### "A BROTHER'S KEEPER"

"A Brother's Keeper" is a drama of a high order. It is to be given by St. James' Dramatic Club on Thursday evening, August 2nd in the Pastime Hall. If you want to pass a pleasant evening, and really enjoy a good laugh, then do not fail to see this play. If you want the sentimental, the pathetic, or the serious, you can get all in "A Brother's Keeper." If you want a good moral lesson to be stamped upon an audience, now is the time. The drama, "A Brother's Keeper" is without doubt, one of the best of its kind. It is thrilling, it is touching, it is grand, it is great. No one should miss this fine play. If you see it you will talk of it for days to come, you can't help it, because it touches every fibre of your being.

And when one takes into consideration that the artists are all local ones and that they enter into the spirit of the play in a marked degree and really act their parts, one gets out of it the real meaning of "A Brother's Keeper."

OTTAWA LETTER

FRUIT CROP REPORT NO. 2.

Ottawa, Canada, July 19, 1917 Weather Conditions

There has been an exceptionally heavy rainfall in Ontario and Eastern Canada during the past few weeks. In many sections the ground has been so wet that the harvesting of small fruits was impossible for several days.

During the blossom period in British Columbia there were also heavy rains which interfered with pollination. Recently, however, weather conditions have been very favorable.

Apples

There have been some changes in the apple situation since last month. In Nova Scotia the ravages of the canker worm and the development of scab have been serious, and have reduced the crop of No. 1 apples to some extent.

District 1—The crop is light in Lambton, Norfolk, Essex and the Niagara district. This applies particularly to Baldwins, Spies and other late fall and winter apples.

District 2—In Western Ontario the crop is practically a failure, not more than 50 per cent of last year. The only varieties that have any showing are Wealthy Duchess, etc. Later varieties are very short.

District 3—The crop in the Lake Ontario district is very scattered. The fruit did not set well particularly on winter varieties.

District 4—In the Georgian Bay district Spies, Baldwins and Greenings are very light, not more than 25 per cent of a normal crop.

District 7—Outside of the Annapolis Valley, the crop in Nova Scotia has set well and there is promise of a good yield, except Spies and Baldwins.

District 8—In Prince Edward Island early varieties promise a full crop. Fall varieties will also bear well if there is no heavy drop. Baldwins and Ben Davis have set well. Spies are light. With favorable conditions, the island will produce the largest crop for some years.

District 9—Reports from the Lower Mainland and Vancouver Island give promise of a large crop except McIntosh which have dropped heavily.

District 10—The estimated crop in Kootenay Lake district is now 5 per cent of 1916. The heavy June drop, particularly on late varieties, is accountable for the decrease of the last month. At present the fruit is apparently free from scab. There will be a fair crop in the Okanagan Valley, which in some parts will run 25 per cent heavier than last year.

United States Prospects. Northwest States—The set of apples has not been nearly as heavy as last year in most districts. The growth of fruit has, however, been more promising and the general crop is likely to be a better size than in 1916, so that the are very light, not more than 25 per cent of a normal crop.

In Quebec early varieties appear to be light with fall and winter apples about medium. Scab has developed very seriously in unsprayed orchards.

In St. Lawrence and Ottawa Valley districts the crop of Fameuse and McIntosh is about 50 per cent of normal, but slightly less than last year. Scab has developed quite seriously during recent rains. Spraying has been general.

District 5—Latest reports from the St. John Valley place the probable crop at about 60 per cent of normal

and somewhat later than usual. Scab is developing rapidly. Elsewhere in prospects are very favorable.

District 6—The apple crop in the Annapolis Valley is now estimated at about 800,000 barrels. The fruit has set well and is clean in well sprayed orchards, but in neglected orchards much of the crop has fallen off and what remains is scabby. Canker worm has been particularly serious through the valley and it is estimated that the apple crop ultimate crop should aggregate very nearly to last year's total. The quality promises to be good. Pears are somewhat short in all districts except the Rogue River district, where a good crop is expected. Peaches are bearing well, but the acreage has been reduced that the total crop will not be large.

New York—In the commercial apple section the crop promises to be light, perhaps not more than 25 per cent of normal and of poor quality. Bartlett pears will be almost 50 per cent of a standard crop and other varieties are fairly good. Plums are a good crop except Burbanks which are very light. Sour cherries are 50 per cent of a crop and sweet cherries practically a failure. Peaches promise to be a very good crop, about 85 per cent of normal. The secretary of the New York Fruit Growers' Association has predicted a total peach crop of 9,000 cars for the state.

Prospects in Great Britain The spring has been particularly late but there have been no late frosts. All fruit trees blossomed heavily and have set well. The Midland counties report a full crop of all soft fruits as well as apples. Complaints are general of a serious attack of caterpillars. In Kent and the southern counties which produce a large proportion of the English fruit crop, apples are reported to have suffered from caterpillar attacks. The total crop is estimated at only 25 per cent of an average yield. British fruit dealers are perturbed at reports that the Government proposes to purchase the bulk of the English fruit crop direct from the growers. No definite information has been received on this point.

Cherries In the Niagara Peninsula sour cherries are about 50 per cent of a normal crop and in the Burlington district about 75 per cent. Sweet cherries are only about 15 per cent of a normal crop.

General Notes There has been a very serious outbreak of apple scab in all sections of Eastern Canada, particularly in orchards which have not received thorough attention. Weather conditions have been ideal for fungous development and there is certain to be quite a large percentage of No. 3 fruit. In the province of Ontario the scab development has not been so serious in the western districts as in the Lake Ontario district. Scab is also bad in the province of Quebec.

Canker worms have seriously infested the Annapolis Valley and there have also been slight outbreaks in New Brunswick. It is safe to say that the Nova Scotia crop has been reduced 30,000 barrels no account of the ravages of this pest.

Much uncertainty exists as to what the price of apples will be. While we have a fairly good knowledge of crop and market conditions, yet we do not feel like making any definite statement in this connection at the present time.

The fact that the embargo still exists upon apples entering Great Britain has a depressing effect upon the trade, but it appears to us that even though the embargo remains there should be a fair market for all apples that will be harvested in Canada. Taking the Dominion as a whole, the crop will be exceedingly light and may depreciate still further before harvesting time. If the embargo is raised, prices will no doubt rise as high as last year, and we feel that the fruit grower who has produced a crop under high cost conditions is the man who should receive the greatest proportion of such prices. Efforts are being made by the fruit interests and the various governments concerned in the marketing of fruit, to have the embargo raised, and the fruit growers may rest assured that everything consistent with the welfare of the Empire will be done to obtain this end. We would, however urge those interested in the marketing of the crop should lose no time in arranging for the widest possible distribution of the crop in Canada in order that none of the crop be lost in the event of the embargo remaining. The present outlook as will be noted from this fruit crop report is such that growers should not be stampeded into accepting unreasonably low prices.

Minard's Liniment Lumberman's Friend

POTATOES IN CANADA

(From the Report Department of Agriculture.)

British Columbia—The average is estimated at about 5 per cent increase over an average crop. The plants are looking especially healthy and give promise of the heavy yield.

Alberta—An average crop is looked for in this Province.

Saskatchewan—There is a substantial increase in the plantings. It is too early to estimate the yield.

Manitoba—Indication now for a full average crop.

Ontario—In no case has a decrease in the acreage been reported from any commercial district. It is estimated that the acreage is considerably more than last year and from 5 per cent to 10 per cent above the average. Present indications are for a yield per acre

considerably above the average.

Quebec—An increase in acreage is reported with prospects for a yield above the average. Some early plantings on low land were destroyed by rain and continued cool weather, but these have been replanted with late varieties.

New Brunswick—There has been 20 per cent increase for the acreage planted, with prospects of a normal yield per acre.

Nova Scotia—Some districts report increased planting of from 25 to 35 per cent. The Province on the whole is expected to show a substantial increase both in acreage and yield.

Prince Edward Island—This province also reports increased acreage of from 10 to 15 per cent, and, in addition to this, spraying is much more general. With favorable weather conditions a large crop should be harvested.

MAKE a PAL of the "MASTER 17"

Have you ever ridden a motorcycle? Did you ever get out in the morning when the dew was still glistening in the fields and meadows along the road? Have you ever heard the song of the Harley-Davidson motor and felt the tingle of the morning air as you sat in the saddle and watched the ever-changing panorama of green and brown flit by? If not, then you have not sounded the keynote of outdoor sports. Let the

### HUSBAND SAVED HIS WIFE

Stopped Most Terrible Suffering by Getting Her Lydia E. Pinkham's Vegetable Compound.

Denison, Texas.—"After my little girl was born two years ago I began suffering with female trouble and could hardly do my work. I was very nervous but just kept dragging on until last summer when I got where I could not do any work. I would have a chill every day and hot flashes and dizzy spells and my head would almost burst. I got where I was almost a walking skeleton and life was a burden to me until one day my husband's step-sister told my husband if he did not do something for me I would not last long and told him to get your medicine. So he got Lydia E. Pinkham's Vegetable Compound for me, and after taking the first three doses I began to improve. I continued its use, and I have never had any female trouble since. I feel that I owe my life to you and your remedies. They did for me what doctors could not do and I will always praise it wherever I go."—Mrs. G. O. Lowery, 419 W. Monterey Street, Denison, Texas.

If you are suffering from any form of female ill, get a bottle of Lydia E. Pinkham's Vegetable Compound, and commence the treatment without delay.

### Russians Capture One Thousand Germans

Petrograd, July 23rd.—The Russians yesterday attacked the Germans Krevo and Vina, north of the Pinsk marshes, and penetrated the front lines for a distance of two miles, according to an official announcement made today. The Russians captured more than 1,000 Germans, but the developments of success, the statement adds, are jeopardized by the weakness and instability of certain Russian detachments.

This is to certify that fourteen years ago I got the cords of my left wrist nearly severed, and was for about nine months that I had no use of my hand, and tried other liniments, also doctors, and was receiving no benefit. By a persuasion from a friend I got MINARD'S LINIMENT and used one bottle which completely cured me and have been using MINARD'S LINIMENT in my family ever since and find it the same as when I first used it, and would never be without it.

ISAAC E. MANN, Metapedia, P. Q. August 31st, 1908.

LOAN FOR RUSSIA  
WASHINGTON, July 25.—Loans of \$75,000,000 to Russia and \$60,000,000 to France today brought the total sum advanced to the Allies within the last three months up to \$1,528,000,000.

## THE CORRECT WAY TO TREAT A COLD

A cough is not a distinct disease, it is the result of inflammation caused by a cold. Therefore, the only way to cure a cough is to allay the inflammation which invades the delicate bronchial tubes. All of the narcotics in the world will not correct the conditions which cause a cough—they simply deaden the senses and afford temporary relief.

Penslar White Pine and Spruce Balsam with Menthol will promptly soothe and heal the inflamed membranes and overcome the nervous irritation. Price, 25c and 50c the bottle.

### MEMORY SYSTEM

Forgot each kindness that you do  
As soon as you have done it;  
Forgot the praise that falls to you  
The moment you have won it;  
Forgot the slander you hear  
Before you can repeat it;  
Forgot each slight each spite, each sneer,  
Whenever you may meet it.

Remember every kindness done  
To you, whatever its measure;  
Remember praise by other won,  
And pass it on with pleasure;  
Remember every promise made  
And keep it to the letter;  
Remember those who lend you aid,  
And be a grateful debtor.

Remember all the happiness  
That comes your way in living;  
Forgot each worry and distress,  
Be hopeful, and forgiving;  
Remember good, remember truth,  
Remember Heaven's above you,  
And you will find, through years and youth,  
True joys and hearts to love you.

### GERMAN SHIPYARD

WORKERS ON STRIKE  
COPENHAGEN, July 25.—A strike agitation has begun among workmen in the shipbuilding industry particularly metal workers at Hamburg. They demand a reduction of working hours to fifty-two weekly and an increase of fifty per cent Women workers also have formulated demands.

The movement is due largely to the increased cost of necessities, but radical Socialist agitators also are playing a part.

### TAKEN AT HIS WORD

A well-known Brooklyn clergyman in a talk to his Sunday School urged the children to speak to him whenever they met. The next day a dirty faced urchin accosted him in the street with, "How do, doc?"  
The clergyman stopt and cordially inquired, "And who are you, sir?"  
"I'm one of your little lambs," replied the boy, affably, "Fine day!" And tilting his hat to the back of his head, he swaggered off, leaving the worthy divine speechless with amazement—Democratic Telegram.

The sad-looking man at the corner table had been waiting a long time for his order. Finally his waiter approached, and with a flourish, said:  
"Your fish will be coming in a minute or two now, sir."  
The sad man looked interested.  
"Tell me," he said, "what bait are you using?"

### The Need of Union

J. W. Dafoe, Editor of the Winnipeg Free Press, the foremost Liberal newspaper of Canada, wires his paper from Ottawa favoring a general election, and pointing out the danger of it unless there is a solidification of the forces in both parties favorable to a sustained effort to win the war. In that despatch Mr. Dafoe says:

"The dissolution of Parliament will break the spell which binds the wills and consciences of men. The great winds of reality will blow away the mists and fogs, and the issue of the campaign will rise before us as clear and distinct as the Rocky Mountains. Influences far stronger than these contemptible feelings of jealousy and partisanship which sway mens minds in this hour of indecision will come into play. The electors will line up on one side or the other in most fateful decision that Canada will ever be called upon to make. The question to be decided will be simple and plain. Shall Canada continue in the war as a principal, thus accepting an obligation in character and degree identical with that borne by every other nation in the war—the duty of participating in this war to the last ounce of our available strength? Or shall Canada define her position in the war as simply that of a contributor and declare that she has done enough leaving the issue of the war to be determined by the further sacrifices of the belligerents? Or to put it plainer—are we going to stay in the war or are we going to sneak out of it?"

"Those who favor the latter course will undoubtedly come together during the campaign, whatever their differences upon other questions. They will all be in the same boat, shirkers, slackers, cranks, anarchists, pro-Germans, together with those on constitutional grounds, which appear to them reasonable, oppose participation by Canada in what they regard as a European war. If these forces have distinguished leadership, which is probable; if they assert their claim to the title Liberal, which they will certainly attempt to do; and if they open the campaign with solid racial support which assures them at least sixty seats in Parliament, it must be apparent to all that the battle will be severe, with the issue in doubt unless there is an equal solidification of the forces in Canada that are for the war. In that event, but only in that event, will there be no doubt of the result.

"Canadians who are awake to realities will know what the issue means. It may influence conceivably the outcome of the war; it will directly effect the well-being and the reputation of our troops at the front; and it will put the honor of Canada, in the eyes of her allies and in the judgement of posterity, in the balance."

The following authenticated story is going the rounds: The telephone bell rang with anxious persistence. The doctor answered the call.  
Yes, he said.  
Oh, doctor, said a worried voice, something seems to have happened my wife. Her mouth seems set and she can't say a word.  
Why she may have lockjaw, said the medical man.  
Do you think so? Well, if you are up this way some time next week I wish you would step in and see what you can do for her.

Two British soldiers went into a restaurant at Saloniki and asked for Turkey with Greece. The waiter said, I'm sorry, gentlemen but I can't Serbia, whereupon the Tommies cried, Fetch the Bosphorus. When that gentlemen arrived and heard the complaint, the manager said: Well gentlemen, I don't want to Russia, but you cannot Roumania. And so the poor Tommies had to go away Hungary.

### A "BLOOD AND IRON" POLICY TO BE PUT INTO EFFECT

Relying Upon the Confidence of the Masses and the Army, the Kerenky Government Will Endeavor to Save Russia and Russian Unity.

PETROGRAD, July 24 "A blood and iron" policy will be put into effect if needed to save Russia, by the government of Premier Kerenky, to which unlimited power has been granted. In an interview today the Premier said: "Relying upon the confidence of the masses and the army, the government will save Russia and Russian unity by blood and iron if argument and reason, honor and conscience, are not sufficient. The situation at the front is very serious, and demands heroic measures. But I am convinced the organism of the state is sufficiently vigorous to be cured without a partial amputation."

COPENHAGEN, July 23.—The Austrian-German food in Eastern Galicia has been turned southward in endeavors to get to the rear of Russian armies between Brzezany and the Dniester, Austrian correspondents at the front report in despatches to their newspapers. The Teutonic forces engaged in this operation, they declare, have reached Koseva, ten miles east of Brzezany, which is in Austro-German hands. The Koseva-Tarnopol railway has been crossed by them in several places. Those despatches forecast the Russian army's stand behind the Sereth and reiterated the reports that Tarnopol was in flames.

### WILL HOLD A GREAT INTERCESSION SERVICE.

At Which the King and Queen Will Be Present.—An Important Speech to be Made by Premier Lloyd George

LONDON, July 24.—The beginning of the fourth year of the war will be signalized in Great by important events, notably a great religious intercession service in London, at which King George and Queen Mary will be present, and a big meeting in London, August 4, when Premier Lloyd George will inaugurate the work of the National War Committee in an important speech.

The object of the War Aims Committee is to keep before the nation the causes of the war and the necessity of continuing hostilities until the forces which brought about the conflict are destroyed. The committee has four presidents. Premier Lloyd George, Herbert H. Asquith, Andrew Bonar Law and Minister of Pensions Barnes. According to information in parliamentary lobby sources, the premier's speech will outline as precisely as possible the war aims of Great Britain and her allies.

**PICNIC AT KINGSPORT**

On Wednesday the members of the Kentville Baptist Church and Sunday School picnicked at Kingsport for the day. They were accompanied by the 246th Band, Aldershot, and a number of friends from Kentville and vicinity. About 300 went by special train at 9.30 and it was a happy and animated crowd that Mr. Webb had to look after in his warehouse. The band gave four or more programs of several selections throughout the day the music was most fully appreciated by all present. A large number came by auto and team to hear the choice music and all were loud in their praises of Bandmaster Lloy and his company of musicians. The bathing was excellent and with a fine day the excursionists returned after six o'clock claiming it was a most successful event.

**WHO WILL GIVE ATTENTION TO OUR INVALID SOLDIERS?**

Provincial Sanatorium, Kentville, N. S., July 23.  
Editor of The Advertiser:  
Sir:—Will you spare me space in your valuable paper to say a few words on behalf of the invalid soldiers at the Sanatorium?

The past week has seen a very successful Red Cross fair held in Kentville but the soldiers at this institution have been entirely overlooked; so much so as to cause the impression that all the people of Kentville care about returned soldiers is to get their money. Do the people of Kentville want that idea carried away by the soldiers to their homes in various parts of Canada and Newfoundland?

There are scores of cars owned in Kentville, and surely the owners could spare an afternoon once in a while to take the men out. This is practically the only outing allowed, but one which the men would all appreciate.

**To Whom it May Concern**

I wish to remind you that the time fixed by law for the payment of Poll Taxes is the Tenth day of January in each year, also that the time fixed for the payments of general rates and taxes for the year 1917 was June 1st.

As both of these dates have long expired, and you have not all paid in, we now ask you to get busy during the month of August, and make payment of all outstanding accounts due the town, saving yourselves interest and enabling the town to pay its bills.

Commencing September, and without any further notice, warrants will be issued for the collection of all such rates and taxes that remain unpaid.

**Terrible Loss of Life in Dominion Coal Co's Mines**

**TERRIBLE DISASTER AT GLACE BAY MINES  
Over 60 Miners Dead**

SYDNEY, July 5.—New Waterford Colliery of the Dominion Coal Company was the theatre early this morning of the worst disaster, in tragic loss of life, in the history of the Cape Breton coal fields. At 7.30 o'clock an explosion occurred in No. Seven Landing, some 2100 feet down the slope, and according to an official statement issued late tonight, sixty-two miners perished. Already thirty bodies have been recovered. About 260 men were at work in the mine when the explosion occurred, and the escape of the large majority of them is cause for great thankfulness. The efforts made to rescue the men who were trapped by the fall of coal were marked by scenes of heroism worthy of the highest praise.

Two hundred and sixty men were working in the pit when the explosion occurred, and many of those saved were almost dead, badly injured gassed as to be unconscious for some hours. The fumes of poisonous gases circulating through the mine were terrible. The shock of the explosion, which came like a thunder bolt, together with the gas fumes, drove a great many of the miners and their rescuers temporarily insane. Men could be seen from the rescuing parties lying on the ground near the pit with blood-shot eyes and protruding tongues, gasping for a

breath of air. In many cases they had to be forcibly restrained in their agony of body. It was reported first that a rescue party of fifteen men were missing and were probably dead, but about one o'clock they appeared on the surface all suffocating from the gas fumes that were belching out of the mouth of the shaft.

F. W. Gray, Chief Clerk of the Dominion Coal Company, says that sixty-two is now the death list, composed of thirty natives, twenty-two Newfoundlanders, ten foreigners. The mine is clearly itself rapidly of gas, and normal conditions are returning, but there is yet no certainty as to the extent of the fall at No. Seven Landing no fires in the mine.

Two men died after being brought to the surface. They were Nelson Malley, of Newfoundland, and Philip Nicholson the latter being one of the rescuers, overcome by gas.

The following have been identified: John Sinclair, George Fraser, Charles Curry, Peter Coleman, Joseph Butts, William Snow, Thomas Malley, Michael O'Leary, Rod McEochern, Arthur Dadd, Joseph Steele, John McLeod, Timothy Fahey, Joseph Donaker, Frank Pitchich, Paul Kulzer, Wesley Schimo. The last four are foreigners.

Snow, Malley, Dadd and Fahey, it is understood are Newfoundlanders. The rest are Cape Bretoners. Thomas Malley is the father of Nelson, both dead. Of the Cape Bretoners, twelve are married and eighteen single.

**Graduated Income Tax Is Announced by Minister of Finance**

OTTAWA, July 25.—Minister of Finance White has announced in the House of Commons his graduated income tax Bill. He considered that three or four million dollars per year could be raised through this tax.

In brief, the Bill provides for exemptions of all incomes up to two thousand per year in the case of the unmarried men or widowers without children, and three thousand per year in the case of the married men. After that,

up to six thousand per year the tax is four per cent per annum; between six thousand and ten thousand per year, six per cent; between ten thousand and twenty thousand per year, nine per cent; between twenty thousand and thirty thousand per year twelve per cent; between thirty thousand and fifty thousand, fourteen per cent; between fifty thousand and a hundred thousand, nineteen per cent, and over a hundred thousand, twenty nine per cent.

**"An Appalling Blow"**

The Russian Collapse is Thus Described in a Petrograd Despatch From Correspondents of London Papers

LONDON, July 26.—An appalling blow is the description of the Russian collapse given in a despatch from Petrograd to the Post. Never in the war has Russia put itself such enormous armies. British and French guns and gunners, flying machines, aviators and British armored cars were added to the unprecedented technical strength of the Russians themselves to make the particular front equal to anything.

The artillery was planted where such admirable natural prepared positions amounted to the ideal. There were places where the artillery lay in absolutely dead ground not 100 yards from the enemy trenches. Big guns were ideally placed thanks to the character of the terrain.

Information regarding the guns of the Eleventh army almost staggers belief.

It appears that the infantry shot down their own gunners in order to get their horses or shot down the gun horses in revenge as they retreated, leaving practically all the artillery of the eleventh army in enemy hands.

As far as the artillery and technical appliances of the seventh and eighth armies are concerned, there is also no hope of their being saved. The Germans were already, a couple of days ago across the best road on the shortest line of retreat. The rate of the enemy's advance on the western wing has been accelerated and the gun positions are behind the line now occupied by the Germans. It is becoming an exceedingly anxious question whether the eighth army will succeed in getting away at all but it is making the best haste eastward.

**PAULINE FREDERICK IN "THE SLAVE MARKET"**

Pauline Frederick has played many great roles on the screen, ranging from "Zaza," the French actress, and "Bella Dona," the English adventuress in the Orient, to "Audrey," the simple American child of the forest, and the primitive French-Canadian "Nanette of the Wilds." Now the great Famous Players star appears at the Nickel Theatre on Friday and Saturday this week in the role of a proud Spanish beauty in the Paramount Picture, "The Slave Market." With her is Thomas Meighan, former Lasky player, who makes his first appearance in a Famous Players production in this picture.

The "Slave Market," which was written by Frederick Kummer and directed by Hugh Ford, is a thrilling romance of the Spanish Main of pirates, love, hate, and all that goes with them. It is crammed full of action, from the time that Pauline Frederick steps upon the screen until, in a tremendous scene, Thomas Meighan, as a soldier of fortune rescues her from the hand of pirates who had placed her on sale in the slave market in revenge for the death of their leader.

**RED CROSS WORK AT PORT WILLIAMS.**

Wishing to do all in our power to show our sympathy, and alleviate the sufferings of our soldiers in the hospitals, the Red Cross committee of Port Williams request the co-operation of everyone in the community to assist in doing up fruit into jellies, drinks, or any suitable delicacies to send to them.

Much can be done by a division of labor, fruit and he contributed by some others can gather it, some would prefer to do the work of preserving, others could assist in preparing the fruit. Some perhaps would prefer to give money to go towards paying expenses, all would help and be equally acceptable. Quart jars, and sugar will be provided for all who want them, and may be procured from Mrs. J. W. Fullerton, any further information may be obtained by applying to any member of the Red Cross Committee.

**The Camera The Film**

Our Cameras and Films make it possible for all amateurs to make "professional" pictures, and make it possible for every woman man and child to make pictures that tell the story better than words, and enable them to record in black & white the beauties of nature in both town and country.

**Morning Chronicle**—Rev. G. F. Bolster is leaving next week for Berwick to attend the Summer School of Methods, in the interests of Sunday School work. Mr. Bolster will later go to Seabright with his family, for a few weeks vacation. Rev. E. E. Daley and family are also going to Seabright for a short stay.

**Morning Chronicle**—Miss Bernice Blakeney and Miss Robb who are travelling in the interests of the Nova Scotia Sunday School Association, were in the City on Monday en route to Chester from Cumberland County, where they have been addressing a series of Sunday School conventions. Miss Blakeney and Miss Robb will attend Summer school at Berwick next week.

Miss Nellie Dickie, 23 years old, employed as a cashier at the Woodward drug store, Tremont Street, Boston, dropped dead shortly before midnight Saturday night at a cottage at Squantum, Mass. Miss Dickie had been spending the summer at Squantum in an effort to recuperate from an attack of valvular disease of the heart. Death was caused by chronic heart disease. The body has been sent to Brookfield, Colchester Co., N. S. for burial. Halifax Chronicle.

The congregations of the Baptist house of worship in Berwick, on Sunday last, were favored with two notable addresses. At the morning service, Rev. C. K. Harrington, now at home on furlough from Japan, addressed the meeting, having been engaged in missionary work in that county for thirty years. In the evening Rev. E. H. Howe gave a masterly address on the cruel war now raging. An extended report of these addresses will appear next week.—Register.

CLIFFORD SIFTON'S SOLEMN WORDS ON THE GRAVE SITUATION THAT CONFRONT PEOPLE OF CANADA.

OTTAWA, July 23—Declaring that the return to power of Sir Wilfrid Laurier would mean the end of Canada's participation in the war...

"My Dear Bostock—Will you permit an onlooker to respectfully express his views on the present grave crisis in the affairs of Canada.

"As the leader of the liberal party in the senate, you will shortly be called upon to deal with the Military Service Bill...

"The world is in the final stages of a death grapple. No such dire and fearful tragedy has ever before occurred in the known history of mankind.

"We have 80,000 men in the fighting line. It is not more than our share. Their numbers are being daily diminished by death and casualties of war.

"I am confident that I voice the sentiments of many thousands of Canadians when I say that at this supreme moment we care nothing for Borden or Laurier, conservation or liberalism.

"The only thing that matters is: 1.—To put every possible ounce of force into our striking power with men, guns and munitions in order to help the allies to win the victory for liberty.

"2.—To stand by our men at the front and give them abundant reinforcements and reserves to admit of rest and recuperation.

"3.—To maintain the honor of Canada, and redeem our pledge to see the war through to the limit of our capacity.

"WANTED—Ten tons Prime Old Hay at \$8 per ton. Address Box 376, Kentville.

"In common with many others I had hoped that Sir Wilfrid Laurier, if he could not join a union government, would agree to an extension of the life of parliament...

"The facts, however, must be squarely faced. The meaning of Sir Wilfrid's attitude and that of his principal supporters in Quebec is that they have determined to force an election on the single issue of conscription.

"1.—No conscription. 2.—No more men. No more money.

"If Sir Wilfrid is returned to power in the approaching election, two-thirds of his followers in parliament will be pledged to the hit against conscription and pledged to the hit against any but a perfunctory and ineffective participation in the war.

"3.—There will be no conscription in Quebec.

"Under these circumstances it will be obviously impossible to raise troops in the other portions of Canada. Imagine a Laurier government trying to raise troops in the other provinces while Quebec scornfully refuses either to submit to conscription or to recruit.

"4.—Our regiments at the front will be left stranded and will dwindle and disappear as an effective fighting force.

"The predominating and controlling element behind Sir Wilfrid Laurier will not allow him to prosecute the war. No one who has the slightest experience of parliamentary government in Canada can honestly gainsay this conclusion.

"It is said that a great effort is to be made to unite behind a "solid Quebec" all the elements in the population who are hostile or lukewarm in regard to the war, together with certain of the larger business who feel that conscription will interfere with operations.

"What will be the result of this effort if it succeeds? How is the war to be carried on with vigor by a parliamentary party which is controlled by a hostile majority?

"To ask these questions is to answer them. With Sir Wilfrid in power the anti-war party of Quebec will dictate his policy. It is dictating his policy now.

"It is said that the government has made many mistakes. Probably it has. All the other war governments made mistakes. To err is human. It is said that more skillful piloting would have avoided this crisis. Perhaps it would. It is hard to say. On the other hand, it is alleged that Sir Wilfrid Laurier, had he chosen to do so, when applied to, could have found a way out of the difficulty. It may be so! It is easy to criticise.

"What is certain is that none of these things matters now. We have to face facts, not theories. The issue is simple. Either:

"1.—We put our whole strength into the war. 2.—We abandon our men at the front, and dishonor our solemn obligation.

"I will go further. The decision of this issue will determine, once for all, whether Canada is a nation, dominated and held together by a National will, and a National sense of honor, or is a helpless aggregation of sectional communities, held together only by time-serving considerations of sectional interest.

"If anything in this troubled world can be absolutely clear, it is clear today that we can grapple with this situation in one way and is one way only, by the formation of a union war government, administered on non-partisan lines, which will straight away appeal for a mandate to the people of Canada, and can consistently be supported by every element in the population that is loyal to the cause.

"Germany is fighting desperately to wear out the fortitude of her opponents. If she succeeds the peace will be inconclusive. It will be no peace for us, but the beginning of an intolerable strain of constant preparedness for war.

"We are not fighting for sentiment, for England, for Imperialism; we are fighting for the rights of ourselves and our children to live as a free community.

"Shall Canada be the first of all the allied nations to sink from the field? Let us realize the position now. It will be no use to wake up when it is too late.

### GERMANS AGAIN RAID EAST COAST

**LONDON, July 22**—Another raid on the east coast was made this morning by a squadron of fifteen to twenty-one airplanes. They dropped bombs which, according to an official report, killed eight persons and injured twenty-five. The announcement follows:

"A squadron of enemy airplanes, from fifteen to twenty-one, approached Felixstowe and Harwich at eight o'clock this morning. Some bombs were dropped, but the heavy fire from the anti-aircraft defence caused the enemy's formation to split up, part returning overseas and part returning south, down the Essex coast and finally was heavily engaged by gun fire all down the Essex coast and finally proceeded homeward, without dropping more bombs. The raiders were pursued out to sea, and heavily engaged by our airplanes, but the visibility was low and difficulties of observation were very great.

"The casualties at Felixstowe and Harwich, so far are eight killed and twenty-five injured."

### FOR CANNING STRING BEANS

Mrs. Thos. H. Bacon, of Phoenix, Arizona, formerly Miss Margaret Palmer, of Gagetown (N. B.), sends the following fine recipe for canning string beans. She has used it for several years and found that the beans when canned are as delicious as though fresh from the garden.

Canning string beans—Wash and cut or break the beans into inch or small pieces, boil twenty minutes. Fill sterilized glass jars with the beans and on the top of every quart of beans put one teaspoon of cream of tartar. Fill the jars with fresh boiling water till running over. Screw on jar lids air tight. When using them for the table pour off the liquid and wash the beans thoroughly, then cook till in fresh boiling water adding a pinch of soda to every quart of beans and seasoning to taste.

### HUN RAIDER IN ATLANTIC.

British Freighter Out distanced Strange Auxiliary Bark After a Brief Chase.

**AN ATLANTIC PORT, July 23**—The presence of a strange vessel believed to be a German raider, due West from the Spanish coasts and two thirds of the way across the Atlantic from Europe was reported by a British freight steamer ship escaped from the unidentified craft and arrived here yesterday.

Officers of the British vessel described the steamer as bark rigged, with four masts and a smokestack rising between the main and mizzen mast. She was steering Northwest at seven knots when sighted early on July 14 and bore down on the freighter. The latter out-distanced the supposed raider after a brief chase.

### SAVE THE RAGS

Shortage of Wood Increase Demand for this Waste.

A serious shortage in wool exists. Almost all countries engaged in the war have taken over the wool supply to provide for soldiers' equipment, while the United States Council of National Defence recently took up with the clothing manufacturers the matter of the saving of cloth by eliminating from the 1918 styles patch pockets, flaring skirts, cuffs on coats and trousers, etc. and all unnecessary pleats and frills. The Council is also advocating the more general mixing of cotton with wool and the more extended use of shoddy.

For this reason the old-fashioned rag-bag should come into fashion. The day when rags were not of sufficient value to warrant much attention being paid to them is past. Today there is a heavy demand for woolen rags. Scarcity of new wool has created an increased market for shoddy materials, of which woolen rags are basis, and increased prices are being paid for this hitherto neglected material save for the rags.

### QUEEN MARY'S INTEREST IN CANADIAN SOLDIERS.

Queen Mary, in opening the Medal Exhibition in the Georgian Galleries of Messrs. Waring & Gillow's, London, observed two young Canadian officers, Lieut. N. Clarke-Hallace, and Lieut. G. E. Harding, of Halifax. The Queen immediately stepped over to them and graciously shook them both by the hand and enquired after their comfort and experiences at the front. Her Majesty wished them goodbye, again shaking them warmly by the hands. These two young officers were delighted by the gracious recognition and came smartly to the salute, giving a happy conclusion to this unexpected honor.

### LONDON HEARS ENEMY CAPTURES TARNAPOL.

If the Report Is Correct the Loss of This Position Would Menace Whole Russian Line.

**LONDON, July 23**—The occupation by the Germans of the city of Tarnapol in Eastern Galicia, is reported by Reuters' Limited.

The capture of Tarnapol, if confirmed, presents a serious menace to the whole Russian line between the Pinsk marshes and the Carpathians. Tarnapol is about twenty-five miles behind the positions occupied by the Russians when the German counter-attack began last week.

Unless the Russian forces to the north and south are able to carry out a rapid retreat they will be threatened from the flank by the advancing Germans.

Tarnapol, a city of about 35,000 had been in Russian hands since the early days of the war, when it was captured across Galicia.

### MADE SUCCESSFUL RAID IN PALESTINE.

Lively Skirmishes Recently—British Killed over a Hundred Turks In One Raid.

**LONDON, July 23**—The following official account of military operations in Palestine was issued here today:

"On the morning of July 19 the enemy pushed two cavalry regiments from Beersheba toward the Line El Bugar-El-Girjeir, about nine miles west of Beersheba. Our mounted troops engaged and drove them back to Beereba, capturing 13 prisoners.

"On the night of July 20 our troops successfully raided the enemy's trenches Southwest of Gaza. They killed one Turkish officer and 101 men, and brought back 17 prisoners, a machine gun, a trench mortar and a number of rifles and other booty."

"This" said the goat, as he turned from the tomato-can and began on the broken mirror with relish, "this is indeed food for reflection." — Lampton.

# A Poet From The Railway

Mr. C. J. Dennis and his home in the bush at Toolangi, Victoria, N.S.W.

THE dangers of the Mediterranean route between Australia and England have induced a large number of Australians to pass through Canada, who otherwise might never have known this country, and have brought Australia into closer sympathy with the Dominion than ever before. Canadians also have learned to appreciate the Anscos, and the increasing trade between these two junior partners of the British Empire, as shown in the record traffic of the Canadian Australasian service, is one of the bright sides of this war. There are many vast countries anxious for greater population and both are on the whole still mainly agricultural. The comparative absence of cabled news from Australia in Canadian papers is, however, a handicap against the knowledge of each other's social problems and progress, and Australian authors are as little known in Canada as Canadian writers are in the Antipodes.

One poet of Australia is, however, making headway here and deserves

to be even better known—so vivid a picture does he give of the Australian lark in the terse vernacular of Adelaide. "Doreen and the Sentimental Bloke," which in its own country has run into the hundred thousands and has been put into the trenches, threatens to rival even Robert Service (who like himself owes much to Kipling) in the affections of the Canadian reader, and though "The Moods of Ginger Mick," which has made a tremendous hit in Australia, has not yet been published in this country, stray copies pass from hand to hand and are greatly treasured. Ginger Mick is a peddler of rabbits who volunteers for the front and dies like a hero at Gallipoli. Dennis' "Backblock Ballads," descriptive of the people of the Australian bush and the settled country districts, are classic.

Dennis wrote "Doreen" in the bush at Toolangi, Victoria, in a log cabin which he built himself after he had grown tired of being a Government official and a newspaper editor.

Just as the early days of conscription

of the Canadian Pacific Railway attracted men of all classes, some of which, such as Morley Roberts and Frederick Niven, have since made their mark in literature, so the building of the Australian railways provided a job at one time of his career for C. J. Dennis, who as a man handy with the axe and saw was able afterwards to draw pay as a carpenter. His father was a retired sea captain and a hotelkeeper with small appreciation of poetry. At one of the rockiest periods of his career the poet wired the publisher "Send ten pounds, going Broken Hill," to which his father replied "Sending nothing, go to Hell." In spite of this lack of sympathy, Dennis became editor of the "Adelaide Critic," which he left to establish the "Gadfly," a sassy paper on the lines of New York "Life." This paper was once accused by a correspondent of sectarian bias, controlled by an Anglican, a Roman Catholic, a Wesleyan Methodist and an Atheist, and gave it as his opinion that the Atheist was "the most religious man of the lot."

### UNITED STATES WARNS PUBLIC OF POISON PLASTER

WASHINGTON, July 24.—Warning to the public not to use court-plaster, except that obtained from approved sources of supply was issued today by the Department of Justice. The statement, which bears the signature of Assistant Attorney General Pitts follows:

While the department of Justice does not take a sensational view of the reports indicating a possible enemy activity in the dissemination of poisoned sticking or court plaster, there has been enough officially reported on the subject to warrant thorough investigation, both as to the manner of distribution and the germs in the plasters. Consequently, the samples in hand are being analytically examined, both in Washington and in a Western city. Pending further information. It would be well for the consuming public to use no remedies of this kind, except those obtained from approved sources of supply.

Berwick will start a collecting campaign for the Red Cross fund commencing August 7th.

Mrs. Layton of the Manse, Oakfield, who has been visiting her son at the Manse, Kentville, for the past three weeks, returned home yesterday.

Rev. W. H. Spencer, who has been minister of the Presbyterian Church at Waterville and Lakeville, will finish his ministry there on Sunday next. Mr. Spencer has been appointed by the General Assembly to visit aid-receiving congregations within the Synod in view of the raising of the minimum stipend of Presbyterian ministers to \$1200 per year. At a meeting held in Waterville on Tuesday night, when the congregation met with representatives of the Presbytery, it was felt that it might be best for the congregation to be united with Kentville congregation. Much regret is felt in the departure of Mr. and Mrs. Spencer, who were greatly esteemed in the community.

### A BRAVE HERO FALLS IN ACTION

The sad news reached Wolfville on July 18th that Corporal Robert W. Spicer of the 26th Battalion had paid the supreme sacrifice on July 4th, Robert was a general favorite with all his companions and was a member of the Wolfville hockey team for a number of years, his last letter to his parents said that he was soon getting a furlough for dear old Canada and all the family was looking forward to seeing Robert soon, when the sad news reached them that he had fallen in action. Besides a young widow and little daughter two years old to mourn their loss he leaves parents Mr. and Mrs. Robert Spicer of Wolfville one brother Winfield residing in Wolfville and three sisters Mrs. F. S. Boates and Mrs. H. E. Leopold of Kentville and Mrs. Freeman Insor of Somerset.

Boston Herald of Saturday: Several prominent officials, including G. E. Graham, of Kentville, N. S., General Manager of the Dominion Atlantic railroad; F. G. J. Comeau, general freight agent at Halifax, and A. E. McMahon, of Berwick, N. S., arrived in Boston yesterday to speed up and develop freight transportation between Nova Scotia and New England in general and this city in particular. When the plans are made workable, apples and other fruits which have been rotting on the ground will be shipped to Nova Scotia. The returning traffic will be made up of manufactured goods. The party left last night for New York with W. H. Blaisdale, general freight agent for the Eastern Steamship lines. They will return here tomorrow.
