NOT MUCH DAMAGE BY MORNING FIRE

The origin of a fire that was first seen burning at 2:40 o'clock this morning in the basement of a house at 160 Prince Edward street, seems clouded in mystery. The fire broke out in the wall near a pair of stairs leading to the basement, in a part which was not in use and there was said to be no chimney or fire near this wall. About a year ago fire broke out in the same place, the origin of which was unknown.

slight damage was done by the fire last night, as it was soon extinguished. Mrs. Sudbury, who lives on the first floor, smelled smoke and notified her son, Gerald, who turned in an alarm from box 15. The fire department quickly responded and soon put out the fire. The basement was occupied by B. Maynard, the first floor by Mrs. M. D. Sudbury, and the top floor by Charles Murray.

During the excitement Mrs. Sudbury, who is an invalid, was carried from the house by her son. The damage done the building was slight and the furnishings of the house were undamaged.

GOOD THINGS COMING TO THEATRES OF SAINT JOHN

SEASON AT OPERA HOUSE ON MONDAY With Drama, Vaudeville and Jazz Orchestra—Prices, Eve. 15c to 50c; Aft. 15c to 35c

A season of popular entertainment starts at the Opera House next Monday with the presentation, by the Mae Edwards Company, of "Little Miss Bluebird" in conjunction with a vaudeville and musical program, which has earned for the Mae Edwards Company the right to be called the most popular company on the road today.

There is a marked falling off in the way of donations towards the Orphan's Fair up to date. Other years the committee received a much more generous support both in the way of manufactured goods, foodstuffs and farm products, etc. Possibly it is because some do not know that the fair is now running. The committee, however, are looking forward to a more liberal supply during the next few days, but unfortunately have to purchase that much more goods of all kinds to fill in the meantime.

The L. O. B. A. will have a sale of brown bread and beans on Saturday. The main characteristic of the orphanage fair is that most people get their money's worth, and all have real good times. Come and see. Tick- et sellers of all kinds are urged to push hard and dispose of their stock. Most people will buy to aid the orphans if asked.

Funerals Mrs. George Stewart. The funeral of Mrs. George Stewart was held this afternoon from 51 Clarence street...

MUSEUM GETS INTERESTING OLD DOCUMENTS

Deal With History of Early Days of Militia in Province

To Lt.-Col. J. S. Frost, V.D., the Natural History Society is much indebted for some very interesting documents in connection with early days of the militia in this province. One of these documents is a copy book containing the by-laws of the Volunteer Engineers Corps of the Western Military District of New Brunswick with charter roll and military regulations in detail. This book is dated 1862. In another copy book also presented

by Colonel Frost there is written the membership roll of the Saint John Rifle Company commencing at the year 1862.

Very frequently callers at the museum are in quest of just such information as these two books contain. Dr. William Macintosh was specially pleased to receive them on behalf of the society. They will be highly valued additions to the historical library at the museum.

Another document recently received at the museum was given by John C. Parle and is a subpoena to Samuel Lambert to appear at Fredericton on the third Tuesday in February. It is dated Oct. 15, 1821, and although more than 100 years old is in good condition and well preserved.

INTERESTING COLLECTION.

A very interesting collection of examples of the work of the Indians of Arizona and of the Indians of Quebec and Western Canada has been presented to the Natural History Society and was received through the interest of Miss Dorothy Purdy.

Included in this collection are a large bowl of baskets made by the Arizona Indians and some very nice examples of beaded moccasins made by the Comanche and Kiowa Indians. A beaded pocket and a leather bag made

YEARLY CALL TO GUARD AGAINST WASTE BY FIRE

Prevention Week to be Observed From Oct. 3 to Oct. 9

Fire prevention week throughout Canada and the United States will be observed this year from October 3 to October 9, and preparations are being made to bring before the general public facts and figures to show the great losses in this country and the neighboring republic caused through fire.

The annual fire waste in the United States is stated to amount to \$300,000,000, and a large part of this

RECENT DONOR.

Ralph Whipple, jr., is another of the recent donors to the museum and his gifts were two large Chinese butternuts, dark blue in color, and very handsome examples of their special variety.

AT ORPHANAGE FAIR.

The ladies of Baker Lodge, L. O. M. A., who had charge of the home cooking booth yesterday at the Protestant Orphanage Fair, were Mrs. Burdett Ring, W. M.; Mrs. C. C. Lawrence, Mrs. W. E. Ham, Mrs. James Spence, Mrs. James Gory, Mrs. Clarence Cain, Mrs. William Brownell, Mrs. Harry Brownell, Mrs. John Warnock, Mrs. Robert Irvine, Miss Clara McQuarrie, Miss Rita Wilson and Miss Allen Sweet.

SOUSA CONCERT AT THE IMPERIAL IS GREAT TREAT

Band, Eminent Leader, and Soloists Win Large Audiences

Outstanding in the musical events of years in Saint John was the engagement of Sousa's Band at the Imperial Theatre yesterday.

LARGE ASSEMBLAGE It was a great audience that assembled in the evening, filling the lower floor and occupying nearly all the balcony seats.

SOLOS VERY FINE In addition to the band selections there were greatly enjoyed also numbers first to be heard.

Letters To The Editor

THE CITIZENS' COMMITTEE

To the Editor of The Times-Star: Sir,—We agree with the editorial, that it would certainly be a mistake, to say the least, for the citizens to assume that Mayor White is a public enemy, and we were not aware that any one was misguided enough to entertain such an opinion.

TRAVELERS' AID To the Editor of The Times-Star: Sir,—May we take this opportunity of reminding the residents of Saint John that on Saturday 25th, we are holding a tag day for the benefit of the Travelers' Aid.

How to Make the Best of a Loveless Marriage—The Girl of 21 Who Contemplates Selling Her Youth for a Meal Ticket—Should a Faithless Wife Have the Care of Her Children?

DEAR MISS DIX—I was married at the age of 15 and am now 25. My husband is good to me. I have a beautiful home, good clothes, my own car, but I do not love my husband, although I respect him as the father of my child.

My husband and I get along amiably together. He does as he pleases. I do the same. Now, what I want to know is: am I doing right in living with a man whom I have no love for and whom I can never love?

ANSWER: It is a criminal thing that any girl child of 15 should be permitted to wreck her life in its very beginning by getting married. She is utterly incapable of making a proper choice of a husband, her tastes are unformed and there is hardly a chance that the man she marries will be the one she would have selected for her mate.

But what is done is done, and there is no use in holding post-mortems over it. You did marry at 15, and inasmuch as your husband has kept his part of the bargain and has treated you kindly and tenderly you have no right to break yours. Marriage is a contract, and because you have no more released from its obligations and responsibilities to others, and the honorable thing is to carry on no matter if you have ceased to thrill at another's presence and your romance has vanished into thin air.

Especially is this true when there are children. When a man and woman have a child they have given a hostage to fortune, and no matter how little they come to care for each other they owe it to their child to bring it up in a peaceful home and give it the advantages of both a mother's and a father's influence.

As for your own happiness, shut out from your mind the vision of what might have been and make the most of what you have. All life is a series of compromises, and, believe me, the woman who is married to a man who is kind to her and who gives her the luxuries of life has much to be thankful for and should not feel that fate has cheated her even if she has missed a story-book romance and her husband isn't the hero of her girlish dreams.

When you feel discontented and see what the women have to endure who have husbands who beat them and starve them. Go and see the women shabby and worn, who work for a pittance that barely keeps soul and body together.

Then you will feel that a good, generous husband is a stand-off for a lot of slushy romance.

DEAR DOROTHY DIX—I am a girl 21 years old and I am tired of washing dishes and looking after young brothers and sisters. A man of 40 who says he loves me and will give me lots of money wants to marry me. I am undecided, but it looks like a good bargain to me. What do you advise?

ANSWER: Well, Jane, if I were going to sell myself I would want to make a better bargain than that. At any rate, I would want a more definite bargain. I should want to know really how much money the man had and I should insist upon a good round sum, cash in hand.

I have known so many men who talked largely about money before marriage who proved to have no money after marriage. And I have known many girls who married men for their money and then didn't get it, and the young wives had less to spend than a death grip for their living and had their own pay envelope every Saturday night. And it is perfectly discouraging the way rich old husbands live on and refuse to leave their wives rich young widows!

It is a bad business marrying for money, Jane. It doesn't pay, really. And it is folly to try to get out of washing dishes and looking after youngsters. You only jump out of the frying pan into the fire, for matrimony for most women is just a life job of domestic tasks and baby-tending.

My advice to you is to get a good job at something you like to do and to do your work so well that you will get good pay for it. Then you will not feel that you have to sell your youth and your chances of love and romance for a meal-ticket.

DEAR MISS DIX—I am a married man with three children, from 7 to 14 years of age. I love my wife devotedly, but some months ago she fell in love with a friend who had been staying with us for a while, and she has gone off with him and left me and the children. She wants me to send the children to her, but they don't want to go to her. Please advise.

ANSWER: I do not think you should let her have the children. She is not fit to rear them. I can think of nothing that would so destroy all of a child's sense of moral values as to live with her mother and her paramour and see every precept of righteousness and decency flaunted every day.

You should protect your children from this contamination at every cost. A mother's influence for evil is just as potent as it is for good, and the good she who had no sense of honor or duty herself could not teach her sons to be strong and steadfast men. She who was ruled by her own passions could not teach her daughters purity.

You need not believe that your wife grieves for her children. If she had loved them she would never have deserted them for any man.

BEHIND THE SCREEN

By GENE COHN

Doug's little niece, Flobelle, has just added her name to the rapidly increasing list of Fairbanks in Motion.

Only Flobelle insists she will not climb to success—if such be her fate—on the fame of her uncle. She will come before the public under the name of Florence Fair.

Flobelle is about 18 and in appearance is a composite picture of Irene Castle, Lillian Gish, Imogene Wilson, Peggy Joyce and Flobelle Fairbanks.

ONE YEAR OF CONVENT

She is but one year removed from a convent, and possesses a primness, modesty and naive most unusual among even the very young flapper folk.

"My uncle Doug did influence me a course," she admits. "When I shouldn't have thought of going into pictures but for the relationship. My father, who is Uncle Doug's brother, was his business manager for many years, and I've heard little but films from the time I was toddled on his knee.

"Uncle Doug has a projecting machine in his house and when I came home for vacation I would see them every night. I adored Aunt Mary and, although nobody knew it, I would try to act as I had seen her. Sometimes you won't tell this, will you?—I would act before my mirror in my room at convent.

"When I got out of convent I was an extra in a few pictures, and Mr. Murray made some screen tests of me and said he liked them. Then I got word that Miss Swanson wanted to make some tests, too. And now I am going to have quite an important part—so they say.

GLORIA'S LITTLE SISTER

"Yes, I grew up with Douglas, Jr. We were sort of like brother and sister, rather than cousins." Flobelle is not to be thrust into stardom for quite a while. The mistake in the case of the younger Fairbanks is now generally recognized. He was started too quickly, by not an uncommon error in motion.

Flobelle is to play with Gloria Swanson in "Crossroads." Her role will be a versatile one, ranging from a gangling girl to a hard-boiled flapper. Because she plays Gloria's little sister, she will appear in most of the sequences—which is pretty good for a beginner.

THE RHYMING OPTIMIST

By Aline Michaels

BREATHLESS and still in the grasp of the heat lies the great city today; breezes have faltered and failed, in defeat sea winds have wandered away. Sun-silvered clouds touch the city's tall towers, veiling their heights from the eyes; yet on the streets through the merciless hours, seldom a shadow drifts by. Gaoping and weary the great city goes, spent in the grasp of the heat, as from the countryside's turrows and rows harvests spring, mellow and bending down, golden, the tassels of corn; gold as the sun, but so soon to be brown, grains that of heat-rays are born. Breathless and still in the grasp of the heat city and countryside lie ill, from those fields where the fierce sunbeams beat, food for the world is laid by.

SEE SAWING ON BROADWAY

I'VE often wondered about those fellows whose job it is to sit in rubber-neck wagons and thus give the impression to tourists that the seats are well filled.

The idea is this: the buses will not start without a proper crowd and a crowd seldom can be attracted to an empty bus. So "fake passengers" sit for hours and, encouraged by this sign, actual customers come up and fill the seats. Whereupon the "fakes" find reason for hurriedly leaving and walk over to another bus and sit down, repeating this hour upon hour, day upon day.

AT TIMES as I have passed through, sitting thus idly in the sun making pretended small talk with the new arrivals, it has seemed to me that perhaps this was the ideal job. Nothing to do but sit in a crowded section of the city and watch life go by. If nerves begin to quaver or my health declines, I shall seek out this job and pass my time thus lazily in the open air.

ALL is not roses, however. The other day I found out something about them. It came about because of a strike. The fake rubber-neckers staged a walk-out. They said they couldn't get enough to live on. They make \$2.50 a day for a 12-hour day.

PROHIBITION, in addition to having started more arguments than any subject except religion, has spawned innumerable ramified businesses. In addition to the main track of bootleggers, hucksters, rum-runners and such, more inventive minds have turned to cleverly contrived speakeries, to secret stills and methods of extracting poison from wood alcohol.

Still there remained the danger of falling heir to poison or near-poison. Broadway's latest sideline is the expert analyst. One big drug concern has privately gone into the analyzing business on a huge scale, so that drinkers may quaff in perfect safety.

Carl Smith, who was accidentally shot several weeks ago and has been treated for a bullet wound in the breast, has recovered and was removed from the Saint John Infirmary yesterday to his home.

Holeproof Ex Toe

and no other fine sock has this amazing feature

Wear is increased 3 to 4 times because of it. You pay only a dollar.

THE world's best known weaver of men's socks has made a new discovery. Wear is increased 3 to 4 times by a new way of knitting.

Merely adding thickness at the toe was long ago proved unsuccessful. That's why old-time socks wear out there first.

Now in a different way a special wear-resisting thread is woven at the tip and over the top of the toe. And that gives these new-type socks 3 to 4 times longer wear.

Ex Toe comes in light and heavier silks. Smart and trim fitting. See the new colors that have become so popular. Silks \$1 and \$1.25. Other materials as well. Be sure to ask for Ex Toe. At leading stores.

THOUSANDS ON HAND TO HEAR FIGHT RETURNS

Canterbury Street Crowded With Eager Fans—Service Appreciated

Fight fans from near and far gathered in front of The Times-Star and Telegraph-Journal office in Canterbury street, last evening, and listened to the detailed report of the championship battle for the heavyweight title in Philadelphia, between Jack Dempsey and Gene Tunney, ex-marine.

The world-wide interest aroused in Tex Rickard's greatest show, at which 122,000 people were present, was at its high fever pitch in Saint John as the listeners were sitting at the ring-side seats with the boxers performing under their very noses.

It was probably the biggest crowd since The Times-Star and The Telegraph-Journal has been giving this service to the fans.

Charlie Gorman, champion speedster, handled the negation to the entire satisfaction of all, every word of the description of the gathering, the preliminaries and the big bout itself being heard clearly and distinctly by the more than 8,000 people present.

They jammed into the street from the Pugsley building to Church street with a great many autos parked there as well, the entire assemblage stretching almost to King street. Like all other gatherings of this nature, it was an enthusiastic crowd and orderly as well, with deafening cheers being given from time to time as the going pleased them. There was a large number of ladies present also.

There have been crowds and crowds to hear bulletined news from this newspaper office, but it is safe to say there never was a bigger or more enthusiastic one than last evening's. A sea of upturned faces was the view from the top of the building, with the street and roadway densely packed with a mass of humanity.

Cars that had been parked on the curb were literally buried by the thousands present, their tops looking like islands in a white sea of faces. It was an impressive spectacle.

But the marked enthusiasm that manifested itself throughout for Tunney, now the world's champion, reached a tremendous crescendo when it was announced that the blonde challenger had won the proud title of champion of the world from the man who had held it for seven years.

Despite the fact that so many people were present as the bout was detailed to them, the battery of telephones at the office were busy constantly during the evening, answering hundreds of calls, not only from the city, but outside points as well. That the fans appreciated this service was shown by the applause and large attendance.

PLAN NEW THEATRE FOR ST. STEPHEN

Company Seeks Incorporation With \$65,000 Capital For Modern Edifice

ST. STEPHEN, Sept. 23.—Announcement has been made of a new theatre to be built here shortly by local men and incorporation has been applied for. A company has already been formed with P. E. McLaughlin, H. C. Purves, Roy Creamer, Howe Grant and Fred Waterson seeking incorporation as Windsor Theatre, Ltd., with a capital of \$65,000.

Plans call for the erection of a modern concrete, fire-proof theatre on the Purves lot on Water street. The proposed building is to be 100 feet long with a 95-foot frontage. The entrance will be from the street level in the centre of the building with a store on either side and offices on the second floor in front. The entrance will run back quite a distance affording a spacious lobby. The seating plan calls for a capacity of about 600 and a spacious stage will be provided with dressing rooms for the use of theatrical shows. If the company's plans meet the expected success, work will start early in November and with part of the foundation and the basement already provided the house would be open early in the new year.

FREIGHT RATES TO BRITAIN GIVEN BOOST OF 15 P.C.

Canadian Trans-Atlantic Conference Lines Act at Montreal

MONTREAL, Sept. 23.—Effective immediately, a general advance of 15 per cent. has been made in the freight rates from Canadian ports to the United Kingdom by the steamship lines represented in the Canadian Trans-Atlantic Conference, announcement of this having been made today by A. O. Minshull, conference secretary, on behalf of the companies concerned.

Reasons given for this rise in rates is attributed to the increasing cost of coal and to the necessity for ships having to take coal aboard in this country for the round trip, thus reducing the amount of their available cargo carrying space.

The commodities that will be affected by this increase are only those included in the list dealt with under the jurisdiction of the conference. Cattle, flour and grains, are not affected by the new rates.

NO CHANGE TO CONTINENT

No change has been made in the freight rates to the continent, it being assumed that ships can coal at any

of the ports at which they discharge coal outside the United Kingdom.

It is learned that the North Atlantic-United Kingdom freight conference has had a similar increase of rates under consideration and that they will be brought into effect coincidentally with the changes made by the Canadian trans-Atlantic conference. Thus all shippers on the North American will be affected by the change, provided that their goods are carried to the United Kingdom by vessels owned by companies sitting in with the North Atlantic-United Kingdom Freight conference and the Canadian trans-Atlantic conference.

MERCHANT MARINE OUT

The Canadian Government Merchant Marine is not a member of the Canadian trans-Atlantic conference. It is not known if the company will follow the lead of the conference shipping lines.

Since the beginning of the coal strike

in Great Britain, and the enforcement of an embargo on coal exportation from the United Kingdom by the British government, coal-burning vessels coming to this continent from British ports have had to take sufficient fuel on this side for the return voyage. Cargo space has had to be utilized for the accommodation of the extra amount of coal, and this has affected the cargo-carrying capacity of the coal-burning ships.

AUTUMN CHIC

New tendencies in the harmonized ensemble.

Notes from the openings.

By Lucille La Marre

"Now one step further," the Parisian designers urge, "to make the ensemble perfect."

Everything must match or harmonize, in contrast. Already we are trained in gowns and hats. Now we must harmonize gloves, hosiery and lingerie.

It seems that since the silhouette and the short skirt are established as the vogue, the designers have now concentrated on those three very important intimacies which touch one's skin.

In treatment, in shades, there is a fascinating offering.

Only Parisian designers can create them. Lovely raiment—those three intimate accessories—Madame and Mademoiselle choose with the utmost care—so precious because they alone offer such opportunity for individuality, self-expression.

Only Paris understands the art of creating these ideas—how to make them daintily shy.

—gloves so ever-changing, so certain to accent lovely hands, yet keep them refreshingly demure.

—hosiery, always of the moment, so fascinatingly quiet, yet reserved enough never to be conspicuous.

—lingerie such as only the French can give chic and allure.

But I venture to assert that while it takes French ingenuity to conceive, it takes Canadian ingenuity to produce.

It takes a great house like Julius Kayser & Co. to interpret and transmit Paris' originalities to a wide-spread nation of women like ours.

What would otherwise bloom only along the boulevards of Paris, or in the shadow of the Monument Vendôme, or just off the Rue de Rivoli—or my own favorite street, Rue St. Honoré—can now go to your own favorite shop "over here" and have shown to you the autumn offerings in lingerie, hosiery and gloves, Paris designed, Kayser made.

I do not want to give you the erroneous idea that style alone is the most important subject. I learned that mistake in Paris. I find French women owe most of their chic to the fact that they do not buy on impulse, but with due deliberation.

A Parisienne will not sacrifice chic to extravagance. She is the most economical dresser in the world. Yet she attains the utmost in effect.

This tendency, fortunately, is more and more evident in Canada. And Julius Kayser & Co., I feel, has done much to further it.

To its credit must be stated the fact that it is the premier house combining chic and economy.

Premier in styling as well as in its facilities. Premier in interpretation because of its experience.

Yet this division of its policies is not offset by any sacrifice to quality. It is an old concern and it is, I am thankful to say, "old-fashioned" enough to manufacture in the old way.

When an article bears the Kayser label it is 100% pure silk. It is tinted with 100% pure dyes. It is made in a sunlight shop with old-fashioned care.

What could be a more coveted combination? The vogue, with economy. She who outfits herself exclusively with Kayser intimacies can ever rest assured that she is perfectly correct, yet never extravagant. She is, in short, a true Parisienne.

All Kayser stockings are fine gauge (42 gauge). Note their smooth, even elasticity compared with ordinary coarse gauge stockings.

May I call your attention to the adjoining columns, inviting you to inspect the latest Kayser offerings at your own favorite shops?

ACCIDENTS SHOW PROTECTION NEED

Death Strikes Unexpectedly—Examples That Drive Home Important Fact

Death lurks in unexpected places and the finger of fate, plucking its victims from the human family, has been ironic in the disposal of man, says the Prudential Insurance Company of America.

What more inconspicuous than the death, recently reported to the Prudential, of a New York baker contentedly at work at his kneading vat, who was struck on the head and instantly killed by a copper boiler that became dislodged from a shelf? Yet this is but one of eleven such odd accidents among forty-one selected from the

claims made to the insurance organization.

A youth goes hunting with two companions. The largest of the trio carries one boy across a creek and prepares to return for the other. He stands his gun against a bush, it falls, is accidentally discharged and the ricocheting shot strikes a stone and fatally wounds the lad on the other bank.

A young man prepares his bath, lighting a hot water heating device. While he is waiting for the water to reach a proper temperature, the fumes stupefy him and eventually the boiler bursts killing him.

The United States District Attorney of Honolulu goes to Waimea Beach with his family. Noted as a strong swimmer he ventures into the breakers. The tide is too swift for him and, while is not tired, he is unable to breast his way to the beach. His family stands impotent while, one of the finest minds of his community, is swept to sea and death.

A paper mill employee injures a thumb at his work. The would ap-

parently heals and he returns to duty. Soon an infection manifests itself and death speedily follows. Fate again has moved mysteriously, promising restoration of health and as suddenly snuffing out life.

DRAWN INTO SWIRL

A coal passer stands by a chute loading coal. A moment's lapse and he is drawn into the whirl and in a short time his smothered body is recovered from the heap. A motorist cranks his car in a garage. Forgetfulness that the car is in gear costs him his life, for when the motor starts the car plunges forward and he is crushed against the wall.

An innocent bystander watches the removal of a huge boiler, which has been swung clear of its bed by a derrick. An eye-bolt slips, the derrick crashes to the earth and rolls wild. The bystander's leg is pinioned, the femoral artery is severed and he bleeds to death.

The driving shaft of an automobile, hollow and closed at both ends, is being repaired at a forge. The excessive heat causes the shaft to expand and a workman is sacrificed so that his fellows will exercise greater caution in future.

There is the case of the laborer hired to keep coal which is being carried from a culm dump to a breaker from clogging the scraper. His shirt sleeve is caught in the gearing and he is carried to a terrible death. An automobile's car stops and he alights to investigate. As he leans over the motor a speeding machine drives too close and he who was motoring but a moment before without thought of danger dies instantly.

DIES FROM BURNS; NOW \$7,500 ASKED

Alleged That Defendant Firm Engaged an Unskilful and Inexperienced Workman

The children and husband of Margaret Eva Masaris, Toronto, who was burned to death when some pitch brought suit against Frederick W. Johnston and F. W. Johnston and Company, Limited, for \$7,500, alleging negligence before Mr. Justice Wright and a special jury in the assizes April 28th. The case was a re-trial.

Peter, the husband, was the administrator of the estate of Margaret Eva, who died intestate on January 22, 1924, in St. Michael's hospital. The children are: Elaine, Georgina, Arista, Catharine, Terry and Mary. The family resided at 57 Dundas street, W., Toronto, of which defendant was owner.

On January 15 the defendant was alleged to have engaged an unskilful and inexperienced workman to repair the roof at 57 Dundas West, and supplied him with the pitch. It was claimed that defendant did not properly instruct or supervise the workman.

Woman Dies, 4 Hurt As Train Strikes Auto

MONTREAL — Mrs. Gaylord Fox, aged 50, of Orleans, Vt., was instantly killed and four others injured when the Canadian Pacific Railway Boston Express bound for Montreal crashed into the automobile in which they were traveling on a level crossing, near Blainville, Que., fifteen miles from Richmond, Que.

The latter, it was maintained, placed the car upon a heated stove, and it caught fire, causing damage to the goods and effects of plaintiff and deceased, and burning Mrs. Masaris, so that she later died.

Defendant stated that he hired a roofer named Falser, who entered into a contract to make the repairs, and that if any damages were sustained, it was due to the negligence of deceased, and the contributory negligence, if any, of Falser.

QHE: "Why is your voice so sharp?" He: "Because I have been trying to get a word in edgewise for a whole week."

GETS \$2,500 WHEN GANGWAY LETS GO

Suit Had Been Entered For \$10,000 General and \$1,447 Special Damages

Holding the city and the Board of Park Commissioners liable for the collapse of the gangway leading from the English Bay pier to the float and boat-house below, on July 1, 1925, Mr. Justice McDonald, Supreme Court, Victoria, delivered judgment in favor of the plaintiff, Jane Spencer Heath, and awarded her damages in the sum of \$2,500.

Plaintiff alleged that on Dominion Day, 1925, as she was making her way down the gangway from the pier, that the structure collapsed and threw her and some 25 other persons into the water. Prior to her immersion plaintiff alleges that she was thrown violently against the sides of the gangway and that as a result she sustained a fractured knee, which confined her to the hospital for months afterwards. For this injury she sought to recover the sum of \$10,000 general damages and \$1,447 special damages.

Considerable evidence as to the soundness and good quality of the gangway was adduced by expert engineers, but practically all agreed that the structure was built to carry a live load of two tons or not more than 25 or 26 people, whereas the evidence of other witnesses showed that at least 50 or 60 persons were crowded on the structure on the day in question.

TEMPLE MEETS.

The regular meeting of Loyalist Temple, No. 18, was held last evening with M.E.C. Mrs. George Gray, in the chair. A very interesting report was heard from Grand Lodge, read by Mrs. Myles Saunders. Plans were made to work at the Orphanage Fair. The next meeting will be held in three weeks and a social evening and cake walk was planned for that meeting.

P. NASE & SON, LTD. VISITED BY FIRE

(Telegraph-Journal, Sept. 20)

The firemen were called out at 11.35 o'clock Saturday night by an alarm from box 122 for a fire in the premises of P. Nase and Son, Ltd., groceries and hardware, 2-14 Main street.

When the department arrived a stiff breeze was discovered in the rear of the basement with all the appearance of having had a good start before the alarm was sent in. The firemen worked hard despite the heavy smoke and heat and with a few good streams of water were able to get the fire under control and were successful in confining it to the basement and the rear of the building, where it broke through. Fortunately the fire did not work up through the ground floor into the large store, but the contents were damaged considerably by smoke, although well covered by the Salvage Corps with rubber blankets.

A large stock of merchandise in the basement was destroyed by fire and water, and like the building, is insured. The origin of the fire is unknown.

inches and the normal amount would have been 3.9 inches. In March the total precipitation was 4.85 inches and the normal amount was 4.54 inches.

In April the showers totalled 2.59 inches and the normal rainfall of that month is 3.51. In each of these four months the precipitation was appreciably above the average.

May showed a reverse tendency and its rainfall of 3.33 inches was below the normal, the average rainfall for May being 6.00. June returned to the habits of the first four months and was very much wetter than normal.

June's rainfall totalled 5.73 inches and the normal amount would have been 3.24 inches. July with 3.01 inches of rain was below normal as that month ordinarily averages 3.72 inches.

August with its total rainfall of 1.77 inches was much behind the normal of 3.96 inches and to date there has fallen 3.51 inches in September while the normal rainfall for this month is 3.86 inches.

Having exceptional rainfall during three months in succession has brought the water levels in many streams and rivers to a low ebb and in many localities wells have gone dry.

At the present moment however, the rainfall of July, August and September stands at about four and a half inches below the normal rainfall for those three months.

The trouble comes from the fact that in the earlier months of the year a very generous amount of moisture was bestowed on this section of the globe and the dryness which has been characteristic of the last three months, is only about evened up the totals. There are still seven days left in September on which rain may fall and since the weather's vagaries can never be fully reckoned with those seven days may produce enough rainfall to bring the total for the year up to the normal.

OPENING NIGHT
ORPHANAGE FAIR

Mayor White Officiates at Opening Ceremonies in St. Andrew's Rink

The official opening of the New Brunswick Protestant Orphanage Fair, being held at the St. Andrew's Rink, took place last evening with a large crowd in attendance.

Mayor W. White in his speech, which marked the opening of the fair, paid a tribute to the promoters of the orphanage for the foresight shown in providing such an excellent institution.

He spoke of the many opportunities which the basic industries, agriculture, fishing, mining, etc., afforded and pointed out that the location of this institution was ideal, insofar as the inmates had many opportunities to acquaint themselves with the work of the farm and sea.

"It is the duty," said His Worship, "of the citizens to help along this necessary and very important work of supporting the orphans." He appealed for a liberal patronage of the booths and the generous support of the undertaking.

D. G. Clark, president of the orphanage, was chairman and W. A. Lockhart, a director, was also on the platform.

The rink has been attractively decorated with flags, bunting and other interior ornamentation. All the usual fair games and several new and interesting ones have been provided for the patrons.

Many of the articles for sale and on chance have been made by the orphans themselves.

The musical concert, given by the Carleton Cornet Band, was greatly enjoyed by the 800 people who visited the fair on the opening night.

PRIZE WINNERS
Mrs. Joseph Taylor is general convener of the L. O. B. A. home-cooking booth which did a lively trade and which will have a beans and brown bread sale on Saturday.

A pet goat, wandering around the hall, was a popular favorite. The prizes last night were won as follows: Door prize, ton of coal; W. Beaman, 50 Princess street, ticket 908; ten pins, electric iron, E. Wilson; air gun, electric stove, R. M. Tennant; bean toss, ladies, Mrs. McGowan, and men's, Arthur Woodley; bowling alley, C. Carleton. Tonight the City Cornet Band will play.

Lower Millstream W. I. Acts as Hosts
APOHAQUI, Sept. 22.—The members of the Apohaqui Women's Institute were guests of the Lower Millstream Branch on Tuesday, Sept. 21, at the home of Mrs. George L. Gregg.

Mrs. H. C. Coy, president of the entertaining institute, was in the chair, and extended a hearty welcome to the visitors.

During the business period, the various activities of the branch were discussed and arranged, the visiting ladies being much impressed by the extensive and creditable work being accomplished by their neighboring institute.

CAPE BRETON MAN MISSING

Two Given Three Years in Dorchester
DALHOUSIE, Sept. 22.—Two young men, unknown in this section of the province, named Cunningham and Driscoll, who were arrested some days ago at River du Loup on suspicion of having broken into and stolen a quantity of goods from Ferguson and Wallace's men's furnishings store in Campbellton and who were sent up for trial by Magistrate Matheson, elected to have a speedy trial and were sentenced here yesterday by Judge McLatchey to serve three years in Dorchester penitentiary.

NEW DEPARTMENT AT MOUNT ALLISON
Recommendation is Made to Senate by Board of Regent's Executive
SACKVILLE, Sept. 23.—At a special meeting of the board of regents' executive of Mount Allison University held today, important action was taken when it was decided to recommend to the senate that a new department of education be established and recommend to the board of regents that a new professor of education be secured to act as director of this department.

Mount Allison has already anticipated the new educational policy to come into effect in Nova Scotia and is now fully prepared to stand on the basis of the colleges in that province and enable students to qualify for license to teach when they have completed their arts work.

Big Transaction in British Papers
LONDON, Sept. 23.—A deal involving £2,000,000 was concluded today with the exchange contracts by which William Tarnson, chairman of the Inverack Paper Co., purchases from Sir John Ellington a controlling interest in several weekly publications. The periodicals include the Illustrated London News, The Sketch, The Sphere, The Tatler, Eve, The Draper's Record and Men's Wear.

A new company will be formed as soon as the shareholders sanction the scheme.

During the past summer he has been a student at Harvard University Summer School perfecting himself in the work which he will be engaged in. During the recent war he served for three years overseas with the Canadian Field Artillery.

SAINT JOHN MAN TO RESPONSIBLE POST
Walter F. Evans Appointed Physical Instructor of Wakefield Y. M. C. A.

SAINT JOHN FRIENDS WILL BE PLEASED to learn of the splendid success Walter F. Evans, son of Mr. and Mrs. J. Fred Evans, of this city, has achieved in his chosen field as physical director. He was recently appointed as physical director of the Y. M. C. A. at Wakefield, Mass., and entered upon his duties there on Sept. 15.

He had been prominent in athletics and as a leader for boys in Saint John and was for three years in charge of the physical work at the East End Boys' Club here. For a year and a half he was physical director of the Y. M. C. A. in Saint John and in both of these offices he gave excellent service. He was also at one time physical director on the supervised playgrounds here.

DR. AMYOT DEFENDS PASTEURIZED MILK

Says It Has Exterminated Infantile Tuberculosis From Crude Food

MONTREAL, Sept. 23.—Pasteurization, without taking any nourishment out of the milk, has succeeded in many cities, in exterminating in a single season infantile tuberculosis caused by

crude milk, according to Dr. J. A. Amyot, deputy minister of health at Ottawa, speaking before the Sound Section of the French-speaking Doctors' Congress here today. He cited several cities where this had been accomplished.

"The last argument against pasteurization—that the process kills vitamins supply—is unfounded," said Dr. Amyot. "Pasteurization may affect slightly the amount of vitamins 'A' in milk, but the vitamins generally are not appreciably depleted. This argument is not important. Dr. Amyot asserted, as during seasons when cows are kept in stables, the amount of vitamins in milk dwindles to nothing."

FLORIDA FOLK SET ABOUT CLEARING UP STORM WRECKAGE

Men Drafted to Rehabilitate 60-Mile Coast Section Swept by Gale

MEASURES PLANNED TO AVERT EPIDEMIC

Injured List is 6,000 and Homeless Will Exceed 50,000

Canadian Press Despatch. MIAMI, Fla., Sept. 23—Recovered from the first shock of Saturday's devastating hurricane, dazed residents of Florida's storm-stricken area, aided by Red Cross and relief agencies today, stolidly set about the work of rehabilitation.

An appeal for large sums of money for relief was made yesterday by an executive committee headed by Frank B. Shuttles, publisher of the Miami Herald. In a proclamation, Mayor Hornum and City Manager Wharton designated the American Red Cross as the official relief organization.

As surgeons and hastily recruited forces of volunteer nurses bent their energy to relief of the injured and homeless, especially drafted forces of men began the task of clearing the 60-mile wreck strewn coast area between Palm Beach and Miami and the region about Lake Okechobee.

At the same time grave fears were expressed regarding sanitary conditions and officials of various health services were prepared for whatever measures were necessary to prevent an epidemic.

Casualty reports from the score of more cities and towns levelled by the wind and sea still varied widely today, but rescuers placed the total loss of life at above 400. Miami's death list stood today at 100, with 910 in hospitals, 245 of them serious.

750 BODIES ESTIMATED. The Miami missing persons bureau has estimated that a thorough search of the tangled wreckage and the waters of Biscayne Bay, will reveal at least 750 bodies.

A report that 17 persons had been killed in the Bahamas, seven in Bimini, lying 170 miles off the coast, was received here last night. Other small islands and keys also were said to have been swept clear.

Meagre reports from outlying sections and everglades settlements have gradually swelled the injured list, which stood at 6,000. The total of homeless went beyond 50,000, with trucks, special trains and automobiles pressed into service to move great numbers of refugees to nearby cities for shelter and care.

Although varying estimates have been made of the amount of property and crop damage, the American Automobile Association has placed the total damage in the three states visited by the hurricane at between \$150,000,000 and \$200,000,000.

Estimates of the total damage in greater Miami area, which includes six adjoining towns and villages, varied widely. But reports from different quarters range from \$100,000,000 upward.

"Smallest Mother in The World"

Mrs. Dollette Buck, "the smallest mother in the world," was born in Quincy, Ill., 44 years ago, daughter of B. F. Doid, a United States civil engineer. Since then she has grown to be 28 inches high and weighs 37 pounds and is the mother of three children, two of whom are grown. All children were born by the Cesarean operation. Mrs. Buck is shown with her six-foot husband, C. H. Buck, and youngest daughter, Dollette, aged two years. They are now in Roodhouse, Ill. Buck wears his hair long, as shown above.

MEETING SUCCESS, SAYS FRANCIS KERR

N. B. Fish and Game Association Attended by 55 Delegates

The annual meeting of the New Brunswick Fish and Game Protective Association at McAdam Junction yesterday was the most successful yet held. It was confidently asserted by the secretary, Mr. Francis Kerr, provincial secretary, who returned to the city last night, was greatly pleased with the interest and enthusiasm that had been shown.

Mr. Kerr said there were about 55 delegates present, Andover, Woodstock, Hartland, St. Stephen, St. Andrews, Saint John, Fredericton, Fredericton Junction and McAdam Junction each being represented. Besides passing the several resolutions advocating better protection for game the New Brunswick Association went on record as favoring the organization of a Dominion Fish and Game Protective Association.

Among those present at the meeting were the Minister of Lands and Mines, Hon. C. D. Richards, R. W. Tufts, agent for the Migratory Birds Act in everything.

Shower of Gifts Presented Miss Cree and Andrew Hay

A shower of very nice gifts was given for Miss Cree and Andrew Hay, two members of St. David's Old Country Club, at the club meeting last night. The marriage of Mr. Hay and Miss Cree is to take place in the city today and their associates in the club extended all good wishes. A very pleasing program was given and the evening was much enjoyed. Neil Smith, president, was in the chair. It was decided to invite any Old Country people of the city to join with the club and enjoy all its advantages. Neil Smith, 87 Winalow street, is to receive the names of all intending members.

The evening program was heartily applauded and consisted of the following numbers: Vocal solos by Miss Bertha Smith, David McCartney, Miss Ricketts, G. James, Arthur Harris and Mr. Parker; reading by Miss Bertha Smith, and piano solos by Arthur Harris and Miss Ricketts. Refreshments were served at the close of the meeting and the members were regaled with a corn boil, something that they had learned to appreciate in the land of

Deaths

Walter W. Hawker

Walter W. Hawker passed away at his residence, 260 Prince William street, last evening after an illness of about three weeks. His death is very deeply regretted by very many friends.

Mr. Hawker was born in England and came to this country about 40 years ago. He was for a number of years head accountant for the firm of Manchester Robertson Allison, Limited, and held in high regard by all who knew him personally, and all with whom he was associated with in business. He was a faithful member of the Queen Square United church congregation, and was also a member of the Independent Order of Foresters.

Besides his wife he leaves one daughter, Mrs. Hilda Rayworth, a teacher of music at Landers College, Greenwood, S. C. He is also survived by one brother and two sisters residing in England. The funeral will take place on Saturday afternoon from his late residence.

Mrs. Julia Hahir

ST. GEORGE, Sept. 23—Many friends and relatives will hear with regret of the death of Mrs. Julia Hahir, widow of the late Thomas Hahir, who died at her home in Roxbury, Mass., on Monday, Sept. 18. She was a daughter of the late Owen and Mrs. Boyne, and was born in St. George, leaving here when a young girl and making her home in Boston.

Two sisters, Mrs. Katherine McMorrow and Miss Ellen Boyne, of Worcester, and one brother, Neil Boyne, of Boston, survives. James Boyne is a nephew and Mrs. Neil McMullen of St. George, a niece.

HELP YOURSELF TO HEALTH

Worn and weary—but not from work

ONLY a few months ago he was feeling fine. A full desk meant nothing more than a full day—a challenge which he eagerly accepted. Life was worth living then. . . . But now . . . now he seemed eternally tired, lifeless, exhausted. His head was dull and aching. Work was a frightful bore. Life was barren of interest. Where would it all end? . . .

In the work-a-day world there are thousands of men and women who suffer from constipation. They try this and that, forever seeking relief and seldom finding it. Yet there is sure, permanent relief from this insidious disease—Kellogg's ALL-BRAN.

Kellogg's ALL-BRAN is a safe, natural way of relieving constipation. It will drive the sluggishness out of the system and restore that vivid vitality so necessary to perfect health. It will do these things because it is ALL-BRAN and not part bran. As Kellogg's ALL-BRAN journeys through the system its fiber remains un-

changed. It remains a bulk food, as doctors call it. Because of its bulk it sweeps, cleans and purifies the intestine.

If eaten regularly, Kellogg's ALL-BRAN is guaranteed to bring permanent relief, or your grocer will refund the purchase price. Eat two tablespoons daily—in chronic cases, with every meal. Its delightful nutty flavor makes it good as a cereal. Serve with milk or cream alone or with fresh or preserved fruit; with other cereals; use in soups, cook in hot cereals, or in the recipes given on every package.

Beware of a part-bran product

Only ALL-BRAN brings sure results. A product which is only part bran can bring, at best, only partial results. Often none at all. Kellogg's ALL-BRAN is the original ALL-BRAN—a 100% bran product. That is why doctors recommend it. Your grocer sells it. Get a package today. Also served in all hotels and restaurants. Made by Kellogg in London, Canada

DR. F. R. TAYLOR'S CATTLE WIN AT CAPITAL FAIR

Saint John Exhibitor Leads in
Showing at Fredericton
Exhibition

FREDERICTON, Sept. 23—The Fredericton exhibition was favored today with another beautiful autumn day and thousands of people attended. The judging in various sections advanced rapidly. Livestock is well advanced and the winners will be paraded in the show ring on Saturday. Dr. F. R. Taylor, K. C., of Saint John, was a heavy winner in the dual purpose class of cattle. He captured every first except for yearling heifer, which went to the Dominion Experimental Station, and also every other prize given except a third for two-year heifer, which also went to the Experimental Station. His cattle have been greatly admired. The Royal Bank cup was won by him. In Short horns, C. R. Trenholm and Thomas Etter also divided the honors evenly but in Herefords Mr. Etter swept the class. He also took the special Weddall prize for best beef female.

FEATURE DAYS
With two more days of the exhibition left there is promise of public interest keeping up to the pitch reached during the week. Friday is children's day with special features of the program for the school children. Saturday afternoon is to have the special feature of automobile races on the race track. A number of prominent drivers from the United States are here now with their racing machines. The engagement of the St. Mary's Band of Saint John was finished tonight. The organization has won the warmest praise during the two days it has been at the race track and fair grounds.

BRITANNIA ENDS RACING FOR YEAR

King's Yacht Withdrawn Owning to Unsatisfactory Result of Alterations

Keen disappointment was manifested when the official announcement was made recently that King George's Britannia would take no further part in racing this season, and that with the King's consent, her remaining engagements had been cancelled. These races were to have been contested at Southsea, Calshot, Bournemouth, Bournemouth, Torquay and Dartmouth. The withdrawal of Britannia, together with the dismasting of Sir Thomas Lipton's Shamrock, which was dismasted at Ryde, has reduced the yacht racing in the classic to White Heather, Lullworth and Westward.

HAMPTON MAN IS REPORTED AS SAFE

Joseph J. Keohan, son of Mrs. John Keohan, of Hampton, is reported safe and well at Miami. He has been residing in Miami for the last year and since the word of the hurricane in that district was received here his relatives and friends have been very anxiously waiting for word from him. His mother received a telegram yesterday morning with the most welcome news of his safety.

COAL SHIPMENTS TO GREAT BRITAIN

More than 800 shiploads of American coal were sent to Great Britain during May, June and July of this year, in consequence of the strike of British coal miners which began in May. Our total export of coal to Great Britain in the year 1925, as recorded by the Bureau of Research, United States Shipping Board, was less than 3,000 tons, but in the first month of the strike period we shipped more than ten times that quantity to British ports. June shipments advanced to 485,000 tons, and the July total reached 1,254,000 tons. As there appears to be no decline as yet in the British demand for American coal, it is expected that the August export will equal or exceed that of July.

FRANCE BUILDING 13 MOTORSHIPS

Of 13 motorships now under construction or on order in French shipyards, eight are to be engaged by Burmeister & Wain. Four of the vessels are building at the Penhoet yards, namely the Brazilian passenger ship Itapage, an 11,000-ton deadweight cargo vessel for the Norway Pacific Line, and two cargo ships for Wilhelm Wilhelmsen of 7,500 and 9,500 tons, respectively.

Morning Stock Letter
NEW YORK, Sept. 24.—While stocks showed some lack of interest in the trading yesterday afternoon, the best issues held strongly and we see no reason to change our opinion that on small ticks the good stocks can be bought. Well informed interests on the floor say there is evidence that the short interests at the present time are no longer in general business, and with conditions affecting the market, the unchanged. The one quarter remain now in the crowd, and the factor of the market is close watching, and this situation is quite favorable. We rather expect a sharp advance in the market, and the general strength in the market is likely to lead to a rally in the near future. BOY WILL BE SENT HOME TO HIS FATHER
Lad Found in West Side Street Said He Left Uncle's Farm
Stewart Amon, 13 years of age, was found wandering in West Side Street last night and was given in care of the police. He said that his mother was dead and that his home was in Enfield, N. S. where his father now resides but that he had been staying with his uncle, Cecil Coates, near the hill, Kings county, all summer and had left last week and has been wandering around ever since. The police department communicated with Mr. Coates and asked him if he would take the boy back and he replied that he would not as the boy kept running away and when he would not return tonight.

EVERYBODY HELPING
The Women's Hospital Aid is greatly encouraged by the response to their list of tickets for the Heughan recital Tuesday night after the Imperial Theatre's second show. As the object is strictly a public-spirited one and the great Scottish baritone and the pianist, are tendering their services out of personal expenses only, in aid of the services of the staff are a donation in support of the object, and everybody approached seems willing to assist. Mr. Heughan's concert on his previous visit here still being referred to as high spots in the musical happenings of last season.

REPORTED BEATING
A woman resident of Sydney street phoned to police headquarters last night about 11 o'clock saying that a man was beating a woman in a near by house. The man had left before the policeman had arrived.

TUNNEY VICTORY
MAKES \$300 FOR CHARLETON MAN
Only Lately Made \$1,000 in Baseball—Delaney Visits Here
As a result of Tunney's remarkable victory over Dempsey last night, at least one man in West Saint John is extremely happy. Indeed his happiness began a week ago when he won \$1,000 on baseball. The notoriety of this winning was not long reaching the ears of some Dempsey fans; one of whom, the story goes, induced the winner of \$1,000 to lay a bet on Tunney at odds of three to one. The Charleton man was wise enough not to risk all his money on the unknown quantity of Tunney, but laid down a wager of \$100. The result is that today he has \$1,800 in sporting winnings instead of \$1,000 of yesterday.

NOTED SCULPTOR
DEMANDS APOLOGY
Criticism by Peer Moves Epstein to Withdraw Exhibits in London
LONDON, Sept. 24.—Jacob Epstein, the famous modernist sculptor, whose works, succeeded in arousing a storm wherever exhibited, today consented to permit two of them to remain on exhibition at the Art Gallery in Liverpool following the repudiation of remarks made by Lord Waverlee by the committee in charge.
On the opening of the exhibition Monday, Lord Waverlee, who severely criticized Epstein's bronze which were on exhibition today he explained that he did not know then that the gallery committee had requested Epstein to send the exhibits and that, had he known it, he would not have made his criticism.
In asking that his works be returned the sculptor said he regarded Lord Waverlee's speech "as an outrage of the worst sort."
Discussing the affair, today's Evening Standard says: "The incident is instructive, and it need not be regretted if it teaches art patrons in general the courtesy due to talent as well as to social position. Many people admire Mr. Epstein's work. They have an unerring eye for the right to ask favors of an eminent artist, but they are prone to forget that it is due to talent as well as to social position. Many people admire Mr. Epstein's work. They have an unerring eye for the right to ask favors of an eminent artist, but they are prone to forget that it is due to talent as well as to social position."

DELANEY WAS HERE
Since boxing chatter is rife today it will be of interest to local fans to know that none other than the new light heavyweight champion, Jack Delaney, was in town a few days ago on his way to Chatham, accompanied by his wife, who has relatives in that locality. Delaney, a French-Canadian, whose right name is Chapdelaine, motored to Saint John from Bridgewater, Conn., in a flashy yellow high speed roadster and was a conspicuous figure about the streets, though very few recognized him, nor did he disclose his identity.
The New Brunswick Telephone Company staff had a busy time last night when the Dempsey-Tunney battle was on and for some time after hearing for the seekers after information about the fight. It was estimated this morning that the ordinary amount of calls were handled by the operators at central.

AIRWAY BACKERS
LOUD IN CRITICISM
Imperial Company Shows Loss of \$20,414 For Year's Operations
LONDON, Sept. 24.—Judging from the second year's report—for 1925—of Imperial Airways Limited, made to the stockholders today, investing in airplanes is no safer than riding in them. When Sir Eric Geddes, chairman of the corporation, today reported the year's loss of £20,414, against the previous year's loss of £12,917, several stockholders were bitter in their criticism of the conduct of the company's affairs. Sir Eric said the company had suffered from a shortage of planes during the height of the season. He decried the real test of the seriousness of the company's policy would show in the report for the third year. The report India service, he said, would be inaugurated the first of January.

IRLAND PLEASED
BELFAST, Ireland, Sept. 24.—County Mayo, on the west coast of Ireland, is delighted over Gene Tunney's success. It claims both the father and mother of the new champion as natives, and Gene still has relatives there, and his father, the late Henry Tunney, lived near Westport.
TWO THIS MORNING
One man, on a charge of drunkenness, was in the Police Court this morning and was fined 88 or two months in jail. One man forfeited a deposit of 88.

HORSE OWNER FINED
Gilbert Budevitch was fined 85 in the Police Court this morning for allowing his horse, attached to a wagon, to stand in Winter street on the wrong side of the road, on the afternoon of Sept. 21, without a foot strap.

Evans Declares He Is Pure Progressive
Canadian Press
REGINA, Sask., Sept. 24.—John Evans, Federal member-elect for Rosetown, has issued a statement to the effect that he was elected as a straight Progressive, and not as a Liberal-Progressive. Mr. Evans states that "my support of the Liberal party in the House of Commons last session was freely given because of the splendid program of legislation outlined in the speech from the throne. Under the same circumstances, I shall give the same party unstinted support in the coming parliament; but I am in no way testing myself to support any party as I consider myself responsible only to my electors."

PROPERTY DAMAGE AT PENSACOLA AND MOBILE WILL REACH \$5,000,000
MOBILE, Ala., Sept. 24.—In striking contrast to the loss of life it caused on the Florida east coast, the recent tropical hurricane, appears to have caused no deaths. Property losses, however, will be heavy, especially at Pensacola, where details yesterday were headed by an estimate of \$5,000,000 damage to vessels and shipping interests including the damage to the Pensacola navy yard and 28 airplanes there.
Pensacola's greatest loss was to wharves, ship property and beach structures, as well as to small vessels in the harbor, but that city is rapidly getting back to normal. Mobile, too, was returning to normal in rapid shape and a check showed that no buildings had been demolished.
Most of Mobile's loss was damage to roofs, and household furnishings, while business houses suffered damage from rain when parts of roofs were blown away.

IS WORRIED ONLY ABOUT DEMPSEY
Ex-champion's Wife Not Concerned Over "Fame, Fights or Fortunes"
CHICAGO, Sept. 24.—Ettie Taylor of the movies, who married the former world's heavyweight champion, hastened eastward today, to comfort the "Lark Dempsey she knows as a big blackbird" boy in the hour of his great disappointment.
"I don't care two whoops about fame, fights or fortune," she proclaimed, "so long as his name is Jack Dempsey and he's crazy about me, as I am about him."
"All I want to know is that he's all right!"

LEAVING CITY
PREACHER IS GOING TO FAR AWAY FIELD
William Boaz MacGregor to Maylasia Islands—Farewell Sunday
William Boaz MacGregor, who has been preaching in Pythian Castle for the last five months, will give his farewell sermon Sunday evening at 8 o'clock.
He has been called to another field of labor, south of the Equator, Maylasia Islands, 12,000 miles from Saint John.
"In all my travels round the world," he said, "Saint John is one of the most beautiful cities I have seen. Situated as it is at the mouth of the Saint John River, built upon a peninsula and with a rocky effect, its many little bays make the picture complete.
"King Square is the most perfect and beautifully laid out green with flowers I have seen. This is the longest stay I have made in any one place in my tour round the world. And I shall always have a warm place in my heart for the City of Saint John."

Dempey's Nose Is Unchanged By Bout
PHILADELPHIA, Sept. 24.—Jack Dempey's \$10,000 nose without the jarring of Gene Tunney's fate just as Dempey figured it would. It was still just as Roman looking as ever today, undamaged, with no signs of cracking. Dempey, giving a coup de grace to his reborn nose, was chiefly concerned with the appearance of his left eye, which is tinted green with a shade of blue. The swelling was considerably reduced by hot applications.

6 MONCTON CLUBS ASK FOR MEETING

South End to Consider Resolution Favoring N. B. Baseball Branch

A new angle to the present amateur agitation in New Brunswick has arisen through the decision of six of the seven affiliated clubs in Moncton to draft a message asking President Doyle of the M. P. B. to call a special meeting for Amherst, on October 8 to consider charges made by A. W. Covey in regard to professionals sitting in at the last annual meeting.

A meeting of the South End League executive has been called for this evening at 7:30 o'clock at the club rooms at the grounds to consider a resolution advocating the formation of a New Brunswick branch of the Canadian Baseball Association and also for New Brunswick to stay within the M. P. B.

AT MONCTON

MONCTON, Sept. 23.—At a special meeting of the affiliated athletic clubs of the city held tonight in the Y. M. C. A., which was called in order to ascertain the stand taken by the local clubs regarding a break with the M. P. B. and the forming of a separate branch to govern athletic affairs pertaining to New Brunswick, aside from Prince Edward Island and Nova Scotia, it was the unanimous decision of all

present to oppose any such movement. The clubs represented at the meeting were the C. N. R. A. A., M. A. A., A. C. C. A., St. Bernard's Athletic Hockey Club and the Y. M. C. A. Only one club, the Rovers Hockey Club, did not have a representative in attendance.

The meeting also drafted a message to be sent to the president of the Maritime branch of the Amateur Athletic Union of Canada requesting him to call a special meeting to take place at Amherst, October 8 to deal with charges as published in The Telegraph-Journal of Saint John, of irregularities at the last annual meeting at Amherst. In discussing the question of this province breaking away from the M. P. B., practically all those present spoke on the matter, voicing the sentiment that there was no apparent motive for such action, and as this city has always received favorable treatment from the Nova Scotia clubs it was felt that the meeting should place itself on record to this effect, and the following resolution was passed: Be it resolved that this meeting of the affiliated clubs of the City of Moncton go on record as being satisfied with treatment accorded them by Nova Scotia and Prince Edward Island officials in the past, and are absolutely opposed to breaking away from the M. P. B.

Harry Hutton presided, and when he asked the clubs their opinion of the amateur situation as it now exists in regard to the various charges made in reference to the annual meeting held at Amherst, a discussion followed. It seemed to be the consensus of opinion that in view of charges that have been made as the result of the Amherst meeting, the only way out of the present difficulties would be to have the whole matter threshed out at a special meeting, and a wire was drafted and signed by all the clubs present, to be sent to President Doyle. The meeting adjourned to meet next Thursday night to further talk over the situation.

IN BIG LEAGUES

Cincinnati probably will be given an opportunity to play off yesterday's tie game with Philadelphia in order to complete the schedule of 154 games. One more loss in the Cincinnati column will leave the Reds only the possibility of a tie with the Cardinals. Another St. Louis victory will have the same effect on the standing. The Cards were matched against New York today, and the Reds against the Phillies. Cleveland resumed its stern chase to over-

NEW ST. ROSE'S PASTOR HERE TO BEGIN DUTIES

Milltown Congregation Sorry to Lose Rev. M. T. Murphy

The newly appointed pastor of St. Rose's church, Fairville, Rev. Michael T. Murphy, M. A., arrived by automobile last evening from Milltown, his former pastorate, to assume his new duties and will celebrate mass in St. Rose's on Sunday. He has already been heartily greeted by parishioners who met him today.

PRESENTATIONS MADE.

Father Murphy's departure from Milltown was much regretted, as was evidenced by the sentiments expressed in an address presented to him last Monday evening, accompanying a purse of gold. The presentation was made at the close of the Forty Hours Devotions, in which Father Murphy was assisted by Fathers Carroll of Woodland, Sullivan of Eastport, Howland of Kingsclear, O'Keefe of St. Andrews and Rev. Mgr. O'Flaherty, D. F. of St. Stephen.

The address to Father Murphy set forth that his people felt that they were losing not only a true spiritual leader but also a priest who had proved his ability as a builder and a most able executive in temporal affairs. The work he had done on the church and property was not only a credit and delight to the Catholic people of Milltown but had earned the appreciation and praise of non-Catholic friends and would be a monument to his energies and capabilities. He would take with him the love and prayers of every member of the congregation, with whom he had greatly endeared himself. Father Murphy made suitable reply to the sentiments expressed. On a previous evening the pastor was honored by the Patricia Club, when a large number gathered to bid him farewell and to present to him a purse of gold. The St. Croix Courier says: "Rev. Father Murphy was graduated from St. Joseph's University with the degree of B. A. in 1895 with distinction and the same university on its sixtieth anniversary named him a special speaker for the occasion and gave him the degree of Master of Arts. He came to Milltown from Devon in 1920 and the people made him 'sponsor for the newly incorporated town. The congregation in Milltown and its vicinity on the border were delighted that he was the beloved Father Ryan's successor. Of his character it is difficult to speak. It was, in a word, to all."

ST. MARY'S SUNDAY SCHOOL ELECTION

Officers Chosen Last Evening— Rally Week is to be Held

The annual meeting of the Sunday school teachers of St. Mary's church was held last evening with Rev. R. Taylor McKim in the chair. After hearing reports which revealed the excellent condition of the Sunday school, the following officers were elected:— First superintendent, Rev. R. Taylor McKim; second, J. N. Robinson; Raymond Sullivan; first primary superintendent, Mrs. H. R. Colman; second, Miss Gladys McCurdy; secretary, Thomas Dwyer; assistant secretary, Fred Lewis; treasurer, Miss Dorothy Lane; first pianist, Miss Edna Nutter; second, Miss Bertha Barton; lantern slide librarian, Miss Eva Mitchell; lantern slide custodian, Raymond Sullivan; second, Walter Brundage. The chairman welcomed the teachers and officers of all Sunday schools of East Saint John. Rev. J. H. Holmes, rector of St. Jude's church, West Saint John, gave an address on the Sunday school which will have a rally week commencing next Sunday when the Rev. A. J. Fenton, rector of Westfield, will assist the rector.

The club, which was named after Lord Byng, and it was expected that he would be a guest of the members again this fall, but he found he was unable to come here.

FOR BRIDE-TO-BE

The home of Mr. and Mrs. George Stevens, Connors street, Fairville, was the scene of a merry gathering last evening, when 75 young people tendered a novelty shower to their daughter, Miss Eva Stevens, whose marriage will take place at an early date. Little Helen Stevens, niece of the guest of honor, daintily attired in a frock of white organdie, and Master Alfred Stevens, nephew, also dressed in white, wheeled into the room a decorated ver, cut glass and linen. A delightful evening was spent in music and dancing. Ross Melvin gave violin selections and Miss Hilda Humphrey contributed piano solos. Dainty refreshments were served by the hostess, assisted by Mrs. William McAllister, Miss Marguerite Henderson and Miss Edna Stevens.

The work of placing a new curbe at the corner of Winter and Wall streets was completed today by the New Brunswick Power Company and service through Winter street resumed.

GETTING ALONG

Good progress is being made with the annual inspection of the stop cocks and main gate valves, Commissioner Wignome said this morning, but it will take about another month to complete the job.

HELP ORPHANS

Louise Culley, Dorothy Downs, Myrtle Osborne, Margaret and Dorothy Magee, of the Sunday school, held a bazaar on last Saturday, and realized \$5.51, which they gave to H. Usher Miller, secretary, for the Protestant Orphanage.

CERTIFICATE SUSPENDED.

The certificate of the Maritime Cannery Ltd., giving them the right to sell stock in New Brunswick, has been suspended by the Public Utilities Commission, pending an investigation, to be held October 7. It was announced this morning at the office of the commission. The factory of the company, located at Gorham's Bluff, was destroyed by fire some weeks ago, the loss being about \$8,000.

AS TO OCEAN RATES

That the increase in freight rates from Canada to the British Isles, referred to elsewhere, would affect this port one way or the other, was the opinion expressed this morning by H. C. Schofield. He was made by the Canadian conference, the American conference would follow suit and also increase the rates.

As Hiram Sees It

THE SETTLEMENT: A kingfisher lit on the side of the wharf this morning and looked down into the water. After a minute or two he dove off that wharf—'an' come right up 'n' lit on the wharf again. In a few minutes down he went again. Three times he dove off that wharf—'an' then flew away. Me an' the town feller wasn't close enough to see whether he got a fish each time or not—but it ain't likely he went away hungry. Our little misquash friend was feelin' again close to the shore below the wharf—'an' a spell he swam ashore 'n' run away up through the willows to the brook that comes in there. The next thing we seen was the wash from a steamer—'n' by that time it was quite a long way up—'n' the waves were rollin' in on the shore. The text fer a sermon they was a good 'pose he was thinkin' about waves of human influence—or something like that. We sometimes start things we can't stop.

RED CROSS WORK FOR SOLDIERS REPORTED ON

Booth at Exhibition Realizes \$172—Hospital Committee Meets

At a meeting of the Red Cross Hospital Committee this morning, a report was given of the sale of work for the soldiers at the Exhibition. The booth had been in charge of Miss Brownell and Miss Keefe assisted by members of the hospital committee. Altogether \$172 had been realized and several orders taken. The soldiers from Lancaster Hospital had been the guests of the exhibition committee and the Red Cross.

Miss Jarvis reported several branches had sent requests for jam labels and that Mrs. E. T. Sturdee and Mrs. Tilley would take charge of the stores. Mrs. J. H. Doody, convener of the motor corps, reported that the following had kindly donated cars through the season for the soldiers: Mrs. Thomas Bell, Charles Macdonald, Miss Alice Lockart, Mrs. S. C. Barbour, Mrs. A. C. D. Wilson, C. B. Allan, Mrs. F. Stetson, C. L. C. Allison, Walter Pearce, Mrs. Atwater Smith, Mrs. James Stoddart, Mrs. Frank Fawcett, Mrs. H. Soules. The Countess of Ashburnham had also been most generous in sending her car for the exhibition.

Generous donations were received from R. D. Smith, Hampton, for flowers; from Mrs. R. J. Hooper, jelly and cordial; from Mrs. C. Mackay, mah jong set and flowers from the Westfield and Robtway Red Cross societies. Mrs. E. R. Taylor reported one death in Lancaster Hospital. Plans were made for winter entertainments at the hospital. Requests for books to replenish the library at Lancaster were made. The donors are asked to send the books to the depot or if unable, Mrs. Walter Harrison will call.

Mr. McEwen, who is a native of Saint John, has been in charge of the boys' work here for one year, and while here made many friends who will be glad to hear of his appointment to this important post. He also announced that Wilfred Buckley, a native of Halifax, had been appointed boy work secretary of the Westmount Y. M. C. A.

CHURCH PLANS MADE

Ludlow Street at Home and Roll Call—Sunday School Rally

At a meeting of the finance and trustee board of Ludlow street Baptist church, last evening, J. Firth Britain, president, some matters discussed were the church at home and annual roll call, to be observed for one week, beginning the first Sunday in November. Special features of that week will be a concert and a harvest supper, closing with a Thanksgiving service on the following Sunday. A Sunday school rally is to be held the first Sunday in October. The re-organization of the church choir under the direction of S. H. Mayes, choir leader, was also discussed. The choir will be present at the service on the first Sunday in October.

SOMETHING ABOUT SOUSA

John Philip Sousa, who mixed with citizens during his stay in Saint John and made a facetious speech before the Canadian Club, is 73 years of age and rated in the commercial agencies as being worth over \$4,000,000. He has his residence at Manhasset, N. Y., and is a man of decided domestic tastes, although he suffered an injury to his hand, married children and grandchildren. He is an ardent horseman, although he suffered an injury to his right arm in being thrown from his horse a few years ago that has robbed him of something of his well known grace in conducting, forcing him to confine baton movements to a limited scope. Mr. Sousa's income is large and continuous, due not only to concert engagements, but to royalties on his compositions and the reproduction of such on mechanical musical devices. It is said that on his famous march, "The Stars and Stripes Forever," alone, his income has already reached over \$800,000.

WEST SIDE OFFICE

The new quarters of the water and sewerage department for west side, which are in the rebuilt Carleton city hall, are about ready for occupation and will be taken over on November 1. Commissioner Wignome said this morning. The assessment of the building will be used for storage of tools and materials and an office will be located on the ground floor to the right of the main entrance.

Travelers' Aid Tag Day Is Neady

Tomorrow morning those Big Sisters to the Strangers at our Gates will be paying us all the compliment of suggesting a Tag contribution.

Their quiet service goes on all the time—protecting and guiding Girls who arrive by train and boat—helping the old and the sick—offering a friendly arm to one and all, hounding out and deporting undesirables. This good work must go on—\$2,000 is needed for current costs—and the measure of your contribution tomorrow will reflect your feelings in this vital social duty.
