NEWCASTLE HOLDS ENVIABLE RECORD

Sackville, N.B. May 8th 1924

Mr. Wm. Ferguson Editor and Manager Newcastle, N.B.

Dear Mr. Ferguson:— I do very appreciate your editorial under the caption "Boost New Brunswick" which appeared in the Union Advocate on May 6th. By impressing the people in your publication as to the need of greater publicity and development of New Brunswick you are certainly doing a worthy work. On behalf of our Association I wish to thank you for your co-operation; which has resulted in Newcastle holding the enviable record of paying a larger percentage of baby drafts than any other town or city of New Brunswick. I think it is only fair for you to state through the columns of The Advocate that I am very grateful to the people of Newcastle for the magnificent way in which they rallied to the support of our Association.

Yours very truly
C. C. AVARD
President of the New Brunswick Tourist & Resources Association

NAT. HOSPITAL DAY FITTINGLY OBSERVED

National Hospital Day on Monday May 12th was fittingly observed at the Miramichi Hospital. "Open House" was held between the hours of three and six and a large number of citizens attended. The Miramichi Hospital Aid furnished the guests with a delightful tea in the foyer of the Hospital and a special musical program was rendered. The Hospital Staff escorted the visitors through the institution, providing an excellent opportunity for them to see what a fine institution is being conducted in this section of the province for the alleviation of suffering. The Miramichi Hospital has a high reputation in Eastern Canada. It is well managed by a Board of leading business and professional men; has a most efficient and courteous nursing staff; enjoys a staff of experts and general medical practitioners and has in its connection an Hospital Aid, comprising a number of auxiliaries, which does a most noble and worthy work.

National Hospital Day which is a "come in and get acquainted day" of the thousands of hospitals of the U.S.A. and Canada has awakened remarkable interest in the great work of these institutions of mercy. Presidents, heads of states and provinces; Mayors and influential men and women of all classes are co-operating in helping the hospitals to tell their communities of their service. Although the idea of a National Hospital Day was originated only as late as 1921 the movement is generally observed throughout U.S.A. and Canada and has aroused interest of progressive hospitals in Alaska, China; Egypt; Hawaii; and in other parts of the world.

BOY SCOUTS ATTEND SERVICE

The Boy Scouts of the Baptist Anglican, Methodist and Presbyterian Churches comprising 32 members attended divine service in St. James' Presbyterian Church last Sabbath morning under the direction of Scout Master D.J. Gulliver, Ass. Scout Master Earle MacDonald and Troop Leader Waldo McCormack. This was the first public parade made by the Boy Scouts and they presented a fine appearance in their new uniforms and ensigns. This discipline was of a high standard and deserving of much credit not only to the rank and file, but also to the officers who doubtless have taken great pains in preparing them for their duties. The Troop gathered at St. James' Hall and from there marched to church to the beat of the drum by Drummer, Elmer Nevin, who kept remarkably good time. Rev. L.H. MacLean addressed the troop on Scout Law and ideals. It is the intention of the Boy Scouts to continue their parades to the different churches in town.

"WHOOOPER" DERAILED NEAR UPPER BLACKVILLE

A derailment on the Newcastle-Fredericton Subdivision of the Canadian National Railways Friday night blocked that line until Saturday morning when traffic was restored by building a temporary line around the wreck. The "Whooper" train, officially No. 257 from Newcastle to Fredericton left the rails at mileage 29.5 which is a short distance north of Upper Blackville. The locomotive remained upon the rails but the tender, baggage car and two passenger coaches all went off. Passengers were shaken up and suffered some bruises but no serious injury. The express for Newcastle went out on time but could not pass the wreck. Passengers were transferred to that train which travelled backwards as far as McGivney where there are turning facilities, and reached Fredericton at about six o'clock Saturday morning. Passengers from Moncton had a long wait at McGivney as the train did not reach there until an early hour. Service was restored Saturday morning. The train from Newcastle was running some forty-five minutes behind schedule but otherwise the service is normal except at the break where the temporary line is in use. The accident was due to the fact that the engine did not leave the rails although all the rest of the train did. A wrecking crew is at work clearing the line.

No Flood Damage
The C.N.R. reports no damage by freshet along the line of either the Valley or Newcastle-Fredericton Subdivisions. The St. John River is receding slowly and the Nashwaak is doing the same. The Miramichi is high but has caused no damage.

REPAIRING STREET
The Public Works Department has a crew of men at work repairing the street between St. Andrews' and Mr. J.H. Hennessy's store. This has been a bad piece of road for some time and was badly in need of repairs.

SOME N. B. ROADS OPEN TO TRAFFIC

The Provincial Department of Public Works has declared some of the trunk roads of the province open for motor traffic. Some of the highways are in excellent condition but others have frost holes in places. The freshet also has blocked some roads to traffic. On some stretches of highway the prohibition of motor traffic still exists. In general the highways are in good condition after a fairly severe winter.

Detailed Report
The road from St. John to St. Stephen is open for traffic and is in good condition. The road from Fredericton to St. Stephen is open for business traffic. Cars may find trouble between Brockway and Bailley. The road from Fredericton to St. John is open with a few frost holes on the Broad Road and near Carleton Place.

Oromocto Flats Flooded
The Oromocto Flats are flooded and traffic must proceed by the Harris Bridge. The Department advises no motorist to use the road except in case of absolute necessity. From Fredericton to Woodstock the road is reported in fair condition and is open. The road between St. John and Moncton is open from St. John to Penobscis but from Penobscis to Moncton is closed. All other roads in the Province are closed to motor traffic until May 15th inst. which is one week later.

ARBOR DAY FRIDAY MAY 16

P.J. McFarlane School Inspector District No. 1 has appointed Friday May 16th as Arbor Day in the Public Schools. The co-operation of parents and all others in the district is invited and attention should be given not only to the school grounds and premises but to the road-sides and other public premises as well. To insure satisfactory results good trees should be purchased by the Trustees and properly planted. The attention of Teachers is also directed to the importance of preparing for the observance of Empire Day which falls on the last teaching day preceding the 24th of May. It is most desirable on Empire Day to hold a public meeting in the Assembly Hall or School Room at which in addition to the program prepared by the teachers and pupils there may be addresses of a patriotic nature by rate-payers or visitors.

Stewart Tropp

Of Moncton writes: "it may be gratifying for you to learn that nowhere throughout the whole of the United States were we able to obtain chocolates that we considered as good as yours." The process of wrapping candy is an interesting one. Take the old

fashioned favorites, Molasses Kisses. Several automatic machines cut these to size, wrap and twist at both ends the paper used to cover. Each of these machines works at the rate of 120 wrappings a minute.

It is estimated that a total of 1,000 cases of 400,000 boxes of lemons will be produced in California this year. A record crop.

MAGIC BAKING POWDER

This is the Baking Powder that you can always rely upon.

Community Loyalty

Have you ever stopped to consider the fact that loyalty to community interests is the highest form of patriotism? Show us the man who is loyal and true to every interest of his own community and we will show you in that same individual a man in whom his country can repose absolute confidence in any emergency that calls for his allegiance.

On the other hand the man who is careless and unconcerned for the interests of his community is most apt to display the same spirit of indifference towards his government or his country should any serious danger threaten either.

Try to imagine our own province of New Brunswick composed of communities welded and cemented into a symmetrical whole, each one striving to excel the others but each from its own locality developing a broader and deeper loyalty—a loyalty that reaches out and embraces the whole.

This would be brought about if we could be brought to see that we owe allegiance to our own people but that the prosperity and success of others is in no wise a detriment to us but rather a help that if each community would develop itself to the utmost—materially, mentally and morally—none would need to dought to detract from another's interest.

Let us develop community loyalty to the full—the highest possible form of patriotism.

Population of N. B.

According to the Canada year Book for 1922-23 which has just been published the population of New Brunswick is 387,876 and of this number 131,664 are English; 68,670 Irish; 51,808 Scotch; 121,111 French and 1,360 of other nationalities.

**PREMIER VENIOT
ACTING MINISTER
LANDS AND MINES**

Hon. Peter J. Veniot will assume the duties of Acting Minister of Lands and Mines as a result of the elevation of Hon. C.W. Robinson to the Senate in addition to his duties as Premier and Minister of Public Works.

When the Premier learned that Hon. Mr. Robinson's appointment had been passed by the Federal Cabinet on Saturday which automatically vacated his seat in the Provincial Legislature and also his seat as a member of the Provincial Government he said that practice required the Premier to become the Acting Minister until the Government took action in the matter.

The Provincial Cabinet will not meet again until the first week in June and meantime Premier Veniot will act. Until I discuss the matter with my colleagues in the Government I shall have nothing to say as to who will be Hon. Mr. Robinson's successor" said the Premier, who also declined to comment upon the reports that the Department of Lands and Mines might go along for some time with an Acting Minister.

Tell it to the Editor

Every newspaper editor is desirous of printing all of the legitimate news of his subscription field that is the object of his paper.

But unfortunately an editor is partly human—he at least is moulded in human form. He does not possess a dozen pair of hands or legs; or eyes; or ears—for the collection of this vast fund of information.

That is why the editor urges you to tell him what you know—to keep him informed of the doings of your self and family; of your friends of the community in general.

It is the only way to make a good paper—and a good paper is one of the prime requisites to a good community in which to live and do business.

Tell it to the editor.
He'll tell others—if its tellable.

WRIGLEYS

**"Child's Eyelids Inflamed
Stuck Together and Bled"**

Mr. E. P. Kimball, Entwistle, Alta., writes: "Our little girl from birth was troubled with inflamed eyelids and in spite of several remedies, grew worse until at the age of sixteen months her eyes could not be opened after sleep without bleeding, a waxy discharge sticking the lids together and adhering with great tenacity. The child's grandmothers were consulted by mail, and both responded with a little sample box of Dr. Chase's Ointment. These were used as directed, and lasted until we could obtain a further supply from Edmonton. Improvement was very marked from the first application. The waxy discharge was easier removed and did not reappear. Inflammation subsided and has not returned."

"Fruit-a-lives", the wonderful medicine made from the juices of apples, oranges, figs and prunes, is one of the greatest means of doing good that this country of ours has ever known.

"Fruit-a-lives" is bringing health to hundreds and hundreds of people who suffer with chronic Constipation, Biliousness and Dyspepsia.

Mr. Frank Hall of Wyevalle, Ont., says, "I purchased a box of 'Fruit-a-lives' and began the treatment. My condition improved immediately. The dyspepsia ceased to be the burden of my life as it had been, and I was freed of Constipation."

50c. a box, 6 for \$2.50, trial size 25c. At dealers or sent by Fruit-a-lives Limited, Ottawa, Ont.

The Home Newspaper

Here is a little straight-from-the-shoulder talk by the Cumberland B.C. Islander: There seems to be a feeling among business men that a newspaper has no business to make money. Why not? It is the most exacting business in the world the most trying in every way. It means long hours and the greatest care in its conduct. The newspaper has the entire public to deal with. It is criticized on all occasions. It has to deal with all the cranks in the community and to do this successfully requires judgment and patience. It has the power, and that power—to the credit of journalism is nearly always wielded for the public good. No question of vital concern to the home people fails to find strong support from the home newspaper and this too without remuneration. The publisher spends his money to further these projects and the community never gives a thought to the matter of cost to him. It is not paid for out of the public pocket. Every town needs a good newspaper and the way to have it is to assist in making the business profitable. The newspaper wants every concern to prosper. Why should not this good-will be returned? To make a profit, to earn interest on the investment the newspaper must have a living rate for its paper and its advertising space.

**Tourist Trade &
Forest Fires**

The tourist trade of Canada at present is estimated to be upwards of fifty million dollars a year. The railways handle so many enquiries from United States tourists planning outing trips to Canada that the chief difficulty at the present time is to provide proper hunting and fishing camps in Northern Ontario and Quebec to accommodate the influx of Americans. It is well to note that the 'tourist income' of Canada is very largely a 'forest income.' The lure of Canada is identified in the American mind chiefly with splendid opportunities for outdoor sport such as fishing and camping and thousands of our neighbors await only the extension of camp and guide facilities in certain districts of Central Canada.

Those identified with railways and tourist business realize that the chief foe of a vast tourist traffic to Canada is the Forest Fire. Many of the most beautiful and well-stocked woodlands have been horribly devastated by fires set by reckless campers and smokers. Last year no fewer than 4,600 such fires were started by human agencies. And it is safe to say that in hundreds of the burned areas the possibility of tourist traffic is eliminated for fifty years to come.

Any woodman knows that fish and game are destroyed or driven out by forest fires. Stream and lake conditions, the stores of food and the cover are fatally altered when fires pass through.

**REDBANK MAN
UNSCATHED BY
MANY DANGERS**

More adventures befell A.J. McAllister; foreman of telephone construction for the Ontario Forestry Department on Saturday last, in half a day's journey from Red Cedar Lake to Field on the C.N.R. than befalls the average man in a lifetime. In the course of the trip he escaped death from drowning; faced two packs of wolves; and was finally stricken snowblind before at last reaching Field.

McAllister left O.P. Chee Point on Red Cedar Lake and was taking a short cut on snowshoes over the dam into Island Lake. Just below the dam the ice and snow broke from the bank where the current was swift and McAllister was thrown into the icy water. He took his hatchet from his belt and chopped it into a small cedar tree overhanging the bank—just in time to save himself from being drawn under the ice by the current. After considerable trouble he managed to pull himself out of the water—the hatchet fortunately holding him firm. After wringing out his stockings and getting the ice off his snowshoes he proceeded on his trip down Island Lake to the canal leading to J.B. Smith's landing. Half a mile from the landing he was confronted by five timber wolves. The animals faced him but McAllister drew his hatchet and advanced whereat the wolves fled to the timbers. As the last of the pack was about to enter the bush he stopped for another look at the forestry man then turned tail and disappeared.

McAllister was figuring that this was about enough adventure for one day and had proceeded about two miles farther when he met three more wolves. One was sitting down near the road and the others were standing up. The wolves did not seem hostile but made no sign of moving away. McAllister passed by unmolested; the wolves watching him about 300 feet away.

His troubles however were not yet over. The day was clear and a bright sun was shining with the result that his eyesight began to fail. He was stricken with a mild form of snow blindness and had great difficulty maintaining his course. He finally managed to reach the station at Field; but his eyes were in such bad shape he could not see to even write a telegram. Treatment over the week-end however rested his eyes to normal and today he is none the worse for his experiences.

The above mentioned Mr. McAllister is a son of the late Wm. McAllister of Sunny Corner and has been away for the past forty years. About four years ago he paid a visit to his native home.

OBITUARY

MRS. C. A. MITCHELL
The death of Mrs. C. A. Mitchell took place on Tuesday afternoon at the family residence 323 Scarborough Ave. Her husband C.A. Mitchell is connected with the license branch of the provincial secretary's department and C.R. Mitchell provincial member for Bow Valley is a brother-in-law.

The deceased had been in poor health for some time and at the time of her death was 58 years of age. She was born at Truro, Nova Scotia but had resided in the west for a good part of her life. Her husband worked on the early construction of the C.P.R. through the

Rocky Mountains in the west. In addition to her husband she is survived by two daughters Mrs. W. J.A. Mustard of Edmonton; Miss Marion Mitchell of Calgary; two sons C. Albert of Calgary; Kenneth B. of Calgary and one daughter in law Mrs. Marion Mitchell of Calgary. The remains have been removed to the Armstrong funeral home and the service will be held at the family residence on Thursday afternoon at 2 o'clock, Rev. Dr. Winchester officiating. Interment will be made in the Burnside cemetery—Calgary Daily Herald April 24th.

RUSSIA'S NEW NAME

Ottawa has received notification from Postal Administration at Moscow that the official name of their country is now "Union of Soviet Republics" and that this address instead of Russia should be used on correspondence.

CANADA THIRD LARGEST OWNER OF AUTOMOBILES

Canada has experienced an increase of 170 per cent in the number of Canadian-owned motor vehicles. Ten years ago there were only 50,558 cars and trucks in the country compared with the official figures just made public of 642,571 at the end of 1923. In 1903 the total motor vehicles registration for the Dominion stood at but 220.

World registration of motor cars and trucks totals 18,241,477 of which 15,222,655 is represented by the United States and 653,318 by the United Kingdom which although possessing a population considerably larger than that of Canada only boast of 10,000 more motor vehicles.

It will thus be seen that the Dominion is within 10,000 of being the second greatest motor-owning population in the world. In this regard it is far in advance of such large nations as France; Germany; Russia and Italy, with many times her population.

In point of production Canada stands second only to the United States. A very large proportion of the motor vehicles in the United Kingdom bear the "Made-in-Canada" stamp.

The Advocate \$2.00 Yr.

SIR LOUIS DAVIES DIED AT OTTAWA

Sir Louis Davies, Chief Justice of Canada died at Ottawa Thursday morning at a 12:35 after an illness of five days. He was 79 years of age.

Right Honorable Sir Louis Henry Davies K.C.M.G.; P.C. was born in Prince Edward Island May 4th 1845. He was educated at Central Academy Prince of Wales College; Charlotte town; called to the bar of P.E.I. in 1867; created a K.C. in 1880 was leading counsel for the tenantry before the Prince Edward Island land commission in 1875-76; one of the British council before the international fisheries commission under the Washington Treaty of 1887; was elevated to the Supreme Court of Canada in September 25th 1901 and was made Chief Justice in October 1918. He was a member of the legislative Assembly of P.E.I. in 1872 and was elected to the House of Commons for Queens P.E.I. in 1882; became Minister of Marine & Fisheries in the Laurier Government July 13 1896 continuing as such until 1901 when he was appointed to the Supreme Court Bench of Canada. He acted as Canadian representative in several capacities including the Belgian and German trade treaties and the Alaska boundary line commission 1898-99.

He was made a K.C.M.G. in 1897 and a Knight of Grace of the Order of St. John of Jerusalem in 1913 and an Imperial Privy Councillor in 1919. In May 1872 he was married to Miss Susan Wiggins daughter of Rev. Dr. Wiggins and had one son and three daughters.

The Advocate \$2.00 Yr.

Here and There

The Canadian Pacific steamer Empress of Britain will arrive at Quebec shortly on her first voyage from Liverpool as a cabin-class steamer under her new name Mont-royal. She is the fastest vessel sailing out of Liverpool and is scheduled to run from there to Quebec in six and a half days.

British Columbia's payroll for 1923 was \$150,000,000, according to the annual report of the Workmen's Compensation Board. The payroll for 1922 was \$128,592,502, and for 1921, \$130,099,373. Employing firms operating at the end of last year numbered 6,324, an increase of 145 over the previous year.

The 1924 season for the port of Montreal was officially opened on the morning of the 18th of April, when the Government ice-breaker Lady Grey arrived in the harbor. A big season is anticipated, especially by the Canadian Pacific steamships, whose vessels on the St. Lawrence route this year will exceed 197,000 gross tons.

Vancouver this season has beaten Portland, the great wheat port of the Northwest and formerly the great wheat port of the Pacific. Portland includes flour in its wheat totals, Vancouver does not. According to the Portland press the American city has moved over 29,000,000 bushels of wheat to date. Vancouver, in the same period, shipped 36,000,000 bushels, exclusive of a very considerable quantity of flour.

The much prized Wilder silver medal, the highest award of the American Pomological Society, the oldest horticultural body in North America, has been awarded to the Central Experimental Farm at Ottawa for the sixth time. The medal on this occasion was given for the Lobo apple, one of the many fine varieties of McIntosh Red parentage originated at the Central Farm.

An estimate of \$1,500,000 for fire protection and management of forest reserves has been placed before the Government for approval by the Minister of the Interior. The Minister stated that more drastic measures of fire prevention would be taken this year and in this connection the Department of the Interior proposes to utilize the Royal Canadian Air Force for the detection of fires.

An appeal for increased pensions for the originals of the old Royal North-West Mounted Police is now before the Federal Parliament. The present pensions are based on the age standards of 20 to 30 years ago and are therefore quite inadequate, the appeal claims, and it is asked that they be raised to the same level as those granted members of the present Royal Canadian Mounted Police, on retirement.

"There is not a single geological reason why each and all of the world-famous mining camps, such as those of Kirkland Lake, Porcupine and Sudbury, should not be duplicated almost anywhere in the 650,000 square miles of the Quebec Laurentian Plateau, which stretches from the Ottawa and St. Lawrence Rivers to Hudson Strait," according to a statement made by T. C. Denis, Superintendent of Mines of the Province of Quebec, at a recent meeting of the Quebec branch of the Mining Institute of Canada.

Canada is financially sound. On April 14th the investors and savings account holders of the country were offered twelve million dollars worth of Canadian Pacific Railway five per cent bonds and by four o'clock that afternoon the issue had been over-subscribed and the books were closed. Telegraph orders came from all parts of the Dominion, a splendid evidence of the amount of money available for sound investment and the country's confidence in the future of the big railway. Another evidence is seen in the fact that small investors are putting savings into C.P.R. common stock which pays ten per cent on par value of \$100,000. Since 1907, Canadian holdings of this stock have increased from 9.75 per cent to 21 per cent at the present time and holdings in the British Empire total about 75 per cent.

Need Additional Literature

A barber says that if the run of women to the barber shops keeps up they will need to add The Ladies Home Journal and Harpers' Bazaar to their stock of literature.

WOULD MAKE A GOOD WIFE

A woman who can be a member of a church choir for ten years and never have a squabble would make a fine wife for any man.

Here and There

Shipments of grain from Vancouver for the 1923-24 season have now passed the 41,000,000 bushel mark. Officials estimate that the 50,000,000 bushel mark set for the season will be surpassed in the near future.

Reports from England state that it has been universally conceded that Canada's pavilion was in the best condition when the King opened the British Empire Exhibition at Wembley on April 23rd. "It was the Canadian building," the reports said, "spick and span and complete to the last nail that led all others in the race to the finish in time for to-day's official opening."

Over 3,000 settlers left Liverpool for Canada on April 24th. Thirteen hundred of these sailed on the Canadian Pacific liner "Montcalm," including a party of 200 skilled workers from Manchester, 58 belonging to engineering trades, 40 to building trades and 42 farm hands. Eighty skilled workers from Leeds and a party of engineers from Barrow-in-Furness were also on board.

A total of 40,000,000 salmon trout eggs has been collected during the last season by the Department of Marine and Fisheries in Lake Huron, Georgian Bay and Lake Superior. The total number obtained compares favorably with the average collections of recent years and is sufficient to fill all the hatcheries on the Great Lakes engaged in the propagation of salmon trout.

Graphic and interesting educational motion pictures will bring Alberta's various resources to the eyes of those who attend the British Empire Exhibition this year. In addition to pictures illustrating the life of Alberta's citizens on the farms, on the ranches and in the mining districts, charts will be used to bring out interesting compilations of statistics illustrative of the province's agricultural and industrial output.

Carrying an invitation to the President of the United States to attend the celebrations of the 140th anniversary of the settlement of Upper Canada by the United Empire Loyalists, which will be held in June, Miss G. Lauer, herself a descendant of the Loyalists, left Belleville recently on horseback to ride to Washington alone, a distance of 600 miles. Elaborate arrangements for the celebrations are being made and it is expected that thousands of visitors will attend.

An attractive booklet entitled, "A Week in Quebec in the Spring," by Betty Thornley, internationally known writer associated with "Vogue" and other magazines, has just been added to the series of artistic pamphlets published by the Canadian Pacific Railway. It describes the Ancient Capital and its environs, is illustrated by many striking photographs and bound in a cover which reproduces in natural colors the pattern of cloth called catalogue, woven by Quebec habitant women.

That the Indian village of Hochelaga, which stood on the site of the present city of Montreal, was a place of about fifty wooden houses having a population of some 4,000 souls when Jacques Cartier sailed up the St. Lawrence, was the assertion made by Dr. W. D. Lighthall before the Antiquarian and Numismatic Society of Montreal recently. Dr. Lighthall was able to give the boundaries of the village and described it as resembling the home of Cedric the Saxon, in "Ivanhoe."

Aprons of the recent "Save the Forest Week," E. W. Beatty, President of the Canadian Pacific Railway, stated: "A week's concentration on saving the forests of Canada is well worth while—much better to make it a 'Forest Saving Year' and, if the forest resources of this country are to be conserved to adequately avail the greater Canada of a few years hence it must be a 'Forest Saving Generation.' Forest wastage is to-day tragically too great and we Canadians must pay and are paying for the loss."

Next week is
Robin Hood Week

HAT a week of Genuine pleasure, profit and food for thought and the most wonderful picture ever shown on the silver sheet, adding its beautiful story of love and romance to the equally nourishing and appetizing story of the greatest flour ever milled.

The picture comes for the first time and is here for only four days.

ROBIN HOOD FLOUR

is here every day and has long since established itself in the estimation of the housewife. From Robin Hood Flour she knows what a light, even-grained loaf of bread and what a delightful pan of buns she can bake.

Three times a day and every day in the year the dining tables in thousands of homes in Yarmouth, throughout Nova Scotia, the Maritime Provinces and the entire Dominion bear testimony to the merits of Robin Hood Flour.

Do your part in celebrating Robin Hood week. See the special window and store displays and ask your Grocer to include a bag in your next order.

Every week the dining table in thousands of homes in Newcastle, throughout New Brunswick and the entire Dominion of Canada bear testimony to the merits of ROBIN HOOD FLOUR.

90 P.C. Of White Children in U.S. Susceptible of Tuberculosis

Ninety per cent of the white children in the United States between the ages of 10 and 13 have enough tubercle bacilli in their bodies to make them potential victims of the "white plague."

This was the statement of George E. Bailey Supreme Secretary of the Independent Order of Foresters, a fraternal society with 165,000 members in the United States and Canada which maintains tuberculosis sanatoriums for members afflicted with the disease at Lopez Canyon near Los Angeles and at Rainbow Lake in the Adirondacks.

"Children are particularly susceptible to tuberculosis" said Mr. Bailey "if the ravages of the disease are to be checked successfully we must begin with the youngsters. Tuberculosis can be permanently cured among children. Among adults in most cases it can only be arrested. For every death from tuberculosis there are nine active cases.

"Growing children should have ten hours of sleep. They should have plenty of sunshine and fresh air. They should learn to sleep with their windows open. They should be trained not to put their fingers in their mouths or to chew the ends of pencils. They should not bite their finger nails. They should stand erect and practice deep breathing.

"All these principles of right living should be inculcated in the minds of children so that they may become familiar with the best means of resisting tuberculosis. Good health habits and sanitation are essential factors. Instruction in the home and school is of the utmost importance."

NOT A BUSINESS

The Post Office is not a business but a service and it is about the most important service that this country is engaged in.

CLEAN UP DAY

To-morrow, Wednesday—May 14th is the day annually appointed for Civic "Clean Up Day." For a number of years this day has been recognized by the citizens and each year a large amount of valuable work has been performed. The question before us this year is—Can we not make this year's "Clean Up Day" a greater success than ever in the history of Newcastle? There is no good reason why such cannot be done, provided everyone gets busy, and does his share. We are all interested in having our town present a good appearance and this is one of the many ways in which this can be accomplished. There are many other good reasons why our town should be clean especially from a civic health standpoint.

It is expected that Newcastle will be visited this year by a greater number of tourists than ever before, and surely we wish to give these strangers who will be passing through town, a good impression of ourselves. Nothing will give that good impression better than a clean town, and it is our duty to place our town in that condition. The Public Works Department is willing, anxious and prepared to give all possible assistance and it now only remains for each and everyone of us to give a helping hand and the result will be most satisfactory to all concerned.

Let us make to-morrow a REAL CLEAN UP DAY.

MOTHERS' DAY

Throughout Canada and the United States as well as in several other countries last Sunday, May 12th was observed as Mothers' Day. The celebration of the second Sunday in May as "Mothers' Day" originated through the efforts of Miss Anna Jarvis of Philadelphia. Her mother died in 1905 and she resolved that she would each year observe the anniversary of her death. It then occurred to her that others might feel the same if the suggestion was made and she wrote to editors, clergymen and others prominent in all parts of the country, many of whom agreed to assist.

The second Sunday in May was set for the observance and it was urged that on that day all persons should show their love and respect for their mother by some tribute. If living, by a gift or letter; if dead, by some kind deed to another person. The white carnation, most selected as an emblem of purity, because of its white color and purity, is the flower which the Canadian Police Commission

growth for charity." If your mother is still living it is the custom to wear a red carnation and if she has passed to the Great Beyond, a white flower.

"If mother lives wear flowers bright If dead; flowers white—in her memory."

MOTHER!

There is only one mother in all the world for you—your own mother!

All the tongues in the world could not sing her praises enough! Though she may be silver-haired today, with lines in her dear face—she is still beautiful in your eyes. The one person who has never failed you.

We should all remember to remind her of our love on the day that has been set apart for Mothers. If absent from her, we should send her a Greeting Card or better still—write her a letter on Mothers' Day. A small gift or a nice bouquet of flowers are also appropriate tokens to send or give your mother on Mothers' Day; and if you know some other mother who is lonely do the same for her—for your own mother's sake. Mothers count the little things; this is one you should not neglect.

In Newcastle as in other parts of the province the custom of observing Mothers' Day has been gaining in popularity year by year. Appropriate services are held in the churches, the custom again being followed last Sabbath.

EDITORS MAIL

We are not responsible for opinions expressed by writers under this heading. Correspondents would oblige by writing legibly, and on one side of the paper only, name and address (not necessarily for publication) must always be sent. Correspondence should be as concise as possible.

Newcastle, N.B. May 9th 1924

Dear Sir:—

A.D. Farrah has, through the columns of your paper addressed a letter to the Mayor and Town Council which speaks for itself.

I have no brief to argue for the Town, but as Mr. Farrah mentioned my name and as an alderman of the town, I want to submit a few figures to the Citizens and Ratepayers which will speak for themselves.

In a statement submitted to the Canada Permanent Trust Co., the Trustee of A.D. Farrah & Co. as at Dec. 31st 1922, the total assets of the company amounted to \$105,957.93 made up as follows:—

Table with 2 columns: Item, Amount. Includes Cash-Petty, In Bank and on hand; Accounts Receivable; Inventory; Insurance and Supplies; Fixtures, Store and office; Rolling Stock; Building—Premises; Total; Mr. Farrah's valuation for Assessment purposes for the years of '22 and 1923 was as follows:— Real Estate; Income; Total.

which is only 40% of his Real Estate and Store Fixtures, to say nothing of his stock or other personal property and I would judge—is a much greater allowance than is usually made by the Assessors when fixing valuation for assessment purposes.

Now, in the face of the above I would like to know where he has

Advertisement for Scott's Emulsion featuring a fisherman carrying a large fish on his back. Text: STOP that cough before it begins. TAKE SCOTT'S EMULSION right now to nourish the system and to build up strength and resistance.

Advertisement for Bayer Aspirin. Logo: Genuine BAYER ASPIRIN. Text: Say "Bayer Aspirin"

INSIST! Unless you see the "Bayer Cross" on tablets you are not getting the genuine Bayer Aspirin proved safe by millions and prescribed by physicians for 24 years.

Safe Accept only a Bayer package

which contains proven directions Handy "Bayer" boxes of 12 tablets Also bottles of 24 and 100—Druggists Aspirin is the trade mark (registered in Canada) of Bayer Manufacturing of Monacocciester of Salicylicacid

any license to abuse either the Aldermen or Assessors. Thanking you for space, Yours truly ROBT. H. ARMSTRONG

Newcastle, N.B. May 12th 1924

To the Editor of the Advocate,

The letter signed "Betterment" in your last issue was no doubt written for the purpose of putting me in a bad light with the general public.

But I can assure you that it has caused me no worry in the least although it has amused me. It seems to be the false idea of many that a Town Marshall or Chief of Police has no other duties to perform than to chase after every particle of paper or whisk of straw which is loose about town and many other such foolish matters as the one to which I have alluded.

"Betterment" admits that the position of Chief of Police is a difficult one to fill satisfactorily. I am pleased that your correspondent will at least admit this, much and give him credit for having a hard job to fill. I am perfectly aware that I—nor anyone else for that matter—cannot please everybody; nevertheless I am prepared at all times to do all in my power to ally the righteous indignation which "Betterment" has, at the way in which the affairs of this department have been conducted.

I might state just here that I am not the one responsible for all the affairs of the Police Department and insofar as earning my salary is concerned I wish to say that if "Betterment" knew the conditions as well as I do, I am sure that this opinion would soon be changed and criticism would not be offered.

For the enlightenment of "Betterment" I would state that the Town of Newcastle has a Street Commissioner and, in the By-Laws governing the town, it specifically states "that it shall be the duty of the Street Commissioner to see that all street; lanes; alleys; thoroughfares; sidewalks; crossings; squares; commons and public landings within and belonging to the town are kept clean, etc. etc. This does not look as if the Chief of Police is required to run after every scrap of paper which is blown about by the wind as "Betterment" suggested. Neither do I intend to interfere with another man's duties, even if "Betterment" wishes to do such a thing.

However, since "Betterment" has reported to interfering with others' duties the chance is now open for "a live wire" such as "Betterment" wishes and it might be advisable for him to put an application in to the Town Council for the position. Furthermore would it not be as well for "Betterment" to come out over his own signature as I am doing. We would then know who this live wire is.

Thanking you for space so kindly yours Respectfully Yours J. H. ASFFORD Chief of Police

Spring Time Is Dress Time. Without doubt our New Gingham, Crepe, Voile, and Ratine Dresses are the smartest we have ever shown. Attractive Dresses are shown from \$2.50 up and the range includes \$3.50, \$4.00, \$5.00, \$5.50, \$6.00 to \$12.00 values. J.D. Breagharts LIMITED. Includes illustration of a woman in a dress.

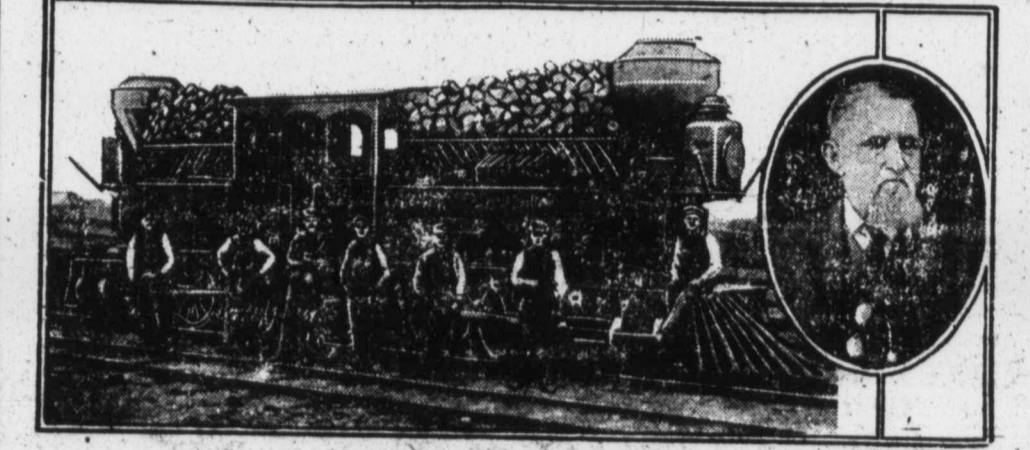

BRUISES MINARD'S LINIMENT. Apply Minard's at once. It halts the pain and stops inflammation. Removes all poison from cuts and sores. Keep a bottle on the shelf. Includes illustration of a child with a bruise.

WOULD MAKE A GOOD WIFE. A woman who can be a member of a church choir for ten years and never have a squabble would make a fine wife for any man.

RUSSIA'S NEW NAME. Ottawa has received notification from Postal Administration at Moscow that the official name of their country is now "Union of Soviet Republics" and that this address instead of Russia should be used on correspondence.

LOBSTER FACTORY BURNED. The lobster factory of the A. & R. Loggie Co. at Grand Anse, N.B. was totally destroyed by fire recently. The building had not been used for several years except for the storing of boats and traps.

SAYS PARLIAMENT CAN'T PASS BILL. The Dominion Parliament has no authority to pass the Church Union Bill declared Eugene Lafleur K.C. counsel for the Presbyterian Church Association in the hearing on the Church Union Bill before the House of Commons' Private Bills committee. Mr. Lafleur maintained that the bill invaded provincial rights in regard to education and property and civil rights. Further Mr. Lafleur declared that his clients did not oppose "Church Union" in itself but were opposing "the destruction of the Presbyterian Church and the erection of another on its ruin." Mr. Lafleur was asked his opinion of the effect of taking another vote. He replied that another vote would show whether the minority was large enough to administer the trusts of the church. HAS NO POWER. Parliament, claimed Mr. Lafleur had no power to pass this bill. Parliament had no power to merge and incorporate people who did not want to be incorporated. The bill proposed to merge bodies with provincial charters, such as the church of St. Andrew and St. Paul and the First Presbyterian Church in Montreal. Every court in the land would hold such legislation unconstitutional. Again the Dominion Parliament could not set up a federal commission to deal with provincial property. It must be a provincial commission. Provincial rights were also infringed by giving the Union church control of the teaching in the colleges. Education was under provincial jurisdiction according to the B.N.A. Act. The diversion of trust funds held by provincial corporations was likewise an invasion of the provincial field. He stated that he had been asked to file a former protest in this connection by Miss Jean Mortimer Clark daughter of Sir Mortimer Clark former Lieut. Governor of Toronto against the diversion of the funds to come to Knox College Toronto from her father's estate. Mr. Lafleur argued that the bill would disfranchise dissenting ministers in regard to the keeping of marriage, birth and death registers.

Double-Ender and Driver. In the passing of Charles Clarke at his Toronto home, the Canadian Pacific lost one of its oldest locomotive engineers. In the pioneer days of Canadian railroads, the late Mr. Clarke used to drive an old wood-burning engine known as a double-ender, and the engine on which he made his first run as engineer on the Canadian Pacific is shown above. He was born in England, 75 years ago and started railroading at the age of eighteen with the old Island line, joining the company from whose service he was retired about twelve years ago.

Robin Hood Week

Next week is "Robin Hood Week"

—AT THE—
EMPRESS THEATRE

Wednesday & Thursday

WEDDINGS

FINNIGAN-BLACK

A quiet but interesting wedding was solemnized on Wednesday morning at 6:30 o'clock at St. Francis Xavier's Church, Sussex, when Alfred Arthur Finnigan of Sussex and Miss Katherine Elizabeth Black daughter of Mr. and Mrs. George Black were joined in the holy bonds of matrimony. The ceremony was performed by Rev. Father Hannigan.

The bride, who was dressed in a navy blue travelling suit with hat to match was supported by Miss Stella Finnigan sister of the groom and the groomsmen was Mr. Walter Daily.

The happy couple were the recipients of many handsome wedding gifts. The groom's gift to the bride was a substantial cheque; to the bridesmaid a gold Eversharp pencil and to the groomsmen a gold tie pin. The bride has been for a number of years in C. C. Carr's music store and is a talented musician; and the groom has been engaged with William Kennedy painter and decorator.

Mr. and Mrs. Finnigan left on the morning C.N.R. express for Newcastle on a short honeymoon trip and on their return will proceed to Boston, Mass. where they propose taking up their residence—Sussex Record.

OBITUARY

FREDERICK ARCHIBALD HOVEY

The death of Frederick Archibald Hovey infant son of Mr. and Mrs. Don. C. Hovey of Ludlow aged 6 months and 17 days occurred on Wednesday evening April 30. Deceased was ill with whooping cough which developed into spinal meningitis causing death. Besides his parents one sister Sadie and one brother Winston survive. The funeral service was conducted by Rev. F. B. Seeley. Interment in the Baptist Cemetery.

NEW SENATOR

The appointment to the Senate of Hon. C. W. Robinson of Moncton N.B. was officially announced Monday night. Mr. Robinson recently resigned the portfolio of Lands & Mines in the New Brunswick Government.

Rheumatism Gone, Says Montreal Hotel Man

F. A. Mongeau Tells How He Recovered Strength After 8 Years Of Rheumatism

F. A. Mongeau, popular night clerk at the Prince of Wales Hotel; 17 and 19 McGill College Ave.; Montreal, Canada lends his name to further the cause of Tanlac, the treatment that has proved of such great benefit to him.

"After all Tanlac has done for me" said Mr. Mongeau "I just feel like praising it to everybody. Eight years of muscular rheumatism had just about made a cripple of me. I got to where I simply had to limp around on a cane. My nerves be-

came affected, my sleep unsound and I felt completely knocked out.

"Six bottles of Tanlac, taken eight months ago made a new man of me and I have had no further trouble with rheumatism or my health since. My nerves are steady as a die; I sleep fine and feel the same way. Anyone wanting to know of me what Tanlac will do, just phone me here at the hotel."

Tanlac is for sale by all good druggists. Accept no substitute. Over 40 Million bottles sold.

Tanlac Vegetable Pills for constipation. Made and recommended by the manufacturers of TANLAC.

N. B. LUMBERMEN ORGANIZE SAFETY ASSOCIATION

The assessment against the lumbering industry in this Province for workmen's compensation have reached such large proportions that the annual assessments have become a very heavy charge on the industry.

These assessments are based on the number of accidents and the consequent amount of money paid out for claims and medical fees.

To reduce these the entire lumbering industry of the Province has become organized as the "New Brunswick Lumbermen's Safety Association" with Mr. F. C. Beattie, Vice-President and General Manager of the Stetson Cutler Company as President and Mr. W. E. Anderson the well-known insurance agent and Broker; St. John; N. B. as Secretary.

Mr. Anderson's extensive experience in handling workmen's compensation insurance when that business was being carried in this Province by the Insurance Companies put him in possession of just the knowledge required in reducing accidents and claim costs.

The lumbering industry as a group realize that if it is to remain in business something must be done to cut down the present very large financial outlay they are obliged to make for workmen's compensation and the purpose of the Safety Association will be to work in close co-operation with the Workmen's Compensation Board and the Factory Inspector in a determined effort to reduce the number of accidents to employees in the lumbering industry.

The Need of Talking

Shy people are nearly always embarrassed on meeting strangers by what they feel is the necessity of finding something to say. Usually they are unable to think of anything that is not flat and commonplace; and rather than utter a remark that they feel would stamp them in the stranger's mind as stupid they remain silent and wait for someone else to introduce a topic that will be of common interest. Sometimes relief of the desired sort is forthcoming and sometimes it is not. When it fails the commonplace utterance seems finally less painful than a prolongation of the silence.

What the shy person seldom learns, however frequent the experience is that commonplace speech may be as useful as brilliant equanimity or scintillating wit—usually indeed more useful—in establishing a friendly relation with another human being. Talking as a means of impressing your individuality is not altogether dependent on the value of the thing said. The mere act of speaking; the play of the lips; the light that flashes from the eyes; the sound of the voice reveal the speaker as silence cannot reveal him. It would be absurd of course to minimize the importance of good talk; of having something genuine and interesting to say; but most persons and especially most persons who are shy do not emphasize sufficiently in their minds the

TOO MANY HOME CARES

One Reason Why so Many Women Are Weak and Run-Down

The work of the woman in the home makes greater demands on her vitality than men realize and there is always something more to do. No wonder women's backs ache and their nerves are worn out. No wonder why they get depressed and irritable; suffering from headaches and always feel out of sorts. But of course all women are not like that. What is the difference?

A woman with plenty of healthy red blood in her veins finds work in the home easy; her vitality is at par. This points the way to health in women who feel run down and depressed. Make new rich blood. You can do it with Dr. Williams' Pink Pills. These pills have the marvellous property of building up the blood and toning up the nerves. That is proved by the case of Mrs. H. Eppinger Scott Street; Vancouver B. C. who says:—"Dr. Williams' Pink Pills brought back my health and strength and restored my nerves to normal after the birth of my second child that I became so anaemic and nervous that I thought my mind as well as my strength would go. I tried several medicines but got no relief until I was advised to try Dr. Williams' Pink Pills. After using a few boxes of these I could see a change. I felt stronger; my appetite was better; I slept better and my nerves were stronger. I continued the use of the pills for some time and again found myself a well woman and I can sincerely say that my health has since been the best. I can cheerfully recommend the pills to all weak run-down women."

If your dealer does not keep these pills you can get them by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

value of opening a conversation in even the most trite and obvious way; with a commonplace or a triviality if nothing better suggests itself. It is through such openings that sympathetic ideas and emotions often make their way from one mind or heart into another.

As everyone knows there are some persons who when they are with others feel it incumbent upon them to be always talking. It is all right to begin to talk out of a desire to be companionable; it is all wrong to talk on and on for no other reason than a desire to be companionable. Once companionability is established speech ceases to be an obligation; it comes spontaneously and it ceases at will. In the society of a silent person a man can always take refuge in his own thoughts; in the society of an incessant chatterer there is no refuge.

LOBSTER FACTORY BURNED
The lobster factory of the A. & R. Loggie Co. at Grand Anse, N. B. was totally destroyed by fire recently. The building had not been used for several years except for the storing of boats and traps.

First Impressions Are Important

In a world where appearances are valued as indexes to character, *Your Stationery* should represent you worthily—always and everywhere. That atmosphere of character and refinement, which should distinguish all self-respecting correspondence is assured when you place your stationery order with us. If you allow us to furnish your

Letter Heads, Bill Heads, Shipping Tags, Office Forms, Envelopes, Statements, Etc.

they will reflect the dignity and self-respect of the discriminating, and be an excellent advertisement for your business, for a business man may be judged by the quality and style of his printed matter.

The Advocate Job Printing Department

is without doubt the best equipped on the North Shore, and consequently in a position to turn out all kinds of Job Printing *Neatly, Promptly and Satisfactorily*, at very reasonable prices. We are constantly adding new type and material to our already up-to-date equipment, and we have recently put in several of the newest type faces manufactured.

Let Us Prove

to YOU the truth of the above statement by giving us a trial order for any of the above mentioned office requisites, or an order for

Posters or Dodgers, any size Flyers, Circulars, Programs Menus, Display Cards, Business or Visiting Cards, Price Lists, Booklets

in fact, ANYTHING YOU WANT PRINTED Neat, Artistic Two-Color Work a Specialty. Call on us when you need anything in our line. We assure satisfaction. Mail orders receive our careful and prompt attention. Write us for prices.

Everything in Printing.

SATISFACTION

A seemingly low price for an article is always attractive, but unfortunately frequently misleading. How often is heard the remark—"I would rather have paid a little more and got the quality I wanted."

As a matter of fact that "little more" was necessary to obtain the better quality. Good goods require a higher price to be good.

There are cheaper teas than "KING COLE"—but would you be satisfied with their quality?

Mother in the Home

The greatest word is God
The tenderest word is love,
The sweetest word is home,
The dearest word is mother.

Elizabeth Stuart Phelps used to
say "everybody's mother is a remark-
able woman." Home is the human
nest and the woman who falls as a
home maker, falls as a woman.
The glory of a civilization is its
homes. A nation is built up of
homes and its greatest problem is
their protection. Think of mother
and you think of home. Mother
and home, we believe are
the tenderest notes on the
keyboard of the human heart.

We are told that the most impor-
tant chapter of history is yet to be
written and that it will be entitled
"A Mother's Influence." Abraham
Lincoln said "All I am or hope to be
I owe to my mother" and Oliver
Cromwell claimed that no one in-
fluenced him as did his mother. He
followed her advice when young; he
established her in the royal palace
when he came to greatness; when
she died he buried her in Westmin-
ster Abbey. Think of the great in-
fluence mothers of the past such as
Monica, mother of St. Augustine the
mother of Shakespeare; Bard of Avon
Susanne Wesley whose sons John
and Charles enriched the world
through the flame of evangelism and
the songs of Zion; Victoria the Good
a model mother—a mother first,
even in that "fierce light that beats
upon a throne." James G. Blaine
the famous American statesman
doted upon the fond memory of his
mother and loved to recall that her
last conscious message was for him.
How poor the man who has never
felt the pressure of a mother's kiss
and in the corridors of whose
memory there lingers no sound or
echo of a mother's voice. We
claim the first and greatest univer-
sity is the university of the home;
here we find the round table of
infancy and childhood; here the
problems of the present hour and
the possibilities of the future are
discussed. Here sits the scholars
of youth and maidenhood; here the
enthroned two great chairs—fath-
erhood and motherhood—George Her-
bert says "one good mother is
worth a hundred school masters."

In the home the child begins its
study and we are told the most
sensitive thing in the universe
is the soul of a little child. What
impressions are being made on the
camera of childhood? Youth and
age, ignorance and experience;
courage and caution; hope and fear
all find their co-ordinations in the
home life. Tom Paine claimed that
"the first five years of my life
made me an infidel" and John Ran-
dolph the great southern statesman

MOTHER SAVES DAUGHTER'S HEALTH

**Lydia E. Pinkham's Vege-
table Compound Helped
Both Mother and
Daughter**

Lumsden, Saskatchewan.—"My
mother had taken Lydia E. Pinkham's
Vegetable Compound and when
I needed something for my periods I
took it and got good results. I recom-
mend it to women with any female
troubles and I know other women
who have been helped by it and do
the same."—Mrs. Max RITZER, Lum-
sden, Saskatchewan.
Many cases like this come to our
notice. Lydia E. Pinkham's Vege-
table Compound is often recommended
by the mother and the grandmother
too, for bear in mind, it has been
helping women for nearly fifty years.

Women Tell Each Other
In your own neighborhood are
women who know the value of this
wonderful medicine and they talk to
one another about it. So if you are
troubled with pains and irregular-
ties, a tired feeling, nervous and
sleepless spells, or have other annoy-
ing symptoms caused by some female
trouble, you have only to ask some
neighbor what she thinks of your
taking Lydia E. Pinkham's Vegetable
Compound.

said "I should have been an atheist
but for the memory of my mother
and the times when she used to take
my little hands in hers and on
bended knees taught me to say
Our Father." A great agnostic said
to a young man after he had listened
to a great oration by the most
eloquent infidel of the present
generation "Well! what have you
left now?" The young man answer-
ed "my mother's life!" One friend
said to another "Which translation
of the Bible do you prefer, the au-
thorized version; the revised or the
American?" His answer was "I
prefer my mother's translation."

No wonder the young man from
the country said he found three
things in his mother's letter, money,
love and tears. Surely this was the
trinity of a mother's love made
manifest. The mightiest prayers
ever uttered have gone up from a
mother's lips. The swiftest thing in
the universe is a prayer, a thought
of love—passing through the heart—
of God—and from soul to soul.
There is still no greater influence
in the world today than the influ-
ence of a christian mother.

The story is told of a wealthy
miner of Pittsburg, while on a visit
to his father's house his gold watch
was stolen; inscribed on the case was
"from mother to Howard on his 14th
birthday." In returning the watch
the burglar wrote "I am sorry I
caused the owner of this watch
worry and anxiety. The word mother
appeals to me and I am
prompt to return it to you because
it is your mother's gift."

Who understands a boy like his
mother? It is said there was only
one person in the world who under-
stood Thos. Carlyle and that was
his mother. At the end of a sad
and hard life he wrote of his mother
"You did your part honorably and
well and were a noble mother to
me." The nearest expression to
absolute unselfish and God-like
love is that of a mother.
Some one has defined a mother's
influence to be a square with four
corners or in other words four C's
cooking; children; clothes; church;
of this we shall treat briefly in
a later paper.
E. Beynon

TAKES UP NEW DUTIES

pastor of the Baptist Church at
Whiteleyville Northumberland County
and resigned to accept the pastorate
of the South Devon United Baptist
church has entered upon his new
duties.

Electrify Her

Pullman axle lighting apparatus
and terms furnish a complete com-
pendium for handling a woman. Com-
plaint and cure have been worked
out ingeniously by Electrician N.
Schnapp of Minneapolis, in the
"Pullman News" as follows:
When a woman is sulky and will
not speak—exciter.
If she gets too excited—controller
If she talks too long—interrupter
If her way of thinking is not yours—
converter.
If she is willing to come
half way—meter.
If she will come all the way
—receiver.
If she wants to go further—con-
ductor.

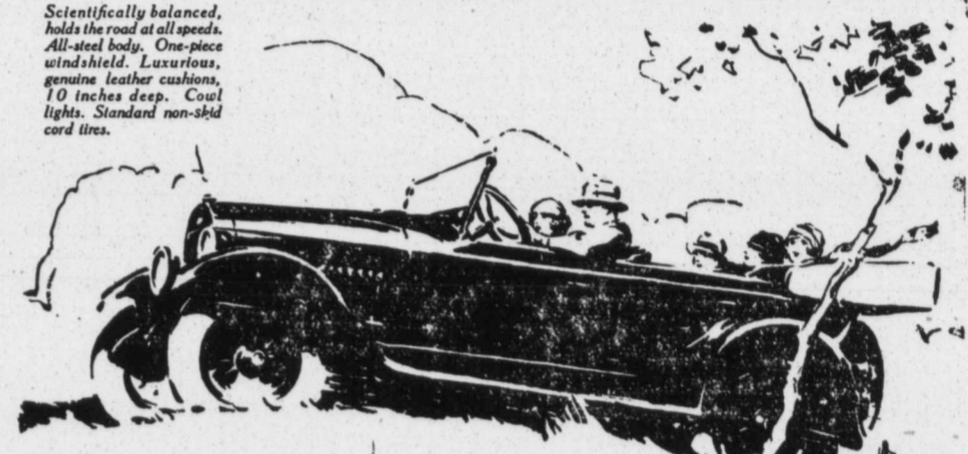

If she would go still further
—dispatcher.
If you think she is picking your
pockets—detector.
If she proves your fears are
wrong—compensator.
If she goes up in the air—con-
denser.
If she wants chocolates—feeder.
If she sings inharmoniously—tuner
If she is in the country—tele-
grapher.
If she is a poor cook—discharger.
If her dress unhooks—connector.
If she eats too much—reducer.
If she is wrong—rectifier.
If her fingers and toes are cold—
heater.
If she gossips too much—regulator

Mines in the New Brunswick
Government.

How to Purify the Blood

"Fifteen to thirty drops of Extract
of Root, commonly called Mother
Seigel's Curative Syrup, may be
taken in water with meals and at
bedtime, for indigestion, consti-
pation and bad blood. Persistence
in this treatment will give
permanent relief in nearly every
case." Get the genuine at
druggists.

A WORLD-FAMOUS SIX AT \$1465!

We'll lend you a car
to compare with other cars at near its price

THIS is an offer to anyone who is con-
sidering the purchase of a car in the
\$1500 field.
We invite you to take out a Studebaker
Light-Six model for the sake of comparing
it with other cars at near its price. This
without obligation to buy.
Every maker advances claims for his car.
Some are fair, some superlative; some are
borne out by facts, others not.
You've been told this car, that car or
another is "just as good" as this famous
Studebaker model. Now find out for your-
self. That's the only way to buy lasting
satisfaction.
When you try this Studebaker Light-Six,
you will find an engine of remarkable power
and flexibility—an L-head engine designed
and built by Studebaker; noted for its quiet
and smooth operation; free from vibration
because its crankshaft and connecting rods
are machined on all surfaces, an exclusive
Studebaker feature on cars at this price.
You will find surprising ease of handling,
unusual comfort, roominess, obvious refine-
ments and all the visible signs of a quality
car. You will find low price its only con-
trasting feature.
Remember, Studebaker is the world's larg-
est quality car builder and thus is in position
to give you the utmost for the least.
Buy no car at \$900 or more without mak-
ing this test. Don't buy blindfolded.

Local and General News

APPOINTMENT
M.J. Fletcher of Nelson has been placed in charge of the Miramichi water shed and south, in carrying out fire prevention in 1924.

MAYFLOWERS APPEARING
Mayflowers have already made their appearance in town. Quite a number of large bunches were plucked on Sunday and in some localities they appear to be quite plentiful.

HERE ON THURSDAY
A Milne Fraser, Typewriter dealer of Halifax will be at Newcastle on Thursday afternoon 15th. Anyone desiring a new or secondhand typewriter please leave word at Advocate Office and he will call.

MILITARY BALL
The officer commanding and officers of B. Co., North Shore Regiment intend holding a Military Ball in the Town Hall; Newcastle on the evening of May 23rd. Mess uniforms will be the dress for the officers and a large number, including many from out of town of both the active and retired list of the regiment are expected to be present.

IN MEMORIAM
In loving memory of Mr. James Harris of Cassilis who departed this life May 10th 1923.

One year has passed since that sad day

When one we loved was called away
Gottlock him home; it was His will
No one can fill his vacant place

Forget him—no we never shall
His memory is as dear today
As the hour in which he passed away
Gone but not forgotten.

Loving Wife.
20.—0.—Pd.

IO D.E. OPERETTA
The Lord Beaverbrook Chapter I.O.D.E. intend, in the near future to give an Operetta entitled "Cinderella in Flower Land" For some time the members of the chapter who have the work in charge; have been busily engaged training the children who will take part and the date will be announced shortly. The proceeds will be utilized for the Nurses' Home. Watch for further announcements.

What is MORSE'S SELECTED ORANGE PEKOE Tea? It is the finest product of the tea gardens of India and Ceylon plus the capacity of a tea blender, who takes infinite pains to get the most there is in both teas of body and flavor. There is no better balanced blended tea than this one.

OBSERVANCE OF VICTORIA DAY
A business man says that it is foolish to observe Victoria Day on the 26th. The banks post office and government offices will close on the 24th and the stores should do the same. Part of the business places closing on the 24th and the remainder on the 26th will only lead to confusion.

FUNNY ISN'T IT
Isn't it funny that a man who thinks he is a business man will get up in the morning from an advertised mattress; shave with an advertised razor and put on advertised underwear; advertised shirt collar, tie and shoes; seat himself at the table and eat advertised breakfast food; drink advertised coffee; put on an advertised hat; light an advertised cigarette; ride to his place of business in an advertised car; seat himself at an advertised desk in an advertised chair; then turn down a newspaper advertising solicitor on the grounds that advertising does not pay.—The Boston Democrat; Boston Ohio.

A FALSE FIRE ALARM
A False Fire Alarm was sent in last Saturday evening at 9 o'clock.

PAINT NOW
Everybody is painting now. You can get good ideas at the Opera House May 19th and 20th. It tells you how
