President J. S. Home-made Remedy Stops Coughs Quickly

You might be surprised to know that the best thing you can use for a severe cough, is a remedy which is easily prepared at home in just a few moments. It's cheap, but for prompt results it beats anything else you ever tried. Usually stops the ordinary cough or chest cold in 24 hours. Tastes pleasant, too—children like it—and it is pure and good. Pour 2½ ounces of Pinex in a 16 oz. bottle; then fill it up with plain granulated sugar syrup. Or use clarified molasses, honey, or corn syrup, instead of sugar syrup, if desired. Thus you make 16 ounces—a family supply—but costing no more than a small bottle of ready-made cough syrup.

small bottle of ready-made cough syrup.

And as a cough medicine, there is really nothing better to be had at any price. It goes right to the spot and gives quick, lasting relief. It promptly heals the inflamed membranes that line the throat and air passages, stops the annoying throat tickle, loosens the phlegm, and soon your cough stops entirely. Splendid for bronchitis, croup, hoarseness and bronchial asthma.

Pinex is a highly concentrated compound of Norway pine extract, famous for its healing effect on the membranes.

### "\$6 A Month Below Gas," C. F. Sanford

Mr. C. F. Sanford, K.C., goes his good wife one better in noting the benefits and money-saving of Hydro Ranges and Water Heaters.

Their combined electric and gas bill from Nov. 17 to Dec. 17 was \$14.86.

On that day, Dec. 17, the gas stove and water heater departed. A Hydro Range and Water Heater then took over the work. One month later, and this including the extra cooking of Christmas and New Year's, the meter showed a current charge of \$8.68. A clear saving of at least \$6.18.

No one saw Nancy and Nick and the Gairy Queen riding away on Two Spot, the butterfly.

At least Billy and Betty didn't. They were too busy. They were trying to lift Mr. Snow Man onto their sled and haul him up the hill into the house.

It was a difficult task. Even with the aid of a shovel and some sharp sticks, the best they could do was to move him in pieces.

But by and by, there he was standing on the sled almost as good as new.

His little pebble eyes twinkled happily although they crossed a bit from knocking about. His arms were on

It was announced at the annual meeting of the New Brunswick Division of the Red Cross Society yesterday that the sum of \$5,000 must be raised by the members in the province to carry forward the work of care for soldiers in hospital and the mainten-ance of the depot which was essential to the work. The Central Council could not be looked to to assist with these expenditures but should the province be unable to shoulder the responsibility of Junior Red Cross and sponsibility of Junior Red Cross and the home nursing classes, activities which have been supported by head office grants up to the present time, the head offic would still assume this responsibility rather than see either of these two activities suffer.

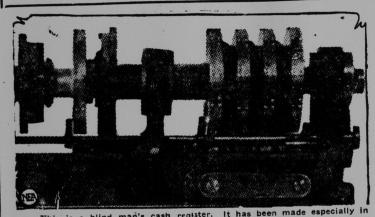

Resignation Regretted With great regret the division received and accepted the resignation of C. B. No Treatment for Coughs and Colds Was Ever So Satisfactory

All these years Dr. Chase's Syrup of Linseed and Turpentine has held its place in the family medicine chest because there has been nothing to equal it.

It holds the confidence of all as the most certain relief from Croup, Bronchitis, Whooping Cough and Asthma.

Bronchitis

Mrs. Fred. Barlow, Crystal Hill, via Spring Valley, Sask., writes:

"My little granddaughter always had bronchitis every two or three months ever since she was a baby, and as the nearest doctor or druggist is twenty-seven miles away, it was very difficult for us to get medical aid.

Stubborn Cough

Mrs. Jos. Hall, Wyoming, Ont., writes:
"I contracted a cold and had a severe cough for 19 long months. I had tried many medicines and was finally advised by two friends to try Dr. Chase's Syrup of Linseed and Turpentine. Before I had finished the second bottle, the cough had left me."

Intends To Meet To

FREDERICTON, Jan. 30.—The Plumbers' Examining Board was in session in St. John on Tuesday for the registration and licensing of plumbers and plumbers' apprentices, according to the regulations recently adopted by the Department of Health. The final meeting will be held Feb. 9 for the registration and possible licensing of all plumbers who apply prior to Feb. 5 without examination. At the last meeting some 40 were licensed.

It is in cases of weakness and run down conditions of the system that Carnol seems to be most effective. Almost from the time you begin taking Carnol, you seem to gain health and strength. It builds up weakneed, poorly nourished tissue, purifies the blood, strengthens the nerves, and in this way tones up all the organs of the system.

Read what Mrs. Dunn says about Carnol,—"An attack of weakness as a result of a run down condition of my system in the fall of 1919, caused my anaemia. For nearly six months I was so weak I couldn't walk across the kitchen floor. My heart was weak and my health was so bad I couldn't' go up stairs. I took different kinds of medicines without getting any benefit, so I asked my druggist, Mr. Ross, of this town, and he advised me to try a bottle

### NORTH AMERICAN LIFE ASSURANCE CO.

TORONTO, CANADA.

THE excellent results achieved by the North American Life Assurance Company during 1924 were gratifying alike to officials and policyholders. The substantial gains shown by the following figures will be a source of continued satisfaction and confidence to all interested in the Company. 

THESE records are an indication of the solid financial position of the Company to-day and, showing as they do, greater strength than one year ago, they point the way to an even more successful year in 1925. In the North American Life, policyholders' interests are the first consideration, over 99% of the profits earned being allotted to them. In considering further insurance, you will be well advised to call in a North American Life representative. The attached coupon will bring you a more detailed report on the Company's 1924 operations.

Morning Stock Letter.

NEW/YORK, Jan. 31.—Stocks were strong all day yesterday, but big advances were confined to specialties and investment stocks. From the way stocks closed it is likely that strength will continue over the week-end, with the industrials profit-taking Monday. There is undoubtedly a great deal of distribution in some stocks. Oils will probably continue to advance in the near future, with Skelly, Pan American, Tidewater, Maracabo and the Standard Oils looking still higher. South, Railway was a feature yesterday as the result of its good earning statement. This stock looks like par in the not distant future. Strength in some of the rails yesterday may mean the start of a new rail move. Strength in some of the rails yesterday may mean the start of a new rail move. This group should go higher this spring. Some switching from industrials to rails, where one wants to take profits and still keep in the market, will probably prove profitable in the long run.

## Deposits increase. A notable feature in the statement is the increase of \$3,000,000 in interest bearing deposits and an increase in total deposits of \$2,500,000 which now stand at \$91,378,285.58. The statement makes it abundantly clear that the bank has maintained its acknowledged strong liquid position. Cash assets are \$26,952,258.58, 24.87 per cent of the bank's liabilities to the public, and quickly realizable assets are shown at \$66,560,102.15 or 61.40 per cent of liabilities to the public. The quick assets include the considerable sum of \$21,667,725.05 invested in Dominion, Provincial, Municipal and other securities. DOMINION BANK CHRISTIAN SCIENCE

## Along the Sport Trail

ONLY A small number of fans turned out last evening to witness the game between the St. Johns and St. Stephen. This is regrettable for if hockey is to be developed in this city the boys, who are giving their time and best efforts, should be encouraged. It is true the St. John team cannot be compared with Sussex, but it is unfair to expect this after the long period the game was dead in this city. It takes years, not days, to develop a championship contender, but there is no reason why this city cannot eventually band together as fast and clever players as other centres. The St. John team today has several good men and some of the intermediates give promise of developing, so the outlook is bright for the future if the fans will only do their bit and help the game by their attendance. There is one thing that the present players will have to bear in mind and that is the fans will not stand for unsportsmanlike tactics. Last evening Jimmy Gilbert was first warned and then penalized for infractions of the rules. This apparently was unavailing and he was again sent to the penalty box for three minutes. Later he was ordered off the ice for five minutes. Jimmy is a good skater, a clever puck handler and a hard fighter, and it is regrettable if he is going to allow his temper ing to anything bordering on "dirty

always be popular but a "dirty" one never. SPORT LOVERS in this city and in fact every citizen has reason to be proud today of the showing made by the St. John contingent of skaters in the Canadian National championship meet in Toronto last night. Gorman captured the 220 yards, while Willie Logan, Clement O'Connor, Tommy Tebo, George Fowler and Frankie Logan won signal honors in preliminary heats. It was in truth St. John's day at the big winter classic. The Chicago boys were also in good form and carried away first in the half and mile events. As already predicted in these columns Charlie Gorman would find Allen and Farrell strong contenders. The former captured the half mile, while the latter led Charlie over the line in the mile and tied him for total points won.

DISTRICT ATTORNEY BANTON of New York is not making much headway in his attempt to bring to light all the facts in connection with the O'Connell-Dolan baseball scandal. Perhaps there are no more details to be given, but fans in general cannot be convinced that such is the case. Dolan, who is said to have been the instigator of the plot to bribe a Philadelphia player to throw a game to the Giants during the closing stages of the National League pennant race, must have had a strong motive in attempting such a dangerous method of winning. It is hard to believe that a man occupying a position of coach would, or could afford, to give away \$500 to help his team win one game. The thought remains that someone higher up was the master mind. Dolan's great excuse up to the present time is "I don't remember." He seems to have a convenient memory and unless District Attorney Banton can get him on the stand under oath the real facts-if there are any not as yet disclosed-will remain a

## ST. JOHN DEFEAT ST. STEPHEN 4 TO 3

Teams Were Evenly Matched But Play Was Rough-Many Penalties.

The St. Johns defeated St. Stephen in a regular league fixture played in the Arena last evening by a score of 4 to 3. The teams were fairly evenly matched and the result was in doubt until the termination of the third period. It was apparent throughout the game that there was considerable feeling between some of the players and rough tactics were indulged in. Referee Fred McLean, however was right on his job and had a steady stream of offenders heading for the penalty box. He also showed an uncanny ability to detect off-side play, forward passes and kicking the puck, and while his continuous whistling had a tendency to slow the game, his im-The St. Johns defeated St. Stephen partiality won the admiration of the

## Phantom Finn's Great Stride

Paavo Nurmi is all that has been said of him. The sturdy Fin nhas proved himself an even greater ner since arriving in the States than had been thought.

Unused to the indoor tracks and sent against the best competition, the invader has swept it all aside with comparative ease. Even the great Jole Ray, generally acknowledged America's premier long distance ace,

has been forced to trail the stellar Finnish athlete.

His tremendous stride, plus wind, endurance and easy running motion, has lifted the Europe top heights in long distance running. Some 25 years or so ago, England sent to America a good pair in Al Shrubb and a chap by the name of Appleby. Shrubb for many years held every running record from two to 10 miles. In addition to beating this clever boxer he also has wins over George "Kid" Lee, the New England lightweight champion; Johnny Shugrue of Waterbury, Conn., and other boxers of ability.

His Local Bouts.

Jimmy made his first appearance here at the Armory and has also boxed in the Arena. He met Johnny Mc-Intyre a couple of times, Irish "Kid" Williams and George Fifield. His last bout was with McIntyre and he was awarded the decision. In his go with Fifield he lost the decision, but many thought the worst he should have been handed was a draw. In meeting Fifield he went out of his class and had to concede the Toronto boy many pounds. He is a very clever boxer, a brilliant infighter, and when in top form can keep up a fast pace from the tap of the gong until the bout terminates. All of his local bouts were over the 10-round distance. Jimmy made his first appearance

Broadway night life, Barbary Chast cabarets, the opium dens of Shanghai, are all pictured with startling realism in the new Will-iam Fox special production "The Man Who Came Back."

The most impressive sequence is the one in the Shanghai Sinks of Iniquity. Here the vices of man and woman, that civilization, as yet, has falled to erase, are shown running rampant in all their viciousness. Men and women beyond recall, slowly ending their useless lives by alcohol and "dope" are shown in all their gruesomeness and hopelessness.

A great moral lesson is contained in this picture, which is adapted from Jules Eckert Goodman's stage success of the same name, base on the story by John Fleming Wi

JOHN MUNDER DEAD.

The death of John Mundee, aged 79, occurred yesterday morning at his residence in French Village, after a lingering illness. He is survived by one brother Michael K., at home. The funeral will be held from his late residence to St. Andrew's church, French Village on Sunday at 2 o'clock. Increase of 12,000 in Weekly Passes Given as Reason-Mileage 1,181,160.

Village, on Sunday at 2 o'clock. St. John people took 8,430,000 rides on the street ears during last year, according to figures given out today at the head office of the New Brunswick Power Company which operates this utility here. This total is 80,000 greater than that of 1923, but the gross income, the statement shows, was \$10,-100 lower than in 1923. The reason for this reduction in revenue, in the face of a much larger patronage, is given as due to a larger proportion of the patrons using the dollar a week pass than was the case in the previous year.

Increase of 12,000.

Passes sold during 1924 numbered 144,000 and in the year before the figure was 1,131,367, and in 1924 how for many years resident of \$1,000 for the year just closed. In 1923 the total number of car mites operated was 1,137,367, and in 1924 how for many years resident, was in the figure was 1,181,160, an increase of 43,793 miles.

Passengers carried last year averaged more than 25,000 on each week day and the average fare, the statement shows, was 43-4 cents.

It was also announced that the wages paid out in the railway department of the company's activities during 1924 amounted to \$148,000, and this is declared to be approximately 40 cents on each dollar of revenue. The sum of more than \$150,000, it was said in conclusion, had been expended on improvements to the street railway system in the last two years.

Thorne Lodge, I. O. G. T. met in their hall, Thorne avenue, last night with Alfred Garland, C. T., presiding. After a business session, plans were made for a sleigh drive. A pleasing programme was given for a large number of visitors including grand lodge and district lodge officers, Rev. Wm. Lawson and Wm. Boodle, grand councillor of Massachusetts, and D. C. T. of Merrimac Valley District Lodge.

Good Programme.

Another pretty little incident in connection with radio broadcasting has developed out of the concert given by St. John artists in the CNRA studio, Moncton on last Tuesday night. Mrs. F. G. Spencer was one of the contributors to the excellent programme and it has pleased her greatly to receive a telegram from friends in New York with whom she stayed as a girl of 16 during her period of vocal tuition. The New York folks had not heard the St. John lady sing since the time she left the big city and, hearing her name Heard From.

Good Programme.

The programme was as follows:
Piano solo, Wm. Roberts; address, Jas.
A. McEachern, G. C. T.; solo, John

Secretary G. P. Kelly; piano selection,
Miss Helen Wheaton; speech, E. N.
Stockford, N. C. T.; speech, R. A.
Brown; duet, Mr. Boodle and Rev.
Wm. Lawson.

Mr. Boodle, who is an excellent entertainer, gave several selections in a very pleasing manner and related several amusing incidents that occurred during the years in which he has been in the work.

Mr. Lawson was called on to deliver a short address, and told of many as the titres abroad and short states and triting abroad and short address, and told of many as the titres abroad and short states and triting abroad and short states and triting abroad and short states are many the services abroad and short states and triting abroad and short states are many the states and triting abroad and short states are many the states are many the services abroad and short states are many the states are many the same and that she is now the mother of an interesting family this little revival of friendship constitutes another radio romance of which there are many these days of broadcasting.

New York folks had not heart the titme she left the big city and, hearing her name mentioned from the air, were naturally keen to keep the dials indicated on CNRA until the whole programme had been discoursed.
