

PEERS UNHAPPY OVER ELECTION

Lowly Origin of Proud Names

COOKS AND BUTLERS

Among the Progenitors of Earls and Lords if There's Anything in Etymology

LONDON, Jan. 14.—In the present fierce party struggle one really cannot help feeling some sympathy for the unhappy peers of these islands. Not only are their looks, their personal habits, their possessions or debts, as the case may be, dissected and mercilessly criticised by all, but investigators are at work digging up their old family histories and their origin, with the object of proving or disproving their more or less ancient rights to stand as hereditary legislators of the country.

S. Baring Gould, a noted writer, has published a book on the family names of English peers, in which he shows that very many of them started at the bottom of the social ladder. Thus the Duke of Northumberland is not actually a Percy, but a Smithson, and must recognize that his ancestor welded the hammer at the anvil. Lord Cowley is a Burdell, and his ancestor, "Burdell" by the name, was a weaver of coarse cloth. The ancestor of Lord Alverstone was a Webster or Weaver. "That" of the Marquis of Haslemere was a Joiner, and his ancestor of the name, who had charge of the mill in the village of Haslemere, was a miller.

The ancestry of Lord Bute, a peer of the first rank, is traced to a cooper for the family name is Handcock. Earl Cowper derives his family and titular name from a man who made drinking mugs. Baron Forster would be descended from a man who had charge of the royal forests. Viscount Massereene derives from a salaried attendant who ministered to the pleasures of his master in the palace.

LACK OF THE SNAP OF AMERICANS

English and Yankee Actors Compared

CECIL RALEIGH'S VIEW

English Do Not Act Together So Well, He Asserts

(From a Staff Correspondent.)

LONDON, Jan. 7.—American actors will paint themselves green in the stage directions specify a green make-up. An English actor, however, eschews any make-up that obscures his inherent beauty. For instance, George Alexander as "Lorraine" in "The Sign of the Cross," and Lewis Waller as "Sir Walter Raleigh" both discarded the beard and moustaches called for by those roles because they and a new full of their worshippers found the unshaven state unbecoming. Whoever heard of Sir Walter without a moustache.

English actors play to themselves; American actors play to their audiences. This is the first time that the subtle difference between English and American acting has been stated, neatly, comprehensively, and by a man with a practical knowledge of the drama.

But Cecil Raleigh, the perennial playwright of the Druery Lane melodrama, is famous for his dynamic remarks about the stage. Besides being a successful dramatist, Raleigh has ridden stephens, trained race horses, been turned on socialism, and has been an actor, impresario, club secretary, and journalist. His first real success as a playwright dates from 1865, when he and E. C. Carter, wrote "The Great Pink Pearl." Some years ago Augustin Daly secured the American right of the "Great Ruby." Daly who had had a succession of failures was amply repaid by this play of Raleigh's at the end of six months he cleared \$10,000. When "Sporting Life" was produced in Chicago the run on the box office was so great that one of the sponsors in the play was given over to a splendid advertisement for the play.

Raleigh attributes climatic as well as national causes to the difference between the English and American acting. "In New York," he says, "a man takes in with the crisp air, whiffs of champagne and cocktails. The result is that the nerves of actors are screwed up, the play jumps rapidly along and the audience is alert. Time, fog, and ale hang heavy upon the Londoner; he is in a different pair of shoes.

"When a strong actor is given here it was acted so rapidly and firmly that Londoners blinked; and though its vitality was admired, the play didn't run long enough to speak for itself." "When a weak actor is given here it was acted so rapidly and firmly that Londoners blinked; and though its vitality was admired, the play didn't run long enough to speak for itself."

An American company works in unison, but in an English company each is a law unto himself. For instance, during an American thriller you sit on the edge of the seat and grab the arms of your chair or screw up your face, after the climax you mop your brow and gasp, "Gad, what a scene!" In an English theatre you would find yourself saying, "Jolly good actor, that man Brown."

Raleigh has shown that the financial prospects of an English actor are far from cheerful. Acting is a trade whose members are not to be envied for any other reason. In England the theatrical profession is overcrowded and the salaries received are impossible. Revelatory of the underpayment of actors, Raleigh says:

"If it takes a man a year to produce a sack of potatoes he gets a definite result for his labor. But if a man acts for a year, where is the result, and how is one to determine the value of it?"

"On the lowest possible basis, supposing a man consumes in order to be useful, including light and heat, to 100; and he receives in remuneration something equivalent to 30, that man is underpaid."

"It is easy to tell how much an actor should be worth on the lowest rung of the ladder. He is worth enough to keep him alive. And in a given vicinity one can always figure how much that is. I use the word 'figure' in your honor," he said to me, "instead of 'calculate' as we do in England."

The average actor Raleigh said is engaged for about twenty-five weeks a year. If he is very lucky it may be thirty-five weeks.

"Thousands of actors get no more than \$10 a week. Some only \$5.00 or \$5. There is a thing called a 'joint engagement' of man and wife at \$8 a week for the two, which is a crying calamity."

The minimum annual expenditure of an actor Raleigh estimates as follows:

"This is an educated man," said Raleigh, "is rank, horrible starvation. My estimate represents a budget without any B's—no books, no 'baccy,' no booze."

SUGGESTS THAT SUPREME COURT JUDGE BE GIVEN POWER TO REGULATE PHONE RATES

Committee Probing Telephone Rates Submits Its Report to the Council of the Board of Trade

Believes That St. John is Being Bled to Meet Deficit Incurred by Operating Other Parts of the Company's System

The council of the Board of Trade met at 4 p. m. yesterday for the purpose of receiving the report of the committee of the board appointed to consider the increase in telephone rentals in the city. The report, which was accepted by the council, is not in favor of the company. It states that the result of the investigation has been to show that the company's stock is "watered" and that the telephone phone users are being bled to meet the deficit incurred by operating other parts of the company's system. The report suggests further that one of the judges of the Supreme Court be given authority to regulate telephone rentals. The report in part is as follows:

Your committee appointed to consider the increase in telephone rentals in the city of St. John beg to submit the following report:

Immediately on our appointment we proceeded to take up with the officers of the company the matter entrusted to us and found them willing to discuss the question in a friendly spirit, and to furnish us with all the information we had in their possession.

In justification of the present increase in the telephone rentals the company contends that the present rate of the telephone system in the province does not afford a reasonable return upon the capital stock which has been issued. The company also contends that its rentals are lower than those charged by other companies.

Back of the question of the amount of capital stock upon which the company claims the right to have a reasonable return are two questions:—

First, What is the amount of capital stock, if any, of the company which has been improperly issued, and, second, What is the amount, if any, by which the par value of the capital stock and bonds of the company exceed what would be the cost of an additional plant of the same capacity in the city of withdrawal of discounts for prompt payment and of increased rentals.

The business of the St. John Exchange since the merger, however, so far from showing a great change for the worse financially, advances for interest on the additional capital expenditures which have been made, and for depreciation upon the additional plant installed, largely increased, and is justifying an increase in the price of its stock.

While we have in reference to the company's contention looked into the matter of its capital stock, the question of the amount of the increase in rentals is justifiable or not to be decided by an analysis of either the capital stock account or the capital expenditures of the company.

Up to the time of its absorption of the Central Telephone Company in 1907 the New Brunswick Telephone Company had, according to the statement given us, issued stock as follows:

The present officers of the Company stated they knew nothing regarding the stock issued to the Bell Telephone Company except what appears in the books of the Company.

This statement given us by the officers of the Company is in variance with the statement of Senator Thompson, Managing Director of the New Brunswick Telephone Company given under oath in 1906 before a Select Parliamentary Committee at Ottawa appointed to inquire into telephone systems in Canada.

The following is the evidence given by him on this point:—

"Q. Did they take up stock for the purchase money?"

"A. Yes, that is right. We could not have raised all the money or we would have bought them out. The statement given us by the Company varies from Senator Thompson's evidence in another particular. Senator Thompson on p. 512 states "at the end of 1904 the stock amounted to \$204,059 or 4,881,559 shares, of which the Bell people hold \$99,100 or 1,832 shares, and the difference between \$204,059 of stock issued to the Bell Company (issued for its system in New Brunswick) and their holding of \$99,100 had been paid for in cash by the Bell Telephone Company."

According to the statement furnished us by the Company the stock issued to the end of 1904 was \$200,980 or 3,850,980 more than the amount given by Senator Thompson in his evidence as issued to that time. If the Senator's statement is true, and from his position as Managing Director we must assume that it is, \$7,000 of the paid up capital stock of the Company, which professed to be issued to the Bell Telephone Company for plant was not so issued. There is a mystery connected with this transaction with the Bell Telephone Company which has not been able to fathom. The \$7,000 paid up Capital stock mentioned above was issued as stock dividends and professed to be for earnings of the Company which were not paid over to the shareholders in cash. If from the total amount of the capital stock issued to the time of the merger, \$968,800, there are deducted the \$7,000 paid up Capital stock issued as above, and unaccounted for, and the \$72,558 issued as stock dividends, the balance \$888,888 represents the amount of capital stock of the Company, which up to the time of the merger had been issued for cash, or by the sale of securities other than earnings.

The taking over of the Central's system by the New Brunswick Telephone Company was under the terms of an agreement which closed a struggle between these companies in which each had endeavored to outwit and outbid the other. The result was that its cash dividends, which for the eighteen years previously had been declared annually at 8 per cent, immediately ceased, and have ever since exceeded 6 per cent, while its stock dividends, which had totalled \$172,558,00, have ceased entirely.

The St. John Exchange formed a part of a very profitable system which the New Brunswick Telephone Company had at the time of the merger. In view of the cash and stock dividends having been paid to the extent of \$138,320.00 had been issued as a stock dividend in 1898 at the time the merger had been agreed upon, and of the rentals for a long portion of the term being considerably cheaper, it is surprising to find the company contending that its system in the city of St. John, which was the largest and most profitable portion of its undertaking up to the time of the merger, has in the two years which have elapsed since become so unprofitable as to necessitate the imposition of an additional burden upon its patrons in the shape of withdrawal of discounts for prompt payment and of increased rentals.

The business of the St. John Exchange since the merger, however, so far from showing a great change for the worse financially, advances for interest on the additional capital expenditures which have been made, and for depreciation upon the additional plant installed, largely increased, and is justifying an increase in the price of its stock.

While we have in reference to the company's contention looked into the matter of its capital stock, the question of the amount of the increase in rentals is justifiable or not to be decided by an analysis of either the capital stock account or the capital expenditures of the company.

Up to the time of its absorption of the Central Telephone Company in 1907 the New Brunswick Telephone Company had, according to the statement given us, issued stock as follows:

To the Bell Telephone Co. \$52,400
Stock issued to the Telephone Company at New Brunswick for its Exchange 5,000
Stocks sold for cash 206,832
Stocks issued as Stock Dividends 172,558
Total \$436,800

The present officers of the Company stated they knew nothing regarding the stock issued to the Bell Telephone Company except what appears in the books of the Company.

This statement given us by the officers of the Company is in variance with the statement of Senator Thompson, Managing Director of the New Brunswick Telephone Company given under oath in 1906 before a Select Parliamentary Committee at Ottawa appointed to inquire into telephone systems in Canada.

The following is the evidence given by him on this point:—

"Q. Did they take up stock for the purchase money?"

"A. Yes, that is right. We could not have raised all the money or we would have bought them out. The statement given us by the Company varies from Senator Thompson's evidence in another particular. Rheumatism for Several Years—Now as well as Ever

Rev. Father Morrissey

Rheumatism cannot exist when the kidneys are in perfect working order for then they take out of the blood all the Uric Acid, which alone causes the Rheumatism.

Father Morrissey's "No. 7" Tablets

act directly on the kidneys, toning them up and helping them to clear the blood of the Uric Acid. If the Rheumatism is of long standing it may take some time to clear out all the poison, but almost from the first "No. 7" Tablets relieve the pain, and if used faithfully they rarely fail to cure.

Even if other remedies have done you no good, do not give up till you have tried Father Morrissey's "No. 7" Tablets.

50c. at your dealer's.

Father Morrissey Medicine Co. Ltd. Chatham, N.B.

TWO MORE SUMMER HOMES BROKEN INTO

Cottages at Ketepec and Saints' Rest Entered and Damage Done by Vandals

Stanley W. Thompson, who Sunday visited Ketepec, found that the cottages occupied by his mother, Mrs. P. S. Thompson and family, during the summer months, had been broken into recently. The back door was broken from its hinges, and nearly all the windows smashed. Tramps or small boys are believed to be responsible for the damage. The house is owned by J. A. Gregory.

When V. G. Tibbits of Portville went to his summer house at Saints' Rest yesterday he found that it had been broken into, and things in the house badly damaged. It is expected that arrests will follow.

That Old Winter Cough!

The Cough Syrup You've Taken Has Sickened But Not Cured You

You'll Never Be Well Till You Heal the Lungs With "Catarrozone"

Nothing pulls down strength, makes you wretched, miserable, and despondent, like a chronic cough. The old-fashioned liquid mixtures tip down the throat, enter the chest, and do little else but ruin digestion.

Catarrozone is the only breathable cold, catarrh, and cough medicine. Instead of taking drying drugs, cholera, morphine, and opium mixtures, you simply inhale the richest pine balsam, breathe into your lungs the healing, soothing vapor of a scientific remedy which commands the admiration of all good physicians.

The extraordinary efficacy of Catarrozone is without a parallel. A sneezing cold is cured in ten minutes, a harsh cough is eased in an hour, the most offensive catarrh is thoroughly drawn from the system. In case of asthma and bronchitis the right and certain cure that comes from the healing balsamic extracts in Catarrozone is simply wonderful.

For more than twenty years I suffered with a cough, bronchitis, asthma, and nasal catarrh," writes J. E. Fenwick, of Staunton, P. O. "Every attack I had seemed to grow worse, and I could hardly breathe on account of an accumulation of phlegm in the nose and throat. One day I tried Catarrozone, and in ten minutes was wonderfully relieved. I could breathe freely and naturally through the nose, and blood spitting was stopped, the phlegm was cleared away, and my regular breathing restored. No remedy can do more than 'Catarrozone'."

There is no remedy so certain and safe as Catarrozone, but, being a good remedy, it is imitated. Beware of the substitute! Large Catarrozone bottles two months, price \$1.00. Smaller sizes 50c. and 50c. All reliable dealers or the Catarrozone Company, Kingston, Ont.

DRUGGISTS

LOS ANGELES

GOVERNMENT FARES BETTER THAN THEIR MOST ARDENT SUPPORTERS ANTICIPATED

Unionists Gain 19 Seats, Liberals 4—Scotland and Wales to Come—Solid Liberal—Burns Elected—Greenwood Defeated—Government Expects Majority of 200.

LONDON, Jan. 17.—Good but not good enough, is the Unionist admission of the failure of their attack on the Liberal government. Unless future pollings furnish unexpected surprises the Liberals are calculating on a majority of 200 inclusive of Labor and Nationalist votes.

ARTHUR J. BALFOUR

The general view of the Midlands section, especially in the vicinity of Birmingham, favors tariff reform. The victory of the Unionists at Walsall points to an extension of Joseph Chamberlain's influence.

PREMIER ASQUITH

The Liberals also won back the adjoining constituency of Haggerston, which was represented by the Hon. R. Guinness, Unionist, he being defeated today and H. G. Chancellor, the Unionist leader, who ran today, including A. J. Balfour, A. Honar Law, Walter Hamilton and Sir William Bull—Sir William being the man who caused a diversion by engaging in a fist fight recently with a heckler at Hammersmith—hold their seats by increased majorities. The naval question had a great effect in the dockyard ports. Portsmouth gave the Unionists two gains, Admiral Lord Charles Boscawen and B. G. Falle both being elected by huge votes, 15,771 and 15,532 respectively.

The hope of the Unionists lay in the some counties, and West Colchester, Exeter, Colchester, and Bedford all returned Unionists to the fold. The area, however, is too restricted, lacking big industrial centres, to afford them any great chance of success.

Mr. Lemieux believes that the rate for press messages can be cut down to six cents, per word and the rate for deferred commercial and personal messages can be cut down to twelve cents, per word.

DECREASE IN CABLE RATES NOW IN SIGHT

Lemieux to Introduce Bill

HIS PROPOSAL

Control of Rates to be Placed Under the Railway Commission

(Special to The Sun.) OTTAWA, Ont., Jan. 17.—Hon. Mr. Lemieux, Postmaster General, has given notice of an important Government measure in the Commons having for its object the substantial reduction of cable rates charged by companies handling messages to and from Canada. The bill proposes to place the control of rates, both for wireless and cable messages, under the railway commission on the same principle as now obtains in the case of telephone and telegraph companies.

MONTREAL, Jan. 17.—It was announced to-night that Rev. Dr. James Barclay had resigned from the pastorate of St. Paul's Presbyterian Church. Dr. Barclay will either retire altogether from active work or will remain with an assistant. He has been pastor of St. Paul's for over twenty-five years, and is one of the best known clergymen in Canada.

LORD LANSDOWNE

curved big reductions in almost all cases. Indeed, many of the Liberals who became members of the House of Commons by the grace of the landlords that year, have been sent back to private life.

Other prominent members defeated included L. G. Chiozza Money, the apostle of free trade, who lost his seat for North Paddington, and Will Crooks, the labor leader, for Woolwich; Sir H. Robertson, the Liberal candidate for North Kensington, failed to get a majority as did also Sir John Gorst, an ex-minister and at one time a member of the Fourth party, whose leading spirits were A. J. Balfour and Lord Randolph Churchill.

On the other side, Lord R. Criel and G. Stewart Bowles, who ran as free trade Unionists, failed in their attempt to oust Philip Snowden, the labor leader, and Sir Thomas Barclay, at Blackburn. Doctors had much to do with the defeat of Claude May, Unionist, in the Hoxton division of Shoreditch. His opponent was Dr. C. Addison, a famous consulting surgeon, Hay,

HON. DAVID LLOYD-GEORGE

POSITION OF PARTIES

LONDON, Jan. 17.—At the conclusion of today's polling in the general elections, the parties stood as follows:

Unionists 92, Liberals 77, Laborites 16, Nationalists 13. Net gains for the Unionists 29.

The government fared much better today than their most ardent supporters expected. The Unionists gained 19 seats, the Liberals 4 and the Laborites 1, making a net gain for the Unionists for the day of 14, one less than they gained at fewer elections on Saturday.

This practically assures the return of the Liberals to power with a fair majority, for among the places still to poll are those in Scotland and Wales, which are always solid Liberal.

THREE VICTIMS OF HOTEL FIRE

PHILADELPHIA, Pa., Jan. 17.—One woman is dead, two others are missing, and three are seriously injured, one perhaps fatally, as the result of a fire to-day which destroyed the Hollingsworth apartments at 415 Walnut Street, the fashionable section of West Philadelphia. The dead is Mrs. Frances Evans, of Baltimore, who died from the shock of being dragged from the burning building. The bodies of Mrs. David C. Eaton and Mrs. S. L. Carpenter, the missing women, are believed to be buried in the ruins.

DR. BARCLAY RESIGNS

MONTREAL, Jan. 17.—It was announced to-night that Rev. Dr. James Barclay had resigned from the pastorate of St. Paul's Presbyterian Church. Dr. Barclay will either retire altogether from active work or will remain with an assistant. He has been pastor of St. Paul's for over twenty-five years, and is one of the best known clergymen in Canada.

ANNUAL MEETING HELD YESTERDAY

Bank of New Brunswick Had Good Year

OLD BOARD RE-ELECTED

James Manchester is Re-elected President of Institution

The Bank of New Brunswick, according to the statement presented to the shareholders at the annual meeting yesterday, has just passed one of its most successful years. The old board of directors was re-elected and James Manchester was re-elected president.

The net profits of the bank for the year 1909, after making all the customary deductions amount to \$128,305. The shareholders received 13 per cent. earnings on the par value of their shares, paid quarterly, which is an increase upon the 12 per cent. of previous years. The dividends absorbed \$1,215,677 of the foregoing. There was added to the rest account \$25,000, an increase over the amount added in the previous year. The rest now is \$1,347,125, equal to 173 per cent. of the capital stock. There is added to the pension fund a sum of \$5,000. The report shows that the bank is steadily extending the field of its operations.

Other prominent members defeated included L. G. Chiozza Money, the apostle of free trade, who lost his seat for North Paddington, and Will Crooks, the labor leader, for Woolwich; Sir H. Robertson, the Liberal candidate for North Kensington, failed to get a majority as did also Sir John Gorst, an ex-minister and at one time a member of the Fourth party, whose leading spirits were A. J. Balfour and Lord Randolph Churchill.

On the other side, Lord R. Criel and G. Stewart Bowles, who ran as free trade Unionists, failed in their attempt to oust Philip Snowden, the labor leader, and Sir Thomas Barclay, at Blackburn. LOSES FAITH

OLD COUNCILLOR

BADLY DEFEATED

WOODSTOCK, N. B., Jan. 17.—The town election was held here today and although a small vote was polled, a keen interest was manifested. The first four councillors elected served at last year's board and Councillor Pawcett, who also sat at the board of 1909, was badly defeated. The following is the result: McManus, 372; Ketchum, 370; Hagerman, 339; Fisher, 335; Allingham, 289; Watson, 263; Pawcett, 182; Boyer, 158.

COPENHAGEN, Jan. 17.—Walter Lonsdale is the most recent of the former associates and employees of Dr. Frederick A. Cook to admit a distrust of the man whose claim to the discovery of the North Pole was rejected by the University of Copenhagen.

Lonsdale states that he received a letter from Cook under date of December 24, and mailed from a city in southern Spain. According to this letter Cook was on the sea from December 14 to December 24, and accordingly was not acquainted with the decision of the

BILL TO CURE THE COMBINES

MacKenzie King Introduces Important Measure

Will Let in the Light of Publicity on Corporations

Provides for a Board of Investigation Similar to Lemieux Act

OTTAWA, Ont., Jan. 19.—MacKenzie King introduced in the Commons this afternoon an important government bill which marks a step forward in the direction of securing adequate investigation and control of combines which unduly enhance prices to the consumer or restrict trade. The bill is modelled somewhat along the lines of the industrial act, but is one of the evils attendant upon combines by letting in the light of publicity, thus insuring the remedying influence of public opinion which has worked so successfully in the application of the Lemieux act which may also be credited to Mr. King. In explaining the provisions of the bill Mr. King noted that while it was not intended to unduly restrict or trade in any way, it was a practical and effective means of protecting the public against monopolies. It provided that when six or more persons who believed a combine to be unduly enhanced or manufacture or production of any commodity, unduly limited or trade in any way, should be restrained then the judge shall issue an order to the minister of labor directing an investigation.

The minister must then appoint a board of investigation following the procedure adopted in the Industrial Disputes Act. This board shall consist of three members, one being the representative of the parties concerned in the investigation, another being the representative of the combine or trade interests affected, and the chairman, to be selected by these two or failing an agreement to be appointed by the minister and a judge of the high court. The board clothed with all the powers of a court at law shall then summon witnesses and make a thorough investigation, and after ten days from the publication of the report a fine of \$1,000 per day shall be imposed unless the abuse is remedied.

Easy Churning

No more tired arms and aching back when churning, when you get your "Favorite" Churn. You can churn by hand, by foot or both. Easiest running churn you ever saw. Easy to clean. Churns best quality of butter. Strong, rigid frame—roller bearings—tight cover. 8 sizes, to churn from 1/2 to 30 gallons of cream. "Champion" High Speed is the new Monarchic Washing Wheel. If your dealer does not handle them, write us. DAVID MAXWELL & SONS, ST. MARYS, N.S.

SUGGESTIONS AS TO HOW TO RAISE MONEY

Laymen's Missionary Movement

ANGLICANS MEET

Need of Funds is Aply Set Forth by Several Speakers

There was a large attendance at the monthly meeting of the Laymen's Missionary Movement of the Church of England held last evening in St. George's Church, Carleton Place. Some good suggestions were made and valuable information imparted. W. S. Fisher presided at the meeting. In opening, Mr. Fisher stated that the object of the meeting was to speak of the needs of the diocese.

Rev. Canon Cowie of Fredericton was then called upon and addressed the meeting on the needs of the diocese. There are many parishes in the diocese, he said, which are not self-supporting, and to overcome this obstacle much assistance was needed. As the conclusion of Canon Cowie's address a general discussion on the subject ensued.

LONDON, Jan. 18.—The elections today resulted in the return of the following: Unionists 21, Liberals 19, Laborites 3, Nationalists 1. The standing of the parties at the conclusion of today's polling was as follows: Unionists 120, Liberals 98, Laborites 20, Nationalists 28. Total gains: Unionists 51, Liberals 9, Laborites 1.

WORKMEN DECLARE ROYCGOTT ON MEAT

7,000 Start Move as Protest Against High Cost of Living

CLEVELAND, Jan. 18.—Four hundred and sixty superintendents and foremen of twenty-one of the largest manufacturing concerns of this city have pledged themselves to aid in a general boycott on meat for thirty days. In addition to agreeing to do without meat themselves, the superintendents and foremen have promised to induce as many as possible of the 7,000 employees under them to disperse with the food for the same period. If the employees enter into the pact, approximately 30,000 Clevelanders will abstain from meat during the next month.

The anti-meat action was taken at a meeting of the Superintendents and Foremen's Club, in which practically every manufacturing plant of the city is represented. The idea of living the vegetarian life for a period originated in the minds of a few members of the club at dinner yesterday. Meats being the most expensive portion served at dinner, the club members decided not to eat meat that meal and see how they felt when the day's work was over. Each of the abstainers was no more fatigued than usual when night came and it was then decided to form a thirty-day vegetarian club among workmen.

Mrs. Dearborn Elected President—Reports from All Departments of a Most Encouraging Nature

The St. John branch of the Women's Christian Temperance Union held its annual meeting yesterday afternoon in the W.C.T.U. building, German street. The annual reports were received, and officers for the year were elected. The reports from all the departments were of a most encouraging nature. The officers elected are as follows: President—Mrs. Dearborn. First Vice-President—Mrs. R. M. Smith. Second Vice-President—Mrs. W. G. Smith. Secretary—Mrs. I. Hoar. Superintendent of Relief Work—Mrs. James Porter. Superintendent of Coffee Room—Mrs. Dearborn. Superintendent of Sunday School Work—Mrs. T. H. Bullock. Superintendent of Sailors' Work—Mrs. Joseph Seymour. Mrs. Seymour reported on work in the Evangelistic Department. She mentioned the number of visits to the Boys' Industrial Home, to the Seaman's Institute, to the Home for the Aged, and other institutions. Mrs. Dearborn reported concerning

Hope of Unionists Revives Slightly

Hope Now to Place Government in Power of Nationalists

LONDON, Jan. 18.—The Unionist morning papers in their editorials indicate that the party has recovered from the slight disappointment which followed Monday's polling, and now has full confidence in its ability to reduce the government's majority as to place the ministers in the power of the Nationalists and Laborites. The Unionists rely upon the contests in the counties, which will begin today, to give them further considerable gains. Today's list includes several county seats which were gained by the Liberals in 1906 by the narrowest of majorities and these are fully expected to fall into the Unionist net. The Daily Telegraph says: "The Unionists may rest absolutely certain that the fight is justifying itself every day. The situation is so working out that if they keep cool heads and confident hearts, the future will be their own."

DESTROYED BY FIRE

Fire broke out at 8 o'clock yesterday morning in the upper portion of the Anglican church rectory at St. George, probably from a defective flue, and it gained such headway in a short time that it was impossible to save it, although the St. George people made every possible effort to do so. Rev. Mr. Lynd saved his furniture. The barn was not destroyed. The house was insured in the Union for only \$1,400, and the loss to the parishioners who have just completed a new church will be considerable.

CLIPPER OF THE CLOUDS

Mons Paulhan's Biplane Travels Forty-seven Miles

Regarded as Most Remarkable Cross Country Flight on Record

Flies to Baldwin's Camp a Distance of 25 Miles in 30 Minutes

AVIATION FIELD, LOS ANGELES, CAL., Jan. 18.—Louis Paulhan, in his Farman biplane to-day, made what aviation experts regard as the most remarkable cross-country flight in history. On the wings of a wind that other aviators hesitated to face, the Frenchman dived from aviation field to "Lucky" Baldwin's ranch, 23 miles away, circled the old Santa Anita race track and bucked his way to his tent.

In all he covered an estimated distance of 47.1 miles in one hour, two minutes, 42.4 seconds. He flew to Baldwin's with the wind thirty miles an hour and came back against it in 33 minutes. When he finished, he said that the motor was as cool as when he started, and that he could repeat the trip at once. The only test approaching Paulhan's feat, was that made by one of the Wrights last fall in a flight with an army officer from Washington to Alexandria and back. Bierli, Latnam, Farman, and Cody have made flights nearly as long, but they did not return. Cody flew forty miles at Aldershot in 53 minutes last fall. Farman took a twenty mile run to spend a day shooting with a friend, but he landed at one end of the trip. It is probable that the prize of \$10,000 will go to Paulhan, but there will be much official pondering and castrating before a new world's record is recorded in his favour.

Paulhan maintained an altitude of from 2,000 to 2,500 feet on his way over the valley. His highest point was 2,350 feet. Under him, speeding over country roads, were automobiles, squatters, and motor cars trying to be near the machine, should Paulhan fall or have to descend. Mrs. Paulhan was in one of the pursuing automobiles, praying and crying.

When Paulhan reached the grandstand on his return he was mobbed. The crowd broke through the barriers. The aviator was borne over the field. His countrymen kissed him and wept for joy.

This event was the only one of importance in the day's meet. Curious did not go into the air until after Paulhan had been away for half an hour. Then he gave a pretty exhibition of fancy stunting and retired.

The wind came up suddenly and for a time it looked as though the programme would be spoiled. At 3 o'clock nothing had happened except a few skids over the field, the crowd began to howl. Paulhan rose to the occasion. Without any announcement, his machine appeared at the far west course beating against the wind, then it came around with the wind at 60 miles an hour.

Paulhan came down as though he had decided against further flying, but before the crowd had time to forget their first wonder, he rose over their heads again and pointed the flat nose of the big white biplane toward the mountains. It was 3:58 o'clock.

"He's off for the cross-country record of the world," announced the megaphones.

For ten minutes the machine flew onward and upward straight through the snowline of the Sierra Madre range. Old Baldy Peak was the compass point. It lay in shining white relief against the sky. Through the glasses Paulhan could be seen rising above the haze and taking a trail, so it seemed, to the summit. Soon he disappeared from sight of the field.

Bulleys were leaning on a blackboard as the machine passed over small towns on the way to the Baldwin race track.

At 4 o'clock there was a great shout. Some one had seen the aeroplane. Soon it came in sight, blown from its outward course and on a line with Mount Wilson. The machine loomed more and more distinctly and even the experts watching and timing were surprised at the speed with which it returned.

THREE VESSELS IN A COLLISION

Two Steamers and a Schooner

FORMER ON FLATS

Likely to be Floated Today—Little Damage Done

BOSTON, Jan. 18.—Two steamers and a three-masted schooner were damaged by a collision between the steamers in the harbor opposite Castle Island just after dark tonight, the steamers finally landing on the flats beside the channel.

The two steamers were the Melrose, inward bound from Newport News, laden with coal, and the Vera of Christiania, Norway, outward bound for Norfolk. The two collided, the Vera driving a deep dent into a plate under the port quarter of the Melrose and driving her on the East Boston flats. The Vera then drifted under the bow of the schooner Malcolm Baxter, Jr., inward bound from Manassquan, N. J., carrying her best gear and breaking off the foremast of the Vera. The Vera then grounded on the South Boston flats.

No one was injured and two steamers will be floated in the morning, it is expected.

MAN RESPONSIBLE

FOR MANY HOLDUPS

Providence Police Believe

Luden is Slayer of

Gilbert Mann

PROVIDENCE, R. I., Jan. 18.—A few hours after William Luden, of this city, had been arrested for the alleged holding up and robbing of Sanford Burton, a young Providence club man, he was locked up on a charge of murder. The police believe that Luden has been responsible for the numerous hold-ups which have occurred in this city and vicinity recently, the most serious of which came on the night of January 8, when Gilbert Mann was shot and killed by a man who stopped his carriage in the town of Johnston. When Luden was lined up at the police station with five other men today, he was immediately picked out as the man who had shot Mann, by George Williams who was in the carriage with Mann at the time. Luden was taken to Johnston tonight and will be given a hearing there tomorrow.

Burton, who was held up and robbed of his watch and money yesterday in this city, caught sight of Luden on a trolley car today and being convinced that he was the man who had robbed him, followed Luden down town. There he noticed two petrolmen whom he met and the arrest followed.

BETTING GETS MANY BOOSTS

No Thoroughbreds if No Racing

EXPERTS TESTIFY

Declare That if Gambling is Prohibited There Will be No Racing

OTTAWA, Ont., Jan. 18.—At the evening session of the anti-gambling committee, Dr. Quin, V.S., of Brampton, a dealer and importer of thoroughbred sires, corroborated Dr. Rutherford's statement that the breed of horses could only be improved by racing and training the thoroughbred, and that racing was a necessary means of improving the thoroughbreds. He did not believe people would attend race meets if betting were declared illegal, and unless there was a good attendance there could be no purses offered. Major Hendri, of Hamilton, corroborated this view of the case, and declared that it would take but a year or two before the thoroughbred interests throughout the country would be eliminated if race track wagering were prohibited. The abolition of purses for racing would mean that the people who go in for breeding would not continue in the business.

Col. Lassard of the militia department, a well known horseman, agreed that if betting were eliminated there would be a very serious falling off in attendance and the result would be that the government would probably have to give premiums for race meets or else the breeding of thoroughbreds would be very seriously interfered with.

Mr. A. E. Dymond, ex-M.P., declared the breeders could not afford to pay the big prices now prevailing if they were not assured of good purses at race meets. And without betting at these meets there would be a diminished attendance and consequently small purses.

The committee will hear further witnesses to-morrow.

Children Cry FOR FLETCHER'S CASTORIA

EATON'S JANUARY SALE VALUES

Men's Coat Sweaters

E1-7020. Men's Buttoned Coat Sweaters, with two pockets, blue plaid, plain black only, with assorted colored trimmings, down front. We have only 100 dozen of these in stock. Eaton size only. Sale Price, each 76c

THE EVENT OF THE YEAR

NOW READY

EATON'S JAN. & FEB. SALE CATALOGUE

A MULTITUDE OF GENUINE VALUES

OUR JANUARY AND FEBRUARY SALE CATALOGUE contains only those articles which are of everyday use in practically every household. In other words it lists only necessities and the prices quoted in every instance are surprisingly low, while the quality is fully up to the EATON standard. Enormous purchases and enormous sales, both conducted on a spot cash basis, have made our prices possible. If you have never dealt with EATON'S, send a trial order to-day which we will endeavor to fill in such a manner, that we will be able to add your name to our ever-increasing list of regular customers.

OUR PROMPT SERVICE

OUR MAIL ORDER DEPARTMENT is so systematized and conducted, that most goods are shipped on the same day that we receive the order. Whether your order be large or small makes not one particle of difference in that respect. We realize that everyone wants his or her goods shipped immediately, consequently we have eliminated every cause of unnecessary delay. Try us. Afford us an opportunity of filling your small rush orders.

OUR LIBERAL GUARANTEE

You have absolutely no cause for worry, trouble, or doubt, when dealing with EATON'S. In every instance you are the sole, only, and final judge as to the merits of our merchandise. If for any reason you are dissatisfied with your purchase, return the goods within 10 days and we will refund your money in full and pay all transportation charges.

Women's Petticoats

T-85489. Women's Petticoat made of Black Sateen. The flanges is trimmed with crimson and three rows of black stitching, finished with full around the bottom. If by mail, postage extra 15c. Sale Price 55c

We make these Petticoats in our own factories in order to save our customers all unnecessary expense between the maker and wearer and to keep up the EATON standard of quality and workmanship.

They are made in lengths 36, 40 and 42 inches.

Goods Right or Your Money Back with Transportation Charges

T-85489. Women's Petticoat of Lustrous Black Sateen. It is made with deep flange tucked in clusters of small bows, also has two-piece full around bottom, trimmed with stitching and three rows of stripes. If by mail, postage extra 15c. Sale Price 75c

THE T. EATON CO. LIMITED TORONTO CANADA

Liberal Size Bodies Particularly Well Made

SHUT OUT ANY HEIR WHO DISPUTES THE WILL

Mrs. Ingraham of St. Martins Divides Her Estate Among Relatives—Legal Action Hinted.

Probate Court—Estate of Jane Ingraham, late of St. Martins, widow. Last will proved by Counselor Cochran, a witness, whereby deceased directs that all her real and personal property be sold and the proceeds from such sale to be divided as follows: One-quarter to Effe Morrow, a sister, wife of William J. Morrow, of St. Martins, tax collector; one-quarter to Joseph Kennedy, of Rothsay, hotel keeper, a nephew, one-eighth to Mary E. Hunter, a niece, wife of William J. Hunter, of Sussex, contractor; one-eighth to Levenia (Laura) Gertrude, a niece, wife of Roderrick McLean, of Moncton, merchant; one-eighth to a niece, equally between Annie (Elizabeth), Agnes and Mary (Jane) Renshaw, of

DEATH CLAIMS ONE OF THE OLDEST RESIDENTS

The sad news of the death of Mrs. Hannah Fox of Fox's Reach, of Lower Gagetown, was received by relatives in Indianston this morning. The deceased, who was the widow of the late Wm. Fox, was in her 89th year and for some time has made her home with her son-in-law, Mr. Wilford Vanwart of Hampstead.

It is stated that legal action of some sort may arise from the distribution of this estate. It is understood that considerable property was disposed of a short time previous to the testator's death, the transfer paper being registered almost immediately after death, and that in this the Government may be interested in the way of succession duties. It is hinted, too, that some of the heirs are hardly satisfied.

NEW COAL COMPANY

OTTAWA, Jan. 18.—A bill to incorporate the Nelson River Railway Co. was before the railway committee this morning. The incorporators included Thos. Malcolm of Campbellton, Charles Rlerson of Ontario, R. C. Smith of Montreal, Walter H. Trueman of Winnipeg, Joseph Westgate of Montreal, and William Huby of Montreal. The company is capitalized at half a million dollars, and proposes to construct railroads from a point on Lake Winnipeg near the outlet into the Nelson river or near the outlet of the Sashatchewan river into Lake Winnipeg, or from between the said points to a junction with any railway that may be built to Hudson Bay. The bill passed the committee with certain amendments.

He stepped upon a patch of sleet, and made some comment aloud, while he tried with both his feet, to kick a passing cloud.

PRINCE OF BRAGANZA TELLS OF SWINDLE

Induced to Sign Bills for Large Sums by the Bogus Vanderbilt

VIENNA, Jan. 18.—I was received this morning at Eschenbach Castle by Prince Franz Josef of Braganza, whose name appeared on the back of the bills which the negro calling himself Fred Vanderbilt attempted to negotiate in London. The Prince made the following statement for The New York Times: "I first met the alleged Vanderbilt last April in Paris among fashionable people. He represented himself as a relative of the Vanderbilt family. Next month he came to Vienna and gave a sumptuous dinner for me and Count Henry Apponyi, which I reciprocated by giving him a luncheon. Owing to the favorable impression made by the

so-called Fred Vanderbilt, I presented him to my relatives and shortly after I went abroad. "After my return in October I received letters containing business propositions and went on Vanderbilt's request to Berlin, where he introduced two mining engineers, King and Dunn, whose favorable opinions prompted me to accept a proposal to participate in the companies to be formed for the exploitation of British copper and emerald mines. Accordingly I signed bills for several hundred thousand pounds, which were not to be disposed of, but only to serve as security. In exchange I was to receive shares in the new companies.

"After returning to Vienna, I had several sample emeralds given to me by Vanderbilt, examined by Vienna jewelers, who declared them cheap counterfeits. I had grown suspicious, and, getting back the bills on repeated demand, I decided to prosecute criminally through the Austrian Embassy in London."

"The Prince took occasion to add that the story of his wooing Miss Drexel printed in American papers was pure fabrication and that the question had never been discussed.

Keep your advertisements as fresh as your goods.—Oscar E. Kinner, Chicago.

ISLANDERS IN D. A. R. MAY PASS INTO NEW HANDS

HERO POSTER SECOND TIME

Carnegie Commission Honors Two MANY OTHERS

Newspaper Man Without Debts and Mortgages

BRITTSBURG, Pa., Jan. 19.—A newspaper man with a comfortable income, no debts and a bank account, was unearthed by the Carnegie hero fund commission while investigating an act of heroism reported to it. The story became public today when the commission announced that seventeen more heroes had been added to its list. Geo. F. Burns of Dayton, Ohio, is the lucky newspaper man who, under rare difficulties, rescued Catherine Murty, 12 years old, from drowning at Sperryville, Ohio, on August 21, 1897. Mr. Burns is editor of the Dayton Daily News, and as he had no mortgages the commission could, pay off, and his children were adequately educated, the only way in which the commission could recognize his act, was to award him a bronze medal.

Five silver and twelve bronze medals were awarded and about \$10,000 in money. The acts of heroism include rescues from drowning, electrocution, train, fire and suffocation. In the floods in the Hocking Valley in March, 1894, again figures in the awards, Jesse B. Paterson, of Athens, Ohio, rescuing a silver medal for rescuing three persons from drowning at that time.

The case of John A. Gray, of East Baltic, P. B. I., and Duncan J. Campbell, of Campbell's Cove, P. B. I., read like a sea tale, of which Russell, the hero, received a bronze medal and small cash awards for rescuing three foreigners from a ship, the back of which was broken on a reef in the Gulf of St. Lawrence, at Priest's Pond, in November, 1906.

The conditions under which they effected the rescue, which resemble the work of the United States life-saving corps, the complete list of heroes is: Francis T. Smith, Boston; Thomas J. Caniff, Waterbury, Conn.; George F. Burns, Dayton, Ohio; Oscar H. Thomas, Milford, Ohio; Jas. W. May, Weymouth, Mass.; Frank B. Welk, Walker, Iowa; Anthony J. Longhammer, Covington, Ky.; Chas. W. Weld, Waterbury, Ohio; John A. Gray, East Baltic, P. B. I.; Campbell, P. B. I.; Russell, P. B. I.; North Attitash, Mass.; E. Paterson, Athens, Ohio; Matthew Walsh, South Boston; Thos. F. Bragan, Boston; Humphrey J. Moynihan, Boston.

THE DARK DAYS OF STOMACH TROUBLE

Obstinate Indigestion Can Be Cured by a Fair Use of Dr. Williams' Pink Pills

No trouble causes more widespread suffering and discomfort than indigestion. The ailment takes various forms. Some victims are ravenous for food; others turn sick and faint at the sight of meals; but as a rule every meal is followed by intense pain in the chest, heartburn, sick headaches, dizziness and shortness of breath. Indigestion assumes an obstinate form because ordinary medicines only subdue its symptoms but do not cure. Spicy and fatty foods only make the digestion more sluggish, and ultimately make the trouble take a chronic form.

Dr. Williams' Pink Pills cure indigestion because they get right to the root of the trouble. They make new, rich blood that invigorates weakened organs, thus strengthening the digestive system so that the stomach does its own work. That is the Dr. Williams' way—the rational way—to cure indigestion and the ailments that arise from it. This has been proved by the success of the published cures wrought by Dr. Williams' Pink Pills.

Miss Blanche Wallace, Dartmouth, N. H., says: "I suffered greatly with my indigestion, sick stomach, and other distressing spells. I could not retain anything on my stomach and while I naturally craved food I really dreaded meal time with the pain and distress that followed. I tried a number of remedies but got no relief. My mother was using Dr. Williams' Pink Pills at the time with so much benefit that she induced me to try them. The result was that soon the trouble had passed away, and I have since enjoyed the best of health."

Dr. Williams' Pink Pills are sold by all medicine dealers or will be sent by mail at 50 cents a box or six boxes for \$2.50 by writing The Dr. Williams' Medicine Co., Brockville, Ont.

NEW MANAGER IS APPOINTED

MONTREAL, Que., Jan. 19.—Announcement was made today at Canadian Pacific headquarters that George McL. Brown has been appointed European manager of the Canadian Pacific to succeed the late Archer Baker, Sir Thomas Shorthess, President of the Company, and Mr. Howorth, the fourth vice president, are both at present in London, and the announcement of Mr. Brown's appointment came in a cablegram from Mr. Howorth, which said: "I have all concerned that George McL. Brown is appointed Euro-

ANNOUNCEMENT OF HORSE SHOW CREATES INTEREST

List of Provisional Classes, Sections, Prizes and Rules Governing the Show—Secretary Fuller Open to Suggestions

NEGOTIATIONS ON ONLY HITCH IS SAID TO BE OVER COMPANY'S STEAMSHIP LINES

HALIFAX, N. S., Jan. 19.—At yesterday afternoon's meeting of the Board of Trade, President Johnson made reference to a rumor that the Dominion Atlantic Railway had been purchased by the Canadian Northern. It is known that negotiations have been going on for some weeks back, though it was reported at one stage that the price was causing a halt in the negotiations. It is understood that a Halifax legal man was sent to England several weeks ago to conduct negotiations with London owners of the Dominion Atlantic. This railway extends from Yarmouth to Halifax and would be a valuable addition to the MacKenzie and Mann system in Nova Scotia.

GOT VALUE FOR MONEY

Defence's Side of Wharf Squabble ENGINEER ON STAND

According to Evidence Price Paid Was Fair and Reasonable

OTTAWA, Ont., Jan. 19.—The statement for the defence in connection with the allegations of graft in the purchase by the Public Works Department for five thousand dollars of the Richibucto wharf, which was given to the public accounts committee today.

Engineer Stead, examined by Hon. Dr. Pugsley stated that he had been asked to make further inquiries, and in the purchase in order to be in position to refute criticisms that were being made as to over payment for the property. He had written to A. and R. Logie, a large commercial and shipping firm with considerable interest in Richibucto for a statement as to the market value of the wharf. The reply, written on Feb. 6, 1909, stated that they regarded five thousand dollars as a very moderate price for the wharf.

Mr. Stead produced a letter which Mr. O'Leary, the original owner of the wharf, had written in 1904 to D. J. Waterbury, inspector of Dominion buildings in New Brunswick placing a valuation of one thousand dollars on a small portion of the property which he afterwards sold for \$700 to D. J. Murray, from whom the government purchased the wharf for \$5,000. A pro rata valuation for the seven or eight acres included in the property purchased by the government would make the total value more than twice \$5,000. The letter from Messrs. Logie was addressed to Resident Engineer Stead, and is as follows:

Dear Sir—Yours of Jan. 19th to hand and contents noted. In reference to the price paid by the government for the wharf at Richibucto which we understand got this wharf at a bargain. We think a wharf of the size it is and in the location so suitable at the terminus of the railway to be used as a site for a railway station and yard room for railway trucks and a shipping point for vessels to land and take cargo at the railway and that it is a good bargain and that the government got a great deal of value for the price paid for this wharf. We think it was a very important thing for the Government to secure this wharf at the price paid as we know of no other wharf located so suitably for the uses of the railroad.

We would say if we had owned the wharf, we certainly would not have sold it for \$500 as we would consider it good value at a higher price than the government paid for it.

Yours respectfully, (Signed) A. and R. Logie.

To-morrow the committee will hear evidence. Messrs. O'Leary, James, W. D. Carter, J. D. Irvine, and D. H. Waterbury.

M. H. McMILLAN.

NEWCASTLE, N. B., Jan. 19.—M. H. McMILLAN, who used to keep a shoe store here and then moved to Moncton, returning back to Newcastle about a year ago, re-establishing his old business here, died suddenly of heart failure last night.

SUSSEX, Jan. 19.—Sussex horse-lovers, we have a few of them, will be much interested in the announcement that the Maritime Stock Breeders' Association has decided to hold a horse show in the Winter Fair Building, Amherst, N.S., on April 6th and 7th. Your correspondent has had the privilege of perusing the list of provisional classes, sections, prizes, and rules governing the show, which has recently been prepared by Secretary-Manager P. L. Fuller, and the Committee appointed at a meeting of the Association's executive, and for the benefit of your readers would like to summarize them as follows:

- There are to be fifteen classes, viz.:—1. Thoroughbred; 2. Standard Bred; 3. Hackneys; 4. French or German Coach; 5. Clydesdales; 6. Percherons; 7. Shires; 8. Roadster Horses, in harness; 9. Saddle Horses, in harness; 10. Carriage Horses; 11. Carriage Horses; 12. Heavy Draft; 13. General Purpose; 14. Agriculture; and 15. Ponies.

Prizes are offered in each of classes 1 to 7 inclusive as follows:—
Sec. 1—Stallion foaled previous to January 1, 1907. 1st, \$20; 2nd, \$15; 3rd, \$10.
Sec. 2—Stallion foaled during the year 1907. 1st, \$15; 2nd, \$12; 3rd, \$8.
Sec. 3—Stallion foaled on or after January 1, 1908. 1st, \$12; 2nd, \$8; 3rd, \$5.

Sec. 4—Mare foaled previous to January 1, 1908. 1st, \$15; 2nd, \$12; 3rd, \$8.
Sec. 5—Mare foaled on or after January 1, 1908. 1st, \$12; 2nd, \$8; 3rd, \$5.

Sec. 6—Stallion, any age. Diploma.
Sec. 7—Mare, any age. Diploma.
Classes 8 and 9, each have the following sections and prizes:
Sec. 1—Stallion in harness. 1st, \$15; 2nd, \$12; 3rd, \$8.
Sec. 2—Mare or gelding, in harness. 1st, \$15; 2nd, \$12; 3rd, \$8.

Sec. 3—Matched pair. 1st, \$30; 2nd, \$15; 3rd, \$10.
Class 10 will have the following sections:—
Sec. 1—Saddle horse, ridden by gentleman.
Sec. 2—Saddle horse, ridden by lady.
Sec. 3—Leaper, ridden by gentleman, and
Sec. 4—Leaper, ridden by lady.
With prizes of 1st, \$15; 2nd, \$12; and 3rd, \$8 in each case.

In class 11 conformation quality, and true all round action will be considered. In judging the horse will count 75 per cent, and the appointments 25 per cent. The sections and prizes are as follows:
Sec. 1—Mare or gelding, 15% hands and over. 1st, \$15; 2nd, \$12; 3rd, \$8.
Sec. 2—Mare or gelding, under 15% hands. 1st, \$15; 2nd, \$12; 3rd, \$8.

Sec. 3—Matched team. 1st, \$35; 2nd, \$15; 3rd, \$10.
Sec. 4—Team, in harness, mares or geldings, foaled previous to January 1, 1907. 1st, \$20; 2nd, \$15; 3rd, \$10.
Sec. 5—Team, in harness, mares or geldings, foaled on or after January 1, 1907. 1st, \$20; 2nd, \$15; 3rd, \$10.

Classes 12 and 13 will each have the following sections and prizes:
Sec. 1—Mare or gelding in harness. 1st, \$15; 2nd, \$12; 3rd, \$8.
Sec. 2—Team in harness. 1st, \$15; 2nd, \$12; 3rd, \$8.
Class 15 will have sections and prizes for:
Sec. 1—Pony in single harness, 12 hands and under. 1st, \$8; 2nd, \$5.
Sec. 2—Pair of ponies, in harness, 12 hands and under. 1st, \$10; 2nd, \$5.
Sec. 3—Pony in single harness over

12 hands and under 12 1-2 hands. 1st, \$8; 2nd, \$5.
Sec. 4—Pair of ponies in harness over 12 1-2 hands. 1st, \$10; 2nd, \$5.
The rules governing the entries are:—
Entry fee, \$1 per head.
2. Horses entered in classes 1, 2, 3 and 4 may compete in sections for which they are eligible in either class \$ 9 or 11 on payment of an additional entry fee of \$1.
3. In classes 5 and 9 horses alone will be considered, but they must be hitched to an appropriate vehicle.
4. Class 10 is open to any or all other classes on payment of an additional fee of twenty-five cents for each section so entered.
5. Horses entered in any section of class 11 may compete in any or all other sections on payment of an additional fee of twenty-five cents for each section so entered.
6. Horses entered in classes 4, 5 and 6 may compete in section for which they are eligible in class 12, on payment of an additional entry fee, of \$1.
7. Class 13, General Purpose Horses, must be a horse that can be comfortably ridden, driven, single or double, on buggy or carriage, suitable for all purposes required about a farm; the form of a large carriage horse, but not possessing extremely high action.
8. In class 14, horses must be high class, horses of the light draft type, weighing not less than 1250 pounds.

As this is the first attempt put forth by the Maritime Stock Breeders' Association to institute a horse show, the Secretary-Manager will be pleased to receive any suggestions that will help to make the show as interesting and instructive as possible to the general public.

ANOTHER WOMAN CURED

By Lydia E. Pinkham's Vegetable Compound

Gardiner, Maine.—"I have been a great sufferer from organic troubles and a severe female complaint. The doctor said I would have to go to the hospital for an operation, but I could not bear to think of it. I decided to try Lydia E. Pinkham's Vegetable Compound and Sanative Wash—and was entirely cured after three months' use of them."—Mrs. S. A. WILLIAMS, R. F. D. No. 14, Box 30, Gardiner, Me.

No woman should submit to a surgical operation, which may mean death, until she has tried Lydia E. Pinkham's Vegetable Compound, made exclusively from roots and herbs, a fair trial. This famous medicine for women has for thirty years proved to be the most valuable tonic and renewer of the female organism. Women residing in almost every city and town in the United States have willingly testified to the wonderful virtue of Lydia E. Pinkham's Vegetable Compound. It cures female ills, and creates rich, buoyant blood. If you are ill, for your own sake as well as for the sake of those you love, give it a trial. Mrs. Pinkham, at Lynn, Mass., invites all sick women to write her for a free, Her advice is free, and always helpful.

INTERESTING BUDGET FROM THE TOWN ACROSS THE DAY

Rev. A. J. Archibald Announces Novel and Interesting Series of Topics for Sunday Evenings

throne by opposing it. The Lords are seeking to lose the seat. But every where this holds true, violate known law and you suffer. 3. As a last thought the audience was reminded that Britain was not yet dead, Blatchford to the contrary. God raised her up to do a work which in spite of many flaws she is accomplishing, Germany could not and would not do that work that Britain is doing for all mankind. If England sends a "Man" God will give him to her as He has already given to her the hearts of the millions in the great Empire. When our Motherland calls we will come and help to keep her on the seat of her power, which will come and help her, for "The Kingdom is the Lords."

E. Hart Nichols, a former Digby barrister, arrived today from Ontario on a visit, accompanied by Mrs. Nichols. W. E. Tupper, local manager of the Union Bank of Halifax, is enjoying a vacation in New England.

With a total season's stock of fourteen thousand five hundred dollars to her credit, the fishing schooner Quickstep, Captain Arthur Longmire, came into port yesterday to lay up until spring. Of American registration, the Quickstep is owned principally by Captain Longmire, the other shares being held by Digby people. Every season she is manned by a Digby crew of eighteen men. Sailing under the American flag, Captain Longmire enjoyed the privilege of selling out each trip at American ports and obtaining good prices. He generally marketed his catches, always fresh fish, at South West Harbor and Vine Haven, both Maine ports. Several times he ran into Yarmouth and transferred good catches by steamer to the Boston market. After all the expenses of the crew which cost four hundred and fifty dollars, she has a net profit of about \$1,000 if not more, a pretty good season's work.

Captain Alfred Morrell has purchased for twelve hundred dollars the residential property at the southeast of the town, owned by the late Charles E. Warn.

Judge Felton holds a special criminal court session here tomorrow.

SENSATIONAL RESCUES AT AMHERST FIRE

Inmates of Building Taken Out Through the Upper Windows—Building Gutted.

AMHERST, N. S., Jan. 20.—A bad fire broke out at six o'clock this morning in the wooden building owned by C. C. Hewson on Victoria street and occupied by J. C. Reid & Son as a tailor establishment and up stairs by Fred Pipes, ex-chief police, and others as tenements. The building is situated between a stone block occupied by the Canadian Pacific Railway Co. and a wooden building occupied by the Cumberland Drug Co. The building was completely gutted, but no damage was done to either side. The fire is supposed to have originated from a defective gas pipe in the kitchen of Mr. Pipes' tenement. It had gained great headway when the firemen were called out, and after an hour's hard work in the dense smoke the fire was got under control. Some remarkable escapes were made through windows by the inmates above. The well known lawyer, J. F. Smith, who occupied rooms, was taken out of the window by the firemen along with the Pipes family. Fred Cameron, the well known runner, was also compelled to make his way to safety through a window. Another window, where he was taken care of by the firemen. Pipes' loss will be total, with the exception of a few cushions and pillows. J. C. Reid & Sons' loss will be considerable as the goods were damaged by smoke and water. It is understood all parties concerned are covered by insurance.

MRS. ANNIE O. MACLEAN.
Dr. Robert Nicholson's sister, Mrs. Annie O. MacLean, died at Hillcrest, Alberta, on Friday evening. She was 55 years old. Her husband died last April, leaving her in charge of his general store. Deceased was the daughter of the late Mr. and Mrs. John R. Nicholson of Newcastle, and was educated here and at Sackville. Mr. and Mrs. MacLean went West five or six years ago. Mr. MacLean was a contractor and a native of P. E. Island.

IN A SHADOW
Inveterate Tea Drinker Feared Paralysis.
Steady use of either tea or coffee often produces alarming symptoms as the poison (caffeine) contained in these beverages acts with more potency in some persons than in others. "It was never a coffee drinker," writes an ill woman, "but a tea drinker. I was very nervous, had frequent spells of sick headache and heart trouble, and was subject at times to severe attacks of bilious colic. "No end of sleepless nights—would have spells at night when my right hand would get numb and tingle like a thousand needles were pricking my flesh. At times I could hardly put my tongue out of my mouth and my right eye would get very affected. "The doctors told me I was liable to become paralyzed at any time, so I was in constant dread. I took medicine of various kinds and no end of patent medicine—all to no good. "The doctors told me to quit using tea, but I thought I could not live without it—that it was my only stay. I had had a tea drinker for twenty-five years; was under the doctor's care for fifteen. "About six months ago, I finally quit tea and commenced to drink Postum. I have never had one spell of sick headache since and only one light attack of bilious colic. Have quit having any sick headache and heart trouble, and my heart is getting stronger all the time. "Let the little book, 'The Road to Wellville,' in pkgs. 'There's a Reason.'"

Ever Read the Above Letter? A new one appears from time to time. They are Genuine Truth and full of Human Interest.

Dr. Robert Nicholson's sister, Mrs. Annie O. MacLean, died at Hillcrest, Alberta, on Friday evening. She was 55 years old. Her husband died last April, leaving her in charge of his general store. Deceased was the daughter of the late Mr. and Mrs. John R. Nicholson of Newcastle, and was educated here and at Sackville. Mr. and Mrs. MacLean went West five or six years ago. Mr. MacLean was a contractor and a native of P. E. Island.
