\$63,500 FOR THE SCHOOLS

Public School Expenditure This Year Jumps Up by \$7,500.

For the proper maintenance of schools in this city, the Public School board is asking the City Council for the sum of \$63,500...

The figures for school board expenditure at this particular stage of civic financial depression are not only interesting but impressive.

The government grant amounts to \$15,000, and fees from children, \$3,000. It will readily be seen that running the Public Schools in Brantford is a big business.

HEAVY DEMAND FOR PARKS

Session Last Night Proved a Live One—Historical Society Has Request.

Sporting demands were made on Parks Board meeting last night the Baseball Club being given the holiday dates with the exception of May 24.

The Secretary presented a large number of communications, one from W. F. Coakshott, M.P., in regard to the payment of care of the parade grounds.

The Brant Historical Society have had correspondence with Secretary, re piece of land on Gilkinson St 60 by 200 depth to river.

It is not assessed, merely a valuation is made annually by the Assessors because of arrears of taxes and other charges the land belongs to the city.

Queen Mother Alexandra Celebrates Anniversary of Her Arrival From Denmark

Fifty Years Ago To-Day Her Royal Highness Left as a Danish Princess to Become Wife of Prince Edward.

LONDON, March 7.—The fiftieth anniversary of the landing in Great Britain of Queen Mother Alexandra, the Danish princess, who became the wife of King Edward, then Prince of Wales, is being observed quietly to-day...

Another Cable. NEW YORK, March 7.—A cable from London says: To-day is the jubilee of Queen Alexandra's first landing in this country.

The surviving bridesmaids, who attended Queen Alexandra, are each presenting a gift to her Majesty. They are: The Marchioness of Lothian (daughter of the fifth Duke of Buccleuch), Lady Thurlow (daughter of the eighth Earl of Elgin), Emily, Lady Amphill (daughter of the fourth Earl of Clarendon), Lady Feodorova Bertie (daughter of the first Earl Cowley), Lady Agneta Montagu (daughter of the fourth Earl of Hardwick), and Lady Henegge (daughter of the second Earl of Listowel).

PILLOWS NOW IN COMMONS

Member Also Brings in His Night Cap and Goes to Sleep.

OTTAWA March 7.—D. A. LaFortune of Montreal furnished the debate on the navy to-day by carrying off the long distance honors for oratory. He arose at 8 a.m., and was silenced only by the pangs of hunger, concluding his effort at 12.30.

Mr. Marcell was followed by Power of Quebec West, Cruiser of Dauphin, Papineau of Beaufort and Chisholm of Antigonish. One of the humorous incidents of the debate occurred in the early morning when H. B. Adams of St. Antoine brought in a bright blue pillow, pulled on a night cap and serenely went to sleep.

Suffragette Is Sentenced

LONDON, March 7.—Joyce Locke, a militant suffragette, whose real name is Olive Wharry, was sentenced to-day at the Old Bailey Sessions to 18 months' imprisonment on the charge of setting fire to a refreshment pavilion in Kew Botanical Gardens on February 20.

She was, besides being sentenced to prison, ordered to pay all the costs of the prosecution and to find two sureties in \$500 each that she would be of good behavior for two years from the completion of her sentence.

Miss Wharry declared that she would not pay the costs of the prosecution and would immediately start a "hunger strike."

RESIGNATION OF MR. HEWITT

Is Greatly Regretted by Members of Brantford Golf Club.

A meeting of the directors of the Brantford Golf and Country Club was held last evening at the office of the secretary in the Temple Building, the President, Mr. H. W. Fittin, in the chair.

On motion, Mr. D. S. Large was appointed Treasurer of the Club and Mr. W. H. Webbing, secretary.

Under the club's charter, Mr. Webbing in accepting the secretaryship had to resign from the directorship. Mr. A. S. Towers was unanimously elected to take his place on the board.

The standing committees for the year were appointed as follows: Finance committee—D. S. Large, (chairman), C. A. Waterous, H. T. Watt.

House Committee—H. T. Watt (Chairman), W. T. Henderson, A. S. Towers.

Grounds committee—L. Waterous (chairman), D. S. Large and S. Schell.

Match committee—N. D. Neill (chairman), R. H. Reville, C. J. Watt.

The Chairman of the Grounds Committee reported on several improvements to be made the coming season, notably the raising of the bunkers behind No 5 and No 6 greens and the clearing up of the gullies and brush at No 7, No 8 and No 9.

The following resolution was unanimously carried: Moved by R. H. Reville, seconded by D. S. Large, that the members of the Brantford Golf and Country Club at the last annual meeting received with great regret the resignation of Mr. J. T. Hewitt, the active president of the club, for so many years, who was so largely responsible in securing the present ideal location for the links, and who gave so freely of his valuable time in the formation of the company and placing the club in the enviable position it occupies to-day...

MUST SHAVE ALL DEMANDS

Chairman Finance Committee Speaks Out for Retrenchment.

No progress was made at the meeting of the Estimates committee yesterday afternoon when civic financial problems came up only in a general way. From what could be learned, however, the job of striking the tax rate this year is going to prove some problem. It is true that there will be an increase in civic revenues of something over \$40,000 as a result of the increased assessment last year.

Another meeting of the committee will be held to-morrow afternoon to which representatives of all the different boards in the city have been asked to appear.

Interesting Cases Heard by Magistrate Livingston This Morning

How much booze can a foreigner keep in his house legally? Magistrate Livingston had to settle it today, and he did so \$100 strong against a local foreigner.

Joseph Rohack's case was a lengthy one. Mr. Woodruff appeared for defendant and Mr. Hollinrake for the license inspector. It was a question of whether the amount of beer which went into Rohack's house at 39 Pearl street was more than could reasonably be consumed by his own family. His Worship thought that the evidence showed more than this amount had gone to the house. Hence Rohack was guilty of selling liquor. He was fined \$100 and costs. "This is quite too frequent among the foreigners," said Inspector Eccart, "and I think this will be a lesson."

The case against the Sears brothers, a charge of stealing scrap iron, was once more adjourned till the 8th of the month.

Glen Millard was fined \$12.85 for securing after being billed.

A lengthy list of cases heard by his Worship at the police court this morning. Walley Nichols, charged with theft of five dollars from a boarding mate, was remanded till the 8th.

Two foreign employees started to perform, using Jack Johnson methods. One received a rap over the head with something harder than a fist, and he started to get an iron bar to mix things with. The employees, however, stopped things, and the defendants each paid their interpreter's fees.

John Saunders was charged with supplying an Indian. He was remanded till witnesses can be secured.

**THE HOLD-UP AT OTTAWA**

The spectacle at Ottawa would be amusing if not so sickening.

Car Laurier and his hungry pack are trying to make believe that they are holding out for some high principle, when everybody knows that all they really desire is a chance to get back to office.

Sir Wilfrid cannot yet rid his vain old head of the idea that it is absolutely essential for him to be First Minister, and that he got his knockout blow in September when he wasn't looking.

The truth is that he and his associates got that welt because, in the language of President Taft, the Reception lodge was a scheme to make Canada "only an adjunct of the United States."

The white-plumed knight and his ill-advisers are still sticking to that scheme.

If they couldn't win on it then, how can they hope to do so now, especially with their opposition to a direct navy grant on behalf of the Empire added?

Meanwhile, some means should be devised to prevent such wanton and senseless obstruction as that now in progress at Ottawa. Nobody wants to see discussion obliterated, but it should certainly be kept within reasonable bounds.

As to a general election, well, if it comes, Canadian history will have to record for the Laurierites the worst showing ever administered to any party in this broad Dominion.

**THEY'RE AFRAID OF ENQUIRY**

The attitude of the Liberal party in Parliament continues to be one of timidity toward investigation. Everybody remembers the manner in which the former government and its followers resisted all efforts at investigation made from time to time by the then Opposition. This time they took the form of a blockading of the Public Accounts Committee and of refusing papers and information and voting down resolutions on the floor of parliament. Since the change of Government transactions which took place during the last few days of the Liberal regime have been under enquiry. In the course of these enquiries the Miller case has been referred to.

The attitude of the Liberal opposition in regard to the Miller case suggests the attitude of the Liberals in regard to investigations generally.

Richard C. Miller, former president of the Diamond Drill and Heating Company of Montreal, refused to give the Public Accounts Committee details of his expenditure of \$41,026 made on his own admission in obtaining business for the company from the government, amounting to \$117,000 and for other matters amounting to about \$2,700. He was called to the bar of the House and again refused, his counsel objecting that to answer might incriminate his client. Again brought to the bar this reason was withdrawn and Miller's counsel—a different man this time—gave as the ground of refusal the one given by Miller before the committee, that an answer might prejudice existing litigation in Montreal. It was also stated that the

form of question put to Miller by the Speaker was incorrect inasmuch as the \$41,026 was represented as having been spent in getting government business alone.

Upon Miller's first refusal at the bar of the House he was committed to the custody of the Sergeant at Arms. Upon his persisting in his refusal a motion was made to commit him to Carleton County jail in the City of Ottawa. What happened? Liberal members flew to the defence of the man who had thus defied the Canadian Parliament and the first and most active champion was Hon. Wm. Pugsley, former minister of Public Works. F. B. Carvell was a good second. Even Sir Wilfrid Laurier raised technical objections and advocated delay. Mr. Pugsley talked about the "liberty of the subject." Mr. Carvell's feeling for the man at the bar prompted him to use the term "defendant" rather than "prisoner."

The fight put up by the Liberals prolonged into a five or six hour debate a proceeding which should have occupied a few minutes. All sorts of technical objections were raised. Even the motion that the prisoner retire pending the disposition of his case, was opposed by Mr. Pugsley. During all this time the authority of Parliament was being set at naught. Had the Liberals objections succeeded a precedent would have been created which would have so crippled the Public Accounts Committee as to have placed that committee at the mercy of any witness who in the future chose to withhold information on the plea advanced by Miller, if not on any other plea.

In the end the Opposition did not call for a vote and the motion to commit Miller was declared carried "on division."

The effect of the position taken by Mr. Pugsley and the others who fought the motion to commit may be gathered by the careful explanations which are finding their way into the less outspoken of the Liberal newspapers and in the straight disapproval bestowed upon the action of their party friends by some other Liberal newspapers:

The Toronto Globe (one of the careful ones) said that in the course of an editorial—"While it is probably true that Chairman Middlebro acted precipitately and even unconstitutionally in railroading to prison Mr. R. C. Miller for refusing to answer certain questions put to him, that does not absolve Parliament from the duty of enforcing respect for the highest court in the Dominion."

The Ottawa Free Press flatly refused to sympathize with Miller. It says: "There may be an illegality connected with the decision of the House of Commons to commit Miller to the common jail, but if so Miller has his redress through the courts and we think members of the Liberal Opposition in the House would have been better advised if they had contented themselves with indicating the possible illegality and leaving it to the government to take the responsibility therefor."

Another Liberal paper, the Montreal Witness, said, "Mr. Miller has withdrawn the statement made by his lawyer that for him to answer the question put to him by Mr. Speaker would incriminate him. But he still refuses to answer. For this there is no doubt that it was the duty of parliament to send him to prison."

Taking the position that the Liberals ought to facilitate all investigations instituted by Conservatives into alleged corrupt transactions, the Witness proceeded—"That the Liberals have seemed to oppose them in the Miller case is unfortunate. The Liberals should take every opportunity to urge them on if they want to secure that respect that their followers believe to be as much their

due as it is of the present Government."

**NOTES AND COMMENTS**

The two Brants.

We got 'em and we're going to keep 'em.

And the rest of the Empire must feel heartily ashamed of the Liberal hold-up artists at Ottawa.

No doubt Sir Wilfrid Laurier is having the time of his life. When that autocrat can't rule he seeks to ruin.

Get ready! This fight at Ottawa is not a sham-fight.—Toronto Globe.

No, but the real word rhymes with sham.

The German Emperor has announced that he is going to fly over Berlin. And that won't be his first air ascension by a long shot.

A girl in the States is seeking to recover \$25,000 because, without her consent, her photograph was given newspaper publicity. As to that, some of them ought to pay about \$25,000 to get in at all.

Johnny Canuck will hand the Liberals a wallop next time which will make members of that side send hurry ambulance calls for the removal of the crop of wounded feelings to the various hospitals.

If there is to be an election, the Grits in North and South Brant had better get busy right now to hunt a couple of lambs for the sacrifice. Now, you faithful swallowers of anything and everything, don't all bleat at once.

In Wichita, Kansas, some five hundred suffragettes had twenty-one candidates for municipal office lined up before them. Then said lords of creation were made to tell what claims they could advance for election, and they were also severely cross-examined.

Pretty soon no mere man will be able to part with a sneeze unless he first obtains the permission of some woman.

**SHE TOOK HER FRIEND'S ADVICE**

And Dodd's Kidney Pills Cured Her Son.

Straight and Simple Statement Tells of Another Grand Cure by the Old Canadian Kidney Remedy.

SPRINGHAVEN, Yarmouth Co., N.S., March 3.—(Special)—Simple and straight to the point is the statement of Mrs. Erven C. Treffy, of this place, but it tells of another grand cure by Dodd's Kidney Pills.

"My fifteen-year-old son Angus," Mrs. Treffy states, "suffered from pain in his back, headache, and a pain over his eyes.

"He was so bad he could not walk across the floor. My friends advised me to give him Dodd's Kidney Pills. They cured him."

That young Treffy's kidneys were wrong is evidenced by the cure. Dodd's Kidney Pills only cure diseased kidneys. They never fail to do that.

The reason they cure rheumatism, backache, gravel, dropsy, Bright's disease, diabetes, and kindred diseases, is that these all spring from disordered kidneys.

If you haven't any of these diseases you haven't tried Dodd's Kidney Pills. Ask your neighbors. They'll tell you Dodd's Kidney Pills always cure them.

**BETTER THAN SPANKING**

Spanking will not cure children of wetting the bed, because it is not a habit but a dangerous disease. The C. H. Rowan Drug Co., Dept. 201, Chicago, Ill., have discovered a strictly harmless remedy for this distressing disease and to make known its merits they will send a 50c package securely wrapped and prepaid absolutely free to any of The Courier readers. This remedy also cures frequent desire to urinate and inability to control urine during the night or day in old or young. The C. H. Rowan Drug Co. is an Old Reliable House. Write to them to-day for the free medicine.

Cure all the afflicted members of your family, then tell your neighbors and friends about this remedy.

**What the Other Fellow Thinks.**

**CITIZENS OF THE EMPIRE**

Toronto News.—Castling facts to the winds, the sorest of the Liberal newspapers reiterate the falsehood that the Borden naval policy robs Canada of a portion of her autonomy and degrades the country to the position of a province or dependency. Such mis-statements scarcely require answering. Are not the proposed super-dreadnoughts to be built on the express order of the Canadian Government with money voted by the Canadian Parliament?

Is it not stipulated that the ships are to remain the property of the Dominion. They will be at the disposal of the Admiralty in the impending crisis, but will be subject to recall at any time for use as the nucleus of a Canadian naval force. It is not also true that as a result of Mr. Borden's initiative Canada is at last to have a voice in the control of Imperial affairs to which its rapid rise in population, wealth and prestige now entitle it?

It is not therefore the fact that the Prime Minister, instead of narrowing is greatly extending, enriching and ennobling the status of Canadians as citizens of a world-wide Empire? Can anyone deny that once the Borden measure is in operation we shall be able to stand erect as real defenders of and sharers in the finest heritage ever vouchsafed to any race of men? In short, we will become world-citizens with authority in world affairs and an equal voice with the home born British people in fashioning the temper and shaping the policy of the Empire.

Last call. Men's tan button and gun metal lace shoes to-morrow at Ludlow Bros. \$2.69.

**MOST BEAUTIFUL EASTER PRESENT!**

The Mysterious, Luminous Crucifix or The Cross of Eternal Light.

The most marvelous mystic wonder of the twentieth century. Our Saviour nailed to the Cross, a beautiful and marvelous work of art, that has mystified the whole world with its startling luminous effect, which is everlasting. The figure of Christ as well as the Cross itself are of imitation marble material, showing WHITE in daylight and in a GLOBOUS, LUMINOUS, MYSTIC LIGHT at NIGHT IN THE DARK-EST! Remarkable! The greatest work of art ever known to science. It is indeed a glorious and most precious article of true devotion. Science has long been puzzled at this mysterious work of art.

There are two different sizes: The larger one (11 1/2 by 6 inches) has been reduced to only \$2.00 from the original price of \$10.00, and the smaller one (4 by 8) from \$5.00 to but \$1.00, in order to enable every Christian family to have one in their home. Toronto News.—Castling facts to the winds, the sorest of the Liberal newspapers reiterate the falsehood that the Borden naval policy robs Canada of a portion of her autonomy and degrades the country to the position of a province or dependency. Such mis-statements scarcely require answering. Are not the proposed super-dreadnoughts to be built on the express order of the Canadian Government with money voted by the Canadian Parliament?

Is it not stipulated that the ships are to remain the property of the Dominion. They will be at the disposal of the Admiralty in the impending crisis, but will be subject to recall at any time for use as the nucleus of a Canadian naval force. It is not also true that as a result of Mr. Borden's initiative Canada is at last to have a voice in the control of Imperial affairs to which its rapid rise in population, wealth and prestige now entitle it?

It is not therefore the fact that the Prime Minister, instead of narrowing is greatly extending, enriching and ennobling the status of Canadians as citizens of a world-wide Empire? Can anyone deny that once the Borden measure is in operation we shall be able to stand erect as real defenders of and sharers in the finest heritage ever vouchsafed to any race of men? **MOST BEAUTIFUL EASTER PRESENT!**

The Mysterious, Luminous Crucifix or The Cross of Eternal Light.

The most marvelous mystic wonder of the twentieth century. Our Saviour nailed to the Cross, a beautiful and marvelous work of art, that has mystified the whole world with its startling luminous effect, which is everlasting. The figure of Christ as well as the Cross itself are of imitation marble material, showing WHITE in daylight and in a GLOBOUS, LUMINOUS, MYSTIC LIGHT at NIGHT IN THE DARK-EST! Remarkable! The greatest work of art ever known to science. It is indeed a glorious and most precious article of true devotion. Science has long been puzzled at this mysterious work of art.

There are two different sizes: The larger one (11 1/2 by 6 inches) has been reduced to only \$2.00 from the original price of \$10.00, and the smaller one (4 by 8) from \$5.00 to but \$1.00, in order to enable every Christian family to have one in their home. Just arrived, new spring shoes, at Ludlow Bros.  
As for the argument that women suffrage would tend to break up homes, that the husband and wife might differ on politics, it must be remembered, in the first place, that all women are not married. Moreover, if you can prevent women from voting, you cannot prevent them from thinking. Husbands and wives, however, though divided to-day on many subjects other than politics, get along in harmony none the less, despite these differences. And as for argument that woman's domestic duties would suffer if she were allowed to vote, how much do men neglect their business because they are allowed to vote?

## PALMS IN HOT ROOMS

How to Take Care of Them When Attacked by Scale.

The chief danger to palms when grown in heated rooms is scale and mealy-bug. The first mentioned usually attacks the lower part of the leaf, and has a thin grayish-white appearance. It lies most frequently along the midrib.  
Mealy-bugs often collect in the joints and crevices of the palm, and must be picked out with an ordinary hairpin, or, better still, an orange stick.  
That an ounce of prevention is worth a pound of cure, is amply illustrated in ridding the palm of these pests, for they never attack a healthy plant. Keep your palms in good condition by washing the under part of the leaves with clean water, and if the pests get too firm to hold disperse them with diluted kerosene emulsion. This plant should not only be re-potted when absolutely necessary, but when it is put in a larger pot, care should be taken that the roots are not jarred or broken.  
If some of the drainage crockery has caught in the roots, it should not roughly be removed, rather let it remain and put in a new piece of china. Wet the roots thoroughly before putting them in another pot with fresh earth, pack in well and set in the shade for several days.  
When buying palms it is well to remember that some are harder than others, and for the beginner in palm growing the Kentias are perhaps the safest, as they will stand more dust and heat than most varieties.

Lady Van, or Mrs. Ethel Codv Stoddart, as known in private life, a prominent western writer, who edits the woman's page in the Vancouver Sun, is leaving for a trip around the world. Lady Van is particularly happy in descriptive writings, and will report her various travels from week to week. The trip will be completed from Liverpool in the C. P. R.'s new Pacific liner, Empress of Asia, which will come via the Suez canal to Vancouver.  
At the meeting of the directors of the golf club held last evening it was definitely decided to give an Easter Dance on Thursday, March 27th, at the Conservatory of Music. Musgrave of Toronto, will supply the music. Invitations will be issued next week. The ladies' committee of the club and a special committee composed of Messrs. H. T. Watt, S. D. Large and Stanley Schell will have charge of the arrangements. During the course of the next day or so it will be decided whether or not the dance will be a fancy dress one.  
If my unknown correspondent will take a day off and visit the leading dry goods shops in this or any other city now showing their spring novelties, "Nell Rose" will be found the leading shade, "Eleanor" being perhaps a little too long or too dignified; the nick-name (a familiar one to those bearing that name—myself included), being used instead by those introducing the novelty.  
"Alice Blue" is a very bright blue. "Alice Pink" an almost salmon shade.  
"Nell Rose" a delicious soft shade of old rose.

- Mr. James left for Brockville to-day.
- Mr. Laing left for Montreal this morning.
- Mr. John S. Dowling left on a business trip to Chicago last evening.
- Mrs. Thomson, of West Flamboro, is the guest of Mrs. Peter Wood, Wellington street.
- Mrs. Henry Leonard, Huron St. is confined to the house with an attack of acute rheumatism.
- Mrs. Morton Paterson returned to the city yesterday from a driving trip through Norfolk County.
- Mrs. A. G. Farquharson, of Fort William, Ont., is the guest of Mrs. D. F. Thomson, Palmerston Avenue.
- The Grace Marks Company are playing a return engagement at the Grand Opera House this week at popular prices, as per usual.
- Lord Francis Scott, who has been acting A.D.C. to His Royal Highness, the Governor General, left Ottawa last Saturday for England, where he rejoins his regiment.
- It will be good news to Mrs. Geo. Watt's many friends to know that her operation at the Brantford General Hospital on Wednesday last, proved quite successful, and a clear recovery is looked forward to.
- Trooper H. B. H. Meates, of the 25th Dragoons, and who resides at 9 Rawdon street, is at present attending the military training school in Toronto, taking a course for sergeant.
- Mrs. J. W. Robertson, 116 William St. received the sad news of the sudden death of her brother, J. G. Thompson, late of Windsor. The funeral will take place in this city. Funeral arrangements have not yet been completed.
- The regular monthly meeting of the Women's Hospital Auxiliary in connection with the Brantford General Hospital was held in the board room of the Public Library this morning, Mrs. Julius E. Waterous presiding.
- The annual meeting of the Guild of Trinity church was held yesterday afternoon, Rev. Henry Wright presiding in the absence of the president who through illness was unable to be present. Officers were elected for the ensuing year and a most satisfactory report of the work undertaken by the earnest band of workers reported.
- The president and executive of the Victoria School Art League are holding their annual meeting tomorrow afternoon, which this year takes the form of an "at home" and is open to all members and friends. Light refreshments will be served, and no doubt will prove a popular rendez-vous at four o'clock.
- Lady Van, or Mrs. Ethel Codv Stoddart, as known in private life, a prominent western writer, who edits the woman's page in the Vancouver Sun, is leaving for a trip around the world. Lady Van is particularly happy in descriptive writings, and will report her various travels from week to week. The trip will be completed from Liverpool in the C. P. - "Alice Blue" is a very bright blue. "Alice Pink" an almost salmon shade.
- "Nell Rose" a delicious soft shade of old rose.
- Owing to the outbreak of scarlet fever at Ridley College at present, many of their pupils are having an extra holiday—some of the Brant-

ford boys being at home until after Easter. Haverall College, Toronto, also has many cases.  
It is currently rumored that Mrs. Wilson—wife of the President, will rank as one of the best loved Mistresses of the White House—her example as a home maker, rather than that of the Society woman, adding new dignity to the "average woman" in American life—and she has always been a charming hostess.  
Over-heard in the crowd during the recent suffragette parade in Washington: "Give the women a chance. Don't torment 'em boys. If a woman's got courage enough to walk in a procession you should give her a show. Why, those suffragettes are actually pretty. I always thought they were old hens."

### LADY CAPTAIN'S REPORT, B. G. AND C. C.

The game of Golf as played by the ladies of the Brantford Golf Club last season was a never failing source of pleasure to many—although there were not very many matches played partly owing to the wet weather. There were a great number of friendly games, foursomes being by far the most popular.  
Three matches were played out of town and four at home. We won two, lost two and tied three.  
On the opening day, the 4th of May, prizes for foursomes were played for prizes donated by the Captains and were won by Mrs. Morton Paterson and Mr. Champion and Miss Powell and Mr. Dean.  
A putting competition was also run for prizes donated by Mr. Charlie Watt and Mrs. Ralph Reville.  
During the season the gentlemen were kind enough to donate three silver candlesticks and these were played for in June, July and Sept, and were won by Mrs. Morton Paterson, Miss Elsie Cockshutt and myself.  
Mrs. Yates donated a beautiful cup which was won by Mrs. Dave Gibson. Miss Elsie Cockshutt also donated a pretty Eastern cup which was won by Miss Marjorie Wilkes.  
Mrs. Turnbull gave two Crown Derby cups and saucers—one was played for in match competition and the other given for putting and won by Miss Mary Watt.  
A "competition" for "putting" the prize given by Mr. Webbing, was thoroughly enjoyed, as it was something to be done in the city. Excellent scores of 33 each, by Miss Jones and Miss Scarie and Miss Jones finally won in the play off.  
Another competition, eliciting much interest was for the prize donated by Mrs. Geo. Watt for the best of the holes, finally won by the Captain with a score of 43.  
The best score made during the season to count on cup given by Mrs. Charlie Watt, was made by myself. This cup has to be won twice to be possessed. Altogether the season very successful, although the weather was somewhat to the contrary.  
L. GIBSON, Captain.

New skirts to be worn under reception and evening gowns are made of accordion plaited chiffon, with the flounce headed by little rose buds of satin or silk ribbon.  
Openwork stockings, so very openwork that they resemble shadow lace, have come into their own again. However, net stockings worn over hosiery that matches the color of one's gown is the real fad for spring.

The year 1913 will prove a remarkable one in Holland. Among several important exhibitions, will be one which is laconically entitled "The Woman" by the promoters thereof. On the outskirts of Amsterdam, a tract of land over six acres in extent has been leased. An old farm-house on the premises will be converted into a representative Dutch house; inside, while a collection of new buildings with exhibits provides also lecture halls, etc. On the grounds not covered by buildings will be reproductions of Dutch gardens, past and present.  
The object of this exposition is to make a comparison between the Dutch woman's life, social position, etc., in 1813 and 1913. Therefore, one feature will be a reproduction of things as they were 100 years ago, showing a rich man's residence of that time, with the washing and cooking operations and other household industries. It will also be shown what the Dutch women did in art, sports, literature, as directors of public institutions, etc., 100 years ago. There will also be reproductions of the life and surroundings of women in poorer circumstances, showing house industries and what they did as servants teachers and tradeswomen. In contrast with all this, another building, contemplated to be the largest of the group, will exhibit Dutch women's life, work, surroundings, etc., in 1913. Here will be shown what the modern woman signifies in respect to education, charity, industrial instruction, nursing, eugenics, hygienic measures for mother and child, etc. A special hall will be provided for the propaganda of broader rights of women, including that of voting.  
An international meeting of women

will be held at The Hague in May, and it is expected that fully 100 representatives thereof will visit the Amsterdam exposition, which will open on May 1 and close October 1.

The granddaughters of Charles Dickens have received the first dividend from the fund recently subscribed for their benefit in England and America. The women got \$262.50 each.

**CITY NEWS**

PROBS: Moderate winds, fine, Saturday mostly fair and milder.

It was Cold. Temperature for the last 24 hours: Highest 13; lowest 5 below zero. Same date last year: Highest 26; lowest to above zero.

An Arrest. County Constable Kerr arrested Gilbert Doherty in Ancaster yesterday. Gilbert is charged with fraud.

S. S. Teachers to Meet. A meeting of the Sunday School teachers of the city will likely be held next week to arrange for the annual meeting of the Association, which will likely be held in April.

Leaves the City. Engineer Fairchild expects to leave Brantford about the 17th of this month. He will not leave for Vancouver, however till about the 1st of April.

In the Schools. Mr. E. C. Foster, Boys Secretary for the city of Detroit, who spoke at the Fathers and Sons banquet last evening, is speaking at some of the schools this morning.

A Tree Expert. Mr. John Davey, a tree expert of Montreal, advised the Park Commissioners that he will visit Brantford shortly in connection with local plans towards civic improvement.

Started Up in Brantford. Mr. Wm. Haight, formerly of Guelph, has purchased a confectionery business in Brantford. Mr. Haight was formerly a traveller for the Sleeman Brewing Co.—Guelph Mercury.

At Rest. The death occurred at the hospital yesterday of Mrs. Borumba. The funeral took place this morning from the residence 42 Wadsworth St., to St. Basil's Church, where Father Clohery held high requiem, thence to St. Joseph's cemetery. Dean Brady conducted the services at the grave. The infant child of Mrs. Borumba, pre-deceased her by a few hours. They were buried together this morning.

To Extend Park. Bowlers, tennis players and footballers have found Dufferin Park well situated that there is a movement on foot to secure an extra strip of land from the Ontario Government and utilize it as an addition to the sporting park. The government a few years ago through the efforts of Mr. W. S. Brewster, M.P.P., gave the use of the land in perpetuity to the city as a park and there is considerable space at present unused which might be added.

A Big Day. Camp No. 12, W.O.W. are arranging for a big day of Woodcraft on June 8th, 1913, when all the camps in Ontario will be invited to participate. It is their intention to have a general unveiling of monuments and decoration of graves with fraternal orations from prominent speakers, including Hon. Col. Sam. Hughes, Minister of Militia, who has promised to be here to help his fellow sovereigns and make this a red letter day for the order.

Home Circle "At Home." Brantford Circle No. 16 held a very successful "At Home" in their lodge rooms last evening, when a large audience were present to enjoy the excellent program presented. Bro. W. N. Hossie occupied the chair, and after calling the meeting to order, stated that the order had paid nearly \$5,000,000 in death, sick benefits and total disability claims. The Alexandra orchestra were present and gave many numbers, which added greatly to the pleasure of the evening. Miss Smith was especially pleasing with her readings, and was very much appreciated. Mr. Martin's numbers were well rendered and delighted his hearers. Four of the numbers are leaving for the west. Bro. and Sister Caslor, who were present, were each presented by Leader Bro. Cole, on behalf of the Circle, with a silver-mounted umbrella. Bro. and Sister Swift could not be present, but will likewise receive a similar gift. After the program all sat down to partake of a sumptuous repast provided by Caterer Crumback. Then progressive euchre was indulged in until a late hour.

Continued from Page One.

Education "is the open door to all parts of life." "Put money in a second place, because it is second only except when in consideration of policemen's salaries," said Mr. Preston, amid laughter. In closing, Mr. Preston said: "Boys, you are the future hope of our great country—a country with the greatest future of any in the world. May you prove yourselves worthy of your inheritance."

Mr. Elmer Peirce, another representative of the boys' club, spoke on "Our Group Leaders," speaking on the different phases of work going on in the groups, namely, physical, moral, intellectual and spiritual.

The toast to the "Ladies" was proposed by Grant McDonald, who was evidently right at home with the subject. Mrs. Yeigh, the president of the ladies' auxiliary, replied in a very few words, saying that at all times the auxiliary was only too pleased to prepare banquets or do anything in their power for the boys.

Mr. Eugene C. Foster, boys' secretary for the city of Detroit, was then called upon to speak on the subject of "Friends or Foes." He spoke at some length with the boy question as he meets and deals with it in his city. Mr. Foster has a large field to work in, as the Detroit Y.M.C.A. is one of the largest institutions in the world. He told of some of the experiences and cases, which he was called upon to deal with, taking up in particular the question of "Partnership of Father and Son." Mr. Foster said in this partnership he believed the son expected to put in time, companionship, trust, respect for the son's individuality. The son should put in the partnership respect, obedience at all times, honesty, straightforwardness, truthfulness. If these were the constituents of the partnership there need be no fear of dissolution, no fear of failure. Mr. Foster also said he did not believe that in many of the grievances of father and son that the latter was entirely in the wrong. In closing he would say, if they were to overcome these troubles, fathers should be-

## PROBLEMS FOR SCHOOL BOARD

### Trustees Staggered by an Account for Water at One of the Schools—Janitors Get Salary Raise.

Interesting matters in connection with Public School administration came up at the meeting of the trustees last evening. When the announcement was made that a test water meter had been put on at Victoria school, and for six months the bill would be \$750, or six or seven times more than the meter showed at the Collegiate Institute, the trustees formed the conclusion that either there were certainly a lot of water drinkers among the youth of the North Ward or something was wrong somewhere. At any rate it was decided to investigate the matter thoroughly.

Another interesting matter was brought up. The King Edward school which was only a few years ago rebuilt is at present so badly overcrowded that a room in a neighboring house had to be secured for class purposes.

The Manual Training School is affording another problem and it will be necessary to enlarge the school by a proposed addition of 20 x 30 feet. The members present at the meeting were: Chairman Geo. H. Ryerson, Messrs Harvey Clement, Dr. Ballachey, Dr. E. C. Ashton, A. Coulbeck, D. Lyle and Ira D. Scruton.

Communications were disposed of as follows, on the following motion: That the letter of John Buskard, secretary B. C. I. board, to the effect that the Collegiate Institute will require a grant of \$600 instead of \$500, in connection with the Domestic Science classes be filed.

That the letter of Wm. Park, principal King Edward School asking a grant of \$50, towards furnishing office and other rooms, at the school under his charge be referred to the Buildings and grounds committee.

Management Committee. The report of the School Management committee as submitted by Dr. Ashton and I. D. Scruton, was carried as follows:

1. That their action in granting leave of absence to Wm. Park, principal of the King Edward school, be confirmed; also the appointment of Garnet C. White to the teaching staff at a salary of \$75 per month; Mr. White to take Mr. Park's duties during his absence.

2. That Mr. J. S. Rowe, present principal of Ryerson school be notified that it is the intention of the board to transfer him to the Dufferin school when completed.

3. That the inspector be allowed to make arrangements for the school children to visit the Public Health exhibit, as per letter of Dr. McCullough, chief officer of health for the province.

4. That the secretary, the inspector and any member of the board, who can make it convenient, be authorized to attend the meeting of the Trustees Association to be held in

Toronto commencing March 25th, 1913.

Some Discussion. Dr. Ballachey doubted the wisdom of the removal of Mr. Rowe from Ryerson to the new Dufferin school. The principal had emphatically made good, and the feelings of the West Brantford residents would be hurt if he was transferred. He said it was not a question of salary, as none was mentioned. The Doctor caustically remarked that "the board had a principal's salary schedule—except when the board saw fit to jump it." He protested on behalf of West Brantford ratepayers.

Dr. Ashton in support of the report said that while the board had really no definite policy in regard to principals, it was nevertheless a wise policy to promote a man of Mr. Rowe's ability to a larger school. The committee was looking for a good man for Dufferin school and the Ryerson school principal was the best man available; but West Brantford would be well looked after that was assured. Mr. Rowe, too, had asked for the promotion.

Trustee Lyle asked if it would not be fair to give the other half of Ward One, the advantages of the services of Mr. Rowe.

Dr. Ballachey—But they are not clamoring for him.

The report was finally carried, Dr. Ballachey dissenting.

Buildings and Grounds. Interesting matters were settled in the report of the Building and grounds committee, submitted by Trustees Lyle and Coulbeck, as follows:

1. That the action of your committee in increasing the salaries of the following janitors by \$50 per annum from January 1st be confirmed: John Berry, Walter Lowes, Henry Bier.

2. That the action of your committee in appointing William Walker as assistant janitor at the Central school, at a salary of \$60 per month be confirmed; also the rearrangement of the salary of John Jackson, consequent upon his appointment.

3. That the room of Geo. Lambdon, 55 Superior street, be rented for overflow in connection with King Edward school, and that same be fitted with seats to be taken from the Alexandra and Central Schools, and that 25 single seats and three rear seats be ordered to replace those so removed.

4. That a grant of \$50 be made to the teachers of the King Edward school toward furnishing the office and other rooms as per request of Wm. Park, the principal.

More Discussion. The salary increase to the janitors was not destined to get by without discussion.

Dr. Ballachey raised the question of the increase to janitors. He said he had had "about four hundred" people interview him regarding the position of janitor for the new Dufferin school, and wanted to know if it was wise to give an increase when labor appeared so plentiful and the position apparently so much sought after.

Trustee Coulbeck defended the increase. It was a good policy when the board had satisfactory help to recognize it—especially when the salaries were not high.

Trustee I. D. Scruton said that the average salary of a janitor was \$650 a year or about \$12.50 a week—that, too, with the increase added. They were employed steadily 52 weeks in the year. This he considered was little enough for a thoroughly reliable and tested servant of the board to live on in these strenuous times of high living.

The report finally was passed unanimously.

Too Much Water. The Finance committee asked for an enquiry as to what appeared to be a very excessive use of water at the schools, as shown by the meters.

In connection with this clause of the report Chairman Scruton pointed out that the Water Commissioners had placed test meters in several of the schools, and the bill for one school for six months, if reckoned at the regular rate of 10 cents per thousand gallons would be \$17, where the flat rate was only \$30.

The commissioners wanted to find the "waste places." There was certainly some need for investigation at this particular school. The amount "consumed" was, according to Secretary Frank, six or seven times greater than the amount registered at the Collegiate Institute by their meter.

Re Feeble Minded. Inspector Kilmer and Dr. Ashton, who were present on the deputation which waited on the Legislature re action in regard to the education of the feeble minded gave a comprehensive report. Toronto Board had made a start by giving instruction to defective children in classes of seven

or eight. The instruction was really individual. It might be necessary for Brantford to do something along this line in the near future. The government were asked to establish and maintain schools to a certain degree in different sections, and had promised consideration. Both gentlemen are enthusiasts along this line of education.

School Attendance. The attendance at the schools was reported as follows:

	Enrollment	Average
Central	765	713
Alexandra	567	520
Victoria	562	521
King Edward	510	460
Ryerson	289	270
Morrell	78	71

The best average for the city was that of Ryerson school for the month where 93 per cent. of the pupils attend.

	Enrollment	Average
Central	51	40
Alexandra	18	75
Victoria	86	74
King Edward	55	45
Ryerson	27	21

## Child Had Bronchitis

Once people get acquainted with the wonderful control which Dr. Chase's Syrup of Linseed and Turpentine exerts over bronchitis, whooping cough, croup and colds, it is not easy to persuade them that anything else is "just as good." This is why the imitators never get very far.

In 1902 Mrs. Eugene Iler, King Street, Truro, N.S., wrote as follows: "From an infant one of my children was troubled with bronchitis, and the least cold would aggravate the trouble. We could not get anything to help him, and were often greatly alarmed. Hearing of Dr. Chase's Syrup of Linseed and Turpentine as a treatment for bronchitis we used it, and are glad to state that it effected a complete cure. If any of the children take a cold or cough I give this medicine, and have never known it to fail to bring relief."

Mrs. Iler now writes that she has since proven this medicine to be a cure for whooping cough, and would not be without it in the house.

## Borden Has Nothing to Fear From Elections

Ottawa Journal

OTTAWA, Mar. 7.—The Evening Journal of this city, the Conservative newspaper owned and edited by Mr. P. D. Ross, editorially urges the Government to go to the country on the naval issue.

"The Liberal leaders," The Journal says, "have apparently determined to attempt to force a general election at an early date. The obstruction in Parliament is the signal. A general election so forced must turn on one issue, namely, the gift of three dreadnoughts to the imperial navy."

"The Conservative party could ask no better issue. If an election comes now, turning upon this issue, as it must turn, under present circumstances, we mistake Canada if an uprising does not occur which will sweep the Liberal party out of sight."

### City Items

**At Caledonia.**  
Major Gordon J. Smith is in Caledonia, today attending to duties in connection with a case that is being tried there.

**Sold Prize-winner.**  
W. H. Meates of 9 Radwin street, breeder of red Irish setter dogs, has sold one of his prize-winners, namely, Moxum Kildarc 1, to a prominent business man at Grimsby. A big price was realized.

**Will Preach.**  
The many friends of Rev. R. B. Cochrane, M.A., of Woodstock, will be pleased to hear that he will occupy the pulpit of St. Andrew's Presbyterian church at both services on Sunday.

**Attended Meeting.**  
It took two Grand Valley cars to accommodate the number of Brantfordites who went over to Paris last night to attend the meeting in the Presbyterian Church. An address was given by the celebrated Rev. John McNeil of Cook's Church, Toronto.

**The Conical.**  
The Mariote Troupe are playing a return engagement and were well received at the Colonial theatre last night, their act going better than ever. The Gould and May sketch team were real funny and the singing and dancing of Schaller and Cole was very pleasing.

**Some Souvenir.**  
A tourist who was passing through the city this morning, possessing a camera, stopped at the corner of Market and Colborne streets, and seeing Constables Gara and Borthwick standing on the beat, requested them to allow him to take a snapshot, saying that "he was collecting a souvenir of every place he passed through."

**Died on Street.**  
A Windsor despatch says: James G. Thompson, 54, a well-known Windsor resident for 34 years, dropped dead of heart failure on the street here early this morning while on his way to Detroit. His body was found about an hour later. He was born in Brantford. He is survived by his mother, two brothers and a sister.

**Hockey.**  
To-night the Juniors will play the pick of the bankers at the Arena. This game has been booked for some time and is causing a great deal of comment. It is rumored around that the "Klondike" "Has Beens," under the leadership of Gaby Carson, are also arranging a game with the Bankers. If this game is arranged, it should be a very interesting contest, as some of the old boys can still use the hickory.

**Acknowledged.**

## CLEANSE YOUR LIVER AND BOWELS WITH DELICIOUS "SYRUP OF FIGS."

Removes the sour bile, gases and clogged-up waste without gripe or nausea. No headache, indigestion, constipation, biliousness or coated tongue.

Foul breath, coated tongue, dull, throbbing headache, stomach sour and full of gases, indigestion, biliousness and a sallow complexion, mean that your thirty feet of bowels are clogged with waste matter, that these drainage organs of the body are obstructed; liver stagnant and stomach full of poisonous gases, sour bile and undigested, fermenting food not properly carried off.

Most of our ills are caused by constipated bowels. We all need a laxative sometimes; nobody can doubt that. The only question is, which one is the best and that isn't a question any more. Syrup of Figs, being composed entirely of luscious figs, senna and aromatics, must act in a harmless, gentle and constant way. Syrup of Figs can be constantly used without injury. Its action is the ac-

### Marks Bros. at the Grand.

Joe Marks and his clever company opened a three nights' engagement at the Grand last night to a very good-sized audience, notwithstanding the inclemency of the weather. The play presented was "Virgie's Sweetheart," and seemed to greatly please all present. Mr. Marks has improved his company since last seen here. The specialties are all good and lots of them, so there are no waits between them. To-night Miss Marks will be seen in "Merely Elizabeth," one of her best parts. "To-morrow's" matinee, "Master and Man" will be presented, and "A Yankee in Ireland" to-morrow night.

ceipts and expenditures in detail, which were all approved by the board. It was understood from Mayor Blair, man, that when the city finance committee deal with the matter, a delegation from the board will be present, if requested, to explain any matters which it may be desirable to impart.

The following resolution was moved by Mr. Glover, seconded by the Mayor, authorizing them to apply to the Minister of Education for the grant of a strip of land 25 feet in depth to be added to the rear of Dufferin Avenue Bowling ground and play ground. This strip of land is occupied solely as a general playground, but the front for a certain depth is granted to the Dufferin Bowling Club, by the Parks Board. The latter claim that the depth as it present is not quite sufficient for the regulation length of bowling greens. This strip could not be taken from boys playgrounds and added to the bowling green unless the Government will grant the additional strip asked for.

The outlook for the Board is a lively one, provided the railway questions in regard to both the Lake and Lake Erie and Northern do not prevent the board from making use of the land granted them by the Government for a driveway. Also the claim that the depth as it present is not quite sufficient for the regulation length of bowling greens. This strip could not be taken from boys playgrounds and added to the bowling green unless the Government will grant the additional strip asked for.

## THE COURIER WILL DONATE TROPHY TO LOCAL FOOTBALLERS

The Courier announces to-day the offer of a trophy to the Brantford Football Association, for competition during the league season. The offer of the Courier stipulates no conditions, this being a matter left entirely with the Executive Committee of the Association. In making this offer, which the Courier has been assured will be accepted and appreciated, it is the desire of this paper to lend every incentive to the great game, which has taken hold here among so many devotees with great enthusiasm. The trophy may be put up for a club or an individual by the Executive, the Courier being willing to have the governing body lay down satisfactory rules for competition. ## MARQUARD TO JOIN GIANTS AT MARTIN SPRINGS MONDAY

Demaree, Cooper, and Thorpe Most Promising Recruits of the New York Team—Tesreau Showing More Steam and Better Control Than Ever.

(By Christy Matthewson) Marlin Springs, Texas, March 7.—The holdouts are coming in. And the winter speculation as to where the different clubs would finish if so-and-so refused to play ball is fast fading. Marquard has definitely decided to appear again, and that changes the complexion of the National League race to some extent. The Giants' chances of winning this consecutive third championship are better right now, as things have lined up, than they were a month ago. The Pirates have so far failed to land Konecny, and while that trade may still go through, the chances of it are not so good as they were in the middle of the winter. That leaves the Pittsburgh club with the old hole at first base, which "Koney" would have filled very ably.

To Report on the 10th. It is certain now Marquard will remain with the Giants. He has received here that he will be in about the tenth of March, and that is all that McGraw desires to know. "Mac" will whip the "Rube" into shape by the beginning of the season with the able aid of Wilbert Robinson. "Do you think 'Rube' will be good this season?" one of the newspaper correspondents with the club asked McGraw the other day. "Marquard has no habits which hurt his ball playing, except the late hours that were the result of his being on the stage. A few weeks here under this hot sun will soon put him in top shape. I look to see Marquard have a great year," replied the Giant manager. Although McGraw has said that he would get along without Marquard, he was very much pleased when the big pitcher announced his intention of returning to the game. The Giants

are now assured of a great left-hander, a valuable asset to any club. Tesreau Great This Year. The Giants' prospects of winning the pennant this season are better than they were last year at the same time. The pitching staff is stronger. Last spring, Tesreau was almost an untied possibility, and he did not become a regular toiler in the box until almost half of the schedule had been played. Marquard had been tested in 1911, but it was not at all sure he would be reliable. This year Tesreau has the confidence of a season's work behind him, and he should get away in his stride from the very beginning of the race. He has advanced faster than any of the other pitchers down here, and today is showing more steam and putting more on the ball than the other boys. He should be an iron man in the box, capable of working every other day if necessary. Wilts looks better than he has in years and has displayed more stability and strength than usual, but this time of the year.

Recruits Show Form. There are great prospects among the youngsters. Demaree and Bauer both look good. Demaree has shown more stuff than any young pitcher who has come into camp for several springs. Against Dallas last Sunday he looked like a world-beater. I did not go to Dallas, but stayed here with the remaining recruits. McGraw was very enthusiastic about three of his youngsters when he returned. He is not a man to burst into wild acclaim over youngsters as a rule, but he certainly liked Demaree, Thorpe and young Claude Cooper. So far Cooper has shown sensation of the practice. He looks like a find. (Continued on Page 11)

## SAMMY CAN'T STOP WESTERN TRIP

Quebec and All-Star Team Will Make Visit to the Coast.

MONTREAL, March 7.—Permitted to the Quebec club to play a exhibition series with the Pacific Coast League has been granted, and it is now almost certain that an all-star team will also make the trip to the West. Yesterday Art Ross received an arrangement from Frank Patrick, regarding the proposed all-star trip, which to which was made in these terms last week. According to the theory of the Quebec situation the Pacific Coast League is an outlaw body, and therefore N.H.A. teams are not permitted to play against them. That is the theory. The actual practice, however, seems to be the reverse of the theory. The Quebec team is going to the coast with the consent of five clubs of the N.H.A. They can get over the playing against the Pacific Coast League, Oatman or McDonald, former Quebec players who jumped their contracts at the beginning of the season, by formally granting them their releases. That still leaves Ernie Johnson in wrong. Johnson, it will be recalled, jumped a Wanderers' contract to go west as well as the Ottawa players. It was said above five clubs of the N.H.A. were willing to lift the ban, as far as the Quebec trip is concerned. The Wanderers are the only club standing out against any connection with the Pacific Coast League.

The work of the Parks Board last night in allotting dates for the use of Agricultural Park was not such a tremendous affair after all, largely on account of the spirit of compromise shown by the delegates, who were at the board meeting in representative numbers. There are, as a matter of fact, so many football clubs in the city that the parks are in demand. The suggestion was made that the football executive officers complete a schedule of dates for games and practices, specifying grounds for the clubs. The schedule could then be submitted to the Parks Board and adopted. There would be no conflict then, and in the drafting of the suggestion each club representative could make sure that he got what he wanted.

The football association executive really should be the governing body. If the question of date for grounds is a difficult one to the association, it is much more difficult to the Parks Board. The executive is more likely to run things and satisfy everybody than is the Parks Board, because the club representatives know what is wanted.

The Baseball Club, representatives, Messrs. F. Westbrook and Roy Brown, had no trouble in getting their schedule of home dates adopted by the board. The Sons of England, through Secretary R. W. Edwards, asked for July 1, but the park commissioners agreed with unanimity that it would be a severe blow to the club to be driven to Peterboro on Dominion Day, and the recommendation was courteously made to the S.O.E. that May 24 be utilized.

It was pointed out by the baseball representatives that the ball club con-

tributes several hundred dollars in revenue to the board, and in addition employed a man to keep the grounds in condition all the time. Chairs were also being placed by the club in the grandstand. The club had no objection to the grounds being open for the use of all other sporting attractions, but when it came to a matter of dates, a little precedence was asked for.

President Speechly and Mr. John Hill of the Football Association, addressing the Parks Board last night, made interesting references to the success of the game in this city. "It leads men into wholesome channels of recreation," said Mr. Speechly, "and there are over one thousand interested in the game now. The proceeds of all the games go towards the tuberculosis hospital, and that was another splendid feature of the game." All we can say in this column, Mr. Speechly, is more power to your elbow.

The representatives which the Parks Board received were: F. Casels, Sons of England Football Club; Messrs. Speechly and John Hill representing the association; Messrs. Seago, A. Roberts, Lieut. Hall, Garrow, the Brant Dragoons; H. Crouch, the Dufferin Rifles. It was some deputation, and the Parks Board were greatly impressed with their things.

The Dufferin Rifles football team is arranging for a game here on Good Friday. If the weather is not favorable it will be played the first part of April.

The offer of the Courier trophy was greatly appreciated by the footballers last night. This paper hopes the trophy will give a further stimulus to the game.

## MR. JOHN HILL.

Football Clubs Enthusiastic Over His Splendid Offer.

Mr. John Hill, the marble cutter, has donated a handsome silver cup to be competed for by the different teams in the football league during the summer. The games for the cup will be called the Hill series and will be separate from the race for the championship and the gate receipts at these games will be given to the committee in charge of the tuberculosis hospital affairs.

The cup which Mr. Hill has donated for competition is on exhibition in the window of the store of Mr. Joseph Broadbent. The following teams comprise the league: Cockshtuts United, Brant Dragoons, Y. M. C. A., S. O. E., All Scots, Tutela Park A.C., St. Andrews A.C., Paris Y.M.C.A., Holmedale Tigers, Dufferin Rifles.

Cockshtuts Team. A meeting of the Cockshtuts United team was held in the Conservative rooms last night when matters pertaining to football and the club were discussed. It was decided that the team this year should wear blue and white shirts, white neckers and black stockings.

The management have a goodly number of players to pick from and will have a strong backing.

## RACES ON ICE AT BIG RINK

Manager Trench Preparing for Carnival at Rink.

On the night of Tuesday, March 18th, Mr. Trench, manager of the rink intends to hold a number of ice races in the arena for which he intends to give four or five valuable silver cups as prizes for the different events.

The entries for the different races will be open to all who wish to compete and the prizes which will be hung up will be worth trying for. Skaters from out of town places will be allowed to enter, in fact the entries are open to the world. Manager Trench intends to put on a good card of sports on that evening, so it is up to the skaters to get into condition and prepare for the races.

## Canadian League

The Senators are trying to put through a deal whereby they will secure an infielder for Pitcher Harry Draper. The man they are after is Harris, of the Norfolk, Virginia team who is the property of the Richmond club. Harris was considered one of the best second basemen in the Virginia League and could be sent to the outfield if either Callahan or Burke fall to toe the mark. Draper was a fine twirler in the southland and the club's down that way are sweet on him. His poor showing with the Senators may be set down to the change in climate. If Shag can put through this deal he needn't worry over one part of the outfield or a good utility infielder.

As yet there is no further word from the "hold-up men," Callahan and Burke. They'll have to do the talking from this on," says Manager Shaughnessy. "I won't chase after them." The deal by which the Ottawa club were to get Catcher Kircher of the Norfolk club in exchange for "Topsey" Draper has fallen through. The Norfolk Club had a big idea of what Kircher is worth and wanted a stiff sum to accompany Draper. Rowe is now after another back-stop who will be able to go to the outfield as well.

There is a chance that the Senators will have Fred Herbert back again. President McCaffery of the Toronto club, informed Manager Shaughnessy that in the event of Herbert, not being able to accompany Draper, Rowe is now after another back-stop who will be able to go to the outfield as well. Va. club, who is also an outfielder. The draft of the Canadian League schedule, prepared by Shaughnessy and sent back to him for a few minor changes, will go forward to the league again to-night and it is probable that the altered draft will be accepted.—Ottawa Journal.

## Football

The record attendance at an association football match in Great Britain was at the international contest between Scotland and England, at Hampden park, on March 23, 1912. There were 127,507 spectators present. The gate receipts amounted to over \$25,085, and stands and enclosures \$2000, making a total of over \$27,085. The record attendance at Crystal Palace is 110,000 in the English Cup final of 1901, when Tottenham beat Sheffield United.

## BOWSER IS BUSY.

He Telephones the Neighbors on a Matter of Business.

### BUT THEY ARE ALL VERY RUDE

Our Little Warhorse Takes the Law into His Hands and Demands That the Snow be Cleared Off—He Neglects His Own, However.

By M. QUAD. (Copyright, 1913, by Associated Literary Press.)

At 2 o'clock in the afternoon, when the sky grew dark and it began snowing, Mrs. Bowser sighed and hoped it would soon cease.

At 3 o'clock the snow was coming down fast, and she shook her head in a solemn way as she looked out of the window.

At 4 o'clock there were sleighs kit along the streets, and Mrs. Bowser realized that she was in for it.

At 5 o'clock it was blowing and drifting fast, and turning into a blizzard, and the cook said to Mrs. Bowser:

"Mr. Bowser hates snow, and there'll be something doing when he gets here."

"Yes," was the hopeless, helpless reply.

"Couldn't we hire a lot of boys to shovel?"

"There hasn't been one along."

"We might get some of it cleared ourselves."

"It would blow right back again."

Mr. Bowser lives the eighth house from the corner, where he makes use of the trolley car. There would be no walks cleared off between him and the corner. He must plow his way through the drifts.

He would plow about five feet and then begin to mutter.

At 10 feet he would begin swearing.

At twenty feet he would lay it to Mrs. Bowser.

Halfway down to his gate he would decide to raise the biggest row ever heard in North America.

At 6 o'clock Mrs. Bowser was watching from the window, and she soon

caught sight of the plow. He found the gate blocked with a drift and kicked at it like an army mule out for exercise. The gate finally opened. It had to leave town.

Up against it.

It was a struggle from the gate to the steps and up the steps, but Mr. Bowser is a desperate, dangerous man when facing snowdrifts.

"Isn't this something just awful!" exclaimed Mrs. Bowser as she reached out and pulled him into the hall.

"He didn't say."

"He's lucky you didn't have far to walk. Let me brush you off."

He took off his overcoat and hat without waiting for her, and the family looked up at her with sympathy in his eyes. If there had been a cloud of hope it must be abandoned now.

Still without a word Mr. Bowser led the way downstairs and seated himself at the dinner table.

"No boys came along to shovel off the snow," said Mrs. Bowser.

"Looks as if the storm would last tonight."

"I thought the snow would make the night."

"You are home all right, and I'm glad of it."

"No even a sniff."

Mrs. Bowser gave it up and drew a bath and prepared to die game. She made no further effort at conversation and as soon as the meal was finished she went upstairs and Mr. Bowser walked directly to the telephone. A Mr. Jacobs lived on the corner, and he was called for. He promptly answered.

"What is it?"

"Mr. Bowser telephoned."

"About the snow on your side?"

"It's six feet deep, and you are blocking the blamed stuff there for people to wade through."

"It's storming yet."

"There's no difference, Jacobs, you know about mean men."

"How about your own walk?"

"I tend to your affairs and I will tend to mine."

"You Silemanker was called for, and Mr. Bowser said to him:

"The last winter I had to wade through the snow on your sidewalks because you were too darned lazy to

clear it off and too darned stingy to hire it done."

"Well, I didn't stop you, did I?" was the reply.

"I shan't do it again this winter."

"Going to fly over it or tunnel under it?"

"I'm going to get the police after you. If they won't bring you to time then I will."

"Don't threaten me, you old crank!"

"What! What! Say, you get out there and begin to toss snow! If your walk isn't cleared off when I come along in the morning I'll punch your selfish old head!"

The next man was Stevens. Mr. Bowser got him and said:

"What about the snow on your walk?"

"And what about yours?"

"I want you to understand that there is an ordinance about snow and that you have got to heed it."

"Oh, I will. And how about you?"

"My walk is always clean, but you pay no attention to yours. You have got to do it after this, however."

"Been made clear of this country, eh?"

He has trouble.

"Never mind the czar business. There's a new deal on this winter."

"When you go to the blazes, I'll clean my walk when I get good and ready."

The next was a Mr. Darcy. He had a squeaky voice and never used the telephone. His wife answered the call and heard the words:

"A nice sort of a man you are! Why in thunder aren't you out cleaning off the seven feet of snow on your sidewalk?"

"Who dares call me a man and swear at me?" demanded a voice.

"I do—Bowser."

"I might have known it was you. What do you want?"

"I want you to clean your walk of snow and don't be a weak about it either."

"How dare you talk to me like that?"

"Say, Darcy, don't go to giving me any bluffs. You are the meanest man on the block about snow."

"You are a liar, sir!"

"What—what's that? You say that again and I'll come over and break you in two!"

"You are not talking to Darcy, but to my wife. However, if you think you can break me in two, come along and try it! What are you growching about, anyhow?"

"You haven't cleaned off the snow yet."

"Nor you, either. It's none of your business about our sidewalk anyhow."

"Then I'll make it my business."

"You come chinging around here and I'll hit you a clip over your bald pate, you woman, I—"

"Save that for Mrs. Bowser!"

He threatens.

The next man on the list was Mr. Shard. He was playing cards with his wife and had just ordered up a hand when his telephone rang and a voice wanted to know:

"Say, Shard, what kind of a man are you?"

"Who is that?"

"Bowser. I want to know why you are tossing your lazy shanks at the fire instead of being out clearing your walk."

"Don't you talk that way to me! When I came home past your house the snow was up to my chin. Get out and do some shoveling yourself!"

"Are you going to clean your walk?" was demanded.

"None of your business! I don't propose to be dictated to by no old horse-ly like you are."

"Horse-ly, am I? Horse-ly because I'm going to make you obey the snow ordinance, the same as I have to? Say, Shard, you be at your gate at 8 o'clock in the morning and I'll make you eat every ounce of snow on your walk!"

"Then the Widow White was called up. She had just tripped over the cat and fallen downstairs and was very nervous as Mr. Bowser said to her:

"Mrs. White, have you got anybody cleaning your walk?"

"Mercy! No."

"Why not?"

"I have just fallen downstairs."

"That's nothing to do with the snow."

"Hain't it? Dear, dear me!"

"I want to know when the walk is to be cleaned."

"Dear me again! You say your name is Bowser?"

"Yes."

"It isn't Bowser nor Hower?"

"No, it isn't. What about that walk?"

"Dear, dear me! So nervous, you know. Tell the cat, I mean, tell the stairs—I mean tell Jowser to tell Bowser I'll have it all cleaned off by next Fourth of July!"

And Mr. Bowser hung up the receiver and turned to Mrs. Bowser with a triumphant smile to say:

"There! They know that Bowser is on the job, and I'll bet that some of them will shovel snow all night!"

Background at Polo Grounds

McGraw told us the other day that he had given orders, just before leaving New York, to have the background in center field painted a dull green, and the advertising signs which the batter faces taken away. This will give the hitters a perfect background against which to see the ball. While it will not help the pitchers any, it should be a great benefit to the batters.

For a time the background at the Polo grounds was one of the worst in the National League. The batter looked at glaring advertising signs which reflected the afternoon sunlight in a blinding way, and yellow bleachers. If the ball came to the hitter so that he could look at it, this uncertain bleacher background, sometimes he could not see it at all.

"Kitty" Bransfield, the old Philadelphia first baseman, was one of the most vigorous complainers about this background, and finally was responsible for its improvement. He got him in the arm in a game at the Polo grounds, one day and let out a terrible roar about the background in this lick. He was joined by both the home and visiting players.
