Eclipses in the Year 1849.

There will be four Eclipses this year; two of the Sun and two of the Moon, viz. :—

1. An Eclipse of the Sun will take place on the 22nd February, at the time of New Moon, in the evening, invisible here. It will be visible in the eastern part of Asia, in the North Pacific Ocean, and in Russian America. It will be central and annular on the meridian, in longitude $153^{\circ} 9'$ east from Greenwich, and latitude $41^{\circ} 22'$ north.

2. There will be an Eclipse of the Moon on Thursday, 8th March, in the evening, visible wholly or in part throughout the United States and Mexico, and in the greater part of British America.

Beginning of the Eclipse, 14 min. past 6, evening.

Middle 44 " " 7, "

End 14 " " 9, "

Magnitude, at the middle of the Eclipse, 8.86 digits on the Moon's southern limb.

3. There will be an Eclipse of the Sun, at the time of the New Moon, on the 18th of August, in the morning, invisible. This Eclipse will be visible in most of the Indian Ocean, in the south-eastern part of Africa, in Madagascar, and in the southern parts of Australia. It will be central and total on the meridian, in longitude 91° east from Greenwich, and latitude $38^{\circ} 8'$ north.

4. There will be an Eclipse of the Moon, on the 2nd of September, at the time of Full Moon, in the morning, invisible. It will, therefore, be visible on the opposite hemisphere. Magnitude 7.09 digits on the Moon's northern limb.

First Quarter, Tuesday, 2nd, 27 minutes past 2, forenoon.

Full Moon, Monday, 8th, 39 minutes past 5, evening.

Last Quarter, Tuesday, 16th, 43 minutes past 1, forenoon.

New Moon, Wednesday, 24th, 52 minutes past 4, forenoon.

First Quarter, Wednesday, 31st, 32 minutes past 11, forenoon.

Water.—The Spaniards have a proverb, that "*Drinking water never makes a man sick, nor in debt, nor his wife a widow.*"
Good temper is like a sun, it sheds a brightness on everything.

RECEIPES.

TO CURE WOUNDS IN HORSES, &c.—As there are many useful receipes hidden from the public, for sake of speculation in a small way, by many who would be thought something of in the world, I am induced to lay before the public a receipe for making King of Oil, so called, which, perhaps, exceeds any other for the cure of Wounds in Horses, Cattle, &c., and which has long been kept by a few in the dark. 1 oz. green coperas, 2 ozs. white vitriol, 2 ozs. common salt, 2 ozs. linseed oil, and 8 ozs. West India molasses. Boil over a slow fire for fifteen minutes in a pint of urine. When almost cold, add 1 oz. of oil of vitriol, and 4 ozs. of spirits of turpentine. Apply it to the wound with a feather, which will immediately set the sore to running, and perform a perfect cure.

A SIMPLE CURE FOR RHEUMATISM.—Bathe the parts affected for half an hour with the water in which potatoes have been boiled, as hot as it can be borne, immediately before going to bed. Try it; for some of the most obstinate rheumatic pains have been lately cured by one application of this novel and simple remedy.

TRUE PHILOSOPHY.—The wise woman to whom I am about to allude walks to Boston, from a distance of twenty-five miles, to sell a bag of brown thread and stockings, and then patiently foots it back again with her little gains. Her dress, though tidy, is a grotesque collection of threads and patches, coarse in the extreme. "Why don't you come down in a waggon," said I, when I observed she was soon about to become a mother, and was evidently wearied with her long journey. "We haven't got any horse," replied she; "the neighbours are very kind to me, but they can't spare their'n, and it would cost as much to hire one as all my thread will come to." "You have a husband, don't he do anything for you?" "He's a good man, he does all he can," said she, "but he's a cripple and aa invalid. He reels

my yarn, and spetches the children's shoes; he's as kind a husband as a woman need to have." "But his being a cripple is a heavy misfortune to you," said I. "Why, ma'am, I don't think on it in that light," replied the thread woman; "I consider that I've great reason to be thankful he never took to any bad habits." "How many children have you?" "Six sons and five daughters, ma'am." "Six sons and five daughters! what a family for a poor woman to support." "It is a family surely, ma'am, but there ain't one of them I'd be willing to loose. They are as good children as needs be, all willing to work, and all dear to me; even the littlest boy, when he gets a farthing now and then for going an errand, will be sure and bring it to mam." "So your daughters spin your thread?" "No, ma'am; as soon as they are old enough they go out to service. I don't want to keep them always delving for me; they are always willing to give me what they can; but it is right and fair they should do a little for themselves. I do all my spinning after the folks are in bed." "Don't you think you would be better off if you had no one but yourself to provide for?" "Why no, ma'am, I don't. If I had not been married I should always have had to work as hard as I could, and now I can't do no more than that. My children are a great comfort to me; and I look forward to the tme when they'll do as much for me as I have done for them." Here was true Philosophy!

SPEEDY CURE FOR A SPRAIN.—Take a large spoonful of Honey, the same quantity of salt, and the white of an egg; beat them all up together incessantly for two hours, then let it stand one hour, and anoint the place affected with the oil which will be produced, keeping the part well rolled with a good bandage. This is said generally to have enabled persons with sprained ancles (frequently more tediously cured than even a broken limb, and often leaving a perpetual weakness in the part,) to walk in twenty-four hours.

An invaluable recipe, the writer has proved it.

STOMACH PLASTER, FOR A COUGH.—Take bee's-wax, Burgundy pitch, and rosin, each an ounce; melt them together in a clean pip-kin, and then stir in three-quarters of an ounce of common turpentine, and half an ounce of oil of mace. Spread on a piece of sheep's leather, grate some nutmeg over the whole plaster, and apply it quite warm to the stomach.

SPEEDY REMEDY FOR THE CURE OF A BRUISED EYE—Boil a handful of hyssop leaves in a little water, till they are quite tender: apply it hot to the eye; tie it on tight at bed time, and the eye will be better next morning. This recipe is taken from a large and valuable collection, which formerly belonged to the Earl of Shaftesbury, and it is there asserted, that "a man who had his

thigh terribly bruised by the kick of a horse, was cured in a few hours, only by a poultice of the leaves of hyssop, cut very small, and beaten up with unsalted butter." Culpepper, in his Herbal, asserts the same as to the virtues of hyssop. *How little we know of the virtues of the herbs around us.*

TO TAKE INK STAINS OUT OF MAHOGANY, &c.—Put a few drops of oil of vitriol in a teaspoonful of water, and touch the stain with a feather. On the ink disappearing rub it over with a rag, wet in cold water, or there will be a white mark not easily effaced.

GERMAN CURE FOR A CONSUMPTION.—Take a pound of pure honey, and let it boil gently in a stewpan; then, having washed, scraped, cleaned, and finely grated, with a sharp grater, two large sticks of fresh horse-radish, stir into the honey as much as you possibly can. It must remain in a boiling state about five minutes, but stirred so as not to burn; after which, put it into small earthen pots or jars, and keep it covered up for use. Two or three table-spoonful a day, or more, according to the strength of the patient, and for some time persevered in, is said to perform wonders, even where there is a confirmed *phthisis pulmonalis*, or Consumption of the Lungs.

PORTABLE BALLS FOR TAKING OUT SPOTS FROM CLOTHES.—Take Fuller's earth, dried so as to crumble into powder, and moisten it well with lemon juice; then add a small quantity of pure pulverized pearl ashes, and work up the whole into a thick paste. Roll into small balls and dry in the heat of the sun. The manner of using them is by moistening with water the spots on the cloth, rubbing the ball over them, and leaving it to dry in the sun; when, on washing the spots with common water, and often with brushing alone, they instantly disappear.

GERMAN SYRUP FOR COUGHS, SPITTING OF BLOOD, &c.—This excellent and simple remedy for such alarming symptoms cannot be made too public. "He must," says the learned and liberal Dr. Fuller, "be a mere stranger in physic who is not acquainted with this most noble syrup, and how mightily it succours those who cough up blood." It is thus made:—Take of comfrey root six ounces, and twelve handful of plantain leaves; cut and beat them well; then strain out the juice, and with an equal weight of sugar, boil it up to a syrup. *This recipe is worth the price of fifty Almanacs.*

SYRUP OF GINGER.—An agreeable and moderately aromatic syrup, impregnated with the flavour and medicinal properties of ginger, is thus prepared. Macerate an ounce and a half of beaten ginger in a quart of boiling water, closely covered up, for twenty-four hours; then, straining off the infusion, make it into a syrup by adding at least two parts of fine loaf sugar, dissolved and boiled up in a hot water bath.

CROWN LANDS.

Fifty Acres of Crown Lands

WILL BE GIVEN to any BRITISH SUBJECT, Eighteen Years Old, provided with a Certificate of probity and sobriety, signed by some respectable Persons, and 150 Acres more, adjoining each Lot, can be bought at any time within Ten Years at 8s. per Acre, in the Wellington and Simcoe Districts. Mr. George Jackson, Agent; Office, near Hunter's Tavern, Garafraxa Road. The Settlers to take possession within One Month after the Date of the Ticket; to build a House, and reside on the Lot, and Cultivate 12 Acres in Four Years. But Families, entitled to more than one Lot, need only build one House, in which all may reside, provided they Cultivate 12 Acres on each Lot. Persons not having fulfilled these engagements will lose their Lots.

Land is given, also, in the Counties of Simcoe and Waterloo, on similar conditions. Mr. George Snider, Agent; Office, near Hall's Tavern, in the Township of Amaranth.

Land can, also, be obtained in Lower Canada, on the same terms.

For further Particulars See Government Advertisement.

J. Swain & Co.'s Hygeian Medicine.

VEGETABLE RESTORATIVE PILLS.

(Hitherto known as Worsdell's.)

For sixteen years in England, and four years in Canada, these Pills have proved themselves the best Family Medicine now in use.

Hygeian Bitters,

EXCELLENT FOR STOMACH AND NERVOUS COMPLAINTS.

INFANTS' RESTORATIVE,

A most valuable Medicine for Children.

Ague Medicine, Herculean Mixture, and Pills,

A most efficacious Remedy.

These Medicines are warranted free from all Mineral and Mercurial Poisons, being composed solely of *pure Vegetable substances*; and, wherever they have had a fair trial, have given universal satisfaction.

SOLD BY J. SWAIN & Co., TORONTO, and by upwards of Eight Hundred Agents in Upper Canada alone.

Sixth Series of Cures by J. Swain & Co.'s

HYGEIAN MEDICINE,

Or Worsdell's Vegetable Restorative Pills.

These Pills are fully established as the best Family Medicine now in use, by the astonishing Cures they have performed, under the blessing of an all-wise Providence, who has filled the earth with Vegetables suitable to the Cure of every Disease incident to the Human Frame; and which, as Dr. Anderson says, "Has been the means of sending thousands back to Society cured, who had given up all hopes of being recovered." It may be a query with some how these Pills can cure so many different complaints; but, when we consider that by far the greatest number of the complaints to which we are subject arise from impurity of the Blood, this ceases to be a matter of surprise, and the only wonder is, that Medical Men have not sooner and more diligently turned their attention to the one great object—the purification of the Blood!

Read the following Letter from a highly respectable Member of the Society of Friends.

Eramosa, 3rd Month 17th, 1848.

J. SWAIN & Co.,

Respected Friends,—Having, for some twelve months, been agent for the sale of your Pills, I deem it an act of duty to inform you of their success in this section of country. Not having tried them before my appointment as agent, I hesitated in recommending them, until I was pointedly asked if I knew where they could be obtained. The person inquiring (his name is John Gavan) had been subject, for a considerable time, to a pain in his side, accompanied by dizziness and head ache. Not knowing the properties of the Pills, I let him have two boxes on the "No cure no pay" system. When I next saw him, two or three months after, he said, "I would not take £50 for the good those Pills have done me." *In consequence, however, of neglecting your plain directions, in reference to old standing complaints, he relapsed considerably. - I supplied him with two more boxes, which entirely renovated him.* There was another case in this neighbourhood precisely similar. Several more cases have come under my observation, in which your Pills have been productive of great relief; I should rather say of decided cure, and that in cases of very great suffering. One, an instance of inveterate Scurvy, in which two boxes produced a complete cure. Another, of long-standing Stomach Complaint, in which two boxes also effected a cure. A third, of Fits, in which the patient was not expected to live until relief could be obtained. *In short, in no instance, to my knowledge, have your Pills, when properly administered, failed to produce effects salutary to the afflicted, and encouraging to you.*

WILLIAM WETHERALD.

Stomach Complaint, of Twenty Years Standing, and Piles, Cured by the use of J. Swain & Co.'s Pills and Hygeian Bitters.

Bertie, Niagara District, C.W., Jan. 30, 1848.

To J. SWAIN & Co.,

Gentlemen,—For twenty years I have been afflicted with a Stomach Complaint, attended with great pain and uneasiness, and followed by extreme debility after eating any rich or even plain food. I called upon several Physicians, hoping to obtain relief, before my leaving England (sixteen years ago), but all to no effect. About a month since, my son, Samuel Cowthard, brought me a box of your Pills, and a Bottle of the Bitters, which I immediately

commenced taking; and, after using two boxes of the Pills, and one bottle of the Bitters, I was restored to perfect good health; indeed, I am better than I have ever been for the last twenty years, for now I can eat and drink as well as any member of my family. I have, also, been much afflicted with Piles, and I am happy to say I am completely cured of that distressing complaint, also by the use of your valuable Hygeian Pills and Bitters.

I remain, Gentlemen, gratefully yours,

SARAH COWTHARD.

The following striking Testimony is from the Rev. Nathan Parke, a well-known Episcopal Methodist Travelling Preacher.

Messrs. J. Swain & Co.,

Gentlemen,—The Medicine you sent I received. I have cause to be very thankful for the benefit your Pills have done to one of my children, who was afflicted about six weeks with Fever and Ague. Many attempts to cure her had been made, but to no good, until I gave her some of your Pills. After taking the third dose, she had no more symptoms of disease.

I remain, &c.,

NATHAN PARKE.

Chatham, C.W., July 22, 1848.

Query? Will not the above induce those similarly afflicted to try the Pills,

Fever and Ague and Small Pox.

Buffalo, Feb. 14th, 1848.

Messrs. J. SWAIN & Co.,

Gentlemen,—I have great pleasure in informing you of the speedy cure I experienced by the use of your Herculean Mixture and Ague Pills. I have been afflicted with the Fever and Ague most of the Summer, during which time I have used Osgood's Colagogue, and have also taken Medicine prescribed by three or four Physicians, all of which only seemed to weaken my constitution, and reduce me to a mere skeleton. In this state I was obliged to give up my trips as Captain of a vessel, and remain at home; where I heard of your Medicine, and sent for you. After taking one box of your Ague Pills, and two bottles of the Mixture, I began to gain my strength and flesh, and in a short time I was completely restored to health. I would also add, that my family

received very great benefit while labouring under the "*rury alloyed*," and some of them the Small Pox, from the use of your Hygeian Restorative Pills: they took them freely, on the first appearance of the disease. They cleansed the system, and enabled them to get over the disease much better than any other children in the neighbourhood. The Doctor connected with the Board of Health was completely astonished, and said that though they had the Small Pox they were not sick, hence they did not remove them to the Post House; I, therefore, had the pleasure of keeping them at home.

Yours respectfully,

A. B. PETRE.

Stoney Bridge, January 5, 1848.

MESSRS. J. SWAIN & Co.,

Gentlemen,—We have sold a great many of your Pills, which have not only given general satisfaction as a Family Medicine, but have performed many remarkable Cures, among which we would just mention the case of a girl, named Anna Mairn, about fourteen years old, who passed a Tape Worm, about two yards long, by using one box of your Vegetable Restorative Pills.

We remain yours respectfully,

BUCKBEE & DAVIS.

MR. SWAIN,

Sir,—A young man, in our employ, was cured of Fever and Ague, by one box of your Pills, and a few doses of your Herculean Mixture; also, a Mrs. Shaw, one of our neighbours, was cured of the same complaint by a few doses of the Pills only.

Yours, &c.,

HODGKISS & Co.,

Black Rock Foundry.

18th March, 1848.

MESSRS. J. SWAIN & Co.,

Gentlemen,—I have great pleasure in being able to inform you that I was cured of the Fever and Ague by the use of a part of a box of your Pills, without taking the bottle at all. I was left in an excellent state of health, and I can recommend them to any person afflicted with the same distressing complaint.

I remain, Gentlemen,

Yours respectfully,

AUGUSTUS W. SHRIGLY.

Port Robinson, Dec. 21, 1847.

Hygeian Establishment, Mammoth House, Toronto.

FOUR CURES IN ONE FAMILY,

BY

J. SWAIN & Co.'s PILLS !!

At for the Small Cost of 1s. 3d.

Read the following Letter: inquire into, and satisfy yourselves of the truth of the facts. Mr. Daniels is well known, and universally respected as a man of strict integrity. He will be glad to give any further information, should it be wanted:—

“College Road, (near Toronto,) Aug. 16, 1847.

“MESSRS. J. SWAIN & Co.,

“Gentlemen,—You are aware that I have, for several years, been in the practice of using your Pills as a regular Family Medicine, but it was not until this Summer that I was so fully aware of their peculiar virtue in that distressing disorder the Cholera Morbus, or Summer Bowel Complaint. I was myself attacked with it, a short time ago, and two doses of your Pills, of five each, cured me. My hired man, John Sayer, was also attacked in the same way, and ten Pills cured him also. My nephew, Dennis Daniels, had a similar attack, and was entirely relieved by the same means. But the most remarkable case was of an immigrant boy, just come out, who had indeed a most violent seizure of Bowel Complaint; he was so bad that the evacuations actually ran through him as he slept, *but, strange to say, (yet not more strange than true,)* ten Pills, in two doses, cured him. * * *

“WILLIAM DANIELS,

“Market Gardener.”
