### AMES AND CO. SUSPEND.

TROUBLE HAD BEEN FORE-  
SEEN BY FINANCIERS.

A Slump in Stocks—No Statement of the Firm's Position for Some Days—Mr. Ames Resigns Presidency of Metropolitan Bank.

Toronto, June 3.—"Owing to the continuous declines in the securities market we have found it necessary to suspend payment, and would ask the indulgence of our friends for a few days, until we can prepare a statement of our affairs and consider what is best to be done under the circumstances."

(Signed) A. E. Ames & Co.

This announcement, posted on the locked doors of the broking and banking firm of A. E. Ames & Company, 18 King street east, yesterday just before noon, told with startling suddenness of the suspension of a financial firm which among the general public was believed to be one of the strongest and soundest in the city. In financial circles, and among the financial houses which were more intimately connected with the business of A. E. Ames & Company the event was not so unexpected, especially in view of the extraordinary, and in the opinion of many uncalculated, depreciation in the values of some of the securities of which A. E. Ames & Company were known to be large holders. How far-reaching the effect of the suspension may be it is impossible to forecast now, but it is expected that strong financial interests will stand behind Ames & Company till the market rallies and the securities which the firm holds are again placed on a reasonable basis.

The liabilities of the firm will no doubt reach up into the millions, but no reliable estimate can at the present time be made, and as yet no statement has been made by Mr. Ames, the senior partner of the firm. The firm consisted of A. E. Ames, H. R. Tudhope, E. D. Fraser and A. E. Wallace of St. Thomas, the latter being admitted into partnership only a short time ago.

A. E. Ames & Co. were heavily interested in a number of Canadian and American securities which have been heavily pounded for months. Among them were Dominion Steel, Dominion Coal, C. P. R. Steel, and Twin City Consolidated Lake Superior, Soo, etc., and a comparative statement of the highest figures less than a year ago with yesterday's shows what a blow it was.

	1902.	Open.	Low.	Close.
C. P. R.	145 1/2	129 1/2	117 1/2	121 1/2
Dominion Coal	148	83	78	78
Dominion Steel	78 1/2	15	12 1/2	12 1/2
do pref.	104	40	...	...
Lake Superior	34 1/2	...	...	...
Twin City	128	...	67 1/2	68

These were some of the leading stocks in which they were interested, but after the morning's break the offerings were fairly well absorbed, and the market closed in a much better state. They also floated the W. A. Rogers Co., Limited, the Carter-Crume Co., Limited, the City Dairy Co., Limited, and other successful enterprises. Besides doing a general Canadian broking business, they have agents in New York, Boston and London, England. At all general points they have done a lot of trading on behalf of speculative and investment clients. At the opening of the afternoon session of the Toronto Stock Exchange a motion was passed to close up the deals of A. E. Ames & Co. at the closing prices of the stocks, according to the rules of the Exchange. It is understood that the Bank of Montreal has announced its willingness to take over all the Twin City stock held by the firm. Notwithstanding the break in prices and impending calls for margins, the banks and money lenders were generous, and did not call in any loans.

The following official announcement was made last evening over the signature of R. H. Warden, president, and F. W. Baird, General Manager, of the Metropolitan Bank:—

"Mr. A. E. Ames has resigned the Presidency of the Metropolitan Bank and Dr. R. H. Warden has been elected President in his stead, and Mr. S. J. Moore has been elected Vice-President."

"In view of the suspension of the firm of Messrs. A. E. Ames & Company, the directors think it well to state that the firm is indebted to the Metropolitan Bank in only the sum of \$50,000, which is so amply secured that the bank cannot possibly suffer any loss on the account. Mr. Ames personally has no account with nor is he indebted to the bank."

### JOINT HIGH COMMISSION.

Hope Abandoned in Washington of Reassembly.

Washington, June 3.—Hope of the reassembling of the Joint High Commission has been abandoned. A few months ago everything presaged a meeting of the joint commission in Canada just after the adjournment of the Canadian Parliament. Mr. Chamberlain's speech in the British Parliament holding out hope for preferential treatment for British imports is said to be largely responsible for the attitude of Canada, which now shows no desire to consider reciprocity with the United States.

### TREADGOLD CONCESSION.

Judge Britton's Appointment Criticized—Preferential Tariff Frauds.

Ottawa, June 3.—The Treadgold concession again formed the subject of a spirited debate in the House yesterday upon a motion to adjourn, offered by Mr. Casgrain (Montmorency), who objected to the appointment of Mr. Justice Britton on the commission issued to inquire into the effect of this and other concessions upon the mining interests of the Yukon. The Premier explained the purpose for which the commission was issued, and emphasized the fact that Parliamentary practice required members of the Opposition, if they wanted to have an investigation into rumors affecting a member of the Government, to take the responsibility of making charges. Further satisfactory progress was made in committee on Hon. Mr. Blair's bill to amend the railway act, and this evening several hours were spent in the discussion of the estimates of the Minister of Customs.

Mr. Hart introduced a bill respecting Queen's University. Mr. Taylor introduced a bill to incorporate the Canadian Telephone & Telegraph Co. This evening the House went into Committee of Supply, and consideration of the estimates of the Customs Department was resumed.

Mr. A. E. Kemp complained that the Government had no real check against continental goods coming in under the preference tariff, inasmuch as under the amended regulations the invoices may be signed by a clerk, who was probably signing a hundred each day, and was not paying special attention to the contents of the invoice. Mr. Kemp instanced a case where some years ago a Toronto merchant purchased a line of dress goods as British manufacture, which were identified by the merchant's son as the very goods which were turned out in a French city where he had been working. Mr. Kemp said he believed many continental goods came in as British goods under the preferential tariff. The customs officials knew that this was being done, and that the country was being swindled out of its revenue by these methods. With the German tariff the temptation to swindle would be greater than ever.

Hon. Mr. Patterson, in reply, stated that the Government certainly did not desire to allow imports to evade payment of the proper duty. He enumerated the methods adopted by the department to prevent the revenue from being defrauded, and pointed out that if the man who sold the goods to the Canadian importer made a false declaration as to the origin of the goods he could not collect payment for them.

### FOUR VESSELS FOUNDERED.

Great Havoc Caused by the Big Storm at Valparaiso.

Santiago de Chili, June 3.—A great storm occurred yesterday at Valparaiso. Four vessels foundered in the bay, the esplanade was destroyed, and great damage was done to the floating docks. There are some fears regarding the safety of the Pacific Steam Navigation Company's steamer Arequipa, which during a lull in the storm left port to pass the gale outside the harbor, and has not since been heard of.

### KILLED AT A CROSSING.

Mr. William Adams of Sundridge Thrown Sixty Feet.

Sundridge, June 3.—About 7 o'clock last evening as Mr. William Adams, a well-to-do and highly respected farmer, was driving across the railway track here, a train, consisting of engine and one car, crashed into the waggon, breaking it into kindling wood and throwing Mr. Adams about sixty or seventy feet. When picked up Mr. Adams' life was extinct.

### HANGED TOGETHER.

Were Convicted of Killing the Captain and Six Other Members of the Crew.

Liverpool, June 3.—Gustave Rau, a German, and William Smith, an American seaman of the British bark Veronica, owned by a St. John, N.B., firm, who were sentenced to death May 14, after having been convicted of murdering Capt. Shaw and six other members of the Veronica's crew, several of whom were from New Brunswick and Nova Scotia, were hanged here simultaneously. Rau protested his innocence on the scaffold.

### THE CROPS DESTROYED.

A Hundred Miles of River Valley Submerged.

Lincoln Centre, Kan., June 3.—The Saline River is from two to five miles in width, and crops in this valley are completely destroyed for a distance of at least a hundred miles. In Lincoln County alone the loss may exceed a million dollars. Lincoln Centre is submerged, and it was only with the greatest difficulty the residents were rescued.

### Left \$40,000 and No Will.

London, Ont., June 2.—(Special).—It is learned that John McNeil of Carleton Place, a farmer who lived alone in an old log cabin on the eighth concession, left an estate valued at about \$40,000. He had \$21,000 in various banks, \$8,000 in landed estate and nearly \$7,000 in cash was found in his cabin after his death. McNeil left no will, and his wealth goes to nephews in Carleton and Strathroy.

### "CAP" SULLIVAN.

HIS PARTNER WAS A CROWN LANDS CLERK.

Taylor Now Suspended—Received Half the Profits of Shannon Deal—E. R. Wood Produces Sullivan's Accounts, and Sullivan Produces the Checks.

Toronto, June 3.—Captain John Sullivan appeared before the Public Accounts Committee yesterday, but his examination came near the end of the sitting, was not concluded, and he will be called again to-day. The main feature of his evidence was to the effect that T. C. Taylor, accountant of the woods and forest branch of the Crown Lands Department, had been his partner in the Shannon deal, had paid Grant the first \$50 for it, when it stood in Shannon's name, and that he (Taylor) had received \$40,000 of the profits. Also the adjournment of the committee. Hon. Mr. Davis, Commissioner of Crown Lands, stated that in view of that evidence, Taylor would be suspended at once. Capt. Sullivan's other evidence was more of the nature of identifying checks. Mr. E. R. Wood, Manager of the Central Canada Loan & Savings Company, gave evidence respecting Sullivan's accounts, and Mr. Thomas Charlton produced the check given to Sullivan. Patrick McDermott of South River said he offered Frank Sullivan \$4,300 for the Rutherford limit last April, and would have offered \$7,000 if he had thought he would not have another chance to bid.

There was a full attendance of the committee, with many other members of the House, including Mr. Gage, and many outsiders.

Hon. Mr. Latchford presented a motion for the appearance of Mr. T. C. Taylor before the committee—W. J. Shephard, Waubesaugh, D. L. White and J. D. Cooper, D. G. Cooper and W. T. Toner of Collingwood, to give evidence in connection with the Shannon limit.

Hon. Mr. Latchford presented a motion for the appearance of Mr. T. C. Taylor before the committee—W. J. Shephard, Waubesaugh, D. L. White and J. D. Cooper, D. G. Cooper and W. T. Toner of Collingwood, to give evidence in connection with the Shannon limit. It was now almost 1 o'clock, but Col. Matheson insisted that Capt. Sullivan be called, since they had him there. He was examined by Mr. Lucas respecting the various checks which had been produced. Mr. Wood's examination by Mr. McDermott, his solicitor. He testified that the \$2,000 he drew on September 6 was cashed to Theodore C. Taylor, clerk in the Crown Lands Department. Taylor had put up the \$200 which had purchased the Killarney limit, and was to share equally in the profits. The \$2,000 was actually the \$4,500 note of Charlton's, which he had discounted for \$4,000. The \$4,000 of the note was Taylor's share of the \$4,500 check after expenses had been deducted. It was Mr. Nihan of St. Catharines who had discounted the note. He had taken Taylor into partnership with him because they were old friends. Witness didn't have any instructions from Shannon, and Shannon had turned the Killarney limit over to him before July.

Sullivan's examination will continue at 10 o'clock to-day. Messrs. George Cole, Killarney, C. H. Burns, bookkeeper for Charlton Bros.; W. Cannon of Killarney, and F. J. Sullivan will be asked to appear. Information will also be asked regarding the Second limit.

### MURDERER'S CONFESSION.

Aided His Brother to Kill Their Father.

Frederick, Md., June 3.—Samuel Betts died at Meyersville from a pistol shot wound inflicted by himself, and just before dying he confessed that he and his brother, Josiah Betts, murdered their father, Samuel Betts, seventeen years ago, presumably to inherit \$5,000 which he had accumulated. The father was found dead, and it has always been the theory that he killed himself. Betts also confessed that he participated in the murder of Walter Long and secretly buried the body seven years ago. Long mysteriously disappeared at that time, and his disappearance has been a neighborhood mystery ever since.

### REV. WM. EWAN'S DEATH.

An Alliston Minister Suddenly Called Last Evening.

Alliston, June 2.—Death came very suddenly to the Rev. Wm. Ewan this evening. He was partaking of his evening meal when he fell back and expired. Rev. Mr. Ewan was a retired Methodist minister and a resident of this town for a number of years.

### MINERS MAY STRIKE.

More Trouble Brewing in Pennsylvania.

Wilkesbarre, Pa., June 2.—Another dark strike cloud has loomed upon the horizon of the anthracite coal region. The Executive boards of the United Mine Workers, in session here to-day, endorsed the selection of their three district Presidents on the Board of Conciliation, authorized by the strike commission, and if these members are not recognized by the operators, which action may come, the Executive board is contemplating calling a convention of mine workers to declare a general suspension of work until their members are given recognition.

### JAMAICA AND CANADA.

Negotiations For a Fortnightly Steamship Service Between the Two Countries.

Kingston, Jamaica, June 2.—Colonial Secretary Oliver left here to-day for Boston. Thence he will go to Ottawa in order to negotiate with the Dominion Government and the Canadian Pacific Railroad for the establishment of a fortnightly steamship service between Jamaica and St. John, New Brunswick.

## The Planet

S. STEPHENSON - Proprietor.

WEDNESDAY, JUNE 3.

## ASPHALT BLOCK.

The Planet has no doubt that the decision to lay an asphalt block pavement on King St. West is a wise one. Investigation has gone to show that this pavement is more permanent and satisfactory than others suggested, and there is little likelihood of the ratepayers regretting the choice.

And now that the choice has been made it will be well for all the residents to "bury the hatchet" and work together for the welfare of their beautiful street.

## VERDICT OR CHARGE.

The Toronto Globe in its anxiety to save Hon. J. R. Stratton and the Ross Government from the damatory evidence of the Gagey charges hysterically shrieks that it wants a "verdict" from the judges and more than hints what kind of verdict it wants and must have. While the Globe thus hastily prepares for the judges the finding that would please the Globe it would not be amiss to remind the pious dictator of the editorial columns of that now erratic journal that judges as a rule do not return verdicts even in cases tried before them in the civil and criminal courts.

Wherever a jury exists they exercise scrupulous care to refrain from verdicts. They do, and they very properly should, charge the jury to whom the final arbitrament is left and in this Stratton bribery scandal it is to be hoped that the people of Ontario are the real jury in the case—the judges will speak with no uncertain sound, and among other things, tell that jury in plain language what they think of a cabinet minister who has the brazen effrontery to ask a witness to forget some of his evidence just as he was about to take the oath. The judges charge we all want, and the verdict we will all render.—Brockville Times.

## NO USE FOR SUB JUDICE.

Oshawa Vindicator.

We have two things to say in regard to the Stratton scandal. If that court don't find Stratton guilty on the evidence, then in future no court should commit a man unless the judge saw him commit the crime; and if Lieutenant-Governor Clark doesn't dismiss this Ross Government he must be willing to be advised by a scandalously corrupt agency.

## What are Humors?

They are vitiated or morbid fluids coursing the veins and affecting the tissues. They are commonly due to defective digestion but are sometimes inherited.

How do they manifest themselves? In many forms of cutaneous eruption, salt rheum or eczema, pimples and boils, and in weakness, languor, general debility.

How are they expelled? By Hood's Sarsaparilla which also builds up the system that has suffered from them.

It is the best medicine for all humors.

## Could Not Sleep At Night.

Was All Run Down.

Had No Appetite.

FOOD WOULD NOT DIGEST.

Mrs. I. W. Warner, Riverdale, N.S., is glad there is such a remedy as

## Burdock Blood Bitters.

IT CURED HER AND WILL CURE YOU.

She says: "I wish to add my testimony to the many others who have spoken so highly as to the unfailing virtues of Burdock Blood Bitters. I was all run down, had no appetite, lost all ambition, could not sleep much and had terrible headache and backache, and my food did not digest properly. I saw B.B.B. advertised, so concluded to give it a trial, thinking if it did no good it could do no harm. But after using one bottle I began to feel better, and by the time I had used three bottles I was feeling like a new person. I am so glad there is such a remedy provided for suffering humanity, and cannot praise it enough for I think there is no medicine like it on the market."

## Question For Men TO ANSWER

What's the use of paying a tailor big prices for your clothes? About the only thing you gain in doing so is the satisfied feeling you experience in the tailor's garments; there's nothing else, and that's just as possible in New Method and Royal Brand ready-for-service clothes as it is in the tailor's. A man with the made-to-measure habit can retain his high standards, and still be satisfied in these perfect garments of ours. Good examples of what a man can expect of this store can be found in those comfortable Summer Suits for men. For actual worth and goodness they have no equal. We have some of those fashionable Homespuns, Tweeds, Tropical Serges and Worsteds—every one as exclusive and many the same as the high priced tailors are showing. And in style and fit they are apt to be a little more satisfactory than any you've ever seen.

PRICES: \$7.50, \$10, \$12.50, \$15, \$17.50.

## ...SOCIETY...

McCOSH—McDONALD.

An exceedingly pretty event took place in Christ Church this afternoon at two o'clock, when Miss Maud McCosh, eldest daughter of Rev. Rural Dean and Mrs. Robert McCosh, was united in the holy bonds of matrimony to Alex. McDonald, of Petrolia. This wedding, which may well be called the social event of the season, has been looked forward to for some time and the church was well filled with the many friends and relatives of the bride and groom.

The wedding ceremony was performed by Rev. R. O. Cooper, of Owassa, Mich., assisted by the bride's father.

The bride looked very pure and beautiful as she entered the church on the arm of her brother, Gordon McCosh, and preceded by her bridesmaids, Misses Flossie McCosh and Florence Skeay. The groom was waiting for her and assisted her to the altar, where the ceremony was commenced. Lawson VanTuyt, of Petrolia, acted as best man. Before the commencement of the service and as the bride and groom were moving toward the altar the Christ Church quartette sang a marriage hymn.

The ceremony was a very pretty one indeed. The church was very beautifully decorated for the occasion with palms, flowers, etc., the work

of the bride's lady friends. Messrs. Dr. Mussen, Harrison, Gunn, and Creighton were stationed at the doors and ushered the guests to their places.

At the conclusion of the service the bride and groom were seated at a table in the rear of the church, where luncheon was served. Here elaborate preparations had been made. The large dining room was very beautifully and tastefully decorated in green and white, and here a very pleasant social time was spent.

The large number and excellent quality of the wedding gifts received gives excellent testimony as to the bride's popularity in the Maple City.

Miss McCosh, now Mrs. McDonald, was one of the brightest of Chatham's fair maidens, and she will be greatly missed by her many Chatham admirers. She is known as one of Chatham's most talented educationists and many Maple City audiences have been delighted with her successful efforts in this branch of art, and all of her friends, while sorry to lose her from Chatham, will join in congratulations and good wishes.

The groom, Alex. McDonald, is a rising young man and holds the responsible position as chief accountant for the Canadian Oil Fields Company at Petrolia. He is well known in this city and highly esteemed by everyone.

Among the invited guests were Mrs. McDonald, of Petrolia, mother of the groom; James McDonald, of the Bank of Toronto staff, Montreal; Mrs. Fowler, Petrolia, and Mrs. J. D. Noble, Petrolia.

The newly married couple left on the five o'clock Wabash for a honeymoon trip east. They will reside in Petrolia.

MISS MAUDE McCOSH.

### NEW OR OLD?

Ald. John Edmondson—Have you heard about the new addition to the Aberdeen Hotel?

The Innocent One—No, what is it?

Ald. John Edmondson—Oh, it's just another story.

### FALL FAIR

The directors of the West Kent Agricultural Society met in the old Town Hall last evening with Messrs. Chinnick, J. Houston, J. Dowling, A. Edwards, J. J. Dolsen, and J. C. Clements present.

The president and Messrs. Houston and Dowling were appointed to look after painting the fence around the exhibition grounds.

Several discussions took place and it was decided to fix up the grounds for the Fall Fair. Sanitary conveniences will be put in, the office will be remodelled and a new dining hall will be built.

The advisability of having a night attraction on the middle day of the Fair was also discussed, and it is likely that such an attraction will be secured.

It was decided to petition the County Council for a liberal grant. If it is obtained a number of extra prizes will be offered, viz.: For the best rural school display, not less than 15 pupils on a conveyance drawn by four horses; for rural schools of one teacher, best drilled and marching squad of 20 pupils, accompanied by teacher; for rural schools of two teachers, best drilled and marching squad of 20 pupils, accompanied by both teachers; also for flowers, etc., grown in rural school yards.

### A Silk Party.

Ever go to a silk party? Well come to Thibodeau & Jacques to-morrow or Friday. All kinds of plain and Polka Japan Taffeta, satin de chimes, crystal cords, foulards, lace stripe silk in pretty neat, every color, except probably the color you want, unless you be on hand at the start. The peculiar part of a silk party is that your neighbor selects the color and kind she thinks you want. That's what you think when you come too late. The cheapest was 50c, the best 85c. per yard, lengths from 3 yards to 20 yards.

### Choice 39c. Yard.

Do you think you will come to the party?

### EXCITING RUNAWAY

A team of horses belonging to John Piggott & Sons, attached to a wagon loaded with frames, took a sprint of about a mile and a half out the G. T. R. track towards Windsor yesterday afternoon. The heat was untimely. The team became frightened while in the G. T. R. yards, at some frames falling off the rig, and ran straight down the track. Luckily, they collided with no trains and were turned into the ditch about a mile and a half out. The team was unhurt but the rig and harness were broken.

### GARNER SOLD

John McCoig has purchased Morton Sheldon's interest in the Hotel Garner business and in future will conduct the business alone. Mr. Sheldon didn't care for the night work, and having an opportunity to engage in another occupation more suitable, he accepted Mr. McCoig's offer to purchase his interest. Jack McCoig is one of the best liked young men in Chatham, and should make a financial success of the Hotel Garner.

## Summer Aids To Comfort.

For man and his summer wants. Life is what you tailor and furnisher make it—in hot weather. Carelessness, not comfort, is costly. Thousands of people are wearing uncomfortable clothes to-day. Thousands of men are not dressed to neutralize the discomforts of the torrid wave. Yet much money may recently have been spent for both apparel and furnishings.

## Very Reasonable PRICES .....

Prevail just now in the grocery business. Considering that most things, such as rent, fuel, furniture and clothing have all advanced very materially, it does seem a little strange that the real necessities have remained much the same. Sugar is considerably cheaper than it was some years ago. Flour, rice, tea, coffee and eggs are equally as cheap. There is no reason why people should not have good things to eat. They certainly are reasonable in price.

## OUR 24TH

More Compliments for Chatham Soldiers from St. Thomas.

Captain W. R. Hall, M. D., Paymaster of the 24th Regiment, this afternoon received a check for \$200 from the St. Thomas Centennial Celebration Committee, accompanied by the following congratulatory letter:—  
St. Thomas, June 2, 1903.

Capt. W. R. Hall, M. D., Paymaster 24th Regiment, Chatham, Ont.

My Dear Sir,—Within please find \$200.00 as Paymaster of the 24th. We congratulate your regiment on their department and bright, clean appearance of the men. Your magnificent bands gladden the hearts of all. Altogether, the noble 24th was one of the bright spots in our centennial celebration.

Success to you and yours.

F. C. BARTLETT,  
Paymaster Centennial Celebration.

## FINE MOONLIGHT

The moonlight excursion given by the boys of the Canada Business College last evening per steamer City of Chatham, was a huge success, some \$55 being cleared. The 24th Regiment Band was in attendance about 20 strong and rendered some very fine music throughout the trip.

It was a delightful moonlight night and the sail was beautiful, being fully enjoyed by the large crowd aboard. The management deserve a great deal of credit for the admirable way in which the affair was handled and carried out. Capt. John Rourke was in charge of the boat.

## FIRST DRAFT

Robert Killop, of C. Austin & Co., received a telephone message last evening from Rev. T. T. George, who is attending conference in Wingham as member of the Nominating committee for Chatham District.

## WIND UP

Chatham Binder Twine Co. Goes Out of the Business Will Pay Some 19 Cents on the \$1.

Moved by A. H. White, seconded by Charles Agar, that in the opinion of the shareholders of the Chatham Binder Twine Company, Limited, it is desirable and expedient that the said company should be wound up, and we do hereby authorize and require the said company to be wound up forthwith. Carried unanimously.

Such was the resolution decided upon by the shareholders of the Binder Twine Company this morning at the special meeting called.

The secretary-treasurer and manager J. J. Ross told The Planet that the shareholders will receive about 19 cents on every dollar they have invested in the concern.

At the last special meeting of the shareholders a resolution was passed authorizing the directors of the company if they found it impossible to raise the money to pay off the debt, to sell the factory. Hence the action of the directors.

J. B. Rankin, K. C., said the shareholders would have to pay up their stock, and it was only fair to the others who had paid promptly that they should.

It was the most disagreeable business the speaker had ever had anything to do with. He had expressed himself as being willing to be one of twenty to lift the debt for the common stock holders. He had never believed in preference stock. "I'll be the twentieth right now not to confirm the action of the directors and lift the debt," concluded Mr. Rankin. "I'll be another," said a voice.

But the other eighteen were not forthcoming.

A. H. White—We have given the directors the power to do this thing and it does not need confirming. They had the power and just did as they were directed by the shareholders.

J. B. Rankin—I don't think the directors could sell without the sanction of the shareholders.

Chas. Agar—If there are not enough enterprising farmers here to take off the debt then let's wind up the concern and do it quick. The lawyers have enough of the money now.

The resolution was then put, requiring a three-fourth vote—being unanimous.

Another meeting will have to be held to confirm the action of to-day's resolution.

**PRIOR DISMISSED.**

McBride Undertakes to Form a Government.

Victoria, B.C., June 2.—The Prior Ministry has been routed, horse, foot and artillery, by the action of the Governor in asking for the resignation of Premier Prior, and calling on Mr. McBride to form a Ministry. The latter was sworn in at 12 o'clock, and when the House met was not in his place, as he cannot sit till re-elected.

Mr. R. F. Green, Opposition whip, in his place, moved for the suspension of the rules to move that an address be presented to the Lieut.-Governor or correspondence between the Lieut.-Governor and Colonel Prior regarding Chimney Creek bridge. This permission was refused, Messrs. Martin and Prentice objecting.

Then Mr. Green announced that Mr. McBride had been called on to form a Government and had undertaken the task, and asked for an adjournment until to-morrow to enable him to complete the task. This was debated, the Government supported by Mr. Martin, strongly opposing. Finally it was limited that whether adjournment be carried or not Mr. McBride would get dissolution, and when the motion put it was carried by 19 to 14, Messrs. Eberts, Wells and Clifford voting aye.

This result was hailed with great Opposition cheers, and to-night the Opposition will hold a caucus, at which it will be decided whether or not the Opposition will remain a composite organization and proceed along those lines, or whether they resolve themselves into original elements of Liberal and Conservatives.

It is reported that Mr. Charles Wilson, Conservative leader, has intimated that to facilitate Mr. McBride's movements he will call a convention of Conservatives and ask them to rescind the party line resolution. If a Cabinet is formed of the present Opposition it will likely consist of Messrs. McBride, Premier and Attorney-General; Green, Minister of Mines; Taton, Finance Minister; Patterson, Provincial Secretary; Oliver, Chief Commissioner of Lands and Works, and McPhillips, President of Council.

**SEQUEL TO A SHOOTING.**

Doctor Called to Attend Man He Had Wounded.

Cleveland, O., June 2.—Late on Sunday Dr. Maurice D. Stepe was awakened by a burglar in his house. The doctor fired at the intruder at close range. The burglar yelled, and jumped through a window. The police searched the neighborhood, but found no trace of him. Early in the day Dr. Stepe was called to a nearby house on Minnesota street to attend a man who, it was said, had been accidentally shot. The doctor found the man with a bullet in his side. Later the patient died while en route in an ambulance to a hospital. According to a statement made by the physician the man confessed before he died that he was the burglar. His name was Henry Miller.

**HUNDREDS WERE KILLED.**

Official Reports of the Van Disaster.

London, June 2.—The British Consul at Erzerum reports that an official estimate places the number of persons killed in the earthquake in the Van district of Asiatic Turkey at 850, while the loss of cattle was incalculable. Owing to the lateness of the spring, most of the animals were indoors.

**WRIGHT MUST GO BACK.**

He Will Be Tried in England for Fraud.

Washington, June 2.—The United States Supreme Court refused to grant a writ of habeas corpus in the case of Whitaker Wright, the financial operator, who is in custody in New York awaiting extradition on charges of fraud made in England. The opinion affirms the decision of the United States Circuit Court for the southern district of New York, which held that the crime alleged against Wright is an extraditable offence under the terms of the treaty between the United States and Great Britain. Chief Justice Fuller also coincides with the lower court in its refusal to admit Wright to bail.

**THOUSANDS ON STRIKE.**

The Philadelphia Textile Workers Out.

Philadelphia, June 2.—A general strike of textile workers involving 90,000 operatives has been inaugurated here. Of the six hundred firms engaged in the textile industry here forty-seven have granted the demands of the union and their plants, employing about 15,000 hands, are in operation. All of the 63 ingrain carpet mills are idle, affecting directly 13,000 hands. All of the dyers who are said to control the situation are on strike, with the exception of those of the Berkshire mills, which conceded the fifty-five hour week and increased the wages of the men from \$12 to \$13 a week. The ingrain carpet weavers are asking, besides the fifty-five hour week, a 10 per cent. increase in wages. The mill of John and James Dobson, employing 2,000 hands, was closed indefinitely today, the men being notified that the old scale of wages would not be changed.

**CIVIL SERVANTS' DEBTS.**

Bill Respecting Garnishment of Salaries Discussed.

Toronto, June 2.—The garnishment of salaries of civil servants was the subject of discussion in the Legislature yesterday. A bill introduced by Mr. I. B. Lucas (Centre Grey) to enable this to be done was given a second reading and sent to committee. Colonel Gibson objected to the bill because of its impracticability, although he considered the principle a proper one. Civil servants, he believed, should be in the same position as anyone else in the matter of liability for debts, but in order to make them so an expensive machinery would be involved, which he believed would also be met by many obstacles to prevent its proper working out. The bill went to the Legal Committee.

Interesting discussions also took place on Mr. Lucas' bill to make it legal for mortgagees to pay off mortgages after they became due, without giving notice or paying a bonus, and on Mr. Hoyle's bill providing that trials of actions based on a certain class of contracts and liens shall take place in the locality in which the defendant resides instead of at the head office of the company holding the contract.

**"CAP." SULLIVAN SORRY.**

If He Overlooked the Summons of the Committee.

Toronto, June 2.—Cap. John Sullivan arrived in the city last night, and when seen at the Walker House by a Globe reporter was gracious, smiling and uncommunicative as ever. He said he had waited here three weeks on the commission to be called, and had been attending to his business all the time he was away but had not been under cover at any time. Asked if he had seen Frank Halliday on May 19 he said he had. "And if that was a summons," remarked the captain, "I'm sorry I overlooked it." If he had paid attention, he said, to everyone who came and told him he was wanted he would have been kept busy. It became a joke. Asked what he would tell the Public Accounts Committee of the Legislature about the Shannon timber sale, he smiled diffidently and said he would rather let all the newspaper men hear him together before the committee, and, anyway, he didn't know what the committee would ask him. Mr. Frank Sullivan was with his father.

**Father and Son BOTH CURED OF KIDNEY TROUBLE BY****Doan's Kidney Pills.**

Mr. Benjamin Brooks, a well-known farmer of West Cape, P.E.I., tells of how his son was cured of Kidney Disease, and how he was cured of Backache.

**The First Sign of Kidney Trouble.**

He says: "Our little boy was troubled with kidney disease. We had tried many kinds of kidney pills but they only helped for a time. We got Doan's Kidney Pills and one box effected a perfect cure. About six weeks after this I caught a very bad cold that settled in my kidneys. My back was so sore I could hardly walk. I went to the drug store and got a box, took them according to directions and the result was that my back was completely cured. I believe they are the best kidney pill on the market to-day."

There is not a kidney trouble from Backache to Bright's Disease that Doan's Kidney Pills will not relieve or cure. The price is 50 cts. per box, or 3 boxes for \$1.25 and may be procured at all dealers or from

**"EDWARDS DE KING."**

Canadian Lumberman's Mistake About Victoria's Successor.

Senator and Mrs. W. C. Edwards and Miss Edith Wilson of Ottawa were the recent guests of Mr. and Mrs. D. W. Robinson. Senator Edwards is Vice-President of the Robinson-Edwards Lumber Company, and has extensive lumber interests in Canada. He was appointed Senator last winter and has been prominent in political affairs in Canada for years. The following story about Senator Edwards is circulating in the lumbermen's papers:

W. C. Edwards of Ottawa, one of the newly appointed Senators, is a lumberman who operated far up the Gatineau River, and he tells this story of a shantymen who had spent a couple of seasons working for him in the bush, and was coming out again shortly after the death of Queen Victoria:

At Maniwaki the shantymen made his first stop on the way down, and in a chat with the hotelkeeper asked what was the news since he had gone to the woods.

"Oh, there's nothing much new. I s'pose you heard up there that the Queen was dead?"  
"No, you don't tell me de Queen was dead! I'm sorry I hear dat; I'm sorry. She was a good woman, de Queen, and a good Queen, too. Well, we'll all die some time, even de Queen."

After a short, respectful pause, he asked, "An' who's de job now? Who's de head now?"

"Oh, Edward's de King now. It's King Edward for the last three months."

"Edward's de King! Well, well, you don't tell me Edward's de King! He's a beeg man in de lumber business, but I never expect to hear of him be de King. What a pull dat man Edwards mus' have with Laurier!"—Burlington (Vt.) Free Press.

**Great Canal System.**

Canada's canals and waterways are perhaps unequalled in the world, and far ahead of anything possessed by the United States, the canal system of Canada permitting ocean steamers of large size to penetrate to the head of Lake Superior, or nearly one-half the distance across the continent, so giving Canada, with the St. Lawrence River and basin, an inland coast line unequalled by any other country, and of immense advantage in the way of cheap transportation between all parts of the country.

Canada's advantages from her waterways have not been taken sufficient advantage of in the past, but are now coming to the front, and it is amongst the probabilities of the future that through Canada will flow the bulk of the trade in grain and other produce requiring cheap transportation, not only from the Canadian west but also from the western States of the United States.

A glance at the map will show, writes Mr. Robert Reford of Montreal in The Globe, that the great grain depots are situated on Lakes Superior, Michigan, Huron, Erie, and St. Clair, and that the shortest and most direct route of shipment to Europe is through the Canadian ports of Montreal and Quebec in summer and Halifax and St. John in winter.

Three of our great railways have come to recognize this fact, with proper facilities, the trade of the west with Europe is in their hands, and they are now making arrangements for the cheaper and quicker carriage of grain by large freighters on the lakes to depots on the Georgian Bay, hence the grain is transported by rail to Montreal and Quebec, greatly shortening its transit to port of shipment, and decreasing cost of same.

**Passengers and the Iceberg.**

The comments of the passengers when an ocean steamer passes an iceberg are often curious. If the weather is fine and the distance sufficient for safety, while convenient for the observation, the sight is taken as a spectacle arranged for the edification of the onlookers. Some are disappointed. They expected something more dramatic, turkeys perhaps when flat surfaces are seen or ragged edges where the waves may be sliding over smoothness. Others go into ecstasies of delight over the ever changing pictures presented to their view. But the master of the ship looks on the berg as his natural enemy and calculates the chances of others being met with later on. When the passengers are sleeping the officers watch that harm comes not nigh, and this spring they have enough to do as the icebergs are very numerous in the line of travel between Liverpool and Canada.

The littleness of man's work as compared with that of the Creator is nowhere more apparent than when a ship, perhaps a great ocean liner, falls in with a fleet of these levathans of the ocean.

**Our Field Sports.**

Field sports attract a large number of our people, says The Mail and Empire. If lacrosse is not in such a condition as its best friends could wish, it is still the greatest of outdoor games, and occupies a large place in the hearts of true Canadians. Baseball appeals to the masses with irresistible force. As a sport the wheel is as dead as the discus, but hardly less of a necessity than the sewing machine. This country is none the worse for its love of sport. So long as our games and those who play them are clean they should be protected and encouraged. Education is not more important to Canadians than their outdoor life.

The Seventh Window  
in a Series EightNew Weaves in Navy  
FOR GOWNS AND  
SUMMER SUITS.

EVER strike you how important a shade navy was at this season of the year? It's more prominent among the fashionable shades this year than it has been in many for two reasons.

**First**—You can get navy in the sheerest of fabrics for summer gowns and the fashionable folk of the leading fashion centres of Europe and America have taken kindly to these sheer fabrics yet for street gowns. Sheer fabrics in delicate shades are not the most practical, hence the selection of navy.

**Secondly**—Can you think of any shade that looks better in a firm fabric for an unlined shirt waist, skirt or a tailored suit for your summer travelling than navy?

In navy you'll find no new or desirable weave wanting in this stock.

Such weaves as Voile, Etamine, Notte, Ripley finished Cloths, Empire Cloths, Broadcloth, Canvas and Cheviot get a good showing.

## ROUTINE WORK

## Public School Board Held Short Session Last Night—The Proceedings.

Very little was done at the meeting of the Public School Board last evening. The managers of the Central school reported progress on the planning work.

The managers of the McKeough school Kindergarten were empowered to make certain improvements to the school room.

Truancy Officer Anson Mounter reported that 81 children were reported to him as being away from school. He has investigated all of these. There was one parent whom he visited who could not send his children to school because he had no money to buy books and clothing.

A representative of the Chamberlain Metal Window Weather Strip Company then addressed the Board explaining his invention. The matter was referred to the Supply Committee, Chairman Robertson, and Trustees Bray, Benson, Paxton, Hayward, Clements and McCorvie.

The following are the reports:

**FINANCE COMMITTEE.**

**KINDERGARTEN NO. 2.**

Following is the Class, Teacher, Enrolled, Average, Percentage for each room:

Miss Aylesworth, 73, 60, 83.

The following are the totals—Enrollment, Average, Percentage.

McKeough, 426, 387, 91.

Central, 786, 641, 82.

Kindergartens, 153, 113, 74.

Totals, 1361, 1141, 84.

May, 1902, 1290, 1115, 87.

The enrollment for April was 1407, for May 1361, decrease 46. The average for April was 1138, for May 1141, decrease 42. The percentage, 84, is the same as for April. The enrollment for May is 71 greater and the average 26 greater than for May, 1902.

It will be understood that the average at the Central was taken only for the days school was kept open, namely, six days. It is gratifying to know that the attendance has, since the school re-opened, very nearly reached the normal conditions again. I have the honor to be,

Gentlemen,

Your obedient servant,

ROBERT PARK,

Public School Inspector.

Thomas C. Macnabb, Esq., Secretary Public School Board, City.

We have made a good showing in the art examinations last year, the McKeough school received 58 certificates, this year 82; Central school last year 21, this year 47.

The Big Saturday Planet will contain the opening chapters of the splendid new serial, When Boys were Men. You can't afford to miss it.

## WORLD OF SPORT

## FOOTBALL

## SANDWICH HERE SATURDAY.

Last evening The Planet received the following telegraphic special from President P. B. Fetterly, at Detroit: "Sandwich plays at Chatham on Saturday afternoon at 3.30, and Chatham plays at Sandwich the following Thursday. Wm. McDonald referees both matches."

President Fetterly and Secretary Butler came to the above conclusion at their conference in Detroit last evening. It will be fairly satisfactory to the local club, although Saturday is a bad day for some to get off work.

There will be a full practice of the team to-night and all the players are requested to be on hand at 6.45, sharp, to get in shape for Saturday.

## PROTEST!

Chatham beat Darrell by 3 to 2 for the eastern division championship, but the game has been protested by Darrell. If the protest is not allowed, Sandwich and Chatham will play for the Walker vase. — Windsor Record.

## LACROSSE

## CLIPPERS WIN.

The Clippers are a fast little lacrosse team, and have played quite a number of games and lost none. Yesterday they defeated the Central school team by a score of 6 to 2.

Lacrosse has certainly taken hold of Chatham, and teams are being formed all over town. This will be the means of Chatham always having a good lacrosse.

The first league lacrosse match of the season to be played in Chatham will come off Friday afternoon at 3 o'clock, between the Rodney and local team.

The Wallaceburg junior lacrosse club will play the local juniors here on Saturday afternoon at 2 o'clock, sharp.

## MEN'S PANTS.

With three healthy stores winning new friends every day, we are able to sell almost more than we can make. Almost any man can use an extra pair of Trousers to advantage, and the styles we sell are entirely different from the commonplace.

Materials are better than the average, and all sizes are included in the special lots at these prices:—

1 line of Gray Mixed Tweed at \$1.00  
1 line neat, dark stripe, at \$1.25  
2 lines of dark shades at \$1.50  
2 lines, dark, neat stripe, and 2 lines medium colored gray, well trimmed and made, a large range of Summer Pants and Fancy Work, studs from \$2.00 to \$4.00

Its worth your while to remember that we manufacture for ourselves, on a large scale, and know all about our clothing from start to finish. Ample variety to choose from, and easy prices to pay.
