### Chinese To Sign With Austria

Delegate C. T. Wang Said the Chinese Would Gain Membership in League of Nations' Covenant in That Manner—Also Sign Hungarian Treaty.

Paris, July 2.—(By The A. P.)—The Chinese delegates to the peace conference expect to sign the treaty with Austria, C. T. Wang, a member of the delegation, told The Associated Press correspondent today. He said the Austrian treaty contains nothing objectionable to his government, such as was included in the League of Nations' Covenant. He said the Chinese would gain membership in the league in that manner.

The Chinese also will sign the Hungarian treaty, he said, as China declared war against Austria-Hungary but they probably would not sign either the Turkish or Bulgarian treaties as war was not declared against these countries by China.

Messages received from Peking by the delegation according to Mr. Wang, show the government and the people are heartily supporting the delegation's refusal to sign the German peace treaty without being able to make reservations on the Shantung question. He said national feeling in China had been greatly strengthened by the delegation's action. The delegation's advice said no new cabinet had been named in China to succeed that which recently resigned, but that Kung Hing Chun has been acting as premier.

Peace with Germany would not be considered by the Chinese government, Mr. Wang stated, until the Austrian and Hungarian treaties were concluded. It will then doubtless be necessary for China to make a separate peace with Germany, he added, if no way can be devised by which she can sign the Allied treaty without sacrificing her national interests.

### The Winnipeg Labor Temple Raided Tuesday

Documents, Literature and Letters of Every Character Were Seized by Royal West Mounted Police in Early Morning.

Winnipeg, Man., July 2.—Documents, literature and letters of every character were seized when the Labor Temple and thirty members of the radical socialist party of Canada and members of the Ukrainian society democratic party were raided early yesterday morning. The raid which was conducted on information which has been proceeding for months, long before it was thought Winnipeg would have a general strike, and is part of the programme against the spread of Bolshevism, was carried out by the R. N. W. M. P. under the direction of federal authorities.

### FITZ-RANDOLPH CASE WAS RESUMED

Evidence to Prove the Marriage at Boston Was Offered and Sister-in-Law of Plaintiff Gave Evidence at Fredericton Yesterday.

Special to The Standard. Fredericton, July 2.—When the Fitz-Randolph divorce case was resumed here this afternoon, A. J. Gros, K. C., for plaintiff, read the specific charges from the libel upon which the claim for a divorce is based. Evidence to prove the marriage of the plaintiff and defendant at Boston on March 12th, 1903, was offered and Mrs. Robert Fitz-Randolph, sister-in-law of the plaintiff, was then called as the first witness. Her evidence dealt entirely with the position occupied by the defendant in the Randolph family and she also told of the defendant having become addicted to the use of intoxicants. The witness said the plaintiff was fond of outdoor sports while his wife appeared more taken up with the social whirl. Dr. J. B. M. Baxter, chief of counsel for defence, entered objections to the evidence being taken as irrelevant, but Judge Crockett allowed it. The case will be continued on Thursday at 10 a. m.

### ALBERTA GRAIN COMPANY GENERAL MANAGER RELUCTANT GIVING EVIDENCE YESTERDAY

Rather Shy Before Cost of Living Committee of the Commons When Asked Income He Derived as Manager of the Company.

HE ADMITTED THAT SALARY WAS \$5,000 Also a Management Commission of Five Per Cent. on Net Profits Allowed Him—Authorized Capital Three Million Dollars—The Net Profits.

Ottawa, July 2.—Vice-President and General Manager MacFarlane, of the Alberta Grain Company of Calgary, was reluctant this morning to tell the cost of living committee of the Commons the income he derived as manager of the company. He admitted that his salary was \$5,000 and a management commission of five per cent. on the net profits was allowed him. However, he would not state what he personally got, or what the others were who also got a commission. He was told that he would have to give the information later. The company was formed some six or seven years ago and the story of operations for six years were told in brief this morning. The authorized capital was three million dollars, half being seven per cent. preference shares and half being common. Shares to the par value of \$25, 600,000 were issued, and R. Banant, ex-M. P., said the witness took 1,300 shares of each, for which he paid \$324,000. He did not know for whom Mr. Banant bought this stock. Starting with a turnover of six million bushels of grain in 1912-13, Mr. MacFarlane presented figures to show that in 1917-18 the turnover was \$4,000,000 bushels.

The net profits were as follows: 1912-13, \$232,823; 1913-14, \$480,819; 1914-15, \$226,260; 1915-16, \$390,369; 1916-17, \$2,173,306; 1917-18, \$1,779,826.

The replacement and reserve fund on August 15, 1918, was \$1,500,000 and the amount carried over \$1,559,723, making a total of \$3,059,723 or more than the original capital.

Mr. MacFarlane said there were about 365 shareholders. Last year the common stock was valued in the United States at \$185 to \$200. The first meeting of the company was held in the office of R. B. Bonst and Sir James Loughheed.

In 1912-13 the percentage of profit on capital was 12.16 and succeeding years the percentages on investment and accumulated capital were as follows: 15.7 per cent, 29 per cent, 16 per cent, 35.46 per cent, and 34.6 per cent.

The net profits given were, after deducting the five per cent. management commission. The only deductions to be made were the business profits taxes which amounted to \$252,456 in 1915-16; \$1,120,749 in 1916-17; and \$168,259 in 1917-18. In 1914-15 the replacement reserve stood at \$480,000, in 1915-16, \$1,000,000, in 1916-17, \$1,250,000 and in 1917-18, \$1,500,000.

In 1914-15 a dividend of 15 per cent. was paid on the common stock, 18 per cent. in 1915-16, 26 per cent. in 1916-17 and 33 per cent. in 1917-18. In the last year the nominal dividend was 10 per cent., but two bonuses of ten and fifteen per cent. were paid.

When the witnesses had presented these figures R. A. Pringle remarked "You made an awful mistake in going into law."

The witness replied that this year, the figures for which were not completed, was a bad year. "Well, you can stand it," said Mr. Pringle. (Continued on page 2)

### Icebergs Outside St. John's Entrance

Newfoundland Governor Has Requested Warship Cumberland to Fire Few Shots at Bergs Breaking Their Up

St. John's, Nfld., July 2.—Icebergs outside the harbor entrance here have interfered with the operations of trap fishermen to such an extent that Governor Hays requested the warship Cumberland to fire a few shots at the bergs with the intention of breaking them up. Some great bergs, moving down the coast much later in the season than usual, grounded off the mouth of the port.

The plan of shooting the barrier to pieces was resorted to as the only means of forcing the ice to continue its movement south. Some of the northern ports continue to be bound.

### Parliament Will Rise Saturday

For Legislative Achievement and Political Interest the Session Probably Stands Unrivaled.

TO CREATE TRIBUNAL FOR CURBING GREED

During the Recess the Prime Minister Will Reorganize the Cabinet and Many Political Landmarks Will Pass

Ottawa, July 2.—Parliament will rise on Saturday, completing a session which for legislative achievement and political interest probably stands unrivaled. In the past few days more measures have been translated into law than were in the ordinary four months' sessions of pre-war days. Tomorrow one of the vital measures of all will be taken when the government's stand on creating a Court of Commerce comes up for second reading. The aim is to create a tribunal which shall curb the greed and profits of trusts, monopolies and combines, see that prices are not exorbitant, and otherwise give the public a square deal. Its constitution will be along the lines of the Federal Trade Commission in the United States. It will be composed of three members, will be independent of political interference, and vested with the widest powers.

No legislative effort can be given to the report of the Industrial Relations Committee this session. The reason that before carrying on attempting to carry out some of the chief recommendations of the report a conference with the provinces is necessary, and this cannot be done in time to frame legislation before the House rises for the summer. It is the intention of the government, however, to confer with the provincial authorities almost immediately and it can be predicted with certainty that important labor legislation will be introduced when the House resumes in the early fall.

During the recess the Prime Minister will reorganize the cabinet. New blood will be infused into the ministry, and it is expected that many old political landmarks will pass from the scene.

By-elections will follow cabinet reconstruction, and a line will thus be had upon the mind of the country. The government is supremely confident despite the great unrest which prevails, its position is absolutely secure, as with Bolshevists, laborites, grain growers and opposition Liberals all divided, and without any definite programme, there is no alternative.

The Ministerial Tariff Commission, later to inquire into national economic conditions with a view to working out a scientific tariff policy, will start on its tour through the country some time in September. It will probably begin its sittings on the Pacific coast, working eastward and hearing the representations of all classes of industry, mining, lumbering, fishing, farming and manufacturing.

### WON'T ADMIT DEATH WAS DUE TO ARSENIC

Counsel for Defendant in Lawrence, Mass., Murder Case Says Physician Certified Woman Died of Cerebral Hemorrhage.

Lawrence, Mass., July 2.—Admitting there was arsenic in the body of Miss Florence W. Gale, the invalid for whose murder Mrs. Besant (Skeels) Loughheed, is on trial, Daniel J. Daley, counsel for the defence, in his closing argument today refused to admit that death was due to arsenic. He argued that if Dr. Abbott, the Gay family physician, who certified that Miss Gale died of cerebral hemorrhage now says he saw symptoms of arsenical poisoning, and did not administer an antidote we have the wrong defendant in the chair.

Counsel said there would be no request for a verdict of manslaughter. The defendant was guilty of murder in the first degree, he said, or she was innocent.

### Excited by Inflammatory Speeches Italians Attack and Destroy Shops at Forlì

Forlì, Italy, July 3, (By The A. P.)—After a great meeting here yesterday, in which a vast crowd protested against the high cost of living, the people, excited by inflammatory speeches, attacked and destroyed many shops which refused to sell commodities at lower prices.

Soon the fury of the mob made no distinction and had no limits. All the principal shops were plundered, and the mobs controlled the entire city. They took possession of lorries and transported all kinds of goods and food supplies from the pillaged shops to the Chamber of Labor. In the walls of this chamber they wrote:

"These goods are at the disposal of the people."

The situation grew worse during the day, assuming a revolutionary character, and the mob continued to loot and destroy all kinds of property.

The food riots here, however, differ fundamentally from those at Scopozza early in June. At Scopozza the rioters looted for their own advantage, while at Forlì most of what was taken from the shops was transferred to the care of the municipality, or the Chamber of Labor, to be distributed to the people, or sold at low prices.

The value of the goods stored by the municipality was estimated at 8,000,000 lire. The proprietors of those shops which escaped sacked, which is composed of socialists and republicans, and they ordered that the shops be re-opened and the goods sold for half price under the supervision of representatives of the demonstrating masses.

Despite this apparent return to order in the riotous movement, the losses are enormous, owing to the destruction of shop fittings and commodities which could not be easily transported, such as gasoline, which was burned in great quantities.

### Much Discussed Highway Act Passes All Three Stages Without a Division

Special to The Standard. Ottawa, July 2.—After fighting the Highways Act all day, tooth and nail, the opposition suddenly collapsed late tonight and this controversial measure passed through all three stages without even a division. The opposition to the bill was most determined and, at one time, it looked as if it was hopeless to get the measure through. Not only did the Liberals oppose the bill, but they were vigorously supported by Dr. Michael Clark, from the cross benches, and A. L. Davidson, of Annapolis, one of the government whips. An amendment, moved by Sir Robert Borden at the last minute, helped to smooth out the opposition, as far as the government was concerned. He proposed that the work should be let by tender and contract, except where the two governments should otherwise agree.

The opposition from the government benches was largely on the ground that the provincial governments could use the subsidies for political patronage purposes. This satisfied the government malcontents and the Liberals who had been opposing the bill evidently did not want to face a vote and the bill then slipped through every stage without a division.

### CANADIAN SENATE ADHERES TO ITS STAND RE ORDER-IN-COUNCIL AFFECTING LIQUOR QUESTION

Opinion Divided as to the Efficacy of the Order—Several Senators Go on Record as Proclaiming the Order a Vicious One and Paves the Way for Illicit Conditions That Are Causing Crime and Serious Disorders.

Ottawa, Ont., July 2.—By a vote of thirty to twenty-two, today, the Senate adhered to its decision of last week, that the Government's order-in-council in regard to the manufacture and transportation of intoxicating liquor shall transpire with peace, and not continue for twelve months after the signing of peace. The major claim before the Senate today in the form of a message from the Commons announcing that the House did not agree to the amendment of the Senate to the Government's prohibition bill striking out the twelve months' post-war prohibition.

Sir James Loughheed, Government leader in the Senate, moved that the Senate should not insist on its amendment. It was on this motion that the vote was recorded.

Senator W. D. Ross, Nova Scotia, said that the order-in-council of the Government for which confirmation was asked declared that the manufacture, importation and sale of liquor should be prohibited for the period of the war and for twelve months thereafter. The question arose as to when the war ended. There was no doubt that practically the war ended with the cessation of hostilities and the signing of the armistice. However, it could be held technically that it had not ended until peace had been signed with the representatives of all four of the enemy countries, and had been ratified by the legislative bodies of those countries and all the Allied countries. The prohibition people and the Government were asking that prohibition in Canada should be continued for twelve months after the termination of the war. If the war ended with the armistice, the promoters of this legislation would get all if the date for the termination of the order-in-council were fixed for November 11 next. He suggested that there be an agreement between the two Houses to this end.

Senator Michener (Red Deer) said that it was thought in Alberta, at first, that the Federal order-in-council was an enabling measure, designed to give effect to provincial legislation. It was found, however, that the prohibition act set aside the Alberta decision with respect to the individual. The result had been an unwholesome development of illicit manufacturing and selling of liquor in that province. The provincial act had been well administered and had greatly improved social conditions by the reduction of the volume of drinking.

The conditions that had developed in illicit liquor, as the result of the Dominion prohibition, were very bad. Prohibition was being sold and conditions created which resulted in the development of such a sentiment that he doubted if prohibition would again carry in Alberta if put to a vote. The Attorney-General of the province stated that sixty per cent. of the people were breaking the law.

Senator Roche, Halifax, said that the public social conditions in Canada at the present time required the Government to exercise authority for peace, order and good government. Large numbers of troops were being landed at Halifax. The men came home with money in their pockets, and, having been under military restraint for a long time, were, naturally, susceptible to the temptation of a great number of bad characters who had swarmed into Halifax to get the money away from them. Liquor was being sold by such characters, and to the liquor could be traced serious disorders that had occurred in Halifax.

### WINNIPEG STRIKERS NOT SATISFIED

Many Have Been Refused Their Old Jobs, and Some Refuse to Work on Conditions Offered.

Winnipeg, Man., July 2.—The Western Labor News says today: "After nearly nine weeks of strike and strike the metal shop workers went back to work this morning. That is, the strike is off, although some men are not reinstated, and some others refuse to go back on the conditions offered."

"The big three employers are still opposed to collective bargaining as understood by trades unions. They refuse to deal with the business agents of the unions. Some of the smaller firms do recognize the unions in the true sense."

### MONTREAL GARMENT WORKERS ON STRIKE

Montreal, July 2.—The garment workers union called a strike in Canada today. The operatives are demanding the same wages that are paid here in the United States. Two thousand members responded to the strike order in Montreal.

### Von Hindenburg, Resigned Chief, Makes Statement

Berlin, July 2.—(By The A. P.)—Field Marshal von Hindenburg, who resigned as chief of the general staff June 29, is reported to have told students from Göttingen, who called on him that "if our foes want to stand an old man like me who has but done his duty, up against a wall, they may have him. They would only lead another disgrace upon themselves."

### The Prince Made Visit To Potsdam

Reported After Former German Crown Prince Paid Flying Visit to His Family He Returned to Holland—Crossed Dutch Frontier in Auto.

Paris, July 2.—Despatches received at Geneva, regarding the former German Crown Prince whose reported escape into Germany was denied state that the interned prince made a flying visit to Potsdam and returned to Holland. The reports from Constance and Munich, said the former Crown Prince crossed the Dutch frontier in an automobile and visited his family in Potsdam.

The escape of the former German Crown Prince from the Island of Wieringen, reported through the British intelligence office at Paris on June 26, was followed the next day by an official announcement that the Hague that he still was in Holland.

Later there were other reports that he had left his place of internment. Recently, however, it was announced that his escape on the Wieringen passage had been extended for three months.

### Organization of Scottish Society On Dominion Day

Eastern Nova Scotia Delegates Meet in Iona, C. B.—Study of Gaelic Language and Literature Among the Objects of the Society.

Sydney, N. S., July 2.—A Scottish society which its promoters hope will spread itself in course of time over the whole of Canada, was organized on Dominion day at a meeting of delegates from all parts of eastern Nova Scotia, held in Iona, C. B. The preservation of Scottish tradition by the promotion of the study of the Gaelic language and literature will be one among the many objects of the newly organized society which will have in view Rev. D. M. MacAdam outlined the aims and objects of the convention. Bishop McDonald, being called upon spoke concerning the sterling character of the Scot, referring in vivid terms to the part the Scotch race has played in the world war. The following names for officers of the society were presented by a committee appointed for that purpose and were passed upon unanimously by the meeting: Hon. President, Neil McNeil, L.L.D., Boston; President, Dr. D. MacDonald, North Sydney; Vice-president, Allan MacDonald, Antigonish; Treasurer, Rev. R. McInnis, White Point; Secretary, Rev. Stanley MacDonald, Sydney Mines.

### DIRIGIBLE R-34 MAKING GOOD PROGRESS

Commander Scott Expects to Arrive in New York Friday Morning.

London, July 2.—The British dirigible R-34 at 6.10 o'clock this evening Greenwich mean time, had reached 53 degrees 50 minutes north latitude and 20 degrees west longitude.

The R-34, answering a wireless question by East Fortune as to whether it was receiving adequate weather reports replied: "Yes, we are in touch with Ponta Delgada, St. John's and Clifden, (Ireland)."

London, July 2.—(By The A. P.)—The Air Ministry has received a report from Commander Scott that at 20.15 Greenwich time, (4.15 p. m. New York time), the dirigible R-34 was flying westward at 30 knots, 2,000 feet above the sea. At this height the R-34 was above the clouds and enjoying brilliant sunshine. Commander Scott expects to arrive Friday morning.

Everything Ready For The Big Fight

Thousands of Enthusiasts Seeking to Lay Their Heads in Toledo—The 25,000 Hotel Cots and Beds Reserved—Fighters Complete Training and Rest Today.

Toledo, O., July 2.—Sweeping down upon the city today is the storm of the Lake Erie, by every means of modern transportation, thousands of enthusiasts are tonight seeking places to lay their heads during the forty odd hours that intervene before Jess Willard and Jack Dempsey decide who is the better man in the world's heavyweight pugilistic championship. Long lines of railroad trains, strings of steamboats, endless chains of automobiles and even an occasional airplane are depositing their burden of human freight. Every arrangement for the caring of visitors is being tested to the limit, and it appears certain that tomorrow night will see accommodations unavailable at any price. It was stated this evening that every one of the 25,000 hotel cots and beds have been reserved while the overflow was being shunted into private rooming places and huge vacant stores and office buildings. Outside the city, in the outskirts and in the parks along the lake front, tents are being erected by thoughtful motorists, who brought their sleeping quarters on the running boards. The gathering of vanguard began to make its presence known early today. At twilight it was almost impossible to move about the corridors of the leading hotels, except at a low rubbing, dodging and the novice rubbed shoulders with sport celebrities from all parts of the continent. It is estimated that between fifty and seventy thousand visitors will surge into Toledo during the final 24 hours and there will be need of extraordinary facilities to avoid a repetition of the scenes at Reno, before the Johnson-Jeffries contest, when hundreds of men with lots of money in their pockets slept on lumber piles or grass plots. Many visitors, dry and dusty, found a surprising and welcome oasis behind palms and swinging doors of real bar rooms, where brigades of white uniforms attended to them as they crossed the same old mahogany and federal state laws to the contrary notwithstanding, concocted thinking that their "care" in which John Barrymore played an important part. It did not require a personal introduction to the apportioned ground in order to come in close contact with these due, dressers and many a man who brought his liquid refreshments with him from distant points, marvelled at the reports of the "big fight" and his financial outlook and precaution before he extricated for Toledo. Both boxes completed their training this afternoon and tomorrow will be a day of relaxation.

YORK COUNTY COUNCIL MEETING

Semi-Annual Session Opened in Fredericton With Prayer Yesterday and Closed With Light Refreshments.

Fredericton, July 2.—The semi-annual meeting of the York County Council opened this afternoon with Warden Hallett presiding. Deane Nesles gave the opening prayer and later addressed the council referring to the coming of the Maritimes. The report of Robert Carter, the auditor, showed a \$2,014.49 credit balance in accounts of Secretary-Treasurer Mrs. A. Williams. The council closed at 10:05 o'clock on road tax fund. After hearing reports of some committees and naming the new committees for the present session, the council adjourned until Thursday morning and enjoyed light refreshments as guests of Warden Hallett.

TRANSFER OF THE MILITARY HOSPITAL

The military hospital on Prince Street, West Side (formerly the School for the Deaf) is now a civilian institution conducted under military direction. Its services, which were formerly confined to men in uniform, are now available to every military man, in or out of uniform. Major Thomas, the former general superintendent, is still retained on the staff in a consultative capacity, the other members of the organization being Dr. G. B. Pea, medical superintendent; Dr. A. P. Crockett, eye, ear, nose and throat specialist; Dr. W. W. White, consulting physician; Dr. S. Skinner, consulting physician; Captain Nursing Sister Gaskin. The transfer of the hospital from the military authorities to the Soldiers' Civil Re-establishment Commission was completed Tuesday.

UNIQUE HAS NEW SERIAL

"THE LIBERATOR" Featuring Maciste the Miracle Man of the Movies.

Unique opens today with a new serial that promises to eclipse anything else shown in this theatre. It is other than "The Liberator" featuring Maciste, the most unique figure in pictures. It is a "war" picture, although Maciste is always in a conflict of one kind or another. It bristles with action, satisfies with its thrills, stunts, and startling situations and supplies many a laugh when least needed. There is romance and mystery plenty, and Maciste is at his best from main title to trailer. The final episode of the Lightning Raider, also Charlie Chaplin in his comedy, will be shown, making this a veritable programme that will satisfy just one word of advice about your next typewriter.

Thirtieth Annual Meeting Yesterday

St. John Presbyterian Held Sessions at Fredericton—Addresses Delivered and Interesting Reports Were Received from Delegates.

Special to The Standard. Fredericton, N. B., July 2.—The thirtieth annual meeting of the St. John Presbyterian Church opened at the Fraser Memorial Hall this morning. The first session was devoted to the singing of the Doxology, followed by devotional exercises, led by Miss Cora Sinclair. Mrs. George W. Hodge delivered the address of welcome on behalf of the visiting delegates and the following day they would enjoy themselves while in Fredericton and at the meeting of the Presbyterian world-wide good one. Mrs. R. D. Ross, of St. Stephen, reported on the reports from the delegates and the people of this city had received them very hospitably and she felt that their stay in such a beautiful place as Fredericton could not be anything but pleasant. Following these addresses a nominating committee was appointed. The Past Secretary, Mrs. John Thomson, of Robesay, gave her report. She said she had not received any reports from the other secretaries. Following this report, reports from the county vice-presidents were read. In the absence of the president, Mrs. J. H. A. Anderson, Mrs. John Thomson, the vice-president, delivered the address on behalf of the president to the delegates. She spoke very feelingly of the death of Miss Grace Stevens, who had been honorary president of the Presbyterian since 1871. The previous year she was the president. Mrs. George W. Hodge introduced a memorial fund for the late Stevens. It was decided to raise this fund in addition to other funds and that the disposition of the money is collected each year. Mrs. A. R. Melrose, of St. John, introduced two resolutions. One of them was that the estimates be increased so that there would be no need of making so many extra appeals to raise funds for special purposes; the other resolution was to empower the St. John people to use part of the money for work among foreigners without the need of applying to the Home Mission Board for permission to use the funds. The afternoon session of the Women's Presbyterian opened at 2:30 o'clock, with Mrs. John Thomson, of Robesay, vice-president, in the chair. A devotional service, led by Miss Jennie A. Robb, a missionary from Korea, was followed by the reading of the minutes of the morning's meeting, which were adopted. These were read by Mrs. James Ross, of Halifax, acting secretary, who also read the secretary's report for the year, which was adopted.

Miss Sinclair, the Presbyterian deaconess at St. John, read her seventh annual report, in which she described the work carried on in St. John during the year. Several hundred visits had been made by Miss Sinclair and her assistants to the homes of the poor and the sick. She also said that the work among children's aid society, and social service work should take prominent place in the deaconesses' work in better conditions in our New Brunswick being far behind other provinces in police conditions. She also talked of helping poverty stricken old ladies. Mrs. Thomson, the acting president, called for a standing vote of thanks to Miss Sinclair for the splendid work she is carrying out. A free-will offering for missionary purposes was then taken up. Miss Josephine Strathairn, the superintendent of the Maritime Home for Girls at Truro, gave an interesting account of the work carried out at that home among girls who are committed to them in their studies, many of them this year taking the High School entrance examinations. She was listened to with rapt attention by the large gathering of women, and the conclusion was thanked individually for the splendid talk she had given and the insight into the work as it is carried out. This was followed by the singing of a hymn, after which Mrs. R. A. Jamieson gave a talk on the forward movement and charts. This was followed by a discussion, many of the women taking part in it. Miss Murphy then made an excellent address on the mission schools at Miramichi for foreign children, and the report of the deaconess committee was read, after which the afternoon session was brought to a close with the singing of a hymn.

Alberta Grain Company

General Manager Reluctant Giving Evidence Yesterday

Although H. H. Stevens, vice-chairman of the cost of living committee of the Commons Intimated this morning to J. A. MacFarlane, managing director of the Alberta-Pacific Grain Company, that he was not prepared to create a market for surplus military and naval airplanes, will be begun in August. A preliminary "feeler" sent out by Rear Admiral Robert E. Peary, president of the league, to the thousands of navy his league, from the army and navy has revealed that the disposition of the part of a great many to participate in tours of this nature. From an economic point of view the great immediate advantage to be gained from the pioneer airplane tours will be the absorption of the machines which the government has on hand and is ready to dispose of at prices comparing favorably with the price of the average automobile.

For More Flying Fields

As the Glidden automobile tours resulted in the building of good roads throughout the country, the airplane tours, it is believed, would result in the establishment of flying fields wherever safety for aircraft might be found. For the benefit of the man who does not care to own an airplane, but desires to participate in the tours, the Curtiss Aeroplane and Motor Corporation is putting into effect a scheme which would enable the tourist to rent an airplane for one, two or three months at a cost of less than \$2,000 for two persons, including the insurance, and Sir Max Altkin financed it. Beginning August 1, the trips of various lengths and duration, will be taken in the South in the winter and the North in the summer. At the outset, according to the announcement, the tours will be divided into four classes, as follows: One-day tours; week-end tours, lasting from Friday to Monday; vacation week tours of one week; three-week and six-week tours, lasting ten days. As a sample of the one-day tour, the flyers would start from the Atlantic coast, fly to St. John, and return to the coast. The tour would be made by individuals, not clubs, newspapers, State cities, chambers of commerce, rotary clubs, colleges, automobile clubs or other organizations or manufacturers. Entries should be sent to the chairman of the American Touring Committee of the Aerial League Airport, Atlantic City, N. J.

GLACE BAY MAN RECEIVES A STAB

As Result of an Altercation With Dannie Skip Ferguson, Hughie McIntyre Receives a Painful Wound.

Sydney, N. S., July 2.—Hughie McIntyre is in St. Joseph's Hospital, Glace Bay, suffering from a stab wound in the head, as a result of an altercation with one Dannie Skip Ferguson in a house at Beavers on Monday morning. It is stated at Glace Bay that McIntyre's wound although painful is not particularly serious, and is not likely to result fatally. The details of the affair are involved in considerable obscurity and it is said that determined effort is being made to flush the matter up. No arrests have been made up to the present. In London big meetings were held at the Pavilion Theatre and the Peoples Palace. Prominent men, including Ismael Zangwill, Henry N. Bratford, Commander Woodcock, M. P., and John Killey, M. P., spoke. In a stirring speech Mr. Zangwill declared: "The blood of our brothers is crying to us from the ground that the Jews shall no longer the sport of Polish nobles, but a people conscious of their greatness and their power. The Poles who are attempting the extermination of the Jewish people will have the same fate as overwhelmed the Tatars. If the Poles refuse Jewish rights, then they must have Jewish hatred." The following resolutions were adopted:—

FUNERALS

William Blake. Woodstock, B. B., July 2.—Wm. T. Blake, one of Woodstock's best known citizens, was buried this afternoon. The large funeral procession testified to the high esteem in which he was held by the community. The services at the house, where six Presbyterian choir rendered the hymns "Under the Hills" and "Lead, Kindly Light," was the Woolstock band, and were Messrs. H. E. Burt, R. E. Alling, and A. G. Fields and H. W. Stephen.

Austrian Robbed of Large Amount

Thief Entered Room of Sydney Steel Plant Employee and Stole Five Years' Savings Amounting to \$740.

Sydney, N. S., July 2.—Robbed of \$740 representing earnings of the past four or five years, an Austrian, named Najor, appeared in Magistrate Campbell's court yesterday morning and reported the theft. He was unable to say who were the thief, but constable Edwards expects to have them brought to justice shortly. Najor, who is employed on a night shift at the steel plant, yesterday morning found that his trunk containing his savings had been opened and the money—\$740 each—had been taken. On discovering his loss he took steps to have several of the suspects arrested on the premises. The Austrian had been hoarding his earnings with the intention of returning to his native land, but his return will be delayed until he appears before Magistrate Campbell tomorrow.

Discover Plot To Blow Up Elevators Containing Food

Berlin, July 2.—(By The Associated Press.)—A plot to blow up elevators containing food shipments, by being incognito at Hamburg, according to the Lokal Anzeiger. The one involved, it was said, were some of the convicts released from the Hamburg jail by mobs during the recent riots there. The authorities gained knowledge of the plot through members of the Seaman's Union, whose aid was sought by the conspirators. It is said there were 10,000 dogs in the city of Berlin from the time of the signing of the armistice. They ranged from Alaska Alutians to St. Bernard, and from the dog of a single one to a dog of many other ways. In the trenches they shared all the perils and hardships of the war, and drew their turns in the rat camps in the same fashion. But they were always ready to go back, and it is not known how many of them ever failed when it came to going over the top. Mounting guard at a listening post for long hours at a stretch, ignoring danger with the calmness of a stoic, yet alert every moment, it played a heroic role. Many a time it was the keen ear of a collie that first detected the contents of an approaching raiding party. It did not bark. A bark or a growl might have told the raiders they were discovered. So it was that the dog's sense of duty and adaptation of the wig-wag system which its master interpreted and acted upon to the disadvantage of the enemy.

Pioneer Air Trips To Blaze The Way For New Aviators

Following the idea of the Glidden automobile tours, which accomplished great good for the roads of the United States, the Aerial League of America has announced that a series of pioneer airplane tours for the benefit of those who feel the "cost of the air," as well as to create a market for surplus military and naval airplanes, will be begun in August. A preliminary "feeler" sent out by Rear Admiral Robert E. Peary, president of the league, to the thousands of navy his league, from the army and navy has revealed that the disposition of the part of a great many to participate in tours of this nature. From an economic point of view the great immediate advantage to be gained from the pioneer airplane tours will be the absorption of the machines which the government has on hand and is ready to dispose of at prices comparing favorably with the price of the average automobile.

First Manager of
The Canadian Gov't
Merchant Marine

R. B. Teakle, who represented
the Allan Line here for
Some Years, Has Received
This Important Appointment.

The many friends of R. B. Teakle,
who spent five or six years in St. John,
will be pleased to learn of his ap-
pointment as first manager of the
Canadian Government Merchant Mar-
ine, Limited. Mr. Teakle represented
the Allan Line here before the war,
having an office in the Royal Bank
Building.

Mr. R. B. Teakle has just been ap-
pointed manager of the G. M. M.
and has taken up his headquarters at
the offices of the Canadian National
Railways, at 230 St. James street,
Montreal. Mr. Teakle is a Canadian,
and is no stranger to Montreal, having
been an officer with the Allan Line,
whose St. John office he held for some
time. From that office he transferred
to the Franco-Canada Steamship Lines,
Boston, and later in Philadelphia. His
home is Quebec, and he has spent
many years in Montreal and St. John.

Since the inauguration of the Cana-
dian Government Merchant Marine,
Limited, last fall, the ships of this fleet
have already found their way to such
varied destinations as Buenos Aires,
the West Indies, and Liverpool, Eng-
land. The Canadian Voyager and the
Canadian Pioneer got into commission
during the winter, and since the open-
ing of navigation this year the Cana-
dian Warrior, the Canadian Recruit,
the Canadian Hanger and the Canadian
Volunteer have been handed over from
the shipyards to the company. Had it
not been for strikes and labor troubles,
other vessels would also have been de-
livered ere this. The Canadian Seig-
neur and the Canadian Miller are being
built at Vickers for the finishing
touches. Other ships expected to
come down from the Great Lakes
shortly are the Canadian Trader and
the Canadian Sailor from the Port
Arthur Shipbuilding Company and the
Canadian Signaller from the Colling-
wood Shipbuilding Company.

The present disposition of this fleet
is that the Canadian Ranger is at Liver-
pool; the Canadian Pioneer is at
Buenos Aires; the Canadian Warrior
is on her way up from Cuba; the Cana-
dian Recruit is on the way to Jamaica,
Kingston and Cuba; while the Cana-
dian Voyager, the Canadian Seig-
neur and the Canadian Miller are being
rara and Cuba. The Canadian Volun-
teer, which was turned out by the Wal-
sh Shipbuilding Company, Vancouver,
is loading up at Victoria.

Questioned as to the problem of se-
curing freights on the return voyage,
Mr. Teakle stated that so far as United
Kingdom ports were concerned, return
freights were not very heavy, but from
Buenos Aires an absolutely full cargo
was expected on the Pioneer, while on
the ships plying to the West Indies and
carrying cargoes of sugar were always brought
back.

SCHR. JANE PALMER
READY FOR SEA
Big American Five-Master is
Largest of Her Class in
World—A Fast Sailer,
Good Carrier and Fitted
Out Most Modern.

The American schooner Jane
Palmer, of New York, is loading
spruce deals at the I. C. R. dock for
the United Kingdom. She will take
nearly three million feet. The Palmer
is the largest five-masted wooden sail
vessel afloat, and carries 5,000 tons of
w. She is known as one of the great
Palmer fleet, which company sold all
their vessels at the time prices were
up high, and she is now owned by the
France and Canada S. S. Co., of New
York. The Palmer is known to be one
of the fastest and most powerful sail-
ing as high as 17 knots per hour in

Madame Bedini
Writes Standard
Noted Horsewoman With the
John Robinson Circus Says
She and Other Performers
Pleased That St. John
Orphans Will Attend Per-
formance Monday.

The following letter received by The
Standard from Madame Bedini shows
how pleased this wonderful lady is to
have the inmates of the orphanages
attend the circus:
Halifax, June 30th, 1919.
Dear Sir,—Mr. Robinson has just
informed me that under your guidance
the poor little inmates of the various
orphan asylums will be guests at the
inmate performance of the circus in
St. John, Monday, July 7th. I am so
glad the children are coming, and I
will you to tell them that I will do all
in my power to give them an afternoon
of enjoyment. All of the other per-
formers in the circus join me in this
statement.
I feel particularly drawn toward the
children because of the fact that the
early years of my life were spent in
an orphanage in England. My heart
goes out to the wee ones who are de-
prived of that love and affection which
makes a home the nicest and best
place on earth. I know what it is to
trace the soles of a mother's hand and
to yearn for someone who loved me to
hear my prayers and tuck the covers
about my feet on a cold night. It's
human sunshine the little ones give it
to me.

Very truly yours,
Madame Adeline Bedini.
Madame Bedini is a noted circus
woman and has twelve Arabian
beauties with John Robinson's cir-
cus. She will ride her favorite animal,
"John Morgan," the day the children
see the circus.

Liberal Party Is
Now Split in Four
Ladies Who Were Ignored by
True-Red Liberals Are Up
in Arms—Threaten to Call
Convention and Elect Own
Representatives.

The Liberal party is now split in
four. The ladies who were completely
ignored by the true-red Liberals are
up in arms, threatening to call a
convention of their own to elect
representatives to go to Ottawa
for the national gathering. They
don't like the way they have been
snubbed. They want to know why
they were not invited to take part
in the selection of delegates, and
they think mere courtesy would have
dictated a decent recognition of the
claims of the fair sex. Who should
they vote for in whose selection
they had no say whatever? Why
should they support a policy which
they had no hand in shaping? These
are questions the old line Liberals
who took things in their own hands
in St. John will have to answer, or
any candidates they may bring for-
ward in this constituency will be
snowed under by the ladies' vote.
Mr. Foster will have to take his fate
in his hands, and bid defiance to the
local Liberal machine by calling another
convention in St. John, or he will
raise the ire of the women voters
all over the province. And if he tries
to play the fire anyway, for the liberal
Unionists will take a little notice
of his call for another convention
here as the Simon pure Liberals, and
the outcome will satisfy none of the
four factions into which his interference
has divided the once Grand Old
Party.

Problem To Get
Out of England

Every Ship is Booked Up Till
September—British Born
Resident Says Old Country
is in Terrible Condition.

"To get out of England is a problem
that is worrying many folk now,"
said a British born resident of St.
John, who rushed back home after
the war, and had to wait for months
for a chance to get back to Canada.
Every ship is booked up till Septem-
ber.

"Tens of thousands of British born
living in Canada who had not seen
their old home during the war rushed
across after the armistice, and many
planned on making their homes for
the future in the old country," he
said, "and for some reason they still
had a notion that England would be
a cheap place to live in. But now they
are all praying for a boat to get back
to Canada, and their relatives would
come with them if they had a chance.
The old country is in a terrible
condition. Strike follows strike; hun-
dreds of thousands are out of work;
unemployed demonstrations are every-
where; and there is a feeling that the
country is on the verge of upheaval.
Wages are three times what they were
before the war, but prices are out of
control and everybody is in a state of
panic. The future is shrouded in un-
certainty, and a spirit of recklessness
is being upon all classes."

"The Labor Party is gaining power,
and Ramsay MacDonald rides the storm
brewing in labor circles. MacDonald
stands for revolution, but not neces-
sarily violence, and he is receiving
unexpected support from Conservative
labor leaders who fear the impotence
of the masses and the direct action
policy which the Triple Alliance of
Miners, Railwaymen and Transport
Workers have shown a strong dispo-
sition to adopt, would lead directly to
Bolshevism in its violent form. Mean-

Newcastle Town Improvement League Merge With Social Service Council—Special Meeting Held Friday Night—Many Matters Deal With.

Newcastle, June 30.—Newcastle Town Improvement League met in special session last night. Members present: Rev. L. H. MacLean, Rev. F. T. Bertram, Secretary H. H. Stuart, Treasurer F. E. Locke, John H. Ashford and J. Robinson Allison, Rev. L. H. MacLean, president.

The secretary noted that the Newcastle Board of Assessors had this year fallen in line with the league's idea of a legal assessment and had produced an assessment much the fairest and most equal the town had known for years.

The matter of late hours for children at the Opera House was left with the secretary to arrange with the management.

The enormous consumption of lemon extract, etc., in town was discussed. It was stated that the caretaker of the school building had picked up sixty-seven lemon bottles last Saturday in the Park.

Rev. Mr. MacLean said that the ideal of co-operation and brotherhood would be realized. There was a good mean between the views of extremists.

Much Activity In Grand Falls

Million Feet of Lumber in the "Churn"—New Brunswick's Great Water Force—Young Lady Injured—Soldiers Settling on Lands.

Grand Falls, N. B., June 30.—Road work in this vicinity is progressing rapidly, and Statute Labor on the by-roads commences in the ensuing week when some of these roads will undergo extensive repair, according to the estimates as being placed on them by the overseers.

At the present writing the water in the river is quite low, and the falls consequently are a picturesque sight, as they leap from 75 to 80 feet below into a whirling, swirling, bottomless pool. Very few logs are running, many being held up in the coves and eddies.

About a million feet of lumber lies in the "churn" at above level of the bridge. The place is quite dangerous for the lumbermen who dislodge the logs, with the aid of wire hawsers and donkey engines.

It is the consensus of opinion here that this town is to boom shortly as prospects of the falls hydraulic development is looked forward to in the near future, and officials have recently passed estimates on the work to be accomplished.

Many American tourists have visited here recently among them J. L. Laurin of Pasadena, California, who paid a visit to the falls, and who it is believed will report on New Brunswick's natural beauties in an article for a Pacific Coast magazine, he being a figure in the Press Syndicate of St. Louis, Missouri.

Mrs. K. Morris Didn't Leave Bed For Six Months

Was So Helpless She Was Unable Even to Feed Herself—Tanlac Makes Her Well and Strong Again.

"I don't believe I would have ever gotten out of my bed if it had not been for Tanlac," said Mrs. Katie Morris, residing at 738 Second Avenue, North-east Calgary, when a Tanlac representative, who had heard of her remarkable recovery, called at her residence, recently, to ascertain the facts.

"I was one of the first in Calgary," she continued "to have influenza, and it left me with rheumatism in both shoulders and my stomach in such a bad condition that I could hardly digest anything. I was right down in bed for six months, so helpless I could not feed myself, and my husband stayed home from his work part of the time to wait on me. My food just seemed to be burning in my stomach, it was so sour, and I just suffered agonies indigestion and gas. My tongue had a thick coating all the time, I was badly constipated, and my shoulders were so stiff and painful with rheumatism that I could scarcely raise either arm, I tried many medicines—some of them my stomach would not retain at all—but nothing helped me and I could get no ease or comfort day nor night.

"My husband, while down town one day, was advised to get Tanlac for me. So he brought home a bottle, and after I had taken a half dozen doses I could retain a little food, and from that time on I improved rapidly. I have taken five bottles of Tanlac now and am doing my work as well as I ever could, but I never missed a single dose of the medicine from the time I began taking it. My rheumatism is all gone, too, and I believe I have even more strength and energy than I did before I was taken down by the 'flu.' I certainly feel very grateful for what Tanlac has done for me, and I am glad of this opportunity to tell others about it."

Tanlac is sold in St. John by Ross Drug Co. and F. W. Munro, under the personal direction of a special Tanlac representative.—Adv.

has been done on the roads in this locality and they point out the "Portage Road" running from here into Limestone, Maine, which was the center for great road work in the summer of 1918; and which is a credit to this province, as the road is now a splendid motor road, being in a manner a MacAdamized way. All, however, allude to those members, who at the time of the Dominion Convention were left the Liberal Standard for refuge under that of the Unionist party, and whom they believe have not in the future a good trade, and easily reached by the consolidated state in this locality, the planks are in their respective bridges and if it ever comes to an election they will vote for the party with its accompaniment of fun is expected. The only thing desired is an election.

Daughter Loses Over Fowles' Will

Decision Allows Art Dealer's Kin by Marriage to Share \$1,000,000 Estate.

New York, June 30.—Under a ruling of the Court of Appeals, which has decreed that Charles Frederick Fowles, well known art dealer, died before his wife, Mrs. Frances May Fowles, when both were lost on the Lusitania, May 7, 1915, Mr. Fowles' estate has been appraised for distribution on that basis.

The contest over Mr. Fowles' estate worth more than \$1,000,000, drew a close parallel to the celebrated case of Charles L. Fair, and his wife, Mrs. Virginia Fair, who were killed simultaneously in an airplane accident.

Great bitterness was exhibited in the Fowles controversy because one of his daughters, Mrs. Gertrude E. Browne, of No. 1 West Eighty-fourth street, in suing her husband, Travers Browne, for a divorce, named her stepmother, Mrs. Fowles, sixth of Lenox, England, as the primary cause of her marital unhappiness.

Before starting on their ill-fated voyage Mr. and Mrs. Fowles drew their wills, which were executed on April 13, 1915. In one clause of the husband's will is provided exactly for such a contingency as was supposed by declaring that in the event of his death and his wife meeting with death in a common disaster, it shall be deemed that I predeceased my wife.

Determined to prevent Mrs. Smith from possessing herself of the English estate and the \$250,000, which came to her by her husband's will, Mrs. Browne appealed from a judgment of Surrogate Fowler when the latter decided Mrs. Fowles had a contingent interest in the estate, and Mrs. Browne defeated the woman she asserts stole her husband's affections in the Appellate Division, but her victory was short-lived, as the highest court in the State by a vote of four to three upheld the Surrogate.

What is Castoria

CASTORIA is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Comfort—The Mother's Friend.

It was only after years of research in the fields of herbs and roots for a combination of purely vegetable matter that would have all the virtues of Castor Oil, without its disagreeable, nauseating properties, especially when used for infants or children, that the formula now used in Fletcher's Castoria was found, and which for over 30 years has proven its worth. Try it.

Have you heard that cry for Fletcher's Castoria? Try it."

WEDDINGS

Oldfield-Tait. At the home of the bride's parents, Mr. and Mrs. D. Tait, on Wednesday evening, June 26, at Penobscot, Kings county, N. B., the Rev. L. R. Richards united in matrimony their daughter Jessie A. and Mr. Elias Oldfield, of Penobscot, Kings county.

Warren-Sherwood. On Wednesday evening, June 25, at 7 p.m., at the home of Mr. and Mrs. G. J. Sherwood, Upham, N. B., their second youngest daughter, Eva Mildred, was united in marriage to William Edwin Warren, of Harcourt, N. B. The ceremony took place on the front lawn, performed by the Rev. W. A. Snelling, of St. Martin's, in the presence of about seventy guests.

Warren-Sherwood. The happy couple left on a honeymoon trip to the groom's home. The bride's going away suit was navy blue serge trimmed with sand poplin and white lace. The bride was attended in white silk with veil and orange blossoms and carried a bouquet of white carnations. Three little nieces of the bride acted as flower girls. The brides brother, John A., supported the groom. The house was tastefully decorated with wild flowers and ferns. Immediately after the ceremony a dainty lunch was served consisting of cake and ice cream.

The out of town guests were: Mr. and Mrs. Hester Young, June 25, at 7 p.m., at the home of Mr. and Mrs. G. J. Sherwood, Upham, N. B., their second youngest daughter, Eva Mildred, was united in marriage to William Edwin Warren, of Harcourt, N. B. The ceremony took place on the front lawn, performed by the Rev. W. A. To Banish Wrinkles and Freshen Up Quickly

After a strenuous day outdoors, when winds, heat and exhaustion have combined to take away one's freshness and caused the skin to wrinkle and sag—or after a tedious, hot, sultry day indoors—one often has urgent need for some quick restorer. May be there's a dance on for the evening, or some other social event. How in the world can one make herself presentable, looking as she does? It's quite easy.

Just get an ounce of powdered sassafras and a half pint with hazel at the nearest drug store, mix the two and bathe the face in the solution for two or three minutes. Then look into your mirror and behold the wonderful transformation! Wrinkles have vanished, loose, tired muscles have been rested and firm, and you look so much brighter and younger you can hardly believe your eyes. No one need hesitate to try this, the witch hazel and sassafras being so perfectly harmless.

Simple Herbs Care Serious Troubles. MANY of the diseases of women may be prevented with care. Unusual excitement—mental or physical—disturbs the delicate balance of woman's sensitive nerves, and upsets her whole system. The first indication of nervousness or any irregularity, take

Dr. Wilson's HERBINE BITTERS. It's safe and certain—purely vegetable—regulates kidneys and bowels—avenues headaches, indigestion, constipation—doubles—purifies the blood—tones up and invigorates mind and body.

THIN PEOPLE SHOULD TAKE PHOSPHATE

Nothing Like Plain Bipro-Phosphate to Put on Firm, Healthy Flesh and to Increase Strength, Vigor and Nerve Force.

Judging from the countless preparations and treatments which are continually being advertised for the purpose of making thin people fleshy, developing arms, neck and bust, and replacing ugly hollows and angles with the soft curves of lines of health and beauty, there are evidently thousands of men and women who keenly feel their excessive thinness.

Thinness and weakness are usually due to starved nerves. Our bodies need more phosphate than is contained in modern foods. Physicians claim there is nothing that will supply this deficiency so well as the organic phosphate known among druggists as Bipro-Phosphate, which is inexpensive and is sold by the Ross Drug Co. in St. John and most all druggists under a guarantee of satisfaction or money back. By feeding the nerves directly and by supplying the body cells with the necessary phosphoric food elements, Bipro-Phosphate quickly produces a welcome transformation in the appearance; the increase in weight frequently being astonishing.

In New York Stock Exchange Yesterday Movement Wholly Influenced by Pronounced Easing of Money Rates—Call Loans Fell Two Per Cent. from Opening.

New York, July 2.—Rival of bullish operations almost without parallel since the crest of the June wave was witnessed on the Stock Exchange today, trading ignoring the impending holidays and their speculative uncertainties.

In some respects today's market was more interesting than any session of the previous month in that it comprehended a number of peace and industrial, and unclassified issues only recently admitted to the list.

Primary Purpose To Get Settlers On Our Idle Lands

Hon. Arthur Meighen States Soldier Settlement Not to Afford a Gratuity to Soldiers But to Secure Settlement of Canada's Land.

In closing his address on the Soldier Settlement Bill, Hon. Arthur Meighen, Minister of the Interior, stated that its object was primarily, not to afford a gratuity to the soldier, but to secure settlement of Canada's idle lands, and he hoped it would develop into one of the greatest settlement schemes in the world.

I stated at the opening that we were giving assistance to a sole moral liberal that had never been undertaken by any institution looking to financial profit, and that in essential, we believe that we shall in the main be protected against loss, first of all by the advantages that we give these men, leaving them free to discharge their obligations and make a living for their families untrammelled by the many burdens which the ordinary settler has to carry.
