Technical and Bibliographic Notes/Notes techniques et bibliographiques

The Institute has attempted to obtain the best original copy available for filming. Features of this copy which may be bibliographically unique, which may alter any of the images in the reproduction, or which may significantly change the usual method of filming, are checked below.

L'Institut a microfilmé le meilleur exemplaire qu'il lui a été possible de se procurer. Les détails de cet exemplaire qui sont peut-être uniques du point de vue bibliographique, qui peuvent modifier une image reproduite, ou qui peuvent exiger une modification dans la méthode normale de filmage sont indiqués ci-dessous.

The copy filmed here has been reproduced thanks to the generosity of:

University of Windsor

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol \rightarrow (meaning "CONTINUED"), or the symbol ∇ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

University of Windsor

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole \rightarrow signifie "A SUIVRE", le symbole ∇ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

P R E F A C E.

THE increase in population, and the present extent of the City of Montreal, necessarily render the compilation of this Directory a work requiring more labor and greater care than hitherto; while at the same time they add to its value to the citizens, who increasingly need the work for reference, and will assuredly appreciate evidences of greater accuracy.

The present publisher, having undertaken the compilation and issue of the work within a few days only of the time necessary for commencing the canvass for the same, confesses to have in some degree miscalculated the labor necessary for completing such a Directory as he could with confidence and satisfaction submit to the public. For the consequent delay the publisher now tenders an apology; with the feeling nevertheless that his promises of a somewhat earlier issue are to some extent atoned for by the causes which have led to it, viz., the desire to be as correct as possible.

In a city of the present extent of Montreal very many difficulties in compilation are met with. Many persons, from misapprehension or otherwise, absolutely refuse to give any information as to their names; and others, with some inconceivable object, give statements absolutely false.

Care, judgment, and vigilance are required as necessary qualifications in those who go from house to house to obtain the original information, as well as competency in both languages as to the orthography of names; and where, as always is the case, care in selection does not protect from engaging one or two incompetent persons amongst over twenty employed for this purpose, an amount of confusion and trouble is caused which can only be understood by those who have been engaged in such labors, and who are conversant with the amount of error caused by one act of carelessness, and the difficulties in afterwards detecting it.

A want of spelling some names, either French or English, exactly in the proper manner, has led in many cases to the notice by the compiler of the omission of the name in its proper place. Steps having been taken to ascertain the cause,

such mistakes have been corrected, only on further investigation to lead to the discovery that the name had been taken and inserted many pages out of its place owing to incorrect orthography on the part of the person originally taking the names. This is but a sample of one of the many difficulties encountered.

Another and by no means minor cause of difficulty is the want of any established names to some of the suburban streets and lanes, and the very irregular numbering of the houses. In some cases there are two houses of similar numbers in the same street, and in many cases houses without numbers of any kind ; but the publisher observes with much satisfaction the intention of the Corporation, with laudable energy, at once and completely to remedy this evil. Such action on their part will greatly facilitate the labors of compilation in future years.

The slight variations in form of the present issue will, it is hoped, be approved. A considerable enlargement will be observed in the work, and the publisher may state that he has in point of fact endeavored to obtain the name of *every resident in the city and suburbs*.

The publisher intends in the ensuing year, to adopt the suggestions of several gentlemen (if practicable) to issue the work with the addition of a Street Directory, an established and appreciated feature in the Directories of larger cities, the convenience of which for reference is very great.

MACKAY'S MONTREAL DIRECTORY has hitherto received at the hands of the citizens a valued support and appreciation. This will hardly be lessened when, as will be seen by this edition, increasing labor has been bestowed with a view to *accuracy* ; nor will the publisher's designs be ignored when he announces his intention to make *accuracy* and improvement a study for future years. The public can greatly contribute to this accuracy by notifying the publisher from time to time of any changes, such as removals, changes in names of firms, and in fact alterations of any description.

The publisher concludes his preface with an expression of his appreciation of the liberal support accorded to the Directory for this year, and the hope that this support will be merited, and in future years increased. His thanks are likewise due to many gentlemen connected with Societies and Public Institutions, who have taken pains to furnish information concerning them. Should any omission in respect of such institutions be noticed, it will be gladly supplied in future years; the publisher desiring to make this section of the work comprehensive, methodical, and complete in all detail.

PROGRESS OF THE COMPANY.

The following Table exhibits in an authentic form the Progress of the Company's Business in both Departments, from its commencement in 1836 to the end of 1865, the last date to which the annual accounts are made up, previous to this publication.

Year.	Prem.	Life.	Year.	Prem.	Life.	Year.	Prem.	Life.
1837.....	£11,886.....	£1,784.....	1857.....	£41,408.....	£19,940.....	1877.....	£290,251.....	£101,538.....
1842.....	£3,506.....	£,108.....	1858.....	88,654.....	50,790.....	1881.....	360,130.....	135,974.....

This Large Revenue is rapidly increasing.

Its settlements of losses have uniformly been liberal and prompt. Its well-known resources, tested by claims amounting in the aggregate to TWO MILLIONS and a QUARTER Sterling, afford the most undeniable security.

FIRE DEPARTMENT.

The influence of THE LIVERPOOL AND LONDON is uniformly given to such an arrangement of the Premiums, in all cases where practicable, as shall indicate and induce improvement in the character of risks, so as to keep down the permanent cost of insurance.

EXTRACT FROM THE ANNUAL REPORT FOR THE YEAR 1861.

"The Premiums received for Insurance against Fire amount to £360,130 19s. 9d., whilst those for 1860 were £213,780 12s. 7d.; showing an Increase in the Year of £146,405 7s. 2d."

LIFE DEPARTMENT.

Its system of LIFE BUSINESS is based on the principle of knowledge and certainty. The Policy-holder, when he effects his insurance, knows that he is to acquire LARGE BONUSES if he adopt that Table, when they will accrue, and what they will amount to.

EXTRACT FROM THE ANNUAL REPORT FOR THE YEAR 1861.

"The Number of Life Policies issued is 754, insuring £448,662, and producing in Premium, £13,793 12s. 8d. The account shows that the total received from this source was £135,974 2s. 8d., and the amount of Claims paid £76,132 9s. 2d. Of the Annuitants, 13 have died, to whom £273 7s. 4d. was annually payable; and 51 new Bonds have been issued, under which the Annuitants are £1,900 12s. 10d. The total sum now payable in Annuities is £21,371 17s. 2d., and the Balance at the Credit of the Department at the close of 1861 is £762,262 10s. 9d., against that of 1860, £707,780 7s. 2d.; showing an addition of £54,477 8s. 6d. to the Life Reserve, as the result of the Business of the Year."

Annuities are granted upon terms which are found to be satisfactory in all respects. The Amount paid in Annuities is over £50,000 per Annum.

FOREIGN AND COLONIAL BOARDS AND AGENCIES.

In these establishments care has been taken to make such arrangements as will meet the convenience and secure the confidence of the various communities amongst whom they are planted. Ample provision is made at the same time, to protect the Company from Losses consequent on Internal Dissension or Foreign War.

TERMS AND CONDITIONS ON WHICH ALL MESSAGES ARE RECEIVED BY THIS COMPANY FOR TRANSMISSION.

In order to guard against errors or delays in the transmission or delivery of messages, every message of importance ought to be REPEATED by being sent back from the station at which it is to be received to the station from which it is originally sent. Half the usual price for transmission will be charged for repeating the message; and while this Company will, as heretofore, use every precaution to insure correctness, it will not be responsible for errors or delays in the transmission or delivery of repeated messages beyond FIFTY dollars, unless a special agreement for insurance be made and paid for at the time of sending the message, and the amount of risk specified on this agreement; nor will the Company be responsible for any error or delay in the transmission or delivery, or non-delivery, of any unrepeatd message, BEYOND FIVE DOLLARS, unless in like manner specially insured and amount of risk paid for at the time.

No liability is assumed for any error or neglect by any other Company over whose lines a message may be sent to reach its destination.

O. S. WOOD, Superintendent.
JAMES DAKERS, Secretary.

For Tariff of Charges see next page.

E COMPANI

WILLIAM NIVIN & CO.

NORTH BRITISH AND MERCANTILE FIRE AND LIFE INSURANCE COMPANY OF EDINBURGH AND LONDON.

Capital, £2,000,000 Sterling.
Accumulated Fund, £2,122,528 8s. Sterling.
Annual Revenue, £422,401. 2s. 2d. Sterling.

FIRE DEPARTMENT.

Insurances effected at the lowest rates of Premium corresponding to the risk.
Losses by fire from lightning made good, also damage sustained by the explosion of Gas, occurring within Buildings on or in which the Company has insurances.

LIFE DEPARTMENT.

The leading features of the Office are :—

1. Entire security to Assurers,
2. The large Bonus additions already declared, and the prospect of a further Bonus at the next investigation.
3. The advantages afforded by the varied Tables of Premiums—unrestricted Conditions of Policies—and general liberality in dealing with the Assured.

New and Important Advantages.

1. Half Premium System.

By this Table a person may insure his life at one-half of the usual rate, and thus secure all the benefits of the Half Credit System, without any debt being incurred.

2. Double Insurance System.

By this Table, for a moderate Premium, a Policy may be effected which will increase to double the amount originally assured. This system is particularly advantageous to young lives.

Indisputable Certificates.

Upon application, and on certain conditions, the Company's Policies are declared unchallengeable and free from extra premium for Foreign Residence.

Application of Bonus.

The Assured have the option of applying their Bonuses in either of the following ways—

1. To be added to the Sum Assured—and payable with the sum in the Policy.
2. To surrender them for an immediate payment in Cash.
3. To the reduction and ultimate extinction of the future premiums.

Lapsed Policies.

Such Policies may be revived at any period within six months from the expiry of the twenty-one days of grace, on payment of the premium with interest, without any Medical examination or certificate.

The full power of settling losses is vested in the Montreal Board of Directors.

Forms of Proposal and every information will be furnished upon application at the

This office being purely Mutual, the whole profits belong to the assured. Its affairs are managed by Directors whose interests are identical with those of the assured.

Particular attention is invited to the subjoined table of MINIMUM PREMIUMS, under which, it is believed that, with perfect security, assurances can be effected more economically than in other offices. Under this mode of the age

A person of the age of 20 would, for the Ordinary Premium for £1000, assure £1500.

A person of the age of 30 would, for the Ordinary Premium for £1000, assure £1400.

A person of the age of 40 would, for the Ordinary Premium for £1000, assure £1333.

TABLE A. C. MINIMUM PREMIUMS FOR ASSURANCE OF £100.

ESTABLISHMENT

FOR THE

Board and Education of Young Ladies,

CONDUCTED BY

MRS. SIMPSON,

MANSFIELD STREET, MONTREAL.

Classes for pupils of all ages and in every stage of advancement. Eminent masters are engaged for teaching Music, Drawing and other accomplishments. There are four highly-qualified resident Lady teachers. The house is spacious, situated in the most airy and healthy part of Montreal, and has been designed by an eminent Architect expressly for a first class Boarding-school. The instruction given is of a thorough and comprehensive character. The health and comfort of pupils are sedulously attended to, and no pains are spared to ensure for them every mental and physical advantage.

A printed prospectus containing full information as to terms, school fees and regulations, and details of the Course of Studies and text-books used is published annually about the middle of June, and may be obtained on application to Messrs. DAWSON BROTHERS, 23 Great St. James Street, or at the School.

BOARD AND EDUCATION.

Burnside House, McGill College Avenue,
MONTREAL.

THE MISSES (Neil) McINTOSH beg to inform their friends that they are prepared to receive a few additional Boarders, to whom a liberal education will be imparted.

As Burnside House is situated in one of the healthiest parts of Montreal, and as the Misses McIntosh devote their whole time and attention to the instruction and comfort of their Boarders, and are assisted by an efficient staff of Teachers, for the different Branches, they have every confidence in bringing their establishment under the notice of parents and guardians.

LONDON DIVISION.—Brunt, Elgin, Essex, Haldimand, Huron, Kent, Lambton, Lincoln, Middlesex, Norfolk, Oxford, Perth, Welland, Wentworth.

Mails.—Mails are conveyed twice each way every day, except Sunday, over the principal lines of railway in Canada. Over the less important lines of railway they are carried only once each way every day, except Sunday.

Mails are also conveyed once each way every day, except Sunday, over the principal lines of common road; and once, twice, or three times per week over the less important lines of common road.

The postal communication between Canada and the *Lower Provinces*, is three times per week each way *via* Quebec, and once per fortnight each way by Cunard Steamers *via* Boston and Halifax. Also twice per week each way in summer *via* Portland.

The most speedy and direct postal route from Canada to almost every portion of the globe, with the exception of the Continent of North America, the Isthmus of Panama, and a portion of the West India Islands having direct communication with New York, is by way of England, from whence mails for the several British Colonies and Foreign Countries are regularly despatched.

The most speedy and direct postal route from Canada to all parts of the Continent of North America, the Isthmus of Panama, and a portion of the West India Islands having direct communication with New York, is *via* New York.

Mails for England are despatched twice in each week from Canada, viz.: once by Canadian Steamer sailing every Saturday, from Quebec in Summer and from Portland in Winter; and once by Cunard Steamer sailing every Wednesday, either from New York or Boston.

The following post offices in Canada make up mails direct for certain post offices in the United Kingdom, viz.:—

one to employ this mode of transmission; everything except letters may be sent in any other way.

A newspaper to pass at the undermentioned rates is subject to the following restrictions:—

1. It must have no cover, or a cover open at both ends.
2. It must not contain any enclosure.
3. It must have no writing or mark thereon but the name and address of the person to whom it is sent, nor anything on the cover except such name and address.

Newspapers which are not posted in accordance with these regulations, are not forwarded.

An extra newspaper or a supplement to a newspaper is deemed a distinct newspaper, and charged accordingly.

Newspapers published in Canada may be sent by post from the office of publication to any place in Canada at the following rates, if paid quarterly in advance, either by the publisher at the post office where the papers are posted, or by the subscriber at the post office where the papers are delivered.

A paper published 6 times per week,	40 cts. per quar.

“ “ “ “ “ “ “ “ “ “	1 “ “ “ “ “ “ “ “ “

When the above rates are not paid in advance by either the publisher or subscriber, the papers are charged 1 cent each on delivery.

It is not necessary that the commuted rate on newspapers should be paid absolutely on the first day of each quarter. The regulation is intended to be carried out with all possible consideration for the convenience of the public, and it will be sufficient if the person desiring to pay the commuted rate declares his intention and offers the payment when first calling at the office within a reasonable time after the commencement of the quarter; but after having made his option to pre-pay the commuted charge, or to pay for his papers as received at one cent each, as the case may be, postmasters are not expected to alter their newspaper accounts to allow of a change until the commencement of the next quarter.

The commuted rate of payment can be accepted from new subscribers during a quarter for any unexpired period of the quarter not less than a month.

Newspapers published in Canada which are not posted from the office of publication, must be pre-paid one cent each by postage stamps, otherwise they will not be forwarded.

Publishers of newspapers in Canada are allowed to enclose in copies of their papers sent to subscribers, subscription accounts, and receipts for the same, without rendering them liable to any additional postage.

Packets of unbound newspapers published in Canada may be returned by a subscriber to the office of publication, at the rate of 2 cents per 3 oz. or fraction of 3 oz., which must be pre-paid.

Transient newspapers addressed to the United States must be pre-paid one cent each by postage stamp, otherwise they will not be forwarded.

Newspapers posted in the United States and addressed to Canada, are liable to one cent each on delivery. The stamp paid on these papers indicates that the United States postage only has been pre-paid, the Canadian rate of one cent remaining to be collected.

American newspapers posted or re-posted in Canada must be pre-paid one cent each, by stamp, otherwise they will not be forwarded.

The option of paying the commuted rate on newspapers does not apply to papers published in the United States; they must be paid for at the full rate of one cent each.

Canadian newsagents and booksellers may post American newspapers unpaid, when addressed to regular subscribers in the Province; but such newspapers are chargeable on delivery with one cent each.

Newspapers posted in Canada and addressed to the United Kingdom must be pre-paid by stamp, one cent each.

Newspapers forwarded by Canadian Steamer are delivered in the United Kingdom without additional charge.

Newspapers forwarded by Cunard Steamer are liable on delivery to one penny each, being the American transit rate.

Newspapers posted in the United Kingdom for Canada should be pre-paid one penny each, by stamp.

If forwarded by Canadian Steamer they are subject on delivery to no additional charge.

If forwarded by Cunard Steamer they are subject on delivery to two cents each, being the American transit rate.

British newspapers re-posted in Canada must be pre-paid 1 cent each, by stamp.

British newspapers distributed to regular subscribers by Canadian booksellers or agents pass free in the same way as if received by the Canadian Steamers.

Canadian newspapers addressed from the office of publication to subscribers in the United States, the United Kingdom, or Lower Provinces, &c., may be forwarded on pre-payment of the commuted rate, applicable to subscribers within the Province; but they cannot be forwarded if unpaid.

Exchange papers passing between publishers in Canada, and between publishers in Canada and publishers in the United States, are carried free through the post.

No newspaper, properly so called (except exchanges), whether devoted to education, temperance, agriculture, or to any branch of science, is entitled to exemption from charge. The law exempts only periodicals, other than newspapers, printed in Canada, and devoted exclusively to the above objects.

Newspapers addressed to Newfoundland must be pre-paid two cents each, by stamp.

No United States newspapers of any kind or description (with the exception of exchange papers) are on any ground entitled to pass through the Canadian mails free of postage.

In cities and towns where newspapers are published, the printers and publishers should send them to the post office put up in a manner to admit of their being readily counted, and, if necessary, withdrawn from their covers for examination. The newspapers for each office also should be made up in strong paper in a separate parcel, which should be plainly addressed.

When the numbers of a newspaper published in Canada or in either of the other British North American Provinces, or in the United States, and issued daily, have remained in a post office in Canada uncalled for during two weeks; or a newspaper issued semi-weekly, or tri-weekly, during three weeks; or of a newspaper issued weekly, during one month; and of a monthly periodical during two months, or when such newspapers and periodicals have been refused to be taken by the party to whom addressed, the postmaster is instructed to notify the respective publishers in the proper form, which is to pass free of postage. If the newspaper or periodical continues to arrive after the notice has been sent, the postmaster is instructed to notify the publisher in the same way a second time, specially calling his attention to the first notice.

To enclose a letter, or any writing, or to make any written marks to serve the purposes of a letter, or to enclose any other thing (except publishers' accounts and receipts, as before mentioned) in a newspaper posted to pass as a newspaper, is a misdemeanour. Postmasters are requested at once to transmit all newspapers containing such writing, marks, and enclosures to the Postmaster General.

Periodical Publications—Periodical publications are publications issued at regular intervals, but less frequently than once per week.

Periodical publications can be transmitted by post to any part of Canada and the United States at the following rates:—

- For every periodical publication weighing not more than 3 oz. in weight..... 1 cent.
- Over 3 oz. in weight..... 4 cents.

The above rates must invariably be pre-paid by postage stamps.

If pre-paid by postage stamps and sent from the office of publication, periodicals published in Canada weighing over 3 oz. pass for two cents each.

Periodical publications received from the United States are liable to the rates above mentioned, viz. If not exceeding 3 oz. 1 ct.; if exceeding 3 oz. 4 cts. Canadian booksellers and news agents may post British, American or Provincial periodicals for distribution to regular subscribers unpaid. If sent unpaid

they will, when exceeding the weight of 8 oz., be subject to 4 cents.

Canadian booksellers and news agents may also post for transmission by mail in Canada small periodicals, whether Canadian, British or United States, weighing less than 1 oz., such as the Children's Paper, Child's Paper, The Play Hour, The Carrier Dove, The Sabbath School Visitor, The Evangelizer, The Gospel Message, The Good News, and others of a like description, in packages to one address, at the rate of 5 cents per pound, or fraction of a pound bulk weight, provided that the same news agents and booksellers pre-pay such packages by postage stamps. This must not be understood as imposing a charge on Canadian periodicals entitled to pass free.

Periodicals printed in Canada other than newspapers when specially devoted to education, meaning the instruction of youth, (both religious and general), to agriculture, to temperance, or to any branch of science, and addressed directly from the office of publication to be transmitted to any post office in Canada, are conveyed by mail free of charge. Such periodicals must not contain general news or advertisements, or they forfeit their claim to exemption.

A periodical devoted to education to pass free must be either strictly scholastic in its subject matter, or manifestly adapted and intended for juveniles distinguished from adult instruction. It is in this primary sense that the word Education, whether religious or secular, is understood to be used. Religious publications are not as a class entitled to exemption from charge. The law exempts only those which come within the foregoing definitions.

No United States periodical of any kind or description can, upon any ground, claim exemption from Canadian postage.

Parcels of unbound periodicals may be returned by a subscriber to the office of publication at the rate of two cents per 8 oz. or fraction of 8 oz.

Periodicals to pass at the above rates must be put up in covers open at the ends or sides, and if these regulations are not complied with, such periodicals are found to contain any writing other than the address, they are liable to full letter rates of postage.

No packet of periodicals can be forwarded through the post if exceeding the weight of 48 oz.

Bound volumes of any periodical published in Canada may be forwarded at the rates and under the conditions described under the article *Book Post*.

Book Post.—Books bound or unbound posted in Canada, and addressed to any office in Canada, British North America and the United States, are chargeable with a rate of 1 cent per oz., which must be pre-paid by postage stamps.

Book packets are forwarded by post from Canada to the United Kingdom, and *vice versa*, by Canadian Steamers only, at the following rates: For each packet

Not more than 4 oz.	7 cts.
Exceeding 4 oz. and not exceeding 1 lb., 12 1/2 "	"
" 1 lb.	1 " 25 "
" 1 " " " " 1 1/2 " 37 "	"
" 1 1/2 " " " " 2 " 50 "	"

And so on, adding 12 1/2 cents for each additional half pound, or fraction of half a pound weight.

Book packets, printed matter, or single newspapers, may be forwarded from Canada to Britain, or *vice versa*, by Canadian Steamers only, at the following rates:—

If not exceeding 2 oz. in weight.	5 cents.
If exceeding 2 oz. and not exceeding 4 oz. 10 "	"
" 4 " " " " 8 " 20 "	"
" 8 " " " " 1 lb 40 "	"

And so on, adding 20 cents for each additional 1/2 lb. or fraction of 1/2 lb.

The following conditions must be carefully observed:—

1. Every book packet must be either without a cover or in a cover open at the ends
2. It must not contain any letter open or sealed, or any sealed enclosure whatever.
3. It must not exceed two feet in length, breadth, or width.
4. The postage must be prepaid by stamps.

A book packet may contain any number of separate books, publications, works of literature or art, almanacs, maps or prints, photographs, daguerrotypes, when not on glass or in frames containing glass, and

any quantity of paper, vellum, or parchment (to the exclusion of letters); and the books, maps, paper, &c., may be either written, printed or plain, or any mixture of the three, and may be either British, Colonial, or Foreign.

All legitimate binding, mounting, or covering of the same, or a portion thereof, will be allowed as part of the packet, whether such binding, &c., be loose or attached, as also rollers in the case of prints and maps, and whatever may be necessary for the safe transmission of literary or artistic matter, or whatever generally appertains thereto, and the postage is rated upon the gross weight of the packet.

The name and address of the sender, and anything else not in the nature of a letter, may also be written and printed on the envelope or cover of the packet, in addition to the name and address of the person to whom it may be forwarded.

Books addressed to places in Canada can be sent through the mails in closed packets for the same rates of postage as parcels.

Books cannot be forwarded except at letter rates of postage by the mail made up for the Cunard Steamers sailing from New York and Boston.

Bound volumes of any periodical or newspaper published in Canada, if bound in a form to come within mailable dimensions, that is to say, not exceeding two feet in length, breadth or thickness, nor exceeding 4 lbs. in weight, may be sent from the office of publication to any place in Canada at a charge of two cents per 8 oz. or fraction of 8 oz.

Should a book packet addressed to the United Kingdom be posted unpaid, or with a pre-payment of less than 7 cents, or be enclosed in a cover not open at the ends, or should it exceed the dimensions specified, it will be sent to the Dead Letter Office.

If a book packet addressed to the United Kingdom be posted insufficiently pre-paid, and it appears that at least the single rate of 7 cents has been pre-paid, such packet will be forwarded to its destination charged with an additional postage equal to the deficiency, and another single rate as a fine.

Letters, whether sealed or unsealed, or any enclosure found in a book parcel, are liable to rates as unpaid letters, and the packet in which it is enclosed to an additional rate of 12 1/2 cents, as a penalty for a breach of the regulations.

PRINTED PAPERS, CIRCULARS, PRICES CURRENT, HAND BILLS, &c.—Printed circulars, prices current, hand bills, and other printed matter of a like character, posted in Canada, and addressed to any place in Canada, British North America, or the United States, are chargeable with a rate of one cent per oz., which must be pre-paid by postage stamp.

The half-yearly School Returns made by School Trustees to the Local Superintendents of Schools, may, though the printed form be partly filled up in writing with the names of the pupils and days of attendance, be transmitted by post in Canada at the rate of one cent each, to be pre-paid by stamp.

When not filled up the above forms are printed matter, and liable as such to one cent per oz. postage.

Military returns, states and rolls, containing written figures and signatures, may be forwarded as printed matter on pre-payment of one cent per ounce.

Printed circulars may be transmitted by post to the United Kingdom under the regulations and charges of the Book Post. They must be forwarded, however, open at the ends or sides. If sent in envelopes, sealed or unsealed, they are liable to letter rates of postage.

Prices current, posted in Canada and addressed to any place in the United Kingdom, are liable to a rate of 2 cents each, which must be pre-paid by stamp.

Lithographed letters and circulars are allowed to pass through the Post at the same rate as printed circulars.

Printed Votes and Proceedings of the Imperial Parliament and Colonial Legislatures, pass to and from the United Kingdom at the ordinary book post charge.

Parcel Post.—Parcels closed at the ends and sides, and not exceeding 3 lbs. in weight, may be posted at any post-office in Canada at the following rates:—

For each parcel weighing not more than 1 lb. 25 cents.	
Exceeding 1 lb. and not exceeding 2 lbs.	50 "
" 2 " " " 3 "	75 "

The following conditions must be carefully observed:—

1. No letter or letters shall be enclosed.
2. The parcel shall not contain any explosive substance, glass, liquids, or other matter likely to injure the ordinary contents of the mail.
3. The weight of the parcel shall not exceed 3 lbs., nor the size exceed one foot in length or breadth, or six inches in thickness.
4. The postage must be pre-paid by stamps.
5. The parcel should have the words "By Parcel Post," plainly written on the address. It should be well and strongly put up, and be legibly addressed to the post-office address of the intended receiver, the name of the County in which the said office is situated being added.

If the name and address of the sender be written on the parcel it will, if delivery should fail from any cause, be returned from the Dead Letter Office unopened to the sender, on payment of an additional rate for the return conveyance.

If the number of stamps affixed to a parcel be insufficient to pre-pay the proper rate, the amount deficient will be rated unpaid, with a fine of 10 cents in addition.

Parcels may be registered on pre-payment, by stamp, of five cents in addition to the postage. When registered the Postmaster should give a receipt to the party posting the parcel.

Parcels sent by post may contain books, daguerreotypes, photographs, printers' proof and copy, military returns, states and rolls, containing written figures and signatures; returns, deeds, legal papers, and all transmissions of a like character not being strictly letters.

To enclose a letter or letters, or any writing intended to serve the purpose of a letter, in a parcel intended for the Parcel Post, is a misdemeanour.

Should it be ascertained that a packet posted for the Parcel Post contains a letter or letters, the stamps it may bear will be cancelled, and the parcel rated as a letter with full unpaid rates.

Parcels cannot be transmitted by post at the above rates to any place beyond the limits of the Province of Canada.

The following is an example of the address recommended:—

By Parcel Post.
 Mr. Thomas Jones,
 Paisley,
 County of Bruce.

Sent by William Smith, Toronto.

Franking and Free Letters.—The following matter is exempt from Provincial Postage:—

All letters and other mailable matter addressed to or sent by the Governor General of Canada, or addressed to or sent by any Public Department at the Seat of Government.

All letters and other mailable matter addressed to or sent by the Speaker or Chief Clerk of the Legislative Council or of the Legislative Assembly; or to or by any Member of the Legislature at the Seat of Government during any Session of the Legislature, or addressed to any of the Members or Officers in this Section mentioned at the Seat of Government as aforesaid, during the ten days next before the meeting of Parliament.

All public documents and printed papers sent by the Speaker or Chief Clerk of the Legislative Council or Legislative Assembly, to any Member of either of the said branches of the Legislature of Canada, during the recess of Parliament.

All papers printed by order of either branch of the Legislature of Canada, sent by Members of either branch of the said Legislature, either during the Session or recess.

Public documents and printed papers sent under the two foregoing clauses, should bear, as part of the address, the *bona fide* superscription of the Speaker, Chief Clerk, or officer specially deputed for this purpose to act for those functionaries, or of the Member sending the same.

All letters to and from the Postmaster General and the Deputy Postmaster General; and all official communications to and from the Post Office Department and to and from the Post Office Inspectors, are to pass free of any Provincial postage.

Letters on Her Majesty's service passing between the United Kingdom and Canada, to or from the following Imperial Military Departments, are exempt from Canadian postage:—

- Military Secretary.
- Adjutant General.
- Quarter-Master General.
- Commissariat Department.
- Barrack Department.
- Medical Department (including Purveyor's).
- Comptroller of Army Expenditure.
- Military Accountant.
- Royal Engineer Department.
- Regimental Paymaster and Officers Commanding.

Abating and Refunding Postage.—Postmasters in Canada are allowed to refund postage in the following cases only:—

Letters charged as weighing more than the actual weight.

Postage incorrectly charged on editor's notices addressed to publishers and editors, and exchange papers, which should legally pass without charge.

All other claims for the return or abatement of postage must be specially referred to the Postmaster General for his decision, with the letter or packet on which the return is claimed.

Undelivered and Dead Letters.—All letters remaining undelivered in a post office on the first of each month, excepting drop letters and such letters as are daily called for, are advertised in a list posted at the office door for the information of the public.

If a newspaper is published in the neighbourhood, the Postmaster is directed to insert this list therein, provided the proprietor will give it insertion at the authorized rate.

Parties applying at an office for advertised letters should always ask for them as such.

Letters and papers after remaining undelivered in an office for three months are sent to the Dead Letter Office, as also are all letters refused by the persons to whom they are addressed, or letters addressed to persons deceased.

Every letter which is opened at the Dead Letter Office and found to contain the address of the sender is sent back to him; but such as do not contain the sender's address are destroyed, excepting always those which contain money and other articles of value which are kept for a reasonable time for the purpose of being reclaimed.

Registration.—By the pre-payment of the following fee, in addition to the ordinary postage, letters and parcels can be registered at the office at which posted:

On letters addressed to any place in Canada or the other British North American Provinces 2 cents	
On letters addressed to any place in the United States.....	5 "
On letters addressed to any place in the United Kingdom.....	12 1/2 "
On parcels to any part of Canada.....	5 "

The registration does not on letters to British Colonies and Foreign Countries will be found in the tables.

Every letter or parcel containing value should be registered and presound to the Postmaster or his clerk and a receipt obtained therefor. On no account should it be dropped into a letter box.

When letters are registered for the United Kingdom, for Foreign Countries, *via* England, or for the United States, both the postage and the registration fee must be pre-paid.

Books, periodicals, newspapers, circulars, and other printed matter, cannot be registered unless prepaid the full letter rates, in addition to the ordinary registration fee.

Registered letters and packets can only be delivered to the parties to whom they are addressed or to the order, and a receipt must be given on the delivery of each registered letter in a book kept by every postmaster for that purpose.

It should be clearly understood that the post office is not responsible for the safe delivery of a registered letter or parcel. The registration simply makes the transmission more secure, by rendering it practicable to trace it, when passing from one place to another.

on juries or inquests, or in the militia. This exemption applies to mail carriers, but not to assistants appointed and paid by postmasters.

The postmasters of Quebec, Montreal, Three Rivers, and Sherbrooke, and the postmasters of incorporated cities and towns in Upper Canada, divided into wards, and other officers of the Post Office Department, excepting Postmasters at other than the above places, cannot legally vote at the election of any member of the Legislative Council or of the Legislative Assembly.

Postmasters are not authorized to give credit for postage; if they do so it is entirely at their own risk.

A letter once posted becomes the property of the person to whom it is addressed, and must be forwarded according to its direction. On no application, however urgent, can it be delivered back to the writer, or to any other person.

A letter addressed to a firm may be delivered to any member of the firm. If addressed to several persons it may be delivered to any one of them.

A letter delivered to the wrong person in consequence of his name being the same as the one of the person for whom the letter is really intended, should be at once returned to the postmaster from whom received, the party writing on the cover "opened by me through mistake," and signing his name thereto.

Letters posted without any direction, or addressed so imperfectly that they cannot be forwarded to their intended destinations, and also unpaid or insufficiently paid letters addressed to countries to which letters cannot be sent without the postage is pre-paid, are returned to the writers through the Dead Letter Office.

No information can be given respecting letters which pass through a post office except to the persons to whom they are addressed.

Parties desiring their letters and papers to be re-directed should send an intimation to that effect, in writing, to the postmaster of the office from which the letters and papers are to be re-directed.

Postmasters are allowed to re-direct letters to the known places of residence of the parties to whom they are addressed, after allowing a reasonable time to elapse without their being called for.

Letters and papers are not subject to any additional charge when re-directed from one post office in Canada to another post office in Canada.

Postmasters are instructed not to receive any letter or packet which there is good reason to believe contains glass or anything likely to injure the contents of the mail bag or the person of any officer of the post office.

A postmaster is not legally bound to furnish change, but if absolutely necessary may require that the exact amount of postage on any letter or packet to be tendered to him in current coin, or in Canada postage stamps.

Postmasters and their assistants in the above matter, as well as in all their official intercourse with the public, are expected to afford every accommodation, and to treat every person having business at their offices, with every courtesy.

Mail couriers are bound to receive letters offered to them whilst on the road between one post office and another, provided that when a letter is so offered the distance from the nearest post office exceeds one mile. Such letters are termed Way Letters, and are subject to the ordinary rates of postage.

Suggestions to the Public.—Facility will be given to the post office in the discharge of its daily duties, and greater security afforded to the public, by careful attention to the following recommendations:—

Post all letters and newspapers, &c., as early as practicable, especially when sent in large numbers.

When a number of newspapers are addressed to the same office, put them up in one parcel.

When a number of circulars are posted, tie them up in a bundle, with the addresses all in one direction.

Address letters, papers, &c., in a legible and complete manner, always giving the name of the post office; and if there be more than one post office of that name, the name of the county in which situated. In case of letters going abroad, the name of the country, as well as of the town and city, should be given in full. Letters, for example, intended for London, England, if simply addressed "London," would be forwarded to London, Canada West, and thus be delayed.

See that every letter, newspaper, or other packet sent by post, is securely folded and sealed. Every such packet has to be several times handled; and even when in the mail bag, is exposed to pressure and friction. Unless, therefore, the article be light and pliant, it should be enclosed in strong paper, linen, parchment, or some other material which will not readily tear or break.

Fasten the covers of newspapers firmly, so as to prevent them from slipping out.

When dropping a letter or newspaper into a letter-box, always see that the packet falls into the box, and does not stick in its passage.

Never seal letters for the East or West Indies and other hot climates, with wax. Such a practice is attended with much inconvenience, and frequently with serious injury, in consequence of the melting of the wax, and the adhesion of the letters to each other. In all such cases use either waters or gum, and advise your correspondents in the country referred to to do the same.

Never send money or other articles of value through the post office, except either by means of a money order or in a registered letter. Carefully secure every letter or packet containing money or value, first with gum and afterwards with good sealing-wax, on which make the clear impression of a seal.

In posting a registered letter or packet, always obtain a receipt for the same at the office where posted.

When letters or papers are delayed or missing, at once communicate the fact to the Inspector of the division in which is situated the post office at which the delayed or missing letters were posted. In case of a missing letter enclosing value, state the exact contents, the exact address, and the office at which posted; the name of the person by whom posted, and the name of the person by whom received at the office. In the case of a delayed letter or paper, send the cover or wrapper in an entire state, in order that the place of delay may be ascertained by an examination of the post marks.

Trouble and loss occasionally arise out of the carelessness or dishonesty of parties employed in the post office service; yet instances are not wanting in which it has been shown to the satisfaction even of the complainants, that the fault at first attributed to the post office, in truth rested in other quarters. Theft by private hands, although very difficult of proof, have not unfrequently been brought to light; and it is greatly to be desired that those who suffer loss should, in the first instance, and while the circumstances are fresh, endeavour to ascertain with the utmost precision all particulars respecting the despatch or receipt of the lost letters or papers, and lose no time in communicating this information to the Inspector. Indeed, generally speaking, it is only by careful enquiry into minute details that the offender can be detected, whether he be a servant of the Department or not.

The Post Office is a department which admits of constant improvement and expansion. The public, by sending to the Postmaster-General, clear and correct information respecting faulty arrangements, may materially benefit the service. It must be remembered, however, that changes of machinery so extensive and intricate as that of the post office, must be made cautiously and with much previous consideration.

Time is generally required to carry out any material change in postal arrangements; for even when decided upon, old contracts, requiring notice of termination may have to be got rid of, and tenders for new contracts invited by public advertisement, before the decision can take effect.

New post offices are established by the Department wherever it is ascertained that a sufficient number of inhabitants can be accommodated, and a sufficient amount of postal revenue collected to warrant such a measure. When a new post office is required, a petition should be addressed to the Postmaster-General, signed by as many of the inhabitants as conveniently subscribe the same. The petition should state the name of the township and the number of the lot and concession on which it is desired the office should be established; the distance from the neighboring offices; whether at the site of the proposed post office there is a village; the number of mills, stores, taverns, and houses thereof; the extent of the settle-

The session of this University, under its mended
 charter, commences in the autumn. The courses in
 the Faculty of Arts will open on the 6th of September,
 those in the Law Faculty, on the 7th of October, those
 in the Medical Faculty, on the 4th of November, those
 in the High School Department, on the 1st of Septem-
 ber, and those in the McGill Normal School, on the
 1st of September.

The regulations of the University have been framed
 on the most liberal principles, with the view of afford-
 ing to all classes of persons the greatest possible facili-
 ties for the attainment of mental culture and profes-
 sional training. In its general character the Univer-
 sity is Protestant, but not denominational; and while
 all possible attention will be given to the character and
 conduct of students, no interference with their peculiar
 religious views will be sanctioned.

 losophy and Astronomy, Mineralogy and Geology.

Students may enter in the second year on passing a
 special examination, and students of other Universi-
 ties may be admitted in any year by certificate and on
 examination.

PARTIAL COURSES.

Students not desirous of taking a regular course of
 study, may enter as partial or occasional students, and
 will be required merely to have a sufficient amount of
 knowledge to profit by the lectures in the classes which
 they desire to attend.

Detailed information respecting courses of Lectures,
 Scholarships, Bursaries, Prizes, Honors, and Degrees,
 will be found in the Calendar, which may be obtained
 on application to the Principal, Dean of Faculty, or
 Secretary.

The session commences on the 1st September, and
 terminates in the first week in July, when a public
 examination is held, and prizes and honours awarded
 to the deserving. The session is divided into four
 equal terms. At the end of each term, class examina-
 tions are held, and a full report of the progress and
 conduct of the pupil is sent to the parent.

The school is divided into six forms with a prepara-
 tory form. In the three higher forms pupils have the
 option of pursuing classical and mathematical studies
 preparatory to entering the University, or of devoting
 themselves to a commercial course.

McGILL NORMAL SCHOOL.

J. W. Dawson, LL.D., principal and associate pro-
 fessor of Natural History; William Henry Hicks, or-
 dinary professor; Sampson Paul Robins, B.A., ordi-

THE MERCANTILE AGENCY,

Established in New York nearly twenty-three years ago, on June 1st, 1841, for the promotion and protection of trade, Union buildings, 28 St. François Xavier st., Montreal, C. E.

Our object, and that of our eighteen branch and associate offices in the large cities of the United States of America, Canada, and in London, England, is to give information to subscribers of the standing of those who purchase goods on time or otherwise requiring credit.

We are supported by fully three-fourths of the merchant bankers, and manufacturers of every community within our advantages are known.

"This institution, established in the City of New York over sixteen years ago, for the promotion and protection of trade, was the first organized effort ever made to relieve the merchants and manufacturers of the Union from the insecurity of credit operations, and to substitute for the tardy, expensive, and unsatisfactory results of individual investigation, a system that should be alike prompt, economical, and reliable—whose purpose it should be to supply (to subscribers only) all necessary information as to the standing and responsibility of merchants, traders, manufacturers, public companies, &c., throughout the United States their Territories, and British North America."—Our Circular of 1857.

Collections of past due debts particularly attended to for all, whether subscribers to the Agency or otherwise.

Terms of subscription will be made known at the office, when we shall be much pleased to afford information as to the system pursued, and to give (free of expense) to those who contemplate joining the institution a reasonable test of the correctness of our reports.

SELEGT GRAMMR SCHOOL

CONDUCTED

REV. J. A. DEVIE, A.M.,

King's College and University, Aberdeen.

No. 59 GERMAN (near Doroster) STREET.

THE course of Study pursued in this School embrace the ordinary branches required for Mercantile Pursuits, as well as the higher departments Classical and Mathematical Learning.

The immediate province of Education being the format of suitable Moral and Intellectual Habits, rather than the mere memorial accumulation of fact due attention is paid, both in the classification of the Pupils, and in the direction of their Stus, to this primary object.

It is deemed necessary to recommend, on all fitting ocions, the fear of God and the love of our neighbour, as the only safe foundation on which leing can rest. Parents and other Guardians of Youth are respectfully invited to visit the Sol, us, by inspecting the ordinary daily routine of the Classes, a better opportunity of testing merits of the system of teaching, and the actual proficiency of the Pupils, is obtained, than by *tated Exhibitions*, at which a correct estimate of comparative merit can with difficulty be for d.

COMBINATION FAMILY SEWING MACHINES.

WANZER & CO'S WHEELER & WILSON'S SEWING MACHINES, WANZER & CO'S SINGER'S SEWING MACHINES,

MANUFACTURED AT HAMILTON, C. W.

Have taken the First Premium in every instance where they have been exhibited.
The ONLY PRIZE awarded for Family Sewing Machines by the Judges at the PROVINCIAL EXHIBITION, held in London, Sept. 25th, 26th, 27th, and 28th, 1861, was given to E. M. WANZER & Co's Wheeler & Wilson. The FIRST EXTRA PRIZE was also given for their Nos. 1 and 2 Singer's Manufacturing Machines.

OPINIONS OF THE PRESS.

A CANADIAN SEWING MACHINE.—The writer, the other day, at the request of Messrs James Morison & Co., Notre Dame Street, went to see the working of a Canadian Sewing Machine, manufactured at Hamilton, C. W. and patented by E. M. Wanzer & Co. It is a combination of the Wheeler & Wilson and the Singer Machine. It has the shuttle of the latter, with the speed of the former, and makes a perfect lock stitch. It is difficult to imagine anything more simple than the mechanism to attain the object in view; or more perfect work than that which was shown to us, very little strength or skill being required to accomplish it. It is well known that for one kind of work the Singer Machine has long held the pre-eminence on this continent, while for another the Wheeler & Wilson has become the indisputable master. In fact the advocates of these two kinds of machines have contended that in their several departments they are perfection. It happens, however, that perfection in machinery is not a quality so absolute as some people are prone to believe. Ingenious men, who have bent their minds to a particular branch, by long working and experience, see improvements; and this is precisely what Mr. Wanzer claims for the machine which the writer went to see. It has been used by large houses both in Upper and Lower Canada, so far as we learn, with the greatest satisfaction; and in fact we have seen certificates from those from whom such things are most valuable, stating they are greatly better than any other machines they have ever used. We allude particularly now to one large clothing establishment at Hamilton—probably the largest in the Province. The machine we saw in operation did all kinds of work, gathering, straight sewing, hemming, felting, figure braiding, &c.; and without any alteration of tension, or stopping the machine, the thread passed from making perfect stitches through a thin sheet of paper, to a double thickness of pilot-cloth, and through a piece of wood of the thickness of an inch thick. Mr. Wanzer claims that no other sewing machine can perform this feat. These machines have been exhibited in Upper Canada and taken prizes.—They are certainly worthy of careful and painstaking examination; and if they are as good and cheap in all respects as those imported from the neighboring States, they at least deserve preference, as home manufacturers—all they are better, and contain improvements which can-

not be had in other machines, as Mr. Wanzer claims, they deserve every encouragement. We do not at this moment pronounce judgment upon the fact. We simply state the claim and say that there is enough to entitle it to a careful investigation.—*Montreal Gazette, June 8th, 1863.*

WANZER'S SEWING MACHINE.—We have examined with much interest a new Sewing Machine made by Messrs. Wanzer & Co. of Hamilton, C. W. There have been two difficulties in the way of a general introduction of the sewing machine into families: the first was the cost of the best machines; the next, the difficulty of operating them. Mr. Wanzer has combined in his machine the best features of the best sewing machines with some improvements, so as to secure advantages not possessed by any other, and at a moderate price. With this machine, the operator can loosen or tighten the thread at pleasure without delay or risk of breaking the thread. It will sew light or heavy goods with from No. 8 to No. 200 thread. We ourselves saw the thinnest gauze, and other textures of various thickness, sewn or braided together and a thin piece of deal board joined to the whole, without the slightest trouble, so that any child who can use the thread or thread a needle, could work it with ease. This machine does stitobing, hemming, tucking, quilting, cording, marking, binding, and embroidering. It even gathers, and sews on a wrist-band at the same time. It makes a lock-stitch alike on both sides, and will therefore not rip.

The Messrs. Wanzer's machine deserves encouragement as a Canadian manufacture, when its advantages are equal or superior to other machines, and considerably cheaper. It is in extensive use among manufacturers in the western part of the Province, who highly recommend it. It may be seen in operation at the store of Messrs. James Morison & Co., who use many of them in their business.—*Montreal Witness, June 16th, 1863.*

WANZER'S SEWING MACHINES.—Will Stitch, Hem, Tuck, Quilt, Blind, Cord, Mark, Gather, Ruffia, Braid, Fell, and will even Gather and Sew on a wrist-band at the same time, in the most perfect manner, making a beautiful Lock-Stitch alike on both sides, which will neither Ravel nor Rip.
