The copy filmed here has been reproduced thanks to the generosity of:

Législature du Québec  
Québec

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol → (meaning "CONTINUED"), or the symbol ▼ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

Législature du Québec  
Québec

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole → signifie "A SUIVRE", le symbole ▼ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

Chap. 48, and 38 Vic., Chap. 37.**

1st. Copies of all models deposited in the Department of Inland Revenue, and legalized by the Order in Council of 15th December, 1874, having been verified under the direction of the Minister of Inland Revenue, such copies shall hereafter be known as "*Local Gas Standards*," and a sufficient set thereof shall be placed in such places as may be necessary, for carrying out the provisions of the Acts above cited, in suitable offices provided for that purpose.

2nd. The "*Local Gas Standards*" shall be placed in the custody of duly appointed Inspectors or Deputy Inspectors, who shall be responsible for their safety, and shall have sole possession of them; and it shall not be lawful for any person—except such as are duly authorized thereto—to have access to or use any of the said "*Local Gas Standards*."

3rd. Whenever there is reason for supposing that any of the said Standards have been inaccurate—as to which the Inspector of Gas or some superior officer of the Inland Revenue Department shall be the sole judge—such Standards shall be tested by such portable Instruments as may be determined by Departmental Regulations, or the Standards supposed to be defective may, if deemed necessary by the Department of Inland Revenue, be removed to Ottawa and verified by the original models.

4th. When Gas Meters have been verified and found to be correct within the limit of error tolerated by the Statute, the Inspector or Deputy Inspector shall affix a seal thereto, which seal shall be of wax bearing such device as may be directed by Departmental Regulations.

5th. Under the authority of the Act 38 Vic., chap. 37, sec. 37, it is thereby declared that sulphur in gas shall be considered as an excess, when found in greater quantity than twenty grains in one hundred cubic feet of gas, and that ammonia shall be considered as being in excess, when the quantity found is greater than two grains in one hundred cubic feet of gas.

6th. The form in Schedule A shall be used for granting certificates respecting the verification of Meters and the testing of Gas, and no certificate shall be valid unless it is given on the form hereby authorized, nor unless stamps representing the

authorized fees payable for such a certificate are attached thereto, and cancelled in accordance with the Departmental Regulations then in force.

## Post Office Savings Bank, Canada.

**287** POST OFFICE SAVINGS BANKS in Ontario and Quebec are open daily for the receipt and re-payment of deposits, during the ordinary hours of Post Office business.

The direct security of the Dominion is given by the Statute for all deposits made.

A depositor in any of the Savings Bank Post Offices may continue his deposits at any other of such offices, without notice or change of Pass Book, and can withdraw money at that Savings Bank Office which is most convenient to him.

Each depositor is supplied with a Pass Book, which is to be produced to the Postmaster every time the depositor pays in or withdraws money, and the sums paid in or withdrawn are entered therein by the Postmaster receiving or paying the same.

*Each depositor's account is kept in the Postmaster General's Office, in Ottawa, and in addition to the Postmaster's receipt in the Pass Book, a direct acknowledgment from the Postmaster General for each sum paid in is sent to the depositor. If this acknowledgment does not reach the depositor within ten days from the date of his deposit, he must apply immediately to the Postmaster General, by letter, being careful to give his address, and, if necessary, write again, because the Postmaster's receipt or entry in the Pass Book is not sufficient without the further receipt for the money from Ottawa.*

*Every depositor must send his book, once a year, viz., on the anniversary of his first deposit, for comparison with the Books of the Department, and for insertion of interest. The book will be returned to him by first mail. At no other time should a depositor suffer his book to be out of his own possession.*

When a depositor wishes to withdraw money, he can do so by applying to the Postmaster General, who will send him by return mail a cheque for the amount, payable at whatever Savings Bank Post Office the depositor may have named in his application.

Interest at the rate of 4 per cent. per annum is allowed on deposits, and the interest is added to the principal on the 30th June in each year.

Postmasters are forbidden by law to disclose the names of any depositor, or the amount of any sum deposited or withdrawn.

No charge is made to depositors on paying in or drawing out money, nor for Pass Books, nor for postage on communications with the Postmaster General in relation to their deposits.

The Postmaster General is always ready to receive and attend to all applications, complaints, or other communications addressed to him by depositors or others, relative to Post Office Savings Bank business.

# The Dominion Lands of Canada.

---

These Lands are situated in Manitoba and the North West Territories.

The system of Survey is rectangular, the township being six miles square, divided into 36 sections of one mile square each, which latter are subdivided on the ground into quarter sections of 160 acres each.

Sections 11 and 29, amounting to 1280 acres, in each township, are dedicated to the purposes of public schools.

Sections 8 and 26 in each township represent the one-twentieth reserved throughout the "fertile belt" to the Hudson Bay Company, under the Deed of Surrender.

Dominion lands open for sale or settlement may be purchased for cash at one dollar per acre, may be entered by Military Bounty Warrant, or may be entered as homesteads for actual settlement.

Homestead settlers pay a fee of \$10.00 at the time of entry for the land, and are required to reside upon and cultivate the quarter section entered as a homestead, for three years, upon which they get a patent free.

The homestead settler has also the privilege of entering for an adjoining quarter-section of land as a homestead reserve, of which he is admitted into immediate possession and cultivation, and for which, on the completion of his homestead conditions, he may acquire the full title on the payment of one dollar per acre.

Coal lands are not subject to the operation of the Homestead Provision of the Dominion Lands Act.

Persons desiring to carry on coal mining in unsurveyed territory, may apply to purchase, sending forward the description by a Dominion Land Surveyor, setting forth generally the situation and dimensions of the land, and accompanying the same by the price thereof, estimating the number of acres, which shall not exceed 640, at the rate of one dollar per acre.

The Minister of the Interior, with the view of preventing undue monopoly in Coal lands, may, in his discretion, on a township being surveyed, exempt from sale and settlement the lands in such township containing Coal, excepting those on which mining may have been carried on under the above regulations, and may subsequently sell or otherwise deal with the same in such manner as may be deemed expedient by the Governor in Council.

The Dominion Lands Act is not intended to apply to territory over which the Indian title may not at the time have been extinguished.

The above is merely a synopsis of the law embracing the policy connected with the Administration of the Dominion Lands. Persons wishing more full and complete information are referred to the Dominion Lands Act.

All communications relating generally to the Dominion Lands to be addressed to the Minister of the Interior, at Ottawa.

All specific applications to enter Surveyed Lands should be addressed to the Agent of Dominion Lands, Winnipeg, Canada.

By Order,

**J. S. DENNIS.**
