### WARDEN'S WIFE WAS OUTRAGE

Infatuated With One of the Biddles, She Supplied Murderers With Saws and Revolvers

### BOLD ESCAPE FROM PITTSBURG JAIL

One Guard Shot and With Two Others Locked in a Dungeon—Captives Go Free

### THREE GUARD OVER RAIL

Shortly before 4 o'clock one of the Biddles called to James McGee, who had charge of the outside gates, and asked for some cramp medicine in a hurry, saying his brother was dangerously sick. McGee hastened to the cell with the medicine requested, when John Biddle sprang thru the opening in the cell, and seizing the guard around the waist, hurried him over the railing to the stone floor beneath, a distance of 16 feet.

### SHOT ANOTHER GUARD

Edward Biddle joined his brother immediately, and both, with drawn revolvers, hurried to the first floor, where they met Guard Reynolds and shot him. There were but three men on duty, and the third man was on one of the upper ranges. He was ordered down at the point of the revolver, and the three guards were put in the dungeon. The keys were taken from Keeper McGee and the two desperate prisoners had a clear field. The only person who attempted to shoot were prisoners, who could not interfere or give an alarm. The Biddles went to the wardrobe, where the guards keep their clothing, and each put on a new suit. They then unlocked the outside gates and escaped out into the street.

### ESCAPE DISCOVERED AT DAYLIGHT

The escape was not discovered until the daylight guards came on duty at 6 o'clock. They were informed by prisoners where the night guards had been put, and they were soon released from the dungeon and sent to the hospital.

### WARDEN'S WIFE DID IT

The story of the matter is brief. Mrs. Soffel was the only person admitted to the jail since last Sunday. Yesterday she went to the kitchen to respond to a call from her husband. She found her husband that she was going to visit a sister at McDonald, and that she would return early so that she could get an early start. Warden Soffel was about the jail when she returned. He recognized her, and she fled to her room, which is separate from Mrs. Soffel's, shortly before 1 o'clock. When she awoke this morning she asked for Mrs. Soffel, and was informed that she was absent. Later, when the details of the escape became known, she telephoned to McDonald, and was informed that Mrs. Soffel was not there. Warden Soffel immediately made a frank confession of his suspicions.

### SAVED DURING THE NIGHT

Nothing suspicious was noticed in the actions of the two prisoners, nor was anything wrong discovered when the day guards went off duty yesterday afternoon. The prisoners evidently saved the night during the night, using what appears to have been soap to deaden the noise and to reduce friction.

### REWARD OF \$5000 OFFERED

A reward of \$5000 has been offered for the recapture of the murderers. No trace has been found of Mrs. Soffel.

### CHINA'S NAVAL COLLEGE

London, Jan. 30.—The Tien Tsin correspondent of the Standard says that the Emperor has ordered Admiral Yen to organize a naval college at the Poo, and to engage Rear Admiral Lord Charles Baresford to act as naval instructor at the college.

### WEST HURON'S HOPE

### THE KING EDWARD HOTEL

The plans for the running of the new King Edward Hotel yesterday took definite shape. Those behind the Toronto Hotel Company, which is erecting the hostelry, decided to form a new subsidiary corporation from among the bondholders and annuitants of the parent organization. This new company, at the head of which appear Mr. George Goodhart and Mr. T. G. Blackstock, will furnish and equip the hotel and operate it. It is announced that the hostelry will be the best furnished and will provide the best accommodation to go on the continent, especially in the culinary department.

Three Million Dollars Might Have Purchased Canada Atlantic Railway, Says Ottawa Journal

### OPPORTUNITY TO CONTROL A LINE FROM ATLANTIC TO GREAT LAKES

Ottawa, Jan. 30.—The Evening Journal, which at first commented upon the purchase of the Canada Atlantic Railway by the Vanderbilts as a boom to the country, has now done some figuring, and incidentally some thinking as well, and this is the result of its mature deliberations, as set forth editorially: "According to the official return of the Canada Atlantic system for 1909, the net earnings that the system has made during the year, over and above operating expenses, were \$393,036. This is the amount available therefore to pay interest on the capital liability. The first charge was the bonds, \$4,450,000, on which 5 per cent, or \$222,500, had to be paid. Next would come the preferred stock, \$1,000,000, on which the interest, we suppose, would be 6 per cent, or \$60,000. Thus upon bonds and preferred stock \$282,500 would be payable, leaving out of the net earnings the sum of \$110,536 to pay a dividend upon the common stock, namely, less than 14 per cent. Under the circumstances it is not at all likely that the Vanderbilts, who have paid half of the stock, not probably more than the Dominion, so at some rate, the Dominion shareholders might have obtained a complete railway from the Atlantic Ocean to the 'Great Lakes'."

UPPER CANADA WON 20 TO 3

Canoe Club Juniors Lost O.H.A. Game in Mutual Street Rink.

COMMERCE WON AT HAMILTON

Peterboro Intermediates Best Port Hope at Cobourg—The League Results.

The Junior game at the Mutual-street rink last night between the Toronto Canoe Club and Upper Canada College, the winners in groups 4 and 5, was a runaway for the College boys who made a city record for the season, 10 goals to 3. The score at half time was 14 to 1. The game was not called a good exhibition, as it was nothing more than a practice for the College boys. At times both teams roughed and scuffled, but the College and Inter were ruled out of the game.

THE TORONTO JOCKEY CLUB

Conditions of Stake Events That Close March 1 Show Values Increased.

ABOUT RACE FOR KING'S PLATE

Summaries and Entries for the Day at New Orleans and San Francisco.

Entry blanks have been sent out for the Ontario Jockey Club's races, which close March 1. The King's Plate of 20,000, to which the club now adds the sum of \$1000, will bring the value of the race (with the stakes) to \$2100. This does not include the handsome piece of plate, which is now the custom of the O.J.C. to present to the winner of the race.

The Stanley Province stakes for foals of 18 months, to be run on May 15, will be a stake of \$200 each, with \$1000 added to the winner. The stakes are for colts and fillies of three and four years of age, and will be run at the Ontario Jockey Club's track at Toronto.

To Owners and Breeders. The attention of breeders and owners is particularly drawn to these stakes. Both enhance the value of a colt or filly so owned, and the stakes are a valuable asset to the owner. The stakes are for colts and fillies of three and four years of age, and will be run at the Ontario Jockey Club's track at Toronto.

Probably about \$2100, the oldest figure in the gift of His Majesty the King, will be added to the stakes. The stakes are for colts and fillies of three and four years of age, and will be run at the Ontario Jockey Club's track at Toronto.

Stanley Province Stakes. An open sweepstakes for colts and fillies of three and four years of age, to be run on May 15, will be a stake of \$200 each, with \$1000 added to the winner. The stakes are for colts and fillies of three and four years of age, and will be run at the Ontario Jockey Club's track at Toronto.

Maple Leaf Stakes. A stake of \$200 each, with \$1000 added to the winner, will be run on May 15. The stakes are for colts and fillies of three and four years of age, and will be run at the Ontario Jockey Club's track at Toronto.

Races Closing in May. A stake of \$200 each, with \$1000 added to the winner, will be run on May 15. The stakes are for colts and fillies of three and four years of age, and will be run at the Ontario Jockey Club's track at Toronto.

Owners' Wishing Owners. With a small but select stable Green P. S. Bontwell is to be in the market for a number of stakes he has in. Made up largely of stakes in the Ontario Jockey Club's track at Toronto.

February Sale of New Furniture.

Everything is now in readiness for our Furniture Sale next month. We commenced weeks ago and ransacked the best factories within reach of this store. We had the pick of their worthy bargains. Soon scores of cars loaded with new furniture were rolling towards this store, which to-morrow morning commences to be the distributing centre for some of the best Furniture values ever offered in Toronto. We have more furniture than ever before; we have better furniture. Our display will surpass anything of the kind ever attempted in this city. The same will be equally true of our values. That is our claim. Its merits you can easily prove for yourself if you visit the store. Come and see. We'll be ready for you at eight o'clock Saturday morning:

THE TRANSFER SHOULD BE MADE

All sorts of effects are now being put forward to defray the municipalization of the Toronto gas works. It can be done in a very simple way, by the city asking the Legislature to pass an act to the following effect:

1. The City of Toronto is hereby authorized to take over and run as a public utility the gas works, business and franchises of the Consumers Gas Co. of Toronto, paying therefor the sum of \$... extra special...

2. The City of Toronto is further authorized to issue bonds of \$... to the amount of \$... to the shareholders of the said gas works...

3. The administration of the said gas works and franchises is hereby vested in a commission of three, consisting of one to be appointed by the City Council, one to be appointed by the ratepayers of Toronto...

4. The City of Toronto is further authorized to issue bonds of \$... to the amount of \$... to the shareholders of the said gas works...

NEW MILLS OF TRUCK

new miles of truck would bring the line to the Muskoka lakes. Hitherto Toronto has been practically the only gateway into the Muskoka country. Henceforth the entrance to the district for those coming from New York and the New England States, and, perhaps, even from Chicago and western points, will be via the Canada Atlantic Railway.

THE SCHOOL BOOK SWindle

Premier Robt and his government have a difficult task to convince the people of Ontario that they have not been overcharged for books supplied the pupils of the Public Schools by the Toronto publishing houses that control the trade. Evidence to establish excessive over-charging would not be difficult to procure. It is a well-known fact that the school book publishers who enjoy the confidence of the government have made fortunes out of the business. Those who have experience in the production of books are well aware that the books furnished the pupils of this province could be sold at a profit for about one-half the prices charged. The trade is in the hands of a ring, who retain the lion's share of the business.

ANOTHER RELIGIOUS WEEKLY

From The Presbyterian Review, Toronto. One thousand men, from all parts of Ontario, crowded the halls of the Legislature Building last Friday, to ask that the government should not pass any law that interferes with their business. They told the Premier and his cabinet that the retail trade of their business was more than half the retail trade of the entire Dominion; that there were \$15,000,000 invested by manufacturers in their business; that \$38,000,000 were invested in real estate by the retail traders; that the annual outlay for wages, etc., during the year was about \$15,000,000, and that the revenue paid to the Dominion for the privilege of carrying on their trade, was \$10,000,000 annually. They represented the concern of the manufacturers and had come because certain men sought to injure their trade, and would persuade the government to practically abolish it. They were accompanied by representatives of other trades, the cooper, the cooper-makers, who said that the liquor trade were restricted or abolished, theirs must also go.

THREE LOST OPPORTUNITIES

From The Toronto Telegram. (1) The Crow's Nest Pass Road. (2) The Hainy River Road. (3) The Parry Sound Road.

It is fair to assume that the sale of the Booth line to the Vanderbilt interests proves that the Laurier government was not in earnest in its protestations of a desire to use the Intercolonial system for the upbuilding of Canada.

The Parry Sound road formed the Intercolonial's natural route to the west coast of the continent. The route would have built up the winter trade of the coast, and the winter trade of the coast would have been diverted to St. John. The route would have been taken from the Intercolonial, and the Intercolonial would have been put on a paying basis.

There was a curious incident to this visit to the House. When the Premier had courteously answered the deputations of the delegates from different parts of the province, he called upon the members from their several ridings, and invited them to stand up and support the Premier on this question, and report what they had learned at a meeting to be held on Friday evening. It will be well to bear in mind that the men who are interested in the continuance of the Intercolonial are not the same as the members stand in relation to this question. It will also be well to make a note of the fact that the Premier, financially, of those who are opposed to temperance legislation. That the Premier is not a temperance man, is a fact that is not to be overlooked.

The Great Northern Railway of Canada. Messrs. J. P. Roche & Co. of 16 St. Lawrence-street, Montreal, are offering for public subscription at \$100,000 and interest, \$3,000,000 Great Northern Railway of Canada first mortgage 50-year sinking fund five per cent. bonds. The sinking fund, which begins the entire issue of bonds at maturity. These bonds are issued upon the security of the Northern property, at the rate of \$200 per mile, on 177 miles of road. Subscription books will be open at 10 a.m. on Saturday, Feb. 1. The bonds will be listed upon the New York Stock Exchange.

The Great Northern Railway of Canada operates from a connection with the Canada Atlantic at Hawkebury, Ont., to Quebec, a distance of 226 miles, and it forms a connecting link of a through line between Duluth and Liverpool, over 800 miles shorter than via Buffalo.

The company's own extensive terminals and elevators at Quebec on the St. Lawrence, will be the government-owned \$3,000,000 to construct. The elevators have a capacity of 1,250,000 bushels, and the Great Northern docks have 55 to 40 feet of water at mean low tide.

The Great Northern Railway will soon have an entrance into Montreal, notwithstanding the drawbacks attendant upon the beginning of operations of a new line of railway. The results from the first six months of operation to Oct. 31, 1901, have been very satisfactory, net earnings for that period amounting to \$10,038. President Garneau estimates that the road will be able to earn its fixed charges entirely from local business.

VOYAGE IS DELAYED. Manufacturers to Visit West Indies Will Not Go Till Feb. 4. Ottawa, Jan. 30.—Mr. J. P. Chesley, a New Brunswick manufacturer, who was in the city to-day, received word from St. John that the next sailing of the Pickford & Black West India Line steamer from that port had been cancelled, and passengers and freight would have to go forward from Halifax.

The company, it would appear, have been in bad luck lately, their steamer Orinoco of the Bermuda West Indies and Demerara service had to be laid up for repairs necessitating the chartering of another vessel. This was done, but the vessel upon arrival at Halifax was sent to quarantine for 21 days, because of a case of smallpox on board.

The steamer Guildhall was chartered in New York to make the trip, but Mr. Chesley's information yesterday was that just off New York harbor, en route for Halifax, she lost her propeller, and had to return to port to ship a new one. This will delay

the sailing of the steamer from Halifax until Feb. 4.

The postponement is especially regrettable because the company had arranged to take a party of about 30 manufacturers, including President Munro of the Canadian Manufacturers Association on a business tour of the British West Indies, with the object of promoting trade with those colonies. The Guildhall is said, however, to be a very comfortable ship, and once she gets started will probably make a voyage in good time. Besides ordinary freight, she will carry a lot of special merchandise of Canadian manufacture.

WRECK ON THE C.P.R. Express Runs Into a Freight at the Soo—One Man Killed. Sault Ste. Marie, Mich., Jan. 30.—Very meagre information has reached here of a wreck on the Canadian Pacific, near Sudbury, last evening. As near as can be learned, a freight train, too long for a side-track, was run into by the thru express, causing the death of one man and serious injuries to several others. Traffic was greatly delayed.

DR. WOODS' NORWAY PINE SYRUP Cures Coughs, Colds, Lung and Bronchial affections that other remedies won't touch.

Ma. Thos. J. Smith, Caledonia, Ont., writes: "A year ago I had a very severe cold which settled in my lungs and in my throat, so that I could scarcely speak louder than a whisper. I tried several medicines, but got no relief until I used one and a half bottles of Norway Pine Syrup, which completely cured me."

25c a bottle or five for \$1.00.

DR. WOODS' NORWAY PINE SYRUP Cures Coughs, Colds, Lung and Bronchial affections that other remedies won't touch.

Ma. Thos. J. Smith, Caledonia, Ont., writes: "A year ago I had a very severe cold which settled in my lungs and in my throat, so that I could scarcely speak louder than a whisper. I tried several medicines, but got no relief until I used one and a half bottles of Norway Pine Syrup, which completely cured me."

the sailing of the steamer from Halifax until Feb. 4.

The postponement is especially regrettable because the company had arranged to take a party of about 30 manufacturers, including President Munro of the Canadian Manufacturers Association on a business tour of the British West Indies, with the object of promoting trade with those colonies.

The Guildhall is said, however, to be a very comfortable ship, and once she gets started will probably make a voyage in good time. Besides ordinary freight, she will carry a lot of special merchandise of Canadian manufacture.

DIAMOND DYES

HAVE GIVEN AN IMPETUS TO THE WORK OF HOME DYING. The days of old fashioned home dyeing work passed away when the Diamond Dyes were given to the world. To-day, the operation of coloring—making of our dressings—has become so easy and quick work when the Diamond Dyes are used. All over this Canada of ours, the Diamond Dyes are used. They are used. They are used. They are used.
