PEOPLE'S POWER IS SOLELY FOR THE PEOPLE

Hon. Adam Beck Addressed Large Meeting at Chatham -- Progress Made.

CHATHAM, Oct. 14.—(Special.)—Hon. Adam Beck, the power minister of the legislature, addressed a large meeting of the board of trade in this city to-night, on the question of Niagara power.

The minister went very fully into the question from every standpoint, showing the progress which has been made by the power commission since they have been given the consideration of this important question.

He pointed out the fact that there is now being developed at Niagara more power than is required for the needs of the whole province, and intimated that the government would take immediate steps to have this power distributed to all of the cities in the province which apply for it.

In speaking of the fact that the government is not at present developing power at the Falls, he gave as a reason that there is in the agreement made by the old government and the companies now developing the power, that the government shall not develop power at the Falls. The government feels that it is in duty bound to live up to this agreement.

He, however, pointed out that the commission had asked for tenders for the development work. Mr. Beck, thruout his whole speech, strongly and repeatedly emphasized his opinion that the power question should be controlled solely by the people and for the people.

MRS. CHADWICK'S FUNERAL TO-MORROW AFTERNOON
Announcement is Made by Sister to Managing Editors of the Woodstock Papers.

WOODSTOCK, Oct. 14.—(Special.)—“The remains of my sister, Mrs. Cassie Chadwick, will be quietly interred at the Anglican Cemetery in the city at 2 1/2 o'clock Wednesday afternoon, and Rev. F. W. Thompson, pastor of College-avenue Methodist Church, will conduct the services.” was what Mrs. D. A. Campbell of East Dundas-street told the managing editors of the local papers late this afternoon.

Mrs. Campbell has very carefully evaded reporters, and would not trust them with the news that she herself conveyed to the head newspaper men in town.

The remains are being held until Wednesday, awaiting the arrival of relatives and friends from Ohio and other parts of the United States who will attend the funeral. Who these relatives and friends are, Mrs. Campbell refused to say.

The funeral will be strictly private, and even Mrs. Campbell's most intimate friends being allowed to view the remains, which are encased in a sealed casket.

NEW YORK, N.Y., Oct. 14.—An interesting decision to the effect that a doctor has no right to exceed the automobile speed regulations, even though he is responding to a life and death call, was made by Police Magistrate Hermann to-day.

“Doctors have no right to race their automobiles when answering hurry calls,” said the magistrate, “for they might kill a dozen people, while rushing to save the life of one.”

The defendant in the case, a chauffeur for a physician, was fined \$10.

Bear is Marked T.R. Yes

Was Waiting for the President But Henry Savage Got There First

BLACK DUCK, Minn., Oct. 14.—Had President Roosevelt come up here on his hunting trip he would have found a giant black bear waiting for him, with the initials “T. R.” in white hair plainly showing on his right side. The bear was killed this morning by Henry Savage, a homesteader. An examination showed that the bear had been thru a fire in its infancy, and that white hair had grown in where the original black hair had been burned off. The initials “T. R.” are as perfect as the put there by a paint brush. Savage has refused \$5 for the skin, which he will send to the president.

“No Hope for Me, No Work, Good-Bye” Wrote Man Before He Took Life
CHIPPAWA, Oct. 14.—Early this morning two fishermen in Niagara River above Navy Island discovered on the Canadian shore an overturned skiff and nearby the body of a man aged about 40 years. From letters the body was identified as N. G. Sven of No. 419 Herkimer-street, Buffalo. He had committed suicide by shooting himself thru the head. A revolver was found near the corpse.

The letter said, “No hope for me; no work, no money. Good-by.” His hands were toll-hardened and his clothing was of cheap stock.

MERRITTON MAN HEIR TO LARGE FORTUNE

Miles Springer, Factory Hand, Inherits an Estate in Wilmington, Delaware, of \$150,000

ST. CATHARINES, Oct. 14.—(Special.)—Miles Springer, formerly a resident of Merritton, and now living with his sister, Mrs. Ferguson, Ormond-street, Thorold, and an employe of the Wilson Carbide Works, Merritton, has fallen heir to \$150,000.

Asked this morning as to the truth of the statement, he said: “Yes, it is so, and altho it seems too good to be true, I feel it is my luck this time.”

“I am direct heir to a fabulous sum, based on property and cash. The property is situated in Wilmington, a city of perhaps 70,000 inhabitants, and one of the largest cities in Delaware. I have known of the property all my life, but I never thought that I should ever possess any of it.”

“You see, I had been working day by day, no farther ahead to-day than I was yesterday, and then to think that wealth has suddenly been placed in my hands, is nearly too much for me to breathe away when I heard of the lease of the property expired in July and I have known of the fact for quite a time.”

“Of course we have put the case in the hands of one of the best lawyers in the United States. There are, perhaps, twenty claims for cash. I am direct heir and I feel confident that I shall in a few months know that I am what many people would call well off. “Sooner than have the case dragged thru the supreme court of the United States my lawyer has asked for a compromise. I have seen a lawyer who has been to Wilmington, and he states that the thing is all I claim it to be.”

“The money is in the Bank of Sweden of the same city, but the property will be disposed of first, and then the money, which is not nearly so much as some dimensions, will be considered. My genealogy can be traced back to 1036, and that is one of the most important features of the case, and one of which I feel very proud.”

PROSECUTION OF M.C.R. OUTLINED BY JUSTICE

Mr. Justice Riddell Congratulated at Opening of Sandwich Assizes—Employes Exempt

WINDSOR, Oct. 14.—(Special.)—Justice Riddell opened the fall assizes this afternoon at Sandwich. This being his first visit here since his elevation to the bench he was welcomed and congratulated by H. Clarke, K.C., on behalf of the bar. As there were no prisoners to be tried at this court the sheriff presented his lordship with the customary pair of white gloves.

In his charge to the grand jury Justice Riddell outlined their duties with respect to the criminal prosecution of the Michigan Central for the Essex explosion, and adverted to the alarming number of so-called accidents which were becoming notorious, and were due in many cases to sheer carelessness.

The railway has been trying to have the prosecution postponed, but the authorities are determined to press the case. Crown Prosecutor Meredith of London will try to have the commission of the former on Monday. It is intimated that no indictments will be prepared against any of the railway employes.

EIGHT HUNDRED GIRLS ARE ON STRIKE AT PARIS

Employees of Penman Company Refuse Compromise Offer of the General Manager.

PARIS, Oct. 14.—(Special.)—Eight hundred girls employed by the Penman Company are on strike. At a meeting to-night Manager Thompson offered the girls 10 minutes on the last hour to wash up and prepare for the street. Three meetings were held in all to-day, but the girls would not listen to the manager's proposition and the strike is still on.

For some time there has been an agitation among the Penman employes for Saturday afternoon off the full year around instead of the summer months only. Saturday was the day set by the management for the commencement of the longer hours, and notices were posted to that effect.

Fully three-fourths of the employes remained away, and practically no work was done on Saturday afternoon. “The employes’ intentions were to return to work to-day, but notices were tacked up to the effect that all who remained away would have to report at the general office and be re-engaged before being allowed to return to work.”

At a meeting held Saturday night the employes passed a resolution in which they all agreed not to return to work until Saturday afternoon holidays were granted.

This morning the employes gathered in front of the general office to the number of five or six hundred. Mr. Thompson, general manager, addressed the crowd, and as an outcome the strikers sent a delegation to interview Mr. Thompson.

One Crab Two Crabs More Crabs

Crustaceans Scuttled Hole in Paper Bag and Created Panic in Car.

NEW YORK, Oct. 14.—A man carrying a big paper bag last night plumped down in a corner by the rear door of a Lexington-avenue car and at once fell asleep. As the car approached 65th-street a scratching noise was heard and the mouth of the bag tilted forward. Suddenly out dropped an excited crab, which scuttled along the aisle. Then two of his fellow-prisoners followed.

Seated next to the sleeping man was a large woman. As the first crab appeared she shrieked and gathered up her skirts. The man awakened, lurched forward and made a grab for the fourth crustacean which just then dropped to the floor.

“This is a ri!” hiccoughed the passenger; “nothing but crabs—seems to be devil crabs.”

Just then four more crabs dropped out. Several women on the opposite side of the car-screamed and hurriedly drew up their feet. A swaying strap-hanger smashed one crab under his spatted shoe.

The sleepy passenger made ineffectual dashes at the crabs which had fallen out in front of him. As quickly as he made a grab at one another tumbled out of the paper bag until finally it was emptied.

“What's the matter with those crabs?” he exclaimed. “Wanter boll'em. Don't want gollin, eh? Aw, ri! Stop at 81st-street, conductor. Good-by, ladies. Sorry.”

At 81st-street the man lurched off the car with the empty bag.

CROP SHORTAGE SENDS WHEAT TO RECORD

On Toronto Market Cash Offerings Were \$1.12, With Barley 85c, and Oats 63c—Other Quotations.

Wheat, per bushel..... \$1.12
Barley, per bushel..... .85
Oats, per bushel..... .63

Record prices for cereals were recorded on the Toronto market yesterday, and indications are that they will go higher. The figures quoted above are the record for several years.

At the Chicago market yesterday, May wheat sold as high as \$1.12 5/8 a bushel; at Minneapolis, \$1.16 1/4, and at Duluth, \$1.17 1/4. At Winnipeg, May wheat hovered around \$1.17, and at Toronto cash wheat was \$1.12. Barley, oats and corn are all rilling at similar high prices, and Ontario farmers are not offering supplies freely because of the belief that the advances will still go further.

Crop Shortage.
The extreme prices are caused by a crop shortage, which is general. In India and Australia, drought is reported to be working an injury to the crops. The European crops were marred by wet weather. The Argentine crop, upon which much depends, is said to be making satisfactory progress, but the harvest is yet two months off.

The prices of all grains are soaring in the markets to levels not touched for very many years. The advance is peculiar, in that most commodities are receding in price rather than rising. Wheat quotations, which a few months ago were between 80c and 90c a bushel are now above \$1.10; oats, which were about 60c, are now over 80c, and barley, which was thought high enough at 65c, is now 85c.

Among Toronto grain men the only reason given for the rise is a crop shortage, not only in Ontario or in the Dominion, but practically in all the grain-producing countries.

Worked Supply.
Statisticians who have figured out the world's wheat crop this year place it at 5,000,000,000 bushels. This is admitting that the current crop is up to the average. Using these figures as a basis, it is thought that there will be a shortage of upwards of 80,000,000 bushels in the world's supply.

In the United States the government statisticians give the wheat crop at 625,000,000 bushels. It is estimated that the States will use in domestic consumption and seed requirements for next year about 500,000,000 bushels. This will leave 125,000,000 bushels for export. Of this amount about 50,000,000 bushels have already been sent out of the country. The exports of wheat and flour a week ago are now averaging over 4,000,000 bushels, so that about eighteen weeks is expected to use up the surplus and leave the country with just bare supplies for home use.

Sold at \$1.12.
At the Toronto market, wheat sold at \$1.12 a bushel Monday. This is the highest price reached in several years, and several cents higher than that of the short-crop year of 1904.

Barley is another cereal that is commanding good demand. Attention. At the Toronto market Monday the price reached 85c a bushel. In the United States the price is over \$1 a bushel. The Ontario barley crop was a fair average this year, but in the States there was a shortage. Not since the Dingley Act came into effect has there been any possibility of exporting barley to the neighboring republic, but it is believed that the good sample of Ontario barley this year will be wanted for brewing purposes on the other side, and that the prices for this grain will ultimately rise much higher.

Oats Short.
Oats are admitted to be a short crop throughout North America. This grain filled very light, and, in addition, was attacked by a blight which cut the crop in half. Oats are selling locally at 63c a bushel. At Winnipeg the quotations are nearly 10c higher, and the Chicago futures are close to 80c.

The demand for Canadian Northwest wheat is quite keen on the part of European importers, and a few of the October options are held at about \$1.14 a bushel. Northwest milling houses are strong competitors for the supply, owing to the comparatively small amount of real good milling wheat, and this competition is giving the Canadian western farmer a record price for this year's crop.

DIRECTIONS TO PREPARE BEST BLOOD TONIC

Forces Kidneys to Filter Impurities From the Blood and is Easily Mixed at Home. A leading health journal, in answering the question, "What is the best prescription to clean and purify the blood," prints in a recent issue the following: "Fluid Extract of Dandelion, one-half ounce; Compound Kargon one ounce; Compound Syrup Sarsaparilla three ounces. Shake well and use in teaspoonful doses after each meal and at bedtime."

Queen Quality SHOES 3.75 4.50

It is natural for the intelligent purchaser to depend more and more upon big trade-mark names for security. Take "Queen Quality" shoes. The reputation of that name has cost a million dollars, and it is worth that today. Can the makers afford to stamp that name upon any shoe that would discredit it?

MINISTERIAL MEETINGS. SAFETY DEVICES DEFECTIVE.

OTTAWA, Oct. 14.—The railway commission is to-day sending out a circular to the various railway companies under its authority calling attention to the respects in which their equipment fails to comply with the requirements of the law. Information presented to the board by its inspectors goes to show that over 30 per cent. of the cars and engines recently inspected, numbering well into the thousands, are being operated with defective safety appliances.

STRIPPED ENGINE OF BRASS

Serious Charge Against John Hall at Stratford. STRATFORD, Oct. 14.—(Special.)—John Hall, 47 years old, was to-day summoned to police court on a serious charge of stripping an engine in a cordage factory of all its brass valves and fixtures and disposing of them to junk dealers.

WHAT! NO TYPO GIRLS.

NEW YORK, Oct. 14.—The typewriter girls may find their occupation gone if what is said of a new invention turns out to be true. It is exhibited at the business factory in progress in Madison Square Garden, and is an automobile typewriter run by compressed air and capable, it is said, of writing from 10 to 10,000 words an hour at 24 hours a stretch. The inventor is A. McCall of Columbus, O.

ROSS' CHEQUE RETURNED?

LONDON, Oct. 14.—The Canadian Associated Press has been told that Dugald Ross sailed on the Deutschland, but his name does not appear on the list of either first or second-class passengers. Ross purchased one horse here, paying, he said, £120. For the same horse a firm of horse dealers on Brompton-road offered him £20.

AN ARREST AT TUPPERVILLE.

CHATHAM, Oct. 14.—(Special.)—William Hewitt, an immigrant, was arrested at Tupperville to-night on a charge of wife desertion. His wife has been at the Rankin House here for several days, having recently given birth to a child.

ALMOST ASPHYXIATED.

STRATFORD, Oct. 14.—(Special.)—M. J. Dewey, job printer, had a narrow escape from death by asphyxiation. He was found in his shop overcome by gas and was with difficulty resuscitated.

EDITOR WITH A HISTORY, DEAD.

YONKERS, N. Y., Oct. 14.—Captain John L. Wells, formerly American consul to Madagascar, and associate editor of The Yorkers Standard, died at his home in this city yesterday. Capt. Wells gained some international prominence while in the consular service by a conflict with the French authorities at Madagascar, as a result of which he was imprisoned there.

ST. ALBAN'S CRICKET CLUB
AVERAGES FOR THE SEASON

F. C. Evans Leads Batsmen and W. F. Smith the Bowlers— A Fine Record.

The season of 1907 was a noteworthy one in the history of St. Alban's Cricket Club, both in the number of games played and the proportion of wins obtained. The total number of games played was 46, of which 21 were won, 8 lost and 17 drawn. In the batting averages, F. C. Evans is far ahead, with the fine average of 42 for a total of 736 runs, a large proportion being scored in league games. Garrett and Hebben follow, both with averages of over 20. W. F. Smith has been the best under and ten other batsmen have averages of doubles. In bowling W. F. Smith leads, with 432 for 130 wickets. His equal is closed behind with 509 for 72 wickets. A remarkable average and seldom equalled, of the bowlers who took the bulk of the work, Hamilton, Colborne, Hancock and Kent all have fair averages. In all games a total of 548 runs have been scored, the loss of 403 wickets, an average per wicket of 1.35, as against 854 for 448 wickets, an average per wicket of 1.91. The club finished second in the Toronto Cricket League competition, being 2 points behind the leaders, with record of 16 points, 6 won, 4 drawn, 2 lost.

WESTERN PRESS VIND. After a sharp and short contest the Canadian Pacific Railway's Telegraph Corporation has abandoned its attempt to compel the western press of Canada to accept its news service.

RE SOLICITOR. Those lawyers who misuse or lose clients' money are supposed to be brought to book by motions made to strike them off the rolls of practising solicitors.

HOW ABOUT ONTARIO? New Brunswick is engaged at present in an effort to step from under the enormous burden of its guarantees and subsidies to the Central Railway by unloading them upon the Dominion Government.

CROOKED FINANCE AND PUBLIC CONFIDENCE. Those who attribute the extraordinary break in stocks to the agitation for reform in the financial methods of companies handling the people's money argue without warrant.

SIX MONTHS FOR DRUGGIST. NEW YORK, N.Y., Oct. 14.—Severe punishment for druggists who sell cocaine is advocated by Dr. Darlington, head of the city health department.

Catarrh, Pneumonia, Consumption. Death's fatal trinity they are often called. Catarrh is the first stage, pneumonia often follows, and consumption finally exacts the full penalty.

their trust in directors and officials who manoeuvred them for personal profit is no justification for refusing protection to the many more who are hoping to invest their money in sound and stable concerns.

A phenomenon so world-wide as the great decline in stock values must be due primarily to general economic causes. No scandals such as those that have shocked the people of the United States have disturbed the United Kingdom, yet the losses to investors have been very large.

DEPARTMENTAL EXAMINATIONS. The report that the education department is revising its examination system with a view to simplification is an encouraging one.

Doubt, however, may be felt as to the wisdom of decentralization for matriculation and high school entrance. Uniformity in the standard and in the matter and method of examining must be maintained in our secondary, as well as in our primary, schools.

The remarkable editorial that recently appeared in The Montreal Star, and was reprinted in this column yesterday, in which the duty of rich men to contribute to party funds is dwelt upon, is receiving no little comment from the Liberal press throughout the country.

With an authority born of bitter experience, The Montreal Star makes a curious appeal to the "men of wealth" of Canada to do their duty and subscribe to election funds.

At the outset it concedes that parties must have campaign funds, but immediately proceeds to argue that it is important to know where the money comes from.

"It may well be that when that time arrives The Montreal Star will not be quite as eager as it is to-day to have the searchlight of publicity thrown upon the operations of 'Zandry,' 'Zandride,' 'Zandrak' and 'Zandring.'

The Winnipeg Tribune (Ind.): "No friend of good government will welcome the announcement of the Labor party that a Labor candidate is to be run against Mr. Henri Bourassa in the next Dominion elections.

"The Labor party, it is believed, stands in opposition to corruption and graft in public life, and for honest, efficient and impartial administration.

"No man in public life in Canada to-day has a more enviable record as the champion of political purity and honest and just administration than has Henri Bourassa, M. P.

"Why should such a man be opposed, when scores of mis-

Political Intelligence

The Vancouver World has been a strong Liberal newspaper, and has fought the McBride government vigorously. It is still fighting McBride on the Japanese question, and is ready to fight Sir Wilfrid Laurier no less bitterly on the same question.

Last week a convention of the Liberal party of this province passed a resolution which was in part opposed to the declared policy of its own federal leaders, the presence of a cabinet minister being insufficient to restrain the rank and file from making demands on Ottawa which Ottawa was in no hurry to grant.

No leaders on the Conservative side have yet arisen to denounce the paltering of Premier McBride, but that gentleman need not therefore imagine that he will escape where Sir Wilfrid Laurier has not escaped.

It is within the power of both governments to act at once. The Dominion government can put the Natal act into force immediately by order-in-council. The provincial government can oblige the governor to sign the Bowser bill, under pain of being left without a government if he declines.

The strong points of the 20c line are its colorings, designs and fine close twill weave. It is 34 inches wide and is of the best American make, nothing but purest cottons and fastest dyes being used in manufacture.

representatives of the people will be unopposed by candidates who desire reform? "What the people of Canada should desire is not to get Bourassa out of the house, but to get a dozen or more men of his ability and honesty in.

Many comments, most of them good-natured ones, have greeted the speech of Dr. Beattie Nesbitt at Gravenhurst. The Liberal newspapers are inclined to scent trouble ahead for the Whitney administration, and the Conservative papers naturally minimize its significance until they know just how the cat is going to jump.

Whatever may have been the purpose of Dr. Nesbitt—a government official, by the way—in firing this shot, it behooves Premier Whitney to raise the only sure buckler against it—the buckler of courageous achievement in the line of securing public utilities for the public.

The Winnipeg Telegram (Con.) is not prepared to admit that the Liberals are entitled to use the crest of public ownership. They have been climbing into the wagon so fast of late that no one has noticed that Sir Wilfrid Laurier stands aloof, much like a hen whose brood of young ducklings have suddenly started for water.

"But instead of a gradual and steady advance, there has been nothing but reaction, which leaves Canada to-day the most politically backward of all self-governed countries. During these twelve years Canada has been creating those conditions in regard to land which Australia and New Zealand have been painfully endeavoring to remedy.

"The conclusion is irresistible that Sir Wilfrid Laurier was insincere in his attitude towards Canadian sentiment. In the play of his intellect he is a modern democrat. In the serious acts of his life he is a mediaeval reactionary.

The London Conservatives nominate this evening, and registration commences to-day. It promises to be a very quiet election.

EATON'S DAILY STORE NEWS

Velours, Waistings and Printed Wrapperettes Warm Goods for Chilly Weather

Now's the season when light fabrics are rapidly laid aside and WARMER CLOTHING MATERIALS are the order of the day.

We've selected from the world's best mills a most complete line of Canadian and American VELOURS, WAISTINGS AND PRINTED WRAPPERETTES.

At 12c

A fine, close-twill cashmere weave FLANNELETTE, for house wrappers, waists, kimonas and children's wear. This year's favorite designs are simple polka dots and many other smart designs on rich, cream grounds.

At 18c

This line of flannelette consists mostly of the famous Paisley designs, and is particularly distinctive for its soft, flannel finish and even weave. The well-known Paisley designs are in new all-over and scroll effects, in almost every color, altho grounds of navy blue, sky, fawn, brown, bright and dark reds, grey and slates seem to be the most popular.

At 20c

The strong points of the 20c line are its colorings, designs and fine close twill weave. It is 34 inches wide and is of the best American make, nothing but purest cottons and fastest dyes being used in manufacture.

The whole exhibit is one we're proud of. It's an array worthy of the store—that means much, and our staple and flannelette prices are exceedingly low and indisputably reliable.

STANDING OF THE CITY IN MATTER OF FINANCES

There remains to the City's Credit \$920,973, With Only a Few Appropriations Exceeded.

The city treasurer's statement of current expenditures to Oct. 1, 1907, shows the following:

Table with 2 columns: Item, Amount. Includes Balance from 1906, Appropriations for 1907, Total funds available, etc.

The only appropriations which have been exhausted are the following, showing the amount overdrawn: Law expenses, \$124; reception of distinguished visitors, \$488; sidewalks, \$424; board of works, stores, \$2430; Esplanade and city streets, \$320; dredging slips, \$15; Toronto street railway matters, \$141; tug National maintenance, \$131; Front-street sewer, \$201; level crossings, \$12,062; King-street sewer repairs, \$85, and city registry office maintenance, \$706. Total, \$12,416. The total amount at credit is \$920,973.

Get Rid of the Label.

Dr. Sheard is recommending to the local board of health that the legislature be asked to strike out the clause allowing bread below the standard weight to be sold with the intention of weight of the loaves being affixed. He also suggests that legislation be applied for, empowering the city to build an addition to the present isolation hospital for accommodation of patients suffering from measles and minor contagious diseases. The board meets tomorrow afternoon.

DO NOT TREAT SYMPTOMS, GET AT THE CAUSE

Indigestion, dyspepsia and biliousness surely indicate that there is something wrong with the liver, kidneys and bowels. So-called cures for indigestion do not go to the root of the matter. Remove the cause and the symptoms will disappear. King's Palmetto Compound succeeds where everything else fails, because it acts directly on the kidneys, liver and nerves. You are not asked to take these statements on faith. Look at the formula, we print it on the wrapper, and explain it fully in our printed matter. You know every bottle. If you are not acquainted with the action of the drugs of which it is composed, ask your physician. He will tell you that Saw Palmetto has wonderful efficacy in regulating the kidneys, and that Cascara Sagrada is the best tonic and stimulant for the bowels known to medicine. These are only two of the constituents of King's Palmetto Compound, the rest being equally meritorious. It is not a cure-all, but it will prevent the development of incurable diseases. It will not only relieve, but permanently remove the cause of constipation, that foe of health which is responsible for more than half the diseases that afflict the human race. Is your digestion imperfect? Are you bilious? If so, now is the time to act. Send for a free sample bottle of King's Palmetto Compound, King's Palmetto Compound Company, Bridgeport, Toronto. This medicine is made upon honor and sold upon merit. One dose a day will meet your needs.

OLD TROUBLE REVIVED.

A gentleman whose children attend the Lansdowne public school has written The World to enquire whether religious instruction is permitted in the public schools of Ontario. It appears that in some of the classes the pupils are required to purchase Bibles under pain of suspension. Several people feel that it is impossible for a Bible without some religious tinge. For example, they claim it is unjust to compel Hebrew children to read the New Testament as being any part of the Holy Scripture. There is objection, too, from Roman Catholics, but as the school authorities point out, they can not complain, as they have schools of their own. The matter will be brought to the attention of the board of education.

BROTHER AND SISTER KILLED.

LORAIN, O., Oct. 14.—Matthew Glosky, five years old, and his sister, Lucy, 11 years old, were run down by a Lake Shore train and killed last night near Amherst, and their aunt, Miss Sophia Glosky, was fatally hurt. The three were walking on the track when the boy's foot became fastened in a cattle-guard. In attempting to rescue him, his sister also caught her foot in the guard. Their aunt was unable to pull the children's feet from the cattle-guard and was unslung the little boy's shoe when a freight train bore down upon them. The children were killed instantly, and the aunt fatally hurt.

STEAMERS ON BOTH OCEANS.

MONTREAL, Oct. 14.—General Manager Charles M. Hays of the Grand Trunk Railway has returned from an inspection trip to Prince Rupert, B.C., the western terminus of the Grand Trunk Pacific Railway. As a result of the future plans of the company, he said that it was certain that it was only a matter of a short time when the Atlantic and Pacific similar to those of the C. P. R. If the Grand Trunk Company had its own fleet of steamships it would in any event have full control of them.

TO ARGOS AND DONS.

City Council Present Handsome Illuminated Addresses.

A pleasant feature of yesterday's meeting of the city council was the presentation to the Argonaut Rowing Club and Don Rowing Club of handsome illuminated addresses in recognition of the prowess shown by each at the American Henley held at Philadelphia Aug. 11 and 12.

The representatives of the rowing organizations were introduced by Ald. Kensington, and were received with applause. The mayor then read the following address:

To the President, Officers and Members of the Argonaut and Don Rowing Clubs: We, the mayor and the corporation of the City of Toronto, being of opinion that notable achievements of its citizens, whether as individuals or in organizations, or whether in the field of physical or intellectual endeavor, should be fittingly recognized, have invited you by formal resolution to be present at this meeting of the council to receive the cordial congratulations of the city upon the successes recently achieved by the Argonaut and Don Rowing Clubs at the regatta held in the City of Philadelphia on Aug. 11 and 12 last, on which occasion your representatives won the eight-oared, four-oared, pair-oared and double scull championships of the National Association of Amateur Oarsmen.

Apart from the distinct honor which such victories bring to our city, your clubs in encouraging and developing a wholesome and many-branched amateur sport are performing good and useful service for the youth of the country, and we feel that we can heartily commend the efforts of your clubs. We conclude by expressing the earnest hope that the future career of your clubs may be one of victory and prosperity, and that your members may be long spared to enjoy the honors which they have so valiantly won.

The deputation representing the Argonaut Rowing Club was made up of A. L. Easton, president of the club; Henry O'Brien, K.C.; Capt. Joe Wright and Secretary M. C. Hoskin. Mr. Easton and Mr. O'Brien, who spoke for the club, emphasized the useful part played in national life by healthy athletic sport, and Mr. O'Brien, as founder of the organization, referred to the importance of its present standing, it having grown from a membership of a dozen to 684, and having the largest number of rowers in the world. Mr. Easton, president, and William Crawford, member of the executive, spoke appreciatively for the Don Rowing Club, which was represented by Harry Jacob and Walter Bowler, who won the double sculls championship at Philadelphia.

L'AFFAIRE NESBITT.

Premier Doesn't Really Know What Talk is About.

Premier Whitney gave an interview to the press yesterday regarding the Beattie Nesbitt "incident." Here it is: "There has been a great deal of talk in the newspapers for the last week, and apparently there will be more, to the effect that the cabinet were dealing with pent-up solemnity with this question. I say this question again and again, it will be very difficult to state the really what is meant in any of the cases. The cabinet has been wrestling, according to these reports, with the attitude made by the Electrical Development Company to demoralize it, and it is now about to deal with the Beattie Nesbitt question, whatever that may mean. But were the responsible cabinet so occupied as one might believe, judging from the varied character of these reports, we might look for a general breakdown at no distant day of all its members. The provincial treasurer is away this week; the provincial secretary is away; the attorney-general is away; and I am not aware that the minister of agriculture is here, so that it would be very difficult for the cabinet to take up any of these remarkably serious questions. I can only say," continued the premier, smiling, "that the cabinet is going on in the even tenor of its way doing good." And he added: "I do not really know what the Beattie Nesbitt question is, or what Nesbitt has done."

STEAMER PICTON RAISED.

Took Thirty Hours to Pump Vessel Out.

The work of raising the steamer Picton, which was started last Thursday, was completed yesterday afternoon. The vessel was lifted to the lower deck on one side and a pump in the side was cofferdammed and a pump installed. Altogether it took only 30 hours pumping to raise the vessel.

DEATHS IN THE CITY.

Deaths registered at the city hall yesterday were: Albert Williams, 26 years, sarcoma. John Weir, 28 years, abscess of brain. John Mulholland, 50 years, gas asphyxiation. Elmer Lynn, 9 years, meningitis. Lyman Jane, 10 years, appendicitis. Stewart Eddie Findley, 11 years, brain tumor. Emma Crotchley, 19 years, organic heart disease. Ernest Evelyn O'Brien, 4 years, carcinoma. Annie Thompson, 33 years, carcinoma. Clara McDonald, 8 years, pneumonia. Law, one day, hemorrhage of brain. William Squirrel, 31 years, rupture. Barr, stillborn. Cora Ann Gertrude Bell, 36 years, diabetes. Kathleen O'Leary, 27 years, mitral stenosis. William Nelson Elliott, 28 years, typhoid fever.

WORTH TAKING.

One ounce Fluid Extract Dandelion; One ounce Compound Sassafras; Four ounces Compound Syrup Sarsaparilla;

Mixed and taken in teaspoonful doses after each meal, and at bedtime, is pronounced by a prominent physician to be the best mixture for the cure of the kidney, bladder and all urinary troubles.

This, says the doctor, is the most simple to buy, as he will prescribe it, and he will write to cleanse the system of impurities and waste matter. It acts as a powerful tonic to the kidneys, forcing them to filter out the acids and poisons, overcoming rheumatism, lame back, sciatica and other afflictions arising from sour, impure blood. The ingredients can be procured at any good drug store, and being purely vegetable and entirely harmless can easily be taken at home.

If you have a suffering friend who is unable to get on, or who is doubtfully pleased to hear of so simple and highly recommended a remedy.

Unpaid Notes.

Wills & Co. have issued a writ against the Manson Manufacturing Co. of Thorold, claiming \$5080.53, upon certain demand notes, which defendants have refused to pay.

Gravel Account.

Chambers Cartwright for summary judgment against the Provincial Construction Co. for \$738.85 for quantities of gravel supplied. The plaintiff disputes the claim, alleging that some of the gravel was useless. His lordship reserved judgment.

Will Not Change Assignee.

The application made to Chief Justice Falconbridge by the Bank of Hamilton, the Sovereign Bank and other creditors of John Bennett to appoint the sheriff of County Dufferin as assignee of the estate of J. Bennett, has been refused with costs.

Enticing Girls Away.

The Gale Manufacturing Co. has begun an action against the Colonial Whiteware Co.—E. H. Chart, E. B. Bryson, C. B. Bessie, McCormack, Maggie Blair, the Sovereign Bank and Fanny Gorman of the City of Quebec—claiming damages for enticing away the plaintiffs' other employees. A claim for \$151.20, alleged to be paid to the defendants, Blair, Gorman and McCormack for payment of their salaries.

Where is French?

Harry Measures and James French carried on business as builders in Toronto. Early last spring French suddenly disappeared after the partners had entered into an agreement for the sale of a house on Reid-avenue that stood in the name of French alone. In order to straighten out the title, Measures brought a suit for the declaration of the name of French alone, and the court that French held the property in trust for the authority to convey to the purchaser on paying into court the sum of \$50, the amount of French's actual interest in the property. The court granted Blair, Gorman and McCormack for payment of their salaries.

DUCK HUNTER SHOT.

EDMONTON, Oct. 14.—George Gouin, a well-known business man of this city, was accidentally shot and killed by a companion while out duck hunting at Cooking Lake, twenty miles from here. It was his intention to proceed east in the immediate future to wed a young Toronto lady.

Who Owns the Ellen A.?

A gasoline launch bearing the name Ellen A. was found adrift in the lake at the foot of Dufferin-street yesterday morning. No trace of the owner has been found, but probably the boat broke away from its moorings, as there are no signs of an accident.

Street Railway Convention.

Messrs. Tetich and Incral of the Ontario railway and municipal board have left for Atlantic City to attend the annual meeting of the American street railway convention, and will be absent for a week.

Transfer Not Granted.

Mr. Justice Anglin has refused, without costs, the motion by Murdoch McKinnon and Donald Crowfoot to compel Thomas Crawford to convey property to Lawrence Mine, the one-quarter, interest in the Lawson Mine, to which he is entitled, after the court of appeal judgment.

HONOR TO MR. CARTER.

T. H. Carter has been unanimously elected district deputy supreme president of the S.O.E.B.S. This is the fourth time this honor has been conferred on Mr. Carter, and the first time any Torontonians ever held it so long.

WEST DURHAM LOSES HER ELDEST NATIVE SON

Passing of Harvey W. Burk, Who Represented West Durham in Parliament.

BOWMANVILLE, Oct. 14.—(Special.)—After living in retirement for over a quarter of a century, Mr. Harvey W. Burk, who represented West Durham in the house of commons from April, 1874, to September, 1878, and gave way for the Hon. Edward Blake, died at the family residence in this town on Sunday evening in his 83rd year.

Deceased was a man of many good parts and occupied a foremost place in the early days among the first settlers of the Township of Darlington. At the time of his death he was the only resident of the now West Durham, having been born in the township in 1822. His grandfather and family were for several years the owners of a mill and a saw-mill in the township. He and his brothers were largely interested as masters and owners of sailing vessels engaged in the carrying trade to and from Ontario, and were also extensively engaged in farming and stock raising.

The home of deceased was "Neptune Grove," a mile and a half from Bowmanville, where deceased and family resided up to the time of his retirement from parliament and appointment as sheriff of the Counties of Northumberland and Durham, when they removed to Cobourg. Becoming wearied of the duties of the office he returned to Bowmanville, where he has lived very quietly. He was intimately associated with the Hon. John Simpson, senator, in the Disciples Church, of which both were active members. He was twice married. First to Mary Williams, from which union there survive two daughters—Mrs. S. J. Hall, Bowmanville, and Mrs. (Col.) Sam Hughes, London. His second wife was Susan Armour, who survives him with one son and one daughter, Mr. Hiram W. Burk, late of Indian Head, Sask., and Mrs. (Col.) M. J. Burk, late of the funeral, which is private, takes place from the family residence to-morrow.

TWO CENT RAILWAY RATE.

Windsor Record, Oct. 12: The railways in time may see that a two-cent rate would increase the receipts by promoting travel. It is always thus. A reduction of postal rates has never failed to increase revenue for the postal department. It is a well-recognized law in commerce that a cut in prices has its compensating effect in the encouragement of consumption, whatever the article. The principle, to their own injury, and the railways also have this lesson to learn. They are, in fact, learning it across the border, where in a number of states the rate has been fixed at two cents. So far, wherever tried, the innovation has resulted in increased travel, despite the plaintive outcry of the railroad companies. They could not afford the reduction. For example, Attorney-General Hadley of Missouri not only has a passenger business at Kansas City Union Depot been greatly augmented numerically, but the cash receipts are actually \$200 a month in excess, and the receipts for July and August last year. A similar condition is said to prevail at St. Louis Union Depot, and these results, Mr. Hadley says, are the direct outcome of the two-cent fare law.

EARL GREY AT PORT HOPE.

Many Toronto people, especially Trinity old boys, will no doubt welcome the news of the reduced rates to visit Port Hope to-day. His Excellency Earl Grey will arrive at Port Hope on Monday morning, and will visit Trinity College School this afternoon, where an interesting program will be carried out.

THE FISHERMAN'S LUCK.

Poor Catch Reported From Labrador Fisheries.

SYDNEY, Oct. 14.—(Special.)—Fisheries along Labrador coast line this year are reported by the fleet which has just returned to be the worst in the past twenty years. Failure was caused by bad weather conditions. Fisheries on Newfoundland coast proper are, however, reported to be the best in the past five years.

OBITUARY.

Richard Dinnis. Richard Dinnis, of the firm of Richard Dinnis & Sons, contractors, died on Monday, at his home, 132 University-avenue, of heart failure. He was born in Falmouth, England, on Sept. 18, 1834, and came to Toronto in 1856. Mr. Dinnis was engaged on many of the prominent buildings of Toronto, including the University of Toronto, exhibition buildings, warehouses and banks. The city hall was the last building on which he was actively engaged.

THE VOTE AT NEEPAWA.

WINNIPEG, Oct. 14.—The wiping out of local option in the Neepawa district after an experience of more than twenty years is declared in the west to be a blow to prohibition that will practically destroy for all time the law in Western Canada. Of 403 ballots cast, 67 per cent. were opposed to local option. Sixty per cent. had to be registered against the law to bring the saloon back.

BOY FELL THIRTY FEET.

BELLEVOILLE, Oct. 14.—Leo Barrett, a young fellow of this city, went on Sunday to gather hickory nuts, and climbed a tree and stood on a branch 30 feet from the ground. The branch broke and young Barrett got to the ground. He was unconscious for the time, but was brought to the city and will recover.

GOOD WORD FOR REDMOND.

DUBLIN, Oct. 14.—John Dillon, member of parliament from East Mayo, has returned to political activity, and in a letter addressed to the Irish Free State, Dillon declares himself thoroughly in sympathy with John Redmond and his party. He declared the criticism of Redmond was without foundation and the greatest possible independence, courage and judgment, and that the Irish cause had made more progress in the last two years than in any two years during the thirty years of his political life. When the facts about the Council Bill became fully known, he declared that Redmond and his party will be triumphantly vindicated.

THE FARM BROTHER

The farm brother style is

FARM LIVE STOCK

THE GIPSY NUISANCE.
Cold weather has sent the itinerant vagabonds, the gipsy, into warmer quarters than fence corners and canvas covered rigs. In many parts of the province these traveling parasites have been a source of much worry to farmers. They must have a living for themselves and animals. This is no small item, and where does it come from? Too often it is fished from the farmers' barns and flocks.

Not all gipsies are undesirable. To many people this is an ideal way of living. It touches the old streak that seems descendant in our nature from the nomadic days of forefathers. Nevertheless, in a settled country where property is immovable and permanent, this free circulation does not always tend towards decency and order.

Under this easy-go-lucky guise, many worthless people drift from place to place, trading horses and leading a precarious living. They do not, as a rule, have settled convictions as to the value of farm property, especially hay, oats, fowl and pork. A community of interest, they argue by their acts, is the best way to live.

If any farmer dare dispute their philosophy or refuse to sell to them, he is afraid of losing his barns by fire, etc. It is strange how the lay of the country is known to the craft. They have it all accurately mapped. Perhaps the way to stop their useless meanderings is hard to suggest, but something ought to be done to relieve farmers of this vagabondage.

THE SERVANT GIRL QUESTION.
"Housework is honorable and noble in itself. Instill this idea into the minds of the rich as well as the poor. Eliminate the stigma of snobbishness from the servants' status and there will be plenty of respectable and desirable young women to fill all necessary places in Canadian homes."

This does our esteemed contemporary, The Farmers' Advocate, conclude an article upon the solution of the servant girl problem.

As one travels thru the country he is forcibly impressed with the number of farm homes that are getting along without any help from outside. The wife and mother is often overworked and is compelled to forego many of the recreations and means of enlightenment that are afforded in this free country. Consequently the advice for our people to build more compact houses and live simpler is worthy of attention.

But there is something more to the question. Has not the gradual increase of the standard of living begotten a little of extravagance and luxury in our farm homes, that works away from comfort? There are too many trying to keep up appearances, in the vain endeavor to stimulate the useless rich. Drones in society, there may be, but because they are gilded, should not blind our farmers to their true nature. "Lites that fester," the poet sings, "smell far worse than weeds, and just so the luxury that is obtained at the price of inconvenience and neglect of the many opportunities to cultivate the mind and heart, is too dear for our land."

It is indeed snobbish for one set of persons to frown upon the servant girl. Housework should hold the premier place in the scientific and intellectual studies. It is one of the most useful things that we do all we can to elevate the home life. Our schools, for the study of domestic science are doing much to elevate the status of the kitchen. The letting in of the sunlight of science and brotherly love will do most to lift up this question into a sounder, saner basis.

We do not want our homes to be managed by a foreign race. It is not the right order of things, and when our farm-homes have to depend upon this labor it looks like an economic precursor of the fall of the Canadian people from their glorious heritage.

That farm life must undergo repairs is certain. We must make more for the home life. Cottage houses for our help, co-operation in our work, greater intelligence in operation and a higher home life are at once the lack and the hope of a rising Canadian people, whose greatest asset lies in that well ordered home that adorns every farmstead of the land. We want no quo vadis upon our history.

A GREAT HORSE SALE.
In another column will be seen the advertisement of Mr. H. J. Spenceley of Craigdale farm, Manly, Ont. Mr. Spenceley is known all over the continent as a lover of a good horse and a trainer of no small merit. He has purchased some of the leading horses, of late years, in hackney prize circles, and the placing of these on the market will afford a great chance for farmers to obtain a rising Canadian people, whose greatest asset lies in that well ordered home that adorns every farmstead of the land. We want no quo vadis upon our history.

SHIRE HORSES.
The farmer's chance to get a Shire-bred mare of the best breeding and style is offered by C. K. Geary of St. Thomas. See the ad. in another column. These horses are bred in purple and will please the most careful buyer. Every accommodation and assistance will be given you.

W. J. Canning of Ardrea, Simcoe County, has a crop of millet this year. His claims yielded him more returns per acre than does corn. He sowed it in June.

Persons wanting some good Cotswolds, fresh milk cows and new farm machinery of every description should keep McBrady's sale in view. See the calendar.

The cheesemakers of the State of Wisconsin have formed a union and their demands for next year are given by The Milwaukee Free Press as follows: Five hundred dollars cash per year with free house rent, fuel, milk and cheese.

From all indications cattle and hogs will be a good price next spring. Those farmers who are sacrificing their animals now may be sorry for their actions then.

Mr. A. T. Gordon, who judged the short-horns at Toronto this year, has purchased at the recent sales in Scotland his choice animals for Robert Miller of Stouffville.

Lorne Foster of Myrtle has decided to change from cream selling to milk selling for the winter months. The high prices obtained for milk and no corresponding increase in cream prices, has been the determining factor in the change.

A traveler in passing over Ontario recently saw many horse chestnut trees. The wood is practically valueless. The black walnut will grow well here and its timber is very valuable. If farmers would plant more of this shade tree there would be a double interest attached to the country's shade trees.

During the first eight months of this year the immigration to Canada has been 215,855 people. This is an increase of 50,000 people over the same period for 1906. The influx from the United States seems to have fallen off about 5 per cent. in that time.

The New York Produce Review and American Commodity has issued a special number for the early valuable and widely read journal. This number is called the National Dairy Show number in honor of the great show at Chicago now on. The number is well printed on half-tone paper. It contains a mine of information on dairy and poultry products.

A report comes from The Peterboro Examiner that many people in the northern parts of Peterboro Co. have been making a practice of shipping wild duck and wild geese eggs to the United States. This practice, if allowed to go unchecked, will materially affect the numbers of our wild fowl in the country.

An exhibit of ostriches from W. W. Ford's "Carry Nation," weights 410 and "Flea Foot," a racing bird, has a record of 212. Mr. Ford's "herd" of ostriches numbers 75.

The U. S. crop of turkeys this year looks like a shortage. From reports from many parts of the country sent to The Produce Review, there is a light crop of this much-sought-after table fowl. Raisers of turkeys in California report last year as high as 85 for one bird. It looks like costly eating for Thanksgiving Day for Uncle Sam this year.

New York State across the lines is a big state agriculturally. She produced in 1906, 155,939,770 lbs. of cheese, says the bulletin from the state department of agriculture. There are 902 cheese factories, 305 creameries, 222 combined factories, 25 condensed and 639 milk stations. Only nine of the 61 counties in the state do not produce dairy products.

Robert Miller of Stouffville sold his first prize two-year-old short-horn bull, Peer, at Markham fair, to a man from Michigan. The same buyer secured a valuable heifer from the herd of John Miller many "chests". The contents of the photo of this animal, together with the herd, appeared in last Sunday's World. Mr. Miller finds the demand for sheep good also and is shipping 145 Cotswold and Shropshire rams from Stouffville this week.

POSTOFFICE ROBBED.
Package of Money Missing at North Sydney.
HALIFAX, Oct. 14.—It is stated here that a daring robbery has taken place in the postoffice at North Sydney, C.B. A package of money containing \$500 mailed by the Bank of Nova Scotia, on the 8th inst., is missing.

It was addressed to the bank's head office at Halifax, and has not been recovered there. Should the money not be recovered the loss will be the Maritime Insurance Co., with whom the money was insured.

Postoffice Inspector McLellan is investigating the matter.

76 CARS AT JUNCTION TRADE SLOW, PRICES DOWN
Exporters 20 to 40 Cents Per Hundred Lower; Butchers Firm; Hogs Higher.

Receipts of live stock at the Union Stock Yards were 75 carloads, composed of 1807 cattle, 5 hogs, 241 sheep, 40 calves and 1 horse.

The quality of the cattle was much the same as has been coming to the Junction Market for some time—a few good loads, with the bulk not finished.

Trade was the worst at this market for the season thus far.

Prices for export cattle were 25c to 40c per cwt. lower, but good to choice butchers beef, 10c to 15c higher.

Medium butchers were 15c to 20c per cwt. lower.

Exporters.
Prices ranged from \$4.15 to \$4.75, but only one load at the latter price, the bulk selling around \$4.50 per cwt. Export bulls, \$3.25 to \$3.75.

Butchers.
The best load of butchers sold at \$5 per cwt. in the Union Stock Yards. Loads of \$4.50, \$4.40 to \$4.30, medium, \$4 to \$4.25; common, \$3.25 to \$3.75; cow, good, \$2.85 to \$4; common cows, \$2.50 to \$3; canners, \$1 to \$1.50 per cwt.

Feeders and Stockers.
Dairy feeders were in demand. Messrs. Dunn, Halligan and Lunness being on the market buying all that were suitable for their purposes. State prices: Steers, 1000 to 1150 lbs., at \$3.25 to \$3.50; bulls at \$2.25 to \$2.50 per cwt.

Montreal Live Stock.
MONTREAL, Oct. 14.—(Special.)—At the Montreal Stock Yards West End Market on Saturday morning the following trade ending Oct. 12 were 4266 cattle, 3848 sheep and lambs, 4022 hogs and 806 calves, while the offerings this morning for local consumption consisted of 1400 cattle, 1250 sheep and lambs, 1900 hogs and 600 calves. There has been no new developments in the cattle situation since this day week.

Supplies continue to come forward very freely, which consist largely of unfinished steers. Heifers and cows and choice beefs are very scarce on account of the fact that farmers will not feed them, owing to the scarcity of feedstuffs throughout the country and active as a week ago, but on the whole a fair trade was done and few were left over.

Chicago Live Stock.
CHICAGO, Oct. 14.—Cattle—Receipts, 23,000; market steady to 10c lower; steers, \$3.25 to \$3.50; cows, \$3.30 to \$3.50; stockers and feeders, \$2.75 to \$3.00.
Hogs—Receipts, 40,000; market steady to 10c lower; choice heavy shipping, \$6.75 to \$7.00; butchers, \$6.50 to \$6.75; light mixed, \$6.55 to \$6.65; choice light, \$6.70 to \$6.80; packing, \$6 to \$6.25; pigs, \$5 to \$6.40; bulk of sales, \$6 to \$6.25.
Sheep and Lambs—Receipts, 40,000; market steady to 10c lower; sheep, \$3.50 to \$3.75; lambs, \$3.75 to \$4.25; yearlings, \$3.50 to \$4.
British Cattle Markets.
LONDON, Oct. 14.—London cables are firmer at 10c to 12 1/4c per lb. dressed weight; refrigerator beef is quoted at 1 1/4c to 1 1/2c per lb.

DEATH OF JUDGE HAMILTON.
He Became County Judge of Halton in 1907.
KINGSTON, Oct. 14.—The death occurred this morning at Clifton Springs, N.Y., of Judge John Macpherson Hamilton, formerly of Kingston. He was the eldest son of the late Hon. John Hamilton, Kingston, and his mother was a sister of the late Sir David Macpherson.

He studied at Upper Canada and Queen's colleges, and then entered the office of Sir John Macdonald as a law student. He practiced in partnership with Mr. Philipps at Toronto until 1861, when he was appointed district attorney and clerk of the peace in the newly-organized judicial district of Algonia. In 1854 he was made Queen's counsel, and appointed Judge of Thunder Bay district. In 1895 he became county judge of Halton in place of the late Sir John Macpherson, and in two years ago superannuation was granted.

Two brothers survive—Clark Hamilton, collector of customs, Kingston, and Dr. David Hamilton, Batavia, N.Y.

VICTORIA CHARTER DAY PRESENTATION OF PRIZES

Chancellor Burwash Shows Need of \$300,000 for Residences for Men Students.

Charter Day, in connection with Victoria University convocation, was celebrated in the chapel hall last evening.

Chancellor Burwash presided, having on his right Dr. Falconer, and on his left Rev. Principal Mackinnon.

The medals, scholarships and prizes won at the examinations last spring were announced, and were presented to such as were in the audience.

The following are the recipients of honors from Toronto University: The Alexander Mackenzie fellowship in political science, Miss E. M. Keys; the George Paxton Young fellowship in philosophy, W. T. Brown; the Hart A. Massey gold medal in household science, Miss H. S. Graham; the Daniel Wilson scholarship in biological science, Miss E. M. Keys; the S. B. Sinclair prize in philosophy (second year), F. C. Gillen; the Alex. T. Fulton scholarship in mathematics and physics (first year), H. F. Johnston; the Alex. T. Fulton scholarship in science (first year), H. A. G. Willoughby.

Prof. John Burwash in the absence of G. J. Blewett, professor of philosophy, thru illness, read his elaborate paper on criticism of the life and work of Dante, who was represented as being both a prophet and a poet, and as belonging to a most important and most rare class of men, whose remarkable influence was shown in the shaping of our lives and history on earth.

Chancellor Burwash announced that Claude J. Fisher, one of their youngest graduates, had offered two scholarships of \$50 each in the department of modern languages, which, also they did not appear in the calendar, would be available at the end of the present session; and called the attention of the audience to three notable portraits, painted by J. W. Forster: (1) of Geo. McDougall, the martyr missionary of the western plains; (2) of Jas. Evans, the inventor of many years ago of a system of phonetics by means of which Indian children learned to read in a remarkably brief space of time; and (3) of Rev. Dr. Sutherland.

In the system of phonetics mentioned only nine simple characters were used in four different positions. The chancellor also intimated that they required \$300,000 to build residences for the young men students. The new residences for young men with 75 dormitories, are fully occupied. Dr. Falconer in his address said he hoped that in the near future students here, as at Leipzig and at other university centres abroad, would be able to pass from one to another teacher in advanced subjects from which many advantages were derived; and declared that there would be no great advance in technology until it was recognized that the same open-minded spirit-

it and the scientific spirit of conception which reigned in the arts and in the scientific faculties also reigned in the theological faculties. The teachers in the theological schools must look at their themes with eyes wide open, not as if they were in the cloistered retreats, and there must be breadth of view in theology if theology was to retain the respect of the best modern thought.

THE ABSENT-MINDED AUTHOR.

(With Apologies to Mr. Rudyard Kipling.)
He's an absent-minded author, and he's coming out to see
The oldest British colony of all;
He's a decent sort of fellow, full of oddity and glee,—
And we'll all be glad to see him in
Dukes' sons, cooks' sons, sons of Japs and Chiniks,
Have come across the sea to us—tho some of them we don't need—
But welcome, Rudyard Kipling, for you helped to forge the links
That bind together the empire's sons,
sprung from one Aryan seed!

He's bringing his wife just casual, and we'll lift our hats to her,
And we hope she'll not forget the Maple Leaf.
There's respect for her in the heart of every blooming Britisher—
May she never know discouragement or grief!
Earl's sons, churil's sons, every mother's son, will greet
This absent-minded author — and do as much for his wife—
They'll give him a cheer in Toronto as he passes along Yonge-street,
And, to speak in Yankee lingo, "he'll have the time of his life."

Tho he may not equal Shakespeare, or please George Bernard Shaw,
His "Recessional" still lingers in our ears,
And tho his Private Mulvaney is not amenable to law,
His tales move us to laughter or to tears.
Queen's sons, mean sons, sons in and out of jail,
Are thrilled by Kipling's magic, and every Tommy Atkins in Canada will give him an "All Hall!"
For his fame is not a rocket that comes down a twinkling stick!
Toronto, September, 1907.

SUGGESTIONS FOR THE T. & N.O.
The Halleybury Halleyburian calls on take over the whole telephone system in the north country. It says: "If our government does this thing it will do a wise act, and lead the way, telephones, even as the British government has taken under its control the telegraphic interests of the British Isles. The very men who inaugurated this scheme, and who, in their impetuosity, put up money to build the line, were not so much actuated by greed for dividend as by a sense that the public convenience. The government that has done this thing such as we have suggested will go thundering down the rails of the 'has been' with a commendatory ticket attached to its back."

STREET PAVING IN JUNCTION GOES SLOW

Little Progress Towards Relieving Situation—East Toronto Council Meets.

TORONTO JUNCTION, Oct. 14.—The work of paving Dundas-street is not progressing as rapidly as was at first expected, and it is not carried on more vigorously than the anticipated three-weeks time limit till the cars run again on Keele-street will be extended. Had the tracks been allowed to remain intact as near to Humberdale as possible, the Suburban Railway Company would have been willing under certain conditions to run their cars east of Keele-street for the convenience of the public, but the tracks have been torn up at Union-street, which takes away all chance of this accommodation being put in effect.

The new portable rooms for Western-avenue School will be completed tomorrow, and will be ready for occupancy in a few days. Mr. Owens of 123 Willoughby-avenue has been transferred to Calgary, Alta., where he has secured a better position as telegraph operator, in the employ of the C.P.R. He expects to leave the Junction to-morrow.

Six new elders have been elected to the session of the Victoria Presbyterian Church, and will be ordained on Oct. 27. They are: J. W. Bradshaw, A. C. Kilduff, D. D. McDonald, Arch McGill, T. J. Sheppard and James Stewart. In St. John's Church to-night the officers of the Young People's Association were elected for the coming season.

Even the collegiate institute is not immune from over-crowding, as was evident at the meeting of the institute board last night. There were present about 200 pupils in four rooms, and the superintendent states that thirty-five for each room is as many as is desirable.

Dr. Clendenana, Irwin, Tremayne and Principal Colbeck were appointed a committee to arrange for the commencement exercises, the date of which has not yet been decided on.

Miss E. B. Francis has been formally appointed to the teaching staff at a salary of \$1100 per annum. The physical culture committee passed a resolution that Miss Enid Going be engaged as instructor in her fee being \$125 for each hour's lesson.

The board instructed Trustee Ellis to prepare estimates for the enlargement of the school by the addition of four classrooms and a gymnasium. It was decided that the chairman of the property committee be empowered to have trees planted on the school to improve its appearance.

Mr. Stapples and Miss Dods discuss the rumors concerning their taking over the undertaking business of Mr. Cummings during the latter's absence are unfounded.

CHESTER.

Local Presbyterian Church Has Fine Social Gathering.

CHESTER, Oct. 14.—(Special.)—The social held in the Chester Presbyterian Church to-night was an unequalled success, and the attendance being very large of interesting nature.

Mr. Taylor, evangelist, of Knoxville, Tenn., was the speaker, showing maps, pictures, souvenirs, etc., from the West India Islands, at the Eglington League social work, and Miss M. Baker of the "Mission Work in Quebec."

The Young People's Society of the Deerpark Presbyterian Church held a concert to-night, which was well attended. R. S. Gourlay was the musical program, and Miss Bertha May Crawford, Miss Mary and Messrs. W. J. Lawrence and Donald C. McGregor.

The York Township Council sat at a court of revision on the Spadina-road sewer local improvement and the front-

YOU NEED STRENGTH.
Vitality is Lacking and You Must Have a Bracing Tonic at Once.

You're sick and need medicine. Not an emulsion to sicken the stomach, not a "dope" cure, nor bitter-but weight, strength and watch the result. Because it gives instant effect and steadily builds up new flesh, it is used by thousands in ill-health.

No other medicine contains more nutritive, supplies better building material, makes you feel well and strong as quickly as it did Mrs. Charles Henry of Cloyne, Ont.

HER STATEMENT.
"I was broken down, had no strength, couldn't eat. I was sleepless. My nerves were irritable. I was thin-blooded and continually unhappy. "I tried Ferro-China, and it gave me new energy, force, vim, made me comfortable, strength—it brought me comfort, strength—it made me strong, it always gives me strength. It's by making the appetite good, by instilling iron and ozone in the blood, by fortifying the system with reserve strength, that Ferro-China accomplishes so much."

You'll have new life in a week, in a fortnight you'll be a new being. Try Ferro-China, always justifies itself. 50c per box, or six for \$2.50, at all dealers.

PICKERING.
Much Sympathy Felt in Death of Miss O'Leary—Farm Work Behind.

PICKERING, Oct. 14.—George Kerr of the Western Bank is improving in health some.

Miss S. A. Dale, late matron of Pickering College, leaves shortly for a trip to California, where she will spend the winter.

The teachers' convention for South Ontario meets here shortly. Much sympathy is felt for Mrs. O'Leary and family in the death of Miss Kathleen, Mrs. O'Leary's daughter here they were highly respected.

As William Morecombe of the base line was getting some cattle out of the stable on Monday, the animals knocked him down and severely tramped him before he could escape.

W. E. Vanston shipped a load of cattle and hogs to Peterboro on Monday. He paid \$5.75 for hogs and did not want light ones at all.

Fifty of corn remains unharvested in the township as yet. There seems to be considerable difficulty in getting power and machinery in time to till the soils as wanted.

THORNHILL.
Football Match Was Better Contested Than Scores Indicate.

THORNHILL, Oct. 14.—The football contest between Eglington and Thornhill was well contested. Thornhill were without three of their usual players.

Fisher took the ball beautifully down the wing; Hooper missed a grand opening; later W. Page scored a splendid goal from a centre from his brother Fred, who was playing a great game for Thornhill.

Bowes hit the upright. Thornhill were playing a great deal now, only for the goal-keeping of Thomlinson, who was doing a great deal to save for his side. Sackfield almost scored from a pass from T. Hooper. Half-time—Thornhill 1 to Hooper. Half-time—Eglington 1 to Hooper. Half-time—Thornhill 1 to Hooper.

EAST TORONTO.
Council Put Thru a Lot of Useful Legislation.

EAST TORONTO, Oct. 14.—Mayor Ross presided over the regular meeting of the council to-night, the absence of several members from which were Councilors Nimmo, Crane and Wixon.

Ordinary matters of ordinary nature were discussed, and the meeting passed an ed without any untoward proceedings.

Mayor Richardson, on behalf of the East Toronto Library, applied for the usual grant of \$100, which Councilors Berry, Phelan and Brown opposed. The grant was granted.

Councilor Nasmith brought up the matter of the refusal of the Toronto Electric Light Company to take cognizance of the town's order to remove their poles on Queen-street thru the town.

SONS OF ENGLAND NEW HALL ON RICHMOND-ST.
Commercial Lodge No. 200 Marks Opening by Giving At Home to Friends.

The Sons of England Hall on Richmond-street has been completely transformed by the addition of several lodge, reception and office rooms.

Lodge appointments, altar, officers' feet, is a handsome room, well lighted and richly decorated in green and crimson, the walls having a feet 6 ins. wainscoting in the latter color.

The lodge appointments, altar, officers' chairs and side benches are of quarter oak, upholstered in leather; handsome chandeliers in dull brass provide electric light or gas, as required.

To mark the opening Commercial Lodge No. 200 gave an at home and dance on Friday evening last, which was attended by about 150 members and their friends.

At the supper which followed J. J. Gardner, master, presided, supported by P.S.P. Bro. R. Ivens, P.S.P. Bro. J. Aldridge, D.D.S.P. T. H. Carter, West Toronto; D.D.S.P. J. D. Hland, Central Toronto, and other officers.

The usual loyal and other toasts were duly honored, and a splendid musical program was rendered.

Bro. George Hughes, secretary, was master of ceremonies for the evening. S. S. J. William Carter gave a short sketch of the history of the society, which was founded by seven English men in 1874. Now it numbers 22,000, with 25 lodges. In Toronto alone there are 32 lodges and five juvenile lodges with a membership of over 5000.

The present year has been the most successful since its formation. It has initiated and several new lodges opened.

Its ramifications extend from coast to coast, and with the large number of new arrivals constantly coming in from the motherland, a still greater increase is anticipated in the near future.

Bro. Carter, who has been supreme secretary for 25 years, avers that no lodge can do more to lend a helping hand to the sons of the motherland than the S. O. E.

It has the additional advantage of tick and other benefits for members that no other society offers.

The hall belongs to the society. It is free from all debt and the whole is done voluntarily, the only paid officers in connection with the society being the supreme secretary and the office staff.

PHYSICIAN GIVES ADVICE.
Tells Why So Many Suffer From Catarrh and Rheumatism.

A distinguished physician, famous for his successful treatment of catarrh troubles, states as follows:
"Our climate, being more or less damp and changeable, is bad for catarrh and rheumatism, and care must be taken not to let these troubles gain headway." In addition, he states that in his habits, and to this as much as of the trouble. Inadequate clothing and improper eating will cause rheumatism and catarrhal troubles in any climate.

This eminent authority gives the following as the simplest and best treatment known to science, and to it he gives credit in largely for his success:
One half ounce fluid extract dandelion;
One half ounce fluid extract senna;
One ounce fluid extract Carriana Compound;
Six ounces Compound Syrup Sarsaparilla.
Take a teaspoonful after meals and at bedtime.

The ingredients are all vegetable, on the liver, kidneys and bowels, eliminating all poisonous matter from the system.

MINISTER OF JUSTICE MUST HAVE OPERATION

His Hearing is Impaired and it May Be Necessary to Go Abroad.

OTTAWA, Oct. 14.—A serious impairment of the Hon. A. B. Aylesworth's hearing may make it impossible for the minister of justice to attend the next session of parliament.

A visit to New York, or even to Vienna, will be necessary before Mr. Aylesworth will be able to resume his affairs.

Over twenty years ago Mr. Aylesworth lost the use of one ear. Last July the other ear became affected, and he proved a serious impediment to him in his official duties. Recently the trouble became in some way aggravated so that, at times, Mr. Aylesworth was practically deaf.

Dr. Cortland of Ottawa was consulted, and discovered an obstruction in the Eustachian tube. He removed a small piece of cartilage, and during the past week a considerable improvement has been noted.

Before a permanent relief can be secured, however, it will be necessary for Mr. Aylesworth to undergo a more radical operation. A visit to one of the specialists of New York or Vienna will almost certainly be required before the minister of justice will be seen on the floor of the house of commons.

She: Don't you believe that kissing is dangerous?
He: Can't say that I do. You know I have conscientious scruples about kissing.
She: Indeed!
He: Yes, I feel that I should never allow an opportunity to go by default.
Homer: Not Exactly a Joke.
Homer: Last month I sent the gas company a cheque for a dollar more than their bill called for.
Roomer: And they returned the dollar.
Homer: No; they sent a corrected bill.
