GERMAN SOUTHWEST AFRICA SURRENDERS TO GEN. BOTHA

PRETORIA, SOUTH AFRICA, Via LONDON, JULY 9.—GENERAL BOTHA, COMMANDER OF THE FORCES OF THE UNION OF SOUTH AFRICA, HAS ACCEPTED THE SURRENDER OF ALL GERMAN MILITARY FORCES IN GERMAN SOUTHWEST AFRICA.

"PERFIDIOUS ALBION" ARRAIGNED

TALKS OF NEW DIRECT CABLE.

BY GERMAN FOREIGN MINISTER

Thinks That German American Relationships Will be Improved if the Direct Cable is Again Opened—Britain Has Colored All News He Said.

By Special Wire to the Courier. Berlin, London, July 9.—The German minister of foreign affairs, Gottlieb Von Jagow, has informed the Associated Press that the despatch of the German note is immediately impending. A few changes, he said, would perhaps be necessary after which the reply would be delivered to the American ambassador.

Her Von Jagow asked to be excused from commenting in advance on the note, but discussed the difficulties under which the negotiations had been conducted, owing to the slowness and incompleteness of communications between Germany and the United States, and the obstruction to the free exchange of news between the German and American press and public.

TO RE-OPEN DIRECT CABLE. "I see," said the minister, "that the text of the note of the imperial government, presented through Ambassador Gerard regarding the re-opening of the direct cable to the United States, was published by the American papers on June 14. The American public has been given an opportunity to learn of the proposals of the German Government with reference to this."

Germany proposed to pay the entire expense of repairing the cable and putting it into operation, the president of the United States to be entitled to appoint censors at the American end of the cable in order to supervise all messages transmitted over it. You will have noticed that Germany proposed to permit news to be sent over this cable, uncensored so far as it was applicable to the military plan of campaign.

PERFIDIOUS ALBION. "The American public has also learned that the British Government, for obvious reasons, has taken no notice of these proposals. Great Britain apparently does not want the people of neutral countries to be informed in an impartial way on the events of this great war. The reasons are not far to seek. That is why, at the beginning of the war, Great Britain cut the cable. The result was that from the very first day only news coming from one side is being spread in the neutral countries."

"That is how Great Britain could mould public opinion in a way suited to her own purpose. That is how America could form a wrong opinion of Germany's methods of warfare, and that is how misunderstandings and a certain ill-feeling against Germany have crept in."

END OF GERMAN SOUTH WEST AFRICA

By Special Wire to the Courier. London, July 9.—Under the heading: "The end of German Southwest Africa," the Cape Town correspondent of Reuter's Telegram Company sends a resume of General Louis Botha's campaign. He concludes as follows:

"As a result of General Botha's tireless and salient advance and masterly enveloping movement in the face of enormous natural difficulties, he completely outgeneraled, outmanoeuvred and outfitted the Germans, and the capture or surrender of the enemy in the field was only the matter of a short time. As a result of the operations, all the British prisoners in the hands of the Germans have been released; 500 prisoners have already been taken and any attempt at scattered guerrilla warfare has been frustrated."

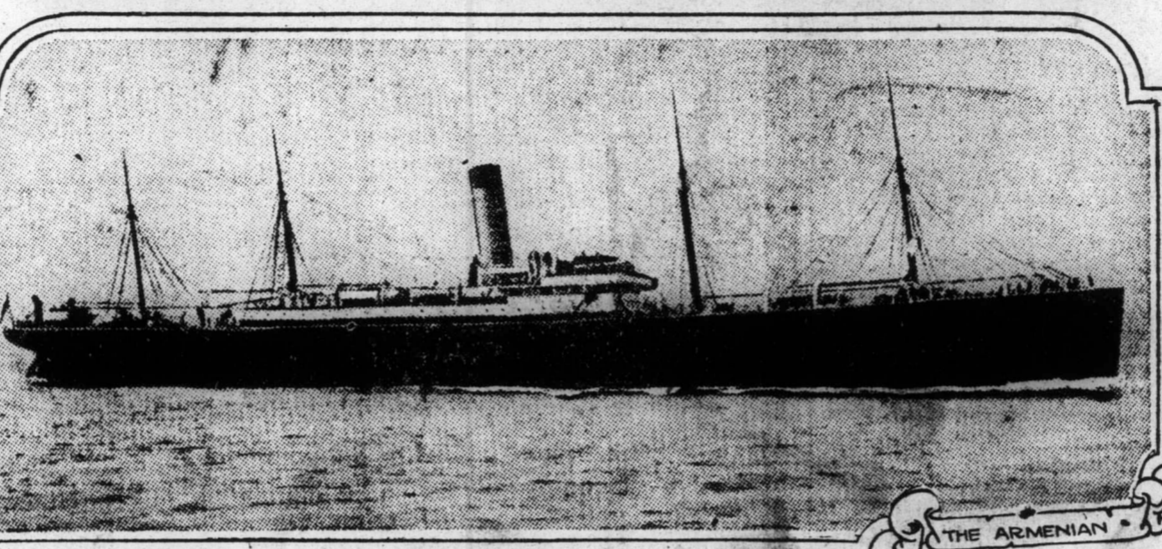

RUSSIANS AGAIN IN STRONG POSITIONS

By Special Wire to the Courier. London, July 9.—The German positions on the eastern front now exactly suit the Russian strategists, according to the Post's Petrograd correspondent. "Grand Duke Nicholas has got the enemy into the same positions strategically as he occupied last August," says the correspondent, "but with this difference, then the enemy had all the advantages of the smiling land, rich villages and great estates throughout his line of march, while to-day the enemy is in a desert ravaged by twelve months of warfare, with the roads cut up beyond all semblance of highways, while towns and villages are mere piles of ashes. The task of feeding and munitioning three millions of men two hundred miles from their base must appal even the German organization, yet the enemy must continue to advance, for a pause or backward step spells ruin. Altogether matters look most promising for the Russians."

SOME FOUNDATION.

By Special Wire to the Courier. London, July 9.—A despatch to the Times from its Mytilene correspondent, states that there is some confirmation for the report that General Liman Von Sanders was wounded by Turkish soldiers in the fact, which is now known, that Enver Pasha has assumed command of the troops defending Gallipoli.

AMERICAN LIVES LOST WHEN GERMANS TORPEDO THIS VESSEL

Twenty-two Americans are reported to have lost their lives when a German submarine craft torpedoed the steamship Armenian, of the Dominion line, en route from Newport News to Liverpool. President Wilson will await an official report on the attack before taking any action in the matter.

GENERAL BOTHA HAS NOW SHOWN MASTERLY ABILITY

Daily Mail Has Issued an Appeal For a "Peoples' Committee"

By Special Wire to the Courier. London, July 9.—After suppressing the rebellion against British authority in the Union of South Africa, General Botha took command of British operations against German southwest Africa, and headed an invasion of that territory late in February. His operations were reported to be uniformly successful. The forces under his command captured Olymbingue on May 4. Two days later it was announced that he had occupied the important railway junction of Carb, and other stations after a march of 25 miles over a waterless waste, during which the troops suffered severely from heat, thirst and hunger.

RUMOURS OF SOME CABINET TROUBLES IN GREAT BRITAIN

German South Africa Has an Area of Over 322,450 Square Mile

By Special Wire to the Courier. London, July 9.—The official announcement made by David Lloyd-George, the minister of munitions on July 7, regarding Viscount Haldane, ex-lord chancellor and secretary of war, and the question of the supply of war munitions, has started a political sensation in the United Kingdom of the first order, and it is being made the most of by the Northcliffe press to prevent what is declared to be an intrigue to get Lord Haldane back into the cabinet.

REMARKABLE TRIBUTE

Premier Asquith's remarkable tribute to Viscount Haldane, which was read at a meeting of the National Liberal Club, July 5, was regarded as paving the way for some attempt of this kind, and although most people take the view that it is inadvisable during the progress of the war to have these personal questions thrashed out, a small body of politicians is trying to force a parliamentary discussion. Sir Henry Dalziel, Liberal member for Kirkcaldy burghs, has given notice that he will ask Premier Asquith in the House of Commons on Monday whether Lord Haldane's disclosure of the proceedings of a confidential committee of the cabinet were made with the premier's authority, and it seems as though the government will hardly be able to avoid a public discussion.

TURKISH BUGLER MADE THE AUSTRALIANS LAUGH HARD

—BLEW THE CALL FOR "COOKHOUSE"—

Coached by German Officers the Turks Sought to Deceive Opponents by Blowing the Call "Retire," But Instead Only Played "Come to Cook House".

London, July 9.—The London Morning Post published a letter from an Australian trooper in the Eastern Mediterranean, indicating to what an extent the Allied troops in Gallipoli are confronted by German method and system. This letter shows that many features of warfare are now being practised in the Mediterranean to which the Germans gave prominence in the western theatre. In reverting to the gases used in Gallipoli, the writer of the letter states: "The shades of night naturally lend themselves to the guileful scheme, and it is under this protection that various orders are usually essayed. A fluent knowledge of English and, strange to say, a painstaking study of Bush slang seems to be part of the mental equipment of the German officers. No little confusion was caused at first owing to these men, whose knowledge of our units and their commanders was astonishing, and no doubt the result of secret service at Cairo, penetrating our lines and assuming the role of Colonial officers."

CLOTHED AS OFFICERS. "It must be understood that this did not signify guilelessness on our part or confusion in our ranks. We must not lose sight of the fact that owing to the desperate nature of the conflict, the great mortality among our commanders, and the rapid transference of units from one point to another, the various units were welded into one fighting whole. Nothing was easier than for a daring man to pass orders along the line, having previously clothed himself in the garments of one of our dead officers, and learned his name from the identity disc worn around the corpse's neck. I will enumerate, for instance, an authenticated story is told of a German, who, one moonlight night, succeeded in worming his way through the scrub unobserved (that was before the bayonet had to be resorted to). Steps were taken as soon as possible to prevent these daring German fooling us again like this. No order was permitted to be passed along, save in writing. This served as a safeguard against another danger as well. It became evident that keener scouts would creep up in the scrub and listen to orders being passed along, and gain much that was of use to their side. If ammunition running short was bailed too loudly it was more than an even chance. If an attack was on the way towards our line then, the trench short would bear the brunt of it."

SHREWDER EVERY DAY. "Of course, when at the earliest possible moment the units were re-organized, much of the danger mentioned above was eliminated. An authentic story is told of a German, who, one moonlight night, succeeded in worming his way through the scrub unobserved (that was before the bayonet had to be resorted to). Steps were taken as soon as possible to prevent these daring German fooling us again like this. No order was permitted to be passed along, save in writing. This served as a safeguard against another danger as well. It became evident that keener scouts would creep up in the scrub and listen to orders being passed along, and gain much that was of use to their side. If ammunition running short was bailed too loudly it was more than an even chance. If an attack was on the way towards our line then, the trench short would bear the brunt of it."

Now That South West Africa is Taken Troops are Released.

TOTAL LOSSES IN THE GREAT WAR FOR ALL NATIONS.

London, July 9.—According to an official appeal issued by the French Relief Society, the French casualties, from the beginning of the war up to June 1, 1915, total 1,400,000.

Of this number 400,000 are reported killed, 700,000 wounded and 300,000 taken prisoners.

This statement is the text for the following computation, from official sources, giving the latest estimates of the total casualties of all the powers engaged in the war:

Table with 5 columns: Country, Killed, Wounded, Prisoners and Missing, Total Casualties. Rows include France, Great Britain, Russia, Germany, Austria, Belgium, Serbia, Turkey, Japan.

NOTE—No report has been made officially of Italian losses.

PLAN FOR JUNCTION —OF AUSTRO-GERMAN ARMY— HAS CONE WRONG

By Special Wire to the Courier. London, July 9.—A Petrograd despatch to the Daily Mail says: "The Austrian army under Archduke Joseph Ferdinand, hurriedly pushing forward Monday on the high road from Krasnik to Lublin under the impression that the Russians were in full retreat, lost touch with Field Marshal Von Mackensen's army on the right. The Russians, who were nearer than the Archduke supposed, took advantage of his blunder in allowing the flank of his force to be uncovered. The aim of this Austrian force was to break through the Russian front, and success seemed almost within its grasp. It did not know that a wood beside the road along which it was advancing was full of Russians. The Archduke was vigorously attacked with disconcerting unexpectedness and lost no fewer than 15,000 men. "This setback delayed the advance of the entire Austro-German forces for three days, and it soon will be seen whether they will be able to pull themselves together. It looks however as though plans for the junction of the various armies of the Archduke and Field Marshal Von Mackensen at Lublin have gone awry."

Powder Mill Destroyed in England

By Special Wire to the Courier. London, July 9, 2.42 p.m.—Curstis' big powder mills at Hounslow, Middlesex, were virtually destroyed to-day by a series of explosions which occurred shortly after a hundred men had commenced work. No statement of the casualties is yet available. The explosion was heard for a distance of ten miles.

MUSIC AND DRAMA

Cannon will boom here to-night and to-morrow afternoon and night. Modern warfare and just what it means to those who take part in it will be shown by means of motion pictures at the Colonial Theatre.

The seven reels of active war scenes form the most thrilling and the most accurate report of the great European conflict that has yet reached Canada. They have nothing in common in merit or magnitude with any other presentation.

Actual conflicts in all their strategy, their relentlessness, their quick and decisive action and their varying results, are depicted plainly and consistently. There is not a foot of uninteresting or unimpressive film in the 7,000 feet. Skirmishes between the allies and the German forces are pictured, the surrendering of the German army, and other scenes of victory, capture and retreat will be presented for the first time here, and actual fighting, trench construction, trench tactics and final destruction without its repulsive horrors; handling, and care of wounded fighters on land and sea, enlistment of warriors, Belgian fighters, notables at the front; infantry, cavalry, artillery, Red Cross forces, army hospitals and ambulances, army kitchens, blacksmith and scouts, all at work, participate in the continuous action of the films.

Of peculiar local interest will be the departure for the front, of Canada's contingents, reviewed by the country's executives, and intimate views of active training at Niagara-on-the-Lake.

To tell of all the scenes shown by the films is impossible in necessarily limited space. One thing, perhaps, above all other impressions stamps itself upon the consciousness of those who see these pictures. That is that they are real flesh-and-blood pictures, made while real fighting was going on and taken by men who very evidently risked their lives to get them. There is nothing to suggest a carefully staged performance. The men on the films are actually engaged in the desperate business of war, as one fully realizes when the big guns are shown in action, hurling their death and destruction for miles through the air.

Every incident on the screen is explained in detail by a lecturer, who makes a day-to-day study of the ever-changing conditions in the theatres of fighting. The pictures serve admirably to supplement and to illustrate the news the world is getting on the struggle. The clearness and graphic exactness of the films suggest that if they were to be preserved with care they would form a wonderful living record of the greatest of all conflicts for generations as yet unborn to study in connection with the printed accounts of the campaign.

The pictures were first shown in great Massey Hall, Toronto, to wildly enthusiastic crowds.

NO ANSWER.
Washington, July 9—President Wilson has decided there will be no answer to Ambassador Gerard's inquiry for instructions concerning the tentative draft submitted to him by the German Government of its note on submarine warfare, and that no comment will be made by the United States until Germany's formal reply is delivered.

—The steamer Muskegee, from New Orleans, to Gothenburg, Sweden, has been detained and taken to Kirkwall for examination. The tank steamer Pioneer and Polarine have been released. The Muskegee sailed from New Orleans June 7, arrived at Newport News June 14th and sailed the

same day for Gothenburg. This is her second detention by the British authorities. She was held up at Kirkwall from April 7 to April 16 when on her way to Copenhagen with a cargo of oil and then released. The Pioneer, now was the American flag, formerly was the German steamship Klown. She was detained by the British authorities at Kirkwall late in March, but released on April 8 and allowed to proceed to Copenhagen

with a cargo of oil. She was again held on June 24 and taken into Kirkwall for examination. The Polarine, an American vessel, sailed from Marcus Hook, May 22 for Copenhagen. She was reported to have arrived at Kirkwall, June 7.

Good weather from the standpoint of the agriculturist has created a promising outlook for the Jamaican tobacco and sugar yields.

FEELING IS PESSIMISTIC OVER NOTE Washington Fears Unsatisfactory Proposals are Being Submitted. Washington, July 9—Information from Berlin that the German reply to the last American note would be handed to Ambassador to-day or tomorrow, together with the knowledge that the ambassador was to make no comment in advance of its delivery, brought the controversy between the United States and Germany to a critical point to-day.

THE fact that the German reply was not modified from the form in which it was submitted to the American ambassador a few days ago was responsible for the feeling of pessimism because it is known that the proposals originally sent are not satisfactory to officials here. There is a proposition, however, to await the arrival of the text of the note itself so that the exact phraseology of the communication, may be taken into consideration.

AMBASSADOR'S GERARD'S despatches containing the outline of the note and even some of the excerpts from it were somewhat garbled in transmission and it is not altogether certain that all the points made by Germany are clearly understood as yet. Of the chief question at issue, however, the German Government, according to officials of the United States is not ready to concede American rights to travel anywhere on the high seas on unarmed merchant ships as contended for in the last American note.

THE SITUATION

The most important news which has come over the Courier's leased wire to-day is that all the German military forces in German Southwest Africa have laid down their arms to General Botha. More domination in this section of the world was one of the Kaiser's hopes in connection with the precipitation of the present hostilities and now he has even lost that which he had.

Premier Borden has arrived safely in London and he will be received with the hearty cordiality which he has so richly earned. No man could quite so fittingly represent the Dominion there at this period, for he has throughout his life been a strong Imperialist and his handling of the Canadian end of affairs during the present crisis has been admirable.

Rev. J. A. Macdonald, editor of the Toronto Globe, is attending the World's Christian Endeavor Convention in Chicago and in an address he told his hearers that "armed peace had proved inevitable war."

BIG INCREASE ANNUALLY. London, July 9.—The arbitrator in the claim of postal employees for a war bonus, has awarded increases amounting to from 50 to 75 cents a week to employees receiving under \$16 weekly.

VON ZEPPELIN'S BIRTHDAY

Amsterdam, July 9.—Count Ferdinand von Zeppelin's 78th birthday was observed yesterday by celebrations in all parts of Germany, according to despatches from Berlin.

TAKES OVER CROP

Berlin, July 9.—A despatch from Brussels says that General Von Bissing, governor of Belgium, has issued a decree providing for the expropriation of the grain crop for the feeding of the civilian population.

YANKEES GETTING HURT

Zurich, Switzerland, via London, July 9.—Doctors and nurses of the American Red Cross serving in Vienna have been forced to appeal for protection to the Austrian Red Cross authorities.

lic places, the Americans have been undergoing many painful experiences at the hands of the Vienna public. The Austrian Red Cross authorities have issued a public notice protesting against such treatment of Americans who, they say, are not only entitled to every protection, but also to the gratitude of all Austrians for their great work of charity.

REDUCE BEER OUTPUT

Amsterdam, July 9.—The German brewery associations have ordered all breweries to reduce their output of beer to forty percent of the normal on account of the shortage of barley.

FORMAL APOLOGY

Vienna, via London, July 9.—Formal apology has been made by the Austro-Hungarian Government to United States Ambassador Penfield because of an abusive article printed in The Neues Wiener Tageblatt, attacking President Wilson and the American people in connection with the second note protesting against German methods of submarine warfare.

forced, then flung themselves on their pursuers. Vienna admits that the Austrians have been compelled to retreat from the Lublin region.

The only success claimed by the central powers alone, the eastern front is in South Poland, west of the Vistula River, where the Russians presumably still are withdrawing towards new lines around Warsaw.

ASSAULT BROKEN

Reports continue to reach here by way of Holland that the Germans are sending heavy reinforcements to the western front. The only news of the operations in that zone, however, is contained in the brief Paris report which relates that a German assault directed against trenches which the British had captured on Tuesday southwest of Pilken, was broken with heavy losses under the fire of British artillery and French machine guns.

The Daily News declares that more than 200 Liberal members of parliament have signed a tribute to Lord Haldane for his past services, which will be presented to him next week, and adds:

REPORTED DESTRUCTION

Berlin, July 9 (by wireless to Sayville)—The remnants of the British army stores at Arras in France, have been destroyed by a continuation of the German bombardment and by fire, according to information given out by the Overseas News Agency for transmission to-day.

The destruction of the cathedral has robbed the British artillery of an observation station, compelling them to change their location, the agency says.

(Continued from Page 1)

fore our engineers had put down the wire entanglements) and sauntered along in front of our lines exhorting our fellows to 'keep your pecker up.' 'A voice queried from the trench: 'Where from Matey?'

"Broken Hill", was the reply. "Who runs the big two-up joint?"

"No answer. 'Bang! Yes, the lads get shrewd every day, and they were not simple Simons when they arrived.

SHY OF RUINED GROUND

"In the matter of mines, too, the Prussian tried his hand, but with indifferent success. We had a good sprinkling of old soldiers among us who fought shy of comfortably constructed crossings and newly turned earth. We have been told that both the beach encampment and the larger one further back were mined in various places.

"The disturbance of the troops rest at night is another phase of Germany's influence on Turkish ideas of war. All night long an extravagant expenditure of ammunition goes on, serving no other purpose than to keep those manning the trenches alert. The general character of the night attacks is reminiscent of what we read of the doings on other fronts. The enemy advances frequently in close formation, making all manner of weird noises on their bugles and with their lungs. Our men when they hear the shouting call out 'Taalaa ena, 'Come here,' in Egyptian Arabic.

Hood's Pills cure constipation, biliousness and all liver ills. Do not gripe or irritate. 25c.

"COME TO THE COOK HOUSE" An incident which caused the entrenched line to meet one night in a spirit of good will when "Come to the Cook House" was blown frantically by the approaching foe, apparently in mistake for the "Retire." Ottoman buglers made nerve-racking slaughter of our calls, and all to no purpose. The old Prussian Guard scheme of advancing in two or more lines in close formation, with machine guns carried in the rear, was nearly, but not quite, successful. On the occasion when the Turks tried their luck with it, the front line lay flat just as one of our battalions was preparing to leave the trenches to wield the bayonet. As it happened, our men were ordered back, and our machine guns played havoc with that party before it could do any damage.

JUNIOR LEAGUE

At Tutela Park last evening the Stars defeated the Boy Knights. The score was 12-7. Of the runs, the Stars obtained 11 in the first innings, chiefly by errors, the Boy Knights having the best of the balance of the game.

GRAZED HIS BRAIN

Pte. Joe Robertson, writing to his people, who reside on Cayuga street, conveys the information that he will in all probability be home before the summer is out. He states that he had been invalided around quite a bit, and that the last bullet he got passed within one-eighth of an inch of his brain.

MISUNDERSTANDING

There was a slight misunderstanding the other day when an express wagon dumped a load of shoes at the rear of the Agnew shot store, and it being Wednesday there was no one to receive them. After the police had taken charge of the cargo, the manager was phoned for and the matter squared up.

BIRDS HAD FLOWN

The police had the unpleasant task of searching for two deserters in the Holmedale district the other day, two soldier brothers having overstayed their leave. Both, however, had skipped out and returned to duty in the interval of the police being warned from regimental depot and coming to search for them.

FINE RESULTS.

A meeting of the Finance Committee in connection with the Red Cross fund took place yesterday afternoon when highly satisfactory results were reported.

Not long ago it was decided to submit subscriptions on the basis of so much per month for six months, and the response was most hearty. At yesterday's meeting \$954 was reported for the first month, although some had paid up in full. The average for the six will be something over \$500 per month. At the same time, there are others yet to be called upon.

The ladies certainly deserve to be heartily congratulated upon the success of their new plan.

CAMPAIGN WORK SOON

To-morrow and Monday the Boy Knights are making a special campaign in connection with their play ground and summer school work, that is now being carried on. The boys and girls in connection with the work will have contribution boxes and also dispose of tickets for the tattoo that is being held on their grounds next Thursday evening by the Brant C. band, at which a splendid programme will be rendered. A meeting of the mothers was held yesterday afternoon and they will take charge of the serving of the refreshments. The work should find a ready response, and there should be no difficulty in raising the amount of money necessary for carrying the work on.

TWO PERMITS.

Two building permits were issued yesterday. Thomas Cain of 244 Nelson street was granted permission to erect a frame garage worth \$25. Lucy Yeates also was given a permit to build a frame double porch on her residence at 233 Brock street, worth \$110.

COLLECTIONS FOR SOLDIERS.

The Courier wishes gratefully to acknowledge the receipt of cigars and tobacco to the value of \$14.00 from the United Cigar Stores Co. for the soldiers at the front. The cigars are what they collected in their own box in addition to a gift from themselves.

CITY LEAGUE BALL.

In the City League Baseball series, Paris plays the Alerts on the Grandview grounds. Paris, it is understood, will be strengthened by the addition of a star pitcher from Hamilton. The double umpire system will prevail. Messrs. Schofield and Bradley officiating. Matthews and McDonald will be the battery for the Alerts.

POLICE COURT.

Another short list greeted Ald. Picher, acting magistrate, this morning. Calvin Cummin, charged with non-payment of wages, was discharged on the costs of the court, which amounted to \$6.27, were paid. John Sloan faced a charge of reckless driving, but the case was adjourned until next Tuesday. It will be remembered that it was Mr. Sloan who ran over the Chinaman several days ago. Matt Munch's case, that of stealing a bicycle, was again adjourned until Wednesday. The case against breaking the license by-law, against Elliston Cooner, was discharged. The last on the list was a drunk case. Mike Polann was taken in last night at about half past eleven. He was allowed to go because it was a first offence.

HAD RUN

Two trucks from the Central Fire Station had run this morning at about 5:15 a. m. The fire was found to be at 82 Oxford street, where Charles King and family reside. He keeps a boot and shoe repair shop, just behind the "Crest" butcher shop. Arising early he lit the coal oil stove in the kitchen preparatory to cooking breakfast and then went out in the garden for a few minutes. When he returned he found the interior in flames. He rushed to the stairs and helped his frightened wife and children out of a back window onto the shed roof and so to the ground in safety. The firemen arrived in a short time and soon extinguished the blaze with their chemicals. The building was not damaged, but the contents were considerably burned. No one was injured.

"OLD RESIDENTER"

Mr. Arthur Lloyd Usher is 79 to-day. He was born July 9th, 1836 at Stoney Creek, Barton Township, near Hamilton, at Albin Mills parsonage, and came to Brantford as a young man. He was a volunteer fireman for 7 years and railway employee for 25 years, also bandsman and volunteer, and was through the Fenian Raid. He calls himself a native and grew up with the village of Brantford, as it was in '36. Mr. Usher is still vigorous mentally and physically, and a large circle of friends will join with the Courier in extending hearty felicitations.

Men Say Doctors are Not on Spot

At 10.30 this morning eight recruits were at the Brant Dragoon headquarters awaiting medical examination. All of them looked likely specimens and it is hoped all would get through. In connection with the doctor's examination it looks as if a little sharp discipline exerted upon medical men would do no harm. Recruits have complained before about being kept waiting for hours until the doctor finds it convenient to attend. A regimental doctor should be present to attend to his duties as well as any other officer. If the local units wish recruits they should take care that the organization for receiving is up-to-date. It is very annoying for a prospective soldier to be kept hanging round for hours awaiting attention.

DRILLING ON SQUARE

The thirteen new recruits of the Brant Dragoons, dressed in the regular Dragoon uniform were drilling this morning on the market square. The men looked smart and keen and will soon become good soldiers.

ONE FOR THE DUFFS

Only one man was accepted last night at the armories but he is a good one. His name is W. H. Herdridge, sergeant of "A" Co. of the Dufferin Rifles, previous to his experience in the Dufferin Rifles he served four years in the Hampshire Territorials. On the whole recruiting at the armories is by no means in a satisfactory state. Recruits are not coming forward as they should. With the return from camp of several of the Duff's officers next week an organized campaign will begin and it is hoped that a sufficient number of men will be obtained. Whether it is lack of organization or lack of interest is not known yet but it looks to be indifference on the part of the men about town. In that case some sort of recruiting campaign is necessary.

DRAGOON RECRUITS

THOMAS MITCHELL, 21 years, single, 28 Ontario street, English. WALTER WINTER, 19 years, married, 303 Dalhousie street, English.

JAMES KIRTON, 24 years, single 34 Arthur street, English.

ARTHUR PHILPOTT, 19 years, single, English, 303 Dalhousie street.

ALBERT MACDONALD, 28 years single, Canadian, 9 Nelson street.

WILLIAM LIAMT, 24 years, single, English, 4 Stewart street.

CHRISTIE, 29 years, married, 2 children, Canadian, 4 years with Dufferin Rifles, 9 Galloway st. Two more recruits are expected to-day from the country. There are twenty-one recruits sworn in so far. Out of this number eighteen belong to the Church of England, two to the Methodist church and one to the Presbyterian.

Interesting Career is Now Closed

Many Brantforders who were interested in the old Brantford Ladies' College will note with regret the death of a one-time teacher in that institution, Miss E. F. Balmer. The late Miss Balmer had a most interesting career. She was one of the first lady students to enroll in the University of Toronto, and it is interesting to record that while that noble institution accepted her fees, it would not allow her to sit in with the gentlemen to take lectures. Instead, it built a small ante-room off the lecture rooms and there Miss Balmer, together with a couple of other lady students, sat and listened to the lecture, carefully hidden from sight of the male students. After graduating Miss Balmer taught in Strathroy Collegiate Institute, Brantford Ladies' College, and finally Harbord Street Collegiate Institute in Toronto. It is one of the ironies of fate that Toronto University, which so grudgingly granted Miss Balmer qualifications to teach modern languages has in late years, been forced to admit through its instructors in French to incoming students from Harbord Collegiate, that Miss Balmer was pre-eminently the best teacher in all Ontario. Miss Balmer's death was due to a peculiar cause. Ten years ago she was traveling in Italy, and there was stung by an insect. The after effects of this developed into the disease called Pellagra—very rare in northern climates—and it was this that caused her death on Tuesday.

REPLY RECEIVED.

By Special Wire to the Courier. Berlin, July 9, via London.—The German reply to the American note regarding the sinking of the Lusitania and submarine warfare was delivered to James W. Gerard, the American ambassador in Berlin late last night.

ENDORSEMENT GIVEN.

At the meeting of the Ministerial Alliance at the Y. M. C. A. yesterday a strong resolution was passed endorsing the organized playground work and summer school as carried on by the Boy Knights, under direction of Prof. Hunt. A committee, consisting of Rev. Mr. Kelly, Rev. Mr. Brown and Rev. Mr. Gordon was appointed to act in connection with the work.

Charles H. Fletcher, a young Englishman from Stratford, has been finally enlisted. Turner, down ten times, six of them in Toronto, because of defective teeth, Fletcher has had six teeth extracted and fourteen artificial ones put in.

Visit Mohawk on Monday to Inspect

The Board of Parks management met last evening at the city hall and held their monthly meeting. F. Cockshutt occupied the chair. Those present were Mayor Spence, F. Grobb, J. C. Waller, Wm. Glover, A. K. Bunneil and J. J. Hawkins. It was decided that the board should visit Mohawk Park on Monday afternoon at 3 o'clock, accompanied by the chairman of the building and grounds committee. The park will be examined as well as the buildings and improvements discussed. The board decided to place two public fountains with bubblers attached, in Alexandria and St Andrews parks. A delegation, consisting of Mr. P. A. Schultis was present and requested that leave be given a summer show to use Tutela park for a short time during the summer. This permission was refused and only 15 Tutela park closed to such shows but also all other city parks. After some routine business had been transacted, the board adjourned.

Call Extended to the Rev. D. Alexander

Immanuel Baptist Church has extended a unanimous call to Rev. David Alexander of Fernon, Ontario, to succeed Rev. C. J. Loney, who has recently gone to the Stanley Avenue Baptist Church, Hamilton. Rev. Alexander is a graduate of McMaster University, in the English theological course, and has studied in Edinburgh, Glasgow and London. He has held successful pastorates in Hartley, Manitoba, East Toronto, and his present charge, which he has been serving one of the strongest Baptist churches in the Ottawa Valley. He is 28, a comparatively young man, and most highly spoken of. His acceptance is anticipated, and he and his wife and family will move to Brantford in time for him to take the services Sunday, August 1st.

Victorian Order

The Victorian Order of Nurses met on Wednesday morning in the public library. Miss Johnston, who had been engaged to take charge of child welfare work was present and is already busy among the little ones of the city. A subscription of \$100 was received from Farrington church toward the work of the order.

The following report of the nurses for the month was read. Number of new cases 66; total number of cases nursed, 92; average daily hours on duty, 9; average Sunday hours, 3 1/4; night cases, 13; operations, 3; nursing visits during month, 312; surgical cases, 4; number of paying patients, 21; number of non-paying patients, 10; number of Metropolitan Life patients 7.

The following letter was read with reference to the offer from the Victorian Order of Nurses to the Militia Department, regarding the care of wounded soldiers returning from the front.

Department of Militia and Defence: Ottawa, June 7, 1915. J. T. Courtney, Esq., C.M.G. 1915. President Victorian Order of Nurses, Ottawa:

Dear Mr Courtney—On behalf of the committee appointed to deal with the care of wounded soldiers, C.E.F. returning from the front, allow me to thank you sincerely for your letter of the 5th inst., offering the services of the Victorian Order of Nurses to the Department of Militia and Defence in connection with convalescent homes, hospital, and invalids arriving at their places of residence. I am at once sending a copy of your letter to all officers commanding divisions in Canada, where the Victorian Order of Nurses has establishments asking them to get in touch with the representative in their district with a view to their co-operation. I might say that the general idea, outlined in the present letter, is that a central or clearing hospital is being organized in Quebec at the port of debarkation, where invalids will be received, treated and passed on as soon as possible to convalescent homes organized in the several divisions as required, and to their own homes as desired by the invalid.

The administration of this home and hospitals will be under the officer commanding each military division and their several staffs. I shall be glad to communicate with you again when any further information is available.

Yours sincerely, G. S. MANSSELL, Lieut.-Col. R. C. C. D.G.E.S.

Chairman of Committee on Convalescent Homes.

BRANT THEATRE

The final episode of "Runaway Tins" is shown, and it explains why June ran away, and the rather complicated actions of the party while in Bermuda. The ending is very satisfactory. The vaudeville bill is a splendid one. "The Leach" Quin's "Trio" stage a wire performance that is just what it is claimed to be—a novelty. The three Burns sisters certainly prove to be a diversion, as their singing is excellent. They were encored several times. For a comedy, clever comedy, Mr. and Mrs. Thornton have few equals. They kept the entire audience roaring from the time the curtain rose for their act until it fell after the last encore. To every lady attending to-day's matinee, a handsome photo fan will be given.

Reception at Wellington St. A "Right, royal reception" was accorded the Reverend Dr. Henderson, the incoming pastor of Wellington St. Methodist Church and Mrs. Henderson last night. The event took place in the church parlors and the young and old of Wellington street church as well as representative members of sister Methodist churches throughout the city gathered to honor the pastor. As the people arrived they were greeted cordially at the door by Dr. Henderson, who took this way of becoming acquainted with the members of his church. Dr. Henderson is a minister of many years experience and has been stationed in many places and numbers of persons. Last night he addressed himself, claiming acquaintance with him on the strength of having known him in the years gone by. After the people had assembled they were called to order by Mr. W. G. Rankin, the chairman of the evening. A short program of speeches followed. Mr. J. W. Shepperson on behalf of the church, Rev. Mr. Lavell on behalf of the District and the Ministerial Alliance, Mr. Fred Mann on behalf of the Methodist Union and Rev. Mr. Martin as a pastor of a neighboring church delivered addresses of welcome. All of the speeches were illustrated by apt and humorous anecdotes, but nevertheless the welcome, expressed by them, was hearty and sincere. Dr. Henderson made a suitable reply and voiced his deep appreciation of the "right royal reception" and promised to do his utmost on behalf of his people. At the close of his address Mrs. Henderson was invited to the platform and received a hearty reception. Interspersed between the speeches was a piano selection by Mr. Thos. Rankin, the chairman of the church, and a song, "The Admiral's Broom" by Master Fred Charles of Toronto. This is a rollicking sea-song, very difficult for a boy to sing, but Master Charles scored a triumph, he possesses a wonderfully sweet voice. Refreshments consisting of ice cream and cake kindly provided by the ladies of the congregation were then disposed of and the meeting came to a close by singing, "God save the King." The whole assembly was marked throughout by an easy, friendly spirit and augurs well for the success and popularity of Dr. Henderson and his wife in the work before them. POAD LOST GAME TO BRANTS BEFORE HE WAS PULLED OUT IN SECOND

CLOSE WENT IN AND STRUCK OUT ELEVEN, ALLOWED ONLY THREE HITS AND NO WALKS—NEW FIRST BASEMAN, BARGER, MADE DOUBLE PLAY AND CERTAINLY LOOKS GOOD.

It was certainly a hard game for the Brants to lose, for they played well and recovered the handicap of two runs which had been placed upon them as a result of Poad's weak delivery. The score was tied up in the sixth and it looked as if the tie would be broken until extra innings had been played, but the unexpected happened, with the break in favor of the visitors. It was when McGroarty popped out to Dunlop that the error was made, for owing to the slippery condition of the ground, Dunlop fell and Cristall made the play from third. Close when he went onto the mound in the middle of the second, pitched an excellent game. He struck out eleven of the Hams. The Cristalls couldn't connect with the clever batters, and especially in the last inning they struck out very quickly. Dunlop allowed only three hits to be made off him, and gave not a single base on balls. Hamilton took advantage of Poad's weakness and scored two runs, one in each of the first two frames. With two out, Zeimer singled and on Poad's wild throw to first, ambled around to the second sack. Then Tiffany became aggressive and hit the

sacrifice fly, which only a Burrill could have caught, brought Cristall home. Then the Brants came across with their second run in the seventh. Fried was thrown out at first, but Close singled to right field. Dunn forced him out when he sent out an easy roller to Linneburn. The Hams almost staged a double at this juncture, and it was only Dunn's fastness that saved him. Comstock selected a hickory and leaned on one of Armstrong's benders. The pill sailed over Linneburn's head, and then dropping, rolled along just inside the boundary mark. This sent in Dunn, but only placed Comstock on first. The frame ended when Ivers fielded Cooper's grounder just off first. That ended the scoring for the remainder of the game.

The Brants' new first baseman certainly looks promising. He pulled off a spectacular double unassisted in the third. Linneburn was on first and was kept there until Zeimer went to bat as Cristall had fanned. But he was destined to die right on that sack, and ultimately did so a few seconds later. It happened that when Zeimer rapped out a hot one, apparently out of Barger's reach, Linneburn started to beat it for second as fast as he could but the tall Barger leaped into the air and just got his fingers on the ball. Linneburn came ambling back, but he had been touched out before he stopped running for second. In four times at bat, Barger slammed out two safe singles. He was a little nervous, but that will wear off, as he is only a youngster. Comstock was hitting far better than usual yesterday, and had three bingles chalked up to his credit in four times at the plate. Cooper certainly can peg to second. He prevented several steals with his straight, swift throws. He doesn't think it necessary to straighten up to return the ball to pitcher's box unless he wants, and several times he surprised the fans by peeing while stooping down. And they were good pees too. None of the Hamilton aggregation accomplished anything more than one hit, because Close's invincible benders completely baffled them. The score is as follows:

A FOURTEEN-INNING DUEL

Guelph, July 9.—Guelph divided a double-header here yesterday with Ottawa, winning the first, which went fourteen innings, by 1 to 0, and losing the second 6 to 1. "Shag" strained his side in the opener and will be out of the game for a while.

NEWARK FEDERALS TO MOVE, IS RUMOR

New York, July 9.—It was stated in Newark on excellent authority last night that the Newark Federal League Club will be transferred to another city before the close of the present season. The patronage has been so poor that the venture has proved a disappointment to Pat Powers and Harry F. Sinclair, the owners of the club.

Baseball has been a big failure in Newark, both at the International League Park and also at the Federal Park. The International League club was shifted to Harrisburg, and the support of the Feds has been so poor that Federal League officials are seriously contemplating the transfer of the club to another city. Some time ago the club released its manager, Bill Phillips, in order to reduce expenses. The venture in Harrison Park was very costly. A large amount of money was spent in the construction of the plant at Harrison Oval, which will be a burden on the hands of the league when the transfer is made. The

Sunday patronage has been fair, but the attendance at the week-day games has been light.

FARMERS TOUR ONTARIO TO OBTAIN POINTERS

The first of a series of motor tours inaugurated by the Provincial Department of Agriculture for the purpose of giving farmers an opportunity of visiting the leading farms throughout Ontario, commenced yesterday when fifty farmers from Dufferin county started on a three days' tour of Ontario county. The party

spent yesterday in the vicinity of Whitby, and besides visiting a number of farms, inspected the new government asylum farm there. The party is in charge of Mr. H. A. Dorrance, district representative for Dufferin county. The touring farmers returned to Toronto last night. On their way to Guelph to-day they will inspect the farm of Mr. John Gardhouse at Weston. The chief place of interest at the Royal City will be the Ontario Agricultural College. It is the intention of the Provincial Government to popularize these tours in different parts of

TWELVE ARE DEAD: THE MAYOR TALKS WARRANTS

Revised Figures Show 92 Injured, Two of Whom May Die—Attorney-General Will Act on Result of Coroner Greenwood's Inquest.

Toronto, July 9—Twelve persons dead and ninety-two injured, two of whom are in a critical condition, is the corrected count of the worst accident in the annals of Canadian electric railways. All in the accident were from Toronto.

BRINGING DEAD HOME.

Six bodies still lie in the morgue at Niagara Falls. They will be brought to Toronto by boat this morning, a special car on the electric railway bearing them down to the boat. They are: Charles I. Jennings, Sidney W. Grant, Robert Watson, Albert E. Little, Reta Wiggins and Dorothy Keates.

SIX LEAVE HOSPITAL.

Six of the injured from the Queenston accident, who were admitted to the General Hospital on Wednesday night, have been discharged. They were: Miss Ruby McBrien, 90 Caroline avenue; Mrs. Jane Kets, 228 Niagara street; Mrs. Elizabeth Cameron, 58 Caroline avenue; Miss Myrtle Nurse, 1 Neville Park boulevard; Baby Gregg, 39 1-2 Boston avenue; and Harold Raynor, 49 DeGrassi St.

STILL IN HOSPITAL.

In the Niagara Falls General Hospital are 22 injured, all doing well, although several are badly hurt. The more seriously injured are: Frankie Chanter, 157 Carlaw avenue, both legs broken and head bruised; Mrs. Hall, 16 First avenue, internal injuries; Sarah McWatters, 782 Logan avenue, right foot amputated; Gladys Newton, 91 McGee street, both legs and arm broken; Nelson Follitt, 150 Riverdale avenue, collar-bone and arm fractured; Mrs. Carlaw, 157 Carlaw avenue, arm broken and body severely bruised. The others are bruised and shaken up but will be able to leave in a few days.

REVISED LIST OF DEAD.

HAROLD JAFFRAY PARTKIDGEE, organist Woodgreen Methodist Church; residence 22 Garden avenue. CHARLES P. JENNINGS, accountant Imperial Varnish and Color Company; residence 503 Broadview avenue. S. W. GRANT, advertising manager Westminster Publishing Company; residence 84 Langley avenue. MISS ELIZABETH CROMBIE, maid employed by Rev. J. McPherson Scott, pastor of St. John's Presbyterian Church. BRANTS AND SENATORS WILL BE COMPETITORS FOR LEAGUE PENNANT

This is Shaughnessy's Opinion of How Season Will End—Large Squad of Visitors are Coming From Ambitious City on "Booster's Day."

A rosters contest, such as the Brantford sporting fraternity frequently witnessed and participated in when lacrosse boomed here, will be one of the "Booster Day" features at Agricultural Park Saturday afternoon when the Hams and Brants will clash in a double-header. Hamilton, according to the Ambitious City sport writers, is going to send up a large delegation of fans to boost and root for Billy Cristall's braves, and they will match their lung power against that of the Brants' followers. Some real excitement is sure to result, and apart altogether from the outcome of the games, this feature will be worth the price of admission.

Their successes of the past couple of weeks have restored the confidence of the Brant players, and they are putting a lot of ginger into their work. Ball games, like elections, and horse races, are uncertain propositions, but, as with horse races, class ultimately tells. Fans who have seen the Brants play of late realize that they have the class, and now that they have struck their stride, are satisfied that it is only a matter of time before they are up fighting with the leaders. By taking both ends of "Booster's Day" double-header, they will get within striking distance of their old-time rivals, the Hams, and with the assistance of a big home crowd, they are confident of their ability to turn the trick.

A JOCKEY-SOLDIER'S STORY

Trooper H. Layden, of the 2nd King Edward's Horse, who is a native of Liverpool, and has been a cross-country jockey in France, and joined the King Edward's Horse in August, writing from the front says: "People in England have something to be thankful for—that the Huns are here and not there. I have just heard that they have been dropping bombs round—, but that is nothing to what they would drop if they arrived in their tracks, so I have done a bit towards it. If they do get me I have the pleasure of knowing some of them went first. To read about the strikes in England makes me sick. They would have to strike hard if the Huns paid them a visit; but don't worry, we will whip them at the finish and pay them back in their own coin. But we want help from England, otherwise the war will be a long one. It is no use people walking about asking for the end of the long war. I can't tell them; a long time if they don't get busy and help us all they can. Settle their differences after. Those who think the Germans are beaten don't know much about them; but now is the time with Italy's help to whip them like curs, but unless the people in England realize this and do all they can we will have had our trouble for nothing—they will beat us." In the course of a further letter Trooper Layton says that the first lieutenant was shot through his head while he was talking to him, but the wound was not fatal. The trooper himself was blown out his feet without being injured.

The moulders employed in a number of foundries in Falkirk and district came out on strike recently in connection with a question of wages. Some time ago the Central Iron Moulders' association, in conjunction with other trade unions made a demand for an increase of wages on behalf of light castings workers in Great Britain and Ireland. Negotiations took place, and in the meantime other foundry workers were granted a war bonus. Eventually the demand was referred to a Court of arbitration under the Industrial Disputes Act, which met and awarded the following increases to the men: Penny per hour to workers paid by hour, 4s per week to men paid by week and 10 per cent to pieceworkers to take effect on 28th May. This was the full demand of the men except that it did not come into operation, as asked by the workers, as from 5th April. Dissatisfaction has been aroused by the award, the men contending that as other workers have been paid a war bonus since 5th April they should also receive as from that date the advance now conceded to them.
