28TH YEAR

70--WHITNEY'S MAJORITY IS THE BIGGEST EVER--70

Conservative Administration Overwhelmingly Endorsed--Record, 17 Gains--Get a Solid Toronto--Majorities in 3 Yorks Increased--Hon. Nelson Monteith Defeated by 16--Hon. A. G. Mackay Re-elected by 100--New Ontario Stands by the Government--Hon. Frank Cochrane Given 400 Majority--Standing of the Parties: Conservatives 88, Liberals 17, and Studholme by Himself Again.

A PUBLIC OWNERSHIP SWEEP.

The great significant fact: That the whole Province of Ontario, following the lead of the cities and towns in the late power bylaw votes, declared for public ownership yesterday. Adam Beck had over 1400 majority in London. Bourassa in Quebec is a public ownership man. And Bourassa is a rising star.

GOOD GOVERNMENT TRIUMPHS AND THE AVALANCHE OF 1905 IS ALMOST DOUBLY DUPLICATED

Pense of Kingston, C. N. Smith of the Soo, J. A. Auld of South Essex, Geo. May of Ottawa, R. A. Thompson, of North Wentworth, Col. Atkinson of North Norfolk, and C. M. Bowman of N. Bruce are Liberals Left at Home.

"EXCEEDS MY EXPECTATIONS, AND I AM VERY THANKFUL."
—Premier Whitney.

Nothing like Premier Whitney's triumph was ever conceived of in Ontario before. Hon. Oliver Mowat's biggest majority was 52. Hon. J. Sandfield Macdonald was satisfied with 16. Premier Whitney is sustained by a majority which at the time of writing, looks like 71.

"I haven't much to say to-night," said the premier about ten o'clock, when nearly all the returns were in, "except that the result is beyond my expectations. I had hoped, with good reason as I thought, to have our old majority. The result shows considerably more than that, and I am very thankful to the people for their endorsement."

It is not difficult to account for the victory. In the first place the most popular plank in any platform was placed before the electorate and the banner of cheap Niagara power was kept in the forefront of the Conservative ranks. This was enough in itself to achieve a great victory, and the infatuated Globe encouraged the Liberal leader in the policy of opposition and obstruction and misrepresentation on this most popular issue.

Honesty the Best Policy. But beyond this the Whitney government had been absolutely honest. For the one or two matters in which they met with criticism no question was ever raised as to the intention of the government to act in the best interests of the province in a business and administrative capacity, and the unblushing, unscrupulous and fatuous misrepresentations of The Globe with regard to matters which were in the ordinary knowledge of every intelligent person only disgusted its own party, and drove its readers to the belief that if the policy of the paper was to falsify and malign there could be no moral principle behind which could be relied upon. Instead of presenting a progressive Liberal policy, The Globe and the party leaders merely aimed at slandering the Conservatives. As a result there is crepe on The Globe editorial desk this morning. A sane and foresighted attitude on the part of the Liberal leaders on the power question, the temperance question, and the general political questions of the day would have attracted the younger generation. The fault is that the Whitney government and its followers comprise all the progress and liberalism of the country and The Globe was satisfied to be the mouthpiece of a clique of discredited reactionaries.

Among the Missing. It will be a matter of regret among many that E. J. B. Pense and C. M. Bowman and J. A. Auld have been defeated. The constitutional functions of the opposition, as Premier Whitney has several times taken occasion to point out, are of the highest importance, and the poor remnant of the great Reform party that will appear at the next session of the local parliament will need the severest self-discipline to fit itself for its duties. T. H. Preston, R. Harcourt, Mr. Pense, A. Hislop, Mr. Auld, R. A. Thompson, Col. Munro and Col. Atkinson, the party whip, C. M. Bowman and C. N. Smith, all of whom are defeated, did not seek re-election, composed the debating strength of the party.

Hon. A. G. Mackay will have D. J. McDougall, Sam Clarke, D. Reed and Duncan Ross (son of the ex-premier) of the old members back again, who may be relied upon, and Valentine Stock is an old hand from the legislature of 1902.

Among R. E. Truax, W. Proudfoot, R. J. McCormick, J. C. Elliott, Dr. A. McKay, T. R. Mayberry and James McEwing, the latter the president of the Farmers' Association, may be found more promising material than the last election furnished the opposition.

A Wealth of Material. The Conservative representation is so large, so anonymous, so widely beyond any estimate or anticipation that even Premier Whitney himself might well be staggered with the monstrous proportions of his following. Ontario should be profoundly thankful that in Premier Whitney the great responsibility of managing such a majority rests on a man who appreciates to the full the extraordinary duty to which he is called. His sterling integrity and blunt honesty will preserve him from a thousand dangers to which a bland and yielding politician would be subject. Mr. Whitney has never been afraid to say "No," and he never needs to repeat these emphatic engagements.

Hon. Nelson Monteith's failure to hold South Perth is the fly in the government pot of ointment. It is to be remembered, however, that the constituency is naturally Liberal, and Mr. Monteith was defeated by Mr. Stock in 1902 by 71 votes. A seat will probably be opened for him at once. West Toronto to A. and Welland were mentioned last night as possibilities, but this is mere speculation, and something will depend on Mr. Monteith's own wishes.

C. C. Hodgins is a loss to the government in North Middlesex, one of the gerrymandered seats. Duncan Ross had been in West Middlesex and found himself by the change in boundaries outside his own riding. He rather pluckily attacked the new riding and has succeeded in defeating his opponent.

Donald Sutherland, who is defeated by T. R. Mayberry in South Oxford, is the victim of local circumstances. As an independent thinker he represented an element only too rare in the legislature.

In West Wellington James Tucker had to renew the struggle of six years ago with James McEwing, and this time lost. In North York the withdrawal of E. A. Dunlop gave Norman Reid the opportunity which he has improved.

In East Lambton the recent tragical death of the late Premier, Mr. Mowat, has driven the Liberal party to the belief that if the policy of the paper was to falsify and malign there could be no moral principle behind which could be relied upon.

Surprising.

OWEN SOUND, June 8. —At present Mr. Mackay has only such information as he could gather from his own riding and is not in a position to discuss matters with regard to the general situation in the province. He said, however, that in very many ridings the results were surprising, indeed, when viewed in contrast to the expectancy of the Liberal candidates during the campaign.

TORONTO'S ENTIRE EIGHT SEATS MAJORITIES ARE AS BIG AS OF OLD GO TO STRAIGHT CONSERVATIVES

D. C. Hossack is Defeated in North Toronto by 500, and A. W. Wright and Jos. Russell Are Also Among the Fallen--Nothing Sensational in the Voting.

Approximately seventy thousand ballots were cast in Toronto yesterday and they elected the candidates of the Conservative organization. That means that two better Conservative candidates went down to defeat, but the showing made by Russell in the east was quite encouraging for a time.

Of the Liberal contestants, Dr. Bryans was probably the most disappointed. His vote was unexpectedly meagre. The doctor put up a good clean campaign and deserved better support from his friends. Probably the realization of the inevitable prevented a good many Liberals from going to the polls.

In West Toronto, some 17,000 ballots were cast: in North Toronto, 16,000; in South Toronto 14,000, and in East Toronto 14,000. The labor candidates at least fared better than their Socialist rivals, tho in the North James Lindala, erstwhile majority candidate, did very well. D. C. Hossack said last evening that he wasn't surprised at the result. Indeed he had expected an adverse majority of 1000. He had come out on good principles and he thought he had done a good work in bringing them before the electors. This was only the beginning of his campaigning.

Quiet in Streets. The scenes upon the streets were the quietest on record for the night of a general election. While several thousands of people saw the returns flashed on the screens in front of the newspaper offices, there was little imped-

CONSERVATIVES GAIN GROUND IN QUEBEC

Premier Guoin Defeated in St. James' Division and Lavergne Wins His Seat Also.

MERCIER IS BEATEN BY A STRAIGHT TORY

MONTREAL, June 8.—(Special).—Altho the government came back numerically strong at the general elections, which took place to-day in the Province of Quebec, some very serious blows were rained down on the ministerial supporters, the worst of which being the defeat of Prime Minister Guoin in the St. James' division.

No one felt that any other result could happen if the vote could be got out, and a thousand votes must have been switched for the premier at the very last moment, as the current is overwhelmingly strong for Mr. Bourassa, who was also probably returned for the County of St. Hyacinthe by a very narrow majority.

In fact it is so narrow that the Liberals are claiming the seat. There is no doubt, however, about St. James, and a more creditable lot of politicians would be hard to meet than the members of the ministerial party, this evening. Of course it is a tremendous personal triumph for the M.L.A. for St. James, as the Liberal party went systematically to work to kill Bourassa and Lavergne politically for all time to come.

La Patrie Helped Bourassa. La Presse, the great French daily, stated everything in its hostility to the opposition candidate, while La Patrie espoused the Bourassa cause and won. Altho Mr. Guoin was elected in Portneuf he is practically driven out of the Montreal district, and will no doubt go on the bench at an early date. Then H. Mercier, the pet of the premier, went down to defeat before a straight Conservative in the old Liberal stronghold of Chateauguay, Old Guard Won.

The men who held the seven seats for the Conservative party in the last house have all been returned as follows, viz.: Leblanc in Laval, Bernard in Shefford, Teller in Joliette, W. Lafontaine in Maskinonge, Gault in St. Antoine, Girard in Compton, and A. Duteuil in Clarendon. It looks, in fact, as if the opposition would have well on to twenty seats for they have, with their Nationalist allies, carried the following:

Beauharnois, Charlevoix, Chateauguay, Compton, Jacques Cartier, Joliette, Laprairie, L'Assomption, Laval, Maskinonge, Megantic, Montmagny, St. Antoine and St. James de Montreal, St. Joseph, Ottawa, St. Hubert, Shefford, Two Mountains, Vercheres and very likely one or two more, for while Mr. Tansey was apparently beaten by eight in St. Ann's, the returning officer states that there were one hundred ballots thrown so Mr. Tansey expects to get the constituency on a recount.

It appears now that with the sweep in Ontario that the last is heard of the Ottawa elections for another year. Regret Pelletier's Defeat. The strong men in the house of commons from this province like Jolok in Jacques Cartier, Bergeron in Beauharnois, Gault in St. Antoine, St. Joseph, Ottawa, St. Hubert, Shefford, Two Mountains, Vercheres and very likely one or two more, for while Mr. Tansey was apparently beaten by eight in St. Ann's, the returning officer states that there were one hundred ballots thrown so Mr. Tansey expects to get the constituency on a recount.

Already the Conservatives are talking this evening of their anxiety to show the Dominion how much better they can do when the Dominion contest arrives for they claim that twenty-five seats can be taken easily from Laurier when the house is dissolved.

SHILLINGTON LEADS

COBALT, June 8.—(Special).—Shillington, Conservative, has a majority at 6 o'clock of 300, with some ridings in the north still to hear from that will probably increase his majority. Cobalt town gave him 591 majority. Botly, the Socialist candidate, polled a good vote in Cobalt. New Liskeard, McKelvie's home town, gave Shillington four. The newly-elected member has a strong personality and is very popular.

THE OPPOSITION NEMESIS.

In presence of so remarkable an expression of public sentiment as occurred throughout Ontario yesterday, comment is almost superfluous. The figures tell far more eloquently than words the extent of the confidence felt in the capability and honesty of Premier Whitney and his colleagues. The main cause of this tidal wave that has swept over the province unquestionably lies in the policy that found embodiment in the appointment of the Hydro-Electric Power Commission and in the proposals having as their object the distribution of Niagara white coal at the minimum cost to the people. Approval of this effort to protect the most valuable provincial power asset from exploitation for private profit has given the Whitney government its overwhelming majority and this ought to confirm the premier and his colleagues in their determination to further the cause of public ownership and operation of all franchise monopolies. Premier Whitney has been trusted by the people because he has shown his willingness to stand by public rights and so long as he steadfastly follows this democratic principle the people of Ontario will stand by him.

Mr. A. G. MacKay on the other hand has lamentably failed in his first attempt to lead his party to victory. His collapse is easily explained by his refusal to "trust the people" with his own policy on the matter of Niagara power. Not only did he fail to declare himself on that main issue, but he developed increasing antagonism towards the Whitney-Beck power policy. In that he followed The Globe, which supported him by an editorial campaign unexampled in Canadian history for its mendacity and abusive violence. The disgust evoked even among Liberals by the misrepresentation and mud-throwing of the chief opposition organ most certainly effected the political ruin of Mr. A. G. MacKay and the sharp lesson thus taught both the leader and the organ will not be thrown away if it teaches both to trust the people with their policy on great public questions and to carry on political controversy with at least an attempt at honesty and fairness.

It will take the Liberal party of Ontario a long time to recover from the morass into which they have blindly dropped. Not till it has been purged and purified and has rehabilitated itself in the confidence it has betrayed can it hope to resume its proper place in provincial politics. The second significant fact in this election was the weakness of the opposition on the power question and its utter incapacity to realize the importance of the movement for the protection of the provincial resources and franchises. This the people have long been assured was a cardinal factor in the policy of the Liberal party, as it most certainly ought to be were it really a party of progress and reform. The official campaign of the opposition ought at least to open the eyes of the people by revealing the true nature of the goal towards which Mr. MacKay, under the prompting of The Globe, sought to lead the province. But Nemesia has come and the electors of Ontario are entitled to full credit for their determined adherence to the government that has squarely endeavored to uphold and vindicate public rights.

NOW WHAT?

What is the effect on the coming Dominion elections of yesterday's vote in Quebec and Ontario? That is the great conundrum to-day.

It will be some days before it can be satisfactorily answered. The Ottawa Government may try to put off the time until it can re-arrange itself. But to reorganize is no easy task and if reorganization is to be the hope of salvation it will have to be radical and even desperate. Is Sir Wilfrid up to that?

THE INDEPENDENT MAN.

The independent candidates in the Toronto and St. Catharines campaigns and the defeated have gained reputations as fighters worthy of the best steel. The independent candidate has a single man's fight against a powerful party organization. He has to do all his own organization. He has no party help. He pays his own way and where partnership runs high is generally beaten.

This was proved in the west and the east, but in the north Mr. Hosack failed because he failed to see the main issue. It was not "close the bars," but cheap power that carried the day.

BRITISH POLITICS.

British politics present a very different appearance to-day from that which was anticipated at the opening of the year. This change of position and outlook may be accepted as inevitable after the retreat of the late premier, separated as it was from his death by only a brief period. But while allowing this, it is doubtful whether Sir Henry Campbell-Bannerman himself could have kept the course he had marked out for the Liberal cam-

CHIEF MOURNER JAFFRAY: Would ye like til see Aleck?

paign. His crusade against the house of lords was not accompanied by the volume of popular support necessary to make it effective; the new educational reform bill was not acceptable to the Catholic church and other elements in the controversy steadily made for a pacific arrangement with the Church of England and the licensing reform measure had drawn upon itself strong and active opposition. And the one outstanding result of the introduction of the latter bill was to turn the party energies from political to social reform, an alteration which involved the entire recasting of the ministerial policy.

These currents were all in motion when Mr. Asquith succeeded to the premiership, and he has yielded to them with a readiness that shows them to be in consonance with his own opinions. They have been reinforced by the old age pension proposal, which in its turn has elicited a variety of criticism partly deprecatory, but largely contradictory. The principle underlying it is practically accepted by the opposition, though the influential section incline to prefer a contributory scheme. Many Conservatives and Conservative newspapers of note, however, find that a contributory system would not meet the admitted necessities of unskilled labor and direct their attack upon the government on the financial side. It is made matter of complaint that the government has not made more provision for the liabilities the state must incur, and the premier is accused of preparing to shuffle the responsibility for these onto the shoulders of his successor.

This last point leads up to the new first constructive plank in the platform of the Unionist party—fiscal reform. Mr. Balfour has committed himself with increasing definiteness to Mr. Chamberlain's agitation, helped doubtless by the evidences of its growing popularity in the constituencies. Speaking on May 30 as the guest of honor at a banquet of the Liberal-Unionist Club he declared that "at all events, the stars in their courses are fighting for us, and even if other arguments fall with the constituencies, the financial necessities which the government themselves are bringing on us make fiscal reform an absolute and inevitable certainty." An equally significant sign of the progress of the fiscal reform agitation can be found in a speech of Mr. Austen Chamberlain's delivered at the annual meeting of the same club. He found it advisable to warn the opposition not to use arguments that will not stand complete examination or to make promises that cannot be fulfilled. The Unionist leaders are plainly already recognizing their responsibility for the authorship of a fiscal reform plan that will stand the test of experience.

TURNING OF THE TIDE.

During the last fifty years 2,250,000 Canadians have gone to the United States. The United States census of 1900 shows 1,121,255 from Canada. How times have changed. Canadians are no longer seeking employment in the United States, while last year nearly 100,000 citizens of the United States moved into Canada.

A few years ago Canadians were using imported tires on their Carriages and Automobiles, but they no longer find this necessary since the Tires made by the Canadian Rubber Company of Montreal have been introduced to the Canadian people. These tires are made by expert Canadian workmen, and are sold at all the branches of the company from Halifax to Victoria. Toronto branch, Front and Yonge Streets. Telephone Main 207.

AN UP-TO-DATE CIRCUS.

The Organization of Cole Brothers Big Show is a Perfect One.

It would be extremely difficult for the ordinary patron as he sits watching the marvellous performance of the Cole Brothers shows to conceive what a wonderfully and perfectly organized business institution they are. The organization of the largest marvellous circus house or the most extensive banking house seems but the play of a child when compared to its organization. The departments are like so many different lines of business, at the head of each being a superintendent, all of whom are answerable and responsible to the general superintendent. The latter has no dealing whatever direct with the army of seven hundred employees. He deals only with the heads of the departments and holds them responsible for the work and department of the men under them. Every afternoon at 5 o'clock the general superintendent assembles the superintendents of the many departments and with them discusses the show's interests and advancement. The show carries its own corps of detectives, presided over by those veteran detectives of the "Dewey" series, Alvin, Griffin and Potter, who co-operate with the local officials in protecting the show's patrons, and of such efficiency in their work that the travelers usually found following up other circuses give them a wide berth. Three physicians are with the show at all times, not only to care for its employees, but its patrons as well, should circumstances require them. The legal department is headed by two of the most prominent attorneys in the country. One of the features is the existence of a sub-postoffice station for the carrying of the show's mail. It is presided over by a regularly appointed postmaster, who has his office in the drawing-room tent, with boxes, registry and money order departments, the same as every well regulated postoffice. In the office wagon of the Cole Brothers is established a clerical force consisting of two stenographers, two bookkeepers, auditor, cashier, treasurer and paying teller. One of the beautiful business features of this magnificent show is that every day's business is complete in itself. Only a cash balance shows the work of previous days and no running accounts, neither salaries are carried over. Uncle Sam has been so favorably impressed with the working of this significant business that on several occasions he has detailed army officials to study the methods in use, with the view of adopting them for the regular army. Everywhere the remarkable and speedy system and the good department of this aggregation has been most favorably commented on.

The Cole Brothers' shows will be here for two days, opening on Monday, June 15.

Judgement Reserved.

Justice Riddell reserved judgement in the Ross-Imperial Bank case yesterday, in which some \$36,000 is involved. John Ross alleges that when he was put out of the firm of Ross, McRae & Chandler, the firm of McRae, Chandler & McNeil was formed. The second firm got a cheque for \$26,251.57, and he says, the Imperial Bank accepted it, endorsed it and deposited the credit of the second firm after he had been put out, and he asks that the bank be held liable to cash it.

Why Liberals Weep.

Editor World: The Globe, as a corporation organ directed by Senator Jaffray, ruined Geo. W. Ross and it ruined Laurier. Sir Wilfrid Laurier. It kept MacKay in Ross' tracks and MacKay was a willing instrument. Sir Wilfrid Laurier failed to intervene and offset the corporation program of The Globe. He should at least have insisted on a Liberal leader who was not a corporation tool and the choice of The Globe. In other words for over ten years The Globe has been a corporation organ above anything else and the Liberals have failed to realize it. And the same people who own The Globe control The Star and that supposed second Liberal organ saw fit to make a pro-corporation fight. The trouble with the Liberals is that they have neither leader nor newspaper that sided or sides with the people in their momentous issues. The corporation Liberals drove Bourassa out of the party. It is high time that other Liberals like myself decided to speak out against this perversion of a great party. P. R.

AT THE ALEXANDRA

Among the English musical comedies that take their inspiration from the Land of the Chrysanthemum, none has proved more popular than "The Gelsa." It enjoyed phenomenal runs in London and New York, a success easily explained by its bright and sparkling music, and a story unusually interesting for comic opera. Last night it again met with an enthusiastic reception from a large audience, who found the atmosphere of the Royal Alexandra pleasantly cool, thanks to the latest developments of theatrical electric light.

of the people in Canada earn every cent of the money that comes to them and, in turn, are deeply interested in the buying power of the money they spend.

Whatever the financial condition of the people is or is to be; whatever may be the solution of Canada's economic problems, this store realizes one fact—and acts upon it—that the people's money should bring back an overflowing measure of value for every expenditure.

So our province is to distribute the goods the people want—to save every possible cent between mills of manufacture and the wearers, between growth and consumer, and to pass along those savings to the people.

TRUST THE PEOPLE The full years back of us have justified our faith that the public would appreciate that business plan. To-day, and every day, our buying is done with the object of saving you money; your buying—your increased buying—encourages and tells us "forward to larger things."

GOVERNMENT TRIUMPHS

The New Legislature

Continued From Page 1.

Circumstances there will be remembered as creating a peculiar situation, of which R. J. McCormick has reaped the benefit. South Bruce has returned to R. E. Truax, who has represented the constituency for some time since 1891, now defeating Dr. Clapp.

Among the personal triumphs of the election, Hon. Adam Beck's splendid majority of over 1400 in London will gratify a million friends throughout the province. London gave the minister of power the largest majority given a candidate in London in a decade over John Miller McEvoy. The victory was complete. In not a single ward did McEvoy have a majority, and in but three or four polling sub-divisions.

Premier Whitney himself had 910 of a majority in Durham, in Morrisburg he had a majority of 12, where originally he had an adverse majority of 150.

Hon. W. J. Hanna's majority in West Lambton ran into the big fat figures, and Hon. Dr. Reame in North Essex had four figures. Frank Cochrane had a substantial majority in Sudbury, but the returns were not complete last night.

Huge Majorities. Hon. J. S. Hendrie, F. Macdormid, J. S. Puff, Dr. Jessop, A. E. Frisp, R. E. McEvoy, Sam. Charters and Dr. Godfrey were honored with majorities of from 910 to 1500 among the Conservatives. Damase Racine and D. J. McDougall took similar honors among the Liberals.

Of the Liberal seats which turned Conservative in 1902, only South Bruce, East Lambton, North Middlesex, South Perth and North Renfrew have returned to their former allegiance. Four of the five seats which went Liberal in 1902, having previously been Conservative, have returned to the government fold, only Ottawa East remaining Grit.

Joy at Brantford. For the first time in forty-one years, South Brant elected a Conservative to the provincial legislature. Hon. E. B. Wood in 1867 was elected, and the long string of defeats was broken by W. S. Brewster, who secured a majority of 230 over Martin W. McEwen. The Liberal candidate, who is a comparatively young man, made a good showing against a remarkably strong campaign by the Conservatives, monster parade was formed up as soon as the results were known, and the roller rink was jammed with a cheering throng. The result is regarded by Conservatives as a cheerful augury for the re-election of W. F. Cookshutt in the Dominion elections.

The rapidity with which the returns came in from the counties was declared to be due to the spread of the farmers' telephone systems. Much time was saved in this way, and the advance in three days was noted as in a measure due to the encouragement given by the government to these systems.

Twelfth Legislature Since Confederation. The new legislature is the twelfth since confederation in 1867. The first legislature met Dec. 27, 1867; the second, Dec. 7, 1871; the third, Nov. 24, 1875; the fourth, Jan. 7, 1880; the fifth, Jan. 23, 1884; the sixth, Feb. 10, 1887; the seventh, Feb. 11, 1891; the eighth, Feb. 21, 1895; the ninth, Aug. 3, 1898; the tenth, March 10, 1903; the eleventh, March 22, 1905.

The Whitney ministry is the sixth in Ontario since confederation. The Sandfield Macdonald government lasted from July 16, 1867, till Dec. 19, 1871. The Blake ministry was in office from Dec. 20, 1871, till Oct. 26, 1872. The Mowat government was the longest and held office from Oct. 25, 1872, till July 9, 1896. The Harby ministry followed from July 26, 1896, till Oct. 17, 1898. The Ross ministry was in power (or weakness) from Oct. 21, 1898, till Feb. 7, 1900.

The Whitney government succeeded on Feb. 8, 1906, and may yet rival the Mowat term of fourteen years.

FOY AND GOODERHAM CHEERED BY SUPPORTERS

How Victory Was Celebrated in Liberal-Conservative Committee Room.

The Foy-Gooderham victory was more than assured long before the returns from all the sub-divisions were in, and a dense crowd had assembled in the Liberal-Conservative committee room on Yonge-street to pay first congratulations to the two giants of South Toronto at 6.30 p.m. Cheers after cheers shook the building as Mr. Gooderham mounted an improvised platform to tell his supporters how much he valued their goodwill. He appreciated very much the attention and the confidence his electors had shown in him. He assured them that it was not misplaced, and he could also assure them that during his term in the house he would look after the interests of the Toronto people that when he returned to the constituency for re-election he would still merit their confidence. Mr. Gooderham felt gratified for the Conservative landslide throughout the province. He showed the sensibility of the people in not being carried away by the opposition criticisms of the Whitney administration. Hon. J. J. Foy was given an ovation that will tingle his ears for many a long day. The enthusiasm was of such spontaneous nature that it was difficult to check it long enough to begin a speech. Personally Mr. Foy felt great satisfaction for the sweeping victory of himself and Mr. Gooderham, but his satisfaction was infinitesimal compared to the gratitude he felt to the staunch followers who had fought as never before in electing two Conservative candidates in South Toronto. The general impression before the elections had been that the people were not concerning themselves much in South Toronto because they thought from the first that it wasn't necessary to come out in full strength in ward three. But notwithstanding this the returns showed that they came out with as much force and vigor to record their votes as tho it had been a real contested election.

Victory for Voters. Mr. Gooderham and himself did not regard it so much a personal victory as a voters' victory, and he was glad that downtown four seats had been gained for the party. Mr. Foy was sure that the premier and all his cabinet would feel grateful to all who had so faithfully defended the party.

Edmund Bristol, M.P. (Centre Toronto) was the spokesman of the victory. He was pleased as an elector of Centre Toronto to be with the boys in the celebration of their candidates' victory. The triumph of the Whitney government would have a national significance, he said, because it showed that the people were ready to support a government that carried out and fulfilled its promises to the people. The Ontario victory indicated the country had reached that advanced stage where public men must live up to their promises or go down to defeat. He was further convinced that the "handwriting was on the wall" for the Ottawa Government. At the coming federal elections the people would rise in their might and demand their rights, which had been denied at the capital, and the public men would then learn that promises made must be made good.

PROTEST AGAINST CARRICK

Claim is Made That Lists Were Illegally Compiled. PORT ARTHUR, Ont., June 8.—(Special).—Mayor Carrick was elected as representative of the ne wriding of Port Arthur by a majority that will reach almost 300. The fight throughout was a hard one. Carrick was assisted by Hon. Frank Cochrane and Hon. E. L. Gamsay, whilst opposing him were Jas. Connes and I. L. Matthews to urge his cause. In the last days of the battle the Liberals took an active part in the interest of the independent, who ran as an independent.

WORLD'S CONTEMPORARIES.

Claims of Party Organs Vary Slightly. At 2 o'clock this morning The Globe claimed 88 Conservatives, 18 Liberals and one Independent, with Temiskaming to hear from. The Globe claims Stormont, which the Conservatives claim by a majority of one. The Mail and Empire at 2 a.m. claimed 88 Conservatives, 17 Liberals and one Independent. The Mail claims both Stormont and Temiskaming. The wires to Cobalt were not in working condition, and the result in Temiskaming was not known at 3 a.m.

VICTORS IN THE WEST DULY EXPRESS THANKS

Messrs. Crawford and McPherson to the Electors—Latter Declares He'll Do His Best.

There wasn't any excitement in the west. It was the old, old story. You simply can't trim the Conservative organization out there. J. B. Hay, G. G. Miles and Alec. Wright were philosophical in their defeat. They had no excuses to offer, no apologies to make. All conducted a clean and honorable campaign.

There was, however, a great deal of regret expressed in the crowds downtown as they watched the bulletins boards and saw Mr. Wright distanced. "He's too good a man to lose. It's a great, great pity the Conservative organization hadn't had him for their candidate," was a frequently heard comment.

Hon. Thomas Crawford is becoming bolder. He has been smiling contentedly over prosperous majorities since beyond the memory of man and his post-election statement bore a striking similarity to many previous ones. He thanked the electors for the plurality they had given him. The results in his own riding and in all the constituencies from which he had heard were highly satisfactory to him. He would do his best to fulfil his trust.

W. D. McPherson spent the early hours of the evening in an orgy of figures cunningly combined and permuted by his faithful henchmen to show all sorts of interesting facts about his majority over single opponents, combined opponents and all opponents since the beginning of time. Mr. McPherson had been busy yesterday and yesterday afternoon. He found time, however, to thank the electors for the honor they had done him under rather exceptional circumstances. It had been a three-cornered contest and the campaigning time had been too short for him to get in touch with the voters except thru the press and meetings.

"To those who stood with me I extend my thanks; to those against me I give the promise that I will make my record such that they can give me a measure of their support in future. I shall try to represent the constituency fittingly and not in a merely partisan sense."

HON. A. G. MACKAY LOST GROUND IN NORTH GREY

Elected by Majority of 88 After Severe Contest—Owen Sound Gave Leader 48.

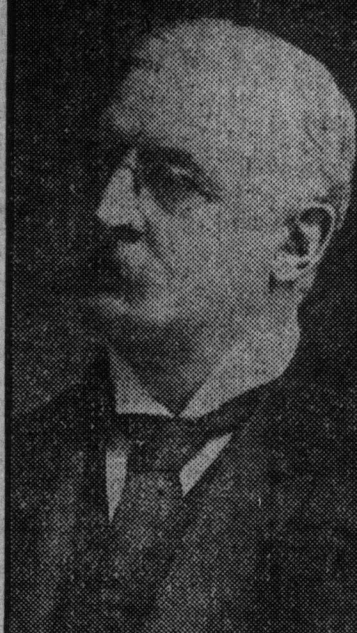

OWEN SOUND, June 8.—(Special).—With one poll to hear from, which gave A. G. Mackay a majority of 16 last election, and expected to give him 10 this time, the leader of the opposition probably holds the seat for North Grey. That apathy on the part of many Conservatives on purely personal grounds was responsible for his success is generally admitted, and that he did not share the fate of his lieutenant, C. N. Smith, of the Soo, was the narrowest chance he has had to go up against since the memorable contest upon which he entered the political field with one of a majority. The defeat of G. M. Boyd is attributed to the reduction of his majority in St. Vincent, which was about 100 last election, and was cut to 57. Sarawak, which usually polls a heavy Conservative majority, reduced the figures to 53. Mr. Mackay's majorities were, they stated to-night: Owen Sound, 48; Sydenham, 161; and Meaford.

Mr. Boyd's majorities were: Derby, 7; Sarawak, 89; St. Vincent, 57; and Keppel, 8.

While showing some visitors over the property he fell, dropping a distance of several feet, and injured his back. Then later on, while driving in to town behind the spirited team with which he covers the distance between Cobalt and the mine in record time, Cohen broke through when coming down the hill at the Nova Scotia mine and the carriage turned over. Mr. Cohen was thrown out and his shoulder-blade was broken and he was badly bruised. His brother was with him, and he is suffering from a sprained ankle.

There was no particular change in the character of the speculation to-day from that which has prevailed for several days past.

The high character of the security for the new Union Pacific bond issue should ensure full success to the loan.

The political convention to meet in a few weeks will hardly result in a surprise to the country from the present outlook, and it is doubtful if the security markets are much influenced by the result.

PASSING SUPPLY AT RATE OF MILLION A DAY

R. L. Borden's Reply to Sir Wilfrid Who Declared This Amount Was Not Enough.

OTTAWA, June 8.—In the house this morning, after G. W. Fowler, Houghton Lennox and R. L. Borden had complained of the government's attitude in delaying supply and trying to create the impression that the opposition was to blame, the prime minister made a statement.

The government had been plainly informed in the house that no more supply would be granted and no other business passed until the government had dropped the first and seven-seventh clauses of the election bill.

Clause 17 of the election bill had been attacked by the opposition on the ground that it was aimed at destroying the secrecy of the ballot. But the truth was that the clause was merely drawn to guard against honest electors being disfranchised by the acts of returning officers.

This was a matter which the government was quite prepared to discuss with the house. But in the meantime the first duty of parliament was to vote the supplies which are required for the conduct of the public service.

The available supplies had been exhausted in the middle of May, yet the opposition had refused another vote on account, and the government's only recourse was to keep supply before the house and let the opposition have its say.

Mr. Borden replied that the opposition had been passing supply at the rate of a million a day. But Sir Wilfrid replied that this was not enough.

Subsequently he boasted he was still ahead of the government, altho he had been forced to return the \$5000. Another investigation was ordered, and it was found that he was still \$5000 short. He made restitution, was prosecuted, found guilty and today sentenced.

Protest Against Increased Rates.

A largely-attended meeting of Court Rouille, No. 674, I.O.F., a resolution was unanimously carried, protesting against the proposed increase in rates to the old members of the order. "This, in our estimation, is an injustice. Who made the order what it is today? Has it not been the old members? This we say without fear of contradiction. Should the proposed rates become effective a large number of the older members will be compelled to drop out. Court Rouille considers that all the courts of the order should have an opportunity of expressing their views on this important question, and also the privilege of voting on the same." That old campaigner (William C.) was worked miles one day this week and is in good shape, stepping miles in 2 1/2 and having in 1.09. Mr. McDowell should bring home some of the change this season.
