WILSON TO SIGN
TARIFF BILL
BY FRIDAY

New Measure Will Be Passed
Today and Will Become
Law by End of the Week
—Currency Bill, Anti-Trust and Railroad Control Programs Next.

WASHINGTON, Sept. 29.—(Can. Press.)—The Democratic tariff revision bill was advanced to its last congressional stage today when it was brought back to the house from the joint conference committee with the unanimous endorsement of the Democratic conferees.

LIBERAL LEADER
TO TAKE PART

Sir Wilfrid Laurier Will Speak
at St. Johns on Saturday
and Will Support
Fisher.

OTTAWA, Sept. 29.—(Special.)—Sir Wilfrid Laurier will speak at St. Johns, Quebec, on Saturday. He will also address the electors of Chateaugay at either St. Maries or Chateaugay town, some night next week on behalf of Hon. Sydney Fisher, who was nominated today. Premier Borden will not go in Chateaugay, nor will any but the Quebec Conservative leaders take part. Hon. Judge Doherty has been wired by James Morris, the government candidate, to return in time to hold one meeting. The Nationalists will not interfere on account of the traditions of the constituency.

Player Who Had the Misfortune to Do It is in Hospital With Many Knife Wounds.

(Special to The Toronto World.)
SEBASTON, Pa., Sept. 29.—"Ed" Carter, who had the misfortune to hold five aces in a game of draw poker played in a downtown resort at an early hour this morning, is in the hospital tonight, dying from many knife cuts. "Ed" Davidson, who is said to be one of the players who didn't like Carter's way of playing the game, was arrested today, charged with aggravated assault and battery. Two other players who, it is said, also wielded their knives on Carter, have not as yet been captured, although the police say they know their identity.

GOOD ROADS ARE
ESSENTIAL FOR
FARMERS

Secretary of U. S. Department of Agriculture Urged Them in Preference to Great Transcontinental Highways for Motorists—Money Should Be Spent on Improvement of Post Roads.

DETROIT, Sept. 29.—(Can. Press.)—Secretary Houston of the United States department of agriculture, in an address before the American Road Congress today, expressed his approval of the efforts of the organization and explained the interest of the federal government with reference to road building. He urged good roads for the farmer in preference to great transcontinental highways for automobilists, and at the same time he said he did not underestimate the valuable service rendered by automobilists in the propaganda for road building.

DOINGS OF THE DISCIPLES

BY DR. QUILL
A people called the Disciples of Christ are to hold their annual international meeting today, and on Tuesday of a week, Toronto has the honor of entertaining this noteworthy assembly of Christians. And especially because this convention is under a provisional constitution, which if adopted will be a radical change. The spirit, therefore, with which the four or five thousand brethren will foregather on this occasion can be only compared to the inspiring air of their Canadian meeting place.

PUT WATERWAYS
UNDER HYDRO
CONTROL

Chairman of London Hydro-Electric Commission Moved Resolution on Ontario Municipal Electric Union Yesterday—Hon. Adam Beck Handed Out Some Advice to Town Councils.

"In view of the comprehensive scheme outlined by the Dominion Government for the creation and improving of waterways in connection with the Lawrence River, Welland Canal, French River, Sault Ste. Marie, Trent, Ottawa, and others involving the large expenditure of public money, and in view of the extensive developments which are possible in consequence thereof, also in view of the power requirements of the province, he resolved that this association request the Dominion Government to put such water powers under the jurisdiction of the Hydro-Electric Power Commission of Ontario, to be developed by them for the use of the municipalities of the province for the benefit of the people."

Judge Collier Barred Introduction of Evidence to Prove That Governor Had Made Corrupt Political Bargain With Assemblyman Patrie, and Similar Evidence in Other Cases.

ALBANY, N. Y., Sept. 29.—(Can. Press.)—Gov. Sulzer today won a triple victory over his accusers at the trial of his impeachment.

Private corporations are always after these valuable assets, and the government is generally committed to some scheme of other before the people get a chance to express any wish to control them for themselves," said Mr. Pocock in presenting the resolution. "I move this resolution with the hope that it may forestall any contemplated action on the part of the government."

Just Returned From Inspection Tour, Give Christmas as Date of Completion.

While the general public has been looking forward to the completion of the Port Arthur-Sudbury line of the C. N. R. as the means by which eastern Canada would be connected with the west by Canadian Northern, there is another factor of perhaps as great importance as far as Ontario is concerned. That factor is the opening up of thousands of acres of fertile land in the northern portion of the province, which will, the C. N. R. passes thru it remains undeveloped.

The above fact was realized by Sir William Mackenzie, president of the road, and Hon. Mr. Hearst, minister of crown lands, and they have just returned from an inspection trip over the new line.

OTTAWA, Sept. 29.—The trade and commerce department was in receipt today of the annual report of the British Board of Agriculture and Fisheries, which contains a good deal of information that will be welcomed by Canadian exporters as indicating the growing capacity of the British market. The importation of live animals to the United Kingdom has been gradually declining and the tendency has been to replace this trade by the importation of dead meat.

REDMOND'S SPEECH KILLS COMPROMISE

Nationalist Leader Holds Out No Olive Branch to Contending Parties.

NEW YORK, Sept. 29.—(Can. Press.) A cable to The Tribune from London this morning says: John E. Redmond, by his speech at Cahirciveen, in Kerry, yesterday, virtually killed all prospects of a settlement of the home rule crisis by consent. The Irish Nationalist leader's speech was his first pronouncement since the publication of Lord Loreburn's letter suggesting a conference, and for that reason was awaited with no little anxiety by his followers.

It was a field night for the cattle dealers in the city council last night. There was some \$47,000 to be pledged against an expected deficit in the first National Fat Stock Show to be held in Exhibition Park in a few weeks.

The final agreement with Home Smith for the Humber boulevard involved an exchange of ten acres of land. Mr. McBride contended that the reasonable price for Toronto securities, the \$700,000 was authorized.

Not Fair to Guelph. "Men today are not giving their homes to pay their taxes," said Aid. McBride, "and how can we ask the ratepayers to pay for a deficit in running a fat stock show?"

Courtesy and Happiness

"Be courteous to the old," we admonish the young; "be considerate of them; be tender to them." There is nothing wrong with this advice; what is wrong is that subtle tone of condescension with which it is spoken. Why should the old be patronized by the young? In European countries the oldest woman of a noble family is called the "dowager"; the lady who is dowry consists not only of an independent home and an independent income, but also of an independent respect; that is, a respect which is her due, and which no one even so much as dreams of denying her or giving to her as a favor. We must take out of the tone in which we instruct the young regard-

CORNERSTONE LAYING

Of New Loretto Academy on Brunswick Avenue Attended by Clergy.

An important step in the development of the work of the Community of Loretto in Toronto was begun yesterday afternoon, when the corner-stone of their new academy on Brunswick avenue was laid by His Grace Archbishop McNeil.

The interesting event took place at a busy hour of the day, a large number of interested spectators viewed the ceremony and listened to the addresses given by Rev. Father Kehoe, professor of St. Augustine's Seminary. According to the rubrics and ritual of the Roman Catholic Church, the corner-stone was "well and truly laid." The archbishop vested in soutane and surplice, and assisted by Right Rev. Mgr. McCann and a large number of the local clergy, said the psalms and antiphons and sprinkled the stone with holy water before it was placed in position. A few deft strokes with mortar and trowel were given by his grace, after the stone was lowered into place, and a beautiful trowel engraved for the occasion was later presented to the archbishop.

When Rev. Father Kehoe, in the brown habit of the Carmelite Order, ascended the temporary pulpit he struck a picturesque and somewhat unusual note in a Toronto assemblage. His address was a presentation of education in its real sense, and not in the general acceptance of the term.

"There is," said the speaker, "no individual, no community, no society, no great powerful government that can set up a standard of education.

"To teach, we must bring the student face to face with God and nature, for here are found the standards of truth. The painter who sees the glory of the setting sun and the effulgence of the leaves at this season of the year, and yet cannot catch this glory and the effulgence is no true artist.

"To throw open the avenues of real truth, keep nature clear from narrow interests," advised the speaker. "Keep open history. The church that stands for the importance of history in the development of its doctrine is conveying the greatest benefit upon mankind.

"Better to go back to Judaism, to the people that saw their God in the blue vault above, to the Temple of Jerusalem, where the voice of God was heard, than accept man-made religion.

Adverting to the objects for which the ceremony of the afternoon stood, Father Kehoe pointed out the realistic endeavor of the Sisters of Loretto, who sixty-six years ago left the little green isle to take up the task of education in Toronto. They had now a new site for their old work. They will wear the street out in their repeated foot-falls in the carrying out of that to which they have devoted themselves. The sisters will give religion, art and graces that will adorn those they have in charge and fit them to appear in any society. Their reward, concluded the speaker, shall be in the promise that "He who brings his face to view shall have life eternal."

The hymn, "Holy God, We Praise Thy Name," was then sung by all present at the request of the archbishop.

Among those present were Rev. Dr. Kidd, Rev. Dr. Treacy, Rev. Father Cushing, C.S.B.; Rev. Father Heydon, C.S.B., and Rev. Fathers Coyne, Walsh, Cline, Kernahan, Rohleder and Minahan, Dr. Cassidy, Mr. Beag, the architect, and the senior classes from Loretto Abbey.

The new institution will be finished next July, and when completed all the day pupils will be transferred from the abbey. It will accommodate 500 students, and the usual art, academic and commercial curriculums will be studied. The courses embrace domestic science and preparation for junior and senior matriculation.

More Correspondence.

The answer to this next correspondent will supply the answers of several others inquiring along the same line.

Myosotis.—Several times during the past summer hints have been given concerning the culture of the ordinary old-fashioned forget-me-not. It has been pointed out time and again that each forget-me-not is a plant by itself, with thread-like surface roots. As pointed out before, each plant ultimately becomes seed-bearing, and this very early in the summer, unless you have taken the precaution, when the flowers became long and straggly, of clipping the plants down to the roots. This means many fresh new plants in an incredibly short time from the sprinkled seeds.

In many cases especially where the long trailers are unusually healthy, they take root and send up a great batch of plants, perhaps in great thick patches. These are the real forget-me-nots have become ragged and straggling masses of withered and blackened trailers reaching out in every direction, choking out everything within reach.

The remedy here it is: Lift the roots by handfuls. Where they seem too dead and withered to even bother with put into a tub of water and leave for a day and night. The effect is little short of marvelous. You will find your plants vividly green and ready for immediate transplanting. Take the small patch about the size of your hand from the tub where it has received new life and by gentle manipulation with your fingers, work the patch into a long string of partly separated plants. Arrange this string as the earth firmly around the roots, and finally saturating thoroughly with water. Finish the rest of your evergreen border in the same manner.

Also it may seem late in the season for transplanting, yet these plants will grow. The surface roots will quire but little heat from the sun. Simply best, to complete the root-growth will be drawn out of the earth when the warm winter mulching is spread over the bed.

EFFICIENT HOUSEKEEPING

BY HENRIETTA D. GRAUEL

DOMESTIC SCIENCE LECTURER

How Long

YOUNG housekeepers are always puzzled to decide when food is sufficiently cooked. Only experience can teach them when the right moment arrives to remove cooking food from the heat, for different fuels and various grades of food contribute to the time required for cooking.

The following time-tables are as nearly correct as it is possible to estimate them and are compiled especially for the scrap books on efficient housekeeping that so many readers of this column are making.

Baked mutton, turkey, chicken, 15 minutes to each pound. Baked meats, rare, 8 to 12 minutes; well done, 15 to 20 minutes to each pound. Pork, goose and old fowls must always have at least 20 minutes of steady cooking to every pound.

Codfish, haddock, white fish, bass and small fish require 8 minutes per pound. Lobster, 40 minutes. Salmon and catfish, 15 to 18 minutes. Large fish stuffed and baked will bake in 40 minutes.

A hot oven is needed for braised meats, a whole liver, larded, as well as small birds and ducks. Forty-five minutes will bake a turkey duck to a turn and less time is needed for wild ones, which are always served very rare.

Broiling is the most approved way of cooking all meats and the time-table for this is more exact than others can be made, as a bed of hot coals or a broiling flame on a gas range are about the same temperature.

Steak, one inch thick, 8 to 10 minutes; one and one-half inches thick, 10 to 15 minutes. Mutton chops, French, 8 minutes; English style, 10 minutes. Spring chicken, 20 minutes; quail, 10 minutes; grouse, 15 minutes; squabs, 10 to 15 minutes; shad, blue fish, trout, 15 to 25 minutes.

Vegetables—Potatoes, 20 to 40 minutes. Asparagus, spinach, Brussels sprouts, cauliflower tips and tender green corn all need about 20 minutes rapid boiling in salt water.

Beefs require from 40 minutes to 2 hours' cooking, according to age. Cabbage should boil 40 minutes, and onions, parsnips and turnips will cook within 30 minutes.

All vegetables should be blanched unless very young and tender, and

a pinch of soda in the second water helps to preserve the bright color of the green vegetables.

One hour is the usual time allotted for baking bread. The gasoline and gas-heated ovens may be made to do the work more quickly, we have learned that a longer time makes a more wholesome loaf. Yeast rolls, coffee cake, Parker House rolls and small articles will need 20 minutes' steady baking.

Layer cakes require 8 to 12 minutes; loaf cakes, 20 to 40 minutes, and if exceedingly rich, longer time.

Custards should be cooked in a moderate oven from 30 minutes to one hour. In this case the time depends on the utensil holding the mixture. Custard cups will not need more than a half an hour, while a large baking dish filled with custard mixture will scarcely bake in 60 minutes.

HER HUSBAND MUST NOT BE COACHED

Mrs. Kate Jordan Will Question Him in Court Under This Condition.

Mrs. Kate Jordan of Barrie, appeared to fight her own case in the High Court of Justice yesterday before Mr. Justice Latchford. Mrs. Jordan was awarded \$500 alimony from her husband some months ago after a court hearing, but yesterday she moved to have this judgment set aside, claiming that the value of her husband's property had been misrepresented, and that she was entitled to more alimony.

Altho not a lawyer, Mrs. Jordan displayed considerable knowledge of legal tactics. Mr. Justice Latchford could not be moved and decreed that Mrs. Jordan must take her case for examination to Mr. Boomer at Osgoode Hall. Mrs. Jordan offered to examine

PROMINENT CITIZEN OF VICTORIA DEAD

VANCOUVER, Sept. 28.—(Can. A DEBT TO COLOMBIA

A perplexing problem confronting the United States, growing out of acquisition of the Canal Zone.

By Willis J. Abbot, Author of "Panama and the Canal in Picture and Prose." Copyright, 1913, Syndicate Publishing Co., New York. All rights reserved.

Out of the mysterious recesses of the Department of State in Washington there comes an occasional word about a debt, owing by the United States to the Republic of Colombia.

There was no possible communication by land, if only the sea route could be closed!

There were Panama secret agents in Washington. There, too, were skilled diplomats in the pay of the French company.

The revolutionary headquarters were at Panama, 47 miles away. The railroad refused to carry the troops except for cash—despite the inevitable responsibility of the United States.

TUESDAY MORNING, SEPT. 30

CHEAP ELECTRICITY.

Short-lived as is the public memory, it is not yet so remote to recall the situation in Toronto before the inauguration of the government's hydro-electric policy.

Whether or no Mr. Drayton had good luck with the grouse we are unable to say, but it seems to be pretty definitely settled that otherwise his trip was quite unproductive.

OUR FARMERS AND THE BEEF SITUATION.

The struggle of consumers throughout the United States for lower prices against the meat trust which seeks to control and dictate the wholesale and retail market is still manifest in trade movements.

Prior to 1912 the imports of fresh beef by the United States averaged 330,000 pounds a year. In 1913 the amount rose to over 1,000,000 pounds.

One significant feature of these figures is the bold efforts of the Australian shippers to establish a firm business footing on the Pacific coast.

plies have increased during the last six years to a larger extent than imports, and with the inducements of remunerative rates they should expand still further.

Preliminary agricultural statistics of Ireland for 1913 show that cattle have increased considerably since last year.

It is opportune to mention that in the present month's cattle market at Chicago the top price for a carload circled around \$9.25 per cwt.

When Chairman Drayton started for England to see about the ocean freight rates of the shipping combine on the North Atlantic, The World said:

We hope Mr. Drayton will have a pleasant trip. He will arrive just in time for the grouse. We hope he will be successful in his mission and that his mission will not be without good results for Canada.

But if the Montreal Gazette is to be believed, and we think it is a good authority, Mr. Drayton utterly failed to secure any action from the Imperial government.

We thought at the time the chairman left, and we still think that he was working at the wrong end. The Canadian Pacific Railway Company may be an amphibious leviathan, but it is more vulnerable on land than on the high seas.

May we say a word in all kindness and deference to the chairman of the railway commission? We wish to see him make good, and we believe that he will. He has not appealed to the popular imagination as did his powerful predecessor.

Mr. Langlois, in his denunciation, threatens to take legal action against the church authorities for damages, should he find that he suffers from the ban, and to carry the case thru to the privy council, if necessary.

Withdrawal of Steamboat Express. The steamboat express, operated in connection with the Canadian Pacific, Upper Lakes steamers, will be discontinued from Toronto to Port McNicoll after Oct. 1, and from Port McNicoll to Toronto after Oct. 2.

"UNJUST ATTACK" SAYS M. LANGLOIS. MONTREAL, Sept. 29.—(Can. Press.)—"An unjustifiable attack on the liberty of the press," is the expression used by Godfroy Langlois, M.L.A., as an introduction to a denunciation he has issued of the action of Mr. Bruchesi, Archbishop of Montreal, in forbidding Roman Catholics to read the Montreal newspaper, Le Pays, because, according to the mandement giving expression to the ban, "the paper is a source of injury to the religious interests and to the real harm, especially to the young."

LOCAL PROS LOST MATCH AT LAST HOLE TO VARDON AND RAY

Cumming and Barrett Led Englishmen by Four Up at End of First Round, but Lambton Pro. Fell Away in the Afternoon, and the Toronto Man Could Not Hold Their Best Ball.

Vardon and Ray, the English professionals, made their final appearance in Toronto yesterday at the Toronto Golf Club, when they played a thirty-nine hole match with Cumming and Barrett, the local professionals. To take the lead and maintain it all the way until the last hole practically and then to have it taken from them and to lose the match was the prospect of the local men. They lost the match at the thirty-ninth hole after Cumming and Barrett had encountered trouble and lost a stroke each. The play was far better than it had been on Saturday, especially in the morning. The course appeared more to the advantage than the afternoon play. The Englishmen were the line in the morning, especially in the morning. Cumming played a beautiful golf, and starting at the second hole he secured the lead by a hole in front of Ray. At the eighth hole Cumming was in the lead with a four up and another round to be played. In the afternoon game the second hole went to Cumming in three and the first hole was also in the same figure securing a two up for the local men. At the tenth hole Vardon reduced their margin to one up when they stayed on the course on at the eleventh and Cumming came back to the lead with a four and Barrett was left with a two up for the local men.

Rugby Day's Doings on Local Gridirons

DODE BURKART OUT WITH DOUBLE BLUE

T. R. & A. A. Captain May Replace Reumeat at Outside Wing.

Dode Burkart sprang a big surprise in the Rugby situation yesterday when he was turned out with Argos. He has been the mainstay of the T. R. & A. team for several seasons, and was their captain last year. At outside wing he has been a real class player, and he will be very useful to the double-blue side. Reumeat was left for Varsity. He has lots of speed and a good head. It is figured that his brother Babe influenced him a lot in his decision, as he has been out with the Argos since the commencement of the practice. Jack Tait, the Canadian miler, has decided to play Rugby, and turned out with the Argos last night. At Rosedale last night the seniors lined up against the intermediates, and a good workout was indulged in. They will practice against the St. Michael's team on Wednesday night.

YANKES BOB UP OUT OF THE CELLAR AGAIN

NEW YORK, Sept. 29.—New York defeated Boston in both games of a double-header today, taking the first, 3 to 1, and the second 5 to 1. In the first Keating pitched his first full game in the way, and New York punched him off the bench in the third and sixth inning. In the second game Anderson's wisdom played a big part in the defeat of his team, the Boston pitcher giving six runs on balls.

TRAVERS AND SMITH TO PLAY IN TORONTO

Local golfers will be delighted to hear that a series of matches have been arranged between Alex Smith, the Atlantic City professional, with Jerome Travers, the national amateur champion, as his partner, and George Cumming and George Lyon of Toronto. Smith and Travers have been the leaders of the golfing world across the line for years, and they will be worth watching. It will also be a chance for the local enthusiasts to size up their chances with the American and see just how good they have to be to win in tournaments on the other side. They will play here on Oct. 11 and 12, and the two Georges should give the visitors a good tussle on the Toronto links.

The Canadian open tournament in 1912, after finishing second in the national tournament at Buffalo. He finished fifth here. He is one of the fastest players in the game, and barely seems to look at the ball before making his shot. Yet he is a good putter and is always doing something phenomenal. Travers needs very little introduction, as his name is a household word in the game, and, since his star has been overhauled by Outmet within the last few months. It is not likely that the latter will gather as many laurels in his career as Jerry has.

BRISK FALL TRADE AT MILWAUKEE

A fair attendance was on hand for yesterday's auction sale at the horse exchange and a good clearance was made. All classes were represented, heavy draft, express and delivery drivers and saddle horses, offered plenty of buyers every line. The sale opened with the offering of a number of imported registered Clydesdale sires direct from Scotland. Among them were some of the highest bred heavy drafters in the country. The consignments of regular country shippers followed and met with a fair demand. The horses consigned for absolute sale were soon disposed of to good advantage.

EATON HOUSE LEAGUE FINAL

In the final game of the Eaton A. A. House Football League on Saturday, Dispatch defeated Fifth 13-0 by the score of 4-2. By virtue of their win Dispatch team became the holders of the Chas. Booth Challenge Trophy and winners of the watch fobs donated to the champions. The game drew a large crowd, who witnessed a well and evenly contested game, the defence work of the winners being a revelation to the spectators. For the winners McClary in goal saved his team repeatedly, while Jensen was a tower of strength to his team; for the Fifth Marshall and Sedwick were the best. The winners lined up as follows: Goal—McClary; backs, Irons and Jensen; halves, Knight, Thom and Cron; forwards, Jameson, Wallace, Sedwick, Fassimons and Howard; Bobby Muir refereed a very impartial game.

GOOD INQUIRY FOR MANITOBA SPRING

Demand for Canadian Wheat Checked to Some Extent, However.

MONTREAL, Sept. 29.—There was a good enquiry from European sources for Manitoba spring wheat today, but as the prices bid were unchanged from Saturday and prices in Winnipeg were a little higher, London stated that the prospects from the Australian crop were fine and that Russia was offering freely with a pressure to sell which tended to check the demand for Canadian wheat to some extent.

The local market for coarse grains was quiet, but the feeling in oats was firmer on the advance in prices in the west. There was no change in flour, for which the demand from local and foreign buyers was limited. Demand for mill feed is good.

The trade in butter was quiet but the tone of the market firm. At the auction sale today 27-1/2 was bid for finest creamery and refused. Cheese is quiet and firm. Exports for the week were 48,215 boxes, as compared with 28,398 for the corresponding week last year, showing an increase of 2,917 boxes. Demand for eggs is good and a fairly active trade is passing in provisions.

CONFESSES TO CRIME SO POLICE REPORT

Joseph O'Brien Stated to Have Admitted Himself as Goldman's Slayer.

PHILADELPHIA, Sept. 29.—(Can. Press.)—Joseph O'Brien, who was arrested Saturday night on suspicion of having attacked and killed 7-year-old Israel Goldman and then thrown his nude body among some bushes on the golf links of the Whitmarsh Valley Country Club, today confessed that he had committed the crime, according to the police.

O'Brien, the police announced, admitted having taken the boy to the outskirts, where the deed was committed, after a street car conductor had identified him as the man who was with the boy Friday night. According to the police, the prisoner said he had killed the child because he had called his O'Brien's mother a foul name.

The murder of the child was a particularly brutal one. His head was battered, there were bruises all over the body and a shoestring was tightly drawn about the neck when the body was found on Saturday morning. The boy's clothes lay near the scene of the crime.

The Philosopher of Folly

By "Murdock Hart"

THE GOLDEN AGE.

The poet sat by his dying fire and he wept salt tears on his rusty lyre; he cried, "Alas and alack for me! there's now no money in poetry. In the glad days of the long ago I could count each month on a wad of gold. When they called my rhymes on each farmer's fence, I dwelt in honor and affluence. Then they showed me off as a village knight, and life was sweet and the future bright; but I've long since spent all the piles of seeds which I earned by writing the rhyming ads for N-O Wheat and for Breakfast Grains, for Sipton's Tea and for Shaker Oats. There is no demand for my songs in praise of Toasted Chips or of Mangled Malt; now Kimball's Soups are a futile hope and I write no more for Nagollo's Soap, white Pale Pink Pills at a Bone a Box say ads in verse are upon the rocks. I'll try my luck at a magazine, for I need some more of the good long green. I must sit me down at my table bare and write an ode to "My Lady's Hair" or a triquet to her beautiful eyes—in the days of old it was otherwise!

CITY BEATS BANK.

Judgment for Corporation of Quebec Against La Caisse d'Economie.

QUEBEC, Sept. 28.—(Can. Press.)—Judge Dorion this morning rendered judgment in the action taken against the City of Quebec by La Caisse d'Economie, dismissing the action with costs against the bank. The action grew out of a floating loan by the city, which loan was effected in England thru the Bank of Montreal. La Caisse d'Economie contended that by virtue of a contract which it had with the city all business of a financial nature had to be transacted thru that bank. Judge Dorion, however, gave it as his opinion that the city had a right to effect the loan thru the channel in which it was placed.

FIVE FAMILIES HOMELESS.

Fire in Iron Block, Cornwall, Does Much Damage.

CORNWALL, Sept. 29.—(Special.)—At a late hour last night fire completely gutted the upper portion of the iron block, five street, a business block erected some years ago by the late Col. R. H. McLean, driving five families out of their living apartments in their night clothes. Water and smoke damaged the business stands of Fawkes & Co. and Maggie Thomas on the ground floor, while the branch meat market, managed by W. F. Doull, situated in the north store of the block was also gutted.

It is supposed the fire started from an electric light wire at the rear of the market.

The fire brigade did great work in containing the fire to the one building.

WILL SHOOT WILD HORSES.

EDMONTON, Sept. 29.—(Can. Press.)—Alberta Department of Agriculture has a peculiar problem on hand, and to deal with it an act was introduced in the legislature today by Hon. Duncan Macphail, minister of agriculture.

Settlers in the Peace River country have complained of the damage done on their farms by wild horses. Bands of these animals have attacked domestic horses, killing colts, and enticing away valuable mares.

Provision will be made in a bill now before the house for shooting these marauders.
