So-Called Efficiency Experts From America To Explain System To Local Employees of Postoffice and Customs House—D. P. Coolican Does Not Find It Smooth Sailing Here—S. O. S. For George Ross Sent Out.

Intimation was made at the postreserved from Ottawa that "organizers" or "supervisors" (or whatever they can
them in Chicago) will arrive in London
early next week to gutline the "Griffenhagen system" to the local clerks. The
arrival of these experts & awaited with
keen interest, as one of the staff commented today: "From just an off-hand
survey of this economical touch the
past two days. I readily agree that it
will require experts to get the scheme
working smoothly."

Star Chamber Sesion.

D. P. Cooliean, direct from "efficiency
headquarters" down at the capital build
ings, has been in the city couple
of days attending, and service and the ofother the postoffice inspector. All day
"star chamber" consultations have been
the procedure and another session is
under way today. That the officials, as

ESSENTIAL PRELIMINARY

Several of Dominion Premiers Will Continue To Press For Notice of Denunciation of Anglo-Japanese Agreement-Britain Facing Gigantic Problems.

London, July 3.—By Grattan O'Leary, It was hoped, and in some quarters bestaff Correspondent of the Canadian Press.—With the fate of the Anglo-Japanese alliance still trembling in the balance, a movement on foot to bring about a conference of the great powers about a conference of the great powers on disarmament, and mighty forces striving for a settlement of the ancient thus far these expectations have not been the center of perhaps the greatest political drama within the memory of living men. What the outcoms will be few nere dare to predict.

It was hoped, and in some quarters believed that advances which the British authorities this week made through the American ambassador would be accepted in Washington as sufficient evidence of British good faith, Premier Lloyd George even going so far as to anticipate an immediate response, but thus far these expectations have not been fulfilled, and dispatches from the United States would seem to indicate that their fulfillment was extremely problematical.

What the result of this American was a conference of the great powers about a conference of the great powers about a conference of the great powers are provided to the American ambassador would be accepted in Washington as sufficient evidence of British good faith, Premier Lloyd George even going so far as to anticipate an immediate response, but thus far these expectations have not been fulfilled. And dispatches from the United States would seem to indicate the providence of British good faith, Premier Lloyd George even going so far as to anticipate an immediate response, but thus far these expectations have not been fulfilled. And dispatches from the providence of British feucling the American ambassador would be accepted in Washington as sufficient evidence of British feucling the American ambassador would be accepted in Washington as sufficient evidence of British good faith, Premier Lloyd George even going so far as to anticipate an immediate response, but the American ambassador would be accepted in Washington

SELLING WHISKEY TO

MOVE TO SEND Actual Armistice Document Will Be Signed by Sir Nevil Macready and Michael Collins — Lloyd George Will Accept De Valera's Proposal For Conference.

> London, July 9.-Military patrols were withdrawn from the treets of Dublin, says a Central News dispatch from that city last night. Auxiliaries were walking the streets fraternizing with the people. The truce between the Sinn Fein and the crown forces may be said, therefore, already to have begun, although the time for officially commencing it has been set at Monday night. The armistice will be signed by Sir Nevil Macready and Michael Collins, commander of the Irish Republican army.

> LLOYD GEORGE WILL ACCEPT PROPOSAL OF DE VALERA

London, July 9.—Premier Lloyd George, it was authoritatively stated this afternoon, will accept Eamonn De Valera's proposal of yesterday and meet the Republican leader to discuss the basis don, speaking to The Advertiser today. for a formal conference. The meeting will probably occur next

The only thing remaining is the fixing of the date, which Mr Lloyd George will name in his reply to Mr. De Valera's letter here. What I have learnt recently, however, is that a determined effort was made to have him placed in some of the Toronto departments. This resulted naturally in a veritable storm of protest from the employees in that department, and apparently the move has been discontinued."

Lloyd George will name in his reply to Mr. De Valera's letter The Government is subordinating all other problems of state to the question of Irish peace, and is bending every effort towards preparations for the meeting.

The Irish office stated this afternoon that Eamonn De Valera is the problems of state to the question of Irish peace, and is bending every effort towards preparations for the meeting.

had issued instructions to his supporters to cease all attacks upon civilians and discontinue military manoeuvres of all kinds.

The instructions from Mr. De Valera, the Irish office said, also were to prohibit the use of arms, to abstain from interference with public or private property and to discountenance and prevent action likely to cause disturbance of the peace which might necessitate military interference.

The it stions were effective from noon on Monday, it was

added. An air of the greatest optimism this morning pervaded Downing street, the prime minister's official residence, and the Irish office, where the belief was freely voiced that there was every reason to hope the bloodshed in Ireland was nearing an end.

It is understood the details of the forthcoming conference will undoubtedly be discussed over the week-end at Chequers Court, where Mr. Lloyd George is entertaining the premiers of the do-

CONSTABLE LEADS TO POLICE COURT CASE

Officers Meet Citizen With Liquor At Rendezvous and Arrest Him.

An east end resident was in police court this morning because he had whiskey in a place other than a private dwelling, the fact being that he purchased two bottles for a police officer not knowing his customer to be a member of the force. One officer arranged on Thursday evening to but the bottles from him at \$4.55 each, and agreed to meet him on Nightingale avenue at 7:30 o'clock last night.

The meeting took place, but the officer was accompanied by another plain-clothesman and an arrest followed. The prisoner said that another man, waking a Margistrate Graydon reserved his decision, and the second man will probably be in court next week when the case is continued. The prisoner at first stated in the father, but lasters was correct.

Total for Dominion. 2,289 \$26,436,800
Residential building continues very active. In June contracts for this class of construction totalled \$7,943,600 or 30.3 per cent of the total. Business buildings amounted to \$10,027,800 or 37.6 per cent of the total; industrial buildings. \$458,700 or 1.7 per cent of the total; public works and utilities, \$8,006,700 or 20.4 per cent of the total;

\$458.700 or 1.7 per cent of the total; public works and utilities, \$8,006,700 or 30.4 per cent of the total.

Made Good Showing.

Building activity of the first six months of the year compares very favorably with the same period in previous years. The total investment represented by building contracts let from January 1 to July 1 has amounted to \$111,763,500. At the end of January activity from the first of the year to date was 7.6 per cent above the average for the preceding three years, at the end of February 21.9 per cent ahead; at the end of March 8.7 per cent ahead; at the end of March 8.7 per cent ahead; at the end of May 8 per cent ahead, and at the end of June 8 per cent ahead.

COMMISSIONERS ARE REGRETTING HASTY **COMMENTS MADE**

papering and plastering the damaged a clo-ceiling, and amounted to \$98, of which rian. the owner agreed to pay one-half. Asked the name of the claimant, Secretary Ellwood jocularly announced it as

Smith.

Pretty Steep.

"That is pretty steep," commented Commissioner Mitchell. "I had two square yards of plastering placed on my ceiling and it only cost me \$14."

"Those people must have awfully big feet," opined Commissioner T. W. McFarland, "to make \$98 worth of damage." Other similar comments were rife during the discussion, the commission finally deciding that \$25 was a fair payment for the damages incurred. Jared Vinlng, chairman of the commission, was the only member present who did not comment on the situation, and

sion, was the only member present who did not comment on the situation, and General Manager E. V. Buchanan asserted that the commission is morally bound to pay a portion of the damage.

Regretted Romarks.

After the meeting, the commissioners were chagrined, when informed that the claimant in the case is Chairman Jared Vining, and many wished they had left unsaid the remarks regarding "pretty" Vining, and many wished they had tunsaid the remarks regarding "pretty steep" and "big feet," and those of a similar nature. Chairman Vining, in view of the discussion over payment of the account, has asked that the order the account, has asked that the order the deleted from of business regarding it be deleted from the minutes, refusing to accept the \$25 which was finally decided upon. The name of the claimant, it is ex-

The Soldiers' Aid Commission Wants To Place Boys On Farms.

The name of the claimant, it is explained, was not mentioned at the meeting, so that no charges of favoritism could be laid and that the members could discuss the question freely without "stamping on anyone's toes." However, some of the claimant had been mentioned, so that "stamping on toes" might have been avoided.

Cialm Was Chairman's.

Although reporters were present at the meeting they did not suspect that the chairman was putting in a claim, and the truth did not reach them until Friday. The Advertiser the called up Chairman's visual present at the placed is gnorance of the claimant's real name.

Pressed for an answer, he said: "That is not a matter of public interest, any way."

"Do you know who the claimant is?" he was asked point-blank.
"It does not matter whether I know or not. I would not tell you," he retorted, and fellow-commissioners who do not know whether the joke is on themselves or their chairman, state that they do not blame him for his attitude toward the inquisitive reporter.

The secretary taxed that there week, it would not tell you," he retorted, and fellow-commissioners who do not know whether the joke is on themselves or their chairman, state that they do not blame him for his attitude toward the inquisitive reporter.

New Swing Bridge At Port Dover

The formal opening of the new bridge takes place next week. The original estimated cost of the bridge was \$5,000. It actually cost \$75,000. The stream over which it is thrown is not now used for navigation, but in anticipation of the construction of the mooted "lakes-to-the-sea" perway, in which case Port Dover would be an important port, the Dominion Department of Railways and Canals paid a substantial portion of the cost of construction and also directed that it be a swing bridge. The Norfolk County Countil had previously directed that it be a stationary bridge. The former bridge, which was constructed of wood, was also a swing bridge, but it had not been swung for so many years that the rusted machinery would not work when they started to move it from its anchorage. How a swing bridge at this point is going to be of any benefit to the people of Port Dover, the people have not yet decided. Seventy-five yards above the new bridge is a stationary steel railroad bridge so, that, if a boat does happen to come up the stream it will not be able to pass more than 75 yards beyond the new bridge. The department of canals, it its wisdom, directed that it be a swing bridge without ever sending an engineer to examine the site.

REID CHARGES

Head of London Diocese Uses Some Strong Language.

"I know personally that the Roman Catholic Church has stood behind bootlegging in Essex County," he alleged, "and a priest in that county showed how it could be financed. It is a disgraceful thing, raising a smell to heaven, as long as that church continues."

There are two accusations herein

ontained:

1. "I know personally that the Roman Catholic Church has stood behind bootlegging in Essex.

2. "And one priest in the southern part of North Essex actually told certain men how to organize and finance the business, and where to go to pay their fine." their fine."

I am directed by His Lordship the Right Reverend Bishop of London to inquire of you whether or not you are correctly reported in the above.

Your reply, of course, will be considered public.

Yours truly,

L. M. FORRISTAL.

Secretary.

letter, the following communication was addressed to the reverend gentleman in question:

July 2, 1921.

The Rev. L. W. Reid, B.D.

Dear Reverend Sir,—Under date of June 27th, following instructions of His Lordship the Bishop of London, I wrote you by registered mail, asking you to confirm or deny two charry which were reported in the local papers of the 27th inst., as having been made by you in the Centennial Methodist Church on Sunday, June 26th. These charges were:

1. "I know personally that the Roman Catholic Church has stood behind bootlegging in Essex."

2. "One priest in the southern part to find the consequently, of the Rev. W. Reid sails to give the name of the priest whom he accuses of flagrant crimes against the civil law, and of grievous violation of the orders of his bishop, he shows himself to be a coward. An incomplete description, consequently, of the Rev. W. Reid sails to give the name of the priest whom he accuses of his bishop, he shows himself to be a coward. An incomplete description, consequently, of the Rev. W. Reid sails to give the name of the priest whom he accuses of his bishop, he shows himself to be a coward. An incomplete description, consequently, of the Rev. W. Reid sails to give the name of the priest whom he accuses of his bishop, he shows himself to be a coward. An incomplete description, consequently, of the Rev. W. Reid sails to give the name of the priest whom he accuses of his bishop, he shows himself to be a coward. An incomplete description, consequently, of the Rev. self to be a coward. An incomplete description, consequently, of the Rev. L. W. Reid, pastor of Hale Street Methodist Church, would be that he is a public, deliberate, apparently malicious, and cowardly liar.

M. F. FALLON, Bishop of London.

TORONTO HOSPITAL PAYS His lordship now further directs me to ask you:

1. To prove your charge "that the Roman Catholic Church has stood behind bootlegging in Essex."

2. Name the priest, known to you personally, to whom you referred in so public a manner, and to offer justification for the very serious accusations made against him.

Your reply to this letter will be considered sublice. \$21,000 FOR 150 MILLI. GRAMS OF RADIUM

2. Name the priest, known to you personally, to whom you referred in so public a manner, and to offer justification for the very serious accusations made against him.

Your reply to this letter will be considered public.

Yours truly,

L. M. FORRISTAL,
Secretary.

When the Rev. L. W. Reid, pastor made against him.
Your reply to this letter will be considered public.

HIS LIFE RUINED FORDNEY BILL | CONSUMERS WILL TO RAISE RATES

Claimed That Gas Supplies Are Ample To Take Care of All Requirements For the Next Ten Years — Strong Case Taylor. Taylor. The Porter, Will Be Made Out Against Companies.

WASHINGTON, July 8.—The House got under way today in its consideration of the Fordney tariff bill, Chairman Fordney of the way and means committee after reading of the bill had been completed in a speech of nearly two hours, developing the first phase of the Republican argument.

In his speech, Mr. Fordney discussed his party's attitude, what it proposed to do to remedy conditions and to help business.

Criticizing the position of the Democrats. Mr. Fordney said they had the center of the Green and deplored the action of the Ontario Government in moving this important office from Chatham.

Dusiness.

Criticizing the position of the Democrats. Mr. Fordney said they had accused Republicans of drafting a measure which would cut off rather than encourage trade when the cardinal policy of his committee had been to build a set of schedules which would restore commerce and industry to health. The committee's work always was actuated, he declared, by the knowledge that business now was in a slump, and should be given protection which would save it from the inroads of foreign competition.

Compromises necessarily have been put in the bill, the speaker said, adding that all such contested points would be put before the House for its approval or rejection.

Mr. Fordney declared Canada last year collected in import duties and the high the proper divisions.

Many Applications.

Many Applications.

Many Applications.

ties, and about 45 small towns.

Many Applications.

The above municipalities will be most profoundly affected by any change in price of natural gas which may be promulgated some day next week following the hearing of the applications from various companies. The companies making application for an adjustment are the Union Natural Gas the stronger case of the consumers.

Company of Chatham, the Northern Pipe Line Company, Chatham Gas Company, and the Wallaceburg Gas Company. Since the tentative rate has been in force the difference in the old rate and the tentative rate has been laid aside awaiting an adjustment. This amount has been gradually increasing until a sum of over \$400,000 has now been realized.

Preparing Briefs.

has now been realized.

Preparing Briefs.

With a view of having a finger in the pie, both sides are preparing briefs with a view of having their say as to the ultimate disposal of the abovementioned huge amount. The consumers are not going to give up the big difference without a big fight, and the gas companies are equally determined to get the same sum for the purpose of developing their (according to the statement) fast-dwindling gas purpose of developing their (according to their statement) fast-dwindling gar fields.

According to the consumers there is still the huge quantity of 71,000,000,000 cubic feet of gas in the field, a supply which will last for at least ten years, and probably longer, providing that consumers are taught the proper manner in which gas should be burnt. The consumers are also of the opinion that there is still further field for development in the Tilbury gas field, and also in the Dover field, and that if the proper steps are taken by the companies without "burning into the pockets of the consumers," there will be enough gas for consumption for the next 20 years.

CHAUFFEUR'S SECOND | PREMIERS WILL PARIS, July 8.—Premier Briand, after a hot debate today, was supported by the Chamber of Deputies by one of the smallest majorities he has received when he demanded that discussion by the chamber of the difficulties of the Industrial Bank of China be deferred. The question of confidence, however, was not involved. M. Briand said negotiations with China, which previously had falled, now were under way to support the bank to save France's prestige in the Orient. GHAUFFEUR'S SECOND SERIOUS ACCIDENT Hill 50 Driver Figured in Smash On Hamilton Highway.

Highway.

HAMILTON, July 8.—Among the disclosures brought out in evidence to night at the inquest into the deaths of Mrs. Thmas Gamble and Alfred Pardoe, victims of last Sunday's motor fatality on Hill 50, Winona, was that Sidney Gallagher, driver of the car, figured in another serious motor accident on the Gallagher, driver of the dark on the another serious motor accident on the Toronto-Hamilton highway two years ago, in which one man was killed. Gallagher, it was stated, faced a charge of manslaughter at Brampton, but was

of manslaughter at Brampton, but was acquitted.

Other evidence was to the effect that the connecting rod of the emergency brake of the car was missing subsequently to the accident, and evidently had been for some time previously, while the clevis spring on the footbrake was defective. Examination of the car showed the gear to be in neutral, thus throwing into question Gallagher's testimony that he put the gear from second into low and shut off the gas.

The verdict returned by the jury attaches blame to no one.

COST \$252,728,200

Engineers Report Favorably On Feasibility of St. Lawrence Project.

DETROIT, July 8.—Reporting favorably on the feasibility of the proposed Great Lakes-St. Lawrence waterways project and estimating the initial cost of making the route navigable to deep sea vessels at \$252,728,200, Col. W. P. Wooten, United States army engineer for the Detroit district, and W. A. Bowden, chief engineer of the Canadian department of railways and engineers, have submitted their report to the international joint commission at Washington that is in charge of the project. Col. Wooten made the report public here today.

The estimated cost is based on a channel depth of 25 feet, with provision in the permanent improvements for increasing the depth to 30 feet, if desirable, at an additional cost of \$17,986,-180.

80. Maintenance would involve an annua lost of \$2,562,000, the engineers esti-

cost of \$2,562,000, the engineers estimate.

The improvement program recommended provides for a series of nine locks, for 33 miles of canals, forty and one-half miles of lake channel, and 103 miles of river channel. The total fall from Lake Ontario to Montreal is given as 220 feet.

The engineers have been engaged in their survey for 18 months. They divided their problem into five separate divisions, each of which is given individual treatment in the report.

Head and the Cherries

ed-headed woodpecker had his ed-headed woodpecker had his the tall stub of a lightning-killed jar the western edge of the about 140 or 150 rods to the st of the orchard. For several is chrill call was heard among rry trees, almost exactly at noon and his violent scolding of any birds that ventured to disturb s most amusing. When he finally f with a choice cherry to his fledglings, he followed so ta "bee-line" that his course easily be traced to the woods. est was located later, and the old were seen bringing food to their

hing and laughing at him didn't n annoy him any, nor make him ny the less, but he must have oved of its being an everyday for one day he was missed at Of course the first of his admirers was that some ith a gun" had destroyed him of his daily trips for a cherry, 10 o'clock the next morning familiar scolding was heard the cherry trees, and the cared ling of his friends showed, to

ight that it was the same fellow that they had been heir "red-head."

astant noting of his arrival and

It has been stated that every citizen of Canada owes his job to the forest, that no man whether packing peaches, or teaching substance. Egg masses are usually situated on the bark of the trunk or larger branches, though they may to time this moth's larvae, which great enemies of shade trees in June. The larvae feed on the foliage reat enemies of shade trees in become abundant in orchards and only the foliage of applis, and other fruit trees, but also on in August. When full-grown they

become abundant in orchards and a not only the foliage of apples, and other fruit trees, but also eat shallow areas out of apples lives. A brown callous forms he places and leaves the fruit red.

In these cocoons they pupate. In a couple of weeks the moths emerge. The males have ashey-grey wings and brief the cocoon until fertilized by the males, then lay their eggs and soon after die. There appears to be only one generation a year in this province.

Methods of Control.

The young caterpillars can be killed by spraying with two or three pounds of arsenate of lead in 40 gallous or water, or of Bordeaux mixture, or illuted lime-sulphur; but it is cheaper and more satisfactory if the presence of the egg masses shows that there is likely to be a considerable number of the larvae, to go around and remove and destroy the egg masses shows that there is likely to be a considerable number of the larvae, to go, around and remove and destroy the egg masses shows that there is likely to be a considerable number of the larvae, to go, around and remove and destroy the egg masses. A narrow where brush, about an inich wide, and five or six inches long, fastend to a bandoo pole, is very satisfactory for removing egg masses from the higher branches. Some use a broad hook like har at the anterior end, and tuff at the posterior, and the see, cream-colored short tufts of the back.

Life History.

In Ontario the vast development attributable to the lumber industry is known and appreciated. What strides the young care in this prown the place of the made have ashey-grey wings and brate pulp and paper mills, at the posterior, and the considerable number of the larvae, to go around and remove and destroy the egg masses shows that there is likely to be a considerable number of the larvae, to go around and remove and destroy the egg masses from the higher place of the larvae, to go around and remove and the province and the posterior and the settlement in Ontario's many five the province and the province and the province and the province trees by saturating them with crude coal tar creosote, darkened by the 3-d-dition of a little lampblack.

around the machinery building, thus entering the orchard from the west by the "back door," and going away by the same route.

Needless to say, this exhibition of his cleverness made the watchers more careful and quiet so that his course could be verified satisfactorily. His daily trip that distance for one cherry by way of a tid-bit for his hungry youngsters called for any amount of sympathy, and cherries were left on the trees for him, and it is a question whether the woodpecker or his watchers were the sorrier when the cherries had all disappeared, and the amusing scolding of the red-head was heard no longer.

SUNFLOWERS AS A SILEAGE

Much interest is being taken, both in Canada and in the United States, in the value of sunflowers as a silage crop, particularly in districts where Provinces by \$20,000,000 annually, and provinces by \$20,000,000 annually, and that the introduction of Preston, Stancorn is not a reliable crop. The claim that the is made that sunflokers are a hardler crop than corn, withstanding both virtually of recent origin, experiments and investigation regarding them are practically in an introductory stage.

Health of Animals. Immensely valuable research work has been done by the division of chemistry and by the division of botany. and by the health of animals, entomological and seed branches. Canada has been shown to be the healthiest of all countries in live stock, a fact which must be attributed in large measure to the excellent system of supervision and control adopted and followed by the health of animals branch. By its precautionary measures and other activities it is conservatively calculated the division of botany has saved the country \$32,000,000 annually, largely by its cru-sade against smut and its control of late blight and rot of potatoes and other

den is paying good dividends on time and labor invested these days. Don't forget that weeds grow in July and August. They should be removed during those months as well as invested to the state of the ing those months as well as in May and

More raspberries and strawberries could well be grown on farms and city gardens. They do not require much room in proportion to their returns.

Where Daisies Flourish

will make any soil unproductive of desirable crops.

Drainage.

Neglect to provide proper drainage to give relief from surplus irrigation, seepage or flood waters results in considerable decrease in the productive capacity of soils. The permitting of livestock to run over pastures and tillable fields during the wet periods of the year, when the soil is water soaked, though a bad weed to the farmer, they appear very sweet and beautiful to the little maid in the picture.

A weed has been defined as a plant that grows where it shouldn't, and lots of beautiful wild flowers are classed as weeds. This term is also applied to THE SIMPLE LIFE

weeds. This term is also applied many herbs that are very valuable for

EXPORTATION OF EGGS

A valuable trade has sprung up in recent years in the exportation of eggs. In order to encourage and conserve this trade under the provisions of the live stock and live stock products act, the Dominion is divided in two sections, east and west, for the carrying on of a thoroughgoing inspection service. Ontario, east of Port Arthur, Quebec and the Maritime Provinces, constitute the eastern section and all west of the great lakes, the western. For the eleven months of last year extending from January 1 to November 30, 334,111 cases of eggs were inspected, of which 148,668 cases were consigned to Great Britain. It has been found that inspection is often requested by shippers not only for the export but also for the domestic trade. Inspection is by approval, the shipper being required to candle and grade the eggs according to the Canadian standards, marking the cases with the class and grade of the contents. Inshipper being required to candle and grade the eggs according to the Canadian standards, marking the cases with the class and grade of the contents. In the class and grade of the contents. In-spection is then made on requisition. It the shipment is found properly graded a certificate of approval is issued, and the class and grade of the contents. In spection is then made on requisition. If the shipment is found properly graded a certificate of approval is issued, and the case officially marked. Inspectors at seaboard are advised of shipments going their way and they are required to report conditions on arrival, supervise methods of handling and stowing on shipboard and keep track of marketing conditions. Steps are also being taken for the better control of eggs imported into Canada.

years birds and strains have been produced of exceedingly high productive danactive and capacity. At Kentville, N. S., eleven breeding pens contain birds that in their pullet year laid an average of 197 eggs, the highest bird laying 270 eggs in 52 weeks. At this station a Barred Rock pullet laid 104 eggs in 104 days. In sections where a few years ago ten or a dozen eggs a year from a hen were a rarity, there are now hundreds that run to from 153 to 250. In the Eastern Townships, Quebec 266 eggs have been reached, and from

IDEAL WEATHEHR REQUIRE FEEDING FOR GROWING CORN

Potatoes and Roots Are Also Doing Well Despite the Dry Spell.

Following is a summary of reports made by agricultural representatives to the Ontario department of agriculture: Heavy showers did much good to field crops, although the intense heat during the same period also left its effects. Essex says that some sections of that county had their first good rain in five

A soil is productive in proportion to its ability to supply to growing plants the elements required for the plants' development. If we look upon a soil as a bank or storehouse from which something may be drawn, we will realize that the producing power is largely in proportion to what is on deposit. Every atom of phosphorus or potash that we remove from a given area of soil leaves the soil just so much poorer. So if we keep on taking the essential or crop-limiting elements from the soil by means of crop removal, the producing capacity of the soil will be reduced, just the same as a cash bank deposit will be reduced if something is drawn out and no corresponding return made.

Neglect to return the required elements to any soil will lead to soil poverty. The crop-yielding capacity of a soil may be greatly reduced by poor plowing, poor tillage, and neglect to practice the best methods of soil management for the district. Autumn plowing of lands that wash badly during the winter and early spring frequently causes considerable soil, or soil retility loss. Permitting a soil to become matted with the living roots of undesirable plants, such as couch grass, will make any soil unproductive of desirable crops. fields have been cut in Essex. The heads were well filled with plump grain, but the straw is rather short. Kent also reports cuting, and speaks of injury from the Hessian fly. Harvesting will be general in a few days. Oxford is complaining of rust in the fall wheat.

Spring grains are filling well, but there is a comparative short length o

straw, generally speaking.

Hay cutting is well on. In most instances the yield per acre is only a little better than half a crop. More millet and buckwheat are being sown on ac-count of the shortage of hay. Pastures were revived somewhat by

the generous showers during the week, but not sufficiently to carry over either beef or dairy cattle satisfactorily. Sweet clover fields have been supplying fair pasture during the drouth, but some of the crop cut for hay is regard-ed as being cut too late for best quality.

A good deal of sweet clover will go into the silo. A few farmers are saving some fields for seed. Corn has been bounding along in growth with the heavy showers and pre-valing warm weather, which has been

ideal for the plant. Potatoes and roots are also doing well where properly attended to.

Fruit prospects are favorable.

"June drop" was rather heavy, but there is still a fair yield of apples and other tree fruits left. While strawberries proved disappointing after their wonderful promise when in blosom, raspberries are likely to do relatively better. Essex reports this fruit as fair crop, selling at \$8 a crate. Mid-dlesex says that Marlboros have been

on the market for a week.

The prolonged heat since about the middle of June, even with occasional rainfalls, has been trying to pastures. and there has been a noticeable falling off in the milk flow. Some farmers, good dairymen, are becoming discouraged with the dwindling milk values. Lennox and Addington reports that a leading dairy company is paying \$1.30 a cwt. for 3.3 per cent milk, while a local creamery is giving 27c a pound for but-terfat.

The Peterboro representative says:

"One man has advised me that he made more money in selling cream in two months last year than he will probably make in the season this year."

Wellington says that owing to the low prices of cream, a number of farmers are letting their calves suck. Oxford says: "Mr. W. W. Fraser, the

live stock commissioner from Mani-toba, was very much impressed with the great abundance of feed in Oxford County this season. He attributed the excellent condition of the cattle to this fact, and stated that he had nowhere in the past month seen better farming conditions than in Oxford."

Hogs are holding to their recent in crease in value, prices ranging from \$10 to \$12.50 a hundredweight. The \$10 to \$12.50 a hundredweight. The Simcoe representative says of the swine and general live stock situation:

Restoring Public Confidence

The only force than can mold public confidence and so bring about better business conditions is the daily newspaper.

The only force that is striving to restore public confidence in business conditions is the daily newspaper.

The Livelihood of Thousands Depends on Ontario's Forests

THIS is the first of a series of advertising articles to appear weekly in this paper. These advertisements are unusual in that they will deal with the business of every citizen of Ontario. They are intended to enlist your cooperation in a province-wide campaign to prevent forest fires and to put money in your own pocket.

ORESTS of Ontario are the basis for a very large part of the prosperity of Ontario's people.

The lumber industry of Ontario in camps and wills alone gives employment to 17,000 men with a payroll of \$12,000,000 and an invested capital of \$45,000,000. Ontario employs one-third of Canada's lumbermen and produces one-quarter of Canada's total annual cut.

The sash and door and planing mills

of Ontario, which depend on the 800 lumber mills and the log-making industry for their raw materials, employ 4,000 persons with a total wage roll of \$3,000,000 per year.

Pulp and paper mills employ 8,000 persons, and pay \$7,000,000 in wages with over \$90,000,000 invested.

In addition, there is the railway tie industry, wood distillation industry, cooperage industry and many others. These are the foundation industries for all that immense number of other industries which use their products, so that if you trace it down, directly or indirectly, every citizen of Ontario

Save Ontario's Forests They're Yours

ALL these men, all these payrolls, all these industries, depend for their very existence upon the trees standing in Ontario to-day. Tracts of timber, mature and ready to cut, mean immediate payrolls for the logmakers, the river drivers, the saw mill men and the pulp mill employees, for the tie makers and other wood workers, and men of other industries using wood workers' products.

> Along with stands of mature timber are tracts of trees which will be big enough to cut into saw logs or pulp wood five years from now;

others in ten years; still others in fifteen years, and so on down to the very youngest trees. That is to say, all our forests, all our trees, little and big, represent wealth. They mean money right now or money next year or the year after or in the future.
They mean pay rolls and employment.
They mean men's livelihood. The preservation and the welfare of Ontario's forests affect every man, women and child in the province. Every stick of timber, little or big, wasted and burned by forest fire, that

greatest of all menaces to the forest and wood-working industries, is a direct loss to YOU_{\bullet} Your co-operation as a citizen is

reeded to prevent fire and save Ontario's forests.

London, Ont., Saturday, July 9.

"LEARN OF ME." lqzog. A reverent interpreter observes that while the four New Testament Gospels do not give a complete story of The Redeemer, they are divinely adequate as a revelation. His personality is not described. Pictures of His life, His deeds and His words, as recorded, make Him manifest as a living Christ, and accepted, and why should it be in the case of evidence that is what man needs. In all the Scriptures no ther passage quite reaches the sublime and winsome significance of those three familiar verses that light, and God-like in its assurance. New and start- United States and Germany, she deplorably lags behind ling when uttered, the message still retains its freshness and its note of comfort. "Come unto Me all ye that labor and are heavy laden," runs The Word, and learn of Me, for I am meek and lowly in heart; and ye shall find rest unto your souls. For my yoke is easy, and my burden is light." All literature may their own failures and weary of the arrogant assumptions of Scribes and Pharisees, He throws out a challenge never equaled nor successfully controverted, "Learn of Me." He does not refer them to someone else, but asserts His own all-sufficiency. His class is at once the kindergarten, the intermediate and the post-graduate. His doctorate degree admits to the safety deposit vaults of the Kingdom of Heaven, No

new human knowledge has discounted what He taught. His humility was not simulated, but was a real and childlike meekness. At the last Passover supper He laid off His garments and washed the feet of His disciples as an example, the principle of which was to govern future individual relations. Paul reminds the Philippians to follow the guidance of Him who made Himself of no reputation, but assumed the role of servant. St. John asserts that when a person claims to abide in Him, he should walk as He walked. "Learn of Me"-He taugha a childlike humility. When reviled, He reviled not again. He met the fury of false accusation with the silence of innocence,

power. "Learn of Me"-He taught a childlike humility. courage. He rebuked proud intellectuals and denounced those in the seats of the mighty for hypocrisy Him, He tells "that fox" that He proposes to proand oppression. When a vindictive king would kill ceed straight on with His work. When usurers and tion devoutly not to be wished. trucksters turned the place of worship into a den of thieves, He drove them out at the whip end. He defies social custom, prejudice and property by talking with sinners and dining with the detested publican. Without a tremor He goes forward into the gloom of the Garden, and the tragedy of the Cross, drinking the cup of anguish and the world's woe to the very

"Learn of Me." From Him as from no other can the for its purpose. dregs lesson of patience be acquired. With uncomplaining forbearance He endures the fickieness of crowds, the misunderstanding of friends, the questionings and abandonment of disciples, the denial of Peter, the bots betrayal of Judas, the malignance of the Jews, the sneers of rulers and the savagery of soldiers. In all its prophetic fullness, He realized that He was "the gardening. despised and rejected of men." To all who would follow Him He hands the key of heart submission:

> "Calmness 'mid waves of stormy trial, "Self on the altar for a world's deep need."

"Learn of Me," the loss of childhood, forbearance and sympathy with the poor, the erring, the weary and the afflicted. His tears fell in the home of bereavement, and he wept over the sorrows of a doomed

"Learn of Me," as from no other, the secret of fervent and effectual prayer, intercourse with The Father, and the secret of present and perpetual peace, His last legacy to troubled but trusting hearts. He it is who imparts the germ of abundant life, triumph over temptation, and glory through suffering.

> "O Cross that liftest up my head, I dare not ask to fly from Thee; I lay in dust life's glory dead, And from the ground their blossoms red Life that shall endless be."

"Learn of Me." Unlike many another teacher, He Before the doubter as His end drew near, and to all of the jungle. Now wild things rush around and at us. of the struggle and strain which Ashe had fashioned as a successor of the jungle. Now wild things rush around and at us. of the jungle. Now wild things rush around and at us. of the jungle. Now wild things rush around and at us. of the jungle. Now wild things rush around and at us. of the jungle. Now wild things rush around and at us. of the jungle. Now wild things rush around and at us. of the jungle. Now wild things rush around and at us. of the jungle in the jung the very work's sake." To fortify their faith under the black shadow of Calvary, He assured the disciples that our vision, perhaps furnish us with many eyes and popular interest in "Chu" to abate. They you will be ready to a second time, to so a second t His program would carry on through the ages. Put new senses for our preservation.

these teachings of My redemptive pedagogy into pre tice and greater works than these shall ye do.

"Hushed be the noise and the strife at the schools, The lips of the wise and the prattle of fools. Let the Son of Man teach!'

AN URGENT NECESSITY.

A matter which is of vital importance not only to newspapers, but to newspaper readers throughout the British dominions, is the efficiency of the service relating to matters within the Empire. in the dissemination of news of the British Empire that a strong British Empire atmosphere be developed, adding: "This will come when the mother country and the dominions are able to tell their own story to each other, instead of having it told by other men."

At present the distribution of such news is through the medium of the United States, which is conducting wireless services to Great Britain, France, Norway, Japan and Germany, and is arranging to cover other fields. Premier Hughes of Australia declared at the ter conference that the United States was daily radiating in every direction not only the news of the United States, but the United States' version of the world's events. On the other hand, he contended that Great Britain did nothing, and that if the mother country and the dominions failed to increase their wireless telegraph and their wireless telephone services in the immediate future, they would be left far behind other

It was stated by Premier Meighen that while Canada has less cause to complain than some of the other dominions, her exchange of news with the motherland is unsatisfactory. But "unsatisfactory" is a very mild expression to use. It is altogether inadequate to convey a true impression of the handicap which is imposed upon a country which is forced to have its news "told by other men." The position is most humiliating, and militates against the true interests of the nation. In a court of law "hearsay" evidence is never concerning the doings of nations?

It is up to Great Britain to remedy this state of matters at the earliest possible opportunity by increasing the scope and efficiency of her service of news with opening conclude one of St. Matthew's chapters. Every preg- her overseas dominions, whether by steamship, aeroenant word falls pellucid as a pearl, far-reaching as plane, telegraph or wireless. Compared with the in this important matter.

There can be no true unity between the motherland and her children until they are able to exchange their confidences and straighten out their misunder-"and I will give you rest. Take my yoke upon you, standings independent of outside mediums. British sentiment must be molded by Britons or else left alone. In spite of what Premier Meighen says about Canada having less cause to complain than Australia or New Zealand, we are of the opinion that the necessity for a quick, direct and reliable news service between Cansular During his sojourn amongst us, the Duke of Devonshire has on all occasions shown that he was at once a constitutional governor-general and a sincere friend of this country. He has a quick, direct and reliable news service between Canada and the motherland is greater than in any other part of the Empire. Canada should not be in the Canadian race. It may truthfully be position of having to depend to a large extent on other countries for the making known of her wants and her aspirations, neither should she be compelled to view the British Empire through other nations' spectacles.

THE OUTLOOK IN EUROPE.

The new map of the new Europe bids fair to be long delayed. Like all other building in these times, mapbuilding hangs fire, though for a different reason. Western Asia may be even slower than Europe in assuming solidified form, for which Syria, Palestine and Mesopotamia seem to have been sorted out from the heap, Asia Minor and Armenia will take a long time to "make over from the rag-bag of the world," as Bliss Carman would say.

Is Upper Silesia going to be a second Alsace-Lorraine for Europe, a perpetual liability, a cause of rising armaments and ultimate cataclysm? Not satisfied with from Russia, more than the Peace Conference marked Marquis of Lorne, Lord Minto, out for them, the Poles have been trying to seize the Grey, the and died praying forgiveness for his murderers. What adverse plebiscite in the region. It is a pity that elbows others aside in the competition for place and France seems to incline to support aggressive moves of Poland. The argument is that Poland must be made big and robust to be able to hold a fort for the could rise upon occasion to heights of unfaltering Entente in Eastern Europe, and to hold Russia and tice on Poland's part, especially against both Russia and Germany, must be in the long run a combination of

The one chance for a permanent peace in Europe must be the settlement of boundaries everywhere in trouble. But may be found, accordance with the decisions of a world league of nations. Nothing could better guarantee the impartiality of such decisions than the participation in them of the far-off North American Republic. But just now the Government of that Republic prefers to bicker with Japan to entering the League and making it effective

want to go in and enjoy themselves. So there are two great problems solved in two small paragraphs, Mother need not give herself one moment of anxiety about such matters, so far as the health question may be concerned. Father may spare himself that torture which hurts him so much worse than it hurts his boy—the thrashing he administers to his own boy for doing what he showed the white feather. He hadn't time for silly, hysterical women.

But this girl Rochester was surely isters to his own boy for doing what he himself did so many, many times when he was a kid about two hundred and

> things that are as straws individually, yet in the aggregate a heavy load on mother's shoulders if she falls into the mother's shoulders it she tails into the habit of constantly and, sooner or later, meaninglessly warning her children to "be careful; don't do this; don't do that." Such unconsidered commender over the controller of the constantly disparated inevitably disregarded, mands are inevitably disregarded, and as inevitably unenforced, and the net result is a defiance of all parental

discipline as something which has been QUESTIONS AND ANSWERS.

Like Edison's Test.

1. What is the value of catnip tea as a remedy for babies and for invalids? Is it injurious? 2. What is hardening of the arteries? 3. Is diabetes curable? Where would you advise one to seek relief from diabetes? 4. What is meant by high blood pressure? Low blood pressure? T. H. W.

THE LONDON ADVERTIGE COMPORT OFFACTOR STATE OF THE PARTY OF THE PARTY

Just watch her now, her exhibition stantly to the proprietor of the place.

It then transpired that another car of dance concluded. The girl was literally surrounded by a mob of men. It then transpired that another car of similar design had been summoned from a neighboring garage, and was even now awaiting the good pleasure of Dick Calardin

The girl was literately surrounded by a mob of men. Rich, eligible men they seemed to befat, prospegous, bald, of middle age. Eve wasn't the type to be romantic.

seven now awaiting the good pleasure of Dick Calardin

"Been a mistake, sir!" the chauffeur of the second vehicle had said, touching his cap respectfully to Julian Vandaveer. "We know Mr. Calardin well at our garage. Pays up regular, he does. You needn't worry. He's a mighty careful driver, too: knows how to treat a car. Your machine'll be quite safe with him."

Vandaveer had growlingly replied:

"Wandaveer had growlingly replied:

"Why dear, I'm horribly jealous!" He with him."

Vandaveer had growlingly replied:

"Why dear, I'm horribly jealous!" He with him."

Cherry Jam. Dear Miss Grey,—Oh, but isn't it hot this weather? But we shouldn't com-plain should we when we think of the shut-in people who have to lie in poor shut-in people who have to have the a hot bed all day long? As per usual I am coming for assitance, could you please give me a recipe for making cherry jam? My mother used to make it but I do not seem to have the recipe. Would you also send me the stocking foot pattern, for which please find mite? Thank you very much, Miss Grey. 2. I do not see how you have the patience to answer all our questions this weather, but I suppose you are weather, but I suppose you are nice and cool in front of an electric fan. Wishing you all sorts of good luck, I

RED HOT JULY DAYS HARD ON THE BABY

July-the month of oppressive heat. red hot days and sweltering nights; is extremely hard on little ones. Diarrhoea. dysentery, colic and cholera infantum dysentery, colic and cholera infantum carry off thousands of precious little lives every summer. The mother must be constantly on her guard to prevent these troubles or if they come on suddenly to fight them. No other medicine is of such aid to mothers during the hot summer as is Baby's Own Tablets. They regulate the bowels and stomach, and an occasional dose given to the well child will prevent summer complaint, child will prevent summer complaint, conid will prevent summer complaint, or if the trouble does come on suddenly will banish it. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams Medicine Company, Brockville, Ont.

To Have Perfect Skin Throughout the Summer

These days the face needs special care and attention. Flying dust and dirt, the beating sun, are severe on any skin. Their despoiling effects are best overcome by the application of pure mercolized wax. This keeps skin and pores in a cleanly condition, the complexion beautifully white and spotless. Discolored, freekled or roughened cuticle is actually absorbed by it. One, ounce of mercolized wax. obtainable at any drug store, is sufficient to completely renovate a soiled complexion. It is used like cold cream, allowed to remain on over night, and washed off in the morning. morning.

As the skin tends to expand in warm

As the skin tends to expand in wanter, causing wrinkles to form, a good astringent lotion should be used. Dissolve one ounce of powdered saxolite in a half pint of witch hazel. Bathe the face in this during the heat of the day or before going out for theatre or social affair. It is a remarkable skin tightener

Second Mint Series May Start Tuesday---Jack Johnson Released Today TWO PLAYERS REPORTING TO MANAGER BUZZ WETZEL MONDAY

EXTERMINATOR HAS SECOND SERIES MAY START ON TUESDAY

Two Players Reporting To Manager Wetzel On Monday -Donnelly and Brisman, a Catcher From Jeff Tesreau's Bears.

Donnelly, the first sacker who was with London in 1919, and Catcher Burman, both of whom have been playing with Jeff Tesreau's fast semi-pro Bears, leave New York tomorrow night for London and will report to Manager Buz Wetzel on Monday.

A meeting of the Mint League has been called for Sunday morning at Flint, for the adoption of the second series schedule. It is possible that the games will start off on Tuesday instead of Monday as originally planned, so the ball players will get a holiday out of the adoption of the split series, if this

Mint League Meets Sunday.

The Mint headquarters evidently do not anticipate Hamilton dropping out and they will be included in the new schedule. As a matter of fact, the directors of the Hamilton Club are in rather an awkward position. They must either decided to throw up the sponge and lose their franchise, the league forthwith taking over the operation of the club or decide to stay with the ship for the rest of the season with the chances of further finacial losses or a chance of some salvage from the wreck. It is thought the latter will be the course they'll

Donnelly was a whole ball team in himself when he was here in 1919. Considering the 1919 team, it might be a hard thing for a ball player to stand out as it did or it might be hard for him not to. However, Donnelly had wares that showed him up to good advantage in any company.

Donnelly, it is undestood, was not keen on leaving his semi-pro position but felt a loyalty to the London ball club, owing to their action when his wife's ness forced his sudden departure in 1919. Burman comes with a good record.

TOP WEIGHT FOR \$10,000 FRONTIER

All Famous Horses of Continent Except Man-o'-War in Windsor J. C.'s Opening Tuesday.

WINDSOR, July 8.-Willis Sharpe Kilmer's sturdy campaigner, Exterminator, by McGee-Fair Empress, is allotted top weight for the Frontier Handicap, the feature of the opening program at the Windsor Jockey Club Tuesday afternoon.

If Exterminator goes to the post, and in all likelihood he will, the six-year-old chesture gedding will he asked to

old chestnut gelding will be asked to carry 132 pounds over a route of a mile

carry 132 pounds over a route of a mile and a furiong.

With usual care, the handicappers allotted the weights to make for competition, and, barring unfavorable weather conditions or accidents between now and the time the field is called to the post, one of the greatest struggles in the history of the classic turf event in anticipated.

turf event in anticipated.

Eighty-Nine Nominated.

There are 89 candidates for the \$10,000 that the Windsor Jockey Club has added to the nomination and starting fees, and of that number at least 14, it is predicted, will display colors at the post. The range of weights is wide, from the 132 that Exterminator will carry, to 90 pounds, the impost on Magic Silence, Seven Seas, Willow Tree and Yorkist.

from the 132 that Exterminator will carry, to 90 pounds, the impost on Magic Silence, Seven Seas, Willow Tree and Yorkist.

Mad Hatter is next to Exterminator with 131. Then comes John P. Grier with 129; Billy Kelly, 128; The Porter, 126; Cirrus, winner of the Brooklyn Handicap last year, 125; Boniface, 124; Eternal, 123.

Perusal of the appended list will reveal the greatest galaxy of thoroughbreds ever entered for the Frontier Handicap. Only Man o' War of the great steeds is not included. There are winners of the Kentucky Derby, the Brooklyn Handicap and most of the turf fixtures of America in the group of eligibles.

Famous Horsemen Contenders.

The lacrosse squad practiced in the

The lacrosse squad practiced in the rain out at Queen's Park last night, and are going to get out this afternoon at 2:30 to dry themselves.

Owing to the return of the ball club, the game with St. Marys on Tuesday will be staged at Queen's Park. No admission charge will be made for the lacrosse match out at the Park, as the Orange celebration will be there, but a collection will be taken.

The squad are full of pep now, and will be prepared to give St. Marys their early season defeat back, with some more on top. The Stratford win has given them all kinds of confidence, and they are a vastly different aggregation than that which took to the game earlier in the year.

COLITS TAKE ANOTHER

The lacrosse squad practiced in the group of eligibles.

Famous Horsemen Contenders.

Practically all of the famous horse-men of the continent will display their silks before the patrons of the rustic track in the border city. Harry Payne Whitney, Willis Sharpe Kilmer, E. B. McLean, J. K. L. Ross, Rome Respees, Joseph Seagram, Dick Watkins, C. T. Worthington and E. T. Zollicoffer will vie. under conditions they deem favorable to their chances of winning for the small fortune that will go to the winner.

The weights allotted follow:

WINNERS AT BISLEY

All Prizes Won Only by Hard Battles.

BISLEY CAMP, July 8.—(By Canadian Associated Press.) — Sweepstake
winners among the Canadians to date
are: Major C. R. Crowe, Wellington
Rifles, Guelph; Major George Mortimer, C.G.F.G., Ottawa, and Gunner W.
E. Tingman, R.C.G.A., Quebec, Major
Northover of Winnipeg was a winner
in the clay bird shooting. NIAGARA-ON-THE-LAKE, July 8.—
The s3rd annual tournament of the Eowling Association closed this evening after one of the most successful gatherings in the history of the association. Though the weather has been hot all through, that was preferable to rain, and nothing occurred to mar the pleasure of the meeting. All the prizes were won in hard battles, the winners going through with clever, consistent bowling. The winning of the consolation cup today by Joseph H. Burns and his Niagara rink met with popular approval, and there was no skip present whose victory in the event could have found such unanimous approval as this veteran, Nho has been bowling in the O. B. A. since 1888. Another veteran, T. M. Chambers, and his teammate, J. Allen, of the Hamilton Victorias won the doubles and the Butt Trophy, defeating the St. Catharines rink of John S. Wood and C. E. Burgess by the wide-open score of 18 to 2. The St. Kitts pair laid down good bowls, but Chambers knocked them out.

The singles were won in a runaway race by James McIntosh of St. Catharines, who defeated Gerald Librock of Niagara-on-the-Lake in the finals.

JUST BETWEEN US

Today tells whether Hamilton will remain in the Mint League or disappear off the professional baseball map, as far as the 1921 season is

concerned. The experience in the Mint League this season proves that being a ball club owner is almost as precarious a life as that led by the barnstorming troupers of the old days. One day a ball club's a bright, shining nugget, and next it's nothing but a lump of dull lead.

Transfer of the Hamilton franchise elsewhere doesn't look very promising, as there are few places in which the chances of making money look any better than down under the mountain. Guelph is a good ball town, but it's much too close to Kitchener for both of them to be interested in a professional ball club. Chatham is a strong sport centre, and has a district around it which eats up baseball, amateur or semi-pro, and a little of both at

An effort will be made to place the franchise for the rest of the season if the citizens of Hamilton let the financial difficulties of the club pass

The census figures record Hamilton at the 120,000 mark. But it's village when it comes to pro ball.

The experiences this year so far in the M.-O. tells the story of 1922, which will be "No Mint League." It probably means semi-pro ball for London again until conditions in general settle down to something like normal. A resurrection of the old Canadian League is not feasible now, and it is doubtful if it ever will be, unless some new cities spring up between Montreal and Toronto, making an eastern group possible. Even Shag and Lee, league architects, would hardly have the nerve to sell the idea to anyone,

Mattie Killilea, manager of Johnny Wilson, and formerly in the old Canadian League, is authority for the statement that the middleweight champ can finish Carpentier as quickly as Dempsey did. Killilea's residence in Hamilton for several years must be taken into account when thinking over that one.

DEEP STUFF

Berger, counsel for the defense at the White Sox trial, asked a juror: 'Do you know Ty Cobb, Harry Heilman, etc., etc.?" That was a hard one for the juror, unless he's been doing a Rip Van Winkle for the last 20 years.

Because Dempsey says he didn't feel that right of Georges' in the second doesn't necessarily mean that it didn't hurt or wasn't dangerous. He wouldn't have felt another like it either, or anything else, until it was time to collect

Gates Ajar (Prison) For

Jack Johnson will see the gates of Leavenworth prison swing ajar today while he stalks out a free man once more. His white wife will have to pay a \$1,000 fine before the warden shakes good-by."

Jack has ha! time to look over his world wanderings, and has decided probably that the old U. S. A., Volstead act and all, is a fine place for a fightin' man to live.

Rumor has it that Johnson has

To live.

Rumor has it that Johnson has spent nearly all his money and with a lavish hand, but there is still easy money to be picked up mixin' it with the other colored boys, none of whom at the one-time champion's age, are conceded much chance against him.

Willis probably has the call—and the first one.

Jack Johnson Today

Tex Rickard refusing to handle a fight between Dempsey and John-son about puts an end to the idea, as other promoters are not likely son about puts an end to the idea, as other promoters are not likely to go against what Rickard judges the public wants. It wouldn't be much of an attraction until Johnson proves that he is something like himself.

Sergeant Bob Martin looks like the future champion. But he isn't ready yet. Gibbons is too small, unless he proves something at Carpentier's expense when they meet.

Mike Collins' Hamilton lacrosse team will be visiting Galt today, where they met a severe blizzard the last time they

were guests.

Mike, former London manager, according to the Hamilton papers, has his team in shape now, and they've been proving it against Brantford.

Ball players in the Mint are as ertain about pay days as a day falls just before they go over into Michigan their money looks like Bolshevik money, anyway. It's a tuff life

fighting hard from start to finish, Bay City beat out Hamilton Tigers in a ers in B. V. Rhodes, who won the army great ten-inning battle here today, 5 to championship in 1919, and Milne. The 4, and moved up into fourth place in Australian Davis cup team, composed the league standing. The opposing hurl- of J. Anderson, Hawkes, Peach and ers, Boothby for Bay City and Hughes Todd are all playing through. Winnipeg the league standing. The opposing nuriers, Boothby for Bay City and Hughes for Hamilton, were both hit hard, but superb backing saved them both on different occasions. Bay City trailed until the ninth when two hits, a sacrifice and O'Rourke's error, permitted them to tie the count. A fast double play in the tenth killed Hamilton's change to score and the Wolves won out when Koehler singled and Whaley tripled to the left field fence. Stumpf and Cuyler both made home runs. The game was finished under protest of Manager O'Rourke of Hamilton after the third inning when Stumpf's drive went behind a sign, Umpire O'Hearn permitting him to circle the bases. The score:

Hamilton AB. R. H. P.O. A. E. H. Large contingent came from Ottawa, including Mrs. Wright, the Ontarlo we man champion; H. F. Wright and Major McKinley.

FREE-FOR-ALL WON BY SINGLE G. AT RANDALL

Defeated Formidable Field of
Pacers—Sets Record.

NORTH RANDALL, Cleveland, July S.—Pacing the fastest time of the year.
Single G., owned by W. B. Barefoot, Cambridge City, Ind., defeated one of the most formidable fields of pacers in training today in the free-for-all pace sweepstakes, the feature of the getaway grand circuit card at North Randall. His victory came in straight heats.
Ed. Allen took the veteran out in the straining to the st

heats.

Ed. Allen took the veteran out in front early in each mile and he was never headed. He paced the first mile in 2:01 3-4, and the second in 2:02 1-4 winning easily. The last quarter of the final heat was paced in 29 seconds. Had Single G. been pushed there is little doubt that this time would have been faster. The time for the two miles not only is the fastest pace record, but also beats that of the trotters for the season. Elackburn took the second division of the 2:02 class pace in straight heats.

Donzo captured second money by virtue of his victory in the third after Donzo captured second money by virtue of his victory in the third after bending establishment of his identity. He finished third in the first mile, second in the next and seventh in the final after setting the pace to the stretch. Only three of the orignal field of eight which started in the 2:20 trot raced in the third heat. The event went to Peter Beiler, which changed hands several days ago for \$8,000. Because of withdrawals and others being distanced earlier, Wiggins Worthy, Just Tramp and Sadie Suver were the only starters in the final heat.

Factically all of the stables leave tonight or tomorrow for Toledo.

Ghe Most Beautiful Car in America

Now It Costs Less

Even before the price reduction on June 9th, our five-passenger "Glenbrook" model was conceded to be the greatest dollar-fordollar value of all light six motor cars.

Now-with the price reduced-it must be evident that opportunity is knocking at the door of every man who knows an unusual investment when he sees it.

The new price is amazingly low. It will

appear absurd after you have had one ride behind the motor that accelerates from five to twenty-five miles per hour in nine seconds flat.

And remember, please, the "Glenbrook" is a distinctly new product—not an old model re-painted and re-christened with a 1921 label. It is a splendid investment now and will be a splendid investment one year from

TWO DROWN IN PLANE CRASH

Giant Air Liner Collides With Rowboat in Detroit River.

[Special to The Advertiser.] DETROIT, July 8.-Alfred Erisch and Arthur Hettinger were drowned this evening when the giant airship, Santa Maria, crashed into the rowboat in which they were riding. The Santa Maria was skimming over the Detroit River near the head of Belle Isle preparatory to "taking off." when the be anchored and the men fishing, according to occupants of the plane, paid no attention to the swiftly moving plane, which swooped down upon them with outstretched wings.

maine, which swooped down upon them with outstretched wings.

There was little excitement on board the Santa Maria, the passengers remaining calm after they realized they were in no danger. The airship waited for some time for some sign of the two men, and then was towed back to the island.

HIS HANDS FULL

Hopes To Hang On For a Few Months Longer.

OTTAWA, July 8 .- (By Canadian Press) .- When Right Hon. Meighen, prime minister of Canada, returns to Ottawa about the end of the month, it is expected that many important matters which have been hanging fire during the recess will receive his

Apart from the political situation which as a result of the vote in the Medicine Hat constituency merits the consideration of the prime minister

consideration of the prime minister and his colleagues, there are a number of other matters to be dealt with. Cabinet reorganization with a view to strengthening the Government, looking to a general election after the completion of the census and the passing of a redistribution bill, possible this fall, is suggested.

The retirement of some of the older members of the Government to the Senate and their replacement by younger blood has been mentioned. In this connection, the names of R. S. Bennett of Calgary, P. H. Stevens, Vancouver, and Dr. R. J. Manion, Fort William, stand out as possibilities for cabinet appointments.

IS BEING HARD HIT Forest Fires, Crop Failure and

immediate attention.

MANITOULIN ISLAND

of Lake Penlage on the north shore. No valuable timber has yet been burned, but it is in constant danger. The absence of a breeze has been the only salvation. Many fires are also burning on Manitoulin, where the drought is even more serious. The hay crop has been burned up and is almost a total failure, and this, added to the grasshopper plague, is making this season a disastrous one for the island farmers.

ON INSPECTION

School Boys Are Inspected and March Past Despite Rain.

eral inspection and a march-past

BIBLE SCHOOL......3:00 P.M.

confusion.

No. 1 Battalion, with Captain R. E. Baiders, M.C., in charge, headed the column. Then came No. 2 Battalion under the command of Captain W. S. Fenton of the Royal Canadian Regiment, while No. 3 Battalion composed entirely of public school cadets with Captain A. C. Campbell in command, brought up the rear. The march-past was played by the brass band of the R. C. R.

The rain which had previously fallen

R. C. R.

The rain which had previously fallen prevented many people from attending, but the few who witnessed the splendid performance were loud with their applause. Everyone, even to the general, was completely surprised by the masterly and snappy way in which the three battalions and especially the younger boys kept in step, straight in line, swung their arms and gave "eyes right."

General Pleased.

Immediately after the last battalion had swung towards camp, General Panet turned to a civilian who was here and said, "Wasn't that well done? It certainly was snappy. And remember, too, that they have been drilled only four days."

that they have been drilled only four days."

Later in the day when he stood before the boys as they were formed up in a three-sided hollow square to receive the prizes he said: "I congratulate you on your present appearance. Your performance was remarkable and a credit to you and your officers. I am proud to have had you in camp here."

Prizes Awarded.

The prizes were presented to the different winners by many different ladies gathered there, who graciously consented to act at the general's request. Before the ceremony was over, however, heavy rain fell, causing the spectators to scatter, but the cadets remained in formation until all the prizes had been awarded. The ceremony was conducted by Lieut.-Col. A. W. McCrimmon, camp commander.

The first award was a shield given

by Lieut.-Col. A. W. McCrimmon, camp by Lieut.-Col. A. W. McCrimmon, camp commander.

The first award was a shield given for general efficiency, both for tests for general efficiency, both for tests in the home quarters and those given while in camp. Although Listowel High School was highest in points given for camp work, they did not make enough points in their total tests to win the championship. It was won by the Windsor Collegiate Institute.

You have a shield given by Sir Adam Beck for shooting and marksmanship was also awarded an individual prize. Mrs. Hill presented the prizes. The Learnington High School won second place.

John S. Barnard gave a beautiful bronze trophy to the cadets winning the highest number of points for shooting. It was won by the Learnington High School. Mrs. Robinson made the presentation. She also presented second prizes to the Chesley High School cadets.

The department of militia and determed a silver cup for shooting. The story deals with the fortunes of a young student with political aspirations which will be shown at the Loew's The-dual prize was one of primary importance, and to that end Lois Wilson and Conrad Nagel were chosen.

The story deals with the fortunes of a young student with political aspirations who steals into a home of wealth the presentation of militia and determed warded a silver cup for shooting.

HERE'S THE CHAP RESPONSIBLE FOR TORRID WEATHER

The janitor of the Public Utilities Building is a native of the Sahara Desert, in the opinion of city officials, this opinion resulting from the fact that although the thermometer registered in the nineties Friday afternoon, the heat was turned on in the various offices in the building.

When an observant one noted this fact and drew the attention of others to the radiators, they imagined he was attempting a practical joke, but when the heating apparatus was discovered to be almost too hot to touch general surprise was registered.

One official ventured the explanation that the janitor had burned some old papers and refuse in the furnace, thus generating the unnecessary heat, but others jocularly suggested that the fires were kept burning to encourage the sale of electric fans in the Hydro Shop. FRIDAY, JULY 15.

776 Wellington Street.

Doggerell has favored me with instructions to sell the complete contents of this well-furnished residence, in part: Rainer vertical grand piano, 7-piece black walnut parlor suite, mahogany, oak and wicker rockers, walnut, oak and onyx tables, cosy corner, mahogany parlor cabinet, large wall mirrors, ottoman, bookcases and books, couch, best of Wilton and Brussels carpets, draperies, portieres, curtains, blinds, cushions, pictures, oil paintings, fancyware, bric-a-brac, screen, Raymond machine, dressmaker's form,

AT ALLEN'S.

DOROTHY DALION IN "THE DARK MIRROR" HEADS DOUBLE PROGRAM AT ALLEN'S MONDAY, TUESDAY A N D WEDNESDAY NEXT WEEK.
"The Dark Mirror," starring Dorothy

Dalton, which will head the double program at the Allen Monday, Tuesday and Wednesday of next week, is a photoplay that is remarkable for its un-Heavy rains on Friday afternoon usual character and for the skillful per-delayed, but did not prevent a genidly-contrasted roles. The story involves New York's "Upper Ten," and also the worst haunts of the underworld. As Priscilla Maine, a society girl. Miss since the first of the week. Showers later in the day, however, interfered considerably with the presentation of prizes and trophies awarded to the winners of the efficiency and shooting tests and the sporting events of Thursday afternoon, which followed immediately after the other ceremonies. of idly-contrasted roles. The story in-and volves New York's "Upper Ten," and who also the worst haunts of the underworld. this As Priscilla Maine, a society girl, Miss

of Thursday afternoon, which followed immediately after the other ceremonies.

Gen. Panet inspects.

The Inspection was made by Brig.-Gen. H. A. Panet, C.B., C.M.G., D.S.O., and his staff. At 4:45 o'clock the three battalions of sun-burned boys were ordered to fall in. The two battalions composed of cadets from the collegiate institutes and the high schools carried rifles, while the public school cadets marched light. After several movements, perfectly executed, they were formed in a line of platoons, and after a salute was given the general conducted the inspection.

March-Past Like Veterans.

The march-past was thrilling for, although the cadets had been in training only four days, they conducted themselves like veterans. The formations and the movements executed under the eagle eyes of sergeant instructors and officors of the Royal Canadian Regiment were accomplished with precision and with absolutely no confusion.

No. 1 Battalion, with Captain R. E. wife and her mother get suspicious, and announce their intention of accompanying him. That, of course, leads to unforeseen complications that continue when the party reaches Mexico. Eillings' escape from the mess by a startling escape from the mess by a starting trick furnishes the climax of the action. In addition to the two feature productions, "A Dark Mirror" and "Too Much Johnson," another rollicking "Snub" Pollard comedy, Allen World News, and special musical program.

> DOUGLAS MACLEAN, IN "THE HOME STRETCH," AT ALLEN'S ON THURSDAY, FRIDAY AND SATUR-DAY OF NEXT WEEK.

Douglas MacLean's latest comedy, "The Home Stretch," which will be the feature attraction at the Allen Thursday, Friday and Saturday of next week, stands forth as one of the most orig-inal and entertaining offers of the year. Members of the sporting fraternity who nthuse at the sight of a thoroughbred racehorse, and who in a period now al-most gone, have thrilled at the hairraising finish of a great metropolitan handicap, will revel in the many specnandicap, will revel in the many spec-tacular racing scenes which feature "The Home Stretch." The story con-cerns a jockey, a trainer, a racetrack follower, who at the time the picture opens has risen to the ranks of race horse owners, and of the difficulties he encounters when he attempts to abandon his gambling habits. As Johnny Hardwick, the juvenile turfman, Doug las MacLean is said to give a perform ance which surpasses "Sergeant Grey' in "Twenty-three and a Half Hours Leave."

Thursday next, motion picture lovers will have the opportunity to see this mystery drama. All those tense situations which made the original stage play such a strong lure by their powerful bid for the unexpected have been preserved in the silver sheet version and the language of pictures has even proved more effec-

the unusual which runs all through the drama. This famous mystery story has as its triple authors, Larry Evans, George S. Kaufman and Walter Percival. It is the story of a society crook, pol in all the ways that appeal in high life. He works his way into the confidence

tive in bringing out that atmosphere o

LONDON MOTOR CLUB MEMBERS HOST TO ORPHANED CHILDRE

Thoughtful Citizens Treat th Youngsters To Drive To Springbank.

While all the town sweltered during the past few days and the fortunationes were enabled to seek temporary refief in the parks, the playgrounds of the sequestered nooks along the lakeside or at other of the amusement places, it rested upon some 35 members of the London Motor Club to remember that in four orphanages scattered through the city were scores of youngsters who would welcome even a breit respite down the river.

Accordingly Friday afternoon these thoughtful residents piloted their cars to the different institutions and gathering a family that totalled 241, drove about the city, through Victoria Park and then down the river road to the city's natural breathing space, Springbank, Happilly, most of the party reached the grounds before the rain commenced. Everyone was safely housed in the pavilion where plenty of ice cream, candy and other good things to eat were distributed. To mention that the "kids" thoroughly enjoyed their couring barely seem adequate. Horns were also donated and whistles, a present from the McClary Manufacturing Company to liven the homeward journey.

Children from the following homes

ney.
Children from the following homes comprised the party: Thomas Alway Home, the Protestant Orphans' Home, the Mount Hope Orphanage and the Ronald Gray Home.
C. E. Bernard, secretary of the London Motor Club, directed the tour.

PAPERS MOST ACTIVE STEELS FEATURE ON TORONTO BOARD

Wall Street Weakness.

TORONTO, July 8 .- That the stock market is still sensitive to little advarse factors was shown in reactions today, NEW YORK, July 8.—Further substantial forfeiture of the midweek's spirited rally on the stock exchange was witnessed in today's reactionary movemnt.

Severe declines were registered at the outset. United States Rubber leading at a loss of 4% points on overnight announcement that the dividend bad been deferred. Similiar action was taken during the day on the preferred shares of the Fisk Rubber Company.

Conspicuous weakness was shown by equipments, independent steels, shippings, sugars and miscellaneaus shares. Chief among these were Harvester, Pullman, United Fruit, Mercantile Marine, preferred, Sars-Roebuck, Famous Players, American Sugar and Sumatra Tobacco.

Foreign oils lapsed into their recent heavy state, fresh offerings following on reports showing a marked falling off of production in the Tampico field. Mexican Petroleum lost 6% points and associated issues declined 2 to 3½ bints.

Lowest prices were made in the last. which apparently were largely based on

RENEWED STRENGTH IN SUGAR FUTURES

NEW YORK, July 8 .- The raw sugar NEW YORK, July 8.—The raw sugar market was firm early today and prices were 11/3c higher to the basis of 4.25c for centrifugal. There were sales late last night of 29.400 bags of Porto Ricos and 4.3,500 bags of Phillipine Islands centrifugals for July shipments at 4.25c for centrifugal. There was renewed strength in raw

There was renewed strength in raw sugar futures this morning, and prices at midday showed advances of 15 to 15 points on covering and buying by trade and commission houses, prompted by the strength in the spot market, and the better inquiry for refined.

Refined was firmer and prices were advanced 10 points by three of the leading refiners to the basis of \$5.50 for fine granulated. Two were unchanged at \$5.20.

Refined futures were steady and prices

\$5.20.

Refined futures were steady and prices about one point higher on December, the only month traded in.

COFFEE. NEW YORK, July 8.—The market for coffee futures today closed at a net decline of 7 to 8 point. Closing bids: July, \$6.13; September, \$6.38; October, \$6.52; December, \$6.79; January, \$6.90; March, \$7.10; May, \$7.28. Spot coffee dull. LINSEED.

DULUTH, July 8.—Linsced: On track and to arrive, \$1.86; July, \$1.86 asked; September, \$1.89 bid; October \$1.91.

To 9, Preferred To 24.

MONTREAL, July 8.-National Brew MONTREAL, July 8.—National Breweries stock bought yesterday on the local stock exchange was evidenly sold today with the demand much less insitent and at the close of trading % of yesterday's large fractional gain was lost at 52%.

The early market was weak but there was some bidding up at the close and most of the Issues traded in showed strength at the end of the day. Steel of Canada preferrd, two-point gain, was

most of the Issues traded in showed strength at the end of the day. Steel of Canada preferrd, two-point gain, was the highest of the day, no other stock exceeding a point advance.

British Empire Steel was up one to 9 for the common and the preferred sold up to 24. Dominion iron was, however, down a point to 27. Ontario Steel was unchanged and Steel of Canada common was down a fraction to 46. In the paper, Wayagamack lost the advance of the previous two days, selling back 4½ points to 39. Laurentide lost 1½ points at 73. Brompton was down a fraction at 21½. Spanish common sold at 47½, ex-dividend 1¾ percent, equal to a gain of a quarterpoint. The preferred was a fraction lower at 59½, also ex-dividend, 1¾ percent. Howard-Smith sold up a point at 61, at the top.

In the general list Steamships, which yesterday were strong, today were steady to weak, the comman unchanged and the preferred down 1½ points to 47½. Textile was off a point at 126. Sugar was down a point at 26½. In the bank group Merchants regained the point loss of yesterday.

Bonds were less active and were generally steady.

EGGS AND BUTTER CONTINUE STEADY; **VEGETABLES CHEAPER**

Rain Will Benefit Small Fruits -Expect Big Supply On Tuesday.

The local market on the ewhole has been generally small all this week on ac-count of the dry spell prevailing in the district, and also on account of the farmers cutting their hay and wheat. The raspberry crop has been very good so far, but local farmers state that Tuesday should prove to be the biggest day after last night's rain. Cherries took a slight drop from \$1.75

to \$1.60 for an eleven-quart basket. No black or white cherries are on sale. Black currants advanced from \$0c a quart to 30c and 35c. There is a very

"Bourse" On the Stock Market Says Buy Bonds

market. When I speak of deflation go-

needed to stimulate buying. When the

whole industrial and business situation

thing will be true in other basic lines.

Forced Liquidation.
Indications are that the great bulk of the forced liquidation in the stock mar-

ing further, I am speaking particularly of the steel industry which is, as I said

BY BOURSE.

NEW YORK, July 9.-Pessimism in Wall street is gradually giving way to last week, in the throes of its worst de-a more confident and hopeful feeling, and high leaders in the banking com-again, but something more than this is munity with whom I have had the privilege of talking this week about the mar-ket and things in general speak cheerket and things in general speak cheer-fully and rather more optimistically of steel products will expand and the same the future.

One of Wall street's biggest men, for instance, told me this week that the banking situation was never sounder, that there are no "rotten spots" now, and that it is only a question of time when we will begin to feel the helpful effects of the marked betterment in the sufficient buying power has developed, surfaced of the demand from the shorts, general situation.

But the stock market drags along as to impart a more vigorous tone to the if it had a thousand-ton anchor fastened general list. I find the majority of Wall

to it. It is indeed a market that scarce-ty anyone can enthuse over. Even the the turn, but still hesitant about advisprofessional bears, who are supposed to have piled up untold millions in the break of the last year, have reached a point where they do not know which speculative security mart, the outlook way to turn next. They have sold stocks for the bond market, especially prime right and left for months and they are investment securities is more promising naturally beginning to wonder if the than ever and forces are beginning to point has been reached, where finally the work which I believe presage a definit market will come back with a real kick upward trend in bond prices during the and smite them. It has happened. And rest of the year, with only a few recestit will probably happen again.

The word has gone out from certain rails and the public utility groups are corners in this alleged centre of the especially in a strong position and are financial universe that the market has ready to respond to good news and the turned definitely, that most stocks have easier tone in the money market which touched their real bottoms, that forces is one of the most important factors are intervening now to bring a natural making for improvement in fixed interand well sustained recovery that will est-bearing securities. As a bond expert restore confidence and replenish flat-tened pocket-books. I am not so opti-mistic as all that. I can see, however, that we are undoubtedly heading toward and taking into account present ecobetter times—because times can hardly get any worse than they are at present —and that business and industrial impated in a bulge in the stock market. But, on the other hand, I believe deflation is going to go considerably further in certain industries and until they have been stabilized we must look for a con-

Normally July 1 is the time to buy wheat—because it usually hits low mark at the beginning of summer. But sometimes the "voice from the tombs" recips fails—and this appears t obe one of the times. Therefore buying wheat, corn or oats now is apt to be a tenuous proposition. There are dozens of ugly tide-rips and cross-currents at work. Readjustment has not been completed. It is folly to try to advise traders now, and worse folly to trade at all. Right now speculation is rank guesswork, and each gues sis liable to be ranker than the last. It is better to enjoy the dog days free from the dangers of speculation in the most treacherous market ever known. Big swings are coming, and the price will swing against the majority. Someone will clean up, but for every winner there will be fifty losers.

Barns Unroofed and Trees Up rooted-Corn and Wheat All Over the District Flattened — Heavy Rain Was Welcomed by Farmers.

INGERSOLL. July 8.—Rain which had been longed-for with the hope that it would break the heat wave, fell in this district the greater part of the day and while it is difficult to obtain much information from outlying districts owing to a large number of rural phones being out of commission, it is believed that heavy damage has been caused. Accompanying the rain was a roaring wind and vivid lightning. The town and the immedate district were deluged. Streets became miniature rivers as the downfall of water was too great to be carried away by the storm sewers. Had Three Storms.

There were three distinct storms during the afternoon and the rain fell in torrents. At one stage the wind was so great that the rain swirled in a blinding fashlon until it was almost impossible to see across a street. Many trees were struck by lightning, several in the town, while from scores of others limbs were wrenched off by the wind. During the first storm, between one and two o'clock, hail fell for a space of a few minutes. Vegetables and flower gardens present a scene of desolation while in some of the neighboring districts the corn and grain crops have been levelled and it is feared the damage will be heavy.

when the officers saw the storm coming the boys were allowed to put on their bathing suits, and then got busy loosing the ropes of the tents. They had a great time out in the rain, and declared that their experience during the shower was one of the nost enjoyable of their entire training. In the district around London quite lot of corn and wheat was flattened. It is thought, however, that this will ot be a loss.

FINE BARN BURNED. FINE BARN BURNED.

[Special to The Advertiser.]

HARRIETSVILLE, July 8.—During he heavy thunderstorm tonight the ine barn of inthony Hipley, nearly lightning and ompletely destroyed. The flames oread so fast that little could be saved, he loss, it is understood, is covered y insurance. Considerable damage as done to the crops by the high ind which accompanied the storm, in in many districts wheat is flatned.

CORN IS FLATTENED. [Special to The Advertiser.]

BELMONT, July 8.—In the storm which swept this district this evening whole fields of corn and wheat were flattened. Farmers are hoping, however, that their losses will not be heavy. The wheat was in splendid condition, and much of it ready for cutting. The rain was most welcome, as crops were suffering from lack of moisture. LARGELY ATTENDED held their annual picnic at Henry Murrell's woods on Wednesday. In spite

of extreme neat there was a large GALE IN TORONTO.

TORONTO, July 8.—Half a million
people in Toronto who have been
thoroughly "het up" for ten days and
nights are back to normal and are
tooking forward to a good night's sleep races were run off and resulted as follows:

HEAVY AT RIDGETOWN.
[Special To The Advertiser.]
RIDGETOWN, July 8.—A severe storm passed over this district at 5 o'clock this afternoon, accompanied by rain, hall and wind. Much damage was caused to gardens and fruit by the hall, while the terrific wind blew down many trees. For a time many of the streets in town were blocked owing to fallen trees. A large silo at D. F. Brien's was blown down. A large window in the township hall was blown out. Frank Clark, living west of town, had his arm broken and a gash cut in the back of his head by being struck by the barn door when it was blown shut with great force.

SHOWER WAS WELCOME
BRANTFORD, July 8.—Brantford's protracted heat spell was broken during the noon hour, when gentle showers fell, cooling the atmosphere and doing great good to the crops which were beginning to feel the necessity of rain. The drop in temperature was from 103 at 10:30 a.m., to 84 at 12:45 p.m., and the effect was almost wonderful.

Excessive heat yesterday brought death to John Stover, 45 years, who resided at 190 Grey street. He was working on a farm near Ancaster, and suffered a sunstroke. He was placed in the shade and medical attendance secured, but he passed away. He was a Cockshutt Plow Company employee, but during the summer closing down secured work on William Robertson's farm at Ancaster.

STRUCK BY LIGHTNING.

STRUCK BY LIGHTNING.

HAMILTON, July 8.—A bad electrical storm hit Hamilton shortly after noon today causing considerable damage in this city. Lightning struck the Victoria street sub-station and blew out a transformer, which, in addition to injuring an employee, started a fire which caused considerable damage to the south end of the building.

William McDugan was standing beside the transformer when it blew out, and he was so badly burned that he was removed to the City Hospital in an unconscious condition. At the time

When Will Police Commissioners Rearm Force With Modern Gun?

"What Would Have Happened If Officer Had Been Firing At Criminal?" Is Question Asked by Citizens When Weapon Fails To Discharge.

Should the police commission of Lon- ger three times, but the gun would not on tasks the local constables with work. Should the police commission of London issue the local constables with new revolvers of the most modern type as the commissioners in Toronto have done? This is a question that was rife in the north end yesterday afternoon as the result of an incident at 4:30 o'clock on the corner of Cromwell and Richmond streets.

According to eyewitnesses, a police officer was called to that corner to shoot a horse belonging to Rigney Bros., flour and feed merchants, which was struck by an auto. The horse was in intense pain and it was necessary to destroy it. The officer pulled his revolver trigits.

Cellars Flooded.

In one field near the town having a slight indentation, the water is said to have been nearly three feet deep. On many streets the water flowed over the sidewalks into cellars. It is difficult to estimate the number at the present time, but it is believed that hundreds of telephones of the Ingersoll Telephone Company were put out of commission. Between this town and Putman a telephone pole and a tree were blown across the road. Brantford.

INGERSOLL. July 8.—The death of Mrs. Harriet Wallace, which occurred at her home. Victoria street, was due to the extreme heat. Mrs. Wallace, who was 82 years of age, was sitting on the front lawn conversing with some neighbors yesterday when overcome with the heat, and her death occurred soon after. She was well known in the district, having been born near Folden's Corners, West Oxford. She had lived here about forty years. She is survived by four daughters.

Kids; Sells-Floto's Coming
