Heartily Welcome Everywhere in City For Governor-General

His Excellency Spends a Busy Morning Visiting

Makes Several Addresses Reply to City Address at Depot and Pleasing Speeches to V. A. D. Workers and in St. Vincent's and High Schools

His Excellency the Duke of Devonshire, Governor General of Canada, on the occasion of his first visit to St. John, had an opportunity to see the city under normal conditions today and so perhaps get a better idea of the city and the people as they pursued their usual avocations than have other governors when the time of year, weather and other conditions have made it possible for the city to turn out en masse to welcome the representative of the line.

There was no public demonstration on a large scale and the visit of His Excellency was rather in the nature of an official inspection than a festive occasion. But, wherever he went, the reception which he received would leave no room for doubt regarding the loyalty of the people and their respect and veneration for the governor-general who during his stay in Canada has won such a high place among the many distinguished men who have occupied that exalted office.

Arriving on a special train from Fredericton His Excellency reached the city at 9:45 o'clock this morning. He was accompanied by Lieut.-Colonel Henderson, military secretary; L. D. C. and Major Island, A. D. C.

After the official welcome had been extended at the station, the party proceeded by automobiles to visit the Atlantic Sugar Refinery; then to the V. A. D. Diet Kitchen; St. Vincent's High School; the United High School; the Red Cross rooms; and at one o'clock was the guest of the Canadian Club, which His Excellency visited.

This afternoon the official party was to proceed to the V. A. D. Diet Kitchen, where a public reception was to be held. In the evening the governor-general will be entertained at a formal dinner in the Union Club and later in the evening will visit the Great War Veterans' Association rooms.

The arrival. When the special train drew into the station there were present as an official reception committee, Mayor Hayes, Commissioners McLellan, Fisher, Bolles and Hilyard, Senator Daniel, S. E. Elkin, M. P., R. W. Wigmore, M. P., H. W. P. Roberts, M. P., J. B. M. Baxter, M. P., L. P. D. M. P., J. H. Campbell, M. P., P. C. H. E. Wardrop, common clerk; D. C. Lingley, city chamberlain, and Adm. MacIntyre, city comptroller. Behind them a guard of honor composed of picked men of exceptionally fine appearance, was drawn up, with the Depot Battalion Band beside them.

Lieut.-Col. Henderson was the first to alight, and on his invitation, His Worship, Mayor Hayes, boarded the train and was presented to the governor-general. His Excellency soon appeared on the platform and was greeted with the strains of the national anthem by the band. The members of the reception committee were presented and the mayor read an address of welcome.

Mayor's Address. To His Excellency Victor Christian, William, Duke of Devonshire, Marquis of Hartington, Earl of Devonshire, Earl of Burlington, Baron Cavendish of Hardwick, Baron Cavendish of Keighley, K.C., P.C., G.C.M.G., G.G.V.O., Governor-General of Canada. May It Please Your Excellency.

It is with sincere pleasure that I, on behalf of the citizens of the loyal city of St. John, welcome you on this the occasion of your first visit to the Loyalist city by the sea.

We welcome you as the representative in Canada of our Gracious Sovereign King George and the people of Great Britain, to all of whom we are bound not only by the ties of blood and mutual interest, but by the fellowship of suffering and the sacrifices which we have been called upon to make during the past four and a half years of war, which has so recently come to such a victorious and glorious conclusion.

St. John has shared with the rest of the empire in the sorrow and the glory of those years. Our men responded to the call, many of them have laid down their lives and many homes in St. John mourn for those who will not return, but all rejoice that the sacrifice was not in vain and that the dream of German world power has been shattered.

We also welcome you as a worthy member of a distinguished family, to many of whose members have for generations taken a leading and honorable part in the affairs of the empire.

We trust that at some time not too far distant during your term of office, it may again be our privilege to welcome you to St. John, and that you may be accompanied by Her Excellency the Duchess, when we can express to her personally our deep sense of appreciation of the great interest she has shown in the affairs of Canada, especially in its relation to war activity and patriotic endeavor.

The population of St. John may not be large, but the hearts of our people are warm. We welcome you heartily to our city and trust that your visit may be pleasant and that the years you spend in Canada may be filled with happiness.

We would express our appreciation of your endeavors in promoting good feeling and strengthening the ties that bind the people of this Dominion to the people of the Motherland and all other portions of our great empire.

His Excellency replied briefly, commenting on the fact that the empire had just emerged victorious from the greatest war that had marked the history of the world and that now the period of reconstruction with its problems as great and as important as those of war must be faced. In this great work, he said, he knew that St. John would take as active a part as it had in the serious work of winning the war.

An inspection of the guard followed, with some complimentary remarks by the governor-general on the appearance of the men. The party then boarded motor cars for the visits to places of interest around the city.

SAYS BRITAIN AND UNITED STATES CAN KEEP PEACE OF THE WORLD FOR 100 YEARS

Senator Williams Declares English-Speaking Nations Powerful Enough to Maintain League of Nations Themselves

New York, Dec. 4.—Special despatches from Washington quote Senator Williams (Democrat) of Mississippi, in the course of a debate in the senate yesterday, as saying: "The two English-speaking countries, Great Britain and the United States, can maintain a league of nations, even if France, Belgium, Italy and other nations refuse to have a part in it. "If the two English-speaking nations go into it by our own sea power, by our control over raw materials, by our control over natural resources, force the other nations of the world to do the

league's bidding. We can agree that any civilized nation that makes war upon another without first submitting the questions in controversy to an arbitration tribunal shall be outside of the pale of civilization, and that the freedom to operate upon the high seas shall be denied to her that accords to the sea nations in the league shall control shall be denied to her, and in that way we can keep the peace of the world for one hundred years if we only have the courage to do it. That is what Woodrow Wilson is doing for Europe."

member of a distinguished family, to many of whose members have for generations taken a leading and honorable part in the affairs of the empire. We trust that at some time not too far distant during your term of office, it may again be our privilege to welcome you to St. John, and that you may be accompanied by Her Excellency the Duchess, when we can express to her personally our deep sense of appreciation of the great interest she has shown in the affairs of Canada, especially in its relation to war activity and patriotic endeavor.

The population of St. John may not be large, but the hearts of our people are warm. We welcome you heartily to our city and trust that your visit may be pleasant and that the years you spend in Canada may be filled with happiness.

We would express our appreciation of your endeavors in promoting good feeling and strengthening the ties that bind the people of this Dominion to the people of the Motherland and all other portions of our great empire.

His Excellency replied briefly, commenting on the fact that the empire had just emerged victorious from the greatest war that had marked the history of the world and that now the period of reconstruction with its problems as great and as important as those of war must be faced. In this great work, he said, he knew that St. John would take as active a part as it had in the serious work of winning the war.

An inspection of the guard followed, with some complimentary remarks by the governor-general on the appearance of the men. The party then boarded motor cars for the visits to places of interest around the city.

The first place visited was the Atlantic Sugar Refinery. Here His Excellency displayed great interest in the process of sugar making and went from one department to another, following the sugar through the course of manufacture from the raw state to that of the completed product ready for shipment. The next place on the programme was the V. A. D. workers' diet kitchen.

The Diet Kitchen. "This is a magnificent work that you are doing," said His Excellency when he had completed his inspection of the Diet Kitchen in King Street. "Throughout the whole period of the war your organization has carried on a work which has won the admiration of the entire country and which has entitled you to the gratitude of the nation. When this calamity in the form of an epidemic followed the wake of the war, your organization again rose to the occasion and has rendered invaluable service. I must congratulate you on the splendid work you have been doing, on the excellence of the arrangements and the efficiency which has been shown in your work, and I also want to extend to you the thanks which you so richly deserve for your successful efforts in making easier the lot of the afflicted."

When the duke arrived at the diet kitchen, accompanied by his staff and the city commissioners, he was received by Mrs. G. A. Kuhring, superintendent of the St. John Ambulance Brigade, Nursing Division No. 27, and Mrs. T. E. Girvan, quartermaster of the division. After a few words of welcome, the party was escorted around the various departments and given an opportunity to see the work of the corps in operation. Those in charge of the various departments were: Miss Dorothy Robson, dietitian; Mrs. A. M. Rowan, bottling; Mrs. Dorothy Bilsard, diet sheets; Miss Jennette Bullock, packing; Miss Edith Miller, automobile distribution; Miss Eileen Cushing, telephone staff, and Mrs. A. C. Skelton, official investigator.

WILSON AWAY ON THE GEORGE WASHINGTON

For First Time in History a President of United States Boards Vessel for Voyage to Europe

New York, Dec. 4.—For the first time in the nation's history a president today stepped on board a steamship which was to take him to Europe when Woodrow Wilson boarded the gang plank of the transport George Washington, heading for a distant sea awaiting his arrival from Washington. The George Washington was prepared to sail two hours later on its supererogatory voyage to France where the president is to take a part in the peace conference.

A picturesque military reception was accorded the presidential party upon arrival by special train, which reached Hoboken at 7:30 a. m. The transport George Washington got under way at 10:15 a. m. Admiral Albert Gleaves, head of the cruiser and transport division of the Atlantic fleet, met the president and shook hands with him at the entrance to the gangway of the vessel.

President and Mrs. Wilson had breakfast alone in the private dining room, which is part of the suite. Later they took a short stroll on the deck and were applauded by persons assembled on the pier.

The president, in high spirits, said he was looking forward to the voyage as a real—indeed, the first real step in assuming office as president of the United States. The George Washington, with its convoy of war vessels, will take the southern route, going by way of the Azores in order to avoid the colder temperatures which would be encountered on the northern route.

Against Militarism. New York, Dec. 4.—Prior to President Wilson's departure for Europe, it became known that he goes determined against militarism in any form. The crushing of the Lusitania was a part of the whole plan for the future peace of the world, the president feels, according to persons who conferred with him on the transport George Washington before it sailed.

SPIRITED SCENE AS WILSON LEAVES. New York, Dec. 4.—With the president waving his hat to cheering throngs about river craft, which crowded near-by waters, the George Washington turned her head toward the sea a little after 10:30 o'clock. As the big liner straightened her course, presidential salutes of twenty-one guns thundered from the vessel's guns.

The big ship headed more than half way across the river before she turned, and when two destroyers and a naval tug took her in escort for the trip down the bay, the message was wireless to a multitude of pleasure-cruising craft and upper windows of New York skyscrapers and piers on both sides of the Hudson.

The tug took a position directly ahead of the George Washington, stopping all cross-stream traffic and clearing a path toward quarantine, while the destroyers ranged along either side. As the fleet started down the bay a squadron of airplanes dropped from the clouds and executed a series of daring loops above the president's ship.

About seven days will be required for the trip and the ship will dock at a French port, presumably Brest. The president does not expect to be abroad for more than two weeks, which would give him just a month on European soil. Before the peace conference he will confer with Premier Lloyd George, Clemenceau and Orlando and probably with King Albert of Belgium to discuss salient points of the peace treaty. While in Europe he plans to visit England and Italy, as well as France and he may go to Brussels. He is also understood to intend to make a pilgrimage to some of the battlefields in France. Great preparations have been made in London, Paris and Rome for the president's reception.

Off Staten Island, whose shores were black with throngs who had waited since early morning, the George Washington met its ocean convoy—the dreadnought Pennsylvania and a quintette of destroyers.

The squadron steamed out to sea a single airplane, traveling only fifty feet above the water, could be seen leading the way toward the eastern horizon. Russian Representatives. New York, Dec. 3.—Prince George Lvov, premier in the first Russian provisional government, and Boris A. Bakmeteff, Russian ambassador at Washington, will sail for France this

week to attend a meeting of Russian diplomatic representatives in Paris at which the Russian representation at the peace conference will be considered. New York, Dec. 4.—Twenty-three members of an advisory commission of experts who have made a year's study of political and economic conditions in Europe and Asia will sail with President Wilson and his fellow delegates on the George Washington. With them will go several tons of documents and maps, which, together with other records of their investigations already in Paris, or on the way, comprise a collection of international data said to be without parallel in history.

Organize Branch of Associated Kin. Gordon Wright in City for This Purpose—See That Soldiers Dependents Get Their Due. Gordon Wright, president of the Associated Kin of Canadian Expeditionary Forces is in the city for the purpose of organizing a branch of the association in St. John. This association was founded on September 9, 1914, in the city of London, Ontario, by Mr. Wright and several other patriotic citizens and has since that time been active in the United States and Newfoundland have been organized.

The work of the association is to see that the dependents of soldiers get what is due them. In many cases they have been neglected owing to the involved procedure which in some cases was necessary. Mr. Wright said today that it was just possible that the Imperial League here might be absorbed by the Associated Kin. Some correspondence relative to the matter has been exchanged.

Meeting is to be held at an early date when the whole matter of organization will be gone into. Mr. Wright says that they have nothing to buy or nothing to sell. The organization is purely for the benefit of the soldiers' dependents.

Far Behind Record in Six-Day Cycle Grind. New York, Dec. 4.—Thirteen of the fastest men in the six-day bicycle race had covered 938 miles and four laps at five o'clock this morning, the fifty-third hour. Halstead was leading with 1,159 miles. Five laps, made by Anderson and Dupuy in 1915.

Give From Their Own Stores to Help Victims of Hun Ruthlessness. British Lending Great Assistance to People of Impoverished North France and Flanders. With the British Army of Occupation, Dec. 3.—(By the Associated Press)—The British army is rendering great assistance to devoting a lorry nowadays without seeing it jammed with refugees, both French and Belgians. The government tried to prevent the refugees from returning to the devastated districts, but they preferred their own communities, even though ruined, and so the pitiful procession continued its cruel march to the only places the people know as home.

Repair work on the highways and railways in the British zone is being rushed, with amazing results in remedying the destruction wrought by the Germans in their retreat. The railway between Lille and Brussels will be opened on Dec. 7, and the re-opening of other lines will soon follow.

Russian soldiers who have been prisoners in Germany and has turned them back at the frontier, according to a Berlin despatch to the Express under date of Monday. The incident is serious for Germany because of the necessity of feeding these men.

It is reported that the Russian prisoners have seized four ships at Danzig, West Prussia, which the British Red Cross had obtained from the Germans for the purpose of housing British prisoners.

Britain Will Press Allies With All Her Power WOULD PUT HIM ON TRIAL

Method to be Employed in Matter of Payment by Germany—Allies All Agree—London Paper Says no New Ultimatum

London, Dec. 4.—Speaking at Bootle last night, Chancellor Bonar Law confirmed the statement that the British government had decided to press the Allies as strongly as possible that the surrender of former Emperor William should be demanded and that he should stand his trial.

The chancellor also announced that the government had appointed a committee to examine scientifically into the question of how much the enemy would be able to pay. The government would propose such procedure to the Allies and he believed it would be adopted. An inter-Allied committee would then inquire into the whole question and decide what amount was obtainable. Steps would then be taken to secure its payment.

All Agreed. London, Dec. 3.—(By the Associated Press)—It is understood that the representatives of the Allies in conference at the foreign ministry today were unanimously in favor of demanding that Holland hand over to the Allies the former German emperor and former crown prince.

No official report of the conference was issued beyond a mere recital of the names of those attending it and a statement to the effect that Col. R. M. House of the American peace delegation, prevented by illness from attending.

London, Dec. 4.—All the nations represented at the inter-Allied conference here today may be regarded as in agreement with the policy of Lloyd George as to compelling Germany to pay to the limit of her capacity. The Allies' representatives were also agreed on the proposition of bringing to trial those responsible for outrages on humanity.

No Ultimatum? London, Dec. 4.—The Express says it is able to deny the report from Berlin that a new ultimatum had been sent to the German government because all the locomotives to be handed over under the terms of the armistice cannot be delivered in time. The newspaper says that it is true that Germany is not keeping up to the stipulated schedule (Continued on page 2, seventh column.)

Chosen Mayor for 20th Time. Mr. Ashley Liked in New Bedford—Elections in Massachusetts Cities. Boston, Dec. 4.—Elections in twenty Massachusetts cities yesterday for the most part were marked by a small vote. All mayors who were candidates for reelection were successful, including Chas. S. Ashley of New Bedford, who was chosen for his twentieth term. There were no upsets in the license vote as compared with last year, twelve cities voting for license and eight against.

The license cities are Chicopee, Fall River, Fitchburg, Gloucester, Haverhill, Holyoke, Marlboro, New Bedford, Northampton, Pittsfield, Springfield and Taunton. Those voting no license are Brockton, Cambridge, Leominster, Methuen, Peabody, Quincy, Salem and Waltham.

Wounded for Second Time. Word About Sapper Frederick Ross of St. John Comes to His Mother. Mrs. Edward Ross of 132 Paradise Row was advised this morning from Ottawa that her son, Sapper Frederick Ross, had been wounded in the head and admitted to a hospital in France. While the date on which he was wounded is not stated in the official advice, it is quite evident that it was only a short time prior to the signing of the armistice.

Sapper Ross was wounded before in last October but his wounds at that time were only slight. He is twenty-six years old and prior to going overseas was employed as a teamster in the city. He is at present a member of an infantry battalion.

Romanones Tries to Establish a New Spanish Cabinet. Madrid, Dec. 3.—(By the Associated Press)—Count Romanones, foreign minister in the Spanish cabinet, which resigned over a disagreement as to self-government of Catalonia, has been entrusted with the task of forming a new ministry. He has announced that he will consult with leaders, beginning with former Premier Masura, in order to ensure some process of stability to the new cabinet.

Government in Session. Fredericton, Dec. 4.—The monthly session of the provincial government was begun here this morning. There is considerable routine business. The board of education will meet this afternoon and tonight the government will resume its session.

A delegation from the St. John school board is expected tonight in connection with various matters. Premier Foster was informed by his excellency the governor-general prior to his departure from Fredericton that he much appreciated the welcome extended to him by the people of Fredericton and the hearty response to the invitation to be presented to him.

Russia Refuses Haven to 1,500,000 Soldier Prisoners in Germany. London, Dec. 4.—The Russian government has refused to admit 1,500,000 Russian soldiers who have been prisoners in Germany and has turned them back at the frontier, according to a Berlin despatch to the Express under date of Monday. The incident is serious for Germany because of the necessity of feeding these men.

It is reported that the Russian prisoners have seized four ships at Danzig, West Prussia, which the British Red Cross had obtained from the Germans for the purpose of housing British prisoners.

STATEMENT ON DEMOBILIZATION

First Ships To Bring Chiefly Sick and Wounded

Scheme of Repatriation Thoroughly Worked Out—No Favoritism in Priority Through Private Influences

Ottawa, Dec. 4.—The following statement covering the plans of the repatriation and employment committee of the cabinet council was issued today: "The government is taking prompt steps to face the problem of repatriation. Plans have been worked out in England and France for the transference of the troops from the fighting line to the transport as soon as the need for their services in the field comes to an end. Actual demobilization of the men in the fighting units cannot take place until the preliminary peace terms are signed. The available ships will be used in the intervening weeks to bring back troops in England, chiefly men sick and wounded, and of low grade physical category. Every soldier will be thoroughly advised concerning the steps taken for his return to Canada. He will be given ample notice of the probable date of his arrival in time to notify his friends and relatives. He will be allowed free choice of discharge in any one of the twenty-one disposal areas into which the country has been divided. The government will use every means to keep the men and their relatives at home informed of the development of the demobilization system.

EX-KAISER MOODY; "TERROR IN HIS HEART"; WRITES MUCH OF TIME

London, Dec. 4.—William Hohenzollern wears a dejected appearance, according to the Telegraph's correspondent at Amersongen, Holland, who says that he has talked with "some one who is, come, much in contact with the exile." This person is quoted as follows: "The former emperor wore an air of relief when he arrived at Amersongen, but that soon vanished. Even his cheery wife cannot rouse him from moodiness. The former empress is really something of a heroine and tries to make her husband look on the bright side of things, but in vain. The distinguished fugitive has terror in his heart."

The correspondent adds that the former emperor sits at the window writing as though against time, hour after hour, sheet after sheet, often all the forenoon and all the afternoon.

HEARTY WELCOME EVERWHERE IN CITY FOR GOVERNOR-GENERAL

(Continued from page 1) His Excellency chatted with the various heads of departments and their assistants and displayed great interest in the work. When the inspection was complete, bouillion and crackers were served, and the visitors testified to the high quality of the food served to the invalids for whom the organization has been caring.

The scene was an attractive one. The diet kitchen, always bright and spotless, positively glowed this morning, and a display of flags and bunting added as a festive touch to the appearance of the large room. The workers, in their neat gray uniforms and white caps, presented a charming appearance as they busied themselves with their various tasks, and the atmosphere of efficiency which pervaded the place helped to account for the wonder which has been accomplished in providing food for more than 400 families during the epidemic.

After chatting informally with the workers for a few minutes and addressing them, as quoted, His Excellency and party left for St. Vincent's High School, St. Vincent's School.

The Duke of Devonshire and his party, accompanied by the mayor, commissioners and school officials, arrived at St. Vincent's High school on schedule time, 11:20 a. m. The boys of grades three, four, five, six, seven and eight were lined up in the main hall opposite the main entrance and, to their duke and party entered, the boys, under the leadership of Miss Kate Lawton, sang the national anthem. The principal of the school, James Harrington, then welcomed the duke. His Lordship Bishop LeBlanc and Rev. William Duke, rector of the Cathedral, were at the school when the duke and party arrived.

The boys then sang "The Maple Leaf Forever" after which the duke made a short address. He said that there was no doubt in his mind that many of the boys present had fathers and relatives who had taken part in the war which has resulted in a complete victory. He then expressed his hope that the children would be given a holiday so that their school might be re-membered by the scholars. This was granted.

At the High school in Union street, which was the next place of call, his Excellency was received by Dr. H. S. Bridges, superintendent of education, and B. B. Emerson, chairman of the board of school trustees, who were waiting in the principal's room, the latter, W. J.

USE EVERY EFFORT TO GET KAISER (Continued from page 1) and that Marshal Foch has given warning that Germany will be responsible for further delays, but he has not fixed a time limit for the carrying out of the clause relative to railroad equipment, in France.

Paris, Dec. 4.—Louis J. Klotz, minister of finance, announced yesterday that subscriptions to the French Liberation Loan had reached the nominal total of \$7,750,000,000 francs, or a real value of 15,750,000,000 francs, the bonds selling at 90 francs. The final results of the campaign are not as yet known, complete foreign and colonial subscriptions not being reported.

The minister of finance, in discussing the results of the loan, said: "When comparing the last loans in France and Germany one finds that generally speaking, each Frenchman subscribed for 700 francs, while in Germany the average was less than 200."

"Premier Clemenceau says the most terrible account of a people to a people is given by the enemy complete restoration and reparation."

Paris, Dec. 3.—(Havas Agency)—In the chamber of deputies today several of deputies proposed this resolution: "The chamber of deputies, having taken note of the armistice terms imposing upon our enemies reparation for all damage done, urges the government to obtain, in agreement with the Allied powers, fiscal charges, which will cover the expenses caused by the war. These should be divided among them by a financial contribution of the nations in proportion to their populations and the strength of their respective contributions to the carrying on of the war."

London, Dec. 3.—(By the Associated Press)—In Downing street early this morning there was a meeting of the war cabinet with representatives of the dominions in attendance. Then the conference was joined by M. Clemenceau and Signor Orlando and other representatives of France and Italy. It is understood that in addition to the departure of the former German emperor, the discussion turned largely upon Germany's ability to pay reparations and that in this connection the suggestion was made for Allied control of the German railroads and her coal and potash industries. Everything, however, was decided in a preliminary nature, no decision being attempted in the absence of President Wilson.

Other matters under discussion were the date and the composition of the peace conference.

Great crowds again gathered in Whitehall and its vicinity to salute the distinguished visitors, who will return to France tomorrow. Their departure will be marked by ceremonies similar to those witnessed on their arrival.

Washington, Dec. 3.—In the opinion of the food administration the guaranteed price for the 1919 wheat, fixed at \$2.25 a bushel, Chicago basis, will stand, even though the Lever Act, under which the price was fixed, should become inoperative through the conclusion of peace.

Miss Greta Lingley, the winner of the medal, was summoned to the platform and received the medal, accompanied by the congratulations of His Excellency.

Mr. Myles referred briefly to the history of the public school in St. John, said that the St. John grammar school was one of the oldest in Canada, dating from 1805. It had stood for what was best in education and citizenship and in the great war was represented at the front by many who had passed through its halls.

For the final ceremony—the salute to the flag—Mr. Myles summoned to the platform a student, Gordon McNeil, who had been overseas with the forces and who had returned to resume his studies. After this ceremony His Ex-

BUILDING SHIPS IN CANADIAN YARDS

These pictures show activities in the shipyards of the Collingwood Shipbuilding Co. The inset is a picture of Hon. C. C. Ballantyne, Minister of Marine and Fisheries.

The re-construction programme of the Federal Government includes a great policy of national ship-building. The ships will be built and owned by the government, and, in most cases, operated by the government in co-operation with the Canadian Government Railways. Hon. C. C. Ballantyne, Minister of Marine and Fisheries, is authority for the statement that the full capacity of all the shipyards in Canada will be utilized in the production of modern steel cargo steamers. These yards are capable of turning out about 300,000 tons annually. Three different types of ships will be constructed—3,000 tonners, to be built on the Great Lakes, 5,000 to 7,000 tonners, and 8,000 to 10,000 tonners. These ships, which are to be entirely under the control of the Canadian Government from the very laying of the keel—and not that of the Imperial Munitions Board or any similar organization—will involve an expenditure of about \$65,000,000 between now and the end of 1919, and of about \$50,000,000 for each year thereafter.

HALIFAX SHIPBUILDING Halifax, Dec. 3.—Owing to delay in the shipments of steel ordered in the United States upon the signing of the contracts with the dominion government, the keels of the first ships to be built by the Halifax shipyards will not be laid until late in January. It had been hoped to lay these keels early in December.

Those wishing to be presented will provide themselves with a card with name to be handed to the aide in attendance.

NEW TWO-SEATED MILITARY MACHINE MOST EFFECTIVE

Washington, Dec. 3.—Development of a new American type of two-seated monoplane was announced today by the war department in a statement disclosing that in a recent test at Dayton, Ohio, the machine attained a speed of 145 miles an hour with full military load and an altitude of 25,000 feet with two passengers in remarkable time, exceeding the record of any European single-seater combat machine. The plane, known as the Loening, embodies new and original ideas. It weighs about

DUQUESNE, SOLDIER OF FORTUNE, HELD ON MURDER CHARGE

New York, Dec. 3.—Captain Fritz Jonbert Duquesne, whose career of adventure dates back to when he fought in the Boer war, was held at the request of the British authorities today to answer to a charge of murder on the high seas. He was accused some time ago of having been responsible for an explosion aboard the British liner *Tennyson* in 1916, in which three of the crew were killed.

The British government took steps to gain custody of him as soon as the criminal authorities here had disposed of a charge against him of making a fraudulent claim for \$30,000 insurance. This was accomplished today when Duquesne having pleaded guilty, a county judge suspended sentence. He was

Battery Repairs

Our U. S. L. Battery Service Station is now completely equipped with the necessary apparatus and electrical instruments for the care and repair of storage batteries of all makes, and in charge of expert battery men. We carry a full line of spare parts and make repairs promptly and at reasonable prices.

Winter Storage and Overhaul

Your storage battery requires special winter care. Batteries stored wet in apparently good condition frequently develop trouble during the winter or soon after being placed in service in the spring. You can't determine the condition of the working parts without disassembling the battery. They deteriorate appreciably in acid, even though standing idle and properly cared for, and usually require overhauling annually.

We therefore store "dry" by a new process all batteries left with us—overhaul, wash, re-insulate, re-assemble, charge completely, then remove acid and seal them. We make only our regular overhauling charge of \$10.00, and store your battery free until next spring.

LOCAL NEWS

Mayor Hayes spent some time yesterday afternoon affixing his name to a block of something more than 1000 in just being issued to cover work done.

Hon. John Williams, 19 Hanover street, has received a telegram from the Canadian Red Cross containing the good news that her husband, Private John Williams, 6th C. M. R., who has been a prisoner in Germany for more than two years, has arrived in England.

There was a very large attendance at the Tuxis boys' convalescence in the Y. M. C. A. building last evening and the programme was an exceptionally fine one. The ladies of Exmouth street church served the supper which opened the proceedings at 6.30 o'clock and Dr. Farris of the County Hospital, who was the speaker of the evening gave a splendid address on the subject of health which was entitled "What kind of a house do

you live in?" Rev. R. Taylor McKim presided at the meeting which closed with the usual course of Bible study and gymnasium exercises.

The regular meeting of the Diocesan board of the Women's Auxiliary met in Trinity church school room, yesterday afternoon, and had the opportunity of listening to a very fine address by Mr. Earb from India on the conditions of women in that land. The president, Mrs. Thomas Walker was in the chair and the meeting was opened by Rev. Canon Armstrong. The treasurer read letters of appeal which had been received with regard to the endowment fund for missions to Indians and Eskimoes in Canada. The corresponding secretary, Mrs. W. D. Foster read a letter from the Dominion secretary with regard to the resolutions adopted at the Triennial convention held in Winnipeg in October. The usual reports were read and

were very satisfactory. Letters of sympathy were sent to the Dalhousie branch and to the Bay Du Vin branch, each of which, had suffered the loss of their president, Mrs. Barrette was the Dalhousie president and Mrs. Williston the Bay Du Vin president. Arrangements were made for the packing of the Christmas boxes which are sent each year to the country districts in the province. The packing will commence next week in the Church of England Institute.

Among the St. John officers to return recently from the front was Lieutenant Fred J. Newcombe. Lieutenant Newcombe went overseas in the 140th Battalion with the rank of captain, but desiring to get to France he reverted and was successful in getting with an eastern Ontario battalion. He was more than a year in France when he was taken with trench fever and was invalided home. He is well known in St. John and there will be many who will be glad to hear of his safe return from overseas. Lieutenant Newcombe is a brother-in-law of Captain G. Earle Logan, deputy judge advocate-general for M. D. No. 7. Both officers went to France from England in the same regiment and fought together for several months. Lieutenant Newcombe was formerly a mail clerk.

The Peace Christmas

On account of "war times" we have many times held back our natural inclination to give something.

And now with an equal regard for the fitness of things, we instinctively turn to something that shall adequately commemorate what will be known as the "Peace Christmas."

Let it be a gift which is lasting and worthy of the occasion.

Write us and we will send you the Birks Year Book.

Life of Women War Workers Is Described

Mrs. P. R. Warren in Address to
Y. W. P. A. Tells of Work at
the Front

Vivid pictures of the life of the
women war workers in France and very
impressive details of the work of the Y.
W. C. A. in connection with them were
contained in the very fine address which
Mrs. P. R. Warren delivered before the
Young Women's Patriotic Association in
the Germain street Baptist Institute last
night.

The meeting was a special one
and the address was the chief feature of
it, but some routine business was trans-
acted and the grand announcement that
the association had added nearly \$3,000
to its funds by the sale of Victory bonds
was greeted with much enthusiasm.

The president, Miss Jessie Church was
in the chair and the first report given
was the treasurer's, following which the
correspondence was read. It contained
a donation of \$10 for the returned
soldiers' fund from Mrs. Stetson, a letter
from the Globe newspaper, a letter from
England referring to the gloves collected
for soldiers' waistscoats by the Y. W. P.
A., and an acknowledgement of \$25 for
the Siberian fund from Mrs. Creighton.

Miss Church announced that the fol-
lowing donations had been made: \$15
for the Blue Cross, \$5 for surgical in-
struments for a family suffering from
influenza, and that a loan of \$60 had
been made to a girl who needed money
to visit her brother, a returned soldier,
who was dying in Toronto. The money
earned by road checking in August and
September, she said, amounted to \$112,
and the commission on the sale of Victo-
ry bonds by the association members
amounted to nearly \$3,000. Two \$50 bonds
had been purchased for the association
itself. The activities planned included
Wednesday evening spaghnum moss
circle and the maintaining of the work
of the Seaman's Institute during the
winter. The activities were asked for both of these
activities and it was decided to comply
with a request to provide an entertain-
ment for the Red Triangle Club two
weeks after Christmas.

Mrs. Philip Warren was very grace-
fully introduced by Miss Church who in
doing so presented Mrs. Warren a hand-
some bouquet of cyanthumms.

Mrs. Warren is just returning to
England after an extended tour through
the United States and Canada as hono-
rary secretary of the Y. W. C. A. war
work department of London. She was
one of six delegates sent to collect \$170,
000,000 for the Y. W. C. A. and she re-
turns with the knowledge that her mis-
sion has been indeed successful and that
\$200,000,000 has been collected.

In her opening remarks she com-
plimented the Y. W. P. A. on its growth
and went on to tell of her experiences
on this continent in most of the large
cities of which she had made her appeal
for funds, though the epidemic of in-
fluenza had hampered her itinerary con-
siderably. She said the keynote of all
the Y. W. C. A. work now was a look-
ing forward and a realization of coming
responsibility.

Of the war work of women in Eng-
land and France and the care given the
workers by the Y. W. C. A. she spoke
most interestingly. Telling of the origin
of the Y. W. C. A. work now was a look-
ing forward and a realization of coming
responsibility.

At the close of her greatly ap-
preciated address Mrs. Warren spoke of
the Y. W. C. A. in New York from
which six trained French Y. W. C. A.
secretaries and sixty Polish girls trained
in Y. W. C. A. work are going back to
their own countries to carry on the work
of the association. She urged the Y. W.
P. A. not to slacken in its activities, but
to realize the joy of service more and
more so that the four years of war
might not be forgotten, but be an in-
spiration to continued effort. The
future need of the Allies must be con-
sidered and for the building up of the
nation her women must be strong to
stand for all that is highest and best.

Miss Alice Fairweather moved the
vote of thanks to Mrs. Warren and in a
very striking speech voiced the meeting's
real appreciation.

Church of England Holy communion and
lastly a Presbyterian Holy communion
had been celebrated in the same chap-
el. The butts were each named after the
donor as they were the gifts of indi-
viduals, and the St. John Y. W. P. A.'s
name and motto was to be found on a
plaque bought with its donation of \$250.

Miss Alice Fairweather moved the
vote of thanks to Mrs. Warren and in a
very striking speech voiced the meeting's
real appreciation.

low he had further negotiations with Mr.
Dick who eventually increased his offer
to \$10,700. The commissioner therefore
recommended that the property be sold
to Mr. Dick for the sum of \$10,700.
Commissioner Fisher questioned that
this amount was sufficient, but Commis-
sioner Bullock assured him that the
advice of the domain experts here re-
cently warranted its sale at the price
stated.
The council adopted the recommen-
dation.
Commissioner Fisher brought up a
matter of an account due to Fred John-
son, veterinary surgeon, for attendance
in his department. There was some
question as to what was covered in Dr.
Johnson's arrangement with the city.

MARKED SUCCESS ATTENDS FREDERICTON EVENTS IN HONOR OF GOVERNOR-GENERAL Degree Conferred at U. N. B.; Dinner at Queen Hotel; The Duke's Interesting Reply to Address of Hon. W. E. Foster

Fredericton, N. B., Dec. 3.—All the events arranged in honor of the visit of His Excellency the Governor-General were most successful.

After a civic luncheon at 1.30 o'clock His Excellency was given the honorary degree of Doctor of Laws at a special convocation of the University of New Brunswick this afternoon. A considerable number of undergraduates and alumni as well as the general public were present at the convocation which opened in the university at 4 o'clock. The chair was taken by His Honor the Lieutenant-Governor, Hon. Wm. Pugsley, himself a distinguished graduate of the university. Among the others present were His Lordship, Bishop Richardson, Dr. L. W. Bailey, Dr. W. S. Carter, Rev. Dean Neales, Dr. W. W. White and the Earl of Ashburnham, and the Chancellor Jones, in an opening address, referred to the pleasing occasion of the special convocation and the honor of a visit of his majesty's representative, Sir Douglas Hazen followed with an address in which he gave an outline of the history of the university from its establishment and referred to its proud record during the war which ended so recently.

Dr. H. S. Bridges presented the candidate for the degree upon whom the degree was conferred by the chancellor, Dr. Jones.

His Excellency, after receiving the degree made an address in which he thanked the chancellor and senate of the university for the honor conferred upon him which he took as being given him the king's representative. He made reference to the age of the University of New Brunswick and achievements of its alumni which he believed would be emulated by those alumni yet to come. In his own case he hoped the university never would be disgraced by an act of its youngest alumnus.

Lieutenant-Governor Pugsley also spoke saying that it was a proud day for the university when the degree of Doctor of Laws was conferred upon so distinguished a gentleman, distinguished not only by his official position in Canada but also in Great Britain. His Excellency had referred to his office as representative of the king, and his personal work also had been recognized.

At the close of the convocation it was announced that Premier Foster extended an invitation to all the undergraduates to attend the reception to be given by His Excellency at the Parliament buildings.

35c May Prevent Grippe

A bottle of Mathieu's Syrup of Tar and Cod Liver Oil costs 35c., and one should be in every home, as a dose taken in time—before a cold has made headway, will almost surely check it. It is a simple precaution which may prevent an attack of "Flu."

N.B.—When your health is at stake, don't experiment with new and doubtful remedies. The Mathieu Syrup of Tar and Cod Liver Oil stands as the recognized family remedy for colds, because its efficacy has been proven by many years.

EASY TO DARKEN YOUR GRAY HAIR

You can bring back color and lustre with Sage Tea and Sulphur.

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home is messy and troublesome. At little cost you can buy our drug store ready-to-use preparation, improved by the addition of other ingredients called "Weyth's Sage and Sulphur Compound." After another application or two, your hair becomes beautifully darkened, glossy and luxuriant.

Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Weyth's Sage and Sulphur Compound. This preparation is a delightful toilet requisite and not a medicine. It is not intended for the cure, mitigation or prevention of disease.

INSPECTORS FIND NEED FOR CHANGES PROHIBITORY ACT

That the present method of handling liquor under the Prohibition Act in certain instances was one of the important suggestions handed out yesterday at a conference of the provincial liquor inspectors over which Rev. W. D. Wilson, chief inspector, presided.

The meeting was called for the purpose of a thorough and open discussion of the strong and weak points of the prohibition act now in force in New Brunswick and to ascertain the difficulties encountered in various provincial localities in the enforcement of the act. Places, where it is thought that better results may be obtained were thoroughly gone over yesterday and several timely suggestions were received and noted.

The chief inspector led in a discussion of the aims and objects of the liquor act, and the liquor act, gave a short talk on the duties of police officers in respect to the enforcement of the prohibition act.

There was a general desire expressed on the part of the meeting to see the law enforced impartially and rigidly in all instances and localities throughout the province. The liquor law and the recent epidemic was also one of the features taken up. While it was mentioned that the epidemic in the prohibition act considerably, still the good accomplished in relaxing certain sections of the law greatly overcame the discrepancies that may have occurred.

The conference will be concluded this morning and this afternoon the meeting will be adjourned so that the inspectors under the liquor act, gave a short talk on the duties of police officers in respect to the enforcement of the prohibition act.

These present yesterday were: Inspector J. Mansel, chief of police of Moncton, B. Gannon, Bathurst; J. B. Blanchard, Grand Angle; James Dickson, Chatham; Leon Dagle, Richibucto; Albert Coates, Kent; George R. Rideout, Moncton; W. Gunn, Shediac; A. S. Belliveau, College Bridge; G. Moore, St. Stephen; W. G. Aschell, Sussex; Frank Campbell, Marysville; W. H. Finley, Fredericton; R. W. DeWinnings, Arsebrook Junction; Allan McLaughlin, Grand Falls and A. Berube, Edmundston.

He expressed pleasure at being able to visit the province but regretted that he had not been able to come at a more pleasant season of the year. He said, however, he did not come to the country, but to get in close touch with citizens and said that he hoped he would again be able to visit here at some future date.

FEDERAL PLAN FOR HOUSING SCHEMES

Sum of \$25,000,000 Put Aside For Provinces to Aid Municipal Housing Reform.

Ottawa, Dec. 3.—The government has created a fund of \$25,000,000 which will be available by way of loan to the several provincial governments in Canada in connection with the carrying out of programs for better housing through municipalities or otherwise. In the order-in-council authorizing the transaction, the minister of finance points out that at the conference recently held at Ottawa between the premiers and other members of the governments of the several provinces and representatives of the dominion government one of the most important subjects of discussion was that of creating better housing conditions for the industrial population of our large centres.

The minister points out that, owing to the practical cessation of building operations during the war, there is at present a great scarcity of housing accommodation in most cities, and this condition will become intensified with the return of soldiers from overseas and their re-establishment with their families in civil life and occupation.

CHILE AGREES TO EXCHANGE, ASKING U.S. TO INTERVENE

Santiago, Chile, Dec. 3.—The United States, in agreement with the Chilean government, it is persistently rumored here, will propose to Peru and Bolivia that Chile cede the province of Tacna to Peru and turn over the province of Arica to Bolivia, the latter republic offering to Chile a frontier province.

The mobilization of the Chilean army already begun in the northern province of Antofagasta, the latter republic offering to Chile a frontier province.

The war minister explains that this step was necessary to keep down the cost of the mobilization of the army. Elmeric, announces that the classes of 1917 and 1918, comprising 9,000 men, have been called to the colors. Four hundred officers also have been summoned for active duty.

Real Help For Tired Feet

Combing Won't Rid Hair of Dandruff

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

Do this tonight and by morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and flaking of the scalp will stop once and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive and never fails to do the work.

A CHILD DOESN'T LAUGH AND PLAY IF CONSTIPATED

California Syrup
Figs
Mother! Your child isn't naturally cross and peevish. See if tongue is coated; this is a sure sign its little stomach, liver and bowels need a cleansing at once.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has vomiting, diarrhoea, remember, a gentle liver and bowel cleansing should always be the first treatment given.

Nothing equals California Syrup of Figs for children's ills; give a teaspoonful, and in a few hours all the foul waste, sour bile, and fermenting food which is clogging the system, and leaving the child agitated, all children love this harmless, delicious "fruit laxative," and it never fails to effect a good "inside" cleansing. Directions for babies, children of all ages and grown-ups are plainly on the box.

Keep it handy in your home. A little given today saves a sick child tomorrow, but get the genuine California Syrup of Figs, then look and see that it is made by the California Fig Syrup Company.

Catarrh Of The Stomach Is Dangerous

"Thousands Have It and Don't Know It," Says Physician.
Frequently Mistaken for Indigestion, Headache, or Stomach Trouble.

"Thousands of people suffer more or less constantly from furred, coated tongue, bad breath, sour burning stomach, frequent vomiting, rumbling in stomach, bitter eructations, gas, wind, and stomach acidity and call it indigestion when in reality their trouble is due to gastric catarrh of the stomach," writes New York physician.

Catarrh of the stomach is dangerous because the mucous membrane lining of the stomach is thickened and a coating of phlegm covers the surface so that the digestive fluids cannot mix with the food and digest them. This condition soon breeds deadly disease in the fermented, unassimilated food. The blood is polluted and carries the infection throughout the body. Gastric ulcers are apt to form and frequently an ulcer is the first sign of a deadly cancer.

In catarrh of the stomach a good safe treatment is to take before meals teaspoonful of pure Bisurate Magnesia in half a glass of hot water as hot as you can comfortably drink it. The hot water weakens the mucus from the stomach walls and draws the blood to the stomach while the Bisurate Magnesia is an excellent solvent for mucus and increases the efficiency of the hot water treatment. Moreover the Bisurate Magnesia will serve as a powerful but harmless antacid which will neutralize any excess hydrochloric acid that may be in your stomach and sweeten its contents. Easy, natural digestion with out distress of any kind should soon follow. Bisurate Magnesia is not laxative, is harmless, pleasant and easy to take. Successive doses of Bisurate Magnesia with other forms of magnesia, milks, citrates, etc., but get it in the pure bisurate form (powder or tablets), especially prepared for this purpose.

A Pen Picture Of Crown Prince By Himself

A Hard Working Soldier, Beloved by His Men, and a Man of Rare Vision Who Early Foretold the End of the War

Oosterland, Holland, Dec. 3.—(By the Associated Press)—"I have not republished anything and I have not signed any document whatever."

Frederick William Hohenzollern, who still claims the title of crown prince thus answered the question of the Associated Press in the course of a protracted conversation today, which took place in the small cottage of the village pastor on the Island of Wieringen, where he is interned.

"However," he continued, "should the German government decide to form a republic similar to the United States or France, I shall be perfectly content to return to Germany as a simple citizen ready to do anything to assist my country. I should even be happy to work as a laborer in a factory."

"At present everything appears chaos in Germany, but I hope things will right themselves."

Asked what in his opinion was the turning point of the war, he said: "I was convinced early in October, 1914, that we had lost the war. I considered our position hopeless after the battle of the Marne, which we should not have lost if the chiefs of our general staff had not suffered a case of nerves."

"I tried to persuade the general staff to seek peace then, even at a great sacrifice, going so far as to give up Alsace-Lorraine. But I was told to mind my own business and confine my activities to commanding my armies. I have proof of this."

When finally brought about the downfall of the German military power, he declared, was revolution induced by four years of hunger among the civilians and the troops in the rear, together with the overwhelming numbers being gathered by the Entente Powers since America's entry into the war had undermined the confidence of the German fighting forces.

"My soldiers, whom I loved and with whom I lived continuously, and who, if I may say so, loved me, fought with the utmost courage to the end, even when the odds were impossible to withstand. The refugee prince went on. They had no rest and sometimes an entire division numbered only 600 rifles. These were opposed by fresh Allied troops, among whom were American divisions, containing 27,000 men a piece."

Describing how he left the front, Frederick William declared: "I was with my group of armies after the Kaiser left Germany. I asked the Berlin government whether they desired me to retain my command. They replied negatively, and I could not continue to lead armies under orders of the Soldiers' and Workmen's Council."

"Therefore, I came to Holland, without hindrance. No shooting or bombing occurred, and I quit the army with the greatest regret after having participated in the trench life with the soldiers for so long. "I have not been in Germany for a year and from the beginning of the war I have taken three or four fortnight leaves."

Never Desired War. Speaking of the beginning of the war, Frederick William asserted: "Contrary to all statements hitherto made abroad, I never desired war, and thought the moment quite inopportune. I was never consulted about a crown council being held in Berlin to decide on the war I deny on my oath. I was enjoying a stay at a watering place when mobilization was ordered."

"I thought that the Verdun attack was a mistake. We should have attacked to the east of Verdun, where there would have been great probability of success."

Frederick William declared himself to be an admirer of President Wilson, who he felt assured would bring about a peace of justice for the German people, and concluded: "Any humiliation of a nation containing seventy million people would only leave a feeling of revenge. Such a nation cannot be crushed."

The armistice terms are very severe and almost impossible for execution, as the Entente Powers are taking away a large portion of the means of transportation.

Asked whether Germany, if victorious, would not have imposed even more severe terms, he expressed the belief that such would not have been the case.

With regard to air raids on unfortified cities, the fierce submarine warfare, the bombardment of Paris and the deportation of women from the unoccupied districts to work in Germany, Frederick said he had always entirely disagreed with these policies.

The former crown prince is living a very simple life now. He strolls about the island, chats with peasants, and is learning the Dutch language from a small boy who speaks English. He says he is interned, although in reality not interned, as all the other German officers have been permitted to leave Holland. He does not expect his wife to come to Holland; she will remain in Berlin to superintend the education of their children.

Roosevelt Has No Delusions About Who Won

Tells New York Audience of Britain's Part in the War—His Idea of Future Arrangements

New York, Dec. 3.—Asserting that the United States had not done nearly as much as the British navy and the British, French and Italian armies to bring about the downfall of Germany, Theodore Roosevelt, declared in a statement here tonight that it is "our business to stand by our Allies at the peace conference."

He said it should be "instantly conceded" that Great Britain needs the world's most powerful navy and that it is "sheer nonsense" to say the American army was fighting for President Wilson's famous "fourteen points." He made the assertion, "there was not one American soldier in every thousand who ever heard of them."

"The British empire imperatively needs the greatest navy in the world, and this we should instantly concede," said the colonel. "Our need for a great navy comes next to hers and we should have the second navy in the world. Similarly France needs greater military strength than we do, but we should have all our young men trained to arms on the general lines of the Swiss system."

"The 'freedom of seas' is a phrase that may mean anything or nothing. If it is to be interpreted as Germany interprets it, it is thoroughly mischievous. There must be no interpretation of the phrase that would prevent the English navy in the event of any future war from repeating the tremendous service it has rendered in this war."

"The British must of course keep the colonies they have conquered."

"As for this nation, it must keep its absolute economic independence and raise or lower its economic barriers as its interests demand for we have to look after the welfare of our own working man. We must insist on the preservation of the Monroe Doctrine. We must keep the right to close the Panama Canal to our enemies in war time and we must not undertake to interfere in European, Asiatic, or African matters with which we ought to have properly no concern."

Declaring that "President Wilson has at given the slightest explanation of what his views are or why he is going 'road,'" the colonel asserted, "he is irresponsible for any division among the American people as regards the peace conference at this time."

"He has never permitted the American people to pass on his peace proposals, nor has he ever made those proposals clear and straightforward. As for the fourteen points, so far as the American people have expressed any opinion upon them, it was on November 1 when they rejected them." He continued, adding that "The American army was fighting to smash Germany, and 'the American people want Germany smashed.'"

Not Accepted By Allies. "The Allies have never accepted the fourteen points," he continued. "The United States has never accepted them. Germany and Austria enthusiastically accepted them. Here certain individuals, including President Wilson, Mr. Hearst, Mr. Vierck, and as I understand it, a number of pro-Germans and pacifists

SOLDIERS MUST BE POLITE TO GERMANS

London, Dec. 3.—(British Wireless Service)—The following general order has been issued to the troops of the British army of occupation:

"Intercourse with the inhabitants of Germany will be confined to what is essential and will be marked by courtesy and restraint. It is not seemly that anything approaching familiarity should be allowed to enter into any relations between British soldiers and men or women of the German nation; but neither is it in accordance with our traditions to do otherwise than to respect the persons and property of a beaten enemy."

"Reparation and compensation from the German people are matters for the appointed authorities to take care of. The field marshal commanding-in-chief knows that he can rely on all ranks to display that careful attention to their department and their arms, their accoutrements and their ideas which always has characterized the British expeditionary forces in France, and he is confident that they will show themselves, as they are, the tried and proved soldiers of the victorious army of the British Empire."

GARFIELD RESIGNS. Washington, Dec. 3.—Fuel Administrator Garfield has resigned and President Wilson has accepted his resignation. This was announced tonight at the White House.

WASHINGTON, Dec. 3.—The resignation of Frank P. Walsh, as joint chairman of the national war labor board, has been accepted by President Wilson, and Basil M. Manly has been appointed to fill the vacancy. William Harrison Black, Mr. Walsh's alternate on the board, also resigned, but was re-appointed by Mr. Manly as his alternate.

Mr. Manly was appointed by the president after he had been endorsed unanimously by representatives of labor on the board. He was special agent for the department of labor from 1908 to 1914, during which time he made a complete survey of the iron and steel industry.

Racing Men Expelled.
New York, Dec. 3.—The American Trotting Association voted to expel three members for violation of rules. Richard Squires and Belcher Squires of Hartford (Conn.), two of those expelled, were charged with having dyed black the mare Edna L. and entered her in a 218 class race at Windsor, Ont., although she had a 2:09 1/4 record. F. E. Kearney, of Warren (Penn.), was charged with having entered the mare Emeline Dillon in national association meetings under the name of "Kettle B."

Chicago, Dec. 3.—"Emaline Dillon," a racing mare that has been raced under the name of "Kettle B." and its owner, E. Holliday, of San Jose (Cal.), were expelled from the American Trotting Association Circuit by the board of appeals today. The mare, according to W. I. Jams, of Terra Haute (Ind.), president of the association, participated in any race last season under the fictitious name of "Kettle B."

Natural History Society Elects
The Natural History Society held its annual meeting last night and in spite of the unfavorable weather there was an exceptionally good attendance. The president, James A. Estey, delivered the financial report, which showed that the society while it was solvent always had yet some difficulty in maintaining a margin of credit. The librarian's report was read by F. B. Ellis and the curator's report by William McIntosh.

Trouble Starts Between Italians on one Hand and Soldier and Sister on Other—Police Join In
Montreal, Dec. 4.—A shooting and knife fray on the stairway of a cafe in St. Catherine street east at 1 o'clock this morning resulted in five men being taken to hospital, four in a serious condition. One of two constables taken to the institution are in danger of dying. The injured are: Constable Ernest Boucher, stabbed in left lung and may die; Remi Ruskin, chauffeur, shot in groin and in grave condition; Constable Pentecost, stabbed in back; Joseph Barbari, Italian, broken nose, cut eye and sprained ankle; Corporal Marchal, who was able to go home with slight wounds in mouth. It appears that Marchal and his sister were in the cafe and got into an altercation with Barbari and some other Italians there. Barbari had known Marchal's sister previously. The quarrel continued on the stairway, and it is said that the Italians, following Marchal and his sister, assailed them leading to a row in which the Italians used knives and the soldier his stick. Constables Boucher and Pentecost, who were on their beat nearby, heard shouts and rushed to the scene. In the fight on the stairway both were stabbed, and Ruskin, who had become involved in the disturbance, was shot when the constables tried to defend themselves with their revolvers.

SHOTS AND KNIFE PLAY IN MONTREAL CAFE; FIVE HURT
Albert consisted in the collection, through the German propaganda, of a portion of the \$200,000 which Rumley contributed. Hammerling denied any connection or acquaintanceship with former German Ambassador Bernstorff.

WOMAN'S DEVOTION TO HOME
Home duties to many women appear more important than health. No matter how ill they feel, they drag themselves through their daily tasks, overdo and pay the penalty in headaches, backaches, dragging-down pains and nervousness; they become irritable, and finally discover that some form of female complaint has fastened itself upon them. When a woman gets into this condition there is one tried and true remedy made from the roots and herbs of the field, Lydia E. Pinkham's Vegetable Compound, which for more than forty years has continued its great work among women in restoring health after many other remedies have failed.

DENY DISMISSAL OF MONTREAL FIREMEN FOR JOINING UNION
Montreal, Dec. 4.—It was denied at the city hall last night that seventeen firemen had been dismissed because they were members of the firemen's union. The explanation given was that these firemen had become incapacitated by reason of poor health or accident. As the men had asked for their pensions, this matter would receive consideration.

Why Can't I Get to Sleep?
Thousands of people all over the country ask this question, but still continue to toss night after night on a sleepless bed, and it is impossible for them to get a full night's refreshing sleep. Some constitutional disturbance, worry or disease has so debilitated and irritated the nervous system that it cannot be quieted except by the pernicious use of opiates or narcotics. Or again, you have heart palpitation, and sensation of sinking, a feeling you are going to die, or perhaps you wake up in your sleep feeling as though you were about to choke or smother, and the only way you can get relief is to sit up in bed.

SOUGHT TO USE PAPERS TO STOP MANUFACTURE OF MUNITIONS IN STATES
Evidence of Organization Comes Out Before Senate Investigating Committee
Washington, Dec. 4.—Organization in 1915 of a \$200,000 advertising campaign by which it was hoped to stop the manufacture of munitions for the Allies in the United States was admitted by Louis N. Hammerling, president of the American Association of Foreign Language Newspapers, in testifying yesterday before the senate committee investigating activities of brewers and German propagandists.

WOULD CHANGE SYSTEM OF FILLING PRESBYTERIAN PULPITS
Toronto, Dec. 4.—The presbytery yesterday, expressed its dissatisfaction with the system of setting ministers over congregations in the Presbyterian church in Canada and called upon the general assembly to effect certain changes whereby ministers could be transferred from one charge to another with less "unhappiness and friction."

The case of the King vs. Atkinson, charged with the murder of R. L. R., is being continued in the County Court this morning. The evidence is the same as given in the case of the King vs. McLellan. Today's session will likely be devoted to the evidence on the part of the crown.

TITUS WILLIAMS.
A very pretty wedding took place on Monday night at the home of the bride's parents, Mrs. and Mrs. William Williams, 20 Gilbert's Lane, when their daughter, Miss Rebecca, was united in marriage to Dalton Titus of Digby, N. S. Rev. A. L. Tedford officiated. The bride was given away by her brother-in-law, Roy E. Fudge, and wore a dress of lace and chiffon with bridal veil and orange blossoms and carried a bouquet of carnations. The bride and groom received many handsome presents. Mr. and Mrs. Titus will reside in St. John.

WON MILITARY MEDAL.
The Campbellton Graphic says: "Word has been received by Mrs. James Sargent that her son, M. J. Sargent, has received the Military Medal for a heroic act performed by him on the western front. Milton, as he is generally known in Campbellton, enlisted in the Queen's Own Rifles, Toronto Ont., in August of 1914, and crossed overseas the same year, and ever since has been on active service, being wounded three times. Three other members of the Sargent family are serving, or have served, their king and country." Mrs. Berton A. Alcorn of 140 Paradise row is a sister of the gallant soldier.

MRS. WILLIAM CARLETON DEAD.
Otherwise Stock Market Opening Today Was Generally Firm

A lady very highly esteemed through long life passed to rest this morning when death came to Mrs. William Carleton, at her home, 83 Paddock street. She was in her eighty-first year, and was the widow of William Carleton, who died in April, 1915, and who had been employed in the customs service since before the confederation of the provinces.

Mrs. Carleton was the mother of Judge John L. Carleton; William Carleton, prominent in theatrical life and for many years with Kean and Elinger of New York; Rev. C. P. Carleton of Silver Falls, and Mrs. John Connor. William Carleton arrived from New York and Mr. Connor from Boston before she passed away.

Mrs. Carleton was an O'Connor of Albert county, but had lived in St. John for more than sixty years. She was a woman of fine character, greatly devoted to her home and family, and of the most kindly and charitable instincts. She and her husband are held in kind remembrance by citizens of the older generation, and a very wide circle of friends will extend sympathy to the bereaved family. The funeral will take place from her late residence on Saturday morning.

FOCH EXPRESSES THANKS TO BRITISH PEOPLE FOR RECEPTION

Speaks of Unity on Field Which Made it Possible to "Whack" Common Enemy

London, Dec. 4.—(Canadian Press despatch from Reuter's, Limited)—Marshal Foch, in a message issued through Reuter's agency on the eve of his departure from London, expresses to the British public how happy, touched, grateful and proud he feels in view of the unforgettable reception he has been given in London.

"That reception was the exact reflection of the sincere and intimately close union which has animated us on the field of honor and which has enabled us together to whack our common enemy and which will continue to bind us one to the other," the marshal continued. "I fully reciprocate the sentiments which I have had expressed to me here, and I am happy and proud at having inspired them."

PRESENTATION MADE TO MAJOR H. GRAHAM STARR

Gift of Morocco Traveling Bag on Leaving for Post in Military District No. 2

Major H. Graham Starr, A.P.M., M.D., No. 7, is to leave tonight to take up his new duties as A.P.M. with M. D. No. 2. Major Starr came to St. John as A.F. M., M.D., No. 7 in last July and since that time has been a very popular officer in this district. During his term of office here as A.P.M. this branch of the service has been increased and has shown a high standard of efficiency, due to the interest and strenuous work displayed by Major Starr.

This morning at the armories Major Starr was made the recipient of a handsome Morocco traveling bag with fittings by the members of the staff and force of the C.M.P.C. The following letter accompanied the presentation, which was made by Sgt.-Major Rayner:

St. John, N. B., Dec. 4, 1918.
Major H. Graham Starr, Assistant Provost Marshal, Military District No. 7, St. John, N. B.
Dear Sir:

It is with deep regret that we, the members of No. 7 Detachment C.M.P.C. have learned of your departure to larger fields of work, and ask that you accept this small token of gratitude for your efforts in establishing this detachment of the Canadian Military Police Corps. While we regret your loss, we wish to extend to you every good wish for the future.

In reply Major Starr expressed his regret at leaving M.D. No. 7, and although he was going to a larger district, he would always bear in mind the fellowship shown towards him in this district. He spoke highly of the succeeding officers, Captain R. L. H. Goodday, who has been D.A.P.M. for the last three months. In closing, Major Starr wished success to M.D. No. 7.

Three hearty cheers and a tiger were tendered Major Starr at the close of the presentation.

SHIPPINGS AND MOTORS WERE OFF

Otherwise Stock Market Opening Today Was Generally Firm

New York, Dec. 4.—Shipping and motors were conspicuous exceptions to the general firmness prevailing at the opening of today's stock market. Marine Preferred and Studebaker losing two points each. These declines were neutralized by gains of one to four points in oils. United States Rubber, American Canadian Woolen, Beet Sugar, International Nickel, United Cigar Stores and Distillers. United States Steel made a substantial fractional gain, but rails were listless and without material change. Liberty fourth 4 1/2's fell to a new level, selling at 96 1/2.

New York, Dec. 4.—Shippings soon recovered their losses but Studebaker remained heavy despite the strength of minor motors and accessories. Steels and coppers rose one to two points, with General Electric, but other popular industrials and equipments continued dull with rails. At midday United States Steel reached abruptly and Mexican Petroleum forfeited its two point rise, while Marine preferred showed an extreme rally of four points. Persistent selling of Liberty fourth 4 1/2's down to the new minimum of 96 1/2 was the feature of the bond market.
