NOTICES.

All Branches, Associations and Depositories are particularly requested to make out a Yearly Report, which shall embrace all the principal occurrences of the year, and a List of Subscribers, and send the same to the Depository, Montreal, or to the Rev. James Green, Travelling Agent, on or before the twenty-fifth day of December, that there may be sufficient time to prepare the Annual Report.

It is requested that when remittances are made, it may be specified whether the same are to be placed to the Purchase Account, or as Free Contributions.

It is particularly requested that Branches and Agencies will effect Insurance on their Stock. In many cases it may be made an item in the Policy which the Depositary takes out on his stock in trade; but where that cannot be done, if the stock of Bibles be of the value of £25, special Insurance must be effected.

TO MERCHANTS.

This Society being desirous to afford every facility to the dissemination of the Scriptures, request mercantile gentlemen residing in this city to inform their country customers, that they can be supplied with Bibles and Testaments (at the Society's prices) in the different languages mentioned in pages 8, 9 and 10, at the Depository, Great St. James Street.

PLRSONS WHO SUBSCRIBE TEN POUNDS AT ONE TIME, SHALL BE LIFE-MEMBERS OF THIS SOCIETY.

FORM OF A BEQUEST TO THE SOCIETY.

REPORT.

WE are now to offer the Thirty-fifth Report of the Montreal Auxiliary Bible Society.

Since we last reported, one who had long been active in the Society, and had retired during his later years as one of its Life Governors, has passed to his final rest. We allude to the late Mr. Fleming who was one of the founders of the Society. We are thus reminded that we are to work to-day, for the night cometh wherein no man can work. Under the influence of this admonition, let us proceed.

We are aware that our report cannot wholly be divested of a dry and business character, yet we are also aware that we speak of operations which have for their object, ultimately considered, the grandest which can engage man's attention and effort.

Our object invests with importance every detail in the needful instrumentalities of our work; and our work is only well done, and our service a true one, when in all its parts, we have our object in distinct view, and are acting in character with it.

Were we organized for the promotion of useful knowledge, for the conduct of important explorations and discoveries, or for the achievement in any form of human freedom, our work would be accounted a worthy one: few of the true friends of man would be indifferent to it; needful details of the work, statements of results, and even speculations upon them, as well as demands for additional resources and efforts, would receive the patient consideration if not the active sympathy of most good men, especially of such as might assemble to give attention to them. But we are organized to disseminate the Scriptures: to give forth to the world in God's own words His message of mercy to man, is the sublime object of the Bible Society! Lord Teignmouth did but enoble himself when, in view of this object, he chose rather to be President of the British and Foreign Bible Society than Governor General of India.

This object is second to none about which man can concern himself; it has to do with the highest and everlasting interests of the race; and we only need a distincter impression of this fact to give to our statements of results, as well as appeals for consecration and for resources to its prosecution, a sanction and a force to which we shall yield our judgment and our heart. But to see this fully we need to come down upon us

00.0 ,7780,000

some of the rays of that light in which we shall see it in the world to come; and to act befittingly we need the spirit and the purpose which the Master upon the pages of the Book itself commands his servants to manifest. Hence, now, and always, we need the presence and power of the Divine Spirit.

This year, no special effort has been in hand,—no one country has stood out with signal claims as did China last year; yet the openings presented at and near the seat of war, have been entered, and everywhere there has been a steady ongoing of the work. In our own land the current of Bible circulation has gained an increasing flow, deepening and widening in its course. This we ascribe to Him who is the giver of all success. In looking at the operations of our own Auxiliary, and then glancing over the whole field of Bible Society occupation and effort, in the progress made and the point reached, we shall see much for which to praise Him to whom alone is the honour due.

But turning and looking over the wide wide field upon which the leaves of the Book which are for the healing of the nations are yet to be scattered, now so desolate and dark, if we have any perception of the claims of God upon his church, and apprehension of the work He has given her to do, we cannot but deeply feel that a prodigious impetus and extension is yet to be given to Bible circulation, ere we can intelligently and honestly as before God claim, that the Church is doing her duty, and fulfilling the mission God long ago gave her, of putting his word as the means of making himself known, into the hands of every son of Adam whom he has made.

We now for the purpose of report narrow our view to our own operations, and in wonted order of reference notice first:

THE DEPOSITORY,

Which continues under the efficient and faithful management of Mr. Jas. Milne. We yet occupy a leased building jointly with the other Societies. We trust the time is not distant when we shall have our Bible House.

ISSUES.

These are 4,683 Bibles, 6,801 Testaments, being altogether 11,484 copies, -2,000 short of last year, but equal to any other year, and making a total since the organization of the Society of 188,000 copies.

GRATUITOUS DISTRIBUTION.

There have been issued as grants, 492 Bibles, 766 Testaments, being 1,258 copies, of the value of £91 16s. 1d.—a considerable advance upon last year, for which there were reported 848 copies, of the value of £55 12s. 2d.

FUNDS.

The Treasurer's account which will be found in the Appendix, reports an aggregate income for the year 1855 of £1,399 12s. 3d., while that of last year, which was more than of any previous year, was £1,748 12s. 2d. including, however, the special collection £525 18s. 1d. for the China Testament and Jubilee Funds. Tothe China Fund there have been received £33,—the last slow runnings of the stream before it all dries up. The Free Contributions amount to £845 18s. 5d. being an increase of £223 11s. 3d. After meeting all the current expenses the Committee have at disposal £324 15s. 9d. which, with the collection at the Anniversary Meeting, warrants a contribution which the Committee are to make to the Funds of the Parent Society of £300 sterling.

This income as reported of a period of scarcity and high prices of most articles of general consumption, and of considerable commercial depression, is encouraging, as it shows the hold the Society and its mission have upon the conscience and the sympathies of the people.

AGENCY.

The Rev. James Green continues our devoted Travelling Agent. He has an arduous duty and brings to it an amount of zeal and quiet perseverance which entitle him to our acknowledgments.

Mr. Green reports a year which to our country friends and supporters has been one of business embarrassment, scarcity of food and consequent poverty to an extent not known in former years, yet desires to express gratitude to God for encouraging success.

He has travelled this year nearly 4000 miles, visited all the Branches and Depositories, assisted at the organization of 8 new Branches and 3 new Depositories, taken orders for 3840 Scriptures, spoken at 150 meetings, besides preaching many sermons on various occasions, but all in connection with the work of the Society; addressed 25 to 30,000 people on the subject; collected for the Society £592 8s. 8d., a little more than half being "free contributions," this item having increased four-fold in four years, and notwithstanding the cry of "hard times" being this year £100 over last.

Mr. Green concludes with fitting ascriptions of praise to the Giver of this success, and of his Report which will be found in the Appendix, we bespeak the attentive perusal of the friends of the Society.

THE REPORTER.

In August last were issued 1000 copies of the Bible Society Reporter in connection with this Auxiliary. These words introduced it :--

"Having hitherto had no medium of communication other than that of the Annual Report, the want of an occasional publication the Committtee has frequently felt. The *Reporter* may serve to supply this want. To acknowledge remittances, to give notice of meetings of the Agent, to sometimes give extracts from the journals of Colporteurs and the reports of the Agent, to report issues of Scriptures, to call for Colporteurs when needed, to convey appeals to the friends of the Society, and to give information of the general work of the Parent Institution, the *Reporter* may appropriately be used. With these objects it is issued. The present one is an experiment, and is the only one the Committee design to issue during the present year. Its utility will thus have time to be fully tested. Should it be found really useful, the Committee may be led to undertake a periodical (perhaps quarterly) and larger publication, in an amended and more adapted form."

The result of the experiment leads the Committee to recommend that three times in the year henceforth a *Reporter* be issued.

The Committee take occasion here to acknowledge the service done to the Society for several years by the *Montreal Witness* in giving publicity gratuitously to the Travelling Agent's notices of appointments,—a service, as Mr. Green says, in money value of "many scores of pounds."

COLPORTAGE.

This is yet a new instrumentality in the history of our Society; but its results already suffice to show its value, and to encourage to its further use.

Colporteur Selkirk, during a service of 12 months, sold 462 copies, and gave to destitute families 235 copies, of a total value of £65 8s. 9d. He performed 10 journies, travelled 2700 miles, and visited 12,000 families, at a cost to the Society of £116. Mr. Selkirk is now out on a tour through the Eastern Townships.

Colporteur Piché laboured 3 months of last winter, Colporteur Trudeau for the same time, and Colporteur Ouilette, for nearly one month of last autumn.

These last labours were exclusively in the midst of the French speaking population, and their united distribution of Scriptures, was 17 Bibles and 150 Testaments; a number so limited as to show how closed yet is the door to the introduction of the Bible to this people. But it is opening.

Piché and Trudeau are engaged for similar service this winter and are now at their work. François Malo is also engaged for the winter, and begins at once.

St. Colombo, &C.; In many places it was impossible to go with a horse. The success was various, sometimes encouraged, but frequently opposed by those who have not love for the precious word of God. Travelled over 150 miles on this tour. August.—Took the steamboat to Ottawa City, went on foot up the Ottawa, visiting the families on both sides of the river; found a large number of Roman Catholics, sometimes could not get necessary food; many received the Scriptures unable to pay for them; met with great variety of characters.

I find much carelessness about the concerns of the soul in the country, arising from mixed marriages of Protestants with Roman Catholics; this leads to indifference to the neglect of the education of children and of the great salvation.

The sale and distribution of Scriptures here reported, and the results as a whole, may be thought inadequate to the expenditure of money and labour. Not so do we view them. The success of Colportage effort with us is not to be estimated by success in sales. Our Colporteurs go to the most distant and destitute places, away upon the outside verge of the settled country, where there are not many who can buy the Book, but where nevertheless it is much needed. There is good done by the mere offer of the Scriptures to such a people. It is the only circumstance to call up religious thought. The Colporteur at his work is to them the impersonation of religious life. By the suggestions of his very presence there a mental process may be set a going to issue in saving results. Or our Colporteurs go into the midst of the French Canadian people, indifferent if not hostile to the Book. Large sales are there not to be looked for, nor immediately apparent results, yet we dare not withhold the offer of the Book,—for the day is dawning : certain Bibles given to certain of this people eighteen years ago only now bear fruit of form and substance which we can see.

But Colportage has become a received agency of the evangelism of our day; employed and relied on for advance work, by Bible and kindred For the practical working of the system look to France, institutions. where by the Parent Society it has long been employed, and has had its fullest development, and where, including the distribution to the Army, 96,000 copies have this year been put into circulation. The American Tract Society, which employs 600 Colporteurs, may also be cited. Under the conviction that they have a Continent to subdue and save, in the emergency of this claim they hold " the Colporteur enterprise forced upon their attention first of all, as by a physical necessity to them, an indispensable instrumentality," then as " commended to their adoption by its economy," and finally as having the seal of Divine favor already upon it as a "providential instrumentality." We here have the same work to do, and well may use the same approved agency-suitable, cheap and effective. It is our aggressive instrumentality,-well adapted to the circumstances and exigencies of our country. It is our trench work-our saps-slow but sure approaches to the strongholds of sin and superstition which surround us. Let us then plead for an intelligent estimate of the value and place of the Colportage system, and for a determined purpose to employ it widely.

BRANCH SOCIETIES AND DEPOSITORIES.

Of these we have now 130, namely: 96 Branches and 34 Depôts, the latter merely for the sale of the Scriptures.

An analysis and classification of the Branches give 23 New, which have not yet formed their character, but which afford promise of efficiency; 12 Inactive, which need awakening to vitality and effectiveness; 39 Steady, those which doing a good work, both in the sale of Scriptures and in the collection of funds, are yet, owing to limitation of field and other causes, holding their own, but not aggressive and advancing; and lastly 22 Active, those which extend their field and push over difficulties, and whose course is marked by energy and onwardness. Would that they were all of this latter character, vigorous and fruitful. If our Auxiliary, like a parent stem, has given origin to its many branches, may they in turn hav and give o them in un We sele

MONTREAL LADIES' BIBLE ASSOCIATION.

These ladies had done well before, but have this year done better still, having collected and paid to our Treasurer £147 18s. 10d.,—more by £40 than any previous year. They have also, as their wont is, supplied the Scriptures to destitute families. We know of no work in which our ladies engage of a nature more self-denying than this work of collecting. In going from door to door they often meet the "cheerful giver," but they sometimes meet a reception which, but for their recollection of their Master and their object, their self respect would not allow them to receive. When they politely ask a contribution in aid of the work of Bible dissemination, ladies whom they ask are at liberty to withhold it, but they are not at liberty to withhold civility. The ladies of the Association need not to be reminded of the words—"If any man will come after me let him deny himself and take up his cross and follow me," nor of those other words—"let us not be weary in well doing ; for in due season we shall reap if we faint not."

BROME BRANCH.

Of it we have again to report efficiency. Its contributions to our funds are this year £7 0s. 11d.

EATON BRANCH.

On former occasions we have borne testimony to the liberality of the friends in this place. We have received in free contributions £7 15s. 1d.

NORTH-WEST GLENGARY BRANCH.

This Branch has long been in a healthful condition, and this year the sum of $\pounds 14$ 14s. 6d. has been paid as free contributions. It is exemplary in keeping its account always paid up.

HUNTINGDON BRANCH.

To this Branch 214 copies of the Scriptures have been supplied, value $\pounds 12$ 1s.; it has paid $\pounds 9$ 9s. on account; and under its auspices $\pounds 5$ 12s. 8d. have been collected in the Churches, for the funds of this Society.

EAST AND WEST HAWKESBURY BRANCH

Continues to show zeal and liberality; £20 currency have been paid as a donation to the British and Foreign Bible Society. 143 copies of the Scriptures have been sent this year, value £9 10s. 6d., and the sum of £7 10s. paid on account. A donation of £10 has been paid to the funds of this Society.

LANARK BRANCH.

Here liberality has long been manifested, but this year it has abounded. The large sum of $\pounds 27$ 19s. was paid as a free contribution to our funds. This Branch also owns its own stock of books, and is out of debt.

LACOLLE BRANCH.

There are energy and zeal here: after well supplying its immediate vicinity with the Scriptures, it has made annually large donations to our funds, and this year we have received £16 4s. of free contributions, collected by the ladies with praiseworthy diligence.

OSGOODE BRANCH.

Here there is a good degree of activity and enlightened liberality. £10 have been remitted, as a donation to the British and Foreign Bible Society.

OTTAWA DISTRICT BRANCH.

This old and efficient Branch has this year made a free contribution of $\pounds 14$ 3s., proving that its members do not "weary in well doing." There have been forwarded to its Depository 179 copies of the Scriptures, value £16 1s.

OTTAWA CITY BRANCH.

In conjunction with the Perth Auxiliary, this Branch has prosecuted the work of Colportage over a large tract of country. The Branch has ordered from our Depository 192 Bibles and 158 New Testaments, and paid $\pounds 20$ on account.

ST. ANDREW'S BRANCH

Has for many years aided us in the objects of our organization. Its contributions to our funds have been on a liberal scale, and the present year it has contributed $\pounds 10$ to our free fund. 71 copies of the Scriptures have been sent to its Depository.

SHERBROOKE BRANCH

Has more than once been noticed in our Reports, and we rejoice to say that its useful character has been fully sustained during the present year. 75 Bibles and 108 Testaments have been issued to the Depository in Sherbrooke. They have remitted £13 6s. 11d., on account, and it has sent £12 17s. 6d. of free contributions to the funds of this Auxiliary, and £12 10s. to the China Fund of the Parent Society.

STANSTEAD BRANCH.

One of the oldest Bible Societies in the Province—has long occupied an important place in the operations of this Auxiliary—has more than once examined the country and supplied its wants of the word of God. Its contributions have been increasing from year to year, and its efforts this year have had success. We have received £16 1s. as its collections. "There effective] as much, Proper le Gospel, w work. "There is no better chance here," said Mr. Green, speaking of an effective Branch, "than at many places where they don't do one quarter as much, all for want of proper leaders." Here is the secret of success. Proper leaders! We call for leaders of our Branches. Ministers of the Gospel, we ask you to give your influence and your energies, to this work. Be leaders of the Bible Society! A weighty responsibility rests upon you.—But any two or three earnest men can form a Branch. Most great things had small beginnings. Abundantly so teaches the history of our great Parent Institution. So also can two or three keep a Branch active and onward. We honor the spirit of the aged President of one of our Branches, who has been 30 years in the service, yet now on the verge of four score years holds his post—and said to our Agent, "Tell them in the front we will stand firm in the rear."

O for a wide diffusion of this heroic sentiment, and each one thus in his lot at his post in his day doing his duty !

Being done specially with our own operations, we come now to notice briefly those of our sister Societies of

BRITISH AMERICA,

Under which head we place all the Auxiliaries of the Parent Society on this continent.

In Nova Scotia, New Brunswick, Prince Edward's Island, and Prince Rupert's Land, there seem zeal and activity in the working of the Auxiliaries, and encouraging reports are given of results.

In Canada.—The Kingston Auxiliary is steadily pursuing its work. It has 10 Branches and 5 Depôts. Its Ladies' Association is well organized and active, and employs a Colporteur who has been devoted and diligent in his labours.

The Quebec Auxiliary has had a year of enlarged usefulness. It employed a Colporteur during the summer months in visiting Emigrant Ships, and amongst his reported sales are 20 copies to the crew of the French Corvette La Capriceuse. Its Secretary writes us that they "purpose thoroughly to inspect all the Districts east of Three Rivers as far as and including Gaspé, and to establish Branches and Agencies wherever practicable."

The Upper Canada Bible Society goes on vigorously—nobly working a noble field. In the midst of a country fast growing in population and in wealth, this Auxiliary has a great work to do and its Committe seems to know it. At the last annual meeting, the Reverend D. Fraser, A. M., took part and was cordially received as representing this Auxiliary. It then reported 115 Branches and 14 Depositories, an issue during the year of 28,760 copies, and an income of £3557. There were forwarded to Toronto nearly 40,000 Bibles and Testaments, being the largest number ever sent in any one year to an Auxiliary out of England. It has two Travelling Agents, the senior of whom, the Reverend Lachlan Taylor, in a letter written to express his deep regret that he could not be with us to aid at this meeting, says: "We shall organize this year upwards of forty new Branches, and our circulation will not be much short of 40,000." We rejoice in the growth of our Western Sister.

Summing up the issues in these Provinces, we find them 69,000 copies, this year against 49,000 last year. This is gratifying progress-going beyond the mere increase of population and gaining upon the destitution of the country. But here lies our special responsibility. This Canada is emphatically our sphere. Much has lately in various ways been done to give Canada a place and a name, in matters of the useful arts and of physical development, with the older countries. This is well. But be it remembered that the Bible alone gives correct credence to a people, and that without this there is no true progress :---so that the merchant, the legislator, the educationist, as well as the religionist, and the Christian alike do wisely to seek a wide diffusion of the Bible. "Righteousness exalteth a nation." We of this day are workmen at the foundations of a nation-one to have an achievement and a destiny of no common magnitude. Let us see that every stone which goes to the building up of our social superstructure and our erection into such an one of the world's powers, be cut and squared according to God's Law, and cemented with the principles of his enduring truth.

AMERICAN BIBLE SOCIETY.

This great Institution submits its Twenty-ninth Report, with an earnest desire that its statements and representations, with respect to all departments of the work may be attentively and prayerfully considered. The monetary and commercial condition of the country had diminished Income and Issues, yet this and such fluctuations are only as the flux and reflux of the waves in a rising and still onward tide. The receipts of the year were \$346,000. The issues of the year were 750,000 copies, and the total issue since the organization of the Society 10,650,000. It has nearly 3000 Branches and thirty-five Agents constantly occupied in its service; some of them in Italy, Greece, and South America.

They urge the claims of thousands of families in all sections of their own country who are living without the Bible, and need to be supplied, besides the millions of Asia, Europe and Africa, and of the Islands of the sea, whose cry for help comes to them. May that sentiment pervade more deeply our hearts. Urgent appeals are made for the help in the Society's work of Ministers of the Gospel. The importance of the Agency effort is strongly insisted on and its further use urged. The senior Secretary, Rev. Dr. Brigham, writes to us during the present month: "In regard to our operations this year, I am happy to say that we are doing more at home and much more abroad. In Greece, Turkey, and South America, our Agents are greatly encouraged."—We now welcome Rev. M. L. Scudder as the Representative of that Society to this meeting.

In passing on to notice our honored Parent Institution, should we not utter earnestly the hope that these two Societies may be more and more the glory of their respective people. May they be lasting Allies in this Bible work. Perish all unholy thought of contest between these nations! Let them forever hold hands over the Bible. One in origin, in language and in liberties, one in the knowledge of the true God and in the free use and circulation of His word, one in the united possession of perhaps four-fifths of the world's evangelistic power—let them go hand in hand in the noble work of dispensing the Scriptures under a full view and realization of the magnitude of their common Bible Mission to the nations.

BRITISH AND FOREIGN BIBLE SOCIETY.

This Great Institution continues its noble work, sending forth to the world's people the word of life. A tone of joyful gratitude, of unshaken confidence and of unfaltering purpose pervades its fifty-first Report. Its narration of progress presents new and striking features. In our review of its operations we notice first:

FRANCE.—The issues for the year were 110,000, making a total in that country of upwards of four million copies. On its Colportage efforts were expended £3500. There were paid £3000 to the Depôt in Paris by French purchasers—Roman Catholic in name—of the Bible. Our Society leaves to the Protestant Society of France the work of selling Scriptures to the Protestants of that country, and attends itself to the Roman Catholic population. Twelve Colporteurs, old soldiers, have been detailed for a new sphere of effort—the French army. At the points of embarcation the soldiers take the Bible who refused it fifty miles away. The military authorities favor its circulation. This winter one hundred Colporteurs are to be occupied in France. Two causes are mentioned as greatly facilitating the work in that country—the English alliance and the dogma of the immaculate conception. M. DePressensé believes that the Lord is carrying on a good, though at present a hidden work amongst the Roman Catholics of France—he records signal conversions, and adds that all that for twenty-five years has been accomplished for the advance of the Kingdom of God in his country takes its origin

BELGIUM, HOLLAND AND GERMANY.—The Report of the Agent for these countries is encouraging. In Germany and Switzerland in one year 400,000 copies of the Scriptures have been circulated.

in the Bible work carried on by the British and Foreign Bible Society.

This demand for the Scriptures in Germany affords a striking proof of a new religious movement. Yes! says Dr. Pinkerton, "there can be no doubt of it; the degenerate children of the Reformers are again casting away the dreams of their philosophers and rationalists, and returning to the faith of their fathers." An anonymous "German Friend" has recently aided the funds to the extent of several thousand pounds. In Prussia, amid difficulties and obstacles, there are yet successes, and satisfactory evidence of God's blessing accompanying his own word.

In Denmark, Sweden and Norway the work is going forward. Permission has at length been secured to have the Testament printed at Copenhagen. The disturbed state of relations with Russia has caused the retirement of Agents and decidedly checked the work.

SPAIN.—Darkness still hangs over Spain. The political convulsions of last summer gave rise to hopes that the word of God might have circulation there, but the authorities yet evince no favourable disposition to it. As to Portugal we live in hope that the day will dawn and God's word have entrance there.

From Switzerland and Northern Italy there are very satisfactory Reports.

SOUTHERN ITALY.—That beautiful country, still enveloped in spiritual darkness, enthralled in spiritual despotism, shuts out the Bible.

TURKEY AND THE EAST.—"Constantinople, says the Report, "has become an important sphere of biblical labour, not only on account of the religious movement which Turkey has experienced, but also on account of its proximity to the seat of war." "Sales of Turkish Scriptures to Mahomedans are rapidly on the increase. Colporteurs perambulate the streets without molestation. A Turkish lady recently bought a copy of the New Testament at the stall of one of the colporteurs. Such a fact never occurred before." An experienced agent of the Society has been placed at Constantinople to superintend the general work in the East. There are ample details of the work of supplying the book to the soldiers, by which it appears that many a soul has been gathered there in circumstances to realize it in other ci-In this way ransomed o the remained the war, the

in other circumstances, would likely have been totally indifferent to it. In this way we believe the Lord has greatly increased the number of his ransomed ones. Thus "He maketh the wrath of man to praise Him, and the remainder of wrath he will restrain." In immediate connection with the war, the Society has issued 250,000 copies of the Scriptures.

INDIA—Has a large place in the Report. Her special and urgent claims upon British Christians are recognized. Correspondence has been opened up and steps taken to organize a system of colportage adequate to the wants of that country. Indications are hopeful. The educated youth are found seeking the Scriptures. There is much doing in the printing and revision of the book into the languages of India.

CHINA.—But little progress has been made in the distribution of the million copies of the new Testament. So much zeal and liberality have everywhere been displayed, that the fund is now equal to two millions and a-quarter. The Committee are prepared and anxious to avail themselves of every opportunity to introduce the book, but faster than the openings of the door to them, they cannot go. The carrying out of the project is contingent upon unrestricted circulation for the Scriptures, and that at present depends upon the success of the revolutionary movement, which is now perhaps more than ever doubtful.

Under these circumstances the latest report is favorable: "The first quarter of a million of copies of the Testament have been completed. Colportage is being carried out successfully. Access into the interior is effected without much difficulty, and by the tours of Missionaries, many thousand copies have been circulated."

In New South Wales, a well conducted and successful colportage work is in hand, and the Auxiliary there is engaged in a noble effort greatly to extend it. Six colporteurs were already employed. In some parts the evil influence of Europeans is like a dark shadow eclipsing the true light.

In the Islands of the South Sea, a large circulation is obtained. The Auxiliaries in Africa, West and South, are doing well. In South America there are openings which the Committee are auxious to occupy. In the West Indies a good work is going forward.

FUNDS AND ISSUES.

"The total Receipts of the year, from all ordinary sources, have amounted to £124,478 9s. 6d.—less only by the sum of £1,187 9s. 4d. than the unprecedented receipts of the previous year. But besides, the Jubilee Fund has received an addition of £3,694 4s. 11d. in the course of the year, and the Chinese New Testament Fund of £7,860 1s. 3d. These bring up the entire receipts of the year to £136,032 15s. 8d." "This sum your Committee announce with thankful satisfaction, regarding it as an evidence of the growing affection and confidence of the Christian public toward the Society, and yet more as an indication of the favor and blessing of God upon it, as well as of His merciful purpose to make use of it for the wider publication of the preciousness of His grace."

"The Issues of the year have amounted to ONE MILLION FOUR HUNDRED AND FIFTY THOUSAND, EIGHT HUNDRED AND SEVENTY-SIX COPIES, being an increase of 83,348 copies over the issues of last year, and a larger number than has ever been issued in any one year of the Society's history."

"The Total Issues now amount to Twenty-nine Millions, three hun-Dred and eighty-nine thousand, five hundred and seven copies."

Under the head Domestic, place is given to two weighty questions which have been before the Parent Society.

"I. Whether the condition of our Home population, in regard to the possession of the Holy Scriptures, is such as to require the adoption of extraordinary measures on the part of this Society.

"II. What are the measures best calculated to effect a still wider distribution of the sacred volume."

To these points much earnest and careful attention has been turned and the conclusion is come to, that taking the Issue during the present generation and allowing for wear and tear of copies, there are yet Eight Millions copies in existence in Great Britain, being two copies to each of the four millions of her families.

"If the eight millions of copies thus remaining were equally diffused amongst the families of the land, and if this were considered as a sufficient supply, the proportion of Bibles to the number of families might be considered adequate."

But they are not equally diffused, and it is held that a family is not adequately supplied until every reading member of it is possessed of a copy of the Bible: and they arrive at the conclusion that the actual readers who alone can make use of the Bible are about sixteen millions.

"For these sixteen millions of readers, we have about EIGHT MILLIONS OF BIBLES; it follows, therefore, that there is a destitution to the extent of eight millions of copies, and this leads to the practical question—What is the best mode of overtaking the acknowledged wants of the community?"

Conceiving a case to be thus made out for the present use of extraordinary measures, they proceed to recommend those measures to be: 1st. Colportage.....

In view of Sabbath desecration, infidelity, and other evils which are rising rampant there, it becomes us here to pray that these gigantic colportage and other efforts to be put forth in the fatherland to disseminate the Scriptures,—to meet the bane with the antidote,—may be owned and blessed of God, that he may preserve it a people to himself, and honor it to be salt among the nations; that the Sun himself may there come forth in his glory, and thence shed light upon those who are yet in darkness.

We take for publication two or three extracts :

OF SWITZEBLAND.—"From my account of sales, it will also be seen, that the Canton of Lucern—the great Romish Canton—is silently but surely coming under the blessed influence of at least the New Testament. More than treble the usual number of copies were disseminated by sale last year in that Canton."

OF ITALY.—" The Archbishop of Florence has just published a cheap edition of Martini's New Testament, with notes, price 6 pauls, less than 3s. I look upon this publication as the victory of the Bible Society, and a glorious one it is: here is an Archbishop, to prevent his people taking the Scriptures from Protestants, recommending them himself. In 1848, this same Archbishop refused his permission to print the Scriptures at Florence: the 26,000 that I understand have been distributed in Italy have done their work, and this is the fruit. This edition is, it is true, accompanied with notes, but many of them are good, and the translation is for the most part unexceptionable; the type is small, and the volume bulky on account of the notes, but the price is so low that it will be in the hands of hundreds who would not look on a prohibited book. The objections to Martini's version come chiefly from those who have not been long enough in the country to judge of either version critically. Italians prefer Diodata, as being more elegant,—others prefer Martini, as being more modern; but they are both faithful translations."

OF TURKEY.—"From the "American Missionaries," on speaking of the great reformation witnessed in this country, we gathered distinctly, that the Bible was the foundation of the noble and blessed changes that were going on so rapidly amongst the Armenians, Nestorians, Asiatic Greeks, &c.; and that in numerous cases the Bible had been the means of beginning and carrying on this good work without the Help of Missionaries; and that in those parts where the Gospel is taking such firm root, Turks were coming forward and asking for Bibles."

FROM MAJOR EDWARDS, A GOVERNMENT OFFICER IN INDIA.—" It is now my gratifying duty to mention to you a contribution whose value is beyond money. When last we met, the great desideratum of the Mission was to get the Bible in the Afghan tongue. It was supposed never to have been translated into Pushtoo, and two or three officers at Peshawar had undertaken to translate some of the Gospels. I at once remembered, that in the year 1848, while acting for the government of Maharajah Duleep Singh in the Derayat, I had seen a Pushtoo Testament in the hands of a fine old Pathan chief, who, in his youth, at the Hurdwar fair, where he had gone to sell horses, had received it from an English Missionary, who told him, if he took care of it, and preserved it from fire and water, it would certainly be of use to him some day when the English should come to his country. 'That day,' said the old chief, 'has now come, and here is the book uninjured by fire and water;' so saying, he unrolled it from many wrappers, and I found that it had been printed at the Serampore Mission, in 1818. I read a few lines of it, and saw that it was Pushtoo in the Persian character. I asked if he had read it. He said : 'Our Mullah has read it, and says it is a very good book, and quite correct, for father Abraham and father Moses are mentioned in it.' I returned the Book to the old man; and though I fear it was for the noble qualities of himself and his son and not for the sake of the Bible, yet, certain it is, that Ali Khan Kilachu never had cause to regret that the English came into this country.

"Well, the incident flashed through my mind at once when I heard every body wondering what was to be done to translate the Scriptures into Pushtoo, and I mentioned it to Major Martin. Application was, I believe, made to the Missionary library at Serampore; but, strange to say, not a copy could then be found. I then wrote to my old friend, Ali Khan, and recovered the precious volume, and I think it is impossible to consider this incident without being struck with awe and humbled at the long foresight of that omniscient and constant God, who deposits His sealed up purposes with unconscious man, and tells futurity the hour to open and to read them.

"Thus was one Mission at Calcutta, in 1818, made to provide a translation of the Scriptures for another Mission at Peshawar, to be established in 1855. An Afghan chief was made to preserve one copy of the message of God to his countrymen for twenty years, when all others had been lost or forgotten, and I was thrown where that copy was hid, because five years after I was to fill this chair. These are startling things, and may it please God, that we may none of us try to turn aside from the things he wishes us to accomplish.

"The Pushtoo Testament thus found was placed by Major Martin in the hands of the Agra Branch of the British and Foreign Bible Society, and they most generously undertook to reprint and present to this Mission 3,000 copies of the Gospels of Luke and John, the Acts of the Apostles, and the Epistle to the Ephesians.

"There are several (exceptional) letters in Pushtoo, which differ from the Persian, and before the reprint could be effected, new type for all these letters had to be founded. Captain James furnished the models for these types, and is now actually engaged in correcting the proof-sheets of this reprint; and I claim the gratitude of the meeting, both to the munificent Society which furnishes our Society with 3,000 copies of these sacred Books, and to Captain James, for the benefit which has been derived so often from his scholarship and knowledge."

CONCLUSION.

We find that two and a half millions of copies of the Scriptures have been this year issued by the Societies, whose work we have reviewed. And from first to last they have been the honored means of giving to the world, upwards of fifty millions of copies. This is a grand result. But the remoter results we cannot tell. Doubtless they have been, and are yet to be great and glorious; for we know who hath said-"my word shall not return unto me void, but it shall accomplish that which I please and prosper in the thing whereunto I send it." Results are safe in His keeping. But we know that the principles of that Book, rejected and scouted now by so many of the world's people, are yet to be dominant. We know that the darkness which yet glooms over the earth is to be dispelled, and the light which issues forth from those sacred pages everywhere to shine. But the solemn thought is, that so it might be now. Long ago the commission was given to the Church to make known the Gospel to the world. But she has failed to do it, and the unmitigated responsibility of this failure is upon her. What then are needed ? Just what have been withheld,-the tithes which have been sinfully kept back; the silver and the gold of His people; the energies of body and of mind of His people; the prayers of His people; and then His own

When they obey Him by entire consecration of themselves to His work; when they honor Him by entire dependance upon Him for His blessing, for his glory, He will not give unto another, not even to His own word, "not by might nor by power, but by my spirit saith the Lord :"—when His people thus give forth his word, then He will work by them and by His word, and work mightily. Then His power will be seen. The now outspread wings of war shall be forever closed. Justice shall reign on the earth. "He shall reign for ever and ever. He will speak peace to the nations. The subduing power of his love will calm the stormy passions of the human soul, and bring about the fulfilment of that wondrous promise to his Church : "Violence shall no more be heard in thy land, wasting nor destruction within thy borders; thou shall call thy walls Salvation, and thy gates Praise."

REPORT OF THE REV. JAMES GREEN, TRAVELLING AGENT OF THE MONTREAL AUXILIARY BIBLE SOCIETY, FOR THE YEAR 1855.

BZING spared through the mercy of God, to the close of another year, it devolves upon me once more to render up an account of my Stewardship. Oh, for grace to enable me to do it as in the sight of Him who understands the motive as well as the action, to whom all sins and frailties and short-comings are perfectly known !

I left home on the 26th December, 1854; and my first meeting was at St. Eustache, in the Free Presbyterian Church. The congregation was good for so cold and stormy a night, and the collection amounted to £1 10s. 4d., which was handed me for the Montreal Auxiliary. The Rev. Mr. Scott is a devoted friend of the Society, and Mr. James Marshall showed me much kindness, as did also Mr. D. Mitchel. From St. Eustache I went to New Glasgow, a place I had never visited before. Here I found a number of good people, who were very friendly, hospitable and kind, among whom I would mention the Rev. H. Louden, Mr. John Murry, and Mr. Loyd. Rev. Mr. Louden gave up his service on the Sabbath day, to allow me to present my mission. I had thus an opportunity of bringing it before a large congregation, and at the request of the minister and a number of the more influential members, a new Branch was formed here under favourable auspices.

On Monday, the first day of January, I had a long ride of near forty miles, to Lachute. The weather was cold, but the road tolerably good. I met a party of young people near Lachute taking a sleigh ride, who were so over full of joy and good nature, they had not time to turn out, and one of the party ran his sleigh thill through the back of my sleigh. I felt thankful it was not through my breast. A dollar repaired all the damage. I wish, however, that such parties would observe the common road etiquette, when let loose. The next mischief will not be so easily atoned for. At Lachute I found the Rev. Mr. Scott in deep affliction, his wife confined to bed with sickness, and his children also afflicted with scarlet fever. He could not, of course, attend the meeting. The Rev. Mr. Henry received me wit his wonted kindness. We had a small meeting this year in the Free Presbyterian Church. From a succession of adversities, arising from drought and short crops, and consequent hard times, no Branch has yet been formed here. I am afraid, however, procrastination has nearly spoiled the chance. Perhaps it may be done yet; there are a number of good friends, and if times should improve, perhaps it will be "all for the best" we have waited.

The day following I went to St. Andrews. Such is the cordiality and frankness with which the minister and people alike work in the Bible cause, exhibiting at the same time a goodly degree of interest, that it is always a pleasure to come here. The meeting this year was in the Presbyterian Church, the President, the Rev. Mr. Henderson, in the Chair. The Secretary, the Rev. J. Dempsey, read the Report, from which it appeared the Branch had been active a little over its wont, and also blessed with an increase of funds. Besides having paid me for the Montreal Auxiliary over ten pounds, and carried on their own operations, they had funds in hand for future need.

VALUE.

My next visit was at Chatham Front, a place I had never called at before. The Rev. Mr. Mair had appointed a meeting in his church. It was rather small, but the people seemed much interested. The Rev. Mr. Mair promised to make a collection and forward the proceeds during the winter, and requested me, if spared, to come again to take his place on Sabbath, preach at his three stations, and take collections at the time,—which I promised to do.

The two next days I spent with the Branch of the Ottawa District, and East and West Hawkesbury. We had a good time. The Anniversary of the East and West Hawkesbury was held first. The meeting was in the Town Hall at Vankleek Hill, was well attended, Thomas Higginson, Esq., in the Chair. Mr. T. T. Higginson read a most encouraging Report. A great number of new members had been enrolled; a thorough canvass had been made, and over £30 collected for the China New Testament Fund. The Rev. Mr. Armstrong prayed; after which the meeting was addressed by the Revds. Messrs. Noble and Morton, and your Agent. The meeting was evidently one of interest.

On the second day was held the Anniversary of the Ottawa District Branch in the same place, Neil Stewart, Esq., in the Chair. After prayer a Report was read, which was of a very encouraging nature. This is an old Branch, and though it has recently lost many of its members by the formation of the E and W. Hawkesbury, it yet displays considerable activity. They paid me over £14 free contribution, besides carrying on their own operations, which had been somewhat extensive. The Rev. Mr. McNally had travelled extensively as a Colporteur in their employ. These two Branches have done nobly. They have done an extensive and good work at home, and paid me during the year over £50 for the Montreal Auxiliary. We can say to others, "Go and do likewise."

On Sabbath the 7th of January I preached three times in connection with the Clarence Branch,—in the morning at Petite Nation, afternoon at Lochaber, and evening at Clarence. The congregations were all good, and the people manifest their wonted interest. Collections were made at all these places amounting to near five pounds; not quite as much as they paid me in former years, but they have been much engaged in local matters which have drawn upon them heavily.

I had a long drive of over fifty miles on Monday to Osgood, over bare and stony roads, and night overtook me before I reached my journey's end. I reached Metcalf Village a little after six o'clock, and thought I had done, but I was doomed to yet further pennance. The meeting had been appointed at the Presbyterian Church four miles distant. I posted onward with as much haste as a tired horse and sleighing in the mud and stones would allow of. When I reached the place, I found a good congregation in waiting, and was not a little encouraged by hearing one man "whisper" to another just as I entered, "I told you he would come, if it took him till bed-time." The Report had been read and the busines transacted before I landed, so I did not learn the particulars of the year's operations, further than that they were of an encouraging nature. The President, the Rev. Mr. McPhail, occupied the Chair, and we had a happy and harmonious meeting; but all had to regret much the absence of the Rev. Mr. Lochead, the minister of the place, who "was gone to the meeting of Presbytery."

I shared the comfortable hospitality freely offered me in the family of the Rev. Mr. Lochead, and the next day I went, in company with the Rev. Mr. McPhail, to West Winchester, where we met a good congregation in the Baptist Chapel. This being a new place, I spoke at some length, explaining the working of Bible Societies, and the and obtaine

The next day I went alone to Winchester, or Armstrong's Village, to attend the Anniversary of the Branch. The Anniversary meeting was held in the Methodist Chapel, Rev. Mr. Meeker in the Chair. The meeting as usual was opened with prayer, and the congregation, which was quite good, was addressed by the Revds. Messrs. Brewster, Oser, and myself. The people seemed much interested. Free contributions, $\pounds 2$ 13s. 6d., and the account $\pounds 2$ 10s. 2d., making a total of $\pounds 5$ 3s. 8d.; very good for a new village This Branch has some active officers: Mr. Meeker, the President, Mr. Casselman, the Secretary, and Mr. Cook, the Treasurer, are all assiduous in the discharge of their duties.

My next visit was to Finch, where I met my old acquaintance, Mr. George Munro, still in health both in body and mind, who accompanied me to the place of meeting. We had rather a small gathering, but a very interested one. The ladies who were appointed collectors the year before had nobly done their duty, and £3 3s. 3d. was paid me as the result, the largest free contribution ever obtained at this place. I shared my accustomed kindness and hospitality in the family of D. McGinnis, Esq.

From Finch I went to visit the Rear of Osnabruck Branch. Messrs. McLanes, Capt. Morgan and Capt. Warner, Mr. Wm. Morgan, and many others, officers and members, continue active. Though the roads were still bad, almost impassable, and the weather stormy, we had a good congregation in the Baptist Chapel. I here met with an old acquaintance, the Rev. Mr. Walker, who took part in the Anniversary meeting, and added much to its interest, as did also the Rev. Mr. Rainboth, who was on a visit to the place at the time. The meeting was one of the right sort. The officers for the ensuing year were appointed at the close of the meeting, and they paid me £1 10s. 9d. free contribution.

A ride of 25 miles the next day brought me to Martintown. And such a day! The wind blew a steady gale, and the rain fell in torrents till noon. It then became mingled with heavy thick sleet; finally the snow fell in blinding thickness, followed with hard, keen frost, which congealed the rain, the sleet and snow together, and bound up the poor way-farer in wet, stiff frozen garments, from which it was nearly impossible to effect a liberation. I landed at the kind, hospitable residence of Mr. Finlay McCallum a little before dark, and if ever a cheerful fire and kind hospitality were agreeable they were that night. If my labour had been done for that day I should have been thankful, but I had still to attend the Anniversary meeting of the Martintown Branch, and transact the business of the Depository. And how can a man speak to the public "all froze up?" The meeting was a small one it is true, and how could we expect it to be otherwise ? But small as it was, warm friends were there, full of expectation too to hear something of the progress of the good cause ; and after your humble servant had spoken nearly an hour, he was nearly "thawed out," and cold as was the place in which we met, I believe no one was either asleep or indifferent there. There were some there we shall meet no more. The Rev. J. McLauren, the President, caught cold that day, and soon afterwards went to his rest, leaving behind him a large Church and congregation, and a dependent family to deplore his loss. This is always an active Branch. Mr. P. McLeod, the active Secretary, paid me £5 1s. 7d. on account, and £4 10s. free contributions, which has since been augmented by over £4 more, making about £9 on the free list they have paid us this year.

On Sabbath the 14th of January I preached three times for the Society,—in the morning at Martintown in the Scotch Kirk, in the afternoon at the Front of Roxboro in the Congregational Chapel, and in the evening at the 17th Concession of Indian Lands in the Free Presbyterian Church. The congregations were all good, but more particularly the one in the evening at Indian Lands, where we had a regular erowd. In the morning I had the assistance of the Rev. J. McLauren, and in the evening the Rev. D. Gordon, with whom I tarried over night, and with whom I took supper before retiring, from the same table from which a bear had taken supper a few nights before, and that too in the same room. He had made it no worse, however, for human occupants, except he tore the table cloth a little.

Before leaving this place on Monday, the Committee of the N. W. Glengary Branch met me, and after looking over their affairs paid me $\pounds 12$ 13s. 3d., the largest sum they ever paid me.

On my way to Breadalbane, I called upon the Rev. Mr. Cameron of Lochiel, and while I was taking a little refreshments, he invited in a few of the neighbours, or they came in, I do not exactly know how they got in, but being in they wanted a few particulars of my mission. Being thus beset, I talked to them in a familiar way twenty or thirty minutes. At the conclusion one Mr. J. McLeod rose up and put down 1s. 4d., saying, "Here, that is all I have, but it will buy three Chinese New Testaments, and I will have the pleasure of doing what I can for that." "Of doing what I can."-Let the rich and the poor alike ponder well that sentence, and the principle from which it emanates. "Doing what I can."-What may that be ? None can tell. Three Testaments will go to China, but the remoter consequences no mortal can see. Thousands of souls through all eternity may have to mention them as the means of their salvation. Breadalbane Branch is one of the oldest in this part of the Province, and there are a good many friends of the Bible cause. The meeting was in the Baptist Chapel, and we had a good congregation but no minister present, the Pastor of the Church being absent at the time. The meeting as usual consisted of prayer, an address, and the transaction of the business, which lasted altogether a little over two hours. They paid me £2 7s. 6d. free. And I found a comfortable lodging with Mr. Stewart.

The next day I went through the woods to Dalhousie Mills, to attend the Anniversary of the Branch there. We had an unfavorable day, and the night was stormy and dark, and had a bad influence upon the meeting. The Branch had, however, been much more active in the way of collecting funds, and they paid me £2 13s. 9dfree. This Branch has a limited field, but the interested and persevering officers seem disposed to make the most of it. Geo. Munro, Esq., has been indefatiguable as Depositary and Treasurer. John Urquhart, Esq., has displayed much interest in the office of Secretary, and — Catanach, Esq., has lent his extensive influence as President.

On the 18th of January I went forward to Coteau Landing. The Anniversary meeting of this small Branch was held in the School House. The little handful of the English speaking portion of the people are quite friendly, and some of them have showed me much kindness, particularly the family of Robert McIntyre, Esq. and O. Peasc, and A. Davidson, Esqrs. The free contribution was $\pounds 1$ 7s. 6d.

The day following I crossed the St. Lawrence on ice full of holes, but the kind guidance of a merciful Providence conducted me safely over. I was going to River Laguerre with a view of forming a new Branch. John McDonald, Esq., received me with much kindness, and generously entertained me during my sojourn there. Bible Society, and spoke about an hour on the success and good results of the effort. They appeared to be much interested, as they are at every place where the active benevolence of Christianity is any part of the creed of the people. A new Branch was formed at the conclusion; A. McGregor, Esq., President; Wm. Coleman, Esq., Secretary, and John McDonald, Esq., Depositary and Treasurer.

This completed a very satisfactory tour, having formed three new Branches, received a gratifying increase of funds, and found the Branches generally in a healthy growing state, I returned to the city to be in time for the Anniversaries.

On the 3rd day of February I began my second tour for the year, to visit what is termed the "Upper Ottawa portion of our field." I took, however, a few places, going and returning, not properly included in that designation.

I first visited the Ormstown Branch. The Anniversary meeting was held on Saturday night the 3rd, in the Wesleyan Chapel. We had quite a lively interested meeting, though not very numerously attended. On Sabbath morning following I had the pleasure of preaching in the same place to a crowded house. After sermon I laid before the people a few facts and statistics relative to the cause, which appeared to be received with much interest. In the afternoon I listened to a most excellent practical discourse from the Rev. D. Inglis, of Montreal, in the Free Church, and in the evening I had the pleasure of his company and assistance at a meeting for a sermon or an address on the Bible cause, in the same place. Judging from the general tone of feeling, the subject was deeply fixed upon the mind of the people, and the cause took a new start.

On the 7th I rode from Huntingdon to Cornwall, a distance of 40 miles, on the coldest day I ever felt. The thermometer at night was 40 degrees below zero. Of course we had not much of a meeting; few people dared to go out. However, we met a few in the Town Hall, and after the address it was resolved to change the plan of operations, and organize a new Branch. Heretofore the only Church that has taken any part in the work has been the Kirk of Scotland, and it was thought desirable to enlist a more general interest and to effect it by the organization of a Branch. The Rev. Mr. Campbell, of the Free Church, took an active part, and was appointed Secretary. The Rev. Mr. Urquhart, of the Kirk of Scotland, has been in the habit, for years, of making an annual collection for the Society, and was appointed President. Though the prospect is not very flattering, we trust the change will work an improvement.

My next appointment was at North Williamsburgh. Mr. Gordon and some of the most active members were from home, and the meeting failed. I found a comfortable home with Mr. Whitaker, and called upon a few friends; got them engaged for the coming year, and have hopes of more interest.

At Dixon's Corners, I met with my usual kindness from Mr. Wm. Wood. We had a good meeting in the Wesleyan Chapel, and had the satisfaction of forming a new Branch with encouraging prospects. Many of the officers belonged to the Sons of Temperance, and appeared to be well acquainted with the routine of business matters,—a great help to a Bible Society.

On the 10th of February I reached Kemptville, and found myself comfortably ensconced in the family of my friend and old acquaintance, Joseph Leeming, Esq. On Sabbath the 11th I preached twice on behalf of the Society, in the morning in the Wesleyan, and in the afternoon in the Baptist Chapel. We had interesting times, and the collections were good, £1 18s. 9d. Before I left, on Monday, the Secretary, Mr. Thos. Leeming, paid £3 1s. 10d. more, making in all £5 0s. 7d. which this Branch paid me free. Looking back a few years we find this a very satisfactory improvement, a true exponent of increased friendship.

At North Gower the meeting was small. The people had during the day been called to a funeral under very mournful circumstances, and kept till dark, too late to return to the Bible meeting. Though the meeting was small, many that were there expressed themselves highly gratified, and the influence was undoubtedly good. They paid me £4 on account, but nothing otherwise.

My next place was Richmond. I found the new Branch working admirably. Their operations had been somewhat retarded, it is true, by the death of the Depositary, but Joseph Hinton, Esq., the President, and several others, had taken much pains to get the Branch into working order. The staff of lady collectors had done their duty nobly, and something over $\pounds 10$ had been remitted for China, the fruits of their labours.

The Anniversary meeting of the City of Ottawa Branch was not held at the time of my visit. We had, however, a meeting in the Wesleyan Chapel,—M. Durie, Esq., in the Chair; and we had the assistance of Rev. Mr. Stobbs; Mr. McKenzie, the Colporteur of the Branch, was also present, and from some very interesting statements he made to the meeting, it was quite obvious he was doing a good work. The Branch appeared to be in a healthy and prosperous state. Thos. Hay, Esq., paid me £20 on account. While at Ottawa I received hospitality of the most generous sort from Mr. J. Cox.

At Aylmer we held the second Anniversary of the Branch in the Town Hall, John Gordon, Esq., in the Chair. R. A. Young, Esq., read the Report, and made some suggestions of a practical nature, for the future guidance of the Branch. A corps of collectors was organized from among the ladies, and much is expected from this arrangement for the future. They paid me $\pounds 1$ 7s. 3d. free.

I found the Fitzroy and Torbolton Branch in a highly encouraging state; an increased activity had greatly improved the funds. The unwearied exertions of Rev. Mr. Henderson, the President, of J. Robertson, Esq., Secretary, and A. Hawley, Esq., Depositary and Treasurer, have done much to bring a hard field into a state of good cultivation. The meeting was numerously attended, and much interest was manifest. They paid me £3 0s. 3d. free contribution, and £4 12s. 8d. on account. After the Bible meeting I had the satisfaction of addressing the Sabbath School, a work which to me is always a labour of love. I shared the hospitality of J. Robertson, Esq., while here.

At Bristol we had a cold forbidding night, and few out. Wm. King, Esq., shewed me much kindness as usual, and took me from his residence to the place of meeting in his own carriage, that my beast might rest. I spoke as usual on my mission and had good attention. They paid me $\pounds 1$ 15s. free, and 12s. 6d. on account.

At Clarendon I found the state of the Branch much improved; the change we made last year had been for the better. Mr. J. Dale, the new Depositary, paid me £3 12s. 10d. for sales, and Miss Wilson, a young lady who had volunteered to collect, paid me £5 free. The meeting, as might have been expected, was also a decided improvement, a much better attendance, and I had the assistance of the Revds. Haughton and Braiden, Wesleyan Ministers.

At Portage du Fort we had a small meeting, but of the right sort. Though we have the influence of the first men in the place, Dr. Purvis and D. F. McLaren, Esq., and others, th Branch. the Montr active as or perman Gordon, or

others, they have never yet been in first rate working order, there not being a Branch. Certain benevolent ladies have from time to time engaged to collect for the Montreal Auxiliary, and have done well. This year they had not been quite so active as usual, the tried and experienced hands having moved away temporarily or permanently, but they paid me £1 8s. 9d. free, and £3 17s. 6d. for sales. Mr. Gordon, of the Temperance Hotel, has always declined payment.

At Westmeath things were in a state of disorganization; Mr. Chamberlin, the Depositary, was dead, died of cholera at Quebec, and nothing much had been done. Mrs. Hammond, the collector, paid me 10s. We had a good meeting, and had the pleasure of organizing a new Branch, with fair prospects of usefulness. The Rev. Mr. Hammond, of the Wesleyans, was present, and took part in the meeting.

At Pembroke we had a good meeting, and things were in a more encouraging state. The meeting for a cold stormy evening was well attended. The Rev. Mr. Mellville lent his influence and assistance. The sales in the Depository had greatly increased, and the ladies, Mrs. A. Moffatt and Mrs. Bell had been quite successful. They paid me £4 10s. free, and Mr. Bell £4 4s. 6d. on account. On my way up to this place I met a murderer in custody of the Officers of Justice, who had been up on the deep river to apprehend him. The murder had been committed in a drunken row. The sight was a shocking one. Oh, when will men be willing to banish the accursed thing from the earth !

At Renfrew, I had the satisfaction of organizing another new Branch. I preached to the people on Sabbath morning the 25th of February in the Free Church, a bitter cold morning, but we had an encouraging congregation, and one that listened to the details connected with the good work with much interest. They paid me $\pounds 2$ 16s. 10d. free.

In the afternoon of the same day I had the privilege of preaching again to another congregation at McNab. At the close of the sermon we took up a collection of 16s. $7\frac{1}{2}d$., and I went back two miles in company with Mr. John Forest, under whose sheltering roof I tarried all night. If it is such a pleasure to find a shelter from the storm of snow and wind, how exquisite must be the happiness of those who at last find Christ a covert from the storm of the Father's wrath.

On Monday the 26th I went down to attend the Anniversary of the White Lake Branch. I was much pleased with the state of things here. This is a small village in a very new part of the country, and yet they could pay me $\pounds 6$ 13s. 10d. free contribution. We had a good meeting also, though not very large, and perhaps this could not be expected on so cold a night and in so rural a place. The life and activity of this Branch are mainly due to the indefatiguable exertions of the ladies, who collect under the judicious guidance of the Rev. S. C. Fraler. Mr. Brown also continues his careful and accurate discharge of the duties connected with the Depository. He paid me $\pounds 1$ 3s. 8d. for sales.

At Packenham, the day following, I was much disappointed; no meeting had been called. Having done not much through the year, they concluded to waive the Anniversary meeting also. Having thus nothing to do I made a few calls, deeming this the most effective of anything I could do.

Mr. Davie kindly entertained me through the night, and in the morning I went on to Ramsay, where I found all things as agreeable as could be desired, the collectors being quite busy winding up their affairs, and active preparations making for the meeting. The Rev. J. McMorin as usual showed me much kindness, and gave me much assistance. The meeting was in the Temperance Hall belonging to the Sons, lighted and warmed too by their generosity, proving, if proof were needed, that the friends of Temperance are friends of the Bible and Religion. It was well attended. The people were orderly and attentive, and evidently interested. The ladies had done nobly. Mrs. W. Wylie and Misses Wylie and Larkie deserve honourable mention in the Society's records. Their's is a hard field to collect in, there being no village, and the people being much scattered, but notwithstanding these difficulties, they collected and paid me for the Montreal Auxiliary £12 0s. 3d. This shows what can be done by an individual of determined perseverance, imbued with a sense of Christian duty. Mrs. W. Wylie began the effort three years ago: then she collected £5, next year £10, and this year £12. How many there are

that bury their talents in the earth !

My next visit was to Carlton Place, where we had a better meeting than usual, and decidedly more interest. At the close of the meeting the officers for the ensuing year were appointed, with the additition of collectors. Altogether there was decidedly more life than I had ever seen before. I was indebted to Mr. Campbell for hospitality.

Lanark .- In connection with this Branch we had three meetings. The first one at Rosetta, on Friday the 2nd of March, which was a very encouraging meeting. I had the assistance of the Rev. Mr. Black. The second one at Middleton on Sabbath morning the 4th of March, where I preached on behalf of the Society to a goodly number of people. The third meeting was at Lanark Village on Sabbath afternoon. The Rev. Thos. Frazer, of the Kirk of Scotland, and the Rev. Mr. Lancashire, of the Congregationalist, both gave up their usual services, that the people might be all collected together, and both were there to encourage and help the meeting. We had a large gathering and an interested audience, and, I trust, a profitable time, a real fraternal alliance meeting. £27 14s. paid to me by this Branch for the B. & F. B. S. is surely an earnest of their engagedness in the cause. There is no better chance here than at many places where they don't do one quarter as much, all for the want of proper leaders. Lanark is always an encouragement to your Agent. Often has his discouragement been removed, and his spirits cheered by coming here. " May they not be weary in well doing, for in due time they shall reap if they faint not."

On the 6th of March I had the pleasure of attending the Anniversary of the Perth Auxiliary. We had a disagreeable rainy night, which undoubtedly prevented many from coming out. Mr. Allen occupied the Chair, and he was supported by the Revds. Messrs. Bell, Bain and Duncan. The meeting was mainly occupied by the appointment of officers for the coming year, and the reading of a Report from their Colporteur, which was very interesting. The Rev. Mr. Bain, as usual, showed me much kindness, and I shared the hospitality of his house while in Perth.

A ride of 12 miles brought me the next day to Smith's Falls, a prosperous and thrifty town of rising importance. I met a hearty welcome from an interesting people, and though they always complain of inactivity in the Bible cause, they nevertheless labour effectively year by year. They paid me their purchase account in full, and gave to the Auxiliary a free contribution of £7 10s. The Anniversary of the Branch was held in the Wesleyan Chapel, Rev. Mr. Hurlbut in the Chair. The meeting was not large, but by the valuable assistance of the Chairman and other friends who spoke on the occasion, we had an interesting time.

At Wolford, the next day, we had the best Anniversary I ever saw at the place It was held in the new Methodist Chapel, a neat comfortable place of meeting, and

we had more people out than usual, more interest, and more business done, mostly by way of making the Branch more efficient the coming year.

The next day I went on to Merrickville, where I met my usual kind welcome from J. C. Lonsdale, Esq., and family, C. Holden, Esq., and family, and other warm friends of the cause. The Anniversary was held in the School House, and was attended about as usual. The main strength of this Branch is in its collectors, Mrs. Holden and Mrs. Lonsdale, the fruits of whose labours was paid by the Secretary, $\pounds 2$ 18s.; rather less than the year before, but the sales at the Depository were more than usual, $\pounds 7$ 8s. 6d.

At Burritt's Rapids, the day following, we had a small meeting, and re-organized the Branch, and as it is now in good working order it is expected it will be more active in future.

On Sabbath the 11th of March, I had the pleasure of preaching to a large and interested audience in the Wesleyan Chapel at Matilda. We had, I trust, a most profitable time. One or two of the Lay Members of the Society spoke afterwards, encouraging their brethren to increased liberality, and the result was most cheering. We took up a collection of 19s. 3d. and a subconstitution for the

We took up a collection of 19s. 3d., and a subscription for the next year of over £6. My next meeting was at Aultsville, a growing, prosperous village on the banks of the majestic St. Lawrence. This was for the purpose of organizing a new Branch, and the attempt was fully justified by the results. The large School House, the only place of meeting, was crowded beyond endurance, and all parties submitted (cheerfully apparently) to an inconvenient jostling and pressure for the space of two hours. A Branch was organized with most lively anticipations of future success.

This appointment brought to a close the most encouraging and successful winter's work I had ever undertaken for the Society. From December to the middle of March I have addressed meetings nearly every day, except Saturdays, and ten days intermission. God, in infinite goodness and mercy, preserved me through innumerable dangers, and spared me through in uninterrupted health, while exposed to most inclement and changeable weather, to which I was often subjected, after long protracted and exciting meetings, held in all sorts of places, heated in every manner. I addressed about 70 public meetings, besides preaching twice or thrice every Sabbath. I had organized five new Branches, taken orders for 1400 Bibles and Testaments; travelled near 2000 miles; received about £120 free contributions, and nearly £180 in payment, being a large increase upon any former year, and more than four times the amount in free contributions paid to the Society from this part of the field four years ago. My Heavenly Father, in great loving kindness, guided me safely home on the 14th day of March, and granted me the unspeakable pleasure of finding all my family in good health. To his name be all the praise !

On the 13th day of May I began my summer's work. My first appointment was at Durham Village, on the Chateauguay, where I spent the Sabbath. I preached in the morning in the Wesleyan Chapel, and in the afternoon in the Free Church. The congregations were good on both occasions, but particularly in the morning, when the house was crowded. At the conclusion of each sermon I gave some statistics of the Bible cause, which were received with much pleasure.

On the 17th I crossed the River St. Lawrence in the Steamer Fashion. At Bedett I wound up the Depository, which had been in existence three years, and never done much, the people being nearly all French. At Lancaster I left the books from Bedett, entered them into the account with the Depository, and called upon the Rev. Thos. McPherson to make arrangements for meeting, and spent the night at Curry's, where I had a full and enchanting view of the Lake St. Francis, as it lay in its screne beauty and summer placidity.

At Cornwall, the following day, we held a public meeting in the Town Hall, in connection with the newly formed Branch, Rev. Mr. Urquhart in the Chair. The meeting was not numerously attended, but it possessed some interest, and I trust the object in view was in some degree attained, viz: the strengthening of the new and

weakly Branch. On Saturday the 19th I settled the accounts with the Depositories at Mille Roche and Moulinette, and drove on to Osnabruck, where I had arranged to spend the

Sabbath. On the 20th I preached three times, and gave statistics relative to my mission. In the morning at the Baptist Chapel the congregation was quite good, and also at Shaver's School House in the afternoon. In the evening at Dickinson's Landing it was rather small but quite attentive, and the few who were there were evidently interested. On Monday the 21st, our constant and devoted friend, Mr. J. Purkiss, paid me £3 19s. 6d. free contribution, collected by the ladies, Mrs. Purkiss and

Miss Snyder. At Aultsville, on my way up, Mrs. (Rev.) Purkiss paid me £2 17s. 6d., which had been collected in connection with the Osnabruck Branch, but as it had mostly been collected in Aultsville, it was at their request placed to the credit of the new Branch there. W. F. & G. M. Gates, of Edwardsburgh, also paid me £2 5s. 8d. for sales during the year, and gave me an order for a further supply of Bibles and

Testaments. At Spencerville, on the 23rd, the Anniversary of the Branch was held in the Presbyterian Free Church; and though it was not very numerously attended, the Branch was otherwise very much revived. The sales had greatly increased; Mr. Branch was otherwise very much revived. The sales had greatly increased; Mr. Imrie the retiring Depositary, paid me £4 9s. 7d., and the ladies appointed to col-Imrie the previous meeting had nobly done their duty. Through their exertions the Branch was able to make a free contribution of £4 7s. 6d.

Esq., paid me on account, £4 4s. On my way to Kitley, H. W. Blanchard, Esq., the Depositary at Green Bush, paid me the amount of sales, £2 11s. 8d. The Anniversary of the Kitley Branch was held in the Wesleyan Chapel, and was rather better attended, and there was decidedly more life. The self-denying and indefatiguable President, D. Livingston, continues to act with praiseworthy zeal. The other officers, Z. Lyman, the Secretary, and A. Stone, the Depositary, support him well; and P. S. Kilborne, and some others of the Committee, have been faithful and constant in duty. A short time ago they employed and paid a Colporteur to examine the entire township, and they have now discharged all their obligations to him, and made a small beginning to contribute to the funds of the Montreal Auxiliary.

Many of the friends present took a lively interest in the proceedings. The branch was re-organized and the new officers and committee promised free contributions, and more activity next year. Mr. J. At Beverly, though there is no Branch, Mr. Hicock had encouraged his daughter to solicit the aid of a few friends, and they paid me £1 11s. 3d. free contribution.

At Charleston, the free contribution was not so large as last year, Miss Cranston, the collector, having been from home most of the year; but D. Hamilton, the Depositary, paid me £1 13s. for sales.

On Sabbath the 27th I preached three times, at Charleston in the morning, at Beverly in the afternoon, and at Bastard in the evening. The congregations were all good, but those in the morning and evening were much the largest. At Bastard in particular the state of things continues quite encouraging. Dr. Chamberlin as Depositary, and his lady as collector, continue to work industriously, and cast the whole of their extensive influence around the Society. They paid me for sales £2 and free contribution £1 8s. 8d.

On Monday the 28th I attended the Anniversary of the South Crosby Branch. Here there is a growing interest. This year we had a much better meeting than ever before. The friends of the cause were also much better pleased with the results of the year. They had enlisted the services of a number of the ladies, and the result was good. They were able to pay me £4 6s. 3d. as free contribution.

The sales have not been large, but quite an improvement upon the preceding year. From South Crosby I went to West Port, a new place. L. G. Bagg, Esq., had lent a good influence to procure a meeting, which met its reward. We were convened in the Wesleyan Chapel, and had an interesting and effective meeting. Speeches were delivered by the Revds. Messrs. Fisher of the Baptists, Conner of the Wesleyans, and McDonald of the Free Church, all telling speeches and highly eulogistic of the object for which we were met. We had the pleasure of forming a new Branch, and organizing a very efficient and promising staff of officers, thus con the south I.

On the 30th I returned to Newboro', where, after much exertion to procure a meeting, I had the pleasure of speaking to an interesting few in the Wesleyan Chapel. I also had the satisfaction of opening a new Depository with Mr. James McEachron, and of seeing two likely and promising collectors appointed.

At White Fish, now "Morton," we had also an encouraging and well attended meeting. This is a place of much thrift and activity, and while they are striving for temporal things, they also evince some concern for moral and I trust for religious improvement. This year we had a better place to meet in, a good new brick School House, large enough for church purposes in the present state of the village. A. S. Judd and John Somerville, Esqrs., have always given me good countenance, and by their influence the ladies prosecute their part of the work with laudable zeal; they paid £2 10s. free. Here I opened a new Depository.

My next attention was to the Rear of Leeds. Here the sales in the Depository kept by Mr. Hiel Sliter, had been quite good for the place, £2 3s. 3d., and Miss Sliter paid me 13s. 1d. free.

In connection with this I gave an address on my mission to a small congregation at Furnace Falls. It was a dark, wet, uncomfortable night, and though there were but few out, there was even more than could have been expected, and the interest was evidently good. The collector will have a better chance next year.

From the Rear of Leeds I went out to the Front of Landsdown. Mr. P. Heislip perseveres in the work with Christian steadfastness, and he is supported by a goodly number of staunch friends, and the interest is growing. The sales had increased, and the free contributions more than doubled, amounting this year to £3 4s. on the sessed much life and interest. On Sabbath evening the 3rd of June I had the pleasure of a large meeting at a new place, Escott Mills. I preached on the subject, and the people were very attentive. Mr. Vancent gave us his influence, and a number of ladies were appointed by the meeting to collect for the Montreal Auxiliary.

The congregation was tolerably good, and the meeting altogether the best one I had ever seen at this place. Sheriff Sherwood, Esq., occupied the Chair, and the ministers of the place, and other prominent friends of the Society, encouragingly supported him. The Secretary, Rev. J. McMurray, read the Report for the past year, from which it appeared the Branch was now fairly extricated from former difficulties, and placed once more in good working order. The Report moreover made some valuable suggestions, relative to the future course, with a view to render the Branch more efficient in time to come. The Rev. Mr. Frazer moved the first resolution in an able and argumentative speech, which was seconded by one of the members of the Branch. The Rev. J. McMurray moved the second resolution, and gave an interesting and eloquent address, which was listened to with attention and interest. A committee of ladies was then appointed to thoroughly canvass the town for contributions, and the meeting broke up under a salutary and impressive influence. I shared the generous hospitality of Mr. Sabine, amid the splendour and enchantment of a country scenery not surpassed in Canada.

splendour and enchantment of a county of the Prescott Branch, held in On the 7th of June I attended the Anniversary of the Prescott Branch, held in the Wesleyan Chapel. I was troubled to find the esteemed and laborious President too unwell to attend the meeting, but in his absence the chair was ably filled by Mr. Patrick, M. P. P., and Mr. Peck and Mr. Dickinson, as is their wont, gave us encouraging countenance. Indeed such is the hearty interest which a few friends at this place exhibit, that it has always cast a halo of pleasure around the Society here. The present meeting was, if anything, an improvement upon the past rather better attended and more interest manifested. They paid me their accomi in full, and £3 7s. 11d. free contribution. This was the last appointment of this tour, and I reached home on the 9th, quite unwell, from the effects of a very bad cold, contracted by constant exposure to the rain and cold which for the last ten days had prevailed greatly.

On the 10th, Mr. Julius Scriver, of Hemmingford, paid me £5 2s. 8d. for sales, and Mr. S. Smith of Odeltown, 3s. 9d., as I passed on to attend the half-yearly meeting of the Lacolle Branch.

The meeting at Lacolle was held in the Wesleyan Chapel, the Rev. Mr. Morrice, of the Church of England, in the Chair. It was encouragingly attended. The Rev President warmly commended the objects of the Society, and gave the meeting some effective incidents he had himself witnessed on the continent of Europe, to encourage them to go on, assuring them that the Bible was the best adapted instrument to meet the exigencies of the case of many nations. Thos. Gordon, Esq. continues indefatiguable in the discharge of the duties of Secretary. He paid me £2, the surplus of last year's income; and A. Force, Esq., the untiring and industrious Depositary, paid me for sales £3 3s. 3d.

At Clarenceville I met with a disappointment. The Secretary, the Rev. H. Lanton, had moved away, and knowing this, I had addressed T. D. Brainard, Esq., but on reaching the place I found that he too had gone.

On Sabbath the 15th I preached twice on behalf of the Society,—in the morning at Stanbridge Ridge in the Baptist Chapel. The congregation was good and a collection of 12s. 9d. was taken up at the close of the service. In the evening at Philipsburgh in the Congregational Chapel, when we had another good congregation, but the Branch in this place is not active. J. W. Eaton, Esq., however, continues to discharge the duties of Depositary with industry and care. He paid me for sales £3 10s., before I left, on Monday.

On the 13th I attended an encouraging meeting at Gibson's School House, "New London," where there are a few fast and faithful friends, who have appointed co!. lectors and are "doing what they can." The collectors had also taken Pike River and Philipsburgh, and were able by their industry to pay me £3 3s. 5d. free contribution.

At Pike River, the day following the meeting, the Anniversary of the little Branch was well attended, and was one of considerable interest. I shared the kind hospitality of A. L. Taylor, Esq., and the benefit of his extensive influence.

St. Johns.—I had the pleasure of attending a public meeting in connection with this important and useful Branch, in the "upper room of Mr. Judd's School House," on Wednesday the 16th July. The Hon. R. Jones occupied the Chair, and opened the meeting with appropriate and judicious remarks. The Rev. Canon Bancroft read the Scriptures and implored the Divine blessing, and afterwards ably moved a resolution. Wm. McKay, E. L. Montizambert, E. Gibson, J. Coot and M. Whalen Esquires, were on the platform, and took part in the proceedings. I was called upon by the President to give an account of the doings of the Auxiliary and Parent Society. The people sat with the greatest patience till a late hour, and though it was one of the hottest nights July produced, I did not see the least indication of impatience. The meeting altogether was one of much interest, and I trust will produce some good.

On the 19th I shipped in the Steamer "Crescent" for Three Rivers, where I spent three days, the 21st, 22nd, and 23rd. On Sabbath the 22nd I had the privilege of preaching in the pulpit of the Wesleyan Chapel, by the kindness of the Rev Mr. Steer, to an attentive congregation.

On Monday night the 23rd the Anniversary of the Three Rivers Branch was held in the same place, the Rev. Mr. Ferguson, of the Free Church, in the Chair. The Rev. Mr. Steer read the Scriptures and prayed, and A. H. Lawler, Esq., the Secretary, gave a Report of the first year's doings of the Branch, which had encountered various obstacles in its work. The friends, however, expressed more confidence for the future, and after an address from your Agent, the officers for the ensuing year were appointed. The meeting seperated in good spirits, well pleased. I returned

to Montreal, in the "Montreal" Steamer on the 24th. In the month of August I made a short tour through the County of Glengary, principally to visit a few new places, and attend the Anniversaries of a few Branches

that had not taken place on my spring tour. On the 5th I preached at Coteau Landing to a small congregation, composed in part at least of true friends of the Bible movement. A collection was taken up at

the close amounting to 14s. 7d. In the afternoon of the same day I preached again at Cote St. George in the Scotch Kirk. This was an appointment made at the request of the Rev. Mr. McLane, Scotch Kirk. This was an appointment made at the request of the Rev. Mr. McLane, the Pastor, but in the interim he was removed from his labors here below; we trust to enjoy his reward above. collection as a first fruit was quite encouraging, £1 13s. 1d. On Monday the 6th I went on to attend a meeting of the Dalhousie Mills Branch-This was an experiment to ascertain if a meeting in the summer would be better attended than in the winter. It proved a very busy time, the people being much engaged with both hay and grain, and as a consequence the meeting was thinly attended. They paid me a small sum on account, and 18s. free contribution, in augmentation of the sum paid me in winter.

I did not start till after the day took up, but I was in time for the meeting, which was well attended, though the night was cold and dark and the roads very muddy. The meeting was good and quite harmonious in the re-appointment of officers, and the Branch had maintained its former activity and efficiency. They paid me £2 11s. 6d. on account, and £2 13s. 1d.

still unable to effect anything there. On the 9th I went on to the 19th Concession of Indian Lands to attend to a little business with the Branch, and on the 10th attended the Anniversary of the Front of Roxboro' Branch. I met my usual warm reception with the friends here, particularly with Mr. D. McCallum and family. The meeting was held in the Congregational Chapel, and was well attended, considering the busy season of the year. The

lottenburgh, where I was to spend the Sabbath. On Sabbath the 12th the friends of the cause had made an appointment for me in the Scotch Kirk, in which there has been no regular preaching since the death of the lamented Rev. J. McKenzie, but on this day the Presbytery sent a supply. The Rev. Thos. McPherson, the Minister sent to officiate on this occasion, however, proposed to the people assembled to allow me to preach first and present my mission and then without breaking up the congregation, he would preach afterwards, an arrangement which we followed, and with which all parties seemed well pleased. The congregation especially evinced their good will in the arrangement, by sitting for the space of very near four consecutive hours on a very hot sultry day. The collection taken up at the close was handed over to the Bible Society, which was something over a pound, which, added to what the ladies had already collected, made £3 3s. 3d. At the request of the friends in the place, I preached again in the evening: "Christ the only Saviour of sinners, and the Bible the only revelation of him." I found shelter under the hospitable roof of Mr. Murchison, and in the morning I shipped for home on the Steamer "Blue Bonnet," and arrived in safety the same afternoon.

On the 5th of September I began my fall tour to the Eastern Townships, which occupied me till the 21st of October, and my first appointment was with the Branch at Ormstown. The time of the Anniversary was this year changed again to the fall. We met in the Free Church, Rev. Mr. McArthur in the Chair. We had a goodly number present, and a good influence pervaded the meeting. Several of the members spoke after the Chairman and your Agent, and what they said was said well. It mainly consisted of confession of past short-coming, of suggestions of plans for future usefulness, and of mutual pledges to carry them into effect. When people feel right they speak right, for " out of the abundance of the heart the mouth speaketh." The Depositary paid me £2.10s., and small amounts were taken up in collection at the meeting, and handed me as free contribution, since augmented by £13 10s. additional, the fruits of the efforts of the ladies.

My next appointment was at Chambly, where I was met with a oordiality and warm heartedness peculiar to the friends here. I was happy to meet an old acquaintance and friend of the cause, the Rev. Mr. Jennings of the Wesleyans, who had met and assisted me several times in Upper Canada. The meeting as usual was held in the Wesleyan Chapel, and was one of the right sort. The friends at this place have suffered as much as any other I know, by the partial decline of the village and the recent hard times, but still they had the good will to appoint collectors for the ensuing year. Sympathy and good will avail something, even when there is not much else a people can do.

On Sabbath the 9th of September I preached three times on behalf of the Society, in the morning at Abbottsford, in the Congregational Chapel, and in the afternoon at Granby Village, in the Chapel of the same denomination, and in the evening at Neil School House, the congregations being large and encouraging at all the places. The friends at Abbottsford persevere in a well arranged system of collection, and though their chance is small they paid me £2 9s. free contribution. The collection at Granby was £1 10s. 4d., and the active and friendly Depositary, J. Lorimer, Esq., paid me on account £3 9s. 4d., and otherwise assisted and shewed me much kindness. The Society is also largely indebted to the Rev. Mr. Bucher, the Congregational Minister, for a good and friendly interest. The collection at Neil School House was 10s. 4d.

On Monday the 10th I went to East Farnham, where we have had a Depository two years, but there had been no meeting. A good congregation met in "the Chapel," and I spoke of the general work of the Society, and had the pleasure of seeing a staff of collectors appointed, and taking an order to replenish the Depository before I left, the following day.

At West Shefford we had a much better Anniversary meeting than usual. The President, Mr. H. Hay, and the Depositary, Capt. A. McKinney, are laborious in the discharge of their duties, and this year they have been better supported, through the labors of the ladies, who had discharged their duty well. They paid me ± 1 17s. 6d. free, and a small sum on account. Townsend Wells, Esq., and family, who take much interest in every good work, laid me under obligations for much assistance and generous hospitality.

assistance and generous hospitality. The Anniversary of the Frost Village Branch was unfortunately and discouragingly again postponed, but from unavoidable circumstances I believe.

Ingly again postponen, but near the Anniversary of the Magog Branch. The meeting was On the 14th I attended the Anniversary of the Magog Branch. The meeting was respectably attended and of quite an interesting nature. The Report exhibited the indomitable perseverance of Dr. Somers, the Depositary, in a most favorable light. He had sold during the year to the amount of £8 2s. 6d. The collectors too had met with some success, and the first fruits of the place was paid from their labours,

£1 11s. 10d. I went up to Barnston on Saturday the 16th, and settled with the Depositary, M. I. Cushing, Esq., who paid me £1 18s. 4d. Sales had not been quite so large this year, and the collections had not been taken up, but they promised to complete the work before the end of the year. Since paid £2 10s., by J. Humphry, Esq., Sec.-Treasurer.

On Sabbath the 16th I preached in the Baptist Chapel at the Corner, and had a good congregation. At the close of the service a subscription was passed round and subscriptions to something over five pounds obtained, to be included in this year's collection. In the afternoon I preached at Charleston Village, Hatley, in the Wesleyan Chapel to another encouraging congregation. At the close of the service a collection was made, which, added to what had been obtained by the collector, Mrs. Haseltine, made £2 2s. 6d. Under the patronage of Mr. Haseltine and Mr. Isaac Damon, this Branch is yearly attaining strength. In the evening I preached again at Massawippi. The congregation here was not so large as formerly and I fear the interest is on the decline. The sales, however, had been tolerably good for the place. D. C. Sutton, Esq., the Depositary, paid me £2 2s. 3d., and the President, Rev. C. Hurd, paid me £1 2s. 1d. free contribution. I returned back to Charleston in company with Mr. Damon, who had kindly taken me down, and under whose sheltering roof I tarried till morning. Before I took my departure on Monday, northward, Mr Damon very considerately provided me with one of his horses until I should return two weeks hence, that my own might have a chance to rest. This was the act of a "merciful man."

On Monday the 17th I went down to Lenoxville, where an appointment had been made for me to lecture, but the "atmosphere being uncongenial," and rain coming on at the time, we had no meeting. A few came together, but too few to constitute a meeting.

On the 18th I had the pleasure of attending the Anniversary of the Melbourne Branch, which I am happy to say bids fair to attain its former activity. Dr. Ran. kin, the long tried President, was in the Chair, and the Congregational, the Free Church, the Wesleyan Ministers, were all at the meeting. The Rev. Mr. Baine read the Report, and moved the first resolution in an eloquent and feeling speech. The Rev. Mr. Constable moved the second by a speech full of pith and humour. These were well timed, and told effectively upon the meeting. Thos. Tait, Esq., seconded Mr. Constable in few words. We are much indebted to him many ways. By his exertion mainly I received a free contribution for China, £8 18s. 4d., and from him also valuable assistance in the settlement of Miss Rankin's bequest, from which source he paid me £21 17s. The day following I had the pleasure of attending the Anniversary of the Durham and Wickham Branch. We met this year in the Wesleyan Chapel, the President, the Rev. Mr. Dunkerly, in the Chair. We had a well attended and very interesting meeting. The Report made by the active Secretary, J. S. Brown, Esq., exhibited encouraging results, shewing a surplus of £4 11s, which they paid me free. The Rev. Mr. Constable and the Rev. Mr. Cole, Wesleyan Ministers, gave animus and life to the meeting, by speeches characterized by full and cheerful confidence in the general work of the Society. Altogether the meeting was such as to auger well for the future course of the Branch.

The following day was the Anniversary of the Kingsey Branch, held in the Wesleyan Chapel at Trenholmville. Again I had the assistance of the Revds. Messrs. Constable and Cole, and the meeting was one of interest and pleasure to all who were heard to speak of it afterwards. The good friends at this place had suffered greatly from the pressure of hard times, caused partly by the drought of last summer and partly by the suspension of public works in the neighbourhood, and not much had been done, but at the meeting a new staff of officers was appointed, and they manifest better expectations for the coming year. The officers are alive to the importance of the work and no doubt will put forth suitable exertions. Collection, 8s. 6d Since paid £8 10s.

At Danville, on the 21st, we had but a small meeting, caused by a mistake. The meeting had been called for the day previous, and only those came together who lived near at hand, and could be notified after my arrival; nevertheless we had an interesting meeting. Rev. Mr. Parker presided, read the Seriptures and prayed; he did not say much on the occasion, indeed he seldom does; it is not his way of doing things. His way is to work, his motto is work, and he works on through the year with persevering prudence. He paid me £2 7s. 11d. on account, and £2 16s. 8d-free contribution. We have few Branches in the Eastern Townships of more importance than this, just now. Here is a busy depôt of the Quebec and Richmond R. R. which is giving to the village growth and importance, and then it is almost surrounded with an extensive back Country, whose inhabitants in many instances need looking after, and it is a satisfaction to know that the management of the Branch is in the hands of those who will do their duty as far and as fast as opportunity offers.

On Saturday night the 22d I stopped with Mr. David Rankin, of Brompton. He paid me 13s. 4d. on account, and £2 4s. 10d. free contribution for Brompton and Windsor, not quite as much as formerly, but the place like some others had suffered during the year to a great extent from the pressure of hard timés. On Sabbath morning the 23rd we had a pleasing and refreshing meeting and a great number present. The cause here is in a healthy state and under prudent and judicious management.

Sherbrooke.—At the request of the Ministers, made last year, I came to this place on Sabbath; consequently we did not hold the Anniversary, but had a public meeting without the transaction of business. We met in the splendid new Congregational Chapel, a building for comfort and finish that would be an ornament to any city in Canada. The place was nearly full. The able veterans, "Fathers Robertson and Slight" were both present and ready to do battle in the "good cause." We had a long meeting, and it may safely be said an interesting one, for the people sat to the last without the least manifestation of impatience. I need not enlarge upon the efficiency of this Branch further than refer to the following sums paid me on Eaton is another of those places it is always a pleasure to visit. A hearty welcome, a kind reception, generous hospitality, and a liberal response to a good object, are cheerfully given by the friends here, one and all. This year the Anniversary was celebrated by two public meetings. The first one on the 24th, at the "Corner," in the Congregational Chapel, and the second one on the 25th, at "Saw-"Corner," in the Wesleyan Chapel. They were both tolerably well attended, and at both we had all the Ministers, the Rev. J. Sherrill presiding, the Revds. Gillies and Graham taking part in the proceedings, both evenings, the presence and unanimity of every section of the Church giving great weight and interest to the meetings. All was harmonious, and pleasure evidently pervaded the mind of the assemblies. The collectors too had done their duty efficiently as heretofore, and the Branch paid me £7 15s. 1d. free contribution, and the two Depositories jointly £4 15s. 6d. on account.

A ride of about 20 miles brought me, the next day, to Compton, but the meeting failed; several of the leading men were either sick or had sickness in their families, and in consequence no preparations for the Anniversary had been made. Mr. Gilson, the Secretary, came up four or five miles to meet me, though his family was in a state requiring his constant presence. He paid me £1 12s. 6d. free contribution. The Depositary was too sick to attend to the affairs of his departmenttribution.

We had an interesting little meeting in connection with the Anniversary of the Barford Branch on the 27th. The Secretary, Rev. Joseph Chandler, continues steadfast in the discharge of his duties. I shared the pleasure of his company and his house while in Barford. He accompanied me to the meeting, where we met the Rev. S. Piper, the President, and a little band of faithful friends of the cause. The President opened the meeting by a neat appropriate speech, after which I spoke on the general work of the Society. The officers were then appointed for the ensuing year, and the subscription passed round, and the collectors instructed to complete their work by the 1st December, that the Secretary might forward before the end of the year.

Coaticook.—The first Anniversary meeting of this Branch was held on the 28th,
A. A. Adams, Esq., in the Chair. I was ably assisted by the Rev. P. Moulton, and we had a well attended and animated meeting. The Secretary, Mr. A. F. Adams, was too unwell to attend, but his Report was read at the meeting, by which it appeared not much had been done in the depository, on account of "hard times;" but through the efforts of the collectors they had surplus funds to the amount of £3 0s. 4d., which they subsequently paid me as free contribution.

Stanstead.—The sales at this place had rather fallen off, but not the interest of the people. B. F. Hubbard, Esq., paid me £3 1s. 3d., and Mr. T. O. Butler, £3 1s., making a total of £6 2s. 3d. for sales. Mr. Hubbard also paid me £1 2s. 6d., an instalment of the free contribution, such sums as had come into his hands; but as the collector, Mrs. S. Pomroy, had not begun her work, this is no index to the work of the Branch, which will probably exceed the well doing of former years. By previous arrangement I had to preach in the Wesleyan Chapel on Sabbath the 30th We had a full and evidently an interested congregation. I noticed the veterans of the cause all there, taking a deep interest in a subject which has engaged their hearts and hand, 20, 25, and even 30 or more years, and some of them at least have not suffere President, men in fro treasure, c battle arrs lived upon with him receive his to £16 1s.

not suffered the love of their espousals to wax cold or decrease. The venerable President, S. Pomeroy, Esq., spoke to me afterwards, and wished me "to assure the men in front of the battle that they stood firm in the rear." Such a sentiment is a great treasure, coming from a man now tottering on the brink of the grave, who has stood in battle array 30 successive years. He will soon lay down his armour, for he has lived upon borrowed time a great many years, but there are others who have fought with him side by side, not quite so much stricken with years, standing ready to receive his mantle when it falls. The free contributions have since been augmented to ± 16 ls.

The Rev. R. V. Hall, from whom I have 'received repeatedly, both valuable assistance and encouragement, and than whom there is perhaps not a truer friend nor a more prudent conductor of mission work in Canada, had made an appointment for me in the afternoon to preach to his church on "Brown's Hill." On landing at the place I had the pleasure of meeting also the Rev. J. Frazer, of Brockville, who had been preaching for Mr. Hall in the morning. He took the introductory part of the service, and after the sermon, the Pastor of the church spoke to the people in a strain of high commendation of the Society, its work, and its management, and encouraged his people to give liberally. The collection was £1 6s., and his own contribution augmented it to £1 16s.

In the evening I preached again at Beebe Plain, a place of many personal friends and pleasant reminiscences. Here I had the pleasure of assistance from the Rev. Mr. Mitchell in addition to that of Mr. Frazer, who had accompanied me down in the afterhoon, Though unfortunately for the meeting, storm and darkness came on as the time approached, and made the attendance less than it otherwise would have been, still we had a fair attendance. During the progress of the meeting we had another minister drop in, the Pastor of the Methodist Church at Derby Centre, who had "come five miles after the labors of the day were ended, to be present at the Bible meeting." He gave us an eloquent and impressive address, after which the collection was taken up, £1 6s. 3d. There are some true and faithful friends here. "The whole family of Lorimers," Mr. Munro and Dean More, & S. Steel, Esq., called on Monday morning " to try and devise some plan of working more systematically than they had yet done," which will probably be accomplished another year.

On Monday morning the 1st of October, I parted with my kind-hearted and generous host, Mr. Wm. Lorimer, and started for Fitch Bay, in the midst of rain and wind, which was repeated every day, more or less, the next fortnight. Landed at Fitch Bay, I found my friend Mr. Wm. Doloff had done nobly in making the preliminary arrangements, but the subject was new, and the hour unseasonable, and we had but a small meeting, but it was one of good interest and right spirit. No collection had been announced, but one and then another made me spontaneous offerings until I had received for the Society, 16s. 3d,

I went forward 4 miles to attend the Anniversary of the Georgeville Branch in the evening, but the rain fell in torrents and but few came, but few could come. This Branch, however, had done better this year, the older collectors wanting cour, age; the work fell upon a little boy, Joshua Copp, son of M. W. Copp, Esq., and he persevered until he obtained £1 0s. 9d., which he handed to me with the plesant consciousness that one always feels in performing a good work.

At South Bolton, Mr. A. M. Bullock paid me £1 2s. 4d., amount of sales. Potton.—We had the best Anniversary meeting this year I ever attended in this place. It was held in the Baptist Chapel at Mansonville, and was quite well Brome.—This Branch continues to persevere in an almost unampled course of usefulness, increasing yearly in its operations. The worthy Treasurer, H. N. Jackson, Esq., paid me £2 3s. 10d. on account, and £7 0s. 11d. free contribution. They have distributed free 12 Bibles and 2 Testaments. Its efficiency is mainly due to the ladies, who have the town regularly divided, and canvass assiduously for its funds, Misses E. Knowlton and E. Parker at Knowltonville, Misses A. Howie and E. L. Perkins in the Centre, and Mrs. L. S. Hungerford, at Hungerford. They are greatly assisted and encouraged in their work by the friendship and warm approval of the Minister, the Rev. R. Lindsay, of the Church of England, and Rev. Mr. Ratteray of the Congregationalists. The arrangement for meetings to celebrate the Anniversary this year, was one at Knowltonville, which failed on account of excessive rain at the time, and one at Hungerford, which was well attended and very interesting, mainly attributable to the valuable assistance of the Rev. Mr. Hunt, and the countenance and influence of L. S. Hungerford, Esq.

At Sutton, the Branch is going on well. We had a very good Anniversary meeting in the Union Chapel, and the assistance of the Rev. Mr. Hunt of the Wesleyans, The Rev. Mr. Montgomery, of the Church of England, was absent at the time. The friendly and industrious Secretary, G. C. Dyer, whose kindness and hospitality I shared while here, continues indefatigable in the discharge of his duties. The collectors were to begin their work immediately after meeting. A respectable subscription was begun at the time by way of preparation.

On Saturday the 6th of October, I went on to Cowansville, and found the friends of this Branch all in readiness to cast their offering into the Treasury. Mrs. A. Cowan and Mrs. Ratteray and Miss Jane Cowan, had finished their work, and hard as the times had been, had made quite an improvement upon the preceding year, having collected £5 6s. 10d, which was paid to the Auxiliary as a free contribution, and the amount for sales, £3 2s. 8d.. was promptly paid me by the Depositary, P. Cowan, Esq., whose hospitality I freely shared.

On Sabbath, the 7th, I had the pleasure of preaching in the Congregational Chapel, for the benefit of this Branch, when I had the company and assistance of the Rev. Mr. Ratteray, a good congregation and an attentive audience.

In the evening I preached again in the Wesleyan Chapel at Dunham, where we had another encouraging audience, and the company and assistance of the Rev. R. A. Flanders, whose attachment to the Bible mission is ever great, and from him I have received from time to time both countenance and support. At an interview with the officers before I left on Monday, I was assured of their continued heartiness and good will in the work, and of their usual amount of support before the year's end.

On Monday the 8th I attended the Anniversary of the Abbots Corner Branch. The meeting was in the Baptist Chapel and was well attended and interesting. The friends in this place have a small limited field, but they improve it well. The officers are active and efficient; they paid me £2 8s. 2d., free contribution. The sales had been very limited, the people through the exertions of former years being well supplied.

On the 9th I lectured at Frelisburgh, a new place. The meeting was tolerably well attended, and I had the influence and countenance of some of the best people in the place requesting will probab H. Smith, H £2 for sales

in the place which augurs well for the future. A vote was passed at the close, requesting me to call upon them next year, when the establishment of a new Branch will probably be attempted. I opened a new Depository here a year ago with J.

H. Smith, Esq., and though he did not receive the books till winter, he paid me £2 for sales.

At Pigeon Hill, on the 10th, we had a good Anniversary meeting in the Wesleyan Chapel. On account of a change in the Depository not much had been done during the year. They had, however, made an attempt to collect funds, and upon the whole the Branch is gaining strength. Mr. Joshua Rhicord, the persevering Secretary, paid me 17s. 6d. free.

Bedford.—The meeting at this place was small, and with the exception of friendly countenance and support from the Rev. J. Buckhom and family, and Mr. Cleveland and family, there is not much to encourage. The ladies had, however, persevered in their work, despite of accumulating difficulties, and I received £1 13s. 1d., free as the fruit of their labors.

On Sabbath the 14th I preached at Hemmingford in the Presbyterian Chapel, to a numerous and attentive audience, who contributed liberally to the support of the cause, £4 7s. 6d. being taken up at the time. Though this Branch is not in a state of good organization, for working systematically, yet by the countenance of the Ministers, Rev. Messrs. Merlin and Clark, and the perseverance of a few friends, particularly Mr. P. McNaughton, the Secretary, and Mr. Julius Seriver, the Depositary, vitality is somewhat preserved.

In the afternoon I preached again in the Presbyterian Chapel at Russeltown Flatts. The roads were almost impassable with mud, and the congregation was small, but they seemed interested very much in the statistical information relative to the Society. Collection, 13s. 4d. I tarried all night in the house of a converted Frenchman, Joseph Tallourd, who is much engaged in Protestantism, and every good work. On leaving him in the morning he generously gave me 5s. for the Society.

Huntingdon .- This Branch covers an important field and numbers many friends. The Revds. Messrs. Wallace, Watson, and Barber, are all hearty in the cause. At the request of the Ministers named above, I have preached this fall in all their pulpits on the Book and its mission. In the Scotch Kirk on Sabbath morning the 21st of October. In the Wesleyan Chapel on the first Sabbath in November. In the American Presbyterian Chapel the third Sabbath, and in the United Presbyterian Chapel the first Sabbath in December. The Congregations were all good and liberal collections taken up at each place, in all something over £8. The Anniversary meeting was held in the American Chapel on the evening of the 21st Oct., and was a very large animated meeting. The President, Dr. Sheriff, presided, and the meeting was addressed severally by the Rev. Mr. Wallace, Rev. Mr. Barber, Rev. Mr. Watson, myself, and R. Somerville, Esq., M. P. P. It was a meeting suited to further the object of the Society, and one with which all parties seemed well pleased. My engagements being thus finished till the formation of the winter roads, I hasten also to close my Report, with a brief summary of the year's work. I have travelled this year very nearly 4000 miles by the aid of one horse, visited all the Branches and Depositories as far as I recollect, some of them more than once. I have had the pleasure of assisting at the organization of eight new Branches and three new Depositories, taken order for 3840 Bibles and Testaments. Spoken

at 150 public meetings, besides many sermons preached on various occasions, but all in connection with the work of the Society, and at a moderate calculation, have poken to from 25 to 30 thousand people on the subject. Collected for the Society, £592 8s. 8d., a little more than half being free contribution, this item having increased nearly if not quite four fold in four years; and notwithstanding the cry of "hard times" which has been heard in every part of our field it has increased a hundred pounds this year as compared with the last. God has truly put it in the heart of his people to act liberally, and to his name be all the praise. This year he friends of the cause have contributed of their poverty, next year they contribute of their abundance, for the barns are full and the whole country is blessed with plenty; and with a continuance of Heavenly blessings we shall have even better shings to report, which may God grant to the glory of his holy name. Amen.

HISTORICAL STATEMENT OF THE LADIES' BIBLE ASSOCIATION.

A general meeting of the Montreal Ladies' Bible Association was held on the 6th February 1856, in the Mechanics' Hall, Great St. James Street. About one hundred ladies were present. There were also a few gentlemen.

Dr. WILKES, having taken the chair, said he was requested to do so by the President. He commenced by offering prayer. After this had been done, the Chairman said he did not intend to present an annual Report, but instead, had, at some trouble, prepared a statement of the operations of the Society since its formation thirty years ago.

Thirty years ago, after several unsuccessful attempts and much difficulty, this Association was formed at a public meeting of about eighty ladies, assembled in the then existing Masonic Hall, St. Paul Street, and constituted a branch of the Mont-real Auxiliary Bible Society. The Report of that Society for 1826 presents a marrative regarding this Association, replete with interest and instruction. It pro-

On the first Monday in February, the more Ladies were appointed as concetors. On the first biology in reordary, the Ladies commenced their weekly visitations, and at the next monthly meeting, the Committee presented the sum of £108 12s. 6d. partly in subscriptions, and partly in contributions." The total result to the end of July was £200. The narrative then proceeds:—"The whole number of free contributions, 682; the whole number of proceeds: 274. From this statement, it will be sufficiently evident that not a small amount of good has been done. In a large mass of the community considerable information concerning the Bible Society circulated, a desire to obtain the Scriptures excited, the local wants extensively investigated and supplied upon terms the most easy to subscribers, and a fund poured into the treasury of this Society more than equal to the last year's income." Then follows a page and a-half of interesting details, principally regarding a portion of these 874 Bible subscribers. It should be remarked in this place that the Committee of the Montreal Auxiliary Bible Society found if needful to append to the details of the Ladies' efforts in 1826 a brief vindication of them for engaging in such labors, and there is published in the a prendix to that Report a speech of the late Rev. J. C. Christmas; the whole speech is vindicatory of this Ladies' effort. The need of such vindication is suggestive as to the state of public sentiment on such a point in those days, as compared

No mention whatever is made of the Ladies' Association in the Reports for years 1827, 1828, and 1829. In 1830 the sum of £41 is acknowledge as received from it, In 1831 an ominous silence is maintained, but in 1832 we have the following statetement :--- "Your Committee refer with great plaasure to the Ladies' Association during the past year. For several years this Branch seemed to wither, but has again revived, resumed its verdure, and brought forth fruit. A general meeting was held in February, a brief Report read, and some interesting addresses delivered. One sentance in that Report deserves special notice :-- "A feeling of comparative indifference to the good cause seems, with a fatal influence, to have prevaded our mind. The past cannot be recalled but the future is in our power; and your Committee, desiring a useful memento from their inattention, have resolved that in the sacred cause of circulating the Holy Scriptures, they will in future, with Divine aid, untiringly devote their energy to the best of their ability. Twenty-four districts were found to be visited monthly. Several interesting facts are given. Take the following :-- "We met with an aged man whose anxiety to obtain a Bible was so great that he called on us to ascertain if there was no one who would call on him for his weekly pittance. We agreed to do so, and have received nearly one half the price of a Bible."

In 1833 mention is made that the Ladies' Association continues in its work with efficiency. The amount collected was only £33; but they found many earnestly desiring to possess the Scriptures, especially those who have families.

The Report for 1834 was only printed in one of the city newspapers, and, as there inserted, contains no reference to this Branch Society. In 1835 mention is made of $\pounds 40$ collected, and handed to Treasurer.

The Report for 1836 contains the following statement :--- " Early in its history [namely, this Association] it afforded effectual aid to the funds of the Society, and distributed among the destitute many copies of the Sacred Oracles. It is matterfor deep regret, however, that recently it has not been equally effective. The Secretary, who attends to its interests with much diligence, and zeal observes, that various efforts have been made at different times to excite a greater interest in the cause of the circulation of the Scriptures, but hitherto without any permanent effect. During the past year, and in fact for several years, there have been very few collectors, and as a consequence little comparatively has been done. It is indispensable to the prosperity of the Association, that individuals should engage with energy and zeal in collecting money, and distributing the Word of God. £21 15s. was the amount of the year's collections.

1837 describes Ladies as effective. 28 copies Bibles and Testaments distributed. 1838 reports the Ladies energetic, and as having lent some 20 French Bibles which had been carefully read.

In 1841 the city was devided into six districts for the Association, whose members took up the small subscriptions which the gentlemen collectors would not probably obtain; £54 collected.

In 1842 the following statement is made: "As the supply of any destitute families found in the city and suburbs, is usually accomplished by other christian agency, the Ladies have directed their chief attention to the collection of funds. Without interfering with the usual subscription taken up in the city by Members of General Committee, the Ladies have divided the suburbs into 12 districts, which, together with some gleanings in the city, have yielded a very handsome amount in aid of our funds." £57 9s.

In 1843, similar remarks, and £52 15s.

In 1844 the amount of £75 is reported; also a new subdivision of city and suburbs into more and smaller districts, requiring 100 ladies effectively to occupy them. The need of obtaining the smaller subscriptions for the Bible cause, and of securing the supply of families and individuals with Scriptures is urged.

In 1845 the Association collected £187, and put some destitute families in possession of the Scriptures.

In 1846, £95.

In 1847, £104, and it is said :-- " It is earnestly and with confidence committed to the Ladies to seek out, as far as practicable those who are without copies of the Scriptures in the city and suburbs, and to cause them to be supplied, by sale where practicable, and gratuitiously wherever a penny a week cannot be obtained as purchase money."

In 1848, £56 14s. 8d. In 1849, complaints of want of collectors, and of districts not filled up. Collections, £56. In 1850, complaints renewed. Less collected, £37 13s.

1851 reports every decided effort has been put forth by the collectors this year. The collections were £94.

1852, collections £102.

1853, Ladies' Association distributed 13 English Bibles to 13 families. Collections, £100.

1854, Ladies' Association, 11 copies. Collections, £103.

1855, collections, £150.

Subscriptions in small sums for Bibles practically ceased a year since.

Such then are the operations of the Society for the last thirty years. The Association is now thirty years old and, during the first year of its existence it did more work than it has any year since. But in respect to the money matters, it must be recollected that when this Association, in the first year of its existence, collected £200, none of the gentlemen connected with the other society collected anything. Last year the ladies collected upwards of £150, and the gentlemen some £200 or £300 more, so that the year just past shows an increase so far as regards money matters. During the first year of the Society's operations there were upwards of 300 subscribers for Bibles. We have had nothing like that since. This was the object of Ladies' Bible Associations when first formed in Great Britain. This Association seems after its first year of hard labor, to have fallen into a state of collapse; for during six years we hear or find no mention of it. At the close of the sixth year, a meeting similar to the present was held, which seems to have infused new life into the Association, for it then had another year of usefulness, but it again seems to have fallen into a state of lethargy, for during the

ten succeeding years we have little mention of it. He did not believe that the work of the City Missionary superseded that of collecting for the purpose of buying the Scriptures. When this Society was first established the ladies were called all kind of names for engaging in such a work, and it was then necessary for some of the Ministers of the Gospel in this city to vindicate them, but since then public opinion had completely changed, and a man would be considered foolish who now endeavoured to vindicate the ladies. He had no intention of making a speech, he would therefore call on the Rev. Mr. Young to move the first resolution :-

Resolved,-That the statement now read be placed on record, and that the following ladies be the Officers and the Committee for the ensuing year, with power to add to their number :

President-Mrs. J. J. Day, Treasurer-Mrs. D. Torrance,

Secretary-Miss Geraldine MacDougall.

Douglass Miss Lightfoot, Miss Ready, Miss Kate Ready, Mrs. Addy, Miss Mathewson. Mrs. Howes, and Mrs. Chas. Childs.

It was seconded by WM. LUNN. Esq.

It was then moved by the Rev. D. FRASER, seconded by Mr. JOHN DOUGALL, and Resolved-

1st. That the circulation of the Bible is a work in which the ladies are called upon to engage.

2ndly. That the visits of the ladies at the houses of the poor and of the industrial classes generally, for the purpose of inducing them to subscribe for Bibles for their own use, and also small sums to aid in the general diffusion of the Sacred Oracles, constitute an important means of usefulness in our cities.

After Rev. Mr. FRASER had addressed the meeting it was closed by the benediction.

OTTAWA DISTRICT BRANCH. REPORT.

8th January, 1856.

The Committee of the Ottawa District Branch Bible Seciety, in meeting their constituents and friends, and in welcoming the arrival of the Montreal Society's Agent, the Rev. Mr. Green, at the commencement of a new year, have much to cheer them in their labours in the good cause. The friends of this Society have been very liberal in their contributions, and if the amount of contributions is an indication of the desire amongst the people for the spread of the Bible, then your Committee can point to your subscription lists, which are far greater in amount than the preceding year.

But in reviewing the year that is past, although there is much that is cheering, there is also much cause of sorrow. Shortly after our Anniversary of last year many of your Committee and members had to perform the sad and melancholy duty of conveying to the house appointed for all living, the remains of one of their number, John J. Kellie, one of the Depositaries of this Society, a long and constant friend of the Bible Society and other kindred institutions; and in the month of September following, Alexander Smith, the Secretary of this Society, was also called away from the things of time ;- one taken in middle age and one in youth, one a teacher in the Sabbath School, and who felt that his Master honored him by placing him there; the other the teacher of the Grammar School, and who constantly made it his business to mingle daily, with his secular instructions, prayer, and the reading of the Scriptures, and on the Sabbath formed his daily pupils into a Bible class. These men have been taken from us, and whilst bowing to the Divine dispensation in their removal, your Committee would record that whilst they sojourned amongst us they were highly respected as useful and Christian members of this Society, and there can be no doubt, that in passing through the dark valley and shadow of death, they were comforted by the promises and truths of the Gospel, which they loved, and which was a lamp unto their feet and a light unto their path.

Friends,—these calls are solemn warnings to us who are still spared; "Be ye also ready for in such a time as you think not the Son of Man cometh."

Your Committee are glad to witness the growing interest which is manifested amongst the community generally in these townships in behalf of the Bible cause; this arises in part at least from old asperities dying away. Time and sober reflection have smoothed over much that was unseemly, and we are now realizing "how good and how pleasant it is for brethren to dwell together in unity." cause of growing interest in the Bible Society arises from the fact that nearly all the leading and influential men of every Protestant denomination in this neighbourhood are ranged on the side of the Bible, and if the Committee be diligent to do their duty, the people have shown that they are prepared to do their part.

Your Committee have not held so many meetings during the year as the importance of the work in which they are engaged demands, but a resolution has been adopted at a recent meeting, to hold in future regular quarterly meetings.

The Committee resolved this year to appoint female collectors, and the success which has attended their efforts has fully proved the wisdom of the resolutio

REPORT OF THE EAST AND WEST HAWKESBURY BRANCH.

£3 2 3}

The time has now arrived for our annual interchange of congratulations with one another, with those who are engaged in the same great and good work, but more especially with that Society whose much esteemed agent we behold among us, and whose visit we have looked forward to with no small measure of agreeable anticipation.

It is our pleasure to inform you that with us the sum total of the subscriptions for the past year are in advance of those recorded in the former report. Let us feel gratitude and encouragement, that in the struggle for the spread of the Bible, we have not been found unwilling to take our humble place in the field of conflict, and bear our part in the successful contest which shall place a copy of the sacred volume within the reach of every human being who inhabits the globe.

The accounts which reach us concerning this branch of Christian enterprise are suited to awaken our hope and zeal. The Bible has been gladly accepted by persons who, in other circumstances, would have spurned the offer. The soldier, who when at home would have utterly neglected to peruse it, when sent abroad to en-

The warrior and the prisoner, in the hospital and the camp, the inhabitants of cities and those of rural districts, have alike joined in the request for a copy of the sacred volume, that they might know for themselves concerning the relation of its truths to their individual well being. The Bible is the great want of the age, and every generation has found, and will find, its truths exactly suited to their wants.

The extended demand for the Bible among the nations of the earth, the progress it is making in the enlightenment of those who are attached to the Papal Superstition, and its vital connection with the extension of the Redeemer's Kingdom, should lead us to make large and willing sacrifices for the steadfast advancement of its As an organization this is our merciful errand to those around us, and to our fellow beings of every language and elime; and with the conscientious discharge of our duty in spreading it abread, we are carrying into execution the great command of our Saviour :- "Go ye into all the world and preach the Gospel to every creature."

The following Constitution of a Branch Society and Bible Association is inserted for the purpose of facilitating the formation of those useful Institutions. Persons in the country are particularly invited to form themselves into Auxiliary Societies besides discharging the duty of assisting in disseminating the Word of God (which is incumbent on every Christian.) they would consult their private advantages, as they would thereby be enabled to obtain Bibles and Testaments at the Society's prices, whereas, at present, they purchase from country merchants at a high rate.
