Town Of Petitcodiac, N. S., Destroyed By Fire

OLD LANDMARK DESTROYED BY FIRE THIS A.M.

Old Mrs. Garce on James Street... Twenty Thousand Dollars—Many Cars Burned.

About 2:30 this morning as Constable Howitt was on his rounds, he discovered that the rear portion of Hall's garage on James street, was on fire and immediately notified the firemen who almost at the same time got a similar message from the proprietor of the Ellis House. The firemen were on the spot in a few minutes, by which time, owing to the strong east-ty gale, which was blowing the entire back part of the premises was blazing like a furnace. Fire lines of hose were at once deluging the back and front, during which the entire roof of the rear part fell in adding to the intense heat and flames, but by most persistent and hard work, the damage was confined to the garage, without any injury to the streets of Messrs. Begy and Son, or Mr. Pfander, adjoining, and by about 5 a.m. the danger was over, leaving a well-traded building behind. The building which was owned by Mr. Albert Devlin and rented to Hall Bros., is reported to be damaged to the extent of about \$3,000, upon which there is an insurance of \$7,000. Messrs. Hall Bros. at a rough estimate place their loss at between \$17,000 and \$20,000 which was insured for \$4,500. There were also six autos in the garage, owned by private parties, the loss on which may amount to \$3,500 and may be insured for about 80 per cent of their value. Besides these there were several tractor plows, one or two wagons, some sleighs and other articles, either destroyed or damaged. During the progress of the blaze fears were expressed that a big gasoline tank in the building might explode, but upon the Chief Early ordered a constant stream of water to be played which in all likelihood saved the adjoining buildings.

Praise For Firemen. Too much praise cannot be given to the firemen for their arduous and positively dangerous work, under the intense cold and strong wind. Much credit is also due to Mr. Wiley of the Ellis House, who provided the firemen with an abundant supply of hot coffee and other refreshments. The building was one of the old landmarks of the city, being erected about 70 years ago to replace a frame barn which stood nearby and was known as Stinson's barn in connection with a small frame hotel, which occupied the site of the present Russell House and was erected by one Cope Stinson, years previous and known as Stinson's hotel.

TO PROCEED WITH CABLE UNDER CANAL. A special meeting of the Town Council was held last night with the following members present: Mayor F. C. Grisdale, Reeve Geo. T. Richings, Deputy Reeve George T. Aikens, Peter M. McDonald, Walter Diamond, P. R. Warner, John Reed and George W. Hay. Moved by Councillors Reed and Richings; That the clerk write to the Hydro regarding sending their engineer to explain the cost and whatever else is required for a block of power for manufacturing and commercial purposes. Carried.

Moved by Councillors Aikens and McDonald; That the Mayor, Reeve and Clerk be a committee to visit Toronto, to meet the railway board and the Private Bills Committee of the Legislature. Carried.

Moved by Councillors Aikens and McDonald; That instructions be given to Mr. Chipman to proceed at once on the water main and cable across the well Welland Canal. Carried.

Moved by Councillors Diamond and Richings; That the Council consider Canon Pipers application regarding housing schemes as soon as definite information can be obtained from the Government. Carried.

The Council then adjourned. A direct descendant of the royal Scottish House of Stuart in the person of Miss Mary Stuart Jones, lately died in Brockville.

INSURRECTION IN BERLIN HAS BEEN SUPPRESSED

(Special To The Journal) Basle, March 14.—The Berlin insurrection may be considered as suppressed. Mustav Noske, Minister of Defence announced in the Assembly at Weimar yesterday a German despatch reports Only one suburb remained to be cleared of Spartacans, the Minister stated Department of the population must be hastened, Herr Noske said.

SOME BRIDES FRIGHTENED AT STORIES

21,000 Canadians Have Married in England and the Number is Increasing. London, Feb. 22.—(Delayed)—Some agitation is raging in England today over the reports of maltreatment of English brides reaching the Dominions. Some English brides are refusing now to accompany their husbands to Canada, having been frightened by the reports and by stories of Canadian hardships.

London who are making a specialty of Canadian work report that some cases of domestic infelicity have arisen with these new brides. Examination of these reports shows that often it is the men who are seeking legal advice.

TUMBLING DOWN TWELVE STORIES TO HIS DEATH

Toronto, March 14.—Samuel Goldstein, aged 38, living at 25 Kensington Avenue, fell from the twelfth story of White and Sons Building, 135 St. Patrick Street, at 11:30 yesterday. He was rushed to the General Hospital immediately afterwards, but he expired in the ambulance. His body was taken to the Morgue shortly after noon. When the accident occurred, he was employed at work on the building it is believed.

FOURTH MOUNTED RIFLES COMING WITH 635 MEN

Ottawa, March 14.—There are coming with the 4th C. M. R. 29 officers and 639 men attached. The remainder of the strength in France, is made up of men living east of Toronto, and will come with the 5th C. M. R., which has 310 men attached. First reports said that there were but 480 men of the unit sailing on the Carmania.

Quebec, March 14.—That Sir Lomer Gouin is about to quit the Provincial arena and go to Ottawa, probably to the Senate, and maybe as a Minister in the Union Cabinet, is a story printed yesterday in L'Evenement, the official Conservative Unionist organ of Quebec Province. The story originated from the Montreal correspondent of the paper, the man who predicted the request of the Legislature for a Royal Commission inquiry into the Maisonneuve land deal.

Yesterday's story says that Sir Lomer Gouin is packing up to leave the Provincial arena, and that he will relegate the Liberal ship to Hon. Mr. Taschereau. Hon. Mr. Galipeault would be much more popular than Mr. Taschereau, says L'Evenement, but he is not quite ready to take up the job of Premier.

The paper says that Sir Lomer Gouin will be out of Provincial politics within the next few months, and that there is genuine ground for the report that he may be called to Ottawa either in the Senate or in the Union Cabinet.

NOVA SCOTIA TOWN WIPED OUT BY FIRE

Petitcodiac Near Moncton Scene of Disastrous Blaze This Morning and Many Buildings Were Destroyed.

Amherst, N. S., March 14.—A disastrous fire broke out this morning in the prosperous town of Petitcodiac, 20 miles from Moncton. It is thought to have originated in a blacksmith shop and it rapidly spread in all directions. Among the buildings destroyed were the bank of Nova Scotia, the post office, railway station and many retail stores. The fire is still raging with unabated fury and is threatening the eastern end of the town. The Moncton fire department is on the way to Petitcodiac, but it is doubtful whether it will arrive in time to be of much service.

BEER AND WINE LICENSE WILL SUIT DEALERS

Niagara Falls Hotelmen do not wish to go back to old system of Open Bar With a Whiskey Privilege.

Niagara Falls, Ont., March 14.—The consensus of opinion among the Niagara Falls hotel men is that a wine and beer license would be quite satisfactory. "We certainly don't want to go back to the old order of the liquor business," said one prominent hotelman today, in answer to inquiries as to his views regarding Hon. Mr. McGarry's announcement as to a referendum on the liquor question in September next. "I don't think," he added, "you will find many hotelmen in Ontario who would want to go back to the liquor business the way it was before prohibition. What I would like to see, and this is the opinion of hotelmen of this city, and I believe of the Province generally, is a beer and light wine license, with the proper dispensation by the Government of these liquors. We don't think beer and light wines would hurt anybody."

GEORGE STORM IS ARRESTED BY CAMP M.P.

Deserted From his Battalion Last June and Will Now Face a Court Martial for the Offence.

Niagara Falls, Ont., March 14.—A young farmer named George Storm was arrested Wednesday night by Inspector Tolmie's Dominion Police. Storm has given the authorities plenty of trouble since he deserted from Niagara Camp last June. He was arrested last night at his farm not far from Welland. Storm was given a month's leave of absence to do his settling last May, and on returning to Niagara Camp he asked for another leave to work on his farm. This was refused, so he took French leave. His uniform was subsequently found hidden in the woods and many attempts have been made to get Inspector Tolmie's men rushed Storm's house and caught him as he was taking a few boiled eggs out of the pot for his supper. He surrendered quietly. He was turned over to the military authorities and will be court martialled.

An illustrated lecture on "Birds" by Prof. J. W. Crow, O. A. College, Guelph, will be given at Jordan Station Methodist Church, under the auspices of the "Go-Ahead" Club, on Monday evening, March 17th, 1919. A silver collection will be taken at the door.

THE WEATHER

Toronto, March 14.—The high pressure is centred to the northward of the Ottawa Valley and the weather is mostly fair and cold from Ontario to the Maritime Provinces. In the Western Provinces it has been cold with local snow falls. A disturbance now over Colorado will probably move toward the Great Lakes.

PRINCIPALS FORWARD MANY SUGGESTIONS

Reports of Committees Take up Majority of Time at Public School Board Regular Meeting.

The regular monthly meeting of the Public School Board was held at the City Hall last night and before and adjournment was made, considerable business of a routine nature was disposed of. Those present were Chairman Byrne, Trustees Jones, Rutherford, Dunlop, Paxton, Nurse Riggins and Inspector Hetherington.

Communications. Communications were read from: Miss Viola Davison presenting the report of the Teachers' Association, a lengthy discussion arose as to whether or not the work of the second grade should be divided into two years instead of one, as at present. Of those who voted the majority favored two years for the work of the second grade.

The following have been appointed to represent the grade: Kindergarten Miss Legate. Primary Miss Hiscott. First Miss Riley. Second M. Tasker. Junior Third Miss Filson. Senior Third Miss Griffiths. Junior Fourth Miss Dawson. Senior Fourth Mr. Sample. A. E. Coombs, Principal Collegiate Institute, expressing his thanks to the Board in giving him the opportunity to see the schools of London and Brantford.

From Secretary J. S. Ellicott of the Principals' Association enclosing the following report: The first meeting of the St. Catharines Principals' Association was held in the Central Public School Thursday, March 6th. The following were the recommendations to the Public School Board.

- (1) That the maximum attendance in Primary and first classes be limited to forty pupils in order to secure better preparation for second class, and that pupils spend one full year in each class.
(2) That a teacher of music be appointed for the Public Schools.
(3) That an out supervisor be appointed for the Public Schools.
(4) That the Principals and Advisory Committee submit to the Principals' Association for its approval, also that the promotion examinations this year be similar to those of last year except that no pupil shall be promoted without the Principal's recommendation.

Miss Evelyn A. Legate requesting leave of absence until Easter. Miss Annie Carrochan tendering her resignation to take effect on April 1st. Reports of Committees. The report of the Finance Committee recommended payment of accounts totalling \$6,209.96. Nurse Riggins, reported for the month of February as follows: Class room inspections 26-3. Found: Pediculi 4, skin infection 11, parents notified of same 11. Physicians consulted 8, reported infections 3, non infectious 5, infected eye 1, home visits 10. The report of the management Committee was presented as follows. "That Evelyn Ralph of Willacburg be appointed to the staff at a salary of \$700 per annum, duties to begin March 12th. "Your Committee having visited Log-

MAY BE FIVE QUESTIONS ON REFERENDUM

Full Opportunity Afforded for Expression of Opinion on Booze Question.

1. Are you in favor of the continuance of the Ontario Temperance Act? 2. Are you in favor of a return to the License Act? 3. Are you in favor of licensed sale of light wines and beers? 4. Are you in favor of the sale of liquor under Government control? There are the questions that will in all probability be placed before the people of Ontario, when the Government referendum on the liquor question is submitted in late September as now contemplated. Premier Hearst has no statement to make in regard to any statement of policy on the part of the Government but does not deny that yesterday's prolonged session in caucus was devoted mainly to a labored discussion of the whole situation.

Officials closely in touch with the situation declare that the above questions will be identical with those placed before the people by the Government, but qualify the statements with the opinion that a further clause reading something like "Are you in favor of the Ontario License Act?" will be inserted in the referendum. This, it is explained, will allow a definite expression for those who are not in favor of a return of the old Act and yet have some fault to find with certain machinery of the O. T. A. Answering the first question in the negative would mean favoring the old License Act. It is felt that these questions, if placed in the referendum would allow for definite expressions, and preclude any possibility of doubtful intentions. J. D. Flavell, chairman of the Ontario License Board, declined to offer any opinion as to the form which he considered the referendum on the prohibition question should take. "Whatever system is ratified by the public and adopted by the Government, we shall endeavor to administer to the best of our ability," he stated.

GENERAL FRED HILL INJURED IN RIOTS

Niagara Falls, Ont., March 14.—Brigadier General Fred W. Hill of this city, who was recently decorated for bravery, is in a hospital at Witley camp England, recovering from injuries recently sustained in a riot among the soldiers in the camp, according to word received here. It is said General Hill attempted to separate two bodies of men and was assaulted.

don and Brantford, are thoroughly convinced that the proper place to introduce manual training and domestic science is in the Public Schools and would recommend that equipment be purchased for the two rooms in the St. Paul's Ward Schools and be introduced at the earliest possible date. The Inspector's report on attendance read as follows:

Table with 3 columns: Registered, Average, and another column. Rows include Central, Victoria, Alexandria, Connaught, St. Georges, St. Andrews, St. Pauls, and Western Hill.

The Board then went into committee of the whole to discuss the question of new school buildings and after a short debate the following resolution was passed:

"That the Secretary advertise in St. Catharines and Toronto daily papers, the Contract Record and the Canadian Engineer for competitive plans for two single story schools to include eight class rooms with accommodation for manual training, domestic science and kindergarten rooms. Moved by Trustee Rutherford seconded by Trustee Jones that the Secretary write to the Board of Education in Brantford and London expressing appreciation of the courtesy shown the members on their recent visit. Moved by Trustees Dunlop and Paxton that Dr. D. V. Currey be appointed Medical Health Officer, at a salary of \$500. The Board then adjourned.

BEAMSVILLE G. W. V. A.

A branch of the G. W. V. A. has been established in Beamsville with the following officers: Honorary President, W. D. Fairbrother. President, G. V. Cook. 1st Vice President, J. H. Lay. 2nd Vice President, O. S. Teft. Secretary, W. R. Woodland. Treasurer, J. P. Hiltz. Executive Committee: J. A. Jewell, E. H. Sturgess, J. J. Jenkins, A. J. Byles, D. N. Nation, W. W. Gilmore, W. Blaylock.

PRIVATE BILL WENT THROUGH COMMITTEE

St. Catharines Act Favorably Reported Upon by Hon. Mr. Lucas' Committee This Morning. Local Delegation Introduced by F. R. Parnell, M.P.P.

(Special To The Journal) Toronto, March 14th.—The Private bill of St. Catharines was favorably reported this morning by the private bills committee after hearing a brief statement from City Solicitor Kingstone, Mayor Elson and Ald. Eagle. Ald. Hill and City Treasurer Watt also were present and the delegation was introduced by F. R. Parnell, M.P.P. Hon. Mr. Lucas, Chairman of the committee requested that the letter from the Provincial Treasurer giving his sanction for the payment over of the funds be filed. This was agreed to and the bill went through for presentation to the House.

In advocating the legislation Mr. Kingstone pointed out that the municipality was desirous of securing these funds to meet the subscription of \$500,000 which had been made for Victory Bonds in the recent campaign declaring that if corporation had control of the money it could secure 6 1/2 per cent. interest against 5 per cent. paid by the Province. The Bonded interest of municipality was now \$150,000 he said which coupled with sinking funds of over \$356,000 paid to the Provincial Treasurer under the Act in 1911 when the city's finances were not properly administered would enable the corporation to pay up the bonds and invest the money to much better advantage.

BILL An Act Respecting the City of St. Catharines

WHEREAS the Corporation of the City of St. Catharines has, by its petition, represented that in order to promote to its fullest extent the success of Canada's Victory Loan, 1918, it subscribed thereto for the sum of \$500,000, being the amount of its sinking funds on deposit with the Treasurer of Ontario, and on deposit with the bankers of the corporation and available for such purpose, and it is necessary, in order to complete the payments upon the said subscription, to have the said sinking funds, amounting to \$356,240.77, on deposit with the Treasurer of Ontario, released and paid over to the treasurer of the corporation; and whereas the corporation be validated and authority given for the release and payment over of the said sinking funds for the purposes mentioned; and whereas it is expedient to grant the prayer of the said petition:

Therefore, His Majesty, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:—

- 1. This Act may be cited as The City of St. Catharines Act, 1919.
2. The subscription by the Corporation of the City of St. Catharines for \$500,000 to Canada's Victory Loan, 1918, out of the sinking funds of the said corporation is hereby validated and confirmed.
3. The Treasurer of Ontario is hereby authorized to release and pay over to the treasurer of the Corporation of the City of St. Catharines all sinking funds (with accrued interest thereon), deposited pursuant to the provisions of section 4 chapter 110 of the reign of His Majesty King George the Acts passed in the first year of V., for the purpose of enabling the said corporation to complete its payments upon the said subscriptions to King George V., is hereby repealed.

GERMANY TO BE WATCHED FOR MANY YEARS

Force of League of Nations insist on Keeping of Terms.

London, March 14.—In events at the Peace Conference the Daily Chronicle says: "There is no doubt that Lloyd George scored a very important point in gaining the assent of his colleagues on the Council of the League of Nations to the principle that conscription shall be abolished in Germany. The act adopted will enable the powers of whose shoulders the chief responsibility for maintaining the League of Nations will rest to bear that burden with a much smaller military effort than would otherwise be needed. "There will be no risk of perpetuation in Great Britain and the United States, and we cannot suppose that France and Italy, having regard for their economic situation will care to tumber themselves indefinitely with it. The disarmament of Germany, being compulsory, will have to be watched and enforced for many years by traveling commissions of the League of Nations with the league's force behind them. "The abolition of compulsory service is the greatest practical step yet taken toward the discouragement of war," says the Daily Mail. "There is one vital provision for the safety of the allies that must accompany the abolition of conscription, however, this is the complete and effective disarmament of Germany."

LATE JAMES M. VANKEUREN LAID AT REST YESTERDAY

Mr. James Melvin Vankeuren, a respected resident of Dunnville died at his residence there on Tuesday, March 11th, aged 62 years. Deceased was born in South Oxford and was the oldest son of the late James Jones Vankeuren and late March Clusen Vankeuren. He went to Haldimand when a youth, where he lived for a number of years, later moving to Dunnville where he had resided for 26 years. He was married to Miss Elsie Bessy, daughter of William Bessy of Merriton, and leaves besides his widow six children Mrs. G. H. Smith, Mrs. J. Jamieson, and Mrs. Frank Dashwood, all of Dunnville, James and George in St. Catharines and William in Brantford. The funeral at which the Rev. Mr. Green of Grace Methodist Church of Dunnville officiated at the house and graveyard, took place on March 13 and was largely attended. The following relatives from a distance being present Chas. McLaren, St. Catharines; Mrs. Gilbert Vashinder and Mrs. Harry Robbins, Welland; Frank Spalding of Ithaca, N. Y.; Milo Vankeuren, Hamilton.

At Port Dalhousie this morning the mercury registered 13 degrees above zero. For the past few days a stiff northeast gale has been blowing up the lake, which appears a mass of white caps as far out as can be seen.

GAS DEPARTMENT LOSS FOR TWO MONTHS WAS WELL OVER \$1300.00

The regular monthly meeting of the Public Utilities Commission was held at their offices Wednesday evening, March 12th. As the report on the Gas Plant had been made to the City Council, there was nothing special to take up. The Manager made the usual monthly reports showing from the monthly operating reports a loss of \$739.37 for January, and 612.87 for February for the Gas Dept., and a gross surplus of \$2,504.26 for January and \$3,070.10 for February in the Electric Dept. The loss for the month of February was practically the same as for January. Accounts totalling \$6,821.29 for the Electric Dept., and \$2,081.14 for the Gas Dept. were approved and passed for payment. Canada's Victory Loan, 1918. 4. Section 4 of chapter 110 of the Statutes of Ontario, passed in the first year of the reign of His Majesty King George V., is hereby repealed.

REPATRIATION LEAGUE FOR WELLAND CITY

Welland, March 13.—A plan of organization for the formation of a Repatriation League is under way. Dr. A. H. Abbott, of Toronto, speaking on the

advisability of such a league, said that in former wars efforts were unsuccessful in repatriating returned soldiers. It takes a hard, long struggle to get back into civilian life. As military training develops characteristics the exact opposite of those required for success in

Article No. 12 Cut out for Reference

Land and Loans—to Help Soldiers Become Farmers

It is anticipated that a great many soldiers who have served with the Canadian, British or Allied forces may want to become farmers in Canada. The vital need to-day is to increase production and the acreage under cultivation. It is thus in Canada's best interests to give these soldiers every assistance. The Government has therefore been developing a programme that includes the providing of land, the granting of loans and the training and supervision of those inexperienced in farming.

The Present Plan.

Under the Soldier Settlement Act, 1917, an eligible returned soldier is entitled, in addition to his ordinary homestead right, to a free grant of one quarter-section of Dominion Lands on homestead conditions.

For this purpose the Government has suspended homestead entry by others than soldiers on all remaining homestead lands in the Western provinces within fifteen miles of railway transportation, pending enquiry into their suitability.

As soon as a soldier goes on the land, the Board has power to grant him a loan up to the maximum of \$2,500.

This loan is granted to settlers to help them acquire land for farming, discharge incumbrances, undertake improvements, erect buildings and secure necessary livestock, machinery and equipment.

It is not given as an actual advance of cash, but in the form of payment for expenditures. In this way the settlers' transactions are carefully supervised.

The loan is made at the low interest rate of five per cent. It is to be repaid in twenty annual instalments. The first two payments may be deferred by the Board when desirable.

The New Proposal.

The Government have found it necessary to broaden these original plans for the following reasons:

- (a) It has been found that only a limited amount of suitable homestead land is available for soldier settlement.
(b) Some Crown lands are held by the Provinces.
(c) Homesteading may not suit all the returned soldiers.

It is now proposed that the Provincial Governments co-operate with the Soldier Settlement Board in acquiring suitable lands at present held uncultivated by private owners. The Dominion Government has announced its intention of introducing necessary legislation along these lines at the opening of the next Session.

The lands so bought will be re-sold to the soldier at cost price. It is suggested that the purchaser be required to make a cash payment of one-tenth of the purchase price. The balance will be payable in equal annual instalments extended over twenty years or longer.

The amount of the land purchased by this plan, if it is approved by Parliament, will be limited in value to \$5,000. Interest will be charged at a low rate of five per cent.

When these new proposals for land purchase become effective the Board will be able to loan the soldier settler up to a total of \$1,500 for the purchase of livestock and equipment in addition to the loan for the purchase of his land. It will be granted on practically the same terms as the loans now allowed.

As the soldier improves his farm the Board may advance him a further \$1,000.

Who May Apply

The Act applies to any one who has served with an honourable record in the Canadian or Imperial forces in the present war, or to any Canadian who was on active service with the Allied forces, or the widow of any such person who died on active service.

The Board will loan money only to those who have had sufficient experience or training in farming. Each applicant may be required to appear in person before the Qualification Committee in his district.

Training

Those soldiers who have had insufficient experience in farming will be helped by the Board to secure the necessary training to qualify them for the loans.

Special instructional courses are being arranged with the agricultural schools and experimental farms.

Farmers will be asked to co-operate in giving the soldier practical training and knowledge.

Expert Assistance

The work of the Soldier Settlement Board is carried out by Supervisors in each of the provinces.

These supervisors have under them a staff of land appraisers to value the land, and farming advisors or practical farmers in the community to advise the soldier after he has definitely settled on his farm.

Qualification Committees are being appointed in each Province to advise the Board as to the qualifications of each applicant.

Results

Loans, amounting to over 1 1/2 million dollars, have already been granted to over one thousand returned soldiers.

Since the regulations were completed last July, over eight hundred soldiers have made entries on Dominion Crown Lands under the Soldier Settlement Act.

Offices of the Soldier Settlement Board are located as follows: Post Office Bldg., EDMONTON, Alta.; Post Office Bldg., WINNIPEG, Man.; Fernberon Bldg., VICTORIA, B.C.; McCallum Hill Bldg., REGINA, Sask.; 32 Adelaide St. E., TORONTO, Ont.; Drummond Bldg., MONTREAL, Que. In New Brunswick the Board is temporarily represented by the Secretary of the Provincial Farm Settlement Board, St. John; in Nova Scotia, by the Secretary of the Soldiers' Aid Commission, Halifax, N.S.; and in Prince Edward Island by the Minister of Agriculture, Charlottetown.

OTTAWA

GOVERNMENT REFUSES TO PAY THEIR WAY

Three Hundred British Reservists Stranded at Halifax—Threaten to Sink the Ship

Halifax, N. S., March 13.—Conditions aboard the troop ship Tolosa are in a critical state to-day owing to the refusal of the military authorities at Ottawa to furnish transportation to their homes for three hundred British reservists who were proceeding to New York on the Steamer when she was ordered back to Halifax to coal owing to a strike in that Port. Captain Jackson came ashore this morning to receive the decision of Canadian authorities after he had been informed by a delegation that the men would sink the ship unless they were allowed to come ashore and proceed to their destinations by rail. Captain Jackson states that he has no guns aboard and that the ship is at the mercy of the men. Among the 293 men aboard the Tolosa are eighty one American citizens, seventy of whom claim to be American born. They all came to Canada during the early months of the war and enlisted in the British Expeditionary Force. Captain Jackson contends that his orders from the British Admiralty were to take the men to Halifax and disembark them there.

CONTROL RIVER RHINE BY A COMMISSION

(Special to The Journal) Paris, March 13.—Recommendation that navigation of the Rhine be opened to all nations without discrimination was made in a report to Peace Conference yesterday, by commission on railways and ports. It was suggested the Rhine be controlled by commission similar to the Danube Commission. The status of Kiel canal has been settled by commission on the basis of freedom of use and for all nations for merchant vessels or warships in time of peace. The canal would continue under German ownership and operations.

LOST—On Thursday forenoon, possibly on James St., a lady's bead bag, containing a purse with some money and the owner's calling cards. Finder please leave at the Journal office and receive reward.

BORDEN TO SIGN TREATY

Ottawa, March 13.—In answer to a question by Mr. H. A. Mackie in the House of Commons yesterday, Mr. R. N. Borden said that he had no official information, but he believed that Premier Borden would be one to sign the peace treaty.

SENTIMENT IS HIGH AGAINST ALL GERMANS

Will not be Permitted to Enter Paris When the Time Comes for Signing Peace Treaty

Paris, March 13.—When the time for the signing of the peace treaty arrives, it is understood, Germany's representatives will be housed in one of the palaces at Versailles, and will not be permitted to enter Paris, as the French Government does not care to undertake to afford protection to Germans in Paris.

While the German signatories will not actually be prisoners, and must not be treated as such, public sentiment against Germany is so high in Paris that the French Government is unwilling to risk unpleasant incidents which might occur were the official German representatives to appear publicly.

Evidence shows that London, Ont. has a magnificent technical school, splendidly equipped but the attendance is small, being in the day classes around one hundred. It does not warrant a policy of large expenditure for an inter-community school in this district.

The erudition shown by the editors of a number of Canadian newspapers upon gardening subjects at this season is simply wonderful. For instance we are told a fork is better to dig with than a spade, that both a rake and a hoe are necessary and will be useful and that the best way to get rid of potato bugs is to can them in an old tomato can.

A CIVIC WHITE ELEPHANT

The loss of money which the city has sustained through the purchase and operation of the gas plant has been heavy. What the total will amount to is not now clear but when calculated it will be found to be a large sum indeed.

Analyzing the figures furnished by the Public Utilities Commission which has the responsibility of administering the affairs of the plant for the last year or so, it will be found that they reveal a statement of annual fixed charges which nothing but a miracle could overcome. There seems to be absolutely no possibility of undertaking a policy which will put the plant in a position to earn even eighty or ninety per cent. of its cost of maintenance etc.

In the past, of course, it has been the unfortunate practice of those who have had to do with the utility to fall to take the interest and sinking fund charges into consideration when audits were being made and when estimates were being given to the public as to receipts, expenditures, etc. In other words it was assumed, evidently, that whatever had to be raised annually to meet these two debts should not, in any case, need not, be included in the statement put in the yearly audit report of the city. Had these charges been included as indeed they should have been, there would have been a loss of several thousand dollars yearly. Since the plant has gone into the hands of the Public Utilities Commission that body has properly entered these charges with the inevitable result that when they are provided for, there is a deficit for the last year of about \$16,000.

It is a serious reflection on civic administration that the losses on this plant should not have been made known more frankly and completely in the years that have gone. It seems incredible that the ratepayers should have been led to believe that the earnings were meeting the fixed charges and cost of operation when as a matter of fact the loss yearly was several thousand dollars. It is only within the last year that the people have been given a true conception of what they have been facing and what they will have to face till the white elephant is disposed of in a definite and business-like way.

Good news spreads rapidly and druggists here are kept busy dispensing 'freezing' the recent discovery of a Cincinnati man, which is said to loosen any corn so it lifts out with the fingers.

A quarter of an ounce costs very little at any pharmacy, but is said to be sufficient to rid one's feet of every hard or soft corn or callus.

You apply just a few drops on the tender, aching corn and instantly the soreness is relieved, and soon the corn is so shived that it lifts out without pain. It is a sticky substance which dries when applied and never inflames or even irritates the adjoining tissue.

This discovery will prevent thousands of deaths annually from lockjaw and infection heretofore resulting from the suicidal habit of cutting corns.

SEND IN YOUR ORDER

Any one desiring to have The Journal delivered should call telephone 59, circulation department. Carrier boys are now going to all parts of the city and arrangements can be made to have the paper delivered every evening at your home.

Superintendent Robertson of the N. S. & T. stated this morning that the Steamer 'Dalhousie City' will be ready for the opening of navigation on March 31st.

DR. ARTHUR P. Dentist

AS A LAST RESORT we use plates in our

In nine cases out of ten plates have been used and Bridge Work Specialists have accomplished the work out the necessity of a plate.

Just as bridge engineers great spans across seeming impossible chasms, demanding TWO SECURE POINTS for foundations, so do our bridge Specialists set in place rows of nearly, natural teeth that do everything as well as natural teeth could.

These Dental operations are nothing short of marvelous. They bespeak the skill for which this Office is noted.

AND it is gratifying to know that this skilled Dental service can be yours at extremely reasonable cost. As an example \$5 for a crown of excellent quality and Bridge work at same rate.

The courtesy of an interview and a thorough examination are offered entirely without charge.

Offices: 308-378 Main Street Corner of Eagle OPEN UNTIL EIGHT No Sunday Work. Phone Seneca 405 Formerly known as White Dental Parlors.

Seek the best. The price is the same, but the quality of our bread is superior.

Good Bread is essential to man's health.

To be sure of the good kind

## Wright's Home-Made Bread

Now that the restrictions are off regarding the use of substitutes, our Bread is back to the high Standard we set previous to the War. Our genuine Home-made Bread is scarcely touched by hand, having in our equipment the most Sanitary System of handling it. This machine costs a lot of money, but we believe it is hygienic and more sanitary than by hand. Therefore it pays in these days when germs are so easily spread, the handling of food stuffs should be carefully done. We believe the public will appreciate our system of doing this.

Wright's Genuine Home-Made Bread Costs No More Than the Poorer Kind. 11 Cents the Loaf.

We buy and sell everything. Ruch Bros., 22 St. Paul St. Phone No. 1864.

Spring Milinery Opening at Hatley's Friday and Saturday. Your inspection invited. The prices are within reach of everybody. m 13 14 15

Workers Educational Club meets Wednesdays and Sundays at 7.30 p.m. Carpenters Hall, 28 Queen St. Workers invited. m7-19

Read Wilson's the grocers advertisement and note the large saving on a single pound of tea. m14

Mr. and Mrs. Mathias Durham of Grimsby celebrated their golden wedding of 50 years of married life, a short time ago. They were married by the Rev. Dr. Gibson in this city on February 24th, 1869, and raised a family of four sons and one daughter.

The second game of the home and home series to decide the local O. B. A. junior group championship will be played on the Collegiate Court tonight and should prove a first class contest. The home team have a lead of 48 points from the game played at the Falls a week ago and therefore have an edge on tonight's game which should prove enough to clinch the honors.

The Popletes are taking no chances, however, and they will be at full strength when the whistle blows. The local team will be chosen from the following players:

Manley, Phipps, Graham, Barber, McAvoy, Brookland and Nelson.

The first games of the semi finals will be played next week between the local fives and the Ambitious City quintette and it is expected that the first game will be played here on Tuesday night and the return game in Hamilton on Friday.

The funeral of the late Mrs. Lillian Lynch was held yesterday afternoon from the residence of her parents, Pelham Road to The Deciple Church, thence to Victoria Lawn Cemetery. Mr. Talman of Jordan officiated at the church and graveside. Six members of the G. W. V. A. acted as bearers. The floral offerings were very beautiful from sympathizing friends.

**WANTED**—Boys to deliver The Evening Journal in Thorold district.

Don't forget the whist drive tonight at the G.W.V.A.

**E. W. NESBITT, M.P., SAYS NO ONE IS IN COOMM AT LONDON**

(Special to the Journal)

Ottawa, March 14.—Edward W. Nesbitt, M. P. for North Oxford, and one of the members of the Parliamentary Investigating Committee on Soldier pensions, this morning remarked during the course of the enquiry, "In London, there is nobody we command, they just do as they please." "There is a district officer commanding for the London district," said Colonel O'Brien "Oh yes," persisted Mr. Nesbitt, "but they just go as they please."

**NIAGARA FALLS BILL FAVORABLY REPORTED ON**

(Special to The Journal)

Toronto, March 14.—The agreement between the City of Niagara Falls and Niagara Suspension Bridge Company for a fixed assessment of \$150,000 for general repairs exclusive of repairs was favorably reported by the Private Bills Committee this morning after it had been shown that the Company had been assessed for a much larger sum by the City Assessor. Only upon investigation of the bridge the life of which is rapidly coming to an end the sum of which was finally determined and agreed upon by both parties.

**CARUSO PAYS BIG INCOME TAX BILL**

New York, March 14.—Enrico Caruso, the tenor, will pay an income tax of \$153,933.70 for 1918, it was revealed at the collector's office in the Second New York District today. Caruso visited the office in person late yesterday and taking advantage of the instalment payment system, presented a check for \$38,483.42, one-fourth of the total amount. Permission to print the amount was given by Caruso, as the law does not permit the tax collector's office to voluntarily give out the information.

**ALEXANDER DICKIE.**

At half past five o'clock on Tuesday a quiet wedding took place in Westminster Presbyterian Church, when Essie Gladys, younger daughter of Mr. and Mrs. A. M. Dickie of North Bay Ontario, became the bride of Gunner Arthur Ronald Alexander, third son of Dr. R. A. Alexander, of Grimsby, Ont. The ceremony was performed by the Rev. James Little. The bride wore a dainty gown of navy blue taffeta silk and coat of robin egg blue velours and hat to match, and wore a corsage bouquet of American Beauty roses. The bride was attended by Miss Dorothy Earl, Gunner Jim Carruthers of North Bay, acted as groomsmen. Toronto Star.

Many friends will be grieved to learn of the sudden death of Miss Elizabeth H. Keeper, which occurred this morning at the family home number 10 Woodland Avenue. The deceased has not been feeling well for about a month but seemed unusually well last evening. She was born in this city and was a devoted member of Knox Presbyterian Church, and leaves to mourn her demise one brother, John A. Keeper and one nephew, Walter P. Keeper, both of this city.

A request from the Village Council of Grimsby for the appointing of another constable for that village will be submitted to His Honor Judge Campbell.

## What Is Dry Cleaning?

Through this advertisement the New Method Dry Cleaners and Dyers will explain what dry cleaning consists of.

First, it is a French process. The reason the name dry is used is because the process consists of cleansing the articles thoroughly with evaporating solvents, that consist of neither water or moisture of any kind, which is done by power cleaning machines.

This process of cleaning clothes will not shrink, loosen colors, neither will it injure the most delicate fabric, such as chiffon, silks, gloves, furs, draperies, etc., providing, of course, that the silks are not artificial or too badly worn.

So many people are under the impression that acids and other injurious chemicals are used. This is entirely impossible. No acids are used in process of dry cleaning.

# Nature Has Limits

### WEATHER

Forecast: Moderate winds, fine and mild to-day and on Wednesday.

Nature does not go on storing up gas indefinitely. We cannot go on burning indefinitely. When the natural supply is used up we must produce a gas by costly methods to take its place.

The more economical we are the longer will we have this more satisfactory form of fuel to draw upon.

**Although Natural Gas is Cheap, do not waste it the Supply is not Everlasting.**

THE UNITED GAS COMPANIES, Limited.

Capt. A. L. Bishop, who is now staying at the home of Lt.-Col. R. W. Leonard, this city of whom he is a nephew. He served at the front with the Imperial Forces and won distinction on the field.

### GOES TO THE WEST.

Col. E. W. Woods, formerly curate of St. Paul's Anglican Church at Bridgeburg, has been appointed to the position of Field Secretary for Manitoba of the Canadian Renovation Committee. Col. Woods went overseas with the 8th Battalion, which is known as the "Black Devils."

AFTER CLOUDS COMES SUNSHINE. AFTER DESPONDENCY COMES JOY. AFTER SICKNESS COMES HEALTH. AFTER WEAKNESS COMES STRENGTH.

In the spring when you're "all in"—fagged out—blood thin, if you will turn to Nature's remedy, a tonic made from wild roots and barks, which has stood fifty years as the best spring tonic—you will find strength regained. No need to tell you it's Dr. Pierce's Golden Medical Discovery, put up in tablet or liquid form, and sold by every druggist in the land. After a hard winter—shut up indoors, your blood needs a temperance tonic, a tissue-builder and blood-makers such as this "Medical Discovery" of Dr. Pierce's.

STRAITFORD, Ont.—"I can highly recommend Dr. Pierce's Golden Medical Discovery and Pleasant Pellets. I have used these remedies twenty-five years in my family. Had a very bad case of neuralgia and Golden Medical Discovery completely cured me in a very short time. I have given it to all my family, also to my grand children. I had a grand-child last summer that we thought could not live. We gave him the 'Discovery' and he is strong and healthy as any child could be. I am a great believer in Dr. Pierce's Medicines and would not be without them."—Mrs. A. BOWLING, 283 Railway Ave.

## THE BISHOP OF ST. ASAPH PAYS TRIBUTE

Speaks Highly of Canadian Troops at Kimmel Camp. Explains Reason of Riots.

(Special to The Journal) London, March 13, (Canadian Associated Press cable)—The Bishop of St. Asaph in the neighborhood of Kimmel Camp writing to the Times pays the highest tribute to the Canadians there in regard to their treatment of inhabitants of that part of Wales, who he declares were proud to have these fighting Canadians in their midst.

Respecting the recent riots he points out that discomforts and continual delay in sending these men to their homes after being certificated and led to believe they were going immediately, was a grievous trial on the patience of any man especially when they read in Canadian papers of "conscriptors" arriving home after doing no fighting and being acclaimed with the rest as Canada's heroes. This smouldering fire quickly burst into flames.

## GOVERNMENT CAUCUS HELD OVER THE O.T.A.

Conservative Members Think That Liquor Referendum Will be "Wide Open." The Amendments are not Ready.

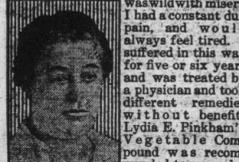

Conservative members of the Legislature held a three-hour caucus again yesterday. These meetings of the faithful are becoming regular weekly affairs. Like the gathering of a fortnight ago, the meeting yesterday devoted practically all of its time to a discussion of the Government's temperance policy. That question is one that is causing members of the Government a lot of worry.

It is understood that yesterday the members were assured that as Hon. Mr. McGarry phrased it last week, the referendum on the temperance question will be taken in a "wide-open fashion." As yet there is no sign of the bill to amend the Temperance Act making its appearance in the House, and it is doubtful if it will for another two weeks. It is quite possible, however, that within the next few days, Sir William Hearst will tell the House in a general way just what the policy of the Government in regard to the matter is to be.

## WOMEN OF MIDDLE AGE

How Lydia E. Pinkham's Vegetable Compound Relieves the Ailments of Change of Life.

"During Change of Life I had hot flashes, dizzy and every month I was wild with misery. I had a constant dull pain, and would always feel tired. I suffered in this way for five or six years and was treated by a physician and took different remedies without benefit. Lydia E. Pinkham's Vegetable Compound was recommended to me and I took it, and I believe I would never have been well if it had not been for the Vegetable Compound and Lydia E. Pinkham's Sanative Wash. I am recommending your medicine to all women ailing as I was, for I think it will carry them safely through the Change of Life, and relieve the ailments that come at that period."—Mrs. ALEXIS C. NANGLE, Galatia, Ill.

Women who suffer from nervousness, "heat flashes," headache, dizziness, and "the blues," should try this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, and if complications exist write the Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of their 40 years' experience in such cases is at your service.

## SPARTACANS DRIVEN OUT

German Government Troops Rout Invaders of East Berlin. Copenhagen, March 13.—German

Government forces, after lively fighting, have succeeded in driving the Spartacans out of the east end section of Berlin, including Lichtenberg, according to a Berlin despatch. Occupation of the district the message states, was systematically carried out by the government troops. Considerable quantities of arms were captured. Losses on the government side are declared not to have been heavy. "The bestial acts of cruelty by the Spartacans have been fully confirmed" the message adds.

## DR. MERRITT HAS RETURNED FROM OVERSEAS SERVICE

Dr. W. H. Merritt, former mayor of this city and a battery major, who took a gun unit away at the early part of the war, returned to the city yesterday afternoon on the 6:03 train. He had been expected to come in earlier, but as it was he was met at the station by his brother Mr. Prescott Merritt, and by Mayor Elson, Ald. Eagle, Ald. Smith and City Clerk Pay, representing the city.

The doctor looks to be in excellent health and spirit. "I scarcely knew I had reached St. Catharines," he said laughingly. "This fine new station doesn't look much like the old one."

## Wood's Rheophedine

The Greatest English Remedy. Tones and invigorates the whole nervous system, makes new blood in old veins. Cures Nervous Debility, Mental and Brain Worry, Despondency, Loss of Energy, Fatigue of the Heart, Failing Memory. Price \$1-per box, six for \$5. Ope will please, six will cure. Sold by all druggists or mailed in plain wrapper, on receipt of price. New pamphlet mailed free. THE WOOD MEDICINE CO., TORONTO, ONT. (Incorporated in England)

Certainly it is a great improvement". He and his wife have both been overseas for three or four years. Mrs. Merritt returned a short time ago.

## GETS FALLS JOB

Niagara Falls, Ont., March 13.—D. T. Black for the past eight years City Engineer of Welland, has been appointed, out of seventeen applicants, City Engineer of Niagara Falls, succeeding Fred J. Anderson, who was killed in battle. Black came to Canada from Scotland eleven years ago. His salary is to be \$200 a month.

## PRIVATE NASH HOME

Private Victor Nash arrived home from overseas last evening on the 7:50 train and was met at the station by his parents and friends. He declared himself very glad to see the city once more, after spending four and one-half years overseas with the 23rd Royal Fusiliers. It will be remembered that the Royal Fusiliers were the first regiment to win the first two V.C.'s in the war.

While overseas Pte Nash took part in the battles of Vimy Ridge, the Somme and Courcoette. He is the son of Ald. and Mrs. Nash, of this city. Though he has been through several severe encounters he is looking exceedingly well.

Berlin, Wednesday—Spartacan forces were abandoning the positions in Lichtenberg yesterday. The Government force took a large number of prisoners many of whom were executed summarily.

## SICK--WEAK--MISERABLE THOUSANDS OF VICTIMS

Man feels bad all over—feels weak—feels nervous, irritable, gloomy—gets angry at little things that ordinarily would not be noticed! You feel tired mornings. Your sleep does not rest you. You feel nervous. You dream at night. Your memory is poor. You can't concentrate your mind. No appetite. You lose flesh—all run down. You can't understand why.

As to your trouble? Have you some skin eruption that is stubborn, has resisted treatment? Is there a nervous condition which does not improve in spite of rest, diet and medicine? Are you going down hill steadily?

**SYMPTOMS OF VARIOUS AILMENTS**  
Weak and relaxed state of body, nervousness, despondency, poor memory, lack of will power, timid, irritable disposition, diminished power of application, energy and concentration, fear of impending danger or misfortune, drowsiness and tendency to sleep, unrefreshing sleep, dark ring under eyes, dizziness, pimples on face, palpitation of heart, easily tired, weakness or pain in back, lumbago, dyspepsia, constipation, headache, loss of weight, insomnia. Dr. Ward gives you the benefit of 28 years' continuous practice in the treatment of all chronic, nervous, blood and skin diseases. The above symptoms, and many others not mentioned, show plainly that something is wrong with your physical condition and that you need expert attention.

**NERVE EXHAUSTION.**  
The Great American Disease. There are numberless people who do not call themselves sick, and yet they feel nervous, weak, languid and tired most of the time. They have no ambition or endurance to work—everything they attempt is an effort. Life to them appears as a long, gloomy future. Their appetite is poor and variable; they become irritable, cross and discouraged. They have pains and aches in various parts of the body and there is often indigestion, belching of gas, pains in the stomach present. Sleepless, wakeful and restless nights follow. They become drowsy after meals and the brain tires easily.

## OF INTEREST TO THE AILING MAN

28 years' experience and learning, 28 years doing one thing and doing it well. Experimenting days long past. I know! My success is due to system and direct methods. I go after the cause. No delays—no waiting—no wondering. No weary months and years dragging along waiting for expected results. I make a fee for treating the patient as long as treatment is necessary. If I make you a fee of \$10.00 or \$25.00 it means that I will treat your case until you are dismissed. Consultation and examination free.

## WILSON DUE TO-NIGHT

President Scheduled to Arrive at Brest at 8:30 and will go to Paris Immediately.

(Special to the Journal) On Board U. S. S. George Washington, March 13, (By Wireless)—President Wilson expects to arrive at Brest at about 8:30 o'clock Thursday evening. He will board his special train immediately and will probably arrive in Paris at about 9 o'clock Friday morning. Wilson sent wireless messages to Secretary of State Lansing and Colonel House and arranged to begin work in Paris without loss of time.

## FELL OFF STREET CAR.

An accident which might have proved fatal occurred at 1:30 this afternoon in front of the Garden Tea Rooms. While the local N. S. and T. car was coming east along St. Paul street, one of the lady passengers, Mrs. McBain, walked through the car while it was in motion, and on reaching the vestibule she was thrown out of the car, striking her head on the pavement. She was carried into the Garden Tea Rooms and later conveyed in Dr. Currie's car to her home on McDonald Ave.

## LEAVE FOR TORONTO

City Treasurer Watt left for Toronto this morning to arrange for the appearance of a delegation from this city before the Private Bills Committee of the Legislature tomorrow morning at 10:30. Ald. Eagle, Chairman of Finance., Mayor Elson, and City Solicitor Kingstone will go over this afternoon and evening. The request of the city is with respect to its victory bond investment of \$500,000 and also the transfer of interest and sinking fund

## NEW USE FOR AVIATION SHEDS

AFTER many years of waiting a covered skating rink has been secured for the Gentlemen Cadets at the Royal Military College at Kingston, and the acquisition of this building will give a great impetus to our national game—"hockey." Hitherto the Royal Military College hockey teams have had to get along the best they could, using the open ice on the lake and occasionally the city rink at Kingston. These limitations interfered materially with the quality of the game. On the demobilization of the Royal Air Force in Canada, and the abandonment of the aviation camps at different points some suitable buildings, originally designed for and used as flight sheds (or aeroplane hangars) became available, and through the kindness of Sir Joseph Flavelle, Bart., Chairman of the Imperial Munitions Board, under whose direction these aviation camps were originally established, two of the flight sheds, each 130 feet long by 68 feet wide, were secured to form the basis of the new covered skating rink. Military College were not slow in taking advantage of this opportunity in coming forward to assist in carrying out the idea. The Canadian National Railways, through the courtesy of Mr. D. B. Hanna, its president, and the Grand Trunk Railway System, through the courtesy of its president, Mr. Howard G. Kelley, have undertaken to free-freight the material of the sheds from Camp Mohawk to the point nearest to the Royal Military College, at Kingston. Sir Herbert S. Holt, who is deeply in everything that makes for the welfare of the Royal Military College, has generously financed the undertaking, and a contract for the removal and reerection of the flight sheds above referred to, has been let to the Kingston Construction Company, who now have the work in hand. The Minister of Militia and Defence has approved of a site within the college grounds on which the covered rink will be erected. Mr. F. L. Wanklyn, General Executive Assistant of the Canadian Pacific, who is also deeply

college, has taken charge of all the work in connection with the carrying out of the scheme. The rink, when completed, will be substantially as shown in the above illustration. The main building will be 240 feet by 68 feet wide, and the height from the underside of the roof trusses to the ice level will be 18 feet. Commodious dressing and locker rooms, 25 feet square, will be provided at one end, over which a gallery for spectators, capable of seating 300 persons, will be provided. The main sheet of ice will be 215 feet by 68 feet wide and this will, in the opinion of well known hockey experts (Messrs. "Riley" Hern and Col. Walter Maughan) make a most satisfactory hockey rink. The building will be well lighted by windows all round, and with electric lights for the evenings. The outside will be neatly finished in cement rough-cast and present a generally attractive appearance. The originators of this project have received many congratulations from a host of friends interested in

## NOTICE TO CREDITORS

In the matter of the estate of ROBERT MURRAY WALLACE, late of the City of St. Catharines, in the County of Lincoln Gentleman Deceased.

NOTICE IS HEREBY GIVEN pursuant to Sec. 56, Chap. 72, Revised Statutes of Ontario, 1914, that all creditors and others having claims against the estate of the said Robert Murray Wallace, who died on or about the Twenty-fourth day of October, A.D. 1918, are required on or before the Thirty-first day of March, A.D. 1919, to send by post prepaid, or deliver to Marquis & Bowman, of the City of St. Catharines, in the County of Lincoln, Solicitors for the Estate of the said Robert Murray Wallace, their Christian names and surnames, addresses and descriptions and full particulars of their claims, the statement of their accounts, and the nature of their securities (if any) held by them.

AND FURTHER TAKE NOTICE that after such last mentioned date, the Executor will proceed to distribute the assets of the said Estate among the parties entitled thereto, having regard only to the claims of which he shall then have notice, and that the said Executor will not be liable for the said assets or any part thereof, to any person or persons, of whose claims notice shall not have been received at the date of such distribution.

DATED February 25th, A.D. 1919.  
MARQUIS & BOWMAN,  
St. Catharines, Ont.  
Sols. for the said Estate.

**THIEVES MAKE A BIG HAUL OF READY MONEY**  
Twenty-six Thousand Dollars in Currency Stolen From the Cosmopolitan Bank of New York

New York, March 13.—Theft of \$26,000 in currency from the vaults of the Cosmopolitan bank, a Bronx institution was made known here yesterday by the police. The robbery occurred sometime on Monday night after the bank had closed and was not discovered until Tuesday. The money had been placed in the vault by the cashier.

The police said the robbery apparently was an inside job. The money was in a safe deposit box in the vault, entrance to which was gained by opening the combination, and the box was opened with a key. The bank messenger, sent to get a package of papers, it was said, found the door of the vault open and the safe deposit box ransacked.

In another bank yesterday, the Public National, on Upper Broadway, a thief snatched \$880 in bills which a young woman depositor had just drawn from the cashier. The police later arrested a man seen running from the bank.

## MAY DROP THE DAYLIGHT SAVING BILL

Ottawa, March 13.—It is beginning to look as if the daylight saving bill will fall by the wayside. The rural members are strongly opposed to the measure, and are urging the Government to drop the bill. It is understood that Hon. T. A. Greer shares their views. In the United States the daylight saving will come into effect again

## MORTGAGE SALE

VALUABLE FACTORY PREMISES IN THE CITY OF ST. CATHARINES

Under and by virtue of the Power of Sale contained in a certain Mortgage which will be produced at the time of sale, there will be offered for Sale by Public Auction on SATURDAY, MARCH 22ND, 1919 at the hour of eleven o'clock in the forenoon at the Law Offices of Fred Easton Hetherington, Esq., 10 Queen Street, St. Catharines, by R. E. Boyle, Auctioneer, the following property:

ALL that certain parcel or tract of land and premises situate lying and being in the City of St. Catharines in the County of Lincoln and being a part of Lot Number Eighteen (18) in the Seventh Concession of the Township of Gringham, in the said City which said parcel or tract may be more particularly described as follows:

COMMENCING at a point in the southerly limit of Brewery Street distant therein westerly 176.4 lineal feet from the westerly limit of St. Paul Street, said point being the westerly limit of the property acquired for the site of a High Level Bridge Thence south 10 degrees 56 minutes west in the westerly limit of the said acquired property 70.1 lineal feet more or less to the northerly limit of the old Welland Canal property, Thence westerly in and along the said northerly limit more or less to the easterly limit of the Taylor and Bate Brewery Property; Thence north 33 degrees 53 minutes east in said Brewery property limit 96.1 lineal feet more or less to the southerly limit of Brewery Street; Thence easterly in the said limit of Brewery Street 409.7 lineal feet more or less to the place of beginning.

The property is a valuable factory premises known as the Cuthbert Pattern Works property and has 400 feet frontage on pavement on Brewery Street. On the Property is a brick factory building with cement floor, also office and other buildings in a fair state of repair.

The Property will be offered for sale subject to a Reserve Bid.

F. E. HETHERINGTON,  
Vendor's Solicitor,  
10 Queen St., St. Catharines, Ont.  
Dated at St. Catharines the 25th day of February, 1919 m 18 15 21

**KINMEL CAMP TROOPS HOME THIS MONTH**  
Canadians to Sail for Halifax on Big Troopships. Olympic Will Carry 5,000.

Halifax, March 13.—As a result of the riot among Canadian troops in Kimmel Camp, Wales, arrangements have been made to use again the big troop ships in the Canadian service to carry soldiers back to Canada. The steamer Baltic has left Liverpool with more than 3000 men, and the Carmania is on the way with nearly 3000. The White Star Liner Olympic is scheduled to sail from Liverpool on Saturday with 5000 Canadian troops. All three ships are coming to this port. It is expected that all them in Kimmel Camp will be back in Canada by the end of the month.

**JACK JOHNSON NEEDS MONEY SAYS WILLARD**  
World's Champion Claims There is Nothing to Statement That Bout at Havana Was Fixed

(Special to the Journal)  
Lawrence, Kansas, March 13.—"Jack Johnson simply needs money, and is trying to put over another match," was the comment of Jess Willard, when speaking of the statement received from Havana to-day in which Johnson claimed the championship bout with Willard four years ago was a pre-arranged affair.

## EIGHT HOUR DAY ON L. & P. S. AFTER MAY 1ST.

Sir Adam Beck Makes Announcement of Better Conditions for Employees of Municipal Owned Radial.

Hamilton, March 13.—None of Sir Adam Beck's statements of facts and figures concerning successful operation of the London & Port Stanley lines aroused such general approval as has this announcement that, commencing May 1, all employees on the London & Port Stanley Electric Radial are to work eight-hour days. "We can afford to give our men an eight-hour day," he told an audience at the Twentieth Century Club last night, "because we are making enough money to do it. And further, we are making another general increase in wages which amounts to \$10,000 a year." He faced an audience composed largely of workers, and they voiced their approval with earnest "Hear, hears" and applause.

P. O. P. Shy of Debate  
The eight-hour day announcement is the biggest new development of the campaign, but closely seconding it is the unexpected refusal of the officials of the P. O. P. League opposing Hydro-radials, to summon a monster meeting of the citizens of Hamilton and let Sir Adam speak for radials, and any one of their officials speak against them. Hydro-radial supporters are somewhat disgruntled in view of the statements that have appeared in P.O.P. literature, and a lot of citizens who in all sincerity were following P.O.P. leadership are somewhat bewildered at the significant turn of events.

TEAMSTERS  
W D Order No 3544

SEALED TENDERS will be received addressed to the Chairman of the Board of Works, City Buildings, St. Catharines, Ont., up to five o'clock in the afternoon of Thursday, March 20th, 1919, for the supply of teams, including teamsters and suitable wagons, for the collection of garbage in the City of St. Catharines for the year beginning April 3rd 1919. Teamsters are required to state a price per day of nine hours for every working day of the year. Additional help required for the collection of garbage and care of dumps will be supplied by the City. Proposals will be received for supply of one or any number of teams up to seven teams. For additional information call at the Office of the City Engineer.

The City reserves the right to accept the lowest or any other tender that may be in its best interests or to reject all tenders.

W. P. NEAR, City Engineer  
M 12-15-18

New York Man Cannot Collect Damages Awarded Him Against Nicholas Until Proof of Death is Produced  
New York, March 13.—Bernard Naumberg, a lawyer, was named today by Supreme Court Justice Benedict in Brooklyn as a committee of one to ascertain whether Nicholas Ramonoff former czar of Russia, is dead or alive and, if dead, who is next of kin.

Tonight Mr. Naumberg is eagerly looking for someone who can solve the riddle for him, for on its solution rests the collectibility or non-collectibility of a \$117,450 judgement, which Mr. Naumberg recently obtained against Mr. Ramonoff on behalf of the Marine Transportation service corporation.

The corporation, in the early part of the war, transported a large quantity of sugar to Russia upon the then czar's order. Before collection was made, Nicholas was deposed and, according to generally accepted reports, slain.

Mr. Naumberg recently learned that the late czar had \$1,000,000 on deposit in the National Bank here. He obtained a court judgement for \$117,450, but upon presenting it to the bank was informed that the bank could not pay out any of the fund unless Nicholas either were served with notice or were proven dead.

Mr. Naumberg then applied for appointment of a receiver for the fund, hoping to obtain satisfaction from the receiver. Justice Benedict denied the application, however, telling Mr. Naumberg it would be necessary first

## MAMMA! DON'T YOU SEE YOUR CHILD IS SICK, CONSTIPATED

Look at tongue! Move poisons from liver and bowels at once.

Mother! Your child isn't naturally cross and peevish. See if tongue is coated; this is a sure sign its little stomach, liver and bowels need a cleansing at once.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomach-ache, diarrhoea, remember, a gentle liver and bowel cleansing should always be the first treatment given.

Nothing equals "California Syrup of Figs" for children's ills; give a teaspoonful, and in a few hours all the foul waste, sour bile and fermenting food which is clogged in the bowels passes out of the system, and you have a well and playful child again. All children love this harmless, delicious "fruit laxative," and it never fails to effect a good "inside" cleansing. Directions for babies, children of all ages and grown-ups are plainly on the bottle.

Keep it handy in your home. A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a bottle of "California Syrup of Figs," then look and see that it is made by the "California Fig Syrup Company."

## DIRIGIBLE TO BE TRIED IN TRANS-ATLANTIC FLIGHT

Spokane, Wash., March 13.—Albert B. Perry, a naval aviator, announced here yesterday that he has been ordered to report shortly at Cape May, N.J., to act as chief engineer of a dirigible balloon with which it is planned to attempt a trip across the Atlantic ocean under government direction. He is here under a brief tour of duty.

Perry said the start would be made from Newfoundland some time next month, with the destination Queens-town.

## RATION CARDS DID NOT STOP EATING OF SUGAR

Jersey City, N. J., March 13.—Putting the United States on a sugar ration did not reduce the consumption in 1918, according to the annual report of the American Sugar Refining company, issued here yesterday, which stated that while some sections used less of the product than in the absence of regulations, others drew more heavily on the supply, making the daily consumption approximately 10,000 tons, the same as for the last ten years.

The company did a \$200,000,000 business, making a profit of \$6,661,383, which was \$3,369,607 less than that of 1917 the report stated.

## SEAPLANES CARRY NINE PASSENGERS ON A TRIP

New York, March 13.—Two naval seaplanes which left Hampton Roads at 10 o'clock yesterday morning, landed at the naval air station at Rockaway Beach at 2:30 in the afternoon after making what is believed a record flight over the course, estimated at 300 miles.

The machines carried heavy photographic equipment and many pictures were taken en route by Lieutenant W. L. Richardson, chief of the photography division in the naval service. One machine was piloted by Ensign Southern and carried four passengers, including Lieutenant Richardson and the other was piloted by Ensign Irvin and carried five passengers.

A writer in the Toronto Globe states that the apple, once the boasted fruit of Canada, will come to its own during the coming and following years.

to serve Nicholas with notice, or after proving him dead to serve notice upon his next of kin. The next of kin would be his wife, if she is alive; if not, his children, if alive; if not, Michael Ramonoff his brother, who at last accounts was alive.

## CHANEY T HARD F WITHY

Sam Harris Says Will Be In Good Battle Next

When news was flashed to Baltimore that Rocky Kansas, the Buffalo heavyweight champion, would grant George Chaney's demand for a return engagement in the roped arena, providing the great knockout lightweight in the world immediately redoubled his efforts in training so as to be right top form for his Buffalo contest the Broadway auditorium on Thursday night under the auspices of the Vedrome A. C. Chaney is determined force Kansas into a return go over ten or fifteen round distance. He alleges that if he stops Ernie, or so he beats up the local lightweight beyond question, then he can publicly accuse Kansas of dodging him if local champion continues to ignore Chaney's demand for a Baltimore battle.

In a letter received from Sam Harris, the Baltimore impresario, who is interested in Chaney, this statement was the outstanding feature: "George is working like the very devil to be the best form of his career for your Ernie's boxing abilities. I must to box Pete Hartley the fans of the city were rather indifferent as to Ernie's boxing abilities. I myself looked with doubt and misgiving as whether Ernie would give Hartley fight. To my surprise the Buffalo youngster proved to be a very clever boxer and hit Hartley almost at will in several of the rounds. The ninth round

## THE VAL

Alfalfa, Brooks, Alberta, 1918

The finest crops in the country are to be seen on the irrigated land in Southern Alberta. This is a remarkable fact made by those who have traveled through Western Canada. And there is no doubt that this remark is true. All the crops on irrigated land in Alberta are as good as those in Brooks. This is a small town on the main line of the Canadian Pacific Railway, about a hundred miles from the city of Calgary, and the centre of one of the most fertile pieces of country on the continent. Though sparsely settled, it is estimated that a quarter of a million bushels of wheat will be harvested from irrigated lands in this district this year. Many fields will yield from thirty to forty bushels to the acre. And there is nothing extraordinary about yields of this kind, such being obtainable every year, the fields up

## CHANEY TRAINS HARD FOR BOUT WITH YOUNGERNE

### Sam Harris Says Baltimore Kayo King Will Be In Good Condition For Big Battle Next Monday Evening

When news was flashed to Baltimore that Rocky Kansas, the Buffalo light-weight champion, would grant George Chaney's demand for a return engagement in the roped arena, providing the knockout king displayed unquestioned ability over George Younger, the great knockout lightweight in the world immediately redoubled his efforts in training so as to be right in tip top form for his Buffalo contest at the Broadway auditorium on Thursday night under the auspices of the Velodrome A. C. Chaney is determined to force Kansas into a return go over the top or fifteen round distance. He realizes that if he stops Erne, or so badly beats up the local lightweight beyond question, then he can publicly accuse Kansas of dodging him if the local champion continues to ignore Chaney's demand for a Baltimore bout.

In a letter received from Sam Harris, the Baltimore impresario, who is interested in Chaney, this statement was the outstanding feature: "George is working like the very devil to be in the best form of his career for Young Erne's boxing abilities. I, myself, to box Pete Hartley the fans of this city were rather indifferent as to Erne's boxing abilities. I, myself, looked with doubt and misgiving as to whether Erne would give Hartley a fight. To my surprise the Buffalo youngster proved to be a very clever boxer and hit Hartley almost at will in several of the rounds. The ninth round

was a corker, and it was in this round Erne nearly got Hartley, but after the tenth the Durable Dane forged to the front, for Erne was tiring, and Pete earned the decision. However, Erne gave Hartley a great battle. If anybody says Erne hasn't improved since he went East they are mistaken. He will have to be fit for Chaney, for no matter how clever he is, George will go after him, hammer and tongs, in an endeavor to knock out the Buffalo kid. If Chaney gets Erne he wants Kansas, and Kansas cannot conscientiously deny our Baltimore champion the right to a match right in this city."

Two 15-round contests, one in Baltimore and the other in New Orleans; a 20-round go in Akron, O., and bouts in Trenton, Syracuse and Philadelphia have given Erne a wide fistic experience, which has backed when doing all his boxing around Buffalo.

The announcement that the sensational Philadelphia middleweight, Leo Houck, who recently fought Harry Greb of Pittsburgh to a standstill, and who has beaten Clay Turner, Gunboat Smith, Jeff Smith and others, would face Paul Dixon, the hard hitting Brooklyn brawler, in another 10 round bout on the same card has stirred up the local fistic fancy. As early as yesterday there was a demand for reserving seats, and St. Catharines, Ont., and Hamilton, Ont., sportsmen have asked for information regarding seats for the bouts.

With two tens between Chaney and

## LOOKING FOR SPARRING PARTNERS FOR WILLARD

Chicago, Ill., March 14. — Ray O. Archer, Jess Willard's personal agent is here gathering sparring partners for the big fellow's training. He says Jess is at Lawrence, Kan., weighs 275 now and will be all right on July 4. He says Rickard prefers the East for the battle ground of the Dempsey fight would be satisfied with the middle west, and will take Colorado or Nevada as a last resort. Archer also says if Willard defeats Dempsey he will give Jack Johnson a try back at the title if the fight can be staged in the United States.

## HOMER NEWS

Mr. and Mrs. Arthur Dorr, of Hartford, Conn., are visiting relatives in the village.

The Misses Olive Durham and Mabel Secord are visiting friends in Tavistock and Burford.

A very interesting meeting was held in School Section No. 6 Tuesday evening last in connection with Manual Training and Domestic Science work. The pupils gave a short programme which was enjoyed by all present.

Mrs. W. H. Secord and daughter Myrtle, spent Saturday last at Niagara Falls, N.Y.

Mrs. Willard Durham is visiting at her home in Kitchener, Ont.

Miss Annesly who has been visiting her brother in Regina has returned to her home here.

A Chinese restaurant is expected in the village shortly.

Erne and Houck and Dixon, and three sixes between Bobby Sullivan and Bob Griffin, Nate Lewis and Battling Terry and Dickie Dundas and Shorty Rowan rounding out a 38-round boxing card it looks like a most attractive evening for the fight fans of St. Patrick's night at the Broadway auditorium. Reserved seats and membership tickets will be placed on sale tomorrow at the usual downtown depots.

## Dempsey-Willard Fight May Take Place In France

### Sporting Circles There Are Keenly Aroused Over Reports—Offers Will Be Made To Tex Rickard Soon

#### Rickard Soon

Paris, March 14.—Sporting circles here are keenly aroused over reports that the Jack Dempsey-Jess Willard fight may be staged in Paris. Offers will be made to Tex Rickard soon, if they have not already reached him.

The promoters here argued that Paris with its big floating American and British population at present would be a better place than either Jaurez or Havana if the bout goes outside America. Higher prices could be obtained for seats than before the war. It is figured that seats that sold for \$50 for the Johnson-Moran bout would bring \$100 now.

Willard Is Not Popular. A high army official informed the Associated Press today that the Dempsey-Willard fight would not be held in the United States, adding: "There is one man who can stop the fight in America."

The officer refused to divulge the name of the man, but said that Willard was not very popular in the army owing to his attitude during the war and his refusal to give his services to the Red Cross and the various soldiers' benefits.

Boxing is flourishing in Paris at the present and the Knights of Columbus and the Y.M.C.A. are holding weekly shows in which Americans are pitted against British and French.

## GIBSON EXPECTS TO LAND MAJOR LEAGUE PLAYERS

Toronto, Ont., March 14.—Manager George Gibson of the Maple Leafs has signed a right hand pitcher named Breckenridge of Pelet, Wis. Manager Gibson will leave London about the middle of the month for the New York (National League) training camp in Florida, calling en route at Detroit and Cincinnati, and interviewing the baseball clubs in those cities. Gibson will visit several training camps in the South in quest of ball players for the Toronto camp. It is probable that two or three of the Maple Leaf's pitchers will train in the South with the Boston Red Sox.

W. K. George, Toronto, Chairman of the Central Ontario Division of the National War Savings Committee.

Large sized boxes of matches are now being sold in Toronto and Hamilton for 10 cents.

## THE VALUE OF IRRIGATION

Irrigated Wheat, 1918, Brooks, Alberta.

Alfalfa, Brooks, Alberta, 1918.

THE finest crops in the country are to be seen on the irrigated land in Southern Alberta. This is a remark invariably made by those who have travelled through Western Canada. And there is no doubt that this remark is true if all the crops on irrigated land in Alberta are as good as those near Brooks. This is a small town on the main line of the Canadian Pacific Railway, about a hundred miles from the city of Calgary, and the centre of one of the most fertile pieces of country on the continent. Though sparsely settled, it is estimated that a quarter of a million bushels of wheat will be harvested from irrigated lands in this district this year. Many fields will yield from thirty to forty bushels to the acre. While there is nothing extraordinary about yields of this kind, such being obtainable every year, the fields upon

which water has been applied afford a very striking contrast to those to which no water has been applied. The summer having been exceptionally dry and not having made the crops on non-irrigated land in this territory in some cases almost a total failure. But where water has been applied healthy crops will not only remunerate the farmer for his labor and the capital invested in his land, but will also help to fill the Allies' granaries.

It is not only the older settlers who have these large crops. South of Brooks a farmer who came to Alberta last fall had about two hundred acres sown to wheat on new breaking. Parts of it were irrigated in the fall and twice in the spring and summer. Here a yield of forty bushels to the acre is assured. Other parts which were irrigated twice this spring and summer but not at all last fall, should yield up to thirty-five bushels to the acre. Still other parts were irrigated once only, this year, and the yield will not be so good. Altogether, this farmer's crop on two hundred acres should average about thirty-five bushels to the acre, the returns from which at present market prices being not at all bad for the first year's working.

One of the best fields is that of a farmer who settled in Alberta not quite two years ago. This field consists of ninety acres of wheat which the owner anticipates will thresh out at forty bushels to the acre. Two brothers who came from Nebraska two years ago with very little capital expect to thresh from their crop of two hundred acres of wheat at least thirty bushels to the acre. Doubtless there are several other cases similar to these.

Large crops of oats, barley, all kinds of grasses, clovers and alfalfa are also to be seen on land where water has been applied. The diversity and abundance of the crops that can be grown here surprise one. It is not difficult to realize the immense boon water is. Grains, grasses, alfalfa, vegetables, small fruits yield bountiful crops under its magic spell. Assuming the farmer, as is done of remunerative crops every year, it will

Miss Ariel Flett, of Ridley College, has been engaged to read at a concert to be given in Homer Methodist Church on Monday, March 24th. Miss Flett is a gold medalist of the Owen Sound Collegiate Institute and is an eloquentist of rare ability.

Mrs. D. Feathom, of Toronto, is spending a few days at 'The Wellend' the guest of her parents, Mr. and Mrs. Vite.

The many friends of Mrs. Tate, wife of the Rev. Donald Tate, of Port Dalhousie, will be pleased to hear of her return from Cliff Springs, N. Y., where she has been sojourning for some time for her health, which appears to be completely restored.

Mr. and Mrs. George Hampton of this city have been visiting her parents at Vineland during the week.

Mrs. S. Echardt of Vineland, is visiting her daughters in this city.

A reception will be given the returned soldiers tonight who have arrived in town during the past two weeks.

Mrs. John Stuart returned to her home 'Rosebank' on Thursday after spending the past six months in Florida. Mrs. Stuart had a very pleasant visit and is feeling much benefited from the trip.

The many friends of Mrs. (Rev.) W. H. Smith, of the manse, will be pleased to hear she is speedily recovering from her recent illness.

The moving picture show held in the

## MEAT CAUSE OF KIDNEY TROUBLE

Take Salts to flush Kidneys if Back Hurts or Bladder Bothers.

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaker, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush out the body's urinous waste get four ounces of Jad's Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia-water drink.

Town Hall last night was largely attended, and the pictures exhibited were exceptionally good. Between the reels, Mr. James Keating delighted all present with some of his popular songs, while Mr. and Mrs. H. Rapsey, of Peter Street gave some vaudeville acts which were much enjoyed. These shows are becoming very popular in town, and the pictures shown from night to night are very instructive to the number of children who accompany their parents to the entertainments. The proceeds of these shows are for the memorial monument fund, which is increasing very rapidly and is being much appreciated by the committee in charge.

The funeral of the late Elizabeth Mildred Jordan was held on Thursday morning from the family residence, Queen Street, to the Church of the Holy Rosary, where high mass was chanted by Rev. Monsignor Sullivan. The bearers were Andrew Allan, James McManamy, T. Jordan, Joseph Foley, T. McNamara and Arthur McKeague.

## TENDER TOES OF AMERICAN WOMEN

Tortured with corns because of high heels, but says: corns lift out.

Style decrees that women wear high-heel footwear, which buckles up the toes, producing painful corns; then many women cut at these pests, which is a most dangerous proceeding, because one is simply inviting infection or an awful death from lock-jaw.

For little cost there can be obtained from any pharmacy a harmless drug called frezone. A quarter ounce of this is sufficient to remove every soft or hard corn or callus from one's feet. A few drops applied directly upon a tender, aching corn relieves the soreness at once and soon the entire corn, rot and all, can be lifted right out without pain.

It is a sticky substance which dries in a moment and shrivels up the corn without inflaming or even irritating the surrounding tissue or skin. Here is a good thing, ladies, so pass it along to your sisters in distress.

## TO SAVE SEED CORN

Straw May be Used Much More Freely for Idle Horses.

Vegetable and Root Crops Grown This Summer Must Be Carefully Stored to Prevent Loss.—Proper Temperature Checks Decay.—Sand Will Ensure Firm Vegetables.

THE year 1917 provided, both in the United States and in Ontario, conditions very unfavorable for the production of good seed corn. Excess of moisture in the crop was followed by freezing and these conditions resulted in one of the worst seed crops in a generation. As a result of this, much of the seed corn sown in Ontario in 1918 was, to say the least, of varieties that were late in maturing. A very high percentage of this corn which was sown for seed next year, now contains a large amount of moisture. To make this corn of the greatest value for seed purposes, it should be harvested as early as possible, before frost and thoroughly dried. Maturity is one of the essentials in producing good seed corn, but no less important is the thorough drying of the seed.

It is not even necessary for corn to be frozen to lose some of its vitality, it will deteriorate at ordinary temperatures if not well dried. When freezing occurs, greater loss in vitality is experienced. Corn which is harvested with an excess of moisture should be dried as rapidly as possible as this removes the danger of injury from moulding, fermenting and freezing. In the process of drying, a free circulation of air should be provided if necessary, artificial heat used. Seed corn can be most readily dried when stored in the ear.

Where the corn is well matured and is grown in large quantities, the corn-crib provides one of the most satisfactory drying mediums, as it supplies the best of air circulation, and protection against storms and vermin.

A post in which a number of nails are driven at an angle of forty-five degrees, and the ears are stuck on the protruding ends, provides a good medium for drying seed corn ears. These posts with a platform at the base may be readily removed to places where artificial heat can be used if necessary.

Where relatively small amounts of seed corn are used, selected ears may be hung up to the attic, kitchen or furnace room.

Corn which has been thoroughly matured and thoroughly dried gives the highest percentage and most vigorous seed, but seed corn which has reached the dough or firm stage of maturity, when harvested, if well dried, usually makes good seed corn. Seed corn which is surrounded by a dry atmosphere, even zero weather will not injure the germination of seed corn.—Prof. W. S. Squire, Ontario Agricultural College, Guelph.

Straw for Idle Horses.

Straw is a feed of high fibre and the horse's digestive system is not suited to the liberal use of this roughage. It is not a suitable feed for horses at hard work, but during the winter months may be used to advantage where hay is scarce, and particularly if a little grain is fed along with it. It is just a question whether it is good economical to feed good hay and no grain than it is to feed a percentage of bright straw and a ration of crushed oats. Only clean, bright straw should be used for horses and one or two feeds per day, replacing hay should be found advantageous under certain circumstances. We have seen horses wintered in good condition on one feed of straw and a light ration of oats per day. Prof. Wade Toole, Ontario Agricultural College, Guelph.

Hints on Harvesting Root Crops.

Root crops should be taken up before the weather becomes too wet and disagreeable in the fall if in any quantity. It is slow work at any time and becomes much more so under cold damp conditions. Lift the roots with a digging fork and twist off the tops, putting them in piles and covering with a tarpaulin. If a large area is to be lifted and one is expert with a sharp hoe he can very quickly remove the tops, but they will not keep quite as well. The roots should be ploughed out, throwing them as much as possible on the top. Bins with slatted sides and bottom should be used for storage where possible, as this gives the roots a chance to sweat. If the storage room temperature is above 40 degrees F. cover them with sand. Carrots should not be deeper than two feet in a bin, others may be four feet. Where cellar storage is not available use pits. These should be three feet wide, two or three feet high and of any length. Run the pits north and south where possible, and have them on well drained ground. Put a layer of straw on the ground and cover first with straw six inches deep, then six inches earth, and as frost gets harder cover with fresh straw manure. Have ventilations every 15 or 20 feet as all roots sweat in storage. These may be filled with straw during cold periods.

All roots should be as free from dirt as possible when put in storage. It is often advisable to leave a few days in small piles so that the second lifting any adhering will be removed.—H. MacLennan, B.S.A., Ontario Vegetable Specialist.

The Province of Saskatchewan boast of having 1,500,000 acres Public.

### Hot Water for Sick Headaches

Tells why everyone should drink hot water with phosphate in it before breakfast.

Headaches of any kind, is caused by auto-intoxication—which means self poisoning. Liver and bowel poisons called toxins, sucked into the blood, through the lymph ducts, excite the heart which pumps the blood so fast that it congests in the small arteries and veins of the head producing violent throbbing pain and distress, called headache. You become nervous, despondent, sick, feverish, and miserable, your meals sour and almost nauseate you. Then you resort to anemulide, aspirin, or the bromides which temporarily relieve but do not rid the blood of these irritating toxins.

A glass of hot water with a tea spoonful of limestone phosphate in it, drunk before breakfast for awhile will not only wash these poisons from your system and cure you of headache but will cleanse, purify and freshen the entire alimentary canal. Ask your pharmacist for a quarter pound of limestone phosphate. It is inexpensive, harmless as sugar, and almost tasteless, except for a sourish twinge which is not unpleasant.

If you aren't feeling your best, if tongue is coated or you wake up with bad taste, foul breath or have colds, indigestion, biliousness, constipation or sour, acid stomach, begin the phosphated hot water cure to rid your system of toxins and poisons.

Results are quick and it is claimed that those who continue to flush out the stomach, liver and bowels every morning never have any headache or know a miserable moment.

## QUICK ACTION BY TRAIN CREW SAVED LIVES

Several Narrow Escapes From Death During Week at N. S. and T. Yards—Trespassers May be Prosecuted.

Two or three very narrow escapes from death to children have happened within the last week in the freight yards of the N. S. and T. at Chatham Street. Both adults and children have been making a practice of using the yards as a short cut to and from schools and work. Yesterday two little girls, in trying to run across ahead of some moving freight cars, tripped and fell, one pulling the other immediately in front of the freight train, a but for the quick action on the part of the train crew, both of them would have been killed. The police have been requested to co-operate with the Company to prevent people walking through this property, and it is altogether likely that proceedings will be taken against any trespassers in the future.

## COL. PRIMROSE TELLS OF LIFE AT SALONIK

Interesting Illustrated Lecture Given Before Canadian Club at the Welland Last Night.

The members of the St. Catharines Canadian Club were given a treat by their regular Club dinner held at the Welland House last night when Lieut. Col. Primrose, an eminent Toronto surgeon gave a very interesting and illustrated by a number of excellent slides of the life at Saloniki and work accomplished by the Canadian Hospital unit there. Col. Primrose is one of the leading medical men in the Queen City was one of the Canadian doctors who were called to France to attend the conference on medical and surgical matters when doctors high standing in many of the allied countries were present.

The speaker told of the noble work which the Canadian Nursing sisterhood did during the air raids which were made frequently by the Hun over Canadian hospitals and told of bringing down of a Zeppelin at a raid of four miles by a British battleship. During one air raid a number of munition ships were tied up at dock but although the dock itself hit the ships were unharmed.

Health Excellent.

Regarding the weather at Salonik, Col. Primrose said that he had
