Appointment of Alfred Thériault not made by Order in Council.

AUDIT OFFICE, OTTAWA, April 11, 1894.

SIR,—I beg to inform you that I have not received the authority of the Governor in Council for the appointment of Alfred Thériault as lampfitter and machinist in connection with the lights above Montreal.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, A.G.

MARINE AND FISHERIES, OTTAWA, April 13, 1894.

SIR,—I have the honour to acknowledge receipt of your letter of the 11th instant, stating that you had not received the Order in Council appointing Alfred Thériault as lampfitter and machinist in connection with the lights above Montreal, and in reply beg to inform you that Mr. Thériault has not been appointed by Order in Council, but has been employed as a mechanic on the understanding that if his services are not suitable, or if the department has no further need for work in his line, he may be discharged at a week's notice.

I am, sir, your obedient servant,

The Auditor General.

WM. SMITH, D.M.M. & F.

AUDIT OFFICE, OTTAWA, April 18, 1894.

SIR,—I beg to acknowledge the receipt of your letter of the 13th instant, in which you state that the authority of the Governor in Council was not obtained for the appointment of Alfred Thériault, to which I called your attention on the 11th instant, because he was employed as a mechanic on the understanding that if his services were not suitable, or if the department had no further work in his line he might be discharged at a week's notice. It seems to me, that notwithstanding the temporary character of his employment, as indicated by your letter, the appointment properly belonged to the Governor in Council under section 5 of Chapter 70, R. S. C. This section provides as follows: "The Governor in Council may appoint superintendents, keepers, and such other officers as are necessary for the purposes of this Act, and the Minister of Marine and Fisheries may make contracts for supplies, or purchase supplies for the use of light-houses, beacons, lightships, floating and other lights, lanterns and signals, and generally may do all such things as are necessary for carrying this Act into effect."

Herein you will notice that though the Minister has been empowered generally to do all such things as may be necessary for the carrying of this Act into effect, yet the power so conferred cannot include the appointment of officers, that duty having been specifically assigned to the Governor in Council.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, A.G.

MARINE AND FISHERIES, OTTAWA, April 24, 1894.

SIR,—I have the honour to acknowledge receipt of your letter of the 18th instant, in further reference to the employment of Mr. Thériault, and stating that you are still of opinion that his appointment should be made by Order in Council, under section 5, Chapter 70, Revised Statutes. In reply, I beg to inform you again that Mr. Thériault is employed temporarily as a mechanic to repair lamps in the workshop of this department, at Ottawa, and has no permanent appointment, and if he does not suit, his services can be dispensed with at any time. I do not consider that a mechanic of this kind can be considered an officer of this department, and I also think that the Minister of Marine

Auditor General's Report—Part J

and Fisheries has power to employ mechanics, labourers and workmen wherever they are wanted throughout the Dominion without requiring an Order in Council to do so. As you are doubtless aware, we have a great many persons of this class in the service of this department who have been engaged by the authority of the Minister without an Order in Council and who are employed and paid off as deemed necessary.

I am, sir, your obedient servant,

The Auditor General.

WM. SMITH, *D.M.M. & F.*

P.S.—As you have persisted in your objection, I will obtain the opinion of the Minister of Justice in the matter.—W. S.

AUDIT OFFICE, OTTAWA, April 30, 1894.

SIR,—With reference to your letter of the 24th instant, regarding the appointment of Mr. Thériault, I desire to bring to your notice an Order in Council of February 6, 1893, which will be found at A—10 of the Report of this office and which is in these words:—

“That in the case of all persons who are paid out of any vote and who are employed at the seat of Government of Canada, the authority of an Order in Council be obtained for such employment beyond the first month's service, it being understood, however, that this regulation does not apply to printers, labourers, charwomen or persons engaged in works of a like character.”

Now it seems to me that apart from the statutory directions quoted in my letter of the 18th instant, the appointment of a person of such duties as Mr. Thériault, who receives an annual salary payable monthly, is subject to the provisions of this Order in Council. In conversation you mentioned an objection to this regulation which, I think, does not exist, that is that when an Order in Council is passed you are not as free as without it to discharge the employé whenever you wish. I interpret the Order in Council as confining your power to employ, to the persons whom the Governor in Council may authorize, but not as compelling the department to retain the services of those whose employment may be authorized.

The Minister of Marine and Fisheries will probably recollect the reason for passing the Order in Council. It appears to have been purely for the purpose of restraining departments which were not as careful in keeping down the number of men employed as they should have been. Under my interpretation of the Order in Council, the evil which it was intended to cure does not exist in your department; but I presume that it was difficult to single out the erring departments, while it was felt that the application to all would not take away the power necessary to manage efficiently any department.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, *A.G.*

MARINE AND FISHERIES, OTTAWA, May 4, 1894.

SIR,—I beg to acknowledge receipt of your letter of the 30th ultimo, in further reference to the appointment of Mr. Thériault and bringing to my notice an Order in Council of the 6th of February, 1893, which requires, that in certain cases of persons employed at the seat of Government, the authority of an Order in Council be obtained for such employment.

In examining the terms of the Order in Council, I am unable to coincide in the opinion expressed, that Mr. Thériault's appointment requires the authority of an Order in Council, as I consider that he is included in the class exempted, viz., printers, labourers, charwomen or persons engaged in works of a like character.

I am, sir, your obedient servant,

The Auditor General.

WM. SMITH, *D.M.M. & F.*

AUDIT OFFICE, OTTAWA, May 10, 1894.

SIR,—I have the honour to acknowledge the receipt of your letter of the 4th inst., with further reference to the appointment of Alfred Thériault, employed in connection with the lights above Montreal at a salary of \$500 per annum, and beg to point out, in view of the fact that you question my ruling as to the authority competent to make such appointment and in order to secure a final settlement of the case, that the department should now obtain the decision of the Treasury Board on the disputed point. In the meantime I shall be obliged to regard any payments made to Mr. Thériault as salary in his present position as illegal.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

MARINE AND FISHERIES, OTTAWA, May 16, 1894.

SIR,—I have the honour to acknowledge receipt of your letter of the 10th instant, in further reference to the appointment of Alfred Thériault, and in reply I beg to inform you that on consulting the Department of Justice, I am advised that the Minister of Justice is of opinion the Minister of Marine and Fisheries has the power to appoint such an employé under Clause 3 of the Act relating to the Department of Marine and Fisheries (Acts of 1882, Chapter 17).

I am, sir, your most obedient servant,

The Auditor General.

Collision between "Lansdowne" and schooner "Jefferson."

AUDIT OFFICE, OTTAWA, April 24, 1894.

SIR,—I beg to request that you will cause to be sent me the particulars in connection with the collision between the steamer "Lansdowne" and the schooner "Jefferson" upon which the department allowed Scanmell Bros. \$150 for the damages caused by the steamer on the occasion in question. It seems to me I should be informed on what evidence or authority the department decided that the Government was responsible to the owners of the schooner, and also in what manner it was determined that the amount paid was a fair and just recompense for the damages done.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

MARINE AND FISHERIES, OTTAWA, April 30, 1894.

SIR,—I have the honour to acknowledge receipt of your letter of the 24th instant, asking for particulars in connection with the collision between the steamer "Lansdowne" and the schooner "Jefferson," upon which the department allowed \$150 for damages.

In reply I beg to send herewith the papers in the case but I may remark in reference to this payment that the matter is one of administration for which the department is responsible.

I am, sir, your obedient servant,

The Auditor General.

WM. SMITH, D.M.M. & F.

Auditor General's Report—Part J

AUDIT OFFICE, OTTAWA, May 5, 1894.

SIR,—In returning herewith the papers sent me in connection with the award of \$150 made by the department to Scammell Bros. for damages to their schooner "Jefferson" as a result of a collision with the Government steamer "Lansdowne," I beg to call your attention to the absence therefrom of any certificate or estimate of the cash value of the damages suffered by the schooner on the occasion in question.

The certificate given by Mr. Harding on the face of the account rendered by Scammell Bros. is not sufficiently explicit for the purpose. Mr. Harding states that "the above goods were received by me and the prices charged are according to contract." It is, I think, the practice to obtain the authority of the Governor in Council for payments of this kind.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

Noonan & Davies—Agents for Acadia and Albion Coal Companies.

AUDIT OFFICE, OTTAWA, April 24, 1894.

SIR,—I beg to call your attention to vouchers 1760 and 3288, amounting to \$666.91, for coal supplied the steamer "Lansdowne" by Noonan & Davies who, in addition to being the agents of the Marine Department at Pictou, are agents also for the Acadia and Albion Coal Companies. In regard to the connection of these gentlemen with the Companies in question, I desire to bring to your notice my letter of November 17th last, printed in the Audit Report of last year at page C—490, with reference to the propriety of their certifying to the receipt of the coal, the fairness of the price, or the estimate of the quantity that might be required, when practically it was obtained from themselves, or if not, they had, judging from their position as agents, a financial interest in the quantity purchased.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Marine and Fisheries.

AUDIT OFFICE, OTTAWA, December 10, 1894.

SIR,—I find that Noonan & Davies refunded during the fiscal year 1893-94 the sum of \$55.60 to the credit of the steamer "Lansdowne," being an amount received by them as commission on coal purchased during August and September, 1893.

Please let me know the numbers of the cheques issued in favour of Noonan & Davies in payment of the coal on which the commission in question was charged.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Acting Deputy Minister, Marine and Fisheries.

MARINE AND FISHERIES, OTTAWA, December 29, 1894.

SIR,—In reply to your letter of the 10th instant, relating to a refund of \$55.60 by Messrs. Noonan & Davies to the credit of the "Lansdowne" for coal purchased from the Acadia Coal Company in August and September, 1893, and requesting the numbers of the cheques issued in payment of the coal, I have to inform you that the numbers are respectively 1760 and 3288. The amounts were \$284.18 and \$382.73.

I am, sir, your obedient servant,

JOHN HARDIE, *Actg. D.M.M. & F.*

The Auditor General.

AUDIT OFFICE, OTTAWA, January 3, 1895.

SIR,—I have the honour to acknowledge the receipt of your letter of the 19th ultimo stating that 1760 and 3288 are the numbers of the cheques issued in favour of Noonan & Davies, the amounts of which included the commission—\$55.60—refunded to the credit of the steamer "Lansdowne" during the fiscal year 1893-94.

The commission on account of which the \$55.60 is a refund apparently was paid to Messrs. Noonan & Davies by the Coal Companies and not by the Government. Was this the full amount paid by the Coal Companies on these transactions? If it was not, what was the full amount and how was the amount which should be refunded determined?

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Acting Deputy Minister, Marine and Fisheries.

MARINE AND FISHERIES, OTTAWA, Jan. 5, 1895.

SIR,—I have to acknowledge the receipt of your letter of the 3rd instant, with further reference to the refund of \$55.60 by Messrs. Noonan & Davies in connection with coal purchased for the "Lansdowne," in August and September, 1893.

In reply to your question as to the manner in which the amount which should be refunded was determined, I have to inform you that tenders were invited from coal companies for supplying Dominion steamers and the Acadia Coal Company offered their coal at \$2.50 per ton. When the question of the cost of coal supplied the "Lansdowne" at Pictou in August and September, 1893, was being considered, it was found that the account furnished by Messrs. Noonan & Davies for Acadia coal did not agree with the tender. The Acadia Coal Co. was asked to explain and the Manager replied that Messrs. Noonan & Davies were supplied the coal for the "Lansdowne," which only occasionally coals at Pictou on continuous account, as they are large dealers with the Company. Messrs. Noonan & Davies had furnished the first account at \$2.70 per ton for Acadia and \$2.25 for Albion Mine coal, which had been paid them. The depart-

Auditor General's Report—Part J

ment demanded a return of 20 cents per ton, in order that no more than the tender price should be paid for the coal.

I am, sir, your obedient servant,

The Auditor General.

JOHN HARDIE, *Actg. D.M.M. & F.*

AUDIT OFFICE, OTTAWA, January 9, 1895.

SIR,—With reference to your explanation of the refund made by Noonan & Davies in connection with coal purchased from the Acadia, and Albion Coal Companies for the steamer "Lansdowne," I beg to point out that coal at \$2.70 per ton was also obtained during the fiscal year 1893-94 for the steamers "Stanley" and "Acadia." Has any refund been made on these transactions?

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Acting Deputy Minister, Marine and Fisheries.

AUDIT OFFICE, OTTAWA, January 10, 1895.

SIR,—In further connection with the refund of \$55.60 made by Noonan & Davies on coal supplied the steamer "Lansdowne," I beg to bring to your notice vouchers 1805 and 4506 of the fiscal year 1893-94. You will notice that the price paid for the coal supplied the steamer "La Canadienne" was, according to those vouchers, \$2.70 per ton, the same as that on which a refund was made in the case of the "Lansdowne."

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Acting Deputy Minister Marine and Fisheries.

MARINE AND FISHERIES, OTTAWA, February 12, 1895.

SIR,—In reply to your letter of the 10th ultimo referring to vouchers 1805 and 4506 of the fiscal year 1893-94 relating to coal supplied the steamer "La Canadienne" at Pictou at \$2.70 per ton and inquiring whether a refund was made as in the case of the "Lansdowne," I have to inform you that Messrs. Noonan and Davies were requested in June last to report on all coal purchased by them in 1893.

They replied by refunding \$55.60 for coal supplied the "Lansdowne" which should have been purchased at \$2.50 per ton instead of \$2.70 the price charged the department. Messrs. Noonan and Davies requested further time to look into the matter of supplying other steamers. The question was again brought to their attention.

For your information I have to state that the tender in 1893 received from the Acadia Coal Company was \$2.50 f. o. b. delivered at the Company's wharf.

The "Lansdowne" and "La Canadienne" loaded at the Company's wharf and therefore the department was entitled to coal at \$2.50 per ton of 2,240 lbs. As already stated Messrs. Noonan and Davies refunded \$55.60 for coal supplied the "Lansdowne" and have now refunded \$55.20 for coal supplied the "La Canadienne."

With reference to your letter of the 9th ultimo inquiring whether any refund has been made for coal supplied the steamers "Stanley" and "Acadia" in 1893-94, I have to inform you that the circumstances were entirely different in the case of these two steamers. Neither the "Stanley" nor "Acadia" could go to the Company's wharf but the coal was delivered via the Intercolonial Railway at Pictou Landing. It was then put on board by baskets carried by men and trimmed in the bunkers. The cost of the coal being \$2.70 for Acadia coal and \$2.25 for Albion mine coal and the cost of putting on board and trimming being 58 cents per ton. This you will find agrees with the accounts.

In the case of the "Stanley" the labour was added to the cost per ton but in the case of "Acadia" the labour was charged separately. The department is therefore not aware of any reason why a refund should be demanded as suggested in your letter of the 9th instant for coal supplied the Acadia and Stanley.

I am, sir, your obedient servant,

The Auditor General.

JOHN HARDIE, *Actg. D.M.M. & F.*

AUDIT OFFICE, OTTAWA, February 25, 1895.

SIR,—In connection with that portion of your letter of the 12th instant having reference to the coal supplied the steamers "Stanley" and "Acadia" at Pictou, I beg to point out that the labour in coaling the ships was paid for by the Government. In the case of the "Stanley" the amounts paid to Noonan & Davies were calculated at the rate of \$3.28 per ton for Acadia coal and \$2.83 for Albion coal, these amounts as you say including 58 cents per ton to cover cost of coaling. As regards the "Acadia" I find that in addition to \$2.70 per ton for 140¾ tons of coal purchased in July, 1893, the sum of \$20 was allowed for "labour putting on board." A further sum of \$42.22 was paid through Commander Spain by cheque 1646 for similar work in connection apparently with the same supply of coal.

In view of these facts it seems to me it should be shown in what respects Messrs. Noonan & Davies were under any greater expense in supplying coal to the "Acadia" and "Stanley" than to the other steamers.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Acting Deputy Minister of Marine and Fisheries.

MARINE AND FISHERIES, DEPT., OTTAWA, February 26, 1895.

SIR,—In reply to your letter of the 25th instant relating to the sum of \$20 and \$42.22 paid for labour in coaling the "Acadia" at Pictou in 1893, I have to inform you that Commander Spain employed men for placing the coal on board during the day and his bill amounting to \$42.22 is for that work. The urgency of the Fishery Protection Service required that the "Acadia" should coal and proceed to sea with all speed and men were employed by Messrs. Noonan & Davies to work at night in order to complete coaling and the item of \$20 which appears in their account No. 224 is for this work.

With regard to the last paragraph of your letter in which you state that "it should be shown in what respects Messrs. Noonan & Davies were under any greater expense in supplying coal to the "Acadia" and "Stanley" than the other steamers," I have to refer you to my letter of 12th instant which reads as follows: "Neither the "Stanley" nor the "Acadia" could go to the wharf of the Company but the coal was delivered via the Intercolonial Railway at Pictou Landing."

The tender of the Acadia Coal Company was to deliver the coal at their wharf and not at Pictou Landing.

The railway freight is of course greater to the Landing and the Company charged \$2.70 and not \$2.50 for coal delivered to the "Acadia" and "Stanley."

The department knowing that it is more expensive to deliver coal at Pictou Landing than at the wharf of the Acadia Coal Company had no reason to expect that the coal would be \$2.50 per ton as if delivered at the wharf of the Company as the case of the "Lansdowne" and "La Canadienne."

I am, sir, your obedient servant,

The Auditor General.

JOHN HARDIE, *Actg. D. M. M. & F.*

Auditor General's Report—Part J

Labour Pay-Lists not properly certified.

AUDIT OFFICE, OTTAWA, April 24, 1894.

SIR,—I beg to bring to your notice the account rendered by D. McLachlan—voucher 495—for repairs to the steamer “Lansdowne,” amounting to \$1,164.61, of which the sum of \$837.25 is for labour payments made presumably to different persons. There are no vouchers in support of this amount, nor are the names of the persons to whom payments were made given, but at the end of the account Mr. Harding, Marine Agent at St. John, certifies that “the above was duly authorized and received by me and that the prices charged are fair and just.” Now, as pointed out in previous correspondence relative to similar accounts, it seems to me that a certificate of this nature attached to an account wholly or partly composed of labour disbursements does not meet the requirements of Section 33 of the Audit Act. I presume from the fact of Mr. McLachlan making charge for a certain number of days’ labour at rates varying from \$4 to \$1 per diem, that there is some officer under your control in a position to certify of his own knowledge to the accuracy of the number of days for which charge is made, the due performance of the work and the fairness of the price, and if so, I beg to point out that in my opinion it would be more in accordance with the section of the Audit Act to which I have referred if the officer in question would certify as follows:—“I certify that the number of days charged for on this account represents days on which work was actually performed, that the materials mentioned hereon were received by me for the purpose stated, and that the charges are in all cases fair and just.”

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, April 26, 1894.

SIR,—In connection with my letter of the 24th instant, calling your attention to the insufficiency of the certificate given on an account rendered by D. McLachlan for repairs to the steamer “Lansdowne,” I beg to bring to your notice accounts rendered by Waring, White & Co., R. J. Wilkins, and John Woodley—vouchers 494, 287 and 281, and to point out that in my opinion these accounts should be certified in the form suggested in my letter for the account rendered by D. McLachlan.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

SIR,—I have the honour to acknowledge receipt of your letter of the 24th ultimo, in reference to the account for repairs to the steamer “Lansdowne,” rendered by D. McLachlan, and beg to inform you that I have called the attention of our agent at St. John to the certificate which you require in future.

I have also called his attention to the account of Waring, White & Co., R. J. Wilkins, and John Woodley, referred to in your letter of the 20th ultimo.

New Steamer—“Aberdeen.”

AUDIT OFFICE, OTTAWA, March 17, 1894.

SIR,—I beg to acknowledge the receipt of your application of the 16th instant for the issue of a sterling bill of £4,450 in favour of Messrs. Fleming & Ferguson, being the fourth part of their contract price for a new steamer now being built at Paisley,

Scotland, for the Canadian Government. In connection with this application, I beg to call your attention to the amount provided in the Supply Bill of the current fiscal year—\$50,000—for a new steamer, and to request an explanation of the department's action in entering into a contract for the work in question involving a much larger expenditure than the sum authorized by Parliament. The contract with Fleming & Ferguson should be sent me.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

MARINE AND FISHERIES, OTTAWA, March 21, 1894.

SIR,—I have the honour to acknowledge receipt of your letter of the 17th instant, in reference to the contract entered into with Messrs. Fleming & Ferguson for the construction of a new steamer, and requesting an explanation of the department's action in entering into a contract for the work in question involving a much larger expenditure than the sum authorized by Parliament, and in reply I am to inform you that the amount placed in the Estimates and voted by Parliament was a progress estimate, considered sufficient for expenditures during the current fiscal year, and it is proposed to obtain an additional sum during the present session to complete the construction of the vessel.

I inclose contract herewith, which please return after perusal.

I am, sir, your obedient servant,

The Auditor General.

WM. SMITH, *D.M.M. & F.*

AUDIT OFFICE, OTTAWA, March 28, 1894.

SIR,—I beg to return herewith papers sent me in connection with your application for the issue of a sterling bill for £4,450 in favour of Fleming & Ferguson, with the exception of the inspecting engineer's certificate which I have retained as a voucher.

As to the amount of the contract being in excess of the sum voted by Parliament, I called your attention to this point under the impression that the amount in the Supply Bill—\$50,000—was the entire cost of the work in question as authorized by Parliament. An explanation of the expected cost of the vessel should have been appended to the estimate. I have, however, passed your application in view of your explanation that this amount was only a progress estimate and that Parliament will be asked for a sum sufficient to meet the balance of the contract.

In connection with the certificate given by Mr. MacNicoll, I beg to point out that it contains no evidence that the work, to the performance of which he certifies, had been carried out in strict accordance with the terms of the specification. It is, I think, necessary that the certificates in regard to future instalments should be made to cover this point.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, July 30, 1894.

SIR,—I beg to return herewith the papers sent me with your application of the 27th inst. for the issue of a cheque covering the balance due on the third instalment of the contract price of the new steamer "Aberdeen" now in course of construction.

As no doubt you will make application at an early date for the final payment to the contractors, I beg to inclose for your information a copy of a certificate furnished the Imperial Government in regard to somewhat similar work before final payment was made. You will notice this certificate goes much more into the details of the work performed than any that the Government of Canada usually obtains, and it seems to me it

would be an improvement to adopt one similarly precise in regard to large works under contract, such for example as the steamer now being built.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Acting Deputy Minister, Marine and Fisheries Dept.

(Copy.)

I certify—

1. That the engines have been properly fitted up and set to work on board the said vessel.
2. That the engines have been properly tried under the charge of the contractors under steam at full power for the time specified, to the entire satisfaction of the officers appointed for that purpose.
3. That all the articles required to be furnished in pursuance of the contract for the engines have been supplied and left on board the said vessel.
4. That the weight of the engines and appurtenances has been ascertained, and that it is within the limit allowed by contract.
5. That contractors are now entitled to the payment of the balance outstanding on the contract after the necessary deductions, if any, have been made therefrom for material and labour supplied by the Crown.

Inspecting Officer.

MARINE AND FISHERIES, OTTAWA, July 30, 1894.

SIR,—In reply to your letter of to-day's date, inclosing a copy of a certificate furnished the Imperial Government in regard to somewhat similar work as the construction of the steamer "Aberdeen" now being built at Paisley, Scotland, for the information of this department in which you state that the form goes much more into the details of the work performed than any that the Government of Canada usually obtains and suggest that one similarly precise should be obtained from the inspector when the "Aberdeen" is completed, I have to inform you that the Department of Marine does not consider the form inclosed by you sufficiently precise for all that will be required in connection with the construction of the "Aberdeen."

There is no mention made whatever of the speed to be attained at the trial trip. There is no reference whatever to Lloyd's certificate; and it will be necessary for the inspector employed by the department to be far more explicit as to the kind of engine and its appurtenances and all the latest improvements that have been required by this department from the contractors. The certificate that has been required up to the present is merely one to show that progress has been made in accordance with the requirements of the contract and that each instalment has been earned.

The final certificate will be far more complete and detailed than any that have been required from the inspector up to the present time.

I am, sir, your obedient servant,

The Auditor General.

JOHN HARDIE, *Actg. D.M.M. & F.*

Legal Expenses paid from Statutory Vote for Fishing Bounty.

AUDIT OFFICE, OTTAWA, September 7, 1894.

SIR,—I beg to return herewith your application of the 4th instant to repay the Bank of Montreal \$6,713.82, amount of Fishing Bounty cheques lately issued, as, in my opinion, the payment of \$560.44 for legal services made to Harris, Henry & Cahan by cheque 26700 is not properly chargeable on the statutory vote for Fishing Bounty.

The statement of cheques accompanying the application does not indicate the dates of issue, and I should be glad if you will inform me if all were issued within the prescribed time for the payment of last year's liabilities—viz.: not later than August 21, 1894.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, *A.G.*

MARINE AND FISHERIES, OTTAWA, September 11, 1894.

SIR,—In reply to your letter of 7th instant, returning my application to repay the Bank of Montreal \$6,713.82, amount of Fishing Bounty cheques, I beg to state that the payment of \$560.44 for legal expenses in certain bounty fraud prosecutions to Messrs. Harris, Henry & Cahan, was made out of the statutory vote for Fishing Bounty by directions of the Minister. The account is herewith inclosed.

The cheques covered by the application for warrant were all issued prior to 21st August, 1894. Papers herewith.

I am, sir, your obedient servant,

The Auditor General.

WM. SMITH, *D.M.M. & F.*

Light-Keeper at Neguac Island not appointed by O. C.

MARINE AND FISHERIES, OTTAWA, June 12, 1894.

SIR,—In reply to that part of your letter of yesterday in which you refer to the appointment of Mr. W. Drummond as light-keeper without the authority of Council, I have to explain to you that it was proposed to remove Mr. Drummond from the light at Neguac Island on account of his age. The man appointed to replace him refused to act, and as it was necessary to maintain the light Mr. Drummond has been acting as temporary light-keeper ever since, notwithstanding that two appointments have been made in the interval by Order in Council, the nominee in each case refusing to act.

The Minister has again made recommendation to Council to appoint a new man, but until the Order issues it will be necessary to continue Mr. Drummond temporarily.

I am, sir, your obedient servant,

The Auditor General.

WM. SMITH, *D.M.M. & F.*

Account not properly certified.

AUDIT OFFICE, OTTAWA, April 30, 1894.

SIR,—I beg to bring to your notice the certificate given by Mr. Tremaine, for Mr. Johnstone the Agent of the Marine Department at Halifax, on an account rendered by James Baird of St. John's, Newfoundland, for roofing-felt purchased from him for Cape Race Light.

On this account Mr. Tremaine states over the name of Mr. Johnstone that "the above was duly authorized and received by me," though it would appear from the face of the account that the goods were forwarded to "P. Myrick, in care of George Curtis Trepassy."

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, *A.G.*

AGENCY OF THE DEPARTMENT OF MARINE AND FISHERIES,

HALIFAX, N.S., August 8, 1894.

SIR,—Referring to departmental letter No. 11519, dated the 2nd instant, I beg to hand you herewith copy of a letter and telegram received from the Keeper at Cape Race acknowledging the receipt of the 6 rolls of tarred paper referred to. I was under the impression that copies of these papers were attached to the original bill when

Auditor General's Report—Part J

forwarded for payment ; they certainly should have been, as it was only on the strength of them that I certified the account. With reference to the certificate I can only say that it was furnished by the department and was in constant use here for a number of years, in fact until March last, when a differently worded one was received here. The words "received by me" were always taken to be in the light of "Fecit per alium fecit per se," the keeper being the representative of the agent.

I am, sir, your obedient servant,

A. D. B. TREMAINE, *Chief Clerk and Accountant N.S. Agency.*

J. PARSONS, Esq., Acting Agent, Halifax, N.S.

Repairs to "Druid" and "La Canadienne."

AUDIT OFFICE, OTTAWA, August 17, 1894.

SIR,—I beg to bring to your notice cheque 10165 for \$8,000 issued in favour of Carrier, Lainé & Co., the amount of \$5,000 being charged to Dominion steamer "Druid" and the balance, \$3,000, to Fishery Protection Service steamer "La Canadienne."

Among the documents sent me by your department I find no voucher or certificate in support of this payment. Please furnish me with the certificate of your officer on which this cheque was issued.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, A.G.

MARINE AND FISHERIES, OTTAWA, August 25, 1894.

SIR,—In reply to your letter of the 17th instant, requesting a voucher or certificate in support of the cheque for \$8,000 issued in favour of Carrier, Lainé & Co., the amount of \$5,000 being charged to Dominion steamer "Druid," and the balance, \$3,000, to Fishery Protection Service steamer "La Canadienne," I herewith inclose two certificates ; the certificate relating to the "Druid" is in connection with the contract for placing a new compound engine in the steamer, at a cost of \$9,250. The balance of the contract has not yet been paid as an accident occurred to the steamer whilst the contractors were working at her.

The question as to the liability of the contractors for the accident has been referred to the Department of Justice and has formed a subject of correspondence and until that question is settled, no further payments will be made.

I also inclose a certificate from the Captain, Steamboat Inspector and Chief Engineer of the steamer "La Canadienne" showing that the contract entered into with Messrs. Carrier, Lainé & Co. was completed to the satisfaction of these officers. The work done was placing a new boiler in the steamer and making repairs to the hull and machinery at a cost of \$10,284.

I am, sir, your obedient servant,

The Auditor General.

WM. SMITH, *D.M.M. & F.*

Behring Sea Vote—Extension of Time.

AUDIT OFFICE, OTTAWA, September 13, 1894.

SIR,—I beg to inform you that I have received this day an Order in Council dated August 24, 1894, extending the time during which cheques may be drawn against the vote for Behring Sea of 1893-94 to October 1, proximo.

With reference to this Order, I beg to call your attention to the provisions of the Statute in this regard (Consolidated Revenue and Audit Act, Section 37) and to point out that as the Order in Council was not passed before August 1st, it is not effective. You will please therefore not issue cheques against the appropriation.

I am, sir, your obedient servant,

The Dep. Minister of Marine and Fisheries.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, November 29, 1894.

SIR,—I have your application of the 3rd instant to repay the Bank of Montreal \$23,667.37 for cheques drawn on the 27th September, to pay Behring Sea accounts and to charge the same to the appropriation for the purpose in Schedule A of the Supply Bill of the last session. Under Schedule A in the Supply Bill are the words:—

“Sums granted to Her Majesty by this Act for the financial year ending 30th June, 1894, and the purposes for which they are granted.”

The Order in Council to bring down the appropriation was passed on the 24th of August, while in the 37th section of the Audit Act are the words: “Provided that upon cause being shown to the satisfaction of the Governor in Council, he may, by Order in Council to be made before the 1st of August in each year, extend the time for finally closing the account of any appropriation.” It is quite plain then that your Behring Sea appropriation, while it might have been revived by an Order in Council passed in July was beyond the reach even of that authority after the end of that month.

I am, sir, your obedient servant,

The Dep. Minister of Marine and Fisheries.

J. L. McDOUGALL, A.G.

Mr. Wilmot's Travelling Expenses.

AUDIT OFFICE, OTTAWA, January 21, 1895.

SIR,—I beg to call your attention to the account rendered by Mr. Sam. Wilmot in support of cheque 278 for \$200, advanced him in July, 1893, to cover travelling expenses.

Mr. Wilmot has not certified that the whole amount was expended on Government business, nor given the dates on which the various charges made therein were incurred. There are no vouchers for hotel expenses, though charges are made for \$10.50 for three and half days at Chicago, \$8 for four days at Selkirk, and \$6.60 for two and a half days at Winnipeg.

I would also call your attention to the long delay in rendering an account of this advance, viz., from July, 1893, to November 2, 1894, on which day a refund of \$25 was made, being the unexpended portion of the sum advanced. As the trip seems to have been completed early in August, 1893, it is necessary that an explanation of this delay should be given.

I am, sir, your obedient servant,

The Acting Dep. Minister, Marine and Fisheries.

J. L. McDOUGALL, A.G.

Temporary employment of Messrs. Middleton and Veith.

AUDIT OFFICE, OTTAWA, January 21, 1895.

SIR,—I beg to bring to your notice vouchers 4758 and 10510 rendered by W. H. Middleton for clerical services in November and April of the fiscal year 1893-94.

In connection with these vouchers I would call your attention to Section 47 of the Civil Service Act, sub-section 2, wherein it is provided that the remuneration to be paid for extra service shall not exceed the minimum salary of a third class clerk unless the service to be performed is technical and requires special qualifications. As Mr. Middleton was paid at the rate of \$2 per diem the accounts rendered by him should be certified so as to show that the law had been complied with in this respect. If Mr. Middleton had not passed the Civil Service Qualifying examination at the time of his employment a further certificate to the effect that the list of qualified persons did not furnish one competent for the work in question, should also be given.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Acting Deputy Minister, Marine and Fisheries.

Auditor General's Report—Part J

AUDIT OFFICE, OTTAWA, January 22, 1895.

SIR,—In connection with my letter of the 21st instant calling attention to the rate at which W. H. Middleton was paid for clerical service, I beg to bring to your notice three payments made to F. H. D. Veith from the vote for Behring Sea, amounting to \$79.50, at the rate of \$1.50 per diem. These accounts are not certified as required.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Acting Deputy Minister, Marine and Fisheries.

Increase of Salary to Commander Spain.

AUDIT OFFICE, OTTAWA, January 18, 1895.

SIR,—Please let me know the authority under which the salary of Commander Spain of the Fishery Protection Service was increased from \$1,200 to \$1,700 per annum from February 12, 1894.

I notice that while he was in command of the steamer "Acadia" he was paid at the rate of \$90 per month, and when off ship, at the rate of \$1,200 or \$1,700 per annum. Has the salary so paid been authorized by the Governor in Council?

During the fiscal year 1893-94 an additional sum of \$500 was paid him for extra services. Under what authority was this amount granted?

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Acting Deputy Minister, Marine and Fisheries.

Auditor General's Report—Part J

Re Fisheries Revenue.

AUDIT OFFICE, OTTAWA, March 29, 1894.

SIR,—I received, a few days ago, counterfoils of certain licenses issued in British Columbia during 1893. These licenses are issued and the fees thereon collected by the same person. Such an arrangement is objectionable. Could not another officer be associated with the present issuer? All licenses should be issued on forms furnished by the department, bearing printed consecutive numbers, and the agent should be required to account for all the forms sent him. When payment is made in person, the payer should sign the counterfoil. During 1893, over 150 licenses were issued on forms without printed consecutive numbers and bearing the printed signature of John Tilton.

On the return for July, the following entries appear. The numbers of the licenses issued are not entered and no counterfoils are furnished :—

July 1.—Twenty-four licenses per Bell—Irving & Peterson for the Skeena Indians.....	\$980 00
July 11.—Forty licenses per Turner, Beeton & Co. for the Skeena Indians.....	900 00
July 19.—R. P. Rithet & Co.....	400 00

Licenses 633 to 651, dated 10th and 11th July, do not appear on the agent's return. Neither does license No. 395, 8th June, for \$2; and license No. 429, dated 22nd July, for \$20, is entered as \$2.

On the return for October, six licenses are entered, the numbers not given and the counterfoils not furnished.

Please let me know how the tariff of fees is fixed and send me a copy of the one for British Columbia.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, A.G.

MARINE AND FISHERIES DEPT., OTTAWA, June 19, 1894.

SIR,—In reply to your letter of the 29th March last, respecting the issue of fishery licenses in British Columbia, I am to inform you that it would be impossible, without appointing a special officer for such purpose, to associate another officer with the inspector, for the issue of these licenses.

The licenses are at present issued on forms furnished by this department, and bear consecutive numbers. Last year, however, the demand for licenses was greater than this department had anticipated when getting the book printed. A supply of additional licenses had to be applied for and sent at once, as they were urgent. There being no time for getting new ones printed, old forms were used for that purpose. This will, however, be avoided in future.

Re July return, Inspector McNab submits the following explanations :—

1. July 1.—Twenty-four licenses per Bell—Irving & Peterson for Skeena Indians.....	\$980 00
---	----------

This amount covered 24 licenses to Indian at "North Pacific" Cannery, and 25 for the "British American" Cannery; the names were sent by the agent.

2. July 11.—Forty licenses per Turner, Beeton & Co. for the Skeena Indians.....	\$900 00
--	----------

This amount was received on account of licenses to 25 Indian fishermen for the "Inverness" and 20 for the "Balmoral" Canneries. The names of these Indians were also furnished.

3. July 19.—R. P. Rithet & Co.....	\$400 00
------------------------------------	----------

This amount was on account of 20 licenses for Indians to fish for the "Standard" Cannery. Agent has their names also.

4. Your letter states that: "Licenses 633 to 651, dated 10th and 11th July, do not appear on the agent's return. Neither does license No. 395, 8th June, for \$2, and license No. 429, dated July 22nd, for \$20, is entered at \$2."

These licenses were issued to the fishermen. The inspector had only 19 blanks and he issued a receipt to the 20th man. The sum of \$400 was paid for these licenses by the "Federation" Canning Company, of Naas, and accounted for in the June return.

5. License No. 395, for \$2.

The inspector states that he has no record of this license, and asks whether it is marked cancelled on the counterfoil, as it was evidently applied for as a farmer's license, and cancelled for some cause.

6. License No. 429, dated July 22nd, for \$20, is entered at \$2.

The inspector says this is a farmer's license and the fee is \$2.

7. "On returns for October, 6 licenses are entered, the numbers not given and the counterfoils not furnished."

The inspector explains that on his return, the fishery guardian from Naas River gave him the applications for 6 Indians, received by him when at Naas River, the fees \$120. The fishing season was over before he received these applications.

The fees on fishery licenses in British Columbia is fixed by sections 21, 22 and 24 of the General Fishery Regulations of March 3rd, 1894, copy of which is inclosed for your information.

I am, sir, your obedient servant,

The Auditor General.

WM. L. MAGEE, *for D.M.M. & F.*

AUDIT OFFICE, OTTAWA, May 16, 1894.

SIR,—I received a few days ago, part of the returns of Mr. Inspector Chapman, outstanding from 1892-93, and all the returns for which deposits have come to account during the present fiscal year.

The summary accompanying the returns does not specify the date of the receipt by Mr. Chapman of remittances from the overseers, but it is evident from the dates of the overseers' returns that he does not deposit the receipts of one month till the returns of the next reach him. On November 25, 1893, he deposited \$600 and on December 2nd, \$475.62 in acquittance of returns, the greater part of which he received in July previous. The last deposit that has come to account is for \$574.50, dated March 19th last. It covered returns in his hands more than a month.

In my letter of March 16, 1891, I called your attention to the unsatisfactory points connected with this officer's returns. That I have not since referred to the matter is largely due to the delay in receiving the returns.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, May 28, 1894.

SIR,—In reply to your letter of the 16th instant, I have the honour to inform you that Mr. Chapman has been asked to explain his mode of dealing with remittances from the overseers in his district.

I am, sir, your obedient servant,

The Auditor General.

WM. SMITH, *D.M.M. & F.*

AUDIT OFFICE, OTTAWA, January 12, 1895.

SIR,—Referring to my letter of May 14th last, and your reply of May 28th, I have now to require what explanation Mr. Chapman furnished of his mode of dealing with remittances from the overseers in his district.

I have the honour to be, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, *A.G.*

Auditor General's Report—Part J

MARINE AND FISHERIES DEPT., OTTAWA, January 31, 1895.

SIR,—In reply to your letter of the 12th instant, asking what explanations were given by Mr. Chapman of his mode of dealing with remittances, I am to state that this matter was thoroughly investigated by this Department and it was found that Mr. Chapman was under a misapprehension in not sending in the returns from the officers under him and immediately depositing the revenue on receipt of same by him. Now that this officer understands what is required, his duties are satisfactorily performed.

I am, sir, your obedient servant,

The Auditor General.

JOHN HARDIE, *Acting D.M.M. & F.*

AUDIT OFFICE, OTTAWA, May 16, 1894.

SIR,—I have received lists of the licenses issued for Ontario up to and including February last, and for Nova Scotia during July and August. Please send me lists of any subsequently issued.

The inspectors to whom forms are furnished, and who are authorized to issue licenses, should be required to furnish, immediately after the close of each month, a list of the licenses issued during the previous month, stating (1) the No., (2) the overseer to whom sent, (3) the licensee, (4) the class of license, (5) the amount of the fee.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, May 19, 1894.

SIR,—Owing to the form in which Mr. Inspector Kinney's returns are now furnished, no satisfactory audit of them can be made. He should be requested to furnish the overseers' returns, and should enter on his own return the date of each remittance received by him.

The first return furnished is for June and part of July, and covers licenses issued in May and June. There is no return for August nor for September. The return for October, amounting to \$1,017 is almost entirely in acquittance of licenses issued in May and June. If none of these licenses were paid from July 15 till October some explanation seems to be called for. When there are no collections during a month, either a nil return should be sent in or the next return furnished should have a memo. to that effect.

The following licenses are not accounted for, nor have they been returned:—

Date of issue.	No.	Overseer.	Licensee.	Amount.
May	91	D. Evans.....	L. C. Manning.....	\$10 00
do.....	92	do	James Heister.....	12 50
do.....	95	do	Alvin Cross.....	15 00
do.....	96	do	David Baker & Co.....	5 00
do.....	97	do	Wm. Cross.....	7 50
do.....	120	do	David Baker.....	5 00
do.....	165	W. M. Solomon.....	H. Mason.....	15 00
do.....	355	J. R. Kinney.....	Joseph McNeil.....	10 00
June	195	do	Hy. Dauphine.....	5 00

Deposits for \$179.50 and \$105 dated respectively April 3 and 6, 1894, have come to account for which no returns are furnished.

As there is no means of applying any check on the amount of fines collected. inspectors and overseers, who now only sign their returns, should be required to certify that they are a correct and full record of all receipts, and that remittances or deposits were made whenever \$25 or more was on hand.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, June 12, 1894.

SIR,—On May 28th last you wrote that the returns of fisheries revenue for January, February, March and April were being prepared. They have not yet reached me.

On May 16th, I wrote you about delays in furnishing the list of licenses issued. Since then none have been received.

On March 7th last you wrote that in future the returns would reach this office early in the month succeeding the one to which they refer. I shall be glad to learn what probability there is of this regulation being carried out; and how soon. Unless the list of licenses and the returns of the collecting officers are promptly furnished month by month, it is simply impracticable to have those relating to the last three or four months of each fiscal year audited and examined.

I have been directed by the Treasury Board to audit the Revenue Accounts, and if for any reason I am not able to carry out their instructions, it is my duty to inform the Board accordingly. I shall, however, defer doing so till I hear again from you.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, A.G.

Re Licenses in British Columbia.

AUDIT OFFICE, OTTAWA, June 26, 1894.

SIR,—In your letter of June 19th, you state that the licenses are issued on forms furnished by your department, and bear consecutive numbers; but it would be impossible without appointing a special officer for such purpose to associate another officer with the inspector, for their issue.

It is regrettable that some more satisfactory arrangement cannot be introduced, the amount involved being so large. I assume that a record is kept of all forms sent him, and his monthly returns checked by it in your department. I have to ask that this office be notified of all blank forms sent him and that you give the lowest and highest number sent and the grade or class of license. This officer and others collecting any considerable amount of fees should be required to furnish a return every month, whether they have made any collections or not. I have to repeat what I stated in my letter of March 29th last, as to the payer signing the counterfoil when the payment is made in person. This is all the more necessary when the issue of the licenses and the collection of the fees are in the hands of the same officer.

I have again to call your attention to the delay in forwarding the agents' monthly returns to this office. Those for December are the last that have yet come to hand.

I am, sir, your obedient servant,

The Acting Dep. Min. of Marine and Fisheries.

J. L. McDOUGALL, A.G.

Auditor General's Report—Part J

MARINE AND FISHERIES DEPT., OTTAWA, August 2, 1894.

SIR,—In answer to your letter of the 26th June, I beg to inclose a statement of fisheries licenses issued by Inspector McNab, of British Columbia, for February; the first one for this year, no licenses having been issued in January. The returns for March, April and May have been sent back, as Mr. McNab omitted to enter the number of licenses issued, and as soon as received, these will be forwarded to you.

A circular to all fishery officers issuing licenses is being prepared calling their attention to the necessity of forwarding their returns without delay.

I am, sir, your obedient servant,

The Auditor General.

JOHN HARDIE, *Acting D.M.M. & F.*

AUDIT OFFICE, OTTAWA, December 11, 1894.

SIR,—With the June return a statement is furnished of collections by J. T. Dagneau, for salmon licenses Nos. 25 to 50, inclusive, amounting to \$231.67. On the margin there is the following memo: "When this letter was opened it was found to contain only \$181. Referred to P. O. Dept., E. W. G." I do not find that the balance—\$51.67—has since come to account, and have to ask what action has been taken in the matter. I may add that no list of licenses issued that has reached this office contains these licenses. Information of all licenses issued should be furnished regularly every month.

I am, sir, your obedient servant,

The Acting Dep. Min. Marine and Fisheries.

J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, December 11, 1894.

SIR,—The return of L. N. Catellier, Tadousac, for the month of April last, calls for \$30. Only \$20 has come to account. The following memo. appears on the return: "Only \$20 inclosed." I have to ask for further information.

I am, sir, your obedient servant,

The Acting Dep. Min. Marine and Fisheries.

J. L. McDOUGALL, *A.G.*

Re Returns not furnished.

AUDIT OFFICE OTTAWA, February 28, 1895.

SIR,—Deposits have been received on account of Fisheries Revenue from the following officers, for which no returns have been furnished, viz:—

John V. Legrisley, Que., \$13; James Hickson, N.B., \$12.90; H. S. Miles, N.B., \$169.60; Chas. McClusky, N.B., \$5; Wm. Marks, N.B., \$26; A. Lord, P.E.I., \$547.65; P. McBride, P.E.I., \$20; R. L. Tupper, Man., \$157.70; James Gaudin, B.C., \$22.25.

I am, sir, your obedient servant,

The Acting Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, *A.G.*

Re Steamboat Inspection.

AUDIT OFFICE, OTTAWA, April 25, 1894.

SIR,—I am sending you herewith the following lists arising out of the examination of steamboat inspection revenue for the six months to December, 1893:—

1. A list of 6 vessels appearing on the inspectors' returns, the fees on which have not come to account; 2. A list of 9 vessels appearing on the inspectors' returns, for which no certificates have been issued, and no fees have come to account; 3. A list of 36 vessels, the fees on which have come to account, which do not appear on the inspectors' returns.

I am also sending list No. 1 to the Customs Department.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, June 27, 1894.

SIR,—Referring to your letter of the 25th April last, inclosing lists arising out of the examination of steamboat inspection revenue, I beg to inclose, for your information, copy of a memorandum received from the Chairman of the Board of Steamboat Inspectors on the subject.

I am, sir, your obedient servant,

The Auditor General.

JOHN HARDIE, *Acting D.M.M. & F.*

26th June, 1894.

Re Auditor General's letter of the 28th April, 1894.

List No. 1.

The Customs can probably explain this, as we have no means of ascertaining why the Customs, which made the collections did not return them.

List No. 2.

Certificates of inspection were issued to the "John Fraser" on the 4th November, she not having a certificate of registry until about that date, nor paid dues; the "Hurtubise," "Circassian" and "E. Perley" were also without certificates of registry and had not paid inspection dues nor fees. Without payment of these dues the inspector cannot issue a certificate of inspection.

The "Dominion" and "Susan C. Doty" had certificates issued 7th April and 3rd March, 1894, the inspection dues and fees not being paid until 3rd April and 16th February respectively; "Bessie and Harrie," certificate issued 1st September, 1893, dues paid \$6.76—at Halifax, 19th May, 1893. These items were in Inspector Stevens' returns for the months of May and September, 1893, which were duly forwarded to the Auditor General.

"Swan" and "St. Michael." The inspection dues and fees not being paid the inspector could not issue certificates.

List No. 3.

The vessels named in No. 3, if not inspected could not be returned by the inspectors, who are only required to make returns of steamboats inspected. Section 46 of the Act 49 Vic., chap. 78, requires that tonnage dues and inspection fees shall be paid "yearly and every year," and section 10 of the same act requires that the owner or master "shall cause the boiler and machinery and the hull and equipment thereof to be inspected at least once every year;" it does not, therefore, always follow that inspection is made after payment of the dues, as the owner may not run the vessel or may not cause her to be inspected, or the inspector may not be able to inspect her,—this may be from his having a greater number than he is able to attend to, or from the vessels being out of his reach, the latter is notably the case of the steamboats "Grahame," "Athabasca," and "Wrigley" respectively on the Peace and Athabasca rivers, the Lesser Slave River and on the Mackenzie River, to make the trip to these steamboats and return taking up between two and three months. The owners did not make application for their inspection in 1893, and they were not inspected. Application was made this year, and the Manitoba inspector is now absent in the North-west Territories to make inspection of these vessels, as also of the "Mountain Belle," which is at Banff, or of other vessels. All the steamboats named in list No. 3 will be inspected in due course, the inspectors in the several divisions having been advised.

W. J. MENEILLY,
Chairman Board of S. I.

Auditor General's Report—Part J

MARINE AND FISHERIES DEPT., OTTAWA, August 3, 1894.

SIR,—Referring to your letter of the 25th April last, and to list No. 3 forwarded therewith, being a list of vessels the fees on which have come to account but do not appear on the inspectors' returns, I have the honour to inform you that the inspector at Victoria, B.C., has advised the department that the steamer "Rainbow" appearing in above list was laid up, and therefore was not inspected.

I am, sir, your obedient servant,

JOHN HARDIE, *Acting D.M.M. & F.*

The Auditor General.

Re Fines and Forfeitures.

AUDIT OFFICE, OTTAWA, June 8, 1894.

SIR,—I have received your application No. 119 for a refund to Samuel Reynolds of \$100, the amount of a fine imposed on him for running his boat without a properly certificated engineer.

Chap. 29, R. S., sec. 78 provides that no remission shall be made in any case unless such case has been considered, and the remission has been recommended by the Treasury Board. The copy of the Order in Council that I have received does not indicate that this case has been considered and recommended by the Treasury Board. In the meantime I will hold your application.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Minister of Marine and Fisheries.

MARINE AND FISHERIES DEPT., OTTAWA, June 13, 1894.

SIR,—I have the honour to acknowledge receipt of your letter of the 8th instant relative to the application of this department for a refund to Samuel Reynolds of \$100, amount of fine imposed on him for running his boat without a certificated engineer, and taking exception to the application as, in your opinion, section 78, Chapter 29 of the Revised Statutes, has not been complied with.

In reply, I have to state that after examining the section alluded to, I am of the opinion it does not bear on the case referred to, and inasmuch as an Order in Council has issued directing a refund, I have to request you to be good enough to send me a cheque for \$100, to refund Mr. Reynolds amount of the fine.

I am, sir, your obedient servant,

WM. SMITH, *D.M.M. & F.*

The Auditor General.

AUDIT OFFICE, OTTAWA, June 15, 1894.

SIR,—I have received your letter of the 13th instant, in reference to your application for a refund of \$100 to Samuel Reynolds.

You state that you do not consider section 78, Chapter 29, Revised Statutes, bears on this case, but you do not offer any reason for your decision. Subsection 3 of said section reads as follows: "No remission shall be made in any case unless such case has been considered, and the remission whether total or partial, conditional or unconditional, has been recommended by the Treasury Board, and sanctioned and ordered by the Governor in Council." The Order in Council furnished me does not indicate that this case had been considered and recommended by the Treasury Board, and without that information, I am unable to pass the application.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Minister of Marine and Fisheries.

MARINE AND FISHERIES DEPT., OTTAWA, June 16, 1894.

SIR,—I have the honour to acknowledge receipt of your letter of the 15th instant in further reference to the application of this department for a refund to Samuel Reynolds of \$100, and stating that you are unable to pass the application until the provisions of subsection 3 of section 78, Chapter 29, Revised Statutes, have been complied with. In reply, permit me to say that the section alluded to, appears to refer to duty or tolls and not to a fine imposed for violation of the Steamboat Inspection Act, and I will, therefore, be obliged if you will issue a cheque to carry out the Order in Council of the 21st May, 1894.

I am, sir, your obedient servant,

The Auditor General.

WM. L. MAGEE, *for D.M.M. & F.*

AUDIT OFFICE, OTTAWA, June 21, 1894.

SIR,—You state in your letter of the 16th instant, that the section alluded to appears to refer to duty or tolls and not to a fine imposed for violation of the Steamboat Inspection Act.

I have to say, in reply, that I am still of the opinion that the subsection providing for the consideration and recommendation of the Treasury Board, applies to every case of remission authorized by the previous part of the section; forfeitures and penalties as well as duty and tolls. In consequence, I do not see my way to passing your application till I receive the information called for.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, June 25, 1894.

SIR,—I have to acknowledge receipt of your letter of the 21st instant, informing me that you are still of the opinion that the Order in Council of the 21st ultimo, remitting the penalty imposed on the owner of the "Golden City" for an infraction of the Steamboat Inspection Act, is insufficient without the recommendation of the Treasury Board, and in reply I may state that I quite agree with you as to subsection 3 of the 78th section of the Audit Act requiring the recommendation of the Treasury Board in every case of remission authorized by that section. There cannot, I think be any question on that point. The question, however, at issue is not the requirement of the subsection referred to, but rather the scope of the previous part of the section. So far as I can interpret the section, its scope is limited to the remission of penalties imposed for the contravention of the laws relating to the collections of revenue duty or toll, and as the Steamboat Inspection Act is not a revenue law, the collection of dues being only incidental, I do not see that the 3rd section referred to bears on a remission connected with that Act. I will however refer the matter to the Department of Justice for an opinion, and will communicate their decision to you when received.

I am, sir, your obedient servant,

The Auditor General.

WM. L. MAGEE, *Acting D.M.M. & F.*

MARINE AND FISHERIES DEPT., OTTAWA, July 13, 1894.

SIR,—Referring to my letter of the 25th ultimo in regard to the remitting of the fine imposed upon the "Golden City," I have the honour to inclose herewith copy of a letter received from the Department of Justice, giving the opinion of that department respecting the matter referred to, and I presume that you will not now see any obstacle in the way of complying with the terms of the Order in Council of the 21st May last recommending that the fine be remitted.

I am, sir, your obedient servant,

The Auditor General.

JOHN HARDIE, *Acting D.M.M. & F.*

Auditor General's Report—Part J

DEPARTMENT OF JUSTICE, OTTAWA, July 3, 1894.

SIR,—In reply to your letter of the 23rd instant, No. 11165, respecting the remission of fine imposed on the owner of the steamer "Golden City" for an infraction of the Steamboat Inspection law, and which the Auditor General contends should have been referred to the Treasury Board under subsection 3 of section 78 of the Audit Act, I have the honour, by direction, to state that section 78 of the Audit Act only applies to the remission of forfeitures or pecuniary penalties imposed for contravention of laws relating to the collection of the revenue or to the management of public works producing tolls or revenue. The Minister of Justice is of opinion, therefore, that the subsection referred to by the Auditor General has no application in the present case.

Papers returned herewith.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

E. L. NEWCOMBE, *D.M.J.*

MARINE AND FISHERIES DEPT., OTTAWA, July 24, 1894.

SIR,—Referring to my letter of the 13th instant, I have to request you to be good enough to inform me whether you will issue the cheque for a refund to Captain Reynolds of the \$100 fine imposed on the "Golden City," as the claimant is asking for it.

I am, sir, your obedient servant,

The Auditor General.

JOHN HARDIE, *Acting D.M.M. & F.*

MARINE AND FISHERIES DEPT., OTTAWA, July 28, 1894.

SIR,—I have the honour to inform you that an Order in Council, dated the 24th instant, has issued remitting the fine imposed on the owner of the "Golden City" for a violation of the Steamboat Inspection Act prior to the 8th July, 1893. The amount was deposited to the credit of the Receiver General, No. 119, 26th April, Bank of Montreal, Peterboro', and was included in the statement for April last of fines, Marine Revenue. Please forward me a cheque for the amount.

I am, sir, your obedient servant,

The Auditor General.

JOHN HARDIE, *Acting D.M.M. & F.*

AUDIT OFFICE, OTTAWA, July 30, 1894.

SIR,—Respecting your application for refund of the fine imposed on the steamer "Golden City," for contravention of the Steamboat Inspection Act, I have now your letter of the 13th, inclosing a copy of a letter from the Department of Justice, giving it as the opinion of the Minister that subsection 3 of section 78 of the Audit Act has no application in the present case.

If the subsection does not apply, the question arises: Does any part of the section apply, and if it does not, then on what statutory authority can this refund be made? It requires statutory authority to sanction a withdrawal from the Receiver General's account. It is necessary that this point be decided before the application can be passed.

I am, sir, your obedient servant,

The Acting Dep. Min. Marine and Fisheries.

J. L. McDOUGALL, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, August 1, 1894.

SIR,—I have to acknowledge the receipt of your letter of the 30th ultimo, acknowledging receipt of the copy of the opinion of the Minister of Justice in regard to subsection 3 of section 78 of the Audit Act, in the case of the "Golden City," and stating that as the subsection referred to is not applicable to that case, the question arises as to what statutory authority can this refund be made under and that it is necessary for that question to be settled before you will comply with the Order in Council authorizing the refund. In reply, I have to state that I will be obliged to you if you come to a decision on the point raised as soon as convenient, as Mr. Reynolds is pressing for his money which now amounts to \$200.

It may assist you in settling the point referred to, by reminding you that, as recently as May last, a refund of \$100 was made to the Manager of the Canadian Shipping Company to repay a fine of \$100 imposed for an alleged violation of the law relating to the shipping of cattle. The cheque issued was No. 5738.

In March, 1891, a fine was remitted for a violation of the Steamboat Inspection Act to Mr. Enoch Cox and a refund paid him of \$319.75. The number of the cheque was 17229. This department is not aware of what authority you had in these two cases other than an Order in Council in each case.

I am, sir, your obedient servant,

The Auditor General.

JOHN HARDIE, *Acting D.M.M. & F.*

AUDIT OFFICE, OTTAWA, August 24, 1894.

SIR,—I have received your letter of the 1st instant, in further reference to your application for the refund of certain fines imposed for contravention of the Steamboat Inspection Act.

In reply to my inquiry for the statutory authority under which you consider your department at liberty to make these refunds, you refer to previous refunds passed by this office. Till the discussion arising out of the present cases, and the decision of the Department of Justice, it had been assumed by this office that section 78 of the Audit Act covered all refunds that it might be deemed proper to make. Hence the refunds referred to by you were made, under the impression that each case had been considered and recommended by the Treasury Board.

It has now been agreed on all hands that section 78 of the Audit Act has no application in the present case. I do not know of any other authority under which these refunds can be made. Some Parliamentary authority is necessary if refunds are to be made. Therefore no refunds can be made without further light on the subject.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, August 27, 1894.

SIR,—I have the honour to acknowledge receipt of your letter of the 24th instant in regard to the refunding of the fines imposed upon the owner of the "Golden City," and in reply I am to inform you that the amount of \$200 will be placed in the Estimates next year to refund Mr. Reynolds, the owner of the vessel referred to.

I am, sir, your obedient servant,

The Auditor General

Auditor General's Report—Part J

Re Goderich Wharf.

AUDIT OFFICE, OTTAWA, May 4, 1894.

SIR,—No revenue has come to account from the Goderich wharf for the seasons of 1892 and 1893. In your letter of June 8, 1893, you stated that the wharf had been used by Mr. Dyment during 1892. What amount was claimed by the department from him for its use? Has the amount been paid, or if not, what steps have been taken to collect it?

Who is the wharfinger at the present time and when was he appointed? Have any returns been received from him, and if not, has he been called on for an explanation?

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, A.G.

MARINE AND FISHERIES DEPT., OTTAWA, May 11, 1894.

SIR,—In reply to your letter of the 4th instant, stating that no revenue for Goderich wharf had come to account for seasons 1892 and 1893, I have to inform you that Mr. Dyment has paid nothing for 1892 and 1893, although he has occupied some of the sections of the wharf. This department has from time to time demanded payment and took steps last fall to ascertain carefully the quantity of lumber placed upon the wharf for drying purposes. The ascertained value for use and occupation is \$750, and this sum was claimed from Mr. Dyment. He offered, in settlement, less than one-third, which was not accepted. Legal proceedings have been instituted by the Justice Department for the sum of \$750 for the years 1892 and 1893.

The name of the wharfinger is William Marlton. He was appointed on the 14th February, 1894. No returns have been received from him, as Mr. Dyment is the only one, so the wharfinger reports, who has used the wharf, and the lumber from last year has been allowed by him to remain.

This will form a separate claim for 1894. The wharfinger has not been called on for any explanation because none was required.

I am, sir, your obedient servant,

The Auditor General.

WM. SMITH, D.M.M. & F.

AUDIT OFFICE, OTTAWA, September 17, 1894.

SIR,—In your letter of May 11th last you stated that legal proceedings had been instituted by the Justice Department against Mr. Dyment for the sum of \$750 for the use of the Goderich wharf during 1892 and 1893. I observe that \$203.33 has come to account from Mr. Dyment. What was this payment for, and what is the present condition of the case?

You also stated that Mr. Dyment is the only one who used the wharf during last season. Did he do so under any agreement with the department?

I have also to inquire if the wharfinger has made any collections during the present season.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, A.G.

MARINE AND FISHERIES DEPT., OTTAWA, September 19, 1894.

SIR,—In answer to your letter of the 17th instant, *in re* Goderich wharf, I beg to state that the \$203.33 is on account of the \$750; the matter is still in the hands of justice.

Mr. Dyment did not use the wharf under any agreement with this department, and no collections have been made by the wharfinger.

I am, sir, your obedient servant,

The Auditor General.

WM. SMITH, D.M.M. & F.

Re Wharfs and Piers Revenue.

AUDIT OFFICE, OTTAWA, May 4, 1894.

SIR,—I have to remind you that I have received no reply to my letter of June 15, 1893, inquiring if the arrears of fees that were referred to in your letter of June 4, 1891, as due the wharfinger at Cockburn Island, Maitland, Yarmouth County and West Pubnico had been collected.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, May 5, 1894.

SIR,—I wrote you August 11, 1893, calling attention to the fact that the wharfinger at Cow Bay was not depositing as promptly as he should. The following memo. of the receipts and deposits that have come to hand for the present fiscal year, indicates that he does not yet comply with the regulations:—

<i>Receipts.</i>		<i>Deposits.</i>

		“ 30.....	64 85
			119 85
		January 10.....	43 44
	\$791 96.		\$791 96

Neither returns nor deposits for January, February and March have yet reached me. As the returns last year for these three months amounted to \$337.72, the absence of any this year calls for explanation.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, May 5, 1894.

SIR,—I have to ask your consideration of the inclosed statement showing:—

- (1.) The wharfs and piers under control of your department.
- (2.) The receipts from each wharf for 1892-93.
- (3.) The receipts from each wharf so far as received for the present fiscal year.

You will observe that there are many wharfs from which no revenue comes to account; and a considerable number from which revenue has been received but no returns. There are also 20 wharfs from which revenue came to account for 1892-93, from which nothing has yet reached this office for the present year. The returns of the wharfinger on the Lower St. Lawrence, collected through the Department of Justice, have not been furnished.

Auditor General's Report—Part J

A large number of the returns received are not made out on the prescribed form, and are not certified by the wharfingers, some not even signed. None of the returns have the departmental certificate completed. I may add that I referred to this point in my letter of May 27, 1892, and in your reply of May 31 you stated proper forms were about being sent which the wharfingers would be required to adopt.

Please send me a copy of the lease of the Kingsport wharf.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, September 14, 1894.

SIR,—I wrote you on August 7, 1893, asking explanations why nothing had come to account for 1892-93 from certain wharfs from which revenue was received the previous year. I have had no reply to that letter.

Among the wharfs stated in the letter there were Grand Narrows, Victoria County, from which \$103.21 came to account in 1891-92, and Grand Narrows, Cape Breton County, from which \$198.64 came to account in 1891-92. In the revenue for 1893-94 the former appears for \$12.69, covering the receipts to December, 1893, and the latter appears for \$69.94, covering the receipts to December, 1892.

Explanations are required as to the receipts at Grand Narrows, Victoria County, during 1892, and as to the receipts at Grand Narrows, Cape Breton County, during 1893, also as to large falling-off in the amounts collected.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, September 15, 1894.

SIR,—I have had no reply to my letter of May 5th last, calling your attention to the delay in sending their returns and remittances on the part of many wharfingers.

Please let me know what action has since been taken by your department in reference thereto.

I have to request that the bank receipts and wharfingers' returns that reach the department be forwarded more promptly.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, September 21, 1894.

SIR,—In answer to your letter of the 15th instant, I beg to state that at the time your's of the 5th May was received, the department was issuing a circular to all wharfingers to make a return every month, whether collections were made or not.

These returns are coming in more regularly now and will be forwarded to you as soon as examined and found correct.

I am, sir, your obedient servant,

The Auditor General.

WM. SMITH, *D.M.M. & F.*

AUDIT OFFICE, OTTAWA, September 15, 1894.

SIR,—I have to ask for explanations why nothing has come to account, appertaining to the revenue of 1893-94, from the following wharfs. The amount set opposite each is the amount that came to account for the previous year, 1892-93 :—

Southampton, Ontario.....	\$ 3 66
Lacolle, Quebec.....	2 00
Centreville “.....	48 00
Chipman's Brook, Nova Scotia.....	21 51
Morden “.....	35 15
Port George “.....	88 16
Victoria, Kings Co. “.....	11 48
Buctouche, New Brunswick.....	12 09
China Point, Prince Edward Island.....	32 30
Pinette “.....	21 10

I am, sir, your obedient servant,

The Deputy Minister Marine and Fisheries.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, September 15, 1894.

SIR,—The sum of \$1,722.78 has come to account during 1893-94 from the following wharfs, viz. :—

Anse St. Jean.....	\$ 119 00
Baie St. Paul.....	291 10
Beauport.....	35 00
Chicoutimi.....	238 52
Les Eboulements.....	176 89
Murray Bay.....	281 50
Rivière du Loup.....	260 00
St. Alphonse de Bagotville.....	197 02
Tadoussac.....	123 75

The wharfingers' returns have not been furnished. The statements forwarded with the bank receipts indicate that these amounts were collected through the Department of Justice. Please let me know the period covered by these payments, and what arrangements you have made to secure payment of the fees accrued at these wharfs subsequent to that period.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, September 14, 1894.

SIR,—The returns of the wharfinger at Digby, N.S., for August, 1893, and March, 1894, have not reached this office, though deposits in settlement have come to account.

I observe that the deposit for each month's receipts is not made till towards the end of the succeeding month.

This wharfinger is one of those, referred to in my letter of May 5th last, who do not make returns on the prescribed form, and the returns that are furnished are neither certified nor signed.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, A.G.

Auditor General's Report—Part J

Re Sales.

AUDIT OFFICE, OTTAWA, September 14, 1894.

SIR,—I have again to call your attention to the statements and vouchers furnished in connection with sales of Government property.

You wrote as a postscript to your letter of October 7, 1892, that the agents of the department had been directed to furnish in future full details of all sales of Government property made by them, giving vouchers for all disbursements and having returns certified by auctioneers, if sold by auction, and always by the officer under whose immediate supervision the sales took place, as requested in my letter of October 5th.

I have now before me a statement of the sale of Sable Island ponies made August 23, 1893, which is not signed by any person, and the advertising accounts attached are not certified by the Queen's Printer.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, September 21, 1894.

SIR,—I have the honour to acknowledge receipt of your letter of the 14th instant, with reference to statement of the sale of Sable Island ponies, made August 23, 1893, not having been signed by any person, and the advertising accounts attached not being certified by the Queen's Printer; and in reply I beg to inform you that the attention of the agent of the department at Halifax has been called to the matter.

I am, sir, your obedient servant,

The Auditor General.

WM. SMITH, *D.M.M. & F.*

MARINE AND FISHERIES DEPT., OTTAWA, November 21, 1894.

SIR,—In answer to your letter of the 3rd ultimo, I have to inform you that there are no arrears due this department by collecting officers, disbursing officers, or persons not Government officials, for the year ended 30th June last.

I may mention that sometimes there is considerable trouble in tracing licenses that have not been taken up and returned to the department, a case in point being the loss of license No. 156, in favour of County Line Trap Co., for \$40, issued 28th April, 1894. There is proof that the letter containing said license was mailed by Inspector Kinney, but it never reached the department.

I am, sir, your obedient servant,

The Auditor General.

JOHN HARDIE, *Actg. D.M.M. & F.*

Stores Accounts to be Audited.

AUDIT OFFICE, OTTAWA, April 14, 1894.

SIR,—Under section 54 of the Audit Act, the Minister of Finance has requested me to make an audit of all Stores Accounts.

I would therefore ask you to forward me a statement showing all stock on hand at your various supply depots on June 30, 1893, with the value of each item.

I am, sir, your obedient servant,

The Deputy Minister of Militia.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, April 18, 1894.

SIR,—With reference to my letter of April 14th in which I asked for a statement showing the stores in the possession of your department on June 30, 1893, I would call your attention to the necessity of your department's keeping your stock account of stores since June 30, 1893, in such a form that at any time without previous notice to your department, this office may make an audit of them.

I am, sir, your obedient servant,

The Deputy Minister of Militia.

J. L. McDOUGALL, A.G.

Advertising for Tenders for Supplies.

AUDIT OFFICE, OTTAWA, March 9, 1894.

SIR,—I see that your department advertises for tenders for the supply of clothing and of the various militia store supplies and necessaries, such as boots, mitts, blankets, saddlery, wood, &c., but that you do not ask for tenders for the supply of bread, meat, groceries, wood, forage and other necessaries to the Permanent Batteries and schools and to the Annual Drill Brigade Camps. Perhaps you will give the reason for the two systems.

The Department of Railways and Canals now call for public tenders for nearly all their supplies, and a marked reduction in price has in most instances been the result.

I am, sir, your obedient servant,

The Deputy Minister of Militia.

J. L. McDOUGALL, A.G.

MILITIA AND DEFENCE, OTTAWA, March 16, 1894.

SIR,—In reply to your letter of the 9th instant, respecting militia stores, clothing, supplies and necessaries, I have the honour to inform you that tenders were called for, for the supply of these articles, except in cases where it was thought advisable to renew the existing contracts.

I am, sir, your obedient servant,

The Auditor General.

C. EUG. PANET, *D.M.M. & D.*

AUDIT OFFICE, OTTAWA, April 3, 1894.

SIR,—In reply to your letter of the 16th ultimo, let me say that my reasons for thinking your department did not call for tenders for the various supplies required for the Permanent Batteries and Schools and for Annual Drill, were that in the fiscal years 1891-92 and 1892-93 I could not see that there were any advertisements calling for such tenders.

I am, sir, your obedient servant,

The Deputy Minister of Militia.

J. L. McDOUGALL, *A.G.*

MILITIA AND DEFENCE, OTTAWA, April 13, 1894.

SIR,—In reply to your letter of the 3rd inst., relative to supplies required for the Permanent Batteries and Schools and for Annual Drill, I have the honour to inform you that on the occasion referred to, tenders were invited in order to secure the minimum cost to the public.

I am, sir, your obedient servant,

The Auditor General.

C. EUG. PANET, *D.M.M. & D.*

AUDIT OFFICE, OTTAWA, April 16, 1894.

SIR,—In answer to your letter of 13th instant, in which you state that on the occasions mentioned in my letter of the 3rd instant, tenders were invited, let me say that the method of calling for tenders I referred to was that of public advertisement in the newspapers and not that in which tenders are asked directly by the department.

I am, sir, your obedient servant,

The Deputy Minister of Militia.

J. L. McDOUGALL, *A.G.*

Quartermaster-General Lake: Pay and Allowances.

MILITIA AND DEFENCE, OTTAWA, April 16, 1894.

SIR,—In reply to the inquiry contained in the first clause of your letter of the 12th instant, respecting the pay of Colonel P. H. N. Lake, Quartermaster-General, I have the honour to state :—

Colonel Lake, Quarter Master General, receives \$2,600 pay and \$600 staff allowances, or consolidated pay at \$3,200. Colonel Powell, Adjutant General, is paid in precisely the same way, and at the same rate of pay and allowances.

I am, sir, your obedient servant,

The Auditor General.

C. EUG. PANET, *D.M.M. & D.*

Auditor General's Report—Part K

AUDIT OFFICE, OTTAWA, April 20, 1894.

SIR,—In answer to your letter of the 16th instant, in which you state that Colonel Lake, Quartermaster-General, receives \$2,600 pay and \$600 staff allowance, the same rate of pay as is received by Colonel Powell, Adjutant-General, let me ask what expenses are supposed to be covered by this staff allowance of \$600, given to Colonel Powell and to Colonel Lake.

I am, sir, your obedient servant,

The Deputy Minister of Militia.

J. L. McDOUGALL, A.G.

MILITIA AND DEFENCE, OTTAWA, April 26, 1894.

SIR,—In reply to your letter of the 20th instant, inquiring what expenses the \$600 allowances of the Adjutant General and the Quartermaster-General cover, I have the honour to state that these are the usual allowances of military officers who are not provided with quarters, rations, fuel, light, &c. The allowances of military officers in Canada are far less than those in the Imperial service. I may add that you will observe by section 37 of the Militia Act that the Major-General commanding the militia is to receive \$4,000 in full of all pay "and allowances." Inferentially, where the pay only of a rank is specified, the allowances of all military officers entitled thereto follow as a matter of course.

I am, sir, your obedient servant,

The Auditor General.

C. EUG. PANET, D.M.M. & D.

Kingston: Rent for Catarauqui Bridge.

AUDIT OFFICE, OTTAWA, July 9, 1894.

SIR,—I would like to be furnished with a copy of the agreement under which your department pays to the Catarauqui Bridge Co. an annual rental of \$1,403.82 for the use of their bridge.

I am, sir, your obedient servant,

The Deputy Minister of Militia.

J. L. McDOUGALL, A.G.

MILITIA AND DEFENCE, OTTAWA, July 13, 1894.

SIR,—In reply to your inquiry of the 9th inst., I have the honour to state that in the year 1827 the Imperial authorities made an agreement with the Catarauqui Bridge Company, by which the latter erected the present bridge and the War Office agreed to pay them an annual rental of £300 sterling for the use of the said bridge. On the withdrawal of the British troops from Canada the Dominion Government agreed to continue the payment of such rent provided they be given the use of the bridge on the same terms and conditions that the Imperial authorities had enjoyed, and the War Office stipulated that the perpetual charge for toll on the bridge assumed by the Dominion would be paid out of the rent of the Queen's Wharf, Quebec, transferred at that time to the Dominion Government, under Statute 49, Victoria, cap. 45, to be retained for military purposes and never to be disposed of by the Dominion Government.

I am, sir, your obedient servant,

The Auditor General.

C. EUG. PANET, D.M.M. & D.

Kingston College: Extra pay to Capt. Twining.

AUDIT OFFICE, OTTAWA, April 28, 1894.

SIR,—Please explain what expenses are covered by the inspection allowance of \$5 per day which was paid to Capt. P. E. Twining, for 7 days between Nov. 1 and 13, 1893.

You will see by the inclosed vouchers that all his transport and hotel expenses are paid.

As Capt. Twining draws pay at the rate of \$2,000 per year from the Royal Military College, he could not receive any extra allowance for services.

I am, sir, your obedient servant,

The Deputy Minister of Militia.

J. L. McDOUGALL, A.G.

DEPT. OF MILITIA AND DEFENCE, OTTAWA, May 10, 1894.

SIR,—In reply to the inquiry contained in your letter of the 28th ultimo, I have the honour to state that Captain P. E. Twining, Professor of Fortifications at the Royal Military College of Canada is the Inspector of Engineers, and that, while so serving, he receives a special rate of pay of \$5 per diem. *Vide* No. 3 of Militia General Orders (19) of the 5th August, 1881 (Canada Gazette of 6th August, 1881):—

“Inspection of engineer corps.

“The Professor of Fortification, for the time being, at the Royal Military College of Canada, is to be the officer to inspect the engineer corps of the militia, and while so employed he will be allowed pay at the rate of five dollars a day.”

I am, sir, your obedient servant,

The Auditor General.

C. EUG. PANET, D.M.M. & D.

AUDIT OFFICE, OTTAWA, May 25, 1894.

SIR,—In reply to your letter of the 10th inst., in which you state that Captain P. E. Twining, as Professor of Fortifications at the Royal Military College received extra pay at the rate of \$5 a day while absent on such duties under a Militia General Order of Aug. 5, 1881, let me say that as these duties were performed by him for 7 days between Nov. 1 and 13 during which time the college was in session and he was supposed to be performing those services for which he is paid \$2,000 a year, I consider that his case comes under section 51 of the Civil Service Act which states that “No extra salary or additional remuneration of any kind whatsoever shall be paid to any deputy head, officer or employee in the Civil Service of Canada or to any other person permanently employed in the Civil Service of Canada,” and that therefore he should refund \$35, the amount he received as pay for these seven days’ services.

At the time the militia order above referred to was issued, the Act did not prevent the receiving of extra pay.

I am, sir, your obedient servant,

The Deputy Minister of Militia.

J. L. McDOUGALL, A.G.

MILITIA AND DEFENCE, OTTAWA, June 21, 1894.

SIR,—Adverting to your letter of the 25th ultimo, objecting to the payment to the Professor of Fortifications of the Royal Military College of a per diem allowance for acting as inspector of engineers, on the ground that the Civil Service Act provides for no extra remuneration being paid to persons employed in the Civil Service, I have the honour to point out that the Royal Military College is not a branch of the Civil Service nor under Civil Service regulations in any way; it is a military, not a civil institution, organized, not under the Civil Service Act, but under a special statute (49 Vict., chap.

Auditor General's Report—Part K

42). The Inspector of engineers is not a civil servant, but an officer of the Royal Engineers, detailed for special military service in Canada.

I am, sir, your obedient servant,

The Auditor General.

I am, sir, your obedient servant,

The Deputy Minister of Militia.

J. L. McDOUGALL, *A.G.*

MILITIA AND DEFENCE, OTTAWA, April 26, 1894.

SIR,—In reply to your letter of the 9th ultimo, asking whether there is any explanation of the marked difference, as shown in the abstract which you give, in the cost of the medical supplies purchased for the several batteries and schools during the year 1892-93, I have the honour to state that no explanation can be given, why medicines are at a higher rate in some districts; but the attention of the respective commandants has been drawn to the matter, with a view to having these purchases brought to the lowest figure possible.

I am, sir, your obedient servant,

The Auditor General.

C. EUG. PANET, *D.M.M. & D.*

MILITIA AND DEFENCE, OTTAWA, May 25, 1894.

SIR,—Adverting to your letter of the 9th March last, respecting the cost of medical supplies purchased for the permanent corps, I have now the honour to state that in view of the marked discrepancy that there appears to be between the cost of these supplies in the different localities, if you will be so good as to refer back to me all the vouchers in this matter, which are now filed in your department, I will cause a very close investigation to be made.

I am, sir, your obedient servant,

The Auditor General.

C. EUG. PANET, *D. M.M. & D.*

AUDIT OFFICE, OTTAWA, May 28, 1894.

SIR—In accordance with the request contained in your letter of the 25th instant, I inclose the accounts for medical supplies purchased for the permanent corps during the fiscal year 1892-93.

I am, sir, your obedient servant,

The Deputy Minister of Militia.

J. L. McDOUGALL, *A.G.*

Tunics for Governor General's Orderlies.

AUDIT OFFICE, OTTAWA, Feb. 13, 1894.

SIR,—Before passing your application for a bill of exchange in favour of C. J. Webb & Co., I would like to be informed of the regulations under which the annual issue of tunics is made to the three orderlies of the Governor General.

I find that the cost of those purchased a year ago was \$17.03 each, but that the price asked for the present issue is \$21.90 each.

I am, sir, your obedient servant,

The Deputy Minister of Militia.

J. L. McDOUGALL, A.G.

MILITIA AND DEFENCE, OTTAWA, Feb. 15, 1894.

SIR,—I have the honour to acknowledge receipt of your letter of the 13th instant, and to inform you that the tunics for the Governor General's orderlies are, at the request of the Governor General's Secretary, ordered from Messrs. C. & J. Webb & Co., London, England, from time to time as required.

Inquiry is being made as to the difference in cost between the last and previous issue.

I am, sir, your obedient servant,

The Auditor General.

C. EUG. PANET, D.M.M. & D.

ROPEMAKER ST., MOORFIELDS, LONDON, E.C., March 2, 1894.

SIR,—In reply to your letter of 15th ultimo, concerning the difference in price of Staff-Sergeant's uniforms in 1892 and 1893, we have to state that there was an error in our estimate of the cost in 1892, and they were supplied at a considerable loss to us.

The price charged in 1893, viz., 90s. each, is the lowest they can be supplied at.

We are, sir, your obedient servant,

Lt.-Col. MACPHERSON, Ottawa.

C. & J. WEBB & CO.

Calculation of Allowances to Bands and Rifle Associations.

AUDIT OFFICE, OTTAWA, April 25, 1894.

SIR,—I would like to be informed of the regulations which determine the amount of allowance to be made to the several Efficient Bands and Rifle Associations which receive Government aid.

I am, sir, your obedient servant,

The Deputy Minister of Militia.

J. L. McDOUGALL, A.G.

MILITIA AND DEFENCE, OTTAWA, May 2, 1894.

SIR,—In reply to the inquiry contained in your letter of the 25th ultimo, I have the honour to state that Bands and Rifle Associations receive Government aid according to merit, which is reported upon by local officers and the staff at headquarters.

I am, sir, your obedient servant,

The Auditor General.

Auditor General's Report—Part K

Over-payments to Capt. Heron not Refunded.

AUDIT OFFICE, OTTAWA, April 12, 1894.

SIR,—Will you please inform me what action is being taken by your department to obtain from Honorary Major W. L. Heron a refund of the over-payments which were made to him on account of his having been paid as Major and not according to his real rank which is that of Captain.

These over-payments are for 13 days on the Militia Board of Survey in 1890-91, for 15 days on the brigade staff of the Kingston camp in 1892, and for 29 days on the brigade staff of the Kingston camp in 1893. As the difference in pay between rank of Major and rank of Captain is \$1.08 a day, you will thus see that the total refund to be made is \$61.56.

I am, sir, your obedient servant,

The Deputy Minister of Militia.

J. L. McDOUGALL, A.G.

Cavalry Barracks : Sale of Manure.

AUDIT OFFICE, OTTAWA, April 13, 1894.

SIR,—I notice among your refunds sent to this office under date April 7 last, one for \$20 made by Lieut.-Col. Turnbull on account of sale of manure at the Cavalry Barracks, Toronto.

I would like to know if this is the only cavalry school or battery at which any sale of manure is made, as I do not find that there has been any previous deposit for this purpose.

I am, sir, your obedient servant,

The Deputy Minister of Militia.

J. L. McDOUGALL, A.G.

Quebec Cartridge Factory : Pay-lists not receipted.

AUDIT OFFICE, OTTAWA, April 8, 1895.

SIR,—Let me acknowledge receipt from your department of the lists of piece-work done at the Government Cartridge Factory, Quebec, for 12 months ended June 30, 1894, showing names of workmen, and amounts paid to each.

These pay-lists, although settled by cash instead of by cheques, are not signed by the men who earned the money. This is necessary evidence, and should be supplied at as early a date as possible.

I am, sir, your obedient servant,

The Deputy Minister Militia and Defence.

J. L. McDOUGALL, A.G.

Quebec : Repairs to Lt. Col. Forrest's Quarters.

AUDIT OFFICE, OTTAWA, May 2, 1894.

SIR,—Please inform me of your reasons for considering the inclosed account of Lt.-Col. W. H. Forrest for \$700 a Government liability, seeing that at the times these repairs were made, it was thought that they should be paid for by himself. The original accounts for these repairs should be furnished if they are now obtainable.

I am, sir, your obedient servant,

The Deputy Minister of Militia.

J. L. McDOUGALL, A.G.

MILITIA AND DEFENCE, OTTAWA, Feb. 26, 1895.

SIR,—As requested by your letter of 2nd May last, I have the honour to inclose to you the account, \$700, furnished by Lt.-Col. W. H. Forrest, for repairs done to the buildings occupied by that officer, St. Louis street, Quebec; also, a letter from Lt. Col. Forrest, dated Quebec, 4th instant, stating the reasons why sub-vouchers cannot be procured, as the repairs in question were made from time to time, and the parties being dead or gone from the locality. I am to add that this account was paid under the authority of the Honourable the Minister of Militia and Defence, on Sept. 28, 1893.

I am, sir, your obedient servant,

The Auditor General.

Auditor General's Letters not answered by Department.

AUDIT OFFICE, OTTAWA, Nov. 19, 1894.

SIR,—I would like, at your earliest convenience, to receive answers to the following letters to your department:—

April 12, 1894.—Inquiring what action is being taken by your department to obtain a refund from Honorary Major W. L. Heron, of an over-payment of \$61.56 which was made to him.

April 13, 1894.—Asking for vouchers in support of a payment made by Major C. W. Drury for two horses. (*Answered in March, 1895.*)

April 13, 1894.—With reference to sales of manure at the batteries and cavalry schools.

April 26, 1894.—Asking for certain information with regard to some vouchers for warlike and other stores returned to your department.

April 26, 1894.—Asking for particulars of a payment \$2,240.70 to W. J. Gates for work done on the rifle ranges at Barriefield, and that a copy of the contract be sent.

April 26, 1894.—Asking for some further information with reference to two inclosed accounts, one for a payment of \$607 to T. McMahon & Co., and the other for a payment of \$378.63 to Savage Bros.

April 25, 1894.—Asking for particulars with reference to two payments, one of \$7.50 to George Pearson, and another of \$90.58 to John Cornelius for work done at Belleville drill hall.

April 30, 1894.—Stating necessity for an Order in Council being obtained for an extra payment of \$400 a year to Lt.-Col. Forrest in addition to his regular pay of \$1,000 a year.

April 30, 1894.—Asking that piece-work pay-lists at the Quebec Cartridge Factory be forwarded. (*Answered in Feb., 1895.*)

May 2, 1894.—Asking for reasons why a payment of \$700 to Lt.-Col. Forrest for repairs was considered a Government liability, when they were not considered so at the time they were done. (*Answered in Feb., 1895.*)

May 4, 1894.—Inclosing certain vouchers for construction and repairs of military properties, and asking that additional information be given on them.

May 4, 1894.—Asking for a statement showing how certain retiring gratuities to militia officers were calculated. (*Answered in March, 1895.*)

Please return at once the vouchers, which according to the above quoted letters were sent to you, as they are needed for the preparation of the militia expenditure statements of the annual report of this office.

I am, sir, your obedient servant,

The Deputy Minister, Militia and Defence.

Re Arrears Due.

AUDIT OFFICE, OTTAWA, October 3, 1894.

SIR,—I have to ask for a detailed statement of all arrears due to your department on the 30th June last, which have not yet been satisfied: (1) by collecting officers; (2) by disbursing officers; (3) by persons not Government officers.

I have the honour to be, sir, your obedient servant,

The Deputy Minister of Militia.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, December 14, 1894.

SIR,—I have to remind you that I have not received any reply to my letter of October 3 last, asking for a statement of arrears due to your department on the 30th June last, that had not yet been satisfied.

Be good enough to give this matter your earliest attention, so that the publication of the Audit Report may not be delayed.

I have the honour to be, sir, your obedient servant,

The Deputy Minister of Militia.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, January 7, 1895.

SIR,—I wrote you on June 16 last, in reference to the arrears due for rent of the Government property at Annapolis, N.S., and asking why a tenant who does not pay his rent should be allowed to retain possession of the property.

I have not received any reply; nor have I been furnished with the statements of arrears asked for on October 3, and again on December 14 last.

If I do not hear from you during the current week, I shall feel it to be my duty to lay the matter before the Treasury Board.

I have the honour to be, sir, your obedient servant,

The Deputy Minister of Militia.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, March 4, 1895.

SIR,—I beg to inclose herewith, for submission to the Treasury Board, a copy of the statement of arrears due to the Department of Militia and Defence as published in the Audit Report of 1891-92; also a copy of the correspondence in reference thereto. No statement was furnished last year or this year.

I have the honour to be, sir, your obedient servant,

The Secretary, Treasury Board.

J. L. McDOUGALL, A.G.

Salary Cheques to be made payable to the order of two Persons.

AUDIT OFFICE, OTTAWA, January 5, 1894.

SIR,—I beg to acknowledge the receipt of your letter of the 28th ultimo, inclosing communications addressed to you by the Post Office Inspector at Stratford and the Postmaster at Toronto, with reference to a circular recently issued by your department to the various Inspectors and Postmasters, informing them that in future the monthly cheque issued in payment of the salaries of their respective staffs would be made payable to two persons instead of to one as heretofore.

I am glad you have taken the necessary steps to adopt this system of dual responsibility for the cheques in question, and I fail to see any good reason for objection to it on the part of any Inspector or Postmaster on the ground that its adoption would be a reflection on his honesty or authority, considering that the same practice prevails here with regard to all cheques issued under the letters of credit granted to the different departments. The system is simply a wise precaution taken by the Executive for the better security of the public funds and their proper distribution as directed by Parliament. It seems to me that it would not be advisable to make exception of any office in regard to the mode of paying the salaries, as it is better that any practice in this respect should be general. I return the communications inclosed in your letter, herewith.

I am, sir, your obedient servant,

The Deputy Postmaster General.

J. L. McDOUGALL, A.G.

Salary Cheques drawn by Postmasters and Post Office Inspectors.

AUDIT OFFICE, OTTAWA, February 3, 1894.

SIR,—With reference to the salary cheques drawn by the various Postmasters and Post Office Inspectors during last year—1892-93—and which were sent to this office some time ago, I beg to call your attention to the following :—

Quebec Post Office.—The inclosed cheques in favour of J. P. T. Gingras are not properly endorsed. The attempt at a signature is in a handwriting altogether different from Mr. Gingras's usual style. I return the cheques that you may have the matter rectified.

Winnipeg Post Office.—The cheques inclosed are made in favour of bearer, and are not in any instance endorsed by the clerk to whom the salary should have been paid. In consequence of this omission they are useless as receipts.

Montreal Post Office.—The Postmaster at this office does not sign the salary cheques, his signature being affixed by means of a stamp. This is irregular and should be discontinued. I would call your attention also to the date on which the salary cheques in favour of the Postmaster, Mr. Dansereau, were issued. In every instance the cheque for the month's salary was issued a full month before it became due, the salary for July, 1892, having been paid on June 25, and so on throughout the year. Please explain this irregularity.

I am, sir, your obedient servant,

The Deputy Postmaster General.

J. L. McDOUGALL, A.G.

Note by Auditor General.—The cheques under Quebec and Winnipeg were returned to this office rectified as desired. No explanation has been given in regard to Montreal.

J. L. McD.

Payment of \$1.50 per diem to John Rooney irregular.

AUDIT OFFICE, OTTAWA, February 28, 1894.

SIR,—I beg to call your attention to the allowance of \$1.50 per diem paid to John Rooney for special duty as a Railway Mail Clerk at Vancouver during the first six months of the current fiscal year, and to point out that an allowance of this nature is contrary to the Order in Council of February 6, 1893, governing travelling expenses.

I am, sir, your obedient servant,

The Deputy Postmaster General.

J. L. McDOUGALL, A.G.

Note by A.G.—A like payment was made for last six months.

Increase in price paid for Boots to J. L. Lightfoot, Hamilton.

POST OFFICE DEPARTMENT, OTTAWA, March 3, 1894.

SIR,—I have the honour to acknowledge the receipt of your communication of the 28th ult., asking for an explanation in regard to the increased price paid to J. L. Lightfoot & Sons, Hamilton, for letter-carriers' boots of from \$4.37 to \$4.50 per pair since September, 1893, and, in reply, to say that the increase in question was allowed to the firm named in order to place them upon the same footing in this regard as the different other firms who supply letter-carriers' boots to the department, Messrs. Lightfoot & Sons having shown to the satisfaction of the department that they were unable to furnish the high class article, both as to material and workmanship, necessarily demanded by the department for the service required, at the lower price.

I am, sir, your obedient servant,

The Auditor General.

WM. WHITE, *Dep. P.M.G.*

Expenditure in connection with St. Roch Post Office.

AUDIT OFFICE, OTTAWA, May 31, 1894.

SIR,—I beg to bring to your notice vouchers 1155 and 1158 for \$600 and \$100, respectively, paid to Etienne Paradis. The former payment is for one year's rent of the building formerly occupied as a post office at St. Roch, Quebec, and the latter for lock boxes transferred to the new building. I am not aware that the rent of the

Auditor General's Report—Part M

old building was ever made a charge on the appropriation for Post Office Miscellaneous, and should like to be informed on what authority the present payment was made. Was the building used by the Government during the year for which payment was made?

As to the payment for the lock boxes, it seems to me that unless the Postmaster has been directed to deposit the revenue usually obtained from this source to the credit of the Receiver General, the payment was one that should not have been made by the department.

I am, sir, your obedient servant,

The Deputy Postmaster General.

J. L. McDOUGALL, A.G.

POST OFFICE DEPARTMENT, OTTAWA, August 24, 1894.

SIR,—Referring to your letter of the 31st of May last (which I regret has escaped notice at an earlier date), respecting the payment of rent for the building occupied as a post office at St. Roch, in which you remark that you were not aware that the rent of the old building was ever made a charge on the appropriation for Post Office Miscellaneous, I beg to say that the allowance for rent, fuel and light for the St. Roch Post Office was six hundred and fifty dollars (\$650). An allowance varying in amount from time to time for rent has been paid for many years; the only difference is that the department has taken hold of the building itself instead of allowing the payment to be made to the Postmaster.

I am, sir, your obedient servant,

The Auditor General.

WM. WHITE, *Dep. P.M.G.*

AUDIT OFFICE, OTTAWA, March 6, 1894.

SIR,—I beg to bring to your notice a payment of \$1,170.04 made by cheque 309 to E. T. Nesbitt for repairs to the post office at St. Roch, Quebec. As this building is not Government property, I should like to be informed under what authority the repairs in question were undertaken, and the nature of the agreement entered into with the owner as to the length of time the building may be used for post office or other Government purposes. I ask for this information because an expenditure of this nature is an unusual charge on the vote for Post Office Miscellaneous, and in my opinion more properly belongs to the Department of Public Works.

I am, sir, your obedient servant,

The Deputy Postmaster General.

J. L. McDOUGALL, A.G.

POST OFFICE DEPARTMENT, OTTAWA, March 9, 1894.

SIR,—I have the honour to acknowledge the receipt of your letter of the 6th instant, in which you call attention to the payment of eleven hundred and seventy dollars and four cents (\$1,170.04) for repairs to the post office at St. Roch, and state that you think that an expenditure of this nature is an unusual charge on the vote for Post Office Miscellaneous, and should be charged to the Department of Public Works.

In reply I beg to call your attention to an item in your Report for 1892-93, page E—118, for repairs to the post office at St. Sauveur, one hundred and five dollars (\$105), to a similar item on page E—120 for repairs to the branch post office, Pearl Street, Hamilton, \$59.95, and to similar items on the same page amounting to four hundred and seventy dollars (\$470) for fitting up branch offices in Montreal, and to further items on page E—122 for fitting up branch offices in Toronto. Items of this character have always been charged against the Post Office Department; buildings occupied as branch offices do not belong to the Government but are leased for such term as may be agreed upon.

I am, sir, your obedient servant,

The Auditor General.

WM. WHITE, *Dep. P.M.G.*

AUDIT OFFICE, OTTAWA, March 17, 1894.

SIR,—I have the honour to acknowledge the receipt of your letter of the 9th inst., with reference to an expenditure of \$1,170.04 for repairs to the Post Office building at St. Roch, Quebec, to which I called your attention in my letter of the 6th, in which you point out that similar expenditure was incurred during the year at St. Sauveur and at Montreal, Hamilton and Toronto.

In regard to the expenditure at St. Sauveur, I beg to point out that I called your attention to it on November 3, 1893, and that my letter and your reply thereto have been published in the Report of this office for 1893.

I did not call your attention to the expenditure for the branch offices at Hamilton, Montreal and Toronto because it appeared to me, from the items in the accounts sent me, that the supplies furnished in these cases were largely of the nature of furniture and fittings which could be easily removed to another building in case a transfer of the office was deemed desirable by the department and consequently would remain during their time of usefulness in the possession of the Government. The repairs in connection with the post offices at St. Sauveur and St. Roch seemed to be of a wholly different character. In these cases the expenditure incurred was apparently for permanent improvements to the buildings proper and not for movable requirements for post office purposes, and such being the case the department should, I think, produce reasonable proof that the benefits arising from the outlay would be altogether in the interests of the public; that is, it should not be in the landlord's power to divert the building to other purposes so as to obtain at the expense of the country the benefits arising from the repairs in question.

As to the work being done under the direction of the Department of Public Works, I beg to refer you to section 7 of Chapter 36, R.S.C.

I am, sir, your obedient servant,

The Deputy Postmaster General.

J. L. McDOUGALL, *A.G.*

POST OFFICE DEPARTMENT, OTTAWA, March 24, 1894.

SIR,—With further reference to the subject-matter of your letter of the 17th inst., I beg to say that a lease for ten years from the 1st of May, 1893, has been taken of the Post Office building at St. Roch. It was in consideration of this extended lease that so large an expenditure was made. I trust that this explanation will be satisfactory.

Yours faithfully,

The Auditor General.

* Certificates on Mail Contractors' Pay-Lists.

POST OFFICE DEPARTMENT, OTTAWA, December 14, 1893.

SIR,—I have the honour, with reference to previous correspondence on the subject, to inclose to you herewith, a copy of a letter which I have received from the Deputy Minister of Justice with reference to the form of certificate which you desire the Inspectors to send in with respect to the prices paid to mail contractors for mail service; I also inclose a copy of your certificate amended in accordance with the suggestion of the Deputy Minister of Justice; will you kindly let me know whether the certificate as it now stands will meet your views.

Auditor General's Report—Part M

DEPARTMENT OF JUSTICE, OTTAWA, December 5, 1893.

SIR,—In reply to your letter of the 1st instant, respecting the correspondence which has taken place between your department and the Auditor General with reference to the formal certificate which the Auditor requires the Post Office Inspectors to sign in connection with payments to mail contractors, I have the honour to state that in addition to the information contained in the papers, a personal interview with the Auditor General has been obtained. The Auditor General explains that the object of the certificate he requires is to satisfy him that when the contract for the carriage of mails is renewed there is no cause in connection with the facilities of carrying on the contract that would entitle the Crown to a cheaper service. I think, however that, that is a matter to be considered by the Postmaster General when he has to decide whether a contract should be renewed under section 61 of the Post Office Act, and that the Postmaster General having once given his decision, the Auditor General cannot go behind that decision. This view would apply too in the case of a contract involving an annual expenditure of less than two hundred dollars given by the Postmaster General under the provision of sections 54 and 58 of the Act.

I am, sir, your obedient servant,

The Deputy Postmaster General.

E. L. NEWCOMBE, *D.M.J.*

Certificate recommended by Department of Justice.

I certify that the various services charged for on this pay-list were satisfactorily performed during the quarter ended.....; that for those marked "a" the prices charged severally are according to contract determined in the manner and form prescribed by section 54 of the Post Office Act; that for those marked "b" the prices charged are according to agreement made under directions from the Postmaster General, and are fair and just; and that for those marked "c" the prices charged are according to agreement temporarily arranged, and are fair and just.

AUDIT OFFICE, OTTAWA, February 19, 1894.

SIR,—I observe that the Deputy Minister of Justice is of opinion that, when the Postmaster General has given his decision that a contract, no matter what the amount involved, is to be renewed or that a new contract involving a sum not greater than \$200 is to be made, I have no right to go behind the decision.

I assume, from your sending me the opinion, that you desire this view to be acted upon.

Let me draw your attention to 32 (a) of the Audit Act, which gives the legal manner of proceeding in appealing from my decision in such a case. As I adhere to my opinion, it is advisable, I think, that no time should be lost in obtaining an authoritative ruling on the point.

I regret that, owing to the work connected with the annual report of this office, I have delayed this reply longer than I should have liked.

It is plainly part of my duty to inform Parliament when the expenditure of certain branches of the Public Service is supported by less complete vouchers than those which are furnished for the rest of the expenditure, particularly when the vouchers wanting are those which specific and direct requirements of the Audit Act call for with reference to the ordinary expenditure.

If the view the Deputy Minister of Justice takes in this matter is the correct interpretation of the Post Office Act, the 33rd section of the Audit Act, although manifestly intended to be of general application, does not apply in this case. So far as I can see, there are no circumstances connected with the renewing of all contracts or the letting of new contracts for not more than \$200 which make it less expedient or desirable to have the certificate, as to value, of the public servant who knows most about the value, than

it would be in the case of expenditure in any other department, or for any other purpose in your own department. The Postmaster General, from the nature of his duties does not know, and cannot know, how much public money should be paid for the service in each case. He would, like all other public servants, commit the gravest wrong if through carelessness, or for any other reason, he caused a greater payment to be made for such service than the service was worth. If he exercises care and obtains the information necessary for his guidance, the information can be obtained most readily and with the greatest security for its trustworthiness from the local Inspector, whose daily duties make him familiar with the work and all the connected facts. Then the certificate of the Inspector on the contract, which, wherever it is produced, will warrant the calling upon him for the reasons for his opinion, will convey to his mind the serious responsibility which he assumes and induce that watchfulness of the public interest which responsibility brings.

Now let me show how the wrong might be done. As such a wrong would be the act of the Postmaster General, I must presume irregularity upon the part of a Postmaster General. This, you will of course see, has no personal application, as men and parties come and go while principles remain. The wrong should be guarded against no matter when without such safeguard it might be done. Under our system of government, the Ministers from their general intelligence and their knowledge of the wants of the country are more capable than officials of determining the general principles that should control public affairs, but no matter which party or what men are in power the working out of the details would not be economically done by Ministers who cannot, as I have shown above, be expected to know the value of what they are dealing in, and who have a temptation to please Members of Parliament, who in their turn are tempted to press the unreasonable as well as the reasonable demands of constituents. It is because this is felt and acknowledged by every one that the certificate of the public official as required by the Audit Act is so generally and cheerfully furnished.

I am, sir, your obedient servant,

The Deputy Postmaster General.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, April 19, 1894.

SIR,—I beg to call your attention to the omission from the mail contractors' pay-lists of the Kingston and Nova Scotia divisions for September quarter, 1893, of what appears to me to be the proper certificates by the Post Office Inspectors of those districts. In connection with this matter I beg to inquire what action has been taken by the department with reference to my letter of February 19 last, dealing with the form of certificate which it appeared to me was called for under the law in regard to the service performed by the various mail contractors.

I am, sir, your obedient servant.

The Deputy Postmaster General.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, October 22, 1894.

SIR,—I beg to bring to your notice my letters of February 19 and April 19, 1894, with reference to the certificate which in my opinion should be given on the mail contractors' quarterly pay-lists, and to point out that I have not received any reply to these communications. Please let me know if the question in dispute with reference to this certificate has been submitted to the Treasury Board for final decision, as if such has not been done I shall be obliged to consider how far I am justified in sharing responsibility for payments which I regard as illegal, by authorizing the letters of credit from which such payments are made.

I am, sir, your obedient servant,

The Deputy Postmaster General.

J. L. McDOUGALL, A.G.

Auditor General's Report—Part M

POST OFFICE DEPARTMENT, OTTAWA, October 24, 1894.

SIR,—I have the honour to acknowledge the receipt of your letter of the 22nd inst., calling attention to previous correspondence regarding a form of certificate which you propose to be attached to the pay-sheets for mail service, and stating that in your opinion it is desirable that the question of the necessity for such a form should be submitted by this department to the Treasury Board, as you are reluctant to continue to assume the responsibility devolving upon you for payments which without such certificate you consider illegal.

In reply, I am to say that the matter has been fully considered by this department and it is of opinion that the objections of the Post Office Inspectors to sign as to facts not within their knowledge are valid, and furthermore, it considers that paragraph 2, section 61 of the Post Office Act, confers on the Postmaster General full powers regarding renewals of contracts "when, in his opinion, the service has been satisfactorily performed, and on conditions advantageous to the public interest."

If, however, you desire the decision of the Treasury Board on the points raised, it would seem that under clause C of section 32 of the Audit Act, the duty of bringing the question before the Board lies upon you.

I am, sir, your obedient servant,

The Auditor General.

WM. WHITE, *Dep. P.M.G.*

AUDIT OFFICE, OTTAWA, November 5, 1894.

SIR,—In reply to your letter of the 24th instant I beg to point out that, under the Audit Act, when a department and the Audit Office differ, the Audit Office view prevails until on appeal to the Treasury Board the Audit Office view is overruled. Manifestly the Audit Office has no object in stopping the operation of its own view. Your opinion is that the question is undecided, while under my reading of the Audit Act it is decided. If you are not satisfied with the decision it is your privilege to appeal to the Treasury Board. If the decision is a reversal of mine I am relieved of responsibility. If I am upheld you will require to follow what I think the law requires.

As you are now proceeding, cheques are issued by you under a credit passed by me, in payment of what I have decided to be illegally supported accounts. On the other hand I feel the responsibility of refusing to issue a credit to your department, as the result would be the depriving you of the means of making any payments. With reference to the merits of the case, I would be very sorry to call upon Post Office Inspectors or any other officials to certify to anything of which they have not full and accurate knowledge.

I am, sir, your obedient servant,

The Deputy Postmaster General.

Transfer of Mail Contracts before expiration of time stipulated in Contracts.

AUDIT OFFICE, OTTAWA, May 31, 1894.

SIR,—I beg to ask for explanation in regard to the transfer of the contracts for carrying the mails between Gore and Mount Uniacke, in the province of Nova Scotia, and Lavaltrie and Railway Station, in the province of Quebec.

It appears from the information sent me that Joseph Thompson was under contract to perform the former service for \$350 per annum to March 31, 1895, but was relieved of his contract obligation on July 1, 1893, when the service was transferred to B. C. Crowe at the increased rate of \$455 per annum.

In the latter case Geo. Giguère was under contract until September, 1895, at \$120 per annum, but the service was transferred to P. Grenier on July 1, 1893, at \$250 per annum.

I am, sir, your obedient servant,

The Deputy Postmaster General.

J. L. McDOUGALL, *A.G.*

POST OFFICE DEPARTMENT, OTTAWA, July 31, 1894.

SIR,—I have the honour to acknowledge the receipt of your letter of the 31st May last, asking an explanation in regard to the transfer of the contracts for carrying the mails between Gore and Mount Uniacke, and between Lavaltrie and Railway Station. In both these cases, the contractors having undertaken the service at a sum much below that at which it could possibly be performed were unable to continue the services; in the latter case the contractor left the country. The contract with Mr. B. C. Crowe for the former service was made with him as being the lowest bidder when tenders were received and that with Mr. Grenier for the second service was also the lowest tender received, in reply to the advertisement asking for tenders.

I am, sir, your obedient servant.

The Auditor General.

WM. WHITE, *Dep. P.M.G.*

AUDIT OFFICE, OTTAWA, October 22, 1894.

SIR,—With reference to your letter of July 31 last in explanation of the transfer of the contracts for mail service between Gore and Mount Uniacke, and Lavaltrie and Railway Station, before the time stipulated, I beg to point out that the contractors in question having failed to perform the service as agreed upon it was apparently open to the department to call upon the sureties to carry out the contract. Please let me know if any action was taken in this direction before asking for new tenders.

I am, sir, your obedient servant,

The Deputy Postmaster General.

POST OFFICE DEPARTMENT, OTTAWA, October 24, 1894.

SIR,—I have the honour to acknowledge the receipt of your letter of the 22nd instant, respecting the termination of the contracts for the mail services between Gore and Mount Uniacke, and Lavaltrie and Railway Station, before the dates of their expiration, and asking whether before advertising for new contracts, the department had made any effort to obtain the service from the contractors' sureties.

In reply, I beg to say that recourse was not had to the sureties in the cases mentioned.

I am, sir, your obedient servant,

The Auditor General.

WM. WHITE, *Dep. P.M.G.*

AUDIT OFFICE, OTTAWA, November 8, 1894.

SIR,—I beg to acknowledge the receipt of your letter of the 24th ultimo, in which you state that recourse was not had to the sureties in the cases of the defaulting contractors for the mail services, between Gore and Mount Uniacke, and Lavaltrie and Railway station.

It seems to me, in view of the agreement entered into by the sureties in question with the Postmaster General for the due performance of these services, that the reasons for relieving them of their contract obligations should be given. I shall be glad to hear from you on this point at your early convenience.

I am, sir, your obedient servant,

The Deputy Postmaster General.

Mail Service by Water—Incomplete Vouchers—The Authority of the Governor in Council not received.

AUDIT OFFICE, OTTAWA, September 11, 1894.

SIR,—With reference to the vouchers sent me in support of the expenditure during last year for mail service by water, I beg to call your attention to my letter of September 30, 1893, and your reply thereto of October 2 following in regard to the omission from similar accounts of 1892-93 of the dates of sailing in all cases in which the service was not a daily one, and to point out that the vouchers for last year show no improvement in this respect.

I append a list of the vouchers for the service in question on which it seems to me it is desirable for the purposes of efficient audit that the dates of sailing should be given, certified by the officers of your department having personal knowledge of the service.

Mail Service by Railways—O. C. required for Contracts over \$1,000.

AUDIT OFFICE, OTTAWA, September 7, 1894.

SIR,—I beg to inform you that I have not received the authority of the Governor in Council for the increased rates paid for railway mail services in the following cases during the fiscal year 1893-94 :—

C. P. R.—Sutton Junction and Knowlton, from 3c. to 8c. per mile.

“ Quebec and Three Rivers “ 1c. to 2c. “

“ Montreal and Three Rivers “ 1c. to 2c. “

Ottawa and Gatineau Valley Railway “ 4c. to 6c. “

Canada Eastern Railway, change from \$2,570 per annum between Chatham and Fredericton to 4c per mile.

The Order in Council authorizing the rate paid on the Ottawa, Arnprior and Parry Sound Railway has not been sent me.

I am, sir, your obedient servant,

The Deputy Postmaster General.

J. L. McDOUGALL, *A.G.*

POST OFFICE DEPARTMENT, OTTAWA, September 8, 1894.

SIR,—I have the honour to acknowledge the receipt of your letter of the 7th inst., calling attention to the fact that you have not been furnished with Orders in Council in certain cases where railways have been utilized for the conveyance of mails, and in others where changes have taken place in the conditions of existing railway mail service, which have affected the rates of payment.

In reply, I am to say that in the cases where changes have taken place in the mail service on established lines, the Postmaster General does not consider it necessary to refer the questions of payment arising therefrom to Council, since in no case has the change in rate involved a difference of \$1,000 per annum.

As to the Ottawa, Arnprior and Parry Sound Railway, I am to say that the rate of payment for this service is that fixed by Order in Council dated the 8th April, 1865, which was adopted as the result of the deliberations of the Railway Commissioners in that year, and intended to determine the rates of payment for the various classes of service in accordance with the provisions of section 64 of the Post Office Act.

AUDIT OFFICE, OTTAWA, September 18, 1894.

SIR,—I have the honour to acknowledge the receipt of your letter of the 8th inst., with reference to certain payments made for railway mail service last year for which the authority of the Governor in Council has not been obtained. I understand from your letter that this authority was not deemed necessary, because in no case did the change effected involve an increase exceeding \$1,000, and consequently that section 60 of the Post Office Act did not apply.

Auditor General's Report—Part M

It seems to me that the section quoted does apply to the cases in question ; but for further information I should like to have the Order in Council of April 8, 1865, referred to in your letter, and under which you state that the mileage rates paid for railway mail service generally, has been determined. I have not been able to find a copy of this Order in the Orders in Council of Canada, consolidated by Mr. Bligh.

The Committee have had under consideration the annexed report, dated 7th April, 1865, from the Honourable the Postmaster General, submitting for the sanction of Your Excellency in Council the terms on which he proposes contracts should be entered into with the several railway companies for the performance of the railway postal service in this province, founded—as respects the Grand Trunk Railway—on a special agreement made between him, the Postmaster General, and the manager of that railway Company, as set forth in the said annexed report, and as respects all other railways in the province—on the recommendation contained in the report of the commissioners appointed under the Order in Council of the 15th November, 1864, and the Committee respectfully advise that the several recommendations submitted in the said report of the Postmaster General be approved and carried out, and that the necessary contract be entered into for giving effect to the same with the Grand Trunk Railway.

The Committee submit their concurrence in the opinion expressed by the Honourable the Postmaster General that it would be for the interest, both of the public and of the railways, that all postal railway service should be performed and paid for under definite contracts.

AUDIT OFFICE, OTTAWA, November 5, 1894.

SIR,—I beg to inform you that I have not yet received the Postmaster General's report to Council with reference to the rates of payment to railway companies for carrying the mails, referred to in your letter of the 26th September last.

In connection with this matter it seems to me quite clear that all new arrangements with railway or steamboat companies in regard to payment for carrying the mails must be made subject to section 60 of the Post Office Act. This Act was passed in its present form in 1886, whereas the Order in Council which you quote in your letter of September 8 is dated April 8, 1865, and consequently is not based on the Act of Parliament now governing the contracts in question. All contracts, then, with railway or steamboat companies for carrying the mails, which involve an annual payment of more than \$1,000, and all increases in the rate of payment in existing contracts above this sum should, as a matter of law, receive the approval of the Governor in Council before being put in force.

I shall be glad if you will give this question your early attention and let me know if you intend obtaining the necessary authority for the payments to which I called your attention in my letter of the 7th September, 1894.

Credit entries in Borbridge's Accounts.

AUDIT OFFICE, OTTAWA, October 11, 1894.

SIR,—The accounts rendered by Messrs. S. & H. Borbridge for mail service supplies during the fiscal year 1893-94, show three credit entries amounting to \$28.45 for bars and label cases at 5 cents each returned by the department to be re-used.

Please let me know if the sum allowed—5 cents—represents the original cost of these articles, or if not, who is responsible for the valuation placed on them.

I am, sir, your obedient servant,

The Deputy Postmaster General.

J. L. McDOUGALL, *A.G.*

POST OFFICE DEPARTMENT, OTTAWA, October 19, 1894.

SIR,—Referring to your communication of the 11th inst., in which you ask to be informed in connection with certain accounts of Messrs. S. & H. Borbridge during the fiscal year 1893-94, showing credit entries amounting to \$28.45 for old bars and label cases, at 5 cents each, returned to them by this department to be re-used, if the sum allowed represents the original cost of these articles, or if not, who is responsible for the valuation placed on them, I beg to say, in reply, as respects the bars, that since the date of the credit entries above mentioned, it has been represented by the contractors, and established to the satisfaction of the Postmaster General, that the sum of 5 cents is largely in excess of the original cost of the same, and that it would be unfair to them, and inequitable, to require that they should continue to allow that sum to the department; and that by a subsequent rearrangement of the terms upon which these bars are returned by the department to Messrs. Borbridge for re-use, the original cost price, as shown by the manufacturers' invoices, is now exacted from the contractors, viz., six dollars (\$6) per hundred weight (100 cwt.)

Auditor General's Report—Part M

Regarding the label cases which, it may be explained, are of the class which are permanently attached to the letter bags, and not to be confused with the movable (slip) label cases used for newspaper sacks, I would point out that the original cost of the former cases is embraced in the price of the new bags complete to which they are attached.

The first cost of these letter bag label cases to the contractors, according to the makers' invoices, is $6\frac{1}{2}$ cents each, but in view of the fact that the department requires that before being again utilized for new bags all these cases must be cleansed of rust, and reburnished, in order to ensure the quick and easy insertion and removal of the labels, and, too, in consideration of the time, skill and labour involved in preparing these old cases for reattachment to the bags, taking off the protecting leather backing (riveted to the bags) &c., this backing being used to prevent the rivets pulling through the bag material, it is considered that the existing arrangement whereby a revenue of 5 cents on each old label case re-used, accrues to the department, and as a result of which, also, the new bags fitted with the old label case in reality cost the department 5 cents less each than do the new bags fitted with the new label case furnished by the contractors, is unquestionably in all respects an advantageous one for the department.

I am, sir, your obedient servant,

The Auditor General.

Account not properly Certified.

AUDIT OFFICE, OTTAWA, October 15, 1894.

SIR,—I beg to bring to your notice an account rendered by the British American Bank Note Company during last year, amounting to \$787.48 for work on maps of the several provinces supplied the Post Office Department.

In this account there are several charges for labour at 60 cents per hour and the certificate given by Mr. Maingy does not state that the full time for which charge is made was occupied at the work in question. Please let me have a certificate to this effect from the officer of the department who personally superintended the work.

I am, sir, your obedient servant,

The Deputy Postmaster General.

Quebec and Chicoutimi Mail Service not performed as required by O.C.

AUDIT OFFICE, OTTAWA, October 17, 1894.

SIR,—I beg to inform you that I have not received the authority of the Governor in Council for the payment made last year to the Richelieu and Ontario Navigation Company for mail service between Chicoutimi and Quebec.

The payment in question is considerably in excess of that paid the previous year—1892-93—and I shall feel obliged if you will cause to be sent me the Order in Council covering the expenditure.

I am, sir, your obedient servant,

The Deputy Postmaster General.

J. L. McDOUGALL, *A.G.*

POST OFFICE DEPARTMENT, OTTAWA, October 19, 1894.

SIR,—I have the honour to acknowledge the receipt of your letter of the 17th inst., asking to be furnished with a copy of the Order in Council under which the existing contract with the Richelieu and Ontario Navigation Company for the Chicoutimi and Quebec mail service was made.

In reply, I beg to inform you that the Clerk of the Privy Council has been requested to furnish you with the copy you desire.

I am, sir, your obedient servant,

The Auditor General.

WM. WHITE, *Dep. P.M.G.*

AUDIT OFFICE, OTTAWA, October 24, 1894.

SIR,—I beg to bring to your notice the voucher rendered by the Richelieu and Ontario Navigation Company in support of \$3,500 paid them last year for mail service between Chicoutimi and Quebec.

It would seem from the particulars given on this voucher that a daily service between these points was maintained during the months of July and August only ; whereas, according to the Order in Council of April 25, 1893, which I have just received from the Clerk of the Privy Council, authorizing the service, a daily service during the season of navigation is required to entitle the Company to payment of the full amount—\$3,500. Please let me have your explanation.

I am, sir, your obedient servant,

The Deputy Postmaster General.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, December 22, 1894.

SIR,—I beg to call your attention to my letter of October 24th last with reference to the mail service by water between Chicoutimi and Quebec and to point out that I have not yet received any explanation in regard to the full amount authorized by Council having been paid to the Contractors, though the service performed was defective to a large extent in respect of the frequency of sailings called for by the contract. Please let me have your explanation within a few days as I have nearly completed my report on the expenditure of your Department for 1893-94.

I am, sir, your obedient servant,

The Deputy Postmaster General.

J. L. McDOUGALL, A.G.

Authority of Governor in Council not received for Provisional Allowance in Manitoba and British Columbia.

AUDIT OFFICE, OTTAWA, October 16, 1894.

SIR,—I beg to inform you that I have not received the authority of the Governor in Council for the disbursements made during last year from the vote for provisional allowance for post office employees in Manitoba, the North-west Territories and British Columbia, and to request that you will cause to be sent me at your early convenience the Order in Council covering the expenditure in question.

I am, sir, your obedient servant,

The Deputy Postmaster General.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, November 9, 1894.

SIR,—I beg to ask for explanation of the payment of \$10 to Miss Anna Barber for provisional allowance for the month of September, 1893, when the salary for that month was paid from the vote for Civil Government Salaries at Ottawa. According to the pay-list of the Post Office Inspector at Victoria she left that office on the last day of August, 1893.

I am, sir, your obedient servant,

The Deputy Postmaster General.

J. L. McDOUGALL, A.G.

POST OFFICE DEPARTMENT, OTTAWA, 16th November, 1894.

SIR,—I have the honour to acknowledge your letter of the 9th instant, asking an explanation of the payment of \$10.00 to Miss Anna Barber, for provisional allowance for the month September, 1893, when her salary for that month was paid from the vote

Auditor General's Report—Part M

for Civil Government salaries at Ottawa ; in reply I beg to state that Miss Barber did not leave Victoria as originally intended at the end of August, but remained there until the 13th of September, and did not report for duty here until the 27th of that month, and it was thought therefore that she was fairly entitled to provisional allowance under the circumstances. Perhaps it might be well to transfer from the vote for Civil Government to that for the Outside Service in British Columbia, Miss Barber's salary for the month of September.

The Auditor General.

POST OFFICE DEPARTMENT, OTTAWA, 16th November, 1894.

SIR,—I beg to acknowledge the receipt of your communication of 29th ulto. asking for the authority under which the British American Bank Note Company are paid by this Department the undermentioned prices for the articles named :

Post Cards \$1.30 and \$1.02 respectively.

Letter Cards \$1.75.

C. P. R. Statements 90c. and \$1.00 respectively, and, in reply, beg to say that the prices for Post Cards are authorized by Order in Council of 30th November, 1892, and 14th February, 1894, respectively and that for Letter Cards by Order in Council 13th October, 1892.

With regard to the C. P. R. Statements they have been treated as the Current Post Card, and charged at the same rates.

I am, sir, your obedient servant,

The Auditor General.

Increased price paid for Stamping Pads.

AUDIT OFFICE, OTTAWA, October 27, 1894.

SIR,—I beg to ask for explanation of the increased price paid for composition stamping pads to Mr. Geo. Bailey last year. According to the accounts rendered for 1892-93 the price of these articles was, for No. 1, 90c. per set, and for No. 2, 60c. per set, whereas the price paid last year was \$1.25 and 95c. respectively.

I am, sir, your obedient servant,

The Deputy Postmaster General.

J. L. McDOUGALL, *A.G.*

POST OFFICE DEPARTMENT, OTTAWA, November 6, 1894.

SIR,—Referring to your communication of the 27th ult., in which you ask “for an explanation of the increased price paid for composition stamping pads to Mr. George Bailey last year, as according to the accounts rendered for 1892-93 the price was, for No. 1, 90c. per set, and for No. 2, 60c. per set, whereas the price paid last year was \$1.25 and 95c. respectively,” I beg to say you are in error in supposing that any increase in the cost of stamping pads has taken place. This article forms one part only of the stamping equipment of a post office and stands at the original price, *i.e.*, composition pads, 4in. x 5in. in japanned tin box, 60c. each (for larger class of offices and railway mail clerks). Felt pads, 4in. x 5in. without covering box, 30c. each (for smaller post offices).

I may say, however, that the increase to which you refer, (35c.) has been allowed by the authority of the Postmaster General on the stamping *ink*, as may be seen by reference to the accounts in your office, covering the entire period of the last fiscal year, for considerable quantities of this material (inclusive of 600 gills for post offices other than of cities) supplied to this department by Mr. George Bailey during the period in question, the object sought to be attained by such increase being to ensure the supply to this department of an improved and absolutely indelible stamping ink, in order to prevent the possibility of the cleaning and re-use of any postage stamp which has been cancelled with such ink, a practice which was discovered to exist to some extent—entailing, no doubt, a certain loss to the revenue—whilst the cheaper ink was employed, but which is believed to have been rendered impossible, and to have entirely ceased, since the introduction of the improved and necessarily higher priced indelible ink.

I am, sir, your obedient servant,

The Auditor General.

WM. WHITE, *Dep. P.M.G.*

AUDIT OFFICE, OTTAWA, November 8, 1894.

SIR,—I beg to acknowledge the receipt of your letter of the 6th inst., in which you state that I am in error in supposing that any increase in the cost of stamping pads had taken place during the fiscal year just closed, but that an increase of 35 cents in the price of stamping ink had been authorized by the Postmaster General, because a better quality of ink than that formerly used was now required by the department and supplied by Mr. Bailey.

The accounts rendered by Mr. Bailey and which have been sent me to audit do not so represent the case. I would refer you, for example, to vouchers 876 and 1290 of 1892-93 on which there are charges for stamping pads No. 1 and No. 2 at 90c. and 60c. per set respectively, and to vouchers 412 and 572 of 1893-94 on which the charges are \$1.25 and 95c. On none of these accounts is there any mention of ink in connection with the pads in question. With reference to the price which you state has been allowed Mr. Bailey for the ink supplied, I find that during last year—1893-94—stamping ink was purchased at \$2.25 a quart, \$1.75 a pint, and 55c. a gill, and that similar prices were paid during the previous year.

I was aware that no payment was made last year for the cheaper ink at 20c. and 30c. a gill, and 50c. a pint, but there was no need of my calling your attention to that fact.

I am, sir, your obedient servant,

The Deputy Postmaster General.

J. L. McDOUGALL, *A.G.*

POST OFFICE DEPARTMENT, OTTAWA, November 13, 1894.

SIR,—Referring to your reply of the 8th inst. to my letter of the 6th inst., I can only repeat that your supposition that there has been an increase in the cost of the stamping pads, instead of, as I have explained, in that of the stamping ink, is erroneous.

Auditor General's Report—Part M

As stated in my letter of the 6th inst., the stamping pad forms one part only of the stamping outfit of a post office. The phrase employed by Mr. Bailey in rendering his accounts: "sets of stamping pads No. 1," or "No. 2," as the case may be, is merely a convenient abbreviation and covers in reality one pad, one can of ink, one muller (or muddler), and one cardboard box for the better preservation of these articles by postmasters.

I may state that cheque No. 2179, 6th July, 1893, for \$259.20, in settlement of orders covering a portion of June, 1893, was the only payment for the indelible stamping ink at the advanced price made for the year 1892-93, no other payment at such price having been made during any previous period of that year, as might be inferred from your letter of the 8th instant.

I would also point out that the cheaper ink was never obtained, as you state, at 30c. a gill and 50c. a pint, but at 20c. and 60c. respectively, and that the charge of 30c. a gill was an isolated one, covering merely the refilling of the cans which had previously contained the inferior ink, with the better ink.

I am, sir, your obedient servant.

The Auditor General.

WM. WHITE, *Dep. P.M.G.*

December 21st, 1894.

SIR,—I beg to acknowledge the receipt of your letter of the 13th, ultimo in further explanation of the increased price during last year for the composition stamping pads, Nos. 1 and 2, supplied the department by Mr. Bailey.

As pointed out in a previous letter the accounts rendered by Mr. Bailey showed clearly that an increased price had been paid for each set of stamping pads, but as you now state that the word "set" includes several other articles used in connection with the pads to each of which a definite price is attached, it seems to me it would be better that the accounts rendered in this respect in future should state exactly the articles of which each set is composed and the prices allowed therefor.

I am, sir, your obedient servant,

The Deputy Postmaster General.

J. L. McDOUGALL, *A.G.*

Power of Attorney from Mrs. Halley not received.

AUDIT OFFICE, OTTAWA, October 26, 1894.

SIR,—I beg to bring to your notice voucher 1463 for \$75, rendered by Mrs. Halley for rent of letter-carriers' rooms at Montreal.

You will notice that the account is receipted by White, Duclos and O'Halloran, and that the cheque in payment was issued in their favour. Please send me the power of attorney or other authority under which this mode of payment was adopted.

I am, sir, your obedient servant,

The Deputy Postmaster General.

Authority of Governor in Council not received for certain Transfers.

AUDIT OFFICE, OTTAWA, October 26, 1894.

SIR,—I beg to inform you that I have not received the authority of the Governor in Council in regard to the following:—

Transfer of Mr. D. Spry, P.O. Inspector, from Barrie to London.

Transfer of Mr. A. Jones from Kingston to Barrie.

Payment of \$210.65 to Mr. D. Spry to cover removal expenses.

I am, sir, your obedient servant,

The Deputy Postmaster General.

J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, November 2, 1894.

SIR,—I beg to inform you that I have not received the authority of the Governor in Council for the appointment of Mr. R. W. Barker as Post Office Inspector at Toronto, nor for a payment of \$220.50 made him last year for removal expenses from London to Toronto.

With reference to the account rendered by Mr. Barker for his removal expenses, I would call your attention to a charge of \$12.50, "loss on two tons of coal impossible to remove or dispose of at London." It seems to me this charge should not have been allowed, as surely the coal could easily have been sold for something near the market price.

I am, sir, your obedient servant,

The Deputy Postmaster General.

Auditor General's Report—Part M

Rents of Letter Boxes and Drawers.

AUDIT OFFICE, OTTAWA, March 20, 1894.

SIR,—I am to-day in receipt of an application from the Public Works Department for the payment of letter boxes.

As I wrote you November 22, 1893, that department informed me that letter boxes had been put in at the expense of the Government in all the new post offices erected since Confederation.

With the exception of the city post offices no revenue has reached the Government for the rent of these letter boxes.

I have brought this matter to your notice several times, and have had no explanation of the cause of the absence of revenue.

In view of these facts I feel it my duty to hold this application. Unless I get some satisfactory reply from you within a few days, I shall be obliged to submit the matter to the Treasury Board.

I am, sir, your obedient servant,

The Deputy Postmaster General.

J. L. McDOUGALL, A.G.

POST OFFICE DEPARTMENT, OTTAWA, March 22, 1894.

SIR,—I have the honour to acknowledge the receipt of your letter of the 20th instant, with reference to the revenue derived from the renting of letter boxes in town post offices. In reply, I beg to state that the question appears to me to be clearly one of administration and policy, and, therefore, appertains exclusively to the Postmaster General. If, however, you still hold to the contrary opinion, there can be no possible objection to your bringing the matter under the notice of the Treasury Board.

I am, sir, your obedient servant,

The Auditor General.

WM. WHITE, *Dep. P.M.G.*

AUDIT OFFICE, OTTAWA, April 2, 1894.

SIR,—With reference to your letter of the 22nd ultime, *re* letter box revenue, and to make the point in difference between us as clear as possible for the Treasury Board, is your view that the 53rd section of 49 Vic., cap. 35, gives the Postmaster General the power to assign the whole receipts to the Postmasters, or that the power is given in some other place? If so, where?

I am, sir, your obedient servant,

The Deputy Postmaster General.

J. L. McDOUGALL, A.G.

POST OFFICE DEPARTMENT, OTTAWA, April 6, 1894.

SIR,—In reply to your letter of the 2nd instant, I beg to state that in my opinion section 53, cap. 35, 49th Victoria, gives the Postmaster General the right to fix the salary and allowances of every kind to all Postmasters not paid by regular salaries, that is to say, not borne on the strength of the Outside Service.

I am, sir, your very obedient servant,

The Auditor General.

WM. WHITE, *Dep. P.M.G.*

AUDIT OFFICE, OTTAWA, April 9, 1894.

SIR,—I inclose herewith copy of correspondence with the Deputy Postmaster General and the Secretary of the Department of Public Works in reference to letter boxes, &c. This correspondence may be summed up as follows :—

(1.) The Government has fitted up letter boxes and drawers in all the Post Office buildings erected since Confederation.

(2.) With the exception of the city Postmasters all the Postmasters retain the full charges collected from the public for the use of these boxes and drawers in their respective offices.

(3.) The Deputy Postmaster General claims that this is a disposal of the receipts which the Post Office Department can legally make under 49 Vic., cap. 39, section 53. Surely it is not contemplated by this section to authorize the placing upon the whole people the cost of a convenience for a particular locality,—a convenience for which the locality pays, not to the whole people, but to one individual. When it is said that Postmasters may be paid a percentage on the amount collected by them it seems not to mean that the whole may be paid.

Even as a return for labour there cannot, I presume, be any contention that the labour directly connected with the boxes and in addition to what it would be without boxes justifies the transferring of the whole receipts to the Postmaster.

Under these circumstances, and as I am now holding over an application for a payment for letter boxes for a post office now being fitted up, I have to request you to bring the matter before the Treasury Board at an early date.

I am, sir, your obedient servant,

The Secretary, Treasury Board,

J. L. McDOUGALL, A.C.

Extract from minutes of Treasury Board meeting held on twenty-first day of November, 1894.

POST OFFICE.—The Board had under consideration a copy of the correspondence which has been had between the Auditor General and the Post Office and Public Works Departments as to whether the Postmaster General has the power to allow to Postmasters the whole of the moneys received as rent for letter boxes and drawers placed by the Government in the Post Office buildings erected by the Public Works Department the Postmasters in charge of which are not under the Civil Service Act.

In connection with the matter the Board also had under consideration a communication from the Deputy Minister of Justice in which he states that in the opinion of the Minister of Justice, Section 53 of the Post Office Act—R.- S. C., chap. 35—gives to the Postmaster General the powers above referred.

The Board concur in the opinion of the Minister of Justice as expressed.

J. M. COURTNEY, *Secretary*.

Re Post Office Revenue.

AUDIT OFFICE, OTTAWA, October 3, 1894.

SIR,—In accounting for the stamps and cards issued by the Stamp Branch during 1893-94, credit is taken for \$11,220, the amount of stamps destroyed in transit to offices in Manitoba and the North-west Territories. Please let me have the papers, reports and correspondence in reference to this case.

I am, sir, your obedient servant,

The Deputy Postmaster General.

J. L. McDOUGALL, A.C.

POST OFFICE DEPARTMENT, OTTAWA, October 9, 1894.

SIR,—I have the honour to acknowledge your letter of the 3rd instant asking to be furnished with papers, reports and correspondence in reference to a credit taken by this department for \$11,220 on account of postage stamps and post cards destroyed in transit to offices in Manitoba and the North-west Territories.

Auditor General's Report—Part M

In reply, I beg to say that the inclosed sheet contains a memorandum of the several supplies of stamps and cards which make up the total of \$11,220, and that a certificate can be furnished by the Superintendent of the Stamp Branch that these several amounts appear in his books as having been despatched on the 7th June last by the train which met with an accident involving the total destruction of the postal car and its contents on the 9th June.

The Post Office Inspector of Ottawa Division can also certify that the several parcels of stamps referred to were entered as registered articles on the bills of the Railway Post Office on the date of despatch from the Stamp Branch, and formed part of the mail matter destroyed on the occasion in question.

Will you kindly say whether such certificates would meet the case. We have no papers, reports or correspondence bearing specially on the destruction of these stamps.

I am, sir, your obedient servant,

The Auditor General.

WM. WHITE, *Dep. P.M.G.*

AUDIT OFFICE, OTTAWA, October 15, 1894

SIR,—I am in receipt of your letter of the 9th instant in reference to stamps destroyed while in transit to Manitoba and the North-west Territories.

Please send the certificates of the Superintendent of the Stamp Branch and the Inspector, referred to by you. The certificate of the officer who was present or afterwards visited the scene of the disaster, should also be furnished, vouching from personal knowledge of the effects of the accident. You state the postal car and its contents were totally destroyed, but I understand some quantity of damaged stamps rescued from the wreck was returned to your department.

I am, sir, your obedient servant,

The Deputy Postmaster General.

J. L. McDOUGALL, *A.G.*

POST OFFICE DEPARTMENT, OTTAWA, December 3, 1894.

SIR,—With reference to my letter of the 9th October last in regard to the credit taken by this Department for \$11,220 worth of postage stamps destroyed in transit to offices in Manitoba and the North-west Territories and to the inquiries made verbally on the subject by an officer of your Department, I now beg leave to inclose the following statements:—

(1.) One by the Superintendent of the Postage Stamp Branch of this Department giving a detail of the stamp supplies sent from his office on the 7th June last addressed to post offices in Manitoba and the North-west Territories and showing the total value of the same to be \$11,220.

(2.) One by the Post Office Inspector of Ottawa certifying that the several packages mentioned in the preceding certificate were duly forwarded with the mails of that day by the Canadian Pacific Railway going west.

(3.) One by the Assistant Post Office Inspector stationed at Port Arthur giving particulars of the accident which happened on the 9th June to the Canadian Pacific Mail train which left Ottawa on the 7th of that month and certifying that all the postage stamps included in the mails were destroyed by fire or by water with the exception of a few which were recovered in a damaged condition.

The damaged stamps were duly forwarded to the Department and will be destroyed.

Under the circumstances you will perhaps see no objection in credit being taken by the Department for the whole amount of the stamps in question, viz., \$11,220.

I am, sir, your obedient servant,

The Auditor General.

WM. WHITE, *Dep. P.M.G.*

Casual Revenue.

AUDIT OFFICE, OTTAWA, November 8, 1894.

SIR,—During the year 1892-93 sales of waste paper were accounted for by the following officers:—Postmasters at Toronto and Quebec and the Inspector at Toronto. In my letter of November 28, 1893, I inquired why there was not some return, large or small, from each of the large offices. In your reply of December 11, 1893, you stated that in future a formal return would be asked to avoid any difficulty of determining whether there is or is not any disposable waste paper.

According to the returns for 1893-94, the only receipts for waste paper are from the same officers.

I shall be glad to hear from you on the subject.

I am, sir, your obedient servant,

The Deputy Postmaster General.

J. L. McDOUGALL, A.G.

Losses by Fire and Burglary.

AUDIT OFFICE, OTTAWA, November 9, 1894.

SIR,—During 1892-93, thirty-two Orders in Council were passed authorizing reimbursement to Postmasters for stamps burnt or stolen. None of these Orders in Council have been furnished to this office.

In five of these cases the voucher is receipted by an officer of your department and the cheque made payable to the Receiver General. If it is expedient to hold the cheque and pass it to the credit of the Postmaster, he should be required to sign the receipt for the amount. Unless there is some sufficient reason for acting otherwise, all cheques should be drawn payable to the order of the person entitled to payment.

I am, sir, your obedient servant,

The Deputy Postmaster General.

J. L. McDOUGALL, A.G.

POST OFFICE DEPARTMENT, OTTAWA, November 16, 1894.

SIR,—I have the honour to acknowledge the receipt of your letter of the 9th instant, in which you call attention to the fact that 32 Orders in Council were passed authorizing re-imbursement to postmasters for stamps burnt or stolen, and that in five of these cases the voucher is receipted by an officer of this Department and the cheque made payable to the Receiver General; the cases to which you refer, are cases in which the amounts so paid were due to the Department, and in the majority of instances the postmaster had left the country and his signature could not, therefore, be obtained; wherever it is practicable, the postmaster will be required to sign the receipt, but I presume you do not wish that these payments should be held in abeyance because the persons from whom they are due have left the country.

I am, sir, your obedient servant,

The Auditor General.

WM. WHITE, *Dep. P.M.G.*

Salaries paid from Revenue.

AUDIT OFFICE, OTTAWA, November 2, 1894.

SIR,—I observe that for the last fiscal year the salaries of the postmasters of the branch offices in the large cities have been paid from revenue. This, so far as they are concerned, is a new departure. You will recollect that in discussing with you the now long-continued practice of paying in this way the salaries of the country Postmasters, I have urged the propriety of abandoning the practice of meeting expenditure from

Auditor General's Report—Part M

revenue in this branch of the service of your department—the only one in the whole service to which it is applied.

Once I understood that the Postmaster General had determined to ask for the requisite appropriation. Now it appears that the intention is to extend the practice.

I would call your attention to chapter 29, section 27, of the Revised Statutes, which expressly provides that the gross revenue shall be deposited to the credit of the Receiver General.

You have not, I think, any special statutory authority for the payments. Please explain the reasons for paying the branch offices in the manner indicated, and say whether you intend to advise the bringing down of estimates for your whole expenditure.

I am, sir, your obedient servant,

The Deputy Postmaster General.

J. L. McDOUGALL, A.G.

Re Post Office Account.

AUDIT OFFICE, OTTAWA, November 21, 1894.

SIR,—When the accounts of each year are closed there is usually a balance at the credit of post office account, representing the Money Orders remaining unpaid. The amount of this balance on 30th June last was \$187,731.63. No returns are furnished to enable me to determine that this balance covers all the orders outstanding. It is important that these returns should be furnished. As the accounts of each year remain open for some time after the end of the financial year could you not arrange that the deposits and repayments for all orders issued previous to June 30th should be entered up to the accounts of that year. That would reduce the balance to such a comparatively small amount that a detailed statement of the orders still outstanding could easily be given and the account verified.

I shall be pleased to hear from you on the matter.

I have the honour to be, sir, your obedient servant,

The Deputy Postmaster General.

J. L. McDOUGALL, A.G.

Re Outstanding Warrants.

AUDIT OFFICE, OTTAWA, November 21, 1894.

SIR,—The outstanding warrants on the 30th June last amounted to \$94,503.64, an increase of \$8,097.88 on the amount outstanding on the 30th June, 1894. These warrants I understand are issued to Postmasters in payment of their salaries and allowances, and this sum of \$94,503.63 is a liability of the Government not brought to account. No doubt a large portion of this sum is for warrants issued for the quarter preceding the close of the year. It would be much better I think if the practice followed with reference to Letter of Credit cheques should be adopted in connection with these warrants, that is the charging the warrants as issued instead of as paid. I have to request your consideration of this point.

In the meantime please send me a detailed statement of the warrants outstanding on 30th June last, yet remaining unpaid.

I have the honour to be, sir, your obedient servant,

The Deputy Postmaster General.

Re Waste Paper of the Senate.

AUDIT OFFICE, OTTAWA, October 10, 1894.

SIR,—I have to inquire if the waste paper of the Senate is now collected by the person who holds the contract for the purchase of all the waste paper of the Government offices in this city.

I am, sir, your obedient servant,

The Queen's Printer.

J. L. McDOUGALL, A.G.

DEPARTMENT OF PUBLIC PRINTING AND STATIONERY,
OTTAWA, October 15th, 1894.

SIR,—I have been making closer inquiries with regard to the Senate paper, and I regret to find that I have not been getting the waste paper from the Senate. The man who collects it mistook the House of Commons for the Senate, and misled me in answering my question.

I am putting out new tenders this week, and will see that the Senate is included.

I am, sir, your obedient servant,

The Auditor General.

S. E. DAWSON, Q. P., &c.

Re Sale of Waste Paper, &c.

AUDIT OFFICE, January 16, 1895.

SIR,—I have just received a memo. of the sales of waste paper, &c., during 1893-94. In future please have a statement furnished monthly, with copies of the invoices certified by the weighing clerk and the accountant.

I have to ask for explanations of the following items :—

John Leslie, gold waste from bindery	\$61 35
J. L. Morrison, empty spools	14 60

This is the first time anything came to account for the sale of such articles.

I am, sir, your obedient servant,

The Queen's Printer, &c.

J. L. McDOUGALL, A.G.

DEPARTMENT OF PUBLIC PRINTING AND STATIONERY,

OTTAWA, January 17, 1895.

SIR,—I have the honour to acknowledge receipt of yours of 16th, to the Queen's Printer, and in reply beg to say that the item for gold waste is the proceeds from the sale of cloths used in the bindery for cleaning off books after gilding, and sweepings from the finishing benches which contain superfluous gold. With reference to the other item for spools, it is just what is stated, empty spools, from which the sewing wire has been used. It has been the custom, I think, in the past to give credit for empties returned on the invoices for new orders.

I am, sir, your obedient servant,

The Auditor General.

W. GLIDDON, *Acct.*

AUDIT OFFICE, OTTAWA, January 18, 1895.

SIR,—In his reply to my letter of January 17th, your accountant explains why there was no previous revenue from the sale of empty spools. He has not, however, explained what disposition was made of the gold waste in previous years.

I am, sir, your obedient servant,

The Queen's Printer.

J. L. McDOUGALL, A.G.

DEPARTMENT OF PUBLIC PRINTING AND STATIONERY,

OTTAWA, January 18, 1895.

SIR—Your letter of January 18th is to hand, inquiring what disposition was made in former years of the gold waste.

In reply, I beg to say that I do not know, and at this lapse of time it is impossible to find out. The question of gold waste is a mooted point in binderies. Some establishments allow the gold rags to be kept by the men and some do not. Certainly no return was ever made here before. It had been the custom in my bindery before I came here to make a return of the waste, and, as all the men are paid full wages, I think that is the proper course. Besides the contrary custom tends to careless use of gold leaf, for no man will care to economize if the balance of waste goes into his rag. Therefore, when the matter came to my notice, I insisted that the rags should be given up. How far this return extends back I cannot tell, and there is no way to tell or to do more for the

Auditor General's Report—Part N

Government than I was able to do for myself. If sending the return this way troubles your audit, I might have it deducted from the account for supplies, but in all such matters the clearer the facts are the better.

I am, sir, your obedient servant,

The Auditor General.

S. E. DAWSON, *Q. P., &c.*

AUDIT OFFICE, OTTAWA, January 19, 1895.

SIR,—I am in receipt of your letter of the 18th, with explanations in reference to the sale of gold waste.

In answer to your last sentence of your letter I desire to say that there is no objection to your accounting for this and all such receipts as you have done, that is, crediting them to casual revenue.

It is well that you noticed the irregularity and put an end to it.

I am, sir, your obedient servant,

The Queen's Printer.

J. L. McDOUGALL, *A.G.*
