HEART OF HUMANITY A CANADIAN STORY

Dorothy Phillips in an Appealing Romance of the Great North West and the Great War

The manager of The Observer was wholly responsible for bringing the "Miracle Man" to Hartland. His object in doing so was to show what a truly wonderful power there is in the cinematograph, or what is more commonly known as the "movies." There is nothing evil in the invention itself and The Observer believes that the general run of films shown in Carleton Place averages high in class, but there can be no limit to the educative and moral value within the possibilities of the moving pictures.

In the "Miracle Man" is pictured four phases of vice in its utmost depravity and it is pictured as horrible rather than as heroic. The spectator felt at first a feeling of repugnance, but only for a brief time. Immediately there came the spirit of uplift which continued to the grand finale when the audience was curiously

seduced, and entirely for the reason that the good there is in the world triumphed.

The "Heart of Humanity" to be shown here the evening of Victoria Day, after the Base Ball Picnic, is said by many critics to be surpassed only by the "Birth of a Nation" and "Hearts of the World". It is a motion picture history of woman's part in the great war, depicted in story form and built around the romance of a little Canadian girl who gave her husband to fight against Prussian auto-cruacy and then went to France herself to care for the wounded and orphaned and homeless victims of German brutality.

The closing scenes of the fighting in Flanders form the red background for action that expresses the bravery of the Red Cross in working under the very mouths of German guns, to restore to normal physical and mental health the children of France and Belgium made fatherless, motherless and homeless by war. It is amid such scenes that Nanette, the little wife of John Patricia, an aviator with the Canadian Expeditionary Forces, labors night and day, and suffers the indignities of war-maddened, lustful Huns before she is reunited with her husband and decorated by the French government for her valorous services.

The supporting cast of "The Heart

of Humanity" includes William Stowell, Robert Anderson, Pat O'Malley, Margaret Mann, Walt Whitman, Gloria Joy and others, with Dorothy Phillips in the leading role of Nanette.

CLEAN-UP DAY!

His Worship, Mayor Keith, has decreed that Monday and Tuesday, May 17 and 18, are to be "clean-up" days in town of Hartland. Every citizen is requested to clean up his premises and, if those who have no team, will place their garbage in boxes or barrels near the street the town team will haul the stuff away free of charge. This is a challenge to the self-respect of every citizen. Who wants to be called filthy and unclean? True, some have already made an effort towards cleaning up, but there are some places—many places—where disgusting filth is found and disease germs are bred. Back-yards and alleys should be cleaned under the supervision of the sanitary inspector. Nothing beautifies a town so much as well kept lawns, shrubbery and flowers. A fresh coat of paint often works wonders.

Building Notes.

H. H. Hatfield has commenced extensive improvements about his residence. He will remove the woodshed and barn and build a very considerable addition to his house. It is Mr. Hatfield's intention to make a garden of the vacant lot between his residence and The Observer office, building a stone wall along the sidewalk. His plans, when carried out, will add very materially to the beauty of the town.

Much improvement has been made on the Central Garage. The ground floor has been greatly enlarged and a workshop has been placed in the rear end of the building. The second floor has been made into two very up-to-date tenements which are occupied by the manager, S. S. Grant, and Harley Burpee. The exterior of the building has been much improved in appearance.

Highest Water Since '87

Following the rain of Saturday the river rose to a height not exceeded in 33 years. Many buildings in low-lying sections of the town were flooded but only one family was forced to move to a higher level. While very few remember seeing a height of water except during times of an ice-jam those who can recall the year of 1887 will recall that the water was so high that a barn on the highest point of Matheson's Island floated away down stream. A canoe from the west side sent over for Dr. Stevens was moored at the basement of the tenement building owned by H. N. Boyer just south of Clarke's Hotel. This event was on May 8 and no ice was running. It followed "the winter of the deep snow."

CALDWELL MADE OF CABINET TIMBER

Is Suggestion of Farmers' Magazine of Toronto.

Under the heading of "the United Farmers in Ottawa" the following interesting paragraph appears in Farmers' magazine:

"The little bunch of farmer members on the Cross benches at Ottawa are saying little, voting some and doing a lot of watchful waiting. Gould, who defeated Motherwell in Saskatchewan, talks more than most new members, yet he takes an old head to corner him badly. Halbert occasionally talks and says it well. Dr. Michael Clark leads in the absence of Cramer who has been in the hospital with boils. Caldwell, of New Brunswick, is shaping up as a big man—cabinet timber possibly for the time that Union Governments cease to exist. Yet in the meantime the House worries on in a sea of mediocrity, with mighty little inspiration in it for the galleries except when Lucien Cannon seeks to revive the art of the old forensic masters. Then everyone sets up and waits for the laugh!—F. M. C.

New Brunswick a Paradise Compared to West.

B. N. Shaw of Highland farm, who with Mrs. Shaw, has been spending the winter months in the far west writes as follows of conditions in and around Mirror, Alberta, where a food famine exists among the cattlemen:

Mirror, Alta., April 18, 1920.

"At last we are having a little fine weather. The first of last week we had a snow storm. The food situation is frightful. There are a few late occurrences: "Seventeen men have gone insane and have been taken to the asylum, forty extra mounted police have been put on to watch the cattle men, and take care of them, and to kill the cattle that are found too weak to get up. One man killed all his cattle, his chickens and his hogs and then went into his cellar and shot himself and was found dead there by the police. Two or three days ago a man killed ninety head of cattle. He could not ship them out as they were too weak to walk to the shipping place. Hay cannot be purchased for \$100 per ton. There is not even wheat straw to be had."

Potatoes Take a Drop

On Monday the potato market went to pieces badly and the price dropped from \$11 per barrel down to \$9. No one was very severely hurt by the fall and most of the dealers were practically shipped out. The drop was a relief to the consumer.

Butter still brings fancy prices, 60c being the price paid today. Eggs are bringing 45c. Oats are scarce and are bringing \$1.25 per bushel. Common ordinary hay is worth \$29.

The Women's Institute will hold their regular monthly meeting on Monday evening at 8 p.m. in the Armory. The roll call will be responded to by a spring-time quotation. The discussion will be on interior decorations.

MONTREAL WOMAN GAINED 20 POUNDS

Had Spent Hundreds of Dollars
Without Benefit—Like New
Woman, Now.

"Tanlac has brought me health, strength and happiness, and I am glad of the opportunity to give my testimonial, which I sincerely hope will be of benefit to others," said Mrs. Philcas Coude, residing at 72 Massue street, one of the most highly esteemed women of Quebec, in an interview, a few days ago.

Mrs. Coude in relating her experience also reported a gain of twenty pounds in weight and her statement, while indeed remarkable, is by no means unusual, as many thousands have testified to having used Tanlac with the same wonderful results.

Captain Phileas Coude, Mrs. Coude's husband, has been a navigator for forty years and is widely known, especially in maritime circles.

"It just seems like I am starting life all anew," explained Mrs. Coude, "for I no longer feel like the same person. My stomach has been in such a bad fix for the past forty years, that is until I took Tanlac, that I was always sick. I was troubled so with indigestion that I had ceased eating any kind of substantial food. In fact, nothing agreed with me, and I had pains all over my body. My arms and legs, especially, hurt me dreadfully. Even the white part of eggs caused me trouble and I had gotten where the only nourishment I could take was milk and vicky water. Three months ago I was brought home from Montreal lying on a bed and just suffering agony. I had become so nervous that even the crumpling of a newspaper annoyed me and I have gone through many a night unable to close my eyes in sleep. All energy and strength left me and I felt many times that I had come to the end of my way. My heart would often beat so hard and fast from the gas on my stomach that I thought that I could not live.

"Many hundreds of dollars have been spent on my case, but nothing ever seemed to give me a particle of relief until I began taking Tanlac. I am the mother of twenty children and have had much experience with medicines, having taken most every kind myself, but I owe all the praise, thanks and gratitude for my wonderful recovery to nothing but Tanlac. The very first bottle of Tanlac made a decided change in me and since have finished my fourth bottle I am feeling just like a new woman. I have an appetite like I have never had before and meats nor anything else I eat hurts me in the least. Since I began taking Tanlac my weight has increased twenty pounds and my strength has returned so that I can now do all my housework without feeling tired except in the natural way. My pains have all disappeared. I sleep soundly all night long and got up mornings thoroughly rested and feeling fine. My nerves are again normal and I have regained all my energy. Words cannot fully express the gratitude I really feel and I want to recommend Tanlac to all others who may be suffering from stomach trouble and a run-down condition like I was before taking this grandest of all medicines."

Tanlac is sold in Hartland by Estey & Curtis Co., and E. L. Field, Bloomfield, and by the leading druggist in every town.

COMPLETELY GRIPPED

Terrible Experience of Mr. J. Harrop

It is seldom that anyone who has been continually exposed to every weather condition does not contract some form of kidney or rheumatic trouble. In many cases, cold, settling in the kidneys, so weakens those important organs that they are unable to filter the waste and poison out of the blood. The latter is carried throughout the body, causing uric acid to accumulate in the joints, with consequent rheumatism, stiff joints, swollen ankles, lumbago, sciatica, neuralgia, constipation, torturing pains in back and side and head. These ills can all be made right. Gin Pills give quick, certain and sure relief. Read what Mr. J. Harrop writes to us:

"I have been crippled up so completely that I could not stand. Work was out of the question. A few doses of Gin Pills put me right. I cannot praise Gin Pills too much, and every home should have a box."

Gin Pills can help you. If you suffer from backache, or have that dreadful feeling of lassitude, with floating specks before the eyes, highly-colored urine, stone in the bladder and general debility, get Gin Pills at once. At all druggists or dealers, 50c. Money refunded if you are not relieved. A sample large enough to demonstrate its value, free on request.

Death of Mrs. Thomas R. Cameron

Again death has entered our quiet village claiming this time one of our oldest and most highly respected neighbors and friends, Mrs. Thomas R. Cameron. She passed away late Wednesday night May 5, after a long illness of much suffering. Mrs. Cameron before her marriage was Miss Caroline Britt and 60 years ago was married to Mr. Cameron. Why Canadians Should Insure in a Canadian Company

BECAUSE—Experience covering a period of forty-six years has proven that the death rate of insured lives is about 15 per cent greater in the United States than in Canada.

BECAUSE—A Canadian does not need to assist in paying for this extra heavy death rate in a foreign country.

BECAUSE—A Canadian insuring in a foreign Company is sending his money out of Canada. If retained in Canada he and Canadians generally will benefit by its circulation and investment.

BECAUSE—In The Policy-Holders' Mutual Life (of Canada) he can secure his insurance at lower rates and on easier terms than in any other Company.

BECAUSE—The Policy-Holders' Mutual Life (of Canada) was organized for the express purpose of eliminating all objectionable features in Life Insurance.

BECAUSE—In The Policy-Holders' Mutual Life (of Canada) the Policyholder votes and participates in the management on equal terms with the Stockholders.

BECAUSE—By its Act of Incorporation provision is made for the Policyholder voting at his own home if convenient to attend the general meetings.

BECAUSE—By its Act of Incorporation the dividend to its Stockholders is limited and all profits above this limited dividend belong to the Policyholder.

BECAUSE—By its Act of Incorporation no "Gold Bond" policies or anything of a like nature can be issued.

BECAUSE—Its Policy-holders participate in the annual distribution of profits after the kind of the life of each policy.

BECAUSE—The low rates and annual distribution of profits leave the money in the Policyholder's pockets or return it to him each year instead of its being retained for speculative purposes as has been charged against some Companies.

BECAUSE—Premiums may be paid monthly, quarterly, semi-annually or annually as best suits the convenience of the insured.

BECAUSE—In the Policy-holders Mutual Life (of Canada) he will be insured in a Canadian Company incorporated by special Act, especially safe-guarding his interests, thoroughly democratic in its principles and management, with every safe-guard and security to which the strongest Stock Company can lay claim or which government deposit reserve and inspection can secure.

SYMPATHY

The Fort Fairfield Review has the following

The people at Hartland and those just across the river at Somerville are having an inconvenient time nowadays owing to the going out of two spans of the bridge across the St. John there. And the government is not able to help them out any right now, having its hands full attending to the bridge at St. John and to the one between St. Stephen and Calais. However, the bridge will doubtless be repaired early this summer, so as to be in use again before many months, although labor is scarce nowadays and materials are hard to obtain and slow in coming.

Somerville School

April exams averages, according to the different grades, arranged in order of merit:

Helen Seely 99.1, Donald Hovey 98.4, Mabel Hovey 98.3; Floyd Seely 97.3, Mabel Rideout 96.3, Lillian Hovey 95.8, Hubert Hartley 95.3, Marjorie Neales 93.3, Lester Knapp 91.7, Fern Hovey 87.

Helen Seely led Grade I, Lester Knapp led Grade II, (a); Donald Hovey led Grade II, (b); Fern Hovey led Grade III; Mabel Rideout led Grade 4. During the past two months, 37 days, Lillian, Mabel and Donald Hovey made perfect attendance. These and Lester Knapp, Fern Hovey and Mabel Rideout were not tardy during the two months. Hubert Hartley made perfect attendance for the month. Those others not tardy for the month of April are Fern Hovey, Mabel Rideout and Lester Knapp.

Jury Places Disapproval of Careless Motor Driving

At the adjourned sitting of the Carleton Circuit Court last week the case of William Morey and Edna Morey, his wife, vs. G. Lewis Bell was tried and a verdict given the plaintiffs for \$828.70.

This action arose from a collision last October between the defendant's auto, driven by him, and the horse and carriage driven by Mrs. Morey and daughter in Main street Woodstock, when Mrs. Morey was severely cut on the head and the horse killed.

The jury, with Bert Shaw of Wakefield, foreman, found negligence and awarded the plaintiffs the above damages. Robert L. Simms was counsel for the plaintiffs and W. P. Jones

K. C. and C. J. Jones acted for the defendant.

Tractor Demonstration at East Florenceville

Unusual interest was taken in the tractor demonstration which took place at East Florenceville, April 28, when McCain & Trafford displayed a car load of International Harvester tractors. Special interest was taken by the farmers of the surrounding district from the fact that this is the first car load of tractors to arrive in this locality. A number of the purchasers were present consisting of S. A. Perkins, A. A. H. Margison and Theodore Cain, who took delivery of their machines after the demonstration. The others are to be delivered during the next few days. The tractor game at the present time is just in its infancy, but from all appearances with the scarcity of labor and the high cost of the up-keep of horses, etc., it is an assured fact that the tractor has come to stay just the same as the automobile, and it will only be a matter of a few years then tractors will be as common as the Ford car.

Middle Aged Women

Women should take warning from such symptoms as heat flashes, shortness of breath, excessive nervousness, irritability, and the blues—which indicate the approach of the inevitable "Change" that comes to all women nearing middle age. We have published volumes of proof that Lydia E. Pinkham's Vegetable Compound is the greatest aid women can have during this trying period.

Read About These Two Women:

Franklin, O.—"I was passing through the critical period of life, being forty-six years of age and had all the symptoms incident to that change—heat flashes, nervousness, and was in a general run-down condition, so I was hard for me to do my work. Lydia E. Pinkham's Vegetable Compound was recommended to me as the best remedy for my troubles, which it surely proved to be. I feel better and stronger in every way since taking it, and the annoying symptoms have disappeared."—Mrs. M. G. Jones, 825 Napoleon St., Franklin, Ohio.

Urbana, Ill.—"During Change of Life, in addition to the annoying symptoms I had an attack of grippe which lasted all winter and left me in a weakened condition. I felt at times that I would never be well again. I read of Lydia E. Pinkham's Vegetable Compound and that it did for women passing through the Change of Life, so I told my doctor I would try it. I soon began to gain strength and the annoying symptoms disappeared, and your Vegetable Compound has made me a well, active woman to do all my own housework. I cannot recommend Lydia E. Pinkham's Vegetable Compound too highly to women passing through the Change of Life."—Mrs. E. E. Henson, 1216 South Orchard Street, Urbana, Ill.

LOCAL AND PERSONAL ITEMS

One of the most decisive and memorable battles of history has been incessantly waged in our quiet little Centreville valley here for the past two weeks. For more than a twelve month old marshal de la, cruel Apache that he is, has been bivouacking to the north, south, east and west of us awaiting a favorable moment to grab some of the outpost sentries. This period of guerilla, strife developed a lackadaisical careless trait among us which proved his cue of invasion. About mid-April he summoned his officers together at headquarters for a council of war. All his aides came to the deliberations. General Cephalus, General Emetic, Major Lumbo, Major Pyrexia and Captain Vertigo, Malaise and Coryza. When all were seated round the board the old marshal, with the eye of a martinet, spoke up forthwith. "And where, pray, is my trusty second in command, General New Monia?" "Why?" replied General Emetic, "we can make that little bug sick enough without him, my Lord!" Satisfied the marshal proceeded with the plans of battle, swanking before his colleagues with prospects of an early and complete victory. Meanwhile, despite the caution of the enemy, word had got about of the intended stealthy advance, and with one accord our townspeople began a stampede for the colors. The doctor, the merchant, the barber, the miller, the dentist, women of Amazonian tendencies and sundry husky children flocked to the standard to do battle with the invaders, while all the rest in town organized themselves into a subsidiary host. The town was guarded on three sides by the Rivers Frumentum, Vin. Gall and Juniperi, so the attack was launched on the fourth or vulnerable side. Even here Colonel Heights, Ginger Ale Brook, Epsom Ridge, Lemonade Lake and Aspirin Crossing formed a system of barriers hard to get over. Personally my interest in the warfare was soon over for I was one of the early stricken.

must have really been alright for on the quiet Sabbath morning I suddenly awakened very cool, calm, alert and quite myself. I seemed to recognize my nurse standing near, and I said quietly, "Nurse, am I alright, now?" She said, "yes, quite alright." "Nurse, was I white or yellow?" "You were a white man." They figure that in five days you slew 99,999,999 of the enemy." "Nurse, can't you find an odd one kicking around here. I want to make it even money." "Why man," said she "you have already distinguished yourself and are recommended for a V. C." "Never mind a V. C.," replied I, "make mine a V. S. (very sick) for that comes nearer what I merit." At present writing I am slowly recovering in my hospital here, while the battle is still being waged fiercely all round. In the future were I given opportunity of a choice between meeting a flu germ and a fly german in deadly combat, I would take the latter. You would know where you were going to get off so much sooner.
