CONSERVATIVE CONVENTION

Mr. W. S. Montgomery of Dalhousie Nominated Conservative Candidate.

A fairly large gathering of delegates was held in McQuis Hall on Monday afternoon under the presidency of Mr. Jas. P. Jardine, Mr. D. A. Stewart acting as secretary.

After the business of appointing the chairman for the various parishes was over, Mr. W. S. Montgomery was nominated as conservative candidate for the county of Restigouche, and the nominations being closed, Mr. Montgomery was declared appointed unanimously.

In a short speech the nominee thanked the convention for the honor done him, and predicted that the victory in carrying the county would be theirs if they stood shoulder to shoulder. Other speakers followed in the same strain, the remarks of all being received with little show of enthusiasm and after a resolution had been drafted expressing the confidence of the convention in the leadership of Mr. R. L. Borden the convention adjourned.

BASEBALL LEAGUE

Interesting Situation—Semi-Professional Teams Battling for League Pennant

Last Friday evening saw the last game that the I. N. R. had to play in the series, and with the Mechanics as opponents, some good ball was promised. Unfortunately both teams saw fit to import outside aid, three new players being on each team, and the public have been greatly disappointed in this beginning of semi-professionalism.

The Mechanics took a big lead in the first, Slipp being unable to locate the plate and having 5 hits struck off him bringing in 7 runs. He pitched good ball after that but the damage was done, the Mechanics winning out by 7 to 5.

The game on Monday evening between Mechanics and the I. N. R. was called at the fifth inning owing to darkness. At the end of the fourth the Colonials were leading 4 to 3 but in the fifth the umpire could not see the plate and as the moon had been mistaid, we were treated to a few choice decisions on balls and strikes, and were thankful when the game was called.

Wednesday's game Town versus Mechanics was postponed owing to rain.

LONG STANDING SCIATICA

Completely Cured by One Box of Father Morrissey's No. 7 Tablets.

Sciatica is hard enough to endure, and harder still to cure, in many cases, with ordinary remedies. Caused, like rheumatism, by impurities in the blood, which in this case set up an irritation of the sciatic nerve, it is so difficult to get at with external applications that many sufferers try in vain to get relief.

Mr. Charles McMechen, of Summersville, P.E.I., was in just that position until he started to take Father Morrissey's "No. 7." He writes: "After trying several doctors and spending large sums of money without avail, I was completely cured of Sciatica of long standing after using one package of your Medicine (No. 7 for Rheumatism)." No matter how long you have suffered from Sciatica or Rheumatism of Joints or muscles—no matter how much medicine or liniment you have used without result—try Father Morrissey's No. 7 before you give up. It has restored health to many who were almost hopeless.

Get a box at your dealer's or from Father Morrissey Medicine Co., Ltd., Montreal, P.Q.

IN THE PROBATE COURT OF ESTROUPELLE COUNTY

To the Sheriff of the County of Restigouche, or any Constable within the said County, Greeting: WHEREAS David A. Marquail, sole executor of the last will and testament of James S. Marquail, late of the town of Dalhousie in the said county, Barrister-at-law deceased, has filed in this court an account of his administration of the estate of the said deceased, and by his petition dated the seventeenth day of July, A. D. 1911, has prayed that the same may be passed and allowed in due form of law, and also by his said petition, has prayed that license may be granted to him to sell or lease the whole of the lands of the said deceased within the said County of Restigouche, or such parts thereof as so the Judge of this Court may seem meet and necessary, to pay the debts of the deceased, his personal estate not being sufficient for that purpose.

You are therefore required to cite the heirs, next of kin of the deceased, and all the creditors and other persons interested in said estate, to appear before me at a Court of Probate to be holden in and for the County of Restigouche, at my office in the Town of Campbellton in said County, on MONDAY, the TWENTY-FIRST DAY OF AUGUST NEXT, at ten o'clock in the forenoon, then and there to attend the passing of the said account and application for said license.

Given under my hand and the seal of the said Probate (L.S.) Court the seventeenth day of July, A. D. 1911.

(Signed) WILLIAM MURRAY, Judge of Probate, County of Restigouche.

(Signed) JOHN BARBERIE, Registrar of Probates, County of Restigouche.

W. A. TRUEMAN, Prosecutor for Executor, Sins-July 29.

Sealed Tenders addressed to the undersigned and endorsed "Tenders for Dredging Ormoco Shoals, N. B." will be received until 4.00 P. M., on Monday, August 21, 1911, for dredging required at Ormoco Shoals, River St. John N. B.

Tenders will not be considered unless made on the forms supplied and signed with the actual signatures of tenders.

Combined specification and form of tender can be obtained on application to the Secretary, Department of Public Works, Ottawa. Tenders must include the towing of the plant to and from the work. Only dredges can be employed which are registered in Canada at the time of the filing of tenders, contractors must be ready to begin work within thirty days after the date they have been notified of the acceptance of their tender.

Each tender must be accompanied by an accepted cheque on a chartered bank, payable to the order of the Honourable the Minister of Public Works, equal to ten per cent 10 p. c. of the amount of tender, which will be forfeited if the person tendering declines to enter into a contract when called upon to do so, or fail to complete the contract. If the tender is not accepted the cheque will be returned.

The Department does not bind itself to accept the lowest or any tender. By order, B. C. DESROCHERS, Secretary, Department of Public Works, Ottawa, August 2, 1911.

Newspapers will not be held for this advertisement if they insert it without authority from the Department. Aug. 9-37.

WILL SEND DELEGATES TO OTTAWA

Newcastle Board of Trade Will Send Delegates to the Capital.

Newcastle Board of Trade met in adjourned session Friday night, P. Hennessy, president, in the chair.

The Secretary reported having sent on the ninth the following telegram: "A. W. Campbell, Esq., Chairman Managing Board Canadian Government Railways Ottawa Ont. We are instructed by the Newcastle Board of Trade to wire you as follows:—"

"At a meeting of the Newcastle Board of Trade just held, members were surprised and greatly disappointed that no advice had yet been received from you that you are taking steps to meet the wishes of petitioners from Newcastle and up river sections to extend present local train service to Doaktown, involving only a trifling additional expenditure to meet legitimate trade requirements of these sections. An enormous expenditure has recently been made by your board to accommodate residents of Chatham, Newcastle and up-river sections therefore cannot understand why their business interests should continue to be seriously discriminated against by delay in consideration of such a reasonable business proposition, as the present one certainly is and involving such trifling additional expenditure.

"There is no necessity of waiting to erect turn tables at Doaktown. Present train ran 23 years from Indian town to Newcastle tender first and this can be done from Doaktown to Blackville.

"Over a year has already been taken up in presenting claims of Newcastle and up-river sections of this small extension in the local train service and in view of the growing necessities of these section-petitioners now consider immediate action should be taken by your Board.

"Please wire reply in time for adjourned meeting on Friday, August 11th.

Newcastle Board of Trade P. HENNESSY, Pres. E. A. McCURDY, Sec." A copy was also sent to Mr. Loggie at Chatham.

Answer to message was as follows: Ottawa, Aug. 10.—E. A. McCurdy Newcastle N. B. Your message of ninth received. Matters referred to were fully considered at the last board and board could not see their way clear to alter the present train arrangements.—Signed A. W. Campbell.

Ald. Clark and John Ferguson moved that a delegation be appointed by this Board to go to Ottawa to interview the minister of Railways and canals and other members of the cabinet on the matter.

E. A. McCurdy was named a delegate. On motion of J. Ferguson, Mr. McCurdy was empowered to select his two colleagues.

W. A. Hickson thought that President Hennessy should be a delegate, as he is a strong Liberal and has wide wholesale interests. Delegation should be of all shades of politics.

Pres. Hennessy emphasized the inconvenience to which the up-river sections are put to by lack of railway facilities. Railway Board appears dumb to our prayers. This is a perfectly non political question. He could not go to Ottawa. Adjourned.

ENGLISH PAUPERISM DECREASING

The number of paupers in England and Wales at the end of May says the official return, was 937,668 equal to 17.8 per thousand of the population. This is the lowest on record, the figures last year being 22.0 while in 1871 it was as high as 41.6.

DIES IN REGINA ON TRIP TO COAST

Fredericton, N. B. Aug 14—Word of the sudden death of Mrs. James Kelly of this city, in Regina has been received here. She is in company with her husband started a week ago on a holiday trip to the west intending to proceed as far as the coast. She was taken ill near Regina from hemorrhage and died in a few hours.

The late Mrs. Kelly was a sister of Mr. J. H. Williamson of Newcastle to whom every sympathy is extended in his great loss.

FRANK MILLEA

Word was received in Newcastle, Wednesday of the death of Frank Millea, son of the late Mr. and Mrs. Edward Millea, which occurred the first of the month in the hospital in Reno, Nevada, from heart trouble. Mr. Millea re-visited his home fifteen years ago. At the time of the Spanish-American war he enlisted from Marquette, Wis., and was in Manila for some time. While there he contracted malaria fever and rheumatism from which he never fully recovered. Deceased was born in Newcastle and had many friends who will be sorry to hear of his early death. The surviving members are one brother Edward, of Kokomo, Indiana, and two sisters, Mrs. Geo. F. McWilliam, of St. John, N. B., and Mrs. A. J. Taylor, of St. John, N. B.

WHAT! They Need Painting Again? Let's Buy Amalite ROOFING If Needs No Painting

AMATITE has a real mineral surface; it needs no paint to protect it. In rain and sun and snow and hail, Amalite takes care of itself. It needs no coddling; there is no maintenance cost. You lay it and leave it.

The mineral surface is durable, permanent, absolutely weatherproof, unaffected by climate, insoluble in water, not injured by smoke. Amalite is easy to lay. No skilled labor is required. You simply unroll it on the roof, and nail it down with nails which we supply to you. Cement the laps with the adhesive cement which we also supply free packed in the center of the roll.

Amalite costs no more than the kind of roofings that require constant painting. You get twice as much weight of roofing for your money as you do with other roofings. Sample free on request. Address nearest office.

Everjet Elastic Paint Creonoid Lice Destroyer and Cow Spray. Save money by using this black paint wherever the color is no objection. Elastic, heat-proof, durable. Use it for roofing and all exposed iron and wood. Spray the hen house regularly with Creonoid to kill disease germs, repel insects, suppress odors and prevent the spread of contagion. Sprayed on cattle it keeps the flies away, and the cows thus protected produce more milk.

GERMANY WANTS A SHARE

When, several years ago, France and Britain were quarrelling over Egypt, the British bought off France by consenting to recognize the latter as heir to all Morocco, with the exception of a small section reserved for Spain. Germany, however, interfered and the conference of Algiers decided that France and Spain should police Morocco and exercise certain rights somewhat short of absolute sovereignty. France in 1911 entered upon what was virtually a protectorate of middle Morocco, and Spain lost no time in descending upon the Mediterranean shore. Then Germany suddenly occupied Agadir on the southwestern coast, from which she has not yet seen fit to depart. Agadir is a good harbor, which lies directly on Britain's road to south Africa and inconspicuously near to Gibraltar, and also about half way between Germany and South America. It also impedes the rear of France's African empire which is otherwise comparatively safe from attack.

Germany was inclined to sit tight in Agadir, but latest advices indicate that she may evacuate the town in France's favor for a big slice of Equatorial Africa. The peaceful turn of events was greatly hastened by Britain's intimation that she was prepared to fight, if necessary, in behalf of France's supremacy in Morocco and Russia is thought to have finally turned the scale in baffling Germany's ambitions.

Germany, quieted for the present, will doubtless soon be heard from again in some other direction. It might not be the wisest course for the Maritime powers to settle with her by recognizing German supremacy over the bulk

DEAFNESS CANNOT BE CURED

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and the tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness caused by Catarrh that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Toronto, Aug. 14.—Before a crowd of nearly 9,000 people, Tom Langford succeeded in defeating Albert Shrubbs in their 12 mile race at the Island Stadium Saturday, with the greatest ease. Shrubbs led the pace until the eleventh mile, when he was overtaken by Langford at his heels all the way, and often forcing Shrubbs to sprint hard to keep his position. When they had started on the last mile, however, Langford opened up a big gap between them, and kept on gradually gaining until at the finish he was nearly half a lap to the good. The time of the race was 1:04:28.

Before the big race, a five mile event was run off which William Hefferman, the South African Olympic runner, won from Abbie Woods by three yards, with Meadows, of Galesh, third.

A Prize Contest open to the Farmers of Canada

\$3,600 in Cash Prizes for Farmers

READ the conditions of the Prize Contest we are conducting for the farmers of Canada. \$400.00 in prizes will be awarded to each Province. These prizes will be divided into four groups, consisting of:

PRIZE "A"—\$100.00 to be given to the farmer in each Province who will use during 1911 the greatest number of barrels of "CANADA" Cement.

PRIZE "B"—\$100.00 to be given to the farmer in each Province who uses "CANADA" Cement for the greatest number of purposes.

PRIZE "C"—\$100.00 to be given to the farmer in each Province who kind of work done on his farm during 1911 with "CANADA" Cement.

PRIZE "D"—\$100.00 to be given to the farmer in each Province who submits the most complete description of how any particular piece of work (shown by photograph and text) was done.

Every farmer in Canada is eligible. Therefore, do not be deterred from entering by any feeling that

you would have little chance against your neighbor. For remember, Prizes "C" and "D" have no bearing whatever upon the quantity of cement used. As a matter of fact, your success in this contest will depend to a great extent on your careful reading of our 166-page book, "What the Farmer Can Do With Concrete." In this book—sent free on request to any farmer, full instructions are given as to the uses of concrete, and plans for every kind of farm buildings and farm utility. You'll see the need of this book, whether you are going to try for a prize or not. If you have not got your copy yet, write for it to-night. Simply cut out the attached coupon—or a postcard will do—sign your name and address thereon and send it to-night.

SUPREME

When the debate was resumed in the House of Lords, Wednesday on the Parliament Bill, Viscount Mordaunt, for the government, announced that if the measure were defeated the King had promised to create enough new peers to make the passage of the bill certain. When this was known the Lords accepted the situation in favor of the Bill as passed by the Commons 131 to 114. The Parliament Bill leaves the House of Lords intact as a second chamber but limits its hitherto absolute veto power to the power of vetoing an Act of the Commons for two years only. Thus the great constitutional struggle which began when the House of Lords nearly two years ago rejected the budget of David Lloyd George Chancellor of the Exchequer is ended for a time with the greatest change to Britain's working constitution since the passage of the reform bill in 1932. The House of Lords have definitely agreed to take a place second to the direct representatives of the people. Even if their own party the Conservative should be in power it is very doubtful if they will ever receive their lost authority and prestige. The Socialist contention that all legislative bodies not elected directly by the people should be abolished will now be frequently brought forward and the Lords will be harder pressed to maintain what is still left them.

BRITAIN IS TO BE CONGRATULATED

upon having passed such a far-reaching and revolutionary political change without bloodshed.

New York, Aug. 9.—Sam Langford won from Jim Smith in the 5th round of a scheduled ten-round bout at the Fairmount at the A. C. to-night. Langford was taking matters easy until the fifth, when Smith landed on Langford's head and another on the body. This stung Langford. He went at Smith with a blow, which singed him, and with a left hook to the jaw he put him to the floor. Smith rolled over on his back, but came up at the count of nine and staggered to the ropes. Langford was ready to go at him again, but Referee Job stopped the bout.

DIED

JERUSALEM'S PUBLIC OVENS

One Cave-like Vault Running Along Low Street Level.

There are public bakeries in Jerusalem. The dough is kneaded by women in a vaulted room, the public ovens. These are to be found in almost every street. They are cave-like vaults, running down below the street level. At the base of each vault is the oven, with a sort of well before the open door. In the small vaults the baker, with a long pipe in his hand, upon which he pipes in and takes out the loaves. The dough is baked out in a large vault, and the baking of each family is put on a separate block. The loaves, which are about an inch thick, are of the size of a tea plate and have a hole in the centre. The baker makes them from the dough, takes them, and returns them hot from the oven to the customer. He receives two cents for each half dozen loaves or he may instead take a toll of one loaf for each dozen. Before starting the baking he greases the floor of the oven with olive oil.

NEW PARAGRAPHS

Electric carpets are the latest invention for the heating of rooms, the cost for one room being estimated at a halfpenny an hour.

In Corea marriage is even more important and essential for a man than it is for a woman, as until a man be wed, he is a being of no account. If a father has not selected a wife for his sons ere they reach the age of twenty he is considered worthless and neglectful.

Mr. Elias Taylor, parish clerk of Felsted, has retired on reaching the age of ninety, after fifty-one years of service. During his term of office he has attended the church tower to wind the clock. He discharged that duty 18,000 times, and climbed 100 miles of stairs.

Although, no doubt, every railway company would gladly convey His Majesty and the Queen free of charge, our friends pay exactly the same price as anybody else for a special train, in addition to the first-class fare of every passenger by whom they may be accompanied in their respective suites.

Mr. Graham White has undertaken to deliver cinematograph films of the Coronation by aeroplane to Birmingham, Bristol and Rugby. Instead of being taken by a motor, they have been taken there by aeroplane at Hendon, whence they will be transported by air to their destination.

CARUSO'S COLD COSTS DEAR

It is announced that Signor Caruso will shortly leave for Italy, where he hopes to benefit by a complete rest and change of air, the physicians having forbidden him to sing this season. The loss sustained by the great tenor through what was in the first place regarded as an ordinary slight cold is estimated at about \$10,000 as he has been compelled to refrain from singing for a period of twelve weeks.

TO STOP HAT LIFTING.

To put a stop to hat-lifting as a form of salutation a league has been formed at Zurich which seeks to introduce the military form of salute. The league states that the uncovering of heads is the cause of many colds affecting mainly the older men. In Germany, Austria, and German Switzerland it is the custom for a man to hold his hat in his hand until the lady asks him to "cover" himself. A nod is generally sufficient, but some wait for a formal request.

At the Court of St. James.

But it is not everybody who realizes that the Palace of Westminster—the correct name for the Parliamentary Houses—contains a second throne. This is placed in the King's robing room and is used by the King when he is putting on his legal garb before entering the House of Peers to read the "Speech from the Throne."

As a matter of fact, the official throne of these realms is the one at James' Palace, the very old and looking building at the foot of St. James' street. All ambassadors are accredited to this court, and in the eyes of foreign governments, it stands after the style of the one we read of in the records of King Solomon, for it is composed entirely of ivory, and was the gift of one of the Princes of India.

As Done in France.

"Some years ago," writes a well-known motorist, "I was being driven by a French friend of my acquaintance. He is as careful over his personal expenditure as he is reckless on his Panhard. I did not like the combination, but it is best to be tolerant to foreigners. Passing through a village near St. Albans we encountered a hen. She was standing across the road like a conspirator one moment, and dead the next. She never knew what struck her, Adolph, which is my friend's name, pulled up."

"It is useless to go to her assistance," said I.

"But Adolph," I jumped out of the car and went. I thought it very kind of him. He picked up the dead bird and came running back.

"Faisal," she is not young," he panted. "But she will do well for so soup, so bouillon de poulet, tres delicat."

"Good heavens, you're not going to take her home?"

"Monsieur, excusement! Here she would be wasted. It is as we do in France. 'Tis a chicken!'"

"I had heard that motorists were not popular in the French villages. From that day I have understood."

A CAMPAIGN THAT TESTS MEN

The present campaign for the election of a new Parliament will test both the electors and the politicians of Canada. To a quite exceptional degree it will discover men to themselves and to their fellows. By their sympathies and their votes they will be made known. The true will be distinguished from the false, the seeming from the real, in both political parties. By the issue at stake in this campaign men will be more truly classified and put more distinctly where they belong than by any other campaign in this generation.

On the one side men will be ranged who, not in name only but in heart and in deed, believe in justice for the common people and in equal opportunities for all citizens before the law. On the other side will stand those who defend and profit by class privileges and the inequalities of opportunity created by class legislation. Call these two parties by what names you please, they represent the marshaled forces in this campaign. The issue is clear and well defined. Stripped of all non-essentials, this is the question before the electors: Shall Canadians be given the free chance to sell and to buy foodstuffs and the natural products of the country without the obstructions and losses of an unnecessary customs duty?

At this moment Canadians have not that freedom of opportunity to sell or to buy foodstuffs and the products of the harvest field or of the orchard or of the garden or of the dairy or of the forest or of the fishing industry, except under conditions fixed by heavy customs duty. High protective tariffs in the United States and in Canada block the way of both producers and consumers. The opportunity is now offered to the people of Canada to wipe out most of these obstructions to freedom of sale and purchase of natural products. Whether that chance will be secured—a chance declared to have been the thing desired by both political parties in Canada for two generations—depends on the men to be chosen for the next Parliament by the electors of Canada on September 21. The reciprocity agreement now referred to the judgment of the people provides for that free chance to Canadian producers and consumers. The attitude of a candidate to that agreement fixes his place for or against the right of Canadians to sell and to buy farm products and foodstuffs in the best and most convenient markets.

The distinction of this campaign is that the producer who has foodstuffs to sell declares and has declared for years that he neither wants nor needs any tariff protection or special privileges in the markets where the Canadian consumer buys. He is not afraid of competition either at home or abroad. The farmer wants no

tariff favors. He knows how vain and illusory all protection is to him. He asks to be made free to take his chances. But there are men who deny that right to the producer to sell freely and to the consumer to buy freely. Some of them are middlemen who desire the chance to take toll from both. Some are interested in organized monopolies of various sorts. Some care for nothing but their own or their party's fortunes in the election. And some are simply natural-born friends of class-privilege.

We are told that among those opponents of this proposal to make trade in foodstuffs and natural products free from high tariffs and from the monopoly burdens created under high tariffs, are certain men who are Liberals. We know those men. We have read their speeches. We know their arguments. We recognize the ability with which they try to justify the stand they have taken. But whatever else may be said of these men, of their purposes, or of their motives, this remains: they are not Liberals. If they always held with intelligence the views they now profess they never were Liberals. If their political beliefs had any logical and determinant relation to their political conduct they never would have called themselves Liberals. Their present professions contradict the fundamental principles of historic Liberalism alike in Britain and in Canada. In the light of this campaign they discover their true political whereabouts and are discovered to their friends.

Similarly many men, thousands of them as we believe, who never named or called themselves Liberals will in this campaign and by the very necessities of this issue find themselves allied with the Liberal cause. For the first time in Canada's history the question of trade in natural products is made to divide those who believe in freedom and equality from those who believe in obstruction and class privilege. The opponents of freedom in Parliament have forced the issue in the country. The issue will now test the electors. We welcome it. We rejoice in it. It had to come. Its coming will make greatly for the betterment of life and for the equality of free citizenship in the Canadian nation.—Ex.

The position of director of Mount Allison Conservatory of Music, left vacant by the resignation of Prof. Harry Horsfall, has been filled by the appointment of Prof. J. Noel Brunton, late professor of piano at the Metropolitan Academy of Music, Forest Gate, London, England. Prof. Brunton studied piano and the theory of music at the Stein Conservatorium, Berlin, Germany, from which institution he took his diploma as performer and teacher. He was subsequently a pupil for fourteen months of the great Leopold Godowsky of the same city. He teaches according to the modern school of players, working on the Leschetizky method. He is spoken of as being an exceptionally good pianist and has had a great deal of successful experience both in teaching and in concert work. Before studying in Berlin Prof. Brunton held the position of Master of Music at the Bangor Grammar School, Ireland. While on the staff of the Metropolitan Academy he passed pupils through the higher examinations of the Royal Academy and Trinity College and 95 per cent. gained honors, a record exceedingly hard to beat.

Dr. Paul Lutzenko, of the Stein Conservatorium, says: "During the time he has been here Prof. Brunton has proved himself to be a most diligent and earnest student. His work was always exceptionally well prepared, consequently he has now succeeded in bringing his technique to a high standard of perfection as well as obtaining a thorough knowledge of classical and modern literature. He has passed all the annual examinations Prof.

JAMES REID NOMINATED

(Continued from page 1) W. A. Trauma was appointed chairman and in a few words explained the object of the meeting. Mr. Jas. Reid the member for Restigouche was called upon and spoke briefly.

John T. Bassett, seconded by Alex Levesque moved the following resolution, nominating Mr. James Reid of Charlo. Whereas the parliament of Canada has been dissolved upon the question of the Reciprocity Agreement recently made between Canada and the United States, and a general election is to be held on the 21st September next, this convention of the Liberal Party of the county of Restigouche, called for the purpose of nominating a candidate for election who, if elected, will support the policy of the Liberal Party in the next parliament of Canada, desires to express its approval of the said Reciprocity Agreement, because it will stimulate trade, and be a mutual benefit to the people of the both countries which are parties to the same.

And whereas our worthy representative, Mr. Reid, is in favor of the said Reciprocity Agreement, and would have voted for it if the question had come to a vote in parliament, this convention desires to assure him that in so doing he would be voting in accordance with the wishes of his party. And whereas he has faithfully attended to his duties as a member of parliament ever since his election in the year 1900 when he placed our county in the Liberal column, where he has kept it ever since, through the support of the Liberal party which stood by him in each election.

And whereas he still retains the confidence of his Leader the Right Honorable Sir Wilfrid Laurier whose government this convention desires to see sustained at the polls on the day of the approaching general election. Be it therefore Resolved that this convention, knowing that Mr. Reid is inspired with the true spirit of Canadianism, the cardinal principle of which is Equal Rights for all citizens of Canada, which deprives no person of all the privileges of citizenship on account of race or creed, this convention hopes that Mr. Reid will again consent to be the Liberal candidate for election on the 21st September next, and should he consent—as we trust he will—we the Liberals assembled at this convention promise him our cordial support, and will by every legal means endeavor to secure his election.

N. D. Duncan, seconded by A. C. Belle-Isle moved that Mr. Murray of Campbellton be the Liberal Candidate. The ballot was taken, Messrs F. M. Anderson, W. D. Duncan, A. T. LeBlanc and A. C. Belle-Isle being scrutineers, and resulted as follows: Reid 143 Murray 35 A. T. LeBlanc moved that the nomination be made unanimous, which was carried without a dissenting voice amid great cheering. There were loud calls for Mr. Reid and he responded. Mr. Murray, although allowing the vote to make the nomination unanimous pass took the voice of the convention in very bad grace and announced that his nomination would be filed on the 14th of September. A number of Resolutions endorsing the policy of the Liberal government were passed. The meeting broke up with prolonged cheers for Reid.

Mrs. Comstock and Mrs. Bihannan of Somerville, Mass., were visiting Mr. and Mrs. W. T. Gray last week.

COMPLICATED POLITICS IN QUEBEC PROVINCE

Crossed Planks on Many Platforms—Montreal Plans Warm Welcome for Togo—Fire Insurance Rates to be Lowered—New Record for Ocean Travel.

(From Our Own Correspondent.)

Montreal, Aug. 15.—The days when a voter in the Province of Quebec could signify his party politics by the use of one of two words have slipped far back on the calendar, and the present campaign has opened here with the customary "rouge" or "bleu" explanation of the habitant's political inclinations meaning naught.

Instead, when a man in the back parishes wants to tell you his sentiments it takes him a long time. Never have the farm dwellers been so well posted on the questions of the hour as they are at the opening of this campaign. Last election and the election before a man said he was rouge or bleu and let it go at that. Ask him why and he invariably replied with a shrug: "Sais pas" or "jas' because," or else "my father he rouge too."

Ask a back country Frenchman to day what his politics are and he'll sit down and argue with you for half a day. He's educated and educated to the minute. One is for Laurier but against the navy another for Laurier but against reciprocity. He'll tell you why and all about it. Some diversified forecasts have been made as to how the results will tally up in solid Quebec. How near sight any of them may be is, of course, the question. One thing is certain. Never, taking it all in all, will a less important vote have been cast.

ADMIRAL TOGO COMING. Admiral Togo, the distinguished Japanese, will be the guest of the city of Montreal, Monday, August 21. His Excellency will arrive from Buffalo on Monday morning.

nd will be escorted to the Sailors' Institute, where the Canadian Club will tender him a luncheon, which promises to be unusually magnificent. Monday evening, the distinguished foreigner will entrain for Vancouver with his suite. He will be accompanied to Montreal by Commander Tanguich, and their secretaries and aides.

The Imperial Consul-General of Japan, will come down from Ottawa to meet the Admiral and Consul Hon Nakamura, will speak at the luncheon. Court Togo however, will not make a speech as his knowledge of English, though fair, makes him hesitate to speak in public.

REDUCED INSURANCE RATES. Five years ago, the Fire Underwriters suddenly and very materially increased their rates on Montreal risks. It was contended that the heavy losses from fire which were occurring at that time were largely chargeable to the inefficiency of those who were in charge of it. There was, naturally, much complaining, but on the whole, the city accepted the situation at the Underwriters' estimate and the City Council began to discuss ways and means for remedying it.

Until the advent of the Board of Control, but little practical improvement was made in conditions, although the tide of general discussion continued to occasionally disturb the quiet of the City Hall. In the last nineteen months, however, two and a half million dollars has been spent on new water conduits, more fire apparatus and generally increasing the efficiency of the fire-fighting forces.

But, so far, the insurance rate has remained the same. The city is preparing a long report on the matter and the Fire Underwriters will be called upon to lower their rates.

NEW TRAVEL RECORD. A new record for ocean travel, or for that matter for travel of any kind, so far as human beings are concerned, has just been made here by the purser of one of the transatlantic liners plying between this port and Europe, who has just completed his thousandth trip across the Atlantic. These thousand trips represent about 3,500,000 miles of travel far surpassing any other achievement of the sort of which any record can be found. The thousand trips are equal to 140 trips around the earth, or fifteen to the moon. Of course not all these trips were made on the same vessel, nor was their accomplishment a quick one, since the purser in question has been travelling the Atlantic since 1864 or for nearly half a century. His first trip was of a nature to discourage any but the most enthusiastic lover of the sea, since it was made on a steamship which took fire on its way to this country and was only saved after all hope had been abandoned. Altogether it is likely that it will be long before this 3,500,000 mile record will be beaten, even with the greatly increased speed of the present day liners.

The Intercolonial Railway is a great institution, but we would point out that there are a few Presbyterians in this town who are very much annoyed during the Sunday devotions by the ringing of bells and the noise of shunting in the Queen House. This was promised to be remedied, but is now worse than ever, and the matter should be taken up direct with Ottawa.

Miss Hazel McLeod of Moncton who has been visiting Mr. and Mrs. Bruce McBeth has returned home.

Mr. Earl Mowat has been transferred to Montreal, and left on Thursday evening to assume his duties there.

Miss Audrey Buckingham of Dalhousie spent a week at Campbellton the guest of Mrs. Fred Worman.

Mr. Douglas Kelly—Mr. Walter Sunderland and the Misses Maude and Eunice LeFurguy drove to Dalhousie on Sunday.

TANS

Your feet will be much cooler during the hot summer days if you lay aside your black shoes and wear a pair of our handsome tans; you'll also be better dressed from the standpoint of fashion, for tans are "the rage."

Even if your ideas are harder to fit than your feet, you'll surely find here just the style you're looking for.

SEVEN YEARS OF MISERY

All Relieved by Lydia E. Pinkham's Vegetable Compound. Silkeston, Mo. — "For seven years I suffered everything. I was in bed for four or five days at a time every month and so weak I could hardly walk. I cramp and had backache and headache, and was so nervous and weak that I dreaded to see anyone or have anyone move in the room. The doctors gave me medicine to ease me at those times and said that I ought to have an operation. I would not listen to that, and when a friend of my husband told him about Lydia E. Pinkham's Vegetable Compound and what it had done for his wife, I was willing to take it. Now I look the picture of health and feel like a new woman. I can do my own housework, hoe my garden, and milk a cow. I can entertain company and enjoy them. I can visit when I choose, and walk as far as any ordinary woman, any day in the month. I wish I could take every suffering woman and tell her about Lydia E. Pinkham's Vegetable Compound. The most successful remedy in this country for the cure of all forms of female complaint is Lydia E. Pinkham's Vegetable Compound. It is more widely and successfully used than any other remedy. It has cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, and bearing down feeling, indigestion, and nervous prostration, after all other means had failed. Why don't you try it?"

FLORENCEVILLE 'SWEEP BY FIRE

Some Fifteen Buildings Destroyed on the 10th instant.

A fierce fire which broke out in John V. Kinney's store at Florenceville Carleton county at 7 o'clock Thursday night lit up furiously till nearly midnight caused great damage before the flames were finally got under control. From Kinney's store the fire spread rapidly before a strong north wind but with the exception of the two buildings adjacent to the store on the north side which were destroyed the fire was confined to the south of the store and to the east side of the street. Among the buildings burned are the Turner building Garrison building the residence of Rev. Father Bradley and Dr. Hagaman's drug store. Dr. Hagaman's residence was not burned in all about fifteen buildings were destroyed. The Florenceville fire loss is estimated at \$30,000. The insurance is not large. There were eleven residences and stores and some barns destroyed. The following are among those who suffered loss: John Carney, store; H. P. Gallagher, store and house; Father Bradley, house; E. B. Galipe, house; Charles Estey, house; Otis Shaw, house; Presbyterian manse, Rev. Mr. Manuel; Dr. Hagaman, store; John Smith, house; William Jewett, house; Turner's house occupied by three families. Some of the amounts insured through St. John are as follows: J. V. Carney, in whose place the fire started, General Insurance Co., \$1,000 on building, \$1,000 on stock; Quebec Insurance Company \$1,000 on stock; Lockhart & Ritchie, agent; Yorkshire, \$500 on house; Pacific Coast, \$1,000 on stock; Mr. B. R. Armstrong, agent. S. McGiffin, damage from removal, Western Insurance Company, \$7,000 on stock, R. W. W. Frink agent. Mrs. J. F. Gillespie, Hudson Bay Company, \$1,000 on store and stock, E. L. Jarvis, agent. Rev. Francis Bradley German-American \$1,000 on house T. T. & H. Robinson agents. Dr. Hagaman, Norwick Union \$1,000 on house T. B. & H. B. Robinson agents. Harry W. Frink and probably E. H. Fairweather will assess the loss.

CHEAP FARES TO TORONTO EXHIBITION

Special fares will prevail over the Intercolonial Railway in connection with the Canadian National Exhibition at Toronto, which this year will be held from August 28th to September 11th. The Toronto Fair is the largest and most attractive of annual exhibitions held in America, and this year many new features are to be added. Aside from the attractions of the exhibition itself, a trip to Toronto at this season of the year is sure to be most enjoyable. The rates prevailing are most reasonable. From Newcastle a round trip fare will be \$20.55 good going on August 24, 25, 26, 28, and 30, and Sept. 6 and 7. A special rate of \$10.20 will prevail on August 25, 31 and September 5. All tickets are good to return September 13th. Maritime Province travelers will have their choice of the two through vestibuled trains, the Ocean Limited and the Maritime Express both renowned for their excellence, especially in regard to the sleeping and dining car service. It will be well for intending travelers to apply in good time for tickets, as every year there is an increasing rush of travel in connection with the Toronto Fair. Aug 16 4wks.

MASTERING A LION

What trainers have to do to gain Control. In illustration of the lengths to which owners of wild beasts will go in order to retain control of them, Frank C. Bostock, the famous animal trainer, tells the following story: "Some years ago, when we were at the Hippodrome in Paris, I decided, as a special attraction, to go into the arena with Wallace, a huge African lion that all our trainers had despaired of. The house was crowded. We placed the lion in a cage sixteen feet square, and this was put inside a twenty-foot ring. Two assistants were stationed in the outer ring in case of accident. I had scarcely got inside when the beast leaped at me. It bit right through my left hand, and with one blow ripped the flesh off my back. "Clear out!" I shouted to the two men in the outer ring. "I'm going to open the doors and let him into the big arena." "I was as furious as the lion. My pride as a trainer was wounded deeper than my back. I flung open the doors and the lion sprang out. The blood was pouring from my wounds, but in the excitement of the moment I felt no pain only a mad desire to be master. I picked up a 'property' chair, and when the beast came again I struck it full across the muzzle; then, seizing my whip, I actually became the aggressor and drove him back to the cage. "The audience was in something like a panic, and loud cries of 'Enough! Enough!' were raised. But I hadn't finished. In ten minutes I had subdued Wallace to such an extent that he cowered like a dog. I got out of the cage and just fainted away. From that day to this no one has attempted to teach Wallace."

Polo at Gurnea

Polo is played at Gurnea (three miles up the Gilgat Road) in Keshmir regularly once a week during the summer months, when the ground is free from snow. Each villager rides his own pony (about 12 hands any distance up to 15 miles in the morning, plays from 12 to 3 or 4 p.m., and then rides back to his home. When there is a bet of a sheep they have sides, otherwise it is each for himself. Each checker lasts two hours unless nine goals are scored first; if the ball goes between the posts it counts as a goal, and if it can be caught in the hand in mid-air the catcher scores a goal by riding with it in his hand between the posts—if he can. No one bothers about "offstays," fouls, or other embellishments of Europeans. In spite of plentiful hard knocks, and sometimes, worse, no one misses his weekly game if he can help it. The game generally starts with six or eight players, but by the time it finishes it is an uncommon sight to see twenty players taking part at the same time, and needless to say the game is fast and furious all the time. The local telegraph master is the only European who plays, except for occasional visitors and sportsmen on their way through. To our ideas the game is primitive, but it finds great favour in the eyes of all the natives of this part of the world, and one has only to watch the game for a few minutes to realize how keen they all are, and absolutely devoid of nerves. The greatest tragedy that can befall a keen player on polo day is to have no pony. Sometimes it happens, however, that the animal is hired out and not returned in time. Then the player calmly takes his place in goal — on foot. Yet He Meant Well. He was a likable little man, genial and hearty and sincere, but his experience in public-speaking had never carried him beyond the not very tempestuous waters of school commencement or charity bazaars. When he chanced to be one of a party of more or less public-spirited gentlemen, during a visit to a State penitentiary, and was suddenly asked to speak, he was to the unfortunate inmates (then in the exercise yard), he did not choose quite the happiest of beginnings. For he said, "It is a real pleasure to me to see so many of you gathered here."

Dont Want our Cheese

The American market, for home consumption, demands a soft variety of cheese, that is not made in Canada. From 100 pounds of milk the cheesemaker in the States makes about 11 pounds of cheese, whereas in Canada only 9 pounds of cheese are produced from 100 pounds of milk. In other words, the American cheese contains about 42 per cent. of water, while there is only 30 per cent. in the Canadian harder product.

LOGGIE HOLDING POUSING MEETINGS

Everything Points to a Sweeping
Victory for the Liberal
Candidate.

W. S. Loggie held a fine meet-
ing in Lower Nappan Monday
evening. The farmers are busy
harvesting one of the best crops
on record, but as soon after dusk
as they could get away from their
work they walked and drove to
the hall. They all seemed in-
teensely interested in reciprocity,
and more than one farmer after
he heard Mr. Loggie's speech de-
clared that under reciprocity he
would feel justified in largely ex-
tending his production of crops.
Mr. Loggie has found this meeting
better attended than in any pre-
vious campaign and reciprocity is
the one thing discussed.

REV. DR PHILLIPS DEAD

clergyman well known in Newcastle,
where he spoke but a few months
ago, died suddenly at his home in
Jacksonville, Carolina Co., on
Thursday, from heart trouble. He
was 70 years old, and his wife,
formerly Miss Georgia Donnette,
and four children survive. Dr.
Phillips had been actively engaged
in the missionary work of the
denomination in this part of
Canada for many years, and he
recently had returned to his home
when he was taking at his home

CRIPPLE FROM RHEUMATISM

NOW IN PERFECT HEALTH
THANKS TO "FRUIT-A-TIVES"

VANCOUVER, B.C., Feb. 1st, 1910.
"I am well acquainted with a man,
known to thousands in Vancouver,
Victoria and New Westminster, who for
nearly a year was practically a cripple
from Rheumatism. He was so troubled
with the disease that he found it difficult
to even turn over in bed. His heart
appeared so weak that he could hardly
walk up stairs.
Last June, he received a sample of
"Fruit-a-tives". He used them and
dines his recovery from that time.
Today, there is no man in Vancouver
enjoying better health.
He was building a house this fall and
shingled a good part of the roof in a
driving rain, without suffering any bad
effects."
JOHN B. LACY.

Mr. E. E. Mills, (assistant postmaster
at Kootenay, B.C.) also writes:
"I honestly believe that 'Fruit-a-tives'
is the greatest Rheumatism cure in the
world." Try it yourself.
