FREE TRADE M.P.'S  
TO VISIT CANADARainbow Sails in August, Niobe  
in September

ASK FOR TENDERS

For the Construction of Four Bristol  
and Six Destroyers—  
Standard Oil Co. of Canada to  
Sink 14 More WellsTimes Special Cable  
London, July 22.—Fourteen boys  
sailed for Canada on July 22nd.

A body of free-trade members of parliament will spend the holidays in Canada, under the leadership of J. A. Simon.

The Canadian teachers visited Windsor inspected the castle, were entertained at lunch by the mayor and afterwards visited Elton.

D. O. Malin, ex-secretary to Lord Selkirk, shortly sails for Canada as private secretary to Earl Grey.

In the Privy Council, Dominion of Canada vs. Ontario Railroad Power Company, and Attorney General of British Columbia vs. the King (and cross appeal) at the conclusion of arguments for appellants, their lordships did not call upon counsel for the other side, and said they would consider judgment.

Admiral Kingmill returns in a fortnight. The admiralty has agreed to make alterations in the Niobe suggested by Canada. She will not sail until September.

The Rainbow sails the first week in August. The admiralty has agreed to lend skilled instructional staff officers for the safe conduct of the ship. Kingmill states that inquiries are now being made among firms on the admiralty list for tenders for the construction of four Bristol and six destroyers.

G. MacDonald, presiding at a meeting of the Standard Oil Company of Canada, said it was proposed to construct fourteen more wells before the end of the year. They would also sink deeply with object of finding the Trenton limestone formation, which produced the gushing wells in the United States.

Anent the fiscal debate the Times says it is not Canada, but events which Canada cannot control, that are now being claimed. "Refuse to reciprocate, and what preference has been given you will be whittled away by the inevitable admission of other countries to the same privilege."

The object lesson, says the Times, is complete. "What is Asquith's reply? May be an abstract generalization from a Cobdenite textbook, ridiculed by all the world outside these islands, and accompanied by an illiberal sneer."

Passengers on the Virginia include Sir C. H. Taschereau, Hon. Wm. Elphinstone, Lady Wm., and Morris, Stead, Russell and Latimer, members of the British team. Passengers on the Royal George include Mrs. and Miss Fleming, of Toronto.

The Zingari team beat the Gentlemen of Sussex by one inning and 33 runs. In the C. P. R. match at Toronto, the C. P. R. is granted special leave to appeal in both the viaduct and Yonge Street bridge cases.

HOTEL BURNED;  
GUESTS ESCAPED

Houquim, Wash., July 22.—The Houquim hotel was destroyed by fire today and only a change of the wind saved the business section of the town from what seemed certain destruction. All guests of the hotel, about a dozen in number, were obliged to escape by the windows. Charles G. Rogers and C. K. Wing, the hotel cook, were badly hurt by jumping, and were also seriously burned. Two men are missing. Besides these, it is reported that William Burton, local secretary of the Eagles was burned in the building, but this is uncertain.

The damage will exceed \$100,000.

## BANK OFFICIALS ARRESTED

Former Employees of Farmers Bank Arrested at Lindsay, Ont. on Charge of Conspiracy

Lindsay, Ont., July 22.—(Special)—W. R. Travers, General Manager of the Farmers Bank, accompanied by Harry DeWart, K. C., arrived here yesterday from Toronto, and as a result of an interview with the crown attorney, A. B. McGill, former manager of the Farmers Bank, here, J. Fleury, who was clerk in same bank and J. L. Coulter, until recently manager of the Farmers Bank at Nestleton, were arrested on a charge of conspiracy to injure the financial position of the Farmers Bank.

The three men gave bail. Mr. McGill, in the sum of \$2,000, and Messrs. Fleury and Coulter in \$500 each to appear on the 28th inst. Mr. McGill, now manager of the Home Bank here, and the other two are clerks in the same institution, and it is alleged they caused deposits in the Farmers Bank to be transferred to the extent of some \$50,000 to the Home Bank and as result almost caused a run on the Farmers Bank.

## FIFTEEN KILLED BY EXPLOSION

Johannesburg, Transvaal, July 22.—Fifteen natives are dead here and 70 natives and 13 white miners injured as the result of explosion yesterday in the Simmer East Deep mine.

## THE WEATHER

Moderate to fresh southerly wind, with showers. Saturday, southerly to westerly, with rain and west wind, with a few local showers.

ENGINEERS  
ARE BUSY ON  
THE ST. JOHNEstimating Possible Storage  
Facilities of Drainage Area—  
Commissioners Met at Van  
Buren—A. P. Barnhill Home

The sessions of the International St. John River commission which have been held at Van Buren in connection with the investigation of the river closed Wednesday afternoon after the commissioners completed a long consultation with the consulting board of engineers, Harry S. Ferguson of Millinocket and S. J. Chaplain of Ottawa, regarding the work that is being done by the field engineers on the St. John towards collecting data on which the commission bases its report to the government of the United States and Canada.

Under the direction of N. H. Ranney of Millinocket, N. Y., who is in charge of the work in the field considerable of the engineering work on the river and its tributaries has already been done, and the remainder is to be finished as early as possible.

The engineers are taking measurements of all the available storage basins in the present capacity, and estimating their present capacity, and estimating their possible capacity, together with locating dam sites on each. Through their figures they will be able to report to the commission what percentage of increase in the flow of the St. John can be gained by conservation of the waters of the river and its tributaries by artificial means, and whether or not it is a feasible plan.

While nothing was given out by the commissioners it is understood that the work of the engineers as far as they have gone has been most gratifying, and that the river has shown facilities for increased storage, which if developed will eliminate trouble from low water on the St. John to a great extent, and prevent the repetition of another Van Buren war, which was really the means of the session of the present commission. It is understood that the basins are to be developed at least on that part of the river which has been covered by the engineers, an there is no reason to believe that any other system will not afford as good facilities.

The commissioners are going to continue the work they have been doing, and will become time before the engineers have all the data that they need in order to consult with the engineers on the St. John. A. P. Barnhill, K. C., chairman of the commission, returned home last evening on the Boston. He said no date had been fixed upon for the next session.

## The Engineer's Report

The session Wednesday afternoon at which the consultation with the board of consulting engineers took place was a very busy one. At this meeting the engineers, Messrs. Ferguson and Chaplain, made a report to the commissioners which embodied the formal report of the engineer in charge of the field work, Mr. Ranney to them.

(Continued on page 7, sixth column.)

## PASTOR HAD TO SKIP OUT

Rev. Warren McLeod, Formerly of Norton Hastily Departed from Woodstock, Ont.

Woodstock, Ont., July 22.—About two years ago, Rev. Warren H. McLeod came from Chicago to take the pastorate of the First Baptist Church here, which has the largest congregation in the city.

Sunday the reverend gentleman did not appear at the church, and instead of him he had left Woodstock. His departure was a hasty one, and came as a result of an interview the church council had with him. He was charged with undue intimacy with some young ladies of the church. Mr. McLeod is a married man with one child. He was a clever pastor, drawing \$1,800 salary.

DIAMOND FOUND,  
TWO INCHES LONG

New York, July 22.—A report has reached Maiden Lane from Johannesburg, South Africa, of the finding of another large diamond in the Premier Mine. The gem is said to weigh more than 300 carats, and is described as a pure white stone, absolutely flawless and measuring two inches long by about three-fourths of an inch thick. It tapers in breadth from one end to the other, and is valued at \$150,000. The Premier mine became world-famous in January, 1905, when the Cullinan Diamond was discovered there.

This gem, the largest ever found, weighed 3,032 carats in the rough. It was cut into smaller stones and presented to King Edward VII by the Transvaal government. The latest large diamond to be taken from the Premier mine probably will rank also among the world's famous gems.

## Cannibalism in Hayti

Puerto Plata, Santo Domingo, July 21.—The disappearance of Dominican children near the Hayti frontier has been explained by the horrible confession of a Haytian woman that she had murdered them, eating four. This African cult is still prevalent in Hayti. Christianity appears there to be a failure. The Dominicans press demands severe measures to prevent Haytian immigration and thus protect the higher civilization of this republic.

## FOUGHT A DAWG

Aurora, Ill., July 22.—Dawg Goodman, of Chicago, and George Leash, of California, fought six fast rounds to a draw last night. The biggest crowd that ever attended a fight in Aurora witnessed the go-fight. Fifty 300 from Chicago being at the ringside.

BRITISH GOVERNMENT  
SUPPORTS  
STRENGTH AGAINST  
IMPERIAL PREFERENCEPremier Asquith in Reply to Hon. Mr. Balfour Says Government Could Not  
Consent to a Tax on Food or Raw  
Materials—Comments of the British  
Press for and Against the MeasureTimes Special Cable  
London, July 22.—In the house of commons yesterday, Hon. Mr. Balfour took the last opportunity before the next imperial conference to raise the question of imperial preference.

He urged that the result of the conference with France, Germany and the United States had been a diminution in the preferential advantages to Britain. It was quite certain that the great dominion which had entered upon this course of independent fiscal negotiations could not, in the force of circumstances, stop where they were. The process was just beginning. They must go on continuing, he made a strong appeal that the policy of preference should become the policy of all British statesmen instead of the policy of only one party.

Mr. Asquith said the position of the government had not changed since 1907. When it came to practical, concrete working out of the policy of preference it remained an academic free trader and dropping abstract principles, pointed to a single country whose tariff policy had proved injurious to development.

Every industrial nation in the world, great or small, except ourselves, has adopted the tariff policy. The severest of its industrial development. Not one of these nations shows the least desire or intention of giving up that policy. There is not one that cannot demonstrate infinitely greater progress since the tariff regime was instituted than in any earlier equal period.

Referring to the deputation of western farmers to London the Standard says it is sufficient to note that they also asked for tariff reform, and the empire has to suffer reciprocity with the United States. "They must be free traders with a difference, and will hardly be acknowledged by their compatriots in this country."

The Standard says that the colonies were not to be free traders with a difference, and will hardly be acknowledged by their compatriots in this country.

FREIGHT TRAINS  
MOVING TODAYPerishable Goods Are Being  
Shipped on Vt. Central

MORE MEN AT WORK

Expect to Move Freight Out of  
Chicago Over Grand Trunk Lines  
Early Next Week—Two Hundred  
Special Officers EngagedTimes Special Cable  
Boston, July 22.—Complaints from many joints in New England, led the Central Vermont officials to redouble their efforts in moving perishable freight over the rails and today several freight trains that have been tied up by the conductors and trainmen's strikes, were started. Although the appearance of strike breakers was the signal for outbreaks of violence in several places in Vermont yesterday and last night, none of the men were sent out today, more of them taking charge of the extra freight trains that the company put in operation.

## Both Holding Firm

Montreal, July 22.—(Special)—There is practically no change in the situation here, both sides holding firm, and neither appears anxious for arbitration. The men on one hand claim they are perfectly satisfied with the way things are going, while on the other hand the company seems equally pleased with their progress and say they are moving some freight. They replied received from both parties by the minister of labor at Ottawa in reply to his letter yesterday, regarding a board of arbitration to settle the dispute were very evasive, and Mr. King has wired both parties for a more definite answer.

## Riot at Belleville

Montreal, July 22.—(Special)—Reports from Belleville tell of a riot there last night on the arrival of the local trains and as a result two men are lying in the hospital. They are John McManus, acting as conductor, and M. Donovan acting as brakeman.

## NEW UNDERTAKINGS

London, July 22.—For partisan political purposes it has been the habit of many English editors to write about the alleged financial decadence of England. To read them strangers would think that England was on the verge of bankruptcy. The character of the evidence, on the other hand, in introducing his budget for next year, stated that the country never was so prosperous and that there was a big boom in trade everywhere.

To judge by the unprecedented amount of new capital that London found during the first six months of this year, England is far from being broke. The Economist shows that in the last three months of this year £22,500,000 was invested in new undertakings and in the next three months £28,750,000.

These figures are indications of a great boom in business, and of course, of speculative activity. Rubber companies alone for 1909-1910 invested for £16,000,000 of the half year's period, and of companies for £2,500,000. The tabulated statement in the Economist shows that a fair proportion of the new capital is for the home market, but the large proportion was invested in enterprises abroad.

WORKINGMEN ARE  
EAGER TO LEARN

Toronto, July 22.—The workingmen of Ontario are taking a deep interest in the local libraries, devoting themselves particularly to the study of technological works relating to their vocations.

This was the agreeable conclusion reached by Walter R. Nursey, inspector of public libraries, during a trip through Ontario which ended Saturday. Mr. Nursey attended the meeting of library institutes at Brantford and Wallaceburg.

"Workingmen in Ontario have shown me that they are particularly eager for education along the lines of their work," said Mr. Nursey to The News today. "Fiction is the library of the smaller places is being read less and less, though it will always have its place. Biology, travel and other informative books have superseded the lighter form of literature."

The general committee of the employees which the department keeps constantly on the rounds of industrial towns, which, as Mr. Nursey has said, is a barometer of the provincial state. A higher literary standard has been evolved. Country librarians are taking a far deeper interest in their work, and the department of education is increasing its assistance, and backing up the work to the best of its ability."

## TRANS-ATLANTIC 'PHONE

London, July 22.—If the experimental telephone cable laid across the English Channel and in all experiments thus far has proven a success, a trans-Atlantic cable between London and New York may be expected in the near future.

The new telephone cable across the channel connects Dover and Cape Gris-Nez, and in all the experiments thus far proven highly satisfactory. To reduce the distortion of the current impulses, which correspond to voice vibrations, loading coils have been inserted in the cable at intervals of one knot. The line will be open for public use between Paris and London as soon as land lines have been constructed in France.

This cable was laid partly as an experiment connected with England by telephone is Belgium, but conversational experiments between London and Amsterdam, Berlin and other cities are to be conducted with a view to the practicability of establishing trans-Atlantic telephonic communication.

The only European country at present connected with England by telephonic lines, Belgium, but conversational experiments between London and Amsterdam, Berlin and other cities are to be conducted with a view to the practicability of establishing trans-Atlantic telephonic communication.

It is proposed to have a large executive of representative men from each of the countries as an advisory committee of twenty-five. There will be two joint honorary presidents, viz., the Governor-General of Canada, representing Great Britain, and the President of the United States, and there will be five vice-presidents from each country.

The celebration will take place between July 1 and October 1, 1912.

AMHERST CONTRIBUTES  
ANOTHER \$500 TO THE  
CAMPBELLTON FUNDTheir Cash Donation Now Amounts  
to \$1,000, in Addition to  
Supplies—Baptist Church Sends  
Help—Miss Trean Dead

Amherst, July 21.—At a citizens' meeting held here, a further sum of \$500 was voted for the Campbellton fund. This makes a cash contribution of \$1,000 for Amherst besides large quantities of clothing, furniture and kitchen utensils. Mayor Curry desires great credit for the promptness with which he looked after the matter.

The Baptist church here also were prompt in their action and sent forward a generous contribution to Rev. Mr. Schuman pastor of the church there, and food and clothing to the needy of his congregation.

R. B. Trean received word of the death of his sister Miss Hannah B. Trean, after a lengthy illness. The remains will be brought to Amherst for interment.

Miss Letitia L. Lawson, daughter of B. J. Lawson, leaves today for Calgary (Alta) to be absent a year, visiting her sister, Mrs. S. G. Baird. Mrs. P. A. Latta leaves by the same train for Vancouver to join her husband, who has settled there.

Plans for Peace Celebration  
Niagara Falls, Ont., July 22.—A meeting of the organizing committee of the Hundred Years of Peace Association was held yesterday afternoon at the Clifton Hotel, with a full attendance of members, at which a draft constitution was presented and adopted.

It is proposed to have a large executive of representative men from each of the countries as an advisory committee of twenty-five. There will be two joint honorary presidents, viz., the Governor-General of Canada, representing Great Britain, and the President of the United States, and there will be five vice-presidents from each country.

AUSTRALIA  
APPROVES  
OF CHANGESAustralian Parliament Votes  
Unanimously for Modification  
of the King's Declaration—  
Strong Speeches MadeTimes Special Cable  
Melbourne, Australia, July 21.—After a long and powerful debate the house of representatives unanimously adopted Mr. Mahon's address to the king, with modification of the king's declaration, with an additional sentence suggested by Sir J. Quick, approving of Premier Asquith's proposed substitute for the existing declaration.

Premier Fisher made a strong speech, appealing to the House of Lords to pass the bill.

Mr. Deakin made favorable interjections. The speaker of the Roman Catholic members, especially Mr. Mahon's, were much by the party in power in England adheres absolutely rigidly to a free trade doctrine.

The Westminster Gazette made a leading article "a reply from Winnipeg," and says: "The best comment on yesterday's debate in the commons is, we are inclined to think, a telegram from Winnipeg headed 'A Gigantic delegation of western farmers, or escape from economic consequences by pleading imperial reasons he is under gross delusion.'"

Every industrial nation in the world, great or small, except ourselves, has adopted the tariff policy. The severest of its industrial development. Not one of these nations shows the least desire or intention of giving up that policy. There is not one that cannot demonstrate infinitely greater progress since the tariff regime was instituted than in any earlier equal period.

Referring to the deputation of western farmers to London the Standard says it is sufficient to note that they also asked for tariff reform, and the empire has to suffer reciprocity with the United States. ## STRIKE BREAKERS TURNED BACK

Detroit, July 22.—Canadian immigration officials at Windsor last night turned back a party of about twenty-five strike-breakers who attempted to cross the Detroit river to take the places of strikers.

## At Chicago

Chicago, July 22.—Announcement is made that freight trains will begin moving out of Chicago over the Grand Trunk lines early next week. Officers of the company assert they are in a position at present to resume freight services, but are in no hurry to do so until the work of guarding all property is completed. A force of more than 200 special officers will be assigned to the Grand Trunk line in being handled by the other roads. Five hundred strike breakers have been engaged so far in Chicago, most of them being sent to various points along the companies' lines.

## CHILD TRIES BLACKMAIL

Pinned Demand for \$50 on Her  
Father's Door—Set Fire to  
House—Says She Saw it Done  
in Moving Pictures

Ethel Allen, 12 years old, who lives with her parents, told Justice Wyatt in the New York Children's Court, a few days ago, that she had twice set fire to the house in which they live, and that she was also the author of a threatening letter in which her father received the day following the last fire.

Last Monday morning about 11 o'clock Ethel told her mother that she had just put out a blaze she had found in a pile of papers on the stairs. On Tuesday a similar fire was discovered on a stairway and the janitor put it out. On Wednesday Ethel's father found this note pinned to the door:

"I am short of money. Fifty dollars is the least that will satisfy me. If I don't get it, I will burn the house down and get your daughter. Put the money under the mat in the first floor hall tomorrow night at 8 o'clock."

Not Signed.

There was no signature. The note was scrawled on both sides of a small piece of paper. Much of it was illegible.

The painstaking care shown in some of the letters, especially the w's m's and n's led Detective Brown of the Bronx district bureau to believe that the note was written by a child. When he found out that Ethel had discovered the first fire he had a talk with her.

She wrote a few lines at his dictation. The writing resembled that of the note found pinned to the door. After a little questioning, Ethel told Brown that she had written the note and set fire. She got the notion, she said, from some of the plays she had seen at moving picture shows. She spent Wednesday night in the rooms of the Gerry Society, and was arranged before Justice Wyatt in the Children's Court yesterday.

Why She Did It.

"Why did you do this?" Justice Wyatt asked her. "It endangered the lives of a great many people."

"Well," said Ethel rather faintly, "I had been to a good many moving picture shows and in all of them there was a girl who was very brave and"

"And you thought you would set a fire and put them out and get a reward as a heroine?" suggested Justice Wyatt.

"Yes, that was it," said the girl.

"Oh, that was just a joke, I didn't mean anything by that."

Justice Wyatt, called Ethel's father to the stand. He is a bricklayer. He said he frequently taken Ethel to see movies.

"Yes, nor," he said, "you can't go to any part of the town without seeing pictures in it. But I go to any movie in a hurry."

He promised never to do it again, he was paroled on the 11th August 22.

## MORE WITNESSES

## TESTIFY ABOUT

## HANSON'S THIEVING

## Case Goes Over Until Tuesday

## Next—Several Other Matters

## Dealt With by Police Magistrate

With a sheepish grin on his face, and with all appearance cool and undisturbed, Oscar Reynolds Hanson, alleged horse thief, cow robber and bicycle burglar, sat in the police court this morning and listened to several witnesses connect him with different cases of theft, extending over a month's time, and being widely varied in their character. In each case, the cunning Oscar was eloquently as being possessed of "a gift of the gab," and it was shown how he had got ahead of several police and made a little money at his expense.

W. Albert Nelson, of Fairville, told of having a bicycle stolen from him on July 1st, reporting the matter to the police, and finding the article in Gilbert's second hand store in Mill street, where according to the evidence of Joseph Gilbert this morning, he had sold it for \$1.50, although it was worth \$25 to its real owner.

Mrs. Elizabeth Harkins, of Grand Bay, told of meeting the hero, who introduced himself as Wesley Lair, telling her that he was about to sell out his milk farm on the Mahogany road, and having a fine double cow, and a good milk cow, would like her to buy the animal. He would not be so severe with her regarding price, but would let her have at \$25, which was about \$20 less than it was worth. To her sorrow she later found that the cow belonged to Samuel Linton, and had to return the animal to him and lose her money besides.

Albert Kincaid, and Albert McEneaney told of letting Hanson have a horse and carriage on July 7, for \$250, for the purpose of his attending a party at Lorneville, to which he said he was going to take his sweetheart. Nothing more was heard of the animal until July 17, when it was got at Sussex by Chief of Police McLeod. McEneaney said that the animal Oscar had given him name as Mr. Kelley when taking the rig, and from then until it was recovered it was a common matter to hear the question, "Has anybody here seen Kelley?" frequently asked about the lively steed.

The case was set for further hearing on Tuesday at 10 a. m. H. J. Smith was present for Hanson this morning, while Detective Kithen conducted the prosecution.

Otis Kelly, aged 50, was remanded on a charge of drunkenness, which he could not hear read to him, being too deaf. He was said to be an idiotic, and efforts will be made to learn where he secured the liquor.

The case of Wm. Lechart, an interdict, was set down for hearing Tuesday next at 10 a. m., as he was not in court, although the chief witness. It is stated that he was sold liquor by Wilson Speight, who was present, and his home and that as the defendant was a pitiful, the case must be dealt with if it took until January to get Lechart to court.

William Williamson, a young boy, reported by Policeman Smith of the I. O. B. for going beyond the limit for carrying a gun at the Union depot, was in court, but the case was postponed until tomorrow, when his employer, Kerr, will be in court.

## WORRY SPOILS

## JOY OF LIFE

## Habit of Looking at Dark Side

## Takes Pleasure Out of Real

## Good Fortune—Cases of Two

## Brides Told—One Wrecks

## Her Happiness by Pessimism;

## Other Gains It by Optimism

(Boston Herald.)

Are you afraid to sit down when you would make the 13th at the table? Well, then, you very likely are afraid to pick up a pin when the point is toward you, or to see the moon through glass or over your left shoulder. Maybe you don't go under a ladder without spitting, and if you break a mirror you doubtless watch for grandpapa to die. Gives you a sort of thrill—oh, of course you don't believe in anything so foolish—but it does give you a sort of a thrill to have an umbrella opened in the house.

Then, whenever you say "I haven't had a touch of hay fever this summer," you hasten to rap on wood. Mentioning your good fortune wouldn't give you any less—but not for worlds would you let the remark go without rapping. If you smash a dish you are worried until you've smashed two more. There's no end to the little superstitions that poster you, half without your own knowledge, every day. Would you begin an undertaking on Thursday or Friday? Would you get married on the 13th of the month?

Believe in all these omens if you wish. Take delight in wondering who is to die next when any one of a number of "death signs" occur. Take pains to pick a quarrel with your friend because the west wind round the other side of a tree when you were out walking. Do all of these things and as many more as will make you contented—but don't fall into the habit of believing that good things are going to last.

How many times in the midst of a family gathering, when you have become replete with food and drink, and every one is going nicely, you will hear the family croaker remark in a voice that penetrates every corner of the happy group: "Well, I suppose we shall never all meet together again." Pleasant thought!

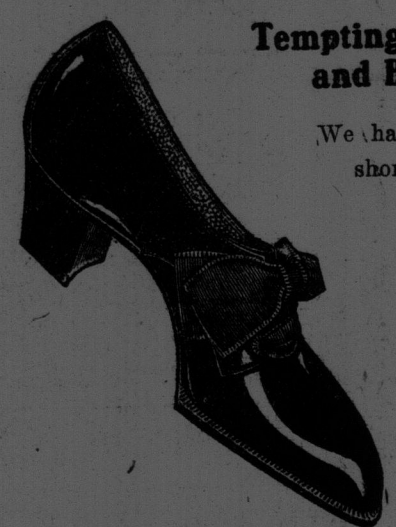

THE EVENING TIMES AND STAR ST. JOHN, N. B., FRIDAY, JULY 22, 1910

## TEMPTATION SALE!

**Tempting Shoes, Tempting Assortment and Best of All, Tempting Prices**

We have had a good busy season, but a short one. The late spring and so much wet weather prevented us from selling as many Low Shoes as we expected to dispose of, so we are going to tempt everyone, even those who have already bought. To do this is to make the prices tempting, and we shall leave it to you to decide whether we have done this or not. This sale will be confined to our

### King Street Store

The warm weather is just commencing and men who wish to spend the heat in genuine comfort should attend this sale and obtain a pair or two of these bona fide bargains.

All Our Men's \$3.50 and \$4.00 Oxfords, choice of materials and styles, at **\$2.65**

Tailoring and Clothing. Sole Agency 20th Century Brand Clothing.

### DAFOE FOR CABINET?

(Ottawa Free Press).

A Toronto newspaper publishes a rumour that John W. Dafeo, the editor of the Winnipeg Free Press, is to be taken into the Cabinet by Sir Wilfrid Laurier.

Of course the rumour can be neither denied nor confirmed in Ottawa in the absence of the Prime Minister, but it is nevertheless, interesting.

John Dafeo—big, burly, sandy-haired—is well known in Ottawa. For years he occupied a seat in the Parliamentary gallery. But he has grown bigger in every way in the years that he has lived in the west.

As the editor of the newspaper that "covers the west like a blanket," he has sat at the heart of things, and has participated actively and continuously in the tremendous development of that wonderful territory. He has had opportunities for testing the pulse of that community of lightning growth such as no other man probably has had.

But hitherto the personality of John Dafeo has been sunk in the paper whose

policy he controls and expresses. Would he be willing now to come into the line of light personality? There are still men in Canada who, like George Brown, would rather be the editor of a great newspaper, influencing the opinions of a multitude, than the prime minister. We would say that John Dafeo is one of these.

It may be, however, that the wider field needs John Dafeo's abilities, his knowledge of the west and its problems, his immense power of concentration, his faculty of probing into the very marrow of things.

It may be that the Prime Minister, realizing the extraordinary expansion of the west, sees the necessity of another man in the Cabinet who is typical of the west and its aspirations and its possibilities.

We do not know how much of truth there is in the rumour, but we do know that if John Dafeo is offered and accepted a position in the Dominion Cabinet, Canada will be the gainer.

John Dafeo is a rugged Canadian, a good speaker, a good writer, a good reasoner, and a broad and practical thinker.

### The Growing West

(From the Manitoba Free Press).

When Sir Wilfrid Laurier became prime minister of Canada the west had 1,000,000 people. It has now 2,000,000. The number grows at thirty-five, and it is probable that next year's Dominion census will give the west a representative of fifty-five members at Ottawa. The west is destined to dominate in the affairs of the Dominion, and the present century will not have advanced very far on its course before that destiny is fulfilled.

### Fashion Hints for Times Readers

SOLID COMFORT FOR THE OUTING GIRL

Just the thing for tennis, canoeing or this summer and the smart hat, turned up in Napoleon style and trimmed with a chandelier pompon at the back, gives a touch of good style to the informal frock. The material is linen, white being used in this case, with cheerful red piping and a red leather belt and red and white buttons. The necktie is black—as usual—handing is always in the way.

## The Evening Chit-Chat

By RUTH CAMERON

SEVEN AFTERNOON TEA IN YOUR SUMMER COTTAGE ON MISSON TABARETS, MARKED FROM \$3.

The flaring sign placed to advantage in the centre aisle of the store caught my eye, and I looked beneath it and saw a collection of little tables, ill put together, obviously of cheap material but saved by being made in the "arts and crafts" style that just at present covers a multitude of sins.

A dozen women were examining the goods. Two were buying and two on the brink of it. Not one of them looked as if her husband belonged above the twenty-dollar-a-week class, and I don't believe any of them waited the tabaret for any specific purpose.

"I can't say as I ever have afternoon tea, but I do like that mission stuff. It gives some class to a room," was a sentiment expressed by one of the purchasers, and received with evident approval by another.

As I watched this interesting and typical little scene I remembered that with a smile the experience of a certain newspaper man who went into a novelty shop to look around.

A shiny object attracted his attention and he inquired its use.

"These are gilded pinheads," said the clerk. "They are used to pick up letters you have put on the letter scales."

"And that ivory stick carved and forked at the end?"

"People use it to fish out things they have dropped into carafes."

"That square of morocco about the size of a nut—what is that for?"

"It's a lampoon, used to press down stamps after sticking them on envelopes."

"To flatten out the corners of photographs?"

"That ornament box with a whole battery of tiny brushes?"

"They are used to clean other brushes—brushes to clean hair brushes, brushes to clean nail brushes, brushes to clean tooth brushes, and so on."

"I see. And these Russian leather tubes?"

"Eye protectors, to look at colored photograph projections in rooms adjoining lighted rooms."

"Oh, that is indispensable to pour perfume into the vials in traveling cases."

"And that jigsaw-like complicated little silver sieve?"

"A novelty, it's a cleaner to take of spots of ink on lead pellets."

"Lead pellets?"

"Certainly, the shot you put into those little cups to stick pens in after using them."

"Are there many who use them?"

"No, but they are easy to sell."

Not long ago I heard a professor of economics say: "One of the chief reasons for the high cost of living is that so many people, both rich and poor, nowadays buy so many unnecessary things instead of saving their money as they used to, and putting it into productive enterprises."

At the time that statement made me rather indignant. "Just another one of the subterfuges of those people who are not willing to put the blame of the high cost of living where it so obviously belongs," I said.

Since the incident of the mission tabaret and the novelty shop, I'm wondering if my indignation wasn't a bit too hasty, and if the professor's statement didn't have something worth thinking about in it after all.

## Daily Hints for the Cook

### FRENCH SALAD.

One pineapple; four bananas; four small sweet oranges. Peel and cut into thin slices the oranges, pineapples and bananas. Arrange the fruit in layers, bananas first, then oranges, then pineapple, and so on.

Put a layer of pineapple in bottom of porcelain preserving kettle, cover with a layer of sugar, fill kettle with alternate layers, and set aside over night. Drain off juice and boil, skimming as required. When syrup is clear, add pineapple and simmer thirty minutes. Turn into jelly jar and seal when cold.

### FARINA CAKE.

Beat four ounces of butter and eight ounces of sugar to a cream. Gradually add four well-beaten eggs, a quarter pound of farina, one teaspoonful of baking powder, and half a teaspoonful of lemon extract. Bake in buttered gem pans in a hot oven.

### Mildly Sarcastic

(Chatham Weekly).

It is said that the Baptists of Chatham, perhaps half a dozen persons in all, some of them heads of families, are preparing to start a church here. There is one thing that Chatham needs, an independent church. That should be added to. We haven't churches enough. We don't suppose that anybody knows the difference between

and the western organizers of the Scottish Grand Lodge, but prominent Masons here deny there is any trouble among the recognized lodges.

with a brush, and cut off crowns; boil in a quantity of water until tender. Remove from the kettle and cool, then cut into slices, pare and extract the eyes and cores. Weigh the fruit, and for each pound allow one pound of sugar.

Put a layer of pineapple in bottom of porcelain preserving kettle, cover with a layer of sugar, fill kettle with alternate layers, and set aside over night. Drain off juice and boil, skimming as required. When syrup is clear, add pineapple and simmer thirty minutes. Turn into jelly jar and seal when cold.

Best four ounces of butter and eight ounces of sugar to a cream. Gradually add four well-beaten eggs, a quarter pound of farina, one teaspoonful of baking powder, and half a teaspoonful of lemon extract. Bake in buttered gem pans in a hot oven.

They are the finest natural laxative in the world—gentle, safe, prompt, and thorough. They strengthen the stomach muscles, and will not injure the delicate mucous lining of the bowels. ## NAME AND BREED WON'T COUNT AT THIS CATTLE SHOW

The Critters That Indicate the Tenderest Eating Will Carry Off the Prizes at St. Paul, in November

St. Paul, Minn., July 22.—According to plans made for the Northwestern Live Stock show to be held at Union stock yards, South St. Paul, November 15 to 18th, aristocratic cattle will not find their names on the list of those who are invited, just because the blue blood of ancestry runs in their veins. The proud Angus, Holstein, Durham, Hereford or representative of any other breed whose chief qualification is a pedigree which would fill a volume of the Congressional Record, will find himself lined up by the side of other animals whose claim to distinction is simply best—good, wholesome, juicy, tender beef, and prizes will be awarded only those which show the "bestest" qualities.

The Northwestern exhibit will include market animals only. True, there will be plenty of animals shown, which might be given pedigrees, but such statistics will not be taken into consideration by the men who do the judging. It will be one thing when phalanx cattle will enter a contest of merits on the same ground as cattle of the aristocracy. Many cases are on record where un-pedigreed cattle have shown up better than cattle whose owners boast of long pedigrees which go with them. At the Northwestern exhibit, the exhibitor called "Maiden Lane, XIX," or better called "Helen, X," will have no better rating than will just "Maude" or "Middy."

On the other hand, "King Leo" and "Big Tom," or just "Jim." There will be nothing in the name.

When the show has ended, many of the cattle will be sold on the market, which means they will be sold right where they are. The event takes place on the Union stock yards ground. In this way, stock men are best for slaughter purposes. An auction sale will also be held the last day of the show, at which all the stock exhibited may be offered for sale. This feature last year attracted much interest and caused many extra "shades" to go into the coffers of the men who know how to produce good market cattle.

One of them, Higgins, was rescued. The other three, Dugas, Perron and Peladeau, all employees of the company, disappeared before help could be got to them.

Montreal, July 21.—(Special)—Three men were drowned at a picnic of the Montreal Light, Heat & Power Company, this afternoon, at Maple Grove. Four were in a boat and it capsized through the men changing positions.

#### AMUSEMENTS FOR OURSELVES AND OTHERS

GREAT FIRE DEPT. PICTURE AT STAR.

Over in the Star theatre tonight and Saturday, the Edison society drama, "A Piece of Lace," will be greatly enjoyed as it is a high class production in which the renowned French pantomime artist, Mlle. Piliar-Morin will take the leading part. The second reel will be the stirring melodrama, "The Fire Chief's Daughter," with plenty of spirited action, fire brigade turnouts, thrilling rescues and real fire. For the children the sweet little fairy tale entitled "The Little Old Men of The Woods" will be put on, in which twenty-five of New York's cleverest child actors and actresses will take part. Miss Bertha Dudley will sing and the music will be as usual bright and effective.

"THE GREAT TRAIN HOLD UP" AT THE "UNIQUE."

Another picture treat of rare excellence is promised the holiday crowds at the "Unique" again today and tomorrow, when to head a list of good things, Piliar-Morin will be presented. This picture is considered by the motion picture world as the most sensational story in this genre of motion picture, sensational will be the turning of the band's and the thrilling action, which will undoubtedly win for the picture a large and loyal following.

The really honest man never says about it.

"An Enemy in The Camp," comic, Tiny Williams will be heard in the big song hit, "I am Awfully Glad I Met You" which will wind up a programme hard to excel and which no one should miss.

GREAT WEEK-END SHOW AT THE GEM.

There are few people who patronize the moving picture theatre, nowadays, who do not like a good, clean, breezy, western tale, full of exciting adventures, enacted by clever artists, and the scenes laid on the frontier. All these requisites to an interesting film, are shown tonight and tomorrow, at the Gem, in the great Kalem production, "The Cheyenne Raiders." The story is one which gives scope for some good acting and horsemanship, and the leap over the precipice in the face for life is actual and real. Another big feature from a moving picture—this time in the historical Roman film, only lately released, entitled "Reconciliation of Foes." This picture in its striking reality, carries the audience back thousands of years, to the days of the Patricians and Plebeians, and portrays an interesting story in a very pleasing manner.

The balance of the programme consists of two other good pictures, comedy and drama, and a favorite song by Miss Ellis. Tomorrow the show will be repeated, with a souvenir matinee for the children.

Henry Miller representing the firm of W. Moore & Co., Ltd., current exporters of Patras, Greece, who is in the city, expresses the opinion that war between Turkey and Greece is bound to come. Mr. Miller speaks highly of Canada and Canadians.

The really honest man never says about it.

## ONE OF AVIATION'S VICTIMS

OSCAR ESCHBACHER (4th LEFT) WITH BALLOON IN WAGON, AT AERONAUT PARK AFTER HIS VICTORY IN 1907. \* \*

Another victim was transfixed by a long rent forward, but the dirigible held a quantity of gas in its rear members. The condition of the bodies of the victims was horrible. Herr Eschbacher's head was crushed and his body shapeless. The chest

## SPORT NEWS OF A DAY, AT HOME AND ABROAD

Wentworth Street Stars Won.  
The Wentworth street Stars defeated the Queen square Stars on the Weldon lot last night by a score of 18 to 11. The batsmen were Evans and Dunham for the winners and McLeod and Ewing for the losers. George Power umpired.

St. Malachi's Out for Blood.  
The St. Malachi's school team defeated the Gilbert's Lane Stars on the Ballast wharf grounds last evening, 4 to 3, in a five inning game. The batteries for St. Malachi's were: Killen, McShane and O'Regan, and for the losers, Henderson and Morrison.

St. Malachi's challenge the Academics to a game any night next week, Monday excepted.

Game Expected Today.  
Weather permitting, the St. Johns and Clippers will play on the Every Day Club grounds this evening, beginning at 7 o'clock. Both teams will have their best lineups on the field and a good game is expected.

Junior Inter-Society Defeated.  
The St. Peter's defeated the Knights of Columbus by a score of 5 to 3, in the Junior Inter-Society League last night. The game lasted seven innings, being finally called on account of the approaching darkness. Both teams played a good game. Casey and Hanson were the battery for the winners and Elliott and Sharkey for the K. of C's. Philip George umpired. Three teams are now in for first place in this league—the Knights of Columbus, F. M. A's, and St. Peter's.

Diamond Notes.  
A strong Fredericton team will play in Calais tomorrow. Brogan will pitch and Dolan will officiate as back stop. Dolan will play for St. Stephen on Saturday, as he is being tried out by that team. Boone will pitch and Finnamore catch against St. Stephen.

A Woodstock dispatch says that Nepean's Inter-Society team will play in Calais tomorrow.

Painters Meet in Ottawa.  
Master House Painters' Association Coming July 26 to 28—A Fine Program

The Master House Painters' Association of Canada will convene in Ottawa next week, July 26, 27 and 28. The headquarters will be in the Russell House. About three hundred delegates are expected.

Representatives will be there from as far west as Edmonton and as far east as St. John.

The meetings of the association will be held in St. John's hall and will last from 9 to 12 o'clock and from 2 to 4:30 p. m. Speeches will be delivered by John Dewar, of Pittsburgh, E. J. Livingston, of Hamilton, Mr. Frank, of New York, Fred Tolson, of Niagara Falls, Ont., John Giorio of Ottawa, and Prof. Gardner, of Philadelphia.

The social programme will be as follows, July 26—8:30 to 11:30 p. m.—Reception at New Russell, dancing, music, refreshments.

July 27—A. M.—Ladies visit Parliament buildings, museum, etc., afternoon—Ladies drive around city, Rockville and Experimental Farm; evening—Delegates visit Britannia.

July 28—2 p. m.—Trip to Chateaux Falls via steamer G. B. Greene; 8 p. m.—Banquet at the Hotel Victoria, given by city of Ottawa to delegates.

A special meeting is to be held by the local order to appoint delegates, and it is thought that two, at least, will be sent.

Dr. W. A. Young, president of the Toronto Open Air Horse Parade Association, has advised the Exhibition Association that the handsome sterling silver trophy will be awarded by his association will be in the form of a grand championship cup in class No. 14 of the Horse Show.

In order to get a pudding to come easily from the mould, plunge the latter in cold water for a moment.

DOCTOR'S ELECT OFFICERS  
The convention of the Maritime Medical Association was closed yesterday. The following officers were elected: Dr. E. A. Kirkpatrick, president, vice-president for Nova Scotia, Dr. G. E. DeWitt, Wellville; for New Brunswick, Dr. G. G. Melvin, St. John; for P. E. Island, Dr. H. E. McEwen, O'Leary; treasurer, Dr. G. G. Corbett, St. John; and secretary, Dr. D. C. T. Wasson, Halifax.

At the afternoon session yesterday addresses were delivered by Dr. Archibald, Montreal; Dr. H. K. McDonald, Halifax; Dr. Little, Montreal; Dr. Stewart Skinner, St. John; Dr. James Ross, Halifax; Dr. Cushing, Boston; Dr. W. R. McVey, St. John.

Resolutions of thanks were passed to the mayor and council of this city, the Union Club and the Golf Club for courtesies extended to the physicians while here.

OBITUARY  
Mrs. William Warren  
Rexton, N. B., July 20.—The death occurred at her home in South Branch on Monday morning of Mrs. William Warren after a brief illness, aged 77 years.

Mrs. Warren's maiden name was Miss Mary Mitchell. She was a sister of Walter Mitchell of the town and of Robert Mitchell of Jerniganville. She is also survived by her husband, 5 sons and 4 daughters. The funeral took place yesterday afternoon. The services were conducted by Rev. J. R. Miller and the interment was at the Presbyterian cemetery at West Branch.

When you cook green vegetables and wish to have them green when served, let them cook with the cover off.

## BROCK & PATERSON ARE NOW TIE WITH M.R.A.

Big Crowd Saw Exciting Game on Every Day Club Grounds Last Evening

There never was such excitement as was seen on the Every Day Club grounds last evening when in one of the best games of the Commercial League this season, Brock & Paterson's outfit defeated M. R. A. the leader, and made both teams tie for first place. Fully aware that much depended on the result, a big crowd were on hand and the rosters were out in force. The team from the Big King street dry goods house had an extra quota of megaphones, men who kept up a continuous chorus. Then the grand stand and bleachers were filled with the fair sex supporting the Nationals, and how they did scream. The big Nationals and American Leagues never saw such a time. The third inning saw the score tied, the military team having been in the lead up to then. That was the signal for the dry goods people to open out, and for a time there was a noise as if by a thousand fog horns. With the fourth inning, however, the nine with the three letters gave a fine exhibition of aviation and when they alighted four runs had been scored by B. & P. Then silence was manifested among certain of the populace and there was a dearth of the noisome instruments. Those who were on the job, however, made themselves heard with a vengeance, for they were of high-sounding words. The score was 6 to 2 in favor of B. & P. and the summary follows:

B. P. AR. R. H. PO. A. E.  
Gale, .. 3 0 0 2 2 1  
McGowan, .. 3 1 1 5 0 1  
Paterson, .. 3 0 0 4 1 1  
Charlton, .. 2 0 0 1 0 0  
Ryan, .. 3 0 0 1 0 1  
Stephenson, .. 2 0 0 1 0 0  
Henderson, .. 1 0 0 1 0 0  
D. Paterson, .. 2 0 0 0 0 0  
Gaskin, .. 2 0 0 0 0 0  
22 6 3 18 10

M. R. A.  
Morrissey, .. 3 0 0 2 2 1  
Blatchford, .. 2 0 0 1 0 0  
Charlton, .. 3 0 0 1 0 1  
O'Toole, .. 3 0 0 3 0 3  
Killen, .. 3 0 0 1 0 0  
Ryan, .. 3 0 0 1 0 0  
Holman, .. 2 0 0 0 0 0

WEDDINGS  
Breaux-Vantour.  
Rexton, July 20.—The wedding took place at St. Louis, Monday morning, of Miss Philomena Vantour, teacher, daughter of Jacques Vantour to Urban Breaux of St. Anthony. The ceremony was performed by Rev. Father Malen. The happy couple left on a tour to Quebec.

Seaman-Trenholm.  
Miss Ruth Trenholm, of Amherst, was united in marriage to ex-Warden J. H. Seaman, yesterday afternoon at the residence of her mother, Mrs. J. G. Arenholm. The ceremony was performed by Rev. Hamilton Wigle. After the supper, which followed, the bride and groom left for a tour of upper Canada.

"KID" McEACHERN SAVES THE DAY FOR THE ROCKWOOD TEAM  
The Rockwoods defeated the T. S. Simon Co. O. K.'s in an interesting game of ball on Puddington's field last night, by a score of 10 to 3. The victory for the locals was Coffey and McEachern, and the score was Coffey and McEachern, and the score was Coffey and McEachern.

There's one great trouble with our jury system.  
"What's that?"  
"So many of us are becoming able to read, write and think."

## EDUCATIONAL

**GLEN MAWR—651 Spadina Avenue, Toronto**  
RESIDENTIAL AND DAY SCHOOL FOR GIRLS

Large Staff of Highly Qualified and Experienced Teachers and Professors. Native French and German Teachers.

Lawn Tennis and other games. Rink. The School will re-open on Tuesday, September 13th. For Prospectus, apply to MISS VEALS, Principal.

**ENGINEERS ARE BUSY ON THE ST. JOHN**  
(Continued from page 1)

The idea of the work that is being done and to the extent it is being carried, is best gained from the report which is given below:

Gentlemen:—  
Reporting to you the progress of the work of the investigation of the St. John river tributaries.

There are now being read once each day, 24 gauges, located as follows:  
Gauge No. 1, St. John river, one-half mile below Grand Falls.  
Gauge No. 2, St. John river, above Grand Falls.  
Gauge No. 3, St. John river, at Van Buren.  
Gauge No. 4, St. John river, at Grand Falls above Green river.  
Gauge No. 5, St. John river, at Edmundston, half mile below Madawaska river.  
Gauge No. 6, St. John river, mouth of Caron Brook.  
Gauge No. 7, St. John river, at Fort Frances.  
Gauge No. 8, St. John river, at St. Francois.  
Gauge No. 9, St. John river, between Rankin's Rapids and Golden Rock.  
Gauge No. 10, St. John river, at head of Cross Rock rapids.  
Gauge No. 11, St. John river, mouth of Allagash river.  
Gauge No. 12, St. John river, foot of Big Rapids, mouth of Sinclair Brook.  
Gauge No. 13, St. John river, head of the big rapid.  
Gauge No. 14, Tobique river, at Arthur's Bay.  
Gauge No. 15, Arctostook river at Fort Fairfield.  
Gauge No. 16, Madawaska river at St. Jacques.  
Gauge No. 17, Madawaska river at St. Rose.  
Gauge No. 18, St. Francis river at the foot of Glacier lake.  
Gauge No. 19, Fish river at Soldier's pond.  
Gauge No. 20, Madawaska river at the mouth.  
Gauge No. 21, Temiscouata lake at Government Wharf, Notre Dame Du Lac.  
Gauge No. 22, Allagash river at Michaud farm.  
Gauge No. 23, Upper St. John river, at Henderson farm.  
Gauge No. 24, Fish river at the site of the old gauging station.

The level party has now completed the following work: Connected gauges at Grand Falls, Van Buren, Grand Lake, Edmundston and Caron Brook with the bench marks established by the Transcontinental railroad connected the transcontinental bench marks with the Dominion Geodetic bench marks at Edmundston, taken on the water elevations finding the high water marks were obtainable from the Transcontinental railroad bench marks at intervals varying from 500 feet to one mile according to the slope of the river from mouth to Caron Brook, about 18 miles.

A check line of levels has been run up the Madawaska river from Edmundston to Caron Brook, and elevations of the river and high water mark were obtainable. The level party has made a station survey with prismatic compass running all the way from Caron Brook to the end of the Transcontinental railroad bench marks at the junction of the river with the Hudson river, a distance of about 40 miles.

They have also made a station survey and a check line of levels up the St. Francis river to Glacier lake, a distance of about six miles and up the Allagash, a distance of about five miles.

Transcontinental railroad levels have been connected with the Bangor and Arctostook railroad levels, and elevations of Fish River and high water marks were obtainable. The level party has made a station survey with prismatic compass running all the way from Caron Brook to the end of the Transcontinental railroad bench marks at the junction of the river with the Hudson river, a distance of about 40 miles.

cated at 25 Carleton street, and can be  
consulted on all affairs of life. He gives  
names, dates and facts, tells you who  
you call for and anything you desire to  
know. If you are in need of information,  
advice or help, if in doubt or trouble, call  
on this gifted man. He has done wonders  
for others, he can and will help you.Many insurance claims at Campbellton  
have already been settled. One of the first  
companies to settle its claim was the  
Montreal, which paid \$20,000 and other  
companies that settled in full before the 18th  
are the Crown, \$20,000; the Commercial  
Union, \$20,000; the Mutual, \$20,000;  
\$27,265. R. S. Ewing, of Wm. Thompson  
& Co., said that they would pay in the  
vicinity of \$145,000. Claims, and about  
\$40,000 had been paid.There was some surprise expressed this  
morning as the Eastern Line steamer Cal-  
vin Austin, which had just arrived from  
Boston, steamed down the island and  
anchored after landing her passengers. It  
seems that fear of collision as the result  
of the wind and sea running in the  
stream, however, the wind was so strong  
and with some barges and other craft close  
about her, that Captain Clark, who is in  
command, decided to proceed down to the  
Island for fear of collision. After the Cobb  
had sailed the other steamer then came to  
the dock.**RACES AT WESTFIELD****Good Sport Program for Tomor-  
row Afternoon—Two Boat  
Races and Dancing in the Even-  
ing**The Westfield Outing Association have  
a good programme for tomorrow and with  
fine weather a great day's sport is looked  
for. The programme follows:Sailing Race. Class "B."—The first of  
three races for the Smalley Cup, donated  
last season for three years' racing. Start-  
ing gun will be fired at 3.15 p.m. and race  
will be sailed over the lower half of the  
club course, time limit 2 1/4 hours. En-  
tries so far are Clip II and Rossmund,  
and a close race is looked for, as these  
boats are evenly matched. The race will  
be sailed under a handicap, Rossmund al-  
lowing Clip II, fifty-one seconds.The second race for Westfield Outing  
Association motor boats, starts at 3.30 p.  
m., twice over the upper half of the club  
course, time limit 3 hours. The entries  
are: Vixon, Warwick, Sea Gull, Craw-  
ford, Reid, Keonick, and Arrow.There will be dancing in the pavilion  
in the evening.**OFF TO PETEWAHA**At 4 p. m. tomorrow, on a special train,  
the detachment of the 3rd Heavy Brigade  
bound for Petawawa, will entrain, in three  
batteries of forty men and non commis-  
sioned officers, each No. 4 battery will  
be in command of Major Harrison, who  
will be assisted by Lieuts. McRobbie, Mc-  
Kendrick, and Allan. Capt. McGowan  
will command No. 5 battery with Lieut.  
Rose; and Major Barker will have charge  
of No. 6 battery with Capt. Magee, Lieut.  
Magee and Lieut. Gamblin.An extensive prize list has been prepared  
for the drilling season and the local boys  
are in hopes of doing some fine work to-  
wards capturing some of the bounty. Last  
year Major Barker's battery tied for first  
place, and they hope to do even better this  
year. The men will return about July 31,  
probably spending a day in Montreal on the  
way home.**JUDGEMENT  
FOR WARD****Judge Forbes Sets Aside Con-  
viction of Magistrate Ritchie  
and Orders Fine Returned—  
The Shaw Case—Probate**Judge Forbes in the case of the King  
vs. Charles J. Ward, convicted by Police  
Magistrate Ritchie on May 18, last, for re-  
fusing to permit and allow Policeman  
Lucas into his licensed premises in the  
One-Mile-House on Sunday, May 1, set  
aside the conviction and ordered the fine  
of fifty dollars, imposed by Magistrate  
Ritchie, returned.On Tuesday last the case was heard on  
appeal, J. B. M. Baxter, K. C., appearing  
for Ward, the appellant, and John A.  
Sisclair for the liquor license commission-  
ers, contra.In delivering his oral judgment this  
morning his honor said that the appel-  
lant had had the benefit of the doubt and  
therefore judgment accordingly.**CHANCERY COURT.**The case of Shaw et al vs. Robinson et al  
was continued before Chief Justice  
Barker this morning at 10 o'clock. Mr.  
Shaw was on the stand a few minutes this  
morning.A judgment was made until Thursday  
next, when argument of counsel will be  
made.G. Tied, K. C., appears for the plain-  
tiff and Solicitor General McLeod and W.  
W. Allen, K. C., for the defendants.**PROBATE COURT.**Estate of Thomas Murphy, formerly of  
the Parish of Saint Martin, laborer.  
Thomas Murphy left the province and  
went to the United States of North Am-  
erica about thirteen years ago proceed-  
ing first to Manchester, New Hampshire,  
and then to Redding, California, in  
which latter place he was a brickman.  
Shortly afterwards he wrote a letter to  
his home, stating that he was going to  
the Klondike, since which time he has  
not been heard of at home and letters sent  
to his address have been returned unclaim-  
ed. On the petition of the mother and  
surviving brother and sisters and on the  
further affidavit of Patrick W. Murphy,  
the brother, the death is presumed and  
the latter is appointed administrator. Real  
estate in Saint Martin, \$15. Personal es-  
tate \$200. J. Joseph Porter, proctor.**YORK COUNTY VOTED****\$800 TO SUFFERERS****AT CAMPBELLTON**Councillors Decided to Waive  
Their Claim for Sessional In-  
demnities—Southampton Rail-  
way Co. OrganizedFredericton, N. B., July 22 (Special).—  
The York municipal council convened this  
morning in special session and voted eight  
hundred dollars to the Campbellton fire  
sufferers. Councillors decided to waive  
their claim for sessional indemnities. The  
money will be paid out of the county  
funds and the grant will be legalized by  
act of assembly next session.Stockholders of Southampton Railway  
Co. met yesterday at the temperance hall  
and organized. J. K. Finner, M.P.P., was  
elected president and P. A. Gaultier, sec-  
retary. The company will construct a line  
of railway from Millville to Newkham  
as soon as the government fulfils its  
promise to guarantee the bonds at the rate  
of ten thousand dollars per mile.**REV. A. B. O'NEILL****VISITING HERE**Talks Interestingly of Trip Made  
on Grand Trunk Under Strike  
Conditions—Going to St.  
Joseph'sRev. A. B. O'Neill, poet and journalist,  
of Notre Dame, Ind., is in the city. He  
travelled from Chicago to Montreal on the  
Grand Trunk the first day of the strike.  
The train was crowded, but neither con-  
ductor nor train crew wore uniform.  
There was some fear of trouble at Battle  
Creek, where 600 or 700 strikers were as-  
sembled, but these contented themselves  
with unsympathetic remarks about  
"scabs." The train lost an hour on the  
early part of the run, but was only 28  
minutes late at Toronto, and actually  
reached Montreal four minutes ahead of  
time. The passenger agent at Toronto told  
Father O'Neill that he and the superin-  
tendent had to run the first train to Mon-  
treal after the strike began. There was  
some little trouble at some stations along  
the line yesterday. The I. C. R. is some-  
what affected at Montreal because it uses  
the Bonaventure station, and travellers  
are fearful of trouble.Father O'Neill is going to St. George,  
and will return to St. John and go on to  
St. Joseph's. He will spend a month in  
the east. Three days of each week will  
be devoted to editorial work, and on the  
other days he proposes to perform some  
pedestrian feats, as he is wedded to walk-  
ing as a means of healthful exercise.**PICNIC POSTPONED**The Fairville Methodist picnic which was  
postponed today on account of the weather,  
will be held tomorrow at the Ferns Sea-  
side Park. Dinner and supper will be  
served and refreshments will be on sale  
as intended. The programme for today's  
picnic will be carried out as fully as pos-  
sible. The car for members of the Sun-  
day school will leave Bryant's corner at  
10 a. m. Other parties will use the regu-  
lar car service to Seaside Park. If the  
weather is not tomorrow the picnic  
will be held on Monday at the same place.  
Those who purchased tickets for West-  
field can get their money on application  
to those from whom they were purchased.Little Annie Davis, who was so badly  
burned yesterday, is reported at the gen-  
eral public hospital today to be resting  
somewhat easier, though faint hopes are  
held out for her recovery.P. B. Carvell, M. P., came to the city  
yesterday afternoon.

Scores close at 6. Saturdays, 11 p. m.

Tailoring and Clothing. Opera House Block. 199 to 207 Union St.

**The Cabinet Glenwood Range Is Built  
On The Mission Style**Like an upright piano the Cabinet Glenwood Range is made  
to save room. It is built on the mission finish being perfectly  
plain having a black smooth shine with a steel hot closet with  
its nickel bands give a handsome appearance to the range. The  
sectional top is a feature that is a selling point that is hard to  
beat. The Cabinet Glenwood has a large oven that is perfectly  
square, ash pan, clean out door, feed door, and every thing about  
the Cabinet works from the front. The Cabinet Glenwood is a  
large Range that can be put in a small space. Made for appear-  
ance as well as work. Call and examine them for yourselves.

**DON'T FORGET****That Today is the Last Full Day of  
The Oak Hall Mid-Summer Sale**

STORE CLOSING AT NOON TOMORROW

We give you this notice as we want no one to be disappointed  
We will have a business today that will naturally suggest the season  
business at flood-tide. Why not?Ever since this sale began, hundreds of men have purchased  
daily, and the last day of a sale where the values are as great as we  
give ought to bring us a big day.Remember this—there's a vast difference between a high and  
low type of sale. Oak Hall's offer calls for clothing squarely up in  
materials, cutting and style to the very best that can be made.**Extra Salesmen In All Departments**Buy now if you want Clothing, Underwear, White and fancy
