## KLONDYKE KATE VISITING AT BATH

Interesting Account of Well Known Woman Pioneer—Other Bath News

There arrived in town on Saturday afternoon Miss Catherine Ryan after an absence of nearly twenty years, spent chiefly in the Canadian Northwest, and who will pay an extended visit to her brother, John Ryan of this place.

Miss Ryan on her journey east was accompanied by her nephew, John Ryan, Jr., and while en route visited her brother, James, who resides in Minneapolis, and in South Brewer, Me., her sister, Mrs. Thomas Day. Miss Ryan was for many years a resident of the Yukon, and can narrate many a thrilling experience of the days when the big gold rush was at its height, she being the first woman of the Caucasian or white race to rush her way over those Klondyke trails, and because of that fact is more widely known throughout Canada and over the face of the globe as "Klondyke Kate."

For many years Miss Ryan acted in an official capacity under the Dominion Government as Customs and Revenue officer, and resided at White Horse, Yukon. From Portland, Me., two nephews, Robert and Charles Ryan, accompanied her. The latter, having during the past year visited England, France, Cuba and the United States and while in the latter country, sojourned chiefly in the cities of Philadelphia, New York, Boston and Portland, Me.

Water Ryan arrived home Monday from Juniper and his arrival marks the first time that the family have all been assembled together for many years. It is truly a family reunion or what might be more appropriately phrased, "When East Meets West."

The long drawn out hopes were finally realized on Sunday afternoon when the power was turned on, for the first time, flooding numerous homes with electric light. Hydro is here at last! It is the hope of all that it will come to stay and that it will mark the beginning of a new era, of prosperity, industrial expansion and brightness for Carleton county, and in a special measure for Bath and her sister towns along the line.

Mrs. S. McDonald has as guests her mother, Mrs. Stammers, recently arrived from New York, and also her sister, Mrs. J. Addy of St. John.

Miss Mary McArthur who was the guest of Misses Genevieve and Elsie Boban, Main st., returned to her home in Stellarton, N. S., on Friday last.

F. M. and Mrs. Giberson made a trip to Woodstock during the past week.

Murdock McKenst and Vince Giberson attended Court which last week was held in Woodstock. Congratulations! Born to Mr. and Mrs. George Nixon—a daughter.

John Patterson, Kistore, was a business caller in town on Saturday.

Miss Long, Glassville, is visiting in town, the guest of Mr. and Mrs. J. P. Burke.

Councillors Louis Boyd and G. W. Perry left on Monday to attend the county council, which is now in session at Woodstock.

On Wednesday evening last, a most enjoyable whist party was held under the auspices of the ladies of St. Joseph Church, at the home of Miss M. Gallagher.

Last Wednesday was marked by the return of many commercial men to the road, after spending Xmas and New Year's at their respective homes, among the number were Messrs. Kierstead, O'Dell, Brown, Christie, Barter, Doyle and McGinnis.

J. E. Andrews, manager of the Bath United Farmers Co-operative Co. Ltd., has gone on an auditing tour of the different branches of the United Farmer chain of stores. Mr. Barter of Hartland is relieving him.

The new rink, situated on the

school grounds is fast taking shape, under the capable direction of Montague Shaw.

A record which should be hard to beat by amateur hikers, was the feat performed by Martin Gee and Arlington Ruff on Dec. 24. They having set out from Station at Foreston about 9.55 a.m. arriving in Bath about 2 p.m. They walked the entire distance with the exception of a ride on the milk train from the Church of England at Glassville and then only as far as Glassville Corner. And even though one takes into consideration that the road was slippery thus quickening their pace and the greater part of it down hill. Notwithstanding all of this it was pretty good time for approximately a 25 mile hike.

## HARTLAND HAS TOWN ELECTION

Mayor and Aldermen Returned but Two Wards Were Contested

At last the Town of Hartland has experienced a civic election. There was very considerable interest among the voters and a friendly spirit withal. As forecast in the Observer last week the old council, with A. Y. Dickinson running in place of G. M. McLeod, placed their names in nomination, and there also came forward Harry Barter in Ward 1 and ex-alderman, J. S. Faulkner in Ward 2. The result of the election on Monday was a triumphant endorsement of the old Council.

In Ward 1 the votes polled were, Nixon, 74; White, 75; Barter, 51. In Ward 2 the votes were Hatfield, 89; Dickinson, 87; Faulkner, 32. The votes show that the council of last year satisfied the people with its administration and for the first time the council takes hold of the town's affairs, feeling certain that they were chosen by the people at large. This should give them great confidence and the satisfaction of knowing that their efforts to serve have met with popular approval.

Ald. White was again appointed representative to the County Council and is now at Woodstock for January session.

The Town council this year will have some difficult problems to solve, one of them being provision for \$9000 bonds, which mature this year. But being comprised of successful business men there is little doubt that the council will succeed and overcome whatever difficulties may confront it.

## D. E. MORGAN IS LAID TO REST

Well Known Hartland Business Man Dies After Long Illness

The death occurred on Sunday at 8 a.m. of D. E. Morgan, one of the town's oldest and best known business men, after eight weeks illness, during which he was an insidious sufferer. Mr. Morgan would have been 72 years old in March, and was born at Caverhill, York Co., descended from United Empire Loyalists who came from Glamorgan-shire, Wales, in early colonial days. He was one of a family of 11 children, but two of whom now survive—G. M. of Caribou and Solomon of Millinocket. In his early career Mr. Morgan was construction boss in the building of the old N. B. R. and resided in Hartland for 22 years. Here he married Lola, the daughter of Rev. and Mrs. M. P. Orser, 49 years ago. He is survived by the widow, two sons, Edmund C. Hartland, and Rev. W. B. Morgan of Russell, Ont., and one daughter, Mrs. J. Stirling King of Hartland.

Soon after coming to Hartland Mr. Morgan entered business and for the past 23 years he with his son, Edmund, were associated, for years conducting a meat and provision business and latterly engaged in groceries and fruit. The deceased was a Baptist in religion and for many years was a deacon of the Primitive Baptist church, and the doors of his home were ever open to welcome the ministers of not only this but all denominations. Mr. Morgan was a man of cheery nature, kindly by instinct, a devoted husband and father and a friend to all in politics he was a Conservative.

The funeral on Tuesday afternoon from the United Baptist church was largely attended, and interment was made in Greenwood. The funeral service was by his pastor, Rev. G. F. Bolyer, United Baptist, assisted by Rev. E. W. Lester, Reformed Baptist, Rev. J. K. King, Methodist, Rev. W. P. Haigh, Anglican, Rev. F. J. Quigg, Primitive, and E. B. McLatchey, United. The pallbearers were six of the oldest citizens of the town. Music was furnished by the church choir of 21 voices, and the hymns were "Nearer, My God, to Thee," "O! Thou in Whose Presence," "My Hope is Built on Nothing Less" old favorites of the deceased.

The floral tributes were beautiful and from the following: The Family, G. M. Morgan, Clyde Morgan, Mrs. Irving, Hartland Baptist church, Masonic Lodge of Russell, Ont., H. H. Hatfield, J. F. Murdoch, Philathea Class, R. J. Potts, Mr. and Mrs. J. J. Keswick, Mr. and Mrs. W. D. Keith and Mr. and Mrs. K. W. Keith, Hartland.

## PRIMITIVE BAPTIST QUARTERLY MEETING

The Primitive Baptist Quarterly Conference convened with the church at Lower Wabigoon January 5. At 11.30 a.m. met for divine worship with a goodly number present, considering the weather and the condition of the roads. Services were led by Bro. Clifford Gray. At 2.30 p.m. assemble in quarterly conference, Bro. Mallory reading 6th chapter of Romans by request of one of the brethren, after which followed a session of prayer and testimony. The Master's presence was sorely felt in this meeting. At 7.30 p.m. Bro. Williams Prechey spoke from Gal. 3:26-27, the leading thought being "Faith in God."

Sunday at 8 a.m., prayer and social services led by Bro. Cole, which continued with good interest for nearly two hours, after which a preaching service led by Bro. G. A. Giberson was much appreciated by a large audience. At 2.30 p.m. preaching service led by Bro. F. J. Quigg, God's presence being wonderfully manifested in this meeting and sinners brought to feel their need of a Saviour. Near the close of this meeting the Lord's Supper was once more observed. At 7.30 p.m. preaching by Bro. Clifford Gray, showing the necessity of prayer. This closed a Sabbath day's journey towards our heavenly home.

Monday 9 a.m. Met for business. Meeting opened in due form by Bro. H. V. Bragdon in the chair. At 7.30 p.m. for service, preaching by Bro. H. V. Bragdon. The meetings were good throughout the session and sinners were awakened to see their need of Christ for which we desire to praise Him from whom all blessings flow. —Rev. F. J. Quigg, clerk.

"Moire's are conceded by all lovers of good chocolates to be the best in Canada and we are specializing in Moire's this year, having bought 5 packages to 1 of other makes." The London Fruit Store, New Glasgow.

All last year's experiments were carried on in Moire's laboratory and in the plant to produce a certain article that would stand apart from anything now on the market. Some splendid results were attained—but perfection is the goal and so the article has not yet been produced. It may take a year more, but no matter how long it will not be placed on the market until it is perfected. Incidentally, this is the policy aimed at for every article made by Moire's.

The announcement comes from Ottawa that our overworked statesmen do not expect to resume their duties at the Federal Capital until sometime in February. The loss of the most outstanding Minister in the Cabinet, the Hon. Mr. Gouin, and the illness of the Hon. Mr. Fielding is a blow to a government that is acknowledged weak, and this explains in part the reason for the delay in the opening of

Parliament. Another reason probably is that after the Prime Minister's strenuous labors at the Imperial Conference in London he feels the need of a rest. Receiving degress at Universities, and going to banquets and dinners, after all, is quite a strenuous job.

## LOCAL AND PERSONAL ITEMS

The week of local united effort in the U. B. and Methodist churches closed here on Sunday when the Revs. Miller and Bell changed appointments for the day. The week's meetings were well attended. This week the two local churches unite with the two churches of the same denomination at Florenceville.

Mr. Lester, organizer of the Girls' Guild movement in this section, was here last week and instituted a local branch. He was enthusiastically received by the young maidens, who are going at the new affair with vigor. Mrs. Roy Wildman will be local leader, with several lieutenants.

Miss Inch of the Vocational staff spent a couple of days here last week, for the purpose of beginning a class of instruction for the girls of the high school in the art of sewing. The girls are also keen for this, but the infection may only be of a very benign nature.

Miss Ella Ebbett has taken the Tracey Mills school for this term. Miss Priscilla Wakeling is teaching at Royalton.

Mr. Gill, bank auditor from the head office, Toronto, spent the week-end here.

Mrs. B. R. Field spent last week in St. John.

J. R. White of Aroostook Junction spent a couple of days last week with his mother, Mrs. Alice White.

Walter Peppers of Fredericton is the guest of Dr. and Mrs. H. W. Peppers.

Rev. H. R. Bell will preach as follows on January 20: Centreville, at 11 a.m. and 7.30 p.m.; Carvell 3 p.m. Special music at the morning and evening services. The Bible Class studies will be resumed next week as follows: Tuesday evening, Centreville and on Wednesday evening Carvell. All are cordially invited.

"A Noise in Newboro" starring Viola Dana, furnished a delightful vehicle for the ability of the young actress, and was a comedy drama of real worth. The story was that of a sweet young girl graduate, who, snubbed by some of the other young ladies of the 400, determined to sally forth and after rising to dizzy heights of fame and fortune as an artist, to return to the old town of Newboro and make a noise. The story bore her out in this inspiration, and the way she made the demure little town sit up and take notice on her return was a scream.

Bert Woodruff, as her father, a small town garage owner, was content to stay at home and "fix the god darn pump." Saturday evening "The Love Piker" was a picture that you could see over in repeats and enjoy it, a story of a rich young woman and a poor ambitious young man and the strenuous trail they made before they landed on the honeymoon express.

The comedy touches were most delicately and skilfully placed and the picture was indeed one to reflect credit on the star Anita Stewart. A Pathe film on each occasion filled out the program. Read elsewhere for this week's attractions.

### BRISTOL BREVITIES

Mrs. Jack Gregg spent the week-end at Rowena.

Prof. Taylor and Mrs. Taylor come to Bristol on Wednesday and will hold pictures for a week in S. N. Bank's Hall. Mr. Taylor was here last fall and showed a good line of pictures, so he is assured of good patronage.

The electric power was turned on Sunday at four o'clock and everyone lucky enough to have their house wired, had enough light for once.

FARMERS AND POLITICS

(Cowichan, B. C. Leader) Alone among the farm organizations which have come to the fore in recent years the U. F. B. C.—and particularly its local and members on Vancouver Island—have always set their faces against taking direct political action.

The Canadian Council of Agriculture, representing primarily the farm organizations of the prairies, have just definitely declared that they have gone out of the political arena. Their "fourteen points" stress the educational and economic aspects of farmers' associations.

Farmers elsewhere have tried direct action and failed. The Progressives at Ottawa are overdue for metamorphosis. Ontario and the prairies are now coming back to the aims recognized years ago in this province as legitimate and sound and adhered to consistently by all who had at heart the best interests of the U. F. B. C.

THE OUT-OF-DATE MAN

"The man who does not keep up with modern business, who does not make use of modern advertising resources, is like a man using an old covered wagon to go to San Francisco in preference to a railroad express. Good advertising will bring new business, which should more than pay for its cost. The cost is not necessarily paid in selling the article. It pays to advertise for tomorrow."

—Lord Leverhulme.

FORTY-TWO YEARS ON THE SEAS

Captain Boggs, master of the S. S. Manchester Producer, which sailed yesterday from St. John was the guest of his uncle, J. T. G. Carr from Thursday to Monday. In an hour on Saturday the editor accompanied Captain Boggs in a breathless journey around the world. The genial Captain has been a seafaring man for 42 years and has visited practically every port in the world. One of his early trips was from Calcutta to New York, when he spent six months without seeing land. His ship was lying at Galveston at the time of the great disaster there and he has had many other wild experiences. Throughout the war he piled his vessel between Manchester and St. John without interruption. On one occasion his boat was heavily laden with T. N. T. and other high explosives, sufficient to blow the ship to kingdom come at the impact of a torpedo, but he maneuvered around through the submarines absolutely without harm. The night he reached the port nine other ships within sight were torpedoed and sunk. On another occasion he was in a convoy of 40 vessels and two airplanes. A torpedo was aimed either to strike his vessel or a big Cunard. The latter was fated and sank almost instantly, taking down 1800 horses, which were being transported. Strangely enough there was no loss of lives except one demented stoker, as immediately the vessel was struck boats were lowered from ships nearby and picked up the entire crew save one.

REVIVAL SERVICES CONTINUE AT HARTLAND U. B. CHURCH

Lost! What does it mean to be lost? Can a person know he is lost here and now? What saith the Scripture? This will be the subject at the Hartland Baptist church on Sunday night next in connection with the special meetings now being held. Mr. G. E. Knight, who has been rendering splendid service in connection with the services both as leader and soloist will sing special numbers at this service.

Sunday afternoon at 3.30 o'clock there will be a special meeting for men. Mr. G. E. Knight will speak on the subject "What Will the Harvest Be?" Mr. Knight has had a wide experience and will speak to the men out of the abundance of that experience. Come hear the Commercial Traveller.

The special meetings are being held every night this week at 7.30 with the exception of Saturday night. The singing is hearty and inspiring; the preaching, warm hearted and to the point and the meetings especially helpful.

WILLIAM COLEBROOK RIDEOUT

William Colebrook Rideout, who died in Vancouver, B. C., on Tuesday last, January 8, 1924, was for many years one of the leading citizens of Carleton County. He was the oldest son of Daniel Rideout of Loyalist descent and was born at Middle Simonds May 31, 1847. His only brother, Frank F. Rideout of Peel, and several sisters including Mrs. William W. Boyer of East Florenceville and Mrs. Sidney Lloyd of Centreville, all predeceased him in the last few years.

In the year 1867, at the age of 21, he married Lydia Annie, daughter of the late Samuel Bishop of Lower Perth, who died 19 years ago. Of this issue nine children were born, seven of whom survive as follows: Wilmot B., who resides at Somerville on the Maurice Day homestead which he purchased several years ago; Judson S., who lives on the family homestead at Simonds; the Reverend Frank C., who is a graduate of Acadia University and also of Newton Theological Seminary of Boston and who for some years was a Baptist minister in Nova Scotia and in New England, but now a Chaplain in the United States Army stationed at Fort Snelling (Saint Paul, Minnesota), the great Military Training Centre of the Northwest; Mrs. Owen B. Manuel (Mina) and Mrs. Roy A. Hagerman (Annie) of Quilicum Beach, B. C.; Mrs. Murray R. Cliff (Della) of Vancouver, B. C.; and Mrs. William S. Parent (Effe) of Lower Southampton, N. B.

Retiring from the heavy work of the farm about 15 years ago Mr. Rideout made a trip to the Pacific Coast whence three of his married daughters had gone. In 1913 he made a summer visit to his native province, but having found the climate of the Western Coast more salubrious he returned to British Columbia, married a second time and settled in Vancouver. The last years of his long and useful life have been as serene and happy as his nature was simple and kind. He has enjoyed almost robust health for a man of his years and has been active until the very end. He had often expressed the hope that he might never be a bed-ridden invalid, dependent upon others to care for him. He used to say he would prefer to "die in the harness," and his wish was granted. On January 3rd he experienced a slight shock which rapidly grew more serious until the end came peacefully five days later on January 8th. His daughters were constantly at his bedside from the hour when his illness became apparent until the end. Carleton County, and indeed Canada itself, can boast of few better citizens than the late William C. Rideout. He was a humble follower of the principles of the Divine Saviour whom he devoutly loved and served. As one of the leading members of the little Baptist Church at Simonds, and for many years superintendent of the community Sunday School, he exerted always the best possible influence. He was a good neighbor, a considerate father, a faithful husband, an upright Christian, and in every sense of the word an exemplary citizen.

As the older residents of the County will readily recall, in the prime of his manhood he was respected by the aged, honored by those of his own age, and loved by little children. Twenty years ago the Rideout home was the holiday gathering place for young people for 20 or 30 miles up and down the St. John river, and it was the old-time, genuine hospitality which was extended to all who came. Occasions are now recalled where more than fifty guests were entertained at a single Sunday meal. And no one enjoyed this fellowship more heartily than did Mr. Rideout, though he was always ready to play the humble role of servant as well as host.

Mr. Rideout possessed those sterling qualities of virile manhood which appeal to the very best within us—the qualities which made him a distinct asset to church and community. He fairly radiated the spirit of kindness, hospitality and optimism. Meeting with serious reverses and handicaps in early manhood, he never lost heart, but struggled on and on in order to give value received for all he obtained, and to give his family the best that it was possible to give them. He had wrought out for himself on the anvil of diligent, honest toil a wholesome philosophy of life. Like other people he found obstacles in his pathway—many of them. But he never allowed them to become hindrances. He made himself master of circumstances and with Browning he:

"Never turned his back against a foe, But moved breast forward; Never doubted clouds would break; Held we fall to rise; baffled to fight better, Sleep to wake." A life of this kind cannot be lived and sustained unless it has found the secret source of inspiration. That source he found in Jesus Christ his blessed Saviour. Maintaining through sunshine and rain, season after season, the old fashioned family altar, scores of former guests at his home will remember the ardent petitions, which arose from trembling lips in behalf of all the sacred interests of life. No

toils or business, or busy harvest field or rush for market could take the place of prayer. The one sacred institution of the home for which there could be no interruption was the family altar. An early morning caller at the home was brought into the kneeling circle and included in the solicitations. The family altar was to him the holy of holies, and he was often known to steal back from the back door after the accustomed prayer of tenderness brushing away the falling tears with the same calloused hands which would so soon be busy again with the multitudinous tasks of the work-a-day life of the farm.

His life was filled with productive toil. He felled the mighty timbers, ever pushing the forest back for his increasing acreage. He cleared away the brush, cultivated the soil and picked away the stones. Everywhere behind him he left the marks of faithful toil. He raised substantial flocks and herds, he built a comfortable dwelling and numerous other buildings, and last of all, he raised a healthy brood of boys and girls, giving to them that which is far better than silver and gold—the rich, red blood of a healthy life, and an unsullied family name. No profane or obscene word crossed his lips, and he had kind thoughts and words for everyone.

Accompanying the body home to its final resting place are his son, the Reverend Frank C. Rideout of Saint Paul, Minnesota, and his daughter, Mrs. Murray R. Cliff of Vancouver, B. C. The body will lie in state at the home of his son, W. B. Rideout, Hartland, from the time of the arrival of the through train from Montreal on Wednesday until the hour of the funeral at 2.30 p.m. on Thursday. The Rev. George F. Bolster, pastor of the Hartland church will conduct the service, and will perhaps be assisted by Captain Rideout the son of the deceased. Interment will be made in the family plot beside the former wife and the two deceased children at Middle Simonds. In addition to those already mentioned, the deceased leaves a widow in British Columbia. She will probably make her future home with one of the children.

Farewell brave heart, Thy strife is o'er, And eyes now closed to earthly things Have opened on the eternal shore, Where death to loved ones never brings Farewell. Sleep well tired heart. Thy narrow bed Is broad enough for lasting rest; Thy throbbing brain and aching head May now within earth's kindly breast Sleep well. Live on dear friend. This fleshly veil Bedims thee not in realms above; The soul matures while senses fail, Encompassed by eternal love, Live on.

EAST FLORENCEVILLE

The electric lights have arrived at last and the citizens of the village are enjoying them. Nearly every house is a blaze of light each evening.

Mrs. Roy Stevens received word on Wednesday morning of the death of her father, Andrew Alton of Hartland. Mr. Alton was very favorably known in this vicinity.

William Simonson has gone to Detroit for the winter. Barry Banks is taking charge of his farm during his absence. Mr. Simonson expects to return in the spring.

Mr. Reid of Newfoundland has arrived to take up position in the Bank of N. S. here. Miss Mildred Tompkins has resigned her position as ledger keeper, but we are pleased to learn she is still to remain a resident of East Florenceville.

The Methodist and Baptist churches are having their week of prayer. Revs. Bell and Miller of Centreville are assisting Revs. Vallis and Chown, and meetings are held in the churches alternately. The citizens of East and West Florenceville are taking advantage of this spiritual treat and the meetings are well attended.

B. C. McIsaac still continues quite miserable and is confined to his bed the greater part of the time. His friends hope he will soon be restored to his usual health and strength.

R. S. Wood has been confined to his bed with a severe attack of the grippe.

Mrs. Frank Baker who underwent a serious operation some few days ago is gaining rapidly and is able to enjoy callers.

Woodburn McIsaac of Peel has moved into the Hotel building for the winter.

The residence of H. G. Smith caught on fire in the early hours of Tuesday morning. Quite a crowd answered the telephone operator's call and the fire was put out without doing a great deal of damage.

Card of Thanks

We wish to express our heartfelt thanks to the many friends who in the long illness of our husband and father and during the time of his death and burial gave us so great help and such unstinted sympathy. Mrs. A. Alton and Family.

IS STILL IN THE POLITICAL GAME

United Farmers' Organization in N. B. Will Be Active

The United Farmers' organization held a meeting at Woodstock on Saturday afternoon in their hall, called to elect officers and discuss the affairs of the organization. President Nathan Phillips was in the chair, and Gordon Sharpe was secretary. Thomas W. Caldwell, M. P., was present and delegates from Wakefield, Northampton, Richmond, Peel and Woodstock took part in the proceedings.

Owing to notice of meeting being so short it was decided to hold a county convention January 26, when officers would be chosen for the ensuing year. In view of the attitude of the Ontario organization, Mr. Caldwell explained that the association in that province did not go out of politics, but owing to the very large amount of business it was thought advisable to form a separate political organization, which was done, and this body will carry on the political end, which will be pushed harder than ever. He said the organization in New Brunswick was still in the political game and would carry on as usual. The farmers' co-operation store in Woodstock, had a very successful year, and report a largely increased business.

The meeting on the 26th instant will be important, as it is expected that provision will be made to concentrate party authority and party responsibility. There will be a declaration of the broadening lines of the party policy and there will be no divided responsibility.

Miss Edith Day died yesterday of pneumonia at the home of her sister, Mrs. Henry Nevers.

William J. Page of Lakeville was a caller at The Observer office on Monday. He is highly and quite properly elated with his success in producing certified seed potatoes. From 28 barrels of prime seed, he raised 950 barrels and says his big success is due to the use of the best seed obtainable, to the fertilizer supplied by Home-Mixed Fertilizers, Ltd., and to the pains he took in preparing the ground and caring for the crop. He says the work was little more than for ordinary table stock and that his product passed inspection almost 100 per cent perfect. He expects to realize from this output \$1500 to \$2000 more than he would receive for the same quantity of ordinary table stock. Why do not more farmers learn wisdom from Mr. Page?

SAVING AT THE FIREBOX

The firebox of the Renfrew Acorn is what we know the proper width and depth to obtain perfect combustion. The perpendicular straight walls and round corners prevent the fuel from wedging or arching as it burns—or the accumulating of dead ashes on which unburned fuel may lie and which ordinarily finds its way to the ashpan.

SAVING AT THE CHIMNEY

The graduated flue construction with the exclusive Renfrew Acorn controller prevents fuel escaping up the chimney in the form of unburned gases. These gases are not only burned extracting all the heat units from them but they are utilized as heat from either baking or cooking. A thorough consumption of fuel, no waste, and better baking.

The dead turkey had previously been roosting on the roof of an old building near Mr. Prior's residence. Just before dark, one evening, he placed the dead turkey on the roof of the building, with a steel fox trap on top of it. On going out to investigate at 10 o'clock he found Mr. "Who Who" caught by the tip of its wing in the trap, and after some difficulty the ferocious bird was enclosed in a cage along with the body of its victim. The owl is a fine, large specimen, weighing 7 or 8 pounds and is probably the first one captured alive in this part of the country.

### LOW TOURIST FARES TO THE MARITIMES

Canadian National Railways Will Help Boost Eastern Summer Resorts.

With the idea of inducing large numbers of tourists from the Central and Western States to take advantage of the excellent summer holiday facilities afforded by the Maritime Provinces, the Canadian National Railways have arranged to put in force this year special return tourist fares from Chicago, St. Louis and contiguous points to the Maritime Provinces.

These low summer tourist fares will go into effect on May 15th and will have a return limit of October 31st, thus extending to all tourists from these points to the Maritime Provinces, the benefit of the full tourist season. The development of these plans will be carried forward by the Canadian National Railways with an extensive and attractive advertising campaign in the newspapers and periodicals in the cities and communities affected—featuring the splendid facilities and opportunities offered by the Maritime Provinces to summer tourists. New booklets dealing exclusively with the advantages which the Maritime Provinces have to offer from historic, scenic, sporting and other viewpoints will be issued and circulated by the Canadian National Railways.

The Canadian National Railways are co-operating closely with the tourist associations in the Maritime Provinces, with the view to increasing the volume of this desirable traffic from western territory to the Maritime Provinces.

A CASE IN DERBY JUNCTION Mrs. W. R. MacKenzie of Derby Junction, N. B., writes: "I have tried Vicks VapoRub and find it very satisfactory. I have used it for bronchial asthma and it gave me relief in a short time."

BAYFIELD SENDS FOLLOWING Mrs. Edwin Speiser of Main St., Bayfield, N. B., writes: "I have suffered for years with bronchitis and coughed so long that I feared other developments. I used Vicks by rubbing my throat thoroughly and putting a little in my mouth. Now I do not cough so much and am greatly relieved."

WOODSTOCK "GREAT RELIEF" Mr. J. A. Troy of 75 Emerald St., Woodstock, N. B., writes: "I found Vicks a great relief to me for I am troubled with asthma. It certainly made my breathing much easier. I would advise any person bothered with asthma to try Vicks."

Skeptical at first about external treatment for cold troubles, New Brunswick people have been completely won over by the remarkably quick action of Vicks Vapo Rub.

For Vicks medication takes effect immediately it is applied, in two distinct ways. First, it is absorbed through and stimulates the skin like a liniment, powder or plaster. Second, its ingredients are released by the body heat as vapors and are inhaled with each breath directly into the nose, throat and lungs. Each breath taken cold that can resist this double action is an obstacle.

Vicks is composed of Camphor, Menthol, Eucalyptus, Thyme, Turpentine and other of the world's best remedies for congestion and inflammation of the air passages, such as croup, colds, catarrh or bronchitis, or on the surface, like cuts, bruises, burns, sores and stings.

Vicks is a family standby in the States. Over 17 million jars are used yearly. Since its introduction into New Brunswick last year, a great many letters have been received from people who have tried Vicks and are delighted with the results. Alongside are reports from some of these people who have kindly consented that their experience be published.

I used Vicks VapoRub at night by applying it to the chest and in the morning he was feeling better. We have recommended Vicks to different people for whooping cough and asthma and it has brought great results."

ADVERTISE IN THE OBSERVER.

TO CANADIAN EDITORS WITH THE COMPLIMENTS OF THE COLLYER'S NEWS BUREAU

Chicago, Ill., Jan. 8.—Recalling the bitterness of the old days when Canada's great athletes were refused recognition by the ruling athletic authorities in the United States...

Mr. Collyer's article, as it appeared in The Observer and his other publications, and which is of special interest to Canadians, follows:

In behalf of all fair-minded people on both sides of the border we earnestly call for a revision of the narrow policies of the Amateur Athletic Union and a general cleaning out of personnel that appears guided solely by small personalities in pretending to speak for the hundreds of thousands of red-blooded sport lovers of the United States.

Spite work has no place in the broad world of sport, and the A. A. U. officials have only themselves to blame for the storm that has descended on their heads over the apparently unfair barring of Paddock from representing the United States in the forthcoming Olympiad.

even in the heat of the present controversy. It cannot excuse, however, a pettiness carried to the extreme that in an individual would make him an outcast from decent society.

Our readers across the line have good reason to remember the A. A. U. with anything but affection. Some years ago, when Canada produced as brilliant a generation of runners and walkers as the world has ever known, the A. A. U. refused to permit them to compete in meets in the United States...

Harking back to the Paddock incident, we do not like to believe that all the bottom of all the mud and dirt the reason for the A. A. U. action was to favor four or five secondary runners—"pets" of the powers that be...

NEW YEAR RESOLUTION

"HOME BREW"

I'm going now to "hit the trail." Help purify our nation;

We have the goods that cannot fail, They're known as "Great Salvation."

They will fix any man all right, Take from him all that's harmful;

The fair sex also beautify, Will make them very charming.

There is quite a lot of talk, But we want something doing;

Repent, believe and be baptized, The health way be pursuing.

The "Angel of the Lord" has come, Told us just what to do.

If we would have the best of earth The pearls gates sweety thru.

Now, if God's Angel we obey, He'll flood us with salvation;

But if we don't we'll go to hell; Jump quick, make application For Salvation.

T. A. Jones.

"My Back Aches"

It is not much wonder that the mother in the home has backaches and headaches when you think of the multiplicity of work and worries she has from morning until night and from week to week.

But pains and aches come from poisons in the system and if the kidneys and liver were doing their duty as filters of the blood the poisoning would not remain there.

This is why it is usual to blame the kidneys and the liver for backache, headache, rheumatism etc.

The way to get rid of such pains and aches, then, is by arousing the action of the kidneys and liver and this is most promptly and most certainly done by the use of Dr. Chase's Kidney-Liver Pills.

By using this popular medicine you can usually obtain relief in a few hours.

You will realize then the advisability of using Dr. Chase's Kidney-Liver Pills once or twice a week so as to keep these vital organs active and ensure that the poisonous waste matter is promptly removed from the system.

In most homes this medicine is kept constantly on hand for use in case of emergency. Not a bad idea, is it?

You will notice that while the price of Dr. Chase's Kidney-Liver Pills has been increased to 35 cents, the box now contains 35 pills instead of 25 as formerly.

Likewise Dr. Chase's Nerve Food is 60 cents a box of 60 pills, instead of 50 cents a box for 50 pills. Edmanson, Bates & Co., Ltd., Toronto.

To Business Men of Carleton County

No Carleton County newspaper ever attained so great a circulation as The Observer, which goes weekly into nearly 3000 homes between Woodstock and the north county line. The circulation is 25 per cent greater than a year ago, and the rates are no higher—yet the Business Men of Hartland in particular and Carleton County in general are taking less than one-half the advertising space they formerly used.

The Time to Advertise is ALL the time, but particularly when times are hard and trade dull. Buy liberal space in The Observer and breathe the breath of life—hopefulness, courage, good cheer—in your ads and the discouraged buyers of the county will waken up and become optimistic again.

Compare the columns of The Observer today with those two years ago and the conclusion may easily be drawn that BUSINESS IS DEAD IN CARLETON COUNTY, the merchants have taken cold feet, lost courage, and even ambition. YOU can't afford NOT to Advertise. People trade where they are invited to trade, as witness the tens of thousands of dollars sent in response to the cheery invitations from Toronto. Stick a pin in your self Mr. Home Merchant—see if you are really wideawake to your opportunities. Write The Observer about your advertising problems, or call and talk the matter over.

LONDON TIMES AND R. K. JONES OF N. B.

Predicts Future For Woodstock Boy Who Took Part in Elections

The London Times of the December 22nd issue carries an interview with Randolph K. Jones, the brilliant young McGill student and son of Hon. W. F. Jones, K. C., of Woodstock.

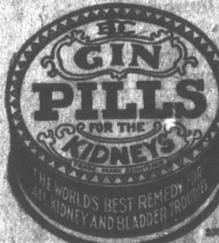

"There returned to Canada yesterday one of the most interesting visitors whom England has entertained for many a long day. This was Mr. Randolph K. Jones, of McGill University, Montreal, who came over to this country about a month ago to put before the British electors the imperative point of view.

"To a Times reporter, Mr. Jones explained that he was doing research work and study at McGill, under Professor Stephen Leacock, who combines the duties of the Chair of Economics with his world-famous humorous writings.

"When I left Canada a month ago," Mr. Jones said, "there was no unemployment, and the Government had decided that 15,000 more men, for whom jobs could at once be found, were wanted—that being the result of a hasty survey in a comparatively small part of the country.

"The Dominion generally bore a prosperous air, but, of course, what Canada wants is a greater population, not only to develop her land and other natural resources, but to create a larger home market, and to encourage the expansion of her manufacturers.

"In the immediate future, I think we are going to see a much greater and more capable effort on the part of the Canadian Government to attract British settlers, and to keep them.

Constipation Banished

A druggist says: "For nearly thirty years I have recommended the Extract of Roots, known as Mother Seigel's Carative Syrup, for arresting and permanently relieving constipation and indigestion.

As who want to keep Canada British. I am convinced that the only way to keep us a British nation is to transplant the surplus population here to the Dominion, and to encourage British settlement and tradition.

"Asked for his impressions of this country, Mr. Jones said that although he had been here little more than three weeks, and that during that time his only visits in addition to London, were to Birmingham, Leicester, Manchester, and Wednesbury, what struck him most was the untalented courtesy and consideration accorded him in every quarter.

"Mr. Jones goes back to the Dominion to continue his study and research at McGill, where he will probably remain for some time longer. It is impossible to resist the belief, however, that in him is the makings of a great social and imperial force. Without a doubt, his work will be heard of him."

Here and There

Exports in Canada's inter-empire trade last month exceeded imports by over \$12,000,000. Against imports from 23 countries belonging to the British Empire, amounting to \$15,713,000, Canada exported goods amounting to \$27,885,000.

Not Victor Fearnough, aged seven weeks, son of a farmer of Morrin, Alberta, the youngest child on record to travel alone, left London in fine condition, reaching the Canadian Pacific Railway and Steamship Lines throughout the trip.

An experiment in shipping Canadian peaches to England has proven successful. The peaches were packed in small boxes and placed in cold storage, reaching London in fine condition. There is likelihood of an increased demand for Canadian peaches.

Representatives of the best sheep and prize blood of Great Britain, 23 animals imported from the Old Country arrived in Regina, Saskatchewan, recently. There were 10 ewes, sheep and 13 dogs in the shipment. The animals were bought by the government for farmers in the province.

Canada's highest lookout station has been completed and will be ready for use next year. It is situated on Mount Carleton, near Revelstoke, British Columbia, and is 5,400 feet above sea level. It will be used for the detection of forest fires and for meteorological and other observations.

The Canadian Melrose red apple in the British Empire, as judges at the Imperial Fruit Show, which opened in Manchester, recently, adjudged. They also decided that Cox orange, shipped from British Columbia, as the whole, are the best of the ten exhibitors from overseas, and winners, therefore, of the "Daily Mail" fifty-guinea cup.

What is declared to be a world's record for the transportation of grain has just been achieved by the Canadian Pacific Railway. In one period of 24 hours there were moved from Winnipeg for the head of the lake 1,775 loaded cars. The best previous record, also held by the Canadian Pacific Railway, was 1,575 cars, moved east on October 25th, 1921.

Sea Slang in British Navy

In these days of steam and turbine-driven ships much of the quaint sea phraseology is obsolete. Snatches of the ancient sea slang, however, may yet be heard among old "salt," and in the forecastles of the few "wind-jammers" still sailing the ocean.

Salt beef, "lunk" or "old horse" suggests coarse fare, but for many weary weeks it constituted the sole diet of the old sailor. It used to be said that this diet worked out through the pores of the skin and contributed to the mahogany complexion common to those whose hearts were and still is, "lobscouse" or "souse," a mess of pounded biscuits—often "weevily"—salt beef or pork, and potatoes, in the old days, but now composed of more savory ingredients. A pudding made of peas, boiled in a cloth, was known as "dog's body," biscuits as "hard tack," and white bread as "white loaf."

To "splice the mainbrace" was to serve out an extra allowance of "grog" but weak or poor liquor was known as "rumbling." "Bulling the cask" meant to wash out an empty rum barrel with water and so secure a weak dilution of the spirit, while the old-time galleons often manned by sailors from the store-rooms of the ship, where they "sucked the monkey"—that is, made a gimlet hole in the cask, inserted a straw, and sucked the rum through it.

The terms "starboard" and "larboard" are curiously derived. They come from the Italian "quarta-bordo" and "quinta-bordo," which by rapid and illiterate pronunciation became "starboard" and "larboard."

Of sailors' nicknames, probably "Garpaulin" is the oldest, from which we get the contraction "Garp," other well known terms for mariners are "salt," "shell-backs" and "lob-scouse." Ships' cooks are known as "stewards" from the custom of their skimming the "stush" or fat from the sides of the coppers in which the men's meat is boiled, and when it is a perquisite to cook's when a pot was made from the fat and "stush" was "stuck" into the "stush" while a somewhat libellous name for the purser is "Nipchess."

The little captain is not a naval but a military one, because the soldiers aboard a ship were also its commander. The proper name for the person responsible for the workings of the vessel is master. Customarily enough, many tons of a ship's rigging bear names derived from the trappings of a horse; in fact, in the old days a ship was often likened to a horse, and bounding over "whips," "bits" and "stirrups." Strange also are the names of the sails, "mizen," "top-gallant royal," "skyscraper" and "moonraker."

But departed are the days of the towering "wooden walls" with their clouds of snow-white canvas spread to the breeze. No more "tackled" or "wearing" a "great" or "small" sailing, "hounding" ship! How the crew of some big Glasgow liner would stand astounded if an old weather-beaten captain of the past, knee breeches and buckled shoes, were to make his appearance on the bridge and give orders to "hoist the starboard foremast studding sail" or to "clew up the lee-garnets" and "stand by the heavy-falls!"

The Walter's Gibe. Gen. Pershing said at an American Legion banquet in New Orleans: "Since the war we are all great French scholars. You remember, of course, the doughboy in the French restaurant who ordered a certain item on the menu only to be told by the waiter: 'Sorry, monsieur, but the band is playing that.'"

Alive Though Dead. A returned soldier, living in England, who recently applied for his pension was informed that he had been "passed" dead. When he presented his claim the War Office resorted by giving the number of his grave and its location. The serious part of the situation is that being dead from the military point of view he is not entitled to his pension.
