## LOCAL HAPPENINGS

And now for the Fall Fairs. Watford Markets—Wheat 88c, butter 30c, eggs 18c.

Many tourists are driving through town these warm days. Extend to all a welcome.

Postage stamps may be used on cheques until October 1st, a special Revenue ruling providing for this.

Mrs. M. C. Lucas, Park avenue, has had a cellar and new foundation placed under her home, and water-works connection made.

Mr. Fred Brush is improving his dwelling house on St. Clair street by placing it on a cement foundation and adding a new veranda.

An old disease now flourishes under a new name, "chauffeur's tongue." One gets it through constantly running people down.

Mr. Dunnean McLachlan of Boston in writing about his subscription to the Guide-Advocate says: "It is certainly a treat to see the old home paper each week."

Some people cannot understand why bread should not follow the price of wheat in its downward tendency. It does, only it leaves on the way, don't you know.

When a man has an attack of laziness he usually calls it "inertia", but when a woman is afflicted with the same complaint she calls it "nervous prostration."

The delightful little star Betty Compton will be presented at the Lyceum, To-night, Aug. 9, in "The White Flower," a thrilling Hawaiian American love story taken in bewitching romantic Waikiki.

The famous comedian Walter Heirs will be presented in his new mirth provoking comedy "Mr. Billings Spends His Dime" at the Lyceum next Thursday. There isn't a sad or slow second in this love farce.

Children are taught in our schools that one should say "Drive slowly," and then they go out on the streets and see signs warning motorists to "drive slow." What is the use of trying to teach children to use correct English and then have constantly before them such examples of official English.

Editor Kerr of the Brussels Post is in "clover," he having received a ten spot from a delinquent subscriber, whose subscription is now paid up to 1926. We would like to know how that kind of thing feels.—Parkhill Gazette. That's nothing! It's a weekly occurrence for old-timers to drop back into Watford and toss the publisher of the Guide-Advocate ten bucks for five years in advance. Keep on getting more news type out of that new Linotype of yours, Sister, and you'll soon be picking bouquets too!

Elsewhere in this issue will be found the report of the Middle School examinations at the Watford High School, which shows very satisfactory results obtained. The number of candidates who wrote was 34 and the percentage passed 86. This is the highest percentage obtained in the past three years in spite of the fact that the number of students writing increased fifty per cent, and speaks well for both teachers and pupils.

The percentage in science was 100 and in English and History 87.2. A summary of results will be found at the end of the report. The number of candidates next year will greatly exceed this year.

Pod of P's—Persons who patronize papers should pay promptly for the pecuniary prospects of the press possess a peculiar propriety. If the printer is paid promptly, and his pocket book kept plenteous by prompt paying patrons, then putteth he his pen to the paper in peace; his paragraphs are more pointed; he painteth his pictures of passing events in more pleasant colors, and thus the perusal of his paper becometh of more pleasure to the people. Paste this piece of proverbial philosophy in some place where all persons can perceive it.

The Guide-Advocate is in receipt this week of a booklet on fruit and vegetables canning from the Dominion Dept. of Agriculture, which should prove very valuable to every housewife. The booklet is issued in an endeavor to encourage the housewives of Canada to can and preserve greater quantities of Canadian grown fruits and vegetables. The best methods of canning, drying and stoning are given as well as many tested recipes. The booklet may be obtained for only 5 cents from the Fruit Branch of the Dept. of Agriculture, Ottawa.

Mr. and Mrs. Harry Chittick, of Windsor, and Mr. and Mrs. Fred Lee, of Kingsville, called on Watford relatives of the Lee family on Thursday.

Word from Ottawa is to the effect that in order to prevent petty smuggling, extra Canadian customs officials will be stationed at all crossing points between the United States and Canada from now on.

Among those householders who have installed water from the water-works on their premises recently are Mrs. M. C. Lucas, Mr. Geo. Shirley, Mrs. Rapson, Mr. Basil Saunders, Mr. Jacob Temple and Mr. Jno. Mathews.

Mrs. Sophie Smith, Strathroy, has sworn out a warrant against her husband, Harold Smith, London, for non-support of herself and four children. Smith was taken to Strathroy by Chief Birrell of London and will get a hearing Thursday.

Speaking of alcohol, a contemporary says there are only two kinds as far as he knows. They are de-natured and ill-natured, and the only difference is that the ill-natured makes you talk all the time and the de-natured will stop you forever.

The Ford picnic at Bright's Grove was the centre of attraction on the Wednesday afternoon half holiday this week, and few Ford cars or their owners were seen around town. The attendance at the picnic from here was large. They report an immense crowd and a good afternoon sport.

Young men from Watford and vicinity wishing to attend the military camp at Rock Glen August 13th to 22nd will meet at the Armory, Watford, on Monday, Aug. 13th, at 10 a.m. when uniforms and equipment will be issued, and will leave for camp at 1.30 p.m.

On civic holiday all places of business in Watford were closed and many of the inhabitants went out of town to seek enjoyment. The weather was exceedingly hot and those who went to the lakeside were fortunate. Quite a few from this district went to London to the Old Boys' reunion celebration.

The wheat harvest has been finished and farmers are busy cutting and hauling oats, barley and the second crop of alfalfa. Harvesting is rushing everyone just at present, as the weather has been favorable to a quick ripening of crops. Some wheat has been threshed, and the returns are very satisfactory. With more rain the root crop will also turn out well.

The Bank of Montreal crop report of August 2nd for Ontario says:—"Conditions throughout the Province continue favorable. A good general yield is expected. Fall wheat is nearly all harvested. Yield and quality average spring grain crops, including corn, promise well, but rain is badly needed in most localities. Roots are in good condition. Most of the fruits above the average. Raspberries only fair."

Persons who have endeavored to beautify their premises and the town this year by planting flowers have been much discouraged on account of the continued drought. This summer there has been less rain in this immediate district than for many years and horticulturists have been badly handicapped and discouraged. The canna and salvia on the Federal Square have made no headway and are now past making much of a show this year.

Mr. Smith repeatedly reminded her husband that she owned the silver, that she owned the furniture, and so on, until poor Smith almost wished he had married a poor girl. The other night Mrs. Smith awoke to hear strange noises in the lower part of the house, and, vigorously pushing her husband in the ribs, called: "John, get up! There are burglars in the house." "Eh?" inquired Mr. Smith, sleepily, "Burglars! Downstairs?" howled Mrs. Smith, as he turned over; "well, I don't own anything," replied Mr. Smith.

One of the most important events in the history of Glencoe took place Friday afternoon, when, with appropriate ceremony, the Memorial Hall erected by the Major-General McRae Chapter of the I.O.D.E. in memory of those from this district who lost their lives in the war, was opened.

The exterior of the hall was decorated with flowers and flags, a huge banner being draped over the bronze memorial tablet which is inset beside the doorway. On the wide porch stood the officers of the chapter and the speakers of the day. The hall itself, built at a cost of \$7,000 is of red brick with wide verandah, entrance hall, kitchen and club room. The latter is to be used for the I.O.D.E. army veteran activities, and also as a community centre.

## FORD DEALERS OF LAMBTON PICNIC

Crowd at Bright's Grove, Lake Huron, Exceeds 15,000

Comical Car Contests

Freckle Competition, Baby Show and Band Concert

Lambton County Ford dealer's picnic, held at Bright's and Crinnian's Grove, on the lake, Wednesday afternoon, attracted a crowd estimated at about 15,000 and was featured by many unique events. E. A. Rawlings of Forest, is president of the organization; J. Stonehouse, of Petrolia, secretary, and all Ford dealers in the county are members of the committee.

Petrolia and Waubuno baseball teams met, the latter winning by a score of 12 to 10. Then a long list of sports was run off, with races for the young folks and special events for Ford owners. There were to have been aquatic events, but owing to the roughness of the lake only one was held—walking the greasy pole over the water. It was won by Oscar Cearnay of Sarnia. An official photographer took moving pictures. Forest and Bridgen bands gave a splendid concert, and in all it was a great day for the dealers, car owners and their families.

Roughest and Toughest

A. W. Dann, of Warwick, drew the honors in a contest to decide the identity of the "roughest, toughest and noisiest" Ford on the grounds. The runner-up was a machine by John Wilson of Camlachie.

E. A. Edwards, of Arden, weighing 260 pounds, won the fat men's race, with Clark Bailey of Forest, second, and D. Jackson, Wyoming, third.

Winners in the baby show were Isabel Cunningham, George Smith, and Norma Stonehouse, all of Sarnia.

The Races

Results of the races and other events follow: Married men, 100 yards—Russell Metcalfe, Petrolia; J. R. Stonehouse, Petrolia; J. Baxter, Sarnia.

Married ladies, 100 yards—Mrs. Russell, Mrs. Rainsbury, Mrs. Metcalfe, all of Petrolia.

Single men, 100 yards—J. F. Moore Bridgen; H. Wakefield, Wyoming; Miller, Waubuno.

Single ladies, 100 yards—Dorothy Delmage, Watford; Laura Bury, Courtright; Miss Courtney, Mooretown.

Boys under 16—Earl Williams, Sarnia; Keith South, Mooretown; Pete Gilroy, Alvinston.

Girls under 16—Miss Corch, Petrolia; Miss Cundick, Watford; Miss Doran Morrison, Mooretown.

Boys under 12, 100 yards—Fred Orr, Warwick; Howard Trapp, Alvinston; Herb Lee, Point Edward.

Girls under 12, 100 yards—Beatrice Gault, Watford; Clara Boughner, Alvinston; Beatrice Ryan, Sarnia.

Fat ladies' race—Mrs. James Gray, Bridgen; Mrs. A. Williamson, Wyoming; Mrs. Armstrong, Courtright.

Heaviest Ford owner—Calvin Kay, Wyoming; H. Darville, Alvinston.

Tallest Ford owner—John Watson, Camlachie; H. Darville, Alvinston.

Shortest Ford owner—C. Lee, Pt. Edward.

Ford owner bringing the largest family—Mr. Bedard of Courtright, and John Mills of Petrolia, tied, each with 12; Thomas Luxton, of Petrolia 11.

Freckle Contest

Boy with most freckles—Bob Howard, Sarnia; Clarence Park, Wyoming.

Girl with most freckles—Phoebe Bullock, Bridgen; Nettie Rylie, Sarnia.

Oldest Ford car on grounds—J. H. Kye, Camlachie; Norman Moody, Ravenswood; Mr. Yates, of Sarnia.

Best kept Ford previous to 1917—Mrs. Watson, Forest; H. Russell, Petrolia.

Best kept Ford sedan previous to 1921—J. Muxlow, Watford; Mrs. Sclar, Forest.

Best kept coupe previous to 1921—William Robinson, Sarnia.

Ford truck bringing largest number of people to the picnic—J. Hyman, Petrolia; S.J. Rawlings, Forest.

Oldest Ford owner and driver—Ed. Thomas, Sombra, aged 87; W. G. Fraser, Petrolia, 84.

Lucky number contest—Roy Hillman, Croydon; Mrs. John Armstrong Alvinston; Thomas Patterson, Alvinston.

## WARWICK

Dr. and Mrs. R. J. Seymour, Philadelphia, motored over and are spending a couple of weeks with the doctor's mother on the second line north.

They carried living equipment and camped on the way.

Miss Vera Kersey and Miss Amy Hair spent a few days last week with friends and relatives in Sarnia Tp.

## BROOKE

Mr. and Mrs. L. V. Watcher and Mr. and Mrs. E. Hill and family, Muriel, Edith and Jack, motored up from Hamilton and spent the weekend with Mr. John Edgar.

E. F. Clarke of the 10th line of Brooke has a cow that gave birth to three calves last Friday, Aug. 3rd. Cow and calves all doing well.

An old resident of the southern part of the township passed away recently after three years illness in the person of Mrs. Malinda Smith, relict of the late James Hayter, in her 84th year. She is survived by a family of five sons: John, of Glencoe; Albert, of Marine City; Robert of Vancouver; William of Alvinston, David of Brooke. Also two brothers in Brooke and one sister in Marine City, Mich.

The death took place Wednesday, Aug. 1st, of Robert Johnston at his home, concession four, Brooke, after an illness of several months. Deceased was highly respected throughout the community. He was in his 59th year and is survived by his wife and one son, Russel. The funeral service was held the following Friday and interment made in Alvinston cemetery.

#### NOTE AND COMMENT

Miss Agnes McPhail, M.P., says her hair is growing grey as a result of worry about what is best to do for the farmers and their wives. If the worst comes to the worst she may find it necessary to dye for them.

Brockville Recorder and Times: The U. F. O. are reported to be anxious to secure a seat for their defeated leader. The virtue of resignation is not so highly developed in members occupying safe seats when there is no prospect of reward for their sacrifice.

At a meeting of the Ontario Cabinet recently, the date for the by-elections of ministers who have been appointed to portfolios carrying emoluments was fixed for Monday, August 27. The nominations will take place on Thursday, August 16.

In its opposition to vulgar attire, the Vatican is not alone. Many corporations—the Chicago Gas Company for one—have declared that the painted face and the sleeveless low cut dress will not be tolerated in their offices. How strange it is that the beauty of modesty is overlooked by so many who ought to cultivate it.

The amount of money turned over in horse-race gambling in Canada last year was over one hundred million dollars, of which forty-six millions were wagered on Ontario licensed tracks. This sum of one hundred millions represents more than the entire Dominion revenue from Income Tax and Business Profits Tax combined for the year 1921-22.

Chatham News:—The trouble with these "No More War" demonstrations is that they are seldom found where they are most needed. It seems like a waste of effort to hold demonstrations in Canada against the development of war sentiment. Canadians have shown that when it is necessary to fight they can hold their own with the best, but there are no people in the world less in danger of suffering from the spirit of militarism than the Canadian people.

Writing before the death of Mr. Harding upon the strains on the office of the President, The Springfield Republican says: "Not only should the public be less exacting in its demands upon the President outside of his necessary official duties, but it is probable that the President's physician should take his own office as more of a commission from the people and play more the part of a martinet when the President's desire to please leads him to overdo."

The second annual report of the Mothers' Allowances Commission for 1921-22 just issued shows that twenty-three widows in Lambton County are receiving pensions of \$30 and upwards per month at a total yearly cost of \$6,990. Of this amount the province pays \$3,495 and the balance is chargeable to the various municipalities of the county. The entire cost to the province in the operation of the ninety-six local boards for last year was \$2,621.82, an average of \$27.50 per Board. This sum includes travelling expenses, stationery, supplies, postage, etc. Without a doubt the Mothers' Allowance Act is the best piece of legislation given the people of Ontario, within recent years and its benefits have proved a blessing to many widows with young children, who, without their pension would have been left to shift for themselves under a tremendous handicap.—Petrolia Topic-Advertiser.

Have you shined your shoes today? 2 IN 1 Shoe Polish Saves You Money

Some little time ago a young man, who was born and brought up on a farm, laid the following charge at the door of the average school teacher. He said he, or she, as the case might be, was forever holding up as a model this or that man or woman who had made a success in the city; that the thoughts of the children in the country were, in fact, being turned constantly towards the city. He intimated also that the child got this sort of direction in the average farm-home. With this last charge we have nothing to do here. But with the former charge every ratepayer has the right to deal. Those who are paying school taxes are quite at liberty to investigate the matter, in view of the fact that the rural population is still coming into the cities in far greater numbers than is good for the cities or the country. There must be some predisposing, some subconscious cause that is driving the young people into the larger centres. If the impulses upon which youth acts are felt to be traceable to leading or misleading, in the plastic years of little childhood, may we not feel that the tendency to seek the city, to be noticed in so many young men and girls in the rural sections, comes a wrong viewpoint on the farm and country life, when they were learning the three R's in the little red schoolhouse?

#### FOR BOYS AND GIRLS WHO DID NOT PASS

For the boys and girls who did not pass the Detroit Free Press has sent abroad this kindly and timely advice.—Some of you have been hoping to graduate and for one reason or another cannot do so. Some of the rest of you have been expecting a promotion you are not going to get. Naturally you are not as happy as your classmates who are to receive diplomas or are being transferred to a new grade. Maybe your failure is partly your own fault, or maybe it is only your misfortune. You may have been or the work you have been taking may have been especially hard for you. You are not all made alike. What is hard for one is easy for another, and what is easy for one is hard for another. So perhaps you have been "up against it" this term. And maybe there will be easier sailings ahead when you get past the shallow bottom where your boat scrapes. But, however things are don't be discouraged. There is a very old and very wise Chinese saying that goes this way: "It is no disgrace to fail, but it is a disgrace to give up." So if you have done your best and have failed, grit your teeth and hold your head and smile. Or if you have not done your best, be just sorry enough to make some good lasting resolution; remember, that another chance is coming and determine not to be foolish again. But don't any of you give up. Go to it once more. Maybe a few thoughtless people will laugh, and maybe you will be scolded a little if you have been at fault. But, remember, that the disgrace comes in quitting, not in failing. The greatest people fall sometimes; all who are worth anything make mistakes. But they do not give up. They remember that "if at first you don't succeed," you must "try, try again." This rule, and the old Chinese saying, are wonderful back stiffeners if you will only use them. With them you can turn any failure into a success.

#### GROWS SEEDLESS, CORELESS APPLES

A. W. Buzzell of Abbotsford, Que., awoke one morning to find himself unexpectedly the originator of a seedless and coreless variety of apples. This accidental Luther Burbank exhibited a large basket of his freak apples at the recent exhibition of the Pomological and Fruit Growing Society of Quebec, where they created a sensation. Seedless and coreless apples, it is said, were never produced before by science or accident in the world's history. The apples are of the Famusee variety with the typical coloring and shape of their family, except that at either end they have a slight mark instead of the usual depressions that indicate the core. "I had been cropping a block of one hundred Famusee trees in my orchard that had just come into bearing," said Mr. Buzzell. "All the trees had been top-grafted on Rabka seedlings. In grading the apples I noticed that a large number were peculiarly marked, and out of curiosity I set them aside. I found all of them without core or seeds." "Unfortunately, my apples had been placed in piles, and I was unable to determine which particular trees had produced the abnormal fruit. I shall now have to wait until next year to learn the parent trees. Then by grafting I shall undertake to develop seedless and coreless apples as a commercial crop." Prof. F. C. Seers of Amherst Agricultural College, in Massachusetts, who inspected the specimens, said he

believed Mr. Buzzell will be able to evolve this unique fruit after he has discovered the trees which produced it. S. M. Luke, a Montreal nurseryman, said if Mr. Buzzell succeeded in evolving a seedless and coreless apple that can be reproduced, he would give him a million dollars for exclusive rights. He declared such a variety would revolutionize the apple growing industry of the world.

#### PRESIDENT OF UNITED STATES DIES SUDDENLY

Death Comes as Mrs. Harding Reads to him at Bedside.

San Francisco, Aug. 2.—President Harding died instantly and without warning tonight at 7.30 o'clock.

Death came to the Chief Executive while Mrs. Harding was reading to him, and, according to an official statement issued by physicians, was apparently due to some brain evolvment, probably an apoplexy.

The following formal announcement of the President's death was made:

"The President died at 7.30 p.m. Mrs. Harding and the two nurses, Miss Ruth Powderly and Miss Sue Drusser, were in the room at the time. Mrs. Harding was reading to the President, when utterly without warning a slight shudder passed through his frame. He collapsed, and all recognized that the end had come. A stroke of apoplexy was the cause of his death.

"Within a few moments all of the President's official party had been summoned."

Doctor Was Sure of His Recovery Nothing could have been a more shocking surprise. Shortly before the President's sudden collapse General Sawyer, the chief physician of the President, had been telling newspapermen that Mr. Harding had had the best day since he became seriously ill last Sunday night. He said that the President had definitely entered upon the stage of convalescence and everything went to show that Mr. Harding was on the road to ultimate recovery.

#### Three Presidents Die of Disease, Three are Assassinated.

The late President Harding is the third chief executive of the American republic to die of natural causes before the expiration of his term of office. William Henry Harrison, under whose onslaught the gallant Tecumseh lost his life, ninth president of the United States, died on April 4, 1841, just one month after his inauguration as president.

President Zachary Taylor, twelfth president of the United States, died on July 9, 1850, 16 months after his inauguration.

With the assassination of President Lincoln the sinister fashion of fate began to take another turn with regard to the first citizens of the neighboring republic. President Garfield was laid low at the hands of Charles Guiteau, and early in the present century President McKinley was mortally wounded at the Pan-American Exposition in Buffalo in 1901.

President Harding, the third president to die from natural causes while in office, served 28 months and 29 days.

#### PERMANENT SUPERINTENDENT OF IMMIGRATION

John Farrell the Best District Immigration Official in Canada, Says Col. Brown

The London immigration office will be made permanent, and the official in charge will be known as superintendent of immigration for the London district.

Lieut.-Col. Walter J. Brown, chairman of the Chamber of Commerce immigration committee, together with A. E. Silverwood, interviewed Hon. John S. Martin in Toronto this past week with regard to making the London immigration office a permanent feature. Col. Brown declares that he is entirely confident that the committee, as presented by himself and Mr. Silverwood, will be fully carried out.

John Farrell, the present head of the London district immigration office, will continue in office after August 15th, on a temporary basis, until complete details of reorganization are complete. Mr. Farrell's duties were to have terminated on the date mentioned, but successful efforts have been made to have him retained in office.

"Mr. Farrell is, in my opinion, the best district immigration official in Canada," Col. Brown stated. "The farmers place unbounded confidence in him, and he is in every way an ideal man for the position. It would be a distinct loss to the whole district should he be unable to continue in this most important post.

"While other efficient officials put immigrants on farms, Mr. Farrell keeps them there. He does this by tactful follow-up work, and hundreds of satisfied newcomers in this district bear witness to the value of his services."

THE STERLING BANK OF CANADA SAVE, Because— A Bank account is a maker of opportunities.

The Strength Of A Bank OVER one hundred and five years ago the Bank of Montreal was established with a single office and a capital of \$350,000. COULD ONLY DRINK HOT WATER SHE SAYS

Mrs. A. White Finds Relief in Her First Dose of Dreco—This Splendid Body builder went to the root of Her troubles immediately. "It is a Wonderful Medicine," says this Grateful lady.

Many women are suffering the ailments that made life a misery for Mrs. A. White of 1063 Mabel street, London, Ont., for over two years. Indigestion, gastritis, dizzy spells and pains in the body—how many do not know them? Suffice it is to say that the remedy is simple as Mrs. White found when she took her first bottle of Dreco, the natural herb tonic and regulator. Here is Mrs. White's story that every sufferer should read and profit by.

"I have never taken a medicine that did me as much good in so short a time as Dreco," declares Mrs. White. "I suffered for two years from gas bloating me up after meals. It was so bad sometimes, it pressed against my heart, causing palpitation and shortness of breath. I could only drink hot water. My liver was sluggish, causing dizzy spells and I had severe pains between my shoulder blades. Constipation was also a source of great annoyance. I surely feel fine since I started to take Dreco and I gladly praise it for restoring my health. I have felt better in the past week than I have for many months. My appetite is improving and the pains through my shoulders have been greatly relieved. My bowels are becoming regulated and I haven't had an attack of indigestion since I began taking this remedy. Dreco is a wonderful medicine."

All the symptoms described by Mrs. White are due only to one thing a run down digestive system, to correct which, Dreco is especially compounded from Nature's own herbs, roots, bark and leaves. Give Dreco a trial to-day. You will find in it the same curative properties that Mrs. White discovered. Dreco contains no mercury, potash or habit forming drugs. Dreco is being specially introduced in Watford by Suddall's Drug Co., and is sold by a good druggist everywhere.

The Oil of the People.—Many oils have come and gone, but Dr. Thomas' Electric Oil continues to maintain its position and increase its sphere of usefulness each year. Its sterling qualities have brought it to the front and kept it there, and it can truly be called the oil of the people. Thousands have benefited by it and would use no other preparation.

Sores Flea Before It.—There are many who have been afflicted with sores and have driven them away with Dr. Thomas' Electric Oil. All similarly troubled should lose no time in applying this splendid remedy as there is nothing like it to be had. It's cheap, but its power is in no way expressed by its low price.

SCOTT-MANN

Petrolia, July 31—A quiet wedding was solemnized at the Baptist parsonage here today when Bloss Earl Scott was united in marriage to Mrs. Pearl Mann. The ceremony was performed by Rev. Ralphy. The bride looked charming in a gown of navy canton crepe, beautifully embroidered with cut steel beads. She wore a corsage bouquet of sweet peas. The attendants were Miss Margaret McCall and Mr. Gerald Langmar. The happy couple left by motor for Sarnia and from there will make a short lake trip. On their return they will reside in Detroit.

KENNEDY-TRIVELT

A quiet wedding was solemnized at the Devine street Methodist parsonage, Sarnia, on July 16th, when Walter Herbert Kennedy of Whitby was married to Mrs. Anne Trivelt, also of Whitby. The ceremony was performed by the Rev. J. N. Clarry who formerly resided near Whitby. After the ceremony Mr. and Mrs. Kennedy left for Detroit and Cleveland and will later take up residence at Whitby.

DEATH OF MARK HAGLE

After an illness of several months, borne with true Christian fortitude, the death occurred in Brown City, Mich., on Tuesday, July 24th, of Mark Hagle, formerly of Warwick, in his 66th year. Deceased was born on the 4th of Warwick, a son of the late Mark and Ellen Hagle. Here he grew to manhood. Leaving the old homestead he has resided in different parts of the United States and Canada, but for the past six years he was employed with the Buick Automobile Company at Flint, Mich. He is survived by his wife, formerly Miss Elizabeth Norton of Arkona, and two brothers, Jonathan of Oxford, Mich., and Anson of Evanstown, Ill., and one sister, Mrs. E. Vance of Warwick. The remains were brought to Arkona for burial, the funeral taking place from the home of Mrs. Davidson, on Friday afternoon to the Arkona cemetery for interment. The services were conducted by Rev. Jones, pastor of the Arkona Baptist church, assisted by Mr. Robb of Theford. The bearers were old schoolmates of deceased, and selected by himself before his death viz, E. Vance, W. H. Luckham, Wm. Palmer, J. McPherson, R. Smith and Peter Graham.

SUMMER HEAT HARD ON BABY

No season of the year is so dangerous to the life of little ones as is the summer. The excessive heat throws the little stomach out of order so quickly that unless prompt aid is at hand the baby may be beyond all human help before the mother realizes he is ill. Summer is the season when diarrhoea, cholera infantum, dysentery and colic are most prevalent. Any of these troubles may prove deadly if not promptly treated. During the summer mother's best friend is Baby's Own Tablets. They regulate the bowels, sweeten the stomach and keep the baby healthy. The Tablets are sold by medicine dealers or by mail at 25 cents a box from the Dr. Williams' Medicine Co., Brockville, Ont.

When a mother detects from the writhing and fretting of a child that worms are troubling it, she can procure a reliable remedy in Miller's Worm Powders which will expel all worms from the system. They may cause vomiting, but this need cause no anxiety, because it is but a manifestation of their thorough work. No worms can long exist where these Powders are used.

Dr. Michael P. C. Potviet, chief chemist of the Dominion Sugar Co., passed away suddenly at his home at Chatham early Friday. Apoplexy is believed to have been the cause of his death. A wife, one son and one daughter survive.

When four normal, healthy children were born to Mrs. Napoleon Fortin, 285 Huron line, Sandwich, early Wednesday morning of last week, the parents found themselves confronted with a problem in a nomenclature upon which they had not counted, also several other problems. All four children give every evidence of sturdy vigor. The girl, smallest of the quartet, tips the scales at better than four pounds, and the largest at more than five pounds.

MISTAKES OF WOMEN

(By an Old Bachelor)

One of the mistakes of women is not knowing how to eat. If a man is not to be fed, she thinks a cup of tea and anything handy is good enough. If she needs to save money she does it at the butcher's cost. If she is busy, she will not waste time in eating. If she is unhappy, she goes without food. A man eats if the sheriff is at the door, if his work drives, or the undertaker interrupts; and he is right. A woman will choose ice cream instead of beefsteak, and a man will not. Another of her mistakes is in not knowing when to rest. If she is tired she may sit down, but she will darn stockings, crochet shawls, embroider doilies. Does she not know that such work tires? If she is exhausted, she will write letters or figure her accounts. She will laugh at you if you hinted that reading or writing could fail to rest her. All over the country women's hospitals are flourishing because women do not know how to rest.

Another mistake on this list is their constant worrying. Worry and hurry are their enemies and yet they hug them to their bosoms. Women cross bridges before they come to them. They imagine misfortune and run to meet it.

Women are not jolly enough. They make too serious a business of life and laugh at its humors too seldom. Men can stop in the midst of perplexities and have a hearty laugh, and it keeps them young. Women cannot and that is one reason why they fade so early—there are other reasons, but we will pass them now. Worry not only wrinkles the face, but it wrinkles the mind. Have a hearty laugh once in a while; it is a good antiseptic and will purify the mental atmosphere, drive away evil imaginings, bad temper and other ills.

When he was married he settled in Lobo about 43 years ago, and moved to Adelaide, where he had since resided. He was a widower, his wife having died about nine years ago, and is survived by his son Richard, and two daughters, Miss Eliza Parsons and Mrs. Jos. Atkin of Adelaide.

Following the success of the distribution of deep well water by the syndicate of Blenheim whereby residents of McGregor and a few other streets are supplied with an excellent service in drinking water, a local joint stock company is now being formed for another waterworks system in the southern and eastern portion of the town. Application has been made for incorporation as a limited company to distribute deep well water to residents from the fine new well secured on the McCoubrey property by the School Board.

Miss Pearl Sharpe, nine year old daughter, of Mr. Adam Sharpe, sixth line, Enniskillen, who was among the successful candidates at the recent High School Entrance examinations, is the youngest pupil in Lambton County to gain this honor, and has set a record, passing through public school in four years. She started to public school when she was five years of age, to a day. Although considerable credit is due to her teachers, Miss Sharpe is to be highly complimented on her success.

# PUTS HEALTH AND VIM INTO WOMEN

## So Says Mrs. MacPherson of Lydia E. Pinkham's Vegetable Compound

Brantford, Ontario.—"I was always tired and the least exertion would put me out for a day or two. I had a pressing pain on the top of my head, pain in the nape of my neck, and when I stooped over I could not get up without help, because of pain in my back. I did not sleep well and was nervous at the least noise. I keep house, but I was such a wreck that I could not sweep the floor nor wash the dishes without lying down afterwards. A friend living near me told me what Lydia E. Pinkham's Vegetable Compound had done for her so I began to take it. With the first bottle I felt brighter and got so I could wash dishes and sweep without having to lie down. Later I became regular again in my monthly terms. I have taken ten bottles all told and am now all better. I can truly say that your wonderful medicine cannot be beaten for putting health and vim into a woman."—Mrs. JAMES H. MACPHERSON, 309 Greenwich St., Brantford, Ont.

If you are suffering from a displacement, irregularities, backache, or any other form of female weakness write to the Lydia E. Pinkham Medicine Co., Cobourg, Ontario, for Lydia E. Pinkham's Private Text-Book upon "Afflictions Peculiar to Women."

William E. Donnelly, of the Puce, was the victim of a painful but unique accident a few days ago. While returning ashore from bathing out in the lake, a bee flew into his mouth and stung his throat. Swelling resulted and interfered first with speech and then with breathing. Fearing to meet the fate of the New Jersey man who was fatally stung in the throat by a wasp which flew into drinking water, Mr. Donnelly was rushed to a doctor at Belle River when choking set in. Dr. Gerard reduced the swelling and in a short time his patient was out of danger.
