L. R. FORTIER,  
Clerk of the Crown in Chancery.

OFFICE OF THE CLERK OF THE CROWN IN CHANCERY,  
Quebec, 28th July, 1863.

I, *John McEwan*, Esq., Returning Officer for the County of *Essex*, do hereby certify, That, in obedience to Her Majesty's Writ to me directed, dated the sixteenth day of May, A.D. 1863, and after the notice and formalities prescribed by law had been given and observed, I did, on the thirteenth day of June last, proceed to hold the Election for the County of *Essex*; and on that occasion, among other persons, *John O' Connor* the younger, and *Arthur Rankin*, were named by some of the electors as candidates therefor; and thereupon, the show of hands being in favor of the said *John O' Connor* the younger, a Poll was demanded by the said *Arthur Rankin*, and thereupon such Poll was holden at the several places prescribed by law; and afterwards, on the twenty-seventh day of June aforesaid, being the day fixed for closing the election, I proceeded to ascertain the state of the General Poll, as by law directed; whereupon it appeared that the said *John O' Connor* the younger had the greatest number of the said votes; but, having reason to believe that a certain Poll Book for the Township of *Anderdon*, in the said County, had been altered, injured, or obliterated, or that additions had been made thereto, I then adjourned the proceedings, for the purpose of establishing the facts in manner prescribed by law, until the second day of July, instant; and I then summoned before me the Deputy Returning Officer and Poll Clerk for the said Township, and examined them, on oath, as to such suspected alteration, injury, obliteration, or addition, and as to the contents of such Poll Book, and took the said examination in writing, which examination is annexed to this my Return; and I certify that I am unable to establish the facts as required by law, and I cannot find in such evidence or otherwise, whether the said Poll Book has or has not been altered, injured, obliterated, or added to, and that therefore I cannot say which of the said candidates has the majority of votes at the said election, and cannot return either of the said candidates elected.

Given under my hand and seal, this second day of July, A.D., 1863.

(Signed,) JOHN MCEWAN,  
Returning Officer of the County of *Essex*.

Examination of *William Kelly*, Poll Clerk at the last Election for the Township of *Anderdon*, County of *Essex*, taken at my office, in the Town of *Sandwich*, this 29th day of June, A.D. 1863, at one o'clock p.m., the Deputy Returning Officer having so far failed to appear.

The said *William Kelly*, being sworn, saith: I was Poll Clerk for the Township of *Anderdon* at the election on Monday and Tuesday last. I cannot say positively who *Edward Brooks* voted for. I cannot remember at all who he voted for, or how he voted. I did not make the erasure which appears to have been made opposite his name. I do not know who made such erasure, or that any erasure was made.

The erasure opposite the name of *Laurent O'Dette* I made myself: I was told to do so by the Deputy Returning Officer, Mr. *McGuire*, immediately after the man had voted. *Charles Maloney* did not take the oath; he was brought there in a covered carriage, being ill, and refused to take the oath, on account of being in such a delicate state of health. Mr. *William McGuire*, of *Amherstburgh*, agent for Mr. *Rankin*, declined to press the oath; and that he voted for *John O'Connor*, jr., and I so entered it, as appears on the book.

*Joseph Renau*, No. 138. There was considerable of a fuss when he came to vote; some said he had a good vote, but he refused to take the oath. His father said the vote was good, and unless they accepted of his vote without swearing, not to vote at all; that to the best of my belief, I took his vote down for *O'Connor*, as I thought his vote was as good as *Maloney*, taken down before. I did not correct the votes myself; took the statement as to the number from the Returning Officer, Mr. *McGuire*, and swore to the affidavit.

I see no alteration in the Poll Book since the close, except figures made by the Sheriff or Returning Officer.

I have no knowledge, nor have I heard, of the Poll Book being out of the Deputy Returning Officer's hands since the election, until he delivered it to the Returning Officer, on Friday, the 26th day of June, 1863.

(Signed,) WILLIAM KELLY.

Sworn before me, this 29th day of July, 1863.

(Signed,) JOHN McEWAN,  
Returning Officer.

Quebec, 28th July, 1863.

Examination of *James Eugene McGuire*, on Wednesday, 1st day of July, A.D. 1863, at ten o'clock, a.m., in the Gaol at *Sandwich*, and being sworn, saith :

I was Deputy Returning Officer for the Township of *Anderdon* at the election held on the 22nd and 23rd June last, for said Township. Cannot swear positively who *Edward Brooks* voted for ; but, from the best of my knowledge, he voted for Mr. *Rankin*, because he always did before vote for Mr. *Rankin* at other elections. Cannot swear how the Poll Book, where *Edward Brooks'* name is changed or erased, was done, unless by the Poll Clerk in a mistake. *Charles Maloney*, whose vote is questioned, came in and sat down, being very ill with consumption ; was asked who he voted for ; after his vote was recorded, the question came up about his swearing, which he refused. Cannot swear about *Reneau*, whether his vote was recorded or not.

Vote 42. At the time of *Laurent O'Dette* voting, I understood at first that he said *O'Connor*, and the Clerk thought the same ; but I found out at the time that he voted for *Rankin*, and made the Clerk change it at once, before taking another vote. I swear that since the closing of the Poll, on the second day of the election, the Poll Book has not been out of my possession, until I delivered it to the Returning Officer, at *Sandwich*, on Friday, 26th day of June last. Cannot tell why my addition of the votes and my affidavit disagree, unless the vote of *Reneau* was inserted after I added up the Book. I have no knowledge of any person interfering with the Books, except myself and Poll Clerk ; when I was out of my house, the Poll Book was locked in my desk, and I don't suppose any person did interfere with it ; and I deny, most distinctly, that I did myself alter or change any vote of the Poll Book, nor do I know who did so.

(Signed,) J. E. MCG.

After reading over the foregoing, I say it is correct, only that I should add that I do not remember of *Joseph Reneau's* vote being recorded at my request or with my sanction.

(Signed,) JAMES EUGENE MCGUIRE.

Sworn before me, 1st day of July, A.D. 1863.

Macdonald* and the Honorable Mr. Attorney General *Dorion*, where, standing on the upper step, he returned his humble acknowledgments to the House for the great honor they had been pleased to confer upon him by choosing him to be their Speaker.

And thereupon he sat down in the Chair; and the Mace (which before lay under the Table) was laid upon the Table.

Then, the Honorable Mr. Attorney General *J. S. Macdonald* moved, seconded by the Honorable Mr. Attorney General *Dorion*,

That this House do now adjourn;

And the House accordingly adjourned until to-morrow.

Friday, 14th August, 1863.

The House being met, and the Speaker elect having taken the chair;

A Message was brought by *René Kimber*, Esquire, Gentleman Usher of the Black Rod:—

MR. SPEAKER,

His Excellency the Governor General desires the immediate attendance of this Honorable House in the Legislative Council Chamber.

Accordingly, Mr. Speaker elect, with the House, went to the Council Chamber.

And there Mr. Speaker spoke to the following effect, viz:—

MAY IT PLEASE YOUR EXCELLENCY,

The Legislative Assembly have elected me as their Speaker, though I am but little able to fulfil the important duties thus assigned to me.

If, in the performance of those duties, I should at any time fall into error, I pray that the fault may be imputed to me, and not to the Assembly, whose servant I am, and who through me, the better to enable them to discharge their duty to their Queen and Country, humbly claim all their undoubted rights and privileges, especially that they may have freedom of speech in their debates, access to Your Excellency's person at all seasonable times, and that their proceedings may receive from Your Excellency the most favorable interpretation.

Then the Honorable the Speaker of the Legislative Council said:—

MR. SPEAKER,

I am commanded by His Excellency the Governor General to declare to you that he freely confides in the duty and attachment of the Assembly to Her Majesty's person and Government; and not doubting that their proceedings will be conducted with wisdom, temper and prudence, he grants, and upon all occasions will recognize and allow, their constitutional privileges.

I am commanded, also, to assure you, that the Assembly shall have ready access to His Excellency upon all seasonable occasions, and that their proceedings, as well as your words and actions, will constantly receive from him the most favorable construction.

The House being returned;

Mr. Speaker reported, That the House had been in the Legislative Council Chamber, and that he had informed His Excellency that the choice of Speaker had fallen upon him; and also, that he had, in their name and on their behalf, by humble Petition to His Excellency, laid claim to all their Rights and Privileges, that they may enjoy freedom of speech in their Debates, and have access to His Excellency's person as occasion shall require, and that all their proceedings may receive from His Excellency the most favourable construction; to which His Excellency had been pleased to say that he readily and willingly granted and allowed them their constitutional privileges, as well as ready access

to His Excellency on all seasonable occasions, and that their proceedings, as well as their words and actions, will constantly receive from him the most favourable construction.

*Ordered*, That the Honorable Mr. Attorney General *J. S. Macdonald* have leave to bring in a Bill to provide for the administration of the Oaths of Office to persons appointed as Justices of the Peace.

He accordingly presented the said Bill to the House, and the same was received and read for the first time; and ordered to be read a second time, on Monday next.

Mr. Speaker reported, That when the House did attend His Excellency the Governor General, this day, in the Legislative Council Chamber, His Excellency was pleased to make a Speech to both Houses of the Provincial Parliament, of which Mr. Speaker said he had, to prevent mistakes, obtained a copy, which he read to the House, as followeth:—

Honorable Gentlemen of the Legislative Council,

Gentlemen of the Legislative Assembly:

I have called you together at this unusual season, because I desired, as soon as was practicable after the dissolution of the last Parliament, to obtain your advice and assistance in reference to the public affairs of the Province.

Although the period of the year at which you are now assembled is one that renders it difficult for many of you to leave your other avocations, in order to give attention to your Parliamentary duties, I am persuaded that you will cheerfully co-operate with me at the present time in considering such Legislative proposals as the exigencies of the public service may demand.

Measures of importance, the progress of which in the late Parliament was interrupted by the dissolution, will again be submitted to your notice.

I would specially direct your attention to the existing Militia Law, which requires extensive amendment, in order to place this important arm of the public defence in a condition of efficiency.

The large increase which has occurred in the Volunteer Force, and the offers of service which I continue to receive from new Companies, are gratifying proofs of the patriotic zeal which animates the whole community in reference to the subject of public defence.

The interest which has been displayed in the formation of Drill Associations, and the manifest desire of the youth of the country to perfect themselves in the use of arms, are satisfactory evidences that the people of *Canada* are prepared to submit to any personal sacrifices which can reasonably be demanded of them, in order to enable them, in the most efficient manner, to put forth their strength in defence of their institutions and their homes, should circumstances ever require from them such an exhibition of patriotism.

I trust to your wisdom to give a proper direction to the excellent spirit by which the people are animated, and to your liberality to supply the means by which practical advantages may be obtained from it.

A Bill for the equitable adjustment of the relations between Debtor and Creditor, and to afford relief to insolvent Debtors, will be laid before you.

Certain alterations in the Laws regulating the Administration of Justice will be submitted for your approbation.

The existing Laws affecting the Registration of Titles to Real Property in *Upper* and *Lower Canada*, and concerning Patents for Inventions, as well as the Laws relating to the encouragement of Agriculture, will also claim your attention.

Gentlemen of the Legislative Assembly,

The Estimates for the current year, for which provision was not made by the late Parliament, together with such additional Estimates as may be necessary at the present time, will be laid before you without delay.

The last Session of Parliament having abruptly terminated without the grant of the usual Supplies for carrying on the Government, I have been obliged to undertake the responsibility of authorizing advances out of the public chest to defray certain indispensable charges. Statements will be submitted to you, from which you will perceive that these advances have been strictly limited to the unavoidable requirements of the public service.

Under these circumstances, I confidently rely upon your readiness to sanction the outlay which has been thus incurred, as well as to provide for the necessary expenses of the Government for the current year.

Honorable Gentlemen, and Gentlemen,

I urge upon your early attention the state of the finances of the Province, and the relation which its expenditure bears to its income and resources.

You will not fail to concur with me in the expression of regret, that for some years past the public expenditure has exceeded the annual income; and I cannot doubt that you will agree with me, that the time has arrived when a strenuous effort should be made to avert the continuance of this deficiency.

I have received a despatch from the Secretary of State for the Colonies, enclosing copies of a correspondence between Her Majesty's Government and the Agent of the "*Atlantic and Pacific Transit and Telegraph Company*," in reference to a proposal made by that Company for the establishment of a Telegraph and Postal communication between *Lake Superior* and *New Westminster*, in *British Columbia*.

The importance of such an undertaking to the British North American Provinces, both in a commercial and in a military point of view, induces me to commend the subject to your consideration. Copies of the correspondence shall be laid before you, and I feel assured that, should any proposal calculated to effect the establishment of such communication, on terms advantageous to the Province, be submitted to you, it will receive encouragement at your hands.

I cannot refrain from congratulating you at this season of the year upon the prospect which everywhere prevails of an abundant harvest. I sincerely trust that the prosperity with which it appears likely Providence will this year bless the agricultural classes, may produce a corresponding improvement in our commerce and manufactures.

In commending to your careful attention the public affairs of this Province, I depend upon your zeal and ability to promote whatever may conduce to the advancement of its future welfare, and I humbly invoke the Divine blessing upon your deliberations, that they may be entered upon in an unselfish and impartial spirit, and may tend to the increase of unanimity, prosperity and contentment throughout the land.

On motion of the Honorable Mr. Attorney General *J. S. Macdonald*, seconded by the Honorable Mr. Attorney General *Dorion*,

*Ordered*, That the Votes and Proceedings of this House be printed, being first perused by Mr: Speaker, and that he do appoint the printing thereof; and that no person but such as he shall appoint do presume to print the same.

*Resolved*, That Select Standing Committees of this House for the present Session be appointed for the following purposes:—1. On Privileges and Elections. 2. On Expiring Laws. 3. On Railways, Canals and Telegraph Lines. 4. On Miscellaneous Private Bills. 5. On Standing Orders. 6. On Printing. 7. On Contingencies. 8. On Public Accounts. 9. On Banking and Insurance; which said Committees shall severally be empowered to examine and enquire into all such matters and things as may be referred to them by the House, and to report, from time to time, their observations and opinions thereon, with power to send for persons, papers and records.

*Resolved*, 1st.—That if anything shall come in question touching the Return or Election of any Member, he is to withdraw during the time the matter is in debate; and all Members returned upon double returns are to withdraw until their Returns are determined.

*Resolved*, 2nd.—That if it shall appear that any person hath been elected or returned a Member of this House, or hath endeavored so to be, by bribery or any other corrupt practices, this House will proceed with the utmost severity against all such persons as shall have been wilfully concerned in such bribery or other corrupt practices.

*Resolved*, 3rd.—That the offer of any money or other advantage to any Member of the Legislative Assembly, for the promoting of any matter whatsoever, depending or to be transacted in the Provincial Parliament, is a high crime and misdemeanor, and tends to the subversion of the Constitution.

*Ordered*, That the Speech of His Excellency the Governor General to both Houses of the Provincial Legislature be taken into consideration, on Monday next.

On motion of Mr. *Scatcherd*, seconded by Mr. *Smith* (East Durham),

*Ordered*, That the Clerk of the Crown in Chancery do attend this House forthwith, with the Return of the last Election for the County of *Essex*, together with the Poll Books if any there be, and all other papers, letters and documents, which may have been transmitted to him by the Returning Officer for the said County.

The Clerk of the Crown in Chancery attended, according to Order, and laid before the House the Return of the last Election for the County of *Essex*, together with the Poll Books and all other papers, letters and documents, which had been transmitted to him by the Returning Officer for the said County.

And the same being read,

On motion of Mr. *Scatcherd*, seconded by Mr. *Smith* (East Durham),

*Ordered*, That the evidence taken and Special Return made by the Returning Officer for the last Election for the County of *Essex*, the Poll Book for the Township of *Anderdon* and affidavit thereto annexed, and all papers attached to the said Return, be printed for the use of the Members of this House.

Then, on motion of the Honorable Mr. Attorney General *J. S. Macdonald*, seconded by the Honorable Mr. Attorney General *Dorion*,

The House adjourned until Monday next.

---

Monday, 17th August, 1863.

Mr. Speaker communicated to the House, a Report of the Librarian of the Legislative Assembly on the state of the Library of Parliament; which is as followeth:—

*To the Honorable the Legislative Assembly of Canada, in Provincial Parliament assembled.*

The Report of the Librarian upon the state of the Library of Parliament,

RESPECTFULLY SHEWETH :

That the short time which has elapsed since the close of the last Session of Parliament would have rendered it unnecessary for your Librarian to present a Report to your Honorable House upon this occasion, were it not that the 111th Rule of the House renders it obligatory upon him to do so at the opening of every Session.

The circumstances under which the recent dissolution of Parliament occurred, prevented the usual grant of supplies for the service of the year; consequently there have been no funds available for the purchase of books, or for the liquidation of outstanding accounts against the Library. Your Librarian, therefore, has been unable to send the customary orders for new books to Europe and to the United States, and the additions to the Library since the last Report have been very few and of no special importance.

Within the past half-year, an unusual number of works have been copyrighted in this Province, and, pursuant to the requirements of the Statute in that behalf, copies of such publications have been deposited in the Library. A list of these works is hereunto annexed, together with a statement of the donations received within the same period.

The number of books in the Library at this date may be estimated at about 52,000.

All which is respectfully submitted.

(Signed)

ALPHEUS TODD,  
Librarian.

That we feel with His Excellency, that the large increase which has occurred in the Volunteer Force, and the offers of service which His Excellency continues to receive from new Companies, are gratifying proofs of the patriotic zeal which animates the whole community in reference to the subject of public defence.

6. That we share with His Excellency the conviction, that the interest which has been displayed in the formation of Drill Associations, and the manifest desire of the youth of the Country to perfect themselves in the use of arms, are satisfactory evidences that the people of *Canada* are prepared to submit to any personal sacrifices which can reasonably be demanded of them, in order to enable them, in the most efficient manner, to put forth their strength in defence of their institutions and their homes, should circumstances ever require from them such an exhibition of patriotism.

7. That His Excellency may depend on our using our most earnest endeavours to give a proper direction to the excellent spirit by which the people are animated, and on our readiness to supply the means by which practical advantages may be obtained from it.

8. That we shall give our best consideration to any Bill for the equitable adjustment of the relations between Debtor and Creditor, and to afford relief to Insolvent Debtors, which His Excellency may cause to be laid before us; as well as to any alterations in the laws regulating the Administration of Justice which may be submitted for our approbation.

9. That any suggestions for the improvement of the existing laws affecting the registration of titles to real property in *Upper* and *Lower Canada*, and concerning Patents for Inventions, or of the laws relating to the encouragement of agriculture, will receive our respectful attention.

10. That we thank His Excellency for the assurance that the Estimates for the current year, for which provision was not made by the late Parliament, together with such additional estimates as may be necessary at the present time, will be laid before us without delay.

11. That we are aware that the last session of Parliament having abruptly terminated without the grant of the usual supplies for carrying on the Government, His Excellency has been obliged to undertake the responsibility of authorizing advances out of the public chest to defray certain indispensable charges. And that we thank His Excellency for the assurance that statements will be submitted to us from which we shall perceive that these advances have been strictly limited to the unavoidable requirements of the public service.

12. That under these circumstances His Excellency may confidently rely upon our readiness to sanction the outlay which has been thus incurred as well as to provide for the necessary expenses of the Government for the current year.

13. That the state of the finances of the Province, and the relation which its expenditure bears to its income and resources, shall receive our early attention.

14. That we concur with His Excellency in his expression of regret that for some years past the public expenditure has exceeded the annual income, and that we agree with His Excellency that the time has arrived when a strenuous effort should be made to avert the continuance of this deficiency.

15. That we learn with much interest that His Excellency has received a Despatch from the Secretary of State for the Colonies, enclosing copies of a correspondence between Her Majesty's Government and the Agent of the "*Atlantic and Pacific Transit and Telegraph Company*," in reference to a proposal made by that Company for the establishment of a Telegraphic and Postal communication between Lake *Superior* and *New Westminster* in *British Columbia*.

16. That His Excellency's recommendation, as well as the importance of such an undertaking to the British North American Provinces, both in a commercial and in a military point of view, will ensure for the subject our best consideration. That we thank His Excellency for the promise that copies of the correspondence shall be laid before us; and that His Excellency may rest assured that, should any proposal, calculated to effect the establishment of such communication on terms advantageous to the Province be submitted to us, it will receive encouragement at our hands.

17. That we receive with pleasure His Excellency's congratulations at this season of the year upon the prospect which everywhere prevails of an abundant harvest. And that we sincerely trust with His Excellency, that the prosperity with which it appears likely Providence will this year bless the agricultural classes, may produce a corresponding improvement in our commerce and manufactures.

18. That His Excellency in commending to our careful attention the public affairs of this Province, may confidently depend upon our zeal and on the exertion of our best ability to promote whatever may conduce to the advancement of its future welfare; and that we unite with His Excellency in humbly invoking the Divine Blessing upon our deliberations, that they may be entered upon in an unselfish and impartial spirit, and may tend to the increase of unanimity, prosperity and contentment throughout the land.

And a Debate arising thereupon;

*Ordered*, That the Debate be adjourned until to-morrow.

Then, on motion of the Honorable Mr. *Cameron*, seconded by the Honorable Mr. *Galt*, The House adjourned.

And the votes being equally divided, Mr. Speaker gave his casting vote in the negative, giving the following as his reasons: When matters of fact connected with an Election have to be enquired into, I think it necessary that they should go before an Election Committee. I am of opinion that the vote marked, "refused to swear," and which was recorded for Mr. *O'Connor*, was a bad vote. That is not a matter of fact, but a matter of law, which the House, according to the Statute, may properly look into. I can by this means deduct only one vote; this will leave both candidates a tie. I cannot therefore say that *Arthur Rankin* has a majority of votes in his favor. But the question with regard to the alleged erasure and transference of the vote of *Brooks*, is a question as to a matter of fact which may be enquired into, not by the House, but by an Election Committee.

The Order of the Day being read for resuming the adjourned Debate upon the question which was, on Monday last, proposed:

1. That an humble Address be presented to His Excellency the Governor General, to thank His Excellency for His Gracious Speech at the opening of the Provincial Parliament; and further to assure His Excellency, that we are deeply grateful to His Excellency for the desire he has manifested, by calling us together at this unusual season, to obtain our advice and assistance in reference to the public affairs of the Province, as soon as practicable after the dissolution of the last Parliament.
2. That although the period of the year at which we are now assembled is one that renders it difficult for many of us to leave our other avocations in order to give attention to our Parliamentary duties, His Excellency may rest assured that we shall cheerfully co-operate with him at the present time in considering such legislative proposals as the exigencies of the public service may demand.
3. That we are glad to learn that measures of importance, the progress of which in the late Parliament was interrupted by the dissolution, will again be submitted to our notice.
4. That we shall not fail specially to direct our attention to the existing Militia Law, which requires extensive amendment, in order to place this important arm of the public defence in a condition of efficiency.
5. That we feel with His Excellency, that the large increase which has occurred in the Volunteer Force, and the offers of service which His Excellency continues to receive from new Companies, are gratifying proofs of the patriotic zeal which animates the whole community in reference to the subject of public defence.
6. That we share with His Excellency the conviction, that the interest which has been displayed in the formation of Drill Associations, and the manifest desire of the youth of the Country to perfect themselves in the use of arms, are satisfactory evidences that the people of *Canada* are prepared to submit to any personal sacrifices which can reasonably be demanded of them, in order to enable them, in the most efficient manner, to put forth their strength in defence of their institutions and their homes, should circumstances ever require from them such an exhibition of patriotism.
7. That His Excellency may depend on our using our most earnest endeavors to give a proper direction to the excellent spirit by which the people are animated, and on our readiness to supply the means by which practical advantages may be obtained from it.
8. That we shall give our best consideration to any Bill for the equitable adjustment of the relations between Debtor and Creditor, and to afford relief to Insolvent Debtors, which His Excellency may cause to be laid before us; as well as to any alterations in the Laws regulating the Administration of Justice which may be submitted for our approbation:
9. That any suggestions for the improvement of the existing Laws affecting the Registration of Titles to Real Property in *Upper and Lower Canada*, and concerning Patents for Inventions, or of the laws relating to the encouragement of Agriculture, will receive our respectful attention.

10. That we thank His Excellency for the assurance that the Estimates for the current year, for which provision was not made by the late Parliament, together with such additional Estimates as may be necessary at the present time, will be laid before us without delay.

11. That we are aware that the last Session of Parliament having abruptly terminated without the grant of the usual supplies for carrying on the Government, His Excellency has been obliged to undertake the responsibility of authorizing advances out of the public chest to defray certain indispensable charges. And that we thank His Excellency for the assurance that statements will be submitted to us from which we shall perceive that these advances have been strictly limited to the unavoidable requirements of the public service.

12. That under these circumstances, His Excellency may confidently rely upon our readiness to sanction the outlay which has been thus incurred, as well as to provide for the necessary expenses of the Government for the current year.

13. That the state of the finances of the Province, and the relation which its expenditure bears to its income and resources, shall receive our early attention.

14. That we concur with His Excellency in his expression of regret, that for some years past the public expenditure has exceeded the annual income; and that we agree with His Excellency that the time has arrived when a strenuous effort should be made to avert the continuance of this deficiency.

15. That we learn with much interest that His Excellency has received a Despatch from the Secretary of State for the Colonies, enclosing copies of a correspondence between Her Majesty's Government and the Agent of the "*Atlantic and Pacific Transit and Telegraph Company*," in reference to a proposal made by that Company for the establishment of a Telegraphic and Postal communication between *Lake Superior* and *New Westminster*, in *British Columbia*.

16. That His Excellency's recommendation, as well as the importance of such an undertaking to the British North American Provinces, both in a commercial and in a Military point of view, will ensure for the subject our best consideration. That we thank His Excellency for the promise that copies of the correspondence shall be laid before us; and that His Excellency may rest assured that, should any proposal, calculated to effect the establishment of such communication on terms advantageous to the Province, be submitted to us, it will receive encouragement at our hands.

17. That we receive with pleasure His Excellency's congratulations at this season of the year upon the prospect which everywhere prevails of an abundant Harvest. And that we sincerely trust with His Excellency, that the prosperity with which it appears likely Providence will this year bless the agricultural classes, may produce a corresponding improvement in our Commerce and Manufactures.

18. That His Excellency in commending to our careful attention the public affairs of this Province, may confidently depend upon our zeal and on the exertion of our best ability to promote whatever may conduce to the advancement of its future welfare; and that we unite with His Excellency in humbly invoking the Divine blessing upon our deliberations, that they may be entered upon in an unselfish and impartial spirit, and may tend to the increase of unanimity, prosperity, and contentment throughout the land.

18. That His Excellency, in commending to our careful attention the public affairs of this Province, may confidently depend upon our zeal and on the exertion of our best ability to promote whatever may conduce to the advancement of its future welfare; and that we unite with His Excellency in humbly invoking the Divine Blessing upon our deliberations, that they may be entered upon in an unselfish and impartial spirit, and may tend to the increase of unanimity, prosperity and contentment throughout the land.

And which amendment was, that the words: "But that we regret to be compelled to represent to His Excellency, that the essential change of Administration, after the votes of the Commons, and after the dissolution granted by the Crown on the advice of the Ministry, as it was then constituted, involving, as that change did, the withdrawal of two-thirds of the Members of the Government, and the total change in the Lower Canadian section of the Ministry, has prevented the people from exercising, in the manner intended by the Constitution, the important right of giving their final decision between their representatives and the responsible advisers of the Crown, and has deprived the people of that just control over both which is essential to the working of a free government.

"That this House feel it their duty to represent to His Excellency, that, in their opinion, the Administration was organized in a manner contrary to the spirit of the Constitution, and to the usages which have so long and so beneficially prevailed in *Canada*, subversive of the harmony which must exist between the two sections of the Province, and that the course of the Advisers of His Excellency was highly prejudicial to the conduct of public affairs and to the welfare of the people," be added at the end thereof.

And the question on the amendment being again proposed, the House resumed the said adjourned Debate.

---

Ordered, That the Debate be further adjourned.

The Order of the Day being read for resuming the adjourned Debate upon the amendment which was, on Friday last, proposed to be made to the twelfth paragraph of the question:

1. That an humble Address be presented to His Excellency the Governor General, to thank His Excellency for His Gracious Speech at the opening of the Provincial Parliament; and further to assure His Excellency, that we are deeply grateful to His Excellency for the desire he has manifested, by calling us together at this unusual season, to obtain our advice and assistance in reference to the public affairs of the Province, as soon as practicable after the dissolution of the last Parliament.

2. That although the period of the year at which we are now assembled is one that renders it difficult for many of us to leave our other avocations in order to give attention to our Parliamentary duties. His Excellency may rest assured that we shall cheerfully co-operate with him at the present time in considering such legislative proposals as the exigencies of the public service may demand.

3. That we are glad to learn that measures of importance, the progress of which in the late Parliament was interrupted by the dissolution, will again be submitted to our notice.

4. That we shall not fail specially to direct our attention to the existing Militia Law, which requires extensive amendment in order to place this important arm of the public defence in a condition of efficiency.

5. That we feel with His Excellency, that the large increase which has occurred in the Volunteer Force, and the offers of service which His Excellency continues to receive from new Companies, are gratifying proofs of the patriotic zeal which animates the whole community in reference to the subject of public defence.

6. That we share with His Excellency the conviction, that the interest which has been displayed in the formation of Drill Associations, and the manifest desire of the youth of the Country to perfect themselves in the use of arms, are satisfactory evidences that the people of *Canada* are prepared to submit to any personal sacrifices which can reasonably be demanded of them, in order to enable them, in the most efficient manner, to put forth their strength in defence of their institutions and their homes, should circumstances ever require from them such an exhibition of patriotism.

7. That His Excellency may depend on our using our most earnest endeavours to give a proper direction to the excellent spirit by which the people are animated, and on our readiness to supply the means by which practical advantages may be obtained from it.

8. That we shall give our best consideration to any Bill for the equitable adjustment of the relations between Debtor and Creditor, and to afford relief to Insolvent Debtors, which His Excellency may cause to be laid before us ; as well as to any alterations in the laws regulating the Administration of Justice which may be submitted for our approbation.

9. That any suggestions for the improvement of the existing laws affecting the registration of titles to real property in *Upper and Lower Canada*, and concerning Patents for Inventions, or of the laws relating to the encouragement of agriculture, will receive our respectful attention.

10. That we thank His Excellency for the assurance that the Estimates for the current year, for which provision was not made by the late Parliament, together with such additional estimates as may be necessary at the present time, will be laid before us without delay.

11. That we are aware that the last session of Parliament having abruptly terminated without the grant of the usual supplies for carrying on the Government, His Excellency has been obliged to undertake the responsibility of authorizing advances out of the public chest to defray certain indispensable charges. And that we thank His Excellency for the assurance that statements will be submitted to us from which we shall perceive that these advances have been strictly limited to the unavoidable requirements of the public service.

12. That under these circumstances His Excellency may confidently rely upon our readiness to sanction the outlay which has been thus incurred as well as to provide for the necessary expenses of the Government for the current year.

13. That the state of the finances of the Province, and the relation which its expenditure bears to its income and resources, shall receive our early attention.

14. That we concur with His Excellency in his expression of regret that for some years past the public expenditure has exceeded the annual income, and that we agree with His Excellency that the time has arrived when a strenuous effort should be made to avert the continuance of this deficiency.

15. That we learn with much interest that His Excellency has received a Despatch from the Secretary of State for the Colonies, enclosing copies of a correspondence between Her Majesty's Government and the Agent of the "*Atlantic and Pacific Transit and Telegraph Company*," in reference to a proposal made by that Company for the establishment of a Telegraphic and Postal communication between *Lake Superior* and *New Westminster* in *British Columbia*.

16. That His Excellency's recommendation, as well as the importance of such an undertaking to the British North American Provinces, both in a commercial and in a military point of view, will ensure for the subject our best consideration. That we thank His Excellency for the promise that copies of the correspondence shall be laid before us; and that His Excellency may rest assured that should any proposal, calculated to effect the establishment of such communication on terms advantageous to the Province be submitted to us, it will receive encouragement at our hands.

17. That we receive with pleasure His Excellency's congratulations at this season of the year upon the prospect which everywhere prevails of an abundant Harvest. And that we sincerely trust, with His Excellency, that the prosperity with which it appears likely Providence will this year bless the agricultural classes, may produce a corresponding improvement in our commerce and manufactures.

18. That His Excellency, in commending to our careful attention the public affairs of this Province, may confidently depend upon our zeal and on the exertion of our best ability to promote whatever may conduce to the advancement of its future welfare; and that we unite with His Excellency in humbly invoking the Divine Blessing upon our deliberations, that they may be entered upon in an unselfish and impartial spirit, and may tend to the increase of unanimity, prosperity and contentment throughout the land.

And which amendment was, that the words: "But that we regret to be compelled to represent to His Excellency, that the essential change of Administration, after the votes of the Commons, and after the dissolution granted by the Crown on the advice of the Ministry, as it was then constituted, involving, as that change did, the withdrawal of two-thirds of the Members of the Government, and the total change in the Lower Canadian section of the Ministry, has prevented the people from exercising, in the manner intended by the Constitution, the important right of giving their final decision between their representatives and the responsible advisers of the Crown, and has deprived the people of that just control over both which is essential to the working of a free government.

"That this House feel it their duty to represent to His Excellency, that in their opinion, the Administration was organised in a manner contrary to the spirit of the constitution, and to the usages which have so long and so beneficially prevailed in *Canada*, subversive of the harmony which must exist between the two sections of the Province, and that the course of the advisers of His Excellency was highly prejudicial to the conduct of public affairs and to the welfare of the people," be added at the end thereof.

The House resumed the said adjourned Debate ;  
And the question on the amendment being again proposed ;  
And a further Debate arising thereupon ;

Mr. Speaker, under the provisions of Chapter four of the Consolidated Statutes of Canada, called upon Mr. *Macdonald*, Member for the County of *Glengarry*, to take the Chair during his temporary absence.

Mr. *Macdonald* accordingly took the Chair of the House ;

The Order of the Day being read for resuming the adjourned Debate upon the amendment which was, on Friday last, proposed to be made to the twelfth paragraph of the question :

1. That an humble Address be presented to His Excellency the Governor General, to thank His Excellency for His Gracious Speech at the opening of the Provincial Parliament; and further to assure His Excellency, that we are deeply grateful to His Excellency for the desire he has manifested, by calling us together at this unusual season, to obtain our advice and assistance in reference to the public affairs of the Province, as soon as practicable after the dissolution of the last Parliament.

2. That although the period of the year at which we are now assembled is one that renders it difficult for many of us to leave our other avocations in order to give attention to our Parliamentary duties, His Excellency may rest assured that we shall cheerfully cooperate with him at the present time in considering such legislative proposals as the exigencies of the public service may demand.

3. That we are glad to learn that measures of importance, the progress of which in the late Parliament was interrupted by the dissolution, will again be submitted to our notice.

4. That we shall not fail specially to direct our attention to the existing Militia Law, which requires extensive amendment in order to place this important arm of the public defence in a condition of efficiency.

5. That we feel with His Excellency, that the large increase which has occurred in the Volunteer Force, and the offers of service which His Excellency continues to receive from new Companies, are gratifying proofs of the patriotic zeal which animates the whole community in reference to the subject of public defence.

6. That we share with His Excellency the conviction, that the interest which has been displayed in the formation of Drill Associations, and the manifest desire of the youth of the Country to perfect themselves in the use of arms, are satisfactory evidences that the people of *Canada* are prepared to submit to any personal sacrifices which can reasonably be demanded of them, in order to enable them, in the most efficient manner, to put forth their strength in defence of their institutions and their homes, should circumstances ever require from them such an exhibition of patriotism.

7. That His Excellency may depend on our using our most earnest endeavours to give a proper direction to the excellent spirit by which the people are animated, and on our readiness to supply the means by which practical advantages may be obtained from it.

8. That we shall give our best consideration to any Bill for the equitable adjustment of the relations between Debtor and Creditor, and to afford relief to Insolvent Debtors, which His Excellency may cause to be laid before us ; as well as to any alterations in the laws regulating the Administration of Justice which may be submitted for our approbation.

9. That any suggestions for the improvement of the existing laws affecting the registration of titles to real property in *Upper and Lower Canada*, and concerning Patents for Inventions, or of the laws relating to the encouragement of agriculture, will receive our respectful attention.

10. That we thank His Excellency for the assurance that the Estimates for the current year, for which provision was not made by the late Parliament, together with such additional estimates as may be necessary at the present time, will be laid before us without delay.

11. That we are aware that the last session of Parliament having abruptly terminated without the grant of the usual supplies for carrying on the Government, His Excellency has been obliged to undertake the responsibility of authorizing advances out of the public chest to defray certain indispensable charges. And that we thank His Excellency for the assurance that statements will be submitted to us from which we shall perceive that these advances have been strictly limited to the unavoidable requirements of the public service.

12. That under these circumstances His Excellency may confidently rely upon our readiness to sanction the outlay which has been thus incurred as well as to provide for the necessary expenses of the Government for the current year.

13. That the state of the finances of the Province, and the relation which its expenditure bears to its income and resources, shall receive our early attention.

14. That we concur with His Excellency in his expression of regret that for some years past the public expenditure has exceeded the annual income, and that we agree with His Excellency that the time has arrived when a strenuous effort should be made to avert the continuance of this deficiency.

15. That we learn with much interest that His Excellency has received a Despatch from the Secretary of State for the Colonies, enclosing copies of a correspondence between Her Majesty's Government and the Agent of the "*Atlantic and Pacific Transit and Telegraph Company*," in reference to a proposal made by that Company for the establishment of a Telegraphic and Postal communication between *Lake Superior* and *New Westminster* in *British Columbia*.

16. That His Excellency's recommendation, as well as the importance of such an undertaking to the British North American Provinces, both in a commercial and in a military point of view, will ensure for the subject our best consideration. That we thank His Excellency for the promise that copies of the correspondence shall be laid before us ; and that His Excellency may rest assured that, should any proposal, calculated to effect the establishment of such communication on terms advantageous to the Province be submitted to us, it will receive encouragement at our hands.

17. That we receive with pleasure His Excellency's congratulations at this season of the year upon the prospect which everywhere prevails of an abundant Harvest. And that we sincerely trust with His Excellency, that the prosperity with which it appears likely

Providence will this year bless the agricultural classes, may produce a corresponding improvement in our commerce and manufactures.

18. That His Excellency in commending to our careful attention the public affairs of this Province, may confidently depend upon our zeal and on the exertion of our best ability to promote whatever may conduce to the advancement of its future welfare; and that we unite with His Excellency in humbly invoking the Divine Blessing upon our deliberations, that they may be entered upon in an unselfish and impartial spirit, and may tend to the increase of unanimity, prosperity and contentment throughout the land.

And which amendment was, that the words: "But that we regret to be compelled to represent to His Excellency, that the essential change of Administration, after the votes of the Commons, and after the dissolution granted by the Crown on the advice of the Ministry, as it was then constituted, involving, as that change did, the withdrawal of two thirds of the Members of the Government, and the total change in the Lower Canadian section of the Ministry, has prevented the people from exercising in the manner intended by the Constitution, the important right of giving their final decision between their representatives and the responsible advisers of the Crown, and has deprived the people of that just control over both which is essential to the working of a free government.

"That this House feel it their duty to represent to His Excellency, that, in their opinion, the Administration was organized in a manner contrary to the spirit of the Constitution, and to the usages which have so long and so beneficially prevailed in Canada, subversive of the harmony which must exist between the two sections of the Province, and that the course of the Advisers of His Excellency was highly prejudicial to the conduct of public affairs and to the welfare of the people," be added at the end thereof.

And the question on the amendment being again proposed, the House resumed the said adjourned Debate.

And the House having continued to sit until after twelve of the clock, on Saturday morning;

### Saturday, 29th August, 1863.

And the question being put on the amendment, the House divided: and the names being called for, they were taken down as follow:

So it passed in the Negative.

And the twelfth paragraph being again read, and the question being put thereon, the House divided : and it was resolved in the Affirmative.

And the thirteenth to the fifteenth paragraphs, inclusive, being again read, were agreed to.

The sixteenth paragraph being again read, as followeth :—

“ That His Excellency's recommendation, as well as the importance of such an undertaking to the British North American Provinces, both in a Commercial and Military point of view, will ensure for the subject our best consideration. That we thank His Excellency for the promise that copies of the correspondence shall be laid before us ; and that His Excellency may rest assured that, should any proposal calculated to effect the establishment of such communication on terms advantageous to the Province, be submitted to us, it will receive encouragement at our hands.”

Mr. *Currier* moved in amendment thereto, seconded by Mr. *Wright (Ottawa)*, that the words :

“ That we think it our duty to take the earliest opportunity of expressing our opinion that the public interests will be best served by the completion, with all necessary speed, of the Government Buildings at the City of *Ottawa*, which Her Majesty has been graciously pleased to select as the Metropolis of *Canada* ; and that until those buildings are ready for occupation, a due regard to economy renders it expedient that the Seat of Government should be retained at the City of *Quebec*,” be added at the end thereof.

And a Debate arising thereupon ;

Mr. Speaker, under the provisions of Chapter four of the Consolidated Statutes of *Canada*, called upon Mr. *Morris*, Member for the South Riding of the County of *Lanark*, to take the Chair during his temporary absence.

Mr. *Morris* accordingly took the Chair of the House.

And after some time, Mr. Speaker resumed the Chair ;

And the Debate still continuing upon the said amendment, it was, with the leave of the House, withdrawn.

And the sixteenth paragraph being again read, and the question being put thereon, the House divided : and it was resolved in the Affirmative.

And the seventeenth paragraph being again read, was agreed to.

The eighteenth and last paragraph being again read as followeth :—

“ That His Excellency, in commending to our careful attention the Public Affairs of this Province, may confidently depend upon our zeal and on the exertion of our best ability to promote whatever may conduce to the advancement of its future welfare ; and that we unite with His Excellency in humbly invoking the Divine blessing upon our deliberations, that they may be entered upon in an unselfish and impartial spirit, and may tend to the increase of unanimity, prosperity, and contentment throughout the land.”

Mr. *Ferguson (South Simcoe)* moved, in amendment thereto, seconded by Mr. *Powell*, that after the word “ welfare” the words, “ But at the same time we must express surprise that His Excellency has not been advised to make an allusion to the recent Census

of this Province, by which the important fact is established, that the population of *Upper Canada* exceeded that of *Lower Canada* in the month of February, 1861, by not less than 285,427 souls, and as the excess of population in *Upper Canada* was only 61,773 at the taking of the Census in 1852, it is evident that the disproportion is becoming greater every year, and that the continuance of a system which gives to the two Sections an equal number of Representatives in the Legislature, is, in view of these facts, manifestly unjust, and fraught with great danger to the peace and good government of the country. We therefore deeply regret that His Excellency has not been advised to recommend for our adoption some measure for securing to this large population of *Upper Canada*, their rightful share of the Parliamentary Representation, and their just influence in the Government," be added.

And the question being put on the amendment, the House divided : and the names being called for, they were taken down as follow :

So it passed in the Negative.

And the eighteenth and last paragraph being again read, and the question being put thereon the House divided : and it was resolved in the Affirmative.

*Resolved,* That an humble address be presented to His Excellency the Governor General, to thank His Excellency for His Gracious Speech at the opening of the Provincial Parliament ; and further to assure His Excellency, that we are deeply grateful to His Excellency for the desire he has manifested, by calling us together at this unusual season, to obtain our advice and assistance, in reference to the public affairs of the Province, as soon as practicable after the dissolution of the last Parliament.

That although the period of the year at which we are now assembled is one that renders it difficult for many of us to leave our other avocations, in order to give attention

to our Parliamentary duties, His Excellency may rest assured that we shall cheerfully co-operate with him at the present time in considering such legislative proposals as the exigencies of the public service may demand.

That we are glad to learn that measures of importance, the progress of which in the late Parliament was interrupted by the dissolution, will again be submitted to our notice.

That we shall not fail specially to direct our attention to the existing Militia Law, which requires extensive amendment, in order to place this important arm of the public defence in a condition of efficiency.

That we feel with His Excellency, that the large increase which has occurred in the Volunteer Force, and the offers of service which His Excellency continues to receive from new Companies, are gratifying proofs of the patriotic zeal which animates the whole community in reference to the subject of public defence.

That we share with His Excellency the conviction that the interest which has been displayed in the formation of Drill Associations, and the manifest desire of the youth of the Country to perfect themselves in the use of arms, are satisfactory evidences that the people of *Canada* are prepared to submit to any personal sacrifices which can reasonably be demanded of them, in order to enable them, in the most efficient manner, to put forth their strength in defence of their institutions and their homes, should circumstances ever require from them such an exhibition of patriotism.

That His Excellency may depend on our using our most earnest endeavors to give a proper direction to the excellent spirit by which the people are animated, and on our readiness to supply the means by which practical advantages may be obtained from it.

That we shall give our best consideration to any Bill for the equitable adjustment of the relations between Debtor and Creditor, and to afford relief to Insolvent Debtors, which His Excellency may cause to be laid before us; as well as to any alterations in the Laws regulating the administration of Justice which may be submitted for our approbation.

That any suggestions for the improvement of the existing Laws affecting the Registration of Titles to Real Property in *Upper and Lower Canada*, and concerning Patents for Inventions, or of the Laws relating to the encouragement of Agriculture, will receive our respectful attention.

That we thank His Excellency for the assurance that the Estimates for the current year, for which provision was not made by the late Parliament, together with such additional Estimates as may be necessary at the present time, will be laid before us without delay.

That we are aware that the last Session of Parliament having abruptly terminated without the grant of the usual supplies for carrying on the Government, His Excellency has been obliged to undertake the responsibility of authorizing advances out of the public chest to defray certain indispensable charges. And that we thank His Excellency for the assurance that statements will be submitted to us from which we shall perceive that these advances have been strictly limited to the unavoidable requirements of the public service.

That under these circumstances, His Excellency may confidently rely upon our readiness to sanction the outlay which has been thus incurred, as well as to provide for the necessary expenses of the Government for the current year.

That the state of the finances of the Province, and the relation which its expenditure bears to its income and resources, shall receive our early attention.

That we concur with His Excellency in His expression of regret, that for some years past the public expenditure has exceeded the annual income; and that we agree with His Excellency that the time has arrived when a strenuous effort should be made to avert the continuance of this deficiency.

That we learn with much interest that His Excellency has received a Despatch from the Secretary of State for the Colonies, enclosing copies of a correspondence between Her Majesty's Government and the Agent of the "*Atlantic and Pacific Transit and Telegraph Company*," in reference to a proposal made by that Company for the establishment of a Telegraphic and Postal communication between *Lake Superior* and *New Westminster*, in *British Columbia*.

That His Excellency's recommendation, as well as the importance of such an undertaking to the British North American Provinces, both in a commercial and in a Military point of view, will ensure for the subject our best consideration. That we thank His Excellency for the promise that copies of the correspondence shall be laid before us.

and that His Excellency may rest assured that, should any proposal calculated to effect the establishment of such communication on terms advantageous to the Province, be submitted to us, it will receive encouragement at our hands.

That we receive with pleasure His Excellency's congratulations at this season of the year upon the prospect which everywhere prevails of an abundant Harvest. And that we sincerely trust with His Excellency, that the prosperity with which it appears likely Providence will this year bless the agricultural classes, may produce a corresponding improvement in our Commerce and Manufactures.

That His Excellency, in commending to our careful attention the public affairs of this Province, may confidently depend upon our zeal and on the exertion of our best ability to promote whatever may conduce to the advancement of its future welfare; and that we unite with His Excellency in humbly invoking the Divine blessing upon our deliberations, that they may be entered upon in an unselfish and impartial spirit, and may tend to the increase of unanimity, prosperity, and contentment throughout the land.

*Resolved*, That the said Resolution be referred to a Select Committee composed of the Honorable Mr. Attorney General *J. S. Macdonald*, the Honorable Mr. Attorney General *Dorion*, Mr. *Perrault*, and Mr. *Chambers*, to prepare and report the draught of an Address in answer to the speech of His Excellency the Governor General to both Houses of the Legislature in conformity to the said Resolution.

The Honorable Mr. Attorney General *J. S. Macdonald* reported, from the Select Committee appointed to draw up an Address to His Excellency the Governor General, that they had drawn up an Address accordingly, and the same was read, as followeth:—

To His Excellency the Right Honorable *Charles Stanley*, Viscount *Monck*, Baron *Monck* of *Ballytrammion*, in the County of *Wexford*, Governor General of British *North America*, and Captain General and Governor in Chief in and over the Provinces of *Canada*, *Nova Scotia*, *New Brunswick*, and the Island of *Prince Edward*, and Vice-Admiral of the same, &c., &c., &c.

On the Petition of the *Stanstead, Shefford and Chambly Railroad Company*, for amendments to their Act of Incorporation, and an extension of time for building a bridge over the *Richelieu*, your Committee find the Notice sufficient for ordinary amendments to the Act of Incorporation, but not for an extension of time for completing the bridge.

On the Petitions of the Municipality of the Township of *Dereham*, for authority to loan certain moneys for the drainage of lands in that Township; and of the Town Council of the Town of *Barrie*, for an Act to compel the Northern Railway Company to construct a branch into the said Town, your Committee find that no Notice was given,—but they find that Notice was fully given at the last Session, and Bills were introduced, which failed to pass in consequence of the early prorogation—that one of these Bills was unopposed, and in the other case the opposition was compromised before the Railway Committee,—your Committee would, therefore, recommend a suspension of the 53rd Rule on both Petitions.

They would also recommend a suspension of the Rule on the Petition of *Alfred B. Ely*, for incorporation of the Royal Mining Company of *Canada East*, on the ground that the property required for the operations of the Company has been already acquired by the petitioners.

The Petitions of the German Society of the City of *Quebec*, for an Act of Incorporation; and of *John Greenshields*, for incorporation of the Lay Association of the Presbyterian Church of *Canada*, at *Montreal*, are not of a nature to require the publication of Notice.

Your Committee in view of the interruption of Private Bill legislation occasioned by the unexpected prorogation of Parliament in the month of May last, and the uncertainty of the duration of the present Session, beg leave to recommend that the 62nd Rule of the Legislative Assembly be suspended during the remainder of the present Session, in so far as it relates to Bills which were presented and reported upon by the Private Bill Committee of either House during the last Session of Parliament, and are again introduced in the present Session.

They would also recommend that in every case where the Fee was paid on any such Bill last Session, it be not again exacted this Session.

They would further beg leave to suggest that the necessity for Printing any such Bill anew be dispensed with, in every case where a sufficient number of copies of the Bill of last Session can be procured for the use of the House and the Committees.

In conclusion, your Committee would respectfully recommend a reduction of their Quorum to seven Members.

Mr. *McKellar* reported, from the General Committee of Elections, That in pursuance of the 48th Section of the Act respecting Controverted Parliamentary Elections, they had selected from the Alphabetical List of the names of the Members of the House referred to them, the following six Members to be the Chairman's Panel, and to serve as Chairmen of Election Committees for the present Session:—*Henri Gustave Joly*, Esquire; *James Cockburn*, Esquire; *William Notman*, Esquire; *Christopher Dunkin*, Esquire; *Thomas Scatcherd*, Esquire, and *Paul Denis*, Esquire.

Mr. *Bell* (North Lanark), from the Standing Committee on Standing Orders, presented to the House the Second Report of the said Committee, which was read, as followeth:—

The Petitions of the Honorable *Louis Renaud* and others, for incorporation of the *Montreal and Salaberry Steamboat Company*, and of the *Molson's Bank*, for amendments to their act of incorporation, are in a similar position, except that no renewal of the notice was published, as, however, the notice was fully given last Session, and no opposition was offered to either Bill, they beg to recommend a suspension of the 53rd Rule in each case.

On the Petition of the Hon. *Alexander Campbell*, *Charles S. Ross*, and *Samuel Taylor*, for an Act to declare their powers as Trustees of the bondholders of the *Kingston Marine Railway Company*, no notice was given, but your Committee find upon inquiry, that the parties interested are duly represented by the petitioners; they therefore recommend a suspension of the 53rd Rule in this case.

The Petition of the Merchants' Bank prays for such amendments to their Act of incorporation as do not require the publication of notice.

with my Petition, presented on the 26th August, last, complaining of an undue Election and Return for the County of *Welland*.

I have the honor to be, Sir,  
Your obedient servant,  
(Signed,) DAVID THOMPSON.

To the Honorable LEWIS WALLBRIDGE,  
Speaker of the Legislative Assembly.

The following Petitions were severally brought up, and laid on the Table:—

By Mr. *Bourassa*,—The Petition of *A. Force* and others, of the Parish of *Lacolle*, County of *St. Johns*.

By the Honorable Mr. *Foley*,—The Petition of the *Preston* and *Berlin* Railway Company; and the Petition of the Mayor, Aldermen and Commonalty of the City of *Hamilton*.

By the Honorable Mr. *Galt*,—The Petition of *Adam Lomas*, of the Town of *Sherbrooke*, Woollen Manufacturer.

Pursuant to the Order of the Day, the following Petitions were read:—

Of the Town Council of the Town of *Port Hope*; praying that no Act may be passed whereby the position of the said Town will be prejudiced with respect to their claim upon the *Millbrook* Branch of the *Port Hope, Lindsay* and *Beaverton* Railway.

Of the Municipality of the Township of *Bristol*; praying for the passing of an Act to establish all Side Lines or Lateral Boundaries of lots already drawn parallel with the *Clarendon* and *Bristol* boundary line, and for other purposes.

Of *Walter Macfarlane* and others; praying for aid to erect a Wharf at *Baie du Dard*, in the Township of *Bruce*.

Of the Municipality of the Parish of *St. David*; and of the Municipality of the Parish of *St. Thomas de Pierreville*; severally praying for aid to improve the Navigation of the River *Yamaska*.

Of *Alexander McIntosh* and others, Members of the *St. Columba (Lochiel)* Teachers' Association; praying for the passing of an Act to provide that all Teachers' Certificates granted by the Board of Public Instruction in *Upper Canada*, shall pass as general certificates throughout *Upper Canada*.

Of the Mayor, Aldermen and Commonalty of the City of *London, C. W.*; and of the Right Reverend the Anglican Lord Bishop of *Huron*, and of the Rector and Church Wardens of *St. Paul's Church, London, C. W.*; praying for the passing of an Act to legalize an exchange of certain land on *North Street* for certain land on *Mark Lane*, in the City of *London, C. W.*, between the Corporation of the said City, and the said Rector and Church Wardens.

Mr. *Bell* (North *Lanark*), from the Standing Committee on Standing Orders, presented to the House the Third Report of the said Committee, which was read, as followeth:—

Your Committee have examined the notices given on the following Petitions, and find them sufficient, viz:—Of *James Smith*, of *Lindsay*, for an Act to legalize and confirm By-law No. 128 of the Corporation of *Port Hope*; of *J. O. LeBlanc* and others, for incorporation of the Village of *Industrie*, under the name of the City of *Joliette*; of *J. L. Héroux* and others, for erection of *St. Albert de Warwick* into a Local Municipality; of *Philip Rawson* and others, the English Board of Directors of the *Buffalo* and *Lake Huron* Railway Company; of *Edward Irving Fergusson*, for an Act to empower certain parties to purchase the *Preston* and *Berlin* Railway; and of *Leonidas Burwell, Esq.*, of *Port Burwell*.

On the Petition of *James McKirdy* and others, for incorporation of the *Drummondville* Mining Company, your Committee find that the notice was published in the *Toronto Globe*, where the Petitioners reside, and not in the locality where the operations of the Company are carried on; but the Petition having been favorably reported on last Session, they beg to recommend a suspension of the 53rd Rule.

On the Petition of *J. Crawford* and others, for an Act to reorganize the *Brockville* and *Ottawa* Railway Company, your Committee find that notice was published in the "Official Gazette," and in a *Brockville* paper, but not in the Counties of *Lanark* and *Renfrew*; they perceive, however, that the Petition is signed very extensively by parties

residing in those Counties, and they therefore recommend that the notice be considered sufficient.

On the Petition of *P. A. Proulx* and others, for a division of the Township of *Tring* into two Municipalities, your Committee find that no notice was published in an English newspaper (other than the "Official Gazette"), but the population of the Township being entirely or chiefly of French origin, they recommend that the notice be considered sufficient.

On the Petition of *John Henry Dumble*, for an Act to provide for admitting him to practise as an Attorney and Solicitor, no notice was given; but it has been represented to your Committee, on the part of the Law Society of *Upper Canada*, that they are willing to waive the informality, and to allow the Petition to come before them for examination; a suspension of the 53rd Rule is recommended in this case.

The Petitions of the Mayor, Councillors and Citizens of the City of *Montreal*, for an amendment of the Act empowering them to grant assistance to the Grand Trunk Railway Company in the establishment of a central Railway Terminus in that city; and of *La Banque Jacques Cartier*, for certain amendments to their Act of incorporation agreed upon at a general meeting of the Shareholders, are not of a nature to require the publication of notice.

Mr. *Dunkin* reported, from the Select Committee on the Bill to amend the laws in force respecting the sale of Intoxicating Liquors, and the issue of Licences therefor, and otherwise for the repression of abuses resulting from such sale, that the Committee had gone through the Bill, and directed him to report the same, without any amendment.

Mr. *Dunkin*, from the Standing Committee on Banking and Insurance, presented to the House the Third Report of the said Committee, which was read, as followeth:—

Your Committee have had under consideration the Bill to repeal the Incorporation Acts of the Colonial Bank, of the International Bank, of the *Clifton* Bank, and of the Bank of *Western Canada*, referred to them by your Honorable House.

Your Committee find that in the Session of 1862, a Special Committee of the Legislative Assembly, to whom was referred the question of the expediency of Legislative action or of Procedure at Law in reference to the Charters granted to the Bank of *Clifton*, and the Bank of *Western Canada*, reported, after enquiry, that the position of both those institutions was such "that it would be discreditable to the Legislature to allow their Charters to remain in existence any longer," and recommended accordingly that Government should take the necessary steps for forfeiting their Charters. This report was submitted, with the evidence annexed, to the Legislative Assembly on the 20th May, 1862, and on the 30th of the same month was concurred in. It does not appear, however, that any such steps for forfeiting these Charters have been taken.

Your Committee have reperused the evidence in question, and have taken evidence of a like character, in reference to the position of the Colonial Bank of *Canada*, and of the International Bank of *Canada*, which they herewith submit to your Honorable House.

Your Committee are decidedly of opinion, that considerations of public policy imperatively demand the immediate repeal of the Charters of these four Banks, and they beg leave accordingly to report the said Bill to your Honorable House, with certain amendments which they have made thereto.

Mr. *Dufresne (Iberville)* reported, from the Select Committee on the Bill to amend the Act respecting the erection and division of Parishes, and the building and repairing of Churches, Parsonage Houses, and Churchyards, and Fabrique Meetings, That the Committee had gone through the Bill, and made amendments thereunto.

Mr. *Smith (East Durham)*, from the Standing Committee on Miscellaneous Private Bills, presented to the House the Second Report of the said Committee, which was read, as followeth:—

Your Committee have considered the following Bills, and have agreed to report them without amendment, viz:—

Bill from the Legislative Council, intituled, "An Act to provide for the succession of Trustees of the Church and Manse property belonging to *St. Andrew's Church, Fergus*

"and to rectify the titles thereto; as also to authorize the Trustees of the Glebe of the said Church to sell the undisposed of residue thereof."

Bill to incorporate the Lay Association of the Presbyterian Church of *Canada*, in connection with the Church of *Scotland*, at *Montreal* (with the correction of a clerical error).

They have also considered the following Bills, and have prepared amendments to each, which they beg to submit for the consideration of your Honorable House, viz:—

Bill to incorporate the *Harvey Hill* Mining and Smelting Company, of *Leeds*, in the County of *Megantic*.

Bill to incorporate the *Leeds* Mining and Smelting Company.

Bill to incorporate the *Upton* Mining and Smelting Company.

The Honorable Mr. Attorney General *J. S. Macdonald*, from the Standing Committee on Railways, Canals, and Telegraph Lines, presented to the House the Second Report of the said Committee, which was read, as followeth:—

On the Petitions of *W. HECTOR L. LANGEVIN,  
JOHN SIMPSON,  
WILLIAM FERGUSON.

Quebec, 14th September, 1863.

Mr. *MacKenzie (Lambton)*, from the Joint Committee of both Houses on the subject of the Printing of the Legislature, presented to the House the Second Report of the said Committee, which was read, as followeth :—

Your Committee have carefully examined the Document referred to in the following motion for Printing, viz :—

By the Honorable Mr. *McGee*,—Return to Address, Correspondence relative to the Intercolonial Railway,—and recommend that it be printed for the use of Members.

Mr. *Bell (North Lanark)*, from the Joint Committee of both Houses on the Library of Parliament, presented to the House the First Report of the said Committee, which was read, as followeth :—

Several applications for aid and encouragement to literary works, by authors residing in this Province, were under the consideration of the Committee during the course of last Session, but were not reported upon, in consequence of the sudden prorogation of Parliament. These applications have again come under the notice of the Committee, who have bestowed upon them their careful attention, and have agreed to submit the following recommendations to the Houses in relation thereto :—

First,—In respect to the work of the *Abbé Provancher*, entitled : “ *Flora Canadienne, ou description de toutes les plantes des forêts, champs, jardins et eaux du Canada,*” which has been lately published in two volumes, illustrated by numerous wood cuts. The Committee entertain a high opinion of the merits of this work, as a scientific description of the Flora of *Canada* ; and inasmuch as it is very doubtful whether it will meet with a sufficient sale to remunerate the author for the labour and expense of its production, they are induced to recommend that five hundred dollars be appropriated for the purchase of thirty copies of the same.

Two volumes of Poems from the pen of Mr. *Charles Sangster*, of *Kingston*, entitled, “ *The Saint Lawrence and the Saguenay,*” and “ *Hesperus and other Poems,*” have appeared to the Committee to be deserving of encouragement. They therefore recommend that twelve copies of each volume be purchased from the author.

In 1861, Mr. *J. M. LeMoine*, who is favourably known both for his scientific and popular writings upon Canadian topics, published the second part of a manual called “ *Histoire Naturelle du Canada—Les Oiseaux.*” Sixty-three copies of this little volume were purchased under the authority of the Library Committee in that year. The Author

has since completed his work by the publication of the introductory volume ; and he has applied to the Committee to extend a similar patronage to this portion of his labours. Regarding the work as one of much utility and interest, they willingly recommend that the part already taken be made complete by the purchase of an equal number of copies of the later issue, which is offered for sale at fifty cents a volume, being the price of the former publication.

A Meteorological Journal and Report on the Straits of *Belle Isle*, by Captain *D. Vaughan*, has been inspected by the Committee, who deem it a very praiseworthy contribution to our knowledge of that section of the Gulf of *St. Lawrence*. They therefore recommend that twenty copies of this pamphlet be procured at the price of one dollar per copy.

The increasing frequency with which applications for the encouragement of works issuing from the Canadian Press have been made to the Committee within the last few years, has led them to consider the expediency of adopting some rule that may be calculated to restrain excessive and undeserving appeals of this description. They accordingly beg to recommend that no such application be entertained in future, on the part of either House, unless it has been previously referred to this Committee. Upon receiving any such reference, the Committee will be prepared to make whatever recommendation thereupon may be appropriate to the merits of the work in question. Should they consider it desirable to purchase any particular number of copies of a publication thus submitted for their approbation, they will advise the House from whence the reference has proceeded, to direct that the cost of procuring the same be defrayed out of their own contingencies. In no case would the Committee approve of such expenditure being made out of the funds set apart for the annual augmentation of the Library, whether such funds have been voted in Committee of Supply or made payable out of the Contingencies of the Legislative Assembly.

In conformity with this opinion, the Committee beg to recommend that the grants on behalf of the works enumerated in the present Report be paid out of the ordinary contingencies of the Assembly.

With a view to economy and to a reduction of existing expenditure, the Committee have agreed that the Order of both Houses upon their Report, in the Session of 1854, sanctioning the subscription for fifty-seven copies of the "*Canadian Journal*," to be distributed amongst Mechanics' Institutes in *Upper* and *Lower Canada*, should be rescinded from and after the close of the current year ; and that henceforth such copies only of this valuable periodical be furnished as may be required for the use of the Library.

The attention of the Committee having been called to a Resolution passed by themselves in the year 1860, appropriating the sum of two hundred pounds for the purpose of enabling Mr. *J. P. Merritt* to proceed to *England* to procure transcripts of certain documents concerning *Canada*, which service has not been performed, although the money was placed in Mr. *Merritt's* hands shortly after the adoption of the Report authorising the same, the Committee have determined that it is expedient to rescind this grant, and to require Mr. *Merritt* to return the amount received to the Library fund, to the joint credit of the two Clerks. Should this recommendation be concurred in, the Secretary has been directed to put himself in immediate communication with Mr. *Merritt* on the subject.

The Committee have received a Report from Mr. *Coventry*, describing the progress made in collecting manuscripts respecting the early history of *Upper Canada*, during the past year. After an examination of the material already collected by this gentleman, the Committee do not think it advisable to recommend that his engagement should be again renewed.

The attention of the Committee has been directed to the services performed by Mr. *Todd*, the Librarian to your Honorable House, in affording assistance to Members of the Legislature in the investigation of questions of Constitutional Law and Practice. The value of these services is well known and appreciated by all who have had occasion to avail themselves of them.

It forms no part of the ordinary duty of a Librarian to render services of this description ; but having made Constitutional and Parliamentary Law his peculiar study, Mr. *Todd* has become well qualified to give useful counsel and assistance therein.

The Committee are of opinion that no adequate compensation is at present awarded to Mr. *Todd* for his labors in this capacity, which of late years have become increasingly onerous and valuable ; they have therefore agreed to recommend that an allowance of One Hundred Pounds per annum be made to him, in consideration of the same ; which recommendation they beg to submit for the approbation and concurrence of Your Honorable House.

The Honorable Mr. *McGee*, from the Standing Committee on Emigration and Colonization, presented to the House the Second Report of the said Committee, which was read.—(*Appendix No. 1.*)

Mr. *Smith* (East *Durham*), from the Standing Committee on Miscellaneous Private Bills, presented to the House the Sixth Report of the said Committee, which was read, as followeth :—

With regard to this last mentioned Bill, Your Committee beg leave respectfully to state, that Counsel appeared before them in support of the Petition of Mr. *Wurtele*; that the Savings Bank, of which he is President, represents less than three per cent. of the whole liabilities of the said City of *Hamilton*; that the Bill in question was prepared and submitted to Parliament at the instance and in the interest of a large class of Bondholders, representing, in the aggregate, upwards of fifty per cent. of the whole of the said debts; that it was based upon information obtained by a close and rigid examination into the financial affairs of the Municipality, made by disinterested and highly competent persons, and in its present state has received the assent of the authorities of the said City; that in the opinion of Your Committee, it embodies the most favorable terms and arrangements for creditors that it is in the power of the Municipality to offer or perform, and as a safeguard for creditors who may not have been represented before Your Committee, or who may not have been consulted in regard to its provisions, it contains a clause declaring that it shall not become operative until it has received the assent of two-thirds of the whole body of the creditors. In view of all these considerations, Your Committee have unanimously agreed to report back the said Bill with further amendments, and recommend its adoption by Your Honorable House.

MAY IT PLEASE YOUR EXCELLENCY,

We, Her Majesty's dutiful and loyal subjects, the Commons of *Canada*, respectfully approach Your Excellency with our Bill of Supply for the service of the current year.

In accordance with Your Excellency's recommendation, we have given our careful attention to the existing state of the law concerning the Militia Force, and to the necessity for making adequate provision for the enrolment and discipline of Volunteers. Our deliberations upon these important questions have been characterized by a spirit of unanimity and devotion to Her Majesty's Person and Government, which I am assured is but the reflex of the zeal and patriotism which pervade all classes of the people of *Canada*. Should the necessity unhappily arise for the display of their strength, the inhabitants of this Province, of every creed and origin, will be found united in defence of our Institutions and of our connexion with the Mother Country.

The peculiar circumstances under which the Legislature was convened, at this period, have rendered it inexpedient to enter fully upon the ordinary public business of legislation; nevertheless, various measures calculated to develop and improve the internal resources of the Province, have been matured and agreed upon.

Fully impressed with the necessity for economy in the public expenditure, we have carefully revised the Estimates submitted to us by Your Excellency's command, with a view to the retrenchment of unnecessary outlay, while ample provision has been made for the exigencies of the State. The result of our deliberations upon this subject will be found embodied in the Bill of Appropriation, to which I now respectfully solicit Your Excellency's assent.

The Honorable the Speaker of the Legislative Assembly then presented the following Money Bill:—"An Act for granting to Her Majesty certain sums of money required for defraying certain expenses of the Civil Government and other purposes, for the year one thousand eight hundred and sixty-three; for making good certain sums expended for the public service in one thousand eight hundred and sixty-two; and for raising a Loan on the Credit of the Consolidated Revenue Fund."

To this Bill the Royal Assent was signified in the following words:—

"In Her Majesty's name, His Excellency the Governor General thanks Her loyal subjects, accepts their benevolence, and assents to this Bill."

After which, His Excellency was pleased to make the following Speech to both Houses:—

*Honorable Gentlemen of the Legislative Council:*  
*Gentlemen of the Legislative Assembly:*

The purposes for which you were convened at an unusual season of the year having been accomplished, I have now to release you from further attendance in Parliament.

I heartily congratulate you upon the unanimity which has marked your deliberations with respect to the Defences of this Province, and upon the readiness with which you have responded to my appeal for such changes in the Law relating to the Militia as were necessary in order to impart to that body a proper degree of efficiency.

The encouragement you have given to the Volunteer Organization and the measures you have adopted for the promotion of efficient discipline in that auxiliary Force, will, I trust, be successful for their intended objects.

*Gentlemen of the Legislative Assembly:*

I thank you in Her Majesty's name for the Supplies you have so liberally granted for the public service.

*Honorable Gentlemen, and Gentlemen:*

It has been impossible to submit to you, during the brief period of the present Session, all the measures which have been prepared for your consideration.

It will therefore be incumbent upon me, at the ordinary period of the year for the assembling of Parliament, to recur again to your advice and co-operation.

Meanwhile, in dismissing you upon this occasion, I feel assured that on returning to your homes you will each of you employ the influence which you possess to promote the welfare and happiness of Her Majesty's loyal Canadian subjects.

Then, the Honorable the Speaker of the Legislative Council said:—

*Honorable Gentlemen of the Legislative Council, and*  
*Gentlemen of the Legislative Assembly:*

It is His Excellency the Governor General's will and pleasure, that this Provincial Parliament be prorogued until Tuesday, the twenty-fourth day of November next, to be then here holden; and this Provincial Parliament is accordingly prorogued until TUESDAY, the TWENTY-FOURTH day of NOVEMBER next.

ON

## EMIGRATION AND COLONIZATION.

LEGISLATIVE ASSEMBLY,  
September 22nd, 1863.

The Standing Committee on Emigration and Colonization, beg leave to present the following as their

### SECOND REPORT.

In entering on their duties, this Standing Committee, appointed for the first time in the present Parliament, by Order of the House, on the fourth of September, having gone over as a preliminary duty the various suggestions made by their Predecessors, the Select Committees which sat in the two last Parliaments, feel compelled to express their regret, that several of those suggestions, though approved by Your Honorable House, have up to this moment been allowed, by successive Administrations to lie neglected on your Journals.

Of these, those which at present, they consider it most necessary to recall attention to, are :

1. A Permanent Agency in England, recommended in the Reports of April 23rd, 1860, May 17th, 1862, and April 20th 1863. And your Committee recommend that in addition a Permanent Agent on the Continent be also appointed.
2. An Agency during the season at New York, recommended in the Reports of April 23rd, 1860 and April 20th, 1863.
3. The completion of the arrangements for a proper enclosed Landing-place at Quebec, recommended in the Reports of April 23rd, 1860, May 8th, 1862 and May 4th, 1863.
4. Districting the Agencies within the Province, and reorganizing the duties of each Agency.

As to the first named suggestion, the Standing Committee are more and more confirmed in the propriety of all the former recommendations on that head, by the very interesting Report referred to them of Chief Superintendent Buchanan's Mission to England, in the spring of the present year. Among other evidences of useful occupations which a Permanent Agent would be sure to find, on the other side of the Atlantic, it is sufficient to mention the fact, that between the 20th of March to the 27th May, a period of two months, Mr. Buchanan, who had barely commenced operations at Liverpool, received 1128 letters from persons desirous to Emigrate to this Country.

In support of the second suggestion—a New York Agency during the season—the Committee need only refer to the striking fact, that up to the end of August, there had arrived at Hamilton, Canada West, *via* the Suspension Bridge, from New York, 12,633

emigrants, or 3,392 less than had arrived to the same date at Quebec. The two main causes determining this diversion of the course of so many of those intending to settle in Canada, from the St. Lawrence to the New York route, are the much lower rates of passage, and the greater number of Trans-Atlantic steamship lines having their terminus at New York. As these causes are not likely soon to be overcome by the Canadian route, we once again urge upon your Honorable House the urgent necessity which exists for the appointment, at least before the opening of another year's immigration, of a competent active person to reside during the season at New York, giving gratuitous direction to all comers whose ultimate destination is Canada.

As to the third suggestion in the above series, your Committee regret that the understanding arrived at between the then Administration and the Select Committee of the last session of the last Parliament, has not been fully carried out, as regards an enclosed landing place at Quebec, up to the present date. On the part of the Committee, it was then proposed:—

That a suitable landing place for emigrants, with convenient sheds and wash-houses, should be established in the Port of Quebec.

That the Emigrant offices and sheds should be as speedily as possible established in one place, adjoining or in the same place.

That the precincts of such offices and refuge should be isolated from the ordinary commercial landing places in this port, and carefully protected from the runners and others who are always found infesting such landing places.

That a regulation should be established, obliging all masters of passenger ships entering at the Port of Quebec, to land their passengers at one and the same place—the place thus provided isolated and protected, in order to the classification, direction, and proper forwarding, free of imposition, of said passengers.

The following extract from the Minutes of last Sessions' Committee, will explain the nature of the understanding then come to.

APRIL 16, 1863.—“The Minister of Agriculture stated, that in consequence of what the Government had done and were doing with regard to the suitable Landing-place at Quebec, he thought it quite unnecessary to bring the subject before the House. He informed the Committee that a contract had been signed for building a shed on the Old Custom House Wharf, which would be fitted up for the accommodation of Emigrants. That an Order in Council would probably appear in the *Gazette* requiring captains to land their passengers at that Wharf, and he thought the object of those resolutions would be fully attained.”

The Committee understand that the Government wharf fronting the Emigration Office, with its floating landing place and sheds, are now nominally devoted to Immigration purposes; but unless the work of isolation, by a proper gateway and porter's lodge be completed, the wharf remains still open to stragglers and runners. It will also be necessary that a proclamation should issue rendering it obligatory on masters of vessels to land their passengers (unless booked through by some inland route, from their port of departure) at the landing-place so provided, within the hours specified by law: as doubts have arisen whether such proclamation would not conflict with clauses 16 and 19 of the Consolidated Statutes of Canada, Chapter 40, in relation to Immigrants. The Committee have requested their Chairman to cause a short Bill to be laid before your Honorable House, in order to remove all such doubts, and to enable the regulations in relation to the landing place to be hereafter duly enforced.

As to the districting the inland agencies and re-organizing the duties of the agents, the Committee beg to refer to the reports of their predecessors of the Select Committees of 1860, 1861 and 1863, on that subject:

One further recommendation the Committee beg to offer at present to the Honorable House, which they cannot better introduce than by quoting from the Chief Superintendent's Report of his late visit to England, already referred to:—

“The desire to know more of Canada is almost universal, and all publications referring to the country were read with eagerness. The want however, of a carefully compiled hand-book of Canada is much felt, and I am indebted to the publication of Mr. Hope, of Toronto, Mr. Algar, of London, Mr. Kingston, of Wimborne, the Revd. A.

---

Hill, formerly of West Gwillimbury, Canada West, and to Messrs. Rawson and Dechaiz, of Lennoxville, for material assistance in aiding me to deal with all existing deficiencies."

The Standing Committee are unanimously of opinion that such a HANDBOOK of CANADA prepared under the sanction of the Immigration Department, less formidable than a "Census Report," but of a more permanent character than a Pamphlet; not overloaded with statistics or technical terms, but tersely, clearly and popularly written, with suitable maps, shaded so as to show the mineral, lumbering, and agricultural regions, and the comparative density or sparseness of population, would be a great boon to the public abroad desirous to obtain information about Canada, and a most acceptable service to this Province.

The whole, nevertheless, humbly submitted.

T. D. MCGEE,  
Chairman.

# REPORT.

COMMITTEE ROOM, LEGISLATIVE ASSEMBLY,  
Quebec, 25th September, 1863.

The Select Committee appointed to inquire into the manner in which moneys voted, in the year 1855, for the purchase of seed in Lower Canada have been expended, and how much has been refunded, beg leave to make their First Report, as follows:—

That two hundred pounds were apportioned, in 1855, for the relief of the indigent agriculturists in the County of Stanstead.

That the money was received by the Honorable Timothy Lee Terrill, but never distributed for the designed purpose.

That said money still forms a matter of dispute between the Honorable Timothy Lee Terrill, then the representative for that County, and the Secretary-Treasurer of the Agricultural Society in that County.

Your Committee regret that, from lapse of time, their inquiry is attended with great difficulty, and they beg to call the attention of the House to a close consideration of the evidence adduced relative to said money granted to Stanstead.

Your Committee would remark, that the evidence adduced goes to shew that Mr. Terrill is the party to whom the Government should look for the reimbursement of said money, without prejudice to any recourse he may have against other parties.

Therefore the Committee beg to recommend to your Honorable House, that steps be taken to recover, from Mr. Terrill, the amount which was entrusted to him.

The whole of which is respectfully submitted.

R. B. SOMERVILLE, Chairman.

COMMITTEE ROOM, LEGISLATIVE ASSEMBLY,  
Quebec, 4th September, 1863.

The Select Committee appointed to inquire into the manner in which moneys voted, in 1855, for the purchase of seed, have been expended, and how much has been refunded, met for the first time.

## MEMBERS PRESENT:

Hon. Mr. Solicitor General HUNTINGTON,  
Mr. DORION (Drummond and Arthabaska), and  
Mr. DAoust.

The Clerk was instructed to procure, from the Honorable the Provincial Secretary's Office, all papers there relating to the subject, and also to obtain all papers connected with the action of the Committee charged with the matter during last session. The following circular was drafted and 200 copies were ordered to be struck off.

COMMITTEE ROOM, LEGISLATIVE ASSEMBLY,  
Quebec, September 4, 1863.

To

COMMITTEE ROOM,  
11th September, 1863.

Committee met.

MEMBERS PRESENT:

Mr. SOMERVILLE, Chairman,  
Mr. DAoust,  
Hon. Mr. Solicitor General HUNTINGTON,  
Mr. J. B. E. DORION, and  
Mr. O'HALLORAN.

The instructions of last meeting were found complied with, and the papers laid before them.

Hon. Timothy Lee Terrill and Leonard K. Benton were in attendance, when questions in writing were submitted to each, and in order to give them time for reply the Committee adjourned till one o'clock, P.M.

At one o'clock, P.M., the Committee met, when the following was submitted.

*Evidence of Hon. T. Lee Terrill.*

*Ques.* In your letter of date, May 2nd, 1863, you enclose copy of receipt from L. K. Benton, Secretary-Treasurer of the Stanstead County Agricultural Society, for £200, to be used or distributed as an aid in furnishing seed-grain for the indigent agriculturists in Stanstead, in accordance with the Provincial Secretary's letter of instructions, will you please produce the original receipt, and say when, how, and where you paid to Mr. L. K. Benton the said £200; please also to state generally all in your knowledge referring to the subject?—*Ans.* I now produce and exhibit the original receipt alluded to in the question, it bears date, "Stanstead, May 24, 1855," and was signed at my own house in Stanstead, on the day it bears date, by Mr. Leonard K. Benton, the Treasurer of the Stanstead County Agricultural Society, he signed it in my presence; he then undertook to distribute the moneys according to the Provincial Secretary's letter. I then exhibited the letter to him and, as I believe, gave it to him, and he had a full and absolute knowledge of what he was expected to do with the money so entrusted to him. I had reason, some short time afterwards, to suppose that some portion of this money had not been expended in the purchase of seed, indeed Mr. Benton told me that "it was late in the season, and seed was nearly all in," to which I replied that I thought the money might be applied to the general uses of the Agricultural Society, subject of course to the general call of the Government for the return of such moneys; to which he assented, undertaking to hold himself in readiness for such call. I have had reason to believe that seed-animals and agricultural implements have been purchased by Mr. Benton, but of this I have no positive knowledge. I

considered it the duty of the Treasurer to see to this distribution, and have therefore never had any control or exercised any, and for some years past have had no official connection with the society, even nominally.

For several years past I had entirely lost sight of the matter—in fact had wholly forgotten it.

Some time last winter, Mr. Benton shewed me a letter received from Mr. Knight on the subject. After a little reflection, I said, “I am afraid this money may not have been properly applied, and you may have some trouble about it,” or words of that import, meaning to intimate to him that he had perhaps been negligent. He said no more on the subject, although he was with me for an hour or so, examining my barns, out-buildings, cattle and sheep. A few weeks afterwards Mr. Knight asked me some question about the matter, which I answered evasively, referring him to Mr. Benton, whose recollection was probably fresher than my own, saying also that I had almost forgotten the subject; that perhaps the money had not been applied, or something of that import, as I wished then to allow Mr. Benton to make his own explanations. And again, a few days or weeks after, Mr. Knight wrote to me, saying, in substance, that if by any chance I had overlooked the matter and found the funds were in my hands, he would suggest the adjustment of it; to which I replied briefly, suggesting that he should not form too hasty conclusions, and that I had the Treasurer's receipt for the same. Somewhat later, Mr. Azro Morrill told me, on Stanstead Plain, that Mr. Benton had conversed with him on the subject, and that he was feeling uneasy about it, and was afraid he would have some trouble; to which I replied, so far as I recollect, that I held Mr. Benton's receipt, and that if he (Benton) claimed that there were any unadjusted equities between us, it was singular that he should never have said anything to me about it. On the same day I saw Mr. Benton, and censured him strongly for the course he was taking, as I had understood; that whilst I had no desire to unnecessarily prejudice him, I could not continue to feel a willingness to shield him, and, at the same time, allow him to do me most manifest injustice and injury. I then told him in detail, and most emphatically, that he should in no degree shrink from his own responsibility; that he knew full well the terms and conditions on which he had assumed the whole duty, and that whatever impressions he might have had as to the probability of the money not being called for by the Government, I could not consent to be stigmatized for his sake. I told him, moreover, that I would gladly render him any assistance in my power, pecuniary or otherwise, in adjusting the matter; and that he should not be influenced through the instrumentality of his son-in-law, Henry G. Pierce, my successor as President of the Agricultural Society, and a bitter enemy of mine, to do himself great injustice and me a still greater; and that the matter had gone far enough; that I could not consent to remain longer under unjust imputations; that he must see that something was done; and that I thought the way was clear for him. In making this offer of assistance (if I could afford any) I was influenced mainly by the conviction that I had perhaps been remiss and negligent in not having at the time attended with vigilance to the matter and known how the money was distributed, as I had never once had access to the records and books of the society. After some reflection and apparent regret or uneasiness, Mr. Benton said, “It is a bad affair, but I will see what can be done.” I had no idea as to the direction of his efforts, and was much surprised when, a few days afterwards, he showed me a letter from Mr. Knight, the purport of which was that he should call on me for the money. I then became convinced that Mr. Benton had all along been endeavouring to do me all the injustice possible; that he was willing even to take advantage of my desire to help him, and allow that circumstance to furnish the means of injuring myself; and with feelings of indignation I returned the letter to him unfinished, and said, “this is an entirely new phase of the matter; this requires no consideration at all, and I cannot allow this view of the case to pass.” I may add in conclusion, to the Committee, that I have never known by what instrumentality or means this last letter from Mr. Knight was inspired.

*Ques.* How long did you continue to be President of the Stanstead County Agricultural Society after May, 1855, and have you any knowledge that the sum granted by Government was ever entered in the books of the said Society?—*Ans.* Some two or three years prior to my ill-health, which was in 1859. Although I was President for several years, the business of the Society was entirely conducted by the Secretary and Board of Managers, and during all the time I was President I have never had any access to the

books or papers. I could have done so, but never did. And I have never been President at any meeting when any accounts have been rendered or entered into, and I have no knowledge that any entry on this subject has ever been made in the books of the Society.

*Ques.* You state that Mr. Benton signed the receipt mentioned in your answer at your own house; please state whether you paid the money to him on his giving you his receipt, and if payment was made by a cheque, bank bills, or specie?—*Ans.* In bank bills, as far as I can recollect, and at the same time.

T. L. T.

*Evidence of Leonard K. Benton.*

*Ques.* 1. Did you, on the 24th of May, 1855, or at other time, give a receipt to the Honorable Timothy Lee Terrill for £200, to be used or distributed as an aid in furnishing seed-grain to the indigent agriculturists in Stanstead, in accordance with the Provincial Secretary's letter of instructions, and, if so, how was the money applied, and state to the Committee anything connected with it which is within your knowledge?—*Ans.* It is true that I gave to the Honorable T. Lee Terrill a receipt, sometime in the year 1855, purporting to be for the sum of £200, to be obtained from the Provincial Government for the Agricultural Society of the County of Stanstead, of which I was then the Secretary, which said money was granted for the purpose of furnishing seed-grain to indigent persons in said County. I cannot specify the date of said receipt, or whether it bears the date when I signed it. The receipt was furnished to me by Mr. Terrill as a voucher to enable him to obtain the money from the Government. He was at that time President of the Agricultural Society for said County, and being a public man and accustomed to the manner of doing business with the Government, I relied entirely on his good faith and signed the receipt such as he furnished me. I never received the money from him, never saw the money, and never knew it was obtained by him from the Government until I was informed by Mr. Knight, the Member for Stanstead, on the 16th of March last, of the fact by letter as follows:—

LEGISLATIVE ASSEMBLY,  
Quebec, March 16, 1863.

.MY DEAR SIR,—In a Return to an Address made to the House to-day, I notice that Stanstead was charged with two hundred pounds to purchase seed-grain in 1855. I am not aware that Stanstead or Stanstead County received money for that purpose; if so, it has gone from me. Please inform me at your earliest convenience.

Yours truly,  
(Signed,) A. KNIGHT.

T. K. Benton, Stanstead.

I immediately communicated this letter to Mr. Terrill, and he, after reading the letter, handed it back to me, saying: "The money was never drawn;" and giving me no further opportunity at that time for conversation on the subject. I afterwards had conversation with him about it, which I will presently state.

Mr. Terrill continued president of the said agricultural society for two years, at least, subsequent to 1855, and was familiar with the transactions of the society: he never brought this matter of the seed-grain money before the society: never furnished any seed-grain: and the society never knew of any moneys being obtained for Stanstead County; and I supposed, from hearing no more of the matter after this receipt was signed, that the money had not been obtained by Mr. Terrill. Last May, when the Commissioners met to organize a court for the trial of small causes, several persons dined at the Temperance House at Stanstead Plain, and amongst others, Mr. Terrill and myself. After the dinner, Mr. Azro Morrill brought the subject to Mr. Terrill's attention, and said to Mr. Terrill, that Mr. Benton had shewn to him a copy of the receipt, signed by him, for seed-grain money, and of Mr. Terrill's letter to Mr. Knight, and of the cheque by which the money

was drawn, and further said to Mr. Terrill, that this matter had gone far enough and ought to be settled. Mr. Terrill then came to me and asked me to go into another room, and I did so; he then said that he had received a letter from the Committee respecting the seed-grain money, but had not answered it. He spoke in a very guarded manner, and said: "If the money was paid over to me, it might be retained by the agricultural society." He said "there were funds to settle it." I did not acquiesce in this, because I considered it would implicate me in something wrong, while, in fact, I had done nothing wrong in the matter. He then wanted me to write to Mr. Knight, to see how this matter might be settled. I consented to write to Mr. Knight, and did so; and the answer to my letter to Mr. Knight is the letter now produced by me, as follows:—

QUEBEC, May 16, 1863.

MY DEAR SIR,—Your's of the 5th instant is duly received and contents noticed, and, in reply, you will please receive the eight hundred dollars and interest from Mr. Terrill, and deposit in the Eastern Township Bank; and inform me, by return mail, when you have done so, in order that I may draw for the amount from here, and oblige

Your's truly,  
(Signed,) A. KNIGHT.

I showed Mr. Terrill this letter, and the reply he made was, "This matter needs further consideration: Mr. Knight will be home in a few days and I will see him." The language which Mr. Terrill used at the time I refer to at the Temperance Hotel, was minuted by me immediately after, and I have given the language accurately. Since showing him Mr. Knight's letter, I have had no further conversation with him on the subject. I produce letter No. 3, of date 21st May, 1855, in which Mr. Terrill states to me, "I can borrow two hundred pounds from Government on my own responsibility for the relief of those who want seed-grain, but the agricultural society will have to replace it." This statement I am entirely at a loss to understand, inasmuch as this subject was discussed in the House on the 15th of May, 1855, in which discussion Mr. Terrill took part, as appears by the correspondence of the "British Colonist" of that date, and the request for a grant for seed-grain was acceded to, and on the 19th of the same month the Bill for granting the money, passed three readings and became law, at which session Mr. Terrill was present, as appears by the Journals of the House. For corroboration of the statements here made by me, by incidents and circumstances, I beg to refer the Committee to Mr. Azro Morrill, Henry G. Pierce, Albert Knight, M.P.P., all of Stanstead, and if the Committee find my veracity brought in question, they can examine any person or persons by whom I am known in the County of Stanstead, where I have resided for the last thirty years, and where I have held, from time to time, various public offices.

(Signed,) L. K. BENTON.

The following questions were handed to Mr. Benton, and he was requested to communicate the answers with all convenient speed.

The witness was then discharged.

STANSTEAD, September 16th, 1863.

MY DEAR SIR,—I enclose you the questions and the answers to them; also, the testimony of Mr. J. Smith and others. I beg the privilege of being allowed to file some testimonials as to character which I shall be able to obtain the first of next week, when our Agricultural Society will meet.

I am Sir,  
Your most obedient servant,  
(Signed,) L. K. BENTON.

R. B. Somerville, Esq., M. P. P.,  
Chairman of Select Committee,  
Quebec.

*Ques.*—Have you any knowledge that Mr. Terrill assisted at any annual meetings of the Stanstead Agricultural Society, after May, 1855, and state at what meetings?—*Ans.* I find, by examining the proceedings of the Stanstead County Agricultural Society, Mr. Terrill was present at the annual meetings, and took the chair, and called the meeting to order, in 1855, 1857, 1858, 1859 and 1861, at which meeting he was succeeded by Simon Bean, Esq., who acted one year, when H. G. Pierce was elected, who now holds the office of President.

*Ques.* Were the accounts of the Society submitted by you, as required by law, to the members of the Society at such annual meetings for election of officers?—*Ans.* The accounts of the Society were submitted and read by me at each Annual meeting for the Election of officers, which accounts appear approved in the minutes of the books of the Society.

*Ques.* Did ever Mr. Terrill state at these meetings that the sum of \$800 had been loaned by Government to the Society for the purpose of furnishing seed to indigent agriculturists, and did he never question you or require that an account of the said money should appear in the books of the Society?—*Ans.* I never heard Mr. Terrill state at these meetings that \$800 had been loaned by the Government to the Society, nor has he ever questioned me or required any account of said money to appear in the books of the Society. Before closing this, I will here state a circumstance that has come to my recollection: Mr. L. Hanson and others had remarked to me in 1857 or 1858,—“How is it; does the County of Compton draw more money than we do? Their premiums are as large as ours, and they have money to purchase seed-animals.” I soon saw the Secretary-Treasurer of the Agricultural Society, Mr. Pomroy, asked the amount of money drawn by them, and found their grant the same as ours. He then told me they were using money drawn for seed-grain to purchase seed-animals. This I communicated to the members of our society, and it was generally understood and talked of.

*Ques.* State if the Society ever authorized you, as Secretary, or the President of the Stanstead County Agricultural Society, to apply to Government for seed-grain for indigent agriculturists, and to receive money towards attaining that object?—*Ans.* The Stanstead County Agricultural Society never authorized me, nor the President of said Society, to apply to Government for seed-grain, nor to sign any receipt to obtain moneys for seed-grain, the subject having never been brought to the attention of the Society at any of its meetings before or after 1855.

STANSTEAD, September 14th, 1863.

L. K. BENTON, Esquire.

DEAR SIR,—At the time it was proposed to procure a loan from the Government to purchase seed-grain for the people, I protested against this course, saying it would be a disgrace to our County to accept a grant for that purpose.

My impression is that I stated the above or the substance of it to the Hon. T. Lee Terrill, who was President of our Agricultural Society at that time, still I am not positive that such was the case.

Respectfully yours, &c.,  
ICHABOD SMITH.

L. K. Benton, Esquire.

SIR.—I recollect, in the early part of May last, of calling T. Lee Terrill's attention to reports in circulation relative to the \$800 drawn by the Stanstead County Agricultural

Society in 1855 for the purchase of seed-grain, and remarking to him that enough had already been said about the matter, and that it was time the affair was settled. He in reply said, if there was any matter of equity unsettled between him and you, let him and you settle it, he was not going down there to do it; meaning, as I supposed, down to Quebec. A short time after having this conversation, and during the same evening, I saw Mr. Terrill and yourself together. After your interview I recollect of asking you the result, when you expressed yourself confident that he would in some way refund the money, and that you had no doubt he would be glad to give it to you, but that you did not fancy such a settlement of the affair as would, in the eyes of the Government, fix the stigma on you. I further recollect of your saying to me that Mr. Terrill, during your interview, desired you to write Mr. Knight, at Quebec, and find through him how the affair could be settled.

Respectfully yours,

(Signed,)

A. MERRILL.

STANSTEAD, September 16th, 1863.

L. K. Benton, Esquire.

DEAR SIR,—I have been a Director in the Stanstead County Agricultural Society, and have attended its annual meetings since 1855. Honorable T. Lee Terrill, while he held the office of President, was present at these meetings with only one or two exceptions. The reports of the Secretary-Treasurer were always read at those meetings, and I am sure that nothing has ever been said at these meetings to lead me to think that any moneys for seed-grain had ever been drawn by this County.

In 1855, there was some talk of drawing this seed-grain money, but the principal men of the place objected so strongly that, as I understood it, the matter was dropped and the money was never drawn. I know that at the time the Society wished to purchase seed-animals, there were no funds in hand for the purpose, and several members, Mr. Terrill among others, became personally responsible at the Bank for the purchase money. The bull bought was to be sold to members, to be kept in the County for a term of years, any loss on the original cost to be paid out of the funds of the Agricultural Society. This agreement was adhered to, the Society making up a loss in sale of some fifty dollars.

I remain, sir, yours truly,

(Signed,)

B. F. KNIGHT.

STANSTEAD, U E., 16th September, 1863.

L. K. Benton, Esquire.

DEAR SIR,—I know that Mr Terrill attended the annual meetings of the Agricultural Society as a general thing, perhaps with one or two exceptions, as I have attended them regularly myself, with one exception only.

I have several times conversed with the Honorable T. Lee Terrill about the Compton Society having taken the money as granted for the purchase of seed-grain, but never had any intimation from him that a dollar was ever drawn by our Society. Had we ever received it, I think he would have alluded to it.

I think it has always been the case, after the meeting was organized, that your accounts have always been submitted, and never understood that you had ever received the \$800 as granted by the Government for the purchase of grain.

On the contrary, some of our leading men said it would be a disgrace to accept such aid, and understood that, in accordance with this feeling, the loan was declined. The only seed-animals purchased by our Society are one bull and two calves, for a sum of \$650. The money used for the purchase was received on a note signed by individuals, discounted at People's Bank, Derby Line, Vermont. The animals were sold, but failed to realize the cost. The balance—about \$50—was paid out of the funds of the Society. This I learned from your report read at one of the regular meetings.

Respectfully yours,

(Signed,)

W. H. HOLMES.

STANSTEAD, 16th September, 1863.

L. K. Benton, Esquire.

DEAR SIR,—I have a perfect recollection that the Honorable T. Lee Terrill and Mr. Ichabod Smith were both present at my house, when the propriety of taking the loan from the Government to purchase seed-grain was discussed. I at once stated my views, that it would be a disgrace to the County to do so, and Mr. Smith coincided in that view, and expressed himself of the same opinion.

Afterwards, having been present at two of the annual meetings of the Agricultural Society, I never heard at either of these meetings that the money had been drawn. Mr. Terrill was present at both these meetings, and I think the accounts of the Society were submitted by you to the meeting.

I have never known of any Government money being received and used by our Society, either for the purchase of seed-stock-animals, or any other purpose whatever, since 1855, except the regular annual grant for premiums at our show.

I am, dear sir, yours, &c.,

WILDER PIERCE.

SEPTEMBER 14th, 1863.

L. K. Benton, Esquire.

DEAR SIR,—It gives me pleasure to state that I have never heard any allusion made to our society having received the \$800 for the purchase of seed-grain. I have been a director in the Agricultural Society since 1854, and never, during the whole of the time, did I ever hear of its being drawn, but always to the contrary *that it was not*. I remember, at one of our meetings held at Barnston, saying to the Honorable T. Lee Terrill that had we drawn the seed-grain money, as they had done in Compton County, we should now have funds to purchase a bull, which the County required for the improvement of stock. Mr. Terrill made no reply so as to lead me to think that the money had been drawn. A resolution was passed at this same meeting, that if individuals would furnish the money, the directors would become security for the same, for the purchase of the bull; the money was accordingly raised by a note discounted at People's Bank, Derby Line, Vt., and I was instructed to purchase the bull, which I accordingly did; this is the only seed-animal that has been purchased since 1855. A resolution was afterwards passed to purchase some *bucks*, and I was instructed to do so, but the purchase never was made.

I would further state that Mr. Terrill was one of the signers to the note on which the money was raised. Mr. Terrill, as President, I believe, was most always present at the annual meetings, and the accounts were always submitted by you at these times. I believe I have never been absent at any such meeting since my appointment as Director in 1855.

The bull I purchased for our society at \$600, and was sold at public auction and purchased by a company of individuals, the proceeds of the sale being used for the payment of the note given the People's Bank. The sum for which the bull sold was \$575, the balance I received from the Secretary-Treasurer, and paid to the People's Bank.

Respectfully,

Your obedient servant,

(Signed,)

W. G. PIERCE,

President, Stanstead Agricultural Society.

*Mr. Knight, Member for Stanstead, appeared before the Committee and was examined, as follows:—*

*Ques.*—Have you any knowledge of how the £200, said to have been paid to the Hon. Mr. Terrill for distribution among the indigent in Stanstead, was distributed, if so say how, and give any other information you can on the subject?—*Ans.* The only knowledge I have of Mr. Terrill having got £200, is from the return sent down to the House about the first of April last. I had a conversation with him on the subject, when he told me that he did not think the money was drawn. Afterwards, had conversation with Mr. Benton, Secretary-Treasurer to the Agricultural Society of the County, who informed me that the propriety of taking the money was discussed, and it was decided not to take it; previous to that he had signed some paper, but was not sure whether it was a receipt or an order for the money which he gave to Mr. Terrill, but that he never received any money. I have received letters from Mr. Benton, and one from Mr. Terrill, which I hand to the Committee.

STANSTEAD, March 18th, 1863.

A. KNIGHT, Esquire, M.P.P.

MY DEAR SIR,—Your's of the 16th instant was duly received. I was a little surprised in reading your letter. The Agricultural Society never received a dollar. I think when Mr. Terrill was at home once we had some conversation about this money.

I told him I thought we had better get it if it could be got. He then wrote an order as a receipt, and I am sure I signed. I after had conversation with him; he said he had conversation with Mr. Smith and Pierce. I think they said it would be a disgrace to the County of Stanstead to draw money for that purpose. I have never changed any words with him since about it. If the money was drawn, you know where it is as well as I do. I am afraid the order or receipt I signed will show it in my hands.

God knows I never received a cent.

I am, your obedient servant,

A. KNIGHT, Esq., M.P.P.

MY DEAR SIR,—After writing you last evening I thought I should call on Mr. Terrill, which I did this morning, and handed him your letter, in presence of Moulton and Lee, who were to work for him. He seemed to read and re-read it. He got up and walked out of the room into another, and said, come this way. He then said to me.—“*the money never was drawn.*” It was the only remark he made to me, and handed me back the letter. I wish you would see who the money was drawn by. I think I signed an order for the money at one time. I recollect I was for having the money drawn, but he said that he had talk with Messrs. Smith and Pierce; they thought it would be a disgrace for the County to draw any money for that purpose, and so the matter dropt, as I supposed.

I have had a misgiving, since that time, that the money was drawn, in my own mind, by the Honorable \_\_\_\_\_

I have said nothing to any one about this. I wish you would inform me in whose name the money was drawn; whether the Hon. \_\_\_\_\_ holds this order and receipt of mine, or the Government?

I am Sir, your obedient servant,

DEAR SIR.—I would suggest that you do not too hastily form conclusions without a full knowledge of the facts. The matter to which you allude lies, as far as I am concerned, entirely between me and the Treasurer, whose receipt I hold.

STANSTEAD, May 9th, 1863.

SIR,—Your letter was duly received. I called on Mr. Terrill this morning and showed him your letter. He said to me it required consideration; that you would probably be at home to-day or to-morrow; and turned and left me.

I would like to know if he answered the Commissioner's letter. That Commissioner must not report against me until I have a further showing. By the news here, that the ministry is defeated, we expect you home soon.

I am, sir,

## FOURTH REPORT

OF THE

# Standing Committee on Contingencies.

The Standing Committee on Contingencies beg leave to present their Fourth Report, which is as follows :

*First.*—That it appears by the Books of the Accountant, that the sum of eight thousand one hundred and eight dollars and fifty-six cents is due by certain officers, specified by name, for an advance made to them five years ago, without the knowledge or sanction of the House, and which has not been deducted and stopped from their salaries in accordance with the condition upon which such advance purported to have been made, for the sole reason, so far as appears, because an advance made under similar circumstances by the Government has not been repaid or exacted. Upon this subject the Committee beg to submit the following recommendations :—

1st. That with regard to the officers named on the list, five in number, who have departed this life, the liability be cancelled.

2nd. That with respect to all the rest, the Accountant be required to stop the amount due by each from their respective salaries, in twelve equal monthly instalments, commencing on the first day of November ensuing.

3rd. That the Accountant shall not, in future, pay out any moneys whatever, except such as are previously authorized by law, or vote of the House, or for payment of expenditures incurred, and certified by officers or Committees authorised to make such expenditures.

*Second.*—The Committee have given their serious attention to the number of extra officers and servants employed in the House, and with reference thereto beg to make the following recommendations :—

That no extra officers or servants be employed for the future, until the entire permanent staff is fully occupied. That in future, unless absolute necessity arise, no extra officers or servants be employed except on application made by the Clerk or Serjeant-at-Arms to the Committee on Contingencies, and upon a report, adopted by the House from such Committee, recommending the appointments, and setting forth the duties to be performed, and the remuneration to be paid.

*Third.*—Also, the Committee recommend that from the close of the present session, one copy of every newspaper printed in the Province be received in the Reading Room, and properly filed; and that two additional copies of each newspaper published in the cities of the Province be received during the sitting of Parliament, and that the Accountant pay for those and no others, at the advanced rates, on the certificate of the Serjeant-at-Arms.

All of which is respectfully submitted.

(Signed,)

HECTOR L. LANGEVIN,  
Chairman.

# MUNICIPAL STATISTICS.

The Select Committee on Municipal Statistics beg leave to submit, as their  
FIRST REPORT :

That they present herewith a Compilation of the Municipal Returns for Upper Canada for the year 1862, prepared under the direction and superintendence of their Chairman, which they recommend to be printed in the Journal or in the Sessional Papers of the present Session, as may be found most convenient.

The Committee ask leave to add the Returns for the United Counties of Prescott and Russell, and the Return for the United Counties of Northumberland and Durham, as a separate Municipality, so soon as they shall be received—those mentioned being the only ones now needed to complete the Statistics for all the Municipalities of Upper Canada for the year specified.

The whole, nevertheless, respectfully submitted.
