LARGE ALLIED ARMIES STAND BEFORE PARIS

Present Battle May Actually
Decide Fate of
Germany.

IMPOSSIBLE TO WIN

Kaiser's Forces Are Sure to
Suffer Another
Defeat.

London, June 10.—Commenting on
the new German offensive, The Star
says:

"The third phase of the battle which
commenced March 21 may well decide
the fate of Germany. It cannot de-
cide the fate of the allies for what-
ever may be the outcome, they will
fight on until America and the Amer-
ican armies can turn the scale and
deliver the world forever from Prus-
sian hegemony. The Germans are
not going to win. There are great ar-
mies of the French and British be-
tween them and Paris.

"We expect those armies, with the
rapidly increasing American army, to
beat them flat. We decline to go half
way toward defeat of any kind. We
believe in victory, and nothing but
victory.

"We have beaten the Germans in a
hundred battles since Mons. We shall
beat them now."

Kaiser's Men Cast IN SLAUGHTERHOUSE

Most of Them Will Never Make
Exit From Shambles Prepared
for Reception.

ALLIES CLING TO HEIGHTS

Only Chosen Divisions Enter
Conflict—Twenty Already
Engage French Troops.

With the French Army in France,
June 10.—Fighting in this war prob-
ably never has been more severe than
that going on today in the great bat-
tle of French and German armies be-
tween Montdidier and Noyon.

The Germans attacking on a ground
where the entente allies were ready
to receive the shock, have found them-
selves thrown into a slaughterhouse
whence most of them never will make
an exit.

When the German infantry began
coming over in the densest masses,
they encountered immediately an ex-
tremely hot fire from both machine
gun and artillery, which mowed them
down. Ever since, as fresh waves en-
tered the conflict, they were subject-
ed to similar punishment.

The German progress must not be
taken to mean that the German forces
have overcome the defenders, who in-
tended from the beginning to retire
from their actual lines of combat as
soon as the action developed.

Some idea of the determined nature
of the fighting may be gathered from
the struggle on each wing. The Village
of Courcelles changed hands numerous
times and when this despatch was sent
was in the possession of the allies. At
the other end of the line, Mont Renaud
was still making a magnificent defense,
and last reports showed that Le Ple-
mont was yet in allied hands.

The centre, about Recons-sur-Matz,
where the Germans made their most
obstinate effort and formed a pocket
extending southeastward, is the only part
of the line against which the Germans
have been able to report a real gain.
Their intention is to try to reach the
banks of the Oise and threaten the al-
lied salient which extends to the vic-
inity of Noyon.

The Germans knew when they open-
ed the attack that their task would
be difficult. Therefore, they sent into
the fray only the best divisions, which
had been specially trained for the as-
sault. It is estimated that they en-
gaged approximately twenty divisions
while behind these, ready to take the
place of the exhausted divisions, there
were probably a similar number, per-
haps even greater.

LARGE U. S. FORCE SENT TO FRANCE

Over Seven Hundred Thousand
Soldiers Carried Across
the Atlantic.

Washington, June 10.—More
than 700,000 American soldiers
have been sent to France, Sec-
retary Baker said today in a
speech to French "blue devils,"
who came to the United States
to aid in the third Liberty Loan
campaign. Mr. Baker's last of-
ficial announcement some weeks
ago was that more than half a
million had gone over.

TRANSPORT ENGAGES GERMAN SUBMARINE

American Vessel Discharges
Five Shots at Long Range With
Unknown Results.

An Atlantic Port, June 10.—An
American transport fired five shots at
a German submarine this morning 75
miles off the Jersey coast, with un-
known results, according to infor-
mation brought here tonight by the cap-
tain of a Brazilian steamship.

The freight ship, bound north from
a South American port, sighted the
submarine soon after ten o'clock. Im-
mediately full speed ahead was order-
ed, and the vessel zig-zagged. A few
minutes later a vessel in the distance,
which later was identified as a United
States army transport, opened fire on
the submarine. Two shots were heard
followed almost immediately by three
others.

The Brazilian steamer continued its
course with all possible speed for this
port without waiting to ascertain the
result of the encounter.

CORONER'S JURY ADVISES AGAINST USE OF LIQUOR

Strongly Recommend Prohibition of
Drink Among Members of Royal
Air Force.

Following the ending of the inquest
at the morgue last night regarding the
death in an airplane collision of Cadet
Lloyd H. Carter, and the bringing in
of a finding by the jury in which the
Royal Air Force was called upon to
absolutely forbid the use of liquor by
any R. A. F. members whether on
duty or leave, Coroner W. A. Young
stated he was forwarding a copy of
the jury's finding to the crown at-
torney, requesting him to forward it to
the Ottawa authorities, and they in
turn to the imperial government in
London, Eng., asking that all R. A. F.
men, whether in uniform or in mufti,
be not allowed to have liquor in
camps, thus following the rules of the
camps of the Canadian expeditionary
force.

Evidence was given at the inquest
last night by Donald C. Thane, one
of the two aviators in the other air-
plane, who sustained serious injuries
in the collision. Thru the direction of
questions by Assistant Crown At-
torney Snyder it was shown that liquor
had been brought into the flying
camp. The witness, who is a member
of the Foreign Legion, has three years
of service in France to his credit, and
after being gassed came back to Can-
ada to recuperate.

The jury's finding:
"We find that Cadet Lloyd H. Car-
ter, who died March 1, at
Leaside Camp, thru the airplane in
which he was flying colliding with an-
other in midair, and that the death
was accidental. The jury, on their
oath, further state that while they do
not wish to blame any of the parties
concerned with this occurrence, they
feel most strongly that the use of
liquor by any of the Flying Corps, un-
der any circumstances, while on duty
or on leave, should be absolutely for-
bidden, and that the jury call upon
the proper authorities to frame and
put into force the most stringent regu-
lations to this effect."

ARTILLERY FIRING ONLY.

London, June 10.—"Beyond artillery
activity on both sides in the different
sectors," says Field Marshal Haig's
report from British headquarters in
France tonight, "there is nothing to
report from the British front."

INTERPROVINCIAL CONVENTION IS OFF

Baptists Definitely Announce
Cancellation of Ontario-
Quebec Meeting.

TORONTO IS OPPOSED

Protest Offset by Over-
whelming Majority Against
Convention.

Definite announcement was made
at the Baptist offices yesterday after-
noon that the annual interprovincial
convention of the Ontario and Que-
bec Baptist Union would be called off
for the present year. The fact that
the Toronto Baptist District Associa-
tion was opposed to the desire of the
executive to call off the convention,
and that a strong protest had been
made by Rev. Dr. O. S. C. Wallace
of Montreal in behalf of the Quebec
Baptists, was authoritatively stated
to have been more than offset by "an
overwhelming majority against the
convention." The votes are in the
hands of the secretary of the exe-
cutive, Rev. C. E. McLeod.

ITALIANS WIN ADVANTAGE IN AERIAL OPERATIONS

Rome, June 10.—Five hostile air-
planes were brought down and four
tons of bombs were dropped on the
enemies' depots and communication
junctions, according to the official
statement issued by the war office to-
day. The text of the communication
reads:
"Artillery duels were frequent from
Tosone to the Brenta River and on
the lower Piave. In Val Lagarina,
Valarosa and at Sbonche, Laghi and
Porte di Salton, enemy surprise at-
tacks by large detachments were frus-
trated.

"In a raid on Col Dell Orso our own
and British patrols drove back recon-
naissance parties at various points and
captured arms and materiel. Four
tons of bombs were dropped on enemy
depots and communication junctions.
Five hostile airplanes were brought
down."

SEA TANK EMPLOYED IN ITALIAN NAVAL RAID

London, June 10.—"According to
Vienna newspapers received here,"
says the Central News correspondent
at Amsterdam, "the Italians used a
'sea tank' during their last attack at
Pola, Austria's naval base on the
Adriatic. The boat was 40 feet long,
six feet wide and propelled by elec-
tricity.

"There was an endless rotary chain
round the vessel fitted with harps
which cut nets and other obstacles,
like the land tanks. The vessel has
two torpedo tubes."

THIRTEEN WOMEN KILLED IN HOSPITAL ATTACKS

London, June 10.—The Germans
bombed British hospitals in France
seven times between May 15 and June
1, according to a statement made in
the house of commons today by J. I.
Macpherson, under-secretary of the
war office. The casualties numbered
91. These are as follows:
Killed—Officers, 11; other ranks,
318; nursing sisters, 5; women's aux-
iliary corps, 8; civilians, 6.
Wounded—Officers, 15; other ranks,
534; nursing sisters, 11; women's aux-
iliary corps, 7; civilians, 72.

BALKAN FRONT ACTIVE.

Spirited Artillery Activity Prevails on
Both Banks of Vardar.

Paris, June 10.—A French official
statement says: "Eastern theatre—On
both banks of the Vardar there was
spirited artillery activity by the en-
emy, who bombarded our communica-
tions behind the front with a long-
range piece. Our batteries replied
with destructive fires, which blew up
an enemy munitions depot. There was
great artillery and patrol activity on
the front of the Serbian army, where
several enemy detachments were dis-
persed by our fire. An enemy air-
plane was brought down."

FRESH FRENCH TROOPS PREVENT GERMANS MAKING HEADWAY

BRITISH ADVANCE ON MILE FRONT IN COASTAL REGION OF PALESTINE

Several Observation Posts Are Carried in Local Operation—
Arabs Make Another Attack on Hedjaz Railway.

London, June 10.—The following official communication dealing with
the operations in Palestine was issued this evening:

"Saturday morning our troops in the coastal sector by a successful
local operation captured a portion of an enemy trench system and sev-
eral observation posts on a mile frontage. Counter-attacks were re-
pulsed and the new line is being consolidated.

"In the Hedjaz region Arab forces raided the railway in the vicinity
of Towaina. A train and culverts were destroyed and the track and
telegraph line demolished."

NEARLY FOUR HUNDRED REGISTER WITH POLICE

These Who Intend Being Out of City
Are Taking Advantage of the
Privilege.

Up until 10.30 last night some 381
persons had registered at the various
police stations throughout the city, in
compliance with the recent order in-
council that persons who will be away
next week may register in advance.
While in most divisions only those
who were going to leave the city were
allowed to register, a few availed
themselves of avoiding the inevitable
rush by registering at the police
stations, and in most cases the police
officer obliged them.

At No. 1 station (Court street), 58
men and four women had been re-
gistered late last night. The first man
to appear during the day was Samuel
Daniel Abell, of 135 Ellsworth avenue,
who was leaving the city. He was
registered by Inspector Sawdon. The
filling in of the form takes about five
minutes in every case.

At Cowan avenue station no hard
and fast line was drawn, and all who
applied for registration were given
their cards. A few of the other di-
visions refused to register anyone who
was not leaving the city before June
17.

BRITISH FLYING MEN SWEEP BATTLEFIELD

Bombing Squadrons Impede Ger-
man Advance—Other Flights
Use Machine Guns.

London, June 10.—"On Sunday our
flying squadron, co-operating with the
French on the Noyon-Montdidier bat-
tlefront, worked continually from
dawn till dark," says the official state-
ment on aerial operations today. "Our
bombing squadrons impeded the en-
emy's advance and harassed his troops
and transport with constant machine
gun fire.

"Strong patrols of scout machines
swept the battle area through the day,
while high flying airplanes protected
those below from air attack.

"Among the targets hit were an air-
drome near Ezy, where hostile ma-
chines on the ground were set afire;
an ammunition dump at Montdidier,
which went up in a sheet of flame;
canteens and wagons at Couchy, Lor-
ries at Laguy and Hainvillers, and in-
fantry in trenches and on the roads
along and behind the whole fighting
line."

"On the British battlefield there was
little enemy activity in the air, but
our machines carried out a good deal
of artillery observation work, until
stopped by rain. One of our machines
forced a two-seat German machine to
land and surrender at the air-drome to
which our machine belonged.

"Fourteen other German planes were
downed and four disabled. A hostile
balloon was shot down in flames. Four
of our machines are missing."

WARM WEATHER AHEAD.

It's good policy to buy your straw
or Panama hat now. Our stock is at
its best, featuring variety, quality and
low prices. Straws from \$2.00 to \$6.00;
Panamas \$4.00 to \$12.00.

Enemy Attacks Fail to Carry Two Villages on Right and Left Wings, But After Tremendous Losses Germans Succeed in Driving Small Wedge into Allies' Centre—700,000 American Troops Now in France.

The Germans in the centre of their new attack on the front be-
tween Montdidier and Noyon have gained additional ground against
the French, but on both the left and right wings they are being held.

In violent successive attacks Monday they captured the Villages
of Mery, Belloy, and St. Maur and also pressed forward and gained
a footing in the Village of Marquiesle, the last named place repre-
senting the deepest point of penetration since the offensive began—
between five and six miles.

The French still are exacting a heavy toll in lives from the Ger-
mans as they deliver their attacks in waves, and are giving ground
only when forced to do so under superiority of numbers. Nowhere
has the enemy been able to pierce the front, which has been bent
back in perfect order whenever the necessity arose.

The battle is described by correspondents as one of the most
furious that have been fought since the war began, with the enemy
unusually reckless in wasting life to gain his objectives.

The latest official communication from the German war office
says additional ground has been gained by the Germans southwest
of Noyon against newly brought up French reinforcements and the
Germans have taken about 3,000 prisoners and some guns.

STRONG ATTACKS ON MARNE.

Near Bussieres, northwest of Chateau Thierry, the Americans
and French again have delivered strong attacks against the Germans
and taken more ground. They also captured a number of prisoners
and thirty machine guns. On the remainder of the front in France
and Belgium, the operations have been of a minor nature, although
south of the Somme the British, near Bouzencourt, have carried out
an operation which straightened out a nasty salient that sagged in their
line.

As the Austrians continue to bring up large forces of men behind
their lines in the Italian district, the artillery activity and raiding op-
erations are daily increasing. Throughout the mountain region from Tosone
to the Brenta River and along the lower reaches of the Piave River,
the guns of both sides are engaged in violent duels. Numerous sur-
prise attacks have been attempted by the Austrians on various sectors,
but all of them were successfully repulsed. Aerial operations on a
large scale also are in progress and fights in the air are of daily
occurrence. Large quantities of explosives have been dropped on
enemy positions by Italian airmen and a number of enemy aircraft
have been shot down.

In the Macedonian theatre there has also been an increase in
the artillery activity, the enemy bombarding the allied lines on both
sides of the Vardar River. On the part of the front held by the Ser-
bians the artillery fire has been unusually severe.

Official announcement has been made to the house of commons
at London that 348 officers and men, nurses, women of the auxiliary
corps and civilians, were killed between May 15 and June 1 by Ger-
man air raiders bombing hospitals and that 643 persons were wound-
ed in these attacks.

OFFICIAL REPORT FROM PARIS.

Paris, June 10.—Several small villages were occupied by the
Germans on the centre in the Montdidier-Noyon sector, including
Mery, Belloy and St. Maur, according to the war office announce-
ment tonight. This was done by repeated assaults and at the cost
of great sacrifices.

South of Recons-sur-Matz, the Germans gained a footing in
Marquiesle. Further to the east the battle continues in the south-
ern outskirts of Elincourt.

The text of the statement reads:
"On the second day of the offensive the enemy sought by
powerful attacks in large force without cessation by new effective
to advance in the direction of Estrees St. Denis and Ribecourt. Our
troops fulfilled with tenacity their mission of resistance.

"The enemy was able to take successively by repeated assaults
and at the cost of heavy sacrifices the Villages of Mery, Belloy and
St. Maur. The plateau of Belloy was the theatre of heroic engage-
ments.

"South of Recons-sur-Matz the Germans gained a footing in
Marquiesle, and further east the battle continues in the southern
outskirts of Elincourt.

"On our right the enemy succeeded in debouching from Thies-
court Wood. On our left, between Courcelles and Ruoscourt, we
broke down the enemy attacks and held our positions. East of the
Oise a German attempt to retake a fort failed.

"On June 9 our pursuit escadrilles destroyed or put out of com-
mission eleven enemy airplanes. Our bombing airplanes attacked
without respite enemy troops massed behind the front of the attack.

"In the day of June 9 and the following night, despite the bad
weather, 18 tons of projectiles were dropped on concentration points,

—Third Floor, Centre.

A Grand Special Offer For the Second Day of Waist Selling

Pretty Lingerie Blouses Priced for Big Early Clearance at 98c

There are 2,000 Voile Blouses in the lot, a manufacturer's entire stock, and also some waists from our own factories, offering extra special values. All white, in over twenty different styles, fronts embroidered in floral effects; others with organdie panels outlined with Val. or torchon laces, medium size collars with lace edgings; some have hemstitched seams, others plainer styles with tuckings or self stripe; also a few with colored spots of blue in semi-sport styles. All have long sleeves. All sizes in the lot. Special selling price, 98c.

98c EACH Other Unusual Values in the Special Selling of Waists

Only four items announced for today, but they represent what unusual savings are offered in this big special valuing occasion. While such low prices are surprising under present conditions, the most interesting feature is that the waists are of such charm and so attractive that they are well worth consideration in themselves. So with the special selling price on them they are a double attraction.

CREPE DE CHINE AND GEORGETTE CREPE WAISTS, have large collar forming V front, with bead and silk embroidery; others are finished with silk embroidery, square neck, long sleeves. Colors, flesh, maize, orchid, peach, grey, navy, ivory or black. Sizes 34 to 46. Special selling price, \$4.95.

WHITE VOILE BLOUSES, square neck and vestee effects, one style trimmed with many rows of guipure insertion down front and on collar; daisy embroidered design on front. Several styles have Swiss embroidery fronts and lace of fillet design set in to give vestee effect. Others with fine pin-tucks and fancy pearl buttons. Also an all-over embroidered style, with hemstitched seams, and lace-trimmed collar. Included in the lot are a few mercerized stripe and corded effects. Special selling price, \$1.69.

NEW YORK LINGERIE BLOUSES, of fine white voile, in dainty summer styles; some have large guipure medallions on front and collar in long pointed effect; others with floral spray embroidery, and clusters of tucks, or plainer styles with panels of tucking and fancy collars with lace edging. Special selling price, \$2.45.

—Third Floor, Centre.

Paillette Silk Dresses, Reduced to \$15.50

This is a dress which will prove of great value, as plain, well-made dark silk dresses do. The skirt is made with trimming pieces over the hips, decorated with rows of self-covered buttons. A design in gold thread adds a touch of brightness, which is very pretty. A plain white Georgette collar and little vestee complete this very attractive dress. Colors are navy, black, Holland blue and brown. Sizes 34 to 44. Reduced price, \$15.50.

Women's Charming New Wash Dresses, Price \$7.95

The delightful vogue for thin wash dresses in a solid color has produced many charming creations! A newly-arrived model of this style is particularly pretty. It is of soft voile with a collar which is square in the back and extends to the waistline in front, of itself, hemstitched and edged with dainty Valenciennes lace. The sleeves are finished to correspond. The belt is composed of a fold of material with several rows of hemstitching, and tops a simple gathered skirt with deep tucks. This is obtainable in peach color, black, pink and pale blue. Sizes 34 to 42. Price, \$7.95.

—Third Floor, James St.

New Shantung Silk Suits, Priced at \$25.00 and \$30.00

The subject of Summer Suits is one in which you are sure to be interested, no matter what plans you are making for the summer, and Shantung silk is an ideal material for summer wear. The Women's Suit Department has a splendid assortment of Shantung Suits in exceedingly smart, well-tailored styles, and very reasonably priced. They are obtainable at several prices and in several styles, only two of which are mentioned here.

One suit of Shantung silk has a coat with inverted pleats to form a wide bow pleat at the back, and convenient patch pockets are on both coat and skirt. Price, \$25.00.

A very smart suit of the same silk, with long panel in the back and hanging pockets in panel effect, has a waistcoat of Pekin blue. Price, \$30.00.

—Third Floor, James St.

Another Dress Hat Special for the June Bride, Priced for 10 o'clock Selling, Today, at \$8.50

There are broad white hats that droop gracefully and would be charming on the bride. There are others that bring to mind the blushing bridesmaids in filmy frocks; also swagger little shapes for traveling, many in satin combined with Georgette, which New York is featuring at present. Milans, Panamas, Tagels, mohair, white Georgette and tulle are the materials, with a few Leghorns, combined with Georgette crepe. The Milans are tailored with ribbons or have ostrich or wings for adornment; others are flower-trimmed. Combinations of navy and white, as well as pale pink and the lighter shades. Every hat is quite distinctive. On sale at 10 o'clock. Special, today, \$8.50.

—Second Floor, Yonge St.

EARLY CLOSING

As in May, so in June, July, August and SEPTEMBER, Store Closes at 1 p.m. on Saturdays. No Noon Delivery on Saturdays.

Saturday 1 p.m.

Other Days at 5 p.m.

Women's Japanese Cotton Crepe Dressing Gowns, in loose-fitting model, are hand embroidered in contrasting colors on back, front and loose-flowing sleeves. They have low neck, and are bound around neck, sleeves and down front, with wide bands of white crepe, and have girde of same material. Colors rose, sky, pink, helio, Copen, and navy. Price, \$1.79.

—Third Floor.

Attractive Values in the White-wear Department

Below are listed some linen lines taken directly from a delayed shipment of table linen which has just arrived. The prices at which these goods are offered mean real value, and especially is this the case when the quality of the goods is taken into account. Make it a point to see the lines in this new shipment.

Irish Linen Satin Damask Table Cloths of strong, firm quality linen, made in handsome bordered designs, with floral and conventional centres, made in Canada and wear well. These cloths are offered in two sizes. Sizes 2 by 2 yards, each, \$5.50; 2 by 2 1/2 yards, \$6.75.

Irish Linen Satin Damask Table Napkins, made from linen and of a good strong quality that will stand much hard wear. In new designs. These napkins are in size 19 x 19 inches. Per dozen, \$2.85, \$3.25 or \$3.65.

Snowy White Irish Linen Satin Damask Table Cloths, in handsome bordered designs, with centres in beautiful floral and conventional patterns. The size of these cloths is 2 x 2 1/2 yards, and a dozen napkins to match are included. At the various prices these sets contain special value to the purchaser. Per set, \$11.75, \$13.25, \$15.00 or \$17.25.

—Second Floor, James street.

Registration Card Cases, Each, 35c, 50c and \$1.00

After June 22nd, National Registration Day, it will be necessary to carry your Registration Card constantly. The only way to do this thing will be convenient and at the same time preserve the card, is to have a card case. In the Leather Department just such a case is being offered. It has a space, covered with a transparent surface, to hold the Registration Card, and in addition has pockets to hold cards, tickets, stamps, etc. These attractive cases are made in three qualities:

Keratol, a strong, serviceable imitation leather, each, 35c.

Sheepskin leather, in seal grain, each, 50c.

Morocco leather, each, \$1.00.

—Main Floor, Yonge St.

C—Excellent value, this skirt of white cotton gabardine, shirred at the waist, and adorned with two patch pockets, finished with shirred banding. Price, \$1.95.

D—Skirt of white cotton gabardine, shirred all round beneath a belt of generous width and having as adornment two pretty pointed pockets shirred to little button-trimmed bands. Price, \$5.95.

E—Two-piece skirt, of white cotton gabardine of good quality, its distinguishing feature the unusual shape and setting of the slash pockets, which give remarkably good lines. Price, \$2.50.

F—Very cool looking and most effective, this skirt of hairline striped gabardine, with its good lines and smart pockets. The material is excellent in quality, with rose, green or black stripes. Also obtainable in all white. Price, \$5.00.

G—SPECIAL! Here is a skirt such as most girls love — of white corduroy — and for \$1.95. Just imagine it! It shows a nice, close cord, a good heavy material, and is made with button-trimmed front fold and slipper pocket. Almost half the usual value. Price, \$1.95.

Special! Striped Flannelette, Yard, 18c; Factory Cotton, Yard, 12 1/2-2; English Longcloth, Yard, 16c

The "everyday" uses to which flannelette, factory cotton and longcloth can be put are almost innumerable. Saving prices on such wanted material makes early shopping worth while.

2,000 yards Striped Flannelette of a warm quality and evenly napped. Suitable for women's and children's underwear; 29 inches wide. Special, today, yard, 18c.

Unbleached Factory Cotton, of medium weight, 34 inches wide. Special, yard, 12 1/2c.

3,000 yards English Longcloth, of medium weight, used a great deal for women's and children's underwear; 35 inches wide. Special, yard, 16c.

Only 20 yards to a customer, the quantity being limited.

—Second Floor, Centre.

Men Will Find Much Comfort in a Pair of Cool, Low Shoes

There is the very best of style in these new Oxfords, specially designed and built on Oxford lasts, which makes them fit snugly around the tops.

A Smart Laced Oxford on the English recede shape, in dark Havana brown or black, has Neolin soles and rubber heels; Goodyear welted. Sizes 5 1/2 to 11, \$6.50.

A Very Neat All-black Laced Oxford, of fine calf, in velour finish, has single oak-tanned leather soles; Goodyear welted. Sizes 5 1/2 to 11, B to E, \$7.50.

Same style in dark mahogany shade, \$8.00.

A Dark Havana Brown Calf Laced Oxford, "Packard," "Quality," fine selected material, best of style, fit and finish. Sizes 5 1/2 to 11. Widths A to E, \$10.00.

The Toronto World

FOUNDED 1827
A morning newspaper published every day
except on the day of the Dominion Holiday...

Canada's National Policy and Nickel and Asbestos.

The manufacturers of Canada, in their way, are as much deserving of public sympathy and support as that most splendid public-spirited organization, the Red Cross Society...

So runs The Financial Post, published in Toronto. But does The Post blame the manufacturers for the failure to tax the producers on Canadian nickel? Not quite. It blames "an idiotic national policy..."

But did The Post or any other paper help the World to have our policy changed in regard to nickel? Or did The Globe, or The Star, or The Telegram, or The Montreal Gazette, or the Journal-Press of Ottawa?

And asbestos is mined in Canada by hand labor and shipped into the States, where it is cleaned up into a product that yields enormous profits. Canada gets no share out of it to apply to our war debt!

Falling in Fast. President Wilson and his secretary of labor may have averted the threatened strike of the telegraph operators, but it is significant that the Great Western Union Telegraph Co. seem to be quite willing for a situation to arise which would necessitate their lines being taken over by the Government...

We have little doubt but that the Western Union would be willing to unload its property and its large commitments upon the Government. Telegraphy is a business where the earning power of the plant is quite out of proportion to its physical valuation...

In the early days there were a multitude of small telegraph companies and a great deal of duplication. The Western Union performed a public service in acquiring these lines, scrapping a number of them, and consolidating the rest into one system...

It seems to be a case of everybody trying to climb on the wagon that is hitched to the star of public ownership. The railways will remain in the possession and control of the Government. The express companies have merged themselves into one corporation under Government control...

Big business in the United States is swimming with the tide. We hear no railing or ranting about confiscation in the United States. No one suggests that President Wilson is a "Frusian" or a "Socialist" because he is quietly carrying into effect the overwhelming public demand for the national government to own and operate nationwide public utilities...

music over the woes of the Grand Turk, or essay the poetical in describing the early days of the C. P. R., and "the cold blue eyes" of its worthy president.

Work or Fight. The U. S. military authorities are putting into effect a "work or fight" order beside which the recent order-in-council against habitual idleness in Canada appears mild and ineffective...

We hear of great deal about the large number of idlers in our cities who for some reason or other have not been compelled to enlist. They are said to frequent the pool rooms, the movies and the ball games...

The American order does not throw upon a local magistrate the duty of deciding what is a useful occupation, but peremptorily puts in the idler and non-useful class gamblers, race-track and bucket-shop attendants, fortune tellers, clairvoyants, palmists, waiters, and bartenders, elevator operators, doormen and footmen, other attendants of clubs, hotels, stores, apartment houses, office buildings and bath houses, theatrical employes other than actors, domestic servants, and clerks in stores and other mercantile establishments...

The sting of the order is in the tail which threatens to throw out of employment thousands of clerks employed in banks, insurance offices, dry goods stores and many other enterprises. Leading New York papers fear that a great injustice will be done a number of men employed as clerks in stores and offices, who have no training to fit them for work on the farm, in the ship yard or in the munition plant...

The question is not free from difficulty. We will come face to face with the difficulty when our registration of man power and woman power in Canada is completed and the government is called upon to put in force something like industrial conscription. Our people are chafing under a condition of affairs which enables alien enemies to enjoy high wages and live in perfect security while loyal Canadians are facing danger and death for \$110 a day...

In a nation at war every man should be helping in some way to win the war, but he may be doing it in one of many ways. The physician who helps preserve the health of the civil population is doing national service just as truly as the surgeon at the front. Yet they are talking of conscripting surgeons in the United States for military service and they seem to be dealing with war time problems in a thoro manner...

War Problems. There is nothing more than usual to be disturbed about in the new German drive, which has not been forced home with the same power as the previous ones. We shall be prepared to hear that the German reserves are not as great as estimated. Prisoners report that two of the present divisions would not make one former one. Boys of 17 and 18 are numerous among the prisoners recently captured. The French artillery wrought fearful havoc in the heavily massed ranks of the men sent forward on Sunday and the German losses are described as very heavy...

It is now admitted that the blockade of Ostend and Zeebrugge by the British naval forces has been so effective that these ports are practically useless for submarines. A German officer admits this and declares that the Scheldt will be used, as Germany must have a port near Britain; even though they add another to their list of foes. Holland may be in the war yet, before Foch administers his coup de grace, and Holland's assistance would be useful...

Another revolt among Austrian troops is reported, and there are other indications that the final catastrophe is hastening. Ex-Prussian Cadet Killed in Alpine Accident at Camp Rathbun.

Deserter, June 10.—Cadet C. A. Bender, 31st Squadron, B. A. F., was killed in an airplane accident one and one-half miles northeast of Camp Rathbun at 4.45 this afternoon. No details of the accident have yet reached here. Cadet Bender's next of kin is his mother, Mrs. E. P. Bender, 173 Florence avenue, Winnipeg, Man.

Canadian Northern Authorized to Construct Improvements in the West. Winnipeg, June 10.—The Canadian Northern Railway will spend in the neighborhood of \$2,000,000 in improvements and the construction of new branch lines this year, according to an announcement made today...

Impossible for Enemy to Advance to Paris. French Headquarters, June 10.—The scene of the latest offensive is a wooded, hilly country, bisected by the River Matz, which flows south, joins the Oise at Montigny. The enemy's principal progress yesterday was along the course of the Matz. His first objective was probably to reach the Oise and thence strike in the north of the Oise, which might result in our withdrawal to the south bank...

Semenoff Beats Bolshevik Force. Admiral Kotchak Collects Another Army to Attack Soviets. Harbin, Manchuria, June 10.—General Semenov, leader of the anti-Bolshevik forces in Siberia, has driven back the Russian troops which had crossed the Onon River in Transbaikalia. Advice received from a stock exchange here, however, says that Semenov is facing heavy odds...

United States Must Open Eastern Front in Russia. Newark, Del., June 10.—"We must go into Russia and make an eastern front," declared Wm. H. Taft, former president, in a speech at Delaware College today, while discussing the war. "The eastern front," he continued, "has been lost to the Allies. He referred to the wonderful rising of England and France at the Marne, and the splendid result when many persons did not believe this possible."

Mexican Brigadier-General Rejected by Canadian Army. Boston, June 10.—A man giving the name of J. E. Murphy walked into the office of the Canadian recruiting officer today and asked if there was room in the army for a brigadier-general. The officers assured him there was, and Murphy told them he was a Canadian, 33 years of age, who had served three years in Mexico under General Pascual Orozco with the rank of brigadier-general. After a physical examination he was rejected because of web toes. Murphy refused to be discouraged, however, and said he would go to Canada and try to recruit officers there until he was accepted.

AVIATOR MEETS DEATH. Cadet Killed in Alpine Accident at Camp Rathbun. Deserter, June 10.—Cadet C. A. Bender, 31st Squadron, B. A. F., was killed in an airplane accident one and one-half miles northeast of Camp Rathbun at 4.45 this afternoon. No details of the accident have yet reached here. Cadet Bender's next of kin is his mother, Mrs. E. P. Bender, 173 Florence avenue, Winnipeg, Man.

SNUB TO THE VETERANS. Timiskaming Branch Rejected For Objections to Registrar. Halleybury, June 10.—The Timiskaming branch of the G.W.V.A. has been gaily rebuffed by Secretary G. D. Robertson, chairman of the registration board, Ottawa, who, in reply to the association's objection to the appointment of Dr. C. W. Haenschel as registrar of the district, owing to his alleged Prussian birth, suggested that the veterans mind their own business. The answer to the veterans' telegram says in part: "We are thoroly satisfied with Dr. Haenschel's loyalty and capability. If, as you indicate, the veterans are wholly for victory for the allied armies they can occupy their time to better advantage by supporting Haenschel than by trying to embarrass him in the discharge of his duties."

FOUND DEAD IN HOME. Kingston, June 10.—Mrs. Nellie McHenry, aged 75, for many years a prominent music teacher, was found dead in her home near Napanee. She lived alone. Her body was found by a little boy whom she had been teaching. Death was due to heart trouble.

TO SPEND \$2,000,000 IN THE BRANCHES

Canadian Northern Authorized to Construct Improvements in the West.

Winnipeg, June 10.—The Canadian Northern Railway will spend in the neighborhood of \$2,000,000 in improvements and the construction of new branch lines this year, according to an announcement made today...

SEMENOFF BEATS BOLSHEVIK FORCE

Admiral Kotchak Collects Another Army to Attack Soviets.

Harbin, Manchuria, June 10.—General Semenov, leader of the anti-Bolshevik forces in Siberia, has driven back the Russian troops which had crossed the Onon River in Transbaikalia. Advice received from a stock exchange here, however, says that Semenov is facing heavy odds...

United States Must Open Eastern Front in Russia. Newark, Del., June 10.—"We must go into Russia and make an eastern front," declared Wm. H. Taft, former president, in a speech at Delaware College today, while discussing the war. "The eastern front," he continued, "has been lost to the Allies. He referred to the wonderful rising of England and France at the Marne, and the splendid result when many persons did not believe this possible."

Only Youths Will Be Taken For the Royal Air Force. Ottawa, June 10.—Word has been received in Ottawa that no further recruits can be taken at present for the Royal Air Force, except youths of between 18 and 19 years of age. Even these, if accepted, will only be put in the reserve with the promise that they will be called up for service some time next fall or winter...

Mexican Brigadier-General Rejected by Canadian Army. Boston, June 10.—A man giving the name of J. E. Murphy walked into the office of the Canadian recruiting officer today and asked if there was room in the army for a brigadier-general. The officers assured him there was, and Murphy told them he was a Canadian, 33 years of age, who had served three years in Mexico under General Pascual Orozco with the rank of brigadier-general. After a physical examination he was rejected because of web toes. Murphy refused to be discouraged, however, and said he would go to Canada and try to recruit officers there until he was accepted.

THE WOMAN WHO CHANGED

BY JANE PHELPS

Mrs. Collins Is Angered. CHAPTER CIV.

"Naturally not!" she returned with an ill-disguised sneer when I said that she would not be as concerned over George as I was nor so sensitive to waiting in the crowded station. "It was kind of you to bring Mr. Howard home and I do appreciate it. I rang for tea, giving her no time to answer. You see the hotel clerk kept me informed and said he would see that he got up all right when the train came in. I stretched the truth a little, but at least I had no one to tell me I was wrong."

"You did perfectly right, dear," he returned just as Coleridge brought the tea. I never let the hotel serve. It seemed so much more homelike to have Celeste do it. A dull flush covered Mrs. Collins' face. I saw she was annoyed, angry. It raised my spirits immensely. To think that a little country-bred girl could annoy the lovely Julia, shake her poise, was to say the least, encouraging.

She left as soon as she had finished her tea. I thanked her again for her kindness, and expressed the hope that if George ever had another accident she would be where she could bring him to me. While I was talking I saw that look of satisfaction, of pride or something of the sort George's face that he always wore when I had held my own with another woman. "Oh, George, you are sure you aren't badly hurt?" I said as soon as I closed the door after Mrs. Collins. "Isn't there something I can do for you?"

"Yes, come here and give me a kiss!" I kissed him fondly, running my fingers thru his hair. For once I dared take liberties with him. "So you were worried?" "Worried! I was almost wild with anxiety. I went down to the station, but when I saw that crowd all raven up with curiosity, I couldn't bear to stay. It seemed to me that my feeling for you was too wonderful to let them all gaze at me." "Please let me call a doctor." "No, indeed, and you don't think it was because I didn't care enough, do you?" "No, dear. I understand you better than you think."

For half an hour we talked. The most satisfying talk we ever had had together—from my point of view. I told him how I cared for him; how I resented the implication that I did not. And that I wanted to please him in everything. I told him all this without in any way belittling myself. A while back I should have talked very differently, should have begged him to love me and probably wept a little. As I left him to dress for our tete-a-tete dinner I said aloud: "I owe Mrs. Sexton a lot," and I did. It was because of my talk with her that I was able to keep calm and dignified in my heart-to-heart conversation with George.

Really I had tried very hard to be quiet and undisturbed because of Julia Collins' unwarranted intrusion—that was what I called it. And as Mrs. Sexton had said I should, I was reaping my reward. This episode more perhaps than anything else which had happened had made me absolutely determined to leave nothing undone that would make me what George wanted me to be. For a moment George looked at me without saying anything. Then with his left arm he drew me to him. (It was his right wrist that was sprained). "I understand, dear. I should probably have felt just the same had you been on the train. When we are very much interested we do not care to take the public into our confidence."

"No, indeed, and you don't think it was because I didn't care enough, do you?" "No, dear. I understand you better than you think." For half an hour we talked. The most satisfying talk we ever had had together—from my point of view. I told him how I cared for him; how I resented the implication that I did not. And that I wanted to please him in everything. I told him all this without in any way belittling myself. A while back I should have talked very differently, should have begged him to love me and probably wept a little. As I left him to dress for our tete-a-tete dinner I said aloud: "I owe Mrs. Sexton a lot," and I did. It was because of my talk with her that I was able to keep calm and dignified in my heart-to-heart conversation with George.

Tomorrow—Bar Harbor.

DOMINION BOARD OF POWER CREATED. Ottawa, June 10.—With a view to investigation of the fuel and power resources of Canada, the "Dominion Power Board" has been created under the chairmanship of Hon. Arthur Meighen, minister of the interior. The members of the board are: A. St. Laurent (vice-chairman), assistant deputy minister, department of public works; C. N. Monsarrat, consulting engineer, department of railways and canals; W. J. Stewart, consulting engineer, department of external affairs, regarding international waters; John Murphy, electrical engineer, Dominion Railway Commission; H. G. Acres, chief hydraulic engineer, Hydro-Electric Commission of Ontario; O. Higgins, chief electrical engineer, department of inland revenue; D. B. Bowling, geologist to department of mines; B. Y. Haanel, chief engineer, fuel testing division, department of mines; J. B. Chalmers, secretary chief for the National Association of Manufacturers; J. B. Chalmers, secretary chief for the National Association of Manufacturers; J. B. Chalmers, secretary chief for the National Association of Manufacturers.

DEBERTERS ARRESTED. Kingston, June 10.—Private H. George Patterson and Edward Lindsay were arrested near Napanee by Chief Barrett charged with deserting from the C.E.F. at Halifax, and are under court martial in Kingston. They said they were tired of the life of a soldier.

Malt and Hops for Health and Vigor. Scientists have placed their stamp of approval on a pure brew of malt and hops as food in a most easily digested form. The food value of barley and the tonic value of hops are combined in an ideal way in the delicious beverages—O'Keefe's IMPERIAL BEERS Ale • Lager • Stout. O'Keefe's Imperial brews are prepared to conform strictly to the legal requirements and enable every person to increase health and vigor by the daily use of a beverage that is delightful to the palate and convenient in every way for family use. Do not deny yourself the beneficial, invigorating effects of malt and hops, now available for you. Try a case of Imperial Lager, or possibly you will prefer the Ale or Stout. Order a case from your grocer. Ask for O'Keefe's at hotels, cafes or restaurants. O'Keefe's Ginger Ales can also be obtained at grocery stores in a wide range of very superior flavors. The O'Keefe Brewery Co. Limited TORONTO ONT. TELEPHONE Main 4202 855

PLAYS, PICTURES AND MUSIC

"GENERAL POST" REPEATS AT ALEXANDRA THEATRE - That "General Post" should have drawn such crowded houses as to warrant a second week's run at the Royal Alexandra is quite as much a compliment to the Robins Players as to the clever author, J. E. Harold Terry.

ALLEGORICAL STORY FILMED AT GRAND - "The Eyes of the World," the famous novel by Harold Bell Wright, has followed in the present popular path and has been "cinematized" and is being shown for the first screening in Toronto all week at the Grand Theatre.

BEST BILL OF SEASON THIS WEEK AT LOEW'S - Undoubtedly one of the best bills of the season has been arranged for this week at Loew's Theatre and Winter Garden. The week's bill, which is far above the average, is headed with Montagu Love in "The Cross Bearer."

MADISON BLOOR AT Harry Morey, Florence Deshon - "The Golden Goal" - Pride of race, bitterness of heart, stern resolve and a heartless husband are the lot of an unwilling daughter caused by a mother who loses heavily at bridge, and who uses this means of retrieving her honor, are the plot of the drama, "The Life Mask."

NO USE OF GOING TO CAPITAL NOW - Sir George Foster advises the Mayor Regarding the Protest Meeting. Sir George Foster, acting prime minister, in a letter to Mayor Church says he does not think it necessary or advisable for a deputation to go to Ottawa to protest against the removal of the C. N. R. offices from Toronto to Montreal.

CANADIAN CASUALTIES - Killed in action: J. R. Boucher, Shawinigan Falls, Q.; H. S. Hall, Delta, Col.; Michigan: A. E. Carey, Hull, Q.; T. J. Wellington, Wale, C.; J. E. Brown, 703 Rushton road, Toronto; J. Brown, 703 Rushton road, Toronto; J. Keefe, St. John's, Nfld.; J. Keefe, St. John's, Nfld.; J. Keefe, St. John's, Nfld.; J. Keefe, St. John's, Nfld.

AT THE MADISON - The headline at the Madison Theatre for the first half of this week is "The Golden Goal," a Vitaphone picture starring Harry Morey and Florence Deshon.

Work on New Military Buildings at St. Andrew's to Be Rushed - It is stated by Toronto military headquarters that tenders are now being called for in connection with the new military buildings to be erected on the site of the old St. Andrew's College.

"BLUE DEVILS" COMING - Toronto is to have a visit from the company of the "French Blue Devils," the men who fought the Germans in the 1914 advance. This was announced yesterday afternoon by Mayor Church.

WASTE COMMITTEE REPORT - The waste committee of the Red Cross report for last month \$1400.96. The department also undertook to collect records and musical instruments for the soldiers here and in France, and as a result the department has to its credit 444 records and 100 musical instruments.

BISHOP SWEENEY RETURNS - The Bishop of Toronto has returned from confirmation and visitation at the parishes of Pentangshuene and Midland. He will attend the service of dedication of outgoing Anglican foreign missionaries in connection with M.S.C.C. at St. James Cathedral this evening.

HARBOR WINS FLAG - Has Largest Number of Boys Enlisted for Farm Work. Harbor Collegiate Institute was presented with a large flag yesterday which it had won for having the greatest percentage of enlistments for farm work of any college.

MORE ENGINEERS LEAVE - Another large draft of members of the Canadian Engineers will leave Toronto this week for the training centre at Brockville. The draft will total about 200 men.

OBITUARIES

PIONEER LUMBERMAN WAS WIDELY KNOWN - Toronto lost another pioneer in the death of Frank Hillcock, of 271 East Dundas street, which occurred yesterday. Born at the corner of Adelaide and Victoria streets 77 years ago, Mr. Hillcock early engaged in the lumber business in partnership with the late John Kent, having offices at the corner of Chestnut and Elizabeth streets.

CLASSES FOR FOREIGNERS - Collegiate Principals Recommend that Special Courses Be Started. The principals of Harbor and Jarvis Collegiate Institutes have forwarded a letter to the board of education dealing with evening classes for foreigners. They state that there is a marked difference in those foreigners who wish to become citizens and those who are learning only their selfish motives.

SOCIETY CONDUCTED BY MRS. EDMUND PHILLIPS

The Duke and Duchess of Devonshire will open a recently completed section of the Lennoxville school, which is being built to accommodate J. K. L. Ross. His excellency will be accompanied by members of the vice-regal household.

Mrs. E. F. B. Johnston, president of the I.O.D.E. Preventorium for Children, invited the regents of the Toronto chapters of the I.O.D.E. and many interested friends of the institution to inspect the children and see in what order the home is kept.

The engagement is announced of Margaret Harrington Owa, fourth daughter of the late Rev. H. B. Owen, rector of Markham, to Rev. Canon Alex. W. Macnab of St. Alban's, Toronto.

Today in Brantford the National Council of Women is holding its preliminary meetings in connection with the annual convention.

The candidates who, it is announced, will stand for the presidency are Mrs. L. A. Hamilton of Toronto, and Mrs. G. M. Riddell of Port Hope.

A soldiers' hospital for members of the Canadian Expeditionary Force will be shortly put in operation by the Toronto district authorities at Camp Borden.

Granulated Eyelids, Sore Eyes, Eyes inflamed by exposure to sun, dust and wind quickly relieved by Murine Eye Remedy.

HEALTH TALKS

BY WILLIAM BRADY M.D.
NOTED PHYSICIAN AND AUTHOR

Dr. Brady will answer all signed letters pertaining to health. Writers' names never printed. Only inquiries of general interest are answered in this column, but all letters will be answered by mail if written in ink and a stamped, self-addressed envelope is enclosed. Requests for diagnosis or treatment of individual cases cannot be considered. Address Dr. William Brady, in care of this paper.

Round Shoulders and Hollow Chest

About one out of every ten children between the ages of ten and fifteen you see round-shouldered and hollow or flat-chested. Allowed to continue uncorrected, it ultimately leads to a host of eye, ear, nose, throat and general ailments, and handicaps the individual throughout life. If our public schools were what it should be, the proper physical training of children of that age would prevent the development of such deformities and give the young idea a chance to shoot straight in life. But the teaching staff itself is generally untrained, and physically trained, so it is probably natural that these physical defects should be ignored in the school.

Another excellent stunt, which must be faithfully carried out every hour by the clock, is clasping the hands behind the back as for a rider to mount, then turning thumbs forward, downward, under and back, without releasing the finger clasp. This pulls the shoulders forward and down into proper or exaggerated erect posture. The posture must be held one minute by the clock, the child may walk about if he wishes.

Every round-shouldered, flat-chested child should have daily gymnastic work, hold particularly swimming, under a trained physical director.

QUESTIONS AND ANSWERS.

Karelling Does Not Weaken.
Should a mother try the Karell regimen while nursing a baby? I have taken your Karelling book and find that I am a little bit, but I do not want to imperil the baby's health in any way. (Mrs. C.)
ANSWER.—Certainly, she should Karell if she is so stout. It will probably improve the baby good, for an obese mother is never a howling success at nursing her baby.

LONDON WE COMES DUKE AND DUCHESS

Seven Thousand Children Participate in Reception in Victoria Park.

London, Ont., June 10. — Despite shower and chilly weather many thousands turned out today to welcome their Excellencies the Duke and Duchess of Devonshire.

The civic reception was held this morning in Victoria Park, 7,000 school children participating by the singing of patriotic songs. From there the party made a tour, inspecting a number of public schools and hospitals.

After a civic luncheon tendered his excellency, the visitors attended the general assembly, where the mayor-general delivered a brief address. The visit would end by arrival of troops on Carleton Place Heights. The duchess was entertained to a luncheon at The Kennels by the national council of women.

At noon his excellency addressed a joint gathering of the Canadian and Rotary Clubs, in which he dwelt on the seriousness of the war situation, and said Canada would have to put forth still greater efforts.

The feature of the military review was the presentation of decorations to a number of officers and privates, the most interesting being the presentation of the Military Medal to the mother of the late Sergeant Bart Lumley of Iona, Ont., who was gassed for the decoration while in France and killed during an air raid on London.

SEIZE LIQUOR LOAD TO LIQUIDATE FINE

Ottawa, June 10.—The Hull authorities have a unique method of collecting debts due to the corporation as the firm of Bate and Company are now aware.

The story opens with the filing of the Bate firm about two weeks ago covers its insolvency, then the patent of the Quebec liquor license laws in that they were found guilty of selling intoxicating liquor thirty-five seconds below a wholesale license.

A fine of \$225 with costs amounting to \$10 was imposed on the firm, which neglected in spite of its payment, to attend to the matter.

On Friday one of Bate's horses and rigs was proceeding along the Aylmer road with a fine load of liquor, when the driver was hailed by Bailiff Souette, and told his outfit was seized for debt, and it was driven back to Hull.

Mr. Bate had to produce \$225 in cash before his outfit was released.

WIDESPREAD MOVEMENT AGAINST BOLSHEVIKI

London, June 10.—The movement engineered against the government by anti-soviet deputies is assuming a threatening character, according to a despatch from Moscow.

Deputies are boycotting the soviet deputy delegates and even attacked them violently.

A general political strike appears to be imminent. In several provincial towns deputies have taken place anti-soviet meetings have been returned with large majorities.

IMPLICATES TWO MEN.

Alleged Admission by Suspected Murderer at Halesbury.

Halesbury, June 10.—Two other men, Jackson and Morrison, were implicated in the murder of Theodore Taylor the Tomstown farmer, who was beaten to death on Victoria Day by Charles Cooper, his stepson.

Cooper in his alleged declaration admits that the motive of the crime was to inherit the home of the late farmer, and that he was the tragedy upon the two missing men, who are now being sought in the bush by the provincial police.

Cooper was later committed for trial and removed to the jail at North Bay, where he will be held until the sitting of the fall assizes.

Aching Head, Pains in Back

Heart Action Was Weak and Nerves Greatly Exhausted—Now in Extra Good Health.

Tweed Ont., June 10.—This is a cheering letter from Mrs. Wagar, because it describes the condition in which many women find themselves and tells how cure was effected. Once the food cure was resorted to the system was gradually and certainly built up and reconstructed. The reason for their existence had been overcome. It is well worth while to give Dr. Chase's Nerve Food a trial when such results are obtained.

Washington, June 10.—Federal court decrees prohibiting newspapers from publishing articles held to embarrass the administration of justice, although not committed within the presence of the courts, were sustained by the supreme court in upholding Judgment against the Toledo Newspaper Co., publisher, and N. D. Cochran, editor-in-chief of the Toledo, Ohio, News-Record, for contempt of court.

MADE BRIGADIER-GENERAL.

London, Ont., June 10.—While not officially announced, it is understood here Col. Frank Reid, who had charge of the voting of the overseas vote in the general election, has been made a brigadier-general. Col. Reid went over with the first contingent as a member of that force from this city.

CANADA REGISTRATION BOARD CARD FOR FEMALE'S

DATE OF REGISTRATION: 1918

1. Name in full (surname last)?

2. Address (government)?

3. Nationality? Can you speak English? French?

4. British subject? by birth? naturalization? marriage?

5. Are you single? married? widow? divorced?

6. How many children or wards? Will those children be recorded by another registrant?

7. Do your health and home life permit you, if required, to be recorded full-time paid work? (Please mark answering "NO" here, need not answer any of the following questions: If answering "YES" or, if in doubt, should fill up rest of card. All must sign affirmation.)

8. Do your circumstances permit you to live away from home?

9. What is your present main occupation?

10. If in business as employer, state number of employees.

11. State particulars of work, if you have:

12. State length of occupation, if any, in:

13. Can you:

14. Indicate here any qualification or practical experience which you possess, not already recorded.

15. Considering your health, training and experience, and the national needs, in what capacity do you think you could serve best?

16. Do your circumstances permit you to give regular full-time service without remuneration?

I affirm that I have verified the above answers and that they are true.

Signature of Registrant.

Procedure of Registration

On June 22nd every person residing in Canada, male or female, British or alien, of sixteen years or over, must attend one of the registration booths located in his or her district, and there observe the procedure explained below.

Where to Register

Every person required to register has the privilege of registering at any of the public places provided for that purpose. The location of all such places will be specified in proclamations posted conspicuously.

In Cities and Towns, many of these places will be open for registration purposes prior to Registration day. Where such arrangements are made, the local papers will supply full information.

Large industrial and business concerns are being asked to provide facilities for registering their employees. Where they do so business will not be interfered with, and employees will suffer no loss of time.

While all are compelled to register on Registration Day, it is not contemplated by the Government to force the sick, feeble and aged to turn out. If such persons will notify the Registrar prior to June 22nd of their inability to attend at a place of registration, an effort will be made to register them at home, provided the request is reasonable and justified.

Remember the Day—June 22nd—Remember the Hours—7 a.m. to 10 p.m. Register early and get your Certificate for your own protection.

How to Register

The procedure of registration is simple. The questions upon the registration card can be answered very easily, but they must be answered truthfully and fully.

The card shown in the illustration is a facsimile of the registration card for females. An advertisement showing the card for males appears in another paper.

Study the questions carefully so that you will be able to answer them promptly when registering. If you have any special qualification, or feel that your services would be more beneficial to the country in some other line of work, say so.

Canada Registration Board

WELCOME MEMBERS OF WAR CONFERENCE

All London Papers Carry Long, Special Articles and Editorials.

NO BREAD OF IDLENESS

Must Have Time to Acquire a Knowledge of Facts and War Atmosphere.

London, June 10.—The newspapers carry long special articles and editorials welcoming the members of the imperial conference. The Daily Telegraph says:

"To have among us, moving in our midst and sharing the innermost councils of the British cabinet is at once a stimulus and an inspiration."

It goes on to point out that the conference will consist, as last year, of a special continuous series of meetings of the war cabinet, the war cabinet can, of course, call in at any time any other minister whose department is especially interested. It says that something further may be done at the forthcoming conference to give a sharper definition of the principles laid down last year, affecting the Dominions, the it is not likely that much time will be spent on theoretical problems. The whole and sole pre-occupation of every delegate is how soonest to bring the war to a victorious end.

"Australia and New Zealand," it continues, "have sent premiers who declare fearlessly for the new Australian Monroe Doctrine of 'hands off the Pacific.' Discussions of that theme alone must be of first rate importance, from the obvious bearing it has on any possible terms of peace."

The Times says the second meeting of the imperial war cabinet is in itself a proof that the Dominions' members were very clear last year that the work done then was indispensable. Claims upon their time at home are sufficiently imperative, and Sir Robert Borden in saying that he and his colleagues are anxious to accomplish their mission without delay expresses the feeling of the representatives of the other Dominions. As the crisis of war unfolds, everything depends upon

FORCED TO SUSPEND THRU FIRE DAMAGE

Winnipeg, June 10.—The Winnipeg Telegram issued today its last edition for some time. Following a survey of the damage caused by the fire to the plant by Saturday's fire a meeting of the board of directors has decided to suspend publication indefinitely. The Telegram Publishing Co. issues the following statement today:

"A complete survey of the damage by Saturday's fire to the plant of The Telegram shows that the loss is far greater than was believed. The plant is almost completely wrecked, the machinery almost a total loss and the building itself is in such a shape that it will require almost complete remodeling to make it once more serviceable."

"Under the circumstances there is but one thing to be done. Much as The Telegram regrets having to take such a course, it is compelled to suspend publication until such time as its plant can be rehabilitated and its premises once more put in shape to carry on the business of publishing a daily paper."

The cause of the fire has not been determined and investigation will be commenced tomorrow morning.

FRENCH-CANADIAN BRIGADE.

Sir Robert Borden Cables He is Taking Up the Question.

Montreal, June 10.—P. R. Du Tremblay, member of parliament for the Laurier-Outremont division of Montreal, received a cable this morning from Sir Robert Borden in which the prime minister intimated that he was taking up with Sir Edward Kemp, minister of militia overseas, the question of a French-Canadian brigade.

Mr. Du Tremblay had an interview with Sir Robert Borden in reference to the formation of a French-Canadian brigade before the war. Sir Robert promised consideration of the suggestion. Recently when Gen. Mewburn, minister of militia, denied that he had announced in Quebec that a French-Canadian brigade would be formed, the member for Laurier-Outremont reminded the premier by cable of his promise.

"VENUS" COTE CASE.

Ottawa, June 10.—The case of "Venus" Cote has been submitted to the department of justice, and action by the government is expected shortly. "Venus" Cote was sentenced to two years in the penitentiary for posing as a man. At the time she was log driving at Restigouche.

GOVERNMENT TO RUN BRIQUETTING PLANT

Will Operate in Southern Saskatchewan Turning Lignite Into Fuel.

Ottawa, June 10.—Establishment of a lignite briquetting plant to be financed and operated by the Dominion, Manitoba and Saskatchewan governments, is recommended by the lignite committee of the advisory council for scientific and industrial research. The committee's report which will be issued shortly, favors establishment of the plant in southern Saskatchewan "at a locality where the lignites are of poor grade with the idea that if it were successful at this point, it would undoubtedly be successful elsewhere in Saskatchewan and Alberta."

The report further states: "The art of producing carbonized briquettes has passed the laboratory stage and no further information can be got by laboratory methods. The producer must face the difficulties inherent in commercial production, which are approximately of the same order as those met with in the smelting of certain ores. The road to success in the briquetting problem is strewn with the wrecks of amateur attempts to do this apparently simple thing, which accounts for the fact that private capital is so chary of such enterprises. The problem, therefore, in Saskatchewan, is one which should be undertaken by the government as a public utility, at least until such processes as may be adopted are demonstrated a commercial success."

The committee's estimates give \$400,000 as the capital cost of the completed plant. Production costs at the plant for carbonized and briquetted fuel, covering operating costs and fixed charges, are estimated at not more than \$7 per ton. In this estimate, no financial allowance has been made for the recovery of by-products which are stated to be large and valuable.

MINIMUM WAGE FOR WOMEN.

Winnipeg, June 10.—The first minimum wage for women in Manitoba has been set by the Manitoba Minimum Wage Board at \$9.50 a week for experienced women workers in the laundry trade.

AML

There are two tints in face powder that should be used. One is a pink with a hint of brown or yellow in it, and almost invisible on an average skin; and brunet, which contains quite a bit of yellow shade and just a touch of pink.

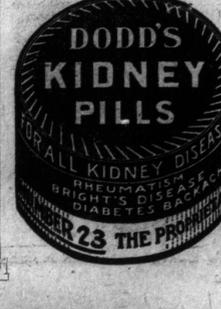

Other shades show up, and shouldn't be used. There is one exception, that—in the case of the full-blooded girl with a very high color in her cheeks. She can use the plain white powder; it won't show against her skin, and it will tone down the flush of the face. Powder is useful enough when not overdone, but it should never proclaim its presence. If it shows, it's in bad taste.

Yet when you go down any street you'll meet girl after girl with a blue nose or a violet chin bisecting an orange pink face, the general effect being that of a mask, or a badly daubed wax model. I often wonder why so many hundreds of perfectly nice girls and women buy these blue-whip or violet-tinted powders and disguise themselves so with them. Of course these powders are supposed to give the skin an ivory whiteness, against which the flush of the cheeks is in delicate contrast. But that's ivory hair cream tones in it at least, while these powders tone in the least color imaginable.

And I'm no prude. If a woman can manage herself more attractive by rouge and color than by the rest of the make-up box, I think she has a perfect right to do so. Unfortunately the average woman knows nothing of the science of make-up, and she checks rosy. With this in mind she proceeds to destroy her real charm and disfigure her face.

Remember that flesh powder goes with any skin, and even lends a tint to the very pale skin; and that brunet powder is best for the very dark girl. Keep to these shades. They're safe.

Questions and Answers. "Jack" recently wrote me a method of preventing that cooking time inside a tea kettle, which "Interested
