TOWNSHEND PRAISED

Thirteen Hundred Turks Taken Prisoner—British Loss Was Severe.

LONDON, Nov. 26, 8:04 p.m.—Turkish troops resisting the British advance in Mesopotamia are falling back, according to an official announcement tonight reporting a Turkish retreat on Diah, 10 miles from Bagdad.

Telegrams from Gen. Sir John Eccles Nixon, commander of the British forces in Mesopotamia, under date of the 25th, reports that General Townshend's troops were in possession of the battlefield while the Turks were reported to be retreating on Diah, 10 miles above Ctesiphon and the same distance from Bagdad. General Townshend was engaged in clearing the field of wounded and prisoners.

At first it was stated that 800 prisoners had been taken. It now appears that no less than 1300 have been marched back to Laji. Our wounded are reported to number about 2500, of whom 1800 were leaving that day by train for Basra. The number of killed has not yet been reported.

General Nixon praised the excellent handling of the troops by General Townshend and the splendid courage shown by them after their senseless and hard fighting from west of water and food.

The message will declare it is said, that the foreign political situation makes it the duty of Roumania to maintain its neutrality within such limits as the vital interests of the country will permit.

An amendment delegating similar authority to mayors was defeated. An amendment proposing regulations of the price of clothes and shoes and the raising of a duty on foreign manufactures was withdrawn.

GERMANY WILL TAX REICHSBANK PROFITS

Levy on War Gains of Companies to Be Made After War.

BERLIN, Nov. 26, via London.—The federal council has adopted a preliminary bill for taxing the war profits of joint stock companies and corporations. The measure does not levy a tax. This is left for another bill after the war.

Another bill deals specially with the Reichsbank. This measure contemplates taking half the net profits exceeding the average of the three years preceding the war. The bill would provide for a special tax taking the place of the note tax abolished at the beginning of the war.

MANY CANADIAN NAMES PLACED ON HONOR LIST

Name of Late Major Roy Incribed on Roll of Victoria Crosses.

OTHERS FOR AWARDS

Military Crosses and Distinguished Conduct Medals to Be Conferred.

By a Staff Reporter.

OTTAWA, Nov. 26.—The name of Major Roy of the 22nd French-Canadian Battalion, who lost his life while hurrying out of the trenches an unexploded German bomb, in an effort to save the lives of his comrades, is to be placed on the list of Victoria Cross heroes. The medal, it is understood, will be sent to his family.

Honors for Soldiers.

It is also intimated that a number of Canadian soldiers are to have honors conferred upon them for distinguished conduct at the front. Amongst these is Pte. Conpton of the 28th Battalion, Regina, who on Oct. 23 was buried under debris caused by the explosion of a German bomb. After he was dug out he volunteered to go with a party of bombers to drive the Germans out of some crevices which they had occupied. Later on he helped to extricate four soldiers who had been buried by explosions. He is to get the D.C.M.

Lieut. G. A. Baker of the Canadian Engineers is to get the military cross for hanging on to a difficult position and for digging new trenches under fire during the battle mentioned above.

Capt. J. A. Cullum of the 28th Regina Battalion, a well-known medical man of that city, is to be mentioned in despatches for conspicuous bravery in rescuing and attending to the wounded.

Lieut. J. A. Northover is also to receive the military cross. He had been buried and dug out and he immediately organized a bombing party to drive the enemy out of some crevices they had occupied.

Distinguished Conduct Medals.

Major W. B. Brown of the 26th St. John Battalion and Sergt. Ryer, another heroic St. John soldier, are to get distinguished conduct medals for gallantry during the same engagement.

Letters received here show that during the rainy weather the trenches were knee-deep and sometimes waist-deep.

FOUR DAYS' FIRE MUCH DAMAGES GERMAN LINES

British Artillery Successfully Bombards Trenches of Enemy.

LITTLE REPLY MADE

Teuton Guns Active North of Loos, Albert and Ploegstreet.

LONDON, Nov. 26, 11:30 p.m.—The following official statement was issued tonight by the war office:

"General French reports that our artillery has successfully bombarded many portions of the enemy's trenches during the past four days, destroying wire entanglements and reaching their parapets. To the bombardments the enemy made little reply. The enemy artillery, however, has been active north of Albert, north of Loos, north of Ploegstreet and east of the Ypres.

"On the evening of the 22nd, the enemy made a heavy bombing attack on a mine crater held by our troops south of the Bethune-La Bassée road, but was repulsed. Mining has been constant on both sides during the last few days. On the 23rd, we exploded a mine north of the Bethune-La Bassée road and occupied the crater. On the 24th, the enemy exploded a mine south of Cunchy, causing some damage to our trenches. A hostile bombing attack against the crater was repulsed. Yesterday the enemy exploded mines near Carnoy and Ghinchy.

"On the 25th, 23 of our aeroplanes successfully bombed a German hut camp situated at Achiet, Le Grand, north-east of Albert. The enemy replied with a single aeroplane which dropped bombs near Bray, doing no damage."

KITCHENER IS NOW AT ROME

Series of Conferences Held With Members of Italian Cabinet.

VISIT WAS SURPRISE

Italy Has Begun to Land Troops at Avlona in Albania.

ROME, Nov. 26.—Late today Field Marshal Kitchener left for the general headquarters of the Italian army to meet the King.

LONDON, Nov. 26.—A despatch from Rome tonight says:

"Field Marshal Earl Kitchener, British secretary for war, today had an hour's interview with Premier Salandra, and later conferred with Baron Sonnino, secretary for foreign affairs. Earl Kitchener took luncheon at the British embassy, the Italian ministers of war and colonies being present. During the afternoon he saw General Porro, under-chief of the general staff.

An earlier despatch from Rome said:

"Lord Kitchener's arrival here was a surprise. Kitchener has been kept so secret that it was not even known he meant to visit Italy or that he had left the near east. In view of the allies' anxiety to secure Italian aid in their Balkan campaign the greatest importance was attached to Kitchener's presence here. Whether he had come here especially to hasten the despatch of Italian troops to the near eastern war zone and will return to the Balkans, or to his way back to England is not yet known.

Italy has begun landing troops at Avlona, Albania, according to information from excellent sources received at Petrograd.

URGE WILSON TO INTERVENE

He is Told Majority of Belligerents Are Willing to Discuss Peace.

PRESIDENT IS SILENT

Mrs. Snowden, Wife of British Socialist M.P., Among Callers.

WASHINGTON, Nov. 26.—In their efforts to win President Wilson's support for a conference of neutrals to initiate peace proposals in Europe, Mrs. Rosika Wisniewska, of Hungary, and Mrs. Ethel Snowden, wife of a socialist member of the British parliament, called at the White House with a personal appeal, and word that they had definite information that the majority of the belligerent nations would not turn deaf ears to suggestions from neutral gathering.

They talked with the president for more than half an hour, but the president made no promises. About 400 peace advocates, fresh from a mass meeting held at a local theatre, accompanied the president's callers to the White House, applauding them as they entered and left the executive offices.

The president was urged to initiate a peace conference, or at least to signify that he would appoint a delegate from the United States if another neutral nation called on him. He was told that women peace advocates who have visited every belligerent and neutral nation in Europe believe from talks with officials abroad that practical results would follow.

At the White House it was said there would be no statement regarding the call.

ROUMANIA HAS REFUSED REQUEST BY GERMANY

Will Not Allow Warships to Proceed Along the Danube River Toward Galatz.

LONDON, Nov. 27, 2:41 a.m.—It is stated that the Roumanian Government has refused a request of the Austrian and German governments for permission for their warships to proceed along the Danube River in Roumania toward Galatz and the Black Sea. It is supposed here that the request was due to desire on the part of the Teutonic allies to menace from Galatz, the Russian concentration in southern Bessarabia.

STRINGENT ATTACK BY BULGARS ON FRENCH FORCES

Enemy Has Temporarily Given Up Effort to Reach Monastir.

AWAIT RUSSIA'S MOVE

Kuropatkin May Command Big Army on March Into Bulgaria.

LONDON, Nov. 26.—The Serbian main army having been driven back to the borders of Albania and Montenegro, where they are being attacked by the Austro-Germans, the Bulgarians, with the assistance of Gen. Von Gallwitz's forces, are now giving their attention to the Anglo-French troops. Important military developments may therefore be looked for on the Vardar River. The Bulgars appear to have abandoned definitely, for the time being, their advance on Monastir in order to attack the French positions on the Cerna, where fighting already has been reported. So far the French have held their positions, but despatches from Saloniki hint that it may be necessary to withdraw from Krivolak to the southeast, where British and French reinforcements are being concentrated. While the results of these movements are being watched with some anxiety better news from the allies' front in Bulgaria, where a big Russian army is marching.

ARMENIANS DIE BY TURK HANDS

Turkish Artillery Manned by German Officers in Slaughter at Mush.

CHRISTIANS ALL SLAIN

Women Saw Husbands Shot—Refugees Driven Into Tigris.

LONDON, Nov. 26.—In discussing the Armenian massacres Viscount Bryce said tonight that he had received details which confirm and amplify the ghastly history of the deportations by which Armenians in northern and eastern Anatolia were driven to a death of fanatical cruelty.

"Towards the end of May Djedjeh Bey, the military governor, said the viscount, was expelled from Van Djedjeh fled southward, and entered Sivas, with some 8000 soldiers, whom he called 'butcher battalions.' He massacred most of the Christians of Sivas. It is reported that he ordered short work to be done in the public squares, the Armenian bishop, Eglise Vartavet, and the Chaldean bishop, Adal Sher.

Men Shot, Worse Fate for Women.

"On June 25 the Turks surrounded the Town of Britis. All the men arrested were shot outside the town and buried in deep trenches dug by the victims. The young women and children were distributed among the rabble. The remainder, the 'useless lot,' were driven to the south, and are believed to have been drowned in the Tigris.

"It is in such a fashion that the Turks disposed of about 15,000 Armenians at Bitlis."

"In the Town of Mush itself, the Armenians, under the leadership of Gotoyan and others, entrenched themselves in churches and stone built houses and fought for four days in self-defence, but Turkish artillery, manned by German officers, made short work of all the Armenian positions and all of the Armenian leaders, as well as their men, were killed. Then followed one of those desperate heroic struggles for life which have always been the pride of the mountaineers. Men, women and children fought with knives, scythes and stones, and anything else they could handle.

"When every warrior had fallen several of the younger women who were in danger of falling into the hands of the Turks threw themselves from the rocks, some of them with infants in their arms."

AMMUNITION DEPOT EXPLODED BY FRENCH

Batteries Blew Up German Cache in Argonne in Violent Bombardment.

PARIS, Nov. 26.—The following official communication was issued tonight:

"During the day there was an intermittent cannonade on the whole front. The activity of the artillery has taken a more violent turn in the Argonne, where, notably, our batteries blew up a German ammunition depot in the Belle Morte region. There has been fighting with grenades in the sector of Courtes-Chaussées. We dislodged the enemy from a mine excavation which we occupied.

"The Belgian communication says: 'A rather violent bombardment has occurred in front of St. Neewegre. To the north of Dixmude and to the east of St. Jacques Cappelle there has been a retaliatory fire by the Belgian batteries.'"

FRESH GERMAN PLOT UNEARTHED AT FRISCO

Man Arrested on Charge of Attempting to Blow Up Ships.

SAN FRANCISCO, Nov. 26.—Charles C. Crowley, charged with conspiracy to further the destruction of ships bearing munitions of war and supplies for the entente allies, was formally arrested late today and arraigned before U. S. Commissioner Francis Krull. Bail was fixed at \$5000.

The complaint filed against Crowley charged him with supplying money to further the destruction of ships and docks by fire and dynamite.

HOUSE AND GARAGE AFIRE

From an unknown cause fire broke out at 8 o'clock last night in the three story house and garage, 653 College street, owned by Herbert H. Forgan, and caused a damage of \$900 to the building and \$50 to the contents. The house was occupied by Fred Morrison. The flames were confined to the lower part of the building, the quick action of the firemen preventing them from spreading.

WOULD SAVE MURDERER.

EDMONTON, Nov. 26.—Over fifty thousand signatures to the petitions asking for clemency for Mrs. Jennie Hawkes, now under sentence of death in Macleod jail, have been secured in the province, according to J. C. Boswell, who has the petitions in charge. Twenty-one thousand of these were secured in this city.

MAJ.-GENERAL MERCER CHOSEN TO COMMAND THE NEW CORPS

Sir Sam Hughes Also Announces Appointment of Col. A. C. Macdonnell as Head of Canadian Mounted Rifle Brigade.

By a Staff Reporter.

OTTAWA, Nov. 26.—General Sir Sam Hughes announced tonight that Major-General Mercer of the Queen's Own, Toronto, is now commander of the Canadian Corps' troops. The six regiments of cavalry, which are now included in the corps' troops, are to be turned into a brigade of infantry. The 300 extra men required will be drawn from the 3rd C.M.R. and the Fort Garry Horse, which are both at present in England. This force is to be known as the Canadian Mounted Rifle Brigade. Col. A. C. Macdonnell is to be brigadier, and Col. Sessions and Col. Smart will be in command of two of the regiments.

CARLSTROM MADE A RECORD IN GREAT 600-MILE FLIGHT

NEW YORK, Nov. 26.—Victor Carlstrom, the young Curtiss aviator, who left Toronto at 9:48 a.m. Thursday, ended the 600-mile flight in a swampy spot behind the Fallades this evening. Despite a series of mishaps, it is said that he accomplished the distance from Toronto to New York in four hundred minutes of actual flying time.

When Carlstrom left Birmingham at 2:10 p.m. Thursday, where he was forced to descend on account of illness, he expected to reach Governor's Island before dark. He followed the Erie Railway and turned off at the Hudson River at Dobbs Ferry. The misty weather, however, hindered him so that he was forced to descend behind the Fallades in New Jersey. There the ground was so soft that his machine was held fast, and he crossed to New York by ferry.

Broke Records.

President Hawley, of the Aero Club of New York, described his feat as "the best cross-country flight ever made in America," and said he would recommend that Carlstrom be awarded the Aviators' Medal of America for the best cross-country flight of the year. It was dark when Carlstrom reached the end of his 600-mile flight.

MILITARY MISSION IN LONDON FOR CO-OPERATION WITH RUSSIA

LONDON, Nov. 27.—An important Russian military mission under Vice-Admiral Roussine, chief of the naval staff, has arrived in London from Petrograd.

The mission is the outcome of the desire of Earl Kitchener, the British war secretary, that the British Government should be in closer touch with the Russian authorities with regard to the conduct of the war. The mission will remain in London as long as may be necessary.

GERMANS HELD BACK IN RUSSIA

Further Attempts of Enemy to Advance Promptly Checked.

PETROGRAD, via London, Nov. 26, 10:30 p.m.—The following official communication was issued today:

"The action near the farm of Borsemuende continued all day yesterday, but without decisive result. Toward evening the fighting became less violent.

"A violent engagement near the Village of Mintsionny, north of Vidzy, ended in our troops occupying the wood to the south of the village.

"Quiet prevails on all the other sectors on the front from the Gulf of Riga as far as the Pripiet River, and also on the Styx.

"In the region west of the Town of Olyka between Rovno and Lutsk, the enemy attempted an advance, but being threatened by envelopment, he fell back to his point of departure. His attempt to make progress in the direction of the village of Janowka, north-east of Buczacz was equally unfortunate."

GREECE TO DEMOBILIZE ITS ARMY PARTIALLY

Withdrawal of Troops From Saloniki Has Also Been Promised.

ATHENS, Nov. 26.—(Via London, Nov. 27, 12:52 a.m.)—It is understood that the Greek reply to the note of the entente powers agrees to a partial demobilization, with a view to relieving the strain on the country's finances, and that it also undertakes to withdraw the Greek troops from Saloniki and distribute them to other points on the frontier.

Some of the government papers assert that the cabinet has discussed the question of instituting judicial proceedings against E. Venizelos, the former premier, because of his recent manifesto, urging his followers to abstain from taking part in the coming elections.

Denis Cochin, the French cabinet minister, who has been the recipient of public ovations and honors while in Greece, left the country for Italy today.

Get Rid of the Hohenzollerns and Hapsburgs and All German Princelings

Editor World: Your articles this week on "Time to Go After Royal Enemies" and "Kings and Kaiders" are true as gospel. I have been surprised with this paper for years. We have had too much German in England, and an much pleased now to know we have a paper not afraid to speak out boldly and open the eyes of our sleepy statesmen, who, I fear, are like myself, too old for the job. This is the kind of stuff the mass want into the minds of our young men and inspire upon them the necessity of reading and studying affairs of our country and preparing themselves to take part in public matters. If I were 16 years old, and had the voice of a "Billy Sunday," I would mean myself heard. Now is the time to drive it home, and I hope you will continue the good work.

Brampton, Nov. 26. J. Clark.

The above is one of many letters indicating the popular response to the articles therein referred to. These articles are very much on a line with the speech delivered in parliament by Mr. W. F. Maclean, M.P., for South York, shortly after the outbreak of the war. He then pointed out that although the war, he said, was to strengthen the position of Germany his dominant purpose was to check and drive back the rising tide of democratic ideas enveloping Europe. The fight, Mr. Maclean said, would narrow down to a struggle between autocratic rule and parliamentary institutions, and he believed that a permanent settlement would best be arrived at thru the demobilization of Germany.

The sense views were expressed by Mr. Maclean to a representative of The New York Herald a fortnight ago. Writing from Ottawa to The Herald on the 12th inst., Mr. J. K. Orl said:

"In Toronto I had a talk with Mr. W. F. Maclean, member of parliament, and editor of The Toronto World. Mr. Maclean from close contact is very familiar with the German-Canadian situation. He said

that no Canadians were quicker to grasp the real issues involved in the war than those of German descent.

"That it was brought about by the desire to strengthen the system of militarism from which their fathers had fled overseas. They understood that the war on Germany's part was a challenge to the democratic spirit of the world."

In the same interview Mr. Maclean said that if the German people drove out the Hohenzollerns and the brood of kings and princelings, and organized a federal union with a democratic government they would find the allies prepared to deal with them in a far different way than they intended to deal with the Kaiser and his autocratic government.

Mr. Maclean's speech in the commons nearly a year ago was addressed to a silent but attentive house. Few at that time realized that Kaiser's fate was ruled over by kings of Germany's creation, some of them Hohenzollerns, and that the Kaiser's own men in the past seem to have regarded as quite unimportant the fact that the thrones of these little states were occupied by German princelings. Scarcely a king in the near east belongs to the race over which he rules. The King of Serbia is an exception,

TOOK HIS LIFE ON ISLAND QUEEN

Montreal Man Found With Bullet Wound in Head in Lavatory of Boat.

CAME FROM GUELPH

John W. Irwin Reported to Have Been Inmate of Sanitarium There.

At 4:40 yesterday afternoon John W. Irwin, 485 Victoria avenue, Westmount, Montreal, was found dead shot through the mouth, in the lavatory of the ferryboat "Island Queen," which was crossing the bay from the island to the city. The discovery was made by the engineer, James J. Grange, and Fred Rutherford, deckhand, 366 West Wellington street. When about a quarter of eight from the lavatory and finding the door slightly closed, returned to the engine room and remarked that he could not make an entrance to the compartment. Returning to the lavatory with Rutherford he broke open the door and found the body in a pool of blood, with a Stevens 32-calibre rifle lying by its side. Irwin was a powerfully built man, stood six feet six and was dressed in a well-cut suit of gray cloth. When he shot himself he fell full length on the floor of the compartment, which is very small, being only six feet six inches in length, with his feet reaching to the fastenings of the door. This probably accounted for the fact that Rutherford could not push the door open.

OUT OF SANITARIUM

A letter addressed to his mother at 485 Victoria avenue, Westmount, Montreal, was found in his pocket, together with a wallet containing \$9.25, a solid gold watch and gold fob. It is said to have been an inmate of the Homebound Sanitarium, Guelph, and the letter he compiled and the treatment given him by a certain doctor, who he alleges, had fooled him. It is a rambling, written and contained statements of a rambling nature, showing that he was probably mentally deranged. He stated that he knew nothing could be done for him and asked his friends not to think unkindly of his action. It is as far as ascertained he came from Guelph to Toronto yesterday morning with the intention of visiting a friend, but having lost his way wandered to the wharf at Bay street about 1 o'clock, where he stayed for about half an hour. He returned again at 4 o'clock and boarded the Island Queen. On reaching the island he at first went to get off the boat, but changed his mind and sat down, returning to the city. No one of the deckhands saw a gun in his possession, but he is believed to have concealed it under the legs of his pants. The body was removed to the morgue, where an inquest will be held on the morning of Monday. Mrs. Irwin has been notified by the police and will likely reach the city this evening.

TORONTO DETECTIVES PENETRATE DISGUISE

Walter Leak, Wanted in Steubenville, Ohio, Was Apprehended Here.

After escaping arrest in different towns in Ontario for the last few weeks, Walter Leak, wanted in Steubenville, Ohio, failed to keep up his disguise when he reached Toronto and was yesterday placed under arrest by Detective Armstrong and Young. He is alleged to have broken through a number of stores in the Ohio town and to have got away with a large quantity of valuables. Leak was sent to all the towns in Ontario and to the meagre description given by him was recognized as the man who had been active in the break-in at the Queen and Beverley streets. He will be taken back to the States by an escort who will arrive on Monday.

Ficco appeared as a witness in the Delmore case. Crown Attorney Washington, who is prosecuting the charge, said that the defendant was a dangerous character, and asked for a warrant in order to get him. Ficco had been in the city for some time, and was being visited by some of the local munition factories and persuading the Italians not to work.

HAMILTON, Saturday, Nov. 27.—Following the request made by the French Nursing Association to the National Canadian Nurses' Association to send nurses to the front, a meeting was held in the local chapter of the association in the Y.W.C.A. last night. Six nurses of this city volunteered. Plans for the raising of sufficient funds were discussed, it being estimated that \$300 will be required for each nurse. As the association has not enough money to send them it was decided to make a public appeal to augment the private donations.

army of invasion which will either be sent up the Danube or will pass through Rumania, to attack Varina from the land side. Other Russian forces are being organized at Odessa and Sebastopol and will be sent either to the Bulgarian or Turkish coast. It is reported from Switzerland that the Austro-Germans are sending reinforcements into the Balkans to meet this new Russian offensive, but other sources state that the western front is en route to the western front. It is reported from the Balkans that the Bulgarians are having a direct effect on all fronts.

Spur Which Enemy Occupied Later Reconquered in Advance.

ROME, Nov. 26.—The following official statement was issued today: "In the Valley of the Conca on the evening of the 24th, the enemy attacked our position on Mount Ves north-west of Gorizia. This attack, which was preceded by an intense artillery preparation, was repulsed. On the heights northwest of Gorizia, the action continued yesterday. Stubborn counter-attacks, renewed several times, failed to prevent our troops from consolidating the positions they had reached, and gradually extending them. On the Carso front yesterday the struggle was accentuated along the spur which runs down from the northern slope of Monte San Michele toward the Isonez between Peteano and Siochint. This spur, which the enemy occupied, thanks to his abrupt attack, was reconquered by our soldiers and remains solidly in our possession. We took forty unarmoured prisoners."

ALDERMEN CRITICIZE CIVIC GOVERNMENT

Ald. Dunn Tells West End Ratepayers Board of Control is Incompetent.

Ward Seven Ratepayers' Association met in Annette Street School last night. President Darcy Hinds occupied the chair. Following the reading of a communication from the Ontario Railway Board, the president reported that the transportation during the last few weeks has been very poor. During the morning and evening King street cars are running up Rensselaire avenue to Dundas street, and every avenue Queen car is running direct to Keele street, which has greatly relieved the situation. The incompetency of the board of control is such that it is time for a renovation," stated Ald. John Dunn. "Outside parties are storing mugs in the cold storage of the city abattoir, which is not in the interests of the consumer. The City of Toronto has gone headlong into debt through the ruinous taxation," said Ald. Cameron. "The assessment has gone just as high as you can make it. In speaking on the financial situation," he stated that the borrowing power of the city was its limit. The maximum debt should not exceed thirty million dollars. Ald. Ryan stated that the long-looked-for improvements are now making their appearance. Many of the pavements are nearing completion, but all water pipes in the street should be constructed to the street line before the construction of pavements. Humber College Institute Literary Society elected the following officers for the ensuing year: Hon. presider, J. D. Morrow, B.A.; president, Kenneth McQuay; vice-president, Lorena Richardson; secretary, J. Moss; treasurer, J. McMillan; recording secretary, J. McMillan; and publicity secretary, J. McMillan. The society will be appointed next week, and a program for the year will be given. Victoria Presbyterian Church gave an excellent orchestral concert in the basement of the church last night, when the orchestra contributed a number of very appreciative numbers. Miss F. Ralston and Percy S. McLean assisted in the program.

### ABOLITION WANTED DECLARES ROWELL

Will Support Government if It  
Will Close Bars Until  
After the War.

**POSTPONE ELECTION**  
Delegates to Convention  
Would Not Appeal to People  
Until Peace Comes.

N. W. Rowell, leader of the Ontario Opposition, at the annual meeting of the General Reform Association in the Temple Building, yesterday took up the question of the liquor traffic and the policy of the Ontario Government in dealing with the issue. He said that the government was not willing to close the trade in liquor during the war, and that the people should be allowed to vote on the question. Mr. Rowell also urged an annual conference in London at which representatives of the overseas dominions could learn what they could best do to assist the empire.

In his presidential address, A. J. Young said that they now realized the magnitude of the task before the empire, and the chief consideration of the Liberal party at the present moment was how to most effectively render aid to the cause rather than take political advantage of the errors of government.

### SOLDIER'S LIFE SAVED BY USING CHEWING GUM

Wounded at Ypres, He Lay for  
Four Days in Turnip Patch.

The profound importance of little things even in the theatre of war is aptly illustrated in a report from the battlefield in Europe of a human life having been saved by Wrigley's chewing gum. The story is told in the following letter from a soldier who returned wounded to England:

"Nov. 1, 1915. To Messrs. Wrigley's Limited, London. Dear Sirs: Having just arrived home with the last batch of prisoners of war from Germany, I thought you would be pleased to hear of the little experience I had when I was wounded in fact I owe my life to your chewing gum."

"It was in September, 1914, when we were stationed at Londhurst for training purposes prior to our leaving for the expeditionary force. I purchased a large quantity of your Spearmint chewing gum in the village of Londhurst and took some to Belgium. I was not realizing at the time how useful it would be to me. I was wounded by shrapnel in the right thigh, fracturing it at Ypres, Oct. 26, 1914. When my first thought was for water, suddenly I thought of your chewing gum. I had my possession, I was lying in a turnip field for five days, from Monday to Friday, till I was picked up by a German officer. During that time I had nothing but the chewing gum to moisten my lips and keep me going."

"I am writing this letter especially to let you know how I appreciated your chewing gum. There's no doubt had it not been for that, I would have died, as I could never have rested. I would have informed you before, but we were under such restrictions with regard to correspondence, and I left it until I came home."

"I hope you will accept this as an honorable testimonial as it is the absolute truth. I beg to remain, Yours respectfully, Henry Towler, 2nd Border Regiment, 3rd London General Hospital, Wandsworth Common, S. W."

**An Easy Way to Increase Weight**  
GOOD ADVICE FOR THIN FOLKS

The trouble with most thin folks who wish to gain weight is that they insist on "drugging" their stomachs with artificial stimulants, such as "flesh cream," or following some foolish physical culture stunt, while the real cause of thinness goes untouched. You cannot get fat until your digestive tract assimilates the food you eat.

There is a preparation known as "Sargol" which is the most powerful and effective means of rebuilding the food system. It is a natural, non-toxic, and non-habit-forming substance which acts directly on the stomach and intestines to literally soak up the fattening elements of your food and pass them into the blood, where they are carried to the starved, broken-down cells and tissues of your body. You can readily picture what result this amazing transformation should produce as with increased weight the cheeks fill out, hollows about neck, shoulders and bust disappear and from 10 to 20 pounds of solid, healthy flesh is added to the body. Sargol is absolutely harmless, inexpensive, efficient. All leading druggists of this vicinity have it and will return your money if you are not satisfied as per the guarantee found in every package.

**LEE HEAVILY FINED.**

### FRENCH SAPPERS DUG WAY TO LIFE

Mauduit and Cadoret Got Cut  
Off in Subterranean  
Chamber.

**HID IN SHELL CRATER**  
Three Days and Nights of Terrible Experience Before  
Return to Safety.

BEHIND THE LINES, near Arras, France, via Paris, Nov. 28.—A singular incident which illustrates the intense and unceasing activity of the human mind that work along the parallel line of French and German trenches, is unfolded in the story of Mauduit and Cadoret, sappers, who were previously mentioned as having been given the trench military medal. This is how they won it:

They had dug their way under and beyond German trenches when the explosion of a German mine between the lines cut their gallery, leaving them imprisoned in a space eight feet long. This was at 3.55 o'clock in the morning. They determined to dig towards the surface. They encouraged each other by singing Breton songs in low tones while they dug. The air became bad and they were almost suffocated. Their candles went out, leaving them to work in darkness.

Came Up at German Trench. After hours of frightful labor the appearance of a glow worm told them that they were near the surface. Then a fissure of the earth opened up and admitted air. The miners pushed out into the clear daylight. Within arms' reach they saw the loophole of a German trench and could hear German voices. They drew back and began to dig in another direction. They had neither food nor drink.

After digging for another day they came out in the crater of a mine. The explosion of the earth opened up and possible for them to show themselves without being shot by one side or the other; and so they decided to hold out until another night. They lay beside the crater, exposed to shells, bombs and grenades from both sides, eating roots and drinking rain water.

On the third night Mauduit crept over the edge of the crater and got near to an advance sentry one of those pushed out at night beyond the lines to protect them against surprise. Cadoret exhausted, lost his balance and fell back into the crater. Under the German fire Mauduit went back and helped his companion out. Both crawled along until they fell into the French trenches.

War Minister Bokovitch Says Serbia Will Be Born Again.

PARIS, Nov. 26.—A prediction that no matter what happens Serbia will be "born again" was made by War Minister Bokovitch to The Matin's Monastir correspondent, who quotes the Serbian general as saying: "We all are ready to hold out to the last. If fortune abandons us altogether so much the worse; we still shall hope. Serbia knew how to win liberty after five centuries under the Turkish yoke. It will be the same tomorrow. Serbia will live forever. You cannot kill all Serbs, and Serbia will be born again to grow greater in the future."

### Society Women Learn Hair Curling Secret

"If your hair is straight, flat, dull looking, I need not ask if you long to possess perpetually wavy, light, fluffy, glossy tresses," says Gladys Coleman in Society World. "I'll tell you what to do. Tonight, after your hair has had its usual brushing, take a clean tooth brush, dip it in a saucer of pure liquid salmine and run this through the hair from crown to tip. When morning dawns and you have yawned yourself out of your downy cot, you will have a real surprise, quite an improvement over your hair. You will have a prettier and more natural-looking curl and lustre than it has ever had before, and there will be nothing sticky, sticky, greasy or anything unpleasant about it. If the weather is not so cold, you may use your drugist it will require no preparation at all, and four or five ounces will last for months. This is just the finest thing imaginable for the purpose."

### SENIOR BASKETBALL GAMES AT CENTRAL

Senators, Giants and Tigers Score Points on Second Night Before Big Crowd.

The second night of Central Y.M.C.A. Senior Basketball League brought out a fair crowd. Three good games were staged, the first and last being very close, not being decided till the whistle blew.

The first game brought together the Senators and Hustlers. Tressider started the scoring in less than a minute; then Greenberg evened up by dropping in a nice one. Kerrison, who was loafing near the basket, put the Senators ahead. Play went up and down the floor, no one getting a chance at the basket on account of the close checking; then Cranfield found the net for a basket. Kerrison followed up, scoring on the first play. Tressider missed two fouls, but made up for it by rousing in a nice shot. Nelson, the Hustlers' forward, tried a couple of long shots, getting the last one from near centre. During the next five minutes the both teams played hard, neither team counting. Cranfield broke the string by finding the net. Greenberg missed two fouls in a row. Nelson landed another score; time was called. Score, 12 to 9 for Senators.

Greenberg started the second half with a nice goal. Tressider followed immediately after, following the ball up on the start. Both teams missed a number of good shots, till Tressider dropped in a nice one. Greenberg and Kerrison scored in a row, the latter getting a nice one handed, shot from the side. Jordan scored on a hard try. Spers added a point on a foul and Finlay tied the game up by slipping past his check for a goal. Greenberg scored all alone, giving his team the same, 23 to 22.

Miller started the scoring in the second game between the Giants and Red Sox, and Davis evened up for the Red Sox by scoring from near centre. Reburn scored a foul and missed a chance for another point a minute later. Greenman then got the ball and found the net. Miller missed a couple of hard shots, and Lee finished the scoring with a clear goal. Half-time score: 7 to 3 for the Giants.

The Giants then started to roll them in. Reburn missed a foul shot, but got the ball and scored, and Miller followed up with another. Reburn scored again before Lee scored the Red Sox's first point this half. Lee missed a foul and Greenman scored the last goal. Final score: 21 to 4 for the Giants.

The last game was a hard-checking affair, when Kelly's crew met Harpley's. Reburn missed a foul shot, but got the score down till near the end. Kelly started the scoring and Latimer, who played on Central championship team, and turned out with Harpley for the first time, scored. Kelly scored again and Latimer evened up a minute later. Johnson scored again on a good pass from Connell. Johnson found the basket and Kelly put his team up again two minutes later and tied the game up shortly afterwards. Just as the time whistle blew Latimer was given a free throw that he dropped in nicely, winning the game.

EVERYBODY WORKING FOR SOLDIERS' CLUB

Sunday Concerts at Hippodrome Prove Huge Success—Military Authorities Delighted.

Everybody is working for the success of the Sportsmen's Patriotic Association's concert at the Hippodrome, in aid of the Soldiers' Club. It has been a long while since Toronto has been treated to the kind of entertainment, the crisp, recruiting speeches and the general air of patriotism which pervades these Sunday concerts. For next Sunday, the sportsmen collaborating with the militia officers have arranged a program that will do much toward stimulating recruiting, while the musical end of the program is in the capable hands of Mr. Charles E. Musgrave, Toronto's popular pianist. No admission fee will be charged and the proceeds, received voluntarily, will go to the aid of the Soldiers' Club. It is a cause worthy of the whole-hearted support of the citizens, and the military officials feel much pleased with the enthusiasm and attendance at the previous concert.

DECLARES FARMERS MALTREAT ANIMALS

A. M. Wilson, J.P., Makes Startling Assertion to the Humane Society. Shocking conditions of animal life in rural districts within a few miles of Toronto were reported at the monthly meeting of the Toronto Humane Society. The secretary stated that on Oct. 23 a carrier delivered his farm in Etobicoke, leaving behind some turkeys, an old horse, and approximately thirty sheep, with no one to care for it or give it an occasional drink of water. On Tuesday last an inspector was sent out on a motorcycle, and he had the horse destroyed, but so unusual were the animal's deformities that one limb was brought back to Toronto and made the basis of a lecture to students at the Veterinary College. The hoof in this case was entirely without frog, that portion having rotted away. On the way back to Toronto the inspector found another horse drawing well for a farmer in such a lame condition that it could only crawl. In this case, the owner, rather than risk prosecution, surrendered the horse, and it was destroyed. It was stated that these cases are typical of conditions to be found too commonly in the rural districts, and A. M. Wilson, J.P., giving his own experience, said he hoped the Humane Society would soon have a staff large enough to cope with conditions outside the city. A week ago he himself had inspected a farm eight miles from Toronto, and there saw a team of horses which cost \$200 two years before, and which were sent to his visit only realized \$11 by auction. The owner in that case was not only abusing his animals, but losing his money. At the same time, he had known farmers who had horses with sore shoulders from the neck to the point of the shoulder. One case which he saw was that of a man who had been pulling at a scraper until the chains had not merely cut thru the skin, but worn the flesh to the bone. With all due respect to the farming community, Mr. Wilson declared that some of the very worst cases of cruelty occurred on the farms. The Lord Bishop of Toronto, who presided, congratulated the staff on the results of their work in the city, which, he stated, were highly creditable to the society, seeing that all previous records had been broken this year.

BAUGH COMMITTED IS OUT ON BAIL

Charged With Theft Conspiracy and Fabrication of Evidence.

STARTLING TESTIMONY Alleged Accomplice Swears Letter Books Were Stolen and Letters Altered.

E. L. Baugh, real estate agent of Montreal, appeared in the police court yesterday afternoon charged with theft, fabrication of evidence and conspiracy to charge Colonel Stimson, broker, with an offence he knew him to be innocent of. After the evidence of Baugh's alleged accomplice, Albert Gariepy, who was for four years employed by Baugh as stenographer, had been taken, Baugh was committed for trial on a bail of \$10,000 in two sureties of \$5,000 each, furnished by his parents, was accepted until the case proceeds in the January assizes. Commenting on the case, Magistrate Denison described it as the most dramatic proceeding he had ever heard of. Colonel G. A. Stimson was the first witness. He stated that he had known Baugh for many years and that he had endorsed several cheques for Baugh at different times in this city. He said he bought half of a mining claim in Porcupine and Baugh came to him later and bought some stock in it and eventually they had three-eighths of the mine. "Later on, there was some difference in the matter," said Mr. Stimson, "and a suit was instituted in which the verdict of the court was in my favor, and the amount was for over \$20,000. On an appeal I again won out," he said. He stated that it was that only Baugh's claim was that it was only proceeding to get judgment in Montreal, when he was summoned to Quebec, where letter books were produced. When the letter book was produced Colonel Stimson said it had been altered, some of the pages being out and other letters were put in. A new letter book was purchased by Baugh which showed that letters were taken out to fill up the sheets taken from the old book. Magistrate Denison then held up a letter in which the deal was made to represent an option instead of a straight sale and asked Col. Stimson if it was his signature attached to it and he replied yes, but that it had been taken off something else. The colonel denied having ever agreed to give Baugh an option. The first time he had seen the letters disputed was in Montreal, he said. He thought they were Baugh's and saw his signature, but recently he discovered how the signature was obtained. Acting on advice of counsel he said he gave up the judgment. Gariepy's Story. In the witness box Gariepy turned King's evidence and said that he and Baugh came here under assumed names for an investigation. They were known as H. J. Anderson and J. C. Davis respectively. Gariepy said he was sent by Baugh to enter the offices of Stimson and get at the books in the vault which the scrub women were working. He got one book, put it under his coat and took it to Baugh at the King Edward Hotel, and was to get other books and send them to Baugh in Montreal, so that evidence could be taken and used as evidence against Stimson. A similar typewriter to that used in the colonel's office was bought and the evidence was written and placed on the books. Fifty letters were typewritten by Gariepy. Baugh bought the book from which leaves were taken to transfer Col. Stimson's books. The book was sent to a bookbinder in Montreal to have the leaves bound. Baugh would put gasoline on the typewriter to make it type like the one in Stimson's office. "We copied the signature of Mr. Stimson off endorsements on cheques, placed the letters in the books and I returned them to the vault in July. After this the police came to Toronto from Montreal to seize the eight books, including the three that were altered," he said. Several witnesses from Montreal were examined including the bookbinder who fixed the books, the express agent who delivered the books from Montreal to Stimson, and the clerk from the typewriter company where the machine was rented.

INTERNATIONAL LAW HAS BEEN ABOLISHED

Sir Edward Carson Says Impotence of Neutrals Has Had Bad Effect.

LONDON, Nov. 26.—Speaking at the meeting of the American Luncheon Club today, Sir Edward Carson, former attorney general, discussed "The Duty of Neutrals." Sir Edward expressed the fear that international law had been greatly encroached upon by the impotence of the neutrals themselves.

Magistrate Denison described it as the most dramatic proceeding he had ever heard of. Colonel G. A. Stimson was the first witness. He stated that he had known Baugh for many years and that he had endorsed several cheques for Baugh at different times in this city. He said he bought half of a mining claim in Porcupine and Baugh came to him later and bought some stock in it and eventually they had three-eighths of the mine. "We are grateful to them. ### SCHEMED TO AID GERMAN CRUISERS

Strong Evidence Given Against Captain of Hamburg-American Liner.

### THREW PAPERS AWAY

Skipper of Marina Quesada Made Use of Various Ruses.

NEW YORK, Nov. 26.—The government's efforts today in the trial of Karl Buehn and his associates in the Hamburg-American liner "Marina Quesada" in the attempt to show that at least one more vessel sailed from American waters to aid German cruisers with supplies than the defendants are willing to admit.

This vessel, the government contends, was the Marina Quesada, which sailed from Newport News, Va., Dec. 15 for Valparaiso with coal and other supplies aboard.

To support the contention a squad of witnesses marched in quick succession to the witness stand. Of these the chief was John Olsen, ship's engineer, who said he had frequent conversations with her captain, Hans Suhren, during the voyage.

Olsen said, however, that he was not thinking of the vessel as a man-of-war, rushed down to the engine room, the codebook and papers in his hand, and a white handkerchief over them.

Captain Was Panicky. "Hide these quick," Olsen quoted him as saying. "A British cruiser has been sighted. If they find these things on our ship I'll be hung right away."

Olsen said he placed them at the bottom of a barrel, filled the barrel with lime and put it in the hold. Later they were given back to the captain.

The Marina Quesada steamed out of Port Limon again seeking German naval vessels. Not finding them she returned to Pernambuco, taking the precaution on the way to put out her name and to substitute therefor her former name, the Gladstone. The Norwegian flag was raised and she made Pernambuco and the Norwegian consul called for their papers.

Dropped Papers Overboard. Captain Suhren admitted in a bag, Olsen said, and dropped the bag overboard.

"Did you see the trick I did?" Olsen asked Capt. Suhren, adding that the ship left port during a heavy rain storm.

The Marina Quesada, it was brought out, failed in her errand because she neither sighted nor heard from German vessels. The defence strenuously objected to the way Olsen put out her name and to substitute therefor her former name, the Gladstone.

The room mentioned was New York headquarters of Capt. Boy-ed, the German naval attaché.

BRITAIN AND DENMARK IN TRADE AGREEMENT. Danes Will Not Allow Contraband Goods to Reach Central Powers.

LONDON, Nov. 26.—Another neutral country has entered into satisfactory arrangements with Great Britain whereby merchandise otherwise prohibited may be exported from England.

Four Danish commercial magnates—C. C. Clausen, representing the wholesale association; Alexander Foss, representing the retail association; C. Cold, representing the shipping council; and Emil Gluckstadt, representing the Danish Government but as spokesman of Danish commerce, they arrived at a thorough understanding with the foreign office.

They have given acceptable guarantees that no contraband goods exported shall reach the central powers. Under this pledge they will be allowed to receive all the goods they require.

WILSON NOT TO AID PROPAGANDA OF FORD. Peace Ship Will Not Carry Any Washington Officials.

WASHINGTON, D.C., Nov. 26.—President Wilson will take no part in the campaign to bring about a peace conference now being carried on in this and other neutral countries. While he will interpose no objection to the unofficial movement, he has heard nothing from Europe which leads him to believe that the time is opportune for him to take any steps.

Henry Ford's peace ship will not carry any representatives of the American Government and unless the situation changes in the meantime the government will not take any part in the meeting proposed.

PLOT TO BLOW UP CANAL. MONTREAL, Nov. 26.—An attempt to blow up the Lachine Canal and suspend the carriage of grain ships from Lake ports was frustrated, the police here believe, when a bomb was discovered near the Montreal blanket factory on the banks of the waterway.

KILLED IN RUNAWAY. PORT COLBORNE, Ont., Nov. 26.—Dunston Himmerman of Humberstone, 36, a farmer, was killed here at noon today in a runaway of a team of horses, when he was thrown from the wagon which passed over his body.

SEEK TIME EXTENSION. By a Staff Reporter. OTTAWA, Ont., Nov. 26.—The Peace River Tramway and Navigation Company will apply to parliament next session for extension of time of construction.

### THEATRES

#### "EXPERIENCE" AT ALEXANDRA.

The attraction at the Alexandra Theatre next week will be the wonderful modern morality comedy-drama "Experience," which ran nine months last season in New York and three months in Boston this season. The play is by George V. Hobart, the well-known dramatist, and is produced by William Elliott, F. Ray Comstock and Morris Gest. "Experience" is a remarkable play, telling in ten vivid and dramatic scenes the adventures of youth, or the average young man, who goes forth into the world in search of fame and fortune. The characters are all given symbolic names, but they are easily recognized as types of modern life.

#### "DADDY LONG LEGS" AT GRAND.

A dramatic treat is promised to the patrons of the Grand Opera House next week, when Klaw & Erlanger present Henry Miller and Ruth Chatterton as co-stars in Jean Webster's famous comedy "Daddy Long Legs." Toronto theatregoers enjoyed a half week of this splendid comedy last year when Mr. Miller appeared in it at the Princess Theatre, but thousands of ticket holders were unable to witness the last four performances advertised on account of the destruction of that playhouse, which brought Mr. Miller's tour to a sudden end.

#### ROSEY POSEY GIRLS AT GAYETY.

"The Redemption Club," or "She Sins Again," is the title of Peter S. Clark's new comedy which he is presenting this season with the Rosey Posey girls, which is opening at the Gayety Theatre next week. "Redemption Club" was an idea of Mrs. Love, an enterprising young widow, to supply beautiful girls with husbands. The Broadway "Review," with a talented
