## Congress Representing 5,000,000 British Workers Opens at Glasgow

### PARTY LINES BEING FOLLOWED IN PEACE TREATY DISCUSSION

#### Judge McKenzie Intimates Some Secret Reason for Government's Action.

Ottawa, Sept. 8.—The debate upon the peace treaty occupied the house of commons today and will probably continue until Thursday night. Supporters of the government supported the treaty, while all the speeches in criticism of it came from the opposition benches. The Liberal first minister, Mr. Lloyd George, delivered in the Dominion parliament was unnecessary, and in this connection Judge D. D. McKenzie read from the speech of David Lloyd George, delivered in the British house of commons on June 3, 1918. He intimated that the government was seeking a ratification from the Dominion parliament which would carry out some pledge they had made to the imperial authorities.

This led Mr. W. F. Maclean (S. York) to ask if any request had been made by Lloyd George for ratification of the treaty by the parliament of Canada.

Is Canada a Nation? Judge McKenzie replied in the negative but still intimated that there was some reason behind the action of the government in bringing the treaty before the house. It was an attempt, he said, to make the people believe that Canada was a nation when, as a matter of fact, she was simply part of a nation.

Hon. Dr. Beland strongly opposed Canada's entering the league of nations by the action of her parliament and thereby becoming subject to article 16 of the covenant. He said it might involve our being drawn into war against England. He gave notice that he would move the adoption of a resolution clause by which the government stipulated that no Canadian soldiers should be sent out of Canada except by the direction of the Canadian parliament.

A. L. Sifton, Minister of public works, opposed the resolution on behalf of the government. Whether ratification was or was not necessary he said the government was carrying out the plea of the prime minister in submitting the treaty to parliament. Our failure or refusal to ratify would result in the government's authorities ratifying the treaty for us without our consent or would leave us at war with Germany. In either event we would be bound to support the members on both sides to adopt the resolution before the house without discussion.

Speeches were also contributed by Major H. M. Mowat of Parkdale, F. E. Stacey, Unionist member for Fraser E.C., L. C. Lachlan, Liberal member for St. John's, N.B., Ernest Lapointe of Kanouraska, moved the adjournment of the debate.

The minister of justice presented a bill to prohibit members of the Dominion police and of the Northwest Mounted Police from belonging to trade unions. The bill continues in force the provisions of an order-in-council to the same effect, passed under the war measure act. The bill was read a first time.

Sinclair Refutes Charges. Raising to a question of privilege, Mr. Sinclair of Gysorsbore referred to a statement made in the house by Mr. Edwards on Friday in regard to Mr. Sinclair's alleged connection with the

(Continued on Page 7, Column 1).

### PRINCE ARRIVES AT PORT ARTHUR

#### Looks Fit After Fishing Trip—Despite Rain, Big Crowd Greets Him.

Canadian Press Despatch. Port Arthur, Ont., Sept. 8.—The Prince of Wales was greeted today by a crowd of people, which had braved the inclement weather to greet the prince. The weather to extend to him Port Arthur's loyal welcome.

From the C.P.R. station along the route to the collegiate grounds the cheering people crowded about to get a glimpse of their prince, who saluted constantly and looked fit and keen after his rest in the wilds of the Nipigon River.

## CONTINENT WIDE STRIKE TO BE DECIDED THIS WEEK

### Shop Laborers and Section Men in Convention at Detroit May Call Out 600,000 Men.

Canadian Press Despatch. Detroit, Sept. 8.—Definite action by the end of this week on the threatened strike is expected of the convention of the United Brotherhood of Maintenance of Way Employees and Railway Shop Laborers, which opened its sessions here today with more than 2,000 delegates from Canada, the United States and Panama canal zone present.

The membership has already voted power to the executive committee to call a continent-wide strike of the 600,000 men in these crafts unless the demands and working agreements asked of the railway administration of

the United States and the Canadian governments are granted. On Friday the convention, after hearing the report of the national committee, which presented the demands of the brotherhood to directors-general or railroad, W. D. Hines, will discuss the wage question from every angle, including its relationship to living costs, and likely will take decisive action on the proposed strike. Sentiment of the convention is overwhelmingly in favor of a walkout unless the demands are granted.

## REFERENDUM DATE FIXED BY PREMIER, ELECTION WITHHELD

### Cabinet Name October 20th for Ballot on Liquor Issue--No Information Given When Political Decision Will Be Made.

The date for taking the referendum ballot on the prohibition question through the province of Ontario has been fixed for Monday, Oct. 20. This decision was arrived at a meeting of the cabinet held yesterday afternoon, at which all the ministers were present.

The following statement was afterwards issued by the premier, Sir William Massey, which opens here to go to the rural parts of the province where people have a long distance to travel to record their votes.

Some Women Objectors. The day selected for the referendum will appeal to practically all the electorates as the most convenient. Some of the women voters have been known to be going to the polls on certain domestic reasons, but they will now no doubt readily fall in with the majority.

Brace County Distinction. "Bruce county," said Allan M. Dymond, chief election clerk, to The World yesterday, "has the distinction of being the first constituency to deliver the final voting lists, revised and printed. The lists reached here on Saturday."

Mr. Dymond added that the lists were now coming in well, and he had no doubt that they would all be in order by the end of the month.

### SUGAR SITUATION SOMEWHAT ACUTE

#### Granulated Almost Unobtainable, Brown Scarce—Grocers Blame Hoarders.

In many sections of the city sugar of any kind is difficult to get except at a premium. For the last week or so there has been a steadily growing shortage and yesterday when The World canvassed several grocers the situation was found to be somewhat acute. In some cases the dealer stated he had no granulated sugar left, and was persuading his customers to buy brown sugar and in some cases the brown product was nearly gone.

On the other hand, some grocers stated that they had enough sugar to supply their customers and no more.

The wholesalers are responding unanimously according to the grocers, who state that they are being well looked after by their respective jobbers. All dealers with whom The World reporter discussed the situation laid the whole blame on the shoulders of the hoarder, who went from one dealer to another buying small lots of sugar till he had quite a respectable little pile. One grocer thought that if every dealer supplied his own customers only the shortage might be prevented.

The wholesale houses reported no granulated sugar on hand yesterday, but brown sugar was for sale in some quantity. One wholesale man interviewed said there would be "lots of sugar in a few days." It may go up about a cent or so, according to this authority, when it does come back in any quantity. Asked the reason of the present shortage The World's informant stated the strike in the refinery and the shipping of large quantities to the west were the main factors.

## PREMIER'S ILLNESS CAUSES UNEASINESS

### Suffering From Something Akin to Spanish Influenza.

Special to The Toronto World. Ottawa, Sept. 8.—Sir Robert Borden's condition is causing some uneasiness to his family and friends. The premier is laid up with what seems to be an attack of the "flu." Lady Borden is just recovering from an illness which has lasted for some weeks.

The continued moist-warm weather which has prevailed in the city of Ottawa, has produced many cases of illness and there is a general impression that the city is in for even a more serious epidemic than prevailed about a year ago.

While nothing definite can be learned tonight as to the seriousness of Sir Robert's illness it is understood that he will not be able to take any part in the debate on the peace treaty.

## MAY COMPROMISE ON RESERVATIONS

### Canadian Press Despatch. Washington, Sept. 8.—Marked indications of a compromise in the senate controversy over reservations to the league of nations covenant came today from both Democrats and Republicans.

Senator Simmons said he was suggesting a compromise on conservative ratifications of interpretative character."

## ARCHANGEL CLERGY APPEAL TO BRITISH

### Declare That Withdrawal of Troops Would Mean Horrors of Bolshevik Rule.

London, Sept. 8.—The Archbishop of Canterbury has received a despatch from Archangel, signed by the bishop and clergy, appealing to British Christians against the withdrawal of British troops, which, they assert, would leave Archangel to the horrors of Bolshevik rule.

## THIRTY-HOUR WEEK FOR COAL MINERS TO BE DEMANDED

### Big Increase in Wages Also to Be Asked Under Penalty of Continental Strike.

Cleveland, Sept. 8.—A sharp increase in the basic wages of all coal miners in Canada and the United States, the six-hour day, and the thirty-hour week are written largely on the program for the international convention of the United Mine Workers of America which opens here tomorrow. Recommendation that these demands be submitted to the operators at the coming conference at Buffalo, Sept. 25, will go before the delegates upon assembling tomorrow, and the temper of the arriving delegates, nearly all of whom are millers themselves, acceptance of the recommendation. Unless granted by Nov. 1, the date contemplated in the recommendation, a continent-wide strike in the collieries is recommended.

Problems of high and higher cost of living will be the first at the convention. The opening report of Acting President John L. Lewis, who presides in the illness of President Hayes, will be largely devoted to the high cost of living and exhaustive statistics to prove the impossibility of continuing the present wage agreement drawn up in Washington in 1915.

One of the big questions to come up before the convention is the nationalization of the coal mines. "The coal miners of America look forward to nationalization as an ultimate solution of the coal problem," sympathy was expressed toward the G.W.V.A. committee in the fight for what the veterans feel is common justice. A resolution was passed, recommending that the nickel miners be considered and operated by the government and the money thus realized applied toward the payment of gratuity to the veterans. In view of the fact that the product of the nickel mine is used by the Germans to kill Canadian soldiers.

## 30,000 COAL MINERS WILL STRIKE TODAY

Seranton, Pa., Sept. 8.—Thirty thousand mine workers in the Lackawanna valley will be out on strike tomorrow morning, Delaware, Lackawanna and Western employees at fourteen collieries having decided tonight to go out. About 15,000 men are employed at these collieries, and as an equal number of Delaware & Hudson mine workers went on strike this morning, the situation in the northern anthracite field is serious. Both strikes are unauthorized by the district union officers.

## WAITING TO HEAR FROM U. S. SENATE

### First Meeting of League of Nations Will Not Probably Be Held Before January.

Washington, Sept. 8.—It is now practically certain that the first meeting of the league of nations will not be held in Washington in October, as originally planned.

The exact date depends upon action of the United States senate in regard to ratification of the peace treaty containing the covenant which creates the league. Should the senate ratify the treaty in time to permit delegates to arrive for a meeting in November, the meeting will be held then, but if the discussion is much protracted, the meeting time is expected to go over until some time in January, 1920.

The first meeting of the league council, however, can be called any time after three of the principal powers have ratified the treaty. It is expected some time during September. Unless the senate has ratified the treaty by that time the United States would not be represented at the meeting which would be held in Paris or in London. France may already have ratified and Germany is expected by some observers to be done so by the end of September. Italy generally is expected to be the next in line, and Japan is expected to act during the next three months. Great Britain has enacted legislation carrying the treaty into effect, but has not formally ratified it, probably waiting until after the Canadian parliament has acted on the necessary finances they were incapable.

## FOREIGN MARKET OR FACE RUN

### Canadian Wheat Board Discuss All Aspects of Fixed Price.

The room wherein the board of control is wont to vociferously confer accommodated a different host yesterday morning and afternoon. This was the Canadian wheat board and it found itself surrounded by a representative assembly of millers, grain dealers and farmers from all over the province.

The farmers were not as numerous as represented as they should have been, they assert, would leave Archangel to the horrors of Bolshevik rule.

The objective of the millers was to disclose at the afternoon meeting. They say they are not concerned about the fixed price of wheat because it is the margin of profit that is fixed at 25 cents a barrel. They are not concerned, therefore, with the price of orders to keep all the millers going. That means the miller must have orders for export flour now under embargo. He gets no profit on feed, the bran and shorts going at cost. The difficulty for the board is to so regulate the general control that the big mills will not freeze the small millers out of business and that the consumer will not go hungry.

The Millers' Association believes that if the whole machinery of adjustment reposed in the wheat board as between big mills and small mills was left to the millers themselves, all concerned would be well served, all concerned the grain dealer would be at no disadvantage. The farmer could rest satisfied that he was getting back the profit at the lowest price without profit to the miller and the consumer would be benefited in Canada than in some other places.

Chairman Stewart is a better presiding officer than Tommy Church, whose (Continued on Page 7, Column 3).

## G.A.C. POST ADVISE NICKEL CONFISCATION

The executive of Earl Kitchener Post No. 1, G.A.C., met last night and discussed the war gratuity situation. Full sympathy was expressed toward the G.W.V.A. committee in the fight for what the veterans feel is common justice. A resolution was passed, recommending that the nickel miners be considered and operated by the government and the money thus realized applied toward the payment of gratuity to the veterans. In view of the fact that the product of the nickel mine is used by the Germans to kill Canadian soldiers.

## 400,000 Germans Volunteer For Restoration in France

Berlin, Sept. 8.—Four hundred thousand German workers have volunteered for the work re-education in Northern France, according to Vorwarts.

## MASS MEETING HEARS GRATUITY ARGUMENTS

### Globe Editor Upholds Statement That Canada Cannot Afford to Saddle Herself With \$800,000,000 Grant to Veterans.

"The financial resources of the Canadian government are insufficient to pay a gratuity of \$2,000 to the returned men," declared Stewart Lyon, editor of The Globe, in the course of a speech at a mass meeting in Queen's Park last night of returned men, who are pressing for payment of a \$2,000 gratuity. Mr. Lyon showed characteristic courage in facing the heroes, and he was frequently interrupted as he laid out Canada's immense indebtedness with prospects of additional burdens before demobilization is complete.

J. H. Flynn undertook to champion the cause of the men in reply to the Globe's editor. He claimed it was an easy task to raise the money for the gratuity either by means of Canada's share of the indemnity from Germany, by a bond issue or by taxing the profiteers. He also declared that the government would not provide the necessary finances they were incapable. Despite the many interruptions of the editor of The Globe, the vast crowd, which numbered several thousands, was good-humored. Among the big show of the familiar bronze button were many civilian sympathizers.

## WILL NOT IMPERIL WORKER'S DREAM OF LABOR GOVERNMENT

### Glasgow Trades Union Congress Opens Sessions --Indications That Direct Action by Miners Is Unpopular.

Canadian Press Despatch. Glasgow, Sept. 8.—The trades union congress, with a large number of delegates present, began its session today. Questions dealing with the labor situation in all branches of industry are to be taken up and discussed—ranging from increases in pay and reduction of hours of work to nationalization of coal mines, railway and shipping. The congress, considered the greatest ever held in Great Britain, comprises 850 delegates, representing approximately 5,250,000.

The applause which punctuated the opening address of C. H. Stuart Bunting, the presiding officer, when he touched upon the question of nationalization of the government, was the most important of the questions to be dealt with by the congress, seemed to indicate that direct action by the miners to secure nationalization was unpopular.

On the other hand, the sentiment was considered as clearly registering the determination of the congress to the miners in their fight for better industry under government control.

## JUSTICE MATHERS TO GIVE NEW DECISION ON STRIKERS' BALLOT

### Fate of Eight Winnipeg Leaders to Be Made Known Tomorrow.

Winnipeg, Sept. 8.—Wednesday forenoon Chief Justice Mathers will give a new decision as to whether the eight Labor leaders held for seditious conspiracy will be allowed out on bail. A special application was made by J. J. McMurray and T. J. Murray, counsel for the defendants, today. Mr. Justice Mathers and Mr. Justice McDonald sat beside the chief justice in an advisory capacity, but Justice Mathers explained that their presence did not constitute a full court. Decision was served until Wednesday, to be put in writing.

In arguing for the release of the Labor leaders Mr. McMurray quoted numerous authorities to show, first, that the court had no discretion but to grant bail, and secondly, that if it could refuse bail there were no grounds on which it should be refused.

## ARMED IRISHMEN ATTACK A MILITARY CONVOY

### London, Sept. 8.—It is reported that a large party of armed civilians attacked a military convoy near Fermoy Sunday evening. The civilians seized 25 rifles and escaped in automobiles.

## SOFT FELT FOR FALL

English Alpines and Fedoras will be worn extensively this fall. For after the soft felt hat is abandoned the soft felt hat is abandoned. The soft felt hat is abandoned. The soft felt hat is abandoned. The soft felt hat is abandoned.

These were considerable interruptions of Mr. Lyon at this juncture, but he smilingly remarked, "I am able to take care of myself."

Proceeding again Mr. Lyon told the crowd that Canada now owed \$1,650,000,000. When the war began Canada's debt was only \$230,000,000. (Continued on Page 5, Column 3).

### LABOR CONFERENCE DELEGATES NAMED

List Includes Representatives of Employers, Employees and Civic Bodies.

Ottawa, Sept. 8.—The delegates and observers invited to attend national industrial conference, Ottawa, September 15, are as follows: Employers' delegates, representing manufacturing interest in general: T. P. Howard, Montreal; R. Parsons, Toronto; M. P. White, Toronto; J. E. Davies, Medicine Hat; J. G. Genant, Hamilton; J. Burns, Calgary; E. Parnell, Winnipeg; T. E. Deacon, Winnipeg; J. B. Thompson, Vancouver; A. B. Weeks, Vancouver; J. J. Coughlan, Vancouver. Shipping: Thos. Robb, Montreal; G. M. Bosworth, Montreal. Shipbuilding: H. B. Smith, Collingwood; R. W. Wolvin, Halifax. Pulp and paper: F. A. Sabbaton, Grandmets; T. B. Wilson, Sault Ste Marie. Milling: W. J. Black, Montreal. Packing: J. S. McLean, Toronto; O. W. Waller, Toronto. Retail: J. G. Steel and iron: F. W. Whitton, Hamilton; Mark Workman, Sydney. Food products, other than milling and packing: G. F. Benson, Montreal. Woolens: Richard Thompson, Carleton Place. Garment manufacturers: J. S. McKinnon, Toronto. Cottons: F. C. Daniels, Montreal. Lumber and timber: Angus McLean, Toronto; J. F. Fraser, Toronto; J. H. Harris, Newton. Manufacturers of lumber and timber: John N. Shaw, Woodstock. Printing, publishing and book binding: W. J. Bulman, Winnipeg. Rubber: C. H. Carleton, Toronto. Chemicals and allied products: E. G. Henderson, Windsor. Clay, glass and stone products: F. F. Jones, Montreal. Tobacco and its manufactures: W. T. Gregory, Leamington, Ont. Vehicles for land transportation: G. M. McGregor, Ford, Ont. Oils, paints and varnishes: Dr. D. Strachan, Sarnia. Leather and its products: Hon. E. J. Davis, Newmarket, Ont. Machinery: Henry Bertram, Dundas, Ont. Telephones: J. E. MacPherson, Ottawa. Building and construction: Col. J. A. Little, Fort Arthur, H. P. Hazelton, Winnipeg; E. R. Reid, St. John, N.B.; Fred Armstrong, Toronto; J. P. Anglin, Montreal; J. H. Whitlock, Moose Jaw, Saskatchewan; Hugh Blain, Toronto; Geo. B. Fraser, Montreal. Retail trade: A. A. Banfield, Winnipeg; J. G. Watson, Montreal; E. M. Trovorn, Ottawa. Fighting: H. Brittain, Montreal; A. H. Hager, Vancouver. Street Railways: G. Gordon Gale, Hamilton. Electric Power: A. Munro Grier, Toronto. Moving Pictures: J. T. Moxley, Ottawa. Railway Transportation and Telegraphs: A. D. MacTavish, A. J. Hills, G. C. Jones, F. P. Brady, S. J. Hungerford, George Hodgson, H. Ash. Above all members of Canadian Railway Board of adjustment, No. 1. Mining: D. H. McDougall, New Glasgow; B. Neely, Cobalt; Geo. B. Smith, Theford, Que.; E. E. Whitehead, Coleman, Alta.; W. H. Wilson, Fernie, B.C. Canadian Bankers' Association: Three delegates not yet chosen. Employers' Association of British Columbia: E. C. Knight, president, Victoria, B.C. Following is the list of delegates: Trades and Labor Congress: Tom Moore, United Brotherhood of Carpenters and Joiners, Ottawa; P. M. Draper, Ottawa; Robert Baxter, Glace Bay; Arthur Martel, Montreal. Building Trades: A. E. Sterling, Regina; Tom Izard, Toronto; F. H. Healey, Niagara Falls, Ont.; James P. Marsh, Niagara Falls; Jos. P. Hunter, Niagara Falls; James Winning, Winnipeg. Clothing Trades: Fred Bush, Toronto; S. Koldofsky, Toronto. Metal Trades: J. E. Tigue, Toronto; W. C. Hunter, Toronto; J. T. Foster, Montreal; W. G. Powlesland, Toronto. Railway Shop Trades: Frank McKenna, Vancouver; R. J. Tallan, Calgary; Stanley Steeves, Moncton; James Somerville, Moose Jaw. Freight Handlers: A. C. Hay, Winnipeg; A. H. Mosher, Ottawa. Shipping: J. E. Tigue, St. John, N.B.; A. F. Brunet, Montreal. Woodworking Manufacturing: T. Jackson, Toronto. Power House Employees: Jas. W. Frame, Calgary. Electric Railway Employees: J. L. Bourcier, Montreal. Printing Trades: J. Drury, Montreal; R. A. Riggs, Winnipeg; W. R. Trotter, Vancouver; A. J. Larden, Ottawa. Mining: David Irvine, Calgary; J. J. Rousseau, Theford Mines; Jos. Gorman, Cobalt. Boot and Shoe Workers: E. W. A. O'Neil, Hamilton. Broom Workers: W. R. Rollo, Hamilton. Hotel Trades: Arthur Cearny, Toronto; Wm. McKenzie, Vancouver. Packing Houses: L. Brathwaite, Toronto. Paper Trades: Jas. Lockwood, Sault Ste. Marie; M. Labelle, Ottawa. Iron and Steel: E. Dalrymple, Sault Ste. Marie; J. A. Gillis, Sydney; J. Bennett, Hamilton. Civic Employees: W. F. Harper,

### LONDON, ONT.; Henry Bishop, Edmonton.

Clerical and Retail Trades: J. Sexton, Glace Bay, N.S.; E. S. Woodward, Victoria. Forestry Trades: George Smith, St. John's, Que. General Trades: John A. Platt, Hamilton; G. H. Melvin, St. John, N.B. Publishing Trades: J. Simpson, Toronto; G. Franco, Montreal. Amusement Trades: W. F. Cover, Toronto; D. A. Carey, Toronto. Women Workers: Doris Meakin, Winnipeg; Helena Cuttridge, Vancouver. Dominion Service Employees: F. Clerson, Ottawa; J. C. O'Connor, Ottawa; Major M. A. MacInnes, Saskatoon; W. A. MacDonald, Hamilton. Railway Transportation and Telegraphs: S. N. Berry, J. M. Main, Geo. K. Wark, James Murdoch, A. Kennedy, Wm. Dorey, of Montreal; W. L. East, Ottawa; L. L. Pelletier, Ottawa. Shipbuilding and marine trades: Fred Welsh, Vancouver; R. C. McCutcheon, Winnipeg; E. M. Fraser, Halifax; Omer Fleury, Quebec City; John A. McEland, Montreal. Leather and tannery workers — F. Grant, Kingston. Third Group. The following are the members of the third group: Chief Justice Mathers, court of King's bench, Winnipeg, late chairman of the royal commission on industrial relations; Carl Rogers, late member of the royal commission on industrial relations; Charles R. Taylor, member of the royal commission on industrial relations; J. W. Bruce, Toronto, late member of the royal commission on industrial relations; Hon. W. L. Mackenzie King, Ottawa; Hon. Senator Smeaton White, Montreal, late member of the royal commission on industrial relations; A. Acland, deputy minister of labor, Ottawa; Wm. MacLachlan, Toronto, vice-chairman Labor sub-committee of the reconstruction and development committee of the cabinet; Calvin Lawrence, legislative representative, Brotherhood of Locomotive Engineers, Ottawa; H. J. Daly, Toronto; G. Frank Beer, Toronto; Col. David Carnegie, London, England; W. D. Tate, Ottawa, all members of the Labor sub-committee of the reconstruction and development committee of the cabinet; F. A. MacLachlan, late member of the royal commission on industrial relations; John Lewis, manager Montreal Cotton Mills, Valleyfield, member of the Labor sub-committee of the reconstruction and development committee of the cabinet; J. A. Stevenson, Ottawa, member Labor sub-committee of the reconstruction and development committee of the cabinet; J. Mortimer Lamb, secretary Canadian Mining Institute, Montreal; R. R. Grant, secretary of the union of technical organizations; Alfred Burton, honorary secretary Society of Chemical Industry, Toronto; C. A. Magrath, chairman Western Canada Industrial Association, Toronto; F. E. Ewart, American Institute of Electric Engineers, Toronto, reorganizer of the Canadian Electrical Association; Alderman C. H. Grant, Edmonton; Art Turner, Brantford, N.S., vice-president of the Union of Canadian Municipalities; Mayor D. Bourque, Hyacinthe, Que.; W. E. Segaworth, department of soldiers' civil re-establishment, Ottawa; W. J. Lauchlin, secretary United States war labor board, Washington, D.C.; Col. Thomas G. Jones, Nova Scotia Steel and Coal Company, New Glasgow, N.S.; L. L. Anthes, director of information and services, department of soldiers' civil re-establishment, Ottawa; T. A. Stevenson, assistant director of information and services, dept. of soldiers' civil re-establishment, Ottawa; R. B. Maxwell, president Great War Veterans' Association of Canada, Ottawa; C. G. MacNeil, secretary-treasurer of the same association, Ottawa; W. A. Brown, secretary stock branch, department of agriculture, Ottawa; W. S. Blair, Kentville, N.S., secretary of the same department, Ottawa; Geo. H. Clark, head branch, department of agriculture, Ottawa; J. A. McMillan, secretary, department of agriculture, Ottawa; J. A. Ruddle, dairy and cold storage commissioner, department of agriculture, Ottawa.

### HAMILTON

Hamilton, Sept. 8.—The Canadian Club and the Women's Catholic Guild are making an effort to have Cardinal Morneau visit Hamilton during his tour of Canada and the United States. A definite announcement will be made soon. The school children of Hamilton will play a prominent part in the city's reception to General Sir Arthur Currie on Wednesday afternoon. A choir of several hundred voices under the direction of Bruce Carey will be singing on the Central School grounds. School children will also line the route of the general. George C. Copley, after eighteen years as managing director of the Copley, Noyes & Randall Clothing Store, is retiring as managing director. Before joining the above company Mr. Copley was for several years with the John Cadier Company as manager and buyer. July weather in September has resulted in perspiring and cellar-wilting citizens rushing the soft drink and ice cream counters with an avidity resembling the warm days of long ago. The dealers report big business, especially during the past two days. Final plans for handling the Trades and Labor Congress of Canada that will open in the Royal Connaught here in a fortnight have been completed by the local convention committee. Mayor Booker will accord the civic welcome. Controller H. J. Halford, fourth in command of the U.F.O. men, you will have as much influence as if you elect more affiliated men, I think you are mistaken. Just think what chance you will have when it comes to a vote. Refuse Bricker Speech. Sheldon Bricker, a member of the U.F.O. and, incidentally, president of the Liberal Association of the riding, asked for and was granted five minutes in which to speak. But at the very end of his speech he stated that his speech would have been acceptable to many in the audience. WHAT HE WAS SAYING. An Irish mother, recommending her son for a job in a railway company, wrote: "I am pleased to say that my son is a non-smoker and a non-teetotaler."

### PUBLIC ACCLAIM NEW HYDRO PLANS

Move to Buy Oakville and Brantford Lines Pleases the Ratepayers.

Hamilton, Sept. 8.—Sir Adam Beck's announcement that data was secured with a view towards the Hydro-Electric Commission purchasing the Oakville and Brantford lines, now controlled by the Dominion Power and Transmission Company, has set the "home-burners" here again among the thousands of ratepayers who stood behind the "Electric Knight" when he won his recent battle in Hamilton against the corporate interests. It has been no secret that the commission eventually planned to invade the territory of the big power company and during the Hydro radical campaign it was a common saying that victory for Sir Adam would be the death knell of the big power company as far as its radial holdings were concerned. Now that the public have been taken into Sir Adam's confidence they know that they were more than justified in voting to issue 6,000,000 bonds to help build an electric railway to the border, and will result in Hamilton being the hub of the Hydro's systems. While Sir Adam has not yet met Sir John Gibson of the Dominion Power and Transmission Co. for the purpose of talking business, those on the inside know that there is no definite hurry. It is simply a case of watching the "Electric Knight" as a wave of public ownership will eventually absorb all obstructions in its path. Viciously Interested. Hamilton is vitally interested in the situation. The building of the Toronto to Niagara line by the Ambitious City will mean employment for thousands here. It will also result in contracts being awarded to local firms and mean the spending of hundreds of thousands of dollars right in the city. It will place Hamilton in an independent position as far as railroads are concerned and furnish a service which will provide better and more efficient passenger and freight service to Toronto or the frontier. The acquiring of the Brantford line by the commission will also benefit Hamilton as it will bring in business from sections of the province to the present have been none too well served by steam roads. It will open connections with Woodstock and Ingersoll, besides linking up with the London and Port Stanley Railway. It is safe to say any proposition that Sir Adam proposes will be welcomed over the lines of the Dominion Transmission and Power Co. will be endorsed. It looks to be easy picking for Sir Adam.

### NORTH HURON U.F.O. NAME TWO CHOICES

In Selecting Candidates, Pick a Former Grit and a Former Tory.

Special to The Toronto World. London, Ont., Sept. 8.—The fifty-fifty principle was adopted by the United Farmers of Great Britain at their convention in Wingham today. That is to say they agreed, in selecting candidates for the legislature and commons, to choose one who was a Conservative and one who had been a Liberal. The decision to do this resulted in considerable controversy during the meeting, and was demonstrated that party line matters something to those who were present. Eventually the convention chose a Conservative for the legislature, Clayton Turnberry, a former Liberal, four ballots were necessary, the last being between Mr. King and J. N. Kerrigan, of Colborne, the majority being 60. The name of W. H. Fraser, M.L.A., was brought up for the local house, but he was informed that there was an advocate of U.F.O. principles, he would not be allowed to go before the convention because of his connection with the Liberal party. Mr. Fraser, on the other hand, said he would not tie his hands even for the U.F.O. The speakers today included R. J. McMillan of Seaford, prominent reformer because of his accusation regarding padded payrolls in the army. Mr. A. Powers, Mr. J. E. Saunders of Exeter, and Mass Stewart of Colborne township. Mr. McMillan referred in speaking before the convention to his payrolls charge and to the fact that he showed the most recent correspondence in this connection in reply to a letter from Lieut.-Col. Osborne, secretary of the department, he has shown that the charges were based on contents of a pamphlet which is public property and that investigation has already been demanded. Mr. Fraser, Liberal member for the riding, said: "If I go before the electors, it will be with a free hand. I expect my name will be on the ballot, whether nominated by you or not. Many of you think it wise to put in a third party man, I do not. If you would put up a good man, affiliated with either party, you could win in many ridings where otherwise you cannot. If you think that by electing a few non-party U.F.O. men, you will have as much influence as if you elect more affiliated men, I think you are mistaken. Just think what chance you will have when it comes to a vote." Refuse Bricker Speech. Sheldon Bricker, a member of the U.F.O. and, incidentally, president of the Liberal Association of the riding, asked for and was granted five minutes in which to speak. But at the very end of his speech he stated that his speech would have been acceptable to many in the audience. WHAT HE WAS SAYING. An Irish mother, recommending her son for a job in a railway company, wrote: "I am pleased to say that my son is a non-smoker and a non-teetotaler."

### YORK COUNTY AND SUBURBS EAST TORONTO

"CANNOT LEGISLATE MY DRINK OR FOOD" Octogenarian Professor Addresses Ward Eight Liberty League on Referendum.

Professor George Thompson, in a forceful address on the liberty of the citizens, at a well attended meeting of the Citizens' Liberty League, Ward Eight branch, held in Snell's Hall, Main street, last night, said: "Altho I am in my 84th year I have drunk liquor since my first birthday and with one foot in the grave I appeal to my audience to vote 'yes' on the referendum question on election day." Proceeding the speaker said, "I refuse to allow any man to legislate my drink or my food. If the people had been given a referendum when the great epidemic disease passed over Toronto there would be fewer people in their graves today. Because a few of the returned soldiers cranks the most inconsistent crowd on the face of the earth. A moderate drinker lives to the age of 100 and the cranks steps into his grave before his time," said Mr. Thompson who illustrated his statement by pointing out that a man who is a moderate drinker, slipped on a banana peel at the age of 103 and broke his spine. He was then in robust health considering his great age. "I would advocate before leaving this earth the cause of liberty. God gave it to every man and a little wine is good for the stomach's sake." "Have we not enough temperance cranks in Ontario without importing them from sections of the province who blaspheme God. It proves to us their weakness. There are more narrow-minded bigots in the city than it is possible to imagine. The bar I have always contended is a doctor and pay \$2 for a prescription and then pay twice the value for my drop of liquor. "The bar has done nothing more than make thieves and scoundrels out of honest men. The soldier boys struck out for a better life and the clock turned to Canada get strangled in the hands of the liquor traffic. Concluding, the speaker urged that if you don't like a drink yourself, have a heart and vote for the fellow who does.

### FATHER, ALSO MODERATE DRINKER, SLIPPED ON BANANA AT 103.

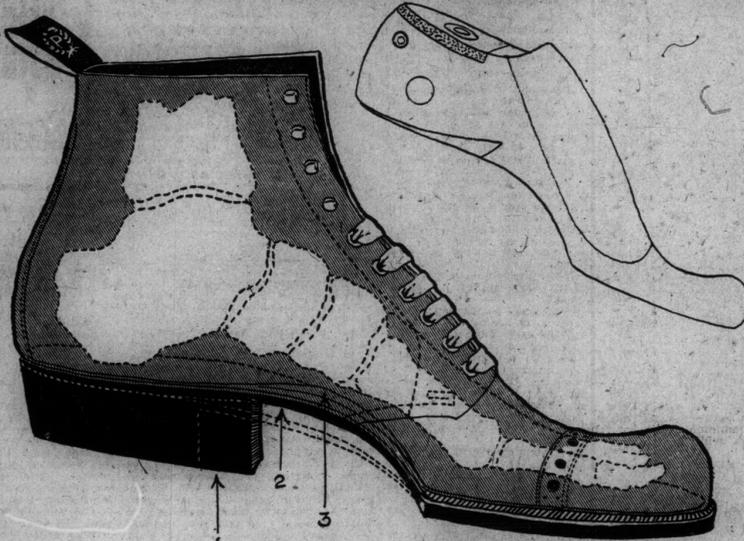

Teetotalist Veteran R. C. Woods, a returned veteran, pointed out crisis now in the heart of the nation. "Liberty is at stake," said the speaker who pointed out that as a result of the referendum the United Farmers of Great Britain has found Canada a different country than they left it. Liberty for which they fought and for which so many died has been taken away. "I don't know the taste of liquor myself," said Mr. Woods. "I stand as an Englishman for liberty and I don't want any imported American to put the way." "The time has come when the returned soldiers are being used as a force for the construction and new spheres of life for the returned soldier. The life previously has been changed. "These are questions for our government to handle without dabbling with the provincial worm. Let them give us the news and write as they will in their editorials. "Everywhere intolerance. "Intolerance is on every hand. The churches are lined up against us, and Methodism is propped up with intolerance," said the speaker in conclusion. T. L. Caruthers, who presided, pointed out that in the three months' existence of the issue ten branches were opened in Toronto and sixty in Ontario. A branch will be opened next week in London, and the total membership is 30,000. The secretary, C. S. Townsend, read a communication from the attorney-general, Hon. I. B. Lucas, as follows: "The press is puzzled, particularly the Star and the Globe. Let them give us the news and write as they will in their editorials. "Intolerance is on every hand. The churches are lined up against us, and Methodism is propped up with intolerance," said the speaker in conclusion. T. L. ## Illustrating the Packard "Archup Shoe" at \$13.00

**A Shoe That Conforms to the Natural Lines of the Foot and Allows the Toes, Bones and Ligaments "Free Play"**

**Note the Features From Nature's Standpoint Marked 1, 2 and 3**

1--Shows extension heel which gives extra support to this part of the foot.

2--Shows the height of the shank with the slope from the inside of the shank to the outside.

3--Shows the inner-sole cut away and lifted up to fit snugly into the arch of the foot.

**A Shoe That One May Wear With Satisfaction and the best of foot comfort from the very first**

This shoe is anatomically correct, made on natural lines, with no extra weight. The flexible outer sole is built close up to the arch. The inner sole is cut away, and ordinary lacing makes the shank hug the foot so that the shoe fits like a glove and supports the foot.

After scientific study into cause and effect the Packard boot manufacturers produced the "Archup Shoe," which has proved a boon to people with foot troubles.

It's a boot with glazed kangaroo uppers and oak tanned soles. Sizes 7 to 11. Widths A to D. Price, \$13.00.

**THE T. EATON CO LIMITED**

**Remove the Carbon With Live Steam**

**When live steam meets red-hot carbon the oxygen is freed from the hydrogen and attacks the carbon.**

In other words, incandescent carbon decomposes steam into hydrogen and carbon monoxide.

That's the principle of the

**Hart Bell Carbon Remover.**

Attach it to your dash or under the hood, and use it occasionally at your convenience.

The moment you open its water valve, while your motor is running, your cylinders fill with live steam. Instantly the action described above takes place in your cylinders. In a very few minutes the carbon, in the form of carbon-monoxide gas, has disappeared through the exhaust.

That's all. No trouble. No expense beyond the trifling first cost. Motor clean and running perfectly all the time.

**PRICES:**  
 On the dash, \$10.00.  
 Under the hood, \$9.00.  
 —Fifth Floor.

### The Stores Convenience

**The Information Bureau—Main Floor, Centre,** where you may secure information about the Store, the city, trains, boats and hotels, send express money orders and telegrams.

**The Post-Office—Main Floor, Centre,** where you may buy stamps, post letters or parcels, or secure money orders or postal notes.

**Mail Order Inquiry—In connection with the Information Bureau—on Main Floor—**for the convenience of our out-of-town customers.

**Free Parcel Check Room in the Basement.**

**Rest Room—Third Floor, Albert Street Section,** where you will find stationery, and are welcome to rest, read or write.

**Frolic Park—On the roof, entrance from Toy Department.** Children may be left in charge of an attendant while parents are shopping.

**Pay Telephones on every floor.**  
**Lost and Found Office—Basement, Albert Street.**

### When on the Fifth Floor

Ask about "Sunshine Auto Polish." It is easily applied with a wet cloth, and it dries quickly and clearly.

Half pint, 25c.  
 Quart, 65c.

Ask about the "Safety First Storm Cloth."

For use on windshields of automobiles, street cars and locomotives.

It is a chemically prepared cloth which with one application to wet windshield will cause rain or snow to run off, giving driver PERFECTLY CLEAR VISION.

It will not smear the shield, or injure gloves, and one application lasts entire storm.

Saves time and eyesight, and prevents accidents.

Price, 50c.

### Ask About the "Simplicity Demountable Wheel Outfit" for Ford Cars

**The Outfit That Enables One to Change Tires Speedily and With Less Burden**

It's an outfit that saves pumping up tires on the road; driving on flat tires (which often costs more in replacement of casing and tubes than the price of a Simplicity Outfit); soiled clothing or hands; special tools for mounting or demounting. (One wrench only is needed.)

It does not add weight to car below spring base; change the appearance of the car, except to improve it—strengthen or change the construction of the car.

It removes the fear of tire troubles, makes all four wheels interchangeable.

Outfit installed complete with spare wheel and wheel carrier, only \$30.00.  
 —Fifth Floor.

### BRITISH TRADERS FORM ORGANIZATION

Canadian Association of British Manufacturers Hold First Meeting.

### EXPERT ADVICE

Commissioners Authorized to Examine and Report Upon Consignments.

The first and organizing general meeting of the Canadian Association of British Manufacturers and their representatives was held yesterday afternoon at the King Edward Hotel. There was only a fair attendance of members, over which John Wilson, the association's president, was chairman. In opening the meeting, he said the association was a most important one, and in the opinion of some optimistic members was likely to become as valuable as the Canadian Manufacturers' Association. The membership roll, he said, represented some 300 to 400 British firms. They, however, required additional members, and would undertake a drive to obtain them.

F. W. Field, H. M. trade commissioner for Ontario, read following letter from the department of trade and commerce in London, England:

**Commission's Powers.**  
 The British Trade Commissioners in Canada have been notified by the department of overseas trade (development and intelligence), London, that they are empowered to appoint an expert to examine and report upon consignments of goods from the United Kingdom, in respect of which a dispute has arisen, and to certify the signature of such experts as authentic. The commissioners will, however, only intervene when requested to do so by both parties to the dispute.

The kind of disputes in which the commissioners may intervene are those regarding goods which are alleged to be not up to sample, or which have

### SESSIONS DOCKET LARGEST YET SEEN

Twenty-Three Out of 198 for Motorists' Criminal Negligence.

Claimed to be the largest docket ever before any court is the one which will come before Judge Coatsworth in the general sessions of the peace which will open today. There are over 198 cases listed already, and it is expected that at least 50 more will come up from the police court during the sessions. These figures far exceed the previous record, which stood at 118 cases. None of the cases booked for hearing were committed for trial by county magistrates.

Those Eligible.  
 Capt. J. Harris, who represents British firms in shoe polishes, declared there were some 300 more men in Toronto eligible for membership, and suggested that each trade section canvass its representatives and get them to become members of the association. They were all out to get fresh agencies not fresh agents.

It was decided to begin today and finish in one month's time a campaign for new members, as suggested by Mr. Harris. The committees to conduct the campaign were forthwith appointed.

The executive council of the association is composed as follows: John Wilson, president, textiles; G. A. Marshall, vice-president, steel; C. W. Beal, pottery; John Harris, shoe polishes; James Haywood, groceries; H. V. Andrews, woolen; E. V. Pannell, aluminum; Arthur C. King, secretary.

### HOPE FOR SETTLEMENT OF OTTAWA SCHOOL CASE

The trouble over the administration of the Ottawa separate schools, which resulted in twenty-three teachers going out on strike there last Thursday, is receiving the serious attention of Hon. Dr. Cody, minister of education. Dr. John Waugh, chief inspector of public schools, who was in Ottawa last week investigating the case, leaves for that city again today, and the minister of education is hopeful of a satisfactory settlement.

### PASSENGERS ESCAPE SERIOUS INJURY

Only Few Cases of Shaking in Partial C. N. R. Derailment.

The war paintings will be on view another week or two weeks at the Exhibition. During the 13 days they were on view no fewer than 107,000 people saw them, the greatest attendance at a paid admittance art show in the world.

### PLANS FORWARDED FOR MOUNT PLEASANT LINE

The works department has sent the plans for the Mount Pleasant car line to the city solicitor and they have gone to the Ontario railway board. The cars proposed are of the semi-conversible double-truck type, with cross seats in the centre and long seats at each end.

### SCHOOL OVERCROWDING MAY REACH CLIMAX

Reports of registration at a number of the Toronto public schools indicate that the overcrowding trouble will be much worse than last fall. Chief Inspector R. H. Cowley states that the extent of the overcrowding will probably reach the climax some time during October. This has been the usual case owing to removals from one part of the city to another causing delays in sending pupils to school for registration.

### WAR PAINTINGS OPEN FOR ANOTHER WEEK

The big guns on exhibit on the lawns will remain for some time until the government decides to distribute them. Some will stay at the Exhibition permanently.

### GRAND TRUNK RAILWAY SYSTEM TIME TABLE CHANGES

Train No. 49, now leaving Toronto 11.30 p.m. daily except Saturday and Sunday for Scotia Junction, will be cancelled last trip from Toronto Friday, September 6.

### FILLING "DEVIL'S DIP"

"We have commenced laying the tracks and work is proceeding in connection with the filling in of 'Devil's Dip,'" stated Works Commissioner Harris yesterday.

### KINGSTON IN LINE FOR UNIFORM POWER

Civic Utilities Commission to Join Campaign of Western Ontario Towns.

Special to The Toronto World.  
 Kingston, Ont., Sept. 8.—At the meeting of the civic utilities commission this afternoon G. Y. Chown brought up a most important matter, that of endeavoring to secure uniform power prices all over Ontario. He drew the attention of his colleagues to a report which appeared in the newspapers recently of a meeting held in Western Ontario when the question of uniform prices was under discussion and where an endeavor is being made to have the prices uniform.

### ASSAULTED POLICE

Charged with assaulting the police Fred O'Halloran, Carl Whitney and W. E. Montgomery appeared in the police court yesterday and were punished as follows: O'Halloran 20 days, Whitney 40 and costs, and Montgomery was remanded to the fifth month. Montgomery was fined \$50 and costs, or seven days for being drunk, while in charge of a motor car.

WITH THE GREAT WAR VETERANS

Items of Interest to Returned Soldiers Will Be Printed in This Column if Phoned or Sent In.

MCNEILL OUTLINES GRATUITY SITUATION

G.W.V.A. Secretary Says Soldiers' Faith in Legislative Institutions Must Be Maintained.

Ottawa, Sept. 8.—The demand of the Great War Veterans' Association of Canada for an increase in the steps which have been taken by the association in this regard, are laid before the members of parliament in a statement sent to every member by the secretary of the association, G. C. McNeill.

In his letter Mr. McNeill states that the step is taken to give every soldier who has served in the post-war period a gratuity and this means is taken to place the matter in a proper light before the members.

Dealing with the growth of the demand for an increased gratuity, Mr. McNeill says the soldier settlement plans did not appeal to everyone, but a corresponding provision was made for those not agriculturists; vocational training available was not adequate to solve the problem; the housing scheme offered no immediate relief; schemes for families who crossed the Atlantic during the war were repatriated at the public expense, while others, equally as deserving, were left to fend for themselves; employment conditions were none too bright; Canadians who served in the imperial forces could not participate in the post-war war service gratuity was distributed in a manner which discriminated against certain classes of men; disabled men could not secure assistance to protect their dependents, and all of these facts accentuated the uneasiness and fostered the demand for a bonus which would enable every man to undertake his own re-establishment independently and in a manner to suit his individual mood.

What the men want is "a square deal," states Mr. McNeill. The men realize that much has been done in solving a stupendous problem, and the assistance which has been given returned soldiers. However, thousands of the demobilized army are still in a precarious livelihood in the Dominion.

Mr. McNeill states that after some controversy the matter came before the Dominion convention in the year 1918, where, as a final compromise, the establishment of a representative tribunal was urged. This body was to investigate the matter and report to the government. The returned soldiers agreed to abide by the findings of this tribunal.

The Dominion command, he states, felt that the modified request submitted to the government was not unreasonable, and the adverse decision can only be in further disaffection and discontent.

"Thank you," says Mr. McNeill, "the request was made solely for a fair opportunity to present for more investigation various schemes most studiously prepared and which offer splendid solutions to a vexatious problem with a modicum of expenditure.

Ideals of G.W.V.A. This association, founded on high ideals of loyalty and service, has offered the country a sure bulwark against the menace of revolutionary disturbances during a period of government. It is therefore hoped that the company will be permitted in the house of commons of the request which has been placed before the government by this association.

Like a Bombshell. Calgary, Sept. 8.—The news of the refusal of the Dominion Government to meet the veterans on the question of gratuities fell like a bombshell among the veterans here, and a meeting was largely attended, was held yesterday afternoon, at which a strongly worded resolution was passed, insisting that the government meet the veterans' committee.

British Cabinet Considering Question of Armenian Menace. London, Sept. 8.—The British cabinet is continuing consideration of the question of the menace in Armenia, arising from the attitude of the Turks and the Kurds. They are alleged to be awaiting an opportunity to act after the approaching withdrawal of outside assistance to the Armenians.

To Daily World Subscribers. The World promises a before-7 a.m. delivery in Toronto and Hamilton. Readers who favor notifying the office promptly of any irregular delivery, it is only by co-operation with the reader that a satisfactory service can be maintained. Telephone complaints to Main 5386, Toronto, or Regent 1916, Hamilton.

VETERANS STRIVE TO SEE MAYOR

Gratuity Deputation Finds Chief Magistrate Absent Will Confer Tomorrow.

The veterans, who are actively pressing the claims of returned men to the city hall yesterday visited the city hall yesterday and held a meeting in the corridors, and also on the steps in front of the hall. The mayor was in London, but the following telegram was received from his worship:

"Please arrange for me to meet the veterans Tuesday morning, 10 o'clock. I regret I am absent from the city until this evening. Believe that a strong deputation should meet the federal cabinet to arrange some substantial recognition of veterans' claim."

Borden Attacked. Premier Borden was vehemently attacked by the speakers for refusing to appoint a commission on the subject, and The Globe was also vigorously assailed on account of its editorials. "Profiteers," "graters" and "shysters" also came within the sphere of denunciation. J. Flynn remarked:

"We intend to get a statement from every leading man in the city of Toronto, whether he is with us or against us. There shall be no half way. They are either for us or they are against us. They are friends or they are enemies. We protected their business, we put up posters and advertised him from one end of the town to the other. We are not associated with any society."

Several speakers made it plain they wanted no Bolshevick talk or anything of that nature. They must keep the public with them, was the advice.

HIS ROYAL HIGHNESS THANKS WAR VETERANS

The Grand Army of Canada has received the following letter from the Prince of Wales:

"I am glad to hear that the members of the Grand Army of Canada have received from His Majesty the King a letter of appreciation of the kind and address of welcome and good wishes, which was handed to him on the occasion of his visit to Toronto."

The following letter from the Prince of Wales to the Veterans has been received by J. V. Conroy, secretary of the district command:

"I am glad to hear that the members of the Grand Army of Canada have received from His Majesty the King a letter of appreciation of the kind and address of welcome and good wishes, which was handed to him on the occasion of his visit to Toronto."

GEN. CURRIE ACCEPTS LIFE MEMBERSHIP

Capt. C. Wake of His Majesty's Army and Navy Veterans' Association, has received the following letter from Sir Arthur Currie, in which the latter accepts his life membership in the association:

"I thank you, indeed, for your letter of August 27, in which you invite me to accept a life membership in your association. I am glad to hear that you have accepted my offer, and I am sure that your acceptance will be a great honor to your association."

TWO VERDICTS GIVEN OF ACCIDENTAL DEATH

Elwood Bush, motorist, whose car ran over and killed a three-year-old child at College and Robert streets, on September 2, wept bitterly when testifying at the inquest in the morgue last night, and was on the verge of collapsing when allowed to sit down on a chair. Bush was arrested at the time of the accident on a charge of manslaughter.

Coroner C. W. Russell conducted the inquest, and after a short deliberation the jury returned a verdict of accidental death. Bush is out on bail.

Home Treatment Works Opps Failing Hair and Dandruff. Home Treatment Works Opps Failing Hair and Dandruff. Home Treatment Works Opps Failing Hair and Dandruff.

Accident Prevention Association Elect Board of Directors

At the annual meeting of the Industrial Accident Prevention Association, held Tuesday June 18th at 3 p.m. in the association's offices, 502 Excelsior Life Building, Toronto, the secretary's report for the past year was read and adopted.

FOUND DEAD IN BED. Walter Granaley, aged 45 years, was found dead in bed last evening in his room at 185 Sherbourne street, Toronto. He is believed to have died of natural causes. The body was removed to the morgue and an inquest will be held.

LIBERALS GET BUSY. In another column is an announcement of six Liberal meetings for the week of Sept. 8. Prominent speakers will be present at each to deliver addresses. Mr. H. Hartley Dewar will be the guest at the two meetings Tuesday night, Sept. 9, and possibly at some later in the week.

THE DIFFERENCE. "I contend," said the lawyer for the defence, "that a tomato, however well aimed, could not have caused a dead eye."

SAHARA. THE PICTURE SUPERB. These are the leaders in the war veterans' movement in favor of the \$2,000 gratuity for all men who served in France. In the front row, Comrades Baker, Flynn and Gordon, and in the second row, Comrades Rose, Solomon Jones and LaF.

THE SOLDIERS' DEMONSTRATION.

Delegates from the war veterans visited the city hall yesterday to ask support for their request for \$2,000 gratuity for every man who had served in France. A crowd of citizens were interested in the proceedings and for some time listened to the speeches made.

RETURNED SOLDIERS HEAR BOTH SIDES

(Continued From Page 1.)

A voice from the crowd shouted "You are defending Flavelle." "I am not defending Mr. Flavelle," was Mr. Lyon's quick rejoinder. Again there was great interruption, but Mr. Lyon was cool and collected as he surveyed the scene.

Then Comrade Flynn put some oratorical oil on the crowd by remarking "At the present time," Mr. Lyon emphasized "the government is an organized society of returned heroes."

Canada's Immense Debt. Mr. Lyon went on eventually to remind the vast assembly that by the time demobilization was completed Canada's debt would be two billion dollars. There were only something like two million families in Canada, so that there would be a burden on the shoulders of every man of \$1,000. The people would thus be swamped by any additional debt.

Mr. Lyon went on eventually to remind the vast assembly that by the time demobilization was completed Canada's debt would be two billion dollars. There were only something like two million families in Canada, so that there would be a burden on the shoulders of every man of \$1,000. The people would thus be swamped by any additional debt.

Power of Production. Mr. Flynn ridiculed the idea of the editor of The Globe about the gratuity being granted to the returned men. The wealth of the country depended upon the power to produce. As the power lessened the country grew poorer.

Not Knocking Societies. Mr. Flynn said he was not going to knock any society. He believed, however, that in their 24 hours' existence the men in this movement had done more than some societies would accomplish in three years.

Comrade Flynn's Reply. Comrade J. H. Flynn took the rostrum and recapitulated some of his statements made at Sunday afternoon's meeting regarding money made by stay-at-homes, while the men were fighting for \$1.10 a day. He said men at the front were even charged up with \$3 for the blanket they were buried in, and very often the blanket was not supplied.

Blames the Profiteers. "What," asked Mr. Flynn, "has caused all the strife between capital and labor?" He attributed it all to discontent on the part of the men caused largely by profiteers boosting prices and holding wages down. It was said there was not sufficient production.

Blames the Profiteers. "What," asked Mr. Flynn, "has caused all the strife between capital and labor?" He attributed it all to discontent on the part of the men caused largely by profiteers boosting prices and holding wages down. It was said there was not sufficient production.

G. A. C. POSTULATE GRATUITY DEMANDS

Uphold \$2000 Grant to Overseas Men—Seek Profiteering Commission.

The Dominion executive of the Grand Army of Canada in session last night resolved that:

We are in favor of the \$2000 gratuity to men who have served in any theatre of war and that all men who have served in England be granted a gratuity of \$1,000, and that all men who have served in the C. E. F., R. A. F., Canada, or any other attached unit in Canada only, i.e., served in uniform drawing pay and allowances, be allowed a maximum gratuity of \$1,000.

Further that all Imperial soldiers, sailors or airmen who were legitimate residents of Canada at the outbreak of hostilities be granted gratuities on the same scale as paid to the men of the Canadian forces; furthermore that no man be eligible to draw gratuity unless he has served 6 months in either army, navy or air force, except where he has become a casualty and is recognized as such in his records.

Further that any sole dependent of a soldier, sailor or airman be granted the same amount of gratuity as the soldier, sailor or airman would have been entitled to had he been spared to return to Canada.

That the G.W.V.A. would induce the government to appoint a commission to investigate war profiteering and to recover such monies as have strayed from the treasury in this way to raise funds to pay the above mentioned gratuities. We are convinced that enough money can be recovered to more than pay the increased gratuities above referred to.

office they indulged in a few boos and proceeded to the city hall, where they finally broke up after singing the National Anthem.

G.W.V.A. Not Responsible. That the G.W.V.A. would induce the government to appoint a commission to investigate war profiteering and to recover such monies as have strayed from the treasury in this way to raise funds to pay the above mentioned gratuities. We are convinced that enough money can be recovered to more than pay the increased gratuities above referred to.

Comrade's Disclaimers. Mr. Hawtry disclaimed all knowledge of the Times article and referred to his efforts in Montreal to obtain a gratuity for the men. Then the crowd cheered him.

"I will demand that the Times retract that article," said Mr. Flynn. "Anyone who attacks the returned men must come on this platform. We have some of the best people in the city on our side. We have the mayor and the chief of police to begin with. (Applause.) He said he was personally going to see all the returned men and find out about "not wanting the gratuity." He referred to the forthcoming mass meeting at the Arena and said "everything else failed the men would march in a body on Ottawa."

Globe Office Demonstration. W. P. Gordon spoke briefly and the big assembly dispersed after lustily singing the National Anthem.

The returned men formed a procession and marched along College and down Yonge. Arriving at The Globe

LARGE DISCRETION

WHEN OFFICERS RAID GUELPH NOVITIATE

Witnesses at Royal Commission Relate Instructions—Rev. K. Palmer Testifies.

Ottawa, Sept. 8.—Six witnesses were examined at the first day's session of the hearing into the matter of the raid on the Guelph Novitiate, which opened in the supreme court chambers this morning before Mr. Justice Middleton and Mr. Justice Chisholm, sitting as a royal commission. As the result of the first day's hearing it was shown that the officers who conducted the raid were instructed to exercise the utmost discretion and care, that when the circumstances were reported to the minister of justice he made strong protest to the general adjutant-general, and that Captain MacAulay, who commanded the party visiting the novitiate, was called upon for an explanation.

Major Hirsch of London, who instructed Captain MacAulay, was questioned from military headquarters as to who authorized the visit to the novitiate and he replied to the effect that he had received instructions to clean up the situation in Guelph from headquarters. These instructions were said by Major Hirsch to be contained in a letter from Captain Burroughs of Col. Godson-Godson's unit, which letter also contained a memorandum intitled "S. C. M." advising that steps should be taken to get after two men, Newman and Cron, said to be harbored in the Jesuit novitiate at Guelph, and who it was alleged, were evading military service. Major Hirsch swore he had had the letter and the memorandum on his private file in London, but they had disappeared. Enquiry made by him revealed that they had been removed by Col. Godson-Godson and taken to military headquarters at Ottawa. The reason for their removal was not brought out in today's evidence.

Two members of the party visiting the novitiate, Sergt. Wilson of the Dominion Police and the military adjutant, an officer assigned to that duty, told of circumstances of the raid. The house was in darkness when the party approached and the men used a key going to the house that they should not make themselves conspicuous. They both swore to seeing two men, clad in gowns, and the men went into the cellar under the house and that he fastened the door preventing their escape.

Rev. Kennedy Palmer, who preached a sermon and afterwards made charges in connection with alleged conditions at the novitiate, was also present. He said that the novitiate was on the conditions said to exist in the novitiate were so persistent that much feeling was stirred up, as the people thought that that institution were illegally evading military service. He told of steps taken by himself to endeavor to get at the truth of the situation, and that a newspaper office and being informed there that on the orders of the press censor from Ottawa no reference to the novitiate was to be made in his newspaper office and being informed that he referred to the situation as disgraceful. To Deputy Minister of Justice E. L. Newcomb, Mr. Palmer admitted that the purpose of his sermon was to persuade the people of his congregation that men were being harbored at the novitiate who were escaping military service.

Doherly Was Cool. During the evidence of Sergt. Wilson it developed that the man referred to as a son of Hon. C. J. Doherly was taken in the raid on the novitiate, that young Mr. Doherly made no effort to escape, merely making it if he might telephone, and that he did not appear to be at all frightened at the turn affairs had taken. The enquiry will be resumed tomorrow morning.

THIRTY COAL MINES CLOSED BY STRIKE

Seranton, Pa., Sept. 8.—The thirty Delaware and Hudson Coal Co.'s coal mines in the Lackawanna and Wyoming valleys, employing 20,000 men and boys, are today closed by a strike.

The issue involved is that brought out ten days ago, when the miners of the Carbonade district, numbering nearly four thousand, quit work in protest against excessive dockage, too frequent lay-offs of groups of men for alleged dirty coal, and the use of mechanical loaders.

MESSANGER MURDERED FOR LIBERTY BONDS

New York, Sept. 8.—A photograph of a youth found murdered in Millford, Conn., several weeks ago, was identified by his mother today at New York police headquarters as that of Benjamin M. Binkowicz, a Wall street messenger boy, who, according to the police, disappeared on Aug. 13 with \$175,000 worth of Liberty bonds entrusted to him for delivery by his employers, Whitney & Co., bankers and brokers.

LIBERALS GET BUSY. In another column is an announcement of six Liberal meetings for the week of Sept. 8. Prominent speakers will be present at each to deliver addresses. Mr. H. Hartley Dewar will be the guest at the two meetings Tuesday night, Sept. 9, and possibly at some later in the week.

THE DIFFERENCE. "I contend," said the lawyer for the defence, "that a tomato, however well aimed, could not have caused a dead eye."

FOUND DEAD IN BED. Walter Granaley, aged 45 years, was found dead in bed last evening in his room at 185 Sherbourne street, Toronto. He is believed to have died of natural causes. The body was removed to the morgue and an inquest will be held.

Mrs. Manoply found Granaley on entering his room. She stated to the police that she had not seen him leave his room during the day. He was employed as an orderly at the General Hospital.

LARGE DISCRETION

WHEN OFFICERS RAID GUELPH NOVITIATE

Witnesses at Royal Commission Relate Instructions—Rev. K. Palmer Testifies.

Ottawa, Sept. 8.—Six witnesses were examined at the first day's session of the hearing into the matter of the raid on the Guelph Novitiate, which opened in the supreme court chambers this morning before Mr. Justice Middleton and Mr. Justice Chisholm, sitting as a royal commission. As the result of the first day's hearing it was shown that the officers who conducted the raid were instructed to exercise the utmost discretion and care, that when the circumstances were reported to the minister of justice he made strong protest to the general adjutant-general, and that Captain MacAulay, who commanded the party visiting the novitiate, was called upon for an explanation.

Major Hirsch of London, who instructed Captain MacAulay, was questioned from military headquarters as to who authorized the visit to the novitiate and he replied to the effect that he had received instructions to clean up the situation in Guelph from headquarters. These instructions were said by Major Hirsch to be contained in a letter from Captain Burroughs of Col. Godson-Godson's unit, which letter also contained a memorandum intitled "S. C. M." advising that steps should be taken to get after two men, Newman and Cron, said to be harbored in the Jesuit novitiate at Guelph, and who it was alleged, were evading military service. Major Hirsch swore he had had the letter and the memorandum on his private file in London, but they had disappeared. Enquiry made by him revealed that they had been removed by Col. Godson-Godson and taken to military headquarters at Ottawa. The reason for their removal was not brought out in today's evidence.

Two members of the party visiting the novitiate, Sergt. Wilson of the Dominion Police and the military adjutant, an officer assigned to that duty, told of circumstances of the raid. The house was in darkness when the party approached and the men used a key going to the house that they should not make themselves conspicuous. They both swore to seeing two men, clad in gowns, and the men went into the cellar under the house and that he fastened the door preventing their escape.

Rev. Kennedy Palmer, who preached a sermon and afterwards made charges in connection with alleged conditions at the novitiate, was also present. He said that the novitiate was on the conditions said to exist in the novitiate were so persistent that much feeling was stirred up, as the people thought that that institution were illegally evading military service. He told of steps taken by himself to endeavor to get at the truth of the situation, and that a newspaper office and being informed there that on the orders of the press censor from Ottawa no reference to the novitiate was to be made in his newspaper office and being informed that he referred to the situation as disgraceful. To Deputy Minister of Justice E. L. Newcomb, Mr. Palmer admitted that the purpose of his sermon was to persuade the people of his congregation that men were being harbored at the novitiate who were escaping military service.

Doherly Was Cool. During the evidence of Sergt. Wilson it developed that the man referred to as a son of Hon. C. J. Doherly was taken in the raid on the novitiate, that young Mr. Doherly made no effort to escape, merely making it if he might telephone, and that he did not appear to be at all frightened at the turn affairs had taken. The Toronto World

FOUNDED 1880. A morning newspaper published every day in the year by The World Newspaper Company of Toronto, Limited, H. J. Maclean, Managing Director.

TUESDAY MORNING, SEPT. 9.

The Glasgow Labor Congress

It is to be hoped that the Trades Union Congress of Labor at Glasgow will be able to arrive at some solution of the problems now affecting the industrial situation in Great Britain, that will be characteristically worthy of what is in most respects the most intelligent labor body in the world.

The reaction from the forced activities of the war, a period of unrelenting labor anxiety, and suspense, which held the whole nation in thrall, has brought about a general tendency towards relaxation.

The strongest point against the soldiers' demand is the comparatively small number of those who have undertaken to make it. Very large numbers of the men have already got back to work and have settled down.

Another thing which is most essential is the employment of the most modern methods known to mortal man. If the government was looking after the home, such things would come well within the range of what has been carried out, that is providing a real superintendence was on the job, and not one of the slightest use in starting the affair at all.

For instance, at the children's home and infirmary there are 40 women on the board. Now you know, just as well as you know anything, that no 40 women in this world can agree at one and the same time.

Under one thing, such homes should be made home-like, and not be rigidly run by military regulations. Also, we think that the women who go in with their babies, should be on a slightly higher plane than a jail bird, or if the law thinks otherwise, then make them out-and-out prisoners of the state.

While the council will probably spend several days on the reply to the German note before completing it, it is considered certain that the answer will be extremely firm in tone, taking the position that Germany is violating the treaty before it becomes effective, thereby rendering it impossible for the allies to ratify it.

A generous grant was made for such men as desired to take up farming and settle on the land. Those who did not care to take this course think they should have equal facilities afforded them for other occupational training and settlement.

assistance, but cannot afford it. If any other important interest in the country, say the manufacturers or the railways or the bankers, approached the government with a demand for half a billion, the soldiers ask, what would be its fate or its reception? Of course it would not be demanded as a straight grant. It would be disguised as a subsidy or a mole issue or a tariff regulation or some other ingenious device would be adopted, but the half billion would be forthcoming. The soldiers who are making this demand contend that they should have equal consideration and that they are not asking money that is to be squandered, any more than do the railways, the banks, or the manufacturers.

Suppose the men got the money and suppose even twenty per cent. of them squandered the money, the rest would be a good investment, and a productive one. There is no reason why any of the money should be squandered, however, and the men would be more convinced than ever that you are up to the government to open a child's welfare bureau, and to take under its wing every home where the children are now being kept.

The problem of looking after the welfare of infants and children in this province, has become so great a thing that it is entirely too much for private enterprises. In the first place, with homes, which are private institutions, there is the ever ready cry for funds. The people who are interested in them cannot be expected to give the amount of money necessary to keep them in an up-to-date condition.

On the other hand the burden of maintenance falls on the shoulders of the state. If it was a government institution it would be a general collection sort of thing. Another thing, which is most essential, is the employment of the most modern methods known to mortal man. If the government was looking after the home, such things would come well within the range of what has been carried out, that is providing a real superintendence was on the job, and not one of the slightest use in starting the affair at all.

With private institutions there is usually such a large board of directors that instead of aiding the cause, they hinder it. This is especially true of the directors are of the female sex solely.

For instance, at the children's home and infirmary there are 40 women on the board. Now you know, just as well as you know anything, that no 40 women in this world can agree at one and the same time. If there is a majority of female members who are not taking the least interest in the work.

Under one thing, such homes should be made home-like, and not be rigidly run by military regulations. Also, we think that the women who go in with their babies, should be on a slightly higher plane than a jail bird, or if the law thinks otherwise, then make them out-and-out prisoners of the state.

While the council will probably spend several days on the reply to the German note before completing it, it is considered certain that the answer will be extremely firm in tone, taking the position that Germany is violating the treaty before it becomes effective, thereby rendering it impossible for the allies to ratify it.

A general grant was made for such men as desired to take up farming and settle on the land. Those who did not care to take this course think they should have equal facilities afforded them for other occupational training and settlement.

The new fifteen-story addition to the King Edward Hotel will greatly add to the hotel accommodation of this city and incidentally, do much for King street and the downtown section of the city.

Government Should Open Bureau

BY IDA L. WEBSTER.

After visiting one or two institutions for homeless children, we are more convinced than ever that you are up to the government to open a child's welfare bureau, and to take under its wing every home where the children are now being kept.

Another thing, which is most essential, is the employment of the most modern methods known to mortal man. If the government was looking after the home, such things would come well within the range of what has been carried out, that is providing a real superintendence was on the job, and not one of the slightest use in starting the affair at all.

Under one thing, such homes should be made home-like, and not be rigidly run by military regulations. Also, we think that the women who go in with their babies, should be on a slightly higher plane than a jail bird, or if the law thinks otherwise, then make them out-and-out prisoners of the state.

While the council will probably spend several days on the reply to the German note before completing it, it is considered certain that the answer will be extremely firm in tone, taking the position that Germany is violating the treaty before it becomes effective, thereby rendering it impossible for the allies to ratify it.

A general grant was made for such men as desired to take up farming and settle on the land. Those who did not care to take this course think they should have equal facilities afforded them for other occupational training and settlement.

CANNOT REWRITE PEACE TREATY

Wilson, in Omaha, Ridicules Reservations Proposed by U. S. Senate.

Omaha, Neb., Sept. 8.—Discussing for the first time during his speaking tour proposed reservations to the league of nations, President Wilson replied in an address here today to arguments advanced by those who favor reservations.

Continuing, he said: "We didn't ask Germany's consent about the meaning of any one of these terms when we were in Paris. We told them what they meant, and said: 'Sign here. Does any patriotic American want that method changed?'"

Under one thing, such homes should be made home-like, and not be rigidly run by military regulations. Also, we think that the women who go in with their babies, should be on a slightly higher plane than a jail bird, or if the law thinks otherwise, then make them out-and-out prisoners of the state.

While the council will probably spend several days on the reply to the German note before completing it, it is considered certain that the answer will be extremely firm in tone, taking the position that Germany is violating the treaty before it becomes effective, thereby rendering it impossible for the allies to ratify it.

A general grant was made for such men as desired to take up farming and settle on the land. Those who did not care to take this course think they should have equal facilities afforded them for other occupational training and settlement.

REAL ESTATE NEWS

Quite a number of real estate brokers have applied for a list of properties owned by the city which are for sale, the assessment commissions having been authorized to sell them.

There will be no expansion of the Toronto Housing Commission's program, it is understood, unless the demand for small houses improves considerably. The city has a number of houses ready for purchasers on Corwell avenue and some of those building in West Toronto will be ready by October 15, if the labor situation does not get worse.

BRITISH FORCES EVACUATE ARCHANGEL

War Office Official Says There Never Was Any Intention of Doing Otherwise.

London, Sept. 8.—Evacuation of Archangel by the British expeditionary forces, is in progress, it was officially announced here today.

The sole advance was General Sedgwick's advance of ten miles, which was purely a local affair and executed strictly in accordance with sound principles of defence. The official added that it would be found when the ports of North Russia were closed by ice that all British troops had left.

D'ANNUNZIO'S FLIGHT TO COST MILLIONS

Venice, Sept. 8.—It is estimated that the cost of the proposed flight of Gabriele d'Annunzio, the poet-aviator from Rome to Tokio, will be five million francs.

LIBERALS IN RUSSELL RENOMINATE RACINE

Special to The Toronto World. Vars, Sept. 8.—Damasse, Racine, M. J. A., was renominated by acclamation at a convention of the Russell county Liberals here this afternoon.

G. C. I. ORGANIZE

Galt, Ont., Sept. 8.—G.C.I. Rugby Club, at a meeting held this afternoon at the school house, reorganized for the coming season with the following officers: Honorary president, A. P. Gundy; president, C. W. McKee; vice-president, O. R. White; secretary, E. A. Hodgson; treasurer, R. Norman; captain, H. Scott; manager, G. J. Alt; house committee, F. Fink, L. Johnston, C. Sneyd; coach, G. Main.

THE DAY AT OTTAWA

By TOM KING

Ottawa, Sept. 8.—Today's sitting of the House was entirely devoted to the details of the peace treaty. Hon. L. Sifton, who led the house in the absence of the prime minister, explained that the house was not asked to ratify the treaty, but merely to pass a resolution approving the same.

And from the opposition benches came sharp criticism of the famous article ten of the covenant of the league of nations. For example, Lucien Faubert, Liberal member for Magalloway, took the position that Canada, by assenting to article ten, pledged herself to take part in future wars without the consent of the Dominion parliament, and much the same position was taken by Hon. Dr. Beland and Judge D. McKenzie, leader of the opposition.

Judge McKenzie felt his way gingerly. He said no censure of the government was involved in the peace treaty. The government had nothing to do with the making of the war, and they were in no way responsible for the treaty of peace. They were claiming credit for having in some way changed the status of Canada.

Finally Judge McKenzie took the position that the consent of parliament was not required to ratify the peace treaty. The British government had not been asked to ratify it. Mr. Lloyd George on June 3, 1919, expressed his opinion that the consent of the British parliament was not necessary for the treaty's ratification.

STORMONT LIBERALS CHOOSE J. W. McLEOD

Also Hear Hartley Dewar Score Premier Hearst on Temperance Stand.

Special to The Toronto World. Finch, Ont., Sept. 8.—J. W. McLeod, clerk and treasurer of Cornwall township, and a farmer, will again contest Stormont riding in the coming provincial elections. McLeod was unanimously chosen here this morning at a meeting of the executive officers of the Stormont Liberal Association.

CAN. LOCOMOTIVE CO. SENDS MEN ULTIMATUM

Kingston, Ont., Sept. 8.—President F. G. Wallace of the Canadian Locomotive Company, Ltd., has issued a statement to the former employees of the company notifying them that the company has been unable to reach a settlement with their men thru the metal trades council and that unless the proposition of the company is accepted not later than Friday, September 12, the company will not after that date recognize the metal trades council in further negotiations.

ELECTORS OF TORONTO GET BUSY—ASSIST IN PROTECTING YOUR INTERESTS

Those who are desirous of co-operating with the Liberal party and putting the present Ontario Government out of power

READ All electors, men and women, in sympathy with the Liberal platform, will be welcomed at these meetings, no matter what their past affiliations have been.

Prominent speakers will be present to address the electors on the political questions of the day. Mr. H. Hartley Dewar will be present at the two meetings, Tuesday, Sept. 9th, and probably at some later in the week.

DATES OF MEETINGS: Southeast Toronto, TUESDAY, SEPT. 9th, 125 Broadview Avenue. Northwest Toronto, WEDNESDAY, SEPT. 10th, 789 Dufferin Court Road.

Parkdale, FRIDAY, SEPT. 12th, Lansdowne Assembly Hall, Cor. Queen and Lansdowne Avenue. Northeast Toronto, FRIDAY, SEPT. 12th, St. Paul's Hall, 688 Yonge Street.

Chair will be taken 8 p.m. at all meetings. The election of officers and executive committee for the Ridings will take place at the above-mentioned meetings.

All electors who are favorable to the Liberal platform and are willing to assist in electing Liberal Members for Toronto in the coming Provincial Election, are requested to fill in the Coupon below, and mail same to the General Reform Association for Ontario, 36 Toronto Street, Toronto.

NAME ADDRESS

GREAT FIRE ON ISLAND IN GULF OF ARCHANGEL

Archangel, Sept. 8.—A great fire has been burning furiously for over two days on Malmaka Island, in the Gulf of Archangel. Timber and saw mills for three miles on both sides of the island have been destroyed, sparks having blown across the water, which at that point is 1000 yards wide. The destruction of property for miles around is reported complete. Estimates of the damage place it at 60,000,000 rubles. Incendiarism is suspected.

To Daily World Subscribers

The World promises a before-7 a.m. delivery in Toronto and Hamilton. Readers will confer a favor by notifying the office promptly of any delayed or irregular delivery. It is only by co-operation of the reader that satisfactory service can be ensured. Telephone complaint to Main 556, Toronto, or Regent 186, Hamilton.

that Canada would be brought to a position where she might even have to fight the mother country. If Canada would not do this, she would be bound to take part against her.

Hon. A. L. Sifton said that he must disagree with the leader of the opposition on certain constitutional points which was concerned, he had no knowledge that it had yet been ratified by the British parliament. Sir Robert Borden had promised that the treaty would be submitted to parliament before ratification. Certification of the treaty for the dominion of Canada, by the king, would depend upon whether the Canadian parliament approved or disapproved of the treaty.

A. L. Sifton's View. The question was asked as to what would happen if the Canadian parliament did not ratify the treaty, and Sir Robert Borden had submitted the view that the government would have to resign. This, said Mr. Sifton, would be the natural result of a government motion being defeated.

Mr. E. B. Devlin (Wright) asked what nations in particular had objected to Canada taking part in the deliberations of the League of Nations.

"All five powers," replied Mr. Sifton. "Is it necessary that the names be kept secret?" asked Mr. Devlin. Mr. Sifton would depend upon whether the Canadian parliament approved or disapproved of the treaty.

Mr. W. F. Maclean asked if it was not the case that Premier Lloyd George had asked this government to ratify the treaty.

Mr. McKenney replied that he had not. However, Canada's action would not alter in the slightest degree the force of the treaty.

Might Fight Britain. Turning to the league of nations, Mr. McKenney said it was conceivable

FLOUR MILLERS SEEK FOREIGN MARKET.

(Continued From Page 1.) chair he occupied. He used to be a "cop" in Winnipeg and conducts an enquiry with the air of a desk sergeant in a police station. He wanted the name of the Toronto board of trade dealer who quoted shorts for September to a farmer at \$60 a ton. The dealer is likely to hear more about it.

Farmers and the Fixed Price. At the morning session Manning Doherty, U. F. O., a candidate in Peel county for the legislature, jumped right into the fixed price of wheat. He said the price of \$2.15 at Port William for No. 1 hard and the price of \$2.18 f.o.b. Montreal was a generous spread representing 5 shillings a quarter as against the normal spread of 2 shillings.

E. C. Gurney, Paris, also U. F. O., said the fixed price in any great measure against the farmer. He could get more for his wheat in an open market. Wellington Hay, M.L.A., was not so sure. The street price today is \$1.92 for Ontario wheat. He urged the government to keep wheat as graded in separate storage in Ontario and described the grain dealer as the taker of most of the change in the market. Uncertains are fixed at Montreal after an uncertain period of storage in the care of the Ontario dealer.

The Chairman Stewart informed Mr. Hay that the dealer is remunerated for holding the wheat for the board. Mr. Hay wanted to know whether the miller could put the grain dealer out of business.

Chairman Stewart was not very lucid in reply. He thought the dealers may not have been carrying out the orders of the board.

Dealers Want Grades Fixed. The dealers submitted the following recommendation: That it be a recommendation to the Canadian Wheat Board that the price of No. 1 white winter wheat, No. 1 red winter wheat and No. 1 mixed winter wheat be the same; that the price of No. 2 red, white and mixed be the same; that the freight charge be based on the lowest local freight charge; that Montreal; that a regulation issue for a carrying charge of 1-15 cent per bushel per day on Ontario and Quebec wheat; also a regulation issue for per bushel for all Ontario and Quebec wheat graded below No. 3; that provision be made for a market at all times for Ontario wheat; that when the miller cannot accept same and finally a commission of 1-2 cents per bushel on Ontario and Quebec wheat in car lots.

Want Registration and Inspection. The dealers recommended that D. O. Ellis be appointed as registrar under a deputy registrar for the eastern inspection division with an office in Toronto; that all licenses of the board in the eastern inspection division be regulated prices for approval, that the regulations of the board apply as of Sept. 1; finally that the board rescind instructions given to the board to collect 15 cents per bushel on wheat that was returned to shippers by the board of grain in Canada.

At the afternoon session J. J. Thompson, Linden, spoke very strongly upon this last point, saying the wheat was shipped as commingled with other faith and millers or dealers must take care of their compliance with a governmental order.

Milk Producers and Flour Prices. Representing the Milk Producers' Association, J. H. Stonehouse appealed against the proposal of the wheat board that the millers do not increase the price of flour to the extent of the price of the wheat. He said that the price of the consumer would be worse than the first.

The suggestion of higher flour brought Dr. J. H. Stonehouse, president of the North Toronto Ratepayers' Association, Toronto, to action.

"I am an outspoken man," he said. "It seems strange to the public that the war being over and the penalty of Egyptian bondage paid in high prices, that this board should sit to make wheat and flour still higher in price. The people are very sore on the government. They expect readjustment downwards so that the poor man may live with less anxiety. The government is ensuring an amount of the increased price of wheat."

Chairman Stewart. The government order-in-council allows the wheat board to get the highest price obtainable for Canadian wheat. We have asked the millers to let their output remain at the same price.

Dr. Evans reported that the fixed price forced the consumer to pay more. There is no famine in the country. The government is to blame for high prices.

"I want to tell you as politicians," he said, "and I tell you plainly, the people won't stand it any longer."

He retorted that the board was another member of the board that the Dominion millers, thru the government, are putting it all over the people of Canada.

As a parting shot he said when the turn of the people came they would take care of the government and the millers of the country in the same way.

W. L. Best as a member of the board said the consumer was not overlooked in the investigation of the wheat situation.

D. A. Campbell, Toronto, in the afternoon, submitted the recommendations arrived at by the millers' committee. In the report the decision had been arrived at that all adjustments of stocks could be best done thru the millers. With the selling price to the Canadian millers set at \$2.30, they asked that sales be restricted to 30 days for the protection of the millers. The wheat board could only have 350 millers to deal with, as against 1,500 grain dealers. The millers' scheme is in all respects easier to work out. The miller buys in open competition with the dealer and for the purpose of making flour.

Hedley Shaw, Toronto, said if his company was compelled to buy two or three million bushels of wheat at a fixed price in Port William it ex-

Uncle Wiggily and Susie's Crackers.

BY HOWARD R. GARIS. Copyright, 1919, by McClure Newspaper Syndicate.

"THERE! I knew it!" cried Nurse Jane Fuzzy Wuzzy, the mukrat lady housekeeper in the hollow stump bungalow one day.

"What do you know?" asked Uncle Wiggily, the bunnny rabbit gentleman, as he hopped up the front steps in time to hear what Nurse Jane said. "Did you know I was going to come home very hungry? Oh, so very, very hungry?" and the bunnny looked at the pundry doors very appreciatively, as if he would come home hungry, as you nearly always do," said Nurse Jane with a smiling homeword that got it young and old.

"Right gladly will I do that," said the bunnny gentleman. "All this day I have searched thru the woods, looking for the best of the best, and now I have found. Now I may find one if I go to the store for bread."

"You may," spoke Nurse Jane. "But you must not forget the bread as I did." "I'll try not to," said Uncle Wiggily with a most jolly twinkle of his pink nose, almost as red as his baby's toes when she's been sunburned down at the seashore.

"You mustn't talk that extra polish with the bristly end of his whiskers, the bunnny rabbit made a hop, skip and a jump, and away he started for the store, where the loaves of bread grew on cake trays.

Uncle Wiggily safely reached the place, and a cute little pussy cat for waited on him, giving him a nice, fresh loaf of bread. Uncle Wiggily was hoping to get it under his paw when, just as he passed the old hollow stump, he looked around the corner and there stood Susie Littletail, the little white mouse, with a big paw. Susie had been crying—Uncle Wiggily could tell that by the tears which she still chased one another down the side of her pink nose. And in one paw Susie held a bag.

"Why, Susie, my dear! What's the matter?" kindly asked Uncle Wiggily, and she sobbed almost as if she were a child. "O dear!" she cried so hard that she could scarcely talk.

"Now, Susie, don't worry. I'll buy you some more animal crackers, but you must tell your mother you ate some, and she will forgive you." So Uncle Wiggily bought more crackers and Susie took them home and told all that she had done. Her mother was so right. And how Mr. Longears laughed whenever he thought of it!

"So if the lollypop doesn't try to jump over its own stick when it gets to the marshmallow roasting in the gas stove, I'll tell you next about Uncle Wiggily and the berries.

"Oh, they were animal crackers!" said Susie. "I ate a lion and a bear and an elephant. I—I didn't mean to, but I was so hungry! Now, when I take the bag of animal crackers home, my mother sees that I have a lion and a bear and an elephant and part of a tiger have gotten away—cause I ate 'em!"

"If that's all, don't worry. I'll buy you some more animal crackers, but you must tell your mother you ate some, and she will forgive you." So Uncle Wiggily bought more crackers and Susie took them home and told all that she had done. Her mother was so right. And how Mr. Longears laughed whenever he thought of it!

"So if the lollypop doesn't try to jump over its own stick when it gets to the marshmallow roasting in the gas stove, I'll tell you next about Uncle Wiggily and the berries.

FUGITIVE N BUSH RETURNS TO CITY.

Police Capture Man Alleged to Have Fired at Austrian.

Returning from the bush in northern Ontario last night, where he had been hiding from the police, James Smith, Austrian, living at 423 Walton street, was arrested by Detective-Sergeants Koester and Williams on a warrant charging him with shooting with intent to kill.

Harry Porychuck, 202 Chestnut street, swore out the warrant on August 2. In his story he said the police he stated that a baby was being christened in the Chestnut street house and there had been much drinking going on. Smith was an uninvited guest and when told to leave he is alleged to have fired a shot at the complainant. The bullet buried itself in the ground and the foreigner fled.

He was anxious to see his wife and family, so he returned to the city last night. Porychuck learned of his being in town and informed the police. Porychuck, a laborer, claims he has saved \$7,000 of his salary while working in Canada. He was preparing to leave for the old country this week, but will have to postpone his trip until the trial of the case is concluded.

Harper, customs broker, 38 West Wellington street, corner B'ry Adelaide 4583.

THREE ARMS AND EYES TWO HORSE PAINTERS.

The Canadian war memorials exhibition which will remain at the art gallery Exhibition Park deals with every phase of Canada's share in the war and with every branch of the service in a series of gigantic decorative paintings. A feature of special interest, a kind of exhibition within an exhibition, is provided by some eighty small paintings of war subjects executed by J. Munnings, who was attached to the Canadian Cavalry Division and Mr. A. Talmage who spent some months with the Veterinary Corps.

Munnings and Talmage are the best horse painters in England. They are intimate friends, good sportsmen and splendid horsemen, although Munnings has only one eye and Talmage has lost the use of his left arm. In each case the infirmity is due to an accident in the horse field, but in neither case does it interfere with the exercise of their profession. Indeed, some critics think that Munnings, whose vivid, fresh style has much in common with Sargent's, has actually benefited by the loss of one eye, because a one-eyed person is said to see the world like a flat pattern.

Oldest Ingersoll Resident Dies at Age of Ninety-Eight. Special to The Toronto World. Ingersoll, Ont. Sept. 8.—The death of Lucinda Cook, aged 98 years, has removed Ingersoll's oldest resident. Her hip bone was broken by a fall a week ago and since that time she had gradually sunk. Up to the time of the accident she was active and had full possession of her faculties, which she retained to the last. She was born in Baysham township and had resided in Ingersoll since she was 18 years of age.

SPARE PARTS FOR MOST MAKES and models of cars. Your old, broken or worn parts replaced. Write or wire us describing what you want. We carry the largest and most complete stock in Canada of slightly used or new parts and automobile equipment.

One Big Feature About My Business. IS THE VERY large open air SALE YARD. CARS OUT in the open, where you can see all round them, and ready for demonstration on a second's notice.

ANOTHER BIG FEATURE IS MY PLAN of selling "as is" or "as shown and demonstrated" unless I can show bona fide list of new parts supplied having received mechanical attention.

IT'S ONE THING to mark order "as is" or "as shown and demonstrated" and another thing to advertise that way. I DON'T HESITATE to advertise that I sell cars "as is" or "as shown and demonstrated," and another thing to advertise that way.

I KNOW THE difference between a good used car and a poor one, and it's only a matter of price between the two. I CANNOT sell you a perfect car for a song, and don't want to try to make you believe so.

WHEN YOU BUY a used car take the trouble to read your order. MY ORDER is printed "as shown and demonstrated," and salesmen are requested to call your attention to same.

AS INFERRED ABOVE, when I cannot show any car I offer for sale, and if he knows "just what to find me," then I will close up shop. REMEMBER I do not represent cars as overhauled unless overhauled according to the standard of the term "as shown and demonstrated" in my order. I FIND THAT my plan of showing list of parts and time sheets appeals to the public in a very definite way.

YOU ARE INVITED to bring independent mechanic of your own choice to point out any car I offer for sale, and if he finds any fault that I do not point out while talking sale I will pay him \$5 (five dollars) if you are to find out whether or not I have cars worth some and look over the 185 in stock. QUALITY according to price.

All debts owing to the partnership to be paid to William Joseph Moore, at Room 504, Temple Building, in the City of Toronto, or to the undersigned, as the said partnership are to be presented to the said William Joseph Moore, by whom the same will be settled.

Dated this 28th day of August, 1913. WILLIAM ROBERT CORNELL, WILLIAM JOSEPH MOORE. Witness: FRANK W. CALLAGHAN.

POLITICS INVADE THE GERMAN UNIONS

Independents Would Permeate Trades Organizations With Soviet Systems. Berlin, Sept. 8.-The struggle between the independent and majority Socialists has been carried into the ranks of the German trade unionists, and Germany's once incomparable organization of labor federations, which for discipline and unity has been likened to the German army, has been made the battleground for political organization of labor federations, which heretofore has been excluded from the trade unions.

The latest development is the action of the independent Socialists, which recently adopted a resolution to oust Karl Legner, head of the commission of Labor Federations, and member of the assembly. The independent plan is to replace all union members belonging to Scheidemann's party, and permeate the unions with the independent Socialists. This campaign is being conducted with the greatest activity, because, altho the leaders of the Scheidemann party are ready to take up the struggle, they are aware that they are pitted against a group of radical political strategists in Haase's faction.

STOCKYARD EMPLOYEES DEMAND INCREASES. Chicago, Sept. 8.-Representatives of ten unions of stock yard employees submitted to Federal Judge Alschuler, arbitrator, today, demands for wage increases ranging from 25 to 60 per cent over the scale awarded February 15, 1913.

A summary of the demands follows: An increase of 20 cents an hour for employees who received forty cents an hour or less prior to the award of February 15, 1913. An increase of 25 cents an hour for employees who received forty cents an hour or less prior to the award of February 15, 1913. An increase of 20 cents an hour for employees who received over forty cents an hour prior to the award of February 15, 1913. An eight-hour day and a six-day week for special employees and watchmen. Double pay for overtime. Wages increased to be retroactive from July fourteenth, 1913.

The wage increases demanded apply to every class of labor employed by the stock yards, including the packers. Under the proposed scale, hammermen would receive \$1.50 an hour, blacksmiths \$1.15 an hour, electricians \$1 an hour, and so on. The scale demanded by butchers and some other classes of skilled labor amounts to an hour. Judge Alschuler, who has heard a number of witnesses on the proposed increases, took the demands under advisement.

BRITISH DEMOBILIZED UP TO SEPTEMBER 3. London, Sept. 8.-The war office announced that the date of the armistice to noon on Sept. 3 last, following numbers were discharged or demobilized from the army: Officers. Demobilized 113,575. Discharged as medically unfit 21,379. Demobilized 1,761. Other ranks. Demobilized 1,733,331. Discharged from reserve classes 148,435. Discharged and other ranks discharged and demobilized, 3,215,042.

HAND GRENADES EXPLODED AT HOME OF KOLCHAK. Omsk, Aug. 28.-An explosion of grenades in the rear of the home of Admiral Kolchak, head of the all-Russian government, coincident with his return from the front, has created rumors of a plot to assassinate the admiral.

It is authoritatively stated, however, that the accident was due to careless handling of the grenades by soldiers, six of whom were killed and a dozen wounded. Admiral Kolchak's house was not damaged.

HUNDREDS ARE DYING DAILY IN PETROGRAD. Stockholm, Sept. 8.-From two to three hundred persons are dying daily from cholera, according to statistics from that city. Owing to the lack of medicines and food, many of the hospitals have been closed. The epidemic conditions in Petrograd are hourly becoming more intolerable as the day advances. The government has issued a decree ordering all hospitals abandoned by sisters of mercy to discontinue their work.

Catham Woman Sues Radial For \$3000 for Her Son's Death. Special to The Toronto World. Catham, Sept. 8.-Mrs. Sarah Grant has entered a claim in the assize court against the Catham, Wallacuburg and Lake Erie Railway, claiming damages to the extent of three thousand dollars, as a result of the death of her 12-year-old son, Roy, who met his death last year when he climbed onto a box car to dive into the river and came in contact with a high voltage wire.

Farms May Be Seized Of Recalcitrant Germans. Berlin, Sept. 8.-The Prussian minister of agriculture has empowered the local communities to seize farms whose owners refuse to enter labor contracts with their employees, or who fail to live up to the wage schedules and other terms fixed by contracts. The lands to be seized are to be administered by the respective community, and the proceeds are to be used for the common good.

The order also empowers the demobilization commissioner to designate working conditions in special cases where the prevailing schedules are impracticable. The measure is a result of the recurring strikes which have threatened the gathering of crops.

FRENCH SOLDIERS BURNED ARSENAL STRIKE IN JAPAN. Paris, Sept. 8.-Four French soldiers have been killed and one seriously injured in a fire near Mayenne, according to a Wolff Agency despatch from Berlin.

ONTARIO CORN GOOD

P. L. Fancher, Provincial Specialist, After Extended Trip of Inspection Finds Crop is Satisfactory. Special to The Toronto World. Chatham, Ont., Sept. 8.-P. L. Fancher, provincial corn specialist, reached the city today after an extended trip thru the corn belt of this province, and reports that on the whole the corn crop this year is satisfactory. Mr. Fancher traveled thru 23 counties, inspecting corn crops, conducting experiments and examining soils. The specialist said that if an imaginary line is drawn from Forest in Lambton county, running thru Guelph and Kitchener, and on to Toronto the north and east of such line no better corn crops were ever grown in this corn belt. The specialist states that while there is no such quality, there is the quality. He states that eastern farmers have had better success than farmers of this district.

MODIFY HOUSING SCHEME CONDITIONS

Order-in-Council Eases Off Some of the Building Restrictions. Canadian Press Despatch. Ottawa, Sept. 8.-Modifications of the general principles and conditions of the federal government housing scheme are made in an order in council recently passed. The changes, which are of a minor character, are made in view of the high cost of building construction. The new regulations provide that detached houses erected under class B will be permitted to have walls of cement, stucco or approved construction, or of brick masonry and roof of wooden shingles, as long as they are on a lot not less than 8,000 feet. The original regulations provide that such dwellings must have walls of brick, hollow tile, stone or concrete, and roofing of fireproof material.

The new order-in-council also provides that, under certain conditions, the term of years which a loan to the province by the federal government shall run, may be extended from twenty to thirty.

FORMER GERMAN COLONY WILL BE DEVELOPED

Progress Being Made in Appointing Officials for African Territory. London, Sept. 8.-Sir Horace Archer Byatt, administrator for German East Africa, is leaving England in a few days. Reuter is informed, for Dar-es-Salaam, which will be the new headquarters of government under the league of nations.

Considerable progress is being made in the appointment of government officials for administering the new territory, but it will be some time before the staff is complete. The necessity of developing the former German colony to its utmost is fully realized.

The old German army has melted away, and the Askaris have returned to their villages, while the country is now garrisoned by three battalions of the King's African Rifles from neighboring colonies. The only Germans left are a few of the original settlers, the majority having been repatriated. There is no native problem, and the natives have settled down, and take kindly to the change of rulers. There have been no disturbances of any kind since the departure of the Germans. The excellent system of railways, which were considerably damaged by the Germans, have been repaired, and are in working order right up to Lake Tanganyika.

The most urgent need is the resumption of shipping coastwise and with Europe, and on this the prosperity of the country depends.

PACKED WITH BODIES OF BOLSHIEVIK VICTIMS

London, Sept. 8.-Advices from Odessa state that Gen. Semirnof, of Port Arthur fame, has been reported to have been killed. The majority of the victims of the Bolsheviki were shot in a courtyard. The headquarters was a garage and the buildings around it were pitted with bullet holes. One hundred empty vodka bottles were found in the courtyard, which the ex-couriers were stimulated before their ghastly work. One open cellar, twenty feet deep and overlooked by a window, in which the Bolsheviki had fired upon the helpless hostages with rifles, was packed with bodies, including several girls in their teens.

PREMIER NITTI FAVORS SUFFRAGE FOR WOMEN

Rome, Sept. 8.-Premier Nitti, speaking in the chamber of deputies during the debate on the bill granting women the right of suffrage, said that he himself was a warm advocate of granting the franchise to the women, who must become in Italy, as in other countries, an important element in the political life of the nation. He added that the women of Italy had assumed an eminent position, especially during the war, and they nobly contributed their share to the hardships and sacrifices which Italy underwent before attaining victory.

Expect Early First Payment By Standard Reliance Loan Co.

Special to The Toronto World. Chatham, Sept. 8.-John A. Walker, manager of the former Chatham branch of the Standard Reliance Loan Company, has prepared a list of the deposits and withdrawals made at the Chatham branch during the month of June, which has been forwarded with the ledgers to the liquidator. He states that the first payment should be made to creditors at an early date.

FEDERALS ROUT VILLISTAS.

Salvatore, Texas, Sept. 8.-Three hundred and fifty Villistas were killed and 800 rebel cavalry mounts were captured in three days' fighting between Mexican federal troops and Villa forces in the state of Durango, according to an official statement received here today by Mexican Consul Fierro.

KOLCHAK HAS BEGUN COUNTER-OFFENSIVE

Despatches From Omsk State That the Bolsheviki Are in Retreat. London, Sept. 8.-Admiral Kolchak, head of the all-Russian government, began a counter-offensive against the Bolsheviki on Sept. 7, says an official message from Omsk, the seat of the government, received today. The Bolsheviki are on the retreat, the message announces. Fighting is in progress in the region of Yalotovsk and Koorgan, a line along and Tobol river, about 300 miles west of Omsk.

A Bolsheviki wireless despatch from Moscow asserts that Admiral Kolchak has applied to Japan for help, offering as conditions that the Russian portion of the Island of Saghalien and the Ussuri region.

Heavy fighting between Polish and Bolsheviki has been in progress on the River Dvina, according to a Polish official statement received today, which declares the advantage is with the Poles. The Bolsheviki, altho using armored trains and motor cars, are declared to have been repulsed with severe losses. Other Bolsheviki with armored river boats, have been repulsed.

New received in Polish circles here from Warsaw states that the fighting in Silesia is continuing, the insurgents attacking Plejrozomowice, Goozawice and Godow. The numbers of the insurgents are estimated at 28,000.

TREATY TO REGULATE SOCKEYE FISHERIES

Canadian Press Despatch. Ottawa, Sept. 8.-Official notice, that has been received by the naval department of the signing in Washington of a treaty between Canada and the United States for the regulation of the sockeye fisheries on the Fraser River in British Columbia. The treaty which follows recommendations made by the Canadian-American Fisheries Conference, which investigated the matter last year, was signed by Sir Douglas Hazen and Mr. Lindsay, officer in charge of the British Fisheries Commission, for Great Britain, and by Robert Lansing, secretary of state, for the United States.

It is understood that the treaty provides for the appointment of a commission to be assisted by two experts which will investigate the sockeye hatcher operations on the Fraser River.

GERMANS AND "REDS" PLOT WAR WITH POLAND

Warsaw, Sept. 6.-The government issued the following statement today in regard to Poland's stand in the matter of Upper Silesia: "Poland has given evidence of superhuman patience and irreproachable loyalty towards her international engagements. Our premier had the courage to declare to the delegates sent by the League of Nations that he would send to the Silesian insurgents no military assistance and would not violate a signed treaty.

We fear that the premier's and Poland's sacrifices are in vain. The German junkies in concert with the Communists are plotting war with Poland. They rely on the explosion of the allied powers and their internal troubles of the various states to keep them from drawing the sword."

SOUTH AFRICA EAGER TO WELCOME PRINCE

Cape Town, South Africa, Sept. 8.-The home on Little Burgin street, interest in his empire visit to South Africa. The cable despatches from Reuter's correspondents accompanying the royal court train thru the Dominion, are published prominently in the newspapers, and the prince's doings and reception are a popular topic of conversation. Everywhere the question is being asked, "When is the prince coming to South Africa?" His visit to the Cape is warmly appreciated by both the friends.

Montreal Dies of Wounds Inflicted by a Policeman

Montreal, Sept. 8.-John Clarke, shot by Constable Lesault opposite the office of the police on the morning of this morning, in an ante mortem examination made this morning he claimed he had been drinking, lost his way home, and fell into the policeman's hands. He was pushed him down the stairs and when they got on to the street shot him. The officer has voluntarily surrendered himself.

PURCHASED DEVONSHIRE HOUSE

London, Sept. 8.-The National News says that Lord Lascelles is head of the English group which has purchased Devonshire House for £250,000. Lord Lascelles recently inherited £2,500,000 from his uncle, the Marquis of Salisbury. Lord Lascelles was awarded a demerit to Earl Grey when the latter was governor-general of Canada from 1904 to 1911.

MELBOURNE WHARVES ACTIVE

Melbourne, Sept. 8.-After nearly four months of idleness, the wharves are now in full swing. The longshoremen are resuming work, pending settlement of the matters which are now the subject of negotiations with the government. The round table conference convened by the government to settle questions in dispute between the seamen and their employers is now sitting.

WHOLESALE FRUITS AND VEGETABLES

Summary.—Shipments were heavy generally, and trade rather slow, even the morning, as the wholesalers tried to maintain the price which has been prevailing during the past week, and the market gradually became weaker, until it was difficult to dispose of the offerings, many having to accept a further reduction in price, and the extremely hot weather did not permit this.

Spanish onions came in again yesterday, and are slightly over-landed, selling at \$4.50, \$7 and \$7.50 per case.

Chas. S. Simpson received a car of Colorado peaches, selling at \$2 per box; a car of pears, selling at \$4 per box; a car of sweet potatoes at \$2.25 per hamper.

Messrs. Graham Bros., Claremont, were again winners in the important events of the show ring for heavy horses at Toronto Exhibition.

The Ontario Produce Co. had a car of Ontario potatoes, selling at \$2.50 per 100-lb. sack; carrots at \$1.50 per 100-lb. sack; onions at \$5 per 100-lb. sack; turnips at \$1.25 per bag; voice Alex. and other apples at \$7 to \$8.50 per bushel.

White & Co., Limited, received three cars of peaches from C. Howard Fisher of Queenston, a car of bananas, selling at 75c to 80c per six-quart; cantaloupes at 50c to 55c per 11-quart; plums at \$1.25 to \$1.50 per 11-quart; grapes at 45c to 50c per 11-quart; cucumbers at 65c to 70c per 16-quart; red peppers at 75c to 80c per 11-quart; tomatoes at 80c to 85c per 11-quart; cabbages at 75c to 80c per 11-quart.

SPRING WHEAT IN U.S. SHOWS FURTHER LOSS

August Was, However, Good Month for Corn, Says Government Report.

Washington, Sept. 8.—Further decline of the spring wheat crop reduced the prospective reproduction 17,000,000 bushels during August, but corn had a good month, and shows a prospective output of 70,000,000 bushels larger than indicated last month, according to the United States government's September report issued today.

LIVE STOCK MARKET

With 6000 cattle on the market yesterday the market on most classes was 25c lower, and the quality of the cattle generally poor. There was a very good demand for cattle, showing fat and quality. More loads of good quality and butchers steers and heifers would have sold at steady prices had they been there.

There was a good trade for choice butcher cows, and medium butchers cows, and inquiry for broody stockers and feeders, while the lightweight common steers and heifers were slow of sale and lower.

There was a good demand for choice calves with receipts of 500, but the heavy fat calves were slow of sale. With 2100 hogs on the market yesterday, the market was steady around, but Monday's loading is quoted at 18 1/2c, with Tuesday and Wednesday at 18 1/2c.

There was a good demand for choice calves with receipts of 500, but the heavy fat calves were slow of sale. With 2100 hogs on the market yesterday, the market was steady around, but Monday's loading is quoted at 18 1/2c, with Tuesday and Wednesday at 18 1/2c.

TRADE OF BRITAIN IS STILL INCREASING

DEMAND IS HEAVY FOR SILVER STOCKS

Strike Settlement Rouses Bullish Enthusiasm—Wasapika at Record Price.

News that the strike at Cobalt had been settled inspired brisk buying of the silver stocks yesterday with the result that many issues considerably extended the gains made last week in anticipation of a cessation by the strikers to return to work. At the same time there was a good deal of profit-taking, which prevented runaway advances in one or two instances. Nipissing was the day's leading feature with a rise of 65 cents a share to \$11.60. A good deal of the buying of Nipissing came from New York and was said to be based upon report of further finds at the property, although such rumors were of a vague description. While the silver stocks were fairly active they were fairly over-shadowed by the Cobalts. The day's transactions in all stocks, 249-257, showed the largest total in several months.

Mining men are of opinion that more money will be available in the next few months for development work in both the gold and silver camps of the north than has been attracted in several years. One example of the encouragement given investors by the settlement of the Cobalt strike is the taking up by a syndicate of the 400,000 shares of Peterson Lake treasury stock at 15 cents a share. The deal, which had been contingent upon the strike being brought to an end, was concluded yesterday. The stock was in heavy demand, rising a point to 14 and closing at 13 1/2.

It is understood that several old Cobalt properties, which have lain idle for some years, will be reopened. With the price of silver ruling high there is strong tendency to speed up production. Not only will the large producing mines be operated with greater vigor, but it is probable that nearly all idle properties will be examined with increased care.

Numerous Gains. Timiskaming, in which trading reached the big total of 23,000 shares, moved up 1 1/2 to 45, closing half a point below the best. As in the case of Nipissing there is talk of important finds on the Timiskaming, which have not been made public. Trethewey at 37 showed a net gain of 2 1/2, and Beaver advanced two points to 44. Crown Reserve rose a point to 44, but reacted to 43. La Rose sold up two points to 42, but fell back to 41 1/4. McKinley barged was two points off at 65 as a sequel to last week's sharp advance. Adnace accounted for a total of 42,000 shares, and moved up 3/4 to 11 1/2, but at the closing price, 13 3/4, showed no net change. A message from Manager Cartwright yesterday said that he expected that the power would be turned on during the day, and that he thought the work of dewatering would take only two or three days. He had a characteristic flurry, advancing a point to 5 1/2, but falling back to 5.

Wasapika's Advance. Wasapika's rise of four points to 88, a point above the former high record price for the stock, was an outstanding feature of the gold list. More than 10,000 shares of Wasapika were traded in. The favorable opinions expressed regarding the West Shining Tree district by disinterested experts, who have lately visited the camp, have naturally stimulated bullish sentiment regarding Wasapika, the premier property of the area. McIntyre held firm between \$1.48 and \$1.87, while Hollinger eased off three points to \$6.85. West Dome advanced half a point to 12, but fell back to 11 1/4. Keora 12 was up half a point.

Dome Extension was in demand, and closed half a point up at 24 1/2. A despatch from South Porcupine says that developments at depth on the Dome Extension mine, being conducted by the Dome mines thru the workings of the latter, are taking on such proportions as to create the belief that the Dome Extension will, on or before March next, when the option expires, become the property of the Dome Mines. The work being done is said to be not exploratory alone, but is preparatory to production. Assuming that the option will be exercised, the purchase of Dome Extension shares around 35 cents would be equivalent to getting Dome Mines shares at \$10.50 as the basis of exchange is thirty shares for one.

The Cobalt strike settlement has created a more hopeful feeling in relation to the Kirkland Lake group. Kirkland Lake sold up a point to 43 with the bid later advanced to 43 1/2. Lake Shore at \$1.05 was up a point. Teek-Hughes, which has gained an unenviable reputation by its inconsistent market performance, rose two points to 24 1/2, but declined at the close to 20 1/2.

EARLY REOPENING OF BALDWIN LOOKED FOR

It is anticipated that the Baldwin mine, which is situated in the Kirkland Lake district, will be reopened shortly. This property is situated in the most favorably of any mine in the Kirkland Lake district, and the main auriferous belt now being developed on the Baldwin gold mine, near Kenogami Station, on the T. & N.O. Railway, as far as the Tough-Oak Mine, is now mining and milling the highest-grade ore found in Ontario, and the shaft on the Baldwin is down 200 feet, and is being rapidly carried to the 300-foot, showing similar conditions. One great advantage in Kirkland Lake is that the main gold belt is well defined and well proved. It is marked by a strong fissure, locally called a "break." The mines follow the break like beads on a string. Conditions are somewhat similar to Kalgoorlie's "golden mile" in West Australia.

PRICE OF SILVER. London, Sept. 8.—Bar silver, 61d per ounce, an advance of 1/4d. New York, Sept. 8.—Bar silver, \$12 1/2c, an advance of 3/4c.

ITALIAN DETACHMENT DESTROYED IN ALBANIA

Paris, Sept. 8.—Anti-Italian disturbances continue to spread in Albania, according to despatches to newspapers here, it being reported that a detachment of 300 Italians was annihilated at Kastrioti recently. Despatches say that the Albanians intend to send delegates to the peace conference to demand that their country be granted autonomy.

BUNGLING ROAD TO SHINING TREE

Editor World: Will you allow me to make a serious complaint regarding the manner in which the construction work has been undertaken on the government wagon road from West Tree to Wasapika, in the West Shining Tree country. This work was begun several months ago upon the most primitive plan without any modern road-building equipment and appliances; by hand labor and the employment of a gang of less than fifty men.

This gang was split in two—one-half upon the section five miles from West Tree, and the others at the West Shining Tree camp, at the commencement of the Wasapika section. The work was directed by government supervision, and the foremen were government employees. The scale of wages for the men was \$2.00 per day and board for a ten-hour day, while the ordinary shovel men at the mines got \$4.00 per day and board for an eight-hour day, miners getting \$5.00 a day and board.

Many of these men claim that they were not treated as they should have been—sleeping in water-soaked tents and having poor cooking. The consequences of this were that these men struck on Aug. 10, walking out without taking their time. The strike cannot be hired, and the government has had to employ a few more men to replace them. The men have no unions behind them, and the government has only a few for-merly employed men, who were British-born and Canadians, with only few natives. When they learned the conditions, they refused to come back to work, and the government has had to employ a few more men to replace them.

The foregoing facts are indicative of laxity and unprogressive methods of dealing with the interests of the north country. I have related the conditions as I witnessed them a few days ago, and, as I believe, as they are. A contractor for diamond drill work on the Herick property, directed by government supervision, road-making, went ahead and at his own cost and a half mile of the road just as well throw up its much-valued expense incurred road themselves or pay the government for the road. The contractor who would otherwise help them, just as well throw up its much-valued expense incurred road themselves or pay the government for the road.

ACTIVITY AT COBALT. A Cobalt wire to Howard, Graham & Co. yesterday said: "Practically every mine operating in the camp previous to the close-down by the strike seven weeks ago, started to take up men this morning. The air will be well running at capacity before the end of the week. In many cases it is but a matter of taking on sufficient men to fill the various positions. Water will be found in the lower workings of a number of the mines, but the method of mining prevents this being a retarding factor of any great importance, owing to the fact that ore bodies on various properties are worked in most cases from lowest workings, as much of the removal of ore and waste rock is then done by shafts, and these lower workings in most cases have not been even filled with water, and nine-tenths of the mining of the camp has been done on upper levels."

DOVE LAKE'S BY-LAW. Shareholders of the Dove Lake Mining & Milling Company, at a special meeting yesterday, unanimously ratified a by-law passed by the directors on Aug. 20 giving the company power to borrow sums of money from time to time as required for development or other expenditures.

WE ADVISE THE PURCHASE OF ATLAS AT THE MARKET. WE WILL BE PLEASED TO FURNISH FULL INFORMATION ON REQUEST. J.P. CANNON & CO. Members Standard Stock Exchange. 56 King Street West. Toronto, Ont. Phones Adelaide 3342-3343.

SHINING TREE'S BIG VEINS ARE NOW BEING REVEALED

Wasapika Conceded by Impartial Authorities to Be Prospectively Very Large Mine—Great Possibilities Disclosed in Other Properties.

The big veins of West Shining Tree are now being revealed in all their glory. Dynamite and the diamond drill are now proving their unusual size. The Wasapika has moved up to a still higher status. Disinterested and competent authorities now concede that it is prospectively a very big mine. It is diamond drilling at the Herick is indicating a far greater ore body than is outcropping on the surface, that is 25 feet wide and continues without any dip for a length of 375 feet. The Wakenda, adjoining, is disclosing possibilities almost unthought of when work started.

The Churchill is responding splendidly to exploration. Its five parallel veins forming one great system, are very well defined. Four of these veins lie in a strong shear zone several feet wide. The shearing and mineralization is here very pronounced, and one feels that the whole metamorphic will carry payable values.

West Tree and Herick. The main vein on the West Tree has an outcrop very like that on the Herick. On the former, however, the vein is slightly north of east, and on the latter is west of north. The vein on the West Tree has no unions behind them, and the government has only a few formerly employed men, who were British-born and Canadians, with only few natives. When they learned the conditions, they refused to come back to work, and the government has had to employ a few more men to replace them.

TRIP TO DAVIDSON PLEASES VISITORS. Extent of Development Work and Completely-Equipped Plant Prove Surprise. A party of 35 people, the majority of them shareholders in the Davidson Consolidated Gold Mines, who had not previously had an opportunity of inspecting their property, left Toronto last Friday in a private car for a visit to the Davidson and other mines in the Porcupine district. The trip proved to be a most interesting and enjoyable one. The party was composed of influential business and professional men from Toronto and adjacent cities. All expressed themselves as more than pleased with what they saw at the Davidson. The extent of development work done and the completely equipped plant, including modern electrical appliances, was a distinct and gratifying surprise to many. Not less striking was the impression made by the efficiency with which things are done, as evidenced on every hand. The visitors were taken thru the various underground workings and afforded the opportunity of selecting samples of ore containing free gold.

CANADA'S CHEESE BUY LIMITED TO 20,000 TONS. Montreal, Sept. 8.—The British Food Ministry has definitely decided not to purchase the balance of the exportable surplus of Canadian cheese after an order for 20,000 tons for holding some months ago, is completed. The Canadian cheese export committee, which has been buying this commodity for the last several months, has been notified by cable by the British food ministry of this decision. The cable also stated that subsequent imports on private account will not be requisitioned but will be governed by a maximum importer's selling price, which is now 12d per pound.

COBALT MINERS RETURN TODAY

Probable, Tho, That Resumption of Work Will Start on Limited Scale.

Canadian Press Despatch. Cobalt, Ont., Sept. 8.—The camp has been in a state of expectation all day regarding the reopening of the mines, but little toward this end has been done up to this evening. It is probable, however, that tomorrow will witness a general resumption of work, although on a limited scale, and some time must elapse before operations can be prosecuted on the same scale as before the strike. Extensive pumping will be necessary at a number of properties where heavy flooding has occurred augmented by the steady rains of the past few weeks. The Northern Ontario Light and Power Co. had expected to have their lines in operation this afternoon, but mechanical trouble at the plant intervened, although it is expected the air will be on tonight.

Reduce Police Force. Following the settlement of the strike the town has dispensed with the services of its special constables and the force is back to normal strength. In a period of nearly seven weeks, dating from July 23 when the men walked out, there have been only two arrests in connection with the strike, and both alleged offenses were of a minor nature. It has been possibly the quietest strike on record, the men's leaders repeatedly urging them to remain peaceful and to avoid any violence. In the two instances where pickets were arrested one man, Randall, was fined \$20 and costs by the magistrate, and the other, Chabute, elected to go before a higher court and was committed for trial. The men have issued another edition of The Cobalt Labor News, increasing its size to six pages. Prominence is given to an attack on Senator Robertson in a Welland paper regarding the minister's alleged attitude toward the strikers, and his reply is also printed. The statement of the mine managers defining their position in the dispute is republished, and some portions of this article are written in a vein of elaborate sarcasm.

JAPAN TO REINFORCE TROOPS IN SIBERIA. Tokyo, Sept. 8.—Japan is not planning to withdraw troops from Siberia, according to an official statement issued at the war office. "Far from considering the withdrawal of troops from Siberia," the statement says, "conditions there may necessitate the sending of reinforcements to that country."

DIFFER ON PUBLICITY OF ITALIAN DEFEAT PROBE. Rome, Sept. 8.—Discussion of the inquiry into the Italian defeat at Caporetto, in the autumn of 1917, in the chamber today, brought out that in the press of the country generally there are two very distinct tendencies. One is led by those who favor the "washing of national soiled linen" in public, while the other faction urges that it is undesirable and even dangerous to expose to the whole world on account of what they consider unavoidable mistakes and faults which occurred more or less in every army.

WEST TREE MINES LIMITED 200,000 SHARES AT 28 CENTS PER SHARE UNTIL SEPT. 20th. IN VIEW OF THE POPULARITY OF THE ORIGINAL OFFERING OF WEST TREE, AND THE FACT THAT SO MANY WERE DISAPPOINTED BY FAILURE TO GET THEIR ORDERS IN ON TIME, IT HAS BEEN DECIDED TO OFFER AN ADDITIONAL 200,000 SHARES BEFORE LISTING.

WEST TREE owns 182.6 acres in the richest section of the camp. The richness and the extent of the veins developed, the geological formations, and the indications that values will persist to great depth, inevitably point to the likelihood of WEST TREE becoming one of the greatest high-grade gold mines in existence. Engineers and geologists who have examined the WEST TREE are unanimous in their opinion as to its possibilities.

Since the original offering of WEST TREE, the exceedingly rich, high-grade vein, which has yielded some of the most phenomenal ore ever seen in the north has been opened up down to 70 feet, and samples from it at this depth will run \$1,000 to the ton in gold.

REMEMBER—WEST TREE HAS SIXTEEN GOLD-BEARING VEINS, THAT RUN FROM A FEW DOLLARS PER TON TO THOUSANDS. MARVELOUSLY RICH SPECIMENS FROM THE WEST TREE STAMP THE PROPERTY WITH EXCEPTIONAL POSSIBILITIES.

WE REGARD WEST TREE AS THE BEST SPECULATION IN THE MINING STOCKS TODAY. GET YOUR ORDER IN EARLY, AS THIS IS THE LAST ALLOTMENT TO BE SOLD AT THIS PRICE, AND ORDERS WILL BE FILLED IN THE ORDER RECEIVED UP TO 200,000 SHARES.

OILS AND MOTORS MAKE FRESH GAINS

New York Stocks, in General, However, Show Dulness and Heaviness.

New York, Sept. 8.—Stocks were active and strong on the resumption of trading today, but the market soon became dull, owing mainly to the absence of bullish incentive.

The deadlock in the steel labor situation was again the chief deterrent, but definite developments in that quarter encouraging the shorts to extend their operations among various speculative issues.

Steel fluctuated between 10 3/4 and 10 7/8, closing at 10 5/8. Unchanged, but all shares, notably Crucible, were inclined to strengthen after finishing mostly at gains.

Trading in rails was negligible, even after the fairly favorable crop report, but the moderate advance in standard exportations becoming more apparent after publication of Southern Railway's July earnings, which disclosed a heavy decrease in net operating income.

Almost the only elements of consistent strength were provided by oil, motors and shippings, but even in these groups considerable shifting of commitments was evident.

One of the strongest stocks was Canada Bread, which advanced 1 1/4 to 21 3/4, reflecting the optimistic remarks made by President Mark Bredin at the annual meeting.

Spanish River closed 1 1/2 up at 45 1/2. This stock, with other pulp and paper issues, had a big market in Montreal yesterday.

Canadian Locomotive eased off from 54 1/2 to 54 1/8. Maple Leaf advanced two points to 199, only a point later fell back to 197.

In the war loans a firmer tone was shown in the majority of issues, and the demand showed improvement.

The day's transactions: Shares, 2,109, including 575 mining shares; bonds, \$280,700.

Liberty bonds were strong, foreign exchange steady and the general list little changed, the slightly better. Total sales (par value) aggregated \$11,500,000. Old U. S. bonds were quiet.

On NEW YORK CURB Hughes, Harcourt and Company, 307 Royal Bank building, received the following wire at the close of the Chicago market yesterday: Corn—Trade light, awaiting government report.

Indications point to more normal conditions, with movement of the new crop and the balance wheel. East took fair quantities of corn today and cash demand showing steady.

Oats—While trade was light, prices were firm and higher. Receipts continue light. Farmers' offerings practically nil and the lack of good quality oats is bound to become an important factor sooner or later.

On CHICAGO MARKET New York, Sept. 8.—The tone of the trading on the curb today was firm to strong. There was quiet accumulation of a good market yesterday.

On CANADA BREAD DIVIDEND The directors of the Canada Bread Company, Limited, have declared the regular quarterly dividend on the preference stock of 1-4 per cent, payable October 1st to shareholders of record September 15.

The directors of the Duluth-Superior Traction Company have declared the regular quarterly dividend of 1 per cent on the preference stock, payable October 1st to shareholders of record September 16.

The industrial were generally steady. A new issue was introduced to trading today to Rockaway Rollins Mills which opened at 11 5/8 and advanced fractionally.

The close was very firm.

DOMINION IRON HOLDS UP WELL

Sydney Workers Demand Public Inquiry Into Closing of Plant.

The week opened on the Toronto exchange yesterday with a fair measure of activity, and with trading again well scattered. Price changes as a rule were unimportant, but there was evidence of underlying firmness in the majority of issues.

Dominion Iron was, as on most days last week, responsible for a larger turnover than other stocks, and reference to the fact that with transactions of only 335 shares it retained this position makes it clear that dealings were not concentrated upon a small group of stocks.

ESTIMATE OF CORN'S BEARISH FACTOR

Corn Prices Sag at Chicago, But Tendency of Oats is Higher.

Chicago, Sept. 8.—Precautions against a surprise in the government crop report monopolized most of the energy of corn traders today. The official estimate of the 1919 yield of corn having been proved much more bearish than had been generally looked for, the market closed weak, 1-2 to 1-3 cents net lower, with September \$1.31 3/4, and December \$1.31 to \$1.31 1/8.

Through the greater part of the day dealers in corn devoted themselves to clearing out open risks so as to be prepared for whatever the government crop report might contain. Private reports had given no basis for any radical change in the crop outlook during August, but such importance had recently been attached to government announcements affecting foodstuffs that traders were not disposed to take any chances, but rather to adopt a waiting attitude.

Correct anticipation that the government report as to the world would favor the bulls tended to strengthen oats. Absence of demand, either domestic or export, led to a sharp break in provisions.

CHICAGO MARKETS

Table with columns: J. P. Bickell & Co. Standard Bank building, report the following prices on the Chicago Board of Trade.

MONTREAL PRODUCE MARKETS

Montreal, Sept. 8.—The domestic market for cash grain was rather quiet today, owing to the fact that the demand from all sources for supplies was somewhat limited and the volume of business was small.

BANK OF GERMANY

Berlin, via London, Sept. 8.—The statement of the Imperial Bank of Germany, issued August 30, shows the following changes: Total coin and bullion, decreased 1,526,000 marks; gold decreased 1,324,000 marks; treasury notes increased 79,795,000; notes of other banks decreased 754,000 marks; bills discounted increased 723,618,000 marks; advances decreased 6,988,000 marks; investments increased 15,611,000 marks; notes in circulation increased 235,707,000 marks; deposits increased 2,765,682 marks; other liabilities decreased 175,054,000 marks; total gold holdings 1,103,252,000 marks.

LIVERPOOL COTTON

Broad, active mining market due now that Cobalt strike is settled

Because of the strike settlement and the high price of silver several Cobalt issues should be bought at once. In addition, we recommend four gold stocks which are especially attractive.

The situation demands prompt action. You will find it to your advantage to consult us before placing your orders.
