HON. L. P. FARRIS TO VISIT ENGLAND

He Has Been Appointed a Government Commissioner to Visit the Old Country and Import Horses and Sheep--Sails From St. John on Friday.

Hon. L. P. Farris

FREDERICTON, N. B., May 1 (Special)—Hon. L. P. Farris has been appointed by the government a commissioner to visit the old country and make an importation of draft horses and sheep. He will sail from St. John for Liverpool by the Empress of Britain on Friday, and will be absent about two months. It is likely that one P. King, M. P., will accompany him.

FOR BREACH OF PROMISE

Man Who Courted Girl Four Years Must Pay \$300 for the Privilege.

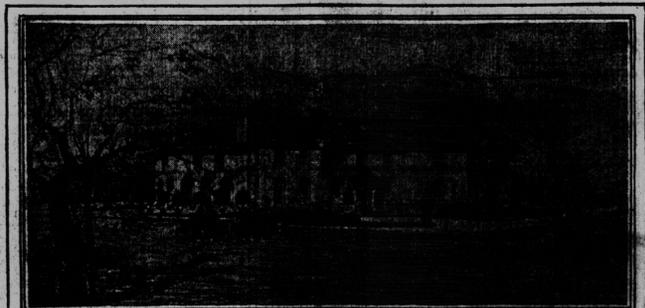

ST. THOMAS, May 1.—The jury at the spring Assizes, after ten minutes' deliberation, gave Ida Bears, of Malahide town, ship, \$300 damages against Fred Trim of the same place for breach of promise. Plaintiff, who is twenty-one years of age, claimed \$5,000. She said she had known defendant for four years, during which time he had paid court to her. They had but two quarrels in all that time, those being caused by defendant's attention to other girls. In July, 1906, she says, he told her to get her wedding clothes ready, but she was sick on her part and thwarted their intentions. On September 7th, the girl and her parents swore, Trim promised in their presence that the marriage would take place early in November, but failed to keep his word. Defendant admits having on September 7th promised to marry Miss Bears, on condition that she wait till his parents left the farm for him to work. This was declared unlikly by Judge Anglin, who also declared that the young man had no right to pay attention to the girl for years, keeping off other suitors, and finally dropping her. He also told the jury that in fixing damages they could consider if the girl's loss was not in some respects a gain.

TEAMSTERS DEMAND \$60 FOR DAY'S WORK

Teamsters at Larder Lake Are Making Money Out of the Mining Boom.

SAULT STE. MARIE, Mich., May 1.—A mining man arriving here reports that 3,000 prospectors have invaded the Larder Lake District in the Cobalt country and hundreds are arriving every week. The boom is expected to grow as warm weather arrives, and the woods are swarming with fortune hunters. What the men will do for shelter is a puzzle, as the only hotel yet built consists of a small building holding a dozen beds. Teamsters demand \$60 a day for hauling supplies to the camp and are getting it. Stories of almost pre-empting mineral riches have inflamed the minds of adventurers from all over the country, and it is expected that there will be ten men on the ground for every claim. One prospector claims to have been offered \$100,000 for his claim.

Mark Twain's New Home Like Italian Villa.

MARK TWAIN'S NEW HOME, READING, CONN.

NEW YORK, May 1.—This is what Mark Twain's new home in West Reading, Conn., will look like when it is finished. It will not be ready for occupancy until next year, as the work of construction will not begin until May 1. It is the desire of Mr. Clemens to pass his declining years in a quiet, rural retreat, and geographically his new home will fulfill that requirement, but the house itself will be elaborate. On the crest of a high hill his 180 acre estate will command a view of the surrounding country, the picturesque landscape of Fairfield county. When in Italy a few years ago Mr. Clemens was impressed by the mellow tints and graceful lines of Italian architecture, and after that type his place will be modelled. Of cream colored stucco facades, the structure will be 130 feet long and 40 feet deep and will be covered by a tawny colored tile roof. One distinct feature of the house will be a semi-circular open veranda of stone at one end, adjoining the main living room. An ancient fireplace from Scotland will be placed in the broad hallway leading from the main entrance. A large dining room, a billiard room and a music room will be the other subdivisions of the first floor, where also will be placed the organ that was originally built for Mr. Clemens' home in Hartford, Conn. The architects of the building are the Howells & Stokes.

MAY DAY DEMONSTRATIONS IN EUROPEAN CENTRES

WARSAW, Russian Poland, May 1.—The general strike ordered for May Day here resulted in practically a complete stoppage of the business and traffic. No street cars or cabs on the streets, no papers were printed and the stores were closed. Warsaw today is practically a military camp. The strong patrols of cavalry and infantry in the streets during the morning quickly scattered the crowds, which attempted to congregate and prevented any disturbances. LOZDZ, Russian Poland, May 1.—Many sanguinary fights in the streets here marked the May Day cessation of work in the factories, stores and newspaper offices. The Nationalists who opposed the strike, and the Socialists who declared it, were in conflict throughout the forenoon. Several men were killed and wounded and many arrests were made. The street cars were running under the escort of armed soldiers.

LEOPOLD WILL SEPARATE FROM ACTRESS-WIFE FOR WHOM HE LOST TITLE

While He Scrubbed Floors as Soldier She Took Sunbaths in Scanty Attire.

VIENNA, May 1.—It is announced that the wife of Leopold Woelfling has agreed to a divorce. The couple met in the judge's chambers after a separation of six months. The judge vainly endeavored to patch up the quarrel, but the pair roundly abused each other. Woelfling was four years ago the Archduke Salvator of Austria, a Major-General in the Austrian army. He fell in love with Wilhelmine Adamovic, an actress, the daughter of a postman, and married her. Renouncing his titles and rank, he took the name of Woelfling and went to Switzerland with his wife. Becoming a Swiss citizen, the former Major-General served his term as a private in the Swiss army, scrubbing floors and doing other menial work. Mrs. Woelfling offended her husband by joining the Aconia Anchovies, in taking the snow was six feet deep, and Packer alone survived. The bodies of the other five men were later found. One body was dismembered. Packer disappeared, but was captured in 1883. He was convicted of murdering his five companions and was sentenced to 40 years' imprisonment. He always claimed his innocence of the murder. He declared that in his absence from the camp, one of his companions killed the man, Packer admitted that in order to keep from perishing he ate some of the flesh of one of the dead men. He was released on parole in 1901. Packer was 64 years old.

TOWNS WILL NOT RACE

TORONTO, May 1.—(Special)—Solman received cablegrams yesterday from Sydney, Australia, stating that George Towns, world's champion sculler, would not accept Durman's challenge for a race between the Sportman's cup on the Thames. The message was: "Towns will not consider the race."

LAURIER LOSING NO SLEEP OVER IT

Addressing Canadian Club in London He Says He Has No Fear of Canada Becoming Americanized.

LONDON, May 1.—Sir Wilfrid Laurier, the Canadian premier, addressed the Canadian Club last night. He said that he had no fear that Canada would be Americanized. The American immigrants in Canada were a practical people who had quitted the United States for Canada because they believed it a better country, with better laws, which were administered tenfold better than the laws of the United States. He was a great admirer of the American republic, he said, but the American who crossed the border knew that his property and life were more secure than in his own country.

KILLED BY A NEIGHBOR

COHOEN, L. I., April 30.—Mrs. Henry Kreib, 63 years of age, was shot and instantly killed today by her next-door neighbor, Louis Roedner, aged 35. Roedner then shot himself. He died in an ambulance on the way to the hospital. For some time past there has been a bitter feud between them and not long ago she had him arrested and bound over to keep the peace. The shooting followed a quarrel.

NEWS FROM P. E. ISLAND

Interesting Situation in Regard to An Insurance Claim in the Knights of Pythias.

CHARLOTTETOWN, P. E. I., May 1.—(Special)—In a dispute last April between a native of Milltown Cross, P. E. I., died in Carson City, Nevada. He was a member of the Knights of Pythias, and had an insurance policy in favor of his niece, Mrs. Adam Hicken, of Charlottetown, P. E. I. Mrs. Hicken received a cheque for \$2,000 from the insurance company. The money was secured by a fraudulent beneficiary, Miss Johanna Stevens, of Denver, Colorado, who claimed to be a niece. Although she had paid Matthews' debts and put a monument over his grave. Yesterday, Mrs. Stevens borrowed a dollar from Winn Moore, a non-union guard, and Springer remonstrated with him. Hot words followed and both men pulled revolvers and began firing. They fell to the floor and died instantly. Sturgis has been the scene of several tragedies in the last few months.

TWO MEN KILLED OVER A DOLLAR

OWENSBORO, Ky., April 30.—William Gooch and Harry Springer, union miners, engaged in a pistol duel in the poolroom at Sturgis, near here, and both were shot to death. Gooch borrowed a dollar from Winn Moore, a non-union guard, and Springer remonstrated with him. Hot words followed and both men pulled revolvers and began firing. They fell to the floor and died instantly. Sturgis has been the scene of several tragedies in the last few months.

SAFE WOULDN'T WORK

Dominion Express Company Could Not Open Safe After Money Had Been Placed In It.

Several days ago a package containing money for the Bank of Montreal was transferred from Moncton to St. John by the Dominion Express Company and placed in the safe at the local office. The locks on the safe became disarranged and it was impossible to work the combination so that the packages could not be reached till the safe was opened recently by experts. In the meantime the bank authorities held the express company's receipts for the packages the precise value of which they decline to state.

SAFE WOULDN'T WORK

Dominion Express Company Could Not Open Safe After Money Had Been Placed In It.

The exhibition fund continues to grow, several additional subscriptions being secured today. Mr. Macaulay is satisfied that more than the \$3,000 asked for by the Exhibition Association will be obtained.

LIVING IN JAPAN IS VERY CHEAP

One Can Have Every Needed Comfort at Small Price, Says Report.

CHICAGO, April 30.—It is estimated that the cost of living in Japan is one-third that of the United States. A man can live with his wife in comfort on the sum of \$200. This means one large divisible apartment, a small kitchen, a bathroom, a study and a storeroom, a charming garden, one servant and surroundings of great refinement. Mats are the covering of the floor; of course; pillows and sheets; table linen is superfluous where lacquered trays and paper napkins are used; personal hand dry is at its minimum where two hot baths a day are the custom. The faggots used in cooking are not much larger than a man's finger and fuel for ironing is unnecessary where clothes are stretched properly upon a frame. Perfect privacy is one of the luxuries of this minute menage, for a high bamboo fence shuts off the view of strangers. Each article of the house is carefully selected and some of them are of rare beauty and of a durability that permits them to be handed down from one generation to another. No waste takes place. For every article of the house there is a use. Flowers are the chief decoration and the science of flowers is a part of the accomplishments of the lady of the house.

LIQUOR THEFTS AT SAND POINT

C. P. R. Detectives Capture One Man in Act of Stealing Liquor From the Stmr. Montreal--Kenneth Manson on Trial on a Similar Charge.

The case against Kenneth Manson, charged with stealing a bottle of liquor from the steamship Montreal, was resumed in the police court this morning. Several witnesses were examined, argument of counsel heard, and the prisoner again remanded. Edwin H. Fritz was first placed on the stand. He told of having seen the prisoner working at No. 8 hatch on the night the liquor was stolen. Manson did not work after midnight. Later, about 3 a. m., he saw Manson coming out of No. 7 hatch. Manson was drunk, and told witness that he got the bottle, the neck of which was protruding from his pocket, in the vessel's hold, and volunteered the information that there was more there. He offered witness a drink.

Witness subsequently reported the matter to Detective Walsh, of the C. P. R. Fritz was cross-examined by A. A. Wilson. Leonard L. Cook, C. P. R. detective, stated that he made an examination of the cases in the hold of the Montreal. A case from which the stolen liquor was said to have been taken, was produced in court. Witness said it was one of a consignment of fifty cases of such goods brought here by the ship referred to. The goods were short shipped by one case, and the package in court was the only one that had been tampered with. Detective Cook added that the case looked as if it had been opened with a hook or other instrument. One half the cover at one end was raised from the case, which contained eleven full bottles and one empty stow cover. The seal was broken.

John Byrne, walking boss of the C. P. R., said he was in charge of the Montreal from seven o'clock on the 29th ult., till six the following morning. The prisoner had been identified in his presence as the man who had taken the liquor and had been seen drinking in the hold. The mate had ordered No. 7 hatch shut down at midnight, as he said some of the men working there were under the influence of liquor. Some bottles had been found in No. 8 hold as well. They had contained wine, whiskey and Hennessy brandy. Witness also stated that between No. 7 and 8 holds was a division of bags and one of the officials had caught a case of liquor about to be passed through from one hold to the other. Robert Gray, shed foreman of the C. P. R., told of seeing the prisoner in the hold at 5:30 o'clock on the morning in question, and stated that Manson offered to pay for it. Standish Paynter, night agent of the

WILL TRAVEL 3400 MILES TO BE WEDDED

Nova Scotia Young People to be Married in Portland Ore. on Saturday.

(Boston Post.) With the best wishes of her many friends, who had gathered at the North station to bid her goodspeed, Miss Tena Terrio, a popular West End girl, at 12:30 p. m. yesterday started out on her 3,400-mile journey to Portland, Ore., where Saturday morning she is to become the bride of Dr. H. Dudley W. Pines, a former Boston dentist. Miss Terrio is the daughter of Jefferson Terrio of Halifax, N. S., formerly of Boston, and for the last eight years has made her home with her uncle, W. E. Chipman, for whom she acted as book-keeper in his general electrical business on Sudbury street. Dr. Pines, the groom, is also a native of Nova Scotia. He came to Boston some ten years ago and opened offices in conjunction with Dr. Tallock on Tremont street. He is a graduate of Baltimore Dental College, and while here made many friends. Two years ago he removed to Hood River, Ore., where the young couple will reside.

RIVER WHARVES ARE SUBMERGED

High Water Floods the Low Wharves Between St. John and Fredericton.

All along the river from here to Fredericton the low wharves are submerged and last night's rain did a little in bringing about a flood. River men affirm that there are three feet of snow in the woods and if we have warm weather for three or four days a big freshet must necessarily result. Palmers' new wharf was reported to be going under this morning. At Indiantown the water is gradually rising and experienced river men say that it is coming much more rapidly than usual does. The river steamers are all at work but the freight is very light from up the river and there is not a great deal in it for any one steamer. It has not been learned as yet how far the Champlain gets. The river men are doing very well with logs and are working from the lower end up river. Capt. Manford Pitt arrived at Indiantown today to take charge of the tug Champlain.

A POOL MATCH

Exciting Match for \$50 Side Bet Played in North End Yesterday.

A short time ago a noted pool player from New York arrived in the city and since that time it is said that he has made a neat little sum by means of his sensational plays. He played game after game the gods being with him and yesterday it was arranged for him to try conclusions with a well-known St. John man who is recognized as a star player.

The place of the meet was in the north end and the time yesterday afternoon. The first game was for \$20 a side and the number of balls required to be tallied was 200. The "New Yorker" spotted the local man 50 balls and despite the fact that he had spotted the St. John man 20 balls he won by 70 balls and took the \$50. A second game was arranged for \$20 a side and the American gave his antagonist 65 balls. This time the local man shot in form and won by 20 balls. There was talk of a third game but it did not materialize. The St. John man is therefore \$20 to the bad.

This morning all over the north end the pool player from New York was talked of and many affirm that he will find a few more matches before today is over.

THE TIMES NEW REPORTER

EXCITEMENT IN FREDERICTON FREDERICTON, May 1 (Special)—The new filtrated water supply was turned on today for the first time. This is a Scott Act town, and many citizens have not been in the habit of drinking water; but the coming of this new filtrated supply had been so much advertised that there was a general desire to sample its quality. The effect produced may be generally said to have been disappointing, since most of the crowd declined to take a second glass. They said it had no stimulating quality, and was merely wet. A man might drink a quart of it without seeing visions or owning the town. One man, however, burst into tears as he drank, and immediately signed the pledge. It was so long since he had tasted water that

The Viper of Milan.

A ROMANCE OF LOMBARDY. BY MARJORIE BOWEN.

(Continued.) Valentine's gaze followed him with a look of utter woe; still she said nothing, from her parted lips there came no sound. He looked back over his shoulder at her, standing there with her face toward him, with all expression gone, with unseeing eyes. "I will leave thee," he said savagely, to await the morning. She seemed roused by the sound of his voice, and stopped forward with a cry on her white lips. But the door closed heavily—the room was in darkness, or was it her sight failed her? Everything swam before her in blackening mist; she grasped at the table and fell across it senseless. The dawn was breaking, filling the room with a gray and ghostly light; the great curtains looked black and gloomy, and the corners of the room were filled with strange and moving shadows. Through an open window a cool breeze blew across Valentine's sick forehead; she opened her eyes. The empty glass met her gaze, the fallen chair was beside her; she looked at them strangely. She was still alive. "Gian's poison is slow," she said, and smiled to herself. After a time she rose and stumbled to the window. "When the sun rises I shall be dead, or perhaps I shall live till noon," she said to herself. She mounted the estrade and sat beside the open window, resting her head against the woodwork, singing to herself. Suddenly the whole gray sky flamed purple; the sun rose above the horizon. Valentine looked down into the garden, the right seemed to awaken memories. "Hush!" She laid her finger on her mouth. "Hush, Conrad—if Gian hears us—last thou velvet shoes on—hush! He treads warily—ah, but it is no use—he poisoned me! he poisoned me!" She rocked herself two and fro. "In a tall glass with white lines—it was not Gian—it was the Viper from the Standard—all green and silver—all green and silver—a coiling viper." She dropped her head forward, then raised it with trembling lips. "Conrad! come and save me!" Then she fell to laughing, whispering under her breath, counting on her fingers the hours she might have to live. "If to noon—how many?" The door opened, and she stopped her snuffling, turning back her eyes toward it. "Good morning," said Visconti, standing with his back against it and looking at her keenly. "Good-morning, Valentine." She looked at him and put the hair back from her face. "I thought I saw Count Conrad walking in the garden. I would have called him up to see me—how long will it be?" Visconti advanced with a bitter smile. "Has the lesson tamed thee? It would have been really, but ye are pledged to France. I would that I dare poison thee, thou tigress, but thou art tamed!" Valentine's face did not change. "Hush!" she said looking from the window. "He is back on the tower now—she pointed to where the silver banner hung idle against the brightening sky. "What dost thou think? Shall I sit and watch, lest he spy on us, Conrad?" Visconti looked at her. "Thou art tamed indeed," he said. "I am not ill-avenued." Valentine stepped down into the room, her tangled hair hanging about her, and

Daily Fashion Hint for Times Readers.

IN PEASANT'S CHECK TAFFETA. An imported costume which attracted much attention in the house where it was displayed for a short time before being purchased by one of New York's women of fashion, is that of the picture, a novelty tailor-made of peasant's check taffeta in two shades of blue, gray and mulberry. The skirt is one of the new flounce models with rather tight-fitting top. Each pleat of the flounces is edged with a narrow bias piping and the two bias bands running around the skirt, and the upright hoes are piped with mulberry broadcloth and trimmed with cloth-covered buttons. The little coat is a clever adaptation of the old-time Norfolk jacket, the waistline raised by means of the passementerie band and the Norfolk pleats seemingly brought down to this belt and folded over under a large button. There is a wide sailor collar trimmed with white net lace and cloth piping, and the full puff sleeves are gathered into a deep and wide stiffened cuff trimmed with the passementerie and buttons.

Spring Medicine

In thousands and thousands of homes—in cities, towns and villages—three doses a day of Hood's Sarsaparilla are now being taken by every member of the family. Why such wide and general use? Over forty thousand testimonials received in two years, by actual count. Accept no substitute for Hood's Sarsaparilla. Insist on having Hood's. Get it today. Sold everywhere. 100 doses one dollar.

MAKES NEW BLOOD

That is How Dr. Williams' Pink Pills Cure the Common Ailments of Life.

Making new blood. That is just what Dr. Williams' Pink Pills are always doing—actually making new blood. This new blood strengthens every organ in the body, and strikes straight at the root of anemia, and the common ailments of life which have their origin in poor, weak, watery blood. Mrs. A. H. Seeley, of Stirling, Ont., tells that Dr. Williams' Pink Pills did for her fourteen year old sister, Miss Annie Sager, after other treatment had failed. She says: For some years Annie had not been well. She would take spells last for several days, and her whole body would become dry and hot as though she was burning up with fever. Her lips would swell until near the bursting point, and then when the fever would leave her the outer skin of the lips would peel off. She doctored with two different doctors, but they did not succeed in curing her, and the trouble seemed gradually to be growing worse. Then we began giving her Dr. Williams' Pink Pills and under this treatment she has recovered her health. The headaches and dizziness have gone; her color is improved; her appetite better, and she has had no further attacks of the fever which baffled the doctors. We are greatly pleased with what Dr. Williams' Pink Pills have done for her, and recommend them to other sufferers.

It was the rich red blood Dr. Williams' Pink Pills actually made which cured Miss Sager. That is why these pills cure all common ailments like anemia and debility, headaches and backaches, indigestion, rheumatism, neuralgia, St. Vitus dance and the special ailments that prey on the health and happiness of girls and women of all ages. Get the genuine Dr. Williams' Pink Pills for Pale People with the full name on the wrapper around each box. Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

THE CARLETON FAIR

The Carleton Cornet Band fair will close tonight. The attendance has been very large and altogether the venture has proved a success. The voting contest for the most popular fireman closed last night, but at a late hour the votes were not all counted. J. McAndrews was in the lead at the last report. The attendance was large last night, and the band's orchestra furnished music during the evening. The following door prizes were awarded: Mrs. McLeon, ton of coal; George Clarke, coffee pot; W. Buckley, twenty-five pounds sugar; G. Lanyon, twenty-five pounds tea; and J. Pollock, one dozen cans of peas. The prize winners at the sports were: Excelsior, R. Allan, silver pickle dish; bean toss, H. Lingley, parlor lamp; air gun, R. Ring; and bagatelle, W. Steeves, lemonade set.

George F. Driscoll, representing the Bennett Amusement Company, of London (Ont.), who were reported to have in view the opening of a moving picture entertainment in St. John, arrived in the city yesterday. When asked for some information regarding the project, Mr. Driscoll said he was only here looking over the ground, but might have something to say at a later date.

HALIFAX WANTS A BIG STEEL PLANT

Halifax, N. S., April 30.—The city council tonight agreed to give a free site of ten of twelve acres to W. P. McNeil & Co. of New Glasgow, on condition that they establish their structural steel works in Halifax. This firm was burned out some time ago but they need greater room than is available at New Glasgow, and they have stated that if given a free site by Halifax, they would locate here. This the council tonight unanimously agreed to provide for them by deciding to offer a site in the North End of the city. The council also resolved to continue the street paving begun last year, so that practically the whole of the central portion of the city will be paved during the coming summer.

A Real Bonanza for Nervous Headache

No matter how long you have suffered, relief comes at once by applying Nerviline and if the stomach is weak, why, take ten drops of Nerviline in some sweet water. Ordinary remedies are useless, but with the extraordinary combinations of pain-removing substances in Nerviline, cure is absolutely certain, because Nerviline cures pains, aches, bruises and all minor ailments. It is used by nearly every family in the land. Buy a 25c. bottle.

WEDDINGS Lambert-Daigle

Lawrence F. Lambert, of 170 Sydney street, was united in marriage at 8 o'clock last evening to Miss Maggie Daigle, at the residence of Rev. J. E. Hand, of St. James' church. Rev. Mr. Hand performed the ceremony. The bride was neatly attired in a blue traveling suit and was attended by Miss Harriet Lambert, James Johnston acted as groomsmen. Mr. and Mrs. Lambert will reside at 170 Sydney street.

In the county court chambers yesterday, G. T. Clarke, of the Canadian Bank Note Company, was examined as to his assets and liabilities at the instance of creditors, Bowman & Cole, C. D. Trueman, J. King Kelley and the British Bank of North America. R. G. Murray appeared for Bowman & Cole and C. D. Trueman, J. King Kelley appeared for himself, and G. H. V. Byles for Mr. Clarke, and C. F. Inches for the bank. Judgment will be given this morning.

IN Pabst Blue Ribbon Beer you will find muscle-building and blood-making foods in the most favorable form for easy digestion.

The Pabst Eight-Day Malting Process changes all the possible food-values of the barley-grain into actual food-values.

WHEN?

NO TELLING when your work will be returned from the average print shop. The small Job office cannot execute orders as neatly and as speedily as the Big TELEGRAPH Printery with its many presses and skillful workmen; and again, you pay just as much for mediocre work and tardy service.

For the best printing at the price you want to pay and prompt delivery. TRY 'PHONE 31a The Telegraph Job Dept. The Daily Telegraph Building.

CONFERENCE DISCUSSIONS HAVE BEEN VERY HARMONIOUS

Debate on the Preference Occupied All Day Yesterday and Will Likely Continue for Some Time—Canada's Negotiations With Germany Cause Much Speculation.

Montreal, April 30.—The Star's London correspondent cables: Hon. L. F. Brodeur, minister of marine and fisheries, gave the Star's representative today, for publication in Canada only, the first statement regarding the proceedings of the conference of which nothing has been allowed to get into the papers here.

An authoritative Berlin journal, the Vossische Zeitung, announces that the recent interchange of views between the German and highly organized methods of dumping ensue the German textile and other manufacturers to oust British manufacturers from a large part of the British home market.

Experts here have little doubt that, under the kind of arrangement Germany seeks, she can knock out Canadian manufacturers in many lines of cheap woollen and textiles. His address lasted two days and he was listened to uninterruptedly.

W. J. Abbott, chairman of the British Chamber of Commerce here, is endeavoring to induce the colonial premiers to accept an invitation to visit Paris.

BADEN'S SWEAT SHOPS

Where a Day's Work Means Sixteen or Seventeen Hours—Pale, Emaciated Work-children Under Six Years of Age—Men Toil in Filthy Rooms for a Penny and a Half a Day.

The factory inspectors of the Grand Duchy of Baden have published a comprehensive report on the home industries of their country, which has attracted much attention because of the picture it paints of the misery and destitution which afflict the thousands of children employed in it.

In these home industries in Baden there are over 20,000 persons employed, of whom 64 per cent. are females. Among the thousands of children employed many are under six years old. The report says they look pale, emaciated, and serious.

It is worth mentioning that in this report the inspectors complain of the insanitary conditions under which most of this home work is carried on. The work is done in the homes, on tables which are filthy with refuse, scraps of food, and dirty dishes, and the waste made is transported back and forward in baby carts in which sick children are carried.

OVER TEN THOUSAND MESSAGES BY WIRELESS

Sent to and From P. E. Island During the Past Winter—They Bless Marconi—Old Times Recalled

(Charlottetown Patriot.) In the winter of 1903 the steamer Stanley, when endeavoring to make Summerside harbor, was caught in the close grip of an ice field off Seal Cow Head.

After an arduous trip they boarded the steamer, reaching there about dark. Next morning men came ashore, and the first authentic news for a week was telephoned to the Patriot by the reporter who acted as the representative of the board of trade on this expedition.

The system was installed on the Minto and Stanley in 1904. The Cape Bear Station was completed December 18th, 1905. Cape Bear Station was brought very prominently before the people of Prince Edward Island this winter.

city of ice in the Strait arrangements were made from the Dominion, Dr. Hamilton by which the wireless system was made available for general business, as well as for government business, and a temporary station was erected at Pictou to supplement that at Cape Bear.

He Is Correct

Dr. Hamilton Proves That Piles Are Caused by Constipation and Strong Cathartics.

Knowing the frequency with which people suffer from this ailment, Dr. Hamilton made an exhaustive study into the cause of piles.

"I suffered up to about the limit of human endurance with piles," writes Miss Loder, from Cornwall, Ont. "I was employed in a factory here, but for a while had to give up work till I got better of this trouble. I read in the Montreal Herald about Dr. Hamilton's Pills and after using them for two weeks was cured.

Take Dr. Hamilton's Pills and your system will be regenerated, revitalized, and made proof against disease-causers. Good for men, excellent for women, and most effective for children.

WAGE EARNERS MALE AND FEMALE

Interesting Statistics Published in a Canadian Census Bulletin—Males Constitute 81.17 per cent.

According to a bulletin issued by the chief commissioner, the whole amount of wages earned in the census year 1901, at regular and extra employment by the 814,930 persons fifteen years of age and over whose records were fully taken was \$286,534,850, which is nearly \$20,000,000 more than the net debt of the Dominion at the end of the last fiscal year.

The total kinds of occupation are great in the manufacturing class, where they number 1,256, and least in the fisheries and fishing class, where they are only four.

RUSSEL SAGE FEARED RUIN

Thought of Great Financial Losses at One Time Almost Drove Him Insane. (N. Y. Herald.) A story of Russell Sage's fear of financial ruin for a time, when he was hit by adversity in 1882, threatened to destroy his reason was told yesterday in Wall street, exemplifying how fear sometimes preys upon the minds of rich men.

Word reached a close friend that "Uncle Russell" was worried to the point of distraction. It was evident, his family said, that something must be done to prevent his losing his mind. One of the great financiers of that day, since deceased, wrote to the old man almost incoherently proclaiming that he must have \$1,000,000 or he would be ruined, and that no one would lend him a cent.

Sage's friend, negotiated a loan of 200,000 pounds sterling from Kidder, Peabody & Co. on securities put up by Sage, who loaned him the money and said that would tide him over. "Uncle Russell" then became rational as ever he was. Within a few days the friendly financier learned that on the night Sage was in terror of ruin and was declaring he had no ready cash his actual balances were \$1,000,000. His heavy losses had simply preyed on his mind until he imagined dangers that did not exist.

CAPE ROUGE ICE SOLD Montreal, April 30-The Cap Rouge ice bridge is still obstinate. At 3 o'clock this morning some of it broke away, but the latest despatches from Quebec state that it stuck a little lower down the narrow channel. Dispatches were received at the various firms that it would take three tides to move the mass.

There was a high tide last night, and there are two today, and it is expected that the last one will complete the work of disintegration and permit the free navigation of the river between Quebec and Montreal. At the best, it is not expected that the boats now lying at Quebec can reach Montreal before Thursday noon. The Ionian, of the Allan line, is due to sail on Friday from here, and the Ottawa on Saturday, and the problem is whether to bring the boats to Montreal and delay sailing, or embark passengers at Quebec. The first boat left Montreal for Quebec this afternoon at 4 o'clock amid the enthusiastic shouts of tugs and triumphant blasts of the siren of the steamer. The Ralph Holcombe is the first vessel to leave for a lower port, this season, and she has been lying in the basin all the winter.

PT. DU CHENE ROUTE OPEN Moncton, April 30-A strong southwesterly wind cleared the ice out of Point du Chene harbor today and navigation is expected to open at once. A boat may cross from Summerside tomorrow.

IMMIGRATION FIGURES

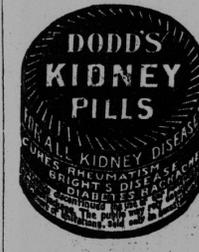

The number of immigrants who came to St. John during the season which ended with the arrival of the steamer Montreal Monday will total nearly 30,000. The C. P. R. Liverpool boats brought 16,000 and the Antwerp boats more than 9,000. There were a goodly number by the Dominion line and the Allan line. The total number at St. John during the winter of 1905-6 was about 17,000, so there is an increase of upwards of 10,000 for the season just closed. The C. P. R. Express steamers brought more than 8,000 of those who came from Liverpool.

For the term ending Oct. 31 next, Victoria Temple of Honor has elected: W. C. T. J. L. Egler, W. V. L. H. Parsons; W. Bee, G. T. Whitcomb; W. A. R. Sterling Stackhouse; W. E. R. W. C. Simpson; W. Tress, Robt. Martin; W. U. F. S. P. McFarlane; W. D. U. Roy McKinney; W. G. W. Campbell; W. S. Stanley Humphrey; W. Chap. Ald. Wm. Lewis.

THE ASPHALT PLANT WILL BE REMOVED TO ANOTHER PLACE

Board of Works Appoints Committee to Select a Location Where it Will Not Be a Nuisance—Concession to Cold Storage Company.

At the monthly meeting of the board of works last evening a committee was appointed with power to have the asphalt plant removed to a locality where it would not be objectionable. The cold storage proposition was advanced a stage by the board deciding to exempt from taxation for ten years. Contracts for materials for the department were awarded and much other general business transacted.

The directors of the cold storage company were called for but he could accept \$300. The following were received: Hilyard Bros., 2,000 square yards at 45 cents; Randolph & Baker, 3,000 square yards at 50 cents; Charles T. White, 1,000 square yards at 50 cents; Charles T. White, 1,000 square yards at 47 cents; F. E. Sayre & Co. Ltd., 1,500 square yards at 45 cents.

The tender of Hilyard Bros. and F. E. Sayre & Co. Ltd., were accepted. The contract for granite curbing was awarded to B. Mooney & Sons for the following: 3,000 lineal feet of curbing at 44 cents; six quarter circles of curbing at \$7.50; 36 cubic yards of rough granite at \$2.25 square yard. The only other tender received was from Mr. Appleby but no deposit was enclosed.

The following tenders for 40 cords of mixed hardwood were received: John Waters, 40 cords at \$5.75; J. Gibbon & Co., 35 cords at \$6.80; J. J. Wall, 40 cords at \$4.75. The common clerk drew attention to Messrs. Gibbons and Waters not having enclosed a deposit as required.

Ald. Hamn said he did not think it made any difference. Ald. Lewis—"I move Mr. Whelley's tender be accepted." Ald. Hamn—"You're going to lose 45 cents a cord." The chairman—"That's not a fair way to put it."

Ald. Hamn—"Mr. Waters is an honest man. He's the lowest." The chairman—"Well he should put up his check." Ald. Hamn—"How much is it? We'll put it up."

Ald. Lewis—"If you served me that way I'd have you in the next breath." The chairman—"If we break the rule today we'll be doing it all the time." The director said the difference in price amounted to \$15.75.

the city \$10 for ten bags of salt. The director reported that the market rate was sixty and sixty-five cents.

In a letter Gandy & Allison claimed that as wholesale traders they were not at liberty to charge less for a small quantity. The salt was ordered to be paid for at market rates.

On motion of Ald. Lewis, the director will report on the cost of repairing the wharf on the east side of Lower Cove slip.

On motion of Ald. Bullock, the director was instructed to call for tenders for further granite block paving in Water street from Ward street to South Market wharf and in front of the ferry approach at the foot of Princess street.

The director was authorized to construct a timber pond on the north side of Nelson wharf, Carleton, to replace the old pond destroyed by the dredging.

Ald. Rowan, referring to the occasion being the last meeting of the board before his retirement from the council, thanked the board for courtesies extended to him and asked that any recommendations which he had made in the interests of the ward might be carried out.

The chairman suitably replied. Ald. Christie moved that no further supplies of material obtained from his retirement should be placed on the streets. He characterized it as a waste of time and money. The motion was agreed to.

The board went into private session and subsequently adjourned.

A Sweet Breath

is what all should have, and it can be ensured by the judicious use of Beecham's Pills. A sweet breath denotes that everything is well, so at the slightest indication of the digestive organs not working properly, do not forget to take

WILLCOX WAS PANIC VICTIM

D. and H. President Who Ended His Life Lost His All in Wall Street.

(New York World.) Dread of losing his sight and worry over the loss of his fortune in the rich man's panic of March 10, 1907, were the reasons accepted yesterday in Wall street for the suicide of David Willcox, former president of the Delaware and Chesapeake Railroad, on the steamship Barbours last Wednesday. Both the impairment of vision, which had reached almost blindness in one eye and threatened the other, and the wiping out of his fortune in stocks were news to most of Mr. Willcox's friends.

Not a probably outside of Edward Henry Harriman knows how hard Mr. Willcox was hit in the panic. Harriman isn't telling, but it is well known that Mr. Willcox followed his friend Harriman with implicit confidence and continued to buy Union Pacific stock as it reached 196 and held his Delaware and Hudson stock while it was above 225. The best informed men in the street under stood that Mr. Willcox used his D. and H. holdings, which he had paid for, to margin the Union Pacific speculations and when the crash came he lost not only his paper profits but his original fortune.

Mr. Willcox, who had been in poor health for several months, went to Europe before he resigned as president of the Delaware and Hudson, which post he had held four years. He owed his promotion from counsel to president to Mr. Harriman. They were known as intimate friends, but in a popular conception of their characters were antitheses. Willcox was open and approachable and the Street regarded him as one of the old-fashioned type of honest business men. Those familiar with his mental processes may be new less of the trickery of modern business than any other railroad president.

"David Willcox," said a Wall street man yesterday, "never knowingly permitted his road to resort to evade the law. In his writings on financial subjects there was a ring of honesty born of the man's own ignorance of commercial dishonesty. I know that the disclosures in the business world in the last year caused him to brood. What part they had in causing him to lay down his office, I am not probably know, but I believe if he had not the wrong he had himself helpless to right and a large part to do with undermining his health. Had that not been broken, David Willcox never would have been discouraged by the loss of his fortune. He lost his money by lost his confidence in some of his friends."

The same meeting of Liberals to ratify the nominating convention's choice of Hon. William Pugsley as candidate for the vacant St. John city and county seat, will be held in Berryman's hall this evening. Hon. Mr. Pugsley will address the meeting on matters of interest and importance to this constituency.
