

DISCUSSED ORGANIZATION

Busy Morning For Canadian Odd-fellows' Grand Lodge.

Rain Prevented the Stanley Mills' Electric Car Trip.

Wilt Hall, of Dundas, Again Elected D. D. G. M.

Grand Lodge of the Canadian Order of Oddfellows got down to hard work again this morning, after having had a grand outing yesterday afternoon.

Heavy rain at 9 o'clock prevented the Stanley Mills & Co. electric railway trip being held.

Dr. White, of Lindsay, called attention of the Grand Lodge and Press Committee to two errors in the Toronto Globe's report, one in which the order was referred to as the Canadian Order of Foresters, and the other a statement that the death rate had increased, whereas it showed a material decrease.

Consideration of the report of the Committees on Laws was then resumed, the question of organization being brought up. There were two recommendations on this subject. The committee itself recommended that organizers be appointed and salaries fixed by the Grand Lodge.

Both of these were defeated, and the Grand Executive will, as heretofore, control the organizers.

Toronto district submitted two recommendations, as follows:

"That a permanent organizer be appointed for Toronto district on salary and commission."

"That the bonus system be discontinued."

Both of these were defeated, the Committee on Laws reporting against them, and the report being adopted.

The Grand Executive was authorized to issue printed instructions to subordinate lodge officers and to District Deputy Grand Masters.

The special committee on western representation brought in its report this morning, the Grand Solicitor, Lyman Lee, of this city, submitting it.

The heavy travelling and other expenses of coming from the western provinces makes the delegations small, and to give the lodges their proportionate representation the committee recommended that in future there be one delegate only for every 200 members.

A scheme in which the lodges will be grouped for this purpose was worked out, and a system of provincial meetings arranged for. Each delegate representing 200 members will have four votes, thus giving the west one vote for every 50 members, the same as eastern lodges have. The report was adopted.

The various districts met this morning and elected their District Deputy Grand Masters. Mr. Wilt Hall, of Dundas, was re-elected for Hamilton district.

The business of Grand Lodge will be completed this afternoon.

ORATORY.

Summer School Will be Begun Next Tuesday Evening.

The Canadian Club's idea to establish for the benefit of the young men of the city a summer school for the tuition of oratory has proved very popular.

A large membership is already enrolled, giving the new school a good start and the masters every encouragement.

The inauguration exercises, in which all the masters and officers of the school will participate, will take place in the parlors of the Y. M. C. A. on Tuesday night, June 22. The students are looking forward to this event with a great degree of pleasure, as Mr. Thomas Holston, Chairman of the Board of Education, has consented to formally declare the new school open.

Principal James L. Jolley extends an invitation to all young men interested to be present on this occasion. The master having charge of the first class will be W. M. McClelland, B. C. L. L. B., President of the Canadian Club. The lesson taught will be the mode and preparation of a speech. A treat is assured to all who attend.

HAMILTON STEAMBOATS.

To-morrow night the 7 o'clock trip of the steamer Macassa will be cancelled. She will leave Toronto at 5.30 instead.

There will be a change of time table of the steamers Macassa and Modjeska on Saturday next, when the full summer service will go into effect. The Modjeska will sail out of Hamilton at 8 a. m. and 2.15 p. m., last boat leaving Toronto 8.30 p. m. 5c. return Saturday afternoon. See advertisement on last page for further particulars.

TO BUILD STATIONS.

The Hydro-Electric Commission has decided to forthwith call for tenders for the erection of a transformer station at Niagara and a transformer and inter-switching station at Dundas. The time for receiving tenders closes on July 5. The estimated cost of the work is \$75,000.

DELEGATES TO THE COUNCIL OF WOMEN.

NO REPLY FROM HYDRO PEOPLE

And the New Civic Power Committee Will Therefore Not Meet To-night.

The Hydro-Electric Commission does not appear to be in any rush to send along the contract to which it expects Hamilton to itself for thirty years.

Mayor McLaren on Tuesday wrote asking that the document and other information be forwarded at once but so far he has received no reply and consequently the power committee will not meet to-night.

His worship has gone to the trouble to make extensive inquiries about the vote on the contract and plebiscite and he found a large number who voted for both under the impression that the city could take 200 or 300 horse power from the Hydro-Electric Commission and stop there.

The fact that the city if it takes any Niagara power it must take it all from the commission for thirty years and none from the Cataract or any other company is a point that many of the electors apparently have failed to grasp.

I am determined that the people shall have the truth of this matter and I will take steps to see that they get it," said his worship to-day. "I will mail every lie and I will brand those who have been guilty of misrepresentation."

The mayor will have an expert stenographer report the questions and answers at the power committee meetings and he will subscribe his name to those, verifying as to their correctness. One statement in Aid. A. J. Wright's circular issued before the vote was taken, which is intended to nail, is the paragraph, which declares that the Cataract contract was drawn by the Cataract solicitors for the Cataract Company.

"I intend to ask other members of the committee when they meet if they will stand for that," said his worship, who explained that the only reason he took notice of these irresponsible statements was because the man who made them was proposed as a member of the committee. The committee will be called together just as soon as the form of contract is received from the commission and the mayor says the meetings will be open. His Worship would like working men who are actually interested in civic taxation and honest in their opinions about the Hydro project, to get the facts and he will do his best to see that they do.

A permit was issued to-day to J. H. Williams for a brick house on Napier street between Caroline and Hess streets for M. Levi to cost \$1,850.

TWO WRITS.

Damages For Injuries Claimed—Foreigners at Law.

J. L. Scheller issued a writ this morning on behalf of Antonio Castiglione against the Hamilton Steel & Iron Co. for unstated damages. The plaintiff on April 17th last had his thigh broken while an ingot of steel was being put into the melting furnace at the mills on Queen street, and alleges that the accident was due to negligence on the part of the company, their employees or agents. The injured man is still in the hospital and is not expected to get around for some time.

Through his solicitors, Ross & Telford, Gerolamo Perisani issued a writ this morning against Enrico Beldisere for \$445.76. The plaintiff claims that he loaned defendant money, paid out money on his behalf on furniture and boarded him for a time all of which the defendant promised to repay and settle for, and which he failed to do.

Tornado's Work

Joplin, Mo., June 17.—It is reported that Purdy and Monett, Mo., were wrecked and the surrounding country devastated by a tornado yesterday. At least two were killed, arriving passengers say.

The report has not been confirmed. A telegram received early last night from Monett, indicated that much damage had been done to farms south of Monett, but spoke of no damage to that town.

Every Day But Sunday

We are busy delivering orders at the Beach and Burlington. To-day's specials, canteloupes, ripe cherries, watermelons, new carrots, new beets, butter beans, grape-fruit, cucumbers, squabs, spring chicken, fresh out mushrooms, cauliflower, corn honey, Grimsby tomatoes, lilies, flowers, new potatoes.—Bain & Adams, 89, 91 King street east.

A Great Pipe Store.

A fine selection of extra good briar pipes is offered now for 25 cents at peace's pipe store. Take your choice and get a good comfortable smoker from the large stock at 107 King street east.

British Fleet

London, June 17.—The mobilization of the British fleet for the annual manoeuvres was practically completed this morning, and something like 350 warships are now making their way to their respective stations. The manoeuvres will be secret, but the general scheme is understood to be a repetition of the plan of last year, which, however, resulted in a fiasco, as owing to the fog, the opposing fleets never came into contact. Vice-Admiral Sir William Henry May is in supreme command.

LADIES UNITE.

Wesley and Gore Women Catch Spirit of Union.

About two weeks ago the Ladies' Aid Society and Women's Missionary Auxiliary of Wesley Church extended an invitation to the ladies of Gore Street Church to spend a social hour with them. Yesterday afternoon the ladies of Gore reciprocated by inviting the Wesley ladies to join with them in a similar gathering. Mrs. Burkholder, President of the Ladies' Aid, presided, and an interesting programme of music, together with addresses of welcome and replies by members of the respective societies, was rendered. The two pastors, Rev. Dr. Tovell and Rev. Isaac Couch, also gave addresses. This was followed by social conversation and greetings between the members present. Light refreshments were served and the meeting broke up at 6 o'clock with evidences that a good time had been spent.

With the young people, the Ladies' Aid, the Women's Missionary Societies and other societies and official boards of the two churches entering heartily into the spirit of union the outlook is very hopeful for a solid and general uniting of the two congregations. It has been arranged that on June 27th the two will become one and will henceforth be known as the Central Methodist Church of Hamilton. Dr. Tovell will be superintendent and Rev. Mr. Couch his associate in the work.

Fruit in the Peninsula

(Special Despatch to the Times.)

Beamsville, June 17.—That good crops of nearly all varieties of cereals are almost assured, is the best of information the Times correspondent could get from a dozen different sections of the central Niagara Peninsula, during the last couple of days. For all the lateness of the season and perhaps just a trifle dry of late, growing things are making wonderful progress.

Through the townships of South Clinton, Gainsboro, and South Grimsby, wheat that was supposed to have been largely winter killed, seems, after all, to have borne the brunt of Boreas exceedingly well. There are complaints from a few sections regarding a scarcity of grass growth but on the whole, the hay crop will be a fine one.

Clover is growing luxuriantly and is making better showing than for a number of years. The corn is peeping through, but the chilly nights have retarded the growth some, it has, however, a long time yet to make a sturdy growth, and there will be plenty of warm weather coming. A larger acreage than usual of corn is in because the farmers found the season too late for oats after the wet spell. Corn will be king in the grain line this autumn.

Down below the mountain, tomatoes of the early varieties are in full bloom, and the plants are showing here and there the young fruit in profusion. This is noticeable more particularly on the sandy lands.

Tomatoes were put in just at the right time and have done well. From the present outlook there is no fear of a dearth. They will prove a life-saver in some localities along with berries. Within the next couple of months there should be a steady flow of money into the banks and coffers of the fruit men and agriculturists in the Niagara peninsula.

The Hon. Mr. Lemieux reached the camp about 4 o'clock yesterday and

Major Tidswell, commanding officer of the Fourth Field Battery of Hamilton, had the honor of firing off the first 18-pounder quick-firing gun ever discharged in Canada at the camp here on Tuesday night. It was "first post" at 9.30.

The story published by a Hamilton paper that only 13 men of the Fourth Field Battery paraded for camp is declared by the officers to be untrue. The facts are that the battery is ten men short, a number of those who had been ordered to proceed to camp not responding. It is said here that they will be proceeded against.

Major Ross and the officers of the recently organized Second Dragoons of Hamilton will visit the camp next week to see the work done here and get pointers.

Lieut.-Col. Jones of the headquarters, Ottawa, will be here to-morrow to inspect the A. M. C. This announcement has caused considerable dissatisfaction for the reason that this branch of the service has just got into camp and has had its hands full. It therefore has had very little opportunity to drill and is not as fit for inspection as the officers and men would like.

There is a good deal of talk here about a United States army officer getting into camp on Tuesday night and making an attempt to examine one of the new quick-firing guns of the Hamilton Field Battery. The corps had just got in an a picket had not been established. The intruder was discovered, however, and was summarily ejected.

There have been a number of minor accidents, especially among the cavalry. This is not due so much to lack of ability on the part of the men as to the superior quality and spirit of the horses, which are said to be better than ever before seen at the camp here.

HON. R. LEMIEUX.

The choir of St. Paul's Church spent a very enjoyable outing yesterday afternoon and evening on the mountainside at Ravenscliffe Castle, which now belongs to Mr. I. G. Thompson. The party gathered on the lawn at 3 o'clock, and spent the afternoon in playing games of various kinds. At 4 o'clock an official captain of one side and Mrs. I. G. Thompson of the other. After this game Mr. Cunningham, who had gone up for the purpose, photographed the crowd. The remaining part of the afternoon was spent in races, in which all members present participated most heartily. The following were some of the events: A double series of races—double relay, men's twenty-five yard dash, single ladies' twenty-five yard race and also a twenty-five yard sprint by married ladies. Mrs. John McArthur, a grandmother for some years, led in a follow-on race, and most of the men and ladies who joined fell out long before the finish, few being able to follow her. Then there was a fifty yard race, a backward race by ladies, a sack race, a peanut and an obstacle race. Mr. Drummond played the part of score keeper for all the games. After these amusements the happy crowd sat down to a sumptuous supper, which was arranged in excellent style by the committee on tea—Mrs. (Dr.) Husband, Mrs. Geo. Vallance, Mrs. Geo. Mackay and Mrs. P. F. Macpherson.

The evening was spent in singing and dancing, after which a motion was made by Dr. Husband, seconded by Dr. Mullin, president of the choir, that a vote of thanks be extended to Mr. and Mrs. Thompson for their kindness in offering the castle and grounds for the occasion.

ERSKINE S. S. Presentation to Mr. and Mrs. D. A. Souter Yesterday.

Erskine Presbyterian Church held its annual Sunday School and congregation picnic in the Dundurn Park yesterday afternoon. The attendance was very large and a good time was spent in social intercourse, games and amusements during the afternoon and evening. After refreshments had been served a presentation was made of sterling silver drinking cups to D. A. Souter, superintendent of the Sunday School, and Mrs. Souter, who are leaving to-morrow on an extended European trip. The presentation was made in a pleasing way by Rev. S. Burnside Russell and Gordon Ion. Mr. Souter replied in a fitting way to the officers and teachers of the Sunday School who had so kindly remembered them.

TURBINA'S TIME TABLE. To-morrow evening the steamer Turbina will make a special return trip to Toronto, leaving Hamilton at 8.15. On Saturday the summer time table goes into effect and the Turbina will then leave Hamilton at 10.45 a. m. and 5.30 p. m., and leave Toronto for Hamilton at 8.00 a. m. and 2 p. m. Read announcement on back page of this issue.

THE MAN IN OVERALLS. Will the Southern syndicate crawl or call the bluff? It's a pity that there is nobody down at Ottawa now to look after the reventment wall.

Murderer Blythe was not hanged this morning, nor will he be hanged on the morning of October 1st. Mr. Robinette's plan of saving a man from the gallows is a new wrinkle.

Take plenty of time, gentlemen. Mr. McGuigan has not yet built the transmission line.

In other words, you are asked to make pets of stray children instead of dogs. Like the straw hats, this year's strawberries are said to be larger than usual.

Nobody has been drowned for a couple of days. But the water is there, just the same.

Now get this public library building question settled. It's getting wearisome. Perhaps there is no money in planting the back yard. But then the work keeps you out of mischief.

The new library building should be east of James and, if possible, north of Main.

I agree with every word that Alfred Powis said last night about the boys and the Y. M. C. A., and if I had the money he would get it.

The Herald is now engaged in the congenial task of fighting a woman. You remember how it abused the ladies who manage the Sanitarium.

People who expect a long free notice when they insert a small ad in the papers would hardly expect, when they bought a pair of suspenders, to have a pair of trousers thrown in with them. But the one is just as reasonable as the other.

My old and tried friend, Mr. J. J. Scott, seems to be quite a success as a globe-trotter. We may expect some day a work from his pen, entitled, "Countries I Have Visited."

The P. and I man seems to be annoyed because his friend stood upon the Con. Club platform. But he also sat upon it, and it deserved to be sat upon.

Murderer Blythe ought to be both blythe and gay at his reprieve. He evidently was not born to be hanged.

Henry Frick is to give Pittsburgh a gift of a 100-acre park. That city has already the following parks: Schenley, 422 acres; Highland, 366 acres; Herron hill, 13 acres; Central, five acres; Friendship, two acres; Holiday, three and one-half acres; West End, 17 1/2 acres; Grandview, 18 acres; McKinley, 65 acres; Second avenue, 363,343 feet; Lawrenceville, 4,71 acres; Arsenal, 19.3 acres. Compare that park system with Hamilton's. Now get busy and buy Lansdowne Park.

HAMILTON OFFICER HAS HONOR AT CAMP

Major Tidswell Fired First 18-Pounder Quick Firing Gun In Canada.

(From the Times Staff Reporter.)

was received by Brigadier-General Cotton and his staff of officers.

The Postmaster-General gazed at the postoffice tent, and was heard to remark: "This is the first postoffice with a canvas roof in Canada." Stepping inside Mr. Geo. The stamping machine was set in operation, and each officer was presented with a slip of paper bearing the date of the opening of the place as a souvenir.

SAID IT WAS A MISTAKE.

Seems to be Little in Stewart Theft Case.

Complainant Not on Hand to Press the Charge.

Other Minor Cases Before the Police Magistrate.

At Police Court this morning Charles E. Stewart was charged by Timothy Cunningham with obtaining \$2 on June 14 with intent to defraud. Stewart was arrested yesterday by Detective Sayers. The trouble seemed to have been caused by a misunderstanding. Stewart, it is said, had borrowed \$2 from Cunningham and promised to pay it back next day, but before he had time to raise the money the warrant was issued for his arrest.

Stewart said that Cunningham was willing to let the case drop, but Magistrate Jelfs thought it best to have the evidence taken, if the prisoner wished it, as it would exonerate him.

Stewart said the act of Mr. Cunningham was a rash one, as there had been no intent to defraud, and the money would have been paid.

"I would rather have it dropped, as Mr. Cunningham is willing to," he said. "Yes, but would it not be better to be acquitted of the charge than to have it dropped?" asked the Magistrate.

Mr. S. F. Washington said one of the important witnesses, Mr. E. Hall, was out of town, and it would be necessary to have him testify if the evidence were to be taken, and as Mr. Hall would not be back before Saturday it would be necessary to have the case laid over until Monday.

The case was left over until Monday. P. C. Gravelle had Alfred Larder up on a charge of being drunk and disorderly on King William street last night. Larder had been indulging too freely, the officer said, and his ambition was greater than his power. He went into the cafe at 21 King William street and threatened to fight them all. The Chinese resented his words and threw him out, whereat Larder threatened to kill the whole bunch of them.

P. C. Gravelle happened to be in plain clothes at the time, and as the Chinese were looking for a policeman he took charge of the prisoner.

"I was drunk, but not disorderly," said Larder.

"This man comes in and wants licks all at once," said the Chinese, who gave evidence against the prisoner.

Larder was fined \$5.

James Armstrong, a well-known character around Ferguson avenue and King streets, was charged by P. C. Aikins with being drunk and disorderly. The officer said he had been warned away a number of times, but still continued to hang around, and the constable thought this being to do was to arrest him, so that in future he would respect the law.

"I am a painter," said the prisoner, in answer to a question by the Magistrate as to what occupation he had.

"Well, why don't you work at it instead of drinking?" asked the court.

The prisoner admitted that he took a glass or two once in a while.

"Yes you look like it, you are not over the effects yet," said the court.

The Magistrate let him off with a fine of \$2.

Duncan McDonald was another of the Toronto individuals who floated up to Hamilton to indulge in some of the electric city's fireworks, and as a result was arrested by P. C. Brown on a charge of being drunk and was assessed \$2.

William Proctor tried to gain the sympathy of the Magistrate by telling him he was sick and had taken only two glasses to help him

BURCH REUNION.

Hamilton People Attend Family Gathering at Thorold.

(Special Despatch to the Times.) St. Catharines, June 17.—The beautiful home of George Burch, Thorold road, was the scene of a most enjoyable gathering yesterday, when the members of the Phillips family, sixty in number, forgot their age at their annual reunion. The central figure of the company, which comprised relatives from far and near, was Mrs. Phillips, sen., mother of Mrs. Burch. George Phillips, of Welland, President, very ably presided over the gathering. At 1 o'clock dinner was served on the lawn, after which the afternoon was spent very pleasantly in music and social converse. Ten children of Mrs. Phillips were present, as well as twenty-five grandchildren, one great-grandchild and a number of nieces, nephews and other relatives. Among the relatives in attendance were Mr. and Mrs. Morris, Mr. and Mrs. Elmer Brown, of Hamilton.

HAMILTON OFFICER HAD HONOR AT CAMP

(Continued from Page 1.)

Cotton, in calling upon the Postmaster-General for a few remarks, said: "We have found the field postoffice to such good advantage that I hope this will not be the last one to be established in military camps in Canada."

A warm demonstration greeted the Hon. Mr. Lemieux when he stepped forward to speak. Proceeding, he said: "Commanding officer, officers and men: I can assure you it affords me a very great deal of pleasure to be present on the occasion of the re-establishment of the military camp at the old and historic town of Niagara, made memorable by the glorious deeds performed in this vicinity, for the purpose of inaugurating a complete postoffice to meet the needs of the camp. I may say that the Post-office Department has under consideration the question of organizing a field postoffice corps, and is at the present time in consultation with the British War Office with the object of having the proposed Canadian establishment placed on the same footing as the one in commission in England so that it is altogether likely that the opening of a complete postoffice service in connection with the camp at Niagara will be followed by the establishment of a similar service at all the military camps throughout the Dominion."

"In inaugurating an improved post-office service in connection with the camp, I feel that I am privileged in being permitted to contribute in some slight degree towards the efficiency of the military organization of the Dominion, and of preserving and fostering the traditions surrounding our common flag. Do not forget that the thought that in every engagement our volunteers proved conclusively to the world that Canadians were prepared to suffer, and if needs be to die, in defence of the honor of the flag which protects our rights and liberties."

"I assure you, commanding officer, officers and men, that as Postmaster-General, I consider any arrangements I am able to make, looking towards the improvement of the postal service at the camp, are more than amply repaid by the knowledge that I am contributing towards the convenience and comfort of the men who may at any time be called upon to defend our fair Dominion and the honor of the Union Jack."

The ceremony was concluded by Capt. Eccleston, who has charge of the post-office at the camp, raising a flag—white and red—the military postoffice colors.

Subsequently the Postmaster-General motored around the camp.

Earlier in the day the Postmaster-General inspected the rural mail delivery system in the Milton and Mount Nemo divisions of the postal service.

"How do you find it?" asked a newspaper representative.

"It is working admirably," replied the Postmaster-General. "I interviewed the farmers along the road at Milton and the surrounding neighborhood, and they assured me that the service could not be improved upon in the rural districts. I feel sure that within five years the whole Province will be covered with mail boxes, thus affording an excellent mail service at a minimum cost."

Mr. Thos. A. Russell, manager of the Canada Cycle & Motor Company, accompanied the party.

Friday Bargain Day.

There's a difference between big words and big values, so without wasting any time on preliminaries we invite your examination of our Friday offerings on another page of this paper. After all we can but make mention of a few of the special values which we consider the most important of the summer season. 25c women's cashmere hose, 15c; children's hose, 20c and 25c, for 12 1-2c; 15c and 17c cotton vests, summer makes, at 10c, 25c; dozen men's Balbriggan regular 50c, on sale at 23c garment. Another lot of light-colored muslin, lines and lavies, regular 12 1-2c and 15c, on sale 7 1-2c. A purchase of bleached sheetings, regular 40c, Friday 29c. A limited quantity of 25c pillow cottons, 44 inch, at 15c. Also many other savings too numerous to mention here, but an early morning trip will more than repay you. Come! Finch Bros.

IS THAW SANE?

Case Heard To-day at White Plains as to His Sanity.

Fishkill Landing, N. Y., June 17.—Harry K. Thaw was taken from the State Hospital for the Criminal Insane at Matteawan to White Plain today for a hearing before Justice Mills to determine whether or not he is now sane. Thaw was in custody of Dr. Baker and two attendants from the asylum, and was accompanied by the Rev. G. H. Toop, rector of St. Luke's Church at Matteawan, for whom he has formed an attachment.

Thaw's attorney, Chas. Morschauer, was also a member of the party. Proceedings similar to those now in progress were instituted last summer, but were withdrawn by Thaw after Justice Mills had refused to grant him a hearing before a jury.

Congregation of One.

From a mission in Mull with £40 a year, Dr. Cameron Lees went to one of the remotest parishes in the Highlands—the parish of Carnoch—a shadow of a congregation. The people had been all swept into the Free Church, and a handful only were left in the "Moderate Kirk." There on one stormy morning the young minister preached to a congregation of one. The Gaelic service was the first service of the day, and only one man, Macrae by name—Macrae of Acherachan, the legend says—braved the elements and came to the Gaelic service. The minister went out and asked him to come into the manse and wait for the English service, but the Gaelic congregation declined. "The promise," said Macrae, "is this: Whether two or three are gathered in my name, and where the two or three will be, there too will be the blessing, and I am one and you are two—and we will just go on with the service." And the service did go on, and the young minister preached to the Gaelic congregation of one.—From the London Globe.

West Mount Survey OF Choice Home-Sites TO OUR MANY INQUIRERS:—We now offer this most picturesque and attractive subdivision of future building lots, unequalled by any yet placed or to be placed on the market. Its splendid situation, grand view of the mountain side, and new city park, high and dry elevation, properly graded avenues, shade trees all planted, cement sidewalks in course of construction on the south side of Hillcrest avenue, the west side of Chedoke avenue, and the south side of Aberdeen avenue, and to be paid for by us; every lot restricted, township taxes—all tends to make this beautiful property the "Westmount" of Hamilton. As a Safe and Profitable Investment It will compare with any suburban lots in Hamilton during the past fifty years. Building lots two blocks east of Westmount are selling at four times the price that we now offer lots for on this survey. ONE PRICE TO ALL, whether you buy one or ten lots, and \$25 SECURES A LOT. Balance can be paid in easy payments, spread over a term of years, if desired. Come up to our branch office, corner Aberdeen and Flatt avenues, any afternoon or evening, where our representative will be pleased to meet you and show you the lots. H. & D. car to office door. H. Rev. Wm. Moune, of Missisquoi, preached two very fine sermons in the Presbyterian Church here on Sabbath last. A load of hogs were shipped from this station on Monday by Vime & Nevilles. Rev. G. A. McLennan, B. A., of New Wood, held a meeting here on Monday evening, and, on behalf of the Lord's Day Alliance, delivered a good address, and formed a branch. Rev. Mr. Halth was elected President and Mr. T. W. Shipman Secretary-Treasurer.

Attercliffe

Quite a number of Free Methodists from here attended District Camp meeting near Fenwick last Sunday. Mrs. Joseph Furler is laid up with an attack of acute sciatica.

Mr. Colver Cosley and Mr. Robert Carter attended Hamilton market last Saturday with eggs and poultry.

Mr. Lennox Randall and wife spent Sunday at the home Mr. and Mrs. Billiard Maitland.

Mr. John Teefte, with his wife and children, visited ever Sunday with his sister, Mrs. Wedge and family, Grimby.

Mr. Abe Senegaugh has had his barn and dwelling covered with the latest in copper cable lightning rods, J. K. Tisdale, agent.

A number of old friends from here attended the funeral of the late Mrs. David Warden, of Moulton, last Wednesday.

The pleasant morning and large turnout were responsible for the large turnout of old and young at the "Flower Sunday" services in the Methodist Church here. The church was handsomely decorated and the pulpit was banked with flowers. Good music and short addresses were given.

HIGH FLYERS.

Wright Brothers Honored by Dayton, Their Native Town.

Great Historic Pageant—Medals to be Presented.

Dayton, Ohio, June 17.—Dayton's two days' celebration in honor of the world's champion aviators, Wilbur and Orville Wright began at 9 a. m. to-day. At that hour the streets were thronged with people. For ten minutes every whistle, bell and tin horn in town joined in an outburst of hilarious sound. From many triumphant arches swung out stretched acrobatics and on the tops of tall buildings air craft were made to appear ready for flight.

Decorated by state militia, troops of regular and a brass band, the Wrights were driven to a platform before which passed a pageant representing events from the founding of Dayton 113 years down to the present.

Conrad J. Schmidt, president of the local school board, thanked the aviators for the fame they had brought the city. The chief event of the celebration will take place to-morrow when medals will be presented by the national government, the State of Ohio and the City of Dayton. After completing their flights for the government, which are to begin at Washington next week, both the Wrights will probably in August sail for Germany to take up their work there.

It is Stewart behind the scheme to have Whitney try the party dog whip on Southern! A few weeks ago the story was sent out that Beck and his gang were going to discipline the London Free Press and show how the party punished the crime against it of daring to have opinions not approved by it by starting an "official" Tory paper in that city.

One of the pioneer Canadian newspaper men, of whom little has been heard in recent years, is lying at the point of death in Toronto. Mr. Alfred H. St. Germain, now in his 81st year, is probably the oldest member of the fourth estate in the Dominion.

Feeling is becoming stronger in Manitoba on the question of compulsory education. The Winnipeg Free Press has for some time strongly urged the necessity of a compulsory enactment, similar to that in force in Ontario, in order to remedy the evil which leads to "thousands of children growing up in ignorance."

MR. FREDERICK'S PUPILS.

Howard Massey Fredericks, of Toronto, who teaches in the Hamilton Conservatory of Music, gave a recital last night in the music hall. There was an exceptionally large audience present and the event was a most successful one.

The following students and others took in the programme: Miss Alice Ward, Miss Grace Shanks, Miss Della Ashley, Miss Alma Tallman, Miss Larry, Miss Jessie Lovetts, Miss Evans, Mrs. John Howell, Miss Laura Dressel, Miss Helen Gillies, Miss Mabel Watson, Miss Eric Hossack, Mr. Summers, Miss Markle, Miss Edna Lovell and Miss Phillips.

AT MILTON.

Marriage of Sister of Rev. F.W. Hollinrake.

"Maplehurst," Milton, the residence of Mr. James Hollinrake, was the scene of a wedding yesterday at 6 o'clock, when his youngest daughter, Gertrude, was married to Mr. William J. Brick, of Winnipeg. The ceremony was performed by the Rev. F. W. Hollinrake, B. D., Hamilton, brother of the bride, assisted by the Rev. W. Smythe, Milton.

The Countess of Aberdeen will come to this city during next week to be laid for 800, of whom about 50 will be the guest of honor at a luncheon to be given at the Cataract House by a party of Toronto women. Covers will be laid for 800, of whom about 50 will be titled women of England, her colonies and other European countries.

A NEW TORPEDO.

Some highly interesting experiments were recently carried on in the harbor of Antibes, France, with a new auto-dirigible torpedo, the secret of which is guarded with the most care. It is only known that this torpedo is driven by means of electric storage batteries, carried in a compartment located under the torpedo proper.

A man-of-war can carry three or four of these auto-dirigible torpedoes, placing them in the water at the point of attack, and start these terrible weapons scouring the sea in the vicinity. They become all the more terrible from the fact that their length does not exceed six feet, rendering them almost invisible to the enemy—they travel at high speed to dismay the crews of the enemy, whose nerves are kept strung to high tension by the possibility of entirely unforeseen danger.

Arthur Fortesque, an immigrant employed on the farm of J. R. Cote, in Chatham township, was seriously injured by a kick from a horse. It is not expected that he will recover.

Dutch Caps Now For Kidlets.

In Honor of Wilhelmína's Baby Mothers are Making Starched and Flaring Headgear for Their Children and Here's How to Make One.

A dainty Dutch fad has just reached the United States, and small maids are beginning to wear the cap that is characteristic of the pretty little girls in Holland. It is to be worn by the children in honor of Wilhelmína's baby, the new little Crown Princess. It is a charming compromise between the cap worn by the royal baby and the Volendam cap worn by Dutch matrons.

COVERS FOR 800.

The Countess of Aberdeen to be Guest at Luncheon.

Niagara Falls, June 17.—Her Excellency the Countess Aberdeen will come to this city during next week to be laid for 800, of whom about 50 will be the guest of honor at a luncheon to be given at the Cataract House by a party of Toronto women. Covers will be laid for 800, of whom about 50 will be titled women of England, her colonies and other European countries.

ST. JEROME COLLEGE.

Berlin, Ont., June 17.—The forty-fourth annual commencement exercises were held at St. Jerome's College yesterday, at which there was a large attendance. Among the distinguished guests were His Lordship Bishop Dowling, Mgr. Weber, Hon. W. L. M. King, Minister of Labor, and Dr. H. G. Lackner, M. P. P. The following clergy were also present: Revs. Father Donovan, Guelph; Arnold, Acton; Forster, New Germany; Arnold, Stratford; Englert, Hamilton; Lehman, Midway, and the local clergy.

POWER SCHEME.

Gatineau Development Company May Build Transmission Line.

Brockville, June 16.—The light and power commissioner had a visit this morning from W. Conroy of Aylmer, Que., representing a large power development company on the Gatineau, which is contemplating the erection of a transmission line to Brockville, taking in intermediate points. He believed the company could furnish Brockville with 20,000 horse power. The plant would have a capacity for 50,000 horse power. He was requested to submit his proposition in writing.

A MARATIME UNION.

Resolutions Passed by the Moncton Board of Trade.

Moncton, N. B., June 16.—At a meeting of the Moncton Board of Trade to-night a resolution was unanimously passed favoring a union of the Maritime Provinces into one Province. The chief arguments in favor of the scheme were the lessened cost of the machinery of government and the greater influence in the Federal Parliament. The board passed another resolution, unanimously favoring the construction of the Georgian Bay Canal by the Federal Government.

IMPERIAL LABOR EXCHANGES.

Mr. Winston Churchill to Discuss the Question With the Colonies.

London, June 16.—In the debate in the House of Commons to-day on the labor exchange bill, Mr. Winston Churchill said he proposed to discuss the matter with the self-governing colonies, with the object of seeing what information could be exchanged between the existing immigration offices and labor agencies of the colonies and the labor exchanges to be established here. There was no reason why a complete Imperial system of labor exchanges should not be established.

HAS SIXTY ACRE PARK.

Board Has Acquired the Holland A. White Property.

Will Offer \$1,200 For MacNab Burial Plot.

Point Hill People Want Improvements Made There.

By purchasing the Holland A. White property at the head of Mountain avenue south of High street, comprising nearly five acres, at a cost of \$9,000, the Parks Board last night practically completed the west end mountain side park scheme, and secured for the city complete control of sixty acres of land west of Queen street, right through to Chedoke. The mountain drive and park scheme is perhaps the largest problem the Board has tackled in the campaign for a greater parks system for Hamilton, and Mayor McLaren and the commissioners, who carried on the negotiations are well pleased with the result of their work.

The property purchased last night is the old Peter Brass home and grounds. When the city endeavored last year to get it the price quoted was \$15,000. The Parks Board considered this too high and bought a small strip to the north to make a right-of-way through to High street. This year Mayor McLaren succeeded in getting an option on the property for \$9,000. It is understood that the owner wished to withdraw this shortly after giving it.

"I think the city never got better value for its money," said his worship. "We have park and drive property now that cost the city about \$25,000. If it were \$100,000 I would not take \$50,000 for it to-day."

E. Fisher wrote to the Board suggesting that it undertake a park and drive-way scheme around the marsh and west end of the bay. With C. R. McCullough he looked this property over and is satisfied that the city could secure it at very low cost.

"Sounds like a New York scheme," said his worship. The other commissioners agreed that they could not take the matter up at this time if they got the property for nothing.

Mrs. Caroline French will be offered \$1,200 for the MacNab burial plot, all the Board considers the piece is worth. At the time the bodies of Sir Allan MacNab and other members of the family were removed from there Mrs. French asked \$2,500.

The Hamilton Playgrounds Association will be given a number of fixtures off the mountain park property to fix up the Hess street school grounds, where an experiment is to be made this summer with a supervised play ground.

Residents in the neighborhood of Point Hill asked that this spot be fixed up as a park. The secretary was instructed to ascertain the extent of the property and get other information.

Chairman Wild of the Works Committee pointed out that there was not nearly enough lights in the city parks. He thought there should be eight more arc lamps in Dundurn park. The board will wait until the power question is straightened out before asking for any more.

HOW IT CAN BE WORKED.

Estimates the People of Hamilton Should Keep In Mind.

One week from to-day the great campaign in the interest of the boys of Hamilton will begin. On that day, Thursday, June 24th, the Y. M. C. A. \$50,000 building fund, which the directors and a committee of Hamilton business men have decided to raise in one week, will begin to pile up. The process must be rapid. To raise \$50,000 in six working days will mean some hard work, but men who are not afraid of the labor. The building fund committee will have the assistance of ten collecting teams, each composed of ten men, with a captain, and the work will be done systematically, under the supervision of one of the greatest campaign experts of the age.

To raise \$50,000 in six days means an average of \$8,333 each day, but the first day should be far above the average. A thing well begun is half done. To inaugurate good days later on. The first day should see two days' average achieved. Mr. Robert Mills has already contributed \$5,000, including that amount how would it be to set \$20,000 as the first day's objective and divide the week up as follows:

Thursday, June 24 . . . \$ 30,000
Friday, June 25 . . . 24,000
Saturday, June 26th . . . 32,000
Monday, June 28th . . . 37,000
Tuesday, June 29th . . . 44,000
Wednesday, June 30th . . . 55,000
That would mean \$5,000 more than the amount we need, but no one could more than is needed. Halifax gave \$8,000 more than was asked for, and a New Hampshire, a city of smaller population than Hamilton, last week asked for a great deal larger sum and had a fine surplus. Hamilton should raise \$50,000 in addition to the \$5,000 Mr. Mills has already given, and the people have the money to do it. No one will admit that Mr. Robert Mills possesses one-tenth of all the giving capacity of Hamilton when Y. M. C. A. work has to be advanced.

WOMEN IN BALLOONS.

Inauguration Fete at Women's Club in Paris.

Paris, June 16.—All fashionable, artistic, and sporting Paris to-day attended an inauguration fete of the Stella Club, the women's aero club, at the Aero Club's park, at St. Cloud. Five balloons ascended. They were gaily decorated with flowers. Mme. Sureoff, President of the Stella Club, and pilot of the Cornflower, ascended first. This was her thirtieth ascent. Mme. Airlault, Secretary of the club, and Mlle. Tissot accompanied her. Their large hats caught in the ropes as the rising wind swayed the balloon, amusing the crowd of onlookers, until an extra gust sent the balloon in senicircles, wreaking havoc among the hats of the spectators. One after another, all the balloons departed, showering flowers on the people below.

ONE ON THE DOCTORS

Madame J. Rioux, St. Moise, Que., says: "Fruit-a-tives cured me of severe Liver Disease. Neither doctors nor any other remedy did me any good, but Fruit-a-tives promptly cured."

"Fruit-a-tives" always cure Liver Trouble, Biliousness and Constipation because they are directly on the liver. They stimulate the secretion of bile, which decreases the quantity of blood in the liver, and thus relieves the Congestion or Biliousness. With plenty of bile to move the bowels, there is an end to the constipation.

"Fruit-a-tives" are a positive cure for all troubles arising from a disordered liver.

"Fruit-a-tives" are the juices of apples, oranges, figs and prunes—prepared by a newly discovered process, and combined with valuable tonics and antiseptics. They are, without doubt, the most popular remedy in Canada to-day.

50c. a box, 6 for \$2.50, or trial box 25c. If you can't get "Fruit-a-tives" in your neighborhood, these wonderful tablets will be sent, postpaid, on receipt of price by addressing Fruit-a-tives Limited, Ottawa.

A MAN'S OUTFIT FOR EUROPE.

CLOTHES TO TAKE ALONG FOR A TRIP ABROAD.

Things That May be Carried in a Kit Bag and Yet Suffice for All Ordinary Need, Ranging From Dress Occasions to Mountain Climbing—The Luggage.

However practical her ideas may be there is rarely a woman who is willing to take to Europe with her only the garments that may be absolutely necessary. She will always want in addition enough things to look well, or as well as she can. There are few men on the other hand who go for a trip that is to be full of travel who are not satisfied with just enough to keep them clean and presentable.

That makes the problem for the man who is going abroad much easier than for the woman. He has only to get rid of everything not indispensable to him. Here is an outfit which will take a man through nicely. There is not enough to give him trouble with his baggage, and on the other hand he will not resemble the men who rush over Europe with two shirts to their name, one of dark grey flannel and the other of coffee colored pongee.

"Three suits of clothes will be sufficient for any man," a man who has not missed a European trip for years told a Sun reporter, "and I include among them an evening dress suit. So many persons who cross now wear evening dress on the steamer that some travellers are uncomfortable without it. Then for the theatre in London and for the opera there and in Paris it is indispensable. On the other hand you may travel through Germany and Italy and never feel the need of a swallowtail."

"I would never take a dinner coat. That does not constitute full dress according to European standards, and a dinner coat may not be half as useful as the regular evening coat. If you take either it should be the coat with the long tails."

"Then there should be two suits for travel, one a little heavier than the other and if possible older. It is folly to use a new suit for travelling on European railroads. After some hours of travel you can change to the other suit on arriving in a city where you make a stop."

"It is not a bad plan to have the light suit of flannel and the other of a tweed. I have known men who were keeping the allowance of clothes down to put in an extra pair of trousers for the coats, but that is not necessary, since there are almost as good facilities for having trousers pressed in Europe as here."

"The only other garment for outside use that the traveller need take is an overcoat, which will be most useful if it is long and loose and of rough goods that will not show the dust. This one overcoat is going to serve for all the uses that you may have for an outer garment. It will do for the opera in London or Paris and it will do as a wrap when the exigencies of the trip require a night's rest."

"This supply of clothing is enough. Men who do not expect to have use for a dress suit and are willing to take as their models the Englishmen who wander through the Opera in Paris wearing knickerbockers can dispense altogether with the dress suit. An average New Yorker will feel more comfortable with it."

"Two dress shirts will be sufficient. In addition to the dress shirts he will not need more than four other shirts, which had best be of the unstarred, bosom kind. These will get him through Europe, and so will eight collars, which can be laundered in the hotels at very cheap notice."

"Three suits of underwear will be enough. Six pairs of socks will suffice, and he needs one pair of heavy shoes and a pair of patent leathers for evening wear. My advice always is to take a pair of high tan shoes and a pair of high button patent leathers. Two white dress ties, three others, which are necessary only because dust from the Continental railroads is likely to settle in them, half a dozen handkerchiefs and two hats will complete the necessary articles for an altogether comfortable trip."

The hats, it was explained, should be of straw and of soft felt. The straw hat is even in London or Paris suitable for a traveller to wear with full dress in the evenings. There is always room to stick away a cap. Two pairs of pajamas will be sufficient to keep the traveller comfortable all summer."

"It may be said that to have recourse often to the hotel laundries is expensive," said this expert, "and it is so undoubtedly; but it is not as costly as paying for extra baggage at every point. There is nothing that I have mentioned here which may not be put into a kit bag. There is no free luggage now in Italy or Germany, and everything must be paid for that cannot be put into the brackets above the seats. So the use of a kit bag is an economy."

"It only takes a little more elbow grease to carry a bag and it means no end of freedom from worry and expense. The big kits are practical to carry and most men now use them in preference to bags of any other kind. They have done more than anything else to contribute to the comfort of travel, for they have made men realize that a trunk is not the only possible way to comfort."

Men who are going to do mountain climbing or to take special trips that require different dress need not add to the supply named here. They may leave out one pair of trousers if they are going to climb and put in knickerbockers. If they are going to spend a week or two on the Italian lakes, at Homburg or any of the watering places in which there may be demanded for more formal dress

EMPERORS MEET AT SEA.

Czar Boarded the Hohenzollern and Welcomed William.

Meeting Took Place in Secluded Spot Near Finland.

Russian Torpedo Boat Fired on British Steamer.

Viborg, Finland, June 17.—A British steamer has been fired upon by a Russian torpedo boat approaching too close to the bay on the Finnish coast where Emperor Nicholas and Emperor William are to meet to-day. The British steamer in question is the Northburg, Captain Robertson. She was hailed and fired upon last night off Virolahti, Island of Biorke. The projectile from the torpedo boat pierced a steam pipe, and one member of the crew of the English vessel was wounded. The incident shows the extreme nervousness for the safety of Emperor Nicholas, even at sea. Russian torpedo boats have been patrolling Pitkips Bay, the rendezvous of the two emperors, and it was one of these guard vessels that fired on the British ship.

# THE WOMEN OF THE NATIONS.

## Lady Aberdeen Presides Over Toronto Convention—Greetings From Many Lands.

Toronto, June 17.—Glancing around Convocation Hall last night, when the first great meeting in connection with the Quinquennial Council of the Women of the Nations was in progress, it was impossible to avoid being struck by the representation of a great force which is working for the amity of nations and the uplifting of mankind. To the new world must be given the credit for the birth of the movement. It was in 1888, in the capital of the republic to the south, that a few earnest women, appalled by the vastness of the problems of modern society, formed themselves in an organization with the object of doing something to ameliorate the stress and pressure arising from a materialistic age. Their motto was the noblest, for it was the golden rule, "Do unto others as you would that they should do unto you." Amplified, their creed as set forth in the preamble of the constitution is: "We, women of all nations, sincerely believing that the best good of humanity will be advanced by greater unity of thought, sympathy and purpose, and that an organized movement of women will best conserve the highest good of the family and of the State, do hereby band ourselves in a confederation of workers to further the application of the golden rule to society, custom and law."

The aspiration is a grand one, and it has been adopted by the women of nation after nation, until now not only the women of the whole civilized world embraced, but there is a reaching out into the darkness of Asia.

### TRIUMPHS PAST AND FUTURE.

And now Toronto has been chosen for the holding of the fourth quinquennial gathering, and—such accomplishments having been placed upon the record—it is not surprising that the note struck at Convocation Hall last night was one of thankfulness for past triumphs and hope for greater triumphs in the future. Lady Aberdeen, whose confession of love for Canada cannot be more sincere than the appreciation of Canadians for a lady who has used her high social position to assist in the direction of great forces for good, put it simply and truly in her presidential address. The International Council of Women have brought the women of the nations to know each other, to appreciate each other's difficulties, and thereby have made a contribution towards the civilization of mankind incalculable in its far-reaching through the generations to come.

Lady Aberdeen on her arrival was accorded a very warm welcome. By the Canadians it was the welcome of a home-coming, and by the other delegates the welcome conveyed appreciation of a great work.

### AT CONVOCATION HALL.

Lady Aberdeen was accompanied by His Honor the Lieutenant-Governor and Mayor Oliver, and among those also on the platform were: Lady Edgar; Mrs. Sanford, Treasurer; Mrs. Ogilvie Gordon, Corresponding Secretary; Mrs. May Wright Sewall; Frau Stritt; Madlle. Popelin, President Belgium N. C.; the Marchesa Bourbon de Monte (proxy for President of Italy N. C.); Fraulein Dr. Alice Salomon (proxy for President of Germany N. C.); Frouken Anna Buch (proxy for President of Denmark N. C.); Frouken Dr. Skoglund (proxy for President of Sweden N. C.); Frau Hainisch, President of Austria N. C.; Mrs. Edwin Gray, President of Council of Great Britain and Ireland; Frouken Kragner (proxy for President of Hungary Council); Miss Baelde, President of Council of the Netherlands; Miss Dobson, President of Australasian Council; Mrs. Oliver, Mrs. Gibson, Sir Wm. Thompson.

### FROM CANADA'S WOMEN.

Lady Edgar, President of the Canadian National Council, delivered the first address of welcome. "We appeal to Thee, Almighty Father," she said, recognizing the need of the help of the Omnipotent, "and we thank Thee for the guidance which Thou hast given. The help of others is our privilege, we proceeded, and then she drew attention to the cosmopolitan nature of the gathering, fitly held in a city the name of which, in the Indian tongue, meant "a meeting place."

"Great in mind, noble in character, she has at once the good of the world and the good of her sex," said Lady Edgar, in reference to Lady Aberdeen, whose return to Canada they all welcomed.

### A BEAUTIFUL RELIGION.

Mayor Oliver referred to Toronto's reputation as a convention city, but seldom indeed had he, or those who had preceded him in office, welcomed such a representative body of the nations of the world, actuated by a desire to relieve necessity and the trouble of mankind. The advancement of humanity was their motto, constituting a beautiful religion, and one which, if lived up to, would do much for the world. Their difficulties were great, but a glance at the past would show how great were the difficulties which had been overcome by their perseverance, and from those victories they could take heart for the future.

Proceeding, the Mayor paid a tribute to Lady Aberdeen, who during her sojourn in Canada had won the love of all classes, and who had crowned a career of self-sacrifice by the foundation of the Victoria Order of Nurses, in which her successors in high office had taken the deepest interest.

### A GREAT WORK.

Ontario welcomed the delegates through His Honor the Lieutenant-Governor. It was a privilege, he considered, to do so. The opportunity was not often afforded of seeing such a representative and such a large gathering of ladies. Never was any body of ladies in better fettle for doing it, and, therefore, great results might be expected. Especially did the people of Canada welcome back Lady Aberdeen. She was so prominent, when a Canadian for the time being, in good work, in restless zeal for the benefit of her fellow-beings, that an impress was made which never could be wiped out. Therefore the welcome was not a formal one, but the expression of the feelings, a chorus of welcome, of the whole people.

If she never did anything else, her present crusade against tuberculosis should immortalize her in the hearts of the people of the world. It was a movement which was bound to bring great results, and the advancement of the cause must be accorded a welcome. Canada had progressed somewhat, but so great was the scourge that they needed the help of all in prominent positions to make a world movement to offer combat to the white plague. He hoped that not only would the conference result in enjoyment, but benefit.

### LADY ABERDEEN'S ADDRESS.

Warm indeed was the welcome accorded Lady Aberdeen. Since the International Council had landed in Canada, she said, they had been the recipients of many welcomes, and Canada had certainly maintained her reputation for hospitality. Their ideas of what their gathering might mean had been considerably broadened, but still they were only beginning to realize what the many opportunities their gathering afforded for cementing international friendships night mean.

From Government, municipalities, and from the women of the country they welcome had been warm, and at last they had arrived at the Queen City and been provided with such a beautiful meeting place by the university. Their gratitude was deep for the confidence expressed and for the words of welcome spoken. "I think," she said, "that I may say we shall be peaceable subjects, and hope that our stay may bring some good in quickening the forces which make for peace and righteousness." Lady Edgar had struck a personal note in her words of welcome, which had awakened a deep response. "I feel," she said, "very much like an old mother coming back after a very long separation from a dear daughter and finding her surrounded by her children in the bloom and vigor of youth."

It was her privilege to welcome them to the fourth quinquennial meeting, to celebrate their coming of age, and their arrival at the time when the world had the right to expect them to show proof of what stuff they were made, and what is likely to be their contribution to the life of mankind.

"My friends," she proceeded, "I believe you will support me when I say that we are ready to answer for the faith that is in us, and that we as a Council return to the continent of our birth ready to meet those who yet remain of the little band of farseeing women who watched over our cradle in 1888, and who have been and to tell them that their confidence was not misplaced."

They rejoiced to think that there were still some of the pioneers present, particularly their Honorary President, Mrs. May Sewall. At the end of twenty-one years the Council now represented worldwide organization. Last year at Geneva an ovation was offered to their venerable President, Madame Anna de Philosofoff, the pioneer of women's university education in Russia. Again and again she and her colleagues had been hailed, but at last success had come and a National Council had been formed in that empire. Only since her arrival in Toronto she had received a telegram of greeting from Madame Philosofoff, and those greetings, she was sure, they would all wish to return.

"Last April," Lady Aberdeen said, "I was asked to go to Turkey to address a meeting of Turkish women with a view to inaugurating a Council, and although the time proved not opportune, yet the request fore-shadowed a movement which will in due time touch with yet another of the world's ancient peoples. The health report which has reached us from Egypt is another indication, whilst the movement for federation in South Africa also indicates that the opportune moment for the formation of a Council there is not far off."

She expressed their indebtedness to Mrs. W. E. Sanford for her work in India, and alluded to the progress of the work in Europe.

"But," she added, "it is not so much by growth in size and numbers that we must now judge of our real growth, and development of our Council. Indeed, we may grow smaller in numbers and yet be stronger in reality."

"Now having proved that we are truly representative of the women workers of the world, and that within our various Councils we have gathered organizations of women of all races, creeds, classes, and parties—what is the outcome? What do we stand for? What practical contribution can we offer to conserve the highest good of the family and the State?"

"To this challenge I think the answer of the National Council here gathered together will come clear and strong. You, women of Canada, who are most numerous, are represented, has your National Council brought together the workers for public good in your various Provinces in a way which they never dream possible before? Do they not understand each other's difficulties and needs, various as they are in this vast Dominion, in a manner which induces them to stand together for common action, and also at times to adopt the more difficult attitude of refraining from action for the sake of one another? Has not one movement after another been initiated and launched into being with certainty of good results, because supported by all Institutions and their members have been brought into a larger life in realizing their true relationship to their own country and to the world, and it is not possible for any body of workers to isolate themselves from the great forces making for the peace and righteousness of the universe?"

Their answer to that question must be in the affirmative, and the reason for their success was because they were wedded to no propaganda, imposed no restrictions or shibboleths. It was because they welcomed all to their sisterhood that they were strong to help forward all that tended to the good of mankind by the magic power of the greatest thing in the world, the Golden Rule.

"Their Council was indeed the strongest peace society that existed, for 'if the homes of the different countries of

### AN EQUAL MORAL STANDARD.

"The attitude of our Council in support of an equal moral standard and its strenuous determination to combat the iniquitous white slave traffic is so much a matter of course as a consequence of our central principle that I need do no more than mention it. But these are subjects which should weigh heavily on the hearts of all. Moreover, we believe ourselves to be the most powerful witnesses in favor of extending the suffrage to women that exist. We imposed the support of this movement on no country averse to it, although as an international Council we advocate its strenuous support, and the work of the organizations of women belonging to us in all lands, proves the justice of the demand."

In conclusion, Lady Aberdeen said that as long as they clung to the sheet anchor of their motive the spiritual force behind their work would surely work miracles of which they did not dream.

Greetings from Halifax to Vancouver were read by Mrs. Willoughby Cummings.

### GREETINGS FROM THE NATIONS.

Germany was the first to respond in the person of Frau Stritt, Vice-President of the Council. She told how the women of Germany had followed with the heartiest sympathy the work of the Council, and practical proof of that interest was given by the presence of twenty delegates while many others in their hearts were with them.

The message for the United States was conveyed by Mrs. Mary Barrett. She spoke for the oldest daughter of the International Council and no daughter would ever be more loyal to a worthy mother than the United States Council to the International Council.

"Born in the south, it was only through the International Council that I learned to know the women of the west and north."

"Learn to know your own women, the women of Canada, and then you will learn to know and love all women better," said Mrs. Barrett.

"It is a sad thing to me," said Mrs. May Wright Sewall, "that the greater women who have toiled are not with us." They regretted that those pioneers should not be present in the flesh, although they did not believe that their activities had been stayed by death, but their influence would be felt and grow through the passing decades. When she heard of 30,000 Americans coming to Canada she felt no sorrow, for they were only taking the place of the 30,000 Canadians who had gone to the United States, and she felt no flux population that the bond of unity would grow.

A message for the raising of the whole of mankind was brought from Sweden by Frouken Skoglund; warm greeting from Austria by Frau Hainisch, from the Netherlands by Miss Baelde, who said "Large as they are, of all the Canadian women, not that I mean the hearts of the men who have such work to do, I would tell my people that the hearts of the Canadians are like reception halls, full of light and joy."

Thanks for a warm welcome were expressed by the Marchesa de Bourbon, half of Italy. "Long live glorious Canada," they all said.

The same appreciation ran through the address of Mrs. Edwin Gray, president of the British Council. They were being made pro-oides of the Greater Britain, and learning to appreciate the aspirations of Canadians as well as their difficulties.

"From olden times the craving to travel far has been in our blood, and a progressive country was too great a temptation, although we are so far away," said Frouken Finn Krog, representative of Norway, "and so we are here a full delegation."

Proudly Mme. Popelin (Belgium) asserted the equality of the sexes and the fight which was made on behalf of the women, while at the same time she congratulated Canadian women on their progress, and joined with others in her thanks for the welcome which had been extended.

From the antipodes, Mrs. Baker,

speaking for Australasia, added to the chorus of thanks, saying that although they had travelled far, yet they were at home. She suggested that the journey might be continued next year, and Australia made their meeting place.

### THE WHITE SLAVE TRAFFIC.

While a sociable buzz pervaded the corridors, rest room and information bureau, several meetings of international standing committees were already in progress.

The committees on "Peace and Arbitration," "Laws Concerning the Legal Position of Women" and "The White Slave Traffic" met in university class rooms, about fifty ladies being present at each. The chairman at the last named was Frouken Elizabeth Gad, of Copenhagen, who, after thirty-five years of school work, gave up her position as head mistress of a higher girls' school to devote her time mainly to philanthropy. She is honorary treasurer of the Danish National Committee for the Suppression of the White Slave Traffic.

Frouken Gad showed herself mistress of the situation as chairman of an international meeting by her use of several different languages.

Mrs. Hattie Stevens, of Toronto, reporting on conditions here, said that many young girls were lured to this city by false advertisements, giving addresses of houses of ill-repute, but that a woman agent was employed by the society to rescue the most young girls at the Union Station and warn them against certain addresses.

"The white slave traffic," said Frouken Gad, "had a very quiet and agreeable existence until the latter part of the nineteenth century. Girls of twelve years were sent for the most horrid of all purposes. But now, through the agency of reformers, the capitals of Europe are awakening."

Frouken Gad also stated that of the fallen girls of America only twenty per cent had been found to be so by indignation, eighty per cent having been tricked, bought or threatened.

Fraulein Bertha Pappenheim, a Jewish lady, who has been in almost every European country in the interest of the suppression of the white slave traffic, also spoke at this meeting.

### THE COMMITTEE ON SUFFRAGE.

The meeting of the standing committee on "Women's Suffrage and Rights of Citizenship," at 4 o'clock in the afternoon, was an enthusiastic one. Rev. Dr. Anna Howard Shaw, an ordained clergywoman of the Methodist Church in the United States, and an evident favorite with her committee, is the convenor, and took the chair. She called on the representatives of the different countries for reports and advice as to methods.

Mrs. Rachel Foster Avery, speaking for the United States, said that the councils of her country were so convinced of the necessity of the suffrage that no means were needed to make them more so, and she therefore had no suggestions to offer.

Dr. Stowe-Gullen reported for Canada, and Frau Stritt, President of the German National Council, for Germany, saying she had come here to learn, as very little had been done in Germany. They had made progress, however, as the bad law forbidding women to take part in meetings and political institutions had been repealed. Their council had taken up the voting question unanimously.

Frouken Torstensohn said that in Sweden a bill for women's suffrage had been passed in the Second Chamber, but was thrown out in that corresponding to the House of Lords.

Frouken Buch, of Denmark, stated that in her country women had this year in March voted for the first time in municipal affairs.

Dr. Murdoch, of England, read the report of Mrs. Fawcett, on the suffragette campaign in England, in the course of which it was said that the suffragists believed that even the opposition of influential people was beneficial, as it provoked discussion.

### MISS CHRYSAL MACMILLAN.

At this point the convenor begged to introduce Miss Chrysal Macmillan, who was in the audience, and who was one of the two Scottish graduates who pleaded before the House of Lords for the right of all graduates under the existing law to vote at parliamentary elections.

Miss Macmillan received an ovation, and rising, said that she did not think the report quite gave an idea of the enthusiasm in her country for the suffrage.

"Our battle is over," said Mrs. Gough, of Melbourne, Australia. "We have the privilege of one woman one vote."

"We only hope," said Frouken Hansen, of Norway, speaking of the granting of the vote in that country, "that our example may be a good one for all other countries."

# LOST CHARTER.

## CABINET DECISION IN DUFFERIN TRACK CHARTER.

The Order-in-Council Will be Signed To-day and Will Go Into Effect Immediately—The Grounds for Decision.

Toronto, June 17.—The charter of the York Riding and Driving Club, now operating race meets at Dufferin Park, will be cancelled under Provincial order in Council to-day. The cancellation will go into effect at once.

The report of the Ministers who conducted the investigation, Hon. Messrs. Hanna and Foy, was, it is understood, submitted to the Cabinet yesterday by the Attorney-General and adopted. As indicated, it recommended immediate cancellation. The document is believed to be quite an extensive one, and deals in detail with all points raised. Hon. Mr. Foy, it is said, finds that the charter was absolutely non-operative for seven years preceding 1902, and holds that the Government of that year, by accepting the annual returns and fees for the seven years at one settlement, waived the penalty clause of \$20 per day, but did not estop forfeiture of the charter under section 21 of the act. He further, it is reported, questions the bona fide corporate existence of the company from the character of the annual returns since that date, and directs attention to the fact that the Government had no official knowledge of the operations of last year under the charter. The question of the bona fides of the capitalization of the company was, it is understood, adversely analyzed by the Attorney-General.

No official announcement of the Government's decision could be obtained last night, owing to the fact that the cancellation order has not yet received the signature of His Honor the Lieutenant-Governor. This, however, will be affixed to-day, when all operations under the defunct charter will necessarily cease immediately.

It is reported that the Attorney-General in conducting further investigations relative to other alleged betting and illegal operations said to be carried on under other charters. When asked concerning them, however, Sir James Whitney said that no public statement could yet be made.

What Rufus Harris Says of Dodd's Kidney Pills.

After Trying Five Doctors for His Kidney Disease He Found Relief in the Great Canadian Kidney Remedy.

Hurdville, Ont., June 16.—(Special)—After trying five doctors for Kidney Trouble, from which I had suffered for three years, I find that Dodd's Kidney Pills relieve me best of all. If I keep on feeling as I have since I began taking Dodd's Kidney Pills, I shall be well pleased and I am hoping they will cure me."

So says Rufus Harris, well known in this village. "I had stiffness in the joints," he continues, "cramps in the muscles, backache and was heavy and sleepy after meals. I was depressed and low spirited, perspired freely, was often dizzy and always thirsty, but since taking Dodd's Kidney Pills I am feeling very good."

If you have any of the symptoms Mr. Harris tells us of, it is time for you to beware. They are the symptoms of Kidney Disease and may be the forerunners of Rheumatism, Dropsy, Lumbago, Heart Disease, or even the dread Bright's Disease itself. Take warning and guard against suffering or even death itself by putting the Kidneys in good working order with Dodd's Kidney Pills.

# PICTURES RETURNED

Thief, Becoming Frightened, Gave Them to Priest.

Quebec, June 16.—The two rare and valuable oil paintings stolen from Laval University picture gallery, "The Gambiers" and "The Drinkers," worth \$3,000 each, have been returned. The theft was committed on Monday afternoon last, but the loss was not discovered until late the same evening. It was naturally surmised that a dishonest connoisseur removed the paintings from their frames, but the city detectives have now reason to assure the thief was a countryman or inhabitant, who had no conception of the value of the oil treasures. They were on the track of a man who had offered the stolen property for sale in a downtown saloon, but were called off the trail.

The pictures were carried into Laval University this afternoon by an aged priest, and all that the clergy would give out was that the pictures had been given to the priest by the man who took them to return. It is thought that the thief became frightened when he heard of the value of the paintings, and also learning that the police were on his track, hastened to give them up, and did so through the medium of a priest.

The distance is 1,800 miles in a bee line, but as the conversations were carried on by way of Berlin, the length of the wire used was considerably more. It is claimed that this is the distance record.

ANNUAL OF CENTENARY.

Methodist Church Raised About \$22,000 During Year.

Will Undertake Financial Responsibility of Garth Mission.

Special Efforts For Missions Was a Successful One.

The annual meeting of Centenary Methodist Church was held last evening in the Sunday school, and a large number were present.

Mr. Lazier called for discussion in regard to the reports, but very few questions were asked, and they were satisfactorily answered.

The report of the Sunday school was very encouraging, and a large increase has resulted from a membership contest, in which the whole school took part.

The report of the deacons was as follows: Canvassing calls, 700; missionary and parish calls, 703; calls upon the sick, 91; business calls, 96; calls received at the home, 35; total number of calls, 1,625; magazines and books distributed, 187; new garments distributed, 161; articles of bedding distributed, 12; articles of furniture distributed, 9; families supplied with food, 30; jars of fruit distributed, 17; delicacies for sick distributed, 1,025; magazines and books distributed, 9; families supplied with fuel, 11; emergency money spent, \$143.11; persons for whom work was secured, 9; number of times teaching in Sunday school, 33; number of times teaching Mission Band, 9; special meetings attended, 7; meetings led, 10; meetings addressed on Deacons work, 9; hours spent in nursing, 19; letters, written, 116. The receipts were \$400.95 and disbursements \$398.05, leaving a balance of \$2.90.

The quarterly board receipts amounted to \$3,935.57, and the disbursements to \$3,948.17, leaving a balance of \$87.40.

The Mission Band receipts amounted to \$236.93; expenditures to \$233.79.

The financial summary is as follows: Trustee Board \$5,432.47; Debt and improvement fund \$3,721.97; Ladies Aid Society \$31.81; Superannuation fund \$410.88; Educational fund \$476.00; Poor fund \$236.41; Fireside Club \$198.11; Literary Society \$12.00; Adana sufferers fund \$31.81; Quarterly Board \$3,935.57; Missionary fund \$2,369.14; Woman's Missionary Auxiliary \$1,117.54; Mission Circle \$190.05; Mission Band \$186.84; Sunday School \$936.99; Deacons Aid Society \$265.89.

The church membership report, submitted by F. M. Robinson, clerk of the roll, was as follows: Received by profession of faith, 45; by letter, 84; total, 129. Removed by death, 17; by removal and other causes, 54; total, 71.

The present membership is 810, or an increase for the year of 58.

RUSSIA'S YELLOW PERIL.

Siberian Districts Overrun by Thousands of Koreans and Chinese.

St. Petersburg, June 16.—A bill has been introduced in the Duma providing that measures be taken against the influx of Koreans and Chinese, and other aliens in the Amur district.

Ten thousand skilled workers threaten to go on strike in Pittsburgh at the end of this month.

WHITE SLAVERY.

Montreal Third City in America in the Traffic.

Washington, D.C., June 15.—Secretary Nagle is determined to stamp out the white slave traffic in this country and to this end he has reinforced the small army of special agents which is engaged in running down the slave dealers.

During the fiscal year ending June 30th, 1908, the Government arrested and deported 118 girls and 12 of the "dealers." In January, February and March of this year 82 young women were deported, together with 15 "dealers."

DEATH OF J. E. SCOTT.

An Old Resident of Dunnville and Former Government Official.

Dunnville, June 16.—Mr. John E. Scott, a life-long resident of this vicinity, dropped dead about 7 o'clock this evening, apoplexy being the cause assigned. In early life he was associated in business with the late Senator McCallum, and the piers at Port Macdonald, at Burlington Beach, and other important works. In 1871 he was appointed Superintendent of Government Works at Dunnville, a position he held until a year ago, when he was superannuated, and received the Imperial long-service medal. He was a Mason for over 50 years, and a member of the Anglican Church. He is survived by a widow and three children.

RETAIL MERCHANTS.

Tenth Annual Convention Opened at Brockville.

Brockville, June 16.—The tenth annual convention of the Retail Merchants' Association opened here to-day. During the afternoon the visitors engaged in committee work, and later were given a drive about the town.

At a public meeting this evening the general speeches were that the Dominion Government should appoint a Trade Commission, on lines similar to the organization of the Railway Commission. Secretary E. M. Trower, Toronto, scored the Ontario Government for allowing an organized body of peddlers with headquarters at Hamilton on the last day of the session, giving them rights and privileges that were denied the Canadian retail merchants.

U. S. INCOME TAX.

President Taft Advocates Some Radical Changes in Constitution.

Washington, June 16.—President Taft's expected message advocating the imposition of a two per cent. tax on the net incomes of corporations, and recommending the adoption of a joint resolution submitting to the people of the States the question of amending the constitution to permit a tax to be levied on the incomes of individuals, was sent to the Senate to-day.

SUBSIDIARY NAVY.

Australia Would Undertake to Police the Pacific.

Melbourne, June 16.—Colonel Foxton, Australia's delegate to the Defence Conference, sailed to-day. He is authorized to discuss alternatives to the gift of Broadmead, including the provision of a great naval base for the imperial navy at a great Australian port, and the assumption by the Australian navy of full responsibility for policing the Pacific.

AT CARLISLE.

The funeral of Mrs. Joseph Mills took place on Sunday, June 6. Mrs. Mills had been a great sufferer for many weeks, and death came to her relief on June 4.

At Rosthern, Sask., the coroner's jury which has been investigating the death of Mrs. Dyck, the wife of a foreign settler, has brought in a verdict that death was due to neglect through treatment given her by a man known as Dr. Rolph, and his wife, of this village. They will be arrested.

TIMES PATTERNS.

A SIMPLE, DESIRABLE BLOUSE SUIT.

No. 8455.—Boy's suit with knickerbockers. The simple lines of this model will appeal to every home dressmaker.

Address "Pattern Department," Times Office, Hamilton.

It will take several days before you can get pattern.

At St. Andrew's Church, King street, Toronto, the marriage of Miss Eileen Nisora, only child of the Hon. Lyman Melvin Jones and Mrs. Jones, to the Rev. T. Crawford Brown, pastor of St. Andrew's, took place yesterday afternoon before a large and fashionable assemblage. The decorations were of the most elaborate design, and were carried out in masses of marigolds, palms and smilax. The church screen was covered with a hanging curtain of smilax, with masses of marigolds, looped back to allow the bridal party to pass under the arch. All down the centre were festoons of silken ropes, and a succession of arches, under which the procession advanced, and the chancel steps, where a gate of flowers was opened for the procession. The service was fully choral, with surpliced choir, and Dr. Anderson presided at the organ. A book with the service complete was ready for each guest. Mr. George Dixon sang a beautiful solo.

Watery Blood Nerves are Weak Face is Pallid You Lack Strength You Look Sickly.

Until You Ironize and Fortify the Blood There's No Hope of Cure.

Thousands of tired workers need the invigoration, the strength, the nerve-force which Ferruzone can supply. Ferruzone imparts strength because it nourishes.

Once the blood is vitalized, its tonic influence is circulated to every nook and corner of the body, carrying new life with it.

The hundred thousand dollars received by the Government from the G. I. R. Company for a site for the company's new million dollar hotel in Major's Hill Park, Ottawa, will be applied by the Ottawa Improvement Commission in converting Napan Point embankment into a public park and driveway.

SHE SWORE AT SERVANTS

So Says a Former Employee of Mr. and Mrs. Gould.

Had to Leave, Could Not Endure Abuse, He Testifies.

Mr. Shearn Says He Has at Least 50 Witnesses in Rebuttal.

New York, June 16.—Howard Gould did not go on the stand to-day, as had been expected, to testify against his wife, Katherine Clemmons Gould, whose suit for separation he is opposing. Instead there was a continuation of servants' gossip, accounts by menials of their former mistress' eccentricities, humiliating details, as sworn to on the stand, of Mrs. Gould's alleged fondness for alcohol and her manner at such times, when what the witnesses said was influence of liquor brought from her lips remarks that are, to say the least, ill-suited to a woman's tongue.

Indications are that the plaintiff must endure for another day, possibly for two, the embarrassing ordeal of listening to the testimony of former servants, all of whom have been called at the instance of her husband to sustain, if possible, his contention that living with his wife was impracticable and decidedly unpleasant, hence that the charge of abandonment, the mainstay of Mrs. Gould's case, is not borne out.

As several other witnesses are to be called by the defence, announcement was made by Justice Dowling just before adjournment of the case in the Supreme Court to-day that late sessions will be held during the remainder of the week.

What Katherine Clemmons Gould heard to-day was but a reiteration, and in some respects an amplification of yesterday's testimony, the basis of which was that at various times at the great Long Island show place, Castle Gould, she had, according to the witnesses, been intoxicated, had abused menials, given arbitrary and unreasonable commands to the servants and had used rather severe language in altercations with her husband.

Cochman, gardener, chambermaid and other servants went on the stand and swore to the demeanor of the woman who used to give them orders. An occasion when she would have fallen from her carriage but for the protecting arm of a coachman, an attempt of her to drive through a closed gate, a falling which intoxicated, as he testified, were among the things alleged as Long Island rustic or former servant went on and passed from the witness stand.

Said She Swore at Servants. A carpenter, Herbert Trotter, was the last witness of the day. He said that once, when he was working in the servants' quarters, Mrs. Gould rushed in and swore at and abused the servants. "Her voice was shaky and incoherent, her hair disheveled, and she was very profane. She was decidedly drunk," said the witness.

Trotter said he saw Mrs. Gould intoxicated at Blue Gap farm, the Gould place in Virginia.

"One night she came in from driving drunk," said the witness, "and began to abuse me and a man named Tony. She said to me she wanted the big seven-foot ball clock moved, and I told her I would have to get help, and she said: 'Why, I can move it myself.' She was staggering drunk. She grabbed the heavy clock and both she and the clock fell against the wall together."

Trotter said he refused finally to work at the Blue Gap farm on account of Mrs. Gould's abuse, and testified that Mrs. Gould was only "occasionally intoxicated," during her stay of ten days at the Blue Gap farm, when he was there.

"You mean not as often as at Castle Gould," queried Mr. Shearn on cross-examination.

"Yes."

"How many times do you think she was intoxicated during that ten days?"

"DRUNK EVERY OTHER DAY." "Every other day." The witness testified that Mrs. Gould once fell off her chair, when intoxicated, and for several days at a time at Castle Gould seemed to be drinking all the time.

Referring to the time when Trotter said Mrs. Gould fell off a chair and lay on the floor helpless, Mr. Shearn pointed his finger at the witness and shouted:

"Did not you put something in Mrs. Gould's coffee that night at Blue Gap farm?"

"I certainly did not."

"Don't you recall that Mrs. Gould accused you of poisoning her at Blue Gap farm?"

"I certainly do not."

Could adjourned at 10:30 o'clock to-morrow morning after Trotter left the stand. After adjournment Mrs. Gould's counsel argued a motion in another part of the Supreme Court for \$20,000 counsel fees and \$3,900 for extra expenses. Mr. Gould's lawyer opposed the motion. The court will take the matter under consideration and decide whether the allowance of \$6,000 granted some time ago by Justice Bischoff is sufficient to recompense Mr. Shearn for his services.

In his argument Mr. Shearn made it clear that the Gould trial will continue at least a week. He declared that he had 50 witnesses in rebuttal.

STRIKE LEADERS BUSY. Outcome of Trouble in Hawaii is Still Uncertain.

Honolulu, June 16.—The four editors of a Japanese newspaper and several others of the seventeen Japanese arrested last Saturday and yesterday on indictments growing out of the strike of sugar plantation laborers, were released on bail to-day and their preliminary hearings set to begin on June 18.

The situation remained virtually unchanged to-day. No attempt was made by the striking laborers to interfere with such of their countrymen as have returned to work. Many conferences were held between the delegates from bodies of strikers from various parts of the islands, but what plans the strike leaders agreed on were not made known.

Teas may come, and teas may go, but "Salada" goes on slowly, but surely, winning its way into the homes of millions of satisfied users.

10,000 WILL STRIKE

In Endeavor to Prevent Introduction of Open-Shop System.

Pittsburg, June 16.—More than 10,000 skilled workmen, members of the Amalgamated Association of Iron, Steel and Tin Workers, who are employed by the American Sheet and Tin Plate Company, a subsidiary of the United States Steel Corporation, will quit work on the night of June 30, at which time the open-shop order of the company becomes effective. President P. J. McArdie, of the Amalgamated Association, says that it has been decided to make every possible resistance to all efforts to carry out that policy.

Welland Liberals. Welland, June 15.—The following officers of the Welland County Reform Association were elected to-day: President, J. H. Crow; Welland; First Vice-President, C. D. Emmett; Stamford; Second Vice-President, John Low; Niagara Falls; secretary, D. B. White, Niagara Falls; treasurer, V. H. Robinson, Niagara Falls South.

Anglican Synod. Toronto, June 15.—The important business of the morning session of the Anglican Synod was the granting of \$1,200 to Bishop Sweeney to allow him to retain the services of Bishop Reeve. In the afternoon the disbursement of a deficit of \$1,800 by the Diocesan Mission Board caused a blistering two hours' debate. A clause passed by the Synod of 1901 making the payment of Canadian missionaries dependent on length rather than efficiency of service stirred some delegates to candor before it was repealed.

You can truthfully say of onions and mint drops that they are not to be mentioned in the same breath.

fed cattle about steady; medium catter easier. All other classes sold at about the same quotations.

SUGAR MARKET. St. Lawrence sugars are quoted as follows: Granulated, \$4.50 per cwt., in barrels, and No. 1 golden, \$4.30 per cwt., in barrels. These prices are for delivery here. Car lots 5c less. In 100-lb. bags prices are 5c less.

OTHER MARKETS. WINTER WHEAT MARKET. Wheat—July \$1.20 3-4, October \$1.06 1-2 bid. Oats—July 55 1-2c, October 38 1-2c bid.

BRITISH CATTLE MARKETS. London cables for cattle are steady, at 13 1-2 to 14 1-4c per lb. for Canadian steers, dressed weight; refrigerator beef is quoted at 10 3-8 to 10 5-8c per lb.

NEW YORK SUGAR MARKET. Sugar, raw, easy; fair refining, 3.36c to 3.42c; centrifugal, 96 test, 3.86c to 3.92c; molasses sugar, 3.17c; refined, quiet.

THE CHEESE MARKET. Madoc, Ont.—735 boxes cheese boarded, all sold at 11 9-16c to 11 5-8c. Woodstock, Ont.—To-day 725 white, 2,600 colored; sales at 11 9-16c. Peterboro, Ont.—To-day 4,127 boxes boarded; all sold at 11 3-4c.

MONTREAL LIVE STOCK. Montreal—About 475 head of butcher's cattle, 1,165 calves, 129 milch cows, 450 sheep and lambs, and 460 fat hogs were offered for sale at the east end abattoir this forenoon. Good cattle were not too plentiful and brought firm rates, but the grass-fed stock were rather numerous and some of them brought low figures. Some heifers sold at 5 3-4 to 6 1-4c per pound, but they were not extra; pretty good animals sold at 4 1-2 to 5 3-4c; grassers at 2 3-4 to 4 1-4c per pound. There were some superior milch cows on the market that sold at \$55 to \$60 each, the others sold at \$25 to \$50 each. Calves sold at \$2.50 to \$10 each, or 3 1-2 to 8c per pound. Sheep sold at 4 to 5c per pound; lambs at from \$3.50 to \$6 each. Good lots of fat hogs sold at about 8 1-4 to 9c per pound; old hogs at 6c per pound.

THE GILLESPIE LIMIT. Fifteen parcels of land on the Gillespie limit have been disposed of by the Ontario Government, and as a result the Provincial Treasury will be enriched by \$7,643. The land has been sold by tender, and cheques for 10 per cent of the amount to be paid for each block of land accompanied the tender. The balance must be paid within twenty days of the formal acceptance of the offer.

The Government advertised for sale 870 acres of land on the now famous limit, in 38 separate parcels, of approximately 20 acres apiece. When the time for receiving the tenders expired on Tuesday last 116 offers had been received. Of these the Minister of Lands, Forests and Game and his officers saw fit to reject all but fifteen, chiefly for the reason that the prices offered were considered to be too small. In all 323.47 acres have been disposed of to the highest bidder.

HORSE MARKET. West Toronto.—There has been a decided improvement in the market for horses so far this week. Between Monday and to-day's sales about 125 horses of all grades were handled. Better quality helped to make prices strong and firm, and there was an advance over the last quotations of \$10 to \$25. Some extra fine drivers were sold to-day and the heavy draught horses were also in many cases very fine specimens. Most of the shipments have been made to different points in Ontario. Western buyers were also on the market and have not yet completed their week. General range of prices were as follows: Heavy draughts, \$180 to \$215; general purpose, \$140 to \$180; express and wagon horses, \$150 to \$200; drivers, \$100 to \$170; serviceably-sound, \$40 to \$85.

LONDON STOCK MARKET. London, June 17, 4 p. m.—Consols for money, 84 1-4; consols for account, 84 5-16; Amal. Copper, 84 7-8; Atchison, 116 1-2; Atchison, pref., 107; C. P. R., 186 1-4; C. M. & St. Paul, 137 3-4; De Beers, 15 1-8; Denver & Rio, 52; Denver & Rio, pref., 91; Grand Trunk, 23 3-4; U. S. Central, 132; M. K. & T., 43; N. Y. BUFFALO LIVE STOCK. East Buffalo, June 17.—Cattle—Steak; prime steers, \$6.75 to \$7.25. Veals—Receipts, 75 head; active and steady, \$6.00 to \$6.25. Hogs—Receipts, 2,600 head; steady; best grades fairly active, others slow; heavy, \$8.10 to \$8.25, a few at \$8.30; mixed, \$8.10 to \$8.25; yorkers, \$7.30 to \$8.10; dairies, \$7.50 to \$8.15. Sheep and lambs—Receipts, 400 head; active and steady; unchanged.

MAN DROPS DEAD. Bowmanville, Ont., June 17.—John Brimacombe dropped dead in W. G. Glover's livery office this morning. He had been afflicted of late years with epileptic fits. He had been a cab driver for over 25 years, for Mr. Glover. He leaves a wife and grown up son and daughter.

Side Lights on History. (Chicago Tribune.) The explorers had just discovered and named the Chagres river. "But the Yankees will have some trouble in pronouncing that name," objected the natives. "That's all right," answered the explorers. "The Yankees are going to have all kinds of trouble with this river some day, anyway."

At Such a Cost. Vegetarian—"Think of that woman in Ohio who lived to be 100 years old by eating an onion twice a day." The Other Man—"Yes, but—was it worth it?"

COST HER \$10. Milwaukee Woman Kissed Fifteen Men at Her Front Gate.

Wilwaukee, June 17.—"Just think of it, no kiss in three months, and just because I kissed 15 men on a stretch he arrested me for being disorderly. He has no temperament whatever," said Agnes Schasak, charged with kissing 15 men, one after another, at the front gate of her home. Patrolman Loetzinger made the arrest.

Popuilar Y. M. C. A. Secretary Married at Copetown.

Maple Terrace, the beautiful residence of Mr. and Mrs. I. R. Howell, Copetown, was the scene of a very pretty wedding yesterday afternoon, when Mr. J. A. Kneale, Secretary of the Y. M. C. A., Orillia, formerly of the Central Y. M. C. A., here, was united in the bonds of holy wedlock to Miss Florence Mathieson, adopted daughter of Mr. and Mrs. Howell. Miss Jessie Mathieson, Toronto, sister of the bride, was bridesmaid.

THE WOMEN. Many Delegates Visited the Public Schools To-day.

(Special Despatch to the Times.) Toronto, Ont., June 17.—This morning was spent by a large number of the delegates to the Woman's Council in a visit to the city Public Schools under the guidance of Inspector James L. Hughes. About forty ladies were in the party, composed of those interested in educational work. They visited first the Rosedale Public School, where a class of children did a Spanish dance for them.

MARRIED IN BRANTFORD.

A very pretty wedding took place on Wednesday, June 16th, at Grace Church, Brantford, when the Rev. T. B. Howard united in marriage Clara Ethel, youngest daughter of the late John P. Doherty, to Robert Knox Johnston, of Jerseyville. The bride looked lovely in a beautiful gown of blue satin with cream trimmings, wore a veil caught with lilies of the valley. The bridesmaid, Miss Mazie Smith, of Caledonia, looked handsome in a Princess gown of cream panama and large white hat and carried carnations.

TREATY MADE.

Berlin, June 17.—An agreement of amity, commerce and navigation, between Venezuela and Germany, was today assented to by the Federal Council.

DOCTORS MEET.

Pittsburg, June 17.—The annual convention of the International Homeopathic Association of Homeopathic physicians opened here today. Sessions will continue until Saturday and over two hundred physicians are expected to participate in the discussion of important papers.

LUMBER FIRE.

Atlantic City, N. J., June 17.—Fire early today destroyed the large sawmill and lumber yard of Lake & Risley at Pleasantville, 5 miles inland from this city.

DIED OF INJURIES.

St. Thomas, June 17.—Malcolm A. McDonald, who some days ago fell while climbing on a cartage drag, the wheels of which passed over his body, breaking both legs and crushing him terribly, died in the Hospital this morning from the effects of the injuries received.

BLENHHEIM BLAZE.

Blenheim, Ont., June 17.—Fire broke out at four o'clock this morning in James Cox's ironing shop. The building was a frame structure and was soon a mass of flames, and was destroyed, though the horses and rigs were saved. Cox had his building covered by insurance, but Sheldon had no insurance.

STEAMER AT NAPLES.

Naples, June 17.—The North German Lloyd steamer Princess Irene, carrying the cabin passengers of the Canadian Line Steamer Slavonia, wrecked June 10, off Flores Island Azores, arrived here at 10 o'clock this morning, after calling at Gibraltar.

VESSEL A HORE.

Manila, June 17.—According to telegraphic advices received here the U. S. steamer Sargol, which was on a voyage from Caranigan harbor, Island of Samar, was reported missing.

Men's Straw Hats.

The new shapes in men's straw hats vary little. The crowns are fairly high, but the bands are wider than last year, on many of the hats. The English hats are wonderfully light in weight, some of them, although they look particularly solid. Alpine hats are now made of green straw, and some of the shops are featuring Ecuador panamas, which are entirely distinctive and are very unlike the more familiar variety of this hat, as they are almost ecrin in color. The younger men are, of course, affecting soft gray, or even green, felt hats and are wearing them this season with fairly colored bands or even hat scarfs.—Fairchild's Magazine.

The Electoral Vote.

The popular vote for Presidential electors in 1888, the first year in which these reports were required by law, was 11,381,408; in 1892, 12,043,903; in 1896, 13,813,243; in 1900, 13,064,813; in 1904, 13,523,519, and in 1908, 14,887,133, or about one voter for every six persons.

Recipes

HOMEMADE CANDIES. Turkish Nougat—Two cupsful of sugar, half cupful of water, half cupful corn syrup. Put on to boil until it forms a soft ball when put into water; stir it into two beaten whites of eggs, then put in nuts, pineapple, or candied cherries. Put in a little rose, almond and vanilla flavorings.

Two Fudge Recipes—Two cupsful of granulated sugar, one-fourth cupful of cream, two squares chocolate, one tablespoonful of butter. Boil seven minutes, then beat and spread in buttered tin to cool. Two cupsful of brown sugar, one-half cupful of cream, one teaspoonful of vanilla, one cupful of chopped walnuts and one cupful of egg. Boil ten minutes, then beat and pour on top of fudge already in pan.

Bolton Everton Toffee—Two cupsful of brown sugar, five tablespoonfuls of water, one tablespoonful of vinegar. Boil fifteen minutes and do not stir. When cool in squares.

Brown Sugar Fudge—Two cupsful of light brown sugar or one cupful of cream, butter half size of egg; cook until it is ready to be beaten like chocolate fudge and add cup walnuts meats.

Walnut and Fruit Glace—One cupful sugar, one-half cupful water. Mix together until sugar is dissolved. Then boil until a little makes a crisp ball in water. Do not stir. When cooked drop by spoonfuls on buttered platter. Place on each piece one-half walnut, or a slice of orange or strawberry. Then pour more candy over it and let it cool.

Pea Salad—One can of small peas, drained one-fourth of a pound cream cheese, one dozen small pickles, one tablespoonful of finely chopped onions. The cheese and pickles should be cut fine. Add mayonnaise dressing. Will serve twelve.

French Salad—Drain the liquor from half a can of peas, add one pint of finely cut celery, one cupful of blanched and broken English walnut meats, and one cupful of tart oranges cut into small pieces. Toss together lightly, garnish with tender white celery leaves, and mayonnaise. Set in a cool place until wanted.

Orange Salad—Cut seedless oranges in cubes and cover with the following salad dressing: Yolks of four eggs, one-half cupful sugar, one-quarter cupful butter, two tablespoonfuls of vinegar, pinch of mustard, pinch of cayenne pepper. Cream butter, sugar, and eggs, add vinegar, steam in double boiler until the consistency of thick cream. When cold add whipped cream and pour over oranges. Add pecan or English walnut kernels.

MARRIED IN BRANTFORD. A very pretty wedding took place on Wednesday, June 16th, at Grace Church, Brantford, when the Rev. T. B. Howard united in marriage Clara Ethel, youngest daughter of the late John P. Doherty, to Robert Knox Johnston, of Jerseyville. The bride looked lovely in a beautiful gown of blue satin with cream trimmings, wore a veil caught with lilies of the valley. The bridesmaid, Miss Mazie Smith, of Caledonia, looked handsome in a Princess gown of cream panama and large white hat and carried carnations.

TWO RELISHES. Tomato Relish—One peck of ripe tomatoes, peeled and chopped, and strained; use only the pulp; two cupfuls of chopped onions, two cupfuls of chopped celery, two cupfuls of sugar, two cupfuls of white mustard seed, one cupful of salt, two teaspoonfuls of ground cloves, two teaspoonfuls of ground mace, two teaspoonfuls of black pepper, eight red peppers; remove seeds and chop fine. Mix all together, put in airtight jars. Do not cook it, but keep in a cool place.

Cabbage Relish—One medium head cabbage two onions, two sweet peppers, ends removed, cut in food chopper and moisten with salad dressing.

TASTY MEAT DISHES. Baked Chicken—Prepare a chicken as for broth. Put in bakespan, add two cupfuls of water. Butter size egg and salt and pepper. Put in oven and cover. Keep well basted. Will take about an hour.

Cravy far above: Boil the giblets until tender, crop fine. Remove chicken; add the giblets; thicken like cream and serve.

Mixed Lamb—Remove all the good meat from what remains of roast lamb and mince fine. Put the bones and bits of skin in a saucepan and cover with a pint of water. Add one onion, one-half carrot cut small, a few sprays of parsley, and two mint leaves and simmer for one-half hour; add any gravy left from roast and strain. Thicken with one tablespoonful of flour rubbed in on tablespoonful of butter, add a teaspoonful of salt, a dash of cayenne, and the minced lamb. Let it come to a boil and serve.

KITCHEN TIDY SAVERS. To Prevent Fat Spattering.—The objectionable spattering and flying of the hot fat when eggs, hominy, apples and like things are dropped into it to fry may be prevented if a little flour is added into the fat just before they are added.

Gossip and Comment

Yesterday was Hamilton horses day at two tracks. Capt. Henderson's jumper won at juicy odds at Montreal...

The heavens wept for joy to-day—the reinstatement of Little Minnie.

Toronto Star says the threat of a prominent C. A. A. U. official to disqualify Controller Geary for acting as an official at recent pro. meets has aroused considerable interest in athletic and other circles.

If the Controller is disqualified, Mayor Oliver, the Lieutenant-Governor, Premier Whitney, and other prominent gentlemen would be subject to the same treatment, as they have also been guilty of acting in the opening ceremonies of the Eastern League at the Island, the lacrosse season, and various other pro. functions.

Can't the Provincial Government suppress some of the silly officials of the C. A. A. U. just as it did the Sufferin' Park crowd?

Hon. Jack Mounroe, the ex-pugilist, has broken into the front pages of the New York newspaper, but not as a fighter. He is Mayor of Elk Lake, Ont.

Hughy Jennings was just in the act of yelling E-yah! when he suddenly made a wry face and began spitting out grass, says the Toronto Globe...

The entry list for the track and field event at the big Olympic meet at Hamilton is not going to be behind in helping to revive the sport.

R. E. Walker, the South African sprinter, now declares that he did do 100 yards in 9 2-5 seconds. He says that he has accomplished this time on four occasions, and that on the occasion when the record was claimed for him he was not aided by wind or slope.

Toronto Globe: If anyone thinks racehorses can be bought cheaply now, he should get the experience of the representative of a well-known Canadian stable, who asked S. C. Hildreth to put a price on Joe Madden, and in reply got a wire that the colt could be bought for \$50,000.

How far the talent will go when a good boy is up was determined in the first race at Gravesend on Tuesday. Although King Cobalt won his last race from practically the same field, no one wanted him, because McCarthy was in the saddle instead of Dugan, who rode him in his previous outings.

Toronto World: Amelius Jarvis yesterday received a cablegram from Lieut. Proctor of the Body Guards, to say that the Canadian horses had won six prizes, including the Hunters' championship, and that Hercules, one of the Canadian show horses, was sick. J. Kilgour also received a cablegram from the Canadian military team exhibiting at the International Horse Show at London, Eng.: Messrs. Proctor (Toronto), Leonard (London), and Douglas Young (Toronto), announcing that they earned six prizes during the show, together with the hunters' championship.

FEDERATION IS STILL ALIVE.

Montreal, June 17.—Unless the differences of opinion of the C. A. A. U. and the Federation as far as they relate to track athletics are not settled by the end of next month troubles are likely to spring up just where the fight of last summer started, viz., at Crystal Beach, Ont.

C. A. Springins, the secretary of the Federation, this morning received a letter from the secretary of the St. Andrew's Society of Buffalo, asking for sanction for the annual games of the society to be held at Crystal Beach on August 14. The letter went on to state that the sanction had been received from the A. A. U.

HAMILTON XI. WON IT.

All Day Match at the Cricket Grounds.

College Team Lost by 3 Runs and 4 Wickets.

Yesterday's all-day cricket match at the Hamilton Cricket Grounds between the touring eleven of Haverford College, Philadelphia, and the Hamilton team was a very enjoyable one, and was marked by good cricket. In the second inning the visitors did some remarkable fielding, and several very clever catches were made, which pleased the spectators. The visitors were defeated by three runs and four wickets to spare.

The Hamilton captain won the toss, and as the wicket was soft, took the field. The wicket hardened later in the day under the hot sun. At first the wickets fell rapidly, but the tail wagged, and the last three batsmen made a fine stand for a total of 50. After luncheon the Hamiltons went to bat, and piled up 103 runs. The old reliables, Jack Counsell and W. R. Marshall, made a good showing, the former getting 20 and the latter 22. L. Favez also batted well for 11, not out.

The visitors made a better showing in the second inning, and ran up 64 for four wickets, when they declared their inning closed. H. Howson and R. Brey, not out, ran up a score of 20 and 14 respectively. Furness, the first batter to go in, made 17.

Hamiltons then went in for their second inning, and Counsell carried his bat for 20. Billy Marshall also made a good score, 17, before being bowled by Hartshorne. The locals scored 41 for the loss of four wickets, when time was called.

During the afternoon the players were entertained at tea by the Ladies' Tea Club, and a pleasant time was spent. The visitors were taken to the R. H. Y. C. house, where they were entertained at dinner. In the evening dancing was enjoyed in the ball-room.

The visitors, who are a fine lot of young fellows, went to Toronto this morning. They will play there tomorrow Saturday.

GAMES IN ENGLAND.

London, June 17.—(Canadian A. P.)—The Australians won the second test match against England by 9 wickets. England's second inning only netted them 121.

Surrey beats North Hants yesterday by two wickets.

Worcester defeated Kent by 108 runs. Yorkshire scored 489 against Sussex, who got 205 in the first inning, and 91 for two wickets in the second. The match was drawn.

IN THE "SOFT" BALL LEAGUE.

The Central Soft-Ball League met last evening at Fred Skerrett's and organized for the coming season. The Night Owls, Beavers and Wellingtons will again be in line with strong teams, while St. Patrick's B. A. nine will supplement the soldiers who did not put in an appearance. However, if the later team

wishes to enter a team, their application will not doubt be favorably looked upon. The officers elected were: Fred Skerrett, Hon. Pres.; Fred Robins, Pres.; J. Eagleton, Vice-Pres.; Chas. Galvin, Secy.; J. O'Hair, and Reg. Brown, Executive Committee.

The League games will again be played on the Sawyer-Massey field, Wellington street north. The first game will be played on Monday evening next at 6:40 sharp, between Beavers and St. Patrick's. The complete schedule will be published in a few days.

Yesterday afternoon, in the Newspaper Soft-ball League, at the Victoria Park, the Herald nine defeated the Spectator, 10-7. The batteries were: Wilkes and Graham-Waite and Branton.

LIKE OLD TIMES.

Charlie Conkle Talking Wrestling Again.

Charlie Conkle's off time is not being fully occupied in managing the affairs of the baseball team of the West End Pleasure Club, and he is returning to the wrestling field. He does not come back as a wrestler, however, as he intends to adhere to his declaration that he will never wrestle in public in Hamilton again. He now appears in the role of manager, and says he has an "unknown" that will weigh 155 pounds and meet Max Schmidt, the new flying Dutchman, who defeated Brown, Zeller and two other grapplers at Britannia Rink a fortnight ago. "I can't sit still," he said yesterday, "and see Schmidt and his backers get away with such a challenge as was issued at the bout—to meet any 160-pound grappler in America. If these people mean business let them make a deposit with any of the sporting editors, Billy Carroll or Billy Daniels, and I'll show them where they got off at. I'll bet \$100 I can produce a man Schmidt's weight that can beat him—and in straight falls, at that."

LEAFS WON TWO.

Toronto Defeated Jersey City Twice Yesterday.

At Jersey City—Joe Keller and the attendant Leafs left this town last night in a happy mood. They had good reason to rejoice, too, for they pulled off a neat stunt this afternoon, defeating the Skeeters in both parts of a double-header that had been counted sure meat by the locals. One of the victories can't be attributed to good ball playing, however, for it was a gift pure and simple, and Jack Hanifan, the Skeeters' second baseman, was the donor. Jack was in a generous mood in the first game, and the Leafs are very grateful to him. His three errors, all coming at crucial times and all ridiculously easy chances, permitted three Canadians to cross the pan and opened up the refrig error door when the Insects had the game laid away on ice, apparently.

SHAKE UP IN VERIES.

From the Bradford Express: Four new men for Verities on Saturday next! That was the announcement last night and the quartette in question has arrived in the city and are here to stay.

CATCHERS DISLIKE "SPITBALL" HEAVERS.

Billy Ritchie, of the Minneapolis Journal, tells this story about "spitball" pitchers: Bill Chappelle paused long enough before he started from Cincinnati to the Eastern League to remark that Boston was weak because Bowerman could not hold the spitball pitchers.

It always fills a catcher with glee—not to stand up behind the bat and attempt to herd spitballs. No one ever knows where the thing is going, or when. It is a Parthian arrow shot into the atmosphere, and the pitcher trusts that it will go near enough to the plate to save him from a wild pitch.

Joe Sledge, the veteran, whose hands looked like the frayed edges of a rag carpet, hated to catch a spitball pitcher with a holy hate. His last year at St. Paul was made uneasy by one of Lennon's moisture distributors, and every time Joe had to catch this fellow he did so under pressure. Old Joe was one of the finest old chaps who ever donned a baseball shoe. He was on good terms with all of the players, no matter where they might be playing, and always spent the time while the batter was up talking with the club swinger.

and incidentally win the pennant for the Flowmakers. The quartette including a couple of "bases" is made of Clark, the London southpaw; Kerr, an infielder from the Forest City; Jack McHugh, the big first baseman; and Dunc. O'Reilly, the clever Toronto shortstop. The fielding of the team by these acquisitions will not only be improved out of the hitting will jump up as well. Several of the present players, as a matter of course will be released, and the players in question are not kicking a bit, as everybody is pulling hard for victory. However, Manager Bone has not yet announced his intention, but it is a sure thing there is going to be an all round shake-up in the team.

SOME FAST TROTTING.

Good Racing at H.D.C. Matinee Yesterday.

William the Fourth won the Ascot Derby, Temnos second, and Great Pater third.

BIKE RACES TO BE HELD HERE.

The revival in bicycle racing has been noticeable all over the continent and Hamilton is not going to be behind in helping to revive the sport.

It is likely that the event will be held at night, as the park at this time is lighted, and people in the stand would have

H. J. C. PLANT IS READY FOR BIG OPENING.

Another day's work on the plant of the Hamilton Jockey Club and the track will be ready for the opening of the club's spring meeting, which takes place next Tuesday, and promises to be the most brilliant of the many big openings at that track.

The grand stand has been painted, inside and out—green, with red trimmings—and looks very fine.

The advance guard from Montreal began to arrive yesterday, and the track now presents a very busy appearance. About 250 horses are already stabled there. There will be more horses here than ever before, judging by the requests

for stabling, and a horseman stated yesterday that the Hamilton meet will have more horses than the Woodbine opening meeting.

The Hamilton Derby will be run on opening day.

Among yesterday's arrivals at the track was McKenzie's Direct.

Halifax, the New York crack, pulled up lame yesterday, but his owner hopes that he will return to before the end of the week.

Dorothy Webb, Little Minnie, Advance Boy and Cherry Picker were admitted on the track yesterday afternoon, the Canadian Racing Association having very properly reinstated Mr. Jas. McKay's string. Mr. McKay advanced a large sum of money on the horses last fall to help the owner, who was in financial distress. The owner afterwards took them to Dufferin Park, where they became outlaid. As the horses could not run on recognized tracks, Mr. McKay was not able to sell them, except at a very big loss. Now that they are in good standing, Mr. McKay will likely dispose of them.

Boston, June 17.—The police, who in enforcing the street traffic regulations of Boston have made some 1,800 arrests in the last four months, yesterday issued a summons against Jack Johnson, the colored fighter, whom they accuse of having left his automobile unattended on School street yesterday, in violation of the law. The summons calls for Johnson's appearance in court on Friday.

Boston, Mass., June 16.—Jack Johnson has challenged James J. Jeffries to fight one round or fifty within two months, and in a rage calls on Jeffs to accept within ten days, or "hold his tongue." Johnson was in a storm when a despatch from Pittsburg was shown him, and he wrote out the following: "In view of the statement made in Pittsburg by James J. Jeffries, I, Jack Johnson, heavyweight champion of the world, do hereby challenge James J. Jeffries either to fight me at once for my title or henceforth hold his tongue. I believe he is a four-fingered black-bone, and to show that I mean business I hereby challenge him to meet me in the ring within two months from this date, one round or fifty, for a purse of not less than \$30,000 for my end and a side bet of \$10,000. Aside from the purse I make but one condition, that Jeffries shall accept this challenge

within ten days from date, and as a condition of that acceptance cover my forfeit of \$5,000, which I have already posted, within two weeks."

"I have the greatest respect for Jeffries as the once champion of the world," says Johnson, "but I will not stand for his abuse and slurs any longer. If he means to fight me why don't he come out like a man and set the time and place? Why don't he cover the \$5,000 that I have posted ever since I returned from Australia?"

New York, June 16.—Jeffries has an energetic press agent who makes him say that if he meets Johnson he will hit the negro as hard as he can and that if Johnson fights Ketchel he hopes the Michigan lion will "kill the negro." Those who know Jeffries laugh at these alleged warlike declarations, for the boiler-maker has never indulged in personal abuse and has always refrained from boasting or indulging in hot air. Jeffries is a big good-natured fellow, who will do with ease to please, though I feel that the "Meistersinger" and "Parisian" are gems that are not likely to be discarded. At any rate melody will always hold its own.

"Music must be popular; it must appeal to the masses. I will have nothing to do with intricate problems of musical chemistry, with mixtures of noisy and uncanon sounds, which by their weird complexity are bound to bore the most enduring music lover. Music must appeal to the heart; move, thrill, elevate it; and it must be simple and direct enough in its beauty to be understood by all."

MUSIC OF THE FUTURE.

Puccini, who is now in London, has been interviewed on the music of the future. He pins his faith to melody.

"In the opera of twenty years hence," he says, "melody will reign supreme, as it has always done—and melody is essentially Italian. You can almost say that it was born in our country."

"I know and appreciate fully the efforts of the composers of the so-called new school. I am interested in Richard Strauss' work, and I admire Debussy's 'Pelleas and Melisande' for its intense originality; but atmosphere, weird combinations of sound and endless recitatives are not everything in music."

"Perhaps many of Wagner's great works will cease to please, though I feel that the 'Meistersinger' and 'Parisian' are gems that are not likely to be discarded. At any rate melody will always hold its own."

FAST ZELMA HAS BEEN REBUILT.

Toronto, June 17.—The R. C. Y. C. racing season will be opened with Saturday's big regatta. There will be races for all classes, starting and finishing in front of the clubhouse.

In the first class there is not expected that John C. Eaton's new craft Teckler or Geo. H. Gooderham's laid-headed three-masted schooner, Azarah, will start.

In the first class there may be some surprises, owing to alterations in some of the boats. W. H. Pearson's Vreda, Maerona's Strathmore, Staunton's Merrythought, Amelius Jarvis' Zahra, C. H. McArthur's Yama, and Commodore Marlot's Aggie will start, and so will the rebuilt Zelma, the property of Rear Commodore Frank M. Gray. Zelma is all new except her name and her spars and lead. She was rebuilt all the way, and has new Ratsey canvas. She may wake 'em all up.

LONDON WEDDING.

London, June 17.—Ida M. Wynne, second daughter of Robert J. Wynne, the outgoing United States Consul-General in London, was married in this city to Hugh Donald French, a first lieutenant in the Seventh Dragoon Guards who served in the Canadian army of the British army. The ceremony took place at Brompton Oratory, only relatives and personal friends of the bride and groom having been invited.

**Women, Attention!**  
Women as a rule are better savers than men—they have a knack of making a dollar go just twice as far as a man can.  
Many men who cannot save anything themselves, very wisely make their wives the family treasurer, and upon them devolves the responsibility of putting by something for the inevitable rainy day.  
The Traders Bank welcomes the accounts of women, and its officials and clerks are always ready to give them any advice or assistance they may require. Every woman, whether married or single, should have a savings account.

Highfield Juniors sent an eleven to play Ridley at St. Catharines yesterday. They were badly beaten.  
—A central eclipse of the sun was due to-day, lasting from 4 p. m. until sunset, and visible in this part of Ontario as a partial eclipse.  
—Mr. Chas. Peebles, managing director of the James Jolley & Son, Ltd., will attend the United States Wholesale Harness and Saddlery Convention which meets in Buffalo next week.  
—Rev. Dr. Tovell has accepted an invitation to preach the Baccalaureate sermon in connection with the commencement exercises of the Ontario Ladies' College, Whitby, which takes place next Sunday.  
—The people who were injured yesterday when the Dundas car ran off the track are all around to-day. Their injuries were not as bad as was at first thought, and only one passenger needed medical attendance.  
—M. A. Pigott & Son, of this city, have been awarded the contract for building a bridge over the Murdoch River, in Nipissing, on the new wagon road from Sudbury to Sault Ste. Marie. The contract price is \$3,500.  
—In the action of the American Street Lighting Company vs. the Ontario Pipe Line Company, the plaintiff's evidence was heard by Judge Snider yesterday, but as the defendants were not ready to proceed with their side of the case they were given a remand for a week.  
—The excursion of the Brotherhood of Railway Trainmen, which left Hunter street station this morning, was not as largely attended as was expected. No doubt the rain was responsible. The train was made up of six coaches, and about 300 passengers left to spend the day at the Falls.  
—The C. C. C. picnic to Niagara Falls on Saturday promises to be a success. The committee has made arrangements for all who go to be able to visit the Ontario Power plant free. They will also receive free tea and coffee, and specially low rates to all places of interest. Excursionists have the privilege of remaining till Monday.  
—W. G. Goodrow, 215 Stinson street, returned home from St. Jerome's College, Berlin, last night. At the commencement exercises held yesterday he was awarded a diploma in the arts course, and also the special prize given by Dr. Lackner, M. P. P., for general proficiency in the graduating class of 1909.  
—Mt. Thos. W. Watkins wishes to correct the misstatement of the Herald of last evening concerning the sale of tickets for the International Congress of Women, to be held in Toronto, commencing on Wednesday, June 23. Tickets can be purchased at Messrs. Cloke & Son's, King street west, city, or at 44 Devon street, Toronto. The badges and pins for officers and delegates of the Hamilton Local Council may be secured at Mrs. Watkins' residence.

**HAVE ARRIVED**

Samples of Solid Vein Matter From the Bartlett.  
The new samples from the Bartlett mines, Gow Ganda, announced yesterday, are open for inspection at the office of John A Street & Co., 503 Bank of Hamilton building, and certainly show very high values in silver.  
They are worth seeing and a visit to the Hamilton office of the company is invited by Mr. E. B. Arthur, the representative for Hamilton, whose office will remain open during the evening.

**HEAD CUT OFF.**

**Terrible Accident to a Yardmaster at Ottawa.**  
(Special Despatch to the Times.)  
Ottawa, Ont., June 17.—Paul Brennan, for twenty years yardmaster for the Grand Trunk at Ottawa, had his head cut off this morning. He was riding on the front of a shunting engine in the yard, when it struck a switch and jolted Brennan off. The engine passed over him, completely severing the head from the body.

**CHOLERA CASES.**

**Twenty-Four New Cases and 17 Suspects in St. Petersburg.**  
St. Petersburg, June 17.—The number of cholera cases in the Russian capital is increasing daily. Twenty-four new cases and seventeen suspects were admitted to the municipal hospitals during the 24 hours ended at noon to-day. It is now believed that the filtration beds have become infected as the districts of the city served with water from these sources are furnishing a larger percentage of cases than the two districts that get their water by direct pumping.

**OBITUARY.**

The funeral of Dorothy Ellen Blain took place yesterday afternoon from her late residence, 787 King street east, and was largely attended. Rev. R. J. Treleaven and Rev. Mr. Bradshaw, a former pastor of the deceased, conducted the services, and the pallbearers were: Messrs. Shea, Campbell, Bellanger, Neshaug, Esterbrook and Unsworth.

**MR. DOMVILLE DOING WELL**

Mr. Fred Domville, who had his head badly crushed in some machinery at the G. T. R. foundry and bolt works yesterday, rested easily last night and to-day. The little finger of the left hand was taken off completely, and part of the next, and at first it was feared that more would have to come off, but it will not be necessary.  
"I never give up," boasted the man with the determined jaw. "Yes, I've frequently noticed that when I wanted to make a touch," said the chronic borrower.

**BISLEY TEAM.**

Montreal, Que., June 17.—The Bisley team, under command of Lieut.-Col. Bertram and Major Mercer, arrived here to-day. Brigadier-General Buehan inspected the team at the Drill Hall to-day, and Col. **OTTAWA FIRE.**

**Capital's Narrow Escape From Great Fire Disaster.**  
**Seven Houses More or Less Damaged by the Blaze.**  
(Special Despatch to the Times.)  
Ottawa, Ont., June 17.—Ottawa had a fire scare this morning, and though the damage done will not exceed ten thousand dollars, it looked at one time as though the city was doomed to suffer its third great fire disaster. At 10 o'clock a fire started in the stables of Plunkett & Co., on Division street, in the southwestern part of the city, in a district where the buildings are all of wood closely packed, and near lumber piles. A high wind was blowing, and the fire spread rapidly throughout the stable and to a number of wooden outhouses and sheds. By the time the firemen arrived seven residences had caught fire. A fortunate lull in the wind enabled the first contingent of firemen to hold the blaze until the whole brigade arrived; its further spread was checked, and the fire was put out, after three hours' work. The Plunkett stables were destroyed and the following residences were partially destroyed: W. R. Barrett's, Mrs. Vaughan's, J. C. Bradley's, W. J. Merrifield's, M. Bernber's, on Lebreton street, and W. R. Ralph's and Mr. Wakman's on Louis street.

**SENTENCE DAY.**

**Sent to Penitentiary and Central Prison—One to be Lashed.**  
(Special Despatch to the Times.)  
Belleville, Ont., June 17.—This was sentence day in the county court, which has been in session the last ten days, there being nine criminal cases disposed of by the jury. The court ended last night, when the jury found Mrs. Vaucoot, a Trenton woman, not guilty on a charge of receiving stolen goods. The court was crowded this morning when Judge Deroche pronounced sentence upon the following:  
James Smart, Mohawk Indian, for perjury, six months in the Central Prison.  
Wm. Babeok, Bellevue, unlawful wounding one Joseph Bolster, six months in county jail.  
Richard Simpson, Madoc, carnally knowing girl under 14 years and escaping from custody, was given one year in Central Prison and twenty lashes. On the charge of escaping he got six months in Central, to run concurrently.  
Harry Barnum, Trenton, shop breaking and theft, was sentenced to three years in Kingston Penitentiary.  
Jerome Croft, Trenton, shop breaking and theft, three years in Kingston Penitentiary.  
Wilbur Vancott, Trenton, receiving stolen goods, six months in Central Prison.

**ENTER NOW.**

**Civic Improvement Competition Opens on Saturday.**  
Those who wish to compete for the liberal cash prizes being offered by the Civic Improvement Section of the Greater Hamilton Association must enter at once. The competition begins on Saturday and only those who made their entries this week will be considered. The details are:  
Five prizes each:  
For the best flower boxes attached to houses and verandas, \$5, \$4, \$3, \$2, \$1.  
For the best kept back yards, \$8, \$6, \$4, \$3, \$2.  
For the best general appearance of dwelling surroundings, embracing flowers, vines, shrubs, window boxes, etc., \$8, \$6, \$4, \$3, \$2.  
Premises attended by professional gardeners are excluded.  
The city will be divided into four sections, King and John being the dividing streets.  
The competition is free to all and will start on June 19 and continue during the summer months.  
All entries must be sent to the secretary of the committee, Charles Peebles, 15 Sanford avenue south, on or before that date.  
The judging will be done systematically during the summer by members of the committee, and personal inspection will be made throughout the season without giving notice.  
Particular consideration will be given to the progress made from month to month by those competing, and the result of the competition will be announced at the end of the season, followed by a public presentation of the prizes to the winners.  
The committee invites suggestions from citizens from time to time on matters pertaining to the comfort and welfare of the public and the improvement of local conditions, and will give such careful consideration, hoping by this cooperation to carry out their aim to make Hamilton a cleaner and better city.  
Citizens who are not members of the Greater Hamilton Association, but who are particularly interested in the betterment of the city, should become members of this committee and can do so by the payment of the small sum of one dollar to the secretary.

**SPECIAL VALUE DAY.**

**Special Purchases and Price Reductions Combined to Make Tomorrow a Great Day.**  
To-morrow is Friday, special value day at The Right House. Special purchases and price reductions of seasonal, useful goods, of sterling quality, to make it the biggest day yet of exceptional bargain values. Head the Thomas C. Watkins advertisement on another page, note the hour, and special all-day sales, and go to The Right House expecting great things to-morrow.

C. C. Davis, of this city, has arranged to manage Billy Bell, who claims to be the featherweight champion boxer of Ireland, who is at present here. He announces that Bell is signed to fight Abe Attell in Philadelphia on July 26th, and that his share of the purse is to be \$3,000—win, lose or draw.  
The cricket match which was arranged between the R. M. C. Kingston, and Highfield past and present for to-day looks like no game, owing to the rain. Highfield has a strong team and would give the R. M. C. a hard fight.  
Secretary London, of the H. J. C. received a telegram this morning from Latoria to the effect that Plate Glass, which won the feature race there yesterday and who is entered in the Hamilton Derby, had been shipped here along with fifteen other gallopers.
