PREFACE.

THE Publishers of this work now place before the public their fifteenth edition of HALIFAX CITY DIRECTORY, and twentieth edition in full (four being Provincial Directories). The Publishers can state, as they have done in each of the previous years, that it is hardly possible to take more pains to make the work reliable than they have done this year.

The Street Directory will be found full and correct.

The Appendix matter has been revised up to the last moment of going to press, and will be found as complete as possible.

To the supporters of this work the Publishers return their sincere thanks. The Publishers have heard quite a number of business men say they could not dispense with the work, even if they had to pay double the amount charged for it, if those would advertise to the extent of a few dollars each year, it would help the Publishers considerably.

We would ask the advertisers and subscribers again not to lend their Directories to other business men, as some of them have said they would not buy a Directory because they could borrow one from their neighbor. It is not fair to yourselves or the Publishers to lend outside of your place of business.

 We would also ask you to refer borrowers to the above paragraph.

BRAS D'OR STEAM NAVIGATION COMPANY.

SIDE-WHEEL STEAMERS

"Marion," "Neptune," and "May Queen."

These Steamers leave Port Mulgrave, in connection with the trains arriving by the Nova Scotia Railway Company, every evening, thus making connection with all parts of Canada and the United States.

Passing through Lennox Passage and the St. Peter's Canal, into the Bras D'Or Lake, celebrated for its beautiful scenery, and calling at East Bay, West Bay, Baddeck, Whyccomagh, and other lake ports, terminating at Sydney, C. B.; arriving there every morning via East Bay, and afternoon via Baddeck and North Sydney.

The attention of Tourists is called to this route, the scenery in the Lake being the finest in the Maritime Provinces. The Steamers are fast and well found—good staterooms and excellent table.

The Equitable

LIFE ASSURANCE SOCIETY OF THE U. S.

The Business of the Society is conducted on the **Cash Basis** and on the **Purely Mutual System**.

Every Policy three years old becomes **Incontestable**.

Incontestable Policies are **Paid Immediately** upon presentation of satisfactory "Proofs of Death," at the Society's New York office, and are paid, not less a discount, but **In Full**.

All standard forms of life, endowment and annuity policies are issued by the Society, as well as Tontine and Semi-Tontine Policies.

Assets.....	\$53,030,581 70
Liabilities, 4 per cent. Valuation.....	43,914,612 44
Surplus, 4 per cent.....	\$ 9,115,969 26
Liabilities, 4½ per cent. Valuation.....	40,920,824 91
Surplus, 4½ per cent.....	\$12,106,756 79

New Assurance written in 1883: **OVER \$1 MILLION DOLLARS**. The largest business ever transacted in a single year by any Company in the world.

Example of Results of Tontine — Policy No. 44, 193. \$10,000.

"Ordinary Life" Issued Halifax, N. S., June 8, 1869.

Tontine Period, 15 years.

Terminated June 8, 1884.

Annual Premium.....	\$ 324 70
Total Premiums Paid.....	4,870 50

FOUR METHODS OF SETTLEMENT.

1. Cash Value	\$5,530 70
Equal to 114 per cent. of the premiums paid.	
2. Paid-up Policy	\$10,360 00
Equal to 211 per cent. of the premiums paid.	
3. To draw Surplus and continue Policy.	

Explanation.—By this plan the policyholder would take his surplus (or dividend) \$2,918.10, cash, and keep the \$10,000 policy, by paying annual premiums, less annual dividends. (See dividend for 1885 below.)

4. **Annuity for Life.**

Explanation.—By this plan the policy would be continued as in the 3d plan; but the surplus, instead of being drawn in cash, would be converted into an annuity for life.

<i>Result.</i> —Gross premium.....	\$324 70
Annuity.....	\$243 50
Dividend for 1885.....	98 40 341 90
Probable Income for 1885.....	\$17 20

Such results clearly indicate the value of Tontine assurance, which furnishes indemnity in the event of death, and a profitable investment realized with handsome profits after a term of years.

For documents explaining the Tontine system, and the Semi-Tontine system which combines all the advantages of Tontine assurance with the non-forfeitable features of "ordinary" assurance, apply to
