CHILDREN'S PLUCK SAVES DROWNING TOT. St. Catharines, Ont., June 6.—The hydraulic raceway was robbed of another victim by the presence of mind and teamwork of a half-dozen Girl Guides and cub Boy Scouts, all under ten years of age, who, under the direction of Gladys Borcham, a Girl Guide, joined hands, waded into the rapid current, and rescued six-year-old Albert Walton. The lad on the end of the human chain, who seized the drowning child, was nine-year-old Felix Gauthier.

Highest in Food Values

Purity Heathized Ice Cream is highest in food values, for science has shown that air destroys vitamins while Heathizing preserves them.

So give your children all the ice cream they want—but be sure it isn't Purity it isn't Heathized.

"Overweight" Bread

In England it is customary for the vendor, when a loaf of bread is asked for, to weigh out the bread and then make up any deficiency in the loaf by giving the customer a slice off a second loaf.

No need of this in the case of Butter-Nut, every loaf of which is made overweight to offset the result of evaporation. Thus you are assured of a full pound and a half loaf when you ask for

Butter-Nut Bread From Robinson's Kitchens

DAVID AND GOLIATH SUGGESTED BY FILM

"To'able David" at Imperial is a Very Fine Picture, Starring Richard Barthelmess.

Even the fine summer evening did not prevent surprisingly large attendance at Imperial Theatre's week-opening yesterday. It was a splendid show the people saw too, they heard good music and altogether spent a pleasant two hours. The story of David and Goliath is given a modern counterpart in the First National Attraction "To'able David," by Richard Barthelmess, who in one of the most thrilling fight scenes ever depicted for the films, as a mere stripling of a youth, attacks and kills a veritable giant of the mountains, in the performance of his duty.

Barthelmess' big fight scene comes at the culmination of two encounters with villains, father and son, who are seeking to retain the government mill which is entrusted to his charge. David kills them both, but before the one dies he huris a chair at the boy he has wounded and has his revenge in seeing the gun drop from the boy's grasp. When Luke, another brother, the modern Goliath, steps on the scene, David is defenseless, with his left arm useless because of a bullet wound. He dies upon his foe, and there ensues one of the most thrilling fights imaginable. It is when David, with almost superhuman strength, huris his huge adversary over his back and falling, in so doing he stumbles on his lost revolver. The same bill is on today.

TWO SHOT AND TWO CAPTURED

Thousand Shots Exchanged Between Posse and Bandits Who Robbed a Michigan Bank.

Ortonville, Mich., June 6.—Two of the four bandits who robbed the state savings bank at Metamora of \$6,000 were shot to death and two others captured by a posse of 500 armed farmers led by deputies from Genesee, Lapeer and Oakland counties. All the stolen money was recovered.

More than a thousand shots from revolvers, rifles and shot guns were exchanged in the battle that followed the trapping of the bandits in a 1,000-acre wood, known as Coleman's woods, near Davison Lake, a few miles southeast of Metamora. One of the bandits and one of the posse, William Ducker, a Pere Marquette detective, were wounded, the latter probably fatally. The robbery of the bank occurred shortly after nine a. m. The four bandits, looking like farmers, drove up to the bank in a touring car. Two remained outside while two entered the bank. Only two employees, Ward Peck, the cashier, and Omer Potter, assistant cashier, were in the bank. Peck and his assistant were driven into the vault and locked in. The robbers gathered up all the money in sight, which they poured into a grain bag, and fled to their automobile. As they drove away they were shot at by several citizens whose suspicions had been aroused by conduct of the men who waited in the car. Local officers commanded an automobile and gave chase, while citizens pressed were the bandits that they abandoned their car a few miles from Metamora and took to the thick woods at Davison Lake, running in pairs, each pair carrying a big bag.

The second pair were carrying the bag containing the loot when the posse spread through the woods in all directions. A volley from the pursuers brought down one of the bandits and caused the other to surrender. "The posse pursued into the very heart of the woods. Here the first two bandits, both armed with automatic rifles, exchanged volleys after volleys with their pursuers, who fought from behind cover of trees and brush. The battle raged almost an hour, then a silence from the bandits that signified the end. In a pool of blood lay their bodies, each flanked by bullet holes. Beside them were their guns and a large quantity of empty shells.

HEAD OF C. N. R. IN SEA PROVINCES DIES IN MONCTON

(Canadian Press Despatch.) Moncton, June 5.—C. O'Donnell, general superintendent Canadian National lines, maritime district, died in the Moncton hospital this evening following an operation on May 28 for internal trouble. Mr. O'Donnell had not been in good health for some time, but following his operation he was apparently improving nicely, but took a serious turn this morning, passing away about 6.30 this evening.

Prior to coming to Moncton, Mr. O'Donnell was located at Winnipeg, being superintendent of the Edmonton, Saskatoon and Winnipeg, Canadian Northern Railway. He succeeded L. S. Brown as general superintendent of the maritime district, C. N. R., in December, 1920.

He was a son of Mr. and Mrs. William S. O'Donnell, of Winnipeg. He was born at Cobden (Ont.), December 17, 1878. Besides his parents, he is survived by his widow and two young daughters, Mary Alice and Catherine Colen.

Two brothers, W. O'Donnell, Rainy River and Roy O'Donnell, Winnipeg, and two sisters, Mrs. (Dr.) Menidell and Mrs. Stephenson, Winnipeg, also survive. The late Mr. O'Donnell was a very popular official and made many warm friends since coming to the Maritime Provinces. He was a member of the Knights of Columbus, a prominent Rotarian and a golfer. The body will be taken to Winnipeg for burial, leaving Moncton on the Maritime Express tomorrow night.

Ladies' dresses at \$6.95 at Lesser's. See adv. on page 7.

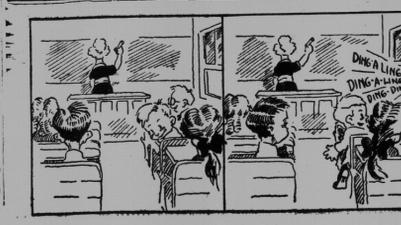

HALIFAX AND ST. JOHN.

The conference between representative committees of the Halifax and St. John boards of trade has at last demonstrated that there are no difficulties between the cities, or even conflicting ambitions, which cannot be adjusted when representative men set down to discuss them. If we regard these conferences but as the beginning of an understanding, much has been accomplished. They will, of course, need to be followed up with other conferences, and much good will result, not only to the maritime provinces, but to Canada as a whole.

WILL NOT APPEAL IN THORNE AWARD

The city will not appeal the Thorne wharf award of Mr. Justice Crockett in the matter of expropriation proceedings instituted by the city last month. This decision was reached at a private conference of the common council yesterday. A letter from Dr. J. B. M. Baxter, city solicitor, was before the council when reaching decision. It will be remembered that Judge Crockett awarded Senator Thorne the sum of \$14,500 and costs to be assessed on a private holding for the north wing of the east side ferry wharf. The actual land involved comprised some 100 square feet above the water-mark. The city offered Senator Thorne \$6,000 for the property, but Hon. Mr. Thorne declined and asked \$40,000—\$20,000 for the value of the land, based on a rate of \$500 a foot of harbor frontage, of which he was deprived, and \$20,000 damages to adjoining property on the north by reason of a reduction in total available harbor frontage.

MIDNIGHT CONCERT FOR D. S. C. R. FUND

The Women's Council of St. John provided an excellent concert and entertainment at the Imperial Theatre last night after the second showing of pictures and pleased a large audience greatly. The concert was technically a midnight affair. It was several minutes short of midnight when the concert ended and so much was it enjoyed that the audience would quite gladly have had the programme continued until after the witching hour. The concert was held to raise funds for the furnishing of the kitchen in the Red Cross recreation hut for Lancaster hospital and it was a financial success also.

The committee in charge, of which Mrs. A. C. D. Wilson and Miss Grace W. Leavitt were conveners, was congratulated on the novel form of entertainment and on its excellence. The Imperial orchestra gave a fine opening selection. Songs were sung with much sympathy and feeling by Mrs. Louie Levesque, Miss Bernice Mooney and Leslie Bewick and M. C. Ewing acted as accompanist. Miss Olive Eastabrook gave a remarkably clever character sketch of a country girl and Bayard Currie played the piano solo, "Garden of Eden" with splendid effect. The Goldwyn picture, "Made in Heaven," rounded out the programme.

Ladies' dresses at \$6.95 at Lesser's. See adv. on page 7.

THE VICTORIA PLEBISCITE.

To the Editor of The Times: Sir:—A most erroneous impression has been created by a despatch from Victoria stating that upon a vote taken on the "rigid" enforcement of the Lord's Day Act the citizens by an "overwhelming" majority declared against the Act.

The facts are: The proposed vote was not upon the "rigid" enforcement of the Lord's Day Act but whether it should be enforced at all, as indicated by the notice: "Are you in favor of the Sunday closing of stores and businesses within the meaning of the Lord's Day Act?" Upon representation by the Lord's Day Alliance, the mayor, following the advice of the city solicitor, instructed the returning officer "to withdraw all notices . . . and to cease from any further act looking to a submission of the aforementioned question." This advice was that "the municipal act does not give the municipal council any authority to submit any referendum to the municipal electors whether the Lord's Day Act should be enforced."

A vote was taken, but how, the Victoria Alliance explains: (1) The plebiscite was got up, staged and managed entirely by the "Anti-Blue Sunday League"; (2) Although the city council refused to authorize the plebiscite the vote was taken in the public market at the same time and place as that upon an important city by-law.

(3) No representative of the Lord's Day Alliance or of any like-minded organization, or any person sympathetic with their views, was officially connected with the proceedings. The proceedings were, therefore, without official scrutiny or regulation of any kind. (4) A large number of citizens deliberately refrained from voting, the Lord's Day Alliance having requested their friends to take no part in the plebiscite. (5) Notwithstanding the one-sided character of the proceedings out of a total possible vote of 15,500 only 8,858 were claimed as against the enforcement of the law.

Very sincerely yours, W. M. ROCHESTER, General Secretary, Lord's Day Alliance.

THE CORNER TURNED

SAYS D. H. MACDOUGALL

In Glace Bay on Friday, speaking after his return from Louisburg with a party of officials and American steel

experts, D. H. MacDougal, vice-president of the British Empire Steel Corporation, expressed unbounded confidence in the future of his corporation's steel and coal properties in Cape Breton. The corner had been turned, in his judgment, and business might be expected gradually to improve. There would be a brisk season's trade in the coal, and the steel situation would improve with the general improvement now discernable all over the continent.

Blue Bird PEKOE BUDS A Bouquet of Tea - The Tea with Bouquet

Four Out of Five Wait Too Long—

Are your gums tender—do they ever bleed when you brush your teeth?

If so—see your dentist at once and start using Forhan's For the Gums. You have the first symptoms of Pyorrhoea.

Incredible as it seems, four people out of every five past the age of forty, and thousands younger, have Pyorrhoea.

If neglected Pyorrhoea soon runs its deadly course. It loosens teeth until they drop out or must be pulled, and it causes those deadly pus pockets to which scientists now attribute so much serious illness.

If you use Forhan's For the Gums consistently, and use it in time, you can prevent Pyorrhoea or arrest its course.

Brush your teeth with Forhan's twice each day. It will keep your teeth and gums in a clean healthy condition.

Don't delay longer. Four out of five fall victims to Pyorrhoea because they waited too long. 35c and 60c tubes, at your druggist's.

with the plebiscite. The proceedings were, therefore, without official scrutiny or regulation of any kind.

(4) A large number of citizens deliberately refrained from voting, the Lord's Day Alliance having requested their friends to take no part in the plebiscite. (5) Notwithstanding the one-sided character of the proceedings out of a total possible vote of 15,500 only 8,858 were claimed as against the enforcement of the law.

WE LIVE IN A FAST AGE, ALL RIGHT

Even the scissors grinder demands a more rapid means of locomotion than pushing the old familiar cart with a couple of grindstones mounted on it. This ingenious scissors grinder mounted a spindle with two carbide wheels on the front of his bicycle frame and supplies the power by means of a small belt from the rear wheel which he cranks while the machine is on a stand. This device enables him to move from one job to another in considerably less time than if he were walking and pushing a cart.

BRIDEGROOM 80, BRIDE 73
They were to wed 50 years ago, but quarrelled at a dance.

New York, June 6.—Hector C. Taylor, aged 80, and Mrs. Junie Oakes, aged 73, both of Sullivan county, New York, were married the other afternoon in this city and after a wedding dinner they went to Terrace Garden to dance.
"About fifty years ago we were to be married," said Mr. Taylor to Marcus Nathan, proprietor of the garden, "but I stepped on her foot at a dance and we quarrelled. I brought my bride up here tonight just to show her I have improved my dancing."
"That you stepped on my foot again tonight," protested the bride.
"Maybe I did," replied her husband, "but I've got you now, haven't I?"
And as they left the bridegroom said: "Girls are all alike."

SCOLDS LIQUOR SLEUTH
Pennsylvania Woman Gets 30 Days for Resisting Raid on Her Home.

Washington, Pa., June 6.—Constable M. M. Shaler, of Independence township, set out to hunt for bootleggers. He visited the home of Mrs. Barbara Kindal, whom he suspected of having illegal liquor in her home.
The woman resented his interference and refused him admission. When he attempted to force his way through the door she seized a pan of boiling milk from the stove and dashed it in his face.
The constable beat a hasty retreat, but Mrs. Kindal was sent to jail for thirty days by Judge John F. Carmichael on a charge of assault.
His later search of her premises failed locate any liquor.

C. Hunter, who has been connected with the staff of the Canadian Bank of Commerce here for the last year, left yesterday morning for Middleton, to which place he has been transferred. Mr. Hunter made many friends during his stay in the city and they regret very much that he has been compelled to depart.

Three Points of Superiority

Beauty!
THERE is no prettier kitchen ware than SMP Diamond or Pearl Ware. Diamond Ware utensils are light blue and white outside and milk-white inside. Pearl Ware utensils are grey and white inside and out. Beautiful ware!

Cleanliness!
There is no cleaner, brighter-looking kitchen ware than SMP Diamond or Pearl Ware, and there is none easier to keep clean. Soap and hot dish water are all you need, because grease, dirt, stain, taint or tarnish can get no grip on SMP enamel. It's so hard and smooth. Wipes sweet and clean like china.

Durability!
There is no more durable kitchen ware than SMP Diamond or Pearl Ware. With reasonable care, good glazed steel cooking utensils last for years. Diamond and Pearl utensils are made of open hearth steel—heavily coated with a specially tough, hard, porcelain enamel. There is no better enameled ware made.

SMP Diamond Ware

Do you know that a Diamond or Pearl Ware set that sold for \$1.50 last year, can be bought now for 90 cents?

BETTER THAN HARD COAL

Soft coal so free from soot that it does not make whippers on stove covers or pipe and does not rust or cake when burning, is far better than Hard Coal for general household use. Quicker to light, takes less to make a fire, cheaper in price and can also be used for open fires and small heating stoves. Such a coal is Broad Cove soft coal. The main thing is to insist on getting the genuine article. No other soft coal burns just like Broad Cove. You will know it by the above characteristics.

WOULD LOAN DOMINION TREASURES OR ART.

Decentralization of national art collections by loans of the surplus treasures to the big cities in the United Kingdom and the dominions was discussed at the annual meeting of the National Art Collection Fund at Burlington House. Sir Alfred Mond, British Minister of Health, said the London museums were overstocked and their cellars were full of treasures.

RECENT DEATHS

Mrs. R. W. McCarty.
Word was received in this city last evening of the sudden death yesterday in Toronto of Mrs. R. W. McCarty, formerly of this city. Mrs. McCarty, before her marriage, was Miss Maxwell, daughter of the late Henry Maxwell of St. John and was born here. She had many friends here and was a member of Centenary church. About twenty years ago she moved to Toronto with members of her family. She is survived by her husband, two daughters, three sons, five sisters and two brothers. The daughters are the Misses Mary and Alice, both of Toronto, and the sons, D. C. of Toronto, W. H. of Hamilton (Ont.), and Roy Max McCarty, of St. John. The sisters are Mrs. Louis Lingley and Mrs. William Court of St. John; Mrs. Alice Burbridge of Winnipeg; Mrs. Berie Hales and Mrs. Ella Narrowsay, both of Winnipeg, and the brothers, Samuel Maxwell, of St. John, and James Maxwell, of Fredericton.

Charles J. Cain.
Charles J. Cain, a well-known excavating contractor of this city, died yesterday at his home, 50 Richmond street. He leaves his mother, Mrs. Mary Cain, and one brother, William J., and one sister, Miss Rose Cain, both of this city. He was the son of the late William Cain, who carried on excavating work in the city for many years.

Captain H. A. Rowan.
The death of Captain Henry A. Rowan, well known among St. John sailing men and formerly of St. John, occurred suddenly on Sunday at Weymouth, Mass. He leaves his wife, one brother and three sisters. The body will be brought to the city tomorrow for interment.

WOULD SELL HER HUSBAND'S TOMB

New York, June 6.—Mrs. Elizabeth Wiesens, of 683 Rhineland avenue, the Bronx, described as formerly a singer in the old Atlantic Gardens, and widow of a wealthy manufacturer, Henry Wiesens, made application before Justice Edward J. Gavanan in Bronx Supreme Court, for permission to sell her husband's mausoleum in Woodlawn cemetery, erected in 1901 at a cost of \$25,000, declaring she was destitute.
McKeown and Flynn, of 529 Cortlandt avenue, the petitioners counsel, told Justice Gavanan that in 1901, when Mrs. Wiesens husband died, he left in excess of \$100,000, a proviso in his will stipulating that unless she erected the mausoleum his entire estate should go to the daughter of a friend. The estate dwindled away, the court was told, part of it going to the settlement of claims of relatives of the husband in Germany.
"For sentimental reasons, the old stage name of my client will not be divulged at this time," said William McKeown. "My client is destitute and she needs whatever she can retrieve from the sale of this mausoleum to secure a livelihood."
Fraser, Spier and Meyer, of 20 Exchange Place, counsel for the Woodlawn Cemetery, though not opposing the application, submitted an affidavit which read in part:
"The Woodlawn Cemetery does not oppose the application of the petitioner for permission to remove the remains of her husband and to sell the mausoleum, but, on the other hand, neither does it consent in view of the provisions of the will. The cemetery will be guided by the decision of the court."
HATED HIS EMPRESS.
Tragic History of Beautiful Elizabeth of Austria.
The marital sufferings of the Empress Elizabeth of Austria, consort of the late Francis Joseph, were prolonged and poignant. Joseph hated his wife from the moment, five weeks after their marriage, when she discovered his infidelities. Elizabeth said to a friend thirty years later: "Something snapped within me when I knew that my husband was not all that I thought he was, and I have never been the same since."
Francis Joseph did not adopt the brutal methods of King Ferdinand of Bulgaria when he wished to display his displeasure towards his wife. He was more refined, but none the less cruel. He insisted that she should observe the iron etiquette of the court, which decreed that she must give twenty-four hours' notice if she wanted to see her babies.
Ultimately, on the advice of the court physician, he gave way a little. But even when the visit took place "it was not the case of happy little children welcoming their mother with cries of delight. What actually happened was quite different. First, the royal governess had the children dressed in stiff, ceremonial clothes, and then drilled in the way they were to receive their mother. On the appearance of the empress the tiny tots, who, under the Austrian system of education, had no chance

to be human, simply bowed as though they were clearly cowed.
"No wonder Elizabeth refused to take part in the absurd ceremony more often than was absolutely necessary. It sickened her to think that she could not fondle her own babies, and that almost from the day their births they were strangers to her."
Gradually Elizabeth avoided her husband, particularly after he tried to get her shut up in a lunatic asylum. Now and then she would stand by his side at a reception; but finally she left him to find consolation in travel.
The curtain to this miserable royal domestic drama came down at Geneva on September 10, 1889. Elizabeth was walking along the quay leading to the landing stage at Geneva, where the steamer was waiting for her, when an anarchist named Luccheni sprang at her and drove a shoemaker's awl into her heart. The poor woman staggered, but managed to keep her feet, and only when she reached the steamer did she sit down. Then she asked, "What is it?"—the next moment she was dead.

MRS. McDONALD TO WED MARQUIS THIS SUMMER

Confirms Word of Her Engagement to Lord Huntley, Who is Seventy-five and Two Years a Widower.
Washington, June 6.—Mrs. Charlotte Jane Isabelle McDonald of Washington and Newport, widow of James McDonald, who was recently in Washington as the guest of Major Gen. H. K. Bethell, military attaché of the British Embassy, and it was while attending a dinner party that he and Mrs. McDonald met again. Mrs. McDonald's first husband was the late Arthur Campbell. She afterwards married James McDonald of the Standard Oil Company, from whom she inherited a fortune of about \$1,400,000. The Marquis of Huntley, who sits in the House of Lords as Baron Midrham, was born at Orton-Longueville, Peterborough, England, March 6, 1847, and is therefore seventy-five years old. He is the eldest son of the late tenth Marquis of Huntley, whose second wife was the oldest daughter of the Rev. P. W. Pears, and he succeeded his father as Marquis of Huntley in 1869. In 1868 he was married to Amy, the eldest daughter of Sir William Cunliffe-Brooks. She died in 1920, so that the Marquis has been a widower about two years.

Announcing Our Mid-Summer Millinery Opening

In 1868 he was married to Amy, the eldest daughter of Sir William Cunliffe-Brooks. She died in 1920, so that the Marquis has been a widower about two years.

MORNING NEWS OVER THE WIRES
Mildred Palmer, a twelve year old daughter of Beverly Palmer was drowned at Palmer's Point. The water is about thirty feet deep at that point, with a strong current, and the body had not been recovered late last night.
Five new peers were created, on the occasion of the King's Birthday, for conspicuous public services. They were Sir Robert Hudson Borwick, Sir Joseph Robinson, Sir William Vestey, Sir Samuel J. Waring and Sir Archibald Williamson. Sir Auckland Geddes,

British ambassador to the United States, received the Grand Cross of St. Michael and St. George. There were also fifteen new baronetcies, forty-two knights, five Knight Commanderships of the Bath and eleven Companions of the Bath.
The woodworking factory, warehouse, dry stack and adjacent buildings, owned by Henry Swin at Daoktown, were destroyed by fire on Sunday morning. The loss is \$20,000. Other buildings were saved by the use of a portable pump belonging to the department of lands and mines.

WOULD GRADE ALL COLLEGE APPLICANTS
Washington, June 6 — Dr. Carl E. Seashore, chairman of the division of anthropology and psychology of the National Research Council, in an interview said that a considerable percentage of young men and women who go to college should be discouraged from attending, for the reason that they are not strong enough, in some cases mentally and in other cases physically. From his experience as a dean he believes that applicants should be examined and graded before they are accepted.

5,000 FACTS ABOUT CANADA

The 1922 edition of the popular little Cyclopaedia of the Dominion — "5,000 Facts About Canada"—will be warmly welcomed by the public, which regards it as an indispensable booklet, "as full of meat as a coconut," as one wittily expressed it.

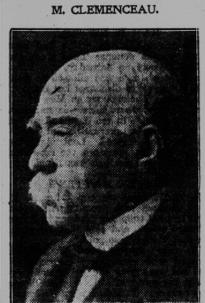

Use the Want Ad. Way

CANADA'S NORTH

(Christian Science Monitor.) Most people think of Canada as a stretch of territory running east and west. Vilhjalmur Stefansson, the explorer, a native of Manitoba, would have the world think of Canada in terms of north and south.

Attention has lately been directed to the northern outposts of Canada by the landing of an expedition on an unclaimed island. Wrangell Island might be regarded as no more within the Canadian confines of the Arctic than is Bermuda.

LOCAL NEWS

THE BOSTON BOAT.
The steamer Governor Dingley arrived in port this morning from Boston with seventy-seven passengers and about sixty tons of freight.

SCHOONER REPORTED.
The schooner Ellen Little passed the Lurcher at ten o'clock last night, bound for Lisbon. She reported all well on board.

NATIVE BERRIES.
The first native strawberries to be reported this year were brought to the city this morning by S. G. Jones of Glenwood.

WILL INTERVIEW COUNCIL.
At a meeting of the West End Improvement League last evening a strong committee was named to interview the city council at an early date relative to playground and other matters.

DREDGE OUT OF COVE.
The government dredge, which has been in Marble Cove for some time, and which is to be towed to Charlottetown, has been brought through the falls and tied up at McAvity's wharf.

Y. M. C. I. OFFICERS.
The Young Men's Catholic Institute officers for the year just beginning have been elected as follows:—President, James E. Quinn, vice-president, Dr. W. P. Broderick, secretary, B. P. McCafferty.

IN KEITH CANN'S PLACE.
The steamer Robert G. Cann arrived in port yesterday on the Yarmouth, Westport and St. John service. She has taken over the run while the steamer Keith Cann is laid up for overhauling and repairs. Captain Peters is in command.

GIVEN SHOWER.
Miss Mabel Drillen was nicely entertained at the home of Mrs. J. W. Foster, 225 City road, last evening, at a novelty shower in honor of her marriage this month. Many beautiful gifts were received, dainty refreshments served and happy hours enjoyed.

G. M. BREW BEREAVED.
D. W. Leitchman, manager of the Furness-Withy Company, received a cable this morning from George M. Brew, of the Furness-Withy staff, stating that his mother had passed away at her home in Edinburgh. Mr. Brew left for his home early this morning on the word that his mother was seriously ill. Much sympathy will be extended to Mr. Brew, who is very popular in the city.

BAN IS LIFTED.
The quarantine ban, which had been placed on the steamer Tuna since she arrived in port on Saturday, was lifted last night and she was allowed to dock at the refinery to discharge her cargo of raw sugar. The steamer on May 24 left San Domingo, where there was smallpox. She arrived here in ten days and so had to remain under quarantine until fourteen days had elapsed. Last night port authorities examined the crew and as all was well the ban was lifted.

TRAFFIC MATTERS.
E. C. Weyman appeared for F. M. Ross, charged with exceeding the speed limit and not sounding his horn in Prince Edward street, and said that he would see that the fine was paid.
A case against Fred W. Peacock, charged with exceeding the speed limit and not answering the policeman's signal at the corner of Captain Rowan street, was dismissed when Policeman Sheehan said that the accused was generally a careful driver.
Charges against H. P. Forestell, G. W. Gale and Glendon H. Allan were not taken up inasmuch as the policeman making the charges was sick.

THE LATE CAPT. H. A. ROWAN
Captain Henry A. Rowan, who died on June 4, in South Weymouth, Mass., was formerly of this city and was aged sixty-three years. Captain Rowan was born in this city but spent the greater part of his life in the Merchant Marine Service. He was a member of several bodies including St. Albion's Commandery, Knights Templar, at Portland, Me. Funeral services were held on Monday afternoon at his residence in Park street. Masonic rites were performed by members of Westmead Lodge. Besides his wife, Capt. Rowan leaves to mourn two brothers, Edward Q. of New York and Frank of Oklahoma; also four sisters, Miss Martha of Brooklyn, Mrs. Ellis Scott of Brooklyn, Mrs. Nina Campbell of Chicago and Mrs. Annie E. Anderson of Vancouver, B. C. The funeral will take place on the arrival of the Boston train tomorrow. Interment in Fernhill.

ROTARIANS FOR FREDERICTON

Up to noon today the following Rotarians had signified their intention going to Fredericton to present the charter to the Fredericton Rotary Club at a dinner this evening: E. J. Perry, Harry W. Webb, Robert Reid, E. Palmer Kinsman, Reginald Wright, Blair Dakin, Everett Hunt, J. H. Marr, F. McC. Sinton, DeWitt Cairns, Harry Morton, K. J. MacRae, Ronald A. McAvity, Percy McAvity, Frank T. Lewis, Percy A. Wilson, A. J. Maston, E. H. Cairns, M. C. Ewing, W. K. Haley and Alex. Wilson. It is expected other members will also go. They leave on the five o'clock train, and a special Pullman will be ready for them after the dinner, so that they can return to this city early in the morning. This visit to the Fredericton club has been anticipated with great pleasure and a hearty welcome awaits the visitors.

FIRE MARSHAL IS BEING KEPT BUSY

Hugh H. McEllan, fire marshal of the province, has been away since May 31, investigating fires on the North Shore. He left to visit Richibucto first in connection with the conflagration of some months ago. He held a very successful investigation at that town and then visited Black Point, Restigouche county, where he held another investigation. From there he went to Campbellton. He was then called to Bathurst with a view to looking into the cause of several mysterious fires which have occurred there recently. From Bathurst he went to Bay du Vin, New Brunswick county, where a large quantity of lumber was burned a few weeks ago.
On Monday night he attended a meeting of the Chatham town council in connection with the work of his office. It is expected that he will return to the city on Wednesday, if he does not go to other sections on the North Shore.

FAIR VALE SEEKS THE NEW CURRENT

Meeting Held Last Night and Committee Appointed to Confer With Commission.

Those interested in the introduction of electric light in Fair Vale and along the Gondola Point road, met last evening at the club house of the Fair Vale Outing Association and discussed the question and appointed a committee consisting of E. S. Carter, E. W. Long, George Bishop, E. Emery, H. J. Machum and Louis E. Tapley, with power to add to the numbers to obtain such information as is necessary to enable the residents to ascertain upon what basis the pole lines might be constructed; also what might be the boundaries of an electric light district, and what authority would be necessary to enable the residents to organize themselves into a district, which could be properly represented by an elective committee authorized to make contracts and arrange with the electric power commission or the government, for such quantities of electric current as would be necessary to supply the people with light, heat and power, at a price that would cover the cost of the current at the transformer station near the Catholic Chapel on the Hampton road, and also cover the amounts necessary to pay interest, sinking fund and maintenance charges.

Mr. Carter when called upon said that he had talked the matter over with the electric power commission and also with members of the provincial government and that both parties were desirous of making such an arrangement as would enable small communities such as Fair Vale, Gondola Point and Quispamsis to organize as an electric light district and certain other larger communities along the transmission line, such as Hampton, Bloomfield, Norton, Apohaqui, Penobscot, Pettoche, Liverpool and Cornhill, to participate also in the benefits of a supply of electric current.

The manner of ways and means to enable such districts to pay the cost of a pole line and wires and meters also came up for discussion and it was suggested that the cost might be covered by a bond issue which would be the security to the electric power commission for such expenditures as might be made. The legislation on the statute books at the present time, it was felt, might not cover all of the needs of the situation, but it could be supplemented by an order-in-council engaging such amendments to the electric power commission act, as would make it possible for small communities as outlined above, to get what electric current they required, and a vote of thanks was tendered to Mr. Carter for his explanation and the committee was instructed to approach the residents of Quispamsis to see if they would join in the movement to organize an electric light district.

GOLDEN WEDDING

Happy Gathering at Pandemac in Honor of Mr. and Mrs. J. H. McRobbie.

There was a happy gathering at the summer home of Mr. and Mrs. John H. McRobbie at Pandemac on Monday evening, the golden anniversary of their marriage, which took place on June 5, 1872. Rev. R. J. Cameron officiating, in St. John. Mr. and Mrs. McRobbie have eight children, all of whom are living and six of whom were present at the celebration. There were also several relatives from Lynn and Haverhill, Mass., and Williamette, Conn., and Maugersville, N. B. A number of relatives and friends from the city also visited Mr. and Mrs. McRobbie.
Many gifts suitable to the occasion were received. The gathering returned to town by the McAdam express, after wishing the host and hostess many more years of happiness and prosperity.

RECOVER BODY OF DROWNED GIRL

The body of Mildred Evelyn Palmer, daughter of Mr. and Mrs. Beverly R. Palmer of Fair Vale, who was the victim of a drowning accident late yesterday afternoon, was recovered a little before midnight by her father and her mother, Walter Watson of Hampstead. The little girl, who was ten years of age, had apparently been playing near the edge of the wharf when part of that structure is reported to have given way and she was thrown into the river. Lee Urquhart, who was in a boat nearby, hastened to her assistance, but the child had disappeared before he could effect a rescue. The water is about thirty feet deep by the wharf and there is a strong current.

REAL PUBLIC SPIRIT

Not the least interesting part of last night's entertainment in the Imperial Theatre was the presentation of the Imperial fund-raising by the Local Council of Women to secure funds to furnish the kitchen-lantern soldiers' hospital, were some remarks made by Walter H. Golding, manager of the Imperial. Mr. Golding said that the gross expenses of the affair amounted to seventy-five cents, the cost of a slide for the screen, and that the ladies had received two special donations of \$25 each. What this meant was that the theatre was given free, the orchestra, the singers and reader gave their services free, and the full benefit of the ticket sale and donations went for the purpose desired. It was a fine illustration of public spirit on the part of Mr. Golding, the orchestra and all concerned. The attendance at the entertainment, however, was far below its merits and the merits of the soldiers for whose comfort it was planned.

POLICE COURT.

In the police court this morning one of the pleaded guilty to a charge of being drunk and was fined \$8 or two months in jail.

BUSINESS SESSION AT EDMUNDSTON

Montreal, June 6—Harry Grossberg, charged with the forgery of liquor permits with which he had defrauded the U. S. government of \$4,000,000, appeared before Judge Choquet, extradition commissioner, yesterday, and was released from custody on the original charge. He was immediately re-arrested by local detectives, charging him with the same offence. It was to prevent legal technicalities that the first charge was dismissed and the second laid. Grossberg was remanded for a week.

Local News

Edmundston, N. B., June 6—A business session of the fourth annual meeting of the New Brunswick Tourist and Resources Association was held this morning at the Madawaska Inn. The president, N. R. DesBrisay of St. John, spoke of the courtesies extended by the people of Edmundston and the excellent arrangements made for the entertainment of the visitors.

He complimented the committee which had worked so faithfully to produce the new booklet. For the liberal allowance which the association receives from the government the president said thanks are due to Hon. P. J. Veniot, a member of the association. Referring to the work of W. Harry Allen, vice-president of the association, he said that he considered Mr. Allen one of the greatest assets of the association. He had shown his pictures of hunting and fishing in New Brunswick to approximately 160,000 people. Mr. DesBrisay spoke in optimistic vein of the future work of the association.

C. B. Allen of St. John, secretary-treasurer, read the minutes of last year's meeting at Sackville. They were approved as read. The secretary's report followed this.

The nominating committee recommended the re-election of the old slate of officers. N. R. DesBrisay asked P. W. Robertson to take the chair, and nominated A. C. Currie as president and E. A. Schofield as vice-president. Mr. Currie declined, and on motion of N. R. DesBrisay Mr. Robertson of Moncton was appointed vice-president of the association.

ALL IS NOT GOING WELL AT VLADIVOSTOK Vladivostok, June 6—A mild to tense situation following the overthrow of the Mirshlov regime last week, General Dietrich today refused the presidency of the Vladivostok government, to which he was elected yesterday.

Admiral Stark is acting as commander in chief of the military government, and is depositing the Merkulov government, Merkulov is under arrest and his brother has taken refuge in the house of a Japanese resident.

31 Princess St. Phone M. 718 M. N. POWERS & CO., UNDERTAKERS, Give Efficient and Prompt Service at Moderate Rates J. R. CLAYTON, Mgr.

NOTICES OF BIRTHS, MARRIAGES AND DEATHS, 50 cents.

MARRIAGES NEVER-WAITERS—On June 6, in Boston, Mass., at St. Mary's, by Rev. C. F. Arnold, James B. to Gladys M. Waters, both of St. John.

BERMAN-CHANDLER—At the Zion Methodist parsonage, on May 28, 1922, by the Rev. W. B. Thomas, Eva Chandler to Alex. Sherman.

DEATHS MCARY—Passed away peacefully, at her residence, 47 Woodlawn avenue, Toronto, on June 5, 1922, Emma Cary, daughter of the late Henry and Eliza Maxwell and dearly beloved wife of Richard Whiteside Cary.

FUNERAL FROM ST. JOHN STATION ON arrival of noon train Thursday, June 8, CAIN—In this city, on June 5, 1922, Charles J., youngest son of Mary and the late William Cain, leaving his mother, one brother and one sister to mourn.

FUNERAL ON Thursday morning at 8.45 from his late residence, 30 Richmond street to the Cathedral for requiem high mass. Friends invited.

ROWAN—At South Weymouth, Mass., on June 4, 1922, Captain Henry A. Rowan, aged sixty-three years, formerly of this city, leaving his wife, two brothers and four sisters to mourn.

FUNERAL tomorrow, Wednesday, on the arrival of the Boston train. Interment at Fernhill Cemetery.

IN MEMORIAM BELMORE—In memory of my husband, Thomas Belmore, who died June 6, 1920. Sleeps in Jesus, blessed sleep.

WIFE. ARTHURS—In sad but loving memory of Theodore H. Arthurs, son and brother, who fell asleep seven years ago today.

Weep not! We who watched around him! Be the happy spirit freed. Be it burst the hand that bound it. Weep not o'er his dying bed.

Humbly bow beneath this sentence, Mourn not, for God is just, Look to thy Creator, Look to Him henceforth and trust. FATHER, MOTHER, SISTERS AND BROTHERS.

ARRESTED AGAIN TO OVERCOME A TECHNICALITY

Montreal, June 6—Harry Grossberg, charged with the forgery of liquor permits with which he had defrauded the U. S. government of \$4,000,000, appeared before Judge Choquet, extradition commissioner, yesterday, and was released from custody on the original charge. He was immediately re-arrested by local detectives, charging him with the same offence. It was to prevent legal technicalities that the first charge was dismissed and the second laid. Grossberg was remanded for a week.

LOCAL NEWS

BEER CASE Arthur Morris was due to appear before the sitting magistrate this afternoon to answer to a charge against him of keeping over-strength beer in his shop on Main Street. W. M. Ryan appeared for the inspectors.

FIRST GAME TONIGHT Commissioner Thornton will pitch the first ball at the opening of the City Intermediate Baseball League on Queen Square diamond, west side, at 7.15 this evening. The Fortinards will meet the St. George's and the batteries are: Portland—Logan and Gosnell; St. George's—Mathews and Hargrave.

Y. M. C. A. WORK W. Jessup, national foreign work secretary of the Canadian Y. M. C. A., who is in the city, spent the morning looking over the various phases of "Y" work here. This afternoon he planned to meet local people who are interested in the foreign work which the Y. M. C. A. is doing.

INJURED IN BLAST Suffering from cuts in the face and injuries to his eyes, John Joseph, a Syrian, was brought into the General Public Hospital this morning. He is an employee of the Currie Construction Company at their operations near the One-Mile House, and it was said that he was in too close proximity to a blast when it was set off.

TO ATTEND CONSECRATION His Lordship Bishop LeBlanc is expected to leave for Quebec tomorrow to attend the consecration of Mr. Martin John LeBlanc, vicar of the parish of St. Lawrence, in the Diocese of the Gulf of St. Lawrence.

TO ATTEND CONSECRATION His Lordship Bishop LeBlanc is expected to leave for Quebec tomorrow to attend the consecration of Mr. Martin John LeBlanc, vicar of the parish of St. Lawrence, in the Diocese of the Gulf of St. Lawrence.

PERSONALS Mrs. Thomas S. Daley has returned to Halifax after spending the last month with her sister, Mrs. John Ryan, Rockland road.

Daniel Mullin, K. C., left for Fredericton last evening to attend a meeting of the Supreme Court.

Mrs. W. Herbert Downie left this morning to spend a few weeks with Mrs. H. W. Downie of Harvey, Albert county.

Mrs. Richardson, wife of Bishop Richardson, arrived in the city today from Fredericton.

A. C. Skilton returned to the city today from Montreal.

In addition to Rotarians referred to elsewhere, A. E. Everett, John Bond and Karl Fraser are going to Fredericton this evening.

IN WALL STREET. New York, June 6—(10.30)—Selling of the independent steels, particularly those which figure prominently in prospective mergers or consolidations, was the feature of today's early stock market dealings.

Lackawanna Steel made a decline of four points in the first few transactions. Republic Iron and Steel soon lost 1.54 points and Invalve received a moderate setback.

Domestic oils were fairly strong under lead of Standard Oil of New Jersey, Maryland, Houston and several of the cheaper issues. Secondary rails strengthened on further buying of Lake Erie and Western common and preferred. Exchange on London again was strong, but other European quotations showed further irregularity.

Noon Report. New York, June 6—Steels suffered further losses during the morning, reactions in that group embracing Crucible, Gulf States and U. S. Steel. Studebaker, Baldwin, Mexican and California Petroleum Corn Products, Dupont and Davison Chemical also showed heaviness.

Rails became the dominant feature before noon. The cheaper issues, notably Toledo, St. Louis and Western Preferred, Lake Erie and Western common and preferred, were preferred 2-1/2 to almost five points. Gains of one to two points were made by Western Pacific, Norfolk and Southern, Wheeling and Lake Erie common and preferred, Missouri Pacific common and preferred, Pittsburg and West Virginia, Pere Marquette, Perla and Eastern, Texas and Pacific. Call money opened at four per cent, and eased to 3-1/2.

SYDNEY STREET DUMP. In spite of an order issued closing the dump at the foot of Sydney street, the debris from which caused a complaint from the federal engineer in charge of St. John harbor, people were still dumping ashes and other material at this place, so Commissioner Frink said today.

At a recent meeting of the council Dr. Frink recommended that the land at this point be conveyed to the crown if the government would undertake to build a retaining wall the enclose the dumped material. A copy of this was sent to Alex. Gray, federal engineer, but so far no reply had been received he said.

THE JUNE BRIDES

Dever-Watters.

Many friends will read with interest of the marriage of James B. Dever and Miss Gladys M. Waters, both of St. John, who were married in St. Mary's church, Boston, yesterday by Rev. C. J. Arnold, and will extend best wishes for happiness and prosperity. Following the ceremony which was witnessed by only some immediate relatives Mr. and Mrs. Dever left on a wedding trip to New York and other places in the U. S. On their return they will reside at Fair Vale for the summer.

The groom was formerly of the Times staff, then saw service overseas as an officer of the 26th Battalion in the war and is now a prominent younger member of the bar in St. John. His bride has been a popular member of the staff of the railway mail department here and received from the district superintendent postal service in the U. S. The bride's sister, Miss Louise E. Watters of Boston and the groom's brother, Fred W. Dever of St. John, were among those present at the wedding yesterday.

Milan-Carey. An event of interest took place at the Cathedral of the Immaculate Conception at a quarter past six o'clock this morning, when Joseph Leo Milan and Mary Elizabeth Carey were united in the holy bonds of matrimony by the Rev. W. M. Duke. The ceremony was followed by a nuptial mass. The bride, who was given away by John A. Warnock, was gowned in blue tulle, with hat of mole grey and moleskin ascot and carried a bouquet of Exeter roses. Miss Nellie Carey, sister of the bride, was bridesmaid, and wore a costume of autumn blue, with crepe, with navy trimmings and hat to match, and carried a bouquet of Opheelia roses. The groom, who was given away by the Rev. Dr. Dever, wore a tuxedo, with a white shirt and a white bow tie, and carried a boutonniere of Exeter roses. The bride and groom were accompanied by a large number of guests.

Steel-Niles. A very pretty wedding was solemnized at 2.30 o'clock this afternoon at the home of Mr. and Mrs. Henry Niles, 302 Queen Street, when the bride, Miss Nettie Lela Niles was united in marriage to John Russell Steel. The ceremony was officiated by Rev. Dr. Dever. The bride was given away by her father, looked charming in a costume of Canton crepe of blue and grey and carrying a shower bouquet of Opheelia roses, which was a gift from the groom. The bride's mother wore a taupe girdle and the groom's mother a costume of black satin. The out of town guests were—Mr. and Mrs. Joseph Moore and Misses Ethel and Helen Moore, Mrs. William Alken, Mrs. Earl Niles and Miss Lillian Niles and Edith Dennis all of Fredericton, and Mrs. Wilhelmina Steele of Moncton, and Mr. and Mrs. Percy Ryder of Hamilton.

The bride and groom were the recipients of a large number of magnificent presents, testifying to their popularity.

THE WARD CASE. White Plains, N. Y., June 5—The June grand jury voted to hear evidence at the Ward shooting case, after County Judge Blakey, who charged it, pointed out that he formerly has been a law partner of John P. Brennan of Yonkers, counsel for Walter S. Ward.

It thereupon was decided to issue an emergency call for the May grand jury, which has not been discharged.

STRETCH OUT DEBATE. Ottawa, June 6—(Canadian Press)—Submission of the Progressive amendment to the budget has given new life to the debate. Three speakers, representing all three parties, are still on the lists and should they all persist in a desire to participate, it is unlikely the debate will conclude before Friday.

Engagement Announced. Toronto Stars—Mr. and Mrs. Melbourne E. Freudenberg announce the engagement of their only daughter, Adelaide Lois to Chester Bliss Sears, B. Sc. eldest son of Mr. and Mrs. G. Bliss Sears, Moncton, N. B., the marriage to take place on Wednesday, June 21, at two o'clock, in Berkeley street Methodist church.

FOR NAVY CADETS. Ottawa, June 6—The department of the naval service announces that the universities of the Dominion have agreed to accept successful second year cadets of the Royal Naval College of Canada in the first year of the course of applied science.

Sherman-Chandler. A quiet wedding took place in Zion Methodist church parsonage on May 24, when Eva, daughter of Mr. and Mrs. Harry Chandler of the Loch Lomond road, was united in marriage to Alex. Sherman, son of Mr. and Mrs. Alex. Sherman of Marysville by the Rev. W. B. Thomas. After the ceremony Mr. and Mrs. Sherman left for their future home in Marysville.

FIFTEEN MINUTES OF RADIO EACH DAY

By Edward N. Davis

Formerly Technical Electrical Expert For U. S. Government

Lesson No. 18. ELECTROSTATIC CAPACITY

A condenser has a capacity very important property of radio circuits and is a measure of the ability of the circuit to store up or hold energy in electrostatic form. In the condenser the energy, or charge, is stored in the dielectric, which may be air, glass, or mica in high voltage condensers and oiled paper or thin sheets of rubber in low voltage condensers.

The ability of the various dielectrics to store up electrostatic lines of force may be compared by using air, at ordinary pressure, as a standard. Flint glass will store up approximately 7 to 10 times as large a quantity of electricity as air. Mica from 4 to 8 times, common glass 3 to 4 times, pure India rubber from 2 to 3 times and mica paper about one and one-half times. It is important that the dielectric have a strength sufficient to prevent rupture from the impressed voltage. By strength of a dielectric is meant its ability to resist rupture or current leakage.

The capacity of a condenser depends upon the area of the conducting surfaces, upon the material of the dielectric and upon the distance between the plates. The capacity is directly proportional to the area of the plates and also directly proportional to the ability of the dielectric to store up the electrostatic lines of force. The capacity is inversely proportional to the distance between the plates.

The unit of capacity is the FARAD but this unit is so large that the microfarad has been adopted as the practical unit. The microfarad is one-millionth part of a farad.

In order to explain the relation of capacity to other units of the electric circuit, it is necessary to define the C.G.S. unit. When the rate of current flow in a circuit is one ampere per second, the quantity of flow is one coulomb. The coulomb, therefore, is a quantity of electricity.

A dielectric one farad when the addition of one coulomb of electricity raises the potential across the condenser one volt. This relation may be stated in the form of an equation.

Q (coulombs) = C (farads) x E (volts) Where C=Capacity in farads E=Pressure in volts

The copper plated glass jars, in general use, as a battery of condensers in marine installations, have a capacity of approximately 0.002 microfarad each. When condensers, each having the same capacity, are connected in parallel, the total capacity is the sum of the individual capacities. When connected in series, however, the total capacity is equal to the capacity of one condenser divided by the number of condensers in series. This relation applies only when each condenser has equal value.

President of Canadian Association for the Prevention of Tuberculosis.

A. B. COOK, President of Canadian Association for the Prevention of Tuberculosis.

Dr. Robert E. Wodehouse, Secretary of Canadian Association for the Prevention of Tuberculosis.

Dr. J. H. Holbrook, of Hamilton, also arrived last night. He is the superintendent of the Mountain sanatorium at Hamilton, and an eminent authority on tuberculosis. He is to speak on Thursday on the prevention of tuberculosis in the pre-school age, of the Kentville sanatorium, who did such valiant work in the recent case-finding campaign in St. John's Hospital, Montreal. A telegram today says his condition is quite satisfactory.

Not Surprised, but Amazed. The wife of a certain great linguist, upon returning home unexpectedly one day, caught her husband in the act of embracing the maid.

"My, sir," exclaimed the wife, "I am surprised!"

"Mrs. Blank," replied the great scholar in his most calm and dignified manner, "when will you ever learn to use the English language correctly? I am the one who is surprised. You are amazed!"

—Boston News Bureau.

SEVEN ADMITTED AS ATTORNEYS

Four From Here Among the Number—St. John Cases in Court at Fredericton.

(Special to Times.) Fredericton, N. B., June 6—The appeal division, supreme court, sat this morning, Chief Justice Hazen and Judge Grimmer sitting. Judge White was unavoidably absent.

On motion of D. Mullin, K.C., seven graduates of King's College law school, St. John, were admitted attorneys. All have served overseas. They are S. H. Hicks, C. D. Knowlton, W. H. Davidson, S. H. Hinton, R. G. McInerney, S. G. Moore and E. Williams. Mr. Hicks is from Westmorland, Mr. McInerney from Kent, and Mr. Davidson from Northumberland. The others are from St. John.

The McDonald divorce appeal will go over till next term.

Appeal has been withdrawn in the St. John case of Wade Drug Co. vs. Wiesel.

Clark vs. Gauvin—P. J. Hughes for defendant moved to enter and time for filing factum. Leave was granted and time extended \$6 as to be heard next term.

Record Foundry and Machine Co. vs. Garson—Mr. Innis moved for leave to enter and time to file factum. Leave to enter granted and time extended so as to be heard next term.

The King vs. Town of Woodstock—J. J. E. Winslow said he had a notice of motion for the third Tuesday of June and asked to be heard that day. Leave was granted.

In re estate of David J. Thorne, deceased, and McDonald vs. McDonald, case struck off, no person appearing, with leave to re-enter.

In the matter of Bessie May Cossman, an infant, re Helen Breda, her mother; case struck off with leave to enter or king's bench appeal.

TRAIN HITS A TRUCK; ASYLUM PATIENTS KILLED

Binghamton, N. Y., June 6—Three persons were killed and three injured when Pacific express train No. 7 on the Erie railroad hit a truck at the Binghamton station crossing in this city yesterday evening. The dead were patients of the hospital for the insane, the engineer of the train is believed fatally hospitalized. The occasion will be a street carnival and southwestern fiesta that has been arranged, wherein every city having a Rotary Club in the State of California will have a special place in the programme and show the visitors what it is particularly noted for.

The famous "orange empire" cities of Redlands, San Bernardino, Riverside, Colton and Fontana are preparing an orange exhibit and demonstration that they claim will surpass anything they have hitherto tried. The section of the country where raisin is king will have a special demonstration of their product and their particular sort of hospitality. Santa Barbara, San Francisco, Los Angeles, San Pedro, Santa Monica, Pasadena, practically all of the famous cities along the sunshine belt—are preparing to show the visitors what they think individually and collectively visitor should be shown at a fiesta of this sort.

The entertainment is entirely original with this convention, and it is proposed to make it unique in every respect. One whole city block has been set aside for the Rotarians, the city authorities having agreed to rope off the streets and suspend traffic during the progress of the fiesta. There will be street dancing and an unusual lot of music.

LOCAL NEWS

IN KING'S COUNTY. Meetings in the interest of the government candidate, J. D. McKenna, will be held this evening at Havelock and tomorrow evening at Berwick and Colliam.

CALLS FOR INQUIRY INTO TRAGEDY AT HALIFAX, N. S. Halifax, N. S., June 6—Medical Examiner D. Finn, has filed his report on the death of Florence Miles, a nineteen year old girl who was found last Friday in a wood here, shot through the heart, with her sweetheart, Ralph Myles, lying unconscious beside her. Dr. Finn's report calls for an inquiry before a city magistrate. Whether suicide or homicide was responsible for the girl's wound the doctor was unable to determine.

HIS 4TH TIME ACROSS OCEAN (Continued from page 1) A great many friends in the city will wish Mr. Hawker the best of luck on this, his fourth trip, and a good time in the Old Country, whose traditions he has upheld well in St. John.

As a surprise party was tendered Miss Elizabeth Hawker last night at the home of J. King Kelley, Burpee avenue, where friends met to wish her the best of luck on her long trip. She was made the recipient of a beautiful handbag by N. A. Rogers, who spoke for the gathering in hoping that Miss Hawker would enjoy every minute of the time she was away. Miss Hawker replied with feeling thanking the friends who had thus expressed their good wishes.

MONTREAL STOCK EXCHANGE. Montreal, June 6—(10.30)—A very buoyant tone was the order on the local stock market during the first half hour this morning, and most of the leaders advanced substantially, the greatest gain being made by St. Lawrence Flour, which rose 1/4 point to 74 1/2. The Toronto Railway, which made a net gain of 3/4 points yesterday, was quieter but advanced 1/4 point to 74 1/2. Atlantic Sugar sold a point higher at 26, while Canadian was up a half at 48. Dominion Textile was strong, selling a point in advance of its yesterday's close at 168. Bell Telephone and Canada Steamships each registered a decline of a quarter to 109 3/4 and 22 respectively.

EXCHANGE TODAY. New York, June 6—Sterling exchange irregular. Great Britain 450 3/8. Canadian dollars 7-8 of one per cent.

ANGUS McLEAN ON FREIGHT RATES AND THE UNIONS

(Canadian Press.) Ottawa, June 6—Answering Hon. J. A. Stewart, Angus McLean of Bathurst, N. B., declared emphatically that the sixteen per cent reduction of railroads by the railways were positively of no use to the lumbering industry. They wanted the 1918 rate restored; it was the 1920 rate which proved the last straw to the industry, and when they complained of now was that the railroads had not cut their operating costs to anything like the same proportion as the manufacturers had been forced to do.

"The only salvation for this country," he said, "is cheaper rates. The railways will get much more traffic, they will make much more money on a larger volume; more men will be employed, and in my opinion the salvation will come through development of a large export trade."

He declared that the railways should bring down their operating costs and bring up their freight rates. They wanted "Do you think wages can be reduced in Canada in consideration of the international union? He was emphatic. "I don't think the unions ought to be considered at all" was the reply.

"You agree with Mr. McCre, M. P. for Sherbrooke?" "Yes, I don't think we should be dictated to by unions."

Ottawa, June 6—That the Crow's Nest Pass agreement should be further suspended, and a specific list of rate reductions should be enacted by parliament and that the general structure of rates should be reviewed by the railway commission, were recommendations made to the special house committee today by Alf. E. Clark, representing the Canadian Lumbermen's Association.

DR. ROBERT E. WODEHOUSE, Secretary of Canadian Association for the Prevention of Tuberculosis.

Dr. Helen McMurphy, director of the child welfare division of the dominion department of public health, already is well known and well regarded in St. John, and her "Canadian Mothers' Book" is one of the most popular and practical books of its kind. It has been in demand from every part of the dominion. She found many friends to welcome her.

The four district medical health officers from Toronto had registered at the Royal last night. They are Dr. Paul Moloney, Dr. George Clinton, Dr. H. W. Johnston and Dr. E. George, each of whom has wide experience in public health work.

Among the veterans without whom no public health congress could be complete is Dr. J. B. Black, of Windsor (N. S.). Dr. Black will greet many warm friends among the delegates.

Dr. J. H. Holbrook, of Hamilton, also arrived last night. He is the superintendent of the Mountain sanatorium at Hamilton, and an eminent authority on tuberculosis. He is to speak on Thursday on the prevention of tuberculosis in the pre-school age, of the Kentville sanatorium, who did such valiant work in the recent case-finding campaign in St. John's Hospital, Montreal. A telegram today says his condition is quite satisfactory.

Not Surprised, but Amazed. The wife of a certain great linguist, upon returning home unexpectedly one day, caught her husband in the act of embracing the maid.

"My, sir," exclaimed the wife, "I am surprised!"

"Mrs. Blank," replied the great scholar in his most calm and dignified manner, "when will you ever learn to use the English language correctly? I am the one who is surprised. You are amazed!"

MORE ROOM NEEDED FOR CHILDREN IN HOSPITAL

Now Caring for More Than Twice the Number for Which Accommodation is Provided—Remarkable Advance in Work Under New Radiologist—Medical Board Comments on Great Improvements Made in Several Departments.

As one ward was closed for cleaning, the General Public Hospital during the past month was filled to capacity, and the medical staff in its report to the commissioners at their monthly meeting yesterday urged that more accommodation be provided for the care of children, as children had had to be accommodated in practically all the wards. The work of the new radiologist was shown to have made a remarkable advance and, while the previous month the receipts of that department totalled \$96, in the first month of Dr. Kirkland's regime the proceeds were nearly \$600. M. E. Agar presided. Other commissioners present were Mrs. J. V. McLellan, William Emerson, Alexander McMillan, J. L. O'Brien, Dr. J. G. Crawford and R. H. Gale, superintendent.

The superintendent's report gave the following statistics:—One hundred and eighty-three patients admitted, 162 discharges, including nine died, those remaining were 134, operations, 56 in the operating room and 61 in the outpatient department during the month. City of Evans, fourth year McGill student, was acting as interne for June. Dr. F. I. Kenney, senior surgeon, was a patient in the hospital and convalescing satisfactorily. Dr. Kirkland was now in charge as radiologist. A fence has been

JUST let your clothes soak themselves clean in the wonderful, scientific Rinso suds.

Do not put the Rinso direct from the package into the tub. Make the Rinso liquid first. Mix half a package of Rinso in a little cool water until it is like cream. Then add two quarts of boiling water, and when the froth subsides you will have a clear, amber coloured liquid; put it in a tub of cool or lukewarm water and you will have enough for a batch of clothes. If the clothes are extra soiled, use more Rinso.

Rinso
Made by the makers of LUX R.113

The report of the superintendent of nurses, Miss M. Murdoch, announced that sixty-five nurses were on the staff, seven graduates, thirteen seniors, twenty-eight intermediates and seventeen juniors. It was asked that six weeks' leave of absence with pay be granted Miss Matchett, assistant superintendent. On motion leave was granted Miss Matchett for the three weeks and her vacation with full pay and for three weeks with half pay. Miss Murdoch requested an early meeting of the training school board and arrangements were made to call the meeting next week.

The medical board in its report complimented the commissioners on the vast improvement in hospital diets and improvements made in the grounds, the bathrooms and medicine closets. It thanked the commissioners for the truck provided for the gas-oxygen and asked that a new light be provided for the operating theatre.

The medical staff said the hospital had been filled to capacity at the time of their meeting. There was grave need of more accommodation for the children. In this connection Mr. Gale said the children's ward accommodated only thirteen and there were at present twenty-nine children under nine years of age in

RESCUED BY FIREMEN IN N. Y. TENEMENT BLAZE

Five-year-old Boy Pulled Out of Fiery Pit by Means of Ladder.

New York, June 6.—One of the most thrilling rescues in the history of the New York fire department was made during a fire in a five-story tenement house at 160 Greenwich street, when Acting Battalion Chief Daniel J. Oliver, William A. Fraser, was lowered into a pitlike enclosure, from which he pulled a five-year-old boy, Mike Kramer. The boy fell into the pit after he had slipped from a board on the burning building to the roof of the building at 61 Cortlandt street.

As the battalion chief groped about the inside of the pit, his hand touched the hand of the child, who was lying in about two feet of water, only his head protruding. The child, after being attended by ambulance surgeons, was taken to the Broad Street Hospital, where it was said his condition was serious.

Five families in the building comprising thirty persons, mostly children, were driven to the street in scant attire. The building is opposite the Cortlandt street station of the Ninth avenue Elevated Railroad. Traffic was tied up for about two hours.

William Kramer, who occupied the fourth floor with his wife, Margaret, three children, Tilly, 7 years old; Mike, 5 years old, and May, 3-1/2 years old, and a boarder, John Larsen, upon reaching the roof found themselves enveloped by flames and unable to reach the roof of the adjoining old Greenwich street police station now occupied by the police reserves.

Some one found two strips of lumber about 6 feet long and 9 inches wide which were placed across a gap about 5 feet wide to the roof of 61 Cortlandt street. Mrs. Kramer, seizing her child Mike, made her way over the boards, but just as she reached the other roof she

was overcome by smoke and fell near the edge of the roof, pulling the child down with her. Both were later attended by an ambulance surgeon.

Mr. Kramer followed his wife with Tilly, and Larsen came last with little Mike. As Larsen was crossing, the boards began to quiver and suddenly little Mike slipped from his grip. In the black darkness Larsen could not see where Mike had fallen. He searched about but could not find him.

Members of Hook and Ladder Companies 8 and 10, the first to arrive, ran ladders up to the elevated structure and from there to the various floors of the burning building, but all persons had already left.

Acting Battalion Chief Oliver grasped a rickety ladder standing on the roof, lowered it and, directing his driver to hold on with all his might, Oliver, a heavily built man, climbed down and pulled up the boy.

A hospital was improvised under the station and Honorary Deputy Chief Dr. Harry M. Archer and Robert Mathers and several ambulance surgeons worked over the child, reviving him after considerable efforts had been made.

Other tenants that made their way to the roof were assisted to the roof of 61 Cortlandt street by Patrolman Kerr and Patrolman Emil Zipt, both of whom were also slightly overcome by smoke. Other tenants were rescued by means of ladders.

Ontario street. He is charged with breaking into the home of the late ex-Mayor Jos. E. Oliver, 508 Sherbourne street. Mrs. Oliver and her family are out of the city.

In attempting to make his escape, Moriarty jumped from a second-story window and sustained fractures of the right arm and left wrist. Shortly before 11 o'clock last night, a neighbor noticed the Oliver home brilliantly illuminated. Knowing that the family was out of town, he called the police.

Patrol-Sergeant McCoy and Constables Croft, Devine, White and MacPherson surrounded the house five minutes later. Constables Croft and Devine were assigned to remain in the yard, while the remainder of the squad entered the house. Moriarty heard the police enter the house, and rushing to a room in the rear on the second floor raised a window and jumped, landing a few feet from where the constables were standing ready to grab him.

When they picked him up they discovered that he had fractured his right arm and he was placed in the patrol and rushed to St. Michael's Hospital, where it was found that his left wrist was broken. He was also badly cut about the face and neck. Moriarty was detained at the hospital over night under police guard. At the hospital the man at first refused to disclose his identity.

TWENTY PER CENT. CUT FOR MINERS

Scott Board Majority Report Favors McKinnon Award Rates in the Coal Mines of Nova Scotia

MINIMUM OF \$3 FOR DATAL MEN

Majority Report Signed by D'Arcy Scott of Ottawa and John E. Moore of St. John —I. D. Macdougall of In- verness Submits Minority Report Recommending Present Minimum Datal Rate be Increased.

(Canadian Press Despatch.)
Ottawa, June 5.—We are of the opinion that the McKinnon award rates, with a reduction of twenty per cent. in the wages of all employees, with a minimum of \$3 per day for datal men over the age of eighteen years, should be adopted.

The above is the conclusion in regard to the wages of the majority report of the Scott board of conciliation which investigated the dispute between the British Empire Steel Corporation, its subsidiaries, the Dominion Coal Co., Nova Scotia Steel and Coal Co., and the Acadia Coal Co. and their employees. The board, which was appointed by Hon. James Airdock, minister of labor, after a policy of "strike on the job" had been declared in some of the Nova Scotia mines, consisted of D'Arcy Scott, Ottawa, chairman; John E. Moore, St. John (N. B.), representing the employers, and I. D. Macdougall, Inverness (N. S.), representing the men.

The majority report was signed by Mr. Scott and Mr. Moore. Mr. Macdougall failed to agree with his associates, mainly in the matter of wages, and submitted a minority report.

The majority report states that too great a reduction in the datal rates was made by the McKinnon award. "We feel that the smaller the datal rate of the worker, the less any reduction applicable to him should be," it said.

Get Coal at \$2.25.

It adds that in considering rates of pay, the board has taken into consideration "that the company is supplying coal for domestic use to all miners at \$2.25 per ton, and houses at a rental much below the real value."

The majority report deals with the complaints of the miners under a number of heads, the first of which is "miners' houses." It says that the houses supplied to the miners by the company are not in a satisfactory condition, and that many of them are so old and out of repair that the miners are obliged to buy their own and pull them down. "This, however," it added, "could not be done at present because there is a shortage of suitable houses now available for the accommodation of the employees."

A policy calling for the construction of a definite number of new houses for a stated number of instances should be adopted.

Referring to company stores, the majority members express the belief that they are a substantial benefit to the men.

Stoppage of Work.

In regard to stoppage of work, the majority report states that sometimes a trivial dispute between an employe and his superior officer causes a strike to be held up. This is unfair to the other employes. Instead of the employe taking any action, the matter should be brought to the attention of the mine manager or the superintendent and reasonable time should be allowed for the settlement of the dispute.

The wage question is the last dealt with in the majority report. It says that the remuneration to be paid to the employes must necessarily be governed by the price which the company is able to get for its coal. "In the present," it says, "in fixing the highest rate of wage we think the company can reasonably be expected to pay," the report "we must be guided to a considerable extent by the conditions of the coal market. We feel that we would be doing the miners a grave injustice if we were to fix a rate of wages so high as to prevent the company from being able to market its coal in competition with its competitors and still pay all necessary expenses."

"We have gone carefully over the costs of mining and selling coal, and we are satisfied that the company will not be able to meet its pay expenses under present market conditions, if they pay the wages we propose fixing in this report. Any higher rate of pay would mean less work and, therefore, less money for the men."

Will Meet in Truro.

Sydney, N. S., June 5.—Whether or not the coal mine employes of the British Empire Steel Corporation, who make up the vast majority of 12,000 miners of Nova Scotia, will accept or reject the finding of the Scott conciliation board which examined into the differences between them and the corporation will not be definitely known before the holding of a special convention of the men of District 26 of the United Mine Workers of America, which has already been called to meet at Truro, June 20, and will consider the Scott board's award.

Though open strike talk has been heard in the mine fields, it is not generally believed that a strike is likely to take place.

Bay; Dominion No. 16, New Waterford, and Florence No. 8, Sydney Mines. Many of the houses of the company, provided for the use of the miners, as well as the stores of the company, were inspected at different points on Cape Breton. The board adjourned after finishing its sittings on Cape Breton on Wednesday, May 10, until Wednesday, May 17, when it held its first sittings on the mainland at Stellarton (N. S.). After the adjournment at the conclusion of the Cape Breton sitting the chairman made an inspection of the facilities of the coal companies on the mainland on Wednesday, May 10, until Wednesday, May 17, when it held its first sittings on the mainland at Stellarton (N. S.). After the adjournment at the conclusion of the Cape Breton sitting the chairman made an inspection of the facilities of the coal companies on the mainland on Wednesday, May 10, until Wednesday, May 17, when it held its first sittings on the mainland at Stellarton (N. S.). After the adjournment at the conclusion of the Cape Breton sitting the chairman made an inspection of the facilities of the coal companies on the mainland on Wednesday, May 10, until Wednesday, May 17, when it held its first sittings on the mainland at Stellarton (N. S.).

The photo shows the police searching pedestrians at the scene of the murder of W. J. Twaddell, M.P. in Belfast.

A BELFAST M.P. MURDERED

Following in some mines is for drivers to leave the empty on a switch or siding, then hitch their horse to the full box at the working face and pull it out. These drivers after pulling out the full box beyond the switch should be required to unhitch, bring their horse back, and place the empty at the working face. It has been said that in some places there is not sufficient room for the horse to pass the full box to return to the empty. In the laying of tracks in the future, wider place could be provided adjacent to the switch, where the full box would be left so that the horse could pass the full box in returning to place the empty.

Supplying of Coal.

During war time the company limited the quantity of coal to be supplied at any one time to a miner's residence till domestic purposes. This rule is still in effect at Waterford. There is now no reason for its continuance and the practice of supplying all the coal an employe required for his domestic use should be followed at Waterford.

Company Stores.

There was a good deal of discussion before the board as to the advantage or otherwise to the miners of the company's stores, as well as the method of management and the prices charged in the stores.

The board is of the opinion that the stores are a substantial benefit to the men. Their prices are reasonable and the stock carried in the stores is suitable and satisfactory for the men's needs. It would be better for the management and the prices charged in the stores.

Transporting Tools.

In addition to conveying the miner to his work, we think the company should, as far as practicable, help him in transporting his tools, on some conveyance provided by the company, to a convenient point in the vicinity of his working face.

Shoving Down Coal.

There are many new places where a train has not been laid to the working face, and where the grade is not sufficiently steep to cause the coal to slide down by itself. It is necessary for the miner to shovel the coal two or more times before he is able to load it into the box. In such cases there is a special allowance made to the miner for this extra work of two cents a ton; this is not sufficient, and the company should give an allowance of four cents a ton for this extra work.

Minimum Contract Rate.

In some mines there is no stated rate which a miner is allowed where he is engaged in "trouble" or material other than coal, which he finds in the working face. The miner is not to be paid for the extra work he does in such cases. In such cases he should be given a minimum day's pay, not less than the rate for a shift of work in that district. This is to apply in cases where the miner is working on a contract basis.

Room Turning.

The board is of the opinion that for room turning in such cases there is a special allowance made to the miner for this extra work of two cents a ton; this is not sufficient, and the company should give an allowance of four cents a ton for this extra work.

Posting Rates.

In some of the mines men do not appear to know, and have difficulty to ascertain, what the correct rates are which should apply to the class of work in which they are engaged. The company should post up, and maintain posted up, at the mouth of each mine, a statement of all rates applicable for all services which may be performed by the employes in the mines.

Lamps.

The company is to be commended for its efforts to establish the most modern type of electric lamp. There are still some mines in which these lamps have not yet been installed. The board is strongly of the opinion that all mines should be supplied with the newest type of electric lamps at an early date as practicable.

Local Contracts.

The board is of the opinion that the principle of substituting contract rates for datal rates in road-laying, driving and landing-tending is a correct one, and that this principle should as far as possible be applied.

Sizing on Sheets.

There should be a man at all sheets where boxes are used to help the miner to slide his box. A number of sheets may be looked after by one helper.

Stoppage of Work.

It has been brought to the attention of the board that stoppage of work in a mine sometimes occurs on account of some trivial dispute between an employe and his superior officer, or because the employe in some manner has been disciplined.

Long Walks.

In a number of the mines the miner has to travel a long distance after he enters the mouth of the mine before he gets to his working face. Our observations have led us to believe that the long walks in some of the mines result in an appreciable loss of productive labor, which in the interests of both the operator and the industry should be avoided.

Where practicable, having in view the life of the mine and the cost of installation, we are of the opinion that riding racks should be established in all mines. These riding racks should be established not later than June 1, 1924, and falling this an allowance should be made to all contract coal producers for all distance walked over one mile.

Pushing Boxes.

In all mines, where a box of two ton capacity or greater is in use, the miners should not be expected to push the empty box any distance. The man

Height				
Over 3'6" to 4'	\$0.84	\$1.00	\$1.45	
Over 4' to 4'6"	0.88	0.97	1.35	
Over 4'6" to 5'	0.82	0.88	1.25	
Over 5' to 5'6"	0.82	0.88	1.15	
Over 5'6" to 6'	0.82	0.82	1.10	

hill there was considerable argument as to what rates should be fixed for machine running, shooting and loading in the two new mines, Nos. 6 and 7 at Springhill. Both parties submitted figures to show what in their opinion the rates should be for these mines.

We have come to the conclusion that the following rates should be applicable to Nos. 6 and 7 Mines, Springhill. These rates are on a parity with the rates for other mines fixed by the Montreal Agreement of 1920, and are subject to the same reductions as are provided for other rates in this report:

Description—

Narrow work	Machine cutting	Shooting	Total
120" wide			
Height			
Over 3'6" to 4'	\$0.84	\$1.00	\$1.45
Over 4' to 4'6"	0.88	0.97	1.35
Over 4'6" to 5'	0.82	0.88	1.25
Over 5' to 5'6"	0.82	0.88	1.15
Over 5'6" to 6'	0.82	0.82	1.10

Boards 140" wide.

Height	Over 3'6" to 4'	Over 4' to 4'6"	Over 4'6" to 5'	Over 5' to 5'6"	Over 5'6" to 6'
per ton	\$0.97	\$1.00	\$1.08	\$1.15	\$1.10

Laying of roads and timbering included in these rates:

Sinkings 120" wide	Height	Over 3'6" to 4'	Over 4' to 4'6"	Over 4'6" to 5'	Over 5' to 5'6"	Over 5'6" to 6'
per ton		\$0.85	\$1.00	\$1.00	\$1.00	\$1.00
per ton		\$0.85	\$1.00	\$1.00	\$1.00	\$1.00

Laying 3" rails and balling water by special contract.

Five cents per ton additional for machine cutting on the north side of No. 6 Mine.

The board has carefully examined the average earnings of the various classes of employes and believes that under the scale of rates which it recommends the employes will earn average daily amounts approximately as follows:

Surface men	Underground men (other than contract coal producers)	Contract coal producers
\$3.20	\$3.00	\$3.00

The earnings of many employes will, of course, be very much in excess of these figures.

The adjustment of rates of pay, both datal and by contract, shall become effective on June 1st, 1922.

No variation, except what may be made by mutual agreement, shall be made in the rates of pay, allowances or conditions herein provided, except on 45 days notice in writing by the party desiring the change to the other party.

The undersigned regret that the representative of the employes on the Nova Scotia Government, presented an argument for the Maritime provinces, which Guy G. Porter held a brief for the potato industry of New Brunswick.

Meet you at Lesser's. Last call to extraordinary sale. See adv. on page 7.

All of which is respectfully submitted.

D'ARCY SCOTT, Chairman.
JOHN E. MOORE.

N. B. LUMBER AND POTATO FREIGHT RATES DISCUSSED

Ottawa, June 5.—This was Maritime province day before the special hour committee on freight rates. Hon. E. R. Finn, minister without portfolio in the Nova Scotia Government, presented an argument for the Maritime provinces, which Guy G. Porter held a brief for the potato industry of New Brunswick.

Meet you at Lesser's. Last call to extraordinary sale. See adv. on page 7.

Taylor's

A delightfully fragrant and refreshing toilet soap, in which soothing Boracic has been skillfully blended—Infants-Delight is the soap best suited to the baby's skin and your complexion as well. Use it regularly for toilet and bath.

The Majority Report.

The majority report is as follows:

In the matter of the Industrial Disputes Investigation Act, 1907, and of a dispute between the Dominion Coal Company, Nova Scotia Steel and Coal Company and Acadia Coal Company, and certain of their employes respectively being members of District No. 26, United Mine Workers of America.

Halifax, May 26, 1922.

To the Hon. James Murdock, Minister of Labor, Ottawa:

Sir—The undersigned members of the board of conciliation appointed by you to investigate the above mentioned dispute beg to report as follows:

The board held the following meetings: Sydney (N. S.), May 4, 5 and 6; Glace Bay, May 6 and 7; New Waterford (N. S.), May 8; and Sydney Mines (N. S.), May 10. On Cape Breton Island and the following mines were entered and examined: Dominion No. 9, Glace

Bay; Dominion No. 16, New Waterford, and Florence No. 8, Sydney Mines. Many of the houses of the company, provided for the use of the miners, as well as the stores of the company, were inspected at different points on Cape Breton. The board adjourned after finishing its sittings on Cape Breton on Wednesday, May 10, until Wednesday, May 17, when it held its first sittings on the mainland at Stellarton (N. S.). After the adjournment at the conclusion of the Cape Breton sitting the chairman made an inspection of the facilities of the coal companies on the mainland on Wednesday, May 10, until Wednesday, May 17, when it held its first sittings on the mainland at Stellarton (N. S.).

Following in some mines is for drivers to leave the empty on a switch or siding, then hitch their horse to the full box at the working face and pull it out. These drivers after pulling out the full box beyond the switch should be required to unhitch, bring their horse back, and place the empty at the working face. It has been said that in some places there is not sufficient room for the horse to pass the full box to return to the empty. In the laying of tracks in the future, wider place could be provided adjacent to the switch, where the full box would be left so that the horse could pass the full box in returning to place the empty.

During war time the company limited the quantity of coal to be supplied at any one time to a miner's residence till domestic purposes. This rule is still in effect at Waterford. There is now no reason for its continuance and the practice of supplying all the coal an employe required for his domestic use should be followed at Waterford.

There was a good deal of discussion before the board as to the advantage or otherwise to the miners of the company's stores, as well as the method of management and the prices charged in the stores.

The board is of the opinion that the stores are a substantial benefit to the men. Their prices are reasonable and the stock carried in the stores is suitable and satisfactory for the men's needs. It would be better for the management and the prices charged in the stores.

SMOKE LETTERS WRITTEN ACROSS LONDON'S SKY

Characters 700 Yards in Length Produced by Invisible Airplane.

What may prove to be the basis of a world-wide revolution in advertising was initiated in London, when five million Londoners saw the words "Daily Mail" written across the sky in letters of smoke seven hundred yards in length.

The first experiments were made at Derby, and Lord Northcliffe went further and showed the entire city what an invisible airplane, two miles high, manoeuvred skillfully by the pilot, Captain Turner, formed the letters which were actually written by smoke emerging

from a box through a jet fixed behind the rudder, the pilot controlling the flow.

The chemical process for producing the smoke is a secret belonging to Major J. C. Savage, who has been experimenting with it since 1919 for the six miles.

He has now succeeded in producing an effect which remains in the air for five minutes, and is then repeated.

CANADIAN SUGAR SOLD IN ANTWERP

(Bank of Commerce Circular) Sugar exports to the United States, under the prohibitive emergency tariff of that country, continue to be only nominal in amount. For the eleven months, June to April, 1921 and 1922, the volume exported was respectively 51,047,277 lb. and 23,715 lb., the value being \$9,098,862 and \$2,239 respectively. Recently Canadian refiners landed about 225 tons of sugar at Antwerp, thus invading the home of the Belgians and placing Canadian granulated cane sugar in direct competition with the sugar-best variety grown in Belgium. It is a matter of record that it compares quite satisfactorily. At the beginning of 1921, the Belgian sugar industry was still under the control of the minister of food, and the country was largely overstocked. These government stocks have since been liquidated, and on the termination of official control in October last, large quantities began to be exported, particularly in the case of refined sugars for industrial uses. At the present time there is a good demand for Canadian loaf sugar.

YOUNG GIRL SAID TO ADMIT THAT SHE POISONED FATHER

Winnipeg, June 6—A twelve year old girl alleged by the provincial police to have admitted that she poisoned her father, a farmer in the Ashcroft district, who died on May 5, is being brought to Winnipeg for investigation of the case. The man is said to have died after drinking tea into which had been placed violent poison, presumably strychnine.

BUTTER AND CHEESE.

The Dominion Bureau of Statistics has completed a compilation of the returns of dairy factories of Canada for the year 1921, and issues the following preliminary statement of production: The total quantity of creamery butter produced in Canada in 1921 was 122,758,850 pounds, valued at \$45,398,088. This is an increase in quantity over the previous year of 11,064,892 pounds, but a decrease in total value of \$1,782,311. The average wholesale price of creamery butter dropped from fifty-six cents a pound in 1920 to thirty-seven cents in 1921, the lower price resulting in the decreased total value of product shown. The total quantity of factory cheese produced in 1921 was 161,062,626 pounds valued at \$25,815,458, an increase in quantity over the previous year of 11,860,770 pounds, but a decrease in total value of \$10,468,887. The average wholesale price of cheese dropped from twenty-six cents in 1920 to seventeen cents in 1921.

D. C. MACROW.

RAW WOOL STILL TENDING HIGHER

(Bank of Commerce Circular.) As indicated in last month's letter the price of raw wool has continued to improve during recent months. The low prices of 1921 were partially due to world conditions, but more particularly to the emergency tariff of the United States, which was partially responsible for our exports to that country in the eleven months ending April, 1921, only 380,745 pounds, as compared with 7,272,071 pounds in the corresponding period ending April, 1921. In the chief market raw wool of the United States, on the other hand, the advance in wool prices between September, 1921, and the present time varies, according to grade and class, from 20 to 100 per cent. These advances are in part due to emergency tariffs, which are virtually prohibitive, and in part to wide increases in price, and have compelled woolen manufacturers in the United States to make sharp advances in their quotations on woolsens and worsts. This action is reflected in the present activity in the Canadian mills and in a firmer demand for Canadian raw wool at much better prices than have prevailed for some time. In 1921 the average price for all Canadian raw wool was 15 cents per pound. Now that Canadian wools are properly standardized, the present market values for Ontario, Quebec and maritime province wools approximate as follows:—Fine medium combing twenty-four to twenty-seven cents; fine medium combing, twenty-four to twenty-six cents; medium combing, twenty-two to twenty-four cents; medium combing, twenty-one to twenty-two cents; low combing, fifteen cents; coarse, fourteen cents.

Business Conditions Generally Improved

(Bank of Commerce Circular.) A more hopeful feeling prevails generally in the industrial centers of Canada. A number of manufacturers in western Ontario find that the amount of goods produced during the winter is sufficient to meet the present demand and in consequence are extending their operations. Knitting and woolen mills, brass and stove foundries, located at a number of points report activity, and in some cases difficulty is being met in keeping pace with orders received. In important centres such as Hamilton, it is stated by manufacturers that business is improving and that prospects are better than at any time during the past year. The majority of factories in Hamilton are taking on additional hands, and the unemployment situation is consequently considerably easier. At Shawinigan Falls, one of the important industrial centres in the Province of Quebec, business is active and there are no complaints of unemployment.

PORT OF ST. JOHN. Sailed Yesterday.

Str. Sangstad, 1409, for United Kingdom.

Arrived Today.

Str. Governor Dingley, 2856, Ingalis, from Boston.

Coastwise—Strs. Vallada, 55, Merriam, for Clementsport; Grand Manan, 119, Hervey, for Wilson's Beach; Emma, 618, MacDonald, for Digby; Centerville, 34, Lewis, for Digby; Bear River, 70, Wentworth, for Digby; Beaver Harbor, 52, Burns, from Sandy Cove.

Cleared Today.

Schr. Harriet B., 379, Murphy, for New York.

Coastwise—Strs. Robert G. Cann, 111, Peters, for Westport; Vallada, 55, Merriam, for Clementsport; Grand Manan, 119, Hervey, for Wilson's Beach; Emma, 618, MacDonald, for Digby; Centerville, 34, Lewis, for Digby; Bear River, 70, Wentworth, for Digby; Beaver Harbor, 52, Burns, from Sandy Cove.

MARINE NOTES.

The schooner Harriet B., cleared this morning for New York with a cargo of lumber.

The schooner Charles and Vernon is ready to start with lumber.

The schooner Marina arrived in port from St. Pierre last night.

S. S. West Nook sailed from St. John on Sunday afternoon for London with reefer cargo. She is due in port tomorrow morning.

The Danaborg is due in port tonight or tomorrow morning from Norfolk with a cargo of coal.

The Times is still anchored in the stream, awaiting her turn at the refinery wharf to discharge her cargo of raw sugar from Cuba.

The Canadian Ranger sailed from Montreal on Friday for New Richmond to load lumber for the United Kingdom.

The Canadian Explorer sailed from Campbellton on Friday for Manchester with lumber.

The Monmouth arrived at Glasgow on June 1, with sugar from St. John.

"Surprise Sale" Proves to Be a Big Hit

Hundreds of women testified to their love of a bargain surprise on "Surprise Day" recently staged for the first time in Indianapolis, as one of the events of a ten-day special sale held by the Pettis Dry Goods Company. So successful was the plan that it is to be a semi-annual feature or "special."

GLEN FALLS--HOME SITES

WHY NOT HAVE A REAL HOME that you can call yours? Have a home for your family to grow up in, which they can call their home, home with all modern improvements, such as electric light, running water, phone service, etc., at the same time in the suburbs. Have your market garden, grow your own vegetables, have room for the kiddies to play, have the joys and health of the country, and at the same time enjoy city conveniences. Especially charming home sites up the Glen Falls Valley, where twenty pretty cottages have already been erected, or in an equally pretty valley close to the Manor House and only a few hundred feet from the street railway as recently extended. Easy terms. Crushed stone at cost, especially suitable for concrete, supplied for building purposes at a special price. If you want a home that is a home, write us or phone Main 356, or enquire of George Watson, our Superintendent at Crushing Plant, Glen Falls, or at his residence, near Factory Buildings. 7-5

THE EVENING TIMES AND STAR, ST. JOHN, N. B., TUESDAY, JUNE 6, 1922

REV. DR. HEARTZ IS GUEST AT BANQUET

Gathering in Charlottetown in Honor of His 60th Anniversary as Minister.

Charlottetown, P. E. I., June 6.—In the Hertz memorial hall, erected through the gifts of his father and nephew, Rev. Dr. W. H. Hertz, born here in 1861, and now of Amherst, N. S., was tendered a banquet last night by the members of the official board of the Methodist Church here to celebrate the sixtieth anniversary of his entry into the ministry. He was recommended by the quarterly board of the Charlottetown church on May 17, 1862.

In replying to a congratulatory address, Dr. Hertz dwelt on the great changes wrought in sixty years of ministry, which he began on a salary of \$120 a year. He attributed whatever success he had to courage, character, and Christ. Dr. Hertz was longer in active service than any other Methodist minister in Canada.

GIRL OF 12 TAKES POISON IN SCHOOL

Rose Reizen Drinks Iodine, Then Runs to Nurse—Saved by First Aid Treatment.

New York, June 6.—Rose Reizen, twelve years old, a pupil in Grade 7A in Public School, attempted to commit suicide in the school building, 141st street and Brook avenue, by drinking iodine, according to the police. School nurses applied first aid and the girl was taken to her home, 435 East 138th street, The Bronx, after being attended in Lincoln Hospital.

The girl obtained the iodine from a medicine chest at her home and took it to school. After drinking the poison in the cooking room she went to the room reserved for nurses and told what she had done.

One of the nurses immediately gave the girl first-aid treatment, while another summoned an ambulance. The doctor who responded applied a stomach pump, and the girl was then removed to the hospital. Her mother was notified later and she took Rose home.

DINGHY RACES.

The first of a three-race series in the dinghy class of the R. K. Y. C. will be held this evening starting at 7 o'clock at Millidgeville. The entries are from the following: H. R. Dunn, E. N. Harrington, Cecil Harrington, Harry Webster, Charles Jordan, R. L. Logan, Charles McKinley, G. B. Heans and H. W. Heans. The last named's craft won first honors last year. The judges will be J. Fraser Gregory and H. McL. Lingley and the timers will be R. R. Cummings and A. M. Rowan. Three newly-built boats will receive their baptism of fire this evening and great things are expected of each. The next races will be held on the 19th and 21st of this month. On the 19th, 20th and 21st of this month the club will hold a series of three races on the waters of Courtenay Bay.

50 YEARS OF SERVICE on the ATLANTIC

A half-century of service has established the record which makes the White Star Dominion Line steamers Megantic, Cenopic, Canada and Quebec-Liverpool routes, the choice of experienced ocean travellers.

Sailings every Saturday.

White Star Dominion Line service to France, Belgium, Baltic Ports and the Mediterranean. Five ocean travellers a regular service from New York.

President of the Brotherhood of Railroad Trainmen, who was re-elected at the convention in Toronto.

FORD WILLING IF CALL STRONG

Will Spend No Money, However, for Nomination or Election as President.

Detroit, June 6.—Henry Ford has intimated privately that he would run for president "if the people of the country desire him to do so," but he "would refuse to spend any money to bring about his nomination or election," according to Wm. T. Kronberg, editor of a Dearborn newspaper and one of the leaders of the Dearborn Henry Ford president club.

MEIGHEN TODAY IN BUDGET DEBATE

Ottawa, June 6.—(Canadian Press)—In the Commons today the budget will be continued by Hon. Arthur Meighen, leader of the Conservative party. The Senate will sit tonight at eight p.m. Yesterday in the Commons bills to amend the admiralty act, the Echeats act and the supreme court act were given first reading. A motion providing for sittings of the house on Saturdays until the end of the session was passed. The Admiralty Act bill amendment would give the governor-in-council power to appoint deputies to the district judges and district registrars. At the present time these deputies are appointed by the judges.

The bill to amend the Echeats Act, would place a limit of two years upon the time within which actions under this act must be commenced. The supreme court amendment would give the right to appeal to the supreme court to appoint deputies to the district judges and district registrars. At the present time this right of appeal did not exist.

\$120,000 LOST ON FAKE RACE

Indictments Reported Against Three Alleged Swindlers of Western Man.

Miami, Fla., June 5.—Indictments made public alleged that Peter R. Nicholson, whose address was withheld, was swindled out of \$120,000 in a fake race horse scheme here in February.

The indictments named three men, Jack H. French, Ed Harley and Walter

YE OLD STAGE COACH TURNED INTO MOTOR 'BUS

Much comment has been caused by the appearance of this strange vehicle in the streets of London, England. It resembles one of the famous coaches of Dick Turpin's time, but a motor replaces the picturesque horses and post-boys.

HOME FROM SOUTH AFRICA

Miss Amy Idles, of the educational department of Johannesburg, South

Africa, was a passenger of the C. P. R. steamship Minnedosa for Canada. Miss Idles, who was formerly on the teaching staff of St. John, is at present visiting Mr. and Mrs. A. C. Shaw, Quebec, and will probably arrive in St. John some time this week. She will spend the summer at Ingleside with her sister, Mrs. F. Shaw, of 172 Waterloo street. Her many friends will extend her a hearty welcome to her old home after her long absence.

M'GILL RESULTS

Women Students Prize Winners in Medicine—N. S. Student's Success.

Montreal, June 6.—Women students carried off two of the five prizes in the final year in the course for degrees of doctors of medicine and master of surgery in the faculty of medicine of McGill University, according to lists issued last night.

The results include: Holmes Gold medal for highest aggregate in all subjects, forming the medical curriculum: Atholl Munro McNab, Ottawa; first year prize for highest aggregate in fifth year subjects, James Murray Kinsman, B. A., Centreville, Kings County, N. S. The latter also won honors in aggregate of all subjects of the year.

ADVISES TONIC, NOT POISON.

Philadelphia Magistrate Counsels Love-sick Girl Who Tried Suicide.

Philadelphia, June 6.—After remarking sympathetically that he had been "stood up" a time or two himself, Magistrate Perri suggested to Frances Ittinger, an eighteen-year-old girl, that there was a plenitude of available young men in the world, and that it was folly to take poison when one of them failed to keep an appointment. She was arraigned before the magistrate on a charge of having attempted suicide.

The magistrate suggested further that if suicidal ideas ever overtook her again when some one broke a date with her she should take a tonic instead of poison.

"In such cases," he said, "it's generally your liver and not your heart that's out of order."

Use the Want Ad. Way

Strengthen Your Business "Morale"

Soldiers know what it means when an army's "morale" is shattered.

The fighting spirit is gone, the men invite defeat. What is true of military forces is true of some industrial armies.

At the first serious jolt their morale weakens—hope flies, courage disappears—their fighting spirit is lost.

There is no place in business today for the "calamity howler." He is drawing salary or wages under false pretences. More distressing still, he is weakening the "morale" of other workers, and of the business itself.

Strengthen your business morale.

Take stock of your men as well as your goods. Retain enthusiastic, profitable workers even at a temporary loss.

Venture into new fields for business.

Trade and Prosperity are interdependent. The sooner Capital, Labor and Management realize this the quicker will conditions improve.

Tell the story of your business and its products in the newspapers

BASEBALL

Yesterday's Games.
New York, June 5.—There were no American League games scheduled for today, and only two National games. That between Pittsburgh and Philadelphia at the latter city had to be postponed on account of rain. Rain also interfered with the International League double-header which was to be played at Baltimore with Reading. The first game was called at the end of the third inning.

Catcher Charles Neibergall of Syracuse equalled a modern International League record today when he made three home runs in the game at Syracuse against Toronto, the last, procured of Thompson in the ninth with two out and the score tied, winning for the Stars, 8 to 7.

Boston, 6; St. Louis, 0.

Boston, June 5.—Oeschger pitched well in the pinches today and Boston defeated St. Louis, 6 to 0. St. Louis' errors combined with timely hits gave Boston all its runs in the first five innings of Pfeffer. Score:

R.H.E.
St. Louis.....00000000—0 8 4
Boston.....02301000—6 8 1
Batteries—Pfeffer, Barfoot, Bailey and Ainsmith; Oeschger and O'Neil.

Syracuse, 8; Toronto, 7.

R.H.E.
At Syracuse.....000020302—7 10 0
Toronto.....010011041—8 11 1
Batteries—Riss, Connelly, Thompson, Devine, Sell, Dubuc and Neibergall.
Jersey City, 4; Newark, 3.

At Jersey City.....R.H.E.
Newark.....000100002—3 9 2
Jersey City.....000000004—4 7 0
Batteries—Barnes and Walker; Zellers, Meteviers and Freitag.

Umpire-Baiting on Increase.

New York, June 6.—Even the time-worn and often costly art of umpire-baiting has developed a unique trend in the major league baseball season already well stocked with thrills and unusual performances. Accustomed to verbal altercations with the players and even hardened to an occasional pop bottle or two, the arbiters were unprepared for the outbursts that have marked this year's campaigning.

George Herman ("Babe") Ruth's outburst in a game recently in which he threw dirt at Umpire Hildebrand when called out on a close decision, and followed this by chasing a spectator from the stands, and Ty Cobb's banishment after he had used his cleated shoes as a weapon in a fight with Umpire Wilson's toes are only two prominent instances that have resulted in an unusually large number of early season suspensions for unusual reasons.

Ruth escaped with only brief exile, but the incident cost him \$200 and his captaincy of the Yankees, while Cobb was banished for a time.

Several occasions arbiters have found it necessary to clear the benches in wholesale fashion because of objectionable talk and actions. Aside from these numerous clashes with the umpires, managers have been obliged to discipline their players on more than one occasion for various reasons.

Earl Smith Suspended.

Boston, June 6.—Shortly before he was suspended and fined Earl Smith for violating a clause of the club training rules, John McGraw offered to trade the player to the Phillies for Walter Henline. Henline, purchased by the Giants from the Indianapolis club of the American Association in the fall of 1920, was sent back to that club under an option agreement at the close of the training season last year, and in midseason was sent to the Phillies with Curtis Walker as part payment for Irish Meuser. As present he is regarded as one of the best catchers in baseball.

According to John McGraw, Smith has "done about everything he could to do the team."

"I have warned him repeatedly to do his duty," said McGraw last night. "While we were in the west with constantly broken rules, particularly in St. Louis and Chicago, and I told him if he did not put a check on his actions he would be punished. That did not stop him, for when we went to Philadelphia he continued his transgression and I decided I had had enough of him. The worst phase of his unruly actions is that more than once he has taken younger players with him. I can't stand that and I have set him down indefinitely."

Hubbell Quits Hospital.

Philadelphia, June 6.—Physicians have reported that Wilbur Hubbell, pitcher of the Philadelphia Nationals, struck by a batted ball during a game with Brooklyn, would be back in the line-up probably this week. Hubbell left the hospital Friday. It was at first thought that his injury was serious, the ball from Tommy Griffith's bat hitting him on the head and knocking him unconscious.

Bay Shore Beavers Win.

A snappy game of baseball was played last evening on the Beasonside grounds when the Bay Shore Beavers defeated the St. Peter's Red Wings 5 to 3. The batters were: For the winners, Kimball and Cairns; for the losers, Gray and Logan. The score by innings follows:

Bay Shore Beavers.....0300000—3
St. Peter's Red Wings.....0300000—3

Game This Evening.

On St. Peter's Park, this evening, St. Peter's Intermediates and the Cathedral will play. Both teams will present their strongest line-up and a good game is expected.

Fear Pneumonia For Speaker.

Cleveland, June 6.—Tris Speaker, manager of the Cleveland baseball team, will be out of the game for at least a week and probably longer, so his physician announced yesterday. Speaker is suffering with a severe attack of bronchitis, which the physician says threatens to develop into pneumonia.

Moncton Defeats Dorchester.

The Moncton Independent baseball nine defeated the team from Dorchester, Mass., in Moncton, yesterday, by a score of 4 to 0. The game was fast and was witnessed by a large gathering of fans.

R. E. Armstrong, president of the New Brunswick branch of the Navy League, will leave this afternoon for Montreal to attend the annual meeting of the Dominion executive of the Navy League.

Hard-Fought Victory.
St. Peter's team defeated the Garrison nine on St. Peter's park last evening by a score of 5 to 4. Lawlor was on the mound for the winners and pitched well, while Parise, for the losers, was not wild at first, but in the later stages settled down and kept the game well in hand. The members of both teams fought hard for victory, and as a result the game was interesting at all stages.

The victory puts St. Peter's in the lead for premier honors. The box score and summary follows:

A.B.R.H.P.O.A.E.
St. Peter's.....3 1 1 0 0 0
Gibbons, ss.....3 1 1 0 0 0
Mooney, rf.....3 0 0 2 0 1
McGowan, lb.....2 1 1 6 0 0

Totals.....23 4 5 18 8 0

Score by innings: R.H.E.
Garrison.....2 0 2 0 0—4 5 0
St. Peter's.....4 1 0 0 0—5 5 2

Summary.—Two base hits, Bonnell. Sacrifice hits, Garnett and Marshall. Struck out by Lawlor 5, by Parise 6. Bases on balls, off Lawlor 2, off Parise 7. Stolen bases, Clarke, Marshall and McGowan. Left on bases, Garrison 4, St. Peter's 3. Wild pitch, Lawlor 2. Passed balls, Dever 2. Umpires, Howard and McGowan. Time of game, 1 hour 28 minutes. Attendance, 1,000. Scorer, Carney.

Commercial Win Again.

The Commercial won again last evening in the City League defeating the Wolves, 4 to 2. In the third, the Wolves scored their two runs on two singles and an error in right field. The Commercial scored their first run in this inning on a single and an error by Craft. In the fifth inning with two out and men on second and third bases, "Bee" Malcoln doubled to left field scoring both men and winning the game for his team. Striling, in the addition to the Commercial, played a great game in centre field. The score and summary follows:

A.B.R.H.P.O.A.E.
Wolves.....0 0 0 0 0 0
Burke, cf.....2 0 0 0 0 0
Gonell, 2b.....3 1 1 2 0 0
Bartlett, rf.....3 0 2 0 0 0
Latham, cf.....3 0 1 0 0 0
Gorham, 3b.....0 0 1 0 0 0
Craft, lb.....3 0 0 7 0 0
Caplan, ss.....3 0 0 0 0 0
Tanman, c.....3 0 1 3 0 0
Davis, p.....3 0 0 1 0 0

Score by innings: R.H.E.
Commercial.....0 1 0 2 0—3 6 3
Wolves.....0 1 0 2 0—4 9 5

Summary.—Famed runs, Wolves 1. Commercial 8. Two base hits, Malcoln, Hannah, Stoen bases, cK. Double play, Fraser to MacGowan. Bases on balls, off Davis 2. Struck out, by Davis 8, by Hannah 2. Hit by pitched ball, Barick. Wild pitch, Davis. Passed ball, cK. Left on bases, Wolves 7. Commercial 8. Umpires, Brittain and Smith. Time of game, 1 hour 10 minutes. Scorer, Golding.

St. Rose Wins.

The St. Rose's defeated the Cathedral team last evening by the score of 9 to 1 in the St. Peter's house league game played on the Nashwaak diamond. Costello started the game for Cathedral, but Malcoln was battered freely and received wretched support and retired after the St. Rose's had scored eight runs. Brogan then took up the pitching burden and succeeded in holding the Fairville team down to one more run. Murphy, who twirled for the St. Rose's, fanned six men.

St. Peter's Park, this evening, St. Peter's Intermediates and the Cathedral will play. Both teams will present their strongest line-up and a good game is expected.

Victory for Pole.

St. Catherine's, Ont., June 6.—Stanislaus Zbyzsko, former wrestling champion of the world defeated Frank Lavitt, American expatriation force champion, in two straight falls here last night.

W. END GETS MORE
CITY LEAGUE GAMES

A meeting of the City Amateur Baseball League was held last evening in the Commercial Club rooms with Frank White, president of the league, in the chair. Several lively tiffs arose at the meeting in connection with the failure of the East End Improvement League to secure the necessary sanction from the M.P.B.A.A.U. of C. for their team, and also over the plans for carrying on the league. A change was made in the arrangements regarding the playing of games on the west side.

Shortly after the meeting opened P. J. Legge, as secretary of the league, asked Roy Handron, of the East End Improvement League, if he had the annual sanction for the Wolves, which team was representing the league. Mr. Handron replied that he had not and that the matter would have to come up at the next meeting of the club. Legge said that the other teams were under the same expense as the E. E. I. L. and he considered that the matter should be settled at once so that the official sanction for the league itself could be secured. Mr. Handron said that, owing to the small crowd, he was not sure that the E. E. I. L. could pay the amount at present. Mr. Legge declared that all the clubs were standing the same loss and he thought the matter should be cleared up at once. Mr. Handron scored one run in this inning on a single and an error by Craft. In the fifth inning with two out and men on second and third bases, "Bee" Malcoln doubled to left field scoring both men and winning the game for his team. Striling, in the addition to the Commercial, played a great game in centre field. The score and summary follows:

A.B.R.H.P.O.A.E.

MISS CECIL LEITCH

Driving in the ladies' golf championship at Sandwick, England. She played a wonderful game, winning every hole except one, which was halved.

BOWLING LEAGUES' BANQUET ENJOYED

The biggest sport in the city in point of participants was duly honored last evening when the McAvity, the City and the Manufacturers' bowling leagues combined for their dining banquet of the season, at which prizes were during the year in these leagues were presented to the successful competitors.

The kingpin and his wooden brethren were not present at the banquet, but Caterer Bond's kingpins in the shape of delicious edibles were forced to take a downward trail and then the programme got under way. During the course of the evening Black's orchestra played and solos that were greatly appreciated were sung by W. J. Bambury, Ernest Till, F. J. Punter and G. Stackhouse. Mr. Bambury's solo and Mr. Punter's recitations were well received.

The singing of the company of the choruses, led by Mr. Punter, would have done credit to the Rotary Club. The efficient accompanist for the evening was G. P. Lanyon.

City League.

After the toast to the king had been honored, A. D. Sullivan, the toastmaster, sketched the history of the city league since its organization in 1908. He pointed with pride to the record of the city league teams, particularly the teams that represented the Black's alleys in competition with the class of the teams in the maritime provinces and eastern Maine.

second and third places in this league were presented by J. A. Sinclair, who congratulated all those who took an active part in the game of bowling.

Special Prizes.

The high average prize for the City league was presented to A. W. Covey by A. Giamblin. Mr. Covey's average for sixty strings was 97.25.

A special average prize for this league was won by Joe Harrington, who expressed the opinion that bowling was a very amateur sport. The consolation prize, won by Gordon Henderson, was presented by W. J. Bambury, Ernest Till, F. J. Punter and G. Stackhouse.

The Manufacturers' league prizes were presented by James L. Sugrue. T. J. Yeomans won the high average prize and J. Campbell won the consolation trophy. The high three and high single string prizes, won by J. O'Brien and F. McShane, respectively, were presented by W. Knowlton.

The gathering then dispersed after a selection by the orchestra, followed by the singing of the national anthem.

WEEK OF SPORT FOR HALIFAX

(Halifax Echo.)

At the meeting of the committee of the Halifax Amateur Athletic Association, which was held yesterday in the board of trade rooms, a tentative programme was presented to the committee appointed to handle the affairs in connection with the tournament, with the following to be recommended:

as tournament committee. F. J. Nisbet, president of the Renforth Athletic and Outing Association, was elected as an honorary member of the club.

Renforth Tennis Club Annual Meeting.

The annual meeting of the Renforth Tennis Club was held last evening in the clubhouse at Renforth. The election of officers resulted as follows: President, W. C. Clarke; vice-president, W. E. Cooper; secretary-treasurer, H. S. Morton; H. W. Wilson, F. F. Wetmore, committee, H. W. Wilson and J. P. McInerney. The financial statement of the club was read and showed a deficit. It was decided on motion to hold a field day or picnic to raise the necessary funds to meet the deficit. The following were appointed a committee to look after the arrangements: The officers of the club, P. B. Cross, H. W. Wilson, F. F. Wetmore, Murray Lamb, Mrs. W. J. Garrett, Mr. P. B. Cross and Miss Alexia Rogers. It was also decided to compete in the

PREMIER FOSTER EXPLAINS HOW GOVERNMENT SAVED \$1,000,000 FOR PEOPLE OF NEW BRUNSWICK

Mr. Foster Turns the Tables on Those Charging His Administration With Extravagance By Pointing Out That Not Only Did Government Not Waste Money But Actually Saved Vast Sums—A. F. Bentley, Dr. L. M. Curren, E. H. McAlpine and J. A. Barry Speakers at Beaconsfield Meeting.

How by skillful financing the provincial government had saved for the people of New Brunswick the sum of \$1,000,000 was described last evening by Hon. Dr. W. E. Foster, premier of the province, in an address at a campaign meeting in the Beaconsfield school in the interests of A. F. Bentley, the Liberal candidate in the by-election in the county on Saturday of this week.

There were a number of forty-year bonds of the province on the London market which were sold at par a few years ago, the Premier explained. With the drop in securities these bonds also decreased so that the prices ranged from \$80 to \$68 for a \$100 bond. The provincial government raised enough money

through another issue to buy up the former issue and at the same time they were able to take advantage of the low exchange rate which at that time was about \$3.75 or \$3.80 to the pound sterling.

"Why did not the old government do this?" asked Mr. Foster. "Like a good many other things in the interest of the people they let this go by the board too," he declared.

This was not the only instance of saving money which the premier quoted during the course of his address in which he riddled the charges of extravagance brought against his administration. He showed how it saved \$100,000 through a like transaction on a 1918 bond issue.

St. John's Ignition Expert And Sunoco

Mr. J. A. Cody, ignition expert and motor electrician, a man familiar for eleven years with motor cars, was asked about Sunoco Motor Oils at his garage, 160 City Road.

"Sunoco goes into every car I repair. There are more expensive oils, but none better. It stands up, keeps up lubrication everywhere, cuts out carbon troubles and tends to minimize noise. I tried it out in my own boat first. Chevy and Ford; now it goes into those I tune up so they will run sweet in every respect."

Clean out your crankcase and fill up with the grade of Sunoco for your car, for Sunoco is the one straight-run, wholly distilled, non-compounded oil.

Mr. Advertiser:

Think for a minute about St. John and Ottawa, in connection with newspapers and advertising.

The population of Ottawa (according to Might's Directory) is 143,402.

The population of St. John according to the last census is 47,166 or, counting close suburban territory, say 55,000 to 60,000.

The Ottawa Journal, morning and evening, has a combined circulation of 27,717.

The Ottawa Citizen, morning and evening, has a combined circulation of 29,460.

The Ottawa Journal and Citizen have the A. B. C. audit, which is accepted as the standard authority on circulation by all the agencies and leading advertisers in Canada and the United States.

The Telegraph and Times (A. B. C. audit) for the six months ended March 31, 1922 had a combined net paid circulation of 30,461.

Mr. Advertiser: Does not this strike you as a significant comparison?

The Telegraph and Times cover the city of St. John and the province of New Brunswick like a blanket, from the advertising standpoint.

Their circle of readers exceeds 100,000 people, practically all the live buyers not only in New Brunswick, but as far east as Amherst and including the Nova Scotia counties across the Bay of Fundy.

Please note that The Telegraph and Times are the only A. B. C. papers in New Brunswick. It is suggested to you that the Ottawa and St. John figures given above are worthy of a little study and productive of a little thought.

Advertising is the life blood of business. Circulation, particularly when it is well distributed among every class of buyers, gives advertising the pulling power that keeps the cash register and selling force busy. Advertising is a productive investment. It cuts your overhead by swelling your total sales.

Dependable Champions For Every Engine Everywhere

Cost You Less

First price is low and two-piece construction allows replacement of ribbed core and patented gaskets at half the price of a new plug.

Ask your dealer for a full set, no matter what engine you have.

Champion Spark Plug Co. of Canada, Limited
Windsor, Ontario

Type for Ford Champion X now 75 cents
Champion A-25 for Fordson also 75 cents

The credit of New Brunswick, the premier pointed out, was the highest of any Canadian province with the exception of Quebec. Financiers did not lend their money without making inquiries as to the credit and the economical management of the borrower. The province had been able to sell a recent issue of \$2,000,000 for the amount of the New Brunswick issue the province received \$15,000 more than what Manitoba would have got for an issue of like amount, the premier said.

The Beaconsfield meeting was keenly attentive, interesting and appreciative and the cheers that were given for the candidate and his colleague and for the premier himself at the close had in them that genuine ring of staunch sincerity that was eloquent of the high regard in which the candidate and the Foster government were held by the audience.

James McMurray presided at the meeting.

Cogent Argument.
E. H. McAlpine, whose appearance last evening was the first in the present campaign, was given a cordial reception by the audience. He summarized the accomplishments of the Foster administration in a general way and deduced from this summary cogent arguments in support of the Foster candidate's election.

Time, said Mr. McAlpine, had justified the wisdom of the choice of Mr. Foster, a business man, as leader of the provincial Liberal party. The speaker recalled the tributes of praise that had been showered on the province from all quarters of the globe, because of the health department and administration of its health department. He spoke of the importance of preserving the health of the future citizens of the province through measures designed to detect and correct incipient ills and diseases amongst the school children of today.

Meaning of Election.
Mr. Bentley in his address pointed out that the true significance of the result of the by-election was going to be either

a repudiation or an endorsement of the policy of the present administration. On the one hand was the record of achievement of the Foster government, and on the other was the opposition, unrepentant of their former misdeeds, and with nothing in the way of a constructive platform or policy to offer to the people. He contrasted the expenditures of the former regime with that of the Liberal administration and pointed out that there was value received for the money expended by the Foster government. In view of the records of both parties the people surely in their own interests, in the interests of their province and of their constituency, must surely support him as the candidate of an administration that was honest, above-board, progressive and business-like.

Mr. Bentley dealt scathingly with a recent anonymous letter writer in the Standard. He indicated clearly his stand on the prohibition question and charged that although the opposition had put prohibition legislation on the statute books they never had any intention of enforcing it. He could bring the documents to prove that, he said. Mr. Bentley was warmly greeted at the opening of his address and heartily applauded at its conclusion.

In County's Interests.
J. A. Barry spoke briefly on matters pertaining to organization in the district. A Conservative representative, he said, would be no assistance to the constituency and would be a detriment to progress at Fredericton. He said that Dr. Barton was out of sympathy with the hydro-electric policy and asked what sort of a show the district would get in the way of deriving benefits from the hydro if it were represented by Dr. Barton. Mr. Barry appealed not only to the Liberals but to the electors generally to support the government candidate for thereby they would be working for themselves.

He said that he would have any one's name not now on the list put on the list if the person would apply to him.

Smashes Waste Charges.
Mr. Foster on an asking to speak was given an enthusiastic welcome. He expressed his pleasure at visiting the constituency and pointed out that this time he was coming with a record of accomplishments and with a programme for the future, whereas five years ago he came merely to persuade the people that they should elect his party to power.

He then went on to review what actually had been accomplished by his administration in practically every department of government. Mr. Foster spoke for fifty minutes in a fluent, lucid and convincing manner and the way in which he shattered the charges of extravagance brought against his administration was particularly effective. Not only did he point out that great work had been done through the medium of the money expended but even more forcibly he demonstrated how the government had increased the revenues and saved the province money.

G. D. Richards, he said, had been charging at public meetings that the government was running the province into debt, that it was piling up deficits and putting the province on the verge of bankruptcy. Mr. Foster took these charges and shattered them one after another.

Mr. Richards had said that the deficit last year was \$1,468,191. The manner of making up these figures was unfair, the premier said. The deficit was \$497,888, and when \$181,000 was deducted from this on capital account of the Provincial Hospital, this reduced the deficit to \$316,888. Mr. Richards had included the deficit on the St. John and Quebec Railway, and he did not think that such was a fair proceeding.

He felt that the government was spending money in a judicious manner and in a way that met public approval. He pointed out how his administration had increased the revenue from the crown lands by \$1,000,000 and showed how the expenses of government had increased through increased protection for the crown lands, which he described as the bulwark of the province's credit through expenditures on colonization roads, administration of the prohibition act, for unemployment, relief, etc.

Mr. Foster concluded his address with an eulogy of Mr. Bentley and a plea to support him.

Local Benefits.
Dr. L. M. Curren dealt particularly with the local situation. He said that the people of the district had reason to be grateful to the government for the Westfield and St. Stephen roads had been put and the employment that was given the people of the district through the South Bay bridge work. In the hydro-electric matter the parish had been left a free agent either to contract with the city or with the power commission for any current they might want. He referred to the adjustment of the taxation question which had been effected through the present administration, and felt that the work at Fort Dufferin would be done this year.

Three cheers for Mr. Bentley, Mr. Dr. Curren, for the premier, and for the king brought the meeting to a close.

Mr. and Mrs. James Gault here announced the engagement of their daughter, Marion Gertrude, to Willard Ashton Smith, son of Mr. and the late W. H. Smith, the wedding to take place at an early date.

Beautiful, richly colored rugs at small cost—

There's nothing like a beautiful, richly colored rug for making a room attractive. The popular Gold-Seal Congoleum Art-Rugs do this at amazingly small cost. In Congoleum patterns you'll find colors and designs suitable for every room in the house.

What a difference they make in your housework, too. Once and for all the drudgery of sweeping is ended. Dirt cannot grind into them as it does with woven rugs. A light mopping makes their smooth waterproof surface absolutely clean and as bright as new. No tacks or fastenings of any kind are needed to keep them flat on the floor.

And you are assured long, satisfactory service by the Gold-Seal Guarantee that's pasted on the face of all genuine Gold-Seal Congoleum.
