# Didn't Fight For Quebec In Campaign of 1908 And Nothing Done Since

## Instead, Party Managers Allowed Funds To Be Lugged Off To Assist in Carrying West.

### TOO MUCH DELICACY CAUSED SERIOUS LOSSES

MONTREAL, April 5.—(Special).—Every good Conservative in this province would be delighted if the serious feeling of discontent over the state of affairs at Ottawa were confined to a few newspaper offices, but unfortunately, this is not the case. At the last federal election the powers that were decided that the better policy would be to drop Quebec altogether from calculations as to future party success, and this was the beginning of the discontent, which it cannot be said that R. L. Borden was wholly responsible for the blunder.

Those who were running the Conservative party ignored the fact that there are always at least 100,000 Conservative voters in the province, out of a total of 230,000, yet the men who had the finances and of the campaign sacrificed Quebec, took the money from this city, and poured it into Manitoba and the west. Hon. Robert Rogers came down to Montreal, launched the grand scandal of the Grand Trunk Pacific, which the more moderate party papers would not publish, and got off with a clean conscience. The money for organization purposes to carry his province, and also give a helping hand in the new provinces. Had a part of this money been sent here, ten or twelve more Quebec members would be sitting to-day on the Speaker's left. But there was no one with authority to tell certain rich men here in Montreal that Quebec is not as they suppose, wholly devoted to Sir Wilfrid Laurier, and that, with a proper organization and the presence of a Chapleau, for instance, Quebec can almost be divided whenever an appeal to the electors is made.

### WHAT MIGHT BE DONE.

What is to hinder Mr. Borden, for instance, coming down to Montreal and from his room at the Windsor, as Sir John Macdonald used to do, summon the wealthy Conservatives around him, and tell them squarely that several thousand dollars are required at once to pay an organization who, if he were a good man, could put this province in splendid shape before the next election? Sir Hugh Graham and the other rich men who have been so assiduously tried to do the trick here have never yet learned, and there is apparently no one with courage to tell them, that the \$10,000 spent to-day in healthy and hard organization work in the districts of Montreal and Quebec would be more than \$100,000 spent during the four weeks preceding a general election. Quebec is no more corrupt than any of the other provinces, yet at the last elections what funds the party had were spent when it was too late.

When "Bob" Rogers carried off the money prior to the election of 1908, he not only took it to the west, but also to G. H. Bergeron and a dozen other good men, who were sacrificed, when the party had been saved by a modest legitimate expenditure.

### POLICY OF DRIFT.

There was no one, however, in command, who could say this so as to be understood, and the things were allowed to drift at the present moment.

F. D. Monk was nominated here at least three times, and every time he was given to understand that something was to be done, yet he failed at every point. People think that Mr. Borden should have said, "Monk, if you do not intend to go to work and organize Quebec, you must step down and allow some one else to do the work." This was what Mr. Borden failed to do. Mr. Bergeron was the live man here, yet he was allowed to disappear, disgraced, without so much as a decent funeral. Bergeron had accomplished his leader, but the western provinces, and every one knows who contributed to the success of the poll, were left in the lurch.

To be sure, several letters were exchanged, and there is a general opinion that had Mr. Borden requested the loyal Conservatives of Carleton County, Ontario, to return Bergeron for his bid already made a great oratorical hit in the constituency—they would have made the sacrifice of their local pride, and Mr. Bergeron would have been in the house of commons; in fact, as far as organization is concerned, French Quebec would have had an active man, not only in the house, but on every hustling. But rumor says that Mr. Borden considered it too delicate a matter to ask the friends in Carleton to elect Mr. Bergeron. And this seems to be the whole trouble—there seems to be too much delicacy and not enough of real common sense work for the good of the Conservative party.

### IT'S UP TO MR. WILLISON

Where Did He Get His Information About Party Clean Up?

OTTAWA, April 5.—(Special).—The discord in the Conservative ranks is all the source of much discussion and comment.

The World's Ottawa correspondent has told the story as it developed, and it has published nothing that is not true. It had been decided to call off the convention, and The World published that as news. The World also published that there was a large number.

OTTAWA, April 5.—(Special).—The work of the commission for the conservation of national resources was discussed at length in the commons this evening, when Hon. Sydney Fisher's bill to amend the act authorizing that body came up for consideration. The chief amendment was to provide that the annual meeting could be held elsewhere than in Ottawa, and that committee members should have their traveling expenses paid.

J. E. Armstrong (East Lambton) suggested prohibiting members from engaging in private speculation. Mr. Fisher said that would be impossible, preventing them from investing in mining or railway stocks.

Hon. Clifford Sifton argued that members of the commission were above suspicion. If they adopted Mr. Armstrong's suggestion Senator Edwards would be unable to purchase timber lands, and E. B. Osler, M.P., chairman of the public health committee, would have to sell out his shares in the Canadian Pacific Railway. He himself would not retain his office as chairman if there was suspicion that any members would use the special knowledge acquired for their personal benefit. An amendment might, however, be agreed upon to prevent any abuse.

W. F. Maxton (South York) urged that committees of the commons should have the advantage of the data gathered by the commission. Mr. Sifton admitted that it would be useful, but did not see how it would be wholly workable at present.

Mr. Armstrong moved that no member or person employed by the commons shall purchase or acquire any franchise, water power, mines, lands or timber limits, or acquire any interest in such or disclose information on any matters before the commission, under penalty of \$1000 for each violation. Mr. Sifton still objected that the proposal was unworkable, but eventually commented on to-night. In both cases according to evidence, there is an unknown man breaking into a house about the same time of day, and the insane shooting of the victim after being prostrated.

Miss Kinrade described the alleged murderer as short and thickest, of dark complexion and wearing a heavy, black moustache.

# GRAFTERS LIKELY TO ESCAPE

## Montreal Council Informed They Need Not Prosecute.

MONTREAL, April 5.—(Special).—Premier Gouin having declined to prosecute the men named in Judge Cannon's report, it looks as if the city council would follow suit.

The city solicitors opined to-day that there is no obligation on the part of the council to take either criminal or civil action.

They also declare that the two forms of guilt mentioned in the report are not mentioned in the criminal code.

# NIAGARA FALLS S WAKING UP

## Will Try to Appoint an Industrial Commissioner.

NIAGARA FALLS, Ont., April 4.—(Special).—Factories have not been locating here in great numbers of late, and in council Ald. Cole succeeded in having a joint meeting of the board of trade and council arranged for Friday, when the appointment of an industrial commissioner will be discussed. Final decision will be left to the voters.

Hon. Adam Beck will be asked by the board of trade to speak on the hydro-electric commission at the annual banquet, April 15.

# NAVAL SERVICE DEPARTMENT

## Sir Wilfrid Outlines Proposed Bill to Create One.

OTTAWA, April 5.—(Special).—Sir Wilfrid Laurier has given notice of a resolution upon which a bill will be passed, creating a department of naval service.

It is provided that the department will be presided over by the minister of marine and fisheries, with a deputy minister drawing salaries and clerks as are required.

# THE ORIGINAL GLEAM.

George H. Ham, the C. P. R. purveyor of gentility and good-fellowship, was in the city yesterday looking finer than silk. He seemed to be enveloped in brightness and as he passed along the streets he radiated bonhomie. George is the original gleam.

# HETTY GREEN ILL.

NEW YORK, April 5.—(Special).—Hetty Green is reported to be critically ill, but her whereabouts are unknown. Her son-in-law, Matthew Wilkes, formerly of Galt, Ont., has left the city, supposedly for the bedside.

# VICTIM OF POLICE BRUTALITY.

OTTAWA, April 5.—A coroner's jury to-night declared that Constable McDonald and Fox should be dismissed for their brutality while arresting Michael O'Brien, who died. The station sergeant was censured for refusing him medical aid.

# AN UNKNOWN MAN SHOTS WOMAN THREE TIMES

## Strange Assault in London City—Intruder Fires Point Blank and Repeats When Aged Victim Falls to Floor.

LONDON, Ont., April 5.—(Special).—An unknown man this afternoon, entering the home of Miss Elizabeth Franks, on the Wellington-road, just at the city limit, deliberately, and for no apparent cause, shot at her four times, three times after she was prostrated.

Three bullets took effect, in the ear, nose and neck, but despite her age—she is 65—after the assault had been scared away, she walked one-quarter mile to a corner grocery and asked that the police be telephoned for. Then, although she was bleeding freely, she walked half a mile further to a sister's in Horton-street, where she received medical aid. She declined to go to a hospital and was later taken home.

Miss Franks, who is well-to-do, lives alone in a large house just at the outskirts of the city, the place being surrounded by a high brick wall.

About 4 o'clock she was in her sitting-room, reading a paper, when there came a sound of a door being opened, and she turned to face the man. She demanded his reason for coming there, and he made no answer, but fired point blank at her, and she fell from the room, and he hurried.

At the door she stumbled, and as she lay prostrate, the man fired three more shots at her, and then struck at her with the revolver.

Then, the woman had not screamed, he started to grow suddenly afraid and jumping thru a window made his escape.

The police seem doubtful as to whether robbery was his motive, as he passed by the woman's gold watch and money and did not take it.

The surrounding country is being scored in a pursuit.

He is described as well dressed, short of stature, with ruddy cheeks and black moustache. He was wearing black clothes and left a black Christy hat behind him, which, however, serves little purpose towards identification.

The similarity of the crime to the Kinrade murder, but eventually commented on to-night. In both cases according to evidence, there is an unknown man breaking into a house about the same time of day, and the insane shooting of the victim after being prostrated.

Miss Kinrade described the alleged murderer as short and thickest, of dark complexion and wearing a heavy, black moustache.

# AT 99 KILLED BY TRAIN

## Mrs. Ingram of Brockville Victim of Level Crossing.

BRACKVILLE, April 5.—(Special).—To live to 99 and then meet a tragic death was the fate of Mrs. Alex. Ingram, who was killed late this afternoon while crossing the C. P. R. loop line in Elm-street.

As a shunter, hauling four cars, approached the crossing, the engineer noticed Mrs. Ingram a few yards away from the rails. He sounded the whistle to which she paid no heed. She was struck and literally cut to pieces.

Deceased is survived by a family of six children. She was a remarkably well preserved woman mentally and physically.

# THREE CENT FARES A SUCCESS

## First Month's Traffic at Cleveland Shows Profit.

CLEVELAND, Ohio, April 5.—(Special).—The Cleveland railroad fares on the Cleveland and Erie lines have not only proved a paying venture, but a profitable operation, promised to give a handsome surplus to the railway.

The statement issued to-day by the company covering its operations for the month of March shows a probable profit of .66 cents over the average car mile expense, or \$13,964.24 over and above operating expenses, and the 6 per cent. return allowed the stockholders.

# DEATH OF MRS. OSLER.

After an illness of nearly a month, Mrs. E. B. Osler, wife of Edmund B. Osler, M.P., passed away yesterday at 11 a.m., at her residence, 11 Beaufort-street, Rosedale.

Mrs. Osler had resided here in Toronto for about 40 years. She was a daughter of James L. Cochran of Aberdeen, Scotland. Her maiden name was Annis Farquharson Cochran. She is survived by three sons, and three daughters. The funeral service will be held at St. Simon's Church at 3 p.m. Thursday.

# WHY SHOULD NOT TORONTO ADVANCE BY RESORTING TO BUSINESS METHODS THRU GOVERNMENT BY A COMMISSION?

## American Cities Awakening to Wonderful Improvements Possible Over So- Called "Representative" Administration.

So much support has been manifested of the views expressed by The World with regard to the necessity for a complete change in the method of government of the City of Toronto, that no excuse is necessary for placing before the public the facts relative to the adoption of the system of government by commission in the United States. An article in Everybody's Magazine for April, by Charles Edward Russell, of which we take the liberty of making free use, affords a view of what has been done and of what is possible. The results show that the method is successful. Good government, efficient government, economical government is achieved.

"If the American people have one distinguishing trait," says Mr. Russell, "it is their strong innate moral sense; it is their government of their cities is probably the most immoral government in the world. They are essentially honest; the government of their cities is so dishonest that it is a byword and mocking for the rest of mankind. On the whole, they are probably the most capable, and intelligent of modern peoples; the government of their cities is incompetent, childish, inefficient, blundering, ruinously wasteful, and stupid beyond all words.

"Some few exceptions exist, also some degrees of badness; but as a rule the American city is unsightly to look at, plundered by corporations and political ruffians, marred where it is not corruptly ruled, and bungled, boggled, and manhandled in all its most important affairs.

While Toronto may not be as bad as this, Montreal has had a shameful exposure lately, and our methods do not make such things impossible. Let us, as a matter of fact, and not to make any concession to fustian patriotism, the failure so broadly marked out by municipalities is not really ours, but a system's. We have done the best we could with the tools we have; the fault is with the tools; they are worn out, antiquated, and worthless for the task in hand. The truth is that the old mediæval and thimble government called representative government is a failure, and the American city, being wholly modern and without the sustaining power of tradition, is the first to demonstrate that fact.

What Representative Civic Government is a failure, and the American city, being wholly modern and without the sustaining power of tradition, is the first to demonstrate that fact. The scheme of representative government, says Mr. Russell, is no better than a failure, and the American city, being wholly modern and without the sustaining power of tradition, is the first to demonstrate that fact.

# YOUNG DYSON'S SLAYER GUILTY OF MANSLAUGHTER

## WILL ASK REFERENDUM ON CIVIC COMMISSION

NORTH BAY, April 5.—(Special).—There were three murder cases and one of manslaughter before the jury in the spring assizes, Chief Justice Mulock presiding, which opened to-day. Geo. T. Blackstock, K.C., was sufficiently recovered to act as crown prosecutor.

James Moran, aged 19, charged with the murder of Wm. J. Dyson, a young T. & N. O. telegrapher, whose home was in Guelph, at Redwater on Dec. 21, was found guilty of manslaughter after three hours' deliberation.

William Cornish, a sectionman, said that he and Moran were in Dyson's office, when an altercation arose over a car which had not been unloaded on time. Dyson finally ordered Cornish and Moran to leave the office, and, not being obeyed, secured a club and struck at Cornish, who dodged and clinched. Both fell to the floor, with Dyson on top, and choking Cornish. Moran told Dyson to let him chum up, and no attention being given, picked up Dyson's club and struck three blows on the head. Dyson died in about thirty minutes.

G. L. T. Bull, for the defence, pointed out that Dyson had used bad language, was the aggressor, and might have killed Cornish, in whose behalf Moran had interfered.

Mr. Blackstock characterized the crime as deliberate murder, unnecessary and cruel, as two other men were nearby and Cornish was in no real peril. Moran's three heavy blows were hard to explain.

# GRAHAM ATTACKS I.E.P. SERVICE EAST

## Minister Declares Commission's Policy Is "Delusion and Snare," So Far as His Section Is Con- cerned.

OTTAWA, April 5.—(Special).—The St. Lawrence Power Transmission Company bill monopolized an hour in the house to-night. Hon. Wm. Pugsley and Hon. George P. Graham warmly supported the measure, and the latter made a fierce attack on the Ontario Hydro-Electric Commission.

Richard Blain had requested that any correspondence between the federal and Ontario governments with reference to the bill be produced, but Mr. Pugsley said that so far as he knew, there was no such correspondence.

Regarding the charge made by Sir Wilfrid Laurier, that the opposition wanted the Hydro-Electric Commission to have a monopoly, Mr. Blain said he was in favor of such a monopoly of the people of Ontario against all-comers.

Mr. Pugsley said he was lost in amazement at the wonderful ingenuity of the opposition in creating a supply regarding the bill. It was simply a power transmission bill and nothing more. Unless they would bound hand and foot with the hydro-electric, they ought to vote for the bill.

A. S. Goodeve, Kootenay, read passages from Mr. Pugsley's previous speeches stating that the St. Lawrence power bill and the present bill were connected. In reply to Mr. Blain, the minister said that amongst those who voted against the bill, there was no one who was damming the St. Lawrence. Mr. Leighton McCarthy of Toronto and Messrs. Holgate and McGuigan of Montreal.

Mr. Graham declared what he asked for was that they be given the right to get cheap power wherever it came from. Men who argue that it must come from one source were not friends of the people.

The Hydro-Electric Commission had made no attempt to give them power in his part of the country. So far as the people of eastern Ontario were concerned, it was a delusion and a snare.

Col. Sam Hughes asked why the federal government did not run its own Hydro-Electric Commission, and Mr. Graham said that the people got just as good results from the railway commission which controlled rates.

# ROOSEVELT COMMENDED FOR ACTION AT ROME

## King Edward Would Have Done the Same Under the Conditions, Says One Newspaper.

ROME, April 5.—Under the heading "The Bankruptcy of the Vatican," The Messenger points out that the Pope recently received King Edward and Prince Von Buelow, as well as Chancellor Von Bismann-Hollweg, all Protestants, without attempting to impose restrictions which "would certainly have been rejected by them with as much indignation as Mr. Roosevelt displayed."

The paper expects that the incident will create great resentment in America, where the national pride is so strong, "and result in a diminution of Peter's pence from that country."

The Correspondencia Romana quotes the Vatican as authority for saying that had Mr. Roosevelt visited the Pope and later spoken before the Methodists, the case would be exactly as the 'wh' in Germany. The shooting in an audience with the emperor to meeting of Polish separatists, who are accustomed to attack both the emperor and the empire.

Merry del Val's Biggest Blunder.—FRANKFURT-ON-THE-MAINE, April 5.—The Frankfurter Zeitung's Rome correspondent, concluding a telegram regarding the Vatican-Roosevelt incident, says: "According to the judgment of all the clericals with whom I have spoken to-day and who are prejudiced, Mr. Roosevelt's dignified declination was the severest defeat which the Spanish cardinal and papal secretary has suffered during the long course of his mistakes. This is the coronation of the whole. Another year of Merry del Val and the bankruptcy of the Curia will be complete."

## A Fortunate Purchase of "Fluffy, Frilly" Jabots Results in This 25c Clearance

The vogue for the plain tailored neckwear is rapidly disappearing under the extreme popularity of the frills and ruffles of this season's neckwear.

This lot consists of a maker's clean-up, and includes jabots at less than one-third of their real value. Most of them are in the long cascade side ruffled and frilled effects, now so fashionable with all styles of collars and waists.

Not one in the lot but is worth double the money. A large assortment, with trimmings of val. guipure and heavy laces, insertions frills, tucks, etc. See Yonge St. window. Clearing each **.25** (Early phone orders filled)

## Steel Cutlery of the Better Grades

You can find just the cutlery grade you like best among these knives. Some of them have celluloid, others real ivory handles, all of them are bladed with high-grade Sheffield steel.

John Derby's Knives, for everyday use, contain a fine quality steel, evenly tempered and ground. They take a keen cutting edge and are securely riveted into their finely grained square handles, dinner size 6 for 1.38; dessert size 6 for 1.13.

Double Diamond, made from Sheffield steel of extra grade, have round handles of celluloid, grained in exact imitation of ivory. They are well-finished knives in every detail. Dinner and Dessert size, 6 for 1.75.

"Cavendish Steel" Knives are undoubtedly among the peers of the cutlery realm. Their blades are hand made, a process which is a safeguard against the many flaws found in the machine made knife, set in celluloid handles, large size 6 for 2.75; medium size, 6 for 2.50; dessert size, 6 for 2.25; ivory handles, round or square, dinner size, 6 for 6.00; dessert size, 6 for 5.00.

## Carpets and Rugs Mostly in Demand

That we're selling the carpets required by you at the lowest price possible is well illustrated by the following items:

English Tapestry Carpets, woven 10 wires to the inch, with weaving qualities equal to those of any ordinary Brussels, handsomely designed in floral, conventional and oriental effect and showing color combinations to suit any style of apartment. Thursday, per yard **.73**

English Tapestry Squares, from a large consignment just received, all perfect goods, were secured at a very low figure from the maker; a saving that is included in these excellent prices, the colors are tan, fawn, chintz and green in oriental, conventional and floral patterns; size 4 x 4 yards. Price each **10.00**

Hit and Miss Smyrna Rugs, 30 x 60 inches, an assorted lot of red, green, blue and moted patterns in extra heavy quality and well finished, make excellent bedroom or bath-room rugs. Special price, each **1.43**

Heavy Printed Linoleum, yard .27—2 yards wide, some of the patterns slightly imperfect, but merely enough to lower its selling price, comes in brightly printed floral, block and tile designs and is well seasoned. The price is very moderate. Square yard, **27c**.

## Thursday Starts a Big 3 Days' Selling of Wonderfully Low-Priced Ties, Each 12c

The selection of new ties is quite important to a man, for most men are decidedly particular on the style, color and quality they wear—many men no doubt judge quality to a great extent by price—here's a revelation in tie pricing and quality. Being in a position to utilize big quantities of ties—silk manufacturers sometimes come along with odd quantities of the raw materials—we had a most unusual offer made us in imported silks—far more than we'd usually buy, but we couldn't resist such a price.

We never bought the like in our most carefully planned purchases—beautiful imported silks, materials of a very high-grade, and we soon had our tie-manufacturing plant at work on the goods.

The ties look even better than the price and we're able to sell them at half and less what the same quality usually costs you. Each day will have a surprise for tie buyers—none better than Thursday's.

A range of four-in-hands with the folded ends, French seams or reversible style in a big range of plain shades, stripes and fancy patterns in blue mulberry, amethyst, grey, greens, mauve, etc. Thursday, each **12c**

This Lot Goes at Each 5c

## What About Your Furs?

It's time to put them away, and the question now arises how to put them away—there's only one safe and proper way Cold Storage—and we thoroughly solve the problem where to store them by our improved cold storage vaults.

Your furs are cleaned first, then hung in a dry, cold atmosphere, always below freezing, a continuous current of air circulating freely about them—it's the natural atmospheric condition for furs and not only makes it impossible for all moths, etc., to live, but improves your furs. We insure your garments from fire, moths, damage or loss, and all we charge is 3 per cent. of your valuation. A phone message will bring a rig to your door for your furs—after that we do the rest.

Ask for the pamphlet, "A story, a sequel, a moral." Full information at Fur Section, Second Floor.

# The Paying Bicycle

The Bicycle that "doesn't eat its head off" in repair bills is the one for you.

You can buy a Bicycle at almost any price you care to pay, but what's the use? Half the time a cheap wheel is in the repair shop, and when you come to figure it out it's a pretty expensive investment after all. Nor have you enjoyed the comfort of wheeling as it is possible to do to-day with a good wheel.

"The return of the bicycle to favor is a healthy sign. Its early popularity was largely a fashion or a fad, but to-day it is used because it combines invigorating exercise, outdoor pleasure, and practical utility."

HARRISON GREY FISKE, Editor, "The New York Dramatic Mirror," New York City.

## CLEVELAND BICYCLE

The Cleveland sells at a price that covers the making of a thoroughly honest wheel. It is fully guaranteed. The Cleveland is equipped with the very latest of the new inventions that have done so much to make wheeling comfortably pleasant. The Cleveland is greater to-day than it was years ago and then it was considered the best.

THE HYGIENIC CUSHION FRAME.—If there is one invention more than another in the bicycle line that has helped to popularize wheeling, it's the Hygienic Cushion Frame. "Makes all roads smooth," is the slogan that carried it to popularity, and it has lived up to the advance notice. The Cushion Frame gives "Pullman Comfort" to bicycling.

#### Players Must Show Respect This Year

NEW YORK, April 5.—Nine umpires, the full National League muster of arbitrators, were received in audience by President Lynch and Secretary Heydler in the St. James' ballroom yesterday, and rules and details were discussed prior to the opening of the pennant season. The umpires and the residential districts which they honor were as follows: Henry O'Day, sometimes known as Hank, Chicago; Jas. Johnston, Newark; Robert Emslie, St. Thomas, Canada; William Klein, Lenoir; William Brennan, St. Paul; Steven Kane, Louisville; Charles Rigler, Virginia; August Moran, Philadelphia; and De Witt Van Cleaf, Trenton.

protests on general principles. He thinks there have been entirely too many of these, and yesterday he pointed out to his umpires that all but two or three of the last ten years were unnecessary. He pointed out that the umpires were strictly observed, Lynch told his umpires to carry a book of rules with them on the field with a view of clearing up disputed points then and there and thus avoid having them come up later through protests. The division of the umpire's duties was discussed, this time, as to parts of the field to be covered by the umpire in chief and his assistant. The umpires were instructed to enforce rule 7 strictly. This rule deals with spectators coming on the field of play after the game has started, and under its strict enforcement photographers are not to be allowed to perch around the base line staking pictures after the battle has begun. The squeeze and plays in connection with it came in for an airing, particularly in reference to catchers stepping out of

their position to take the pitch. Umpires will call a balk in such event and the run is allowed to score. The etiquette of the field as between players and umpires is to be observed with all due ceremoniousness and there must be no flippancy, facetiousness or undue familiarity between players and umpires. Club presidents will be asked to provide benches sufficient to all regular and substitute players, something especially needed early in the season when many players are being carried, and the umpires are to see to it that the lines restricting the coaches to bounds are plainly marked.

**Aemilius Jarvis Challenge.**  
KINGSTON, April 5.—(Special.)—Prof. Iva Martin was elected commodore of the Kingston Yacht Club, that will hold races this year for the George Cup in July. Aemilius Jarvis of Toronto and the Croton Yacht Club of Watertown have challenged for the cup.

Time 1:06. 3.5. Laird, McAndrews also ran.

### WOODBINE GOSSIP.

After the fog, which enveloped the Woodbine last night, and only slowly lifted this morning, it was appropriate for King of the Mist to appear. King of the Mist, b.g., 8, by St. Bert—Mist, owned by M. Hutchison, has been stabled west of the track, but nearby, on Eastern-avenue. The style in which he looped the loop, exercising and trying to get his head, yesterday forenoon, showed that his equine majesty was feeling good, even if not quite ready for speedy work. The good old gelding raced 46 times last year. His winnings were \$745. His 7-year-old season appears promising.  
M. Hutchison's Greendale II, also exercised yesterday morning. Like his stablemate, the King of the Mist, he made a nice showing as to manners and appearance. Greendale is a ch.c., 4, by Allan-Dale—Mary Greenwood, Greendale earned brackets twice last season.  
C. Wise had Sir Montagu Allan's Come-On go around the track a few times yesterday morning. From the encomiums of the Woodbine fraternity it was apparent that Sir Montagu's The Commoner horse holds about first place in the admiration of those who were watching his work.

### Fifty Hurt in Race Riot.

HERRIN, Ill., April 5.—Fifty persons were hurt, several of them seriously, in a race riot yesterday. Most of the injured are Syrians. Twenty of the contestants are under arrest. Garden seats, benches and disks were used during the riot.

### THOUGHT IT WAS SUICIDE

A prominent merchant was discovered a few days ago brandishing his razor at midnight. His wife called for assistance, but found her hubby was only paring his corns. Far better not to risk blood poisoning—use Paine's.

### THE OXFORD NECKTIE HOLDER

is new, is simple. It does away with the usual tugging and pulling in adjusting the tie. It saves the tie and the collar, your time and your temper.

YOU see your tie upon the Holder to suit your own taste. It is then always neat and snug and is adjusted in the collar in a jiffy. Try one. Sold by leading gents' furnishees, or mailed direct on receipt of price, 25 cents. Four for a dollar bill. The Oxford Novelty Mfg. Co. Owen Sound, Ont.

### Annual Spring Sale

—OF—  
Carriage, Saddle and Roadster Horses  
Including a number of fast Trotters and Pacers

—ON—  
THURSDAY, APRIL 7  
AT 11 A.M.

The entries for this sale are numerous and every mail brings in additional entries of the best of the province. As a number of others of the best horses mentioned, you cannot do better than attend this sale. Mr. G. A. Brown, the "Speed Merchant" of Leamington, will be in with some trotters and pacers, and Mr. J. T. Brownbridge of Brampton is consigning a load of Carriage and Saddle Horses, and we are receiving consignments from a number of others of the best horsemen in the province.  
Mr. H. R. White has consigned to us for sale, without reserve, a number of saddles which have been used by him at his Riding School. There are a number of Ladies' Saddles and a few Gents' and they are all in good condition and as they have been used slightly they will not hurt a horse's back. These are to be sold Thursday, without reserve.  
CHAS. A. BURNS,  
Gen. Mgr. & Auctioneer,  
ISAAC WATSON,  
Assistant Manager.

### New York's New Betting Law.

ALBANY, April 4.—The Agard-Perkins bills prohibiting oral bookmaking and repealing the exemption from personal responsibility which members of racing associations now enjoy under the Percy-Gray law, were advanced to the order of final passage in the assembly to-day after a vigorous effort to have them recommitted for a hearing. The attempt to recommmit the bills failed, one vote being 4 to 70, and another 25 to 74. Minority Leader Frisbie was one of the few Democrats who opposed recommittal on the final vote.  
Discussing the bills, Mr. Perkins emphasized the fact that they are not designed to prohibit private wagers between individuals.

400,000 MAY GO ON STRIKE

Building Trades of Germany Refuse Employers' Wage Scale.

Berlin, April 5.—The prospect of the most extensive strike in the building trades which has ever occurred in Germany is held out by the decisive action of the delegates representing the Socialist federation of trades unions, comprising 400,000 members, who met in a general assembly at Berlin, at a meeting this evening, at which they unanimously rejected the proposed wage tariff which the master builders' union had drawn up. Such a strike would affect at least 350,000 men, spread over the entire country. About 35,000 members of the Christian Trades Union in the same branches have also unanimously decided to join.

The workers demand that the tariff shall be drawn up by an equal number of representatives of workers and employers.

DUNSMUIR GETS C.N.R. BONDS

Four Million Dollars' Worth on Deal for His Vancouver Island Colony.

VICTORIA, B.C., April 5.—(Special.)—James Dunsmuir to-day purchased four million dollars worth of Canadian Northern bonds. It is understood, this closing the deal for the sale of his Vancouver colony and coal interests, which an option was taken by Mackenzie and Mann some weeks ago at fifteen million dollars. He is himself a director of the Canadian Pacific.

FIRST MONOPLANE FLIGHT.

BADDECK, N.S., April 5.—A monoplane flight was made here to-day, the first in Canada. The Hubbard Drome accomplished a successful flight over the ice of the bay. The aviator was the designer of the machine, Gardiner Greene Hubbard, of Boston. The flight was an out-and-back of 1 1/2 miles and only half mile in extent.

GRENADEIER GUARDS' BAND COMING.

LONDON, April 5.—(C. A. P.)—The band of the Grenadier Guards will tour Canada in August and September.

Holidays for Police.

From July 1, at the expense of about \$2,000, the police will have two days off every month. This was decided at a special meeting of the police commissioners yesterday afternoon. This is to include the entire force save the executive heads who may govern their work so as to allow themselves leisure. The question of a day off a week was discussed, but it was thought that the city council had not been properly aware of the amount that would be involved in this measure, being over the \$2,000 mark, and so sufficient notice was not given to get into shape to make the change this year it was decided to leave the matter over.

Police Blaney of No. 4, Baird of No. 3 and McKay of No. 4, were appointed patrol sergeants to supply vacancies. Policeman Gooderman's resignation was accepted. Policemen Saunders, Glover and Shannon were let out. Seven recruits were accepted and put upon the waiting list.

Brookville's Water Problem.

BROOKVILLE, April 5.—(Special.)—An expert sanitary engineer, reporting on the water supply, advises the installation of a filtration plant at a large expense, and the extension of the intake pipe into the St. Lawrence.

THE WEATHER

METEOROLOGICAL OFFICE, Toronto, April 5.—(8 p.m.)—The depression which has been over the western states for the past few days now exhibits more energy and is being succeeded by somewhat cooler weather. Temperature exceeds 50 degrees have been recorded to-day in many parts of Ontario, and more locally in Saskatchewan and Alberta. Showers have occurred in British Columbia, and are setting in this evening over Western Ontario, but otherwise the weather has been fair throughout Canada.

Minimum and maximum temperatures: Dawson, 15-29; Victoria, 44-50; Vancouver, 41-48; Kamloops, 40-60; Edmonton, 28-62; Battleford, 26-72; Regina, 24-64; Toronto, 46-68; Ottawa, 44-72; Montreal, 48-66; Quebec, 54-56; St. John, 28-48; Halifax, 32-48.

NOVA-SCOTIA STEEL CO. FIGHT

It Has Been Taken to the Legislature by Amending Act.

HALIFAX, N.S., April 5.—(Special.)—Howe Johnson has introduced a bill in the legislative council which is causing the professional lobbyist to get busy. Its title is "A Bill Entitled an Act to Amend Chapter 127 of the Acts of 1896," entitled an Act to incorporate the Nova Scotia Iron and Steel Company, Limited, and amending the Act of 1896.

NEGROES LYNCH COUPLE

Colored Prisoners Were Accused of Husband and Wife Murder.

KEO, Ark., April 5.—A mob composed entirely of negroes overpowered Constable Malory of KEO, four miles north of here, last night, seized his two prisoners, one a negro woman, and shot them to death, after which their bodies were strung up. The victims were charged with killing the husband of the woman and wife of the man.

BANK BURGLARS KILL TWO

Desperate Affray at McKee's Rock, Pa.—Robbers Escape.

PITTSBURG, Pa., April 5.—A bank robbery with wild west features was pulled off by four desperadoes in McKee's Rocks to-night, with the murder of two men and possibility of fatal oiling of another. The robbers themselves, covering the escape with volleys of revolver shots, got safely away with the cash from the offices of the Victor Banking Co. Samuel Friedman, general manager of the company, was shot dead; his assistant, Isaac Schwartz, was shot in the head and Robert King, a passerby, was seriously shot in the groin.

A Double Presentation.

After fifteen years service as secretary and acting manager of the Conboy Carriage Company, W. D. Thurston is severing his connection with the firm to become managing director of the Toronto Automobile Top and Body Co. Fifty employees of the Conboy Company went to Mr. Thurston's home, 72 Havelock-street, and presented him with a big leather easy chair. On their way they also called at the home of Superintendent C. W. Whitmore, 55 Whitmore-avenue, and left an easy chair there, too. Mr. Whitmore, who was a long time with Thurston's, Orilla, before he was with Conboys, will be associated with Mr. Thurston, with the new company, which will have its factory on West Dundas-street.

UNIQUE EVENT IN PIANODOM.

Famous Toronto House Conducts a Sale Extraordinary—Prices Slashed Deep on Instruments of Notable Excellence.

Distinctly the feature of the year in the piano trade of this city is the stock-taking sale now in active progress at 32 King-street west. Pianos of world-wide reputation are offered there at prices which would imply doubtful value in any establishment less substantial than the old house of Mason & Rich. This "stock-taking" sale is a new departure for this house, and the values offered by it are not likely to be duplicated; for the cost of making a really fine piano is steadily rising, and will never be less than it is to-day.

MANITOBA LIBERALS

Choose T. C. Norris to Lead and Adopt a Platform.

WINNIPEG, Man., April 5.—(Special.)—Some six hundred delegates attended the provincial Liberal Convention. The convention passed resolutions, prepared by a special committee, as follows:

- 1.—Advocating increased grants to primary schools, to promote elementary education and ensure more effective supervision.
2.—Compulsory education between the ages of 8 and 14, but not to interfere with religious convictions of any person.
3.—Provincial control of higher education thru a state university.
4.—Franchise Act to provide municipal lists as a basis, but to be revised before each election. Only manhood suffrage to be insured by personal registration.
5.—Telephone department to be rendered absolutely non-partisan and responsible only to the legislature. All accounts to be subject to the provincial auditor.
6.—Recommending co-operation of municipalities to secure a system of good roads.
7.—Recommending the acceptance of the boundary extension offered by the Dominion Government, but the Dominion to be asked to assume to Manitoba control of all resources within the area, including minerals.
8.—T. C. Norris, M.L.A. for Griswold, was chosen as leader.

ANTI-BETTING BILL TO-DAY

French-Canadian Members Are Likely to Oppose It.

OTTAWA, April 5.—(Special.)—Gossip here is milling in the effect that H. H. Miller's anti-rocket gambling bill will strike several snags to-morrow when it comes up in the House.

Democracy Carry Chicago.

CHICAGO, April 5.—Democracy to-day gained a majority in the city council for the first time in several years. Of the 15 aldermen chosen, one from each ward, the Democrats elected 11, the Republicans 12, and Independents 2.

Appendicitis

How to Avoid It and Escape a Surgical Operation, Told by One Who Knows.

A Simple Method That is Always Efficacious—Trial Package Free.

It has only been a few years since it was discovered that a surgical operation would cure appendicitis; in fact, it has been but a short time since the disease was discovered and named.

Whenever there is an inflamed condition of the appendix, caused by impacted feces in the small cavity opening into the intestine, you then have appendicitis.

The older doctors used to call this inflammation of the bowels, and were puzzled to know the cause. Even now, with all the knowledge we have of the disease, no medical man can tell you why we should have an appendix, or what its function is, or what its use is, if it has any.

The disease for which the operation is a cure is usually caused by indigestion, and in many cases follows a large and indigestible meal.

Physicians have until recently recommended an operation, but now it is known that it is caused by indigestion or dyspepsia, a cure without an operation is assured.

Where the patient is treated with Stuart's Dyspepsia Tablets, the unhealthy conditions prevailing rapidly disappear, the stomach and intestines are placed back in their normal condition, every organ of the body operates as it should, and the inflammation is reduced and the operation is avoided.

Conscientious physicians, who are looking after the best interests of their patients, will always keep a supply of Stuart's Dyspepsia Tablets handy in their office, where in cases of sudden attacks of indigestion they can relieve the patient at once.

DR. SHEARD MAY REMAIN IN SERVICE OF CITY

To-day's Conference With Board of Control Will Settle the Point.

A conference between the board of control and Dr. Sheard this morning was possibly the most important of the medical, health and street-cleaning departments deciding to remain in the city's service.

DR. SHEARD MAY REMAIN IN SERVICE OF CITY

To-day's Conference With Board of Control Will Settle the Point.

At the meeting of the board of control yesterday Dr. Sheard's letter of resignation was under discussion, and the upshot was a determination to talk matters over with the doctor. At the same time the board determined not to use persuasion. The proceedings will be rather in the nature of a heart-to-heart talk, it was expected Dr. Sheard will throw more light on the reasons for his resignation.

The mayor stated that while there was no official he would rather resign, he did not believe in "trying to drag him back." Controller Spence thought Dr. Sheard wasn't satisfied with his salary, and Controller Ward announced that he would favor increasing it \$2000 a year if the doctor would stay.

In conversation with several aldermen who visited his office yesterday, Dr. Sheard intimated that he had decided to resign because he could no longer tolerate the criticisms of an evening paper.

Mayor Geary Nettled.

Mayor Geary strongly resents the remarks of Dr. Bruce Smith, provincial inspector, in which Dr. Smith heaped censure upon the city council for the alleged disgraceful condition of Toronto's jail.

His wrath asserts that the indictment against the city a year ago was dropped by the provincial government of improper conduct of the works since carried out, but because it did not send a strong defence. The mayor has conferred with Hon. W. J. Hanna, provincial secretary, about the establishment of a jail farm, and that which is a novel civic committee.

The old morgue at the foot of Frederick-street will be converted into a garage for city automobiles.

Rust Courts Enquiry.

City Engineer Rust, nettled at the criticism to which the works department has been subjected, has asked Ald. Chisholm, chairman of the works committee, to have it investigated. Mr. Rust declares he has one of the best and up-to-date engineering departments in America.

ACQUITTED OF MURDER

Indian Doctor Who Shot Boy Is Freed by Jury.

SUBURBY, Ont., April 5.—(Special.)—The trial of Dr. Whitecloud, the Indian patent medicine man, charged with the murder of Willie Swede, a 14-year-old boy, at Copper Cliff on Dec. 1, was opened before Justice Magee on Monday, and continued until to-night at 8 o'clock when the jury retired.

The tragedy occurred at a show where Whitecloud was vending his wares. One of the side shows was trick rifle shooting by Whitecloud. The boy was creating a disturbance outside the hall. One Whitecloud came to the door and flourished a bottle, which scattered his annoyance, but they soon returned and Whitecloud ascended to the door with his rifle.

All the boys had fled with the exception of the one who was killed, and he stood about 20 feet away. The intestines were perforated in 12 places. The boy lived for five hours after the shooting.

Whitecloud had been shooting the ash of a cigar in a man's mouth with wax bullets, but had picked up the leaden bullet in mistake.

Whitecloud gave evidence that he had never tasted liquor in his life and denied all murderous intent in shooting.

MAJORITY FOR CLOSURE

Asquith Announces That Budget Debate Will End This Month.

LONDON, April 6.—The house of commons today, by a majority of 84, barred Premier Asquith's motion, authorizing the application of the guillotine method to the committee stage of resolutions on the veto powers of the house of lords.

The premier announced that a bill would later be introduced, framed in result of a resolution, which would be given for adequate discussion, and he intimated that the discussion of the budget would be concluded by the end of the present month.

HARPER, CUSTOMS BROKER, MCKINNON BUILDING, 10 JORDAN-ST., TORONTO.

SUGAR TRUST INCREASES WAGES NEW YORK, April 5.—The directors of the American Sugar Refining Company to-day passed a resolution providing for an increase in wages of from 5 to 10 per cent. to the employees in all the refineries of the company.

Buying a Typewriter?

The foundation of typewriter construction is the typebar and its connections.

If the foundation is at fault the whole superstructure is in vain—and there is no remedy. A good typebar principle is as essential to a writing machine as a sound heart to a man.

Good work, true alignment of print and, to a large extent, ease of action all depend on the typebar and its connections—technically known as bearings.

The one form of bearing that has come down through all the typewriter ages—that has stood the test of time and the stress of work—is the PIVOTAL. All others have proven to be the graveyard of typewriters.

The bearings of the Monarch typebar are pivotal, and they are in the most approved and improved form. They are broad; they are frictionless; they will wear a lifetime.

Let us say it this way—a typewriter's worth depends largely on its typebar connections. Those of the Monarch are the best and most perfect ever put into a writing machine.

DIDN'T FIGHT FOR QUEBEC

Continued From Page 1.

ber of the Conservative members in the opposition dissatisfied and insurgent. That is true. The World published, further, that the insurgent rank and file was due, in the main, to the policy pursued in the house by Mr. Borden; that in this, when by the very simple process of speaking out plainly, and acting decisively and courageously, matters can be readily remedied, and the party saved from continued defeat and perhaps from disorganization?

ONE POLITICIAN'S THEORY

Says Discontented Crowd in Ontario is Stirring Up Strife.

MONTREAL, April 5.—(Special.)—The Star to-night contains the following despatch from Ottawa:

"You will find," said a well-posted politician to-day, "that the publicity given to the friction in the Conservative party is a well-calculated move on the part of a lot of politicians who would hide behind a situation they are trying to create. Mr. Monk's attitude toward Mr. Borden has not been misrepresented because, under present conditions, the Quebec Conservatives will refuse to send delegates to the June convention in Ottawa. Mr. Borden has been told in his face that he is not wanted by the Quebec Conservatives."

"At the same time, it was not Mr. Monk who sought publicity in this regard; it was a discontented crowd in Toronto and from Ontario—whose organ is The News, and whose organist is J. S. Willison, its editor. They do not want Borden's removal so much as they do a change in his entourage. They are using and advertising the Quebec dissatisfaction to pry off the lid of a general situation that is characterized by bickering, distrust and dissatisfaction."

"The Ottawa correspondent of The Montreal Witness wires his paper: 'Despite all reports to the contrary, plans for the reorganization of the Conservative party continue to be the principal topic of conversation in the corridors of parliament. The Hon. G. E. Foster has denied that it is his intention to give up his seat in parliament, but there is no gainsaying the fact that the Conservatives who desire reorganization agree that Mr. Foster's temporary retirement would be the first effective step in that direction, and the next would be the appointment of new whips.'

"The situation has evidently become somewhat complicated by Mr. Foster's disinclination to fall in line with this plan of reorganization. Nevertheless, an interview which he has given at Ottawa to-day who are not only not a source of strength to the party, but are actually a source of weakness. Why, then, submit to a continuance of present conditions, which if allowed to remain much longer, must sadly disintegrate the party? Why submit to this, when by the very simple process of speaking out plainly, and acting decisively and courageously, matters can be readily remedied, and the party saved from continued defeat and perhaps from disorganization?"

SET HERSELF ON FIRE

LONDON, April 5.—(Special.)—Mrs. Geo. Early, a farmer's wife in Caradoc Township, aged 61, committed suicide to-day by setting her clothes on fire.

She was found dead by her daughter.

To Arbitrate Railwaymen's Claims.

WASHINGTON, D. C., April 5.—W. R. Scott, assistant general manager of the Southern Pacific, has been named by the railroad west of Chicago, and Timothy Shea, vice-president of the Brotherhood of Firemen and Engine-men, has been named by the firemen as members of the board of arbitration to adjust the differences which threaten a general strike.

Calgary Officials Resign.

CALGARY, April 5.—City Clerk Gillis has resigned, and Mayor Jamieson has asked for an investigation into charges of graft in connection with the G. T. P. route into Calgary. Mr. Donald, M.H.O., has resigned for personal reasons.

## Realty and Building

A joint stock company with a capital of \$200,000 has been formed for the purpose of erecting and operating an eight storey apartment house on the southwest corner of Bloor and North-streets. It is to be of absolutely fireproof construction, and will incorporate in its appointments all the features which years of successful apartment house building and operating on the other side of the line have proven to be the best. Burke, Horwood and White are the architects.

### Earache, Toothache! To Cure the Pain in Ten Seconds and Get Instant Relief, Nothing Equals

#### NERVILINE

Fifty years ago Nerviline was used from coast to coast and in thousands of homes this trusty liniment served the entire family, cured all their minor ills and kept the doctor's bill small. To-day Nerviline still holds first rank in Canada among pain-relieving remedies—scarcely a home you can find that doesn't use it.

From Port Hope, Ont., Mr. W. T. Greenway of the Guide newspaper staff, writes: "For twenty years we have used Nerviline in our home, and not for the world would we be without it. As a remedy for all pain, earache, toothache, cramps, headache and disordered stomach, I know of no preparation so useful and quick to relieve as Nerviline." Let every mother give Nerviline a trial; it's good for children, good for old folks—you can rub it on as a liniment or take it internally. Wherever there is pain, Nerviline will cure it. Refuse anything but Nerviline, large size bottle 50c, or sample size 25c, all dealers of The Cataract Co., Kingston, Ont.

TESTIMONIAL NO. 4398

showing how badly they are needed in this city is the report that comes from Goulding and Hamilton, who are handling the renting of the property, that a large number of the suites have been already leased from the plans and that applications are coming in daily. It looks now as if the entire number of apartments would be rented before the building is completed.

An issue of bonds to the amount of \$100,000 has already been underwritten by a big firm, and the common stock, of which it is proposed to sell only \$125,000 leaving \$75,000 in the treasury for the further uses of the corporation, will be open for subscription in a few days at the office of A. J. Barr & Co.

It is surprising, in view of the big returns for capital invested offered by this form of real estate enterprise that more of them have not been built before, and the projectors of this one are to be congratulated for having made a move in the right direction.

Interest still continues to centre in North Toronto suburban lots. Messrs. Bailey & Co., who are handling the Bedford Park subdivision, report the sale of 43 lots in that district on Saturday last, and 10 on Monday. Considerable interest has been taken in the vote on the hospital bylaw which occurs next Saturday. Originally the city contributed \$200,000 to this undertaking, and is now asked to contribute another \$200,000. The bylaw was passed unanimously by the city council, and there is little doubt that it will receive favorable consideration at the hands of the electors on Saturday. The total cost of the new hospital will be two and a half million dollars. Of this amount only \$800,000 remains to be raised. If the bylaw passes, this will be reduced to \$600,000, and it is expected that this can be secured through private subscriptions. The new hospital will have five hundred and forty-seven beds for regular patients, and a department capable of taking care of three hundred and fifty out-patients daily. In addition there will be accommodation for sixteen house-doctors, one hundred and seventy-five nurses and over one hundred

servants. When completed it is expected to be the finest on the continent, the not the largest. Every effort has been made to restrict the cost of the building, and no cream must be removed therefrom. It must be subject to such daily tests as the trustees may demand, and if unsatisfactory will not be received. The party whose tender is accepted must execute a contract embodying these conditions, and must furnish such approved security as may be fixed by the Board. The lowest may be fixed by the Board. The lowest or any tender not necessarily accepted. A. F. MILLER, Secretary Toronto General Hospital.

### Had Heart Trouble. Nerves Were All Unstrung.

Wherever there is any weakness of the heart or nerves, flagging energy or physical breakdown, the use of Milburn's Heart and Nerve Pills will soon produce a healthy, strong system.

Mrs. M. McGann, Debec Junction, N.B., writes: "I wish to tell you what Milburn's Heart and Nerve Pills have done for me. Three years ago I was so run down I could not do my own work. I went to a doctor, and he told me I had heart trouble and that my nerves were all unstrung. I took his medicine, as he ordered me to do, but it did me no good. I then started to take Milburn's Heart and Nerve Pills, and had only taken one box before I started to feel better, so I continued their use until I had taken several boxes, and I am now strong and well, and able to do my own work. When I commenced taking your pills I weighed 125 pounds, and now weigh 155 and have given birth to a lovely young daughter, which was a happy thing in the family. When I commenced taking Milburn's Heart and Nerve Pills, I could not get up stairs without resting before I got to the top. I can now go up without any trouble." Price, 50 cents per box or 3 for \$1.25, at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

# Consider our Millinery

## Exclusiveness is the Word to Describe it

You could travel all the winding way to Paris and not more than duplicate the millinery we are showing—and you would have to pay many times the amount we are asking.

You know there is a very wide margin in millinery profits, and generally most of it is charged to "art." Duplicating "art" in a hat is an honest proposition in which we indulge to our heart's content. There is charged to you only the cost of material and workmanship and an honest percentage of profit. We give free the "art" end of the millinery.

The hats we sell are absolute reproductions of the choicest designs of millinery seen in Paris to-day. It is, as we say, moderately priced. A visit to our store will convince you of the thorough honesty of our splendid display.

### CURIOS MIX-UP

In Which an Auto, a Hack and a Street Car Figured.

Two vehicles were dabled in a peculiar smash up at King and Simcoe-streets last night. A cab from Townsend's livery, conveying a party to the Royal Alexandra, was struck by a Belt-Line car, and the pole of the cab smashed.

An auto was coming down Simcoe-street at the same time. In order to escape crashing into the cab, the chauffeur ran his machine into the sidewalk. When the wheel struck the curb it broke.

The hack was able to complete its trip, after borrowing a pole from Verma's. Traffic was impeded for some time.

**SMITH'S FALLS.**—April 5.—Wm. Alex. Nicol, a Scotchman, aged 24, deliberately threw himself in front of a fast train at Glen Roy, and was instantly killed.

He had recently been discharged from the Angus car shops.

### THEIR EXCELLENcies AT LONDON.

LONDON, April 5.—Earl and Lady Grey with Lady Sybil Grey and Lady Alben Roberts were London's guests to-day, and his excellency officiated at the opening ceremonies of the new tubercular sanitarium erected by the London Health Association, and at the opening of the "Made in London" exhibition, gotten up by the women of London in aid of the sanitarium.

**College Directors Dismissed.**—MONTREAL, April 5.—The authorities of Marievalle College, who a year ago, had removed to St. John, P. Q., against the wish of Mr. Bernard, bishop of St. Hyacinthe, in which diocese was situated the Marievalle College, have lost their appeal to the Holy See. Canon J. A. Lemieux, director of the college, is dismissed. It is doubtful if the college will ever resume.

**Aviator Nearly Drowned.**—ALAMEDA, Cal., April 5.—Plunging from a height of 80 feet into the waters of San Francisco Bay, Frank Johnson, an aviator, riding his Curtiss bi-plane, was nearly drowned a mile off shore. His mother and wife, who witnessed the accident, fainted.

### TOWN WILL CONSIDER \$32,000 WATER RAUVE

Stibbard Property Meets With Approval of Council—County Matters in Brief.

NORTH TORONTO, April 5.—(Special.)—A night's meeting of the town council wrestled long and earnestly with the question of improving the water supply of the town, with the result that a definite policy may be said to have been decided.

The matter was brought to a crisis by the formal offer of some eleven and one-half acres of ravine land belonging to John Stibbard, lying to the east of the town and which the town fathers are relying upon for their increased water supply.

It is known that North Toronto's vital question at the present time is increased water supply, and until this is assured from some source no effort will be made to deal with the question of sewage.

At to-night's meeting all the members, with the exception of Councillor D. D. Reed, were favorable to the acquisition of the Stibbard ravine.

"It will tide us over the next three or four years anyway," said Chairman Munro, and anyway the ravine lands will be valuable.

"I want something definite in the shape of a report from the engineer, before I consent to it," said D. D. Reed.

"I am satisfied there is water enough there to help us out," said Councillor Pears. But the \$32,000 looked big to the council, and Mr. Stibbard will be offered another sum, but not the amount stated. Following this if no arrangement can be arrived at, expropriation proceedings will be in order.

William Mulock, Jr., representing the McIntosh Park Company, submitted a plan for the opening up of the McCormack property. The matter will be submitted to the engineer.

A proposal submitted by Engineer James for the building of an office, for which he is willing to pay \$3 a month, the office to be located immediately to the north of the town hall, was favorably received. The cost will be between \$20 and \$30, and the project will likely go thru.

The Rosedale Church, on applying for an extension of the water services, were informed that the town will guarantee them only enough water to use.

A petition was presented for a 4 foot sidewalk on the north side of Glencairn-terrace, between water mains on the Lawrence estate.

A big bunch of routine business was put thru, and council adjourned shortly before midnight.

William Little of Albert-street and the crewlike editor of "The North Toronto Times," the first issue of which will, it is said, appear to-night.

Chief Collins and his party today scoured the country to the north and west of the town in aid of Miss Connor. There is no definite trace of the missing lady since Saturday night, when she entered a house on the 3rd concession or West York, and was given a meal. Tomorrow the chief will take place from 25 Oester-avenue on Wednesday to Prospect Cemetery at 10 a.m.

A very pretty wedding took place during the week, when Miss Ethel Genevieve Harris was united in marriage to Mr. Charles W. Cooper of Stuyvesant, N. Y. The ceremony was performed by Rev. A. P. Brock, B.D., in the presence of the immediate friends and relatives. The rare and beautiful presents and showers show how highly esteemed are the young couple. After a choice dejeuner amid all good wishes the happy pair left for their future home in Stuyvesant.

**Ewart Training Home.**—Graduating exercises and designatory services of those who studied in the Ewart Training Home were held in the Central Presbyterian Church last night. Those who took part in the services were: Dr. John Somerville, Rev. G. R. Fasken, moderator of the presbytery; Prof. J. Ballantyne, Dr. J. Stenhouse, and Principal King, of the Indore College, India.

**Arthur Ray Dead.**—BRANTFORD, April 5.—(Special.)—Arthur Ray, bank clerk, aged 26, connected with the Bank of British North America, and formerly an officer of the Dufferin Rifles, died to-day from typhoid fever. His parents reside in England.

**Andes Tunnel Opened.**—SANTIAGO, Chile, April 5.—The trans-Andean railway tunnel was formally opened to-day. The tunnel is 1200 feet above sea level, is five miles long, and affords direct communication between Valparaiso and Buenos Ayres.

**New Saskatchewan Judge.**—OTTAWA, April 5.—J. T. Brown of Moosemin, Sask., has been appointed a judge of the court of appeal in that province, replacing Judge Prendergast, who has been removed to Winnipeg.

**Robert Wright Dead.**—MONTREAL, April 5.—(Special.)—Robert Wright, who retired from the treasurership of the Grand Trunk Railway in 1898, after thirty years of service, died here to-day. He was born in 1842.

## The Sale of April Shower Sheddors

WE ADVISE everyone to own his or her own Umbrella. An Umbrella is not any expensive luxury the way we sell them this week. Possessing one, you rank as an Independent. Nobody could fairly suspect you as a "borrower."

Seriously speaking, however, on a serious subject, April must be an Umbrella month this year—March was so rainless. Manufacturers of Umbrellas have to do double selling this month. There you have a reason for this sale.

- \$5.00 Umbrellas for \$2.48**  
110 Ladies' High Class Umbrellas, best silk covers, all cased, the very best close rolling frames; every handle is a beauty, being 10 karat gold or sterling silver mounted, on pearl, ivory, fancy and natural horns and gunmetal. Regular price \$2.75 to \$5.00 each. Thursday \$2.48.
- \$3.00 Umbrellas for \$1.68**  
99 only Men's Close Rolling Silk and Wool Covered Umbrellas, cased, beautiful handles of natural woods, with gold and silver trimmings. Regular price \$2.50 and \$3.00 each. Thursday \$1.68.

## Now's the Time to Paper Walls

DON'T put off selecting the new wall papers for your house from day to day. Life is short and spring is fleeting. Decide to come right down to the store to-morrow and choose while the new assortment stands at its best. No doubt you will be glad to get your wall papering over—everybody is—but that is a poor reason for hesitating about commencing. Act now—it will be a pleasure then instead of a deferred disturbance you "view with alarm."

We have a tit-bit for the early birds Thursday—a clearing lot of imported papers at less than half price.

- 1,600 rolls Parlors and Dining Rooms, good colors, imported. Regular to 65c. Thursday 31c.
- 2,400 rolls Dining Room and Sitting Room Papers. Regular to 35c. Thursday 17c.
- 3,000 rolls for Living or Sleeping Rooms. Regular to 25c. Thursday 11c.

## The Sale of Socks Goes Merrily

NO man who lives in the present day ever seems to be able to acquire sufficient socks. Just as sure as he relaxes his vigilance for a day or two, something goes wrong. He goes to the drawer in the bureau confident and unsuspecting, and what does he find? His socks are not darned yet! Or, they are not home from the laundry! Or, they were all worn out and he'll have to buy himself some more! So often it happens like that.

Well now, here's a February Hosiery Sale for men postponed until April. Spring and summer socks in plenty at sale prices.

- 10c—Men's fine quality Plain Lisle and Fancy Lisle Thread Half Hose, spots and stripes and plain colors, spliced heel and toe. 2c value. Sock sale 10c.
- 35c—Men's Finest Weight Fancy Lisle Thread Half Hose, close, even thread; this season's newest design; all colors; spliced heel and toe. 50c value. Sock sale 35c.

## DRAMATIC AMATEURS STRIVE FOR THE PALM

Peterboro Operatic Company and Dickens Fellowship Players the Contestants.

A large and appreciative audience greeted the presentation of "The Geisha" by the Peterboro Operatic Company at the Royal Alexandra last night. The story of "The Geisha" is, of course, well-known to Toronto theatregoers, but it is a musical "hit-bite" which loses nothing in the re-presentation. Last night all the familiar catchy refrains were appreciated to the full by the audience, who were exceedingly generous in their applause. The costumes were good and the scenery appropriate to the theme of the production. Particularly well drilled—staged—was the chorus, which was seen at its best in the opening scene. But undoubtedly the most popular number was that old favorite, "Jack's 'le boy for work," which went with a swing and rhythm which many a professional company might have envied. The story, as told last night, presented the chief feature of the well-known Japanese musical play, and while not staged entire, or divided in the full quota of acts, the interest of the audience was not allowed to flag. It might be said that several of the artists showed exceptional ability, tho, as the contest is still in progress, it would be unfair to particularize. Following this production, Charles Dickens' story of "The Cricket on the Hearth," dramatized by Albert Smith, was presented by the Dickens Fellowship Company of Players, Toronto. Pathetic and humorous in turns—this gem of the famous novelist gives plenty of scope for histrionic ability, and the efforts of the Players met with unstinted applause. Those taking part in the solo competitions were: A. Singer, piano; Miss Copeland, violin; and Miss Buchanan and J. Charles, vocal. Their Excellencies the Earl and Countess Grey arrived at 8.45. A large and distinguished company were present.

## MEN, BE MANLY

### Do Not Let Physical Weakness Mar Your Life

Take my Electric Belt for what it will do for you. Wear it when you sleep at night, or while you are resting after your work. You will find it a vitalizer, tonic to your nerves, a rejuvenator of waning vitality. Use it for any ailment which drugs have failed to cure, and you will never cease praising it. I claim that I can cure you, weak men: that I can pump new life into worn bodies; that I can cure your pains and aches, limber up your joints, and make you feel as frisky and vigorous as you ever did in your life. That's claiming a good deal, but I have a good remedy, and know it well enough to take all the risk.

Do you doubt it? If so, any man or woman who will give me reasonable security can have my Belt, with all the necessary attachments suitable for your case, and can

### WEAR IT UNTIL CURED, THEN PAY ME.

No matter what ails you, there is a cure for you in Nature's remedy—Electricity. The greatest cures on record have been performed by this famous Belt, and it is recognized to-day as the greatest remedial agent known to mankind. It cures every form of weakness, restores the fire and vigor of youth, cures all forms of Nervous Diseases, Kidney and Bladder Troubles, Rheumatism, Sciatica, Lumbago, and many other complaints, after every other known system of medical treatment has failed.

Mr. Samuel J. Harnett, North Gower, Ont., says:—"I received a Belt from you some four years ago, and I wish to say that it was all it was represented to be, having cured me of Indigestion and other ailments, and I now feel like a new man, giving all the credit to your Belt. Anyone giving it a good trial, I know, will feel as I do."

You will never know what a grand power electricity is until you feel its genial, glowing warmth penetrating every vital part of your body from my Electric Belt.
