

York County and Suburbs of Toronto

NO MORE CIRCLING ON TRANSPORTATION

Mayor Church Would Compel Toronto Members to Do Their Duty.

WARD SEVEN MEETING

Commissioner's Scheme to Be Voted on at the Next Election.

One of the largest gatherings in the history of the ward seven Ratepayers Association was present at last night's meeting in the Annette Street School to hear an address on civic problems and transportation by Mayor T. L. Church. Before the real business of the evening began Secretary Willis Fisher criticized the board of education in connection with Keele Street Public School, where he claimed thousands of dollars have been wasted. The foundation, he said, "were begun on land which had been filled in and sank half an inch the first night. They then had to be dug down fifteen feet, with the result that \$28,000 was spent on masonry alone, and the school to date has cost over \$100,000 and is not finished yet. There has been bungling from beginning to end and the board of education has wasted thousands of the people's money in this kind of work and in fads and frills."

Principal Mott, of Howard Park Avenue School, who was chairman in the absence of President D'Arcy Hinds, did not agree with Mr. Fisher. "It seems to me," said he, "that the citizens are to blame and not the members of the school board. They do not take any interest in their children's education; they do not visit the schools and denounce the training given there as 'fads and frills.' These are misnomers; the children are obedient, well behaved and not a smattering. In my opinion the men of Toronto should have enough time to visit occasionally their children at school."

The following resolution was then introduced by Messrs. Fisher and Wakefield: "That this association place itself on record as being in favor of the substitution of an educational commission elected annually."

Considerable discussion followed the introduction of this resolution. Ald. Ryding thought the new riding was a candidate in the next provincial election. A. D. Bruce, president, and following a general discussion, it was unanimously decided to name a candidate in the next riding.

These officers were elected: President, W. Pratt, Richmond Hill; Vice-President, Jonathan Nish, Gormley; Messrs. Craven, Markham, Trench, Richmond Hill; J. McKenna, East York; A. W. Bennett, Ward 10C; Ward 9; W. J. Lawrence, Ward 9; W. H. Wood, Ward 6; with J. McDougall, sec. treas.

Amongst the names said to be generally favored are R. W. E. Burnaby, North York; John A. Nish, North York; and A. D. Bruce of Gormley.

WANTS LIQUOR LICENSE IN TODMORDEN DISTRICT

W. E. Wyatt of Gamble Avenue Would Open Store Near Pape and Gowan.

A petition for a liquor license by W. E. Wyatt of Gamble avenue is being circulated in Todmorden and has the residence of John A. Nish, in the district, been signed by a number of residents. It should be noted that in obtaining the license Mr. Wyatt proposes to commence business near the corner of Pape and Gowan avenues.

LODGE CLEARS AGENT OF OPPRESSIVE CHARGE

Was Accused of Foreclosing Mortgage on Soldier's Home for One Payment.

After investigation by the officers of Rummymede L.O.L. No. 1297, John M. Bolton, real estate agent, Dundas street, was cleared of a charge of oppression in the case of a soldier who was accepted and went to Valcartier with the first contingent.

Mr. Bolton states he has a dozen houses rented in Rummymede and has never pressed for a dollar or rent since the outbreak of the war.

SUNDAY CARS NOW ON SUBURBAN LINE

Railway Committee of the Legislature Granted Application.

PASSENGER CARS ONLY

Bill Was Vigorously Opposed by the Lord's Day Alliance.

The railway committee of the legislature yesterday granted the Toronto Suburban Railway Company permission to operate passenger cars on Sunday to Weston and Woodbridge, thru York and Etobicoke and over the Guelph extension, now under construction.

A. H. Royce, who represented the company, said that the application had been made after three petitions had been presented to the company by residents who would benefit by the service. He was supported in the application by Dr. Forbes Godfrey, M.L.A., of West York, who claimed that his constituents would be greatly benefited by the service.

YORK LIBERALS EXECUTIVE MEETS

W. Pratt of Richmond Hill is President—To Choose Candidate.

A meeting of the executive of the South York Liberal Association was held in the office of the General Secretary, Mr. W. Pratt, Richmond Hill, on Saturday afternoon, April 3, in the West York Town Hall, when the election of officers for the year 1915 was held.

RUNNYMEDE CHURCH MAY BE MOVED TO NEW SITE

Presbyterian Congregation Has Grown and More Accommodation is Needed.

It is proposed by the board of managers of Runnymede Presbyterian Church to move the church from its present site on St. John's road to a new site on the corner of Millard and Dundas streets, the latter site being considered more central for the purposes of the church.

THROWN FROM WAGON AND FATALLY INJURED

Locust Hill Man Thrown Under Horses' Feet — Brother Had Narrow Escape.

While driving a spirited team of horses yoked to a wagon loaded with hay, Gordon Dillmore, a farmer living just north of Scarborough town-line, was thrown from the rig and so severely injured that he died shortly after. He was accompanied by his brother, who escaped practically unhurt. The men were driving down a steep hill at the time, and their combined weight and that of the cans of milk tipped the wagon box, throwing them under the horses' feet. Deceased, who lived with his mother, was 44 years of age and unmarried.

RICHVIEW

Frank Pencock, farmer, of Richview, now lives in the Western Hospital, to which he was removed yesterday in a motor ambulance, suffering from a broken leg, the result of a fall. The leg had not fully healed after an accident about two months ago, when Mr. Pencock fell 30 feet from a silo on his father's farm.

NORTH TORONTO

The North Toronto Ratepayers Association will tonight discuss the proposed educational matters; and to that end have invited a number of the members of the board of education, including Messrs. Hodgson and Messrs. Brown, Shaw, Dr. Noble and others, are expected. The uncompleted portion of nearly all the schools in the northern section of the city has given rise to much criticism, while the delay in the acquisition of other school sites, promised some time ago, is adversely commented upon.

WORLD'S GREATEST KIDNEY REMEDY

EXPECTED REBATE FOR SUNDAY RIGHTS

Mount Dennis Ratepayers Would Have Made Better Bargain.

AFTER WATER SUPPLY

Want Report From Township Council Regarding Artesian Wells.

"Fruit-a-tives" Have Proved Their Value in Thousands of Cases.

WONDERFUL RECORD OF A WONDERFUL CURE

Only Remedy That Acts on All Three of the Organs Responsible for the Formation of Uric Acid in the Blood.

Many people do not realize that the Skin is one of the three great eliminators of waste matter from the body. As a matter of fact, the Skin rid the system of more Urea (or waste matter) than the Kidneys. When there is Kidney Trouble, Pain in the Back and Acid Urine, it may not be the fault of the kidneys at all, but be due to the bowels.

FINAL HOCKEY GAME OF WESTON SEASON

High School to Meet Bankers at Dufferin St. Rink — Jitney Service.

The final hockey game of the Weston season will be held tonight at the Dufferin street rink with the Weston High School and the Bankers of the town. The rink will be open from 8 p.m. to 11 p.m. Skating will be held after the game. Mr. Chapman, rink manager, has given the free use of the rink and the entire proceeds will be given to the Weston branch of the Red Cross Society.

AURORA

Mrs. Farr, wife of L. K. Farr, organist and choirmaster of Aurora Methodist Church, has been removed to a city hospital, where her condition is reported as very serious.

RICHMOND HILL

The installation of the new covenant organ in the Presbyterian Church was completed yesterday, and on Sunday it will be formally dedicated. The new organ is a handsome two-manual instrument. With the installation of the new organ the choir will for the first time, do their new gowns.

BABy POINT

At a public meeting on Thursday evening, called by the trustees of the Baby Point school section, No. 27, for Township, to sanction the leasing of debentures for the erection of a new school on the site of the old school, an exception was taken by the ratepayers to the plans of the proposed school, prepared by S. B. Coon & Son, One of the trustees, who has since received approval of one of the trustees, came up for discussion, but no decision was made, the meeting being adjourned till an early date.

He Felt Like a Different Man

THAT'S WHY N. D. GILLIS EXPRESSES HIS THANKS TO DODD'S KIDNEY PILLS.

He Was Sick All Over, But Found New Health When Dodd's Kidney Pills Cured His Kidneys.

Grand Mrs. South, Cape Breton, N. S., March 26.—(Special.)—Neil D. Gillis, well known and highly respected here, states that he wishes to express his thanks to Dodd's Kidney Pills. And he gives a reason. "Last summer I took sick," Mr. Gillis states, "I began to lose strength and had palpitation of the heart with shortness of breath and after a couple of weeks my back began to pain me. It got so bad I could not rest, could hardly walk the floor. I was depressed and low spirited and had pressure of sharp pain on the top of my head. I was in bad shape indeed when I started to use Dodd's Kidney Pills, but I got quick relief. After using one box I felt a different man and after taking three boxes I had no more trouble. I can now do my day's work as well as ever." Dodd's Kidney Pills cured the kidneys. Cured Kidneys mean that all impurities are strained out of the blood and new health all over the body. That's why Dodd's Kidney Pills made Mr. Gillis feel like a different man.

When there is Kidney Trouble, Pain in the Back and Acid Urine, it may not be the fault of the kidneys at all, but be due to the bowels.

At the meeting last night of the Mount Dennis Ratepayers' Association it was left in the hands of the executive to approach the Weston Water Power and Light Commission to ascertain the cost of extending the Weston water supply system to Mount Dennis, and to approach the York Township Council to have its engineer report on the cost of a system supplied by artesian wells.

It was decided that the sidewalks committee should urge the laying of a foot plank sidewalk on Weston road and on some fourteen other streets and the forming of crossings on Weston road of Eglinton avenue and the P. O. office at Lambton and Guest avenues, and on Brownville.

Deputation's Report. A report of the deputation which was sent to the Toronto Suburban Railway Company was made by President D. A. Robinson. Manager Royce, he said, had refused all concessions in the price of cheap fares transfers, and the privilege of using the Woodbridge cars during rush hours.

"Fruit-a-tives" is sold by all dealers at 60¢ a box, 5 for \$2.50, trial size, 25¢ or will be sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa.

HIGHLANDERS WORK ON PLATOON BASIS

Local Regiment Well Advanced in Adoption of New Order.

PARADE LAST NIGHT

Col. Donald Pleased With Progress Made Under New Conditions.

The adoption of the platoon formation for all regiments in the Canadian army has been advanced by the militia department practically every one in Toronto has been busy adapting itself to the new order of things.

The 4th Highlanders is probably further advanced in this regard than any of the other regiments, and is rapidly perfecting its new formation.

The officers expect to have the many changes necessary made by next Friday evening.

The companies will be numbered 1st to 10th, and will be constituted as follows:

No. 1 Company—in command, Capt. A. Miller; second in command, Lt. M. P. Godfrey. No. 2 Company—in command, Capt. G. T. Chisholm; second in command, Lt. W. G. Greer. No. 3 Company—in command, Capt. W. Wright; second in command, Lt. Allan Case. No. 4 Company—in command, Capt. F. S. Allan; second in command, Lt. B. B. London.

Each company will be divided into four platoons of 120 men each, with a strength of 480 men.

Each platoon will have four sections. Each company is to have a sergeant-major, one adjutant, one major commanding, one captain, one company quartermaster, and two buglers.

Each platoon is to be under the command of a lieutenant, assisted by a sergeant, assisted by a corporal.

Last Night's Parade. The regiment paraded 400 strong last night at the armories, and was drilled in the new formation.

Col. Donald was pleased with the work, and stated that the regiment was in excellent shape.

About 35 recruits were also on parade.

On April 9 next, and until further notice, the regiment will drill in the new formation.

The officers will wear the khaki apron, and the men will wear the khaki apron.

CUP OF SACRIFICE NOT YET DRAINED

Sir George Foster Speaker at Ward Three Conservative Meeting.

JUST WHERE IT WAS

Germany Has Progressed Little During Past Seven Months.

Ward Three Conservatives turned out in force last night to greet Hon. Sir George Foster, who spoke for them at Association Hall.

After eight months of fighting, Germany was about where she was when the war was in progress four weeks ago.

The address was frequently interrupted by hearty applause.

Dr. Jacques, M.L.A. (Halifax) made the opening address, and Mayor Church also spoke briefly.

VESSEL LOST THRU STOKERS' MUTINY

Chinamen Refused to Feed Furnaces When Submarine Pursued.

SHIP WENT ASHORE

Crew of Delmira Were Landed on Isle of Wight.

LONDON, March 26.—The British steamer Delmira has been torpedoed by a German submarine off Boulogne, in the English Channel. The members of the crew were given ten minutes in which to leave the vessel. Subsequently they landed on the Isle of Wight, going later to Portsmouth. Three revolver shots were fired from the submarine as a signal for the Delmira to leave. The steamer skipper, however, ordered full steam ahead and declares he probably would have escaped but for the refusal of the stokers, all of whom were Chinamen, to remain below and feed the furnaces.

"The submarine, therefore, overhauled the steamer and ordered her crew to take to the boats. After torpedoing the Delmira the submarine towed her boats for an hour and a half until another ship was sighted when the tow lines were cast off and the underwater boat disappeared." The Delmira did not sink, according to reports received by Lloyd's. These despatches say that the steamer had a bad fire on board and went ashore at St. Vaaste de La Dougue, France. The Delmira is a 2459-ton steamer (2011 tons net), owned by the British and Chilean Steamship Company. Her port of registry is Liverpool. She was engaged in the trans-Atlantic trade, and arrived at Havre from St. John, N.B., on March 14. She was built in 1905 and was under command of Captain Lovelace.

NEW HEADQUARTERS

At the Labor Temple this week the portable and hoisting engineers will open their new headquarters.

HOLD FIELD DAY ON LARGER SCALE

Officers Greatly Benefited by Experiences at Sham Fight.

EQUIPMENT CHANGED

Sword Will Be Dispensed With and Pistol Take Its Place.

After the manoeuvres held on Wednesday it was decided to hold a conference of all the officers who were engaged in the sham fight to see exactly what had been learned from the exercises. They were called upon to tell what orders they had issued to the men and explain their reasons for such orders. Major Bickford then criticized the orders and explained why such orders were right or wrong and pointed out what orders should have been given.

After the conference the officers stated that they had obtained far more useful information from the lecture than they could ever learn from field tactics without any explanation. Next week a field day on a far larger scale than that of Wednesday will be held. On this occasion practically every unit will be used, including the ambulance corps, imaginary casualties will take place and it will be the duty of the ambulance corps to take the wounded to the base hospital and give an exhibition of what they would do if they occurred in actual warfare.

Officers John Battery. The Machine Gun Battery now include five of the best boxers of America, including Hamma, the Dominican champion, and Hinton, the 135-lb. champion of America. The latter only enlisted for service recently. Arrangements are being made for a night of exhibition bouts in which these men will take part.

The 19th Battalion has received a gift of 50 trench periscopes from H. J. Christie.

Major-General S. F. Steele was allowed to leave his bed yesterday. The general has made wonderful progress, and it is hoped he will be fit for duty in a very short time.

A board of officers consisting of Lieut.-Col. W. R. Lane, I.C., president; Major R. K. Barker, I.C., and Major W. P. Butler, S.I.C.-M., will meet at the duty building for the purpose of examining officers of the Eaton machine gun battery. The examination for lieutenants' certificates will commence at 9 a.m. on Monday, and for captain and field officers' certificates at 9 a.m. on April 5.

The Inghis building and old General Hospital are now clear of all cases of suspected carriers of spinal meningitis. There were only five left, and these were all taken to the new General Hospital, where they will be detained for a few days.

Officers are Cancelled

An order was issued from headquarters yesterday notifying that officers' examinations were cancelled.

One thousand members of the 35th Battalion were yesterday inspected by Major-General Lessard and Major Bickford.

The next session of the Royal School of Cavalry will be held at Stoney Barracks starting April 5.

The Divisional Cyclist corps at the Exhibition camp will parade on Sunday morning at St. Stephen's Anglican Church.

Pass Examinations

The following have passed the examination in signalling: Cyclists, Signaller, Member, Shooting and Target, 4th Artillery Brigade, Bombardiers Mayberry, Moore; Gunners Fox, Underwood, Oswald, Keen, Top, Newburn, Johnson; 4th Canadian Mounted Rifles, Sergt. Race, Snelgar, Corporals Brandon, Gowcock, Lance-Corporal Collier; Privates Moore, Tucker, Craig; 4th Field Ambulance, Lance-Corporal Noyas, Ots, Jacobs, Bridges.

Caught by Sniper

In a letter J. E. Beech, formerly of Hamilton, tells how he was hit while saving a wounded comrade. "I immediately snatched up my first field ambulance haversack and rushed to the place from where the call came. This necessitated my getting out of the trench, which I did safely. "After making my comrade comfortable until dusk would enable us to carry him to the dressing station I was returning to the trench and to my disgust, and just got into the open when the crack of a rifle rang out and I lurched forward and cried out, 'My God! I'm hit.'" He explained that he was immediately dragged into safety by some other comrade.

Teach the Family Teeth Insurance!

It's easy, by this pleasant method. Children—and grown-ups too—love these enjoyable, long-lasting and economical confections. WRIGLEY'S is beneficial in many ways. It brightens the teeth. Removes food particles that would cause decay. Insures a wholesome mouth, firm healthy gums and agreeable breath. It means vigorous digestive action through increased saliva. It gives sturdy appetites.

If you like the flavor of mint leaves, take **SPEARMINT**.
If you want double strength Peppermint, get **DOUBLEMINT**.

Air-tight sealed package keeps it fresh and clean.

PARALYZED!

Astounding Cure by Dr. Cassell's Tablets

Utterly Helpless Woman Restored to Health and Fullest Activity.

Her "Dead" Limb Made Sound and Well.

All Usual Treatment Had Failed, But—

In a Dream She Saw Herself Cured by Dr. Cassell's Tablets, Got Some, and—

Her Dream Came True.

The cure of Mrs. S. M. Hopkins, of 31 English road, Shirley, Southampton, England, is one that proves Dr. Cassell's Tablets to be above and beyond any ordinary medicine. Here is her personal testimony.

"I was out shopping, and all at once my leg gave way under me, and I fell on the street. I was taken home, and to some extent recovered, but a few days later, as I was struggling up stairs, I fell again, right down the whole flight, and from that time I was paralyzed. I had to be lifted in and out of bed, and as I was passed so I lay. Medical treatment did no good, so I was taken to hospital, where for three months they tried everything possible to help my limb. Massage, electricity, and all that proved useless. Somebody thought she was showing signs of taking off as the paralysis was creeping up to my body. To all appearances my leg was dead; there was no feeling in it; ever so well; even heavier than before my illness."

Mrs. Hopkins, Hants.

These are the actual facts of this remarkable case, which investigation will fully verify. As corroborative evidence, we add:

Tell 'em of the Neighbors

Mrs. A. E. Jackson, of 50 English road, Southampton, says: "I have known Mrs. Hopkins for a long time. I knew her through her illness. She was absolutely paralyzed, could not move at all, and hospital treatment did her no good. Then she began taking Dr. Cassell's Tablets, and soon she was getting about on crutches. The next thing was that she was walking about without crutches. When I went to my door I found several others out to see the wonder. Now she is in splendid health."

Mrs. A. A. Lever, English road, Southampton, says: "I remember Mrs. Hopkins when she was quite paralysed. She was taken to hospital, and I certainly thought she would never come out alive. Now to see her so strong and healthy is quite astonishing. She is as active as ever."

DR. CASSELL'S TABLETS

Merrill has won for Dr. Cassell's Tablets the largest sale of their class in Great Britain. They may be used with absolute confidence for every weak, wasted or run-down condition in young or old from infancy to extreme age. For infants they should be crushed to powder and given in milk. Again and again the extraordinary efficacy of Dr. Cassell's Tablets has been proved in cases of:

Nervous Breakdown	Nervous Debility	Stomach Disorder
Nerve Paralysis	Sleeplessness	Malnutrition
Spinal Paralysis	Anæmia	Wasting Diseases
Infantile Paralysis	Kidney Disease	Paraplegia
Nourishment	Indigestion	Wasting in Children

Specially valuable to Nursing Mothers and Women of Middle Age. All druggists and storekeepers throughout the Dominion sell Dr. Cassell's Tablets at 50 cents. A FREE Sample will be sent to you on receipt of 5 cents for mailing and packing, by the sole agents for Canada, H. F. Ritchie and Co., Ltd., 10 McCaul street, Toronto, Ont.

PROMINENT FRUIT MAN DIED ON WEDNESDAY

William Clements of Was. Well Respected and Left Many Friends.

CLARKSON'S, March 25.—A well-known resident, William Clements, died Wednesday morning, aged 77. Mr. Clements came from Milton some years ago and settled on a farm. He took an active interest in fruit-growing and gardening and was secretary of the Fruit Growers' Association. At Milton he was perhaps better known as a widow, four sons, two daughters, coming there originally from Trafalgar Township.

For some time he was deputy sheriff of Haldon. He always took a great interest in agriculture and for a great many years was secretary of the Haldon Agricultural Society, and also Haldon Mouldboard Association.

In politics he was a Conservative and in religion a Methodist. He leaves a widow, four sons, two daughters, and a large circle of friends, who paid their last tribute of respect for a long and useful life at Milton on Friday afternoon.

ADVERTISEMENTS

STOP CATARRH OPEN. NOSTRILS AND HEAD

Says Cream Applied in Nostrils Relieves Head-Colds at Once.

If your nostrils are clogged and your head is stuffed and you can't breathe freely because of a cold or catarrh, just get a small bottle of Ely's Cream Balm at any drug store. Apply a little of this fragrant anti-septic cream into your nostrils and let it penetrate through every air passage of your head, soothing and healing the inflamed, swollen mucous membrane and you get instant relief. Ah! how good it feels. Your nostrils are open, your head is clear, no more headache, dryness or struggling for breath. Ely's Cream Balm is just what sufferers from head colds and catarrh need. It's a delight.

CANADIAN ACCUSED OF TRADING WITH ENEMY

Gatehouse is Facing Serious Charge in Court at Liverpool.

Canadian Associated Press Cable. LIVERPOOL, March 26.—George Arthur Gatehouse, sometime manager of the Montreal branch of Sloan & Co., cotton merchant, Philadelphia, was charged at Liverpool today with trading with the enemy. The crown prosecutor described the case as serious. The prisoner came to England after the outbreak of the war, apparently to transmit cables for his firm from the continent. While doing this, the crown alleged, he had made elaborate preparations to sell a species of explosives to German agents. The prisoner is a Canadian by birth and was arrested at a prominent Liverpool hotel when about to take passage across the Atlantic.

THE CALIFORNIA EXPOSITIONS.

The Grand Trunk and Grand Trunk Pacific Railways, with their steamship and other connections, offer the traveler a choice of delightful routes to and from the great Expositions being held in California this year. In taking your round-trip ticket you should travel at least one way through Canada and behold the scenic wonders of the territory opened up by the newest and most modern of transcontinental railways. The Grand Trunk and Grand Trunk Pacific run a superior service; they offer ideal ways to or from the Pacific Coast and California, threading the land abounding in big things—great lakes, majestic mountains, dark forests, deep canyons, mighty rivers and fertile valleys and plains.

From points in Eastern Canada the Grand Trunk provides exceptional facilities of reaching Chicago, where a choice in transcontinental routes is offered the traveler. A desirable route is via Chicago and one of the American transcontinental lines, returning via Seattle, Victoria, Vancouver, through the "Norway of Canada" to Prince Rupert, thence Grand Trunk Pacific.

Handsome illustrated literature sent on application to C. E. Horning, District Passenger Agent, Union Station, Toronto.

STUDENTS ARE SERIOUS AS EXAMS APPROACH

Time-Table Suits Majority of Varsity Men—Two Weeks' Study Before Tests Begin.

Since the publication of the university examination timetable the students have settled down to work with more zeal than ever. The university and college street libraries are frequented more than ever by the students. The arts students write between the hours of 3 and 10 in the morning and from 4 to 6 in the afternoon. The science and medical students write in the intervening time. Most of the students write their papers in the mornings. In spite of the haste with which the examinations and the annual tests begin on April 12. This will give nearly two weeks for study in the meantime.

BOER REBEL MARITZ ESCAPES FROM CAMP

Capetown Hears 'He Has Fled Toward Central Africa.

CAPE TOWN, March 26.—Lieut. Colonel Maritz, leader of the Boer rebellion of last October, has escaped from his prison camp and fled toward Central Africa, according to information received here today. Maritz was one of the Boer generals placed in command of an army for the invasion of German Southwest Africa last fall. Early in October he mutinied and led part of his command over to the Germans, being joined by Generals Beyers and De Wet, both former leaders in the Boer war. Maritz and De Wet were captured; Beyers is reported to have been drowned.

PILES

Do not suffer another day with itching, bleeding, protruding Piles. No surgical operation required. Dr. Chase's Ointment will relieve you at once and as certainly cure you. The Toronto Sunday World

Canada's biggest and best week-end newspaper, consisting of five to seven sections, many of them printed in colors, containing the latest in literary and pictorial reports—a summary of the week's events, and all the sporting and cable news Saturday afternoon and evening—for sale by all news dealers, newsboys and on all railway trains, at five cents the copy. ed7

ONE TOWNSHIP CAN NOT BLOCK SCHEME

Special Bill Provides That Line Can Be Built Thru Without Interference.

As a fitting afterglow to the radial deputation to the government yesterday, Hon. I. B. Lucas brought in a special bill last evening before the house rose. This deals in no way with the actual subject of the visit, but smooths the path for radial progress in general. The first clause provides for zones to be fixed by township councils; it will give them the permission and authority to prevent any section of a township from uniting to tie up a whole scheme by refusing to co-operate with their neighbors. It will, however, make no provision for forcing one county, choosing to hold aloof, to enter the enterprise. In that case the only alternative seems to be that they go ahead with their line and run straight thru. The second clause combats such conditions as that arising in Scarborough, where one district refuses to come into the scheme. Provision is made for the elimination of such sections, the work to go on uninterrupted.

Polly and Her Pals

"THANK GOODNESS, NOW THAT MAGGIE'S RECOVERED HER HEALTH WE'LL HAVE A LIL' PEACE AND QUIET IN THIS FAMILY!"

"WHERE'S SHE WANT THIS JUUK 'TUT, NEEWAH?"

"SHE SAYS TO PUT 'EM IN HER ROOM FOR THE PRESENT."

"YOU SAY YOU'RE OFF THE DIET STUFF FOR GOOD, AUNT MAGGIE?"

"YAS! CALISTHENICS IS THE SCIENTIFIC DOPE FOR REDUCING!"

"AN' YOU KUN BET YOUR BOOTS IN GONNA SHAKE MY 'SURPLUS' IF I GOTTA TURN THIS HOUSE INTO A GYMNASIUM!"

"HOW INTERESTING!"

SATURDAY MORNING, MARCH 27.

Courage is More Than Legality at Times

The Journal of Commerce of Montreal, edited by Hon. W. S. Fielding, devotes a leading article one day this week to a discussion of the emergency Dominion note issues and the legislation that it is proposed to put thru this session to legalize the payment in Dominion notes of twenty-six millions of dollars; ten millions in the way of a loan to the Canadian Northern, six millions to the Grand Trunk Pacific and ten millions used by the government for war expenses, all of these amounts contrary to law.

After a careful survey of the situation we do not see how the government could have acted otherwise. The railway companies needed the money to carry on their works or else Canada would have been threatened with a collapse in these two great undertakings. We believe both the railway companies and their respective banks to make the application for them as the law provides, but the banks, we are informed, declined to do so. There was nothing, then, for the government to do but give out the Dominion notes direct, or bring out what would have been financial disaster to the country generally. As to the use of the notes in paying war expenses to the extent of ten millions the same argument must apply or we would have been delayed in making the provisions we were making to assist the mother country in this great war.

The World believes that while the war lasts and the stringency caused by the war prevails, the government may have to resort to a still further issue of Dominion notes for which there is a substantial gold reserve in the treasury at Ottawa; and we are frank enough to say that we believe the best way to finance in such strenuous times is by this method. We can still keep a substantial gold reserve against the notes, the way we have to reduce the gold percentage somewhat for a time, and gain experience, since the emergency currency legislation of last August was passed, was of such a character as to show that the banks will not intervene between the borrower and the government. The government may have to take direct power itself to make advances to railways and in other directions in order to save the situation. Courage counts for more than legality at times.

England has had to resort to special measures in connection with the issue of paper money since the war began and so has every country engaged in the war and that the United States in her day of trial. And it is true that the United States issued so much that the currency was depreciated for a time, but nothing of that kind is likely to happen in Canada; and the World believes that the minister of finance and the government will exercise the greatest precaution. But the supreme thing for them to carry on the government, carry on the war, keep things going in Canada; and they must make it as easy as they are doubtless able to do in the several instances referred to in The Journal of Commerce, we are quite sure that parliament and the people of Canada will endorse their action.

The best money Canada has today is the national currency issued by the Dominion; and our regret is that there is not more of it for upholding public credit and keeping business going and carrying on the war. Even Mr. Fielding, when he was minister of finance and without any war, had to issue Dominion notes on occasions and got an Act of indemnity from parliament later on which is exactly what the Hon. Mr. White is doing today.

Humor and Charity

In Great Britain Canada is known to possess one humorist. It has books in demand there in even greater numbers than in the Dominion. Ever since the "Geometry of a Boarding House" appeared it was recognized in London that we had a claim to having an original genius. Being in his own country he is not perhaps so widely hailed as a successful author as might be desired by those who have the literary fame of the Dominion at heart, but his reputation has been steadily growing, and his "Sketches of a Sunshine Town" have established him pretty solidly.

Stephen Leacock is academic as well as humorous, and is gifted with

"FIRST AID"

all the graces of culture and good sense, for no man can be a humorist who lacks good sense, and shall we say also good taste. In this platitude of worth and distinction he is coming on Monday next to speak to a meeting in the Royal Alexandra Theatre in France. It has ever been the mission of our gentle-hearted humorists, since literature began to understand itself as the great apostle of charity, to do what was in them for the help of the suffering, the sorrowful, the afflicted.

There is a narrow path between laughter and tears, and when the path is the path of comfort and consolation, such as Mr. Leacock will point the way to, there should be no laughing back. His laughter may dry many tears in Belgium if we give him a chance to see that our hearts are in the right place.

The Hydro Radials

It is ten years ago since, such a deputation gathered in the parliament buildings as thronged the corridors yesterday, and ten years ago it was the same cause which brought the monster throng together as led the two thousand or more delegates from all over the province to lay their request before Premier Hearst. That cause is the hydro-electric policy of Ontario developed into a magnificent success under Sir Adam Beck, and less than the Province of Ontario, the logical and legitimate expansion. Having succeeded with the distribution of power and light there is no reason why the people should not succeed in traction.

Transportation is the crying need of every new country. The thinly scattered rural population, the congested cities, and the necessity of intercourse between them is sufficient reason in itself for the development of the new policy, but much more lies behind. The imperative need of getting more population into the province is a master argument, the full force of which is not yet appreciated, in favor of a provincial hydro-radial policy. When it is realized that the German Empire, with its seventy millions of people, occupies a space one-third less than the Province of Ontario, the magnitude of the task which the province-builders have in hand becomes a serious responsibility for every one connected with the government.

The mutual assistance which radial lines and power distribution lines would render each other under the new scheme is a feature of the policy. If people are ever to be tempted to live in the country it will be by the installation of some of the conveniences which make city life attractive. Perhaps it may not be possible to have them all, but neither can city life present all the attractions of country life. Whatever brings them closer together will tend to humanize both classes of residents.

Sir Adam Beck had a royal reception from the great delegation. He made no severe demands of the government, and recognized that during the war crisis it was not to be expected that anything in definite detail could be assured. The premier met the deputation on the same level, fulfilling the principle of the policy in full, but pleading that time must be given the government to escape from the present entanglements before assuming a burden so important and necessary. It is not that the load must not be borne, but that the strength of the province is not for the moment equal to the task. But this phase cannot last very long, and the abounding

DUTY OF BOARD TO KEEP SCHOOLS OPEN

If Negligent Commission May Be Appointed, According to Proposal of Hon. Dr. Pyne.

The bill brought in by Hon. Dr. Pyne to settle the Ottawa separate school situation provides that it is the duty of the school board to keep the schools open, to see that the children receive a proper education, and to hire competent school teachers with this end in view.

In case the board is understood to be neglecting the department's authority a commission may be appointed to take over the whole matter and to assume complete control under the department. The bill takes unto the government all necessary powers for seeing their purposes accomplished, and makes provision for securing harmony in the management of the capital's school affairs.

The minister stated in introducing the bill that he was following the spirit of the judgment of Justice Lacombe, which he stated that the schools should be kept open.

PREMIER PROMISES SERIOUS THOUGHT

Tells Radial Enthusiasts That the Matter Will Not Be Shelved.

BUILDINGS STORMED

Monster Deputation, Headed by Kilty Band and Great Banners.

With kilted bands playing and great banners on their shoulders the monster deputation of hydro radial enthusiasts stormed the parliament buildings yesterday, and laid before the government an appeal for a subsidy of \$3500 per mile on construction. The arrival of Sir Adam Beck was hailed with an outburst of applause and the skirt of pipes. The premier would not be shelved and the government had sympathy for the road needs of the people. Immediate assistance, and they did not ask it, was a little out of the question because of financial conditions, and the necessity for seeking new revenue sources. The bigger the success achieved the larger the government's liability would be. He, Sir James Whitney, had no intention that the subsidy would not be given, and raised the point of acting to please all the people concerned.

Day Has Arrived. Mayor Church of Toronto, in introducing the petition, proclaimed that the day of radicals had arrived, and the people were to profit. Ontario wanted her own railway, and she would have the lakes. The subsidy sought would enrich no man's pocket, and the hydro commission would never break faith.

Secretary Thos. Hanigan of Guelph read the memorial of the association in favor of the particular benefits which would accrue from the Hydro Commission for the work already done, and stated that farmers would go back to the land. Present high power transmission lines could not be utilized for commercial use. Eastern Ontario could not be served unless the radial system was introduced, and these would give power direct access to the farmer's home.

The commission had granted the feasibility of radials if the government subsidy was realized. They were more vital to farmers than good roads. The province was really being asked to loan its credit for its own development. In conclusion he stated that the subsidy would not be required for some time and that it could be spread over a period of years. The premier acquiesced if they had a moment might not have to take action about the matter was understood. Several directors, who had claimed their position taken before war started.

The first letter was written on August 5, the day after war was announced. It was to the effect that the government might not have to take action about the matter was understood. Several directors, who had claimed their position taken before war started.

One clause in the act will relieve all telephone companies of less than \$20000 capital of provincial taxes, railways with pullmans running thru Ontario will have to meet a new tax, and gas and light companies hitherto exempt from tax by reason of being auxiliary to holding companies, will have bills to foot in future.

Liberal Whip Bowman introduced an Audit Act amendment to place the preparation of the public accounts under the auditor and not the treasury board.

Mr. McPherson moved an amendment to make it applicable only to those cities over 200,000 in population, but Mr. Hanna said that it had appeared times innumerable in the past five years and should stand over for another year.

Canadian Doctors Going to Serbia. Canadian Associated Press Cable. LONDON, March 26.—In answer to an appeal made by the Serbian medical profession for British and Canadian medical men with knowledge of French or German to help in fighting against the parts of Serbia, Sir Lomer Gouin, premier of Quebec, thru his London agent, has offered the services of forty willing helpers from French Canada. The Serbian legation this afternoon stated that out of these they were making a selection of fifteen doctors, whose names will be announced in a day or two.

Second Attempt of Toronto at Establishment of Fund for Firemen Failed. Toronto's second attempt to get legislation allowing the establishment of a pension fund for firemen, received scant ceremony from the municipal committee of the legislature yesterday. On this occasion it appeared in a bill of E. W. J. Owens, asking that a rate of one cent be levied on the property of every fireman, and that the proceeds be used to provide a pension for the first year or two.

Should be Glad. He stated that Ontario had given over nine millions in subsidies to private corporations and Quebec sixteen millions. They merely wanted the balance made up for the people. Surely the people would not be asked to bear the burden alone. The government should be glad to aid them.

All wildcat schemes had been omitted from hydro management in the past and would not figure in future. He assured the premier that the commission would finance the system for the first year or two alone.

Germany at the present time is suffering almost absolutely from the exclusion from the markets of the world. She has lost her hold entirely in the markets of the allies, and to a large extent in the markets of neutrals, and is weakening and depleting her home base, thus rendering her ability to compete after the war is open to her, in the reconstruction which is bound to follow, to undertake large contracts that can be filled in this country," said Sir George.

"Germany at the present time is suffering almost absolutely from the exclusion from the markets of the world. She has lost her hold entirely in the markets of the allies, and to a large extent in the markets of neutrals, and is weakening and depleting her home base, thus rendering her ability to compete after the war is open to her, in the reconstruction which is bound to follow, to undertake large contracts that can be filled in this country," said Sir George.

Mrs. Wiseneighbour Says:--

"I should have told you the other day, when I was speaking of 'Eddy's' Washboards, that it is just as necessary to have an indurated Fibreware Tub to hold your clothes if you want to make a success of washday."

Mrs. Newlywed Says:--

"I've heard of Eddy's Indurated Fibreware. What's the difference between fibre and woodenware?"

"Fibreware is made from compressed fibre, baked at extreme heat. All in one solid piece, it cannot warp or fall apart. No chance of splinters. Wears much longer, looks better, and is light to carry. The latter point you should always take into consideration," concludes Mrs. Wiseneighbour.

DIRECTORS' CLAIMS BEFORE WAR BEGAN

Hon. Thomas McGarry Proposes Reading of Statements and Holds Ground.

WILL MEET NEW TAX

Railways With Pullmans Will Pay, But Small Phone Companies Relieved.

Hon. Thos. McGarry stands by his original ground that the insurance companies which refused to pay their taxes were well worthy of the castigation he gave them. To back up his position he took occasion yesterday on moving the resolution in that connection to prevent loss to the province should the case go to the privy council to read the statements of several directors, who had claimed their position taken before war started.

The first letter was written on August 5, the day after war was announced. It was to the effect that the government might not have to take action about the matter was understood. Several directors, who had claimed their position taken before war started.

One clause in the act will relieve all telephone companies of less than \$20000 capital of provincial taxes, railways with pullmans running thru Ontario will have to meet a new tax, and gas and light companies hitherto exempt from tax by reason of being auxiliary to holding companies, will have bills to foot in future.

Liberal Whip Bowman introduced an Audit Act amendment to place the preparation of the public accounts under the auditor and not the treasury board.

Mr. McPherson moved an amendment to make it applicable only to those cities over 200,000 in population, but Mr. Hanna said that it had appeared times innumerable in the past five years and should stand over for another year.

Canadian Doctors Going to Serbia. Canadian Associated Press Cable. LONDON, March 26.—In answer to an appeal made by the Serbian medical profession for British and Canadian medical men with knowledge of French or German to help in fighting against the parts of Serbia, Sir Lomer Gouin, premier of Quebec, thru his London agent, has offered the services of forty willing helpers from French Canada. The Serbian legation this afternoon stated that out of these they were making a selection of fifteen doctors, whose names will be announced in a day or two.

Second Attempt of Toronto at Establishment of Fund for Firemen Failed. Toronto's second attempt to get legislation allowing the establishment of a pension fund for firemen, received scant ceremony from the municipal committee of the legislature yesterday. On this occasion it appeared in a bill of E. W. J. Owens, asking that a rate of one cent be levied on the property of every fireman, and that the proceeds be used to provide a pension for the first year or two.

Should be Glad. He stated that Ontario had given over nine millions in subsidies to private corporations and Quebec sixteen millions. They merely wanted the balance made up for the people. Surely the people would not be asked to bear the burden alone. The government should be glad to aid them.

All wildcat schemes had been omitted from hydro management in the past and would not figure in future. He assured the premier that the commission would finance the system for the first year or two alone.

"Germany at the present time is suffering almost absolutely from the exclusion from the markets of the world. She has lost her hold entirely in the markets of the allies, and to a large extent in the markets of neutrals, and is weakening and depleting her home base, thus rendering her ability to compete after the war is open to her, in the reconstruction which is bound to follow, to undertake large contracts that can be filled in this country," said Sir George.

HOFBRAU

Liquid Extract of Malt The most invigorating preparation of its kind ever introduced to help and sustain the invalid or the athletic.

There is another opportunity of consideration if a definite proof is made. Toronto and York County have believed their little difficulty about the taxation of the prison farm, in the county Corporation Council, Gary Township, and \$100 to Vaughan for 1915.

The clause requiring building wreckers to use a spray to lay the dust was passed without comment. The third appearance of the McPherson bill, allowing cities to tax maintenance and repairs on a local improvement basis where the cities undertake the contract, was thrown overboard on a vote of the committee. There was a close decision but Chairman, W. J. Hanna cast the deciding ballot.

Mr. McPherson moved an amendment to make it applicable only to those cities over 200,000 in population, but Mr. Hanna said that it had appeared times innumerable in the past five years and should stand over for another year.

Ministerial Association Thinks Nothing Short of Total Prohibition During War Will Do.

Declarations that the Ontario Government new liquor law proposals were "inadequate" were adopted by the members of the Toronto General Ministerial Association at a special meeting at the Central Y.M.C.A. yesterday afternoon. Bishop Browne presided. Among those who took part in the proceedings were Rev. J. A. Turnbull, D.D., Rev. Dr. Rankin, Rev. T. T. Shields, D.D., Rev. Canon Plumtree, Rev. W. F. Wilson, D.D., Rev. J. W. Pedley, and Rev. B. H. Spence. The association adopted a resolution pledging hearty co-operation with the Ontario Alliance in the holding of a mass meeting of protest at Massey Hall on Monday evening. The association expressed "the most solemn conviction that the proposed amendments were woefully inadequate to meet the situation" and passed a resolution in favor of "the entire sup-

Program at Thirtieth Annual T.M.A. Benefit Was Excellent. Selections were many. Choicest Bits in Local Offerings Entertained Large Audience.

One of the finest, most attractive and most comprehensive of musical and dramatic programs ever placed before a Toronto audience was presented at the thirtieth annual offering of the Theatrical Mechanical Association yesterday afternoon.

A massed orchestra, composed of 70 professional musicians, under the direction of Paul Branciere, gave as the opening double number Rossini's overture, "The Barber of Seville," and Heed's popular march, "The Overture."

The leading feature of the 12 additional numbers included Miss Percy Haswell and Company's comical opening act of "Madam Sherry," with a chorus of local singers. Miss Percy Haswell and Company's comical opening act of "Madam Sherry," with a chorus of local singers. Miss Percy Haswell and Company's comical opening act of "Madam Sherry," with a chorus of local singers.

Receptions, Miscellaneous.

The Royal Glee Club, Chapter, I. O. D. E., held its monthly meeting in the armory on Thursday afternoon, and subscribed \$100 to be sent to sustain four beds in the Soldiers' Hospital, England, and shortly the chapter will give an entertainment in the Canadian Academy to raise funds to provide the grandstand at the front with field comforts.

ALL TORONTO UNITS TO HAVE INSURANCE

Men Going to War Will Be Covered, is City's Decision. SUBMITTED TO BOARD Education Estimates Are Lower Than Last Year's. A Little.

All the Toronto units going to the front will be insured, and in this connection the city treasurer wired the Ontario Life Insurance Company yesterday an amount of \$1,750,000 to run Toronto's units in bank interest.

"City authorities anxious to know at once if your company will place insurance on the units going to the front second contingent in addition to the first contingent of units."

When the lists were made up, six units were omitted and it is these that are to be provided for. They are the 12th York Rangers, St. John Ambulance Corps, mounted rifles, Eaton Machine Gun Battery, and the Toronto men in the Royal Engineers.

Education Estimates. At last the estimates of the board of education have been submitted to the board of control, and if they get through without any cutting, which is not likely, it will cost \$4,175,000 to run Toronto's schools during 1915, as against \$4,004,000 last year.

The total maintenance is \$2,540,000, and the amount allowed for school sites and buildings is \$1,280,000. The board of control has asked for a \$200,000 increase in the school fund, and \$135,000 for a site for a building for school administration.

City Treasurer Patterson is recommending to the board of control that the first instalment of taxes be collected one month earlier than usual, which would make the date June 25 instead of July 25. The one month's advance would mean a saving to the city of \$200,000 in bank interest.

City to Take Hand. Some users of electric signs have a way of getting out of paying the license fee. Several days before the fee becomes due they shut off the sign in an effort to create an impression that the sign is not in use. In a short time the sign is lighted up again. From now on signs that are not lighted up will be taken down, or they will be torn down by the city.

Start Public Works. Property Commissioner Shohlman was in Ottawa yesterday, where he is endeavoring to have work started on the new postoffice, and other government works in Ottawa. He is the labor bureau is now under the control of the property department, the commissioner is anxious that as much work be started as possible in order that an outlet may be found for the applicants at the bureau.

Start on Monday. The mayor, "Give-a-Man-a-Job" committee met yesterday afternoon and decided to start the canvass for work on Monday, finishing on Thursday. The ministers through the city will be asked to call attention to the matter on Sunday.

Combination Bridge. The recommendation of Commissioner Harris that the proposed bridge on Mount Pleasant, where he is in combination of steel and concrete was adopted by the works committee yesterday.

Action Was Deferred. The question of grading the Yonge street hill north of the C. P. R. track came up again yesterday, but action was deferred owing to the fact that the Metropolitan franchise runs out in

Gray Hair. Dr. Tremaine's Natural Hair Restorative will positively restore your hair to natural color, and keep it so. It is not dyed, and will not injure the scalp. Religious Services. The Royal Glee Club, Chapter, I. O. D. E., held its monthly meeting in the armory on Thursday afternoon, and subscribed \$100 to be sent to sustain four beds in the Soldiers' Hospital, England, and shortly the chapter will give an entertainment in the Canadian Academy to raise funds to provide the grandstand at the front with field comforts.

Socks wanted for Mabel Week, March 29 to April 3. "Greater love hath no man than this, that he lay down his life for his friend," therefore, it behooves us to repay this debt by purchasing at least as far as in our power lies, the physical needs of our men at the front, who are freely offering us so much. The need is so great that "Mabel Week" is including Emily, Frances, Lily, Isabel, Annie and Ada, with the object of securing as many socks as possible in short time. Those wishing to send money in place of socks can do so. Please send all contributions to Mrs. (Mabel) Charles E. Band, 36 West Woodlawn avenue, Toronto.

HOOFEDES WILL GO TO JERSEY TOWN

Indianapolis Federal Team Will Be Transferred to Newark.

NEW YORK, March 26.—All the Federal League clubs were represented at the special meeting held here today for the purpose of adopting a playing schedule for the coming season. President Gilmore and B. E. Gates of Indianapolis, the league's legal adviser, said today that the transfer of the Indianapolis club to Newark, N.J., has been ratified and that the greater part of today's session has been taken up in discussing legal matters in connection with the Indianapolis-Newark transfer, as well as the retention of the Kansas City club in Kansas City.

President Gilmore announced that pitcher Fred Fullerton would remain with the Newark club, but that Benny Kucina and former Pittsburgh and New York American League player, who had been holding out for better terms, signed new contracts today. The question of an exchange of managers George Stovall and William Phillips between Kansas City and Newark, while under discussion, was not settled. Tonight it was said on good authority that Phillips would manage the Newark and Stovall probably would play first base, leaving an opening for a new manager for Kansas City.

According to President Gilmore's statement tonight the playing season will begin on April 10, the date originally announced. The schedule will be made public a few days before that date, he added.

Three-cent league baseball will cause record-breaking attendance at the Three Eye League Park in Quincy this season, and get never before the game thereabouts, according to the way the plan is being received there and the rapid manner in which tickets are now being disposed of. The plan is strictly original with Oscar Shannon, sole owner of the Quincy Three-Eye franchise. Shannon has announced that he will sell tickets good for the first 33 games of the season, excepting the opening game and holiday games, at \$1 per ticket, or approximately three cents per game. It now seems as if at least ten thousand will hold tickets for the season opening. It costs \$20,000 to run the team for the season. After the 33 games are played the admission price is to again be 25 cents.

Sherwood Magee's shoulder will not trouble him during the season, according to the Braves' physician. It has not healed as yet, but the slinger expects to use it opening day, driving out a couple of base hits.

Larry Lejeune, one of the heaviest minor league hitters, who is having his second trial in the majors this spring, is having good luck with the Braves. Lejeune has picked up wonderfully in his fielding.

McCraw believes that young Palmero, the Cuban twirler, will make a name for himself in major league hurling within two years. Being overcast with a fever now, John is endeavoring to farm the youngster out. McCraw intends to recall him at the end of the season.

Mama is an unpopular youth with Fred Clarke's men. He held the regular position in a recent practice game, and the manager has been giving his entire squad lectures on batting since.

Bill Carrigan of the Red Sox avers that his only worry this spring are confined to Joe Wood and Yean Grodz. It is this pair comes thru, Carrigan believes there will be nothing to keep him out of the major league race of this summer.

DEMANDS OF CHINA BACKED BY ALLIES

Count Yada Says Germans Would Make Second Turkey Out of Kingdom.

Special to The Toronto World. ST. THOMAS, Ont., March 26.—The citizens of St. Thomas gave a royal welcome to Count Gooor, the Belgian consul-general, and Count Yada, the Japanese consul-general, on their arrival in the city from Ottawa at noon today. The guests were entertained by the Canadian Club at luncheon.

Count Yada's address was simply to the many reports that Japan had accepted the demands of the City of St. Thomas and County of Elgin for their gifts of food and money to the Belgians.

Count Gooor of Belgium expressed gratitude to the City of St. Thomas and County of Elgin for their gifts of food and money to the Belgians.

Business Reasons for Buying Hickey Suits at \$12.50

YOU wouldn't pay \$4,000 for an automobile when you could buy one just as good for \$2,000, would you?

NOR would you pay \$200 per month for an office when you could get one just as adaptable for your business at \$100.

THEN just apply those same principles in buying clothes. Hickey Suits at \$12.50 are equal in fabric, style, trimmings, tailoring, and patterns to most \$18 and \$20 suits. Why pay more?

OTHER SUITS \$15 to \$25

Hickey's CLOTHES OF YONGE STREET

SITUATION IN BALKANS GIVING TURKEY ALARM

for Adrianople, the second most important city in European Turkey, and not far from the Bulgarian frontier, indicates some sudden development in the Balkan situation, which is causing Turkey concern.

THREE CANADIAN GIRLS ARE LEAVING BRUSSELS

Canadian Associated Press Cable. LONDON, March 25.—The Daily News correspondent at Rotterdam says that among the English women and girls whom the Germans have allowed to leave Brussels are three Canadian girls, whose friends cannot be traced. They are destitute and are crossing to England to find a home, adds the correspondent, who, however, omits any clue as to their identification.

PLAY SEMI-FINALS IN ENGLAND TODAY

Everton v. Chelsea and Bolton W. v. Sheffield U. — Full Schedule of Fixtures.

The English Cup semi-finals will be played today. Everton and Chelsea meet at Aston Villa's grounds at Birmingham, and Sheffield U. and Bolton W. clash at Wood Park, Blackburn. All four clubs have performed well in their late games, and the winners are hard to pick. Extra time will be played, if necessary, to have the two teams ready for the final.

English League—Division I. Aston Villa v. Manchester C. Blackburn R. v. Bradford City. Bradford v. Middlesbrough. Manchester U. v. Tottenham. Oldham A. v. Newcastle U. Sheffield Wed. v. West Bromwich.

English League—Division II. Clapton O. v. Bristol City. Derby County v. Gillingham T. Fulham v. Leicester F. Glossop v. Blackpool. Hull City v. Preston N.E. Leeds City v. Lincoln City v. Birmingham. Stockport v. North Forest. Arsenal v. Huddersfield. Wolverhampton v. Barnsley.

Overseas F.C. will play a practice game on Saturday, April 1, when all signed players and any players who are not connected with any club are specially invited to attend at the club's premises and Danforth road at 3.30 p.m.

When the annual meeting of the Western Football Association is held in Stratton on Good Friday morning, the proposed amendments in the playing rules will come up for discussion. The first of these amendments deals with Rule 5. After the word "competition" in this rule is deleted, it reads as follows: "No player shall play for more than one team for any of the championships in any one league season unless he has special permission by the match committee."

Berkeley Street will be represented by the following for their game with Gunns at Seaside road, Rother, on Saturday, Hyde, Mann, Payne, Atkins, Fox, Hays, Drummond, Perkins, Fleming and Scott. Players will meet at the corner of Keble and Dundas streets at 3.30, prompt.

Members of the Hiawatha F.C. are requested to turn out for a practice game with Sons of Scotland at Herby Park, Coxwell avenue. Game called for 3.30, prompt.

Dunlop Junior Football Club play Central on Geddes road, Danforth and Gladhill, at 2.30. The following players are asked to be on hand: Munro, Palk, Leach, Sergeant, Whiston, Lowen, Pickett, Scougall, Tapp, Fress, Eyeligh, Carr and Wedderburn.

Bell Telephone F.C. have a friendly game with Consumers' Gas F.C. All players meet at Broadview and Danforth at 3.30. Dressing room at Taylor's F.C. on Danforth.

GIVEN COMMISSION FOR SALE TO GOVERNMENT

Major McQuarrie Received Cheque for Influence With Minister of Militia.

OTTAWA, March 26.—In the public accounts committee today Mr. Carvell produced the original of the receipt given by Major McQuarrie of the motor truck commission to Wylie, Ltd. of Ottawa, in 1911, acknowledging payment of \$1800 for "using his influence" with the minister of militia in the sale of three motor trucks. The receipt of the document was admitted by Major McQuarrie and W. W. Wylie. The latter declared it was an ordinary commission of 10 per cent, which would have been paid to anyone. Major Thomas was also examined in regard to purchases of motor trucks for the militia department since the outbreak of the war, the bodies of which have been condemned. It was brought out in the McQuarrie evidence that motor trucks could have been secured at a price \$50 lower.

Easy Way Tie Form

Looks to collar button. Tie can be moved from front without undoing the rest of the tie.

EFFORTS TO APPEASE ITALY PROVE FAILURE

ROME, March 26.—Efforts of Prince Von Bielow, the German ambassador, to bring about an agreement between the Italian and Austrian Governments regarding the cessation of territory have definitely failed, according to the Agency Nationale, which says it is informed that when the last courier from Vienna brought to the ambassador Austria's final terms they were of such a nature that he did not consider it worth while to submit them to the foreign office here. It is reported that Prince Von Bielow has resigned the role of mediator.

CLASSIFIED ADVERTISING

is run in The Daily World at one cent per word, in the Sunday World at one and a half cents per word for each insertion; seven insertions, at times in The Daily, once in The Sunday World; week's continuous advertising for 4 cents per word. This gives the advertiser a circulation of more than 100,000 in the two papers.

Properties for Sale
 THREE OR FIVE ACRES, \$10 DOWN.
 2 1/2 acres gives you the possession of a lovely little three or five-acre market garden in our new subdivision, forty-five minutes from Toronto Union Station. Ten minutes walk from station and Village of Streetsville. Price \$175 per acre, with discount for cash. No building restrictions. Buy now and make the land pay for itself this summer. Remember, \$10 gives you immediate possession. The balance can be paid in small monthly quarterly payments. We also have market gardens for sale on easy terms up Yonge Street and out on the Kingston Road, short distance from city. Go out with us any afternoon.

Camping Sites \$1 Per Month

IN ONTARIO, BEACH PARK, fronting on Lake Ontario, are the most beautiful camping or summer home sites ever offered for sale. Each lot has 25 feet frontage on the lake, and is 100 feet by 51 feet and 51 feet. Clear deed given as soon as paid for. Station, etc., adjoining property. Get a lot build on it, use it for camping or garden, etc. The land is high, dry and level. Office hours, 8 to 3, Stephenson & Co., 195 Victoria Street.

Store to Rent
 FIRST-CLASS STORE FOR RENT—Corner Spadina and Sussex, ten large rooms and barn, occupation arranged. Reasonable rent to right party. For further particulars apply to S. S. Susex, or Melville, 255 Lansdowne. Park 37.

Most Successful Convention Held

Papers Read on Good Roads Were Most Useful Ever Presented.

OFFICERS ARE ELECTED

B. Michaud, President; W. A. McLean and U. A. Dandurand Hon. Presidents.

The second annual convention of the Canadian and International Good Roads Association came to a close yesterday and was the most successful yet held. Close to nine hundred delegates were registered in attendance, a much larger number than last year, and the papers read by the various speakers are declared collectively to be the most useful compilation of information on road-building which has ever been gathered. Pursuant to the usual arrangement all of the papers will be printed in one volume, which will be issued as a blue book by the Ontario department of public works.

The election yesterday resulted in the choice of B. Michaud, deputy minister of roads of the Province of Quebec as president, hon. president, W. A. McLean and U. A. Dandurand of Montreal, while G. A. McNamee of Montreal is again secretary-treasurer. An educational committee was chosen to follow: W. A. McLean, O. Hendry, W. J. Shore, Lieut.-Col. W. N. Fenton, J. A. Sanderson, H. W. Pillow and G. A. McNamee.

The concluding papers of the session were as follows: "Bituminous Construction" by J. Pearson, Toronto; "Concrete Roads and Streets," by H. S. Van Scoyoc, chief engineer of the Toronto-Hamilton Highway Commission, and "Resealed Wood Block," by H. Macaulay, city engineer of Hamilton.

No meeting place for next year was chosen, but the probability is that the convention will assemble again in Toronto.

THE CANADIAN BANK OF COMMERCE

SIR EDMUND WALKER, C.V.O., LL.D., D.C.L., President.
ALEXANDER LAIRD, General Manager.
JOHN AIRD, Asst. General Mgr.

EXTENSION OF CANADIAN TRADE
The Bank will make enquiries into the possibilities and requirements of markets abroad for exporters or importers who desire to extend their trade with British colonies or possessions. Owing to the large number of its correspondents and agents, it has unusual facilities for this work.

MINIMUMS WILL SOON BE LOWERED

Toronto Situation Reported to Be in an Exceptionally Strong Position.
LITTLE ON MARGIN
Traders Have Paid Off Their Loans in a Remarkable Way.

Among well informed members of the Toronto Stock Exchange the impression is growing that minimums will be reduced within a short time and possibly may be abolished altogether and the market thrown open. Many members of the exchange have been insisting for some time past that such a step be taken, but the committee have felt that the time was not ripe and successfully opposed the move until the present time. Now it is said that few weak links remain among buyers of stocks and the danger anticipated when the new order goes into effect.

According to the information given by the World's brokers have been insisting since the outbreak of the war that clients reduce as much as possible their marginal holdings. It is said that the response has been nothing short of phenomenal, and that there is less stock held on margin today in Toronto and vicinity than for many years. Where margins have not been reduced weak holders in many cases have sold their holdings gradually until at the present time the situation is said to be a particularly healthy one so far as the majority of the above mentioned loans. Loans have been largely reduced and the financial position generally greatly improved.

The favorable developments in Wall Street stocks of late has led to a feeling of confidence among traders alike, the banks are in a responsive mood, recognizing the innate strength of conditions, and it may be that the rise in copper and lead and other commodities will not be very much longer delayed.

Consolidated Smelters was the feature, touching 101, representing an advance of 22 1/2 per share since Monday last. Very little stock has come out during the movement. According to central advisers the advance is due to the rise in copper and lead and to the keen demand for the company's product. The stock appears to be very firm and the market generally looks better and there appeared to be more confidence to the situation.

Surface movement of money points to very heavy gain in cash by local banks tomorrow, the increase being estimated at as high as \$17,000,000. Long time loans are quotable in the market, but actually lower on high class collateral.

BANKS INCREASE LOAN ACCOUNT
Figures for February Indicate Some Revival of Confidence in February.

Increases of \$5,800,000 in Canadian deposits, \$1,436,000 in Canadian call loans, and \$2,100,000 in current loans in Canada, are the outstanding features of the chartered bank statement for February, which shows a net increase of \$10,336,000 in the total assets of the banks in the country compared with a year ago.

Consolidated Smelters was the feature, touching 101, representing an advance of 22 1/2 per share since Monday last. Very little stock has come out during the movement. According to central advisers the advance is due to the rise in copper and lead and to the keen demand for the company's product. The stock appears to be very firm and the market generally looks better and there appeared to be more confidence to the situation.

WILD SPECULATION IN MINE SHARES

Another Record Day's Business Transacted on the Standard Exchange.
BIG DOME'S NEW HIGH
Timiskaming Still Leader of Cobalt Group—Nipissing Again Advances.

Speculation ran riot yesterday on the Standard Exchange, and as a result of the revived public interest locally and the heavy buying of Big Dome and a couple of other market leaders by United States investors transactions made a new record exceeding 125,000 shares, the largest day's business in a very long period.

Big Dome was again the leader, crossing \$14 on record dealings and closing at \$13 1/2 for an odd lot. There was considerable buying of shares from New York in volume, more than sufficient to offset the heavy profit-taking sales made during the day by buyers who got in much lower down. The following wire was received by H. D. Williams from Porcupine: "Six hundred foot level on Dome proving up exceptionally rich. Latest diamond drilling on the high-grade ore body you examined, while in camp has proven this large to be several hundred feet in length and very fine in width. Average core values run over \$11 to ton. This will likely prove biggest ore body yet developed in Porcupine. Management are greatly enthused, camp in ferment of excitement. Full length of this ore body not yet determined. Drilling still in ore." It is also claimed that the annual report will show an ore reserve of close to 2,000,000 tons above the 500-foot level, averaging \$4 to the ton.

SHARP BREAK IN WHEAT MARKET
Bearish Foreign Advances Main Factor in Depressing Chicago Pit.

RUSSIA ABOUT TO SHIP Large Quantity Ready for Export From Vladivostok—Oats Were Weak.

CHICAGO, March 26.—Assertions that the Turks had disagreed with the Germans and that Roumania and Bulgaria were about to take a hand in the war put the wheat market today under a good deal of selling pressure. As a result, prices closed weak at 7 1/2 to 7 3/4 decline. Other losses for the day were 3-8 to 3-4 and 3-8 to 3-4. Provisions gained 10c to 20c.

Consolidated Smelters was the feature, touching 101, representing an advance of 22 1/2 per share since Monday last. Very little stock has come out during the movement. According to central advisers the advance is due to the rise in copper and lead and to the keen demand for the company's product. The stock appears to be very firm and the market generally looks better and there appeared to be more confidence to the situation.

Burglar-Proof and Fire-Proof

The safest conceivable place for papers, stocks, bonds, jewelry, private documents, etc., in fact, valuables of any kind, is in our steel-clad, burglar-proof and fire-proof Safety Deposit Vaults. Boxes are only \$3.00 per year and upward. Every convenience for patrons.

Dividend Notices

THE LONDON AND CANADIAN LOAN AND AGENCY COMPANY, LIMITED
DIVIDEND
NOTICE is hereby given that a Dividend of Two per cent. for the quarter ending 31st March, 1915 upon the Paid Up Capital Stock of the Company, has this day been declared, and will be payable on and after the first day of April, 1915, to shareholders of record at the close of business on the 15th day of March, 1915.

Meetings

The McKinley-Darragh-Savage Mines of Cobalt, Limited
Notice is hereby given that the Board of Directors of this Company at a meeting held on Tuesday, the 23rd day of February, 1915, declared a quarterly dividend of Three per cent. (3 p.c.) per cent. payable on the 1st day of April, 1915, to stockholders of record at the close of business on the 15th day of March, 1915.

THE CANADA NORTH-WEST LAND COMPANY (LIMITED)

NOTICE is hereby given that the Annual General Meeting of the Shareholders of this Company will be held at the head office of the Company, 105 Bay Street, Toronto, Ontario, Canada, on Wednesday, the 31st day of March, 1915, at 11 o'clock in the forenoon, for the purpose of receiving and considering the report of the President, Directors and other officers, the balance sheet and other business of the Company, and to transact other business of the Company.

ANNUAL MEETING

SENECA-SUPERIOR SILVER MINES, Limited
Notice is hereby given that the Annual General Meeting of the Shareholders of this Company will be held at the head office of the Company, 105 Bay Street, Toronto, Ontario, Canada, on Tuesday, the 31st day of March, 1915, at 11 o'clock in the forenoon, for the purpose of receiving and considering the report of the President, Directors and other officers, the balance sheet and other business of the Company, and to transact other business of the Company.

CANADIAN WHEAT SOLD.

About two-thirds of wheat at Canadian lake ports is sold for the opening navigation shipment to the United States. Particularly to Fort William and Port Arthur, and 7,000,000 bushels of the Duluth stock is also sold, whereas taking into consideration any milling business for the opening of navigation shipment.

FRENCH CROP OUTLOOK.

The official crop outlook in France on March 11 places wheat condition at 68 and rye 72, compared with 71 and 74 respectively a year ago.

PROTECTION ON WAR ORDERS.

Josephthal, Louchein & Co. to H. Nightingale. As it has been stated before, most of the concerns who are now working on war orders are protected by agreements that if the war should end, before they have completed their contracts, it will make no difference to them. At the same time, we have heard of a continuous rise for over a week now, and prices may work off a little. However, concern still attracts the opportunity in the buying side. Would buy stocks around this level or on slight reactions.

DIVIDENDS

Regular 1 1/2 per cent. declared on Corn Products preferred.
Dividend of 22 1/2 per share since Monday last.

ORDER INVOLVES MORE THAN THIRTY MILLIONS

The Senator Curry, president of the Canadian Car and Foundry Company, in a wire from New York says that the order for shells just received from the Russian Government will involve considerably more than \$30,000,000.

WINNIPEG GRAIN MARKET.

WINNIPEG, March 26.—Wheat futures opened 1/4 to 1/2 lower, oats 1/4 to 1/2 lower and rye unchanged to 1/2 down. The Liverpool market was easier and with peace rumors about the local market was quiet for all grades and there were few offerings. A light business in export was reported.

RAILWAY EARNINGS

Erickson Perkins & Co. (J. G. Beatty), 14 West King street, Toronto, report the following fluctuations on the New York Cotton Exchange:

THE GOLD MOVEMENT.

It is expected that the gold output in amount, which began early in the year, will stop for the time being. The last engagement made altogether \$20,000,000 gold that has been taken from Ottawa since January 5. This makes altogether \$40,000,000 gold that has been imported by the United States from all quarters since the year opened. The receipts have been as follows: From China, \$2,500,000; from Japan, \$4,000,000; from London, \$1,000,000; from South America, \$1,000,000; and from Denmark, \$800,000.

CONSOLS.

Consols closed on the London market at 99 1/2, with a bid of 99 1/4.

NEW YORK COTTON.

NEW YORK, March 26.—Cotton futures opened 1/4 to 1/2 lower, oats 1/4 to 1/2 lower and rye unchanged to 1/2 down. The Liverpool market was easier and with peace rumors about the local market was quiet for all grades and there were few offerings. A light business in export was reported.

CHICAGO MARKET.

J. P. Bickell & Co. report the following fluctuations on the Chicago Board of Trade:

WHEAT TO LOAN

Wheat to loan is available at 100 per cent. security. Interest 7% per annum. Terms 30 days.

NEWS OF SPECIAL INTEREST TO WOMEN

SMART FOOTWEAR IN GREAT DEMAND

Short Flare Skirts for This Spring Necessitate Faultless Footwear.

SOME NOVELTY EFFECTS

Exploit New Combinations of Contrasting Materials and Leathers.

That there are almost as many different styles in shoes as in military can be readily believed after a glance in the show cases of any of the exclusive shoe shops. New spring tans and daring novelty effects are being exploited and shown to the best advantage in windows where the display of new history and spots is also an important feature. The demand for smart footwear must be met for the flare skirt has come to stay and flare skirts to be effective must be short.

Accordingly the high-topped lace and button boots have taken on a new lease of popularity, and two or three more buttons on the ankle, the lightening of the uppers, novelty in the combination of various materials is perhaps the chief note of interest in the spring models, after the cut and smartness of line. Dull and patent leathers, cloth glaze kid and suede are extensively utilized and the military aspect is acquired by the presence of all the army and navy shades of cloth in the more high-class footwear. Black and white combinations are of course numberless, this being evidenced in all the newest of the low-cut models.

Low Shoes Popular. Low shoes will enjoy great popularity and feature just as many novel effects as the high boots for immediate wear.

Spats, too, which have come into such marked prominence during the last few years, continue to grow in attractiveness. Distinctiveness is their chief characteristic. Their lines are extremely fashionable and the materials used for their making are of a superior quality.

Odd buttons are another feature and the lace and water-proof shoes are extensively worn for formal occasions.

BETTER THAN SPANKING.

Spanking does not cure children of bed-wetting. There is a constitutional cause for this trouble. Mrs. M. Summers, Box W. 56, Windsor, Ont., will send free any mother her successful home treatment with full instructions. Send no money but write her to-day if your children trouble you in this respect. Her method is the child's chance as it can't help it. This treatment also cures adults and aged people from wetting with urine difficulties by day or night.

GOOD FRIDAY CONCERT.

Mr. Campbell has secured an exceptionally strong company for his annual Good Friday concert in Massey Hall on April 2. Miss M. Summers, Brown, the celebrated Scottish soprano, will be the star. This will be her third appearance in Massey Hall this winter. The Aganc Quartet, whose success has been phenomenal, will give several quartets, and Miss Nellie McOble, whose violin music is so popular in the Scotch folk on New Year's night, will appear again. A clever elocutionist, Miss Kathleen, will recite "The Legend of the Harp" and Dr. Harvey Robb will recite and play the accompaniment. All in attractive costumes. The program will be varied and unusual. The concert opens Monday at Massey Hall, and for the convenience of downtown business people seats may be secured also at the Bell Piano Company's warerooms.

SPEAK ON HINDUS.

Dr. Sundar Singh will speak on the subject of "The Hindus in France and Canada" at the meeting of Friends' Association at 6 o'clock tomorrow afternoon, in Foresters' Hall, 22 College street.

NERVOUS DISEASES IN THE SPRING

Cured by Toning the Blood and Strengthening the Nerves.

It is the opinion of the best medical authorities, after long observation that nervous diseases are more common and more serious in the spring than at any other time of the year. Vital changes in the system, after long winter months, may cause much more trouble than the familiar spring weakness and weariness from which most people suffer as the result of indoor life in poorly ventilated and often overheated buildings. Official records prove that in April and May, neuritis, St. Vitus's dance, epilepsy and other forms of nerve troubles are at their worst and that on more than any other time, a blood-purifying, nerve-restoring tonic is needed.

The antiquated custom of taking purgatives in the spring, however, the system really needs strengthening, while purgatives only gallop through the bowels, leaving you weaker. Dr. Williams' Pink Pills are the best medicine, for they actually make the new, rich, red blood that feeds the starved nerves, and thus cure the many forms of nervous disorders. They cure also such other forms of spring troubles as headaches, poor appetite, weakness in the limbs, as well as remove unsightly pimples and eruptions. In fact they unfailingly bring new health and strength to weak, tired and depressed men, women and children.

Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams Medicine Co., Brockville, Ont.

Notes of Women's World

The women's committee of the Orthopedic Hospital will hold a sale of home-made edibles at the hospital this afternoon from 3 to 6. Afternoon tea will be served.

All interested are invited to the last of the series of lectures which will be given by Rev. W. J. Finn, C.S.P., on the mental sciences at Loretto Abbey this afternoon at 3.15 o'clock.

Mrs. G. D. N. Atkinson has arranged the program which will be given at the Heliconian Club this evening. Several Toronto composers will take part. Poems by club members will also be read. The monthly meeting takes place on Monday, when a full meeting is required, to take up the question of Red Cross work for the university base hospital.

The officers of the Sir Henry Pellatt Chapter, I.O.E., for the year are: Regent, Mrs. Ambrose Small; first vice-regent, Mrs. W. A. Kavanagh; second vice-regent, Mrs. E. L. Kelly; treasurer, Mrs. E. L. Ruddy; secretary, Mrs. R. de Bruno Austen; assistant secretary, Mrs. Sydney Patterson; standard-bearer, Mrs. Charles Symons.

At the regular meeting of the Frances Willard Hall board, Mrs. F. C. Ward, president, Soap-wrappers amounting to 35,788 were reported. Twelve girls were cared for in the home and work was secured for a number. At the station 24 persons had been assisted and two girls were sent to Willard Hall. At the district meeting it was decided to hold the annual gathering June 8, 9 and 10. Local reports are requested by May 23. Miss Pugsley, L.T.L. teacher, attended 14 meetings and the average attendance has increased from 19 to 32. Miss Ada Jackson, a worker for some years, has resigned to be married and was presented with a handsome necklace from the district. At the next district meeting the ladies are requested to bring in donations of jam, jelly and maple syrup to be sent to the Canadian hospital for soldiers in England.

Miss Stuart, Glen Mount, is arranging a meeting of the old girls on Tuesday at 3.30. All members are requested to be present to renew old associations and to discuss the matter of providing beds in the Queen's Canadian Hospital, Storncliffe.

An entertainment will be given shortly in the Columbian College of Music to raise funds towards the one hundred dollars voted by the Grenadier Chapter, I.O.D.E., for the Grenadiers at the front.

"Mabel Week"—March 29 to April 2—will include Emily, Frances, Lily, Annie and Ann, with the object of obtaining as many good names as possible in a short time. Those wishing to send money instead of socks may do so. Contributions may be sent to Mrs. (Mabel) Charles E. Band, 96 Woodlawn avenue, West Toronto, by whom they will be gratefully received.

The proceeds from the charity euchre and bridge, given by the executive of the I.O.O.F. at the Recreation last week, which amounted to about \$65, will be given to the University Red Cross Hospital.

Sixty-four cases of comforts of all kinds have been shipped by way of Halifax to the district in France, thru the Secours National, the members of which are now working on a second consignment.

Brigadier-General Mercer, in a letter written just before the Toronto brigade left England, wrote on behalf of the men, thanking the schools and other friends who had been forwarding "news, books, letters, budgets, etc." to the troops on Salisbury Plain. The Canadian War Contingent Association has undertaken to forward the budgets regularly to the troops in France and to see that they are distributed as regularly as they have been at Salisbury.

A number of young girls are holding a sale of home-made cakes, candies, pickles and jam on Wednesday afternoon from 3 till 6 at 24 Huron street. The entire proceeds are to be used to purchase material for supplies for the University Hospital. Donations of home-made cooking will be most acceptable if sent to the above address not later than Wednesday at noon.

HOSPITAL UNIT FROM WESTERN UNIVERSITY

LONDON, Ont., March 26.—It was announced today that Western University has decided to equip a full hospital unit for service overseas with the Canadian troops, and offer it to the Dominion Government, as has been done by the University of Toronto, Queen's University and other educational institutions.

WAR EXHIBITS.

Exhibits from the war and military equipment and methods will be a side attraction of interest at the Ideal Home and Electric Show to be held at the Arena, April 12 to 17 next.

EASTER HOLIDAY FARES CANADIAN PACIFIC RAILWAY.

Return tickets will be issued between all stations in Canada, Fort William and east also to Detroit, Sault Ste. Marie, Mich., Niagara Falls and Buffalo, N.Y., as follows: Single fare tickets, good going Friday, April 2nd, return limit April 2nd, 1915. Fare and one-third extra good going April 1st, 2nd, 3rd and 4th. Return limit, April 6th, 1915. Particulars from any Canadian Pacific ticket agent, or write M. G. Murphy, district passenger agent, Toronto, Ont. ed7

GOOD FRIDAY ORATORIO.

Particulars of the oratorio performance to be given in Jarvis Church next Friday appear in today's issue of this paper. This concert would probably have been given in Massey Hall but for the fact that it is secured by another agency for that evening. A special platform to accommodate the large chorus is being erected, however. The oratorio "The Darkest Hour" has been done before by Dr. Broome's chorus, but his forces this year are almost doubled, one can reasonably expect big things next Friday evening.

"SPECIAL" Ladies' Tailored Suits Cleaned and Pressed \$1.50

PARKER'S DYE WORKS, Limited Phone North 2011, Toronto

The following article is the experience of one mother. It may prove a help, so I am passing it on to you in full.

"My baby was just old enough to sit on the floor and our house is cold and draughty. I was afraid she would take cold. We wanted her to be free to move about, so we took a large box, just deep enough for her to see over the edge, and lined it with a thick, soft, old quilt. We found the box a great comfort. It was large enough to allow her to move about comfortably and have her toys within reach. I always knew where she was, whether the box was indoors or out. She learned to walk by holding on to the edge of the box. When she was too big for the box, but not old enough to be trusted alone, we made her a pen in the garden. The floor was canvas, and the sides were made of chicken wire. When we fenced off a portion of the verandah with strong poultry wire, and she played as happily as she had at home. The little bit of fixing required to make these play rooms was no trouble, and we even if it were a freedom to do my work; baby had more freedom of movement and plenty of fresh air. Then, too, she was spared many hard falls and accidents. At less than two years of age, she is stronger, sturdier, and more robust than many children a year or two older."

DECIDE ON PRICES OF MILK AND CREAM

Producers Agree to Maintain Last Summer's Figures for Next Five Months.

At the annual convention of the Toronto Milk and Cream Producers' Association held in Foresters' Hall, yesterday afternoon, the association after much discussion decided to keep the price of milk and cream for the next five months the same as last year. This is \$1.23 per eight-gallon can and 23 cents per pound for butter fat cream.

It was not until over half of the representatives of the various towns present had criticized the prices and by different dairies and other hardships were some into that the association had decided to keep the price of milk and cream for the next five months the same as last year. "That the price of milk remain at \$1.23 per eight-gallon can and that butter fat cream be 23 cents per lb. for the next five months."

Speaking on the matter of reduction of the price of milk, Mr. W. H. Cheltenham, president of the association, said: "The only time you hear from them is when your milk is bad," he said. He suggested that there should be a list of names of the farmers who produce good products as well as the names of the poor producers.

BOARD OF TRADE OFFICERS.

COBURG, March 26.—At the annual meeting of the Cobourg Board of Trade the following officers were elected: President, W. J. Fisher; vice-presidents, W. H. Hoey and A. L. Jex; council, A. J. Armstrong, John Dick, Dr. Ferris H. Field, J. K. Frazer, E. Guillet, W. H. Hoffer, J. Gould, Wm. Fox, Dr. Hayden, E. W. Harcourt, John Henderson, Jas. Leonard, J. E. McCall, J. R. O'Neill, J. E. Skidmore, F. J. McArthur and W. L. Allen.

WHAT MOTHERS SAY OF BABY'S OWN TABLETS

Once a mother has used Baby's Own Tablets for her little ones she will use no other medicine. She quickly realizes the tablets are not a merely safe remedy and one that will give sure results. Concerning them Mrs. E. L. Wright, Pennant, Sask., writes: "I have used Baby's Own Tablets for my three babies and think so much of them that I always keep a supply in the house." The tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

QUEEN MOTHER GIVES THANKS TO AMERICA

Activity of Red Cross Society is Deeply Appreciated.

WASHINGTON, March 26.—England's Queen Mother Alexandra has written an autograph letter to Mrs. Whitelaw Reid in London expressing gratitude for the aid given by the American Red Cross in caring for sick and wounded British soldiers and sailors. The note follows: "As president of the English Red Cross Society, I beg you to kindly convey to the American Red Cross my highest appreciation of their magnificent gifts to this noble cause, for which the whole English nation is deeply touched by the kindness, assistance and sympathy shown us by the American people."

AUTO DRIVER FINED \$100.

Found guilty on a charge of criminal negligence while driving an automobile "somewhat aggressively" on Yonge street hill, and injuring Arnold Serman was fined \$100, by Judge Coatsworth in the sessions yesterday.

GALT BAPTIST PASTOR SUMMONED BY DEATH

Rev. Thomas Dayton Pink of Mission Died Suddenly at Early Age.

Special to The Toronto World. GALT, Ont., March 25.—The death occurred at midnight at the hospital after only four days' illness, of Rev. Thomas Dayton Pink, the popular young pastor of the North Water street Baptist Mission.

He would have been 25 tomorrow. He was born in Wales, but came to Canada ten years ago. He studied at McMaster University, Toronto, and had been pastor of the local mission for the past three years. Seventeen months ago he was married to Miss Jean Falls of Durham, who, with an infant daughter, survived the late pastor. The local mission for the past three years.

ANTI-JAPANESE RIOTS FEARED AT SHANGHAI

Precautionary Measures Taken Also to Prevent Reprisals by Japs Living There.

Special Cable to The Toronto World. SHANGHAI, March 26.—Recently there has been extensive distribution of the police yesterday took precautions against possible outbreaks of anti-Japanese attacks have been made on individual Japanese, and some Japanese have been forced to close temporarily. Fears are entertained that the Japanese, excited by a general election in Japan, may adopt reprisals. MANY MILLIONS SPENT ON FOOD FOR BELGIANS

United States Easily Leads in Total of Benevolent Contributions.

LONDON, March 26.—A financial report issued here today by the American commission for relief in Belgium shows that foodstuffs of a total value of \$20,000,000 have been delivered in Belgium since the inception of the commission's work. Nineteen million dollars' worth of food is now on the way to the stricken country or is stored for future shipment. Of the grand total \$5,500,000 was provided by benevolent contributions, either of food or cash, and the balance of \$14,500,000 was provided by banking arrangements set up by the commission.

ADMISSION TO HIGH SCHOOL.

All candidates for admission to high school this year who are prepared at a public school, a separate school, or a model school, may write on the subjects of part 1 as well as those of part 2.

FEMININE FOIBLES

By Annette Bradshaw

Exercise the Only Way to Win Lasting Loveliness

By LUCREZIA BORI

Prima Donna of the Metropolitan Opera Company, New York.

EXERCISE is as necessary to our beauty and good health as food and air. It is impossible to assimilate either properly without the proper amount and proper kind of exercise.

Most women, I am sorry to say, look upon systematic exercise as a waste of time. Some will insist that housework is, in itself, all the exercise any woman requires.

The physician will tell you that the performance of household duties has as its object the completion of a certain amount of work, therefore the mental object of the housewife is "work"; while the woman who exercises to derive physical benefits has a different object—her beauty and good health. The mental attitude has much to do with the results, so when you exercise to increase your good looks concentrate your mind upon the attainment of that object.

An Hour for Exercise.

When you map out the work for the day never fail to allow an hour or so for exercising. If possible, go out into God's great outdoors with its natural tonic of pure air, and walk, play tennis, golf, swim or indulge in any other form of exercise that appeals to you most.

If it so happens that you cannot go out, take indoor exercises, that is, if you value your beauty, health and good temper. You may not be able to have a systematic course of the kind, but you can rig up one in the attic or an unused room, using a few

ropes, a sawhorse, dumb-bells and a trapezoid.

In your enthusiasm do not overexercise and tire yourself out. Begin with a few easy movements and increase the amount each day. Some one has said "moderation is the silver string running through the pearls of all virtues," and exercise is certainly a virtue.

Exercises That Really Help.

The first day use a simple exercise consisting of stretching the hands high above the head, in front of the chest, and down the side. Another movement is to stretch the hands above the head and bring them down to touch the toes without bending the knees.

All these exercises, of course, are to be done without wearing corsets.

When you have become limbered up suddenly after a couple of weeks of such mild exercises you may use the sawhorse.

This old charger is a trifle strenuous for the beginner. One of the best sawhorse exercises is to place both hands on the centre of the horse and jump over it. You remember how you used to jump over the garden bridge or the porch rail in this manner? Pretend that you're a child again and keep on jumping until you are tired.

The next sawhorse exercise is a plain game of seesaw, but this requires two persons.

Next, grasp the sawhorse with both hands and raise it high above the head. Do this for six or eight times. Then lift it with each arm alternately for the same number of times.

With the broomstick do the series of movements you were taught at school with the wand. They are excellent to teach one muscular control.

Be sure to have your home gymnasium well ventilated.

When the Easter Clothes Problem Comes Home to Father.

Diary of a Well-Dressed Girl

By SYLVIA GERARD

Solving the Flower Problem on the Newest Frocks.

THIS morning I had the first real taste of spring, for I've been gardening. The seedlings have grown so fast the last few days that I had to transplant them from the "nests" to the small pots.

It doesn't seem any time at all since I sowed the seeds, and now I have bunches of pansies, marigolds, larkspurs and foxgloves, and a blossom tucked away in every available space.

Then I'll have plenty of long-stemmed flowers to use for house decoration, such as foxgloves, marigolds, larkspurs and pansies.

This promises to be a very showy season as far as fashions are concerned. The frock and hat has a blossom tucked away in every available space.

I love to wander through the shops and note just what new fashions they cover for postals from day to day.

First of all there is the garlanded frock with flowers arranged in formal festoons, bow knots or wreaths on the skirt or bodice. These are usually fastened with small bright flowers in the white, exquisite coloring of nature's blooms.

Then I'll have plenty of long-stemmed flowers to use for house decoration, such as foxgloves, marigolds, larkspurs and pansies.

All on Account of an Optimistic Dog

By WINIFRED BLACK

Copyright, 1915, by Newspaper Feature Service, Inc.

Winifred Black

It was very dreary on the desert. The wide sweep of the eye-stretch was broken by a long, winnowing series of gruesome hills of dull earth—that looked as though they had been trampled by the hooves of a million elephants.

And the wind cried and moaned about the windows of the Pullman—and as far as you could see there was nothing but earth and sky—and a vast far-reaching loneliness.

The woman in the section opposite mine nodded.

The man in the section ahead shuffled the cards for his lonely game of solitaire as if he were the last man left in the world and he did not like the sensation.

The snappy woman with the two restless little boys shook one of the little boys viciously and sat him down in the corner—and glared fiercely at the other until he fairly cowered—snatched up a lurid magazine and buried herself in it furiously.

The fat man with the enormous neck asked the porter querulously how long it was to luncheon time—and everybody was bored to death.

All at once there was a home in the landscape—a human habitation. Just a little, gray, frowsy house—no garden, not even a yard, nor yet the slightest vestige of a tree or a shrub, or a bit of grass.

Did any one live there, all alone, and if he did how in the world did he bear it?

Before I had time to lean from my seat to look back he came bursting into the vision—my friend the dog.

Shaggy, yellowish, bearded with a huge collar of shaggy white and brown, his tail a flag of white and yellow, every tooth in his head agape and all his opinion of trains and people who rode in them expressed without the slightest hesitation in an astonishing bark.

"Whoof!" said the bark. "Whoof!" Here it is again, the yelling giant, and there they sit, all the silly people cooped up in the silly boxes; they laugh at me, too; perhaps they're just friends and mean it kindly after all; well, I'll show them; they may think they have dogs back in the queer place they come from, but I'll show 'em."

And we were gone—and the little house and the racing dog were a part of the whirling past.

But the whole atmosphere of the car was changed.

"Game old sport, wasn't he?" said the solitary player with a flash of white teeth that changed his rather uninteresting face astonishingly.

"Oh!" said the little boy who had been put in the corner, "Oh!" and his poor little tear-stained eyes shone and sparkled.

"Oh!" cried his brother from the other end of his seat of penance, "Oh!" and it was easy to see that the two hearts of the two rather doleful little boys were out there in the desert with the brown and yellow dog.

Even the snappy woman relaxed; the hard lines of her set face relaxed.

"We had one exactly like him when we were little—my brother and I," she said. "He used to go skating with us."

All Loneliness Gone.

"Speaking of skating," said the fat man, coming across the aisle in friendly fashion, "speaking of skating, I remember once"—and there we were, all at once a friendly, happy, human party, we that had been a row of human units just a few short minutes ago.

All on account of a fool of a yellow and brown dog with a yellow and white neck ruff, and a white and brown flag for a tail.

I shall never think of that desert as a lonely place again.

And I'm not a bit sorry for the man who lives there.

Not while he has the company of that optimistic of a creature, the yellow and brown dog.

I don't suppose there's money enough in the world to buy that dog, and I'd hate to have to try to earn what he is worth—really—to the man who has his friend.

Through my own point of view I am sure I am not the least bit attractive, but I always seem to have a host of admirers wherever I go, though I don't encourage them in any way. I am very much troubled with a certain young man of 25, who seems to think a lot of me, and whom I do not like to tell that I don't want to see any more. He says I have a secret charm and know how to use my voice to its best advantage. All my girl friends say they wish they knew how to make men love them as I do. But the truth is, I want to know how to make them not so fond of me. Please tell me. JENNIE.

YOUR letter doesn't deserve an answer at all, Jennie, it is such a silly letter. Can't you see how very, very silly it is? You write that you don't think yourself at all attractive, when, goodness me, you really and truly think yourself the most attractive girl on earth. Some day, Jennie, dear, you will wake up.

DEAR ANNIE LAURIE: I am a young girl of 22, and I am not so very pretty, nor so very tall.

DEAR ANNIE LAURIE: I am a young girl of 22, and I am not so very pretty, nor so very tall.

Secrets of Health and Happiness

Food Makes New Blood, Not "Blood Medicines"

By DR. LEONARD KEENE HIRSHBERG

A. B. M. A. M. D., (Johns Hopkins.)

THE blood is the life in more senses than one, but that is no reason why most persons rush to the nearest apothecary shop in order to buy a "blood medicine." Blood tonics, blood purifiers, blood-making drugs and blood-cleansing medicines are more or less doubtful expedients in the matter of manufacturing red and white corpuscles, lymph and serum.

"I must protest," writes a physician of a little town, "against your scepticism about blood-making medicines. I have a patient with chlorosis who refuses to take the medicines I wish to give her because you so advised."

This physician, like many others, is swayed by certain dogmatic and obsolescent notions that the only way to the deep red qualities of the blood can be improved is by the use of iron in chemical forms. Such doctors, like King Lear, cry: "Give me an ounce of civet, good apothecary, to sweeten my imagination!"

Such delusions when taken are like many mixtures, to be quickly shaken. Medicines are what Epictetus said of appearances. They are of four kinds. "Things are either what they appear to be, or they neither are nor appear to be, or they are and do not appear to be, or they are not and yet appear to be."

Blood medicines, whether prescribed or bought, are of the last kind. That is to say, they are perceived in appearance, taste, touch and smell, but as their intended ends are concerned they are not.

Iron and Health. Chlorosis is the name given to individuals—for the most part young—with a yellow, greenish complexion. The origin of the pasty hue lies in a deficiency of the red coloring matter—hemoglobin—in the red blood corpuscles. There are enough of these flowing, rolling, sanguinary units in the veins and arteries, but they need quality.

There are other types of anaemia—poor blood—where pallor, weakness and deficient vital fluid depend upon want of fluids, juices and numbers of red blood corpuscles. Still other kinds of anaemia exhibit an excess of white blood corpuscles and by side with defects in numbers and qualities of red ones. There are also varieties of anaemia after hemorrhages, accidents, internal shocks and surgical operations.

There is not one teaspoonful of iron in the average human body. The amount of iron in your usual food is one five-hundredth of this. It may reach one-half grain a day. Most of this passes on unabsorbed.

Drugless Medicines Best. Iron is supplied for the most part into the living tissues just below the stomach, that part of the intestine called the duodenum. Thence it wanders into the spleen as "blood iron" or "hemoglobin." It is then ready, when the forces are ready, it is shifted into the liver as "liver ferritin."

A great part of the iron also leaves the spleen as new blood corpuscles or as the beginning of these units to be completed in the bone marrow. Upon the spleen and the bone marrow, the scientist rivulets of adult life depend for new, fresh blood.

It follows, therefore, that new blood is better and more quickly made if stimulants without drugs can be given to whip up the spleen and marrow, and to home marrow. Such whips are to be found in oxygen, fresh air, cold showers, exercise—to generate heat—grain, vegetables—because they contain an iron-forming tonic—fresh fruits, and sunlight.

Dr. Hirschberg will answer questions for readers of this paper on medical, hygienic and sanitation subjects that are of general interest. He will not undertake to prescribe or offer advice for individual cases. Where the subject is not of general interest letters will be answered personally. If stamped and addressed envelope is enclosed, address all inquiries to Dr. L. K. Hirschberg, care of this office.

Answers to Health Questions
E. C. Q.—What is a remedy for dandruff?
A.—Try 1/2 ounce of sulphur, 3 drams of oil of the terebinthine, 10 grains of resorcin, 1 dram balsam of Peru and 2 ounces of castor oil at night as a massage.

J. W. Q.—I have a new style of facials machine that uses city current. Is it beneficial?
A.—Yes, it will very likely help.

H. S. Q.—What will make eyelashes and eyebrows grow?
A.—If you will gently rub sulphur ointment in one night and ammoniated mercury ointment the next night, being careful not to get any on the skin, they will grow thicker and darker.

H. S. W. Q.—Both ringworm and itch have broken out on my 5-year-old child and myself. What will help?
A.—Ammoniated mercury ointment will cure the trouble. Strong acid also helps.

Mrs. A. Q.—Is there anything besides the electric needle that will destroy the roots of superfluous hair on my face and chin? Peroxide and ammonia will not bleach or destroy them. I have cut them off and pulled them out, but they come back.

A.—They will always return. All you can do is to purchase some safe and harmless depilatory, such as I've mentioned every few days.

M. H. Q.—How can I develop my bust?
A.—Massage it with camphorated oil. Any kind of massage will develop it. Also take up physical culture and exercise.

Dr. Hirschberg will answer questions for readers of this paper on medical, hygienic and sanitation subjects that are of general interest. PETER'S ADVENTURES IN MATRIMONY
By LEONA DALRYMPLE

Author of the novel, "Diane of the Green Van," awarded a prize of \$10,000 by Ida M. Tarbell and S. S. McClure as judge.

What the Letter Brought.
I do not know how I felt about this letter of Joan's. My feelings were much too complex to analyze. There was a sort of pity—not so much a personal pity as a way of race pity—a feeling of regret that was so much that was beautiful and feminine should be lost upon the by-path of life. There was a nesting flash of vanity—furious enough to make me flush and dimmish it. But most of all, there was a self-conscious recognition of the fact that I, in common with many, possessed more selfishness of fancy than I would have believed. For the letter from Joan aroused none of the dangerous interest I had had in her but a very little tinct before. I somehow remembered her as something beautiful and impersonal.

"Joan," I decided, had the sort of girl whose beauty makes proximity dangerous. But she doesn't appeal spiritually. One forgets."

And then, quite suddenly, I wondered whether the forgetting was Joan's fault or in reality an arrangement of myself. "Intuition," I decided again. "I've often heard of that state. And that I believe was my state precisely."

Postponing the Explanation.
But this didn't please me. For I've always fancied that it was a shallow, restless sort of fellow who was given to violent fancies that died with a coolness in direct proportion to their violence. I knew a man of this sort but once, and liked him—not at all.

"Each, well," I decided, being that I was done now with all deciding about Joan's letter. "I'm glad to have gotten it any way. Now I know that my feeling for the girl was merely a silly freak of fancy. In this dear home atmosphere it seems utterly harmless and far away. I'm settled once more, and not in the least likely to wander. Nevertheless, I'll write Joan a letter of strong, paternal advice, and tell her she must write to me again. And, of course, I'll tell Mary some time. It's only right and fair, though I do hate to spoil the jolly atmosphere of tonight by doing it."

Why deny the fact that I was arguing over the whole country.

How It Happened.
SHE—How did this money stringency signify?
HE—It started with me and spread over the whole country.

250 MEN'S SUITS AT \$9.00.

We have assembled a splendid lot of suits of the best grade materials for early Saturday selling, new spring models, and also some of the more staple styles in recent designs, imported West of England fancy worsteds, also English and Scotch tweeds, gray and brown mixtures and Bannockburn effects; also a number of plain navy blue and black worsted and mill-finished serges. In the lot are young men's models of the very newest design, as well as the more conservative two and three-buttoned sack styles. All are tailored in the very best manner. Sizes 34 to 44; Regularly \$15.00, \$18.00, \$20.00, \$22.00 and \$24.00. To clear Saturday at \$9.00.

BOYS' SAMPLE SUITS, \$6.95.

145 Beautifully Tailored Spring Suits for Boys—Sample lots, six, seven, eight and nine suits to a pattern, and regularly sold at \$9.50, \$10.00, \$10.50, \$11.00, \$12.00 and \$12.50. Norfolk models shown with box and knife pleats, yoke, sewn on belts, and a number with patch pockets; roomy cut bloomers; neatly woven tweeds and fine worsteds, in grays, tans, browns and navy blue; serge linings. A special inducement to outfit your boys early Saturday morning. Sizes 27 to 36. Priced to clear at 6.95.

BOYS' SCHOOL SUITS, SATURDAY, \$5.00.

180 Suits, that we have had specially tailored from strongly woven English and Scotch tweeds, in dark and medium gray and brown tones; snappy single-breasted, Norfolk and double-breasted sack styles, with full-cut bloomers; serge linings; the suits in this lot are perfectly tailored from tweeds that will give remarkable wear; sizes 28 to 34. Saturday 5.00.

BOYS SUITS WITH TWO PAIRS OF BLOOMERS.

Yoke Norfolk Suits, with extra bloomers to match, well tailored, from tweeds in medium shades of gray; plain diagonal and small check patterns; new spring models; serge linings; sizes 28 to 34. Saturday \$5.00.
