMEDIATES RUN IN NINETEEN GOALS

The intermediate game played here with the Watford crew found the locals on the long end of a 19 to 3 score. It could hardly be called a game, as the home team scored at will. Everyone had a hand in the pie, when it came to keeping Rodgers, the Watford goalie, on the move. If he had one shot he had a hundred, and it was no doubt the busiest time he ever had in his youthful career. McKay beat him to it for seven of the local counters, and the rest had one or two each to their credit.

Irwine, the Watford left defence, was the only man on their team who played hockey. He was responsible for their three goals. He had very little chance to get away with anything much, as the local boys were smothering their opponents so bad they had plenty of time to look after him.

McKay pushed in the first one in twenty seconds on a pass from Gillies. The next went in from Kelly's hickory in one-twenty by a lone rush. Gillies got the credit for the next one on a rush, in four minutes. He also got the next in five-ten. McIntyre retires for two minutes at this stage for a dirty cross-check.

Scores First.

Watford scored their first when Irwine made a pretty rush and scored in nine and a half. Lougheed came right back and scored the next for London in ten. Irwine again scored in seven-ten, Arthurs, who had just come on, relieved Gillies at centre and pushed in a pass from behind the net in twelve. Elliott and Gillies went down on a combination and Elliott took a poke at Rodgers for another in thirteen. McKay scored from Arthurs' pass in fifteen. That ended the scoring for the period. London 8, Watford 2.

McKay started the second period scoring on the five minutes with a rush. Brown drew a penalty at the same time for tripping. The play slackened here and there was no more scoring till Gillies shot from centre and scored in seventeen. Kelly and McKay went down and McKay shot the next in seventeen and a quarter. Kelly made a lone sally and shot another in a quarter of a minute. Irwine scored the visitors' last goal in eighteen and a half.

Kelly and McKay combined for the opening score of the third period, with Kelly getting the count in four minutes. Lougheed scored the next in six. Lougheed again scored on a pass from McKay in eight minutes. Arthurs combined with Kelly and Gillies and shot the next in eleven. McKay got in another in thirteen. Lougheed drew a penalty at this period for tripping. McKay again scored in seventeen on a pass from Arthurs. Gillies drew two minutes for cross-checking. McKay tried to pacify the fans' desire for twenty and pushed in number nineteen in nineteen and a half.

Gillies, who was supposed to be a sub, started in at centre and played out most of the game at right wing.

Watford, although outplayed in every department, was game throughout the one-sided struggle. They had no hope from first face-off, but they put up as good a fight as a lot of the faster teams. Most of their trouble was caused by lack of combination. The locals are getting this down more than once and they played lots of it last night.

Score by periods—8—2, 4—1, 7—0.

CONSTIPATION AND HEADACHES

Completely Relieved by This Grand Fruit Medicine, "FRUIT-A-TIVES."

MR. ALFRED DUBOISSEAU.

"482 St. Catherine St. E., Montreal.

"For three years, I was a terrible sufferer from Indigestion, constant Headaches and Constipation. I took various medicines for the trouble, but nothing seemed to do me any good.

"Then a friend advised me to try 'Fruit-a-tives.' Now I am free of Indigestion and Headaches, the Constipation is cured, and I have gained considerable weight; and my general health is fine.

"'Fruit-a-tives' is a grand medicine and I cannot say enough in its favor."

"ALFRED DUBOISSEAU."

BIG EATERS GET KIDNEY TROUBLE

Take Salts at First Sign of Bladder Irritation or Backache.

The American men and women must guard constantly against Kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.

Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.

GALT OPENS N. H. L. SENIOR SERIES WITH WIN OVER PRESTON

GALT, Jan. 23.—In the opening game of Northern League senior series the locals won with ease from Preston 12 to 3. It was not brilliant hockey, being too one-sided with locals showing greater speed and more team work, while they back-checked hard. Score by periods was: 4—0, 7—0, and 12—3, the visitors getting their goals in the last few minutes, when the home players eased up.

Norman Himes, who made a name for himself as goaler of the juniors, played centre ice because of casualties in the intermediates, and was the start of the game, netting four of Galt's goals, two on lone rushes.

Referee—M. Fraser, Paris.

WOODSTOCK COLLEGE TAKE TWO AT ST. THOMAS

ST. THOMAS, Jan. 23.—Woodstock College defeated the local Seniors by the score of 3 to 1 and the Juniors by the score of 5 to 4 in the intercollegiate hockey series at the Granite rink here tonight. The line-up:

St. Thomas, senior—Goal, Lumley; left defence, Murray; right defence, Slauson; centre, Avery; left wing, Wright; right wing, Ayearst.

Woodstock — Goal, McMullen; left defence, Hartford; right defence, Hildred; centre, Watson; left wing, Malcolm; right wing, McMullen.

St. Thomas, junior—Goal, Cash; left defence, Slaughter; right defence, McCarty; centre, Chantler; left wing, Cook; right wing, Wright.

Woodstock — Goal, Holsworth; left defence, McMarty; right defence, E. Delong; centre, Kelly; left wing, Sifton; right wing, Sutherland.

Referee—F. Gadsby.

All New York American Team Want More Money This Year

Col. Huston Admits There Are Adjustable Differences—Only One Certain Hold-Out.

That practically the entire New York American team is dissatisfied with contracts sent them last December was admitted today by Col. T. L. Huston, vice-president of the Yankees, and Miller Huggins, manager of the team. Contracts were sent to the New York players on December 25 last, and so far not one of them has been returned signed. The club has nine men under contract, but they all have holdover contracts.

"The differences between our players and the club, however, are not serious, and they can be adjusted," said Huston. "While I admit few players are satisfied with what we have sent them, we have only one pronounced holdout on the club. By that I mean a player whose ideas of salary and ours are several thousand dollars apart."

DER TAG IST TUESDAY

Woodstock hopes were low, indeed, when the London boys tied the count, and it looked like a London victory. However, a nice two-man combination rush netted the goal that decided it. The London forwards were making a determined attack, when one of the Woodstock defence players broke away from the melee, and combining with one of the forwards, they dodged Queenville and Mays, and going right in on Smith, pushed the puck into the twine.

The Woodstock team comes to London Tuesday night and this game will give the London kids a chance to tie the district if they win. Woodstock, Tillsonburg and London will all be tied for the group honors in that case. If Woodstock wins, the honors go to that city. Tommy Munro's lads are confident of turning the trick Tuesday night, but they will have to travel hard all the way to do it.

WELLAND 5, NIAGARA FALLS 1.

WELLAND, Jan. 23.—Niagara Falls intermediates were defeated here tonight by the Welland white and blue by the score of 5 to 1. Schelegel and Fraser engaged in a fistic battle in the third period, and were ruled off for the rest of the game. The first period closed 1 to 0 in Welland's favor. In the second there was no score, and at the end of the third the score was 5 to 1 in Welland's favor. The line-up:

Welland—Goal, Burmister; left defence, Dickie; right defence, Schlegel; centre, Mason; left wing, Sanderon; right wing, Herberts; subs, Jones and Best.

Niagara Falls—Goal, Mayo; left defence, Murray; right defence, Fraser; centre, Andrews; left wing, Pennil; right wing, Harrington; subs, Robson and Bawtenthemes.

Referee—J. Leflamme.

WINGHAM WON IN OVERTIME.

WINGHAM, Jan. 23.—The Wingham Senior hockey team won its first game of the season by defeating the Ripley Seniors in an overtime game on Wingham ice this evening. There was nothing to write home about in the victory for the Wingham boys, as the visitors demonstrated themselves the equals to the home team in every respect, as witness the fact, that at the end of the first period the score stood 0 to 0—at the end of the second, 3 to 3—at full time, 6 to 6—and it required ten minutes overtime for the Wingham team to score the goal that won the game. The game was fast, particularly the latter part, and was clean throughout, very few penalties being imposed. The line-up:

Wingham.	Position.	Ripley.
Thornton	Goal	Cuijler
Jefferson	Defence	Harris
Lockbridge	Defence	Crawford
Blowfield	Centre	Bowers
Moorden	R. Wing	Wilkinson
Cruikshank	L. Wing	Ferris

Score—Wingham 7, Ripley 6.

Referee—W. A. Miller.

AYR TAKES THIRD.

AYR, Jan. 23.—In the intermediate O. H. A. game played here tonight between Drumbo and Ayr the latter for the third time this year defeated Drumbo. The score was 12 to 6.

LUCKNOW WINS AWAY.

BRUSSELS, Jan. 23.—In the senior Northern game here tonight Lucknow won by a small margin. The visitors expected to walk away, but met with hard opposition. The visitors led by periods, the last period being the fastest. Both teams played real hockey. Reg Reid of Seaforth refereed.

MIDLAND MAKES IT CLOSE.

MIDLAND, Jan. 23.—Collingwood won from Midland tonight in the O. H. A. game played here by a score of 2 to 1. Cook, the goaltender for Collingwood, absolutely won the game for them. However, Midland outclassed Collingwood in speed, Arbour and Simple starred for the home team.

WORTLEY ROAD SCHOOL WINS.

Wednesday night teams representing Wortley road and Simcoe schools met on the rink at Thames Park. A snappy game resulted in 4 to 1 in favor of Wortley road team.

On Monday night St. Peter's hockey team met the Wortley aggregation, and St. Peter's team was defeated by a score of 2 to 0.

Wortley line-up—Centre—H. Paxman, right wing, D. Graham; left wing, C. Volick; right defence, C. Graham; left defence, W. Wilcott; goal, C. Wilson.

HANDLES PRO GAME.

MONTREAL, Jan. 23.—The referee for the National Hockey League game between Ottawa and St. Patricks to be played in Toronto tomorrow night will be Cooper Smeaton, President Calder announced this afternoon.

MILDMAY TOOK IT.

BABY'S OWN SOAP

It's flower-fragrant, healing lather has pleased four generations of Canadians. 220

Albert Soaps Limited, Mfrs., Montreal.

Best for Baby — Best for You

Try Making Your Own Cough Remedy

You can save about $2, and have a better remedy than the ready-made kind. Easily done.

If you combined the curative properties of every known "ready-made" cough remedy, you probably could not get as much real curative power as there is in this simple home-made cough syrup, which is easily prepared in a few minutes.

Get from any druggist 2½ ounces of Pinex (50 cents worth), pour it into a 16-oz. bottle and fill the bottle with syrup, using either plain granulated sugar syrup, clarified molasses, honey, or corn syrup, as desired. The result is 16 ounces of really better cough syrup than you could buy ready-made and saves easily $2. Tastes pleasant and never spoils.

This Pinex and Syrup preparation gets right at the cause of a cough and gives almost immediate relief. It loosens the phlegm, stops the nasty throat tickle and heals the sore, irritated membranes so gently and easily that it is really astonishing.

A day's use will usually overcome the ordinary cough and for bronchitis, croup, hoarseness and bronchial asthma, there is nothing better.

Pinex is a most valuable concentrated compound of genuine Norway pine extract, and has been used for generations to break up severe coughs.

To avoid disappointment, ask your druggist for "2½ ounces of Pinex" with full directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Toronto, Ont.

STRATFORD PUT UNION JACKS OUT OF THE RUNNING 8 TO 5

KITCHENER, Jan. 23.—Stratford Juniors put Kitchener out of the running here tonight by defeating them by a score of 8 to 5.

The play in the first two periods was very close, the first period ending one-all, and the second two-all. In the last period Stratford tallied six times. Lorenz was the best for Stratford, scoring five of their goals. Kelterbourne also played well. For Kitchener the two Schnarr boys, Gerald and Wernle, displayed good form. Over 2,500 people were at the game, Stratford sending down a large delegation. The line-up:

Stratford.		Kitchener.
McLeod	Goal	Zeuber

They Should have Pure Milk

Not when there happens to be milk to spare—But WHENEVER THEY NEED IT

Before Milk was distributed the Carnation way, what a problem that used to be!

What used to be left in the bottle after the "top" was taken off never seemed quite rich enough. Sometimes, it was just a little "off." Sometimes you used it for a pudding and then there was not enough for the kiddies.

But with Carnation Milk these troubles disappear. For you can keep Carnation Milk on hand—in the pantry.

You buy it with your groceries.

Opening a can of Carnation Milk is like having a special delivery of fresh "whole" milk. Always the same—good, wholesome and pure. Ready when you need it. Yet sweet and fresh as new whole milk.

Add water to it of course, for the children to drink. For, water has been taken from Carnation Milk leaving it almost like cream. So you can have it as rich as you desire, depending on the water you add. Double the quantity of water is about right for a rich, nourishing drink for the children.

For cereals add less water.

For coffee use Carnation as it comes from the container—you will enjoy the rich, creamy flavor.

Use Carnation Milk for
Cereals
Coffee
Tea
Puddings
Cream Sauces
Fudge
Custards
Gravies
—for every milk use.

S. J. MEREDITH AND CO. IN NEW MUSICAL COMEDY SHOWING AT THE MAJESTIC ALL NEXT WEEK

The Most Lavish Production Ever Staged Is Meredith and Company's New Musical Farce, "Sublet For the Summer," a Riot of Beauty, Fun and Frolic—Olive Thomas' New Picture First Half of Week—Constance Talmadge Last Three Days, With Host of Added Attractions.

AT THE MAJESTIC

TODAY, DOUBLE MATINEE—Bryant Washburn in "Venus in the East." Special comedy. Ditmar's pictures of flying animals. News and travel pictures. Special matinee feature, Marguerite Clark in "Let's Elope."
MONDAY, TUESDAY, WEDNESDAY—The Meredith production, "Sublet for the Summer.' A riot of fun, music and beauty. Olive Thomas in her special production, "Prudence on Broadway." Snub Pollard Comedy. Chester Outing pictures. News and Travelogues.
THURSDAY, FRIDAY, SATURDAY—The biggest Meredith show ever staged, "Sublet for the Summer," with beautiful girls, gorgeous gowns and catchy music. Constance Talmadge in her charming new comedy, "Happiness a la Mode."

At last one of the greatest theatrical events of the season for London is to be presented—Stanley Meredith and Company in their new musical farce, "Sublet for the Summer" at the Majestic all next week, together with an elaborate program of extra special film attractions.

A riot of color, fun, and frolic, the new Meredith play is announced as a musical farce, but is in reality more like a brilliant spectacle of feminine charm set in exquisite colors and attuned to charming music. With a rich vein of humor running through the interesting little plot and presenting many delightful dance novelties and humorous songs, an alluring little touch of the orient, they will surely carry the audiences along on a great wave of merriment.

Mr. Meredith brought back from New York some of the most advanced ideas in artistic settings and a few really startling ideas in costumes. He has selected a cast and chorus of the prettiest girls of the city, and it is expected that this latest production will far outrival all previous efforts in popularity.

Among the principals of the piece are: Miss Annabelle Murray of Montreal, Miss Dorothy Cole, Miss Florence Gibson, Miss Marjory Skinner, Miss Cora Brennan, Miss Marguerite Glass, Miss Francesca Faulkes, Miss Margaret Scatcherd, Miss Marjory Lane, Miss Vera Blanchard and Miss Marjory Biggs; besides the star, Mr. Stanley Meredith and his brother, Mr. Redmond Meredith. One member of the cast, who is surrounded with much mystery, Mr. Owen Deed, is withholding his identity as a delightful surprise for the opening of the engagement.

The attraction is presented under the auspices of the Women's Canadian Club, and the proceeds are for the soldiers' memorial.

OLIVE THOMAS IN A DELIGHTFUL COMEDY FIRST HALF OF WEEK

The special film attraction booked for the first three days of next week with the big Meredith production, is Olive Thomas's special picture, which was being held for the new Allen Theatre, but is now booked in for the big gala week at the Majestic—"Prudence on Broadway," a picture of New York, its cabarets and men about town, and of a little maid of innocent appearance who twisted men about her finger and brought society queens to her feet in envy.

Olive Thomas is one of the most charming little beauties of the screen, and is famous for being the former queen of the Ziegfeld Follies and Harrison Fisher's pet model, known from coast to coast as the Magazine Cover Girl.

Everybody thought when this demure little Prudence came to Broadway that she had a very slim chance indeed of becoming a notable society success. But when she captured the catch of the season she taught the other debutantes a lesson in demureness. It was when she lost in the game of poker that she found herself beyond her depth, but a woman's wits saved her and she turned the tables nicely on a jaded New Yorker and captured him in his own trap.

"Prudence on Broadway" is a delightful comedy, set amid beautiful scenery and the homes of New York's elite. Delightful Olive of the mischievous eyes wears many beautiful gowns, and her antics, although startling at times, are truly endearing.

A Snub Pollard comedy, Chester outing pictures, and a host of added film attractions make the film program one of special merit.

CONSTANCE TALMADGE IN "HAPPINESS A LA MODE" ON THURS., FRI., SAT.

Delightful Connie, of whom there is no more popular star and no more beloved and beautiful little comedienne on the screen, is announced in another new picture at the Majestic. Her latest production; "Happiness a la Mode," is scheduled for the last three days of next week at the Majestic with the Meredith production.

Constance starts her new picture already married—a young bride who, wishing to make a success of married life, allows her husband, Dick, so much freedom that he attributes it to a lack of interest in him. There's a little vampire, Dorothy, who takes advantage of his feelings and cajoles him into the idea of a divorce from his charming young wife. When he announces this to Barbara, her pride asserts itself and she acquiesces. A frame-up agreed to by all parties is staged, and the evidence of such shocking behavior on the part of the husband secures Barbara notice that in three months she may have her final decree of divorce. But things become sort of complicated when both the young married people realize that they are craving each other's company, but both are too proud to take the first step in a reconcillation. They have many a comical time in trying to avoid each other and of appearing unconcerned when they by accident come together. However, all's well that ends well, and this charming little comedy-romance ends extremely well for all concerned and they find that the first year of married life is the hardest—after that you get used to it.

Snub Pollard, who appears at the Majestic on Monday, Tuesday and Wednesday, in his newest comedy, "Red Hot Hottentots."

Stanley J. Meredith, star and producer of the spectacular musical farce-comedy "Sublet for the Summer," which is appearing at the Majestic all next week—a riot of gorgeous gowns, beautiful girls and catchy music.

At the Majestic on Monday, Tuesday and Wednesday in conjunction with the Stanley Meredith & Co. show "Sublet for the Summer."

There's no greater favorite than delightful Constance, and this is her latest production which appears at the Majestic Thursday, Friday and Saturday of next week with the big Meredith show.

Solve this Puzzle!

FOR Johnny's birthday his mother presented him with a dandy rifle, and Johnny took the four targets that came with the rifle and went out to the back yard to try his skill. Shortly after, his mother came out too to satisfy herself that Johnny knew how to use his gun. Upon examining the targets showing all the holes made by the bullets, and being a quick-thinking woman, she exclaimed: "Why, Johnny, with a good shot you are—and do you know that you have made every target spell a word? Can you tell me what each target spells?"

Can YOU Puzzle It Out?

Johnny couldn't, so his mother told him HOW TO DO IT. Each target spells a word. Each circle of each target shows a number of bullet holes, as you can see by the targets, and each circle represents a letter. The number of holes indicates the position of that letter in the alphabet. For instance: "A" would be represented by one hole, "B" by two holes, "C" by three holes, and so on.

After you have worked out all the letters that are represented in each word, you will find that they are not in their proper order. Put them into their proper order to spell out correctly the names of the four things wanted.

In order to help you, we will tell you that the letter represented by the middle circle of first target is "A," because "A" is the first letter of the alphabet. This is not an easy puzzle, but with perseverance you can work it out—and the prizes are worth trying for.

Copy your answer upon a plain white sheet of paper as neatly as you can, because neatness, spelling, handwriting and punctuation count if more than one answer is correct. Put your name and address in the top right-hand corner of the paper. If you have to write a letter, or show anything else, put it upon a separate sheet of paper. We will write as soon as your answer is received and tell you if your solution is correct, and also send you a complete illustrated list of the grand prizes that you can win.

THE PRIZES:

First Prize — Genuine Culver Chummy Racer, value	$250.00
Second Prize - Magnificent Gold Watch and Chain, or Girl's Wrist Watch, value	25.00
Third Prize - Genuine Autographic Kodak Folding Camera, value	20.00
Fourth Prize - Solid Gold Ring for Boy or Girl, value	15.00
Fifth Prize - - Moving Picture Machine, with Film, value	10.00
Sixth to Tenth Prize - Self-Filler Fountain Pens, value, each	2.50

And 2,000 Extra Special Prizes Valued at $3,000.00.

What Others Have Done, YOU Can Do!

Here are the names of only a few of the boys and girls to whom we have already awarded big prizes:
Shetland Pony and Cart—Helen Smith, Edmonton.

Irresistible

THE lure of luscious fruit pies, cakes and pastry made from Diamond Flour is irresistible. The crust is so crisp and light, so easily digested, you can give pie made from this flour to the little folks.

What is Diamond Flour? It is a perfectly balanced blend of the best selected Western Canadian Hard Wheat and the best Ontario Soft Wheat. It is the ideal flour for all kinds of baking.

Look for the trade mark on the bag, and you will get a pure snow-white flour, free of all substitutes.

Your grocer will gladly recommend and supply it to you because, once used

DOUBLE MATINEE AT THE MAJESTIC TODAY

The extra feature on the double matinee at the Majestic today will be Marguerite Clark's charming comedy, "Let's Elope," one of the best pictures of her career and one of her latest productions. "Let's Elope" is the delightful story of a young wife who tries to stir up her husband's emotions by making him jealous, but finds that her effects are far wider-reaching than she ever expected; and soon becomes quite contented to settling down to comfortable married life with hubby again.

The regular feature on the program which is presented both matinee and evening, is Bryant Washburn in Wallace Irwin's famous comedy "Venus in the East." It is the story of a young millionaire miner who visits New York for the first time—and the wild adventures he encounters while trying to paint the town red and capture the lady of his heart.

A special comedy feature, a very interesting film of strange flying animals of different countries, new films and travelogues complete the program.

New Stomachs For Old

Eat what you like and be happy. When all others fail, take

FIG-LAX

the little pink tablet that is easy to take and a pleasant relief from stomach troubles; 25 cents at all dealers.

We have already given away $5.000 FREE. $200.00 more IN CASH and numbers of Merchandise Prizes will be GIVEN AWAY at an Early date.

1st Prize, **$50.00** in Cash. 2nd Prize, **$40.00** in Cash
3rd Prize, **$35.00** in Cash. 4th Prize, **$25.00** in Cash
5th to 9th Prizes—Each **$10.00** in Cash.

TOGETHER WITH MANY MERCHANDISE PRIZES

Herewith will be found the picture of a Log Hut in the Woods. At first glance all you see is a man, a woman and a dog. If you look closely the faces of 8 other persons will be found. Can you find them? It is no easy task but by patience and endurance can be accomplished.

You may win a cash prize by doing so. Many have done this as will be shown by the names and addresses which we will send you. If you find the faces mark each one with an X, cut out the picture and send it to us, together with a slip of paper on which you have written the words "I have found all the faces and marked them." Write these nine words plainly and neatly, as in case of ties, both writing and neatness are considered factors in this contest.

This may take up a little of your time but as TWO HUNDRED DOLLARS in cash and many merchandise prizes are given away, it is worth your time to take a little trouble over this matter. Remember all you have to do is to mark the faces, cut out the picture and write on a separate piece of paper the words, "I have found all the faces and marked them."

WE DO NOT ASK YOU TO SPEND ONE CENT OF YOUR MONEY IN ORDER TO ENTER THIS CONTEST

Send your answer at once; we will reply by Return Mail telling you whether your answer is correct or not, and we will send you a complete Prize List, together with the names and addresses of persons who have recently received over Five Thousand Dollars in Cash Prizes from us, and full particulars of a simple condition that must be fulfilled. (This condition does not involve the spending of any of your money.)

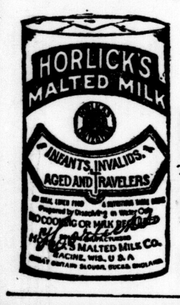

Although these persons are entirely unknown to us, they are our references. An enquiry from any one of them will bring the information that our contests are carried out with the utmost fairness and integrity.

Winners of cash prizes in our late competitions will not be allowed to enter this Contest.

This Competition will be judged by two well known business men of undoubted integrity, who have no connection with this Company, whose decisions must be accepted as final.

Your opportunity to win a good round sum is equally as good as that of anyone else as all previous winners of cash prizes are debarred from entering this contest.

EUGENE COWLES IN CHU CHIN CHOW AT THE GRAND OPERA HOUSE TWICE TODAY

PLAYING AT THE GRAND

TWICE TODAY, MATINEE AT 2; TONIGHT AT 8 SHARP—"Chu Chin Chow," the world's most beautiful production.

MONDAY, TUESDAY AND WEDNESDAY, DAILY AT 2:15 AND 7:30—Nazimova in "The Brat." Vaudeville: Mabel Fonda Trio. Octavo. Romaine, Powers and Delmere. Dobbs, Clark and Dares. Celina's Circus.

THURSDAY, MATINEE 2:30, EVENING 8:15—"Fair and Warmer," the funniest farce ever written. (Not the picture.)

FRIDAY AND SATURDAY, EVENINGS 8:15, SATURDAY MATINEE 2:30—"The Naughty Wife," a bright and witty play.

COMING, WEEK FEBRUARY 2—Mary Pickford in "Pollyanna," and vaudeville.

COMING, WEEK FEBRUARY 9—Douglas Fairbanks in "When the Clouds Roll By."

COMING, WEEK FEBRUARY 23—"The Miracle Man."

Eugene Cowles, most famous of bassos, is in the cast of "Chu Chin Chow," the big musical extravaganza of the Orient which F. Ray Comstock and Morris Gest will present at the Grand for the last time today, matinee at 2, evening at 8.

It was not so many years ago, as Mr. Cowles told the story himself the other night between the acts of "Chu Chin Chow," that he was a clerk in the First National Bank of Chicago, getting $12 a week under Lyman J. Gage, who afterward became secretary of the treasury, and who gave Mr. Cowles his first position in the First National Bank.

In those days, Eugene Cowles sang at amateur concerts, and at church. One night he was invited to sing at the old Chicago Press Club. Among the guests that night was the late Henry Clay Barnaby, famous world over as the leader of the Bostonians, and the never-to-be-forgotten sheriff of Nottingham. The Bostonians were then at the height of their wonderful career as the leading light opera organization of the world. Mr. Baraby was so pleased with Eugene Cowles' singing that he offered the young man an engagement with the Postonians. Mr. Cowles arranged affairs at the bank, turned his accounts over to Lyman Gagge and went east to join the Bostonians.

NAZIMOVA IN "THE BRAT" AT THE GRAND MONDAY TUESDAY, WEDNESDAY

The supreme Nazimova, in her latest production, "The Brat," has been booked as the attraction at the Grand Monday, Tuesday and Wednesday, and the management promises a rare treat to its patrons. "The Brat" is Nazimova's own screen version of Maude Fulton's highly successful stage play. In this new production Nazimova is to be seen for the first time in her screen or stage career as an American girl. Her great fame hitherto has been derived from her impersonation of foreign types. It will be recalled that she was an Eurasian, or half-Chinese girl, in her last big feature, "The Red Lantern," and in other screen vehicles has been Persian, Gypsy and Bedouin.

As star and dramatist, she is coming in "The Brat." The story has to do with the vicissitudes and final triumph of "The Brat," a nameless waif on the turbulent sea of life in a big city. She loses her "job" in the chorus because she is too shabby to "make a front." Dejected and shelterless, she leaves the theatre, only to be insulted by a masher, and then haled to the night court on his trumped-up charge. There her fortunes change for the better. A novelist, seeking a "type" for the heroine of his new novel, takes her home and studies her. Their friendship, which is at first casual interest on his part, although it is abject devotion of hers, ripens into a pretty romance, which is said to be unfolded with many surprising twists and captivating incidents.

Charles Bryant, who has been Nazimova's leading man in every one of her great screen vehicles save "the Red Lantern," again plays opposite the brilliant Russian star in the role of the absent-minded but likeable author, MacMillan, Forrester. Frank Currier is cast as the genial bishop, who is always ready to palliate the seeming brazenness of the brat. Others in the notable cast provided for the production are Darrell Foss, Henry Kolker, Amy Veness, Bonnie Hill, Millie Davenport and Ethelbert Knott.

Some spectacular and very unusual settings are said to feature the big production of "The Brat." One of these is the interior and "back stage" of a metropolitan theatre. This was built in its entirety at the Nazimova studios especially for the production. Another is an exact duplication of the New York night court, where the dregs of humanity pay the toll for their follies in the drab hours of early morning.

VAUDEVILLE MONDAY, TUESDAY AND WEDNESDAY

Heading the big vaudeville bill coming to the Grand Monday, Tuesday and Wednesday will be Manuel Romaine, Powers and Delmere, in "The Midnight Marauders," a comedy skit interspersed with singing and piano numbers. The act is one of the most amusing and highly entertaining now playing vaudeville and Grand patrons are assured something entirely out of the ordinary in vaudeville amusement.

Another act that will be a big feature also will be the Mabelle Fonda Trio, in an artistic juggling novelty. A routine of fast single, double and triple work is introduced that surpasses anything in the juggling line ever before witnessed.

Octavo is a clever singer, who will be heard in a repertoire of popular and classical selections.

Dobbs, Clark and Dares will offer a comedy, talking, singing and acrobatic offering.

The closing act will be Celina's Circus, an offering composed of a variety of circus novelties.

"FAIR AND WARMER" COMING TO THE GRAND THURSDAY EVENING

Avery Hopwood's newest laugh producer, "Fair and Warmer," whose fame has run ahead of it to every quarter of the country, following its spectacular success at the Harris Theatre, New York, for one year, will be presented by Spaeth and company at the Grand Opera House Thursday evening at 8:15.

This captivating farce hit the bullseye with such promptness and such unmistakable precision that the "capacity business" which was to distinguish its long New York engagement began immediately on its first night. There was never a let down thereafter, so that New Yorkers began to use it as their principal amusement centre, and to take their guests from out-of-town straight from their trains to "Fair and Warmer." The result was an almost unparalleled wholesale public approval, resulting in a demand for the farce from all the cities of the country. This classic in its field will be presented here with an excellent cast of farceurs. Seats on sale Tuesday morning.

"THE NAUGHTY WIFE" COMING TO THE GRAND NEXT FRIDAY AND SATURDAY

Selwyn & Co. will present one of their biggest successes, "The Naughty Wife," at the Grand next Friday and Saturday evenings at 8:15, and Saturday matinee at 2:30. The farce, for it is that and nothing else, has the unusual record of having been pronounced the best play of its kind seen in New York, Chicago and Boston, and is one of the biggest current hits at the Playhouse, London, England.

"The Naughty Wife" comes here with one of the best companies of farceurs ever assembled in one play, among them being Reeva Greenwood, Gordon Eldrid, Gertrude Walthers, C. Elwood Farber, W. H. Crosby, Edward Ray, Irma Heath, all known to theatre-goers because of their long association with one success after another. The fact that the plays in which they have appeared have invariably proven sources of sheer delight to lovers of the drama, is sufficient guarantee of their merit as actors.

Those who see "The Naughty Wife" will, if the experiences of other cities may be taken as a criterion, be retelling long after the play has come and gone, the story of it, and will be quoting its lines for many a day—and with reason.

Fred Jackson, who has written a number of successful farces, has hit on an exceptionally clever idea for the basis of his play. The troubles of a husband and wife are not always good material for fun—and hilarious fun at that. When they have to do, however, with a husband possessed with an exquisite sense of humor, developed to such a point that he is able to handle so delicate a situation as an openly announced desertion by his wife, with nothing but laughs to reward his efforts, an evening of continuous joy may be sure to result.

"The Naughty Wife" comes here exactly as it was presented during its long and extremely successful engagements in New York, Chicago and Boston.

Now Meat is so expensive—

OXO Cubes should be more used than ever!

Think what OXO Cubes can save you in the course of a year!

For soups, sauces, gravies, savoury dishes and meat-jellies they do all that meat can do, and do it quicker and with less trouble.

Nothing need be wasted—
Nothing thrown away.

With OXO Cubes oddments and "left-overs" need not be put aside. They can be created into ideas for the menu—delicious, inviting, and quite inexpensive.

Another point to remember:—
OXO Cubes not only add their own goodness and flavour, but possess the peculiar property of making other foods yield more nourishment than they otherwise would—hence, food goes farther when OXO Cubes are one of the ingredients of the dish.

OXO HOT POT.
Peel and slice sufficient potatoes to half fill a large pie-dish, add few small onions, also sliced. Put into cold water, bring quickly to a boil, boil one minute, then drain. Put back in pie-dish with few slices of tomato, season with pepper and salt and flavour with herbs. Dissolve one OXO Cube in ¼-pint of hot milk and pour over mixture. Put few bits of butter on top and bake for two hours in moderate oven.

OXO SUCCOTASH.
Take four-fifths of a breakfast cup of dried lima beans, soak one hour or more in cold water; drain, add one quart hot water in which two OXO Cubes have been dissolved. Cook until almost tender. Add little salt and finish cooking. Allow liquid to evaporate before removing from the stove. Add one cup canned corn and a tablespoonful of butter. Reheat and serve.

The little money-savers!

A little capital

"IF ONLY I had a little capital, look where I might have been to-day!"

Are you going to be one of the men who say that after you have passed middle age, or are you going to be one of those who "got there" because you had that "little capital" when your chance came?

Most big business concerns and large fortunes had small beginnings.

The men who accomplish things are not the idle rich but the ambitious, industrious men, rich or poor.

A little money saved each week and deposited in the Bank of Toronto can be the beginning of your life venture. With the interest it earns it does not take long to accumulate capital sufficient for a start. The more you have for your beginning, the surer is your success.

BEAVER BOARD
If it is a new building, Beaver Boarding the walls and ceilings is the quickest way to make it ready for use. If it is an old building to be reconstructed or remodeled, Beaver Boarding will make the repairs a clean job. Easily handled and rapidly completed. It is clean and sanitary.
Beaver Board is the only wall board that is "Sealtite" sized—an exclusive moisture-proofing process. This process also makes a priming coat unnecessary and makes Beaver Board economical to decorate.
Beaver Board is made in 32-inch and 48-inch widths, and in even foot lengths from 6 to 12 feet. This variety of sizes makes it easy to lay out any room, new or old, for Beaver Boarding.
See us about it, or request samples and literature.

FARM BUYERS: ATTENTION!

ONCE IN A LIFETIME such an opportunity presents itself to those who want to farm under the highest conditions, both as regards profit and personal comfort. We are authorized to sell a farm in Middlesex County which we believe is everything that could be desired by the most exacting.

SITUATION—On the best thoroughfare in the county and within ten miles of a city.

RESIDENCE — Two-story brick, nearly new, finished in the best, with every comfort provided for.

BARNS—Grain, straw and cattle barns with all modern improvements to take care of crops, cattle, hogs, horses, etc. Main barn nearly new, painted, eavestroughed and rodded, also garage, henhouse, etc.

SOIL AND DRAINAGE of the best and acreage properly proportioned between pasture, fall plowed, seeded and in crop.

This model farm comprises 100 acres (overruns a few acres), and will be sold for $13,500, at least half of which is required to be cash. If you figure cost or value of buildings and improvements this leaves very little for the land. This farm is paying, the figures can be shown to interested parties, and the land is highly nurtured. Announcement

Two of the greatest Canadian novels yet written—so say British and American critics—are "Love of the Wild" and "Willow the Wisp," by Archie P. McKishnie.

It is the desire of the publishers of The Daily Advertiser to place these splendid books in the homes of its readers, and it is with pleasure that we announce that through special arrangements with the publishers we are able to do this at a cost scarcely exceeding the posting and boxing of the same.

Mr. McKishnie, who has found a place among the world's great writers, was born and bred in Western Ontario. These novels are authentic histories of the struggles and victories of our own ancestors, big, pulsating romances of our own people.

Therefore, every home in Western Ontario should have them in its library. Let us tell you how you may secure them.

POWER REGULATIONS STRICTLY ENFORCED; SUPPLY IS SCARCE

Hydro Managers To Confer On Situation.

The power situation shows no improvement, in fact, regulations were more strictly applied than usual today, General-Manager E. V. Buchanan reported. The city was held down to the exact limit of its power, and accordingly had to be very careful in handling the supply.

General-managers in many of the larger municipalities have been asked to attend with a deputation which will wait on the power commission in Toronto Tuesday to talk over the power situation and discuss ways and means of dealing with it.

The conference has been suggested by P. B. Yates of St. Catharines, and general-managers from London, Toronto, Hamilton, Guelph, Brantford, Kitchener, St. Thomas, Windsor, Chatham and Woodstock have been invited.

TRAINS FROM EAST DELAYED BY SNOW

Some Three Hours Late From Montreal.

Heavy snowfall to the east was responsible for the C. P. R. train from Montreal being later today than it has been before this winter. It was scheduled to arrive here at 11:20, but was not expected to pull into the Richmond street depot until nearly 2:30, being over three hours behind time. Trains from the east on the G. T. R. were also late, but the one from Montreal was due to arrive in the city only about 40 minutes behind time this afternoon.

The snowfall east of Toronto last night was much heavier than it was here, and train operation between Montreal and Toronto were delayed considerably. The main line of both Grand Trunk and C. P. R. were kept open, but the trains proceeded only slowly, in some instances behind the plows.

Officials of the C. P. R. report heavy snowfall about Goderich, which has been causing great difficulties during the past few days. Plows have been working between Goderich and Guelph on the C. P. R., and trains have been operating far behind time. No lines have been completely tied up in the Goderich district, C. P. R. officials claim.

Trains from the west on the G. T. R. and C. P. R. were no later than usual today.

V. A. D. NURSES TO GET VOCATIONAL TRAINING

Government Promises This to G. W. V. A. Executive.

Vocational training is to be given to returned V. A. D. nurses, as well as to returned soldiers, according to a statement made by Lieut.-Col. W. G. Coles at the recent general meeting of the G. W. V. A. He said that the matter had come up for discussion at the last provincial executive meeting held in Toronto last week, and that assurance had been given to the meeting that steps were to be taken by the government along these lines.

The agitation arose among the veterans of the war to secure this training for the nurses because many cases of hardship had been brought to their attention. Many of the nurses have suffered from illness during the war, and consequently are unable to follow their former professions. In spite of this no training was given to enable them to follow some other suitable occupation as is given to returned soldiers.

SENIOR S. S. CLASSES HAVE GOOD TIME AT DUNDAS CENTRE CHURCH

Young Men Likely To Get Building for Indoor Games.

The banquetting room in the Dundas Centre Methodist Church was the scene of a merry gathering last night, when over a hundred members of the senior classes of the Sunday school sat down to supper and a fine program of toasts. The classes present included No. 4 Club, with President A. E. Cowley; class 50, taught by E. N. Hannah; class 36, with Roy Adair at its head, and C. J. Beal's class.

A. E. Cowley was an excellent toastmaster and the toasts of the evening included: "The King;" "The Times We Live In," by Winnett Lewis and Professor J. H. Bowman; "The New Top Story," by Reg. Sumner and Dr. B. E. Wilson; "My Parish," by A. R. C. Hourd and Rev. W. E. Pescott, B. A.; "The Young Man in Business," by Harry Sharratt and G. F. Cowper; "Our Men's Organizations," by Charles Goddard for class 50, Roy Adair for class 36, and John W. Cahill for No. 8 Club; "Raise the Blinds," by Don. C. McNaughton and C. E. German, and "The Ladies," by Leonard Tait and E. N. Hannah.

While gathered together the young men discussed the great need of a building that might be utilized as a sort of club house for reading, basket ball and indoor games of all kinds, so that the church might be a place where the boys might profitably spend seven days a week instead of one. Dr. Wilson and C. E. German were strongly in favor of such a scheme and spoke for the trustees, promising that they would do everything possible to further such a scheme.

The musical portion of the program included a piano duet by G. F. Cowner and T. H. Yull; flute solo, T. G. Bain; violin solo, Ernest White. Accompanists during the evening were W. B. Wortman, Ernest White and G. F. Cowper.

DELAYED MAILS CAUSE GREAT INCONVENIENCE

Delayed mails have occasioned a great amount of inconvenience to the businessmen of the city, according to a report made by officials at the local postoffice. Large mails from the east arrive in the city at noon, and in the past this mail was sent out for delivery at 1:30 o'clock, enabling answers to be made to the letters on the same day. Now the letters are not delivered till 3 p.m., as a rule, and often not until next day.

Apparition of Virgin Is But Trees' Shadow

Priest Investigates Supposed Appearance of Virgin.

Metz, Jan. 24.—Excitement among the people of Noveant, a small village near here, over the supposed appearance of the Virgin near a churchyard, has been calmed by an investigation conducted by religious authorities. It was said the apparition appeared at a certain time each day, seeming to stand on the steps of a little villa, and much credence was given the stories of those who claimed to have witnessed the phenomenon.

Father Bentz, who made a careful inquiry, posted himself one evening at a point where others claimed to have seen the Virgin, and at once solved the mystery. He found two trees some distance away, which, just at sunset, cast a shadow presenting a clear outline of a statue of the Madonna, the resemblance being very striking.

Bishop Rutch of Metz, commenting on the case, said when it was explained to him:

"We must not expect too many miracles. We have just witnessed one of the greatest miracles of all times—the return of Lorraine to France—and we can afford to wait a little while for another."

Consumes $10 Meal and Then Refuses to Pay

Naples, Jan. 23.—Dominico Misiano, brother of the Socialist Deputy Misiano, accused of desertion from the Italian army, has been arrested here for eating $10 worth of food in a restaurant and afterwards confessing that he was without money.

MILITARY HOSPITALS ARE TRANSFERRED TO SOLDIERS' RE-ESTABLISHMENT COMM.

All Patients Will Now Rank as Civilians.

Ottawa, Jan. 24.—All except five of the hospitals which during the war were directed by the Canadian Army Medical Corps have been transferred to the department of soldiers civil re-establishment, and the word "military" has been deleted from the title of each, indicating their reversion to the status of civil institutions. Nine hospitals transferred to the department of soldiers' re-establishment at Kingston, Montreal, Toronto, Winnipeg, Calgary, Strathcona, Esquimault and Halifax will now be known as follows: Sydenham, St. Anne's, College Street, Deer Lodge, Col. Belcher, South Edmonton, Esquamoult and Camp Hill.

A statement issued yesterday by the department of militia and defence indicates gratifying progress in demobilization of patients in military hospital ships. The number of Canadian soldiers in hospitals in Great Britain is now practically nil in comparison to 48,000 a year ago. In Canadian military hospitals the number has been reduced below 3,000.

The patients have ceased to be soldiers, and now rank as civilians. The staffs are also composed of civilians, although in most cases the doctors and nurses have served in the Canadian expeditionary force. The process above referred to is going on quietly and steadily, and it is hoped that in the near future one or more of the five remaining military hospitals in Canada will be transferred to the department of soldiers civil re-establishment. The results obtained in the respect mentioned have been most gratifying to the military authorities.

CASE COMES TO SUDDEN END: WITNESS ADMITS GIVING FALSE TESTIMONY

Hare Action Excited Great Interest Throughout Cotton World.

Manchester, Eng., Jan. 24.—Trial of the famous Hare cotton spinning case in chancery, came to an abrupt close here when one of the principal witnesses confessed he had given false testimony. Attorneys for the plaintiffs thereupon agreed that judgment should be entered for the defendants, with all the costs of the action.

The Hare Spinning Company, Tolmorten, brought suit against Messrs. Leigh, Limited of Oldham, Sir John Leigh and Messrs. Collett, Vaughan, O'Neil and Mellor, declaring that the defendants wrongfully combined or conspired together for the purpose of defrauding the plaintiff company.

The action excited great interest in the cotton world, although the amount sought in the way of damages was about £20,000, the legal expense for the first day alone were in excess of that amount, it was said.

Over £2,000 was spent on printing the correspondence read in the case, and the briefs, if placed on top of each other, would reach a height of twenty feet.

GOT MILITARY CROSS FOR CONSPICUOUS GALLANTRY

Gazette Tells of Deeds Done by Capt. S. E. McKegney.

Official statement is made in the London Gazette of the deed for which Capt. (Rev.) S. E. McKegney, formerly of St. David's Anglican Church, was awarded the military cross. He was decorated by King George in person.

The terse, official language, outlines the "deed" as follows: "For conspicuous gallantry and devotion to duty during the attacks near Cambrai on the 28th of September and 1st of October, 1918. Throughout he was continuously present on the battlefield dressing the wounded and assisting in their evacuation amidst very heavy fire. He had no rest for two days during which time he was indefatigable in carrying out his duties and relieving the suffering."

Mr. McKegney was rector of St. David's Parish, Hamilton road, before enlisting in the Canadian Chaplain Service, and being posted to the 58th Battalion. He was educated at Huron College, and was graduated with honors. He was also a prominent member of Nassau, Orange Lodge, 2170, and Inniskilling Preceptory of the Royal Black Knights of Ireland, No. 834. At present he is rector of St. Paul's Church, Clinton.

LOCAL G. W. V. A. REFUSES TO SIGN FLYNN PETITION

Although the Dominion executive of the G. W. V. A. has announced that it will allow the circulation of petitions to aid in the fight of the association for further gratuity, no steps are to be taken along this line by the local branch, until official word has been received from headquarters.

A petition is being circulated in this city at the present time by the Flynn faction which is conducting a strong fight in Toronto. The G. W. V. A. is strongly opposed to this faction, claiming that it is doing more harm than good to the cause of the fight, and therefore will have nothing to do with the petition that is being circulated, members of the association here having refused to sign it.

ASKS A CHEAPER RATE ON NEWSPRINT FROM CANADA TO S. AFRICA

Publisher Declares Greater Quantities Would Then Be Consumed.

Ottawa, Jan. 24.—By Canadian Press.—That better freight conditions would result in greater use of Canadian-made newsprint and book papers in South Africa, is the claim of Robert Muir, manager of a large printing and paper concern of Cape Town, South Africa, who yesterday waited upon the Canadian trade commission to ask their assistance in the matter.

Mr. Muir, whose company operates a chain of publications in South Africa, said that before the war the freight rates from Scandinavian and Canadian mills had been the same, but now there was a difference of $15 per ton weight in favor of the former. The South African users, however, do not want the Scandinavian output if they can get Canadian paper, so are asking the Canadian trade commission and the department of trade and commerce to use their influence with the Elder-Dempster Company, whose steamers carry the paper, to have the freight rates reverted to a pre-war basis.

EXPECTS TO MAKE DASH TO THE SOUTH POLE IN AEROPLANE

Commander of British Expedition Starts in June.

London, Jan. 23.—By the Associated Press.—Dr. John L. Cope, commander of the British imperial Antarctic expedition, which will leave England in the steamer Terra Nova next June for a five years' term of exploration in the Antarctic seas, says an attempt will be made to dash to the South Pole in an aeroplane. Today he told the Associated Press how he hoped to accomplish this undertaking.

"The 'plane we are taking with us," said Dr. Cope, "is being specially constructed, and will be so designed that it can land on the ice by means of skids. Three men will make the dash for the pole from the top of the great ice-barrirer at the Bay of Whales.

"From the starting point it will be a continuous climb, since the plane will have to cross a mountain range with peaks 11,000 feet high. The pilot will be Capt. G. H. Wilkins, who participated in the flight between England and Australia.

"The plane will be fitted with a patent sledge attachment, which will be used to carry provision and equipment if anything happens to prevent the journey being continued in the air. With a full load the crew and aeroplane will weigh 12,600 pounds. Its speed will average 93 miles an hour.

"Of the three men in the 'plane, one will be the pilot, the second the navigator and wireless operator, and the third myself. I will be the observer, and my duties will be to chart and photograph the country over which we pass.

"I have had considerable experience in sledging during years spent in the Antarctic region, and in the event of accident I will lead the party back to our base over the great ice mountain and glaciers. Naturally the great enemy we will have to face will be the Antarctic blizzard, but given fairly decent weather and reasonable luck I am convinced we will safely return to our base.

"If the weather is favorable I intend to commence the flight for the South Pole next Christmas Day."

INFERIOR SANITARY CONDITIONS ARE CAUSE OF TYPHUS EPIDEMIC

Warsaw, Jan. 24.—Inferior sanitary arrangements on the Russo-Polish frontier are said to be responsible for the alarming epidemic of typhus which is raging in Poland and the Baltic provinces. More than a million cases of the disease have been reported to Red Cross officials.

Refugees from Russia cross the Polish border without being inspected by health authorities, it is said, and many of them are said to be suffering from typhus or to be infested with vermin which carry the disease.

Unless outside assistance is forthcoming, it is said, there is little hope of combatting the epidemic.

WINNIPEG DAILIES PUBLISH FOR FIRST TIME IN SEVEN DAYS

WINNIPEG, Jan. 23.—(By Canadian Press.)—All three Winnipeg newspapers published editions this afternoon for the first time since the newsprint shortage forced them to suspend one week ago, a small shipment of newsprint having arrived from the Fort Frances mills.

In a joint statement the publishers say that these shipments do not in any way indicate submission to government orders, but "the Winnipeg dailies feel justified in assuming from Paper Controller Breadner's presence at the mill that these orders will be enforced by him."

The limited supply can last for only a few days, but no efforts will be spared while it lasts to give the public a reasonable normal service.

"Should the orders of the Government be further defied or evaded, a further suspension is inevitable at an early date," it says, in conclusion.

FINANCIAL AND COMMERCIAL

THE LOCAL MARKET

Although the country roads are reported by some to be in fairly good shape last night's storm seemed to have discouraged the farmers, for only a few made their appearance on the local market this morning.

Dressed hogs by the quarter were the largest offering. The price was a little firmer. For front quarters, 25c to 27c a pound was being paid and for hindquarters 27c to 28c, with some asking higher.

Dressed chickens were fairly plentiful, and were selling at 35c to 37c a pound retail.

Vegetables of all kinds were scarce, and showed a tendency toward strengthening in price.

Butter and eggs were fairly plentiful.

WALL STREET.

New York, Jn. 24.—Wall Street, 10:10 a.m.—Steels, motors and shippings comprised the firm to strong issues at the opening of today's stock market. Oils, equipments, coppers and food shares reacted within moderate bounds.

10:30 a.m.—The final session of the week on the stock exchange opened with further irregular price changes, although gains predominated. Yesterday's strong features, notably independent steels, were again conspicuous under the lead of Crucible Steel, which made a new high quotation for the current movement. Shippings and several of the utilities, including People's Gas, also improved, and General Motors recovered part of its recent decline, but oils reacted moderately. Trading came to a standstill within the first half hour.

WALL STREET REVIEW.

New York, Jan. 24.—Extreme weakness of foreign exchange and another advance of interest and discount rates to highest points ever ordered by the federal reserve bank, were of themselves enough to effect an irregular reaction of quoted values in this week's dull stock market. The break in exchange, which caused leading remittances to fail below all previous levels of depreciation, was again mainly precipitated by trade balances unfavorable to the European countries. The movement doubtless received further impetus from enforced liquidation here and abroad. Efforts of the central bank to release "frozen" credits evidently apply to foreign bills no less than to better known, and more negotiable forms of financial accommodation which have been subjected to speculative influences.

Shorts had the best of the week's operations, in so far as losses exceeded gains, but hurried covering was occasionally noted in some of the high grade industrials and specialties controlled by professional interests.

In the important lines of industry, production continued at high pressure. Statements of the United States Steel and Bethlehem Steel Companies, covering the final quarter of 1919, are to be issued next week. They are expected to throw an interesting light upon labor conditions during that period.

G. W. V. A. EXECUTIVE REFUSES TO SEND BORDEN SUGGESTIONS

Dominion Body Reaffirms That Re-establishment Is Inadequate.

JUSTICE WAS NOT DONE

Executive's Recommendations Already Thrown Out, Will Give No More.

OTTAWA, Jan. 23.—The Dominion executive of the Great War Veterans' Association in session here, passed the following resolution:

"That this association indorse the principle of proportional representation for the proper reflection of public opinion, and that the prime minister of Canada be requested to summon a speaker's conference, similar to the one which met in Great Britain in 1917, to discuss this matter and report its findings to the House of Commons at the earliest possible date."

The following letter was sent to Premier Borden today:

"Sir, in reply to your letter with reference to re-establishment of returned soldiers I am instructed to say that the comprehensive plan together with other recommendations, placed before the parliamentary committee contained all the suggestions and general principles which were authorized by the Great War Veterans' Association.

Unanimous Report.

"The unanimous report of the parliamentary committee disapproving of that entire plan was indorsed by the Government. The Dominion executive, therefore, while reaffirming their belief in the inadequacy of the re-establishment methods now in operations, can add no further suggestions or recommendations to those already made by them and rejected by the Government until they are authorized to do so by the next annual convention of the Great War Veterans' Association which meets on the 22nd of March next.

"The Dominion executive of the Great War Veterans' Association are grateful to you for your letter.

(Signed) "C. G. MacNeil, Dominion secretary-treasurer, G. W. V. A. of Canada."

Justice Not Done.

The closing session of the conference of the Dominion executive of the Great War Veterans' Association here approved of permission being given to local, provincial and district commands to circulate public petitions asking for further financial aid from the Government as a means of solving the re-establishment problem.

The proposed heading for the petition is as follows:

"That justice was not done to the soldiers when the House of Commons at its last session refused to vote funds for re-establishment in the form of gratuities; that the financial and only reason for refusal had been solved by the easy success of the last Victory Loan, and that we respectfully request the House to reconsider the question and solve the problems of re-establishment by providing substantial gratuities for all who have served in the Canadian Expeditionary Forces and their dependents, and for such imperial or allied soldiers as have heretofore been within the scope of Canadian gratuities."

TORONTO DETECTIVE SAYS APOLOGY WORSE LIBEL THAN ARTICLE

Toronto, Jan. 23.—The trial of the libel suit brought by Detective George Young against Mrs. Charles George ("Ida Webster") of the World staff, and the World Newspaper Company, Limited, for $5,000 damages, ate having occupied the time of the assize court here, presided over by Chief Justice Sir Glenholme Falconbridge for the last two days, is still unfinished. The taking of evidence was concluded this afternoon and the counsel addressed the jury, but the judge postponed his charge until tomorrow morning.

Mrs. George testified this afternoon in her own defence. She stated that the World had published an apology to Detective Young, but it had proved unacceptable. The plaintiff's counsel, George Wilkie, asserted that the "apology" was a worse libel than the original article that had been complained of.

The plaintiff, in the witness box, denied charges of drunkenness made against him by other members of the force, which charges had partly formed the alleged libellous newspaper article.

PLAN IS NOT ACCEPTABLE.

London, Jan. 24.—A wireless dispatch received here from Moscow referring to the resumption of trade by the Allies with the Russian co-operative organizations, says:

"The economic policy applied by the Entente to Esthonia, Letvia and other countries, which consist of extorting most precious raw materials in exchange for clothing and cigarettes, is unacceptable to us. We can only accept such an exchange of goods as will re-establish our industries and means of transport."

Truly the Fashion Bootery of London

The place where anyone can buy and rest assured that the shoe they are buying is at the present moment all the rage in the style counters of America.

Just for the one reason that we have always been catering to discriminating people and reaching out into the shoe markets for something just a little better, is why all the best manufacturers of stylish shoes come to this store. We are the outlet for this product, thus we can pick and choose from the highest grade shoes, both in Canada and the United States.

Distinction

There is probably nothing else that so much expresses distinction and refinement as a Diamond. They are always so, whether worn as ring, pendant, brooch or in other pieces of jewelry.

The latest vogue is to have the stones mounted in either white gold or platinum. Either is very effective and offers a distinct change from the ordinary gold mounts.

If you would care to have your diamonds remounted, drop in and see us, as we make a specialty of this work, and carry a large supply of fancy settings in stock at all times.

MAKING PREPARATIONS FOR BIG FINANCIAL CAMPAIGN

Methodist Forward Movement Committee Starting Activities.

Preparations are being made for the financial campaign of the Methodist Forward Movement in the London district, to be conducted from February 9 to the 14. Rev. W. H. Graham of Stratford, president of the London District Conference, has opened a central office in the London Life Building, Richmond street, which will be made the headquarters of the campaign.

The First Methodist Church has been asked to raise $25,000; Dundas Centre Church, $13,000; Wellington Street Church, $3,600; Askin Street, $9,000; Colborne Street, $6,000; Centennial Church, $3,000; Hyatt Avenue, $2,200; Empress Avenue, $3,600; Memorial Church, $2,200; Hill Street, $500; Ridout Street, $1,000, and Hale Street, $600.

A city finance council has been organized, of which Henry Pocock is chairman and Gordon Ingram, secretary. The campaign will be opened with a banquet.

ELDERLY TRAVELLER DIES VERY SUDDENLY IN HOTEL

E. C. Bell, representative of a St. Louis firm, dealing in phosphates and sodas, died very suddenly in the lobby of the Tecumseh House last evening shortly before 7 o'clock. He came in on the local train from Toronto and registered at the hotel at about 6 o'clock. He crossed from the desk to a chair and sat there quietly, and a little later Guy M. Ferguson, the manager of the hotel, noticed that he was stiffening in his seat and was apparently ill. Mr. Ferguson went to his assistance, and had a telephone call sent in to Dr. Wm. Shoebotham, but before the latter's arrival Mr. Bell had died.

MORE LIQUOR HERE, BUT FEWER DRUNKS REACH POLICE COURT

Perhaps Because Quality Better Than Bootleggers' Stuff.

Although liquor has been flowing into London for the past two weeks at a good regular swish, police court officials declare that there has been no extra drunkenness in the city as a result, in fact the drunks picked up by the police have been fewer in number.

Whether this is due to the superiority of "regular" stuff over the bootlegging variety is not known, although it is suspected that it is. The fact remains that there is a lot of pain-killer arriving every day and the consignees are either hoarding up the liquid joy for future celebrations or dispensing it out with cars behind closed doors.

More booze—less drunkenness. License Inspector J. E. Keenleyside admitted "maybe it is the good quality of the stuff that is coming in," he said. "I don't think that it is as poisonous as some that I have seen."

When asked as to the quantity of liquor that was being brought into London, he stated that there were very few large orders. There were many citizens, however, who were getting in a case or two.

"Who are these pepole?" he was asked.

"Well you would be surprised if I told you," he said.

BURNS' ANNIVERSARY CONCERT WAS MOST SUCCESSFUL AFFAIR

Everyone Present, Including the Entertainers, Thoroughly Enjoyed It.

The skirl of the bagpipes and the tramp of the small feet of Sammy Munroe opened the great Burns' Anniversary concert held in the Y. M. C. A. Auditorium last night, and at the same time opened the heart of every Scotchman present. It was more than a concert. It was a truly Scottish social gathering, and every man, woman and child there, and every singer and entertainer thoroughly enjoyed it from beginning to end, and the concert stretched itself out so that the encores had to be chopped off to permit of the singing of "Auld Lang Syne" before all the babies had gone to sleep for the night.

Jean Anderson Thirde, a true Scottish soprano from Toronto, delighted the audience with her numbers. Among them were such songs as "Comin' Through the Rye," "The Standard on the Brass o' Mar," and "The Dear Auld Hame," sung with an enthusiasm and dramatic feeling which is seldom heard. Her numbers with A. G. McCulloch, baritone, "The Crooked Bawbee" and "When Ye Gang Awa', Jamie," were among the most delightful of the evening. Both singers were able to enter into the songs in such a dramatic way that they took the house by storm. A. G. McCulloch's solo numbers were also excellent, and Miss Ruth Robinson, contralto, who took the place of Miss S. McDonald Fraser of Toronto on short notice, added several attractive numbers to the program.

The comic hit of the evening was made by J. B. Ballantyne, a Scotchman with an appreciation for a Scottish sense of humor. His "readings," which in his own words "were particularly fine, because I made them myself," called down the house. And yet they were no finer than his Scotch comic songs and the "stride" to which he did them. His mimicry of the bagpipes on the violin could not have been outdone.

And then the prettiest numbers of all were then put on by Sammy and Dorothy Munroe, which were a mingling of delightful comic songs, pretty costumes and graceful dance steps. "Ye Olde Tyme Minuet" was pretty beyond words, and "I love to Be a Sailor" was full of humor of the genuine Harry Lauder type.

In short, it was a grand concert, and only those who pumped hardest at "Auld Lang Syne" knew how grand it was. Dr. M. C. Dewar was chairman and F. L. Willgoose the accompanist.

LEADING FORESTER DIES

FREDERICK J. DARCH.
Supreme Secretary of the Independent Order of Foresters, a former Londoner, who dropped dead Friday in Toronto.

FRED J. DARCH, I. O. F. SUPREME SECRETARY, SUCCUMBS SUDDENLY

TORONTO, Jan. 23.—Frederick Darch, supreme secretary of the Independent Order of Foresters, widely known in fraternal circles, dropped dead here today from heart-failure. He was born in London, Ontario, 46 years ago. For several years he was high chief ranger of the Independent Order of Foresters for Western Ontario.

Fred J. Darch, whose death was reported in Toronto Friday morning, was a former well-known and popular Londoner. Born and brought up in this city, he first went to work for John S. Pearce, who conducted a seed business here. Later he became the head of the Darch & Hunter Seed Co., and built up an enviable reputation in that business.

Ten years ago he sold out his business interests to become auditor of the I. O. F. in Toronto, and worked his way up to the position of supreme secretary of the Foresters. Thursday night he addressed a meeting of Foresters in Toronto.

Mr. Darch was prominent in civic life here at one time. During the years 1905-6-7, he was chairman of the board of water commissioners, and a member of the same board in 1908 and 1909.

Mr. Darch married the daughter of G. W. Pitt, jeweler, and leaves, besides his widow, a son and a daughter, Cuthbert and Miss Kathleen.

The remains will be interred in Woodland Cemetery, arriving here on the noon train Monday via G. T. R.

U. S. EXPORTS DROP $60,000,000 IN MONTH

WASHINGTON, Jan. 23.—December exports decreased in value $60,000,000 from the $741,000,000 recorded for November, while imports dropped to $381,000,000, a decrease of $44,000,000, according to a statement today by the commerce department.

The excess of exports over imports for the entire year 1919 reached $4,017,000,000, a high record. Exports totalled $7,922,000,000, with imports amounting to $3,904,000,000, compared with 1918 exports of $6,149,000,000 and imports $3,031,000,000.

IN POLICE COURT

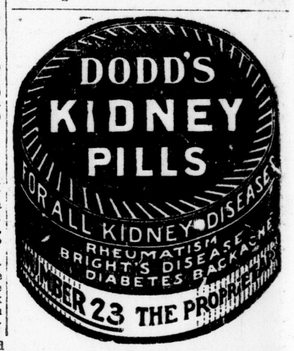

A local man was fined $200 and costs in police court Friday morning for having liquor in a place other than a private dwelling. He pleaded not guilty, but the court thought otherwise, and the $200 fine or a three-months' trip to the county jail was imposed.

George H. Belton explained to Magistrate A. H. M. Graydon that his wife had broken the traffic bylaw at the corner of the Wortley road and York street in order to avoid a collision with a car that was rushing down the Wortley road hill.

"She told me how nicely she had avoided an accident by going round behind a street car, and the next thing I knew I got this summons," said Mr. Belton with a smile.

The court also grinned, and said: "All right, Mr. Belton, it is all right. There was no intention to break the law and the case is dismissed."

Cecil Horn went to work as a chauffeur before he had received his license to drive a motor car and thereby ran afoul of the law. This morning he was let go by Magistrate Graydon with a warning.
