DEATH OF FENIAN RECALLS OUTRAGE.

Joe Casey, center of a gun powder plot, passes away in Paris.
 Fenians all over the world have heard of the Clerkenwell explosion that formed the climax of the Fenian outrages of 1867 in London. The story is recalled by the death in Paris of Joe Casey, who was a star actor in the terrible drama.
 He and a fellow-Fenian named Burke were locked up in Clerkenwell prison, but the Fenians succeeded in liberating them. A barrel of gunpowder was placed against the wall of the cell by Michael Barker, aided by Casey's two brothers, Peter and Andrew.
 They planned to blow a hole in the wall at the time the prisoners were exercising and then help the pair to escape in the confusion. But the authorities smelled trouble and shifted the exercise to an inner yard.
 Bang went the powder just before the afternoon, killing six bystanders outright and fatally injuring 11 others, while no less than 102 lost eyes or limbs. It cost \$300,000 to repair the surrounding property.
 A few weeks later Michael Barker was denounced by another Fenian named Mullany, arrested and hanged. The Caseys got clear away to France under the name of Peter, Joe Casey and Burke were acquitted at their trial, and Joe joined his brothers in the French capital. They all fought for France in the siege of Paris in 1870 and Joe became almost as Parisian as a Frenchman.

SAFETY ON INDIAN RAILWAYS.

Community From Accidents Compare Favorably With English Railways.
 Immunity from accidents is the first thing that strikes the reader of the annual statistics of Indian railways just published. They give the number of passengers killed from causes beyond their own control as 101 per million of passengers travelling, or an average of 1 in 4,478.23 millions of miles travelled, reassuring figures enough for even the most timid. During 1910 forty people were killed by accidents to trains, rolling stock, or the permanent way, while 292 were injured. Accidents due to other causes such as carelessness on the part of the travellers, trespassing, or the like, swelled the total of killed and injured to 1,857 and 1,664 respectively. The proportion of killed and injured is striking, but it is rendered more so on a look at the figures which apply to the United Kingdom, where we find that last year there were totals of 1,636 killed and 28,384 injured over a mileage of 23,380. India, with a length of track 12,600 miles more than the United Kingdom can, therefore, legitimately boast of comparative freedom from accident.

A Grand Stove.

A Georgia woman who moved to Philadelphia found she could not be contented without the colored mammy who had been her servant for many years. She sent for old mammy, and the servant arrived in due season. It so happened that the Georgia woman had to leave town the very day mammy arrived. Before departing she had just time to explain to mammy the modern conveniences with which her apartment was furnished. The gas stove was the contrivance which interested the colored woman most. After the mistress of the household had lighted the oven, the heater and the other burners and felt certain the old servant understood its operations, the mistress hurried for her train. She was absent two weeks and one of her first questions to mammy was how she had worried along.
 "De fines' ever," was the reply. "And dat air gas stove - oh my! Why, do you know, Miss Foyence, dat fire ain't gon out yet!"

A REVIVAL.

William A. Sunday, quondam professional revivalist, closed the evangelistic season of 1910-11 the other day with \$70,607.77 to the good as a result of his year's work "winning souls to Christ."
 This return for about ten months' work, more than the president of the United States has drawn for the same time, is evidence that from a monetary standpoint evangelistic work is more profitable than playing professional baseball. The Rev. Mr. Sunday recently refused an offer to go back to the "majors" once more. The inducement was but \$600 a month.
 Seven thousand a month looks better to Billy. Besides he thinks he can do more good in the world preaching than playing ball!
 During the past season Billy Sunday broke all evangelistic records for money earned.

The Side He Would Choose.

The wit of the Duc de Morny, who was believed to be half-brother to Napoleon III, and his chief assistant in the coup d'etat of 1851, was only equalled by his political sagacity. According to his most recent biographer, Frederic Lotie, he seems to have been an opportunist of the perfect type. "It is said," a lady remarked to him at a time of political excitement, "it is said that a sign sweep is to be made of the Chamber of Deputies. What will you do, Monsieur de Morny?" "Madame," said the maker of the Second Empire, "if the broom is to be used, I shall try to place myself on the side of the handle."

The Eternal Feminine.

"A woman never feels good unless she loves someone."
 "The difference between being lord of a woman and being really fond of her is not as easily explained to the woman as to the man."
 "The penalty for a mistake is heavier than the penalty for a sin."
 "With life as with fiction, a woman is always seven chapters deep at the first chapter from, but a man generally prefers to take the chapters in their order."

Native Polo at Gurais.

Polo is played at Gurais (three miles up the Gilgat Road) in Kashmir regularly once a week during the summer months, when the ground is free from snow.

Each villager rides his own pony (about 12 hands any distance up to 25 miles in the morning, plays from 12 to 3 or 4 p.m., and then rides back to his home. When there is a lot of sheep they have sides, otherwise it is each for himself. Each chukker lasts two hours unless nine goals are scored first; if the ball goes between the posts it counts as a goal, and if it can be caught in the hand in mid-air the catcher scores a goal by riding with it in his hand between the posts - if he can. No one bothers about "offside," fouls, or other embellishments of European polo.

MASTERING A LION

What trainers have to do to gain Control.

In illustration of the lengths to which owners of wild beasts will go in order to retain control of them, Frank G. Bostock, the famous animal trainer, tells the following story:
 "Some years ago, when we were at the Hippodrome in Paris, I decided, as a special attraction, to go into the arena with Wallace, a huge African lion that all our trainers had despaired of. The house was crowded. We placed the lion in a cage sixteen feet square, and this was put inside a twenty-foot ring. Two assistants were stationed in the outer ring in case of accident. I had scarcely got inside when the beast leaped at me. It bit right through my left hand, and with one blow ripped the flesh off my back.
 "Once cut!" I shouted to the two men in the outer ring. "I'm going to open the doors and let him into the big arena."
 "I was so furious as the lion, My pride as a trainer was wounded deeply that I felt the lion against me. The blood was spurting from my wounds, but in the excitement of the moment I felt no pain - only a mad desire to be with the lion. I started up a proper fight, and with the lion's mane I was able to catch the lion by the neck. I actually threw the animal and drove him back to the cage.
 "The audience was in something like a panic, and had cried of 'What has happened?' But I had mastered the lion. I was not hurt, but I was covered with blood. I got out of the cage and just wanted to see the lion. He was still no one had dared to touch Wallace."

EXCHANGE CHILDREN FOR VACATION TIME

Growing Custom in Europe Which Aids in Education of Youth.

Though only started five years ago, the system of exchanging children between families in Germany, France and England, has obtained wonderful proportions. This year, in Berlin alone, 1500 children have enrolled themselves as applicants for reception as guests abroad.

The working of the scheme entails no risks. Each country has a committee, which reports on the fitness of any family to receive a foreign guest. When a family is approved in this way it sends a letter to the parent of the foreign child.

ACCURATE BUT IRRITATING

The English Language Spoken by D'Orsay Not Understood by The Bartenders.

LAWRENCE D'ORSAY, the English actor, who has an accent as English as they make 'em, does not like American bartenders in general, and for the bartenders in St. Louis he entertains a particular aversion.

"I went into a bar in St. Louis, dear boy," he said on one occasion, "and I ordered a bottle of beer. The bartender, don't you know, did not hand me the beer. He dashed it down on the bar and said it along for about ten or twelve feet, don't you know it stopped right in front of me. I looked at him with a stony stare, as was quite proper but he paid no attention to me."

NEWCASTLE, N. B., OCTOBER 4, 1911

THE ELECTION PROTESTED

The Northumberland County Election, like an unusually large number of others in Canada this year, has been protested. It is alleged that gross irregularities were permitted at the polls in Chatham, Rogersville and Lower Newcastle, many votes cast for the Liberal candidate being those of minors or of other persons not eligible to vote. It is to be hoped that the protest will not be withdrawn within the thirty days allowed by law before the election comes to trial. Any person who interferes with the ballot box or with the voter should be prosecuted to the full extent of the law, an example being made of him. If we cannot have clean elections we might as well abolish the electoral franchise and go back to the iron rule, whether feudal or monarchical, of the middle ages.

AN UNJUST WAR

Italy has declared war upon Turkey, the latter country refusing to surrender her North African province of Tripoli in twenty-four hours as demanded by the Italian ultimatum of the 28th ultimo. Tripoli is a county of about

400,000 square miles, but, as most of it is desert, the population is not more than 1,300,000, mostly scattered along its 1100 miles of Mediterranean Coast and on the oasis of Fezzan in the Sahara. The people are Arabians or Arab-speaking Berbers, all professing the same kind of Mohammedanism as their Turkish fellow subjects, with whom they have equal civil and political rights.

Italy's claim to Tripoli is a decidedly weak one. There is no rebellion in Tripoli, no expressed wish of the Tripolitans to separate from Turkey, no claim that Tripoli is not as well governed by the Constantinople government as are the Turkish-speaking provinces of the empire, and no evidence that Italian subjects in Tripoli have been unfairly dealt with. Italy's declaration of war appears to be a high-handed act of aggression indistinguishable from what in civil life would be termed highway robbery.

As Turkey, however, has few friends, and as each of the other great powers of the world except China has recently stolen all the insufficiently defended land she could Italy will probably be allowed to seize and hold Tripoli. If Turkey acquiesces in the steal she may even be paid an indemnity for the surrender of the province.

NEWCASTLE BOARD OF TRADE MEET

Still Agitating for Improvements in Business Facilities - Substantial Gains, but much more Wanted

The regular monthly meeting of Newcastle Board of Trade was held in the Police Magistrate's room, Monday evening, Hon. Donald Morrison, in the absence of President Heaughy, presiding.

Secretary E. A. McCurdy reported that the delegates of the Board attending the Maritime Board of Trade at Moncton had met the I. R. C. managing Board and afterwards Hon. Wm. Pugsley, presenting the claims of Newcastle and up river sections for better railway accommodations, especially extension of Newcastle-Blackville service to Doaktown.

Dr. Pugsley had pronounced the request a reasonable one and held out encouragement to the delegation.

The interview with Dr. Pugsley had been followed up by strong telegrams from W. S. Loggie, N. B. Pulp & Paper Co., Renouf Lumber Co., and Newcastle Board of Trade.

An interview had also been had with Hon. H. R. Emmerson here. He had agreed to telegraph the Minister of Railways to same effect.

No reply had been received from any of the telegrams.

It was time for this Board of Trade to redouble their efforts. Newcastle must have room to grow and expand its business. The agitation should continue along non-political lines.

The report was received and the Committee granted extension of time.

The secretary reported that dredging at Barnaby River Island, Mouth of Barnaby River, had not yet been done. Dredging had been done at Lawlor's shore and vicinity on the North West Miramichi, but the Dorothy N. had afterwards lost her propeller on a sunken obstruction. Though the most shallow places had been

dredged there was more needed. Dredging had also been done at Sinclair's Wharf on the main river. Nothing had been done at Lynch's Wharf, Nelson, where the channel is filling in, nor at Newcastle ferry wharf, Re Millerton wharf, \$2000, had been granted but not yet used. An I. R. C. ten ton crane at Newcastle deep water terminus had not yet materialized. The crane in use now is only a four-ton one, insufficient for handling stone, etc. \$2000 had been granted for Newcastle town clock, which had not yet arrived.

The chairman reported that there was now a good wharf at Redbank, built by Messrs. Sullivan.

The Secretary mentioned that the iron letter boxes had not yet been installed.

O. Nicholson suggested that the absence of sufficient light at the I. R. C. station be dealt with by the Board.

The Secretary noted that a wharf was needed at Whitneyville.

Down river mail service, after seven months agitation, had been secured and was now direct and prompt.

Re Maritime Board of Trade, Newcastle's delegation of ten was the largest. Very important measures (already noted in our columns) were advocated.

Rev. W. J. Bate also reported from the Maritime Meeting.

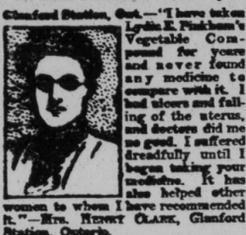

The building of a connecting railway from Newcastle to Tracadie was discussed. The New Government is understood to be favorable to I. R. C. extension.

The bad condition of our deep water terminus was commented upon.

A shipment of lumber from an up river point above Blackville to Newcastle cost more than to Chatham further away. This was

undue discrimination. Our terminal facilities must be improved. Proper facilities here would bring us shipments even from Bathurst.

On motion the secretary was authorized to ask the Railway department for better light at the Station.

The Commission system on the I. R. C. was condemned by several speakers as worse than the old system. Adjourned.

NEW BRUNSWICK SUNDAY SCHOOL ASSOCIATION

The annual Convention of the New Brunswick Association will meet in St. John, October 17th to 19th. A splendid programme is being arranged, and one of the very best Conventions in the Association's history is anticipated. In addition to the workers in our own Province, we expect to have with us, Pres. Cutten of Acadia University, Wolfville, N. S., and, also, Dr. Franklin McElfresh - International Teacher Training Supp. - of Chicago. Single fare transport on has been arranged for our all railways, including branch lines, and on the river steamers on the Standard Certificate plan. All delegates should secure Standard Certificates when buying tickets, and if going over more than one railway line, secure Standard Certificates from each. All clergymen and superintendents are delegates ex officio, and each Sunday School should send two additional delegates.

TWO CASES OF SMALLPOX

There are two houses, one in Douglastown and one in Rosebank, quarantined for smallpox, and as a precautionary measure, the school and churches there are closed by the Board of Health. The Rosebank house is the boarding house at Buckley's Mill and Joseph Young's is the one at Douglastown. Councillor Doyle of the County Board of Health has the matter in hand. Col. Maltby, who has resigned the County chairmanship, remains chairman of Newcastle Board of Health.

TWO MORE CONSERVATIVES IN QUEBEC

17 to 21 Conservatives, 6 to 12 Nationalists, 36 Liberals and Laborites, is Now the count.

Montreal, Sept. 25. - The two deferred elections in Quebec, those in Gaspé and Chicoutimi-Saguenay, took place to-day. In Gaspé the latest returns indicate the defeat of Hon. R. Lemieux, Minister of Marine, by Dr. G. P. Gauthier, who is leading by 558. Mr. Lemieux will, however, be a member of the new House, as he was elected last Thursday in Rouville.

Chicoutimi-Saguenay had four candidates in the field, the victor being J. Girard, Conservative, Mr. Girard's majority, so far as heard from, is given as 1,200. The candidates were: In Gaspé, G. P. Gauthier, Conservative; Hon. R. Lemieux, Liberal. In Chicoutimi-Saguenay, J. Girard, Conservative; B. A. Scott, Liberal; E. Boivin, Independent Liberal; E. Levesque, Nationalist. Standing in Quebec.

Montreal, Sept. 25. - There still exists considerable doubt regarding the exact standing of parties in this Province. The Herald summarizes the result as follows: Liberals, Conservatives, 15; Nationalists, 12. It is difficult to divide the seats from the Conservatives, but the majority of the papers give the Nationalists eight seats. This summary does not include the deferred elections which took place to-day.

AFTER EFFECTS OF FEVER

How to Build Up Health and Strength After Wasting Diseases.

When the system is run down following attacks of fever, large or small, or other wasting diseases Dr. Williams' Pink Pills are of special value. They make new, rich blood, which reaches every organ and every nerve in the body, and in this way restore the patient to active health and strength. In proof of this we give the case of Mrs. James Randall, Silverstream, Sask., who says: "I feel that if there is anyone who ought to testify to the merits of Dr. Williams' Pink Pills it is myself. About four years ago I was taken down with typhoid fever which left me in a very weak state and my stomach so impaired that even a drink of milk would cause me pain. To make matters worse the change of life followed, and although I was under the care of one of our best doctors, I was steadily growing worse. Before I was sick I had often read of Dr. Williams' Pink Pills, but thought no more about them. But now when I was sick and helpless and almost hopeless and with no benefit coming from medical treatment, I kept hunking of the Pills and finally decided to try them. I did so and I am thankful to be able to say that they restored me to health and strength, and enabled me to pass through that trying period, from which so many poor women emerge with shattered health. I hope that many other poor sufferers may read this statement and take fresh courage from it, as I am sure that what Dr. Williams' Pink Pills have done for me, they will do for others. I may add that I always keep Dr. Williams' Pink Pills in the home, and feel that they are better than a doctor." These Pills are sold by all retail drug dealers or may be had by mail at 50 cents a box or six boxes for \$5.00 from The Dr. Williams' Medicine Co., Brockville, Ont.

BAPTIST TENTH

DISTRICT MEETING.

The session of the United Baptist Tenth District convened in Upper Blackville Monday evening last week.

The delegates were: Newcastle - C. C. Hayward, President.

Lower Derby - Mrs. James Lyon, Mrs. Cluston, Grangeville - Rev. F. N. Atkinson Upper Blackville - Rev. C. P. Wilson, C. Donald, Wm. Donald and Joseph Arbau.

Doaktown - Rev. J. G. A. Blyea. Whitneyville - Rev. H. D. Worden. The sermon Monday night was preached by Rev. H. D. Worden from 1 Sam. XVII, 45.

The business session opened at 10 a. m., Rev. F. N. Atkinson secretary protem, Rev. Dr. Cousins being absent because of illness. Rev. F. E. Bishop of Fairville, supt. of Home Missions, was present.

The following apportionment was made of the District's assessment for denominational work: Campbellton, \$135; Newcastle, \$55; Grangeville, \$20; Whitneyville, \$15; Lyttleton, \$20; Upper Blackville, \$40; Underhill, \$20; Doaktown, \$30; Ludlow, \$30; New Salem, \$25; Bloomfield, \$10 - total \$450.

Pastor Wilson reported that the church building at Cedar Rapids was nearing completion.

Afternoon session opened at 2.30, devotional exercises by Rev. Mr. Atkinson.

It was agreed to ask the Home Mission Board to loan Grey Rapids congregation \$50 to help in finishing church at that place.

Next meeting was fixed for Whitneyville in June.

Rev. J. G. A. Blyea gave an address on Sunday School work. He preferred the Baptist Teacher as best S. S. paper. But no helps should be used by the Teacher on Sunday.

Revs. Wilson and Worden also discussed the question.

In the evening session Supt. Bishop was the principal speaker, who discussed all phases of denominational work. He was followed by the other pastors present. Adjourned.

TO ARBITRATE LABOR DISPUTES

London, Sept. 26. - The Government has decided to appoint a Board of Trade Commission empowered to arbitrate labor disputes. The Commission will consist of twelve Commissioners, representing equally the employers and the employees, with Sir George Aske with, the well-known "strike-breaker," as permanent chief. Sir George represented the Board of Trade at the settlement of various strikes during the past year.

The Government will nominate the Commissioners in order to secure men of judicial rather than partisan type, but they will be trusted leaders. On the men's side, invitations have already been sent to Messrs. Thorne, Bowerman and Enoch Edwards. The scheme will be experimental for a year.

The Ladies' Aid of St. James' Church will give an Oyster Supper on Friday, October 6th, in St. James' Hall, and a sale of homemade pickles, preserved fruit and candy.

THANKSGIVING DAY
The Government has named Monday, October 30, as Thanksgiving day.

REV. MR. SIMPSON AT NEW MILLS
Rev. F. C. Simpson spent last week with Rev. J. M. McLeod, New Mills, assisting in Special Services at Charlo preparatory to Communion the next Sabbath.

Here is a woman who speaks from personal knowledge and long experience, viz., Mrs. P. H. Brogan, of Wilson, Pa., who says, "I know from experience that Chamberlain's Cough Remedy is far superior to any other for croup there is nothing that excels it." For sale by all dealers.

REV. DR. COUSINS ILL
Rev. Dr. Cousins is confined to his home by a severe attack of bronchial pneumonia. There was no Baptist service on Sunday. It is to be hoped that the Doctor will soon be able to be around again. His services next Sunday will be taken by Rev. F. N. Atkinson, who will preach in Newcastle in the morning and evening; and at Lower Derby in the afternoon.

J. W. Copeland, of Dayton, Ohio purchased a bottle of Chamberlain's Cough Remedy for his boy who had a cold, and before the bottle was all used the boy's cold was all gone. Is that not better than to pay a five dollar doctor's bill? For sale by all dealers.

CHILDREN'S DAY AT ST. MARKS
The services in St. Marks Church Douglastown on Sunday Sept. 24th, were of an unusually interesting character. It being Children's Day the children gathered in large numbers at the morning service and went through the prescribed exercises in a very pleasing manner. Several special hymns and recitations were given under the direction of Miss Hilda Bass who had carefully trained the children. Short addresses were delivered by the superintendent Mr. R. Jessamin and Pastor Rev. F. C. Simpson. The church was very beautifully decorated for the occasion. In the evening the church was crowded to the doors, and the large audience greatly enjoyed the service, which was chiefly a service of praise. The choir under the efficient leadership of the organist Mr. Archie Russell, rendered several hymns and recitations in a very impressive manner. They were ably assisted by Miss Hattie Gunn, who delighted everyone with the select songs she gave. Mr. Simpson gave a short address on the hymn "Jesus lover of My Soul" at the close of which Miss Gunn sang with great taste and feeling a beautiful Solo based upon the words of that hymn. A number of Newcastle friends attended and thoroughly enjoyed the service.

REPAIRS TO LOWER DERBY CHURCH
The Baptists of Lower Derby have decided to build a vestry and Porch on to their Church there, which is much too small for the rapidly increasing congregation.

GOES WEST TO MARRY
Miss Hattie Gunn left yesterday for Montreal. From there she will go to Calgary, where she will be married on the 10th instant to Mr. Fred H. McKeen, formerly of Newcastle. The happy couple will go to Vancouver to live, Mr. McKeen being engaged in the boot and shoe business in that city. Vancouver Musical circles will greatly gain by Miss Gunn's removal to that city. The many Miramichi friends of the contracting parties wish them a long and prosperous wedded life.

THANKOFFERING SERVICE
The ladies of the Presbyterian W.F.M.S. held a very well attended and successful Thankoffering Service in St. James Church Friday evening. Rev. S. J. MacArthur presiding. Two very powerful addresses were given by Rev. Alex. Rennie of Millerton and Mrs. Carr Harris, a very earnest and eloquent Evangelistic worker of Bathurst. Music was provided by a united Presbyterian and Methodist choir. Miss Hattie Gunn sang a solo, and a quartette was rendered by Mrs. D. W. Stohart, Miss Calder, Mr. Calder and Mr. Shaw. The financial proceeds were upwards of \$25.00.

PERNICIOUS LITERATURE
Rev. S. J. MacArthur in preaching to the United Presbyterian and Methodist congregations 24th ult., made mention at the morning service in the Methodist church of the pernicious literature that young men were tempted to buy on a certain train-lit literature that was debasing and demoralizing.

LUMBER CUT TO BE CURTAILED
James Robinson, of Millerton says that the lumber market is very dull, and the winter's cut will be curtailed by half. A large stock of last year's lumber is still on hand, and the operation of the present year will be reduced to facilitate the disposal of the old stock.

MRS. J. F. WOOD, "AT HOME"
Mrs. J. P. Wood, nee Winslow, of Chatham, received her friends on the 27th and 28th ult. Mrs. Wood wore white embroidered net over white silk and trimmed with lace. Mrs. B. A. Marven received with the bride and wore a gown of pearl grey, lace trimmed. Mrs. H. B. McDonald poured tea, Mrs. Fannie Miller served ices and Misses Nellie Goggin, Alice Fisher and Alice Marven assisted. Mrs. Geoffrey Stead ushered the guests to the tea room assisted by little Marion Marvin.

CONSTIPATED CHILDREN
Constipation in children is the surest sign of danger—the most convincing signal that baby is going to be ill. Constipation leads to and actually causes more suffering in little ones than any other trouble. To keep baby well his little stomach must be kept sweet and his bowels regular. Baby's Own Tablets will do that—they will do it safely, surely and with out pain or griping. Concerning them Mrs. S. O. Braaten, Bergland, Ont., says:—"My baby was bothered almost continually with his stomach and bowels and was greatly constipated. Baby's Own Tablets quickly relieved him and I would not now use any other medicine." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

RALLY FOR TEMPERANCE

The temperance question is now very much to the fore, and this being the most vital question of the day, a question which affects the life of the whole community...

Already a number have signified their willingness to do this and one desiring to join in this movement send their name to the Editor of the "Graphic" who will forward it to the proper quarter...

This society is specially for the young men. The shock of the great tragedy is still upon us and we believe that this is the proper time to bring forward the beginning of such a society.

If the young men stand strongly for this, we shall accomplish more in one year than all the laws of the land would do in a decade.

NATIVE POLO AE GURANS.

The Ancient Game of Golf is a New Game in Comparison.

Polo is played at Geras (three marches up the Gilet Road) in Keshmire regularly once a week during the summer months, when the ground is free from snow.

The local telegraph master is the only European who plays, except for occasional visitors and sportsmen on their way through. To our ideas the game is primitive, but is finds great favour in the eyes of all the natives in this part of the world...

System in Salesmanship.

"Young man," says the automobile manufacturer to the new salesman who has astonished the organization by the rapid-fire sales he has made in the two months of his employment...

"Thank you, sir," replies the new salesman modestly.

"I know you build the best auto in the market," says the manufacturer, "but even at that I cannot understand how you can sell ten times as many machines as the very best men we have had prior to you. How do you do it?"

"Well, sir," explains the new salesman, "the light of honest pride in his eyes, I always ask the customer to take a ride in one of our machines as the first move toward getting acquainted with its riding qualities. Of course he accepts the invitation. I then take him out on the boulevard and get acquainted and fixed for fast running. After that there is no argument."

Then, after the new salesman leaves the private office with a block of preferred stock tucked away in his inside pocket.

Objects of Pity.

It is an undiscerning sympathy that reaches only to ills that are felt and confessed. We every day meet men with laughter on their lips, and unclouded brows, who are very nearly the greatest claimants of pity.

Pity the men and women who fritter away the days in busy idleness, calling it society, when they might read a book. Pity those who, without evil intent, are making great mistakes, who live as though life had no purpose or end, who gratify a present desire unthinkingly of future pain.

Pity the parents who have not learned how to rear and train their children; pity the children so reared as that, they go into life with undermined health and weakened nerves, prematurely weaned of society, lawless in their dispositions, rude and inconsiderate in their manners, stamped with the impress of chance associations and unregulated pleasures.

UNION MEMORIAL SERVICE CONDUCTED SUNDAY EVENING

Citizens of All Denominations Assemble at Opera House to Hear Discourse of Pastor.

VERY TOUCHING TRIBUTE.

A joint memorial service was held in the Opera House last Sunday evening in memory of the late D. J. Bruce. Long before the hour of service crowds were seeking admission and by seven o'clock there was scarcely a seat left.

Sometimes the heart is too overcharged with emotions for utterance. Not infrequently, words seem to be a profusion. We are met together this evening beneath the shadow of a sorrow.

Most of you knew him for a much longer time than I did, but no one, I think, outside of his nearest and dearest, knew him better.

Here I would say very solemnly and with great reserve, without referring to the single circumstances which caused his death, that our brother had done his duty to the man and woman of the Town of Campbellton in the way of any man that could be expected of a man of his kind.

It is with a manifold sense of respect to voice the feelings of our hearts that I address you this evening. Bruce was a task laid upon me for which I feel so absolutely unequal.

The first man to address a word to me in Campbellton was Mr. D. J. Bruce. A year ago last April I alighted at the old station from the Maritime express.

I am inspired. Often I have gone into it and very seldom when down town did I omit to do so. Some matter and badly needing counsel or help, and never did I fail in the same mood.

I might speak of the generosity of his views to every good cause of his large hearted generosity, which led him to open his arms to anyone who needed entertainment, but you all know these qualities as well as, or better than I do.

Nothing was a trouble or a weariness to him. He was never too busy to take in hand some additional task. He loved the church of his fathers with the deepest affection and she never had a more loyal son.

I need not begin to tell what different kinds of duties he performed as elder, as Committee man, as member of the Musical Committee, as member of the Communion Committee.

On Monday afternoon, amidst a drizzling rain, the whole town virtually turned out to the funeral of the late D. J. Bruce. The service in the home was conducted by Revs. T. P. Drumm, C. A. Hardy, (The Head) J. M. McLeod, (New Mills), and George Monte.

The pall bearers, who were chosen from the Session of St. Andrew's church, were, Messrs. D. C. Firth, John M. McKenzie, W. F. Yorston, John Mair, A. G. Adams, W. B. D. and James Craig.

As a token of the sympathy and sorrow of the town, most of the stores were closed from two till four, p. m., during the time of the funeral.

REWARD.

WHEREAS five years ago the word Zam-Buk was unknown in Canada, and Zam-Buk is now admitted to be the finest cure for skin eruptions and diseases.

AND WHEREAS it has been represented to us that there are still some good Canadians, and even some mothers and heads of families who have not yet tried this great balm, we hereby offer a REWARD of one free trial box of Zam-Buk to every person who has not yet tried this wonderful balm.

PROVIDED they send by mail to us this proclamation together with one-cent stamps to pay postage on such box.

AND FURTHER PROVIDED that they address such application to our office at Toronto.

Given under our hand this day.

ZAM-BUK.

With profound sincerity this evening, I tell you I never met a better man and I feel sure you will agree with me. The summons to come up higher was an urgent and tragic one, but what of it? He was ready to go.

O faithful heart, sweet peace hast thou, In God's eternal bosom now; Dust sinks to dust in calm repose, But he that rests the Spirit goes. The love which was thy life while here is now thy heavenly atmosphere.

With his own and dear ones! We can but dimly realize the glory of his life. God has sustained them marvelously in the hour of their trial, but they need our prayers—they need our help and our Christian sympathy.

The righteous shall be held in everlasting remembrance. The memorial of virtue is immortal because it is known with God and will meet and stay that he who shall shine as the brightness of the firmament and turn many to righteousness as the stars for ever and ever.

On Monday afternoon, amidst a drizzling rain, the whole town virtually turned out to the funeral of the late D. J. Bruce. The service in the home was conducted by Revs. T. P. Drumm, C. A. Hardy, (The Head) J. M. McLeod, (New Mills), and George Monte.

The chief mourners were the deceased's only son, Campbellton D. A. Bruce, a cousin, of Charlottetown, B. E. L., his brother-in-law, nephew, of Florenceville; Mr. McKinnon of Fredericton, and other friends from out of town.

The pall bearers, who were chosen from the Session of St. Andrew's church, were, Messrs. D. C. Firth, John M. McKenzie, W. F. Yorston, John Mair, A. G. Adams, W. B. D. and James Craig.

As a token of the sympathy and sorrow of the town, most of the stores were closed from two till four, p. m., during the time of the funeral.

A DISCOVERY THAT IS BENEFITTING THE WHOLE WORLD

CANADIAN PHYSICIAN MADE IT

Wonderful New Substance Formed By Combining Fruit Juices

It takes Canada to do the really big things that are being done. For thousands of years, people have known that fruit was good for them without knowing exactly why. A Canadian physician experimented until he found out.

Fruit juice is about nine-tenths water and one-tenth solid matter. And this solid matter is eight-eighths sweet and one-eighth acid. It is the bitter principle that is the cause of the acid. To get the full benefit of fruit, one must eat great quantities of fresh fruit. By the discovery of this Canadian physician, the bitter principle is so combined that it is made to grow or increase many times. In other words, a stronger fruit juice is created. This is made into tablets which are known as "Fruit-a-Lives".

Chronic Constipation means Painful Bowels. There are two kinds of bowels which are constipated. One is the bowels which are weak and cannot move. In severe cases, people are three or four days without the bowels moving. N. W. FOSTER, M.D., of Grand Rapids, Ont., says "I heartily recommend 'Fruit-a-Lives' to all who suffer with Constipation."

Dr. Foster, a highly respected by the River, is the purgative of the body. Two pints of bile should be poured into the bowels every day. In severe constipation only about half a pint is secreted. With the muscles of the bowels weak and little bile, it is impossible for the bowels to move regularly. A. G. WILSON, Esq., of New York, N. Y., says "I tried 'Fruit-a-Lives' and now I am free from Chronic Constipation from which I suffered for many years."

To cure Constipation, the liver must be stimulated to pour out more bile and the weak muscles strengthened. Dr. Foster's "Fruit-a-Lives" is not merely a relieving agent but a tonic. It tones up the liver and increases the flow of bile.

Wm. PARSONS, Esq., of Ottawa, Ont., says "I am eighty years of age and find 'Fruit-a-Lives' to be a good thing. I have been cured of chronic constipation and feel like a new man."

STIGAN of Ottawa, Ont., says "I have been cured of chronic constipation and feel like a new man."

NEW PROFESSOR FOR SACKVILLE

Sackville, N. B. Sept. 23.—The position of Professor of Physics in Mt. Allison University, made vacant by the resignation of Dr. McKay, has been filled by Guy G. Becknell, P. D., of Goshen, Ind. Dr. Becknell graduated from the North Western Military Academy in 1897. He took the degree of B. S. in 1904 from the North Western University, and in 1905 the degree of M. S. He won a scholarship from the same University in 1902 and a Fellowship in 1905. He was Honorary Fellow of Clark University in 1909 and Research Assistant of Prof. A. G. Webster. He was Senior Fellow of Clark University in 1908 and 1911, taking the degree of Ph. D. this year. He has taught in the Goshen public schools of Goshen, Ind., and in the Elkhart Normal School of Elkhart, Ind.; was assistant instructor in 1906 in Purdue University and instructor in Physics in 1907 and 1908. Dr. Becknell is spoken of as being an absolutely straight-forward and clear-headed fellow, a man who will prove a real acquisition to any institution that is fortunate enough to secure his services. He has a fine English style both in written and spoken discourse. This combined with the high grade of his scholarship in both Mathematics and Physics has made him a very successful teacher. When he took the Fellowship in Physics at North Western University he made a very beautiful investigation of the Ionization of the Electric Arc, which was published in the Physical Review. He is said to be clear, courteous and interesting; always dignified, and will command the respect of every student in his classes, from start to finish. Prof. Webster, of Clark University, speaks in the highest terms of Dr. Becknell, who will undoubtedly prove a splendid acquisition to the University Faculty. Mt. Allison University opened Thursday and classes began on Monday. The President is full of overflowing and new students are still arriving. The Freshmen class will probably number between fifty and sixty.

The sixth annual convention of the Union of New Brunswick Municipalities will take place at Newcastle on October 11th and 12th. A number of important matters will be discussed, and the remarks of the delegates regarding taxation will be weighed.

WAS THIS A THREAT?

In discussing the late lamented tragedy in which Mr. D. J. Bruce lost his life, a well-known citizen made the statement that the tragic hour was the direct outcome of Local Option, and remarked that "Mr. Bruce is not the last one, there are others who will follow the same way as a result of Local Option."

WAS THIS INTENDED AS A THREAT? Are we to understand from the above statement that if the citizens persist in upholding Local Option in the Town of Campbellton, a law which had the sanction of over two-thirds of our citizens, that they as such upholders, will be persecuted even unto death?

If such be the meaning of the words uttered, the sooner the fight is again taken up the better for all concerned. The blood of the martyr is certainly the seed of any movement and while the life so valiantly shattered, cries aloud for vengeance, we cannot afford to sacrifice our noblest and dearest before the altar of the god, "Fear."

This is now with us a critical time. Are our right thinking citizens—the more than two-thirds who voted for this measure—to be found wanting? Surely not. Our beloved brother, whose life blood, so treacherously spilled, cries from the ground in the highest heaven gave his life for a cause he dearly loved, and we know that his death will be the means of stirring up such a feeling against the infamous traffic that every rum seller will be driven out of business. This ought to be done and in God's own time will be done; but the price of blood we have already paid seems too great.

Although there are at present no open bars in Campbellton, it is said that there are numerous places where liquor can be bought and many of these are premises least suspected, and the people who are engaged in the traffic the last we would ever dream of being mixed up with such a lure of the devil, as was the case of the man who is now awaiting trial on so serious charge. Many, no doubt, are tempted by the promise of large profits to be made, forgetting the fact that "even though they gain the whole world, they lose their own soul."

The question is being asked: "What are the Council and the police going to do about enforcing the Local Option law? Do the policemen know that liquor is being sold in Campbellton, contrary to the Local Option law?"

These questions from the citizens are superfluous. The Council and Chief Hughes are fully alive to all the facts relating to the sale of liquor. The difficulties which confront them are: (1) Getting direct evidence of a sale; (2) the loopholes provided for accused under the Local Option law. We believe that Chief Hughes is fighting a lone battle without the proper support he ought to have; and any of our citizens who follow these matters closely will see this borne out in the case lately tried in the courts, where a man was fined \$50 for illegal selling as a first offence, when the veriest child in the street knew how many times this same man had been arrested.

This is where amendments to the present law are required and the time for action is NOW.

The office in the cause of temperance has been as we all know, a long and hard one, and it is our duty and the duty of our citizens to help it on. We are sure that our citizens will do their best for a cause so noble and so just.

THE WORLD'S WHEAT CROP

Canada's Crop This Year Was More Than 200,000,000 Bushels.

Publications Branch, Department of Agriculture, Ottawa, September 25, 1911

A cable from the International Agricultural Institute, Rome, Italy, gives the official figures published there on that date concerning the production of wheat during the present season in Great Britain and Ireland, France, Russian Empire, Algeria and Egypt. These figures are new and appear in the Table hereunder. Revised figures are also given for Belgium, Hungary, Italy and Tunis. The estimated production for the latter countries on Sept. 1st, compared with that of August 1st, is given in bushels as follows, with the August estimate in brackets:—Belgium, 14,617,000, (14,054,000); Hungary, 132,691,000, (187,760,000); Italy, 192,170,000, (203,192,000); Tunis, 6,625,000, (7,716,000).

The following table comprises these estimates (except acreage) together with those published by the Institute to date. For the purpose of comparison the figures for 1910 are also given.

NEWCASTLE LABOR REPORT

In the September issue of the Labor Gazette, Mr. James Falconer, correspondent for Newcastle District, reported as follows:

There was little change in the labor market; every branch of business was extremely quiet. At the present there is only one new house in course of erection, which will cost from nine to ten thousand dollars when completed. Outside of that there are only a few barns being erected and general repairs being done. Every other branch is quiet.

AGRICULTURE.

Farmers have been busy for some time. They are through haying and the crop was a fairly good one, not quite equal to last year, but is about 90 per cent. Last year was extra good. Every farmer is now busy harvesting and the crop is a good one; wheat is good but not so much sown in this section. Oats are a full crop if not a little above the average. Potatoes are looking fine and if there is no rot will be a full crop, turnips and other root crops are fine.

FISHING

Fishing has not been up to the average, at least not quite up to last year, with the exception of mackerel, which has been plentiful and of fine quality.

LUMBERING

The sawmills are still running full time, but there is no demand for lumber. Logs were sold for \$3.50. For a long time they had been bringing from \$10 to \$12 a thousand. This will lessen the winter operations and there will be fewer men employed in the lumber camps.

PARTICULAR TRADES.

Bricklayers and masons had a very quiet summer. Carpenters were not quite so bad, as there is a little doing in their line. Painters were fairly busy. Plumbers and steam fitters are now busy preparing for the winter.

Sealed Tenders, addressed to the undersigned, and endorsed "Tender for Wharf at Shediac Island, N. B.," will be received at this office until 4.00 p. m., on Tuesday, October 17, 1911, for the construction of a Wharf at Shediac Island, Westmorland County, N. B.

Plans, specifications and form of contract can be seen and forms of tender obtained at this department and at the offices of Geoffrey Stead, Esq., District Engineer, Chatham, N. B.; E. P. Shewen, Esq., District Engineer, St. John, N. B., and on application to the Postmaster at Shediac Island, N. B.

Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied, and signed with their actual signature, stating their occupations and place of residence. In the case of firms, the actual signature, the nature of the occupation, and place of residence of each member of the firm must be given.

Each tender must be accompanied by an accepted cheque on a chartered bank, payable to the order of the Honorable the Minister of Public Works, equal to ten per cent (10 p. c.) of the amount of the tender, which will be forfeited if the person tendering declines to enter into a contract when called upon to do so, or fail to complete the work contracted for. If the tender be not accepted the cheque will be returned.

The Department does not bind itself to accept the lowest or any tender. By order, R. C. DESROCHERS, Secretary.

Department of Public Works, Ottawa, September 18, 1911. Newspapers inserting this advertisement without authority from the Department will not be paid for it Sept. 27 2wks-58.

DEPARTMENT OF RAILWAYS AND CANALS

Intercolonial Railway.
 Spur Line—Hampton Station to Hampton Village, N. B.

2nd NOTICE TO CONTRACTORS

Sealed Tenders, addressed to the undersigned and endorsed "Tender for Hampton Spur Line", will be received at this office until 10 o'clock on Saturday the 7th day of October 1911.

Plans, profiles, specification and form of contract to be entered into can be seen on and after the 31st of August at the office of the Chief Engineer of the Department of Railways and Canals, Ottawa; at the office of the Chief Engineer of the Intercolonial Railway, Montreal; and at the office of the Intercolonial Terminal Agent, St. John, N. B.

Parties tendering will be required to accept the fair wages schedule prepared or to be prepared by the Department of Labour, which schedule will form part of the contract.

Contractors are requested to bear in mind that tenders will not be considered, unless made strictly in accordance with the printed forms, and in the case of firms, unless there are attached the actual signature, the nature of the occupation, and place of residence of each member of the firm.

An accepted bank cheque for the sum of \$5000.00 made payable to the order of the Minister of Railways and Canals, must accompany each tender, which sum will be forfeited if the party tendering declines entering into a contract for the work, at the rates stated in the offer submitted.

The cheque thus sent in will be returned to the respective contractors whose tenders are not accepted.

The cheque of the successful tenderer will be held as security, or part security, for the due fulfillment of the contract to be entered into. The lowest or any tender not necessarily accepted.

By order, L. K. JONES, Secretary.
