HON. MR. VENIOT MAKES STATEMENT

Regarding Expenditures in His Plans And Sketches of Bridge Will Be Submitted.

Fredericton, N. B., Feb. 3.—Hon. Mr. Veniot, in discussing the provincial accounts on Friday, said: "I am quite prepared to meet any honest criticism and I am convinced that every person who used the roads of this province will justify the expenditure incurred, although to meet the ever-growing requirements for roads and bridges it became necessary to go beyond the amount voted by the Legislature for ordinary roads and bridges, which was \$840,000. This amount was sub-divided as follows: \$140,000 for roads and \$200,000 for bridges. The amount expended on roads was \$235,657 and on bridges \$343,178.

"It would be impossible in an interview to go into all the details that explain the over-expenditure in my department. Those details will be laid before the legislature when the public will be able to more fully appreciate the reasons which brought about such an expenditure, but in the meantime I do not object to the publication of what I consider a few of the essential points. I wish it to be understood that I am not offering these as an excuse. Unheard of and unexpected conditions developed soon after the adjournment of the legislature which made it imperative to either exceed the amount voted or to turn a deaf ear to public demands and close the eyes to a state of affairs in connection with bridges of this province which would render travel not only risky but almost impossible. These conditions had to be met, and I feel that it stands to the credit of the government, when made aware of the fact, that it did not hesitate to meet such conditions, notwithstanding that to do so would bring about a heavy deficit and give an opportunity for our opponents to criticize our action. In fact it would have been criminal to have acted otherwise.

"In 1919 some 125 wooden bridges, principally on branch roads, which appeared on inspection in 1918 to be safe for some time to come, became so weakened by the ever heavily increasing auto traffic that it was apparent they must receive immediate attention. This caused an expenditure of about \$80,000 unforeseen in the fall of 1918 at the close of the fiscal year. To this must be added the rapid change in the price of material and labor which took place in June and July, as compared with prices of the previous year. Labor increased 35 to 40 per cent. and material 25 to 35 per cent. Even if I had confined my operations to only the bridges mentioned in the ordinary way the increase in wages and material would have brought about an over-expenditure in the vicinity of \$30,000.

"To give the public an idea of the bridge work in this province, which must be paid for out of ordinary revenue, I would ask you to publish the following table which shows the number of bridges reconstructed and repaired each year under supervision of our bridge superintendents. You will see that the number has been increasing since I became minister of public works and when the public will read these figures they can judge whether our bridges were receiving the attention they should have received from our predecessors.

"The over-expenditure in my department was not all confined to bridges. The amount set aside for branch roads was also over-expended by \$125,687. The work planned for in the fall of 1918 for 1919, apart from automobile money set aside for this purpose, could not be carried out without an over-expenditure owing to the increase of wages and material. This increase alone amounted to at least \$50,000. The balance of the increase in this item was caused by the additional work undertaken in sections that could only be handled in a very dry season, and as July and August were exceptionally dry, advantage was taken of conditions to do a class of work of a durable nature which might have had to be delayed for several seasons to the great detriment of the farming districts where such work was carried on. While this brought about an over-expenditure, I considered my action was justified because by so doing I was saving money to the province.

DIED.
At the Jeffrey Hale Hospital, Quebec on Sunday evening Feb. 1st, Miss Mary C. LeGallais of Paspébiac, Que., after a short illness of pneumonia. Interment will take place at Paspébiac.

INFORMATION OF BRIDGE SITE

Plans And Sketches of Bridge Will Be Submitted.

It is expected that the committee appointed at the recent meeting of the Board of Trade to get all information in reference to a bridge at Campbellton and meet Hon. Mr. Veniot, will bring in a report.

The Graphic understands that the Chairman has received from Engineer Stead of Chatham a lot of valuable information as to soundings, etc., as well as a sketch of the bridge. This matter will be fully discussed at the Board of Trade meeting Friday evening.

There are also a number of other important matters to be brought up, if there is time, so a full attendance of members is desired.

It is expected that Hon. Mr. Veniot will be here Friday evening and will attend the meeting of the Board of Trade.

DALHOUSIE.

Dalhousie, Feb. 4.—A. G. Wallace of Dalhousie, who was a Corporal in the Great War has been honored recently with medals, bars, etc. The latest is the 1914-15 Bar, and with it an expression of appreciation of his devotion to duty during the early months of the Great War from the District Record Officer, Military District No. 7, dated at St. John, N. B., Jan. 9th 1920.

The ladies of the R. C. congregation will hold a grand Whist Party in the Convent Hall, on Thursday, Feb. 12th at 8 o'clock, P.M. There will be prizes and refreshments. Admiss. 35 cts. Everybody welcome.

The Quebec press announce that their city is invaded this week by some six hundred delegates, representing all branches of agriculture in the Province of Quebec. One of the delegates, who travelled the greatest distance to attend the convention is Mr. L. P. LeBel, one of Bonaventure Co.'s up-to-date farmers. He is also Registrar of the eastern end of the county. In an interview he spoke highly of the fertility of the soil in the Gaspé District and gave great hope for the future.

He is the President also of the Bonaventure County Agricultural Society, Division A. He was accompanied to the Convention by Mr. John Delain, Secy-Treas., of the Barachois of Malbéc Agricultural Society of Gaspé County. Mr. L. P. LeBel is an uncle of Mrs. Henry McIntyre of Campbellton and is the oldest registrar in office in the Province of Quebec.

Mrs. James Methot, who has been visiting her old home in Richibucto, N. B., arrived here this week.

Mr. Albert McDonald, Nelson, B. C. arrived here to-day by Ltd. to join his wife, who has been spending several months here for her health and has been the guest of her father Mr. John Almon. Mr. McDonald looks well and is meeting with a hearty welcome in his native town. He is one of the Restigouche boys who did well in the West.

BANKRUPT BY ACCIDENT.

London, Feb. 3.—Asked by a friend to try out a motorcycle and sidecar, Sidney Stent, a school teacher, ran the machine against Miss Leiper. She sued and was awarded a verdict of \$1,500. As the teacher had assets of only a little over \$50, he filed a petition in bankruptcy.

WANT ACCESS TO OUR FORESTS

Americans to Fight to Get Canadian Pulpwood—N. B. Interested.

Washington, Feb. 2.—A resolution introduced into the senate yesterday by Senator Underwood, which requests the appointment of a commission to open negotiations with Canada with regard to the Canadian restrictions on the exportation of pulpwood, is believed to mark the opening of a big fight which some United States senators plan to make with the object of securing the opening up of Canadian forest resources to United States mills.

That Senator Underwood and his associates are already to "go the limit" in the campaign is indicated by a rather pointed suggestion in the Underwood resolution that a movement may be started in congress for retaliatory action against Canada in the event of the failure of the demand for the removal of modification of the Canadian exportation restrictions. The resolution requests President Wilson to appoint a commission of five to open negotiations with the dominion government or with the provincial governments of Quebec, Ontario and New Brunswick, looking for a modification of the existing restrictions, which, the resolution declares, are working great hardships to users of print paper in this country, but it contains also the significant provision that in case a mutual agreement cannot be reached the commission shall report to congress what action should be taken and will aid in removing the difficulty.

LIQUOR IN CAR OF POTATOES

Large Shipment Being Smuggled Into United States Caught.

Still another seizure of Canadian whiskey has been made by the United States customs officers in Maine. Recently more than 1,000 quarts were found in a car at Northern Maine Junction, a point where the Bangor Aroostook Railroad joins the main line of the Maine Central.

The customs officers, who are unusually alert these days, spotted a suspicious looking car of potatoes which had been turned over to the Bangor & Aroostook Railroad at Van Buren, on the St. John River, opposite St. Leonard's. They probed deeply into the potatoes and were rewarded by finding \$5,000 worth of the contraband.

The car was billed to Washington, Ohio, but the officers were unable to learn the name of the owner of the whiskey. The liquor will be sent to the government warehouse at Portland, Maine.

BUSINESS CHANGE.

START CAMPAIGN WITH BANQUET

St. Andrew's Church Ladies Dominion Government Has

The National Forward Movement so far as the Presbyterian Church is concerned, was given a good start at a banquet served by the ladies of the congregation in St. Andrew's Hall, Tuesday night.

The bill of fare was a very elaborate one and the good things were done ample justice to by the men. After the feast had been attended to plans for the Forward Movement drive were discussed and organization for the work completed.

The success of the drive is assured.

10,000 INFLUENZA

CASES IN TORONTO

Mortality, However, is Quite Low in Present Epidemic, Declares City's Medical Officer of Health.

Toronto, Feb. 4.—There are 10,000 influenza cases in Toronto, according to an estimate last night by Dr. C. Hastings, Medical Officer of Health for Toronto.

"The mortality is quite low in the present epidemic," was Dr. Hastings' assuring statement. He said, however, that this was in comparison with the large number of cases. Every possible building for the care of influenza patients is being secured, including the old base hospital building. All the hospitals have been filled for several days.

NO CONTROL OF ALL PULP LANDS

Ottawa, Feb. 4.—Approval of the agitation in the United States to institute negotiations with Canada to have restriction on pulp wood export in this country altered or nullified. It is said that so far as the Dominion government is concerned the export of the pulp wood is in the hands of the Dominion lands in the provinces of British Columbia.

In Ontario Quebec and the Maritime Provinces the provincial governments exercise complete control and levy a variety of restrictions on the export.

Any negotiations, however, along this line in the U. S. Senate, would in the United States Senate, looking to a removal of the restrictions will necessarily be associated with federal and provincial governments.

CAMPBELLTON WINS AT CHATHAM

Great Hockey Match Enjoyed
By Big Crowds At
Chatham.

(Chatham Gazette.)
Before a large crowd which filled the College rink the Campbellton team defeated the local boys in one great game of hockey Friday evening. The score at end was 9-4. Incidentally Campbellton accomplished what few teams have ever done when it took a game from Chatham on home ice, considering the class of this year's local team that is saying something. The Campbellton boys turned the trick because they had that essential—reliance of a good team—team work. The local boys had a margin on the skaters in speed they had the bulk of the territory play but the heavy defence and superb combination of Campbellton overcame them.

From the spectators point of view it was one grand game full of thrills and excitement, with scintillating end to end rushes by the locals and beautiful two and three man combination of the Campbellton boys. As we said before Friday night's game would be a test for the Chatham team. It proved to be a real one. It showed in what departments of the game the locals were deficient and it forcibly pointed out that if Chatham wants to take full advantage of the material at hand it will have to shift around the players somewhat.

The Play.
The game started off at breakneck speed, play shifting quickly from end to end. W. Veno got first blood rush for Chatham when with a nice rush he fooled the Campbellton defence and slammed one by Duncan. Shortly afterwards Starrak evened up for Campbellton. Chatham continued to force the play but the sturdy defence of the visitors kept our forwards from scoring. Shortly before the period closed A. Veno secured and with a clear field drove a shot which darted between Duncan's legs and nestled behind the posts.

To the chagrin of the Chatham team and the spectators generally the goal judge declared no goal. He had impulsively perked up his handkerchief when he saw the play but through some inexplicable reason pulled it down much quicker and said no goal, the referee did not see the play so the goal judge decision had to stand. Dozens of spectators among whom were many visitors declared it was a goal but it was no use. Play continued and Duncan was knocked out on a long shot from Veno's stick. This caused a slight delay and added to the second period. This was one of the "breaks" of the game and all to the favor of Campbellton.

The Chatham team attacked strongly in the opening minutes of the 2nd period but could not penetrate their opponents' defence. They missed a beautiful pass from the corner with nobody in front but the goal tender, Campbellton then took the offensive and on some nice combination work notched three in a row. McMahon and Troy scored for Chatham and made things exciting. Campbellton however noted another break when the period ended giving them a two goal lead.

Both goalies had been putting up good exhibitions and saved their teams many times.

3rd Period.
Chatham came on the ice in this period with the determination to even the score. They were not with them. They happened away at Duncan, held back down around Campbellton and in the bulk of the period hit it.

McMahon shot from the corner and hit the goal. Campbellton was not to be taken in. McMahon's shot was deflected by the goal tender. Joe Mills gave a nice exhibition of all handling in this period and the Campbellton defence seemed to be a bit better.

COLDEST MONTH ON RECORD

January Surpasses All Previous
Records for Severe
Cold.

The month of January, 1920, now closed, will be remembered as the most frigid January on record, marked for its continuous low thermometer readings, and but few hours of above freezing temperatures. Rainfall, as might be expected from the thermal conditions, was nil, while snowfall during the last half of the month was fairly abundant and accountable for almost the entire precipitation.

The minimum temperature each day as reported from the Chatham weather bureau was as follows:—

Jan. 1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16	17	18	19	20	21	22	23	24	25	26	27	28	29	30	31
10	0	20 below	13	22	15	9	22	10%	12	12	12	14	15	14	14%	12	1	12 1/2 below	22	8	23 1/2	23	3	8	11	22	22	13 1/2	23 1/2	9

Following are the average temperatures:—

Year	Dec.	Jan.	Feb.
1915	27.1	17.0	20.2
1916	25	15.0	13.8
1917	12.9	9.8	10.3
1918	19.8	11.1	22.8
1919	11.6	15.7	17.0
1920		4.3	

Unofficial readings here are about five degrees lower than at Chatham. This means that of thirty-one days there were at least twenty-six which were below zero. Saturday is said to have been the coldest day ever experienced here. Thermometer registered about 26 below zero with a very heavy wind blowing.

Mr. Out-town—Did you ask the new maid if she had any experience with children?
"Oh, yes," said the old maid, "I didn't need to."

A crowd about a ringing attracted the attention of a sad-eyed individual who seemed to be still visibly affected by the succession of language that had marked his life before the long dry spell began.

"What a matter?" he inquired.
"Oh, we're just watching the work."

"What work?"
"This is a drilling machine."

"And they are drilling for?"
"Water."

As the shabby individual turned to move away he muttered with fervor most intense:
"And to think we'd ever come to this."

GEORGE'S GUESS.
"Oh, George, I wonder how anyone could say that absence makes the heart grow fonder."
"I guess that must mean the absence of a third party."

"CASCARETS" WORK
WHILE YOU SLEEP

For Sick Headache, Sour Stomach,
Sluggish Liver and Bowels—
Take Cascarets tonight.

Furred Tongue, Bad Taste, Indigestion, Sallow Skin and Miserable Headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a swill barrel. That's the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascaret to-night will give your constipated bowels a thorough cleansing and straighten you out by morning. They work while you sleep—a 10-cent box from your druggist will keep you feeling good for months.

WOMEN OF MIDDLE AGE

Need Help to Pass the Crisis Safely—Proof that Lydia E. Pinkham's Vegetable Compound Can be Relied Upon.

Urbana, Ill.—"During Change of Life, in addition to its annoying symptoms, I had an attack of grippe which lasted all winter and left me in a weak condition. I felt at times that I would never be well again. I read of Lydia E. Pinkham's Vegetable Compound and what it did for women passing through the Change of Life, so I told my doctor I would try it. I soon began to gain in strength and the annoying symptoms disappeared and your Vegetable Compound has made me a well, strong woman so I do all my own housework. I cannot recommend Lydia E. Pinkham's Vegetable Compound too highly to women passing through the Change of Life."

Mrs. FRANK HENSON, 1516 S. Orchard St., Urbana, Ill.

Women who suffer from nervousness, "heat flashes," backache, headaches and "the blues" should try this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound.

DON'T LET GO.

A COMMUNITY without CO-OPERATION is like a boatman who has lost his oar. You can't imagine a more HELPLESS case. Unable to GET ANYWHERE, there is no COURSE but to DRIFT with the ebb and flow of circumstances. Once LOST, it is hard, indeed, to RECOVER the oar. But surely we don't have to get into this DANGEROUS plight. It's our OWN fault if we DO. Co-operation, like rowing a boat, must be studied and learned. And we can only learn through PRACTICE. The PRACTICED oarsman never lets go of the oar. And if we would ALL, from DRIFTING we must practice CO-OPERATION. Let's GET into practice and KEEP in practice. Let us PULL TOGETHER in everything that means PROGRESS for our Home Town. It's a case of SINK or SWIM "TOGETHER."

NECESSARY LEGISLATION.

The town of Campbellton is asking for more special legislation, and very necessary legislation it is too, but while it is going to the legislature for one thing could we not as well ask for several changes or amendments, whichever are needed and save expense.

The matter of a town manager is a five one. It will need special legislation to authorize the appointment of such an official. While perhaps we have not studied this matter fully, so that we can decide to go ahead with the proposition, yet we could obtain the necessary legislation giving the Town Council power to appoint such a manager and when the time was ripe the necessary power would be available.

Then there is the matter of giving the ladies the right to vote in town affairs. We notice that some towns in Nova Scotia have given the ladies this right and they are taking a deep interest in town affairs. In provincial affairs they have been granted the right to vote, and why, we would like to know, should they be deprived of this right in the town in which they live.

We are sure that we have only to bring this matter to the attention of His Worship the Mayor, when he will take the necessary steps to have this important matter rectified and we can assure him that he would be a hard candidate to defeat if he wished the honor for another term, if he takes this matter up.

CANADIAN EXCHANGE.

Our friends across the border have cut and slashed the Canadian dollar until it hardly knows itself.

Exchange rates on Wednesday had reached 17 1/2 per cent, or so far as other words a Canadian dollar is worth only 82 1/2 cents when it crosses the boundary.

The only remedy we see in sight is for the Canadians to adopt the old Conservative slogan of "No truck or trade with the Yanks" or so far as banking in the United States is concerned.

Let every loyal Canadian purchase nothing across the line which can be bought in Canada and then endeavor to do without goods which can only be purchased in the United States. If this was practised for three to six months the Canadian question would be speedily settled.

CANADIAN INSURANCE IN THE UNITED STATES.

While many excellent Canadians when we all wish well are engaged in obtaining Canadian business for American life insurance companies, it is time to consider that the road Canadian money which is sent out of the country in payment of premiums is consequently a drain in still furtherance of the present exodus and credit against our own country in the United States. The amount of such funds annually sent for premiums is enormous, and the headquarters of the American life companies are exceedingly large, amounting to millions of dollars every year, though we don't very much whether it is at present on the increase, or likely so to be, in view of the difference in the methods pursued by the management of the United States and Canadian companies respectively. Powerful as are the big American life companies, they are far from being as aggressive in the newspaper advertising sense as Canadian companies are, while the campaign of newspaper publicity pursued by many of the latter is of daily educational value and a steady continuance in solid confidence building. This, together with their well known integrity and careful administration fairly entitles them to Canadian business.

PROVINCIAL FINANCES.

The statement of revenue and expenditure for year ending October 31, 1919, issued by the Provincial Government, shows a deficit of \$327,686. The over-expenditures were incurred on account of the Forestry service, and of roads and bridges. That is to say, the government deliberately enlarged its programme in respect to two important services, and the economy of the new work undertaken must be the determining factor in the public judgment of its financial statement. Increases in expenditure on the forestry service were inevitable if the forward policy of the Crown Land's department mapped out by Hon. Mr. Smith, was to be adhered to. The chaotic condition in which he found the department required complete reorganization. Under the old regime

MILLIONS IN CANADIAN FUR

Government Reports Large Exports From Dominion—High Prices.

Canada is now exporting to other countries, according to Dominion government figures, \$11,000,000 worth of furs and skins in the course of a year, and a number are brought back into the country, purchased by Canadian dealers at foreign sales and resold to Canadians. The value of furs and skins exported during the fiscal year 1918-1919 was \$13,731,021. Of these \$9,748,464 worth went to the United States, \$3,769,955 to Great Britain, and \$230,202 to other countries. Some extent of the values to which these exports have risen can be obtained from the fact that the value of the export of furs and skins in 1917 was but \$5,837,383. During the month of March, 1919, the value of these exports was \$2,600,704 as compared with \$1,420,168 in the corresponding month in 1918. It has been estimated that eighty per cent of the silver foxes of the world come from Canada.

WOMAN'S STATEMENT WILL HELP CAMPBELLTON

"I hated cooking because whatever I ate gave me sour stomach and a bloated feeling. I drank hot water and olive oil by the gallon. Nothing helped until I tried simple buckthorn bark, glycerine, etc., as mixed in Ad-ler-ka." Because it flushes the ENTIRE bowel tract completely Ad-ler-ka relieves ANY CASE sour stomach, gas or constipation and prevents appendicitis. THE INSTANT action is surprising. A. McE. McDonald, Druggist.

The officials had no independent means of finding out how much lumber was cut on the crown lands. It was apparently more important that the lumber operators should pay into a secret fund controlled by certain politicians than that they should pay royalties on an accurate measurement of the lumber cut. Lumbermen who were held up in this way, and who were strictly honest in other relations of life, and disposed to be honest towards the government, could not be expected to inform the government when the crown lands under-estimated their cut.

Reforms introduced by Hon. Mr. Smith in respect to measurement of the cut have resulted in a big increase in the territorial revenues. His department has undertaken a system of forest protection, the expansion of which cannot be rushed too rapidly. Last year his excess of expenditures over the appropriations in this department amounted to \$53,346. Some \$49,000 was spent on classification of the crown lands, a work that will be of great value in connection with any future policy of forest conservation or of proper new land for settlement. Then the department has spent a considerable sum installing telephones for fire ranger's service. And costs of land and material have proven higher than were provided for in the estimates.

The big increase was in the Department of Public Works. During the year this department repaired 125 wooden bridges, which had not been considered in the estimates. The open winter of 1919-1920 left the roads in a worse state than was anticipated and there were other unforeseen needs.

The increased expenditures are both the Department of Crown Lands and Public Works. With lumber and pulp wood at unheard of prices it would be poor economy not to take vigorous measures to protect our forests.

New Brunswick is not the only province that has recently reported a deficit. British Columbia had a deficit of \$2,000,000 a short time ago, and the public positions have been in a poor condition in current accounts. But they are not to be worried thereby. A government that is not afraid to over-expend its estimates for a worthy purpose should, with the future, and the New Brunswick over-expenditures this year will prove economies in the long run.—Transcript.

DEPARTMENT OF HEALTH N. B.

EPIDEMIC INFLUENZA

As this disease has been reported as again epidemic in several cities of the Middle Western States, it is perhaps, probable, that it may again visit this Province.

In that event the following may be of service to the Public:
(1) The disease is not carried in the open air.
(2) It passes from person to person in close contact.
(3) It is principally spread by sneezing and coughing, by the person affected, close to another.

TO AVOID IT.
(1) Do not travel if possible.
(2) Do not frequent crowded assemblages.
(3) Keep clear of persons sneezing or coughing.
(4) Do not visit neighbors merely for pleasure, and do not give parties or dinners or dances.
(5) Do not give way to panicky fear of it.
(6) Do not drink whisky or other intoxicants as a preventive. It is worse than useless.

HOW TO AVOID GIVING IT TO OTHERS
(1) Always sneeze or cough in a handkerchief.
(2) Go home at once if feverish or unusually chilly.
(3) Go at once to bed and remain there till all fever and discharge from nose are gone.
(4) Keep to one room and see no one except nurse, doctor or clergyman.
(5) When able to get up and move around remain at home for ten days to two weeks. Pneumonia and death may result in consequence of neglect of this precaution.

It has done me a world of good

WHEREVER there is weakness, wherever there is convalescence, in-temperance, nerve-trouble, loss of spirits, or unusual loss of energy, Hall's Wine never fails to do a world of good.

Simply because Hall's Wine restores the flagging powers by enriching the blood stream and quickening the sluggish digestion, and so in turn toning up the entire system.

Indeed, a doctor has stated that in all his long practice he has never known Hall's Wine to fail.

HALL'S WINE

The Supreme Tonic Restorative

Hall's Wine is prepared from a prescription of a member of the Royal College of Surgeons, London, England. It has been recommended by doctors in Great Britain for over 25 years.

FORWARD MOVEMENT.

Canvassing teams from the various protestant churches, are calling upon members and adherents of the various churches for subscriptions to the funds necessary to carry on this great work and are meeting with generous response.

WATER PIPES FROZEN.

From all sections of the town came reports Saturday of frozen water pipes. The oldest residents cannot remember the like of the cold. In one district the water service pipes are frozen cutting an entire street off from water.

WATER FRONT EXPLODES.

Saturday morning shortly after Mrs. Edward Price, Sr., had lighted the fire in the cooking range an explosion took place which completely wrecked the stove and boiler and injured Mrs. Price. But for the timely arrival of other members of the family a worse would have resulted. It was necessary to install a new range.

SERVICE AT THE ARMY.

The services at the Salvation Army on Saturday and Sunday, February 7th and 8th will be led by Brigadier David Moore, the commander of the St. John Division. Meetings will be held on Saturday at 8 p.m., and on Sunday at 11 a.m., 3.30 p.m. and 7.30 p.m. You should not miss this opportunity of hearing one of the Army's old and experienced officers. Every one welcome.

NOT BOOZE.

Recently a Campbellton firm shipped a car of oil to Gaspe coast points and a wood working factory shipped a car of lumber to the United States. When the car of supposed lumber reached the border it was found to contain casks, and no doubt the customs officers took an extra sniff to be sure it was not booze. The cars had become mixed and the lumber went to Gaspe. The cars were returned and are now on their way.

LORD BEAVERBROOK SCHOLARSHIPS

First Announcement of Winners Will be Made Next July.

The Lord Beaverbrook scholarships committee announces that the first five annual scholarships, founded by Lord Beaverbrook, will be open for award to candidates who pass the University of New Brunswick matriculation examination to be held in July next.

These scholarships, each of the annual value of \$325 may be awarded for university courses in arts, sciences, applied science, theology, law, medicine, engineering and forestry, and will be tenable in each case for the period of four years at any Canadian university which (except in the case of theology) is not a denominational institution.

While the University of New Brunswick matriculation examination will be adopted as the test of the relative educational merits of the candidates, the committee in making the awards will, in addition to their scholastic attainments, take into consideration the financial position, moral character and industrious habits of the candidates, so that those may be selected who are, viewed from all standpoints, most deserving.

By the terms of the trust, three of the five scholarships must be awarded to students outside the St. John and Fredericton districts.

OFF TO MONCTON.

The Campbellton "Vice" left on the limited this morning to play the Moncton "Victoria's" to-night.

RECENT BOOKS.

"Treasure Trove in Gaspe and the Baie Des Chaleurs" is the title of a very interesting volume by Margaret G. MacWhirter. The volume contains much of historical interest to the district and is illustrated by thirty-seven full page plates. Many valuable facts of the Bay Chaleurs country are by this volume preserved for future generations. The volume sells for \$3.00 and can be procured from the author whose address is New Richmond, Que.

"The Eighty-fifth Nova Scotia Highlanders in France and Flanders" is the title of a complete record of the gallant 85th. The author is Joseph Hays. A large number of illustrations add to its attractiveness. Some N. B. boys were in the ranks of this battalion and if any one cares to look it over a copy can be seen at the Graphic Office. It is for sale by the Royal Print & Litho Co., of Halifax \$3.00.

UNITED FARMERS.

Found Cache of Honey.

As Marvin and John Laycock, of Meaford, Ont., who suffered the loss of their home and all their household effects by fire early in September, were walking along the bank of a river a few days later their attention was attracted by the buzzing of bees in an old elm tree. They at once went to the owner of the property and got his permission to cut over a copy can be seen at the Graphic Office. It is for sale by the Royal Print & Litho Co., of Halifax \$3.00.

She Did Her Bit.
Miss Margaret Bell Saunders, the Toronto newspaper woman who did such varied war service abroad, has arrived in Canada on the Scandinavian. Few Canadian women have had a more varied experience this past five years. Sailing for England in the early summer of 1914 for a holiday on the continent with Madame Innis-Taylor, both were in Belgium and knew the language, she joined Mrs. Agar Adamson in her work for the Belgians. Miss Saunders joined her, and for months both worked in a hut at Furnes. Here a bomb injured Miss Saunders so severely that she was removed to the famous hospital at La Panne, where the Belgian Queen paid her a visit. After a convalescence in England Miss Saunders worked on the land, and helped war efforts, too, with her pen.

Not So Eager.
"So you want to be my son-in-law do you?" asked the old man, with as much deference as he could assume. "Well," said the young man, "I don't particularly want to, but I suppose I shall have to be, if I marry your daughter."

Not Daunted.
"I have a surprise for you, dearest," she said just after their engagement, "I can cook just as well as I can play the piano." His face fell. "It doesn't matter, dearest," he said finally, "we can board, you know."

NOTICE TO SUBSCRIBERS.

Because of the recent increase in price of newspaper and other production costs we find it necessary to collect all subscriptions strictly cash in advance. If the yellow address slip on your paper is not 20 or 21 you are in arrears. Many weekly papers are increasing the yearly rate to \$2.00 per year and we may be obliged to do likewise. In the meantime we would advise our readers to remit for at least one full year in advance.

Listen!

Have you heard about Peps? Peps is a scientific preparation put up in a paste form, which provides an entirely new and effective treatment for coughs, colds, chest and throat troubles.

Peps contains certain medicinal ingredients, which, when placed upon the tongue, immediately turn into vapor, and are breathed down the air passages to the lungs. On their journey, they soothe the inflamed and irritated membranes of the bronchial tubes, the delicate walls of the air passages, and finally enter and carry relief and healing to the lungs.

In a word, while no liquid or solid can get to the lungs and air passages, these Peps fumes reach them direct, and at once commence healing.

FREE TRIAL Cut out this article, write across it the name and date of this paper, and mail it (with 1c stamp to pay return postage) to Peps Co., Toronto. A free trial packet will then be sent you. All druggists and stores sell Peps, 50c. box.

THE OLD HOME TOWN PAPER.

When I read the city papers with their headlines, flaring out, I'm proud of modern doings. I can see the news and a little dash of science and the rambling of the muse, but the thing that sets me smiling and that will not let me frown is to get the weekly paper from the old home town. There's the Central Grove items and the damage wrought by tides, and the news that Miss Jenkins gave a party and a pleasant time had oh, I feel that life means something more than money and renown when I get the weekly paper from the old home town. It's a long and lonesome distance that my weary steps have strayed, but the old town has memories that never fade. I can see the wooden buildings and the quaint uncrowded street and the shady leafy corners where the neighbors used to meet, and it seems to me that life is in its brightest glory when I get the weekly paper from the Old Home Town.

"Photography is a strange business," mused the young man. "Because it develops, as negatives, I presume?" queried the young woman with a queer accent on the word "negative".

"Not exactly that. But as an example the other day I had my picture taken in my riding clothes—not on a horse you understand, but just standing in my riding outfit with my whip in my hand, and then I received a letter from the photographer stating that the pictures are all mounted and ready for me."

To Busy to Talk. "These roads are in a terrible condition," exclaimed Mr. Cluggins.

"You're lucky," remarked Farmer Cornstoss. "Most of the automobiles who get this far are on busy lookin' for a blacksmith shop or a garage that they don't have time for friendly conversation 'bout the roads."

IF YOUR CHILD IS CROSS, FEVERISH, CONSTIPATED

Look, Mother! If tongue is coated, cleanse little bowels with "California Syrup of Figs."

Mothers can rest easy after giving "California Syrup of Figs," because in a few hours all the clogged-up waste, sour bile and fermenting food quietly moves out of the bowels, and your child is a well, playful child again.

Sick children need to be coaxed to take this harmless "fruit laxative." Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure.

Ask your druggist for a bottle of "California Syrup of Figs," which contains directions for babies, children of all ages and for grown-ups.

Paying Toll for Neglect

Needless exposure to damp and cold frequently result in a derangement of the Kidneys and Bladder.

When these important organs fail to do their duty, various evils arise, such as rheumatism, swollen hands and ankles, stiff joints, lumbago, sciatic neuralgia, stone in the bladder or gravel, excruciating pains in the back and sides, constant headaches, dizziness, spots floating before the eyes, weakness of mind without reason, and general debility.

These are signs of serious kidney and bladder trouble, which require immediate attention. The most dependable remedy is found in GLETT'S. They often prevent the operations which constitute neglect may render necessary. They quickly and safely relieve congested kidneys, passing stone and gravel, healing and soothing inflamed organs and restoring them to normal. Thousands of letters from people who have been relieved are continually pointing to the good name to other sufferers that GLETT'S certainly and surely will bring the help they need. "Send for free sample, or go direct to your druggist or dealer 50c a box. Money refunded if not satisfied."

DAVID MCNAIR WAS PIONEER LUMBERMAN

Associate of the Late John Henry Died on Sunday in Los Angeles.

(Vancouver Province)

His many friends and acquaintances in British Columbia will learn with regret of the death in Los Angeles on January 25 of Mr. David McNair, who for many years was engaged in the lumber industry of this province.

The late Mr. McNair was born in New Brunswick and came to British Columbia in the early days and was associated with the late Mr. John Henry in the sawmilling business in Nanaimo. Subsequently they formed the Royal City Planning Mills of New Westminster, having associated with them in the company the late Mr. C. M. Beecher.

The British Columbia Mills Timber & Trading Company of Vancouver was incorporated by the trio in the early nineties, the new company absorbing the properties of the Royal City Planning Mills, and the Hastings Sawmill Company, with the late Mr. R. H. Alexander an associate in the new corporation.

Mr. McNair was identified with the latter company until a few years ago when he disposed of most of his British Columbia interests and made his home in Los Angeles on account of Mrs. McNair's health.

He was one of the first locators of timber in the province and being a very practical man was an authority upon and had a great deal to do with the earlier development of the industry.

The late Mr. McNair married Marian Henry, sister of the late John Henry, and is survived by his wife and three daughters: Mrs. Colin Defries of London, England; Mrs. B. Landes of Los Angeles, and Miss Ebelyn at home; also two brothers, Mr. Alex McNair of this city, John of Minneapolis and one sister, Mrs. Daniel McMillan of Ottawa.

Commenting on the passing of Mr. McNair, Mr. J. Alexander Hendry, secretary of the British Columbia Mills Timber & Trading Company, paid tribute to him as one of the leading men of his day in this province, and one who with his fellow directors played a wonderful part in the earlier development of the lumbering and other industries of British Columbia.

Mr. David McNair was born in Restigouche county and many friends will regret to learn of his death. He was one of our boys who made good in the west, one we have been proud of.

"Would you like me to insert a halftone picture of yourself?" asked the interviewer.

"Certainly not," replied Mrs. Newrich. "I don't wish to look as if the question of expense was considered in the slightest. Let it be a whole tone or nothing."

A Bad Case Eczema All Over His Body—His Legs—His Arms Covered

John Clark of Brooklyn, N. Y., crowded a story of great suffering into a few words.

"I was tormented beyond words. I could not sleep. You could not put a hand on my body. I tried several doctors. They said it was eczema, three different bottles of D.D.D. I used. I have not had a sore for five months."

Each week we are selecting a letter from some sufferer who has been cured by the use of D.D.D. for various skin diseases.

Stop that itching today. You are not asked to use D.D.D. for weeks. You receive relief. If you don't get relief from the very first bottle we hand your money back. \$1.00 a bottle. Try D.D.D. Soap, too.

Minard's Liniment has given satisfaction for three generations. It cures rheumatism, neuralgia, sciatic, bronchitis, neuritis, and all other pains. It is an old reliable remedy.
Mrs. S. Fawcett, Hamilton St., Collingwood, Ont., writes: "Minard's Liniment is a real old reliable remedy. I always keep a bottle of it, and I have recommended it to quite a number of my friends, to whom it gave quick relief. It was used as a cure for rheumatism."

STOPPED HER HEADACHES

Years Of Suffering Ended By "Fruit-a-lives"

113 HAZEN ST., ST. JOHN, N. B.

"It is with pleasure that I write to tell you of the great benefit I received from the use of your medicine 'Fruit-a-lives', made from fruit juices, was a great relief for many years from Nervous Headaches and Constipation. I tried everything, consulted doctors; but nothing seemed to help me until I tried 'Fruit-a-lives'."

After taking several boxes, I was completely relieved of these troubles and have been unusually well ever since". Miss ANNIE WALD.

OBITUARY.

Mrs. Archd. Murchie.

There passed away on Thursday, Jan. 22nd, 1920, at her home, 113 Hazen St., St. John, N. B., one of its respected citizens in the person of Mrs. Archd. Murchie after a lingering illness, at the age of 47 years.

She leaves to mourn the loss of a kind mother and wife, her husband, four daughters and five sons all of this place. Mrs. Murchie, rearing from Seattle, Wash., a few days previous to her mother's death.

The funeral which was largely attended took place Saturday afternoon, the service conducted by the Rev. Mr. Jobb, interment in New Mills cemetery. Mrs. Murchie will be greatly missed in the church and among the poor.

Much sympathy is felt for the bereaved family.

Mrs. Daniel Sullivan.

In the early hours of Sunday morning, Jan. 18th, 1920, there passed peacefully away her eternal rest, an old and most respected person, widow of the late Daniel Sullivan, of Port Daniel Centre, in her 87th year.

Decades who had retired, in her usual good health, shortly after became unconscious, and she passed away a few hours later. Her death was wholly unexpected, and it came as a shock to her family.

Her husband and a son in the U.S.A. predeceased her not quite a year ago. Notwithstanding the severe cold, many people of all denominations turned out to pay their last respects to the dear departed. She was a good neighbor, kind wife, and an affectionate mother.

The funeral service, which was conducted by the Rev. J. E. Hodson, was held in the Anglican Church. As the casket was borne into the church, the "Dead March in Saul" was softly rendered by Miss Susie LeGrand. The hymn, "Now the Labourer's Task is O'er," "O Paradise! O Paradise!" and "Peace, Perfect Peace," were sung being the same as were sung for her late husband.

These left to mourn her loss are, her four sons, three daughters, twenty-seven grandchildren, four of the grand-sons served in the great war, and nine great-grandchildren.

The pall bearers were: Messrs. Herbert, Claude and Philip Sweetman, Edgar Lawrence, Clifton MacDonnell and A. Shearer.

As the remains were borne to the cemetery the choir sang the "Nimble Dittie." There she was laid to rest beside her husband.

"I have noticed," said Cactus Joe, "that most Socialists haven't got very far up in the prosperity list."

"Every game has a few losers in it who are constantly delaying the proceedings by hollering for a new deck."

Mrs. Newbridge John, dear, I think that kind hearted checked me. Hubby—Why, my love?

Mrs. Newbridge—Because he sold me a turkey that didn't have a blessed bit of stuffing in it.

SOUR, ACID STOMACHS, GASES OR INDIGESTION
"Pape's Diapysin" neutralizes excessive acid in stomach, relieving dyspepsia, heartburn and distress at once.

Time it! In five minutes all stomach distress, due to acidity, will go. No indigestion, heartburn, sourness or belching of gas or eructations. As the food is not digested, bloating, foul breath or headache.

"I Find it clears my skin"

Whenever your skin is blotchy or "pimply" Zam-Buk is what you need. First, wash with warm water and Zam-Buk Soap. Then apply Zam-Buk gently, but thoroughly. If this is done persistently each night before retiring, you will soon be repaid by a much improved condition of the skin, and eventually by freedom from all blotches or pimples.

Mrs. Owen A. Gee, of 3 Bonaventure Ave., Montreal, states: "Generally speaking, I have no long, clean youth who studied the posters with more than the usual degree of interest. The recruiting officer perked up."

"Like to join the service, Bubby?" he inquired. Like to see the world?

"Sure would."

"Like to get three square meals a day?"

"Sure would."

"Like to get your clothes and your rent and everything free?"

"And have a chance to save your wages?"

"Sure would. Say, how much do she pay?"

"Thirty dollars a month."

The lean one shuffled away. "Aw," he grumbled. "I knowed there was a trick in it somewhere. I kin borrow that much."

"You haven't suggested a campaign of education, recently?"

"No," replied Senator Sorghum. "I don't dare. The folks out my way are getting to think they know more about politics than I do."—Washington Star.

"Got a hacking cough and a headache?"

Well, I've got a little cure you could hook, and it might cure your headache.

"Much obliged, but my headache ain't of the splitting variety."

LIFT OFF CORNS!

Apply few drops then lift sore, touchy corns off with fingers.

Don't hurt a bit! Drop a little Poreone on an aching corn. Instantly that corn stops hurting, then you lift it right out. Yes, magic!

A tiny bottle of Poreone costs but a few cents at any drug store, but is sufficient to remove every hard corn, soft corn, or corn between the toes, and the callus, without surgery or irritation.

Poreone is the sensational discovery of a Giannini genius. It is wonderful.

THE PRIMARY CAUSE

of most sickness is neglect of the liver. Constipation follows. The poisonous matter which should pass out of the body spreads through the system. That is the cause of sick headache, sour stomach and biliousness and these troubles are sure indications that the liver needs attention.

THE CURE FOR ALL LIVER ILLS IS **Hawthorn's Little Liver Pills**

SMALL, EASY TO TAKE. SUGAR COATED. HON. H. A. McKEOWN, Chief Justice, New Brunswick Supreme Court, says: "I find Hawthorn's Little Liver Pills an excellent liver regulator, and we are receiving similar testimonials in every mail."
